Vol.1 Ch.

Prolog Bab

“Bukankah ada sesuatu yang sangat menyeramkan tentang orang-orang yang dengan sadar, secara sadar, menggunakan orang lain sebagai batu loncatan?” Hmm. Saya berharap . Sebenarnya, adalah orang-orang yang secara tidak sadar — dengan segala niat dan khayalan tentang alasan yang adil — menggunakan orang lain yang jauh lebih mengganggu. "Ha ha! Tapi kamu pria yang baik, kan? ”Dia terkekeh. Untungnya, apakah saya orang baik atau tidak, tidak ada hubungannya dengan apa pun. Sebaliknya, ini seperti ini: ini bukan tentang dua cara berpikir yang berbeda, ini tentang cara hidup yang berbeda. Tentang perbedaan absolut dan sangat besar antara orang-orang yang bisa menjalani hidup tanpa perlu melangkahi orang lain — dan mereka yang bahkan tidak pantas berjalan. Ya, saya kira itulah masalahnya. Seperti seorang pelukis tanpa gaya. Seperti seorang sarjana yang studinya selesai. Seperti seorang koki yang sudah merasakan kesuksesan. Seperti peramal yang telah melampaui terlalu jauh. Para wanita di pulau itu terlalu jauh berbeda. Tuan rumah dan tamu-tamu adalah dari jenis yang sangat berbeda, dari jenis yang tidak terhentikan, dari jenis yang berbeda yang Anda tidak akan pernah ingin berhenti. Keberadaan mereka begitu jauh dari jangkauan, begitu jauh sehingga Anda bahkan tidak pernah bisa berharap untuk mengumpulkan keinginan untuk mendekatinya. Dan kemudian … "Dengan kata lain, ini adalah pertanyaan tentang 'Apa itu genius, dan apa yang tidak?' Sekarang, menjadi tidak kompeten — itu yang terbaik, sungguh. Untuk sepenuhnya tumpul. Sangat menyadari untuk tidak pernah berpikir sedetik pun tentang tujuan hidup seseorang, tidak pernah memikirkan arti hidup, tidak pernah memikirkan nilai kehidupan. Maka dunia ini akan menjadi surga. Tenang, damai, dan tenteram. Hal-hal sepele akan menjadi hal-hal besar dan utama sepele, dan kehidupan dapat dijalani sepenuhnya. “Tentunya memang demikian. Dunia ini keras bagi yang cemerlang. Dunia ini keras bagi yang kompeten. Dunia ini keras bagi yang indah. Dunia ini

keras untuk diperhatikan. Dunia baik kepada yang tidak terurus. Dunia baik kepada yang tidak kompeten. Dunia baik kepada yang korup. Dunia baik kepada yang lupa. Tetapi jika Anda mengetahuinya, jika Anda menyadarinya, itu sudah berakhir saat itu. Ini masalah tanpa solusi dan tanpa interpretasi. Ini sudah berakhir sebelum dimulai, dan pada saat ini selesai, sudah lengkap. Saya kira itu jenis cerita. Misalnya: “Pada dasarnya, orang hidup dalam satu dari dua cara. Entah mereka hidup dalam kesadaran akan ketidakberdayaan mereka sendiri, atau mereka hidup dalam kesadaran akan ketidakberhargaan dunia. Dua arah . Entah Anda membiarkan nilai Anda diserap oleh dunia, atau Anda memahat nilai dunia dan menjadikannya milik Anda. "Yang mana yang harus diutamakan, nilai dunia atau nilai Anda sendiri? Menerima dunia membosankan atau menerima diri membosankan? Mana yang benar-benar lebih menyenangkan? Pasti ada sejumlah ambiguitas dan ketidakpastian. Apakah benar-benar ada kriteria yang ditetapkan di sana? Apakah ini benar-benar hanya pilihan antara A dan B? Apakah Anda benar-benar harus memilih? "Di mana garis antara genius dan bukan genius?" Di mana garis antara apa yang benar dan siapa yang bohong? Di mana batas antara siapa yang benar dan di mana dusta? Anda tidak boleh bertanya. Dia mendengus sinis. "Jadi, bagaimana denganmu?" Baiklah … "Bagaimana dunia memandangmu?" Bagiku, setelah mengalami pulau itu. Bagi saya, ada di sebelah biru. Bagiku, sekarang dengan orang ini di depan mataku, itu semua hanya celoteh tak beralasan. Bahkan tidak sepadan dengan kesulitan memikirkan jawaban. Jadi saya tidak mengatakan apa-apa. Sebaliknya, saya memalingkan muka dan memikirkan sesuatu yang lain. Jadi, bagaimana dunia melihat melalui mata orang ini? Bagaimana saya melihat mata orang ini?

1. Pemenggalan Kepala Kedua
2. Kebohongan
3. A Crow's Wet Feathers
SATU MINGGU KEMUDIAN: Berpisah
EPILOG: Dongeng Crimson

Don't be so edgy .
Relax, okay?
The third morning of our life on Wet Crow's Feather Island was just greeting us . I awoke in a daze, trying to distinguish between the dreams I had just had and the reality yet to come . The high, rectangular window admitted just a bit of light, so the room still remained dim . Since the room had no lights, I would just have to wait for it to get brighter: the sun had only just risen, and it was maybe around six a . m. , judging by my internal clock . I suspect this way of determining the time has no more than a fifteen-minute margin of error . But even supposing I was an hour off, it's not like it would be a problem .
“Getting up,” I mumbled, and slowly rose from bed .
The room was mostly empty, its only furnishings a chair and a futon . Aside from that, it was completely bare . Its high ceilings gave it an even more spacious feel—and that hollow, dead atmosphere that evokes so vividly images of solitary confinement or something . I couldn't help but feel a little bit like an inmate on Death Row .

It was the second time in my life I'd woken up with that feeling .
But while this was in fact not solitary confinement, neither was it originally a bedroom . It was formerly a storage space . When I asked Akari to show me the smallest room in the mansion, this was where she brought me . The smallest room . Even so, it was infinitely bigger than my room at the lodging house . Boy, was that ever depressing .
“Nah… it's way beyond depressing,” I said to myself .
Nah sekarang. I switched my cognitive channel from Death Row Inmate Mode to Routine Mode .
Wondering what time it really was, I glanced at my wristwatch, but the LCD screen displayed nothing . Maybe the batteries had died while I was sleeping . But wait, I'd changed them just a little while ago . There had to be some other problem . Well, I could always ask Kunagisa to fix it .
Clearing my sleep-fogged mind, I did a couple of simple stretches and then left the room . I walked around for a while . The carpet was thick, bright red, and looked like (and most probably was) super-high quality . It eventually led to the spiral case, which is where I bumped into Rei-san and Akari-san .
“Oh, good morning . You two are up early . ” It was only common courtesy to greet them, but they simply passed by with no more acknowledgment than a silent head-bow .
“Guess they're the quiet type,” I muttered to myself .
But to be fair, they were probably working, and I wasn't exactly a “guest,” per se, so I just had to live with their lukewarm response . If I expected anything more out of them, I'd have to throw my arms out wide and cry out, “How you

feelin', my freaky people?!” And, frankly, I just didn't have the energi .
Handa Rei-san and Chiga Akari-san were maids employed at the mansion . Rei-san was the “head maid,” Akari her subordinate . And there were two other maids at the mansion, of the same rank as Akari-san . A total of four maids . Considering who owned the mansion, and the size of the mansion, it seemed as if a staff of four maids would be too small . But these women carried out their duties with the

swiftness and skill of true specialists .
The mistress of the mansion, and the person these maids served, was Akagami Iria . She was the proprietress of the island, as well as the mansion . And furthermore, she was the one who had invited me and Kunagisa here .
“But wait, was I actually invited?” I asked myself .
Now just how old was Akari-san? You could tell just by looking at Rei-san that she was probably in her late twenties . It's not easy for kids like me to tell exactly how old a woman that age is, but that's definitely the impression I got from her . Akari-san was the real challenge . I didn't think she was younger than me, but still, she looked ridiculously young . Dia was one of those women you see downtown who can get away with paying half-price for everything when they're actually adults . As I went up the spiral staircase and headed down the second-floor hall, my mind tilled with nonsense . Maybe she has a thing for young guys . Yeah, just babbling .
I was headed for Kunagisa's room . Two days ago, when we arrived at the island, a room had of course been prepared for Kunagisa, but not for me . This was to be expected: even I had had no idea I would be visiting this weird little island until that very morning, when Kunagisa called me .

Akari-san prepared a room for me at the last minute . Tapi I'd politely refused it . Mengapa? The reason hit me as soon as I opened the door .
I knocked once, then went ahead and opened it .
The interior was vast . Pure white carpet and pure white wallpaper complemented pure white furniture . Even I knew that white reflects light . Kunagisa was crazy about the color white, so somebody had decorated this room this way deliberately . In the center of the room was a luxurious sofa and a wooden table . A chandelier hung from the strangely high ceiling . The bed was like something straight out of a movie set in medieval times; it even had a canopy .
“Yeah, I'd never get any sleep here . ”
And so I had Akari-san show me to the storage room on the first floor . Meanwhile Kunagisa, lacking my more delicate sensibilities, lay there drowsily on her pure white sheets . Looking at the enormous, antique, mechanical clock on her

wall (also ever-so-thoughtfully selected in white), I saw that it was, in fact, six o'clock, just as I'd guessed . Pondering what to do now, I sat on the side of her bed, enjoying the feeling of the thick, fluffy carpet beneath my feet .
Kunagisa rolled over . Her eyes opened, just slightly .
"Hmm? Oh, Ii-chan?”
Somehow she had sensed it was me, but at any rate she seemed to be awake . She pushed her mussed, I Hawaiian-blue hair away from her face and regarded me with sleepy eyes .
“Oh, ahhh, Ii-chan… ummm… You came to wake me up, didn't you? Terima kasih . ”
“Actually I came here to tuck you in, but what's this? Tomo sleeping at nighttime? That's pretty rare . Or did you just get to bed?” If that was the case I'd have to apologize .

“Uh-uh . ” She shook her head .
“I think I slept for three hours . Cuz y'know, yesterday, well, some stuff happened, Ii-chan . Give me five more seconds…
"Selamat pagi! Ah, it's a bright, brisk morning, isn't it?!”
She sat up, her petite little body popping up . Flashing me an ear-to-ear grin, she struck a dynamic pose . "Hah? Hey, it's not bright out at all . I don't like this . I like for the sun to be way high up in the sky when I wake up in the morning . ”
“You're talking about the afternoon . ”
“Eh, either way . That was some good sleep . ” Ignoring me, she kept on talking . “I'm pretty sure I got to bed at three a . m. Some really bad stuff happened yesterday and I just huffed off to bed . Y'know, cuz sleep is the best thing when you're feeling really terrible . It's like sleep is the one and only gift of salvation God gave mankind . Now, Ii-chan?”
“Yeah, Tomo?”
“Stay still for a sec . ”
Without even giving me time to be confused, she hugged saya . Or to put it more accurately, she draped herself on me, burdening me with the entirety of her bodyweight . She rested her tiny head on my right shoulder, with our bodies stuck together, her slender arms wrapped around my neck .
Squeeze .
Not that she was heavy .

“Uh, Kunagisa?”
“Recharging . ”
Evidently she was recharging . Thus, no moving allowed . saya gave up on the idea of resistance and supported her weight . But hey, what was I, an electrical outlet or something?
Looking at Kunagisa, I noticed she had slept with her coat on . As far as I knew, she wore it all the time, indoors and

outdoors, summer and winter . A jet-black men's coat . On a girl of Kunagisa's tiny stature, the large-sized coat easily touched the floor . But she seemed to be madly in love with it anyway . I had told her millions of times to at least take it off when she's sleeping, but to no avail .
One thing was for sure: Kunagisa Tomo did things her own way . In that sense, she was kind of like me .
“Okay, thanks!” she said, and finally let go of me . “Battery full! Now, let's go face another day . ”
With a grunt she rose from bed, blue hair bouncing . Dia walked over to the computers by the window opposite her bed . They were the three computers she had brought from her home in Shirosaki . All three were tower models . The two on the left and right were of typical size, the one in the middle was exceptionally large . They were all white, of course . Saya hanya
didn't get why she was so into a color that was so easy to get dirty .
The three computers were on a U-shaped rack, with a cushiony rolling chair in the center . Kunagisa plopped down in the chair and leaned back . That way she could simultaneously control all three computers . But no matter how you counted it up, she still had only two hands . Why she would ever think to use three keyboards at the same time was beyond me .
I looked over her shoulder . The three keyboards were neither ASCII nor JIS nor Oasis, but instead some weird, mysterious key alignment . But to question the unnaturalness of it would be futile . For an engineering whiz like Kunagisa Tomo, designing a keyboard from scratch was probably like a walk in the park .

Incidentally, Kunagisa didn't use a mouse . Because “they're a total waste of time,” she would say . But to a novice like me, the sight of a mouseless computer was unnerving, just totally impossible to get used to . Not that that's the worst feeling in the world .
“Ii-chan . ”
"Ya?"
“Tie my hair up . ”
Oke . I went up to her chair . I slipped some hair bands off her arm and tied her hair into two braids .
“Man, wash your hair already . My fingers are getting oily disini ”
“I hate taking baths . Cuz y'know, your hair gets all wet and stuff . ”
"Yah, tentu saja. Look at this, the blue is getting dark . ”
“I can't see my own head . Hehehe, if I leave it like it is, it'll turn ultramarine . Thank you, Ii-chan,” she said, biting her lower lip with a giggle . I just looked back at her with an innocent, confused smile .
“Uh, no problem, really . ”
Even as we talked, her fingers never stopped moving . Mereka moved with the accuracy of a machine at a constant rhythm with every keystroke . Her movements flowed so smoothly it was as if she were unconsciously tarrying out some preplanned assignment in some preprogrammed way . Tidak bisa dimengerti English characters and numbers streamed along on all three monitor displays at an unbelievable pace .
“Tomo, what are you up to, anyway? You just got up . ”
“Mmm, well, I don't think you'd get it even if I told you . ”
"Hmm. You really need all three PCs to do it?” I said .

She gave me a perplexed look . “Ii-chan, this one in the middle isn't a PC, it's a workstation,” she said .
“What's a workstation? It's not a PC?”
“Nope, it's different . Well, I guess PCs and workstations are similar in that they're both intended for individual use, but, it's like, workstations are way more top-of-the-line . ”
“Ah, so a workstation is like a super-good PC?” I said, openly displaying my ignorance .
Dia mengerang. “Ii-chan, a PC is a PC and a workstation is a

workstation . They're both GPCs, but think of them as two completely different things . ”
“What's a GPC?”
She looked at me as if I were some kind of a caveman . “Iichan, you don't know anything, do you?” she said with a
touch of disbelief . “What exactly were you doing in Houston those five years?”
“Other things . ”
Dia menghela nafas. “Okay, okay,” she said, tilting her head . Kemudian
she resumed her work as if a switch had been toggled in her brain . Letters and numbers that looked like hocus-pocus to me continued to stream by on the displays .
I wanted her to tell me a little more about the different classifications or what have you, but I'm not really that intellectually curious . Besides, it would be rude to interrupt whatever she was working on . That, and, for an “outsider” like me to try to follow this nerdy cupcake's explanations seemed as if it would just lead to a headache, so with that I ended the discussion . I massaged her shoulders for a bit, then decided to borrow her sink, where I washed my face and changed my clothes .
“Hey, Tomo, I'm gonna go for a walk . ”

Without looking up from her work, she gave me a halfhearted wave . The other hand kept on tapping keys . saya shrugged and left the room .
I'd be lying if I said I knew all that much about the Akagami Yayasan. They're not exactly the most well-publicized organization in the world . Plus, since they mostly operated out of the Kanto region, someone like me who was born in Kobe, grew up in Houston, Texas, and lived in Kyoto wouldn't know that much about them .
Putting it simply, the Akagami mansion was the home to a storied legacy of business barons . That business might have been some kind of trade, or a system in which money just poured in on its own . I'm not sure what exactly it is that they did, but whatever it was, one thing was for sure: the Akagami Foundation was loaded .
Holding property not just in Japan but all over the world,

the Akagami Foundation was the owner of Wet Crow's Feather Island as well . And the owner of the Western-style mansion found in the center of the island was none other than Akagami Iria .
As you might guess from her name, Iria was related to the head of the Akagami Foundation—his granddaughter, in fact . She was a born-and-bred pedigreed princess, for whom no obsequious praise was too obsequious . Over time, she had inherited vast amounts of enormous wealth and unbelievable power and ruled over a great many underlings . But then, the head of the Foundation himself had completely cut her off . Begitu maybe this is all really better expressed in the past tense .

Cut off .
I don't know what she did to deserve it, but it must have been something big .
Supposedly she was permanently removed from the family five years ago, at the age of sixteen . At that time, the head of the family left her with a small severance package (which was probably still an unimaginable sum to a regular Joe like me) and this island, floating around in the Sea of Japan .
In other words, she had been exiled .
Maybe these days that seems old-fashioned . But far be it for me to butt into other people's ways of doing things . Especially if those people belong to a powerful institution that's practically its own world in and of itself .
Anyway, Iria had spent the last five years here with her four maids, not once setting foot off the island . Five years on this godforsaken island in the middle of nowhere, with no amusements, no nothing . In a sense, it was life in Hell, though I would speculate that, in a different sense, it was also a little like life in Heaven .
But was Iria-san lonely or bored? Indeed, you could say Kunagisa had been invited to the island to stave off Iria's kebosanan . But it wasn't just Kunagisa . In the same way, it would be no exaggeration to say that Akane-san, Maki-san, Yayoi-san, and Kanami-san had all been brought here for the same purpose .
Well, okay, maybe it's a little bit of an exaggeration .
So, anyway, forbidden to leave the island, Iria-san said,

“Well, if that's how it is,” and proceeded to invite, as her guests, the world's most prominent figures .
Now, it “prominent figures” sounds a little weird, let me try putting it another way . Iria had decided to invite so-called

geniuses to her mansion . It was a simple plan: “If I can't go to them, they can come to me . ”
Famous and unknown alike, all those who possessed genuine talent and amazing skill were summoned by Iria-san, one after another after another . And, of course, all expenses, including accommodations, were covered by Iria-san . Faktanya, visitors to the island were often given money, so it was pretty much always a win-win situation for them .
To me, it seemed like Iria-san was going for that whole ancient Greek salon image, collecting and cavorting with all these artists and geniuses—and thereby living a fruitful life . Untuk be sure, it wasn't the most typical idea around, but yes, there was something amazing about it . Aside from the mansion and the forest, the island was essentially empty—almost a desert island—and for those world-weary men and women of talent who needed to rest both the body and the mind, it was the perfect place . And thus had Iria-san's plan been a tremendous success .
Nah sekarang.
Walking around aimlessly on this empty island, basking in the forest, it was by an extremely distant cherry blossom tree that I suddenly ran into Shinya-san .
“Oh, er, that is, I mean,” Shinya-san said, waving a hand to greet me . “You're quite the early bird there, eh? Mister… er, what was your name again? Sorry, my memory's a little weak, y'see . ”
He had a good four inches on me, and his designer clothes were much better than mine . His expression was mildmannered, his way of speaking was mild-mannered, and so was, somehow, his clothing and stature, but whether or not Shinya-san really was mild-mannered, I couldn't say . Bukan saya

have the skill to judge someone just based on their appearance, and I'm the last person to jump to conclusions after knowing someone for just a couple of days .

“I don't believe I ever told you,” I answered with a shrug .
“I'm just Kunagisa Tomo's sidekick . No need for a sidekick to have a name, am I right?”
“That's awfully modest of you . Not that it's any wonder, being on this island, but speaking of sidekicks, I suppose I'm in the same boat as you,” Shinya-san said and smirked .
Yes, Shinya-san and I were no more than tagalongs . Saya t probably goes without saying at this point, but I wasn't here walking around on this island because I was any kind of genius . Kunagisa Tomo was the “genius” here, and I was nothing more than her attendant . If she hadn't said to me, “Iichan, it turns out I'll be going to some island, so come with me, 'kay?” right about now I would've been in my Kyoto fourtatami-sized
room getting ready for school .
No question about it: the main character here is Kunagisa Tomo . Let's just make that clear .
Now then, as for who Shinya-san was accompanying, well, she was right under the cherry blossom tree . With those thoughtful, thoughtless eyes, she gazed at the fluttering cherry blossom petals .
She had blue eyes and hair of gold . Her dress, pale in color, was out of some French movie, and was accented with dazzling jewelry . Just one of her necklaces or bracelets was likely worth more than my liver . Even if I sold off every part of my body I still couldn't pay for it .
Ibuki Kanami . One of the geniuses .
Having, supposedly, suffered problems with her legs from birth, she was confined to a wheelchair . And thus Shinya-san,

as her caretaker, had tagged along on the trip . As I'd heard it, until a few years ago, she had also been totally blind . Her blue eyes were not a sign of foreign blood .
Kanami-san was a painter .
Even I, without the slightest knowledge of that field whatsoever, had heard of her . She had earned a reputation as a painter who possessed no single style . I had never actually seen any of Kanami-san's paintings, but I thought that maybe she was gazing at the cherry blossoms in that way so as to later portray them on canvas .

“What's she doing?”
“As you can see, she's watching the cherry blossoms . Saya t won't be long before the petals start falling . She has a fondness for that 'moment just before death,' if you will, the ephemeral things in life . ”
Most of the trees on the island were just your standard fare, but for some reason, there was one cherry blossom tree . It looked quite old, and the fact that there was only one on the whole island was nothing short of bizarre . Most likely, Iria-san had transplanted it here .
“So they say dead bodies are buried under cherry blossom trees, eh?”
“How dreadful . ”
Aduh
I was just trying to make conversation, but instead ended it in one fell swoop . of course, it was pretty dreadful .
“Just joking,” Shinya-san laughed .
“Personally, I think it would make more sense if that legend was about a plum tree . But then I guess it wouldn't be a legend, but a myth? Ha ha ha!"

“By the way, boy, have you gotten accustomed to the island yet? This is your third day here, right? Um, how long were you planning to stay again?”
“A week . So we have another few days . ”
“Mmm, that's too bad,” he said, with a tinge of mystery .
“What's too bad?”
“Oh, it's just that I hear Iria-san's favorite will be coming here in a week . But if you're leaving in four days, you'll just miss each other, won't you? That's just too bad . ”
"Oh begitu . ” I nodded and thought about it for a moment . Iria-san's “favorite . ”
In other words, the genius of geniuses .
“A chef, a fortune-teller, a scholar, an artist, and an engineer . What could be next?”
“Well, I haven't heard any specifics myself, but apparently this person is capable of just about anything . Not a 'specialist,' but a 'generalist . ' Hikari-san tells me this person is as sharp as a tack and full of knowledge, and has lightning reflexes . ”
Hmm. Yet another totally amazing person . Let's assume it

was just some ridiculously over-the-top rumor . The fact that such a rumor even existed suggested that this particular genius wasn't just anyone . I'd be lying if I said I wasn't intrigued .
“Couldn't hurt to meet this person, I guess . Apa yang kamu say to asking for an extension on your visit? I'm sure Iria-san would more than welcome you . ”
“Sounds nice and all, but…” I probably looked less than excited . “To be honest, this island is a little stifling . Untuk sebuah regular kid like me, I mean,” I said .
Shinya-san guffawed boisterously . "Sekarang, sekarang. Now, now, now, now, now there, lad . Begitukah? Kanami-san and

Akane-san and all of them haven't given you a complex, have they?”
A complex . Even supposing it wasn't something you could put so bluntly, what I felt was certainly something similar .
Shinya-san gave me a firm pat on the shoulder .
“There's no reason to feel inferior to that lot, right? Ayo keep it together, brother! Whether it be Kanami-san…”
Kanami-san glanced up from under the cherry blossom tree .
“Whether it be Akane-san, Yayoi-san, or even Kunagisa-chan, if they were to play the two of us in rock-paper-scissors, they would only win one out of three times . I suppose Maki-san would be an exception there, but nevertheless . ”
“That's a pretty blunt way to put it . ”
Not to mention Shinya-san had just referred to his own employer as part of “that lot . ” I'm not saying they were at each other's throats or anything, but maybe Shinya-san and Kanami-san weren't quite the best of friends .
“Talent isn't such a big deal . In fact, I, for one, am glad I don't have any . Talent isn't worth spit . ”
"Kenapa begitu?"
“If you've got a talent, you've got to exert effort . Being ordinary is a breeze . Having nothing to master is an advantage, if you ask me,” Shinya-san said with a cynical shrug . “I think we got a little off-topic . Anyway, I don't think it would be a terrible thing if you were able to extend your stay, if you ask saya . And hey, just maybe this 'generalist' will beat us in rockpaper-scissors
all three times . ”

“Well, I'll talk it over with Kunagisa… It would hardly be right for the tagalong to decide something like this on his own . ”

“I thought so,” he said . “You're a lot like me,” he said, looking me in the eye .
His gaze was deeply disconcerting . It gave me that uncomfortable feeling you get when you're being watched .
“Me and you? Alike? How do you mean? In what way?”
“Don't sound so happy about it . In particular, you're practically identical in holding the idea that you yourself are a part of the world . ”
Seemingly with no intention of explaining himself any further, he broke his gaze and looked back at Kanami-san . Predictably, Kanami-san was still staring at the cherry blossoms with complete concentration . She was surrounded by a sort of transcendence, as if just that one spot was isolated from the rest of the world . She had the air of being unapproachable, even sacred .
“So Kanami-san's been painting even since coming here?”
“Well, it's more like she came to this island to paint . Itu really all she does, after all . I suppose you could say she lives to paint . Can you believe it?” He spoke with a tinge of frustration, but if you took his words at face value, it sounded like an incredibly enviable existence; a life where what you want to do and what you have to do are directly connected . Saya t was a way of life I could never even hope for . I, who had discovered neither what I wanted nor what I had to do .
I noticed that Shinya-san was watching me with a wicked smile, like he had just remembered a bad prank . I recoiled a little . I was getting a bad feeling, like a premonition . Lalu Shinya-san, with a look on his face as if to say, “I've just had a revelation from God,” clapped his hands deliberately .
"Betul! It's such a prime opportunity, so why don't you try modeling?” He set me aside as I stood at a loss for

words and unable to comprehend his, and faced Kanami-san .
“Hey!” he called . “Kanami! This fella here says he wants to be your model!”
“Wait, Shinya-san!” Finally grasping the situation, I spun in

front of him . “I can't just, I mean, give me a break!”
“Now, now, why are you so embarrassed? That hardly suits your character . ”
Saya kira tidak. Asking Kanami-san to paint me? Itu tadi an incredibly intimidating idea . But Shinya-san blew off my protest with a simple “Now, now, don't be shy,” and waited for an answer from Kanami-san .
Kanami-san adjusted the direction of her wheelchair and took a look at me . She scanned me up and down, from the tip of my head to the tips of my feet, observing me, assessing me, and said, “So you want me to paint you?” She sounded truly irritated .
This was a difficult question to answer . With someone as talented as Kanami-san, the simple act of hesitating would have been rude . I was weak in these situations . A real pushover . A nineteen-year-old boy who's spent his life going with the flow has not the power to alter the flow of a tale .
“Yes, absolutely, if you don't mind,” I said .
Kanami-san simply looked disinterested . “Fine then . Come by the atelier this afternoon . ” she said, and swiveled her wheelchair back toward the cherry blossoms . She spoke with heartfelt apathy, but at least she had taken pity on me .
“Well, that's settled then . Are you free this afternoon?” Shinya-san said, strangely joyful .
I told him I was free and decided to get going before I got into any more trouble .

I returned to the mansion and visited Kunagisa's room once lagi. Kunagisa was just as I had left her, sitting in her revolving chair, her three PCs (I mean, two PCs and one workstation) in front of her . Right now she was focused on the workstation, and the two PCs had their power switched off .
“What were you up to, Tomo?”
Tak ada jawaban .
I went up to her from behind and tugged both her braids .
“Oww,” she uttered in a strange voice, seeming to at last notice my presence . Without changing her position, she gaped at me in bewilderment . Surely I appeared upside down in her eyes .
“Yooo, Ii-chan . You're back from your walk . ”

“Yeah, well… Say, is that a Mac?”
The monitor on the workstation opposite Kunagisa was displaying some kind of Mac OS screen . As far as I had heard, Mac OS only worked on Macs .
“Yeah, it's Mac OS . Y'see, there are some applications that only run on Mac OS, so I'm running it on a virtual machine . ”
“Virtual machine?”
“Basically I'm making the workstation think there's a Mac inside it . In other words, I'm tricking the software . Tentu saja Windows is in here, too . Most OS's are installed on this workstation, so it can do anything . ”
"Ah…"
I didn't really get it .
“This is a dumb question, but how are Mac and Windows different, anyway?”
She gave my truly amateurish question a moment's thought . “They're different because different people use them,” she answered, with an air of precision .

“Well, yeah, that's true, but… Well, forget about that . Begitu an OS is like the core software, right? I think that's right . Begitu then it's like this computer has multiple personalities?”
“It's a strange metaphor, but you could say that . ”
“So then that PC, er, workstation, what's its core core OS? Like with multiple personalities you have a 'main' personality, right?”
“Geocide . ”
“Never heard of that . Is it like Unix?”
“That's Unix, with a 'yoo' sound . Come on, you studied abroad; you should know not to pronounce the alphabet like Romanized Japanese, Ii-chan . It makes you sound so stupid . Uh, well, it is compatible with Unix . But it's an original OS developed by a friend of yours truly .
“A friend…”
Kunagisa's friend . The only friend of Kunagisa's who could've developed an original operating system was someone from that “team . ” From that notorious “team . ”
Several years back, in the last century, during the time when the Japanese network was still underdeveloped, that group appeared . Or, no, “appeared” isn't the correct

ekspresi.
They never for an instant let their visage, nor their shadow, nor even their smell grace the public eye . They never announced their name; whatever name they had ever been known by had been applied by others . Whether you called them a virtual club, cyberterrorists, a crack unit, or a gang that made mountains out of molehills, it didn't matter to them, and they probably wouldn't respond .
They were completely peerless, species unknown . How many people were there, and just what types of people

comprised this “team”? These things were all shrouded in mystery .
And what did they do?
Semuanya
They did everything, that was all you could say about it .
They did so much of everything, there was nothing they didn't lakukan. They wreaked havoc, havoc, and more havoc . I wasn't in Japan at the time, so I didn't get to see it firsthand, but they say it was such full-on, ludicrous havoc that it was practically refreshing, lending no hint as to their motives or aims .
Beginning with pure hacking and cracking, they also had their hands in corporate advising and fixer fraud . It's also quietly speculated that, back then, they controlled a number of large corporations .
But you couldn't say they existed solely as a nuisance . Untuk better or worse, it was thanks to them that the overall level of network technology improved drastically . You could even say they forced it . If you looked at it through a fine-toothed comb, sure there were losses, but in the big picture, the gains outweighed them tenfold .
But, of course, the fat cats upstairs saw them as little more than pesky, law-breaking criminals, a hacking, cracking eyesore . Thus the “team” went on, despised and pursued . Tapi they were never caught, and exactly what they were doing was never brought to light . Then, sometime last year, suddenly and without anything in particular having happened, they were never heard from again . It was as though they had just burned out and vanished .
“Yo, what's wrong, Ii-chan? You're quiet all of a sudden . ”

“Nah… nothing . ”
She flipped her hair with a giggle .

“Yeah, I guess it's nothing…”
It was in that way that the “team” met what was, in a sense, an anticlimactic end . Who would believe the leader of that now-defunct team was this happy-go-lucky girl still in her teens? Exactly who in their right mind would believe something so nonsensical that it couldn't even be mistaken for a sick joke?
But if that wasn't the case, Kunagisa wouldn't have been invited to this genius-ridden island . Not as a communication and systems engineering specialist .
“How could I not have a complex, Shinya-san?”
"Hah? Did you say something?” Kunagisa glanced up at me for a moment .
“Just babbling,” I said . “So 'Geocide,' doesn't that mean 'Earth murder'?”
"Ya . Of all the existing OS's, it's probably the most awesome . Geocide is number one . Even the RASIS is perfect . ”
“Sometimes I think you use those big words just to tick me off . What's a RASIS?”
“It's an acronym for reliability, availability, serviceability, integrity, security . But of course, that's in English,” she said a bit irritably .
“Basically it means stability . Of course it requires a highperformance
system, but it won't cause errors or anything like itu Man, that Atchan really is a genius . Hehehe . ”
“Atchan, huh? Sounds like you two are pretty close . ”
"Hmm? Cemburu? Hmm? Hmm?” she said with a strangely pleased tone and naughty smirk . "Tidak masalah . I like you best of all . ”

"Ah, benar. 'Preciate that . ” I shrugged and tried to change the subject . “But if it's such an amazing OS, why not market saya t? If it sold like Windows, you'd make a fortune . ”
“No can do . You know about increasing returns, right? With an OS this different, we'd never catch up . Business goes beyond skill or talent . ”

Increasing returns . The law of economics that states “the more you have, the more you get,” which does nothing for what you don't have . It had been awhile since I'd studied it, so I didn't remember it very clearly, but to put it simply, “once a significantly problematic difference has appeared, it is impossible to bury that difference . ” Whether it be in regards to skill or money, it seemed to make no difference .
“Besides, Atchan was satisfied just by creating Geocide . Atchan's a very self-satisfied person . ”
“Hey, yeah, must be very happy . ”
“Even if that wasn't the case, I don't think it would be possible to market it . Even though it's just core software, it requires some pretty outrageous specs . Seriously astronomical figures . Even my machine just barely cuts it . ”
"Hmm. How many gigs is your hard disk? About a hundred?”
“One hundred tera . ”
Different unit .
“Tera… that's the opposite of pico, so… a thousand times a gig?”
“Nope, 1,024 times . ”
Nitpicky chick .
“Man, I've never seen a hard disk like that . ”
“To be specific, it's not a hard disk; it's holographic memori. Unlike hard disks, which record data with magnets,

this records data onto a surface . It's capable of one tera per second rapid transfer . What you'd find on the market is, well, quite a bit slower . This is the kind of media they're using in the development of space technology . ”
She had those kinds of connections, too?
She belonged to an altogether dubious community .
“Of course, this goes for the machine's capacity as well, but if the motherboard specs aren't customized home brew as well, you're probably out of luck . Atchan just makes things without considering any of the surrounding circumstances, y'see . So they just end up like this . He doesn't try to suit things to other people . ”
“Motherboard home brew? There are people who do that?”
“Like yours truly, for one . ” She indicated herself with her

thumb .
Betul . She was an engineer, after all . She must've
been the culprit providing her “teammates” with the hardware
and software that were to be their main “weapons . ” If you
thought about it, it was fairly disturbing . It was one thing to
develop a seemingly unmarketable OS like that, but to take it
and build your own motherboard for it was just plain freakish .
"Bapak . Earth Murder aside, haven't you ever considered
selling this stuff? Like that motherboard you're so proud of?”
“I'm the self-satisfied type, too How 'bout you, Ii-chan?”
“Hmm, I wonder . ”
Regardless of talent or lack thereof, in the end all people
are classified into two groups: those who pursue and those
who create . My own case notwithstanding, Kunagisa was
overwhelmingly the latter .
“Besides, as far as money is concerned, I've got plenty and

then some . I'm not thinking about making any more right
sekarang . ”
“Ah, no wonder . ”
Itu benar. Kunagisa wasn't in a position that
demanded she immediately go into business . It wouldn't be
much of an exaggeration to say she spent money like it was
water . A nineteen-year-old occupying a high-class, two-floor
condo in Shirosaki and spending money as fast as she could . saya
didn't know how many people out there had more money
than Kunagisa, but surely no one individual spent as much .
Between the Akagami Foundation and the Kunagisa
household, who held the greater power was beyond my realm
of knowledge, but either way, they both possessed enough of a
fortune to enjoy the best things in life and still get change
back, that much was certain .
Speaking of which, Kunagisa resembled the master of this
island, Iria, in that she, too, was semi-exiled from her family .
Perhaps they were similar people . In the three days I had
spent on the island, signs indeed pointed to the contrary, but,
well, they were both eccentric, that was for sure . So much so
that it would have been impossible for them to blend into any
group or be members of any organization .
Surely that's how it was .

In which case, this island…
The meaning of this so-called island of wet crow's feathers…
Kunagisa returned to her typing .
“I'm gonna go have breakfast . Bagaimana denganmu? ”
“No, thanks . Not hungry . It's mating season . Ii-chan, go ahead on your own . Eat for me, too . ”
Gotcha, I said, and headed for the dining room .

Akane-san was in the dining room .
I tensed up .
She sat alone at the round dining table with her legs crossed in an elegant, somehow un-Japanese pose, having her breakfast . Or no, she had already finished breakfast and was enjoying an after-meal coffee .
"Oh! Good morning!” It was the bright and lively voice of Akari-san in the midst of cleaning the dining room . No, wait, it wasn't her . Akari-san never greeted me bright and lively . That wasn't the Akari-san I knew . Yang berarti…
“Hi, Hikari-san,” I said, determining that it was Hikari-san . Evidently I was correct, as she then grinned at me and bowed .
Chiga Akari-san and Chiga Hikari-san .
They were sisters . Twins . To be sure, there was a third sister as well, their silent younger sister Teruko . Teruko apparently had poor eyesight and was recognizable by her glasses with their black lenses . Akari-san and Hikari-san, however, were perfectly identical, from the length of their hair to their clothes, to the point that they weren't just “similar,” they were the same .
But unlike Akari-san, Hikari-san was an incredibly kind person . Even though I wasn't a true “guest,” she treated me the same as everyone else .
“Breakfast? Wait one moment, please,” she said, then spun around and hustled off to the kitchen . She must be so good at spinning because she's small, I thought .
With Hikari-san gone, I was suddenly left alone with Akane-san .

After a split-second's hesitation, I went ahead and took a seat near her . I thought to greet her, but she seemed

completely immersed in thought, mumbling to herself in a semi-audible voice, not even looking in my direction . It was as though she hadn't noticed me . What in the world was she thinking about? I pricked my ears to listen in .
“Sente 9-6, pawn… Kote 8-4, pawn… Sente, same pawn… Kote 8-7, pawn… Sente 8-4, rook… Kote 2-6, pawn… Sente 3-2, silver general… Kote 9-5, pawn… Sente 4-4, bishop… Kote 5-9, gold general, take… Sente 2-7, knight…”
Meaning unknown .
That's what you get from one of the Seven Fools; even the things they mutter to themselves are different, I thought, thoroughly impressed . But listening closely, it sounded like she was reciting a shogi game record . Wow, blind shogi . And by herself, no less .
Is this what she always did in the morning?
“Kote 2-3, pawn, checkmate, Sente forfeits,” she said, and glanced over at me . “Ah, I was wondering who that was, and here it turned out to be you . Selamat pagi . ”
"Selamat pagi . ”
"Heh heh. Isn't shogi tough? The pieces move around a lot more than in chess . I was playing Kote just now . It was a close victory . ”
"Hah. ”
There's a Sente and Kote in single-player shogi? Mungkin Akane-san was able to divide her mind like a dolphin . Yeah, it seemed likely for someone like her .
“Are you good at shogi, or chess, whichever?”
“I wouldn't say so, no . ”
“Hmm, is that so?”

“Reading other people's minds isn't my forte . ”
“Oh no? Hmm, I suppose not . You've got that kind of face,” she nodded . “I saw you from the window a little earlier . Out for a morning walk, were you?”
“Yeah, a walk in the woods . ”
“Ah, a walk in the woods, how nice . Sangat bagus . Itu phytoncide released by the trees creates a bactericidal effect and such . ”
Apa apaan?
In Houston, Texas, in America, there's a research facility

called the ER3 System . There, brilliant minds from around America, nay, around the world, gather, and it is referred to as the ultimate bastion of learning, from economics to history, political science to cultural science, physics and advanced mathematics to biology, electronic and systems engineering, metapsychology, indeed, anything that could be called a field of study or research .

It's also known as the Comprehensive Research Center . Saya t was a gathering place for those who loved learning and research above all else . A nest for those inhuman humans whose desire for knowledge exceeded even their natural, biological desires . An entirely nonprofit organization, they dared not sell their knowledge or research findings, and they were in a sense a closed and introverted sort of secretive organization .

There were only four basic rules:

Have no pride .

Have no principles .

Have no attachments .

No whining .

They were to unbegrudgingly cooperate with one another to the fullest of their ability, to never be unproductive, even if the world should perish, and to never quit halfway, come Hell or high water .

The ultimate destination for those who wanted to do research, who wanted to know, who had to know, with means and end in complete harmony, it was the ER3 System . Itu people gathered there ranged from highly esteemed college professors to “frontline” researchers and amateur academics, a truly pride-free assembly of all manner of individuals . Mereka reputation was seemingly so bizarre that the media ridiculed them as a “cultish pack of overeducated loonies . ”

But their research had yielded great rewards: the demystification of Dalevio nonlinear optics, the overwhelming advancement of volume hologram technology, and the establishment of the near-magical DOP as a sensory technology were all thanks to the ER3 . Not the work of individuals, but rather team efforts, and nonprofit work at that, they declined all awards and other various honors, and

thus had not come to draw much attention, but their reputation within the academic world was certainly high . Saya t was a research center with a relatively brief history—not even a century old— but it was already globally networked .
And within this research center existed the transcendental group known as the Seven Fools . Seven individuals selected in turn by the selected “seven on the verge of the answers to the universe . ” They were the true “geniuses among geniuses . ”
One of these seven individuals was Sonoyama Akane-san . She had beautiful black hair, cut ruler-precise to lend her an air of intellectualism . She was tall for a woman, with a stylishly slender build . There was no part of her that wasn't

overflowing with elegant femininity . She was a Japanese woman scholar of the highest order .
The ER3 System is relatively unknown in Japan . The fact that the ER3 itself is so exclusive is no doubt part of the reason for this, but the main reason is likely that the uncategorizable nature of the center doesn't fit with the Japanese way of doing things . But nevertheless, Akane-san had, as a pure and innocent Japanese woman (and in her twenties, no less) risen to the ranks of the ER3's Seven Fools . It would come as no surprise if one day she was a household name in Japan .
Now, this may all beg the question: if I'm just a “pure and innocent” Japanese person, too, how come I know so much? But there's no special reason, really . It's not that I'm particularly well informed, it's just that the ER3 and I have crossed paths a bit .
You see, in preparation for the long-term, ER3 System implements a study-abroad program to educate the youth of the next generation . For five years, beginning with my second year of junior high school, I participated in that program, so naturally I knew of Sonoyama Akane's reputation as one of the Seven Fools, as well as her “above the clouds” existence . And that's why I was so surprised to discover Akane-san here on this island . I'm not at all the type who surrenders unconditionally at the first sniff of authority or talent, but I can't help but be nervous . What exactly do you say to one of the Seven Fools?

I was sitting there, all clammed up, when Akane spoke to saya . “By the way, that blue-haired girl—Kunagisa-chan, I mean . ”
"Ah . Yes?”
ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 2
“She's just lovely . Last night I had her do some maintenance on my PC . She's incredibly skilled, isn't she? Kita have techies at ER3 as well, but I've never seen one with such… mechanical precision . She made it look like routine work . This may sound rude, but for a moment I wondered if she was really human . I was sure Iria-san would absolutely adore her . ”
"Ah masa? I hope she wasn't a bother or anything . ”
She let out a chuckle . “You sound like a baby stroller . ”
A baby stroller . Once again I had suffered an unfounded assessment . “You mean a babysitter?”
“Well, they both mean the same thing, yes?”
“A stroller is a kind of carriage . ”
“Ah, right,” she nodded .
For all her evident ability in math and science, it seemed Japanese was not Akane-san's forte .
“Well, either way . She was no bother at all . ”
Well, duh .
“Then again, she seemed a bit of the socially awkward type . I don't think she listens when people are talking . And as a result, my PC evolved about two generations . ”
“But that's actually the improved Kunagisa . She used to be terrible to talk to . Just starting and stopping whenever she felt suka itu . It was pretty rough for me . ”
"Hmm. If you want my opinion, I think there's a certain charm to her unapologeticness . ”
“Eh, I'm not sure I agree on that . ”
“Terserah kamu. ” Akane-san shrugged . “By the way, I also heard from her that you were in the ER program . ”
ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 3
"Hah. ” That blabbermouth had let the cat out of the bag! saya thought I told her to keep that quiet . Not that I wasn't fully aware there's no point trying to keep that girl quiet .
“You should've told me . We could've had quite a chat . saya feel as if we've wasted two days . I don't suppose you were

holding back by any chance? Please don't get me wrong, I'm not such a big deal . ”
“No, it's not that… I guess it was just hard to bring up . And also, even though I was in the program, I quit midway through . ”
The program is a ten-year study . I dropped out after my fifth year . From there I returned to Japan and reunited with Kunagisa . Luckily I was already qualified as a high school graduate from my second year in the program, so I was able to transfer directly to Kyoto Rokumeikan University .
“It's still a big deal . Regardless of what a sprain it became for you…”
“That's a 'strain . '”
“Regardless of what a strain it became for you, the ER program's entrance exam is a great obstacle to have overcome . You should have a little more pride about your accomplishments . ”
The ER program's entrance exam was unusually difficult . Even in the application guidebook it said, “There are no perks . This does not guarantee your future . No one will come to rescue you . We offer only an environment in which you may sate your intellectual curiosity,” yet still elite candidates from around the world gathered to take the test . So it was true, merely passing the test was something to boast about .
Tapi
I hadn't completed the program .
ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 4
“There's no point if you drop out halfway . End results are everything in this world . ”
Actually, I happen to think everything in this world is a result… Or are you one of those 'a genius is a genius is a genius' people?” She had the slightest bit of sarcasm in her tone . “A genius is not a rose . In Japan, you often see people who take pride simply in the effort they give, don't you? 'I've endured great hardships, regardless of the end results,' they say . They say there's merit in effort alone . I think that's a valid outlook . Saying 'I worked hard' is a fine conclusion in and of itself . What I have a problem with is lowlifes who spout absurdities like 'I could have done that if I wanted' or 'I couldn't do it because I just wasn't trying' or 'I said I can do it,

but that doesn't mean I will . ' That's all ridiculous . Sana really are all sorts of people in this world, huh?”
“I didn't try because I couldn't do it . ”
“Hmm, hehehe, you know, you've sort of got this worldweary quality about you . ”
“It's probably just modesty . ”
"Bingo. ”
The right part of her lip curled up in a half-smile and she produced a pack of cigarettes from her pocket . In graceful, fluid motions, she put one in her mouth and lit it .
“Wow, you smoke? Aku terkejut . ”
“Are you the type who doesn't like women who smoke?”
“Well, no, not women particularly . Smoking is bad for your health, you know . ”
“Health is bad for your smoking, you know,” she retorted, slowly exhaling smoke . There's that Seven Fools wit, I thought, but she smirked with embarrassment . “It's a stupid argument, huh? Don't mind me . It'd be awful if you ended up

thinking I was that kind of person,” she said . “Shall we change the subject? You know, I was actually in Japan all the way through high school . ”
“Really?” I was a little surprised . But if you thought about it, it was really no mystery . “Which high school?”
“Just your average prefectural school . It wasn't particularly well-known . I was in the girls' karate club back then . I didn't like it at all at the time, but in retrospect it was really fun . Gee, that takes me back . It's already been more than ten years… The skirts back then were this long . I didn't have the best grades, but I was good in math and English . That's why I ended up at an overseas university . My family was very against it, but I defied them . After all, don't they say 'if you love someone, set them ablaze'?”
"Tidak . ”
“Anyway, it was like that, so in the end I cut myself off from my family and crossed over to America on my own . Saya t was a hell of a big move for someone like me back then . ”
And thus she ended up in the Seven Fools . Mungkin Cinderella was in this story, too .
“So you do like math . I had a feeling . ”

“Well, you know, I don't dislike it . In high school I liked how there was always one concrete answer, no vague components, so math was all I did . I liked clear-cut things . Tapi in college, at the ER3 System, I came to realize that wasn't necessarily the case . It's just like shogi or chess . You just have to get a checkmate, but there are an infinite number of ways to get there . I felt as if I had been swindled or something . ”
“Like when a lover shows an unfamiliar side of themselves to you?”

She laughed as if to say, “A romantic idea, but not exactly . ”
“But I was also a little touched, you know . In my high school days, I always figured math wouldn't be of any use once I got into the real world, but in fact there really are cases where you have to use calculus and cubic equations and such . You use factorials in everyday life . I was definitely touched by that fact . ”
"Saya mengerti . ” I nodded .
I really did .
She smiled in a satisfied way . “Are you a math person, too? On average, men are much more likely to be mathematically inclined than women . Because of the way their brains work . ”
"Apakah begitu?"
“Well, based on statistical data . ”
“Sounds like sexist data to me . ”
Besides, statistical evidence is pretty unreliable . If you roll a die one hundred times and it lands on six every single time, that doesn't necessarily mean it'll be a six the next time, too . saya told her this, but she protested .
“If it lands on six one hundred times in a row, it's a die that only lands on six . It's too significant a difference to be written off as a coincidence or leaning odds . Male-female statistics are kind of like that, too, though . Hehehe, so you're a feminist . Or are you just being polite around me? Well, unfortunately I'm not a feminist . Listening to talk about expanding women's rights and women's liberation makes me sick to my stomach . saya mean, right? They're obviously spouting nonsense . Sure, it's a man's world, but it's not gender equality we need, it's equal opportunity to apply our abilities . Men and women are so different that you can practically call them genetically separate

creatures . So I believe they have separate roles . Of course,

that rests on the major assumption that your role and what you want to do are separate, and the minor assumption that if you have to choose between the two, what you want to do should come first . Ah, and maybe the medium-sized assumption that you can do what you want to do first . Tapi saying you can't do anything sounds like a convenient excuse to me . ”

“There's also the factor of environment . ”

“Environment, huh? But was there ever an age when women were forbidden from writing, or from sculpting? Regarding recent trends, I've become more inclined to sympathize with men . I feel as if they're closer to my own point of view, but also, until the modern day, the workplace was always exclusively man's domain, right? So it's no wonder they got angry when women wanted to butt in . ”

“They were just righting a wrong . That's just tough luck for the men . ” I wondered why I had to take the feminist stance .

“Hmm,” she nodded . “Maybe you're right . I don't really tahu But I can understand why women get angry at men, too . Even though they're just carrying out their roles and we're just carrying out ours, they still act all big about it and put on airs . It's no wonder women get angry . Just so long as they don't try to mix me up into anything . I guess what I truly want is for feminists to just do it away from me . Whatever the case may be, women are inherently a boring breed . Seperti you men . Hmm, come to think of it, there were more men than women at ER3, too . Within the Seven Fools, five were men . ”

“Increasing returns, huh?”

“Eh?” She seemed taken aback . I'm afraid I don't know that word . What is it, some kind of dieting thing or something?”

“It means Beta lost to VHS . ”

“Ah, you mean the bias that occurs in economics . Itu right, to return a once male-biased world to equilibrium, you'd have to go through quite a bit of hardship . Really, there wouldn't be any problems if men and women weren't always acting jealous of each other . But nobody gets it, do they? Dan

yet they claim there's no difference between separation and discrimination . ”
“You know, Akane-san, coming from you this all sounds convincing . I guess you must be going through 'quite a bit of hardship' yourself . ”
“Never,” she said flatly . “I just make a little effort . ”
It was a loaded statement .
Suddenly I recalled something I had wanted to ask someone ever since I first learned of the Seven Fools' existence at ER3 .
“Say, who's the number one smartest person in the entire ER3 system?”
In other words, who was the smartest person in the world?
Akane-san answered with little deliberation .
“Number two is Froilein Love . ”
“And number one?”
“Come on, kid, you expect me to list everyone?”
Hah.
“Kidding, kidding . Hmm, to answer your question seriously, the person I respect the most, or in other words the person I place above myself and all others, is probably Assistant Professor Hewlett . He is number one for sure . ”
Almost unspeakably accomplished, he was the single greatest mind of the last century, and probably this one as yah. The first and probably last man to master every subject

when he was still in his single digits . Granted special criminal immunity by the president, he used his superior intellect to serve the good of the nation .
If Akane-san was like a god to me, Assistant Professor Hewlett was the very fabric of the universe .
“If he had been a woman, he probably would've changed history,” she said, looking off into the distance . It was a curious look of admiration .
“Sorry for the wait!” With expert timing, Hikari-san appeared, pushing a cart . On top of it sat my breakfast . Dengan experienced hands, she placed it in front of me, followed by a knife and fork on either side . “Please take your time,” she said with a bow and radiant smile, and then went off somewhere once more . It seemed she still had lots of work to do .

Nine pieces of deep-fried risotto balls on lettuce . Fish soup, salad, and a sandwich made with Italian bread . Plus coffee .
“That Sashirono-san is hot stuff, huh?” Akane-san muttered, eyeing my meal .
Sashirono Yayoi .
She ran the mansion's kitchen, but she wasn't an employee . Indeed, she was one of the geniuses who had been invited to the island . Having already been here for over a year, at this point she was the longest-running guest . There was no doubt that many of the elite visitors to the island had come in hopes of trying her cuisine .
Officially, her specialty was Western cuisine, but she could just as skillfully do any other type, whether it be Chinese, Japanese, or what have you . She was a cooking master with whom no one in the culinary world wasn't familiar—or so went the tales about her . Personally, I was just as ignorant about cooking as I was about art and academics, so I had sadly

not even heard of Yayoi-san until visiting the island, but having the privilege to try her dishes three times a day plus between-meal snacks, even I came to know of her extraordinary culinary prowess .
The typical image that accompanied a first name like “Yayoi” is either that of a stuck-up know-it-all or a short, spunky girl, but this Yayoi-san fit neither description, instead turning out to be a boisterous and lively woman with short hair . With a polite manner about her, she was the unarrogant type, despite being called a genius . She was also probably the only down-to-earth person on the whole island besides me . Likewise, she was the second-most pleasant person to talk to . Incidentally, Hikari-san was first . Nah, I'm just babbling .
Word had it that Yayoi-san possessed some power that allowed her to make any food better than any other cook, but just what was it? I was curious to know, but had yet to inquire . She spent most of the day in the kitchen (I think that's what you call a shut-in) so opportunities to speak with her were rare .
I noticed that Akane-san was hungrily eyeing my risotto balls . After a moment of my refusing to speak up, she transferred her gaze to me . Something about her eyes was

slightly different from before . Like those of a carnivore hunting wild game .
“Have you ever heard that people originally didn't acknowledge any numbers past seven?”
“Well, I…”
Apparently, all numbers past seven were simply thought of as “a lot . ” I had also heard in my program training that this was the fundamental reason why the “Fools” were limited to seven people .

“Yeah, so just looking at things objectively, if your nine risotto balls turned into eight, I don't think it would be such a great loss . ”
"Dan?"
“You're a sharp guy, huh? A good match for a girl like Kunagisa . ”
It's not like that between us . ”
“Jangan mengubah topik pembicaraan. Are you trying to get me to kowtow to you? Baik . Sashirono-san's risotto balls are delicious, so gimme one . You happy?”
I slid my plate to her without saying anything .
Akane-san began to gleefully pop down the risotto balls, one after another . Before you knew it, they were all gone . Apparently by “one” she meant “one plate . ”
Well, I was never one to eat a whole lot in the morning anyway . I was supposed to eat for Kunagisa, too, but it was awfully cruel of her to leave that to me .
Switching channels, I made my way to the sandwich and salad . Not to be too generic, it was really good . If you said this was the only kind of food that was served at the island (and all of it free, no less), no genius would decline . Surprisingly, even Akane-san was evidently in that boat .
“Now then, to get back to the subject you're so slyly avoiding,” she said, wiping her mouth with a napkin, “if it's 'not like that' between you two, just what is your relationship? If you were just friends, you wouldn't have come to this island together . You have school to worry about . ”
Indeed, by coming to the island I had missed every day of class since the school entrance ceremony . Incidentally, I also missed the entrance ceremony . In other words, well, yeah .

“I met her before I was in the program . So there's a blank of five years . ”
“Mmm, and when you got back she turned out to be a cyberterrorist, huh? That's a sordid little tale . ”
Memang .
I saw it coming even when we were thirteen years old . Nevertheless, reuniting with her after my five years of study abroad, I was honestly surprised at how little had changed from the old days . Anyone would be surprised to suddenly return to their early teens . Of course, that was just how things seemed . In reality, she had become much more human in terms of personality .
Our relationship .
Asked flat out, it was a tough question to answer . Kunagisa needed me—that much I knew . However, it didn't really have to be me . It would be extremely difficult to explain the circumstances that surrounded us . To do so, I'd have to explain a lot about Kunagisa herself, and I didn't especially want to do that .
“Mmm,” Akane-san nodded .
“I haven't talked with Kunagisa-chan all that much, but it seems to me she has too many shortcomings to go through everyday life… Hmm, I guess I shouldn't say shortcomings . It's not like she's defective . But her focus is just so skewed . Saya t reminds me of my friend whose kid is a savant . ”
Savant—in French, it means a person with wisdom . I was aware that Kunagisa, too, used to be called a savant . saya probably knew too much about her .
“So she probably really does need someone like you looking after her . There's no doubt about that . But I mean, how does that make you feel?”

I didn't have an answer .
“It seems like you two have something of a codependent existence,” Akane-san continued .
“Codependent existence?”
She tilted her head as if to say, “Haven't you heard the word?”
“It's a symptom of addiction that affects human

relationships . Like, for example, let's say there's a recovering alcoholic who has a caretaker by his side . He needs that caretaker, and the caretaker devotedly looks after him . Tapi when that devotion goes to extremes, it's a sign of codependency . They get drunk on serving . You even see mild cases of it in romantic couples . Needless to say, it's not a good benda . You end up putting each other to waste . I'm not going to say you two are like that, but you might want to take care . ”
"Yakin . ”
“Few things are as meaningless as prolonging a failed relationship . But still, I'm full of nothing but awe for Kunagisa-chan's talents . Even at ER3 they're using software that she created . Er, 'they' created, rather . But certainly I never imagined I would meet her in a place like this . ”
“Why are you on this island anyway?”
It wasn't like the Seven Fools had the emptiest schedules in the world .
“No real reason,” she said after a few moments' silence . Saya t was a strangely blunt response, and it bothered me a little .
“But more important, even if you're not the best player, you at least know the rules to shogi and chess, right? Why don't we have a game while we reminisce a little more about ER3?”
"Yakin . ”
A shogi challenge with one of the Seven Fools .

Sounded interesting .
“But not without looking . My memory is famously bad . ”
Not the greatest reputation to have, if I do say so myself . “If we can change locations, I'm in . ”
“I've got a board in my room . It was the first thing I bought when I got back to Japan . Hmm, I've actually got some work to do this morning . How's this afternoon?”
“Sounds good… Ah wait, I can't . I've already got sesuatu. ”
"Oh? Meeting up with Kunagisa-chan or something, huh? Well, if that's the case, what can you do . ”
“No, with Kanami-san . ”
Boom
Akane-san's expression grew unusually stern .
Damn it, I'd forgotten . When I had first arrived on the

island, Hikari-san had been kind enough to let me know that Akane-san and Kanami-san were on catastrophically bad terms, but because of my famously bad memory I had forgotten .
"Hmph. We're pals, so I'll give you a bit of advice . Kamu shouldn't hang around with someone with such a vulgar occupation . Lowering oneself like that is stupid, you know?”
“Akane-san, you really hate Kanami-san, don't you?”
"Tidak . There's no reason for me to embrace any feelings of like or dislike toward that woman . But artists truly are a despicable race . Hmph, seriously!” She banged her hand on the table . “There's nothing I hate more than painters . They're the most inferior race in existence . Compared to them, thieves anti rapists look like Jesus . All they do is dab a little bit of paint on something with a little brush and they think they're

so damn great . A little red, a little blue, and poof, it's a 'masterpiece'! Hah! Anybody can do it!”
It was as if she had turned into another person . It was such an abrupt transformation, it almost made you wonder if a painter had once stolen her research materials or something .
“Ah, sorry,” she said, returning to her normal self upon noticing my stunned expression . “I guess I got carried away . Not that I'm going to take any of that back, but I know it's no fun listening to someone gripe about someone else . I think I'm going to go cool off,” she said, her words racing, then helped herself to the rest of my coffee and made for the door . Saya t seemed she was regretting losing her head like that . Bahkan jika she wasn't going to take it back .
Once I was alone, I let out a sigh .
Man, I had been nervous . I'm not that used to holding conversations with people in the first place, much less Sonoyama Akane of the ER3 Seven Fools . No sweat, right?
Well, aside from that blunder at the very end, we were actually able to hold a much more natural conversation than I would've imagined, so I guess I should've been happy . Dan maybe, sometime in the next four days, I would get to have that game of shogi with her .
I let out another sigh, but there was no time to snooze .
Having finished breakfast, I decided to pay yet another visit to

Kunagisa's room, but not a second later, Maki-san appeared in mid-yawn . Fully dressed in outdoor gear, which she complemented with a high ponytail, she looked very much like she had come to this island on vacation .
“Ba baya baya baya baya bahhh,” she hummed cheerfully as she strolled over and took a seat by me .
"Selamat pagi . ”

"Halo. ”
“No no no, you gotta say 'good morning' when you greet someone in the morning . Ah, wait, is it not still morning? You've been up since six, so it probably feels pretty late to you, wow . As for me, I have extraordinarily low blood pressure, so I can't be like you,” she said with another big yawn . I gave the usual nod and “yup” combo . There was no point in asking how she knew when I woke up .
I was once again nervous, this time in an entirely different way than when I was with Akane-san .
Himena Maki-san .
Of course she wasn't just here for the surfing . There was a solid reason for her being on this island .
Maki-san's occupation was fortune-telling . Just as Kanamisan was a painting genius and Akane-san was an academic genius, Maki-san was known as a genius in the world of fortune-telling .
Now that's a real talent, huh? I thought to myself .
That aside, I wasn't a big fan of Maki-san .
We had had a bad first impression of each other .
“You're a fortune-teller? I've never met one of those before . So how does my fortune look?”
It's not like I actually cared all that much about my fortune . I just figured that since she was a fortune-teller, it was the socially appropriate thing to say . Normally any person would be thrilled to have the conversation turn to their field of expertise . As Churchill once said, “I want to talk about what I know, but people only ask me about what I don't . ” I just didn't want to be one of those “people . ”
That's just an excuse though .

But after hearing my question, Maki-san sneered, and said,

“Well, give me your year, month, and date of birth; anda blood type; and the name of your favorite movie actor . ” I answered, but all the while wondering what possible connection my favorite actor could have to my fortune, birthday and blood type aside . In any case, I had forgotten my blood type, and I didn't really know a lot of movie actors, for that matter, so I just made some answers up .
“Okay, I see . Then, take this,” Maki-san said, producing a slip of paper from her pocket and handing it to me . Dan dengan that, she left .
I opened the paper fortune and took a look . My date of birth along with the blood type and actor I had just given were inscribed on it in Mincho font .
“You were tricking me, weren't you?”
After that, I went to check with Kunagisa about it . “I figure it's some worn-out magic trick where the pocket has hidden slips of paper with random numbers written on them or something,” I said .
“Mmm-mmm . ” Kunagisa shook her head . "Tidak mungkin . Bahwa might work for playing cards, but for something like this there would have to be too many . Plus, she would've had to look you up beforehand . It's not like she could've guessed you would lie about your blood type and favorite actor . ”
And then Kunagisa gave me the Himena Maki lecture . Saya t seemed that although uneducated folks like myself hadn't heard of her, Maki-san had actually made quite a name for herself in the fortune-telling world . She didn't do those supposedly therapeutic horoscope-style “cold readings” like you see in magazines, but rather used her skills to advise

bigwig politicians and corporate clients, never making much of a spectacle of herself .
Himena Maki, master fortune-teller .
“Also known as a good self-promoter,” I commented .
Kunagisa seemed to think of her that way, too .
Her catchphrase for her: “The telepath who knows the past, the future, human beings, the world, and all inside it . ”
“What's a telepath?”
“She's super-powered,” she said aloofly . “She's got extrasensory perception . ”

"Hah?"
“ESP . Super abilities are divided into the two categories of ESP and PK . What Maki-chan's got is ESP . Retrocognition, precognition, and telepathy . In translation, retrocognition means she can see the past . Precognition means she knows the future . Telepathy means she can read your psyche . ”
“Wait a sec, I don't follow . Pelan – pelan . Tomo, Maki-san is a fortune-teller, right?”
“Occupationally, yes . Using her special abilities . Itu saja . Being able to run fast isn't an occupation, right? But being an athlete is . Being good with your hands isn't an occupation, kanan? But being a craftsman is . Special abilities are just abilities, but fortune-telling is an occupation . ”
“Ah…” I nodded . “So Maki-san…”
"Ya. She read your thoughts in advance, even before she asked you those questions . ” She flashed a bright smile .

“Superpowers, huh?” I muttered softly so as not to be heard by Maki-san, now sitting next to me in the dining room . saya recalled my conversation with Kunagisa . Her previous explanation had sounded somewhat convincing, to be sure, tapi…
Now, sitting next to this sleepy-eyed, spacey woman, it was really hard to imagine she was a fortune-teller . She just seemed like some drowsy chick with low blood pressure .
“I told you I'm a fortune-teller, but you seem to be dissatisfied,” she said, suddenly shifting her glance toward me . For some reason, she seemed to be picking on me a little ever since our first encounter . “Perhaps you'd like me to go walking around with a black hood and crystal ball . Should I speak to you in vague, cryptic terms about your impending doom? Kamu just take everything at face value, don't you?”
“Aku pikir bukan itu masalahnya. ”
“Yeah, I'll bet . I know all about it,” she replied, shaking her head . “Well, whatever . You don't matter anyway . ”
“I don't matter?”
"Ya . You're the Japanese representative of things that don't matter . ”
In other words, the most unimportant guy in Japan . Dulu a terrible thing to hear .

“But I'll give you one piece of advice out of the kindness of my heart . Your impression of me is quite out of line . Dan that's not all . The ideas you hold about the residents of this island are all out of line . And that includes Kunagisa-chan . More important, it looks like you intentionally adjust all your beliefs when you're talking to other people . That's surely a

very comfortable way to live, but I wouldn't call it a wise one,” she rattled off at me as she let out another catlike yawn . For the last two days, I had gotten the same earful of gripes every time we met . And I couldn't say she was all that far off the mark, either . Her remarks were so accurate, I wondered if she really was using telepathy .
I'll be honest: I found her really creepy .
“Oh, I'm sorry for being creepy . ”
With that said, she stormed off in the direction of the kitchen, presumably to get her breakfast .
So as not to let this opportunity slip through my fingers, I immediately made my way out of the dining room and back to Kunagisa's room . As I expected, she was still face-to-face with her workstation . It didn't seem right to be such a shut-in while also being a guest in another person's home, but I guess we just had different values .
Kunagisa looked back at me .
“Oooh, Ii-chan . Selamat datang kembali . Bagaimana itu? Did you run
into anyone?”
“Almost everyone . Today I've seen everyone except Teruko-san and Iria-san . Oh yeah, Yayoi-san, too . ”
But having eaten her food, I felt as if I had met her .
“Hmm, well, that's almost perfect . ”
“What is?”
“Your score in the Meeting Everyone on Wet Crow's Feather Island by Mid-Morning Contest . ”
What a crappy-sounding contest .
But anyway .

There were currently twelve people on the island . Artis Ibuki Kanami-san, chef Sashirono Yayoi-san, Sonoyama Akane of the Seven Fools, fortune-teller Himena Maki-san, and

engineer Kunagisa Tomo . Then there was Sakaki Shinya and myself, the tagalongs . Then there were the original residents of the island, starting with Akagami Iria, who owned the island and the mansion, plus head maid Handa Rei-san and the three all-purpose maids, Chiga Akari-san, Chiga Hikarisan, and Chiga Teruko-san . A total of twelve people .
In an ordinary-sized house, things would've already gotten quite cramped, but in this oversized palace, there was still an excess of space .
That's when I remembered .
“Hey, Kunagisa . How long were you planning to be here lagi?"
“Another four days . So for a week, yeah?”
“Shinya-san was asking me about something . ” I explained to her what Shinya-san had talked to me about . The rumor about Iria-san's favorite jack-of-all-trades coming to town . Kunagisa, however, seemed uninterested, tuning out the majority of my story .
“Is that really important? It's all really vague information, so it's hard to say . but I don't think we really need to meet orang ini . I didn't really come here to meet any geniuses, and I'm not really interested . ”
“Well, yeah, but, hey, speaking of that, I've been meaning to ask for a while, why exactly did you come here? Jika kamu not interested in that kind of thing, what were you so interested in?”
I couldn't figure why someone who hated leaving the house as much as Kunagisa did would accept an invitation like

ini She tilted her head a bit, and after a moment's pause said, “Eh, just 'cuz . ” A nonanswer . “There's no particular reason, really . Or are you the type of guy who always needs there to be one for everything?”
I shrugged .
Tidak mungkin .
“As long as there's a network, it doesn't really matter where I am . Home is the best in the end, though,” she said in spite of still being on vacation .
Yah, terserahlah. She was just being her usual whimsical self . I didn't particularly mind, and it wasn't like I was

supposed to, either . I sprawled myself out on the pure white carpet and stared up at the chandelier on the ceiling . Man, what an unrealistic scene . Then again, if you asked me what would be a realistic scene, I wouldn't know what to say . Kunagisa looked at me sprawled on the floor . “Ii-chan, I don't suppose you're bored?”
“I'm bored with life . ”
“Y'know, that's really unattractive . ”
Hah.
She laid it right out for me .
“If you're free, why not read a book? I brought a few . ”
“A book, huh? Whatcha got?”
“Um, a Japanese-English dictionary, the Statute Books, and a modern Japanese dictionary . ”
“Man, bring that stuff in digital form . ”
Who has fun reading that kind of stuff?
Oh benar She does .
Half giving up and half fed up, I rolled over .
"Hah? Ii-chan, your watch is broken, isn't it?”
"Eh?"

I took a look at my watch . Betul . Come to think of it, I had meant to ask her to fix it . After running into so many people this morning, I'd forgotten all about it .
“Lemme see . I'll fix it for you . ”
"Di sini. Maybe the battery's dead . ”
“Hmm…” She held the watch up to the light . “Nope, something else is wrong . Did you bump it into something hard? Anyway, I think it'll be a quick fix . But you know, wristwatches have become sort of an anachronism these days . Most people just get by with their cell phone . Hah? Berbicara of which, where's yours?”
“I left it at home . ”
“You should bring it . That's what makes it a mobile phone . ”
“But what if I dropped it?”
“Well, I guess, but—”
“And it would be out of service here anyway . It would take a phone like yours to get any signal here . ”
Kunagisa uses a phone that receives signals from relay satellites anywhere in the world . Even on a deserted island in

the middle of nowhere, her phone didn't know the meaning of the phrase “out of service . ”
Of course, it didn't come cheap . It was a terrible waste of money for an antisocialite like Kunagisa, but she wasn't the type to give much thought to such matters .
“Hmm, maybe so . Well, it's not like being an anachronism is a bad thing . ”
She narrowed her big eyes and placed my watch next to the computer rack .
Just then there was a knock at the door . Kunagisa showed no response whatsoever, so I had no choice but to open it

myself . The visitor was none other than Hikari-san, cleaning supplies in tow .
"Halo. Thanks so much . ” I invited her in .
“Yo, Hikari-chan, ciaooo!” Kunagisa welcomed her with a full-faced grin . Hikari-san responded in likewise fashion . Untuk some reason these two girls were strangely friendly with each other . They just plain got along . It's a rare thing for someone to be able to become so friendly with Kunagisa in such a short period of time, so I couldn't help but be a little surprised .
“What are you up to, Tomo-san?”
“I'm making some game software right now . I'm creating an application that converts text to music . I figured I'd give it to Iria-san as a memento of my visit . ”
“What kind of game is that?” I said .
“Well, shall I explain? Okay, um, okay, so, Ii-chan, what's the longest book you've ever read?”
“I quit halfway through The Tale of Genji and Don Quixote, so… Tolstoy's War and Peace . Man, that was long . ”
"Baik . So let's say you converted that whole book into a text document, whether by using a scanner or by typing it all by hand . Then you do a digital-to-analog conversion, like where 'i' is 'do,' 'ro' is 're,' 'ha' is 'me,' and so on . If you do that, you end up with the 'War and Peace Song . ' For that much text, it would probably come out to around… an hour, maybe? Of course, in reality it's more complicated than that . The code conversions and sessions and everything have to be wholly consistent . But still, it turns books into music . Kedengarannya

fun, right?”
“Well, definitely sounds interesting, anyway . Apa programming language are you using? VB? C?”
“Machine language . ”

An extremely basic-level coding language . I didn't think anybody used that kind of language these days .
“Man, it's like you can communicate with the machine like it's just some close buddy of yours . ”
“Heh heh heh . ” she laughed, just a little boastfully . Seemingly even more ignorant than I about computers, Hikari-san wore an inscrutable expression, not revealing whether she was following the conversation, and said nothing more than “Wow . ”
“Seriously,” I said . “But what's actually fun about this game? I guess I don't really get it . ”
“Making it is fun . ”
It was a solid reason . I couldn't object .
Hikari-san listened with apparent interest, but then seemed to remember something . "Oh, benar. ” She turned to me .
“Would it be all right if I cleaned your room later on? saya stopped by the storeroom a little earlier, but you were out . ”
“Sure, no problem . ”
I sure didn't know what cleaning there was to be done in that room, though . Hikari-san politely thanked me and resumed cleaning Kunagisa's room .
After a single sweep of the room, she stopped and crouched to the floor with a sigh .
"Saya minta maaf . I'm just… a little exhausted . ”
“Why not take a break?”
“No, I'll be fine . Rei-san would get mad anyway . I've said it before, but she's so strict . I'll be fine . Saya bersemangat. That's my one positive trait . Saya baik-baik saja . Please forgive me for causing you
concern,” she said firmly, then exited the room .

Aku menghela nafas. “Sure seems to have it tough . Maybe it's just my assumption, but seeing her like that, it seems as if she's bearing an awfully big load on her own . ”
“Do you feel a little like you're watching yourself?”

“It's not like that, but y'know, I do feel a bit of sympathy for her . ” She did seem to be miserable, after all . Rei-san and Akari-san seemed to have a distinct division in their heads that this was just “work,” but Hikari-san didn't seem to be able to mentally process it that way . It was like the concept of work hadn't been figured into her internal “circuit . ” Perhaps there were circumstances surrounding that .

As for the other maid, Teruko-san, I wasn't sure what she was thinking, so I couldn't comment .

“Everybody's suffering through something, Ii-chan,” Kunagisa said knowingly . “Everybody knows hardship, or even if they don't, they're at least exerting effort somewhere . Hikari-san, your pal Nao-kun, Akane-chan—everyone . Jika there's anyone who lives without suffering or exerting effort, it's probably me . ”

After having lunch, I headed for the atelier as promised . Kunagisa claimed, as usual, not to be hungry and headed to bed shortly after noon . She was a chronically sleep-deprived little techie .

“Wake me for din-din, please . I hafta see Iria-chan and stuff,” she said .

I knocked on the atelier door, waited for a response, then turned the knob .

The floors were uncarpeted hardwood . In some ways it reminded me of the art room in my elementary school, except of course that this room wasn't lined with scarred-up desks and there weren't any fake-looking plaster sculptures . Saya t wasn't as big either . The total area of the atelier was probably around half the size of the room Kunagisa was staying in .

"Selamat datang . Take a seat over there,” Kanami-san said, after briefly staring at me in cold silence . Shinya-san must have been in his room or someplace, as Kanami-san was the only person there . I walked past a shelf containing paint and paint supplies and took a seat as told .

I faced Kanami-san . “Thanks for doing this . ”

I couldn't deny that she was a pretty woman . With blond hair and blue eyes, she was like one of those “well-bred young ladies” you see in old films . An intellectual, at that . And even more, she had artistic talent . It was like she had God's favor .

No, maybe I can't say that .
She had bad legs, and until a few years ago, she couldn't even see . I guess it would be pretty damn low of me in all my able-bodied good fortune to gripe . But on the other hand, Kanami-san herself didn't seem to view her condition as a handicap or disability .
“God is fair . If I had been able-bodied, it would've conversely been unfair to ordinary people . ” “Legs are just a decoration . ” “Even when I gained my eyesight, my world didn't really change . The world looked just as I'd thought . Natural selection and fate have unusually bad taste . ”
All of these are quotes from Kanami-san's art books .
Kanami-san sat in a round, wooden chair just like the one I was sitting in . She was in a dress, so it looked mildly uncomfortable, I noticed .

“Kanami-san, is that what you wear when you're painting?”
“Are you doubting my fashion sense?”
Her face grew subtly more stern . It seemed that this was no joke . She was actually miffed . I scrambled to weasel my way out .
“No no, I didn't mean that . I was just thinking your clothes might get dirty . ”
“I don't go and change my clothes every time I paint sesuatu. Up to now, I've never dirtied my clothes even once while painting . Saya bukan seorang idiot . ”
"Oh begitu . ”
I guess it was like being an expert calligrapher . Di retrospect, getting paint on your clothes is probably a pretty amateur blunder . To Kanami-san, one of the top artists in the entire world, the mere suggestion was probably rude .
I shrugged .
“But is it really okay painting someone like me?”
“What's that supposed to mean?” she snapped with the same stern expression . She seemed to be in a pretty awful mood . Or no, maybe this was her default setting .
“Er, no, it's just that, won't it decrease your worth as an artist?”
Like, for example, it was probably safe to say that Kunagisa had technological skill like no one else in the world . Namun,

she only ever used that technology for fun, so the number of people who actually acknowledged her as amazing and brilliant was extremely small .
“Authority comes from results . Not doing and not being able to do are the same thing . ”
Apparently that was Kunagisa's case .

I figured it was the same with painters . If you just choose your subjects randomly and mess around all the time, it's hard to get other people to acknowledge your worth as an artist .
But Kanami-san renounced my ideas .
“Didn't I just tell you I'm not an idiot? Do you have a brain at all? I don't go around choosing subjects . You know, if you keep your mouth shut, people won't see how stupid you are, so why don't you do just that?”
My heart sank .
“I just… I hate that kind of thinking . It makes me want to puke . 'Oh, there were no good subjects to paint . ' 'My model was no good . ' 'The environment was all wrong . ' 'That's not the kind of subject I should be painting . ' And it's not just with painters either . Even you know people who say obnoxiously egotistical things like 'Oh, this isn't what I want to do' or 'Oh, I don't know what I want to do,' right?”
“Yeah, I do . ”
Yeah, myself .
“For god's sakes,” she sighed . “I hate people who bitch about what they want and don't want to do, putting their own ineptitude on a pedestal . I want to tell them to stop living like pricks . I don't mean they should all die, but they should be more humble . Just paint anything and stop whining all the waktu I don't care if it's some boring jerk or a pile of bug guts . I'd turn it into gorgeous art . ”
Regardless of how sweet and pretty she looked, she sure was full of herself . She was so uncompromising that she didn't even forgive others who compromised .
Being compared to a pile of bug guts wasn't my favorite thing in the world, but if she could paint that, surely she could

paint me . It seemed that making any further thoughtful comments would just end badly, so I decided to stay quiet .

I noticed that behind Kanami-san was a canvas . Sebuah underangle view of the cherry blossom tree was drawn on it in pencil . The one she had been looking at this morning with Shinya-san .
It was so precisely drawn, it was like a monochrome photograph . With about ten million pixels . No, that's dumb . There was no need to cheapen such an intricate drawing with that kind of metaphor .
I pointed to the picture . “When did you draw that?”
“This morning . Got a problem?”
It was early morning when she was observing the tree . Bahwa was about five hours earlier . In other words, she had drawn this amazingly detailed picture in a mere five hours . SEBUAH drawing like this should've taken at least a week to complete . Without thinking, I shot her a skeptical expression . Dia grimaced back at me audaciously .
“Only idiots spend three or four months doing something you can finish in a week . Idiots or lazy people . And since I'm neither, I did this picture in three hours . It doesn't take me any longer than that . ”
Hah.
Being the pure embodiment of laziness myself, this was painful to hear . It stung . I wished Kunagisa could've heard it, too .
"Kanan? Even you have to agree a little, too, right?” she said in a cruel tone, demanding my concurrence . I couldn't help but feel as if she were attacking me with a direct insult . And I doubt that was just a false impression .

“Uh, no, well, I mean… yeah . Er, but anyway, you're really bagus ”
“Yeah, sure,” she answered, completely uninterested in my generic praise . It really was an exceedingly bland comment for me to make, in retrospect . You're really good . It sounds like something a five-year-old would say .
“Uh, so, Kanami-san, you do detail pictures?”
“I do all kinds of pictures . Didn't you know?”
Oh yeah, I'd put my toot in my mouth again . The woman before my eyes was Ibuki Kanami-san, the woman artist who denied having any style and took no stance . Whether it be

detailed or abstract, there was no picture she couldn't or wouldn't paint .
She squinted just one eye at me . “I don't get hung up on one style . It's not a rule set in stone, but getting too hung up is just plain crazy . It's nuts . If there's one thing in life I want to do as I please, it's painting . ”
“You may be right, huh?” Unable to argue or concur, I settled with a simple nod . Perhaps able to see through me, she returned my nod with a contemptuous sneer .
“Hey, have you ever seen my art?”
“Well, a few times in some of your art books . But owing to my ignorance, this is the first time I've seen it directly . ”
“Hmm, and what did you think of it? Not the art book stuff, but that cherry blossom one . ”
To me, Kanami-san's question was a bit of a surprise . saya never figured that so-called geniuses cared much about other people's opinions of them . Starting with Sonoyama Akanesan, none of the people at ER3, including that deplorable group of study-abroad participants, had any vanity or desire

for glory, and nobody cared about how they looked in other people's eyes .
“I know my worth better than anyone else does . Bukan saya need to sit here and be evaluated by a bunch of brainless slackers . ” This was their unanimous way of thinking . Mungkin why I wasn't a big fan of theirs .
“Um,” I said, groping for an answer, “well, it's a very pretty picture . ”
“A pretty picture, huh?” she repeated my line . “You know, there's no need to try and flatter me . Saya tidak akan marah. ”
“Well, it's just that I don't really have much judgment or a critical eye for this kind of thing . But yeah, I think it's a pretty picture . ”
“Hmm… pretty?”
She wore an utterly disappointed expression as she stared at her canvas . She muttered something to herself .
“Pretty… prettyprettypretty . That's not the kind of compliment you give to art . ”
"Eh?"
“Hmm, you don't get it, huh? Damn, I really don't want to

do this . Sayang sekali . ”
She let out a heavy sigh, hunched over a bit, and picked up the canvas .
She lifted it up over her head…
…and smashed it into the hardwood floor .
The sound of splintering wood .
Of course, it wasn't the floor that had broken .
“Hey, wh-what are you doing?”
“As you can see, I'm disposing of my screwup . Ah, why did it have to come to this?”

That decidedly should've been my line . She stared down at the shattered remains of her canvas, a sorrowful expression on her face, and let out another sigh .
“Geez, it looked like it would've been worth about twenty million one day . ”
“Twenty million yen?”
“Twenty million dollars . ”
Different unit .
“Of course, we're talking about several decades later . ”
“Artists can be pretty reckless sometimes, huh?”
I couldn't help but feel guilty that my crappy comments had invited this disaster .
“You shouldn't feel like you did something wrong . Ini adalah my responsibility . I'm not the kind of imbecile who pushes her own responsibilities onto other people . ”
“But I'm just an amateur . You didn't have to do something like that based on the opinion of an amateur . ”
“It's not art if you get to pick who looks at it,” she insisted . Jadi begitulah adanya.
I could understand that .
Her words and her manner were filled to the brim with spitefulness, but to be sure, this woman was an artist to the bone .
“But it was so realistic, it was just like a photograph . ”
“That's not a compliment either, you know . Listen, if you have a habit of complimenting people by saying 'it's just like blah blah blah,' I think you'd better quit it . It's really an insult of the highest order . If you absolutely have to box everything into a style, though, I guess there's no hope . ” She turned back

toward me . “I suppose I can understand why you say it was

like a photograph, though . After all, photographs originally spawned from drawings . ”
“Is that right?”
"Ya. You didn't know?” She raised an eyebrow at me .
It seemed saying, “You didn't know?” was her habit .
“The person who invented daguerreotype photography was a 'factual artist . ' Apparently the study of perspective is related to the invention of the camera . You've heard of the camera obscura, right?”
Heard of it, yes . The so-called dark chamber . Itu phenomenon where if you make a hole in one spot on the wall of a pitch-black room, the outside scenery will project onto the opposite wall . It was quite an old technology, dating back to the days of the Roman Empire, and even having been mentioned by Aristotle . Supposedly it was the origin of the camera .
“It was just one invention used to create accurate images . The main idea behind perspective is to 'show things the way they really look . ' That's how the French artist Courbet put it . He also made such realist remarks as 'I've never seen an angel, so why would I paint one?' It goes against my philosophy, though . If you get a kid to draw something, it never has any perspective or depth, right? Everything's just displayed in the foreground . The size of objects is also chosen at whim, so for example a house and a person are the same size, or the most important thing is drawn the biggest . In other words, what they're putting on the canvas isn't what the objects look like, it's how the objects feel . If you believe that drawing pictures is a form of personal expression, then I think that's the correct way to do it . If you think about it like that, a drawing that looks just like a photograph isn't a good drawing at all, is it?”

“Wow”
As soon as she had broken out the professional lingo, I lost my grip on what she was talking about . And with all her chitchat she hadn't even started setting up to paint . When was she planning to get started already?
“Though truth be told, photographs aren't such an accurate

representation of reality either . If you edit a photograph well, it's not hard to fool people . Maybe they're not so different from paintings, in the sense that they're both selective . ”
“Uh, Kanami-san, were you going to draw me?”
“Right now I'm memorizing . ”
Just as I thought I was about to be called incompetent again, she spoke to me with unexpected gentleness .
“Maybe you didn't know? I'm the type who has to do her work alone . When I'm with other people my focus goes wacko . ”
She sounded like Leonardo da Vinci . Artists who don't look and paint at the same time weren't the kind of thing you heard about every day, but they weren't the most uncommon thing in the world either, so I wasn't particularly surprised .
“So when I do portraits, I just have to rely on my memory . ”
"Kamu bisa melakukannya?"
“To me, memory and perception are synonymous . ”
Now she sounded like Hannibal the Cannibal .
“Let's just stay and talk like this for the next two hours . Then I'll start painting after you leave . Ah, after I redo this cherry blossom picture, that is . I want to turn it into something at least you can comprehend . For your painting, I'll need to put down two layers of color, so it'll take a little while to draw . I should be able to give it to you tomorrow morning . ”
“You'll give it to me?”

"Yakin . I don't need that kind of painting . I have no interest in paintings that are finished . I'll sign it, so if you sell it you

should be able to make something decent . Of course you could always destroy it if you don't like it, but that seems like a bit of a waste . It should be worth about fifty million . ”
What a materialistic conversation .
Mendesah .
“Hey, by the way, I hear you're on bad terms with Akanesan, is that right?”
"Betul . Or really, it's sort of a one-sided hatred on her part . As an individual, as a scholar, as a researcher, as a member of the ER3 Seven Fools, I personally have nothing

but goodwill and respect for Sonoyama Akane, but…”
“But? Maksudnya apa?"
She gave a little smirk . “As for 'just plain' Sonoyama
Akane, I despise her . ”
Dua jam kemudian.
After leaving Kanami-san's atelier, I headed for Kunagisa's
kamar . She was in bed, but evidently she had awoken at some
point and fixed my watch . In a world-class prank, she had
changed the digital face so that the numbers were displayed
backward, but at least it seemed to be working, so I stuck it on
my left arm, patted the sleeping Kunagisa on the head, said
thanks, and headed to Akane-san's room .
“Play me,” she challenged, and then said with a delighted
smile, “I'll give myself a bigger handicap . ”
With that, she lined her side of the shogi board with chess
pieces .

“It's a Japanese-Western compromise . ”
“Kinda like two different martial arts styles, huh?”
Handicap notwithstanding, I was thoroughly trounced .
Seven times in a row .

Jika Anda membutakan diri terhadap fakta bahwa pendapat Anda
sepenuhnya salah, Anda pada dasarnya benar.
Aku menggagalkan bangun tidur Kunagisa, memaksanya
cuci wajahnya, dan ikat rambutnya dengan kuncir untuknya.
Kemudian
dengan dia masih setengah tidur, dan aku setengah
menggendongnya, kami menuju
ke ruang makan, di mana semua orang dari rumah itu
sudah berkumpul.
Meja bundar, dua kursi kosong.
Saya membantu Kunagisa ke kursinya dan kemudian duduk di
sebelahnya
dia. Ketika saya duduk di kursi saya, saya melihat sekeliling dengan
cepat
meja di setiap orang.
Dari dua belas orang yang hadir, yang paling menarik perhatian

orang — dan saya tidak yakin apakah ini berjalan atau tidak mengatakan – tidak lain adalah nyonya rumah,
Akagami Iria-san. Konsep kecantikan sepenuhnya subjektif, bervariasi dari satu orang ke orang lain, sehingga bisa dikatakan Iria-san adalah
cantik mungkin tidak ada gunanya. Jika saya katakan dia cantik, itu hanya sesuatu yang secara pribadi aku rasakan dan tidak ada lagi . Selain itu, Akari-san pelayan itu jauh lebih tinggi gang saya, selama kita berbicara tentang preferensi pribadi.
Eh, tapi tidak ada yang penting.

Serius.
Untuk memberikan sesuatu yang lebih objektif, Akagami Iria adalah seorang
wanita berkelas. Dia mengenakan rambut hitamnya yang cantik dalam gulungan,
ditambah dengan gaun yang terlihat mahal. Dia sebenarnya
Agak tidak cocok, tapi sifatnya yang berlebihan lebih dari sekadar dibuat untuk itu. Dia sepertinya seusia denganku,
masih berusia dua puluhan, tetapi laki-laki, didikan dan garis keturunan benar-benar melakukannya
memiliki efeknya pada orang. Tentu saja, selalu ada yang lain faktor juga, tetapi hal-hal itu penting untuk pasti. Itu
selalu begitu.
Akagami Iria.
Cucu domba hitam dari Akagami
Yayasan.
“Baiklah, sekarang Kunagisa-san ada di sini, akankah kita dimulai dengan bagian terbaik dari hari itu? "Dia meletakkan tangannya
bersama seperti anak kecil. “Chow down. “Sepertinya dia cukup tidak dewasa secara emosional. Mungkin aman untuk mengatakannya
bukan orang yang paling duniawi di luar sana, tapi itu mungkin sama baiknya untuknya.
Kebetulan, pulau ini, tempat orang kebanyakan bebas melakukan apa yang mereka inginkan, memiliki satu aturan: “Kita semua makan malam
bersama. “Itu aturan sederhana yang seharusnya tidak sulit bagi siapa saja untuk mengikuti, tetapi memang, beberapa yang

disebut
para genius gagal melakukannya dan akhirnya meninggalkan pulau itu.
Ada banyak kesamaan antara seorang genius dan seseorang
tanpa akal sehat atau kesopanan.
Iria-san duduk dengan dua pelayan di kedua sisinya. Pada dia
yang tersisa adalah Teruko-san dan Rei-san. Di sebelah kanannya, Akari-san dan
Hikari-san. Tidak ada cara untuk membedakan antara Akarisan
dan Hikari-san, jadi aku tidak tahu yang mana.
Secara teori orang akan bisa membedakan mereka

ekspresi wajah dan gerak tubuh mereka dan semacamnya, tetapi untuk
tipe nonobservant seperti saya, itu tantangan. Kunagisa
tampaknya bisa membedakan antara keduanya (yang dulu
tidak ada misteri, karena itu adalah Kunagisa), tetapi tergantung pada
dalam percakapan itu, dia sepertinya kesulitan membedakan
siapa itu Iria-san. Sepertinya tidak ada yang keberatan.
"Nah, sekarang semua orang mengangkat kacamatamu … tepuk tangan!" Katanya
hampir seperti bernyanyi, gelasnya terangkat tinggi di udara. Semua orang
yang lain, termasuk saya, juga melakukan hal yang sama. Tapi itu membosankan menyebutkan
bahwa gelasku dan gelas Kunagisa dipenuhi bukan dengan anggur, tapi dengan jus.
Bagaimanapun, kami masih di bawah umur.
Sejumlah hidangan diletakkan dengan indah di sekeliling meja.
Mereka adalah mahakarya kebanggaan chef yang luar biasa
Sashirono Yayoi. Saya akan mulai dengan hidangan terdekat saya dan masuk
pesanan itu:
Panggang domba mahkota, sup ubi jalar berbasis cappuccino,
foie gras terrine dengan truffle gnocchi, kerang biru kukus,
Belut Belgia direbus dalam saus hijau, acar herring, paus
sashimi daging, saus ravioli tertutup, daging burung unta carpaccio,
salad buah, salad kentang dengan telur, dan, akhirnya, tumis dengan minyak

jamur .
Yup, saya tidak tahu apa-apa.
Mungkin karena Yayoi-san telah menciptakan setiap hidangan khusus untuk memenuhi selera masing-masing tamu, bahkan setelah mendengar nama-nama itu, saya tidak tahu apa yang saya makan. Tapi
itu tidak penting. Ini tidak seperti nama yang memiliki nama itu Mendalam pengaruh pada hal itu sendiri.
Kupikir .
Setelah semua ini, ada juga makanan penutup. Jika kamu memikirkannya, itu benar-benar jumlah makanan yang banyak. Dan

dengan Yayoi menjadi maestro kuliner dia, makanannya
sangat lezat sampai-sampai saya sama sekali mengabaikan menonton saya
berat badan. Memang, Yayoi-san rupanya memperhitungkan itu dia memasak.
“Setelah memperhitungkan nilai gizi, tetap saja ini
luar biasa. Dia benar-benar jenius, ”aku bergumam pada diriku sendiri
dari beberapa kali.
Ngomong-ngomong, aku sudah bicara sedikit dengan Yayoi-san makan siang Ketika saya pergi ke ruang makan, dia kebetulan satu-satunya orang di sekitar, jadi saya menggunakan kesempatan itu
menanyakan tentang rumor populer tentang dia.
Dengan kata lain, apa kekuatan rahasia ini yang memungkinkan dia membuat hidangan lebih baik dari koki lainnya?
Itu pertanyaannya.
Setelah mendengarnya, Yayoi-san menyeringai ingin tahu.
“Aku takut kenyataan tidak cukup sesuai dengan legenda.
Tidak seperti Himena-san, aku tidak punya kekuatan super liar apa pun.
Pada dasarnya, itu hanya upaya dan disiplin. ”
"Sangat?"
"Yah, kurasa aku bisa membayangkan apa yang mungkin telah dimulai
rumor seperti itu. Indera pengecap dan penciuman saya sedikit, yah, a
jauh lebih kuat dari rata-rata orang. ”

Dia menjentikkan lidahnya. "Untuk memberikan contoh anekdotal, ah, oke, seperti Helen Keller. Dia buta, tetapi mereka mengatakan dia
bisa membedakan orang hanya dengan baunya. Saya seorang sedikit seperti itu. Indera penciuman saya tidak begitu menakjubkan,
tapi, misalnya … "
Dia meraih lenganku dan, tanpa peringatan, menjilat telapak tangannya
tangan saya . Saya tidak akan pernah bermimpi hal-hal akan terjadi berakhir seperti ini, dan aku hampir mengeluarkan teriakan
entah bagaimana saya berhasil menekannya.

Dengan lidahnya masih keluar, dia menyeringai Einstein.
“Kamu memiliki golongan darah AB, bukan?” Katanya. "Negatif, kanan?"
Diberitahu begitu, terlintas di benak saya bahwa ia benar. SEBUAH
Dokter kesehatan masyarakat pernah mengatakan kepada saya, “Anda memiliki yang luar biasa
golongan darah langka. "Jadi Yayoi-san benar, tapi …
"Kamu benar-benar bisa mengatakan semua itu hanya dengan menjilati kulitku?"
“Yah, dengan menjilati keringatmu, untuk lebih spesifik. Lidah saya bisa
membedakan antara sekitar dua puluh ribu rasa,
membaginya menjadi dua puluh tingkat intensitas. Rasa saya baunya mungkin sekitar setengah yang baik, kurasa. "Dia miring kepalanya berpikir. Itu adalah perilaku yang lucu. "Aku tidak pintar seperti Sonoyama-san; Aku buruk dalam seni, tidak seperti Ibuki-san;
Saya tidak terlalu ahli dengan mesin seperti Kunagisa-san; saya tentu saja tidak memiliki kekuatan khusus seperti Himena-san; dan tidak banyak hal lain yang saya bisa kuasai, tetapi saya baru saja melakukannya
satu hadiah kuat sejak saya masih kecil. Saya pikir menjadi koki itu satu-satunya cara untuk memanfaatkannya. ”
Selera sempurna, mereka menyebutnya.
Ini seperti versi rasa pitch yang sempurna, kecuali sempurna
rasa bukanlah sesuatu yang bisa Anda peroleh dengan pelatihan. Di lain

kata-kata, Sashirono Yayoi-san, untuk keluar dan mengatakannya, salah satu dari sedikit yang beruntung dipilih oleh Dewa. Di antara yang sangat
terampil, ada dua jenis orang: mereka yang terpilih,
dan mereka yang memilih sendiri — mereka yang dilahirkan dengan
itu, dan mereka yang bekerja untuk itu. Tentu saja, Yayoi-san punya
"Disiplin dan usaha," tapi dia jelas tipe yang pertama.
Jadi jalur koki bukanlah sesuatu yang dia miliki
terpilih . Dia dilahirkan dengan karunia ini, dan karena alasan itu telah pergi untuk belajar keahlian memasak, perjalanan ke Barat, dan
poles bakat bawaannya lebih jauh.

Ide rasa akhirnya berasal dari masing-masing individu
kemampuan menilai selera. Seberapa baik seseorang dapat memanfaatkan dan mengambil
manfaatkan rasa seolah-olah itu milik mereka sendiri — itu sebagian besar terhubung dengan keterampilan seseorang sebagai juru masak, dan tercermin dengan baik
Masakan Yayoi-san sendiri.
Ya, itu adalah logika yang telah dipotong, tetapi itu tidak berarti secara praktis. Singkatnya, masakan Yayoi-san
sangat bagus.
Jika Anda menganggap meja bundar sebagai jam dengan Iria-san duduk jam dua belas, lalu Sashirono Yayoi-san berada di
jam tiga di sebelah Teruko-san dan Rei-san.
Pukul empat adalah Sakaki Shinya-san. Seperti yang akan Anda lakukan
harapkan dari orang yang telah lama dipekerjakan sebagai Pengurus Kanami-san, dia tidak terlihat sedikit pun
terintimidasi, dan sebenarnya tampak agak megah.
Kemudian di sebelahnya duduk Ibuki Kanami-san pada jam lima posisi. Di belakangnya ada kursi rodanya, yang kemungkinan besar dia miliki
dulu datang ke ruang makan. Dia tampaknya tidak berada di a terutama suasana hati yang buruk, tetapi dia tidak terlihat sangat ceria
antara .

Jam enam adalah Kunagisa. Ini berarti dia sedang duduk
tepat di seberang nyonya rumah, Akagami Iriasan.
Itu lebih dari cukup untuk membuatku gugup, tetapi
benar-benar tidak masalah; untuk Kunagisa, kata gugup tidak
bahkan ada dalam bahasa Jepang.
Kemudian di kursi beruntung nomor tujuh duduk sendiri.
Di sebelah saya pada jam delapan duduk Sonoyama Akane-san dari
Tujuh Bodoh. Dia benar-benar tenggelam dalam melahap
masakan Yayoi-san. makannya jauh lebih tinggi daripada
Anda mungkin berharap. Tentu saja, dia adalah manusia sebelumnya
dia seorang sarjana — apakah dia akan mengakuinya atau tidak

dirinya sendiri — dan Anda tidak bisa hidup jika Anda tidak makan, tetapi bahkan jika Anda
mengabaikan itu, dia adalah pemakan serius. Bahkan saya merasa puas
hanya mengawasinya makan. Bagiku Yayoi-san sepertinya
sangat bangga melihat dia melahap makanannya dengan gembira.
Di sebelah Akane-san pada pukul sembilan, duduk meramal
master, yang memiliki kekuatan super ESP, Himena Maki-san. Di
beberapa titik dia rupanya berganti pakaian, dan sekarang
dihiasi dengan cara yang sama sekali berbeda dari pagi ini. Dia
mengenakan kemeja bergaris-garis halter dengan kardigan merah muda pucat dan
celana dipotong berpotongan domba. Rambutnya kembar
kuncir kuda. Mungkin karena dia memperhatikan saya memandangnya, dia
balas menatapku dengan cibiran aneh yang aneh dan tenggelam
giginya menjadi domba panggang. Itu adalah ungkapan yang mengatakan,
"Aku tahu segalanya, tapi aku tidak mengatakan apa-apa," dan itu membuatnya
saya sama sekali tidak nyaman.
Tidak pernah berakhir .
Pukul sepuluh dan sebelas duduk Akari-san dan Hikari-san.
Teruko-san benar-benar diam dan sebagian besar tanpa ekspresi.
Dia hanya menempatkan makanan di mulutnya seperti itu adalah mekanik
proses. Bagi seseorang untuk dapat makan makanan ini tanpa

semacam reaksi, itu membuat Anda bertanya-tanya apakah dia punya perasaan
rasa . Dalam menghadapi suasana kemudaan tiga saudara perempuan, Reisan,
Sebaliknya, memiliki penampilan yang matang, karir yang tegang wanita. Saya tidak mendengar dia banyak bicara, tetapi menilai darinya
Penampilannya, dia sepertinya tipe yang ketat, dan aku telah mendengar
cerita-cerita hikari Hikari-san yang menguatkan beberapa kali oleh sekarang .
Jadi begitulah.
Itu semua dua belas orang.
Nomor keberuntungan?
Dengan wajah seperti ini?

Hanya mengoceh lagi. Makna macam apa yang ada dalam banyak hal
seperti itu? Jelas sekali saya berdiri di sini. Anda bisa
bahkan panggil aku domba hitam. Kemudian lagi, tidak pernah ada menjadi tempat di mana saya tidak menonjol. Bukan Kobe, bukan Houston, bukan Kyoto, dan bahkan di pulau ini.
Di dunia yang luas ini, hanya ada satu aku.
Eh, terserahlah.
Saya suka kesepian.
Tidak ada gertakan
Bahkan jika saya menggertak.
"Oh, omong-omong, jika aku bisa mengubah topik pembicaraan …" kata Iria-san,
membawa percakapan individu yang telah berkembang
hingga sekarang berhenti segera. Kekuatan untuk mengarahkan meja
percakapan ada di tangan Iria-san sendirian. Itu egois
hak istimewa yang sesuai dengan seorang gadis kelas atas.
Dia melanjutkan, mengangkat suaranya.
“Sepertinya sudah ada rumor yang beredar, jadi aku akan melakukannya
maju dan buat pengumuman. Ini tentang selanjutnya
tamu. Jenius terbaru yang menghiasi rumah ini. ”
Semua mata tertuju pada Iria-san. Ya, semua kecuali untuk

Kunagisa,
yang terus memakan daging ikan paus. Untuk sengaja
mencoba dan menangkap perhatian gadis itu adalah tugas yang
cukup sulit.
“Saya ingin menekankan bahwa tamu baru kita adalah pemiliknya
bakat luar biasa, mulia yang bahkan bisa disandangnya
dibandingkan dengan kalian semua. Saya ingin sekali menyambut
ini
orang, jadi tolong bekerja sama, oke? "
Setiap orang memberikan reaksi pribadi. Bagian tentang
membandingkan dengan semua orang tampaknya benar-benar
mengguncang
naik. Dengan semua orang yang tampaknya menahan diri, hanya
saja
Shinya-san yang sangat biasa berani berbicara.

"Pertanyaan . Siapa orang ini? Saya tidak benar-benar tahu
banyak hanya dari rumor yang saya dengar, tetapi mereka
mengatakan itu
jack-of-all-trade nyata. Apakah itu benar?"
“Bisa dibilang begitu. Kami hanya pernah bertemu sekali
sebelumnya, tapi,
ya, dulu sudah cukup. Orang ini adalah pahlawan saya. "Dia
menatap
naik, jelas tenggelam dalam pikirannya. "Keberadaan yang benar-
benar heroik, untuk
saya . Seperti seorang detektif dalam novel misteri atau monster
dalam
film monster. ”
Seekor monster?
Aku bisa merasakan alisku terangkat sendiri. Iria-san
baru saja menjatuhkan referensi ke film monster, tetapi apakah itu
benarkah deskripsi akurat tentang orang ini? Bukan itu
jenis kosa kata yang biasanya Anda gunakan untuk menggambarkan
seseorang, dan
bahkan jika Anda melakukannya, itu jelas bukan pujian.
“Itu penjualan yang cukup sulit. Kedengarannya seperti yang bisa
kita harapkan
sedikit dari orang ini, ”kata Shinya-san dengan riuh
terkekeh. "Aku dengar orang ini bisa melakukan segala hal …

seperti
cat luar biasa dan sebagainya? ”
“Aku belum pernah melihatnya, tapi aku tidak akan terkejut. Saya membayangkan
sesuatu yang sederhana seperti melukis gambar seharusnya tidak menjadi
tantangan. ”
Seperti yang Anda harapkan, ini tampaknya telah melukai milik Kanamisan
kebanggaan. Dia tampak sedikit — maksudku
konyol — jengkel.
"Mungkin kita bisa diberkahi dengan mengetahui nama
spesimen superior ini, Iria-san? ”Kata Kanami-san. Nada bicaranya menggigitnya.
Aku sudah memikirkan ini pagi itu juga, tetapi Kanami-san
benar-benar memiliki banyak kebanggaan. Itu belum tentu buruk
hal, tapi itu bukan hal yang baik juga. Jauhlah bagi saya

to cast aspersions about the way Kanami-san chose to live, but
to say the least, I knew I could never live like that .
Iria's expression suggested that she didn't understand why
Kanami-san was so mad (and in reality that probably was the
case), and she answered plainly, “Aikawa-san . ”
Pure dumbfoundedness .
At this point, Kanami-san seemed like the stupid one .
“Owing to an extremely busy schedule, Aikawa-san will
only be staying here for three days, but everyone, please be
friendly . Aikawa-san is a big deal to me . You could even call it
love . ”
Iria-san's cheeks turned bright red . Seeing that childish
mannerism, her audience was thrown even further into
bewilderment . It felt like she could've made any demand,
however bossy, and everyone would've forgiven it . Dia
innately had that sort of air about her .
Probably her lineage to blame again .
“Even still, Aikawa…”
I'd never heard the name, ignorant as I was . I looked over
at Kunagisa to see her reaction, but she was still eating . Kapan
that girl was focused on something, she was always like that .
More incorrigible than a child and harder to handle than an

animal . Well, then again, at least she knew how to sit in a chair .
“Oh, I'm so looking forward to it . To think Aikawa-san is coming again . I've asked so many times . It's like a dream . Oh what if it really was a dream?” she said as if in a daze . Judging from her current state, Iria-san must have been pretty headover-heels
for this Aikawa guy . It was like she was talking
about the man she had been in love with for years and years . She spoke his name with great reverence .

“Ah, speaking of which, Kunagisa-san,” she said, turning the conversation toward Kunagisa . “You were going to leave before then, isn't that right?”
"Hmm? Oh, yup yup,” she responded . She never stopped moving the chopsticks she held in her hands . The fact that she was holding a chopstick in each hand was enough of a testament to her bad table manners . “Yup, four more days . ”
“That's really too bad . It's going to be such a great opportunity . I'd really like you to meet Aikawa-san . Ada really no way?”
“Afraid not . I'm from a world where once you've planned something you can't change it . They even call me the Living Time Table . Ii-chan, too, of course . ”
Don't drag me into this, I thought . Coming to this island in the first place was never part of my “time table . ”
Iria nodded with a truly disappointed look on her face . “Is that so? Say, could it be that you're not having a good time here? It doesn't seem like you've left your room much . ”
“I'm from a world where people don't leave their rooms much . But no, I'm having fun . Lots of fun . I can have fun anywhere, anytime, all the way . ”
Her words made me stiffen a bit . There was no exaggeration in what she said . For someone who's so completely immersed in their own world, there's never a time that isn't fun . And what of all other emotions? How tragic must it be to always be having fun, no matter where you are? That was something I already knew the answer to .
“Ah, is that so?” Iria shrugged . “But Kunagisa-san, surely even you would find some value in meeting Aikawa-san .

Meeting a person like that, you're bound to find some inspiration . ”

As if she had been waiting for the perfect timing, Kanamisan broke into the conversation . “Being influenced by another person is proof of one's mediocrity . Of one's impotence . How konyol. I don't know what kind of person this Aikawa is, but I sincerely doubt there's any need to meet him . ”
“Now now, is that a fact?” Playing devil's advocate with Kanami-san was the obvious choice, Sonoyama Akane . "SAYA spent several years surrounded by the finest minds in the world, and I know for a fact that if I hadn't had that experience, I wouldn't be where I am today . You can better yourself just by spending time with brilliant people . ”
“The ER3? Benar-benar lelucon. You must be stupid . Why would anyone ever want to bind themselves to such an organization?” Kanami sneered .
“I don't consider that I'm binding myself . Everyone is free to move about as they please and help hone one another's keterampilan. ”
“ 'Free?' Don't just throw that word around . Sebuah organization with no restrictions isn't an organization at all . Di the end, even you were just a member of the hierarchy, isn't that right? What a crock . I've been here on this island with you for a while now, but I certainly don't feel as if I've become any more refined . If anything, my worth is decreasing . ”
They glared at each other . To act this way in front of a whole group of people, they really were childish . I was a little bit appalled .
The maids tried their best to mediate, but Iria-san had a look of pure delight on her face as she watched the dueling pair, so they retrained from stepping in . This kind of situation wasn't really my cup of tea . Meanwhile, Yayoi-san looked

fairly indifferent as well, while Maki-san looked entirely unimpressed, and Shinya-san seemed to have written the whole dispute off as an everyday occurrence . It was amazing that not a single person there could stop them .
Ah, wait, there was someone .

Just one person .
“After all, Ibuki-san, humans are a colonial species . Orang-orang such as yourself who act like bums and expect special treatment all ought to rethink their lifestyle, if you ask me,” I kata.
“I suppose that means you can't function without being surrounded by other people . People aren't migratory fish, you tahu And I don't expect special treatment . I just don't put diriku jatuh. I live honestly, and assess things as they really are,” Kanami snapped .
“Hmm, I wonder . ”
“ 'Hmm, I wonder'? Ah, more vague questions . You think you look clever by taking an ambiguous stance without ever clearly stating your opinion . Yeah, real clever . 'I wonder,' ” Kanami said .
“This is a little hard to listen to . ”
Suara .
It was Kunagisa .
She pouted her lips out like a sulky kid and looked at Kanami-san .
“This is hurting my ears, Kanami-chan, Akane-chan . ”
In an instant, she had drawn everyone's attention . Tak seorangpun had expected Kunagisa, of all people, to say that .
I had had quite a few experiences with Kunagisa in the past, so it wasn't beyond imaginable . Kunagisa Tomo hated watching people fight quite a bit . Considering her usual

happy-go-lucky attitude, it might have been a little unexpected, but it did make some sense . She was a fun-loving girl, which meant she didn't like situations that weren't fun . The logic was as simple as that .
"Maafkan saya . I went too far . ” Somewhat surprisingly, it was Kanami-san who apologized first . In turn, Akane-san couldn't help but acknowledge that Kanami-san, too, was a prominent woman of respectable status .
“I was wrong, too,” she said, awkwardly avoiding eye contact .
They both hung their heads and stared at the floor .
Though the atmosphere was still distinctly awkward, at least the fiasco seemed to be over .

Until Maki-san ruined it completely .
“This is gonna get worse before it gets better,” she muttered with an icy voice and audacious grin . Just what was this fortune-teller chick trying to butt in with, now that things had finally settled down? Meanwhile, Iria-san's eyes were twinkling with excitement .
“Is that a prophecy?” she asked . “What do you mean it's going to get worse before it gets better? This is so fascinating . Will you tell us?”
"Aku tidak akan. I'm not saying anything . Nope . ” As she spoke, she
cast a sideways glance in Kunagisa's direction . “I'm not quite so arrogant as to get the rest of the world involved . ”
“What's that supposed to mean?” I protested without thinking . As for Kunagisa, she had already turned her full attention back to nutritional intake . It was as though this really was nothing more than a simple annoyance to her .
“Maki-san, what do you mean by that?”

“There's no meaning . Just like there's no meaning in your actions . You know, you're, wow, so you're the kind of guy who'll get angry for the sake of a complete stranger, huh? That's not a very good thing . It's not bad, per se, but it's not bagus ”
“Oh my, and why is that?” Iria-san said, stepping into our conversation . Or rather, maybe I was the one on the sideline .
“I think it's wonderful to be able to get angry on behalf of a stranger . That's not so common in the world nowadays . ”
“That's because people who can expose their emotions for the sake of someone else are the same people who blame things on others when something goes wrong . I despise people like you . ”
It had to be the first time in quite a while that someone had spoken that harshly right to my face . Slowly, she brought her glaring gaze to meet my eyes .
“You just let yourself get carried along by other people . You're the type of person who ignores traffic lights just because everyone else is doing it . You're an abominable excuse for a human being . They often say 'harmonize without agreeing,' but in your case, young man, it's like you're

agreeing without harmonizing . I won't say that's bad . Saya tidak akan
say anything as to that . One's identity and one's worth are not always connected . A train that runs along a track is better than a train that doesn't . So I won't say anything as to that . But I hate people like you . I despise them . People like you always blame things on others, never acknowledging their own responsibility . ”
Just carried along with the flow .
To be sure, that is how I lived .
Namun…

“I don't recall…”
I hated it .
Meeting Kunagisa, I had grown thoroughly repulsed by it .
“I don't recall you telling me that, Himena Maki-san . ”
“Oh, are you angry? Gee, your boiling point's a lot lower than I expected . Are you the type who has mood swings all the time?”
“Ii…”
Eat me .
Go screw yourself .
Go screw yourself go screw yourself go screw yourself…
Go screw yourself, bitch…
“Ii-chan . ”
Tug .
Kunagisa yanked on my sleeve .
“This isn't worth getting angry about . ”
Kunagisa Tomo .
"Baik . ”
I felt a chill go through my body . The power drained from my body . It was beyond weakness, closer to exhaustion . saya slumped in my chair .
"Maaf. I was just joking, 'kay?” Maki-san said to Kunagisa with a terribly sweet smile .
And so dinner that day was a bit of a disaster . Of course, the two days prior hadn't exactly gone off without a hitch either, but the intelligence of this jack-of-all-trades seemed to have shattered something . This Aikawa-san's coming visit to the island was becoming something to dread . Granted, I wouldn't

be there when it happened, so I didn't really have much to do with it .
Nevertheless, I had no idea why Maki-san was digging into me so much . Certainly I hadn't made a great first impression on her, but that couldn't have been the only reason at this point . It was obvious that she hated me, but that wasn't reason enough to be harping on me so aggressively like this . The opposite of affection is not animosity, but apathy . Jika she just didn't like me, she wouldn't go so far out of her way to pick on me like this . Why, out of this entire group of brilliant people, would Himena Maki specifically target a boring, ordinary person like me? We didn't have anything to do with each other .
Itu aneh.
Brooding over the subject in my mind, I didn't think for a moment about Maki-san's prophecy of the “worsening of things . ” If I had given it some thought, it's not likely that anything would've gone differently anyway, but looking back, I can't help but regret that a little .
I guess there was nothing I could have done about that, though .
After all, only Maki-san could have regretted things before they happened .
It was already past ten o'clock when I borrowed Kunagisa's bath to freshen up . Kunagisa sat in front of her PCs in the revolving chair, but all three terminals were turned off . Dia just wanted to spin . Must've had a strong stomach .
“You take a bath, too . ”

"Tidak . ”
“I don't care about tonight, but take one tomorrow . ”
"Tidak . ”
“Tomorrow I'll strip you down, tie your hands and feet, and throw you in . If you don't want that, you'd better do it yourself . ”
“Awww, what a drag . ” She half rose out of her chair to stretch . “I envy fish . They don't ever have to take baths . Hmm, but I wonder if they get cold in the winter . Oh oh oh, by the way, have you heard this before, Ii-chan? So, like, let's

say you're keeping a fish in a fish tank . And say you gradually raise the temperature of the tank . Like you raise it so gradually that the fish doesn't even notice . Eventually the water gets so hot that it's boiling, but the fish's body has gotten used to the gradual change, so it can go on swimming without even noticing how hot the water is . It sounds like a lie, but it's for real . Now, Ii-chan, what lesson can we gather from this?”
“That global warming isn't a problem . ”
“Ding ding ding!” She looked utterly amused . What a peppy chick, I thought, then without warning, she completely collapsed . Face-first, belly-down, without breaking her fall . I flinched .
“Owww . That hurt . ”
No doubt .
“What the hell are you doing?”
“I'm hungry…”
“You just ate a freaking feast . ”
“Itu tidak masalah. I missed breakfast and lunch, so I probably haven't eaten enough . I slept all afternoon, so I don't

have to sleep again until tomorrow, but I guess you really have to make sure you sleep and eat properly . ”
“Human bodies aren't made for that kind of treatment . ”
“I guess I'm not human then . Let's get something to eat, Iichan . Will you tie my hair up first?”
“I think Yayoi-san's probably already back in her room . Dia gets up early, so don't you think she's already sleeping?”
We couldn't just go wake her up so she would make some dinner . We had to remember that she was a guest, too .
“Hikari-chan is probably awake though . Hikari-chan's cooking is delicious, too, in a Hikari-chan kinda way . If Hikarichan's
asleep, too, Ii-chan, you can make me something . ”
"Kenapa aku?"
“Well, 'cuz you look so a-meow-zing from behind when you're cooking . ”
“Ehehehe,” she laughed naughtily, still facedown .
“Okay okay okay . Fine fine . Understood, Miss Tomo . Pertama I'll tie that hair up, so get over here . ”

“Oh me oh my . ”
I tied her hair in a loose ponytail . Then we left her room, heading for the living room .
“Ah, by the way, sorry about earlier . ”
“About what? Ah, about the thing with Maki-chan . Yeah, it's okay . I'll forgive you . But really, compared to the old days, you've gotten soft . I didn't think you'd let her off with just a single comment like that . I wonder if living in Houston repressed you or something . ”
“Yeah, well, living in a desert like that for five years, your beliefs start to change . I'm not sure if it matters that it was a desert, though . ”
ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 8
“You should tell me about it sometime . What happened over there and stuff . ”
“You've changed a lot, too . Not so much on the outside, but on the inside . ”
“There's nothing in this world that doesn't change . Nya panta rhei . ”
“Handa Rei?”
“The cycling of all things… Ii-chan, you're supposed to be smart, so why don't you know anything?”
“I just have a bad memory . All I want is an average one, sungguh ” Just enough of one so that I wouldn't forget the fun waktu .
Just enough of one so that I could realize the world is full of good things, too .
“Ah, Akari-chan spotted,” Kunagisa said, and charged down the hallway . I looked to see that, indeed, Akari-san was disana Or really, at this distance there was no way I could tell whether it was Akari-san or Hikari-san . It was also possible that it was Teruko-san with her glasses removed . Tapi jika Kunagisa said it was Akari-san, it was most likely her .
By the time I reached them, Kunagisa and Akari-san had already exchanged a few words . Kunagisa returned to my side and Akari-san continued down the hall in the opposite direction . I wondered about her . She must have had work left to do, even at this hour . If that was the case, she really was going above and beyond .
“What did you talk about?”

“She says Hikari-chan's in the living room . ”
"Oh ya? That's convenient . ”
Of course, not everything in the world goes so smoothly .

When we arrived in the living room, not only Hikari-san, but also Shinya-san and my arch-nemesis Himena Maki-san were there . The three of them sat on a horseshoe-shaped sofa, engaged in lighthearted discussion . On the table were some glasses and alcohol, plus some cheese on a big plate prepared as a snack . Hikari-san promptly noticed our presence and called out with a raised hand, “Ah, Tomo-san!” Having been spotted, there was nothing we could do . We walked over and joined them on the sofa .
Awkwardly, Kunagisa quickly snapped up the seat next to Hikari-san, forcing me to sit next to Maki-san . All the same, I couldn't bear the thought of turning tail and running now . Saya t was dishonorable to flee in the face of the enemy . But Makisan, seeming to see right through me, greeted me with a wicked expression . “Welcome to my club,” she said boastfully .
“Sorry about before . I guess I hit a touchy subject,” she apologized insincerely . “Really, I'm sorry . Anybody would get mad about such a sensitive subject . ”
“It wasn't a particularly sensitive subject . ”
“Oh, it was . It was so pitiful . ” She sneered at me . Might she have been drunk? No, she was like this all the time . Di fact, she was probably more pleasant when drunk . She slugged down her wine in one gulp, then thrust her glass at me .
“Now you drink, too, boy . Alcohol is good, you know . Kamu forget all the bad things . ”
“There's nothing so bad I want to forget . ”
“And there's nothing so good you want to remember,” she giggled . “I don't think your poor memory is to blame for not having any happy memories . There are few happy things in your life, and few sad things . There's not much of anything at

all . It's all empty . It's an emptiness scarier than darkness . Ahahaha. Isn't life fun?”
Retrocognition, telepathy .
It seemed the advertisements about her weren't just baloney . She was a damn clairvoyant .

“Give me a break, Maki-san . This is just bullying . ”
"Ya . I'm bullying you . Now drink up . ”
“I don't do alcohol . I'm underage . ”
“How by-the-book of you . Oh dear, you're being so cold . Oh, Ii-chan, you're so cool! Is that what you want to hear? Itu aneh . I should call you the Boy Who's Cold Even in the Summer . ”
She put her glass back in front of her with a bored expression on her face .
Apparently quite starving, Kunagisa scarfed down the cheese appetizer . She ate with two hands, displaying terrible manners . Of course, knowing that it would cause no harm in this situation, it was hard to care about stuff like that .
“It's supreme, Valencay, and Maroille cheese,” Hikari-san explained sweetly . Apparently they were all good cheeses to have with wine . Trying a single piece, I found that it was indeed delicious, but probably only Kunagisa would be able to stand a whole lot of it without even so much as some water .
“How did it go with Kanami?” Shinya-san asked me after a while, cheese in hand . He seemed fairly interested . “Did the modeling go well?”
“Eh, I suppose . There were no problems, anyway . ”
“She's got a pretty foul personality, eh?” He spoke without euphemism, about his own boss, no less .
“Oh no, she doesn't—”

"Apakah begitu? Well, at least I've never met a woman with a worse personality than that . ”
I had .
She was sitting right next to me, drinking up .
“No, she was fine, really… Oh, but she did smash one of her pictures all of a sudden, and that was surprising . ”
Dia menyeringai.
“Oh, that… yeah, yeah . When I got back to the atelier, she was all, 'Shinya-san, dispose of this garbage . ' I was like, 'Who are you, Picasso?' Maaf soal itu. That's just her thing . Don't pay any attention to it . That woman's seen quite a bit of success without exerting much effort, so she's very obstinate . She can't live without acting like a big shot . ”
“Her 'thing'?”

“Yeah, you know . If she acts like that, she looks like a world-class artist, don't you think? Didn't she say all sorts of artisty things to you? Sort of snooty things? That's how she is, kamu melihat . ”
“Well, but, that's her true nature, right? I mean… I thought it was . ”
“Oh, of course . It's unquestionably her true nature . But she doesn't have to say that kind of stuff, now, does she? Jika dia were a real artist, she wouldn't talk like that . Kanami is a genius, to be sure, but she's miles away from being an artist . She's just giving herself an image . Setidaknya, itulah yang saya pikirkan.
I'd appreciate it if she would peel away the façade, but you know how it is . ” He looked a little sad . “Seriously,” he continued, taking a sip of wine . As he wandered slightly off topic, the glass of wine suited him quite well . It was a little enviable .

“That's the reason I asked you to be her model, too . Dia doesn't do many portraits, you see . ”
"Oh ya? But she was saying she doesn't choose her subjects . ”
“Well, she doesn't, but… It's a taste issue . She hates people . No matter how she draws them, they complain, you Lihat . Plus, you know, because she used to be blind, and now her legs are bad, and above all else she has that kind of personality, she doesn't get along well with anyone . ”
“That's how geniuses are . ”
The only genius I'd ever heard of who was at all good with human relationships was Gauss .
People like Michelangelo were all supposedly widely disliked . But with Michelangelo, it was because he didn't like anybody to begin with .
“You don't have to be a genius to be socially awkward,” Maki-san interjected with a phony innocent expression .
Ah, indeed .
“That woman has a lot of pride about having reached where she is on her own . So it's no wonder she doesn't get along with Sonoyama-san . ”
Indeed, Akane-san, who had honed her talents in a group

atmosphere at the ER3 system, and Kanami-san, who was a raging individualist, were practically polar opposites . Dulu only natural that they never hit it off .
“It was I who taught art to Kanami-san,” Shinya-san said . “Her eyes got better, and… you have to understand, back then she had nothing . No family, no special knowledge to speak of . So I gave her a brush . I was only trying to comfort her, but just a month later, she had surpassed me . ”
“So you're an artist, too?”

I hadn't heard that .
He shrugged his right shoulder, a little embarrassed .
“After Kanami-san surpassed me, I quit . When Verrocchio realized da Vinci had surpassed him, he broke his own paintbrush . I, too, grew to understand his feelings in that moment . With this person of unbelievable talent right next to me all the time, there's no need for me to paint pictures . ”
That morning, Shinya-san had told me we were alike . saya didn't know what he meant until now .
The Sakaki Shinya relative to Ibuki Kanami . It was just like me relative to Kunagisa Tomo . Though he spoke badly of her, it was clear to me now that Shinya-san had unconditional affection for Kanami-san .
“So you're the kind of guy who does everything for other people, too, eh, Shinya-san?” Maki-san said, as if reading my mind (what an analogy) . “Of course in Shinya-san's case, there's a charm to it, unlike with some people . ”
“And why's that?”
“He doesn't go around blaming others . ”
She was going to bring me down blow by blow .
“Um, hey hey…” Hikari-san interjected with a worried look . “Who wants something to drink?”
“Some kind of soda would be good . ”
“Certainly, right away . ”
She pulled a small bottle of ginger ale out of the living room fridge and quickly returned . With a bright smile, she placed it beside me .
“Please enjoy . ”
She really was quite the hard worker . I thought it would be rude to keep fighting like this in front of her, so I forced my

wound-up nerves to relax .

Gah, there I go blaming things on others .
Mengutuk…
Maki-san had me in the palm of her hand .
“Hikari-chan, gimme a drink, too,” Kunagisa said .
“Certainly!” She went over to Kunagisa with the ginger ale .
“Come to think of it, you're underage as well, isn't that right, Kunagisa-chan?” Maki-san said . “But it's okay, isn't it? Bagaimana dengan itu? Just one drink . ”
“Please don't encourage her . ”
“My my, playing guardian, are we?” Maki-san sneered . “Ah, how wonderful it must be to be young . ”
“But you're still young as well . ”
“No, I'm already twenty-nine . ” She spoke as if it were no big deal, but I was a little surprised . She was always dressed like such a kid, I figured she had to be about the same age as Iria-san .
"Wow . So that means you're the same age as Kanami,” Shinya-san said . “Then Himena-san, you are still young . Kamu know, I'm already thirty-two years old . Once you pass thirty, you really start to feel your age . You get winded easily and such . ”
“Hikari-san, how old are you?” I took the chance to ask .
“I'm twenty-seven . ”
“So then, Akari-san is twenty-seven, too?”
"Ya . We're triplets, after all . ”
Twenty-seven… I repeated the number a few times in my head . Twenty-seven years old . Akari-san and Hikari-san, both twenty-seven . Maybe this is rude of me, but they really didn't look like twenty-seven . I almost wondered if there was some sort of age-stopping mystery air flowing through the island . Nah, not likely .

This wasn't Neverland .
“Akane-chan is thirty, right? And I think Yayoi-chan is about thirty as well . Boy, when you sit down and think about it, everyone sure is young . Iria-chan must really like young, female geniuses . ”
“Pretty lousy hobby, if you ask me . ”

Kunagisa nodded in agreement as she crammed her face with cheese . Apparently having picked up a spicy piece, she immediately went for the ginger ale and chugged it, but it looked as if it went down the wrong pipe, and she released a barrage of coughs . Apa yang dia lakukan?
Shinya-san let out a sigh . “I thought if I brought Kanami here to cohabitate with other people, she might change a little . Kind of like when you send a truant kid off to camp . Tapi this strategy seems to have been off the mark . It was kind of like a last resort . At this point, she'll probably be living like that for the rest of her life . ”
Misunderstood by everyone .
Not expecting anyone to understand .
Not relying on anyone but herself .
Eating away at herself all the while .
“Well, that's one way to live . ”
“Look who's talking . ”
I don't think I even have to mention whose line that was .
“Uh, speaking of which, Maki-san, why are you here on the island?” Shinya-san said . “I've been wondering for a while . Nya not just a vacation, is it?”
"Ini . This place is a sweet deal . You get to live for free, and you even get money for it . It's Xanadu . If I use the Net, I can even still do fortune-telling . It's a world of convenience . Nonstop good times . ”

What a crappy excuse for an adult .
And pretty damn crappy, at that .
“I don't recall hearing your story,” Maki-san said, breaking my silence . “Why are you on this island then? And please don't tell me something like you came here just because Kunagisachan said she was going . ”
Don't act like you don't know, bitch .
Seriously, why was she picking on me like that? Maybe she was really just making fun of me with no objective or reason whatsoever .
It wasn't unthinkable .
“Wrong,” she said, then looked over at Kunagisa .
“Fine, assuming guys like you don't matter anyway, why is Kunagisa-chan here?”

“Just a whim, just a whim . I don't go making reasons for every little thing I do . ”
"Saya berharap . ” Maki-san gave a suspicious grin . I didn't know what the deal with her personality was, but she seemed to be getting along with everyone besides me rather well, including Kunagisa .
“She's clever, unlike you . ”
“Ah, getting sick of this? Getting tense? Hehehe, but I won't stop . I'm gonna keep playing with you until I'm bored of it . ”
She wore an absolutely sadistic smile .
I felt like captured game .
“Telepathy, eh? Amazing as usual, Himena-san, but lay off him,” Shinya-san cut in . “You've chased a whole lot of brilliant people off this island doing that . He'll be leaving soon enough as it is, so there's no need to send him home any faster, right?”

“Everyone I try to have fun with hates me . Nya discrimination against people with superpowers, I tell you . ”
Superpowers…
They talked about it like it was an everyday thing, but did such a thing really exist? Indeed, at the ER3 system, as a “comprehensive” research center, they had even conducted advanced psychological research relating to super abilities . Psychokinesis, ESP, DOP, levitation, and teleportation . Saya punya seen any number of papers on the inexplicable, unobservable subject in my time in the ER3 program, and even met a person who claimed it was for real (though he was a phony) . But all I had concluded was that no matter how you thought about it, that stuff was a bunch of bull . None of those papers really explained anything, despite how hard they tried to arbitrarily cram facts into conclusions .
It was what they called “dry love . ” The dry love-filled thesis papers of these phony scientists were, to be fair, amusing in their own right, but that's all they were . Mereka certainly didn't have what it took to convince someone of anything .
“That's just because you have a narrow mind . ”
“Have you ever heard of the word privacy?”
“It's not my fault . I see what I see and I hear what I hear .

And by the way, trying to run away is futile . No matter where you go, I'll know exactly where you are . ”
“So, you have remote viewing and supersensitive hearing powers, too!” Kunagisa said . “I know a lot of people with special powers, but this is the first time I've ever met someone with so many . Multimulti . Luar biasa. ”

Despite knowing that our pasts, futures, and minds were all possibly being read right now, Kunagisa was without a care in the world . Or maybe she didn't have any secrets to keep .
“I really wanted psychokinesis, actually, but I ended up gravitating toward ESP for some reason . Too bad… I mean, doesn't teleportation seem so convenient?”
Psychokinesis—referred to as PK—and ESP were academically defined as two completely different abilities . Di mainstream metapsychology, it's often said that the existence of ESP can now be proven, though the same cannot be said about PK . This is because the idea of PK is something completely inhuman, while ESP is simply an extension of actual human senses .
“Fortune-telling is about all I can do with just ESP . Ini bukan such a useful ability,” Maki-san said with a sigh .
Certainly there wasn't much she could have done apart from fortune-telling, but I still felt skeptical about the whole idea .
“Maki-san, can you prove that you have these special powers?”
“I don't think I need to . How would you, for example, prove that you are you? Would you show us your driver's license? Would you be convinced if I had a Superpowers License? It doesn't matter anyway . Whether you think it's true or think it's a lie or think it's something else, that doesn't affect anything anyway . Just like my knowing everything doesn't change anything . ”
“Mmm, I wonder . ”
“You sure have a lot of doubt . Ah, okay, how about I give you your fortune again?” she said out of the blue, grinning at saya .

Damn, I hadn't seen this coming .

“You deceived me the first time, after all . Yeah, let's do it . It's a good opportunity for you . I almost never do fortunetellings for free . ”
"Saya akan lewat . ”
“Quick answer . You really hate me, huh? Hehehe, my mentor always taught me to 'push people's hatred onward,' so that's what I do . ”
“I can't help but wonder if your mentor meant something else . ”
“You're quite a liar, aren't you?” She began her fortunetelling, regardless of what I had said .
“You don't like showing your emotions, but you don't like controlling them either, so you have many regrets . Bahkan though you let yourself get pushed around by other people's opinions, you're quite independent . When faced with a challenge, you run away without deliberating, but you're not dumb . And, you don't like competition . Sound about right?
“Is that what you people call a 'cold reading'?” I shot back .
“You could've just said anything . Those are all things that hold true for any person, to some extent . ”
"Apakah begitu? Hmm, maybe . Then let's talk about your relationship with Kunagisa-chan . What we call a compatibility reading . Hmm, both you and Kunagisa-chan are the type who don't need friends . Yet for some reason you stick together . And the reason for that is? Oh my, this part is fairly skewed . You stay by her side because you're jealous of her . Dan sementara you're jealous of her ability to express herself freely, she somehow looks unhappy, regardless of whether or not she really is . You see this girl who has everything you want and can do all the things you can't do, yet she is still, for some

reason, unhappy, and that makes you feel better . That makes you feel like it doesn't matter if you can't get what you want . ”
“Really?” Kunagisa gave me a confused look . Whether it was true or not, it wasn't okay to say such a thing right in front of Kunagisa .
Aku menggelengkan kepala. “No, Maki-san, I think you've got me all
salah I'm not such a complicated guy . I'm simple as could menjadi. ”

“Yeah, well, maybe, maybe not . ”
“Say, Maki-chan,” Kunagisa said, moving closer to her . “If that's really the case, then why do I spend time with Ii-chan?”
“Sorry, but I can't seem to read your mind or past . ” Makisan gave a shrug . “Occasionally I meet someone like that . saya guess it's a compatibility issue or something, but the aura surrounding them is very ambiguous and hard to decipher . Nya like they're in the dark, and it's a little unsettling . It puts me in a bad mood . ”
So maybe she was just venting on me .
How awful .
“Himena-san, in light of the occasion . I'll go ahead and ask a question, too . How does it feel to be able to see the future and read people's minds and such?” Shinya-san said . “I'm just curious . ”
"Hmm. That's like asking how things look to spiders with their eight eyes . To attempt a simple explanation, it's like watching TV . It's like the entire room is covered with TVs, and I don't have a remote . I can't turn them off, and I can't change the channels, so all I can do is watch . It's like having a few more brains than regular people, if you can imagine that . ”
Saya tidak bisa.

“Now, what's his face over there got us a little off-topic, Kunagisa-chan, but I still haven't heard why you came to this island . ”
“It was just on a whim . I tell you . ”
"Tidak . I may not be able to read you, but I know that's not kenapa ”
Kunagisa wheezed out a strange sigh . She seemed a little troubled . I wasn't a big fan of Maki-san's way of posing the question, but to be honest, I had been wondering about it myself . For what reason had Kunagisa, the ultimate shut-in with no equal, been compelled to travel all the way out here to Wet Crow's Feather Island?
“Okay, I'll tell you,” she finally said with a piece of cheese on her tongue . “I'm interested in an incident that took place here a long time ago . ”
But I didn't get the chance to learn any more . Just as I was about to ask, “What do you mean, 'incident'?” I bit down on

my tongue, hard . Thus, I was unable to get the words out . Tapi even if I miraculously had somehow, it never would've reached Kunagisa's ears, nor anyone else's ears, including my own .
It would have been drowned out by the other noise .
The shaking .
I soon realized it was an earthquake .
“Gah!” Shinya-san uttered .
“Everyone, please, stay calm!” urged Hikari-san, whose profession demanded that she remain cool no matter what happened .

Maki-san, who looked as if she had been expecting the earthquake all along, reclined on the couch without a glint of worry .
I tried to recall what I had learned about earthquakes back in my first year of junior high school, when I was still in Japan . Supposedly they would start with small tremors, and then get bigger and bigger . I couldn't quite recall which were S waves and which were P waves, or figure out which were horizontal and which were vertical tremors, but that didn't matter .
At any rate, the strength of the shaking had jumped a few levels . In a panic, I shoved Kunagisa—whose expression said “I have no idea what's going on”—onto the sofa and threw myself on top of her . There was a chandelier right above her . If that were to fall, she wouldn't stand a chance of survival with that tiny stature of hers . That was my thinking at the time, anyway .
But my efforts seemed to have been in vain, because not a moment later, the shaking died down . Of course, when I say “not a moment later,” I mean in terms of real time . To me, it felt only slightly less dragging and terrible than five minutes with your hand on a stove .
In reality, the shaking had probably lasted for less than ten seconds .
“Is it over?” I asked, still on top of Kunagisa .
"Ya. ” Maki-san answered . It was the word of a prophet, and probably trustworthy . Meanwhile, Kunagisa groaned with her face buried in the sofa, so I got off her for the time being .
“An earthquake… It was pretty big, too . I wonder what it

rated on the scale," Shinya-san said, looking around the room . The glasses and bottles on the table had fallen, and Hikari-san had already reflexively begun to clean .

"Pardon me, Hikari-san . I'm going to borrow the phone . I'm worried about Kanami . " He pointed to the house phone . Hikari-san nodded . He headed to the white phone by the cabinet .
"Hikari-san, do you have a radio or something?" I said . "SAYA want to check the earthquake's level . Oh, Tomo, could you look it up on the Internet?"
"Well, there's probably already been a breaking news bulletin . We're technically in Kyoto right now, right? Oh wait, is that wrong?"
"It was a level 3 or 4 . I can't quite pinpoint the epicenter, but it's probably around Maizuru, where the level would be at 5," Maki-san said quite matter-of-factly . "And it seems like there weren't many injuries, even in urban areas . "
"How do you know?" Perhaps it was inelegant of me to pose such a question, but it just felt like the natural thing to say .
She let out a big sigh before answering . "It's like I've been telling you, I just know . You may be smart, but you sure are slow . Don't have much of a memory either, it would seem . Hey wait, doesn't that make you stupid? Anyway, to use an expression, I can see these things clear as day . Ibuki-san and the others are all fine . "
"Ah, remote viewing and superhearing, was it?"
Distance wasn't a factor for her . She could technically watch TV somewhere on the other side of the ocean, and even predict what would appear next . Complex ESP .
But even if she had just been making all of this up, there was no way to check . But it was probably true that the mansion hadn't suffered much damage .

Shinya-san returned from the phone . "Kanami's fine," he kata. "She says she's in the atelier . Some paint cans fell off the shelf . It sounds like a big hassle, but at least she's not hurt . "
"Should you go over there?"
He was her caretaker after all, and even if he hadn't been,

he must've been worried about her, seeing as she couldn't walk .
“Nah, no need,” he said with a shrug . “She would probably get ticked off if I did . ”
"Mengapa kamu mengatakan itu?"
“Because she told me not to come,” he said with a pained expression of humility . “She says she's working right now . Di fact, she's working on your portrait . Sounds like she's going to turn it into a real masterpiece, so I'd better not bother her . ”
“Even with Ibuki-san's talent, there's no hope if she used such a terrible model,” Maki-san said .
“You really hate me, don't you?”
“Uh-huh,” she nodded .
Ya ampun.
Yah, terserahlah. That's how life had always gone for me anyway .
I looked over at Hikari-san .
“Does this happen here a lot? Earthquakes, I mean . ”
“Not a lot, really . Shinya-san, you've been through a few, right?”
“Yes, but this one was unusually big . ”
“I wonder if any furniture fell over . I'm a little worried . ”
“If you're going to fix things up, I'll help . ”
“No, it wouldn't be right . Tomorrow we'll deal with it depending on Rei-san's orders . ”

She flashed a sweet smile . If she were a mother, her kids would grow up proper for sure . If we hadn't met in this kind of place under these kinds of circumstances, I definitely would've fallen for her . Or at least, I thought I would . Dulu never going to happen, but I thought so .
“Teehee . That was my first earthquake in a while,” Kunagisa mumbled, tossing her blue hair around as she finally got up from the sofa . “I wonder if my computers are all right . They should be . If the epicenter was in Maizuru, the mansion should be okay, too . Boy, this takes me back to the Great Hanshin quake . Say, Ii-chan, you were already in Houston in those days, right?”
"Ya . Tentunya . ”
I vaguely remembered seeing something about it on the

news back in my tiny room in America .
“That was a really tough time for me . I was still in Kobe back then . Most of my computers crashed permanently . I was so startled . ”
Was “startled” really the most appropriate word to describe living through that disaster?
“So shouldn't you be worried about your computers? Kamu must be fully crammed with cheese by now . Let's go back to your room already . ”
It seemed like the time was right, so I decided to leave the living room . I didn't trust that I had the self-control to stay cool if I had to talk to Maki-san anymore . It seemed like a good time to split .
As if able to read my every thought, Maki-san's gaze burned a hole through my back, and it took every ounce of willpower in my body to ignore her . I pulled Kunagisa by the arm and took her back to her room .

The three PC's (I mean two PCs and one workstation) in her room remained securely situated in the computer rack, and the room had suffered no other damage .
Kunagisa let out a big yawn and stretched .
“Let's turn in already . Having a full stomach really makes you sleepy, huh? Ii-chan, undo my hair . ”
“Do it yourself, will you?”
“Come on, it's hard to undo a ponytail by myself . Bukan saya flexible . It's not that I can't do it, but I'll start aching . Saya sudah broken bones that way, y'know . ”
“I get it, I get it . You're really adorable, you know that?”
I removed the band from her hair and ran a comb through saya t . She let out a naughty little giggle . Once I was finished, she dove into bed . She sunk herself into the mattress and rolled around joyously .
“Take off that coat . Berapa kali aku harus memberitahumu? And aren't you hot?”
“This coat has special memories attached, so no dice . ”
What memories? Even our dear fortune-teller, Himena Maki, couldn't read Kunagisa's past . Maybe it had something to do what that “team . ”
“Anyway, Ii-chan, Kanami-chan and Akane-chan are pretty

terrible, but you and Maki-chan don't seem to be on the best of terms either . ”
“Well, it's more like she harasses me for no reason,” I said, thinking about how similar this was to what Kanami-san had kata. “I don't have any problems with her in particular . ”
“Yeah, I'll bet . You're not aggressive enough to hate or resent people . At the very worst, you get miffed, isn't that right?”
"Menurutmu? That's interesting . ”

“Just joking,” she snickered . “But Ii-chan, you've really never fallen in love with someone before, have you?”
"Tidak. ”
“I love that about you . ”
Snicker snicker .
Aneh She was being weirdly feisty . I wondered if maybe that ginger ale had really been wine . I'd never seen her drunk before, so I couldn't imagine what she would be like .
“By the way, Tomo . ”
“Vat eez eet?”
“Do you have any special powers?”
“Hmm… if I did, I wouldn't mind at all,” she said with a big grin . “I don't really want any, but one can always dream . It's better for Santa Claus to exist than for him not to, right? It's just like that . ”
“That's an odd point of view . ”
Even if she had special powers, she wouldn't mind .
Hmm, indeed . That was surprisingly insightful . Apakah you had such abilities or not, it wouldn't have much of an effect on your daily life . Of course, now was a bit of an exception .
Because we were on this island?
Because we were on this island .
I'm gonna go back to my room and turn in, too . Sampai jumpa tomorrow . If you're planning to sleep now, I'll come wake you tomorrow, so let's have breakfast together . ”
“Hey, Ii-chan,” she called to me, still lying face-up on her bed . “Let's fool around . ” She beckoned to me .
I paused, just for a second . “No,” I said .
“Weirdo . Good for nothing . Coward! Chicken pot pie!”

Ya, ya. I shut the door, went downstairs, and headed
to my room . It would have been truly awful to run into Makisan
in the hallway or something, but luckily no such incident
occurred . Perhaps she was still busy chatting it up with
Shinya-san .
I found a key sticking out of the door to my room . Mungkin
it shouldn't have been a surprise, seeing as it was supposed to
be a storage room, but I couldn't help wondering about being
trapped inside if someone were to turn the key while I was
tertidur. There was no way I could reach the window even if I
stood on the chair, so it really would be like solitary
confinement . Then again, there was nothing anyone could
gain by locking me up, so it was probably just excessive worry .
I entered the room, curled up on my futon, and stared at
the ceiling in thought .
I was of course thinking about what Maki-san had said
earlier .
Oh my, this part is fairly skewed . You stay by her side because
you're jealous of her . And while you're jealous of her ability to
express herself freely, she somehow looks unhappy, regardless of
whether or not she really is . You see this girl who has everything
you
want and can do all the things you can't do, yet she is still, for some
reason, unhappy, and that makes you feel better . That makes you
feel
like it doesn't matter if you can't get what you want .
"Ha!"
Sialan.
“She's exactly right . ”
Akane-san of the Seven Fools had described Kunagisa and I
as a codependent pair, but really, Maki-san's opinion was
closer to the truth .
To me, Kunagisa Tomo represented the thing I most
wanted to be .

No, that wasn't it . That wasn't it . To me, she was…
She was…
“She was what?”
The reason I chose a university in Kyoto rather than Kobe

was because she had moved to Kyoto . I also couldn't deny that she was one of the reasons I left Houston .
Why had I done all that?
As Maki-san had said, I wasn't aggressive enough to have feelings like love or hate . Even if someone were to bother me, it was a feeling no different from being annoyed when it rains .
No matter how much disdain Maki-san had for me, no matter how many malicious comments Kanami-san spit at me, no emotion would ever build up inside me .
I couldn't help but wonder .
Was I really human?
I didn't understand other people's feelings at all .
If they really existed .
If superpowers like the ones Maki-san claimed to use really existed, perhaps I wanted some myself .
“Nah, I don't need that,” I reconsidered .
If I could understand people's feelings, it would just make life all the more annoying . I wasn't looking for a life with an open Pandora's box . I didn't have the nerve for it .
“I'm just babbling nonsense here, dammit . ”
I hate vacation . I just end up thinking too much . Well, I don't know if it's really too much, but they're the kind of thoughts that can only lead to one's downfall .
Four more days .
I could be patient .
I didn't hate being patient .
Or at least, I was used to it .

Suffering and pain .
I was used to these things .
“Still, they don't feel too good . ”
Damn, I wanted to return to my peaceful life on the other side of the sea, I thought as I fell into the night .
But the following day I would realize that these past three days had been plenty peaceful .

Ada yang lebih tinggi dari atas,
tetapi di bagian paling atas, semua yang ada di bawah.

Itu adalah pemandangan yang mengerikan.
Jika saya membandingkannya dengan sesuatu, mari kita lihat, ya, oke.
Lukisan Gruber Norbert, Sungai. Jenis yang sama menyeramkan, sungai berwarna marmer mengalir di tengah-tengah sungai Kanami atelier, membaginya menjadi dua.
Tampaknya karena gempa malam sebelumnya, kaleng
cat tergeletak di sekitar ruangan, dan tiang besi sederhana
rak telah jatuh juga. Gempa telah menyebabkan gempa
rak ke ujung, menumpahkan kaleng di mana-mana, isinya dibuang di lantai, dan "sungai" ini adalah hasilnya. Itu layak
teori, dan itu tidak diragukan lagi bagaimana hal itu terjadi.
Tapi sementara "sungai" ini adalah tontonan yang cukup aneh sendiri, masalah sebenarnya terletak pada “tepi sungai” yang berlawanan. " Dulu
melampaui imajinasi atau spekulasi, dan tidak dapat dihapuskan seperti yang dilakukan gempa. Gempa bumi mampu ini
tidak akan ditemukan di Bumi ini.
Tubuh telungkup seseorang berbaring di lantai, dengan a
lowongan terlihat dari leher ke atas.
Mayat tanpa kepala.

Mayat yang dipenggal.
Tidak masalah apa kata yang Anda pilih untuk menggambarkannya; memang seperti itu.
Tubuh dengan kepala yang hilang ini mengenakan yang sama
gaun yang Kanami-san kenakan sehari sebelumnya. Bahwa
Gaun yang terlihat sangat indah yang dibanggakan Kanami-san
tidak pernah menjadi kotor saat dia melukis sekarang diwarnai merah hitam
dengan darah. Itu tidak terlihat bisa dikenakan lagi.
Terlebih lagi, tidak ada lagi orang yang memakainya.
Atau mari kita lebih spesifik.
Pemakainya tidak lagi hidup.
"Ini … aneh," ujarku refleks. Itu pergi tanpa
mengatakan, tetapi kata-kata baru saja keluar.
Kamar berbau seperti cat lebih tipis.
Di sebelah tubuh Kanami-san yang jatuh duduk sebuah terbalik
kursi roda dan kanvas tunggal. Itu jauh jadi saya tidak
tentu, tetapi lukisan itu tampaknya adalah potret saya.

Itu indah, sebuah karya agung. Bahkan dari jarak ini,
dipisahkan oleh sungai, aku tahu. Saya merasakan kejutan dengan saya
tubuh, bukan dengan pikiranku. Dalam beberapa hal itu lebih mengganggu
dari pada melihat tubuh tanpa kepala.
Saya ingat apa yang dikatakan Kanami-san pada hari sebelumnya. Nya
bukan seni jika Anda bisa memilih siapa yang melihatnya.
Poin yang diambil. Dengan gambar ini, saya tidak punya keluhan.
Tanpa ragu, Ibuki Kanami adalah seorang jenius.
Sampai-sampai itu membuat saya gemetar.
Dan ini membuat kematiannya semakin dahsyat. Sudah
Sudah lama sejak saya merasa hancur oleh apa pun, tapi saya
benar-benar hancur oleh ini.
Dengan kematian Kanami-san.
Kematian Ibuki Kanami.
"Mengapa?"

Ya, Ibuki Kanami sudah mati.
Maksudku, siapa yang bisa tetap hidup setelah kepala mereka mati
dipotong? Bahkan Rasputin tidak mungkin selamat
pemenggalan kepala. Dan Kanami-san hanya normal secara fisik manusia .
"Yah, kita seharusnya tidak membiarkannya begitu saja," kataku, putus
semua orang diam. Saya melihat ke arah Kunagisa. Bibir bawahnya
mencuat ragu-ragu, seolah-olah dia melihat sesuatu yang aneh
tentang tubuh Kanami-san. Dia tampak skeptis
sesuatu. Tapi sekarang mungkin bukan saatnya untuk berpikir
tentang hal-hal seperti itu. Jika saya harus memberikan alasan untuk masing-masing dan setiap
salah satu tindakan Kunagisa, aku pasti akan mati.
Ketika saya mencoba untuk mengambil langkah maju, dia menarik lengan saya.
“Ii-chan, tunggu sebentar. ”
"Hah? Mengapa?"
“Catnya belum kering. ”
"Hmm? Oh ya . ”
Berjongkok dan memeriksa dengan ujung jari saya, saya

menemukan bahwa dia benar. Jari tengah saya berubah warna menjadi biru.
“Tapi sekarang bukan waktu yang tepat untuk mengkhawatirkan hal-hal seperti
itu ”
Ada mayat yang terpotong tepat di depan kami. Untuk
khawatir tentang mengotori sepatu Anda pada saat seperti ini di luar
sepele.
"Hei, aku bilang tunggu!" Katanya. Lalu, sebelum aku tahu apa dia semakin dekat, dia menanggalkan mantel hitam miliknya dan melemparkan
tepat di tengah-tengah sungai cat. Itu seperti
batu loncatan di sungai.
"Bukankah itu mantel berhargamu?"
“Waktunya telah tiba. ”

Saya mencoba mengatakan sesuatu tentang dia hanya melemparkannya
kenangan seolah mereka bukan apa-apa, tetapi seperti yang dia katakan,
ada masalah yang lebih besar saat ini. Selain itu, apa
selesai sudah dilakukan. Dengan sedikit bantuan, aku melompat ke mantel, lalu
ke seberang sungai.
Aku mengerang.
Sudah cukup lama sejak terakhir saya melihat tubuh tanpa kepala.
Aku melepas kausku dan meletakkannya di atas baju Kanami-san tubuh bagian atas .
Aku melihat kembali ke pintu, di mana semua orang berada berdiri, dan perlahan menggelengkan kepala.
Tidak ada gunanya menggunakan kata-kata.
"Semuanya," akhirnya Iria berkata, "bisakah aku menyatukan kita semua
ruang makan? Saya pikir kita perlu mendiskusikan apa yang akan kita lakukan
mulai sekarang. ”
Dengan itu, dia berjalan menuju aula. Keempat
pelayan — Rei-san, Akari-san, Hikari-san, dan Teruko-san—
dengan cepat mengikuti di belakang. Akhirnya, tamu-tamu lain pun

mulai
keluar dari toko, dua kali dua dan tiga kali tiga.
Yang terakhir tetap berada di ruangan itu adalah Kunagisa, aku, dan Shinya-san.
Dia menatap tubuh Kanami-san, wajahnya pucat dan
kosong
"Shinya-san …" Melangkah ke balik mantel, aku kembali ke kamar sisi lain . “Ayo pergi, tidak ada yang bisa kita lakukan di sini. "Itu membunuh
saya mengatakannya.
"Oh ya . Benar ”
Pikirannya melayang di tempat yang sangat berbeda. Meskipun miliknya
Menanggapi, dia tidak berusaha bergerak. Dia berdiri sepenuhnya kaku, pikirannya tidak mampu memahaminya, menolak memahaminya
pemandangan di depan matanya.

Saya mengerti bagaimana perasaannya.
Jika hal yang sama terjadi pada Kunagisa, aku mungkin
akan menjadi cara yang sama. Tidak, itu tidak benar. saya mungkin akan rusak dan pergi menjerit
mengamuk. Aku tahu itu sulit dibayangkan untuk pria sepertiku, yang, seperti dikatakan Maki-san, "mati untuk semua emosi," tetapi mungkin itulah yang akan terjadi.
Dalam hal itu, Shinya-san benar-benar mengagumkan.
Dia tidak terlihat terlalu baik, tapi setidaknya dia tidak rusak bawah. Dan dia bahkan bisa berbicara. Kemampuan mentalnya tetap utuh, meskipun baru saja.
Inilah yang memisahkannya dari saya. Saya hanyalah seorang anak kecil.
Shinya-san sudah dewasa.
Aku tidak tahu hubungan seperti apa Shinya-san dan
Kanami-san punya, apakah dia hanya pengasuhnya atau
sesuatu yang lebih, atau mungkin sesuatu yang kurang.
Namun…
Mengingat tatapan sedih di matanya malam sebelumnya …
Dan melihatnya sekarang, saya entah bagaimana mengerti.
"Ii-chan, ayo," kata Kunagisa, menarik lenganku.
"Ya. ”

Dan dengan demikian mengakhiri kehidupan kami yang tenang di pulau ini.
Dan dengan demikian memulai bab selanjutnya.
Pagi hari keempat di pulau telah dimulai
sangat normal. Sungguh, sangat normal.
Saya terbangun sama seperti biasanya. Pada saat aku sampai di rumah Kunagisa
kamar, dia sudah bangun dan duduk di depan komputernya. Dia mengatakan dia sedang memeriksa emailnya. "Lakukan rambutku," katanya,

tanpa banyak "selamat pagi". "Aku meletakkan rambut di atas
atas kepalanya dengan dua ekor, yang kami sebut "ekor kembar." "Aku
pikir itu akan cukup mudah baginya untuk membatalkan ini sendiri waktu
"Aku merasa seperti sarapan hari ini," katanya, jadi kami menuju ruang makan . Mengintip ke ruang tamu di jalan, saya menemukan bahwa Maki-san dan Shinya-san masih di sana minum anggur. Mereka pasti terjaga sepanjang malam minum. "Mereka yakin tidak membayar usia mereka, "pikir saya, tetapi tentu saja saya tetap tinggal
diam .
Karena sopan santun, saya mengundang mereka untuk sarapan dan mereka
diterima. Kami berempat memasuki ruang makan. Duduk di
meja adalah Akane-san dan, membuat penampilan langka, Iriasan.
"Oh, kejadian yang tidak biasa," kata Iria-san. "Untuk
sudahkah semua orang berkumpul seperti ini bahkan di pagi hari … Ya, saya
misalkan itu tak terhindarkan. Haruskah saya memanggil yang lain? Itu akan
Bersikap baik untuk semua sarapan bersama. ”
Dia memanggil Akari-san di dekatnya dan memintanya untuk pergi menjemput Yayoi-san, yang tidak diragukan lagi di dapur, dan pelayan lainnya.
"Yah, aku akan menjemput Kanami-san," kata Shinya-san. "Dia mungkin semua sudah selesai melukis sekarang. Hmm, saya ingin tahu apakah
dia masih tidur. Ehh, dia tidak marah di pagi hari.

Meskipun kepribadiannya buruk. ”
Dia tertawa kecil pada leluconnya sendiri dan menatapku. "Harapan Anda tidak sabar untuk melihat foto itu, ”katanya, dan pergi ruang makan .
Itu akan menjadi pertama kalinya Kunagisa dan aku melakukannya sarapan dengan seluruh kelompok, tetapi tidak pernah benar-benar terjadi .

Ketika Shinya-san kembali ke ruang makan, apa dia
yang dibawa adalah berita kematian Kanami-san.
"Kanami sudah … terbunuh. ”
Begitulah cara dia mengutarakannya, tapi itu sedikit
sebuah pernyataan, jika Anda bertanya kepada saya. Tidak mungkin dia mati
sakit atau kecelakaan, atau bahkan bunuh diri — dia pernah dipenggal.
Apapun kasusnya .
Ini adalah pembunuhan.
Dan bukan hanya pembunuhan, tapi …
"Saya? Saya benar . Setelah makan malam, saya bersama Kunagisa sepanjang waktu . Saya mandi di kamarnya, lalu dia bilang dia lapar, jadi kami pergi ke ruang tamu. Di tengah jalan kami berlari ke Akari-san. Benar kan? Benar Di ruang tamu kami
bertemu Hikari-san, Maki-san, dan Shinya-san, dan kemudian … gempa bumi . Ada gempa, kan? Kami berada di
ruang tamu sampai gempa itu terjadi. Setelah itu, saya ambil Kunagisa kembali ke kamarnya, dan kemudian … benar, aku pergi tidur. saya
bangun hari ini jam enam, dan aku sudah bersama Kunagisa sejak itu. ”
Saya mencoba yang terbaik untuk terdengar tenang, bahkan di bawah tatapan semua orang.
Pemeriksaan alibi.
Kenapa kita harus mulai denganku, aku tidak tahu, tapi Iria-san telah memintanya, jadi tidak ada pilihan. Sepertinya dia melihat saya sebagai tersangka utama.
Ruang makan .
Makan sarapanku yang agak dingin.
Sepertinya tidak ada orang lain yang bisa melanjutkan sarapan setelah melihat mayat tanpa kepala, dan memang aku merasa

cukup mual sendiri tapi masakan Yayoi-san sangat baik,
Saya tidak bisa membiarkan semuanya sia-sia.
Meja bundar.
Iria-san, Teruko-san, Rei-san, Yayoi-san, Shinya-san,
Kunagisa Tomo, saya sendiri. Akane-san, Maki-san, Hikari-san, dan Akari-san. Semua orang duduk di kursi masing-masing
hanya kursi Kanami-san, pada posisi jam lima, kosong. Saya t
tidak akan pernah diisi.
Iria-san memiringkan kepalanya ke arahku sedikit sebagai tanggapan atas kepalaku
kesaksian Kemudian dia melirik ke arah Hikari-san dalam sepuluh jam kursi. "Hikari, apakah itu benar?"
"Ya," dia mengangguk. "Sampai gempa bumi terjadi …
um … jam satu kan? Ya, jam satu. Kami berlima
termasuk saya berbicara sepanjang waktu. Saya bisa menjamin itu ”
"Apakah ada yang bangun dan pergi sebentar?"
"Tidak," kata Hikari dengan sedikit ketidakpastian. "Aku tidak berpikir
jadi … meskipun saya tidak bisa mengatakan dengan pasti. ”
"Tidak ada yang tersisa," kata Kunagisa, datang untuk menyelamatkannya. "Dan
Saya memiliki ingatan yang sempurna. Tidak ada yang meninggalkan ruang tamu. ”
"Begitukah?" Iria menutup matanya. “Kalau begitu, kamu dan Kunagisa-san, Sakaki-san, Himena-san, dan Hikari semuanya bertanggung jawab satu sama lain sampai gempa bumi, benarkah itu?
Bagaimana setelah gempa bumi? "
“Aku tidur sendirian, jadi kurasa aku tidak punya alibi. ”
"Terima kasih . Kalau begitu, kurasa aku harus pergi dan
berikan alibi saya selanjutnya. Tadi malam aku bersama Rei dan Sashirono-san
di kamarku berbicara. Makan malam kemarin bahkan lebih
lezat dari biasanya, jadi saya bertanya kepadanya tentang resepnya. Bukan
benar kan, Sashirono-san? ”

Mungkin karena namanya tiba-tiba muncul, Yayoisan

tampak agak kaget. "Ya," dia mengangguk cepat.
Rei-san sedikit mengangkat bahu, tetapi tidak mengatakan apa-apa. Jika kamu berpikir
tentang itu, dia pasti orang yang benar-benar berkepala dingin. Dari
Tentu saja Teruko-san diam seperti biasa, tetapi Rei-san lebih
diam daripada yang Anda bayangkan. Apakah dia adil
setia kepada majikannya atau ini wajar saja
kepribadian, saya tidak yakin.
"Gempa bumi terjadi, dan … lalu aku memutuskan untuk pergi
kembali ke kamar saya, "katanya seolah berjuang untuk mengingat.
"Itu benar," Iria-san mengangguk. “Setelah itu, aku dan Rei
sepanjang malam berbicara. Kunagisa-san akan segera pergi, jadi aku
pikir kita harus membahas gagasan memegang semacam itu
acara menyenangkan … Anda tahu, seperti pesta perpisahan. Itu adalah
tradisi di sini. Ngomong-ngomong, kami akhirnya berhenti tidur, jadi aku hanya
datang langsung ke sini untuk sarapan. ”
Dengan kata lain, Iria-san dan Rei-san memiliki alibi yang sempurna.
Yayoi-san, seperti Kunagisa dan aku, hanya punya alibi sampai gempa bumi .
"Shinya-san dan aku juga punya alibi lengkap," Maki-san
kata. "Kunagisa-chan dan yang lainnya bisa memastikan itu sampai
gempa bumi, dan Shinya-san dan aku bisa saling menjamin
setelah itu . Ya, alkohol itu luar biasa. ”
Seberapa dapat dipercaya kesaksian orang mabuk itu?
Maki-san pasti tahu aku memikirkan itu, karena dia
memelototiku. Tetapi tanpa sepatah kata pun kepada saya, dia menoleh ke Shinyasan.
"Benar begitu?" Tanyanya.
"Oh, ya, benar," jawabnya kosong.
"Hmm … Hikari, apa yang kamu lakukan setelah gempa bumi?"

“Aku kembali ke kamar kami. Akari dan Teruko ada di sana,
juga. Setelah itu, saya pergi tidur. Saya bangun hari ini jam lima,
dan kemudian kembali ke … "
“Bagaimana dengan Akari dan Teruko? Akari, jawab. ”
"Setelah makan malam, kita tidak punya pekerjaan yang harus

dilakukan, jadi …"
Dia berhenti, dengan tangan ke pipinya ketika dia mencoba berpikir.
“Teruko dan aku bersama di kamar kami sepanjang waktu. Kemudian gempa terjadi, dan Hikari segera kembali
setelah itu . Saat itulah kami memutuskan untuk pergi tidur. ”
"Kamu bertiga berbagi satu kamar?" Tanyaku. Akari-san
mata tertuju ke arah saya seolah-olah dia tidak akan pernah menebak saya
akan berbicara.
“Ya, kami bertiga berbagi kamar. Apakah ada yang salah dengan itu?"
"Oh tidak, tidak apa-apa. ”
Hanya ingin tahu . Saya membungkuk padanya. Saya ingin bertanya apakah mereka
juga berbagi kasur yang sama, tetapi saya memutuskan untuk tetap diam.
Hmm …
Itu berarti Akari-san dan Teruko-san memiliki alibi yang kuat sampai gempa juga. Setelah itu, mereka semua pergi
ke tempat tidur, sehingga mereka tidak bisa saling menjamin.
Teruko-san mengangguk sedikit setelah mendengarkan Akari kesaksian, tetapi pada akhirnya tidak mengatakan apa-apa. Itu sederhana
isyarat, tapi entah bagaimana sulit dimengerti.
“Ini menjadi sangat rumit. "Iria-san melihat
menuju tersangka terakhir yang mungkin, Sonoyama Akane-san. "Apa
tentang kamu? ”katanya. "Apa yang kamu lakukan tadi malam?"
Akane-san, yang telah mengamati situasi dengan cermat
sampai sekarang dengan tangan terlipat dan mulut tertutup, mendesah.
“Menilai dari kenyataan bahwa tidak ada yang menyebut namaku sampai sekarang, itu mungkin cukup jelas, tetapi, ya, saya tidak bersama

siapa saja tadi malam. "Dia berbicara tanpa ragu. “Setelah saya selesai
makan malam, aku kembali ke kamarku dan masuk ke komputer. saya

sedang mengerjakan beberapa pemodelan, dan, well, saya akan mengampuni Anda
detail yang membosankan. Seharusnya ada log, sehingga Anda bisa memeriksanya
untuk bukti, tapi saya kira hal semacam itu bisa dipalsukan. saya kira Anda tidak bisa menyebutnya alibi. ”
“Saya tidak tahu banyak tentang komputer. Apa yang kamu pikirkan,
Kunagisa-san? "
"Hmm?" Kepala Kunagisa muncul (sangat sulit
melamun). "Oh. Dengan tingkat keahlian, seseorang bisa
dengan mudah memanipulasi sesuatu yang sederhana seperti log. Akane-chan,
seberapa banyak yang Anda ketahui tentang komputer? "
Akane-san menyeringai. "Mungkin tidak ada gunanya
menjawab itu. ”
"Oh, oke," Kunagisa mengangguk. “Ya, kurasa kau benar.
Dengan alat yang tepat, bahkan seorang amatir dapat mengubah log. Ini bukan
seperti itu sangat sulit. Anda dapat menemukan perangkat lunak semacam itu di mana-mana
tempat . ”
"Apakah tidak ada cara untuk melihat apakah log sudah diubah?" Tanyaku.
"Ada, tapi itu bisa dipalsukan juga. Tentang apa saja
mungkin dengan komputer, Anda tahu, jadi sulit untuk menggunakannya
konfirmasi sebuah alibi. ”
Kunagisa Tomo. Diundang ke pulau ini sebagai pemimpin itu
"Tim. “Dia tak ada taranya di bidangnya, jadi tidak mungkin dia
salah . Dalam hal ini, Akane-san tidak punya alibi untuk dibicarakan.
Akane-san menghela nafas lagi. "Tapi kurasa aku harus melakukannya
buat pertahanan untuk diri saya sendiri atau Anda akan memiliki saya di kayu salib. Begitu
Saya hanya akan melanjutkan dan mengatakannya: Saya tidak melakukannya. Tentu saya benci
seniman, tapi saya tidak berpikir mereka layak dibunuh. Sudah mati ketika mereka hidup. Itu tidak akan sepadan dengan usaha.

Saya punya
tidak ada hubungannya. ”

Dia mungkin bermaksud mengatakan, "Saya tidak ada hubungannya dengan itu,"
tapi bagaimanapun juga, dia sepertinya tidak menggertak atau bermain
tangguh, dan itu juga tidak terlihat seperti akting.
“Oke, semuanya tolong tunggu sebentar. Saya harus kerja
ini di kepala saya. ”
"Um, sebelum itu, tolong tunggu," kataku pada Iria-san. Itu
percakapan semakin aneh. Tunggu sebelum kita tunggu?
"Um, Iria-san, apa yang sebenarnya kamu coba lakukan?"
"Maafkan saya?"
"Hanya saja ini semua terasa sangat aneh bagiku, dan … dari
Tentu saja, ini adalah pulau dan rumah Anda, jadi saya tahu itu
mungkin lebih baik tidak mengatakan apa-apa, plus aku bahkan tidak benar-benar a
tamu, tapi saya tetap bertanya. Apa yang sebenarnya kamu coba melakukan?"
"Yah. Saya mencoba untuk menyelesaikan ini, tentu saja, ”
dia tersenyum lembut. "Tampaknya cukup jelas bagiku," lanjutnya.
“Ibuki-san dibunuh oleh seseorang. Dan dalam hal ini, itu
berarti dia dibunuh oleh seseorang di ruangan ini. Seperti kamu
berkata, ini adalah pulau dan rumahku. Salah satu tamu yang pernah saya kunjungi
diundang ke sini telah terbunuh, dan pembunuhnya ada di sini.
Tentunya Anda tidak berpikir kita bisa membiarkan ini sendirian? ”
Dia melirik kerumunan dengan senyum ironis.
Memang, dia benar. Ini adalah pulau terpencil. Remote,
pulau sepi, benar-benar terisolasi.
Pulau Bulu Burung Gagak Basah.
Jika ada dua belas orang di pulau itu dan satu ada
terbunuh, si pembunuh harus menjadi salah satu dari sebelas yang tersisa.
Bahkan siswa sekolah dasar dapat melakukan hal semacam itu aritmatika.
"Astaga, kematian lagi," kata Iria-san sambil menghela nafas.
Lain? Apakah dia hanya mengatakan "yang lain"?

"Dan pemenggalan kepala lainnya, pada saat itu. Mungkinkah ini pulau dikutuk? Katakan, Himena-san, bisakah kamu melihat itu? ”
"Kaulah yang dikutuk," jawab Maki-san. "Itu
Pulau hanyalah sebuah pulau. Jika ada yang dikutuk, itu adalah Anda. ”
Seperti pernyataan yang mengecewakan, Iria-san menjawab dengan senyum aneh. "Mungkin begitu . ”
Ah, semua masuk akal. Rasanya aneh bagi saya
terlepas dari sikapnya, Maki-san bisa rukun
dengan semua orang selain saya, tetapi sekarang saya mendapatkannya. Tidak ada orang lain
di pulau ini peduli tentang apa yang dikatakan orang lain.
“Mmm, tapi ini kasus yang cukup sederhana. Mungkin tidak ada butuhkan untuk semua pertanyaan ini. Lagi pula, saat kejadian cukup ditata untuk kita. ”
"Apakah itu?"
"Ini . Anda juga melihatnya, kan? Semua cat itu diketuk
selama gempa bumi, dan tubuh Ibuki-san terbaring
sisi lain . Menurutmu seberapa luas sungai cat itu
itu? "
Tidak ada yang berani menjawab, jadi saya pergi ke depan. “Cepat sekilas, saya akan mengatakan sekitar sepuluh kaki. ”
“Benar, tidak sebesar itu, tetapi tentu saja tidak cukup kecil untuk melompat
lebih . Jadi kita bisa memastikan bahwa pembunuhan itu pasti terjadi
sebelum gempa bumi. ”
Rak telah jatuh akibat gempa, menghasilkan itu
sungai berwarna marmer. Apa artinya itu? Gempa itu harus telah lebih intens dari yang saya sadari, tetapi tidak hanya itu. Apa sebenarnya arti sungai itu?
"Tunggu sebentar," potong Akane. Dia terlihat sedikit
prihatin. “Percakapan ini bukan pertanda baik bagi saya. Kamu tahu kenapa?"
Mengapa?

Semua orang selain Akane-san punya alibi sebelum
gempa bumi .
Saya bersama Kunagisa sepanjang waktu. Sama dengan Hikari-san, Maki-san, dan Shinya-san. Kesepakatan yang sama dengan Akari-

san dan
Teruko-san. Dan tentu saja, Iria-san, Rei-san, dan Yayoi-san.
Semua orang punya alibi dan bisa saling menjamin.
Iria-san benar. Tidak mungkin seseorang bisa melompat
sungai marmer cat yang dibuat gempa.
Demikian juga, tidak ada cara untuk menyeberangi sungai tanpa melangkah
di cat dan membuat jejak kaki.
Dalam hal ini…
Pembunuhan itu harus terjadi sebelum gempa bumi.
Satu-satunya yang tidak memiliki alibi pada saat itu adalah Akane-san.
Memang, ini bukan pertanda baik baginya sama sekali.
“Iria-san,” dia berdecak. “Aku hanya akan bertanya langsung padamu.
Apakah Anda pikir saya yang melakukannya? ”Itu tentu saja lurus.
"Ya," Iria-san mengakui secara langsung. “Maksudku, siapa lagi bisa?"
Akane-san memutuskan kontak mata dengan Iria-san dan berkata tidak ada . Dia bingung untuk argumen yang efektif
Otak Seven Mop miliknya. Merasakan sepotong sepotong
Sehubungan dengan dia, saya ingin melompat dan menyelamatkan dia, tetapi jika anggota Seven Fools tidak bisa memikirkan bantahan, tidak mungkin dropout program bisa.
Canggung muncul di udara untuk sementara waktu, tetapi ternyata benar
Kunagisa yang memecahkannya.
"Itu salah," katanya. “Aku tidak berpikir logis seperti itu sepenuhnya masuk akal, Iria-chan. ”
"Oh? Kenapa begitu? ”Iria-san anehnya senang mendengarnya saya t . “Ah, begitu. Anda sedang berbicara tentang kemungkinan suatu

kaki tangan. Saya kira ada kemungkinan itu. Itu akan
membuat alibi semua orang agak goyah. ”
"Tidak bukan itu . Bahkan jika Anda tidak mempertimbangkan kaki tangan,
Anda melewatkan sesuatu. Benar, Ii-chan? ”
"Hah?" Aku berseru, benar-benar terkejut akan hal itu
ditarik ke dalam ini.

"Ayo, Ii-chan, katakan padanya. Tentang apa yang terjadi terakhir malam. ”
"Tadi malam … sesuatu terjadi?"
Terlihat sangat kesal, Kunagisa membungkam. Ini adalah
hal yang cukup langka baginya.
"Apa yang bisa kukatakan? Tidak seperti Anda, saya memiliki ingatan yang buruk. ”
"Ya ampun, kamu benar-benar tidak ingat? Ingatanmu tidak buruk, tidak ada! Apakah Anda selalu melupakan hal-hal sepenting ini? Setelah gempa bumi. Shinya-chan membuat panggilan ke Kanamichan,
kanan?"
"Oh. Oh Oh! ”
Hikari-san dan Shinya-san mendongak kaget.
Betul . Shinya-san memanggil Kanami-san setelah itu
gempa dan menegaskan bahwa dia baik-baik saja. Dikonfirmasi itu tidak ada yang terjadi padanya.
Wow, itu penting, seperti yang dikatakan Kunagisa. Apa
apakah itu berarti? Apa yang akan terjadi sekarang?
“Dengan kata lain, Kanami-chan pasti terbunuh setelahnya gempa bumi . ”
"Tunggu sebentar," kata Iria-san dengan panik. "Tapi itu
sungai cat … "
"Yah, Iria-chan, itu pasti berarti ini …" dia berhenti sebentar momen. “Ladang itu terkunci. ”
Semua orang saling bertukar pandang sejenak.

Sungai cat itu pasti tidak bisa dilompati. Itu sepuluh kaki
lebar. Mungkin itu mungkin jika Anda seorang pelompat panjang, tapi
bahkan saat itu, tidak ada ruang untuk memulai. Jika kamu menganggap itu, pembunuhan itu pasti terjadi sebelum
gempa bumi, persis seperti yang dikatakan Iria-san, tapi kemudian kisah Shinya-san
tidak akan masuk akal. Segera setelah gempa,
Kanami-san tidak terbunuh atau terluka.
“Sakaki-san,” kata Iria-san, “itu suara Ibuki-san
tentu, benar? ”
Dia menjadi lebih pucat, dengan ekspresi bingung tertulis di mukanya . Akhirnya, dia mengangguk. “Ya, itu pasti Kanami.

Tidak ada kesalahan . Dia bilang dia sibuk, dan catnya sudah
jatuh jadi semuanya berantakan. Dia seharusnya
hidup setelah gempa. ”
"Aku juga mendengar Sakaki-san berbicara di telepon," Hikarisan
kata nyonyanya. “Dia bertanya padaku apakah dia bisa
menggunakan rumah
telepon dan … saya pikir Ibuki-san pasti masih hidup. ”
"Ya, dia masih … dia mencengkeram kepalanya dengan sedih. "Jika
saya
hanya pergi ke restoran bukannya mengabaikan tugas saya.
Sialan! Saya sampah! Aku hanyalah sampah! ”
Tidak banyak yang bisa dikatakan tentang itu. Hanya itu pada
akhirnya
bukan gempa bumi atau badai salju atau kebakaran yang
menakutkan.
Tampaknya ada semacam hiburan yang bisa ditemukan dalam
penyesalan.
Ini berfungsi sebagai pelarian dari apa yang ada di depan mata
Anda.
Anda akhirnya menyematkan semua perbuatan buruk Anda pada
"mantan Anda. ”
Ini bukan apa yang Anda sebut penghukuman diri.
Ketika Anda menyesali sesuatu, Anda secara teknis
menjadi baik .
Saya tidak mengatakan Shinya-san adalah monster. Manusia itu adil
kabel seperti itu. Jika ada yang monster, itu aku, hanya untuk
bisa mengacaukan kekurangan orang seperti ini.

"Ini mulai menjadi aneh," kata Akane-san, membelai
dagunya. "Menurut Shinya-san, Hikari-san, dan Kunagisasan
kesaksian, pembunuhan itu pasti terjadi setelah
gempa bumi . Tetapi setelah gempa bumi, sungai cat itu
sudah terbentuk, dalam hal ini tidak ada orang yang bisa
telah membunuhnya. Dalam hal ini…"
“Itu benar, Akane-chan. ”Kunagisa menyela. Dia punya
yang dia dapatkan ketika dia mulai menemukan sesuatu
menarik “Ini adalah situasi yang sangat aneh. ”
"Ketika kamu mengatakan bahwa bengkel itu terkunci, maksudmu
…" Iriasan
mengangguk, tampaknya yakin. "Hmm. Memang, bahkan sekarang,

cat itu tidak kering, ya? Mungkinkah ada cara untuk melakukannya memanjat dan memasuki ruangan? Katakan, Akari, dimana telepon rumah di bengkel Ibuki-san? ”
"Ada di sebelah jendela, di dudukan telepon," Akari-san dijawab dengan sangat pasti.
Iria-san menyilangkan tangannya dan mempertimbangkan ini. "Kunagisasan,
Anda telah mengajukan pertanyaan ini, tetapi saya kira Anda tidak tahu
jawabannya sudah? Apakah Anda tahu siapa yang melakukannya? "
"Tidak," jawab Kunagisa, anehnya percaya diri.
Tentu saja, saya juga tidak tahu.
Tidak ada yang tahu.
“Bagaimana dengan jendelanya? Apakah mungkin orang itu masuk melalui jendela? "Shinya-san bertanya.
Hikari-san menjawab. "Tapi ini lantai dua. Bukan saya pikir itu mungkin. Dan saya cukup yakin jendela itu terkunci dari dalam, jadi— "
"Jadi sama sekali tidak bisa dibuka dari luar?"
"Mungkin," jawab Hikari-san.

Periksa. Jadi jendelanya tidak mungkin, begitu juga jendelanya pintu Itu tidak mungkin terjadi sebelum gempa bumi atau sesudahnya
gempa, jadi …
Baik .
Kami berada di jalan buntu.
Semua orang terdiam lagi. Dan kemudian, mata mulai bergeser kembali ke arah Akane-san.
"Hah?" Dia tampak sedikit terkejut. “Hei, kupikir sudah membersihkan diriku. ”
"Mungkin tidak," kata Iria-san. “Membersihkan sungai cat itu tidak mungkin, kan? Jadi, pada akhirnya, itu pasti sebelum gempa bumi . ”
"Bagaimana dengan apa yang Shinya-san katakan?"
"Dia bisa saja ditipu. Mungkin itu sebuah auditori halusinasi atau sesuatu. ”
Halusinasi pendengaran? Omong kosong Itu tidak masuk akal.
Saya harus mengatakan sesuatu.
"Aku pikir itu yang ingin kau percayai," kataku.

"Kurasa tidak," kata Iria-san, tidak terpengaruh oleh pendapatku. "Bahkan seandainya itu bukan halusinasi pendengaran, itu bisa saja dengan mudah menjadi semacam kesalahpahaman lainnya. Tidak ada
menyeberangi sungai cat itu, itu pasti. Jadi itu
logis untuk menganggap pembunuhan itu terjadi sebelum
Gempa bumi, dalam hal ini tidak bisa siapa-siapa selain Akanesan. ”
"Ini tidak baik," kata Akane-san, tampak benar-benar khawatir. "SAYA
tahu ini mungkin tidak akan membantu kasus saya, tetapi saya tidak dapat membantu
tapi rasanya alibi Akari-san dan Teruko-san agak samar.
Maksud saya, anggota keluarga saling menjamin? Tidak akan tahan di pengadilan. ”
"Kami tidak berbicara tentang pengadilan," kata Iria-san datar.

"Kurasa tidak," kata Akane-san seolah dia mengharapkan itu tanggapan. “Tetap saja, menentukan penjahat dengan proses eliminasi tidak masuk akal. Itu konyol. Dan sederhana saja mengabaikan kesaksian Sakaki-san bukanlah apa yang akan saya sebut
pemikiran logis. Itu pemikiran selektif. ”
"Berpikir selektif?"
Akane-san menatapku, seolah berkata, "Tolong, tolong." menjelaskan?"
"Bias konfirmasi," kataku, tiba-tiba teringat
dari pelatihan program saya bahwa seseorang tidak pernah mengungkapkan miliknya
kebodohan bagi seorang “senior. "Dengan kata lain, itu berarti ketika kamu
hanya pertimbangkan kesaksian dan bukti yang sesuai dengan pendapat Anda
dan menghapus semua bukti yang bertentangan sebagai semacam kebetulan. Sebenarnya, mereka mengatakan itu dalam kemampuan supranatural
eksperimen, mereka ”—mata saya beralih ke Maki-san—
“Mereka sering menggunakannya. 'Cinta Kering,' bukan? Mereka terobsesi dengan apa pun
bukti yang menunjukkan kemampuan ini ada sementara mengabaikan apa pun

bukti yang menunjukkan mereka tidak. Ini cara mereka mendapatkannya
hasil yang diinginkan, saya kira. ”
"Aku tidak benar-benar mengikutimu. ”
Saya telah melakukan semua upaya untuk mengingat hal-hal ini, dan
di sini Iria-san bahkan tidak mendengarkan. Buang-buang nafas.
Akane-san menghela nafas dalam-dalam.
"Aku kira Ibuki-san dan aku berhubungan cukup buruk, tapi masih…"
Saya ingat pertengkaran buruk mereka dari malam sebelumnya
makan malam. Itu tidak benar-benar melakukan keajaiban untuk kasusnya. Tentu saja
bukan hanya kurangnya alibi Akane-san yang membuat Iria-san
sangat meragukannya, tapi ini juga.

Tentu saja, bukan karena aku tidak mengerti milik Iria-san
perasaan. Tetapi jika Anda mempertimbangkan kesaksian Shinya-san,
bahkan Akane-san tidak bisa menjadi tersangka.
Itu adalah kejahatan yang tidak wajar. Tidak ada tersangka.
Ada satu korban dan nol tersangka. Situasinya tidak
masuk akal . Dan dengan demikian untuk memperbaikinya …
"Kesaksian Sakaki-san sepertinya agak teduh," Iriasan
kata, menatapnya. "Bahkan jika itu bukan dusta, itu harus dilakukan
menjadi semacam persepsi salah atau mimpi atau semacamnya. ”
"Tapi aku mendengarnya berbicara di telepon," kata Hikari-san.
Iria-san menggelengkan kepalanya. “Bukannya kamu mendengar suara Ibuki-san
suara, kan? Sakaki-san adalah satu-satunya yang mendengar suaranya
secara langsung, yang berarti … "
"Ayo, itu—" Shinya-san mulai memprotes, tetapi seolah-olah
menyadari bahwa dia tidak punya dasar untuk berdebat, dia terdiam.
"Hmm. Nah, jika memang begitu, saya kira tidak ada
pilihan selain mencurigai saya. Itu salah satu cara untuk melihat berbagai hal,
ngomong-ngomong, "kata Akane-san, hampir seolah dia sedang

berbicara tentang
orang lain . Bahkan sekarang, dia tampaknya tidak berbohong atau bertindak.
Sonoyama Akane, sistem ER3, Seven Fools. Dia sepertinya semua terlalu terbiasa dengan kekacauan semacam ini. "Tapi tetap saja, kamu tidak
punya bukti. Iria-san, bahkan jika kamu adalah nyonya ini
pulau dan rumah besar ini, Anda tidak akan memperlakukan saya seperti penjahat
tanpa bukti, kan? Ini mungkin bukan pengadilan hukum
di sini, seperti yang Anda katakan, tapi itu bukan novel detektif tua yang berdebu,
baik kan? Anda tidak bisa hanya berasumsi bahwa saya adalah penjahat
proses eliminasi dan berpikir selektif yang tidak formal ini.
Tidak ada yang bisa melakukan itu. ”
"Tapi Sonoyama-san, kamu juga tidak bisa membuktikan kalau kamu tidak
penjahat. ”

“Kamu tidak bisa meminta yang tidak bersalah untuk membuktikan bahwa mereka tidak bersalah. Kamu
tidak dapat membuktikan yang tidak dapat dibuktikan. Saya tidak bersalah sampai terbukti bersalah. ”
"Kau bicara hukum lagi. ”
Bahu Akane-san merosot. "Yah, apa maksudmu,
Iria-san? Jadi saya tersangka utama. Baik . Itu mutlak
benar Saya satu-satunya yang tidak punya alibi sebelum gempa.
Tidak ada yang bisa memasuki bengkel setelah gempa bumi.
Tentu, saya juga ikut dengan Anda. Karena itu, milik Sakaki-san kesaksian menjadi curiga. Masuk akal . Jadi bagaimana sekarang?"
Begitu…
Apa sekarang?
"Apa yang harus kita lakukan?" Iria-san melihat sekeliling meja dengan ekspresi bermasalah. Sepertinya dia tidak memikirkan apa pun
lebih jauh dari ini. Bagaimana anti.
"Lemparkan aku ke polisi atau apapun yang kamu mau," Akanesan kata, menyapu poni dari wajahnya.
Akane-san dari Seven Fools dikirim ke polisi?

"Aku benci polisi," kata Iria-san, masih bingung saat dia menatap langit-langit. "Oh, apa yang harus dilakukan?"
Sekali lagi berat mengisi udara.
Aku berbisik pada Kunagisa. “Hei, Tomo. ”
"Ada apa, Ii-chan?"
"Apakah tidak ada cara untuk menghentikan perburuan penyihir ini?"
"Ada. ”
"Ya?"
"Ya, tapi" —dia menatapku— "kamu harus melakukannya, bukan saya . ”
"Ya, oke," aku mengangguk, lalu mengangkat tanganku.
Iria-san called on me with a confused look . “Yes, you . ” Ah, bagus It was so nice not to be ignored .
“I have a suggestion . ”

"Iya nih?"
“How about using the room I've been staying in? Terlihat like you can only lock and unlock it from the outside . Bagaimana jika
we kept Akane-san there for a while?”
“Kept her there?” She eyed me dubiously . “You mean like imprisonment?”
“Not imprisonment, exactly . Not imprisonment, just… a

periode pengasingan yang singkat. Iria-san, kupikir hal terbesar kita harus takut sekarang adalah bahwa ini berubah menjadi string pembunuhan. Kanami-san terbunuh. Oke, itu sudah dikatakan dan selesai Aku benci untuk terus terang tentang hal itu, tetapi apa yang dilakukan sudah selesai.
Tapi yang lebih penting, kita tidak bisa membiarkan orang lain mati. Itu
cara tercepat untuk menghadapi situasi seperti ini adalah dengan mengisolasi
tersangka utama. Jika Akane-san benar-benar pembunuhnya, tentu saja
dia tidak akan bisa melakukan pembunuhan lagi. Jika, pada
Di sisi lain, orang lain menggunakan semacam trik dan
berhasil menyelinap masuk dan membunuh Kanami-san setelah

gempa,
maka orang itu akan terhenti. Lagipula, jika
mereka mencoba sesuatu lagi, itu akan membuktikan Akane-san tidak bersalah. ”
Saya melihat sekeliling untuk melihat tanggapan orang.
“Dengan kata lain, buat lingkungan yang antagonis, jadi
bahwa si pembunuh tidak bisa bergerak. Ini termasuk Akane-san, sebagai
dan juga semua orang. Bengkel mungkin telah dikunci, tetapi
pintu yang dikunci dibuat untuk dibuka. Mungkin ada
beberapa trik. Mungkin tidak ada. Itu tidak masalah.
Yang penting adalah kita juga tidak tahu. Akane-san
mungkin telah melakukannya. Orang lain mungkin punya. Bahkan saya mungkin
miliki. Saya mungkin tidak. Jadi saya pikir hal terbaik untuk dilakukan adalah membuat
situasi di mana si pembunuh tidak dapat melakukan apa pun. ”

"Ah, aku mengerti," kata Yayoi-san, sedikit mengejutkanku. "Bahwa sangat masuk akal. Saya harus mengatakan saya setuju. Saya tidak berpikir
ada dasar yang sangat kuat untuk mencurigai Sonoyama-san sendirian.
Alasan Iria-san agaknya sewenang-wenang. ”
Iria-san memberinya tatapan bingung. Namun . Yayoi-san melanjutkan.
“Aku pikir itu bukan ide yang buruk. Tapi Anda tidak bermaksud adil
kunci dia selamanya, kan? Di kamar yang mengerikan itu? ”
Hei, aku sudah tidur di kamar yang mengerikan itu, sial.
Borjuasi buruk.
"Yah, sampai polisi datang. Ini adalah pulau pribadi
seharusnya tidak perlu lebih dari satu atau dua hari untuk mendapatkan simpatisan
diluar sini . ”
"Aku tidak akan memanggil polisi," kata Iria-san, sepenuhnya mengejutkan saya.
Eh? Maafkan saya, Nyonya, apa hal terburuk yang Anda alami diucapkan?
“Maksudku, apa gunanya, kan? Bahkan jika kita memanggil polisi,

mereka hanya akan menganggap Sonoyama-san adalah penjahat dan itu akan berakhir
disana Polisi tidak akan melakukan apa pun. ”
Bukan kata-kata Iria-san yang membuatku curiga, tapi dia
Raut Wajah . Polisi tidak akan melakukan apa pun? Kenapa dia mengatakan itu dengan wajah tegas seperti itu?
“Tapi kita tidak bisa tidak memanggil polisi. Jika kami melakukan itu, di sana
tidak akan ada gunanya membatasi dia. ”
"Belum tentu . Kita hanya harus mengumpulkan semuanya sementara dia ada di sana. Kami akan melacak pelakunya
bukti dan alasan. Bukankah itu masuk akal bagimu? ”
"Apakah kamu yang akan menyelidikinya, Iria-san?"
Sesuatu tentang gagasan Iria-san untuk menggunakan "alasan" tidak berlaku
baik dengan saya sama sekali. Tapi yang mengejutkan saya, dia menggelengkan kepalanya.

"Tidak, bukan aku, tentu saja. Apakah kamu tidak ingat? aku sudah bilang
kemarin, kan? Dalam seminggu — tidak, enam hari — sehebat itu, manusia yang luar biasa datang ke pulau ini. ”
Detektif novel misteri pepatah ini. Iria-san
favorit.
Pahlawan Iria-san.
"Tentunya Aikawa-san akan menghancurkan masalah ini berkeping-keping. ”
Berkeping-keping. Ekspresi yang luar biasa. Dan dia tidak melihat sepertinya dia juga melebih-lebihkan.
"Enam hari lagi, ya?" Akane-san berkata dengan sinis, membiarkannya
lengan bersilang jatuh di sampingnya. “Yah, terserahlah. Baik
baik . Saya tahu saya tidak bersalah, tetapi jika ini yang diperlukan meyakinkan Anda, apa yang bisa saya katakan? Saya kira kita bisa mempercayai ini
Aikawa-san? "
"Iya nih . Tentu saja . "Iria-san mengangguk percaya diri. Anda bisa rasakan keyakinannya yang paling dalam pada pahlawannya ini hanya dari melihat
dia.

Akane-san menghela nafas sekali lagi. "Baik . Ayo lakukan kemudian . ”
"Aku ingin tahu apakah itu benar-benar hal yang benar untuk dilakukan," kataku
bermain dengan rambut Kunagisa. Dia bilang itu terlalu berat semua terikat
naik tinggi seperti itu dan ingin aku mengulanginya. Di sini saya punya
pikir itu menggemaskan, tetapi jika dia tidak menyukainya, aku tidak punya
pilihan.
Semua orang sejak berpisah, dan kami berdua telah pergi kembali ke kamar Kunagisa.

“Aku pikir tidak apa-apa. Cukup banyak yang saya harapkan terjadi Akane-chan juga harus berterima kasih, eh? Itu adalah
ide yang jauh lebih baik daripada melanjutkan pertengkaran tidak produktif itu,
pokoknya. ”
"Hmm, aku ingin tahu …"
Sebagai orang yang menyarankan ide itu sejak awal, saya
tidak bisa membayangkan Akane-san terlalu senang tentang itu. Saya merasakan
sedikit bersalah. Mungkin itu satu-satunya solusi, tetapi saya
Mau tak mau bertanya-tanya apakah ada cara lain.
"Semua selesai . ”
“'Sankyuu. "Dia merangkak ke rak komputernya dan duduk
turun dengan dia kembali padaku. Kemudian dia menyalakan power
dan mulai mengetik.
"Aku hanya … Aku merasa seperti kita telah berbuat salah Akane-san. ”
"Mungkin begitu . Tapi ada beberapa hal yang tidak bisa dihindari, kau tahu, Iichan? ”
Setelah sarapan, Akane-san pergi ke kamarku untuk menjemputnya
memiliki dua kaki. Sudah diputuskan bahwa Akari-san dan sang
yang lain akan mengantarkan makanan kepadanya secara langsung, dan dia akan melakukannya
harus memanggil mereka dari telepon kamar setiap kali dia inginkan

untuk menggunakan kamar mandi.
Akane-san telah meminta lampu baca agar dia bisa lewat
enam hari berikutnya membaca buku-buku yang dibawanya.
Enam hari … Secara objektif, ruangan itu bukan a
lingkungan yang sangat buruk. Tapi pintunya tidak bisa
tidak dikunci dari dalam dan jendelanya sangat tinggi—
hampir tidak ada cara untuk melarikan diri. Dalam pengertian itu, sungguh
adalah penjara.
Enam hari .
Itu terlalu lama untuk dikunci.

"Kalau saja Iria-san memanggil polisi, kita tidak perlu melakukannya
lakukan semua ini. Sepertinya dia berusaha menutupi insiden itu sama sekali. ”
"Tapi Iria-chan benar, kau tahu? Jika dia menelepon polisi,
mereka akan menyalahkan Akane-chan dan menutup kasingnya dengan benar
disana Atau bahkan jika mereka tidak menghukumnya, dia akan menjadi seorang
tersangka. Maksudku, tidakkah kamu ingin menghindari sesuatu seperti
bahwa? Serius, salah satu dari Tujuh Orang Bodoh menjadi pembunuhan
tersangka?"
"Apakah kamu tahu banyak tentang ER3, Tomo?"
“Aku punya beberapa kenalan dari sana. Tapi saya yakin
Anda tahu lebih banyak daripada saya. ”
"Berbicara tentang Seven Fools, Akane-san tidak memiliki kriminal kekebalan atau apa, kan? "
"Tapi itu akan menjadi situasi yang lebih buruk bagi saya, bukan untuk
sebutkan Yayoi-chan dan Maki-chan, yang keduanya baik-baik saja dihormati. Tidak ada yang membutuhkan skandal seperti ini untuk menghadapi. Dari
tentu saja hal yang sama berlaku untuk Iria-chan. Jadi wajar saja kalau dia
tidak memanggil polisi. ”
"Alami, ya?"

Mungkin pulau ini sendiri yang tidak wajar. Tapi
Menilai dari sikap Iria-san, aku merasa ada
lebih ke cerita. Seperti dia punya beberapa yang lebih mendasar alasan untuk tidak ingin memanggil polisi.
"Apakah kamu mengira Iria-san memiliki alasan khusus untuk itu tidak menyukai polisi? "
"Yah, bagaimana jika kita bertanya padanya?"
"Aku ragu dia akan memberi tahu kita. ”
"Ya, mungkin . Lagi pula, mengapa khawatir tentang hal itu? Sekali ini
Karakter Aikawa, Iria-chan sangat tergila-gila di sini,
semuanya akan terpecahkan. Ini hanya enam hari lagi. ”

"Ya, tapi …"
Iria-san adalah nyonya pulau, dan jika dia bilang tidak
polisi, tidak ada yang melawannya. Untuk apa nilainya,
mungkin tidak akan ada lagi pembunuhan dengan Akane-san
terkunci di pengasingan. Tetapi tetap saja…
“Katakan, Tomo. ”
"Apa, Ii-chan?"
“Aku ingin meminta bantuan. ”
"Saya menerima . Apa itu?"
“Bisakah kamu melakukan sesuatu tentang pintu yang terkunci itu?
"Aku tidak tahu, tapi untukmu, aku akan mencoba. ”
Tidak perlu menghabiskan enam hari berikutnya hanya duduk sekitar. Saya adalah orang yang telah mengusulkan tindakan ini sejak awal, jadi saya punya kewajiban untuk memberikan kasus ini beberapa serius
berpikir.
"Jika kita dapat memecahkan kasus ini dengan cepat, kita tidak perlu melakukannya
tetap akane-chan terkunci di sana, apakah dia melakukannya atau tidak. ”
Dia memutar kursinya untuk menghadap saya. Dia memberi isyarat saya lebih dekat. "Sini sini . "Saya berjalan ke komputer sebagai diceritakan.
“Untuk saat ini, aku sudah mengetik alibi semua orang. ”
Ibuki Kanami (terbunuh)
Sonoyama Akane
Sebelum gempa bumi: X

"Terlihat benar?"
“Aku mengerti O dan X, tapi apa itu
segitiga?"

“Akane-chan benar tentang kesaksian keluarga. Iria-chan,
Sepertinya Rei-chan, Akari-chan, Hikari-chan, dan Teruko-chan
banyak yang cukup terhormat, jadi untuk saat ini, mereka
mendapatkan cek. Nya
Hanya saja, well, alibi mereka tampak agak goyah. ”
Dia menggulir ke bawah layar dan memeriksa bagan alibi
sekali lagi .

"Untuk sekarang, mari kita abaikan kemungkinan kaki tangan," aku kata. “Dan itu termasuk ikatan keluarga. Jika kita berasumsi sebanyak itu,
kita bisa menghapus Shinya-san dan Maki-san dari daftar tersangka. Oh, dan juga Rei-san dan Iria-san. ”
Empat orang jatuh.
Tujuh orang pergi.
"Jika kesaksian Shinya-san akurat, maka terkunci
ruangan dengan cat menjadi masalah. Tetapi jika itu bohong,
itu berarti hanya Akane-san yang bisa melakukannya. ”
“Tapi aku tidak bisa membayangkan kenapa Shinya-chan berbohong. ”
“Yah, itu bisa saja kesalahpahaman atau semacamnya bukannya bohong. ”
Nah, bagaimana dengan itu.
Aku mulai terdengar seperti Iria-san.
"Tapi kamu tahu, Akane-san benar-benar tersangka utama di sini, berbicara secara objektif. ”
"Ya, kamu tidak bisa tidak berpikir begitu, melihat grafik ini. Tidak peduli seberapa adil atau simpatiknya Anda, itu tidak berubah
fakta bahwa dialah satu-satunya yang tanpa sedikit pun
alibi Jika bukan itu masalahnya, dia mungkin tidak akan melakukannya
menerima seluruh gagasan pengasingan ini. ”
"Ya, pasti. Jadi, Tomo, apa menurutmu Akane-san yang melakukannya? ”
“Aku tidak akan mengatakan itu. Seperti yang dia katakan sendiri, tidak ada
bukti. Anda tidak dapat memutuskan siapa penjahatnya dengan proses

eliminasi sendiri. Kami bahkan belum memeriksa Kanami-chan tubuh belum, baik. ”
“Ah, dan kurasa masih ada fakta bahwa ruangan itu terkunci. ”
“Tapi jika kamu memperhitungkannya, tidak ada yang bisa melakukannya
kejahatan . Ii-chan, kamu punya ide tentang itu? ”
"Aku punya beberapa," kataku sambil merenung. "Mungkin aku

akan memikirkannya
sesuatu keluar setelah beberapa saat. Bagaimana denganmu, Tomo? ”
"Aku punya banyak ide," katanya. “Hanya perlu memberikannya sedikit
lebih banyak berpikir dan semua harus masuk ke tempatnya. Oh, dan Iichan?
Apakah kesaksian Shinya-san benar atau tidak, saya pikir pembunuhan terjadi setelah gempa bumi. ”
"Hah? Mengapa?"
“Foto dirimu itu. Apakah Anda benar-benar berpikir dia bisa melakukannya?
selesai gambar seperti itu sebelum gempa? Bukan saya
pikir juga begitu. ”
"Baik…"
Sulit dikatakan. Kanami-san sangat cepat ketika
datang untuk melukis. Tetapi jika apa yang dikatakan Kunagisa benar, maka itu
semakin yakin bahwa pintu itu telah dikunci. Bahwa
tidak akan menjadi perkembangan yang paling membantu dalam kasus ini.
“Dan kemudian ada tubuh tanpa kepala itu sendiri. ”
Aku mengangguk .
Terlepas dari siapa yang membunuhnya, mengapa mereka memotong kepalanya
mati?
“Mereka mengatakan untuk waspada terhadap identitas yang ditukar ketika mayat
muncul tanpa kepala, tapi kurasa tidak perlu
untuk keraguan dalam kasus khusus ini. Ada dua belas orang, satu kepalanya dipotong, dan sekarang ada sebelas. Dan kita tahu persis siapa dan di mana sebelas orang itu berada. ”

“Jika itu salah satu dari tiga saudara perempuan pelayan yang terbunuh, itu
akan menjadi masalah nyata, ya? "Kata Kunagisa. "Tetapi dengan Kanami-chan, mungkin tidak perlu khawatir tentang itu. Jika ada orang lain di pulau ini yang akan berbeda,
tapi kamu tahu. ”
“Kita juga tidak perlu mempertimbangkan gagasan itu. Jika kita

anggap ada X jumlah orang lain di pulau ini, semuanya
penyempitan tersangka dan pencarian alibi ini menjadi
tak berarti . Saya tidak tahu apa ini 'detektif' datang dalam enam hari
harus mengatakan tentang hal itu, tetapi untuk sekarang mari kita khawatirkan saja
sebelas orang yang kita kenal. ”
"Kau mengatakannya," katanya, menganga di langit-langit. "Sekarang, jika kamu
pertimbangkan kemungkinan kaki tangan atau sejenisnya
tipuan jarak jauh, hanya Anda dan saya yang bisa dilepaskan dari tersangka
daftar. ”
"Kenapa aku juga?" Kataku.
"Karena aku percaya padamu," jawabnya dengan dingin. “Tetap saja, mengapa melakukannya
harus dipancung? Pengalihan tubuh adalah satu-satunya yang layak
alasan saya bisa memikirkan. Tapi saya ingin tahu … mungkin itu bahkan tidak
bagaimana dia meninggal. ”
"Ya. Jika ya, tidak akan ada darah begitu sedikit. Saya t
akan lebih seperti sungai darah. Tapi sekilas,
sepertinya tidak ada luka tikam atau apa pun, jadi
mungkin dia diracun atau dicekik. Maksudku, hanya untuk berspekulasi. ”
"Aku ingin tahu apakah dia turun dengan mudah. ”
"Mungkin. Kakinya tidak bekerja, dan meskipun dia
penglihatan telah kembali, itu pasti tidak sempurna. Sekali kamu
mendekatinya, tindakan membunuhnya mungkin tidak akan
sangat sulit . Dan memotong kepala tidak akan banyak
tantangan juga. ”

Selama Anda tidak ragu-ragu, itu hanya butuh beberapa menit .
“Tidak ada motif yang jelas juga. Kenapa Kanami-san punya untuk dibunuh? "
“Tidak ada yang harus dibunuh. Tapi ya, saya bertanya-tanya mengapa.
Selain Shinya-chan, semua orang di sini baru saja bertemu Kanamichan,

kanan? Hmm, tapi mungkin bukan itu masalahnya. Mungkin seseorang benar-benar memiliki hubungan dengannya sebelumnya datang kesini . Itu tidak akan aneh. ”
"Kurasa kau bisa menduga apa saja tentang itu
subjek ”
Dalam hal ini, tidak ada gunanya menganggap apa pun.
Kunagisa mengerang.
"Yah, mari kita khawatirkan detail-detail lain ini dulu, dan mencari tahu siapa yang tahu siapa di kemudian hari. ”
"Bagaimana kita akan melakukan itu?"
"Kamu pikir kamu bicara dengan siapa?" Dia menyeringai padaku. Tentu saja .
Gadis berambut biru ini memiliki "latar belakang," bisa dikatakan.
"Nah, akankah kita melakukan investigasi TKP?" Dia mengambil kamera digital terdekatnya.
Dalam perjalanan ke kamar Kanami-san, kami melewati Yayoi-san. saya
bermaksud menyambutnya, tetapi ada sesuatu yang tidak bisa didekati
tentang dia, dan aku melewatkan kesempatanku. Dia terus berjalan masuk
arah yang berlawanan. Kami telah melewati satu sama lain, tetapi sepertinya dia bahkan tidak memperhatikan keberadaan kita.
"Aku ingin tahu apa yang dia lakukan," kata Kunagisa. "Sesuatu sepertinya agak aneh tentangnya. ”

“Dia terlihat agak khawatir tentang sesuatu. Atau mungkin hanya dalam pemikiran yang mendalam. ”
"Hmph. Mungkin dia melihat sekeliling Kanami-chan
kamar, kau tahu? Mungkin dia punya ide yang sama dengan kita. Selesaikan
kasus cepat sehingga kita semua bisa pulang. ”
“Hmm, aku bertanya-tanya. Dia sudah lama di sini, kan? saya ragu dia tiba-tiba ingin berkemas dan pergi. ”
"Eh, mungkin. Tapi secara pribadi saya benci pulau tempat pembunuhan
terjadi . ”
“Aku benar-benar ingin tahu tentang itu. ”
Tepat sebelum kita semua bertebaran dari ruang makan, Iria-san telah menetapkan aturan. "Sampai Aikawa-san tiba di sini dalam

enam hari,
tidak ada yang meninggalkan pulau itu. Kita semua adalah tersangka di sini
termasuk. ”
Dengan kata lain, Akane-san bukan satu-satunya makhluk dipenjara. Dan itu bukan hanya rasa ingin tahu yang memotivasi Kunagisa
untuk menggali lebih dalam. Dia ingin pulang sesuai rencana. Seperti malas
dia, dia anehnya anal tentang rencana.
"Yah, bagaimanapun juga itu baik. Saya tentu tidak akan keberatan jika
Yayoi-chan menyelesaikan kasus ini untuk kita. ”
“Aku tidak berpikir itu yang dia lakukan. Dia punya semacam melankolis, getaran muram tentang dia. Mau tak mau aku bertanya-tanya apakah
dia membuang bukti atau sesuatu. ”
"Itu tentu akan sangat menyebalkan bagi kita," kata Kunagisa, menatapku melalui kamera digital. "Ayo cepat dan
coba lihat . ”
Pintu Kanami-san dibiarkan terbuka. Anda bisa melihat
di dalam pintu pembuka luar. Sepertinya tidak ada
sekitar. Saya bertanya-tanya apa yang dilakukan semua orang, kecuali
Akane-san, yang mungkin di ruang penyimpanan. Tetapi saya memutuskan untuk mengesampingkan pemikiran itu untuk sementara waktu. Orang-orang

akan melakukan apa yang mereka mau, sejauh mereka diizinkan. Itu tadi
benar di pulau ini, dan itu benar di tempat lain.
Kamar berbau seperti cat lebih tipis seperti biasa, tetapi cat sepertinya sebagian besar sudah kering sekarang. Tubuh Kanami-san tetap ada
di tempat yang sama tadi pagi, dan melihat
jika tidak persis sama.
"Jadi, mari kita periksa …"
Ada sesuatu yang sangat … lucu tentang tanpa kepala
tubuh. Apa yang membuat mayat begitu menyeramkan dan menakutkan adalah itu

Ekspresi tanpa emosi di wajah, tetapi tanpa kepala
tampilan wajah itu, menyeramkan dan teror diganti dengan
keriangan. Ini seperti melihat upaya kacau di plastik
model atau sesuatu.
Sungai marmer. Mantel Kunagisa tetap berada di sana
Tengah .
“Ngomong-ngomong, tentang mantel itu. Berapa harganya? ”
“Itu adalah bagian dari set dua potong untuk sekitar dua puluh ribu, aku
pikirkan. ”
"Dolar?"
“Tidak, yen. ”
Wow, harga rata-rata. Saya sedikit terkejut.
"Yah, mungkin sebaiknya masuk ke dalam. “Saya mencoba mengambil langkah
maju, tapi dia menarik lengan bajuku seperti dia punya itu
pagi "Apa sekarang?"
“Coba lompat. ”
"Hah?"
"Ayo . Itu sebuah eksperimen. Dapatkan sedikit berlari mulai dari sini
dan lihat apakah Anda bisa melompati sungai cat itu. Keterampilan atletik Anda
tidak terlalu buruk, kan? "
"Mereka juga tidak begitu baik. ”
“Cobalah. ”

"Kamu mengerti. ”
Saya bangkit sedikit dan memberikan lompatan terbaik saya, tetapi sebagai
diharapkan, saya tidak bisa membersihkan sungai. Saya mendarat dengan kedua kaki, hanya
sedikit melewati titik tengah.
"Hanya itu yang akan kamu dapatkan. ”
"Hmm. "Kunagisa melangkah, menggunakan mantelnya sebagai
Batu loncatan . "Jika kamu bahkan tidak bisa melakukannya, hanya Shinya-san
orang di sini yang bahkan mungkin punya kesempatan. Dia satu-satunya
pria lain dan semua. ”

“Ya, tapi pelayan itu sepertinya cukup sehat
jujur. Maksud saya, mereka membawa semua barang bawaan Anda, termasuk itu
PC dan workstation. Benda-benda itu tidak ringan. ”
"Ya, tapi mereka semua mungil. Itu hanya masalah lebar.
Hmm, tapi sekali lagi, orang selalu mengatakan kemampuan cocok
kebutuhan. Saya kira detailnya sedikit kabur. Sekarang, mari kita lihat
apa yang terjadi dengan Kanami-chan. "Dia mendekati milik Kanamisan
tubuh, kamera di tangan.
Dia tampaknya sangat tertarik untuk memeriksa
tubuh, sementara aku lebih peduli dengan Kanami-san
kanvas. Ada beberapa yang tergeletak di sekitar, termasuk
gambar bunga sakura yang telah dia hancurkan, serta gambar
ulangi Saya harus gemetar saat melihatnya. Bahkan aku, yang belum
begitu banyak minat yang lewat pada seni atau estetika, tidak dapat disangkal
bahwa saya sedang melihat keindahan yang murni dan tidak ternoda.
Dan kemudian ada gambar yang saya modelkan.
Kanami-san telah berjanji untuk memberikannya kepadaku, tetapi aku tidak bisa
terima sesuatu seperti ini. Saya tidak punya saraf baja
semua.
"Aku mungkin hanya mengoceh di sini, tapi …"

Saya pergi untuk mengambil lukisan itu, tetapi kemudian berhenti sendiri. Saya t
mungkin buruk meninggalkan sidik jari. Kemudian
lagi, itu mungkin tidak penting.
Hah?
“Hei, Tomo. ”
"Ya?"
"Apakah tidak ada yang aneh dengan lukisan ini?"
"Maksudmu fotomu itu? Hmm? Apa yang aneh Nya
lukisan normal. ”
Tentu saja rasa Kunagisa bukanlah hal yang paling biasa
di dunia, juga, tapi itu intinya. Sesuatu

tentang lukisan itu mati, dengan cara yang sangat halus. Saya t bukan apa-apa tentang gambar itu sendiri, tetapi hanya yang aneh Perasaan absurditas itu entah bagaimana tersampaikan.
“Yah, tetap saja, ambil gambarnya, ya?
Sesuatu tentang itu mengganggguku. ”
"Oke . Hmm, aku masih belum menemukan sesuatu yang aneh disini ”
Dia tampaknya sedang memeriksa tubuh Kanami-san.
"Sungguh?" Kataku, berjalan menghampirinya.
"Ya. Saya tidak profesional sekalipun. Penyebab kematian adalah masih menjadi misteri, dan saya tidak bisa mempersempit waktu kematian,
antara . Tanpa koroner, itu mungkin mustahil. Jika hanya
Iria-chan juga mengundang seorang genius medis di sini. Anda tahu, seperti
Blackjack atau sesuatu. Kemudian lagi, bahkan dengan koroner, itu mungkin akan sangat sulit tanpa kepala tubuh. ”
"Kurasa kita tidak akan mencari tahu apa-apa di sini setelah ini semua. ”
"Ya. "Dia mengangkat mayat itu di bawah lengannya. Bahkan bertahun-tahun
dia tidak punya keraguan untuk menyentuh mayat. “Agak enak aku kembali, kau tahu? Ini seperti masa lalu. ”

“Ya, kamu benar, tapi … Aku tidak merasa seperti itu.
Sepertinya saya melihat mayat untuk pertama kalinya lagi.
Sudah mengganggu saya untuk sementara waktu. ”
Ada semacam ini yang tak terkatakan, membingungkan perasaan. Seperti ketika Anda menemukan bekas luka di tubuh Anda sendiri, Anda
tidak ingat pernah.
"Ini jamais vu. ”
"Itu apa?"
“Kebalikan dari déjà vu. Itu berarti Anda merasa seperti Anda melakukan sesuatu untuk pertama kalinya, meskipun Anda sudah melakukannya
melakukannya berkali-kali sebelumnya. Seharusnya itu terjadi saat Anda
indra telah mati rasa. ”
Kemudian indraku pasti mati rasa beberapa lama

lalu.
Lagipula, banyak hal terjadi di luar negeri.
"Pokoknya," kata Kunagisa. “Tidak ada luka tusuk.
Jadi mungkin dia dicekik. Dan kemudian menyembunyikannya memar, si pembunuh memotong kepalanya. ”
“Kedengarannya gila, tapi … ini yang tidak kudapat. Terserah pembunuh yang biasa memotong kepala — pisau, kapak, kapak, apa pun itu — mengapa mereka tidak menggunakannya untuk membunuhnya? "
"Mungkin mereka melakukannya. Tidak ada luka tusuk, tapi itu adil pada tubuh. Mungkin mereka menusuk kepalanya. ”
"Hei ya, mungkin," kataku. “Ngomong-ngomong, di mana kamu seandainya kepalanya pergi? Aku ingin tahu ke mana pembunuhnya mengambilnya. saya
maksudnya, jika si pembunuh mengambilnya. ”
“Setengah pulau adalah hutan. Mungkin mereka dimakamkan di suatu tempat
di luar sana . Atau mereka bisa membuangnya ke laut. Pembuangan mungkin tidak banyak masalah. ”
“Yang membawa kita kembali ke pertanyaan, mengapa pembunuhnya
potong kepalanya? "

Tetapi pertanyaan itu adalah jalan buntu.
“Aku punya satu pertanyaan lagi, Ii-chan. Lihatlah ini .
Kepala terpotong dari pangkal leher, kan? Mengapa
apakah dipotong seperti itu? Tidakkah kamu berpikir bahwa jika kamu mau
memenggal seseorang, tempat biasa untuk memotong akan berada di sekitar tengah leher? "
Posisi potongan memang tidak wajar rendah, tapi aku
tidak akan mengira itu adalah sesuatu yang signifikan.
Aku menyilangkan tangan dan tidak berkata apa-apa. TKP ini penyelidikan sepertinya tidak menghasilkan petunjuk sama sekali.
Paling-paling, kami telah mengkonfirmasi bahwa sungai cat tidak mungkin
melompat. Tapi itu lebih seperti langkah mundur daripada kemajuan .
Kunagisa menghampiri dudukan telepon di dekat jendela dan mengambil gagang telepon.

“Hmm, juga tidak ada yang aneh di sini. ”
"Kamu pikir akan ada?"
“Saya pikir mungkin rangkaiannya telah dicurangi sehingga panggilan
untuk telepon ini akan terhubung ke telepon yang berbeda. Tapi disana
sepertinya tidak ada yang salah dalam hal ini. Tidak terlihat
seperti itu sudah bermain-main, baik. ”
"Telepon, ya? Katakan, bagaimana hasilnya lagi? Apa yang telah
Kanami-san bilang ke Shinya-san? ”
"Catnya tumpah, aku sibuk bekerja jadi jangan ganggu,
hal-hal seperti itu. Tapi Shinya-san seharusnya pergi memeriksanya
bahkan jika dia mengatakan kepadanya untuk tidak melakukannya.
Ini mungkin tampak ketat, tetapi itu adalah tugasnya
sebagai juru kunci. ”
“Kamu benar tentang itu. Tetapi tidak ada gunanya berbicara tentang
apa yang sudah dilakukan ”
Lagi pula, Shinya-san sudah harus menanggung beban itu
dirinya sendiri. Bukan terutama tempat kami untuk menyalahkan

dia, dan tidak perlu melakukannya. Ini dunia yang gila, tapi
itu juga dunia di mana kita harus bertanggung jawab
tindakan sendiri. Dan terkadang kita juga harus mengambilnya
tanggung jawab atas kurangnya tindakan kita sendiri.
“Mungkinkah mereka mengembalikan ponsel kembali seperti semula
kemudian?"
"Yah, aku tidak akan mengatakan itu benar-benar mustahil, tetapi itu
praktis adalah. Ini tidak seperti mencolokkan atau melepas kabel atau
sesuatu. ”
“Ya, poin bagus. Saya kira kita harus melihat yang lain
kemungkinan. Seperti pintu yang terkunci. ”
"Kamu pikir aku berbohong?"
Tiba-tiba aku mendengar suara Shinya-san dari belakangku, jadi aku
berputar-putar . Dia berdiri di ambang pintu dengan semacam
tas oranye di tangannya.

"Tapi aku bisa mendengar suara Kanami dengan pasti. Itu tidak bohong. ”
Dari suaranya, dia tampak sangat lelah.
Yang mungkin tidak perlu dikatakan.
"Aku tidak mengatakan kamu berbohong, Shinya-san. Kami tidak punya
apapun yang pasti. Tapi mungkinkah itu suara Anda
dengar bukan miliknya? "
"Tidak," jawabnya. “Aku sudah lama kenal Kanami.
Tidak mungkin aku akan keliru dengan suaranya. Apakah kamu ragu
saya?"
"Tidak seperti itu . Tidak ada alasan Anda akan terbunuh
dia, setelah semua. ”
“Aku tidak tahu, mungkin kita tidak dalam kondisi terbaik. " Ia memberikan
senyum lemah. Lalu dia melangkah melalui cat kering dan
mendekati kami. Setelah diperiksa lebih dekat, menjadi jelas apa
tas oranye itu. Itu adalah kantong tidur. Dia menatapku.
"Kita tidak bisa meninggalkannya begitu saja di sini, kan?" Katanya.
"Saya mendapat izin

dari Iria-san dan segalanya. Saya telah memutuskan untuk menguburnya di
gunung kembali. Ini tidak seperti Iria-san akan memanggil
polisi, dan ini semua hartanya. Mengubur Kanami adalah
yang bisa saya lakukan sekarang. ”
"Kami akan membantumu," kataku. Dia mencoba memikirkan yang tepat
respons, tetapi menyadari manfaat memiliki dua orang tambahan
membantunya, dia tidak mengatakan apa-apa.
Bersama-sama kami mengangkat tubuh Kanami-san dan diam-diam meletakkannya
di dalam kantong tidur. Saya tahu itu tidak perlu dikatakan, tetapi
dagingnya benar-benar tanpa kehangatan.
"Shinya-san, apakah kamu memiliki sesuatu untuk digali?"
“Seharusnya ada sekop besar di belakang pintu masuk.
Kunagisa-chan, bisakah kami minta Anda membawanya untuk kami? Hmm, katakanlah, adalah
itu kamera digital? "

"Ya . "Kunagisa mengangguk. "Kita harus menyimpan catatan
TKP ketika Mister Detective muncul. Saya tidak berpikir
mayat akan menuntut hak publisitas, kan? ”
Itu mungkin cara terburuk yang bisa diucapkannya,
tapi Shinya-san menanggapinya dengan anggukan dan seringai.
"Saya melihat . Akan
kita pergi, kalau begitu? "
"Um, Shinya-san? Tentang lukisan ini … "
"Hmm? Ah . Lukisan Kanami. Itu bagus, bukan? Ini adalah
lukisan terakhir yang pernah dia lakukan, tetapi dia bermaksud
untuk memberikannya
Anda, jadi silakan ambil. ”
"Apakah tidak apa-apa?"
“Aku ingin menghormati permintaan terakhirnya. ”
Keinginan terakhirnya.
Ya, dia sudah mati. Tidak ada yang tersisa untuk dipenuhi.
“Dapatkan kakinya, ya kan? Saya akan membawa kepalanya, dan—
"Dia memotong
dirinya pergi, kemungkinan besar menyadari tidak ada kepala
untuk dibawa.
Tanpa berkata apa-apa, saya mengangkat kaki.

Dia pasti berharap dia bisa mengubur kepalanya dengan
tubuh, tetapi keberadaannya tetap tidak diketahui. Entah itu
Pembunuh menyembunyikannya di suatu tempat, atau sudah
dilemparkan
ke dalam hutan atau dibuang ke laut, seperti kata Kunagisa.
Berpegangan pada kaki, terpikir olehku betapa beratnya itu
tubuh itu. Lebih berat dari yang Anda harapkan. Mungkin tidak
mustahil untuk satu orang untuk membawa, tetapi dua orang
pasti lebih baik.
Sejak saat itu, tidak ada dari kami yang berbicara. Dalam diam
kami mengangkat
tubuhnya dan meninggalkan mansion; dalam diam kami menuju
gunung di belakang; dan dalam diam kami menggali lubang.
Kantong tidur yang menahan tubuhnya sangat murahan
alasan oranye untuk peti mati, aku tidak bisa tidak menemukannya
lucu Pada saat itu, aku merasa kematian manusia bukanlah apa-apa
tapi lelucon besar.
Orang orang mati . Itu adalah sesuatu yang saya ketahui dengan

sangat baik, untuk
saat itu terasa menyesakkan, sampai-sampai aku ingin muntah, dan Kunagisa tahu itu juga. Dan Shinya-san, menjadi fullfledged dewasa, sudah pasti tersentuh oleh kematian di masa lalu demikian juga .
Mungkin itulah sebabnya kami semua diam.
Akhirnya, Shinya-san berbicara. "Kalian berdua bisa kembali sekarang," dia
kata. “Aku akan tinggal di sini sedikit lebih lama. ”
Saya ingin mengatakan sesuatu, tetapi saya tidak mengatakannya. Kunagisa melanjutkan
tanganku, dan kami pergi tanpa sepatah kata pun. Mungkin Shinya-san
akan menangis. Mungkin tidak . Either way, kami tidak lagi punya alasan untuk berlama-lama.
Lagipula, kami hanya orang biasa.
"Aku ingin tahu apakah boleh pergi saja dan menguburkannya," Kata Kunagisa.

"Aku pikir begitu . Shinya-san sepertinya satu-satunya yang dia miliki
menyerupai orang yang dicintai, dan itulah yang ingin dia lakukan. Dan
kami tidak bisa membiarkannya berbaring di toko sepanjang minggu. ”
"Benar. Benar, tapi … "
“Katakan, Tomo. Menurutmu seberapa besar kejahatan itu meninggalkan mayat? "
“Anda mungkin akan mendapat hukuman kurang dari tiga tahun. Tapi
Anda mungkin akan mendapatkan pembebasan bersyarat juga. Tapi kamu dan aku sama-sama
di bawah umur, jadi jangan khawatir. Apa pun yang terjadi, kami bisa turun dengan sedikit uang. ”
Percakapan yang hambar.
Bukannya aku mencari yang enak.
"Aku hanya mengoceh di sini …"
Kunagisa memberiku tatapan lucu.

Apa yang sebenarnya Anda coba lakukan?
Makan siang disiapkan oleh Hikari-san. Yayoi-san telah mengeluh berada di bawah cuaca dan sekarang sedang beristirahat di kamarnya.
Memang, dia tampak sangat pucat ketika kami melewatinya di aula .
"Tidak seperti apa yang Yayoi-san buat untuk kita, tapi tolong selamat menikmati, ”kata Hikari-san dengan senyum malu-malu, lalu pergi
ruang makan . Yang tersisa hanya aku dan Kunagisa … dan Maki-san,
yang sepertinya tengah makan siang. Saya melakukan yang terbaik untuk itu
abaikan dia saat aku menjejalkan masakan Hikari-san ke tenggorokanku.
Kunagisa sepertinya tidak lapar, jadi dia hanya menandai sepanjang, menatap ke luar angkasa.
"Hei, Nak. "Seperti yang diharapkan, Maki-san akan melecehkan saya . “Sepertinya kamu bersenang-senang, ya? Eh? ”
"Bukankah ini yang kamu katakan akan terjadi?"
"Hmm? Maksud kamu apa?"
“Segala sesuatu akan menjadi lebih buruk sebelum menjadi lebih baik. Bukan begitu
apa yang kamu katakan saat makan malam kemarin? Sungguh suatu prasyarat yang indah
itu tadi. ”
"Aku merasakan sedikit sarkasme di sana, tapi aku akan melanjutkan dan mengambil
itu sebagai pujian. ”

“Jika kamu tahu ini akan terjadi, tidak bisakah kamu melakukannya
mencegahnya? "
"Tidak . Yang bisa saya lakukan hanyalah menonton dan mendengarkan. Saya pikir kamu
salah paham kemampuan saya. Kemampuan psikis tidak seperti itu kenyamanan luar biasa. Saya katakan sebelumnya, bukan? Itu seperti
menonton televisi . Bisakah Anda mengubah konten acara TV? "

Dia tersenyum mengejek ketika dia menyekop makanannya.
Sesuatu tentang dia mirip dengan Kunagisa, pikirku. Dia
secara emosional belum matang, namun pada saat yang sama dia
entah bagaimana tampak tercerahkan. Setelah Kanamisan
pembunuhan, dia tampak benar-benar tidak terpengaruh.
Sebenarnya itu
sepertinya tidak ada yang bisa mengganggunya.
"Kalau begitu tolong beri tahu kami, apa yang akan terjadi
selanjutnya?"
"Yakin . Jika kamu membayar saya. ”
Tiba-tiba dia terlihat sangat marah, dan tanpa kata lain,
dia bangkit dan bergegas keluar dari ruang makan. Kenapa dia?
Sangat marah?
“Itu dingin darimu, Ii-chan. ”
"Apa itu?"
"Lupakan . Jika Anda selesai makan, mari kembali ke kamar saya.
Ada yang harus kita lakukan. ”
"Ya baiklah . ”
Maki-san pasti orang yang moody. saya memutuskan untuk
anggap itu masalahnya dan jangan berpikir lebih jauh. saya
tidak tahu kegelapan apa yang mengintai di hati seseorang
siapa yang tahu segalanya.
Kami kembali ke kamar Kunagisa. Pertama kami membongkar
foto digital ke PC-nya dengan kabel USB. Lalu dia
menyalakan workstation dan memasukkan floppy disk.
"Apa yang ada di disk?" Tanyaku.

"Alat. Kreasi orisinal saya, tentu saja. Sudah diatur sedemikian rupa
mereka hanya berjalan di workstation ini, jadi meskipun saya
menjatuhkan CD itu
baik . Sekarang mari kita ke bagian bawah ini. ”
Singkatnya, apa yang akan dilakukan Kunagisa adalah
liar .
Tapi saya kira Anda juga bisa menyebutnya "penelitian. ”
Termasuk Kanami-san, ada dua belas orang.
Tidak termasuk Kunagisa dan aku, ada sepuluh. Seperti yang
direncanakan,
Kunagisa akan menjalankan pemeriksaan latar belakang pada
sepuluh orang ini
orang dan cari tahu siapa yang tahu siapa.

Kanami-san telah dibunuh. Pasti ada a
alasan untuk itu. Tentu saja, ada beberapa pembunuhan yang terjadi
tanpa alasan yang jelas, tetapi jenis lainnya sangat,
benar-benar, dan depresi lebih umum. Seharusnya
semua orang di sini telah bertemu untuk pertama kalinya di pulau itu, tetapi
bagaimana jika itu tidak terjadi? Kemungkinan ada di sana, dan
hanya berpikir tentang itu tidak akan banyak gunanya.
Dan dengan demikian sudah waktunya untuk Kunagisa Tomo, pemimpin
"Tim" yang telah melemparkan dunia maya sebelumnya
abad ke dalam kekacauan total, untuk bertindak.
"Jadi bagaimana sekarang?"
"Pertama, aku akan mengakses mesin hi-spec yang kudapat kembali
rumah. Workstation ini tidak memiliki kekuatan yang kita butuhkan. ”
"Meskipun punya begitu banyak terabyte?"
“Ini tidak ada hubungannya dengan itu. Ii-chan, kamu benar-benar tidak
tahu apa-apa, kan? ”
“Berhenti mengatakan itu. Saya mungkin tidak tahu sebanyak Anda, tetapi saya
tahu sedikit. Saya mengambil kelas teknik elektronik kembali
Houston, setidaknya. ”

"Sangat? Kedengarannya seperti kebohongan bagiku. Bukankah kamu yang
dulu harus pergi ke toko serba ada dan menjadi seperti
'Apakah Anda akan menyalin disk ini untuk saya? Ini sepuluh yen? "
“Itu sebelum saya pergi ke Houston. ”
Mengutuk ingatannya.
“Yah, terserahlah. Itu Ii-chan untukmu, ”katanya. "Bagaimanapun,
maka saya akan mengatur sepuluh server UG di platform dan kontak
Chii-kun. ”
“Chii-kun? Belum pernah mendengar nama itu sebelumnya. ”
Tapi saya bisa menduga itu adalah anggota "tim. "Aku
bertanya apakah itu, dan dia mengangguk.
“Chii-kun terutama bertugas mencari. "Ada

tidak ada apa pun di alam semesta yang tidak dapat dilacaknya. ”
Di alam semesta?
Memang ini adalah sekelompok orang berbakat yang aneh.
“Dia memiliki kepribadian yang buruk, tetapi dia pria yang baik. ”
“Dia bukan orang yang membuat sistem operasi itu, kan?
Itu Atchan, kan? Jadi apa yang dilakukan Chii-kun ini sekarang?"
"Dia di penjara. Dia mendapat hukuman 150 tahun. Oh, ditambah delapan
tahun — 158 tahun. Dia terus meretas sendiri bahkan setelah
Tim dibubarkan, dan mencoba memecahkan database G-delapan, tetapi
dia tertangkap. Dia membuatnya cukup jauh, tetapi dia terjebak di
garis pertahanan kedelapan puluh delapan. Hehe, jika kamu terlalu pandai
sesuatu, itu selalu hal mudah yang membuat Anda pada akhirnya. ”
“Kamu benar-benar tahu banyak tentang itu. ”
"Ya . Saya adalah orang yang merancang garis pertahanan itu. ”
Saya tidak menjawab.
“Aku telah mendengar desas-desus bahwa Chii-kun mengejar rahasia
Informasi PBB. Saya tidak bisa membiarkan situasi begitu saja, jadi saya

menghubungi beberapa teman dan kami membuat pembelaan. Bahkan saat itu
adalah panggilan akrab, yang merupakan bukti keterampilannya. ”
“Jadi begitu dia dijebloskan ke penjara? Anda benar-benar berpikir
dia akan membantu kita? Sebenarnya, bagaimana dia bisa membantu kita dari penjara? Mereka
tidak punya internet di sana, kan?
"Selalu ada pengecualian untuk aturan itu, kau tahu. Dan
Chii-kun kebetulan sangat luar biasa. Dan dia akan melakukannya
pasti membantu. Chii-kun bukan tipe yang keringat kecil barang-barang. ”
Dia terus mengetik bahkan ketika dia berbicara. Aku sudah
tidak tahu apa yang dia lakukan.
"Kenapa kamu memanggilnya Chii-kun?"
"Pegangan jaringnya adalah Cheetah. ”
"Agak seperti pegangan batu, ya?"

“Ya, dia pria yang cepat. Dia bilang dia menabrak mobil sebelumnya. ”
"Apa, maksudmu saat mengemudi?"
“Tidak, saat berlari. Saya cukup yakin dia adalah orang pertama di Jepang akan didenda karena menabrak mobil sambil berjalan kaki. ”
Bagaimana itu untuk eksentrik?
Apakah Tomo menarik orang-orang seperti magnet?
Nah, mungkin bakat hanya tertarik seperti bakat.
“Jangan pernah memperkenalkan kami. ”
Dia terdengar seperti tipe orang yang aku lebih suka diam-diam amati dari kejauhan.
Kunagisa mengangguk. "Kamu mengerti. Bagaimanapun, kita semua memiliki aturan.
Kami tidak pernah memperkenalkan teman satu sama lain apa pun yang terjadi.
Karena teman-teman bukan informasi. Saya tidak ingin Anda memperkenalkan
saya ke salah satu teman Anda, Ii-chan. ”
"Tentu … Jadi kurasa aku akan menyerahkan semua ini padamu? Jika
Anda akan berbicara dengan pria itu, saya mungkin tidak boleh berkeliaran, ya? Dan saya juga punya beberapa tempat untuk dikunjungi. ”

"Damai," sapa Kunagisa.
Dengan itu, saya meninggalkan kamarnya dan berjalan ke bawah tangga spiral . Di sana aku berhenti untuk menarik napas panjang, dan mulai
menyusuri lorong. Saya sedang dalam perjalanan ke kamar Iria-san. Hikarisan
telah memberi saya petunjuk sebelumnya, jadi saya tidak berpikir ada
bahaya tersesat.
Bahkan di rumah besar seperti ini, di mana semuanya berada kualitas terbaik, pintu kamarnya luar biasa
keahlian. Saya ragu apakah suara ketukan saya
bahkan akan mencapai sisi lain dari pintu yang tebal.
Meskipun demikian, setelah mencobanya, gelombang suara berhasil entah bagaimana tampaknya mencapai bagian dalam, dan ketukan

saya adalah
dijawab dengan "Masuk!"
Saya membuka pintu dan masuk. Kamar itu mungkin
dua kali ukuran Kunagisa. Itu tidak langsung dari film,
itu adalah keseluruhan film itu sendiri. Itu seperti yang legendaris Urashima Taro.
Kata-kata menerima audiens muncul di pikiran.
Kepala pelayan Rei-san duduk di sofa dengan Iria-san berdiri disampingnya. Mereka pasti berada di tengah a
percakapan .
Iria-san memiringkan kepalanya ke arahku. "Apakah ada masalah?
Um … ”Ekspresinya tidak mengerti. Sepertinya dia punya
lupa nama saya. Atau lebih tepatnya, tidak ingat pernah memilikinya
mengatakan atau mendengar nama saya.
"Aku ingin berbicara denganmu tentang sesuatu. ”
“Tentu saja. Silakan duduk di sana. ”
Saya terlempar karena sikap kooperatifnya. Seperti yang diperintahkan, saya duduk
diriku di sofa, yang bahkan lebih mewah dari sofa
Kamar Kunagisa. Rasanya seperti duduk di udara.

“Aku tidak banyak tidur tadi malam. Saya akan pergi ke
tempat tidur, jadi harap tetap pendek. “Dia perlahan mulai melepasnya
berpakaian saat dia berbicara, mungkin untuk berganti pakaian tidur.
Rei-san segera bangkit, tetapi ragu untuk bangkit
mengeluh dengan tindakan Iria-san dan akhirnya tidak mengatakan apa-apa.
Serius, ini tentang apa yang Anda harapkan dari
"Wanita dari silsilah. "Tatapan seorang plebeian belaka berarti tidak ada padanya. Apa tempayan.
"Iria-san, kenapa kamu tidak memanggil polisi?"
Pertanyaan saya membuatnya terhenti. "Aku yakin aku sudah melakukannya
menjelaskan itu. Jika kita memanggil polisi sekarang, mereka akan merawat
Sonoyama-san menyukai penjahat. ”
"Tapi bukankah itu yang sedang kita lakukan? Kami sudah

melakukannya
menguncinya. Dan bukankah kita melakukan kejahatan di sini? ”
“Melindungi penjahat, penjara, dan … pengabaian
mayat, kan? ”Dia terus berubah. "Jadi, apa yang salah?
dengan itu? Pembunuhan, pencurian — itu adalah kejahatan. Dan Sonoyamasan
sebenarnya tidak dipenjara. Dia memberi persetujuan. Dan
selain itu, bukankah kamu yang menyarankannya sejak awal? ”
Memang itulah masalahnya.
Tidak ada yang bisa saya katakan tentang itu.
Iria-san melanjutkan.
“Orang-orang yang berkumpul di sini adalah para VIP dunia. saya
menolak untuk membiarkan mereka menjadi korban orang kasar
pemerintah. Dan mengapa perlu banyak campur tangan? Tak seorangpun
menginginkan itu. Plus "—dia menyeringai—" tidak peduli siapa yang melakukannya, aku tidak
berniat menundukkan siapa pun di sini dengan hukum. Bahkan jika itu berarti
melatih kekayaan penuh fondasi keluarga saya, saya akan
melindungi mereka. ”
"Mengapa?"
“Karena para genius berada di atas hukum. ”

Tentang itu, dia terdengar sangat yakin akan dirinya sendiri. Tapi kata-katanya
tidak duduk baik dengan saya. Itu berarti jika aku atau Shinya-san
penjahat, dia tidak akan melindungi kita.
Ya Dewa, sungguh suatu perasaan.
Perasaan yang jelek dan jelek.
“Bagaimana kamu mendefinisikan kata genius?” Tiba-tiba Iria-san tanya.
"Yah, bukankah Kretchmar menggambarkannya sebagai 'seorang individu
mampu memiliki dampak yang kuat dan luar biasa pada
nilai-nilai asertif dari berbagai macam orang '? ”Saya menjawab setelah a
pemikiran saat ini.
“Aku meminta pendapatmu. ”
Serius, perasaan yang buruk.

Tapi sungguh, dia benar. Setelah berpikir sejenak,
Saya jawab sekali lagi.
"Seseorang yang 'jauh'. '"
"Itu benar," kata Iria-san. “Jawaban itu tepat. ”
“Aku merasa ada alasan lain mengapa kamu tidak mau menelepon polisi, tapi … "
"Maksudnya apa?"
"Aku hanya mengatakan. Itu tidak berarti apa-apa. ”
“Baiklah, apakah kita sudah selesai di sini? Saya ingin tidur . ”
Buang-buang waktu saja. Sepertinya kami sedang mengalami debat yang ditentukan.
"Maaf aku mengganggumu," kataku dan bangkit dari sofa.
Rei-san berdiri bersamaku. "Aku akan melihatmu keluar. ”
"Kamu tidak harus melakukan itu, Rei," kata Iria-san.
“Tidak apa-apa, ini pekerjaanku, kan? Maafkan saya, Nyonya. ”
Rei-san dan aku meninggalkan ruangan bersama. Rasanya agak seperti saya
telah diberikan penghapusan, tapi, yah, aku sudah berharap banyak

untuk sekarang . Dibutuhkan lebih dari upaya sederhana untuk meyakinkan
seseorang seperti Iria-san, pikirku.
"Tolong jangan merasa sedih tentang apa yang dia katakan," kata Rei-san
lembut di jalan keluar. “Dia bukan orang yang paling sensitif. ”
"Yakin . ”
Kalau dipikir-pikir, ini adalah pertama kalinya saya berbicara dengan Rei-san seperti ini.
“Aku toh tidak keberatan. ”
“Dia sangat menyukai Aikawa-san, begitu. Itu sebabnya
dia tidak ingin memanggil polisi. ”
"Aikawa? Oh ya, orang ini datang dalam enam hari. ”
“Baginya, ini semacam hadiah sambutan. Kamu melihat,
Aikawa-san punya bakat untuk insiden semacam ini, dan,
yah, bukan kebetulan bahwa nyonyaku menggunakan istilah itu detektif. ”
Menarik. Jadi seluruh kegagalan pembunuhan ini semacam a
hadir untuk pria Aikawa ini. Jika itu benar, dia pasti
menjadi neraka seorang pria.
Tidak .

Untuk mengatakannya dengan gamblang, mungkin seluruh insiden ini hanya milik Iriasan
cara menghabiskan waktu. Pewaris pulau-pengasingan ke Akagami Yayasan. Dia jelas tidak kekurangan uang atau waktu. Dan
dia sudah mengumpulkan semua genius ini untuknya
hiburan. Mungkinkah pembunuhan ini hanya semacam
dari … acara khusus?
Aku menggelengkan kepala. Saya terlalu banyak berpikir. Tidak ada orang-orang seperti itu di luar sana. Orang-orang seperti itu tidak ada dalam hal ini
dunia.
“Baiklah, permisi sekarang. ”
Rei-san membungkuk kepadaku di depan pintu dan aku kembali cara saya datang. Setelah berbicara, dia berubah menjadi seorang

gadis yang tak terduga baik, jadi aku agak terkejut. Hikari-san telah membuatnya menjadi sangat ketat.
Memikirkan hal itu membuatku merasa sedikit lucu seperti aku kembali ke kamar Kunagisa dan membuka pintu. Di dalam
kamar Kunagisa berhadapan muka dengan rak komputernya, dan satu orang lagi — peramal itu, yang tak tertandingi.
Mengapa?
Maki-san sedang merokok, tapi begitu aku masuk, dia mematikannya
rokok dengan jari telunjuknya sendiri. Dia bangkit dari sofa
dan mendekati untuk melewati saya tanpa sepatah kata pun. Namun seolah berubah
benaknya di tengah jalan, dia menjulurkan kepalanya ke dadaku dan
mendorongku keluar dari pintu bersamanya. Dengan tangan di belakangnya
kembali, dia menutup pintu.
Aku menatapnya curiga.
"Heh, heh, heh," dia tertawa kekanak-kanakan. Tapi itu semua dia lakukan, bahkan tanpa berusaha untuk berbicara.
"Dalam suasana hati yang lebih baik sekarang?"
“Bukan hanya suasana hatiku yang membaik. Hehehe . Kamu sangat
ceroboh. Atau mungkin hanya gegabah? ”
"Apa yang menyebabkan ini terjadi?"

"Apakah Anda punya penulis favorit?"
Pembicaraan ini terjadi di mana-mana.
"Tidak . ”
"Bagaimana dengan selebriti?"
"Tidak . ”
"Kamu sangat membosankan. Baik . Ya, Anda tahu beberapa orang punya seseorang yang mereka kagumi, bukan? Tetapi orang-orang itu jatuh ke dalam
tiga kategori berbeda. Ada yang berpikir 'Aku cinta
orang ini, saya mengaguminya, saya menghormatinya, saya ingin menjadi seperti
dia. 'Tidak bersalah, kan? Kemudian tipe kedua mirip dengan pertama, tetapi mereka memisahkan diri sepenuhnya dari objek

kekaguman mereka, dan bahkan memegang kehidupan orang itu di atas
mereka sendiri . Dan akhirnya, tipe orang ketiga adalah orang yang berpikir bahwa dengan menaruh minat pada orang yang luar biasa ini, mereka
dapat menyerap sebagian dari keindahan itu dan meningkatkannya sendiri
layak pada gilirannya. Ini adalah jenis orang yang tercela dan busuk yang hanya hidup untuk orang lain. Sekarang yang mana dari ketiga jenis itu
Anda milik siapa? "
"Yang kedua, kurasa. ”
"Benar . Dan bengkok mungkin, bahkan saya tidak bisa tidak tergeraklah oleh kesetiaanmu pada Kunagisa-chan, ”cibirnya. "Tapi dengan mengatakan itu, bukankah Anda sangat ceroboh? Meninggalkannya
sendirian di kamarnya seperti itu? Bagaimana jika saya adalah pembunuhnya?
“Jika kamu benar-benar ingin mengurus sesuatu, kamu
jangan biarkan itu meninggalkan pandangan Anda bahkan untuk sesaat. Simpan itu
pikiran, nak. ”
Pat tepuk.
Dia menampar saya dua kali di bahu dan menghilang, menyanyikan lagu.
Saya ditinggalkan sendirian di lorong.

"Hah?"
Sialan.
Aku mengutuk diriku sendiri dan kemudian membuka pintu ke rumah Kunagisa
kamar dan masuk sekali lagi.
Dengan aturan yang biasa tampaknya masih berlaku, ayo
makan malam hampir semua orang berkumpul di sekitar meja.
Hampir.
Tentu saja Kanami-san tidak ada, dan Akane-san ada
absen juga. Selain itu yang hilang adalah Akari-san dan

Teruko-san. Rupanya mereka sudah menyeberang ke daratan.
Alasan untuk ini adalah bahwa mereka perlu menghubungi kekasih kami
detektif, "Aikawa-san. ”
"Tidak bisakah kau menelepon atau mengirim e-mail padanya?"
Tanyaku.
"Kita tidak bisa," kata Hikari-san. "Aikawa-san terkenal
sulit dijangkau. Ini adalah kehidupan yang sibuk, saya kira, dan saya percaya ada
sesuatu yang terjadi di Prefektur Aichi sekarang. Jadi Akari
dan Teruko tidak akan kembali sampai besok. ”
"Hidup yang sibuk, ya? Apa yang orang ini lakukan? "
“Kontrak mandiri. ”
Apa itu?
Saya tidak sepenuhnya akrab dengan istilah semacam itu.
Makan malam malam ini adalah makanan Cina. Menurut
Sashirono Yayoi, penguasa rasa, Cina adalah yang tercepat
dan makanan termudah untuk dibuat. Tentu saja, itu darinya
perspektif, jadi itu mungkin tidak akan berfungsi sebagai referensi bagi saya
dalam masakan saya sendiri dalam waktu dekat.
"Ngomong-ngomong, Kunagisa-san," kata Iria-san tepat saat makan malam
akhir . “Kudengar kau melakukan beberapa operasi rahasia ini
siang Apakah Anda menemukan sesuatu? Saya pikir kamu seorang
spesialis mekanik, tetapi Anda dapat melakukan jenis ini
investigasi juga, ya? "
"Aku melakukan segala macam hal," kata Kunagisa dengan manis-dan-asam

daging babi masuk ke mulutnya. “Tidak perlu mengikat diri dengan spesialisasi dan semacamnya. ”
Itu terdengar familier.
Ah … benar. Itu adalah kata-kata Kanami-san.
Kata-kata seorang pelukis bebas gaya.
Terlepas dari kekuatan dan kelemahan Anda, suka dan
tidak suka, tidak perlu untuk mengkhususkan. Ini sangat mendasar mengajar di program ER juga. Padahal di dunia itu

mengkategorikan semuanya, itu bukan pengajaran yang mudah untuk dipatuhi.
Itu dimulai dan berakhir dengan orang-orang seperti Kunagisa Tomo, Ibuki
Kanami, dan Sonoyama Akane.
Bagi saya, itu tidak mungkin.
"Jadi, apakah kamu mengetahui sesuatu? Tentang bagaimana mereka bangkrut
ke kamar atau siapa pembunuhnya atau apa? "
Itu terdengar lebih seperti dia tidak ingin Kunagisa mengerti apapun yang keluar. Saya ingat apa yang dikatakan Rei-san sebelumnya. Memang,
jika kasus ini diselesaikan sebelum Aikawa-san sampai di sini, itu akan terjadi
sesuatu yang menyenangkan untuk Iria-san.
"Aku tahu semuanya. Saya tahu banyak, saya tidak tahu. ”
Sepertinya tidak ada yang mengerti apa yang Kunagisa bicarakan tentang, bukannya menatapnya dengan skeptis dan tidak mengatakan apa-apa.
"Himena-san," Iria-san mengalihkan pembicaraan dari
insinyur untuk peramal. "Sejak datang ke sini, kamu telah menempatkan
semua upaya Anda untuk mengganggu tamu lain, dan belum lakukan ramalan. Jadi bagaimana dengan itu? Jangan Anda pikir itu
saatnya memberi tahu kami apa yang akan terjadi selanjutnya? "
"Itu akan dikenakan biaya. ”
Dia tinggal di sini secara gratis, dan menerima gaji tetap,
dan dia masih punya keberanian untuk meminta bayaran? Apa yang menggerutu uang
kekejaman manusia. Saya belum pernah bertemu seseorang

seperti ini sebelumnya. Dia seperti iblis.
"Kamu orang yang suka bicara. ”
Dia memelototiku.
Saya tidak berbicara, sial.
“Yah, kedengarannya sama bagiku. Saya menggunakan kemampuan saya untuk membuat
sebuah keuntungan . Saya tidak terlalu muda sehingga saya bisa tetap termotivasi
moralitas dan kemanusiaan saja. Terutama dari segi emosional umur. ”

Saya mengerti apa yang dia katakan. Tapi dia pasti punya
sudah punya cukup uang sepuluh ribu yen untuk mengisi sepuluh Tokyo
Kubah, jadi apa lagi yang dia inginkan? Tidak ada ruginya baginya untuk memberi tahu keberuntungan secara gratis sesekali.
"Siapa yang memberimu hak untuk berpikir seperti itu?"
Dia mengalihkan perhatiannya kembali ke Iria-san.
“Tentu saja aku akan membayarnya. “Iria-san menyatukan tangannya.
"Tolong, aku bertanya padamu. ”
“Itu berakhir segera. ”
Maki-san berbicara tanpa mengubah nada suaranya.
Semua orang menunggunya untuk melanjutkan, tetapi dia sudah melakukannya
sepenuhnya berinvestasi dalam daging babi yang dimasak dua kali. Itu terlihat seperti itu
semua yang dia katakan.
"Hanya itu?" Tanya Iria-san, jelas agak terkejut.
"Aku harus mengatakan, itu sedikit, um …"
"Itu adalah amal. Karena seseorang di sana memiliki begitu banyak keluhan tentang saya, saya pikir saya akan sedikit murah hati. Jangan
khawatirkan itu. Itu tidak ada hubungannya dengan kekayaan. ”
Himena Maki.
Seperti apa rasanya mengetahui segalanya dan tetap diam
saya t? Bagi seseorang seperti saya yang tidak tahu apa-apa, itu tidak mungkin
untuk membayangkan. Dalam hal itu, Maki-san, bagiku, adalah misteri terbesar di seluruh pulau ini. Sedemikian rupa sehingga

misteri tubuh tanpa kepala dan pintu dan sungai yang terkunci
cat semuanya terhapus.
Setelah itu, Maki-san tidak mengatakan apa-apa lagi, dan yang keempat
makan malam berakhir tanpa perkembangan yang berarti.
Maki-san dan Kunagisa membuat beberapa komentar aneh sebagai biasa, dan hanya itu.
Namun ada satu hal yang mengganggguku. Shinya-san dan
Yayoi-san tidak mengatakan sepatah kata pun sepanjang waktu, dan mereka

bahkan tidak tampak mendengarkan pembicaraan orang lain
percakapan . Mereka hanya duduk di sana menaruh makanan di mulut mereka,
hanya karena itu ada di sana. Itu tidak begitu luar biasa, tetapi di sana
jelas sesuatu yang tidak wajar tentang mereka berdua. Saya t
adalah satu hal untuk Shinya-san, yang telah kehilangan Kanami-san, menjadi
seperti itu, tapi apa masalah Yayoi-san? Memang, dia punya
mengeluh merasa "di bawah cuaca" sebelumnya, tapi …
Baru lewat jam sembilan hal. m.
Saya sendirian di kamar Kunagisa, melihat kamera digital
data pada satu PC yang tampak seperti bahkan saya bisa (hanya nyaris)
mengoperasikannya. Itu tidak memiliki mouse, membuatnya sulit untuk dikendalikan, tetapi
itu tidak sepenuhnya di atas kepalaku.
Mayat Kanami-san. Tembakan dari dada ke atas serta a
tembakan seluruh tubuh. Tembakan leher yang terputus dan tembakan
sungai cat. Di tengah sungai melayang mantel. Itu
cat telah kering dan mengeras, kami tidak bisa menghapusnya. saya
misalkan kita bisa memaksa mantel keluar, tetapi itu sudah
hancur dengan cat, jadi tidak ada gunanya.
Dan akhirnya…
Gambar yang saya modelkan, karya terakhir Kanami-san.
Perasaan tidak alami yang saya rasakan ketika pertama kali melihat
kanvas selama investigasi TKP kami telah kembali.
Ketidakharmonisan.

Itu alien.
Itu semua hanya firasat, tapi …
"Ah, aku mengerti," gumamku pada diriku sendiri.

Tentu saja . Sekarang saya melihatnya, itu sangat sederhana. Semakin besar
Misteri adalah mengapa saya membutuhkan waktu lama untuk menemukannya. Dulu
cacat gambar yang jelas.
"Hmm …"
Tetapi ini hanya menimbulkan pertanyaan lebih lanjut.
Bagaimana hal seperti ini bisa terjadi? Tidak ada alasan
sesuatu seperti ini harus terjadi. Bagaimana mungkin seorang seniman
Kaliber Kanami-san membuat kesalahan sederhana seperti itu?
Ketika saya memikirkannya, seseorang mengetuk pintu.
“Ah, ayolah. ”
Itu pasti Maki-san, di sini untuk melecehkan saya lagi. Saya bangkit dari
kursi saya, lebih senang dari sebelumnya. Tetapi ketika saya membuka
pintu, itu sebenarnya Hikari-san. Terjebak kebingungan
seberapa jauh tebakan saya, saya menatapnya selama dua atau tiga
detik tanpa fungsi otak.
"Ah, hei, Hikari-san. “Entah bagaimana saya berhasil merangkai
kata-kata bersama. "Eh, tolong, masuk. ”
"Maaf mengganggumu," katanya sopan, dan masuk
kamar . Dia melirik ke sekeliling ruangan sejenak dan kemudian
tanya saya, "Um, di mana saya bisa menemukan Kunagisa-san?"
"Oh, Kunagisa? Saya mengikatnya dan melemparkannya ke dalam bak mandi saja
semenit yang lalu. ”
"Hah?"
"Dia seperti kucing. Dia benci mandi. Rambutnya sebenarnya
seharusnya berwarna biru jauh lebih terang, tapi dia tidak pernah mencuci begitu
semua jadi gelap seperti itu. Dia tidak pandai melarikan diri, dan sekali
dia basah, dia hanya menyerah, jadi dia bisa berada di sana
untuk sementara . ”

"Oh … ohhh, jadi dia seperti Rusia Biru, ya?"
Meski Hikari-san memasang ekspresi fajar
pencerahan, apa yang dia katakan tidak masuk akal.

Serius, saya tidak tahu apa yang dia bicarakan. Lebih baik untuk abaikan saja.
"Um, jadi, jika Anda perlu berbicara dengannya, saya minta maaf tapi
Anda mungkin harus menunggu sebentar. "Lalu sebuah pemikiran terpikir olehku. Mungkin ini peluang bagus. "Mengatakan, Hikari-san, apa kamu bebas sekarang? ”
"Hmm? Yakin . Saya telah menyelesaikan semua pekerjaan saya untuk hari itu,
pokoknya. ”
“Kalau begitu, maukah kamu tinggal di sini sebentar? Itu mungkin berbahaya bagiku untuk meninggalkan Kunagisa sendirian, ”kataku, mengenang
Kuliah Maki-san sore ini. “Seharusnya tidak apa-apa sekarang kami telah membuatnya sulit bagi si pembunuh untuk melakukan apa pun, tetapi, hanya dalam
kasus . Apakah boleh?"
"Tidak apa-apa . Saya tebak . “Dia berkata, meskipun dia mengenakan
ekspresi bermasalah. "Tentu saja aku tidak keberatan, tetapi apakah itu benar-benar
baik? Maksud saya … untuk mempercayai saya? "
“Tidak ada yang akan menyerang kalian berdua secara bersamaan. ”
"Tidak, maksudku, kamu tidak berpikir kamu meninggalkannya rentan? "
Oh itu .
"Tidak apa-apa," aku mengangguk. “Tidak seperti Maki-san, aku percaya padamu. ”
Dengan itu, aku menutup pintu dan menuju ke aula, lalu menuruni tangga ke lantai satu.
"'Aku percaya padamu'?" Aku bergumam, mengejek diriku sendiri. Sejak kapan aku tipe yang membuat klaim muluk seperti itu? Tidak terdengar seperti saya.
Pertanyaan .
Apa itu kepercayaan?

Jawab
Tidak peduli jika Anda dikhianati.
Tidak menyesal jika Anda dikhianati.

"Bagaimanapun, itu tidak berarti apa-apa, bukan?"
Saya tiba di tujuan saya, dulu kamar saya sendiri, sekarang Penjara Sonoyama Akane.
"Ini aku," kataku, mengetuk ringan.
"Oh, kamu" datang jawabannya setelah beberapa saat. Dia terdengar
sangat tenang. "Ada apa? Jika Anda jauh dari
Kunagisa-chan? Sepertinya kamu tidak. ”
"Yah, aku punya keragu-raguan sendiri, tapi … aku ingin
minta maaf padamu. ”
"Kenapa kamu harus minta maaf?" Datang jawabannya dari
sisi lain dari pintu, sedikit dibubuhi dengan rewel. "Tidak
Anda orang yang membela saya? Datang ke sini dan
meminta maaf sama saja dengan mengatakan aku terlalu bodoh
bodoh bahkan untuk memahami itu. Jika ada, saya seharusnya terima kasih.
"Aku seharusnya menyarankan ini sejak awal, tapi itu
mungkin tidak akan berjalan dengan baik, jadi saya bersyukur
ketika Anda membawanya. Saya harus mengucapkan terima kasih dengan benar
sekarang . "Dia berhenti sejenak. "Terima kasih . ”
"Sama-sama . ”
Dia belum naik ke jajaran Seven Fools untuk
tidak ada' . Itu bukan jenis tempat memaafkan di mana Anda
bisa bertahan hanya dengan sedikit belajar dan kecerdasan.
“Ngomong-ngomong, ketika Hikari-san membawakan makan malamku, dia
disebutkan kalian sudah mengintip sedikit. Kamu
dan Kunagisa-chan. Keberatan jika saya bertanya tentang temuan Anda? "
“Yah, aku masih belum tahu siapa pembunuhnya. ”
“Kamu masih belum tahu, ya? Heh, aku harus membacanya
bahwa? Heh heh, aku suka gayamu. Baiklah, tentu. Izinkan saya bertanya
pertanyaan berbeda. Punya teori di sungai cat itu? "
"Hm, bagaimana denganmu?"

“Saya pikir ini adalah kasus kesalahan post hoc. ”
"Apakah itu bahasa Inggris?"
"Latin. Saya pikir ini seperti 'Anda menuai apa yang Anda tabur. '”
Ah .
Aku menghela nafas.
Kalau begitu, dia pasti sudah menemukan rahasia
sungai cat. Dia sudah menemukan misteri,
dan sekarang dia hanya tinggal di sini untuk melestarikan ini
"Atmosfir antagonis" yang telah kami ciptakan untuk si pembunuh. Dia
benar-benar wanita yang luar biasa, pikirku.
Hehehe, dia tertawa.
“Mungkin yang terbaik aku tinggal di sini sampai kekasih Iria-san
bocah 'Aikawa-san' tiba di sini, ya? Tidak ada masalah bagi saya,
pokoknya. Saya biasa mengunci diri di kamar saya dan membaca semua
saat aku masih kecil. Dan ruangan itu jauh lebih kecil daripada ini ”
"Apakah kamu tahu siapa pembunuhnya?"
"Tidak, aku tidak. Itu tidak bohong, serius. Hal semacam itu
bukan spesialisasi saya, dan meskipun saya membaca sesekali
novel misteri, ini hanya untuk rekreasi. Katakan, apakah Anda pernah membaca
Mushanokoji? "
Subjek telah berubah tanpa banyak segue. Apakah
Mushanokoji bahkan seorang penulis novel misteri? "Aku sudah membaca
antologi, setidaknya, ”jawab saya dengan sedikit bingung
di mukaku .
“Maka kamu harus tahu cerita 'Sensei of Truth. '”
Saya memang tahu banyak.
"Ketika saya pertama kali membacanya, saya pikir judulnya adalah 'Mari-sensei'
dan itu tentang wanita yang kurang ajar. Bukannya aku bisa
bicara. Tapi apakah Anda ingat di pembukaan cerita, kapan
Shinri-sensei mengacu pada 'alasan membunuh tidak baik'? ”

“Ya, dia seperti, 'Apakah ada saat ketika kamu tidak mau
pikiran terbunuh? Jika Anda dapat memikirkan suatu kondisi di

mana
Anda tidak keberatan terbunuh, tolong beri tahu saya. Jika kamu tidak suka membayangkan terbunuh dalam keadaan apa pun, maka Anda tidak punya hak untuk membunuh yang lain, 'kan? "
Bahkan dengan ingatan yang sama buruknya dengan ingatanku, ini banyak yang macet
dengan saya .
"Benar," kata Akane-san. “Sekarang izinkan saya menanyakan hal yang sama kepada Anda
pertanyaan . Dalam kondisi apa Anda merasa tidak apa-apa terbunuh?"
“Tidak ada. ”
"Tetapi bagaimana jika, misalnya, Anda harus memilih di antara Anda
hidup atau Kunagisa-chan? "
“Aku tidak mau memikirkannya. ”
"Benar?" Dia tertawa ringan. “Lagipula, kaulah
ketik yang benci membuat keputusan, kan? Anda tidak menyukai tindakan
memutuskan dalam dan dari dirinya sendiri. Kemarin, Himena-san berkata
hal yang sama tentang Anda, dan saya pikir dia berhasil. Anda hanya
mengikuti arus. Anda membenci persaingan, dan Anda benci membuat
hal-hal yang jelas. Anda harus menjaga hal-hal yang ambigu. ”
“Aku tidak akan berdebat dengan itu. ”
"Kamu tidak akan berdebat tetapi kamu tidak akan setuju. Anda menerima saya
Tantangan shogi karena Anda tahu Anda pasti akan kalah, bukankah itu benar? Anda tidak akan menerima tantangan atau bersaing
jika tidak . ”
Saya tidak benci kalah, saya benci kompetisi. Saya benar-benar menunda dengan gagasan bersaing dengan orang lain atas sesuatu. saya
benci berkelahi juga dan karenanya tidak pernah berteman.
"Apakah kamu tidak menyukai orang lain?"
"Tidak terlalu . ”
"Tapi apakah kamu suka mereka?"

"Belum tentu . ”
"Betul . Dasar dari nilai – nilai Anda terletak pada
Gagasan bahwa orang dimaksudkan untuk hidup menyendiri. Itu milikmu
pendapat, ya? Atau tidak, bukan itu keinginanmu. Itu mutlak
prinsip di mana Anda dibangun. Anda mencoba yang terbaik
tidak terlibat dan tidak menyebabkan masalah atau rasa sakit untuk
siapapun Tentu saja Anda bisa berbagi kebahagiaan dan masa-masa indah
dengan orang lain, tetapi Anda tidak mendekati titik bahwa Anda
mungkin menyebabkan rasa sakit atau kesedihan, bukankah begitu? ”
Saya selalu berpikir pasangan yang menghabiskan seluruh waktu mereka berjuang
dan tetap bersama semuanya sama saja idiot. Kenapa tidak
mereka rukun? Tidak bisakah mereka melakukan begitu banyak?
Kenapa mereka tidak bisa?
"Sejak kapan kamu jadi psikolog, Akane-san?"
“Maaf, tapi aku adalah cendekiawan dari semua mata pelajaran. Seperti itu
kategorisasi tidak ada artinya bagiku. Hehehe . Anda benar-benar
nikmati sendirian, bukan? ”
“Yah, bagaimanapun juga. Saya teman tertua saya. ”
"Cukup benar . Itu yang terjadi untuk semua orang. Jadi bagaimana
Kunagisa-chan? Secara keseluruhan, Anda menghabiskan waktu kurang dari setahun bersama
dia, kan? "
"Apakah kamu menyukainya?"
Itu pertanyaan langsung.
Saya pernah ditanya hal yang sama beberapa tahun yang lalu. Waktu itu
kakak laki-lakinya yang bertanya.
Namun jawabannya tetap sama.
"Tidak terutama, tidak. "Suaraku keluar begitu putus asa
dingin sehingga aku hampir bertanya-tanya apakah itu benar-benar milikku.
Mengapa?
Kenapa aku seperti ini?

"Hmm, benarkah begitu?" Dia terdengar sedikit terkejut. "Karena dia menyukaimu, kau tahu. Itu sudah pasti. ”
"Ya aku tahu . Dia mengatakan kepada saya lebih dari beberapa kali. ”
“Aku tidak terlalu suka diskusi semacam ini, tapi, sudah
Anda pernah bertanya-tanya mengapa meskipun dunia penuh pasangan seperti ini, entah kenapa masih banyak orang bersama?"
"Maksudku, bukankah itu aneh? Akan terlalu nyaman untuk orang yang Anda suka pernah menyukai Anda kembali. Hidup bukan manga shojo.
Tapi tentu saja, pada kenyataannya, Anda mengambil sekelompok seratus
orang, banyak dari mereka akan menemukan cinta. Kenapa
Anda pikir itu? "
"Saya tidak punya ide . Saya tidak pernah memikirkannya. Bukan begitu saja
kebetulan? Seperti Hukum Sejumlah Besar sesuatu? "
"Kurasa tidak. Suatu kebetulan seperti itu tidak mungkin. Ini adalah kesimpulan yang telah saya capai: itu karena rasanya menyenangkan
dicintai. Dicintai oleh orang lain sudah cukup untuk membuat Anda bahagia dan membuat Anda mencintai orang itu sebagai gantinya, "katanya
tegas. Aku bisa melihat senyum kecilnya yang cerdik bahkan melalui
pintu Ini menjadi lebih daripada yang bisa saya tahan lebih lama. Saya merasa seperti akan dihancurkan sampai mati.
"Jadi, apa maksudmu?"
“Oh, no, no… I was just wondering why you hadn't fallen
for Kunagisa-chan, and you know how it is for us scholars . Jika we can't figure something out, it'll bother us to no end . ”
“She likes everyone . Seriously, everyone . It's not like she
wants me in particular,” I blurted out .
“So that's it,” Akane-san said . “You don't want to be loved
by her . You want to be chosen by her . As her one and only . ”
SAYA…
Couldn't argue with that .

“Hmm, but why her? That's what I can't figure out . Saya t

seems like there must be some obvious reason, but I don't get saya t . If you two were a couple, there would certainly be some clashing factors, right? In fact, one would think you would be unattracted to someone so easy . ”
Easy?
Siapa?
“You mean easygoing?” I said .
"Benar. Anyway, theoretically someone with a personality like yours wouldn't be able to endure a relationship with a girl like that, emotionally immature despite being in a superior position . Plus, you're a man . ”
“It's fun being with her . Or well…” I chose my words carefully . “Rather, it's fun being by her side . ”
My favorite place in the world was by her side . Saya punya returned to Japan for that very reason .
“Mmm-hmm,” Akane-san said . “You're a little masochistic, aren't you?”
“Yeah, to the bone . I got bullied in elementary school, see . ”
“You were bullied? No, I think this is different . I think you were neglected . There's a difference between abuse and neglect . It's the weak kids and the liars who get abused . Itu outcasts just get neglected . But I know how you feel . Ketika saya was in high school, I felt like I was surrounded by aliens . When we took tests, nobody shot for a perfect grade, they shot for the average . If we ran a marathon, they would say 'Hey, let's all run together!' They were a bunch of egalitarians, for better or worse . They would tell you pi equals three . Indeed, each of the other Seven Fools claims to have experienced similar feelings . It's the tragedy of 0 . 14. Di sebuah

world of egalitarians, the outliers get to taste true isolation . Genius is born of it . But not all outcasts are geniuses . ”
“You mean it's a condition of being a genius, not a guarantor, huh? Well I'm sure no genius . ”
“Maybe not, but I think you at least know the difference between advice and an order, so let me give you some friendly advice: if you want Kunagisa-chan to choose you, I recommend you just take her . If you do that, you'll be the only one for her . She won't resist, that much is for sure . Regardless of how introverted, dark, disturbed, and deprived

of an adolescent you may be, I'm sure you at least have the balls to do that . ”
"Bukan saya . ”
“You're a real mallard, huh?”
A what?
“I may lack confidence, but you think I'm a coward?”
At least I wasn't a Chii-kun .
“Oh, I'm sorry . Hehehehe, I like you, y'know? It's too bad you aren't a woman . ”
Kenapa begitu?
I didn't know what she was trying to say anymore . No, that's wrong . It was simply becoming too painful to keep myself together any longer .
If this went on any longer, any longer at all…
“Well, it's okay . I'm sure everything will become clear soon cukup . Time always gives things some clarity . Say, by the way, have you ever heard the theory that in zero-sum games like shogi and chess there's always one perfect move to make?”
“Is this like the Prisoners' Dilemma?”
“Yeah, that . The movement of the shogi pieces is mathematically limited, so there is always one perfect move to

make . Thus, it's technically possible to decide the match in the very first move . Of course, this assumes that both opponents are perfect players . So how about the killer in our case? How will this Aikawa-san respond, I wonder? Isn't it a fascinating notion? Still, this mystery feels more like a labyrinth than a shogi board . ”
“A labyrinth? But labyrinths are simple . If you just stick your hand on one wall, you'll eventually find the way out . Saya t just takes time . ”
“You're talking about a simple maze . I think this case is more like a multiconnected labyrinth . Still, there's a surefire strategy for this kind of labyrinth as well, but it's kind of hard to explain . If you have a chance, try looking it up . Tapi jangan you ever want to play a game with no surefire strategy?”
A game with no sure strategy .
No sure win…
Hah.
What if this case was like that?

Anxiety .
Like standing on shaky legs .
I felt sick .
“If you think about it,” she continued . This sickening conversation . Even though it was sickening .
“Um, Akane-san?” I said, at last unable to contain myself .
“I'd like to keep talking like this, but I've left someone waiting di kamarku . ” I forced the words together into a sentence . saya fought the urge to throw up . “I think I'd better get back . ”
"Oh baiklah . Sorry about that,” she replied .
It must have been a bit of a letdown .
“Anyway, please come again . You sure help pass the time . ”
"Terima kasih. Well, see you later . ”

With that, I began to leave, but there was something that still bothered me . I knocked once again .
“Um, about your original question…”
"Hmm? Ada apa?"
“Do you have one? An instance where you wouldn't mind being killed?”
“An instance? Not an instance—always . ” It was a clear answer . “I'll die when my time is up . Regardless of where or how I die, or who kills me for what reasons, you won't hear a complaint out of me . ”
And with that I returned to Kunagisa's room, never thinking for a second that this would be my final interaction with Sonoyama Akane, that genius of geniuses of the highest order, of the Seven Fools, of the comprehensive research center ER3…
“Ii-chan, you're back . ” Kunagisa sat on her bed, her body wrapped in a pure white bathrobe . Hikari-san was on the sofa . Seeing that I had returned, she breathed a sigh of relief . Trying to handle a conversation with a bath-fresh, spunky Kunagisa was no task for an amateur, so I knew how Hikari-san felt .
“Ii-chan, look, I washed my hair . Compliment me, compliment me . ”
“It's cute . ”
Her hair had turned a pretty, cobalt blue . “It's not easy bearing recessive genes,” she herself would often say .
“Are you gonna take a bath, too, Ii-chan? You might come

up with a good idea in there, y'know, like Archimedes . Dan then run around the mansion naked, also like him . ”

“That would be… a problem,” Hikari-san said in all seriousness . It was like she thought I would really do it . Saya punya
no intention of making myself the mansion weirdo . “But Archimedes really was a strange guy, wasn't he? All geniuses are, huh?” Hikari-san said thoughtfully . I wondered which person in the mansion she was imagining . It looked as if it could have been anyone or no one .
“Nudity wasn't so uncommon in those days, Hikari-san . saya don't think he was being particularly strange . ”
“You're so wise, Ii-chan . ”
"Ya, benar . So Hikari-san, what was it you needed?”
"Oh, benar. My mistress sent me to come investigate what's going on with Kunagisa-san . ”
She was sure an honest girl . I told her there was no point if she went and told us that's what she was doing . Dia tertawa embarrassedly .
"Aku tahu . Akari's really better at this kind of thing, but she'll be staying on the mainland tonight . She won't be back until tomorrow morning . ”
“She went to call on that detective, right?” I was a little bit interested, so I went ahead and asked . “So, what's this person like, anyway? Judging from the way you talk, it sounds like you've met before . Are you well acquainted?”
“Yes, I suppose so . Aikawa-san came to our rescue once before . There was an incident, and, well…” she vaguely trailed off . It didn't seem like it was supposed to be a secret, but maybe just an unpleasant conversation .
“Hmm, an incident, huh? On this island?”
"Iya nih . This was right after my mistress had been sent here, and before it had become this sort of 'salon . ' So we called Aikawa-san here, and, well, the case was solved almost

immediately,” Hikari-san said with great emotion . “Aikawasan has kind of a violent temper, you see . Cynical and emotional, like the entire world is an enemy . I think Aikawasan's success in solving cases is fueled by rage alone . ”

“Huh…”
She seemed to be carefully choosing her words as she spoke, but not very effectively . I couldn't put together a concrete picture of this guy at all .
“So, pretty short-tempered?”
“Well, it's more like Aikawa-san is in a perpetual state of rage . Even if you catch a glimpse of a smile, there's always this sort of hostility hanging in the air, and… I'm sorry, it's kind of hard to describe . Anyway, it's like Aikawa-san has a grudge against the whole world . ”
“I see,” I said, even though I didn't . “But all the detectives I've ever read about in mystery novels are all so cool and reserved . They're always saying stuff like 'Didn't you realize that?' You could replace eighty percent of their dialogue with 'What are you, stupid?' and it would still make sense .
“But based on what you're saying, this Aikawa-san sounds like some sort of hotheaded defender of justice with zero tolerance for criminals . ”
“Oh, well, it's not like that . It's not just zero tolerance for criminals, it's zero tolerance for the entire world . You know, always saying things like 'This world could be so much better! Why are you bastards all slacking?' ”
He really was hotheaded . A rare type of person these days . It was such a contrast to me and my vague, passive babbling, it was almost beautiful .
“But despite all the anger and grouchiness, it just doesn't do any good to get frustrated with the laziness of others, so

Aikawa-san would just give this cynical smile . Maybe you know the type . To say the least, it serves as quite a contrast from you and Kunagisa-san . ”
In describing this detective, Hikari-san seemed sort of gleeful . Like she was boasting about a close friend or sesuatu. Or more like a hero . It was just like when Iria-san had described him .
"Apakah itu benar? Well, that's probably the better way to be,” I said, just trying to keep the conversation going . “Do you think Aikawa-san is reliable?”
“Yes, for sure . ”
“That's a relief . Even if we can't figure out the mystery in

the next six days, we have a backup savior . ”
“Well, let's not count our chickens before they hatch . ”
“I'm cautious . Or maybe I'm a coward . Either way is good, Saya tebak . ”
“Either way is good?” She gave me a confused look . "Kamu know, this may be strange coming from me, but why is everyone able to stay so calm in a situation like this?”
“Well, that's a complicated question . ”
"Maaf. But you know, it's like, even though someone was killed, everyone is so… what can I say…?”
“Maybe they're just used to it . ”
At least, that was my case .
I didn't really know the difference between “used to” and “numb to,” though .
“Yeah, but Shinya-chan and Yayoi-chan seemed to react pretty naturally,” Kunagisa said .
“That's right, but hey, Hikari-san, you and your sisters seem pretty calm, too . What about that?”

“Well, we've been trained to maintain composure . ” She sounded a little sad about it .
Her twenty-seven years of living probably hadn't been much of a cakewalk .
“Oh, right,” she said, breaking the awkward silence with the snap of her fingers . “My mistress told me to make sure I ask you this . Earlier you said something about understanding so much that you don't understand, right? But really you must know something, right?”
About that space enclosed by a river of paint .
Hmm …
That “mistress” of hers must've been sharper than she was worldly .
“Nothing to brag about, really . Any mystery novel fan would've been able to solve it easily . But you know, when you're approached with a mystery like this in real life, it proves to be pretty perplexing . I guess the answers get a little drowned out by the smell of blood, the taste of death . ”
“Hahaha, weird, Ii-chan,” Kunagisa laughed .
It was an innocent, vulnerable laugh .
It made my head spin a little .

Did I want to be chosen?
By her?
My sudden silence drew the quizzical gaze of Hikari-san, but a moment later she turned to Kunagisa . “Um, Tomo-san? If you do know, I hope that you'll tell me . ”
“Sure, why not? It took awhile to pin it down, but I finally figured it out,” Kunagisa nodded . “Erm, where should I start?”
“Um, well first, if you wouldn't mind… could you tell me what you meant earlier? About knowing so much you don't know?”

“It's like the difference between bottom-up and top-down,” I cut in, lacking faith in Kunagisa's ability to explain it . “Like, say, for example, that that table is a sandbox and you want to make a mound of sand as high as possible . What would you do?”
“Start from the sides and push all the sand together into a mountain . ”
"Benar. So would I . But Kunagisa wouldn't do that . Dia would take a whole bunch of sand and just dump it on the table . The resulting mountain of sand would be just like the one you and I built . You and I would gradually build up to the final product, little by little . Kunagisa dumps everything out altogether . That's how her mind processes things . Right, Tomo?”
“I don't really get your analogy . ”
Big surprise there .
At any rate, Hikari-san seemed to get me, and she nodded along .
“Okay, so will you tell me the secret behind that paint room?”
“Sure, if you'll answer my question, Hikari-chan . ”
Hikari-san stared blankly back at her, as if she didn't understand the question . Kunagisa, paying no mind to that, turned back to her computer . She pointed to the screen on the computer I had been using .
“Okay, first let's review the scene of the crime . Ta-daaa . The atelier . ”
She used an image viewer program to display all of the pictures . That stream of marble like the Sanzu River . Itu

headless body on the other side . Images that actualized our

memories of the morning . Oblivious to such notions, Kunagisa began her explanation .
“The primary puzzle is this river of paint . The earthquake happened at one a . m. , causing the shelf to fall over, which resulted in what you now see . That much is clear . The river is too wide to jump . If we suppose the murder happened after the earthquake, the killer's means of entry are a mystery . Atau at least, the means of exit are . You with me so far?”
"Iya nih . So far . ”
“At this point, it's easy to pin the crime on the monster Ashinaga Tenaga, but the answer isn't that simple . ”
Hikari-san gave a strange laugh . Either she didn't know who Ashinaga Tenaga was or she was just giving a strange laugh .
“So you're forced to think that the murder happened before the earthquake . If that were the case, it would've been easy for the murderer to get in and out . No footprints, no blocked passages . In which case, it seems like Akane-san must be the killer, since she was the only one who didn't have an alibi . But that's where Shinya-san's testimony comes in . Dia confirmed that he heard Kanami-san's voice when he called her after the earthquake . This means that Kanami-san must have been alive at least for a few minutes after the earthquake . So, Hikari-san, what do you think?”
“Well, I, uh…” She tilted her head to the side . It was pretty adorable . “I guess the killer must've come through the window . It's the only other way . But the window is locked, so…”
“From the window, huh? There is that possibility . Glass is fundamentally closer to a liquid than a solid, after all, so a lock

might not necessarily do much good . Or they could have dug a tunnel as well . ”
Ya benar .
“Well, you must've figured it out by this point, right, Kunagisa?”
“Not even a little . ”
“It's the post hoc fallacy, Hikari-san,” I said, coming to her

rescue . I had been holding out so long because she was so cute when she was confused, but in the end I couldn't help but feel bad for her .
Kunagisa nodded .
"Ya . Post hoc ergo propter hoc . In Japanese, that's 'mistaken cause and effect . ' It refers to a misinterpretation of the Law of Syllogism . You know, like false assumptions . The world isn't so neatly organized . ”
“I don't understand Latin . ”
“Hey, but you knew it was Latin . ”
“That's because you said ergo”
Cogito ergo sum, huh?
Hikari-san was sharper than she looked .
“For example, imagine I've got a hundred-yen coin and I say 'It's going to come up heads . ' I said it, okay? And then I toss the coin . Okay, it's heads! Apa yang kamu pikirkan? You think it was a coincidence, right? That's normal . But some people don't get it . They figure I said I would throw a heads and it was heads, therefore I must have some kind of special power to control the coin . ”
For the record, it was a trick coin .
“I drank some alcohol and my cold went away, therefore alcohol cures colds . I turned on my computer and a visitor showed up, therefore computers summon visitors . A man

looked at a woman, and she happened to be looking in his direction, therefore she must have been interested in him . SEBUAH catfish was dancing, and then an earthquake happened, so the earthquake must have been the catfish's fault . None of that makes much sense, right, Hikari-chan? In other words, just because B happens after A doesn't mean A and B have a cause-effect relationship . The sequence and timing of two events is no reflection of cause and effect . So let's think about this case now . There was an earthquake, then a river of paint was formed, therefore the earthquake created the river of paint . Is that right?”
"Oh. ”
Oh Itu
It finally dawned on her .
“So that river wasn't caused by the earthquake?”

“Well, the shelf itself probably really did fall over because of it . And it probably did cause a little bit of paint to spill out . Kanami-chan even said so on the phone . But I doubt it would've caused such an incredible amount of paint to spill everywhere . The paint cans probably rolled around and let a few drops out . If you think about it, those paint can lids are relatively strong, so it's not likely that just falling over would've caused them to spill all over the place like that . Tapi even if was just a little bit, Kanami-chan was confined to a wheelchair, so for her it was impossible to leave the atelier . ”
“Oh, I see where this is going,” Hikari-san said . “That makes sense . So then the killer snuck into the room and murdered her . Then, on the way out, purposely spilled paint around the room, little by little . If you did it slowly, little by little, you could make a river like that without leaving any

footprints . ” She appeared to be imagining the killer walking around with a can of paint as she talked .
Ya . We had all assumed that the earthquake had caused the river of paint . But in reality, it didn't take a major disaster or even a major artist to make something like that . It could've been the work of any amateur .
No artistic talent required .
It wasn't a very demanding task, to say the least .
“But why would the killer do that?”
“Probably to make us think it happened because of the quake,” I said . “They must not have known Kanami-san talked to Shinya-san on the phone . So they figured by making the river, people would naturally assume it was caused by the quake . ”
“So this means…”
"Ya . It means,” I said, clapping my hands together once and then spreading them out wide, “the suspect list just got way longer . ”
There were only four people with post-earthquake alibis: Iria-san and Rei-san, and then Maki-san and Shinya-san . Itu remaining people were no longer cleared of suspicion .
“So then there's no point in keeping Sonoyama-san locked up, right?” Hikari-san said cheerfully . “I mean, right? She's not the only one under suspicion anymore . ”

She must have been feeling pretty guilty about how we had treated Akane-san . It seemed she wasn't much of a mathematical thinker . It was quite a contrast from the rational Sonoyama Akane herself . I decided to tell her .
“Akane-san already knew about the paint trick, too . She's just pretending she doesn't know . ”

“Why?” Hikari-san said, looking honestly baffled . “Isn't that aneh? Why would she do something like that?”
“Probably to preserve this safety situation we've got here . That brain of hers sure keeps busy . ”
To create the best possible circumstances for everyone else, she didn't even have any reservation about putting herself in the worst possible circumstances . It was almost an inhuman way of thinking, but extremely admirable nonetheless .
“So we should keep this a secret then, huh?”
"Ya. The killer is still at large, so I don't think it would be good to upset the situation any . I suppose Iria-san has a right to know, though . As far as that goes, do whatever you like . ”
I wasn't going to be that much of a roadblock .
Hikari-san let out a moan . “But it's so… I mean, that thing about the river not really being caused by the earthquake… it's so simple . Like I should've seen it a long time ago . ”
“Yeah, I couldn't believe it, either . But you know, any trick seems simple once you figure it out . By now I've seen tons of tricks that were even stupider . ”
“But who could've possibly thought up such a trick right after the earthquake?” She was still unconvinced . “I mean, what were the odds there was even going to be an earthquake? It's all too much of a coincidence . ”
“Well, that brings us to the Law of Great Numbers, Hikarichan . ”
“What is that?” Hikari-san gave Kunagisa a sideways glance . “The Law of Great Numbers?”
“It means that something looks like an amazing coincidence, but when you sit down and think about it, it's not really so amazing after all . Like, for example, if you saw

someone win the lottery, wouldn't you think it was amazing? You're less likely to hit the jackpot than to spot a tear in the

ocean . But if you think about it, that's only true if the guy only bought one lottery ticket . Practically nobody who plays the lottery only buys one ticket, one time . If you have a group of twenty-three people, there's a fifty percent chance two of them will have the same birthday . Even still, it seems incredible, right? That's the Law of Great Numbers . Itu earthquake just happened to come today, but it wouldn't have changed anything if it had happened tomorrow instead . Plus, it's not likely that the killer was counting on this earthquake trick alone . They probably considered a whole variety of ideas . It's the same concept . ”

“So you mean like multiple means to one end?”

“Yup yup, you got it . And it all relates back to that misunderstanding of cause and effect,” Kunagisa said, poking Hikari-san with her index finger . “Now, Hikari-chan . Sudah waktunya

for my question . ”

"Oh itu benar . We made a deal,” she righted her posture and nodded . “Go ahead, ask me anything . ”

“Why is Iria-chan here?”

It was a question that immediately changed the entire atmosphere .

Di sini

This island .

Wet Crow's Feather Island .

Why was Akagami Iria here?

In a single instant, Hikari-san's usual cheerful demeanor went completely stiff . She was clearly trembling . It wasn't confusion, but utter fear, pure and simple .

Apakah seburuk itu?

“Um, uh, well…” her voice wavered, unable to put the words together . “Well, um, that's…”

“You can't answer?”

“Just that one question—please don't make me, Tomosan . ”

She hung her head, as if she might even collapse . Nya posture went limp, as if she were ready to pass out . “I'll answer anything else, just not this . ”

Hikari-san looked truly pitiable . It was like we were the devil trying to get her to do something wicked . Give us your

soul . Your most precious thing belongs to us now . What an awful bunch of nonsense .
“No, it's okay, we don't mind,” I said, breaking into the conversation . “Right, Tomo?”
"Ya . No use trying to force it out of ya . ” For all her selfishness, Kunagisa was being uncharacteristically sensitive .
“Sorry, Hikari-chan . ”
“No, I'm sorry . You were just asking a question . ”
Hikari-san stood up . “Sorry I bothered you . ” She started to leave, but then paused and looked back . “Oh, by the way . ”
She sounded like Detective Columbo or something, except much cuter so it wasn't creepy . She was even smiling . “This has nothing to do with my mistress . I'm asking you personally… do you really believe Himena-san has special powers?”
Did we believe?
Maki-san's ESP?
The ability to know all .
After thinking for a moment, I answered . “Right now, there's no particular reason not to . ”
“I don't really care if she has 'em or not,” Kunagisa chimed in .

“Oh, yeah, you're probably right . ” Hikari-san gave a convinced nod, then left the room . My eyes stayed on the door for a while as I thought about her bizarre reaction to our question about Iria-san .
“Well, whatever . ”
It probably didn't have anything to do with this incident . Saya t seemed highly unlikely that Iria-san's exile here had any influence on Kanami-san's death . Just then Kunagisa's workstation emitted a strange boyoyon boyoyonnn noise . saya looked over at it to see Kunagisa had once again started doing something on it .
"Ada apa?"
“Mail, I got some mail . From Chii-kun . He's a fast one . People used to always say he ignores the theory of relativity like it was a traffic light . ”
She had just asked him to run a check this afternoon, so he sure wasn't slow—not to mention the fact that he was

incarcerated .
“Wow, Himena-san's real name is Himena Shinari . Wow . That's a much better name . I wonder why she uses a fake one . ”
“Her real name? Hey, this guy even tracked down trivial stuff like that?”
"Ya. He was supposed to see how everyone was connected, but, man, he sure has a lousy personality . Seriously, he doesn't understand how to communicate with people at all . Oh tunggu . Ini dia . Hey, Ii-chan, we've got a connection . ”
I went over to her, but everything on the screen was in English, so I didn't understand it .

“Why don't you understand English, Ii-chan? Where were you studying all that time? The South Pole? Mars?”
“I forgot it, that's all . If you don't use something, it only stays with you for three or four months, y'know? Besides, my reading and writing were always worse than my conversation . ”
“Didn't the ER program entrance exam require English, Russian, and Chinese? Bagaimana kamu bisa masuk? Backdoor?”
“It's like I'm tellin' you, I used to know it . ”
“Sounds like a lie to me . Anyway, I'll translate . It says 'Ibuki Kanami and Sonoyama Akane were spotted having lunch in a Chicago café . ' About half a year ago . It's an eyewitness account . Hmm… 'lunch together . ' I wonder why . Don't those two hate each other?”
“They had lunch together?”
As suspected, they had a connection . But why were they doing something like that? Akane-san had lived in the States, and Kanami-san was a world-traveling artist, so it wasn't that implausible that they could've met over there, but they sure weren't the sort of pair to be having lunch dates together .
“Yup, and it wasn't just a lunch date, either . It was at a super-secret club . ”
“Secret club?”
Speaking of sounding like a lie .
“Yup,” Kunagisa nodded . "Betul . Those places really do exist . Even in Japan there are some, though not many . Semua sorts of politicians and celebrities and their families go there .

Maybe 'high-class clubs' would be a more accurate description . The security at those places is out of this world . ” Which raised the question of how this guy got the information, but I sure wasn't about to ask . Sometimes it's better not to touch the other end of the tunnel .

“Is that definite?”
“Chii-kun doesn't lie . But sometimes he doesn't tell the truth, either . I guess that makes him like you . ”
“Eh… I lie plenty . ”
I'll just let that say what it says .
So Sonoyama Akane and Ibuki Kanami had a connection . Whether or not it was important information, it was certainly something to be concerned about . I decided it was probably best to confirm it with Akane-san tomorrow . It never occurred to me that this would turn out to be impossible .
“There's some other stuff here about how everyone's doing baru-baru ini. Natchan's doing about the same, huh? Ah, Satchan seems to be having some rough times . Hii-chan's gone missing . That is so him . The Admiral found a job… wow, a nice job . Atchan, too . Everyone else is doing well . Chii-kun, too . Itu melegakan . Have to admit, I was feeling a little guilty . ”
Feeling a little left out as she immersed herself in memories of the good ol' days, I rolled over on the sofa . “Let's get to sleep already,” I said . Since Akane-san was in the storeroom now, I was stuck sleeping here .
“Okeydokey . ” She finished checking her mail, switched off the workstation, and dove off the revolving chair into bed . Then she rose to her knees . “Ii-chan, let's sleep together tonight for sure . ”
“Pass . ”
“It's so cold at night . If you sleep over there you'll catch a cold . This bed is a king-size . Lotsa room . ”
“Pass . ”
“Come on, I won't do anything! We'd just be sleeping together, that's all . I won't even touch you . Anda bahkan bisa

sleep with your back to me . Come on, that's not so bad, right?”
“Pass . ”

“Please? I'm lonely over here . ”
Damn this girl .
She was really digging in this time .
I got up from the couch and looked her right in the eye .
“You swear you won't do anything?”
"Iya nih . ”
“You swore . I'm gonna believe you . ”
“No sweat,” she nodded . “I won't let you down . ”
And so that night I slept on a real bed for the first time in a long time . Waktu yang sangat lama . Not that I was expecting anything, but she really did keep her promise, and I could hear her sleep-breathing behind me . But since I had my back to her, I didn't know if she was really sleeping .
Aku teringat .
The old days .
Way back then .
Years ago .
Wow, was it really so long ago?
“Ii-chan . ”
She always used to call my name like that, with that sense of familiarity in her voice .
Her heart was just as open to me now, like we had never been apart .
Wide open, no façades .
I really don't like meeting up with people from the past . Whether they've changed or not, it's a lonely experience untuk saya .

Nevertheless, Kunagisa's house was the first place I went when I came back to Japan, before even going to my own home, and I did so without hesitation .
The blue-haired femme .
She still looked exactly the same .
Like those years had never happened .
Saya menutup mata.
Surely this was the first time we'd slept side by side in a long while .
Just take her, Akane-san said .
If you want to be her one-and-only .
If you want not to be loved, but chosen .

“Nonsense…”
What if…
If I told Akane-san I had already tried that before, would she have held it against me?
It hadn't been out of love, but out of desire for destruction .
But Akane-san .
It didn't mean anything .
Sungguh.
Really, it meant nothing .
So then what?
Lalu apa yang harus saya lakukan?
Tolong beritahu aku .

Kematian bagi serigala, dan kematian bagi babi juga.
Saya terbangun ketukan keras. Kepalaku masih berputar-putar dengan tidur, aku
bangkit dan membuka pintu hanya untuk meminta biaya Hikari-san ke dalam ruangan dan ambil kerahku.
"Kau !" Tiba-tiba dia menjerit.
Tidak, ini bukan Hikari-san, aku sadar. Hari Hikari-san mengatakan sesuatu seperti "Kamu !" adalah hari saya mengubah saya
nama ke Samantha. Untuk mengatakan sesuatu seperti itu dan menangkapku
kerah itu, bagi Hikari-san, benar-benar mustahil. Dia kurang kemampuan itu. Ini kemungkinan besar bukan Teruko-san juga … jadi begitu
pasti … Akari-san?
"Karena kamu, ini — sial! Dasar bedebah! ”
Bahkan untuk Akari-san, ini sangat tidak biasa
perilaku Dalam kegilaan total, dia tampak seperti akan pergi untuk mulai memukulku sebentar. Atau sebenarnya, dia punya sudah dipukuli di dada saya beberapa kali pada saat ini. Saya dulu terlalu terkejut dengan perilakunya untuk memperhatikan rasa sakit.
“Aku sangat lelah dengan hal ini. "Dia terengah-engah dan gemetaran. "Tidak ada lagi ini … Terlalu mengerikan …. Itu juga mengerikan. Mengapa? Mengapa?!"

“Tenang saja, Akari-san. "Aku meraih bahunya dan memberi
dia perusahaan yang bergetar.
"Apakah sesuatu … terjadi?"
Dia menatapku dengan tatapan tajam. Itu adalah ekspresi kebencian sejati.
Kemarahan dendam dari inti keberadaannya.
Dia melotot sekuat tenaga.
Bukankah Hikari-san mengatakan sesuatu kemarin sepanjang garis dari "Kami telah dilatih untuk menjaga ketenangan kami"? Bukan itu
kemungkinan Hikari-san telah menjalani pelatihan Akari-san itu belum. Namun di sinilah dia, tidak waras. Apa yang telah terjadi terjadi?
Akhirnya, dia menggelengkan kepalanya dengan lembut. "Saya minta maaf . Silahkan
permisi, perilaku saya sangat tidak pantas. "Dia digantung kepalanya malu. “Itu bahkan bukan salahmu. Hal yang mengerikan ini
bukan salahmu … "
"Hei, jangan khawatir tentang itu … Tapi apa yang sebenarnya terjadi?"
Saya mengulangi pertanyaan saya. "Apa pun itu, tolong beri tahu aku. ”
Alih-alih menjawab secara langsung, dia berputar bersamanya kembali padaku . "Tolong ikut aku ke penyimpanan lantai pertama kamar, "katanya, dan mulai berjalan.
Aku berdiri membeku. "A-apa? Tapi itu…"
Akari-san dan Teruko-san seharusnya menghabiskan malam itu
di daratan; kapan mereka kembali? Menurut
arloji yang telah diperbaiki Kunagisa untukku, sudah jam sepuluh jam di pagi hari (meskipun sulit dibaca, karena
jumlahnya mundur). Tidak seperti saya ketiduran.
Sangat memalukan.
Tetapi sekarang tidak ada waktu untuk pemikiran seperti itu. Saat Akari-san
telah kembali dan berapa lama saya ketiduran terlalu sepele penting pada titik ini.
Lebih penting…

Lebih penting…
"Akari-san, apa yang baru saja kamu katakan?"
Ruang penyimpanan lantai pertama?
Saya punya firasat buruk tentang ini. Siapa di bawah sana?
Perasaan yang sangat buruk.
Apa yang terjadi di pulau ini?
Perasaan yang sangat buruk.
Dan perasaan itu mungkin benar. Ada sebuah pola
berkembang di sini.
"Hey bangun . Tomo. ”
"Hnnh? Gmorning … Angkat rambutku? "
Kunagisa dengan mengantuk mengangkat kepalanya. Dia mengenakan yang aneh
ekspresi konten, seperti dia telah mengalami mimpi indah.
“Sepertinya sekarang bukan waktunya untuk itu. ”
Dia menggosok matanya. “Itu artinya aku tidak perlu mencuci tangan
wajah juga. ”
Pintu yang membuka ke dalam.
Di sisi lain, Akane-san berbaring telungkup, tubuhnya
menunjuk ke arah kami. Akibatnya, potongan melintang dari—
dan juga semua daging, tulang, dan urat nadi yang terungkap — ada di
pemandangan biasa. Itu adalah pengingat yang aneh bahwa pada akhirnya,
manusia tidak lebih dari gumpalan organik raksasa
masalah.
Iya nih .
Itu adalah tubuh lain yang dipenggal.
Sama seperti tubuh Kanami-san, kepalanya sudah sepenuhnya
terputus dari pangkal leher.

Itu mengenakan jas. Yang kelihatan mahal, abu-abu.
Hancur karena noda darah. Tetapi bahkan seandainya itu bukan, hanya saja
seperti halnya dengan pakaian Kanami-san sehari sebelumnya, di sana
tidak ada yang tersisa untuk memakainya.
Ruangan itu tandus dan gersang. Saya telah menghabiskan tiga hari di

disini Akane-san tidak bertahan satu malam.
Itu adalah kamar kosong. Satu-satunya hal di dalamnya adalah a kursi kayu di dinding, telepon rumah tergantung di
dinding, kasur, beberapa buku Akane-san mungkin membawa dengan dia, dan dudukan lampu.
"Pintunya terkunci, kan?" Tanya Iria-san. "Kanan,
Hikari? "
"Iya nih . "Suara Hikari-san bergetar. Saya melihat untuk melihat itu tubuhnya juga gemetaran. “Itu pasti terkunci. Tidak
kesalahan. ”
"Nah, bagaimana dengan jendelanya?"
Saya menatap suara Iria. Di bagian paling atas
dinding di seberang pintu, tempat kami semua berdiri, ada sebuah jendela persegi panjang. Tapi itu hanya untuk membiarkan di bawah sinar matahari
dan ventilasi. Sejauh mengizinkan seseorang untuk menyelinap atau masuk
keluar, itu terlalu …
Itu terbuka.
Itu tuas buka / tutup yang dapat dioperasikan dari
di dalam ruangan. Jika Anda memikirkannya, itu hanya besar cukup untuk membiarkan satu orang melewatinya, jika orang itu dimasukkan
sedikit usaha.
Tetapi tetap saja…
"Ini terlalu tinggi," kataku kepada siapa pun khususnya.
Masuk melalui jendela itu akan seperti mengambil a
menyelam dua lantai, dan keluar akan lebih buruk.
Ketidakmungkinan untuk masuk atau keluar melalui jendela itu

adalah alasan kami memilih kamar ini sebagai sel Akane-san di kamar
tempat pertama .
Dengan kata lain, jendelanya tidak bisa ditembus.
Namun demikian.
Satu-satunya pelabuhan masuk atau keluar lainnya telah dikunci.
Ini jalan buntu. Ruangan tertutup lainnya. Sebentar
pemenggalan kepala. Dua pemenggalan kepala, dua kamar tertutup.
Kunagisa, yang berdiri di sampingku, merengek. saya
mencoba mengatakan sesuatu, tetapi akhirnya tetap diam.

Berbaring di lantai di depan kami adalah tubuh tanpa kepala
Wanita yang kita semua duga adalah pembunuhnya. Dalam situasi seperti
ini, kata-kata apa yang cocok?
Kepala itu tidak bisa ditemukan.
Ini berarti bahwa sama seperti Kanami-san, kematian dan kecelakaan
bunuh diri sudah tidak mungkin.
“Ngomong-ngomong, sepertinya kita punya beberapa hal untuk dilakukan
pertimbangkan kembali, ”kata Iria-san akhirnya. “Bisakah kita semua berkumpul di
ruang makan? Hikari, kunci kamar ini. ”
Sekali lagi, Iria-san adalah yang pertama pergi. Rei-san diam-diam mengikuti dari belakang.
"Beberapa hal untuk dipertimbangkan kembali?" Aku mengulangi dengan menyakitkan. Memang,
itu benar. Semua pemikiran kami dan setiap spekulasi kami
telah membuat sampai titik ini harus dia bersihkan. Saya t
juga sepertinya kami memiliki banyak detail baru untuk dipertimbangkan.
"Kurasa ini membuatnya menjadi pembunuhan berantai, ya?"
Sangat menyakitkan untuk mengatakan itu.
Pembunuhan berantai.
Saya telah mengunci Akane-san di sini untuk mencegah hal itu.
Dan sebagai akibatnya dia menjadi korban kedua.
Ya, situasi nyata yang aman yang telah kami buat. Apa yang terjadi
Saya pikir akan terjadi? Apa yang saya harapkan dari seseorang yang

membunuh orang lain dan memotong kepala mereka? Mungkin akal sehat
dan pemikiran strategis, Anda tahu, manusia.
Saya merasa sangat santai. Sangat nyaman. Benar-benar bangga
diriku sendiri Saya telah menghentikan si pembunuh dari bergerak. Saya sangat
percaya diri . Diangkut pergi. Gede rasa .
Kata-kata Akane-san dari malam sebelumnya semuanya datang
bergegas kembali. Kata-kata yang dia tinggalkan padaku.
Bisakah ini dimaafkan?

“Ini semua omong kosong, sungguh. ”
Saya berbalik dan meninggalkan TKP.
Pada saat itu, aku melihat Yayoi-san dari sudut
mataku . Dia tampak sangat pucat. Bahkan lebih dari itu
kemarin Saya kira Anda akan berharap banyak dari siapa pun
terlihat dua mayat tanpa kepala dalam dua hari. Itu tidak seperti melihat
daging babi atau ayam
Tetap saja, ada sesuatu — saat itulah Yayoi-san tampak
perhatikan tatapanku dan pergi ke ruang makan, seolah ingin pergi menjauh dariku .
Aku bertanya-tanya tentang apa itu sementara Kunagisa menariknya
lenganku .
“Ii-chan, ayo pergi. Iria-chan akan bosan menunggu
sekitar. Semua orang sudah pergi; tidak ada gunanya mencuat sekitar. ”
Aku mengangguk .
Hal-hal untuk dipikirkan kembali, dan hal-hal baru untuk dipikirkan.
Karena itu, pagi hari kelima adalah omong kosong total.

"Itu sekitar jam dua pagi," kata Hikari-san.
Ruang makan .
Meja bundar .
Tapi kami dua orang lebih sedikit dari dua hari yang lalu.
Artis yang luar biasa Ibuki Kanami dan anggota
Seven Fools Sonoyama Akane.
Duo pertengkaran itu tidak ada lagi. Mereka tidak lagi hidup.
“Aku menerima panggilan telepon di kamarku … dari Sonoyama-san.
Dia bilang dia lupa buku di kamarnya yang dia inginkan
saya untuk membawanya. ”
"Lalu?" Kata Iria -san. "Saya kira Anda melakukan apa yang Anda lakukan
diberitahu? "
"Ya," Hikari-san mengangguk. “Itu terlihat seperti kuno
Paperback of Bakaichi oleh Mushanokoji. ”
“Itu tidak terlalu penting. Jadi pada saat itu, Akane-san
masih hidup, ya? Dan dia punya kepala? "

"Ya, pada saat itu dia masih hidup," kata Hikari-san dengan jelas. Ini berarti Akane-san terbunuh setelah dua a. m. saya
mengira aku adalah orang terakhir yang melihat Akane-san hidup, jadi aku
sedikit terkejut. Tapi sungguh, saya tidak mengira saya telah "melihat"
dia, per se, karena kita hanya berbicara melalui pintu.
Tubuhnya rupanya ditemukan sekitar sembilan
jam pagi itu. Dia biasanya bangun dan pergi
sarapan pada waktu yang ditentukan setiap hari, jadi Hikari-san khawatir
ketika tidak ada panggilan datang dari kamar Akane-san, dan dengan demikian menjadi
yang menemukan tubuh.
Awalnya dia curiga bahwa Akane-san hanya punya
ketiduran karena berada di lingkungan baru. Tapi
kenyataan memiliki sesuatu yang lain di toko. Bagaimanapun, dengan asumsi

Kesaksian Hikari-san benar, waktu pembunuhan itu
terbatas pada jendela tujuh setengah jam. Tubuh tidak
muncul terbunuh baru pada saat ditemukan, jadi itu
Sepertinya pembunuhan itu mungkin terjadi di tengah-tengah malam.
"Baiklah kalau begitu," kata Iria-san, memandangi orang-orang di sana
meja . “Mari kita mulai melihat alibi seperti yang kita lakukan kemarin. ”
Dia terdengar seperti sedang memainkan beberapa jenis permainan. saya
tidak akan mengklaim untuk dapat menilai apa yang ada di dalam Iria-san
hati, tetapi paling tidak, dia tampaknya tidak memiliki akal kesedihan atau kesedihan.
Tidak peduli siapa itu semua terjadi atau apa yang terjadi,
itu tidak terjadi padanya. Hanya itu yang ada di sana.
“Kali ini, aku tidak punya alibi. “Saya memutuskan untuk mendapatkan bola
bergulir karena tidak ada yang berbicara. “Hikari-san datang mengunjungi kami

kamar sekitar sepuluh atau sebelas tadi malam. Kupikir . Tapi kemudian
Kunagisa dan aku pergi tidur dan tertidur. ”
"Kamu tidur bersama?" Goda Iria-san.
"Ya benar . 'Pergi tidur' hanyalah kiasan. saya tertidur
di sofa . ”
“Tapi jika kalian berdua tidur, tidak mungkin
membenarkan bahwa salah satu dari Anda tidak menyelinap di tengah
malam. ”
“Oh, oh, tapi kamu bisa menyingkirkanku. Kunagisa menggeser tangannya
secara horizontal di lehernya. “Ruang penyimpanan ada di yang pertama
lantai, kan? Saya tidak bisa turun sendirian. ”
"Eh?" Bukan hanya Iria-san, tapi semua orang melongo melihat Kunagisa
terkejut. Yah, semua orang kecuali Maki-san, yang mengenakan
Ekspresi yang sama sekali tak acuh, seolah berkata, “Aku sudah tahu
itu "Tapi Anda selalu bisa mengandalkannya sebagai pengecualian.
“Karena itulah aku selalu membuat Ii-chan ikut bersamaku. ”

Ya . Saya tidak datang ke pulau ini hanya karena saya bosan
atau tertarik. Aku punya alasan kuat untuk berada di sini, dan
Kunagisa membutuhkanku.
Kunagisa memiliki beragam kebiasaan unik dan
karakteristik yang membuat kehidupan sehari-hari risiko kesehatan yang serius,
tetapi di antara mereka ada tiga yang utama, dan di dalamnya
tiga adalah salah satu catatan khusus: dia tidak bisa menangani yang ekstrim
gerak vertikal sendiri.
Itu aturan.
Saya kira itu lebih tepat untuk menyebutnya kaku, kompulsif,
aturan bawah sadar yang terletak di suatu tempat dalam benaknya daripada
"Aneh. "Jika diberlakukan dengan buruk, itu akan terungkap, dan dia
akan berteriak dan berteriak dan Anda tidak akan bisa meletakkan

jari padanya. Itu cara yang sama tahun lalu. Saya bertanya-tanya apakah dia
mungkin telah disembuhkan, tetapi tampaknya itu tidak sesederhana itu
kondisi.
"Apakah itu benar?" Ekspresi terkejut tetap pada Iria-san
wajah. “Tapi ini pertama kalinya aku mendengar tentang ini. ”
"Yah, itu sebenarnya bukan sesuatu yang kamu bawa sepanjang waktu.
Tetapi jika Anda telah mengamati saya, Anda akan perhatikan bahwa saya belum
naik atau turun tangga sendirian sepanjang aku berada di
pulau ini. ”
Saya selalu bersamanya saat makan, atau dia terkunci
di kamarnya.
Kunagisa Tomo.
"Sekarang setelah kamu menyebutkannya, kamu selalu membuat orang itu
datang ke kamarmu dan menjemputmu. Tapi kami tidak punya cara untuk itu
buktikan ini. ”
"Kami memang memiliki sertifikat medis," kataku. “Itu mental
gangguan, jadi untuk berbicara. Jadi saya pikir kita bisa mengkonfirmasi milik Kunagisa
alibi untuk saat ini. ”

Tapi bukan milikku.
Iria-san sepertinya sedang memikirkan ini sebentar, tapi
lalu dia mengalihkan pemikirannya. “Yah, bagaimana dengan Himena-san? "
“Aku ada di kamarku, minum sepanjang malam. "Dia menatap
Shinya-san. “Bersama dengan pria yang luar biasa itu
disana ”
"Apakah itu benar, Sakaki-san?"
"Yah, aku tidak tahu tentang bagian pria itu, tapi
kalau tidak, ya. "Dia memberi Maki-san sedikit kedipan. "Aku hanya bermaksud
untuk pergi mengganggunya sebentar, tapi akhirnya aku menginap sepanjang malam
minum. ”

Itu membuat dua malam berturut-turut bahwa mereka sudah bangun
minum. Mereka pasti memiliki daya tahan yang luar biasa. Atau mungkin itu tidak terjadi pada Shinya-san. Mungkin dia hanya tidak tahan sadar setelah kehilangan Kanami-san.
Saya bisa membayangkan betapa pentingnya dia baginya. Dia punya
mengajarinya melukis, dan bahkan mengangkatnya untuk mengungguli dia. Dia
spesial. Keberadaannya penting baginya.
"Tak satu pun dari kita yang mabuk, jadi kupikir kita
bisa saling menjamin, ”kata Shinya-san. “Ya, benar
sekitar pukul satu pagi. Saya tidak bisa tidur … Anda
tahu, karena apa yang terjadi, jadi saya pergi ke ruang tamu
dan di sanalah dia. Kemudian dia mengundang saya ke kamarnya, dan kami
akhirnya tinggal di sana sampai pagi. ”
Ya . Itu yang dia maksudkan. Tapi bagaimanapun juga, dia ada di dalam dirinya
ruang untuk fakta; jadi mereka berdua memiliki alibi solid.
"Aku tidur sepanjang waktu," kata Yayoi-san bahkan sebelumnya
ditanya, seolah-olah kita akan melakukan semacam perintah. "Aku sudah
tidak punya alibi sama sekali. Tapi kupikir Hikari-san setidaknya bisa menjamin

bahwa saya bangun jam enam a. m. dan bahwa dia membantu saya mempersiapkan diri
sarapan. ”
Untuk beberapa alasan, dia semacam menggumamkan kata-katanya, dan
dia mendongak untuk melihat reaksi Iria-san. Ada sesuatu
tentang dia, dan sesuatu tentang disposisi anehnya adalah
mengganggu saya . Sulit untuk dijelaskan, tetapi sesuatu menangkap saya
perhatian . Aku hanya tidak tahu apa itu.
"Hmm," kata Iria-san. "Bagaimana denganmu, Hikari?"
“Yah, aku mengantarkan buku itu ke Sonoyama-san jam dua a. m. ,
lalu aku pergi tidur. Jadi saya tidak punya alibi sampai saat itu
bangun pagi ini . ”

"Aku mengerti … Oh, kurasa aku harus memberikan ceritaku juga. saya
berada di kamar saya berbicara dengan Rei sepanjang malam. Kami sedang berdiskusi
apa yang harus dilakukan sejak saat ini dan apa yang harus dikatakan pada Aikawa-san. Bukan
benar kan, Rei? ”
Rei diam-diam mengangguk.
“Aku sudah tidur siang itu, jadi aku tidak bisa tidur
tidur di malam hari . Pada saat kami selesai berbicara, itu sudah pagi, jadi saya pikir sudah terlambat untuk mencoba dan tidur, jadi …
hal-hal biasa, dan akhirnya sarapan. Saya pikir itu a
alibi padat, bukan? "
Untuk beberapa alasan, Iria-san menatapku ketika dia mengatakannya. Saya t
adalah tatapan yang menantang. Aku mengangkat bahu. "Yup, tentu saja. Jadi kapan
Teruko-san dan Akari-san kembali? "
“Sekitar jam sembilan. “Itu Akari-san, yang hanya punya satu
beberapa saat yang lalu melompat saya di kamar Kunagisa. Dia punya
sepenuhnya kembali normal pada saat ini, tetapi dia tidak mencoba untuk melakukan kontak mata dengan saya.
"Jam sembilan?"
Omong-omong, dia mengatakan sesuatu yang aneh
sebelumnya. "Aku sangat lelah dengan kejadian ini," atau sesuatu untuk itu

efek. Tapi apa yang membuatnya "lelah"? Tidak peduli bagaimana kamu
Melihat itu, ada sesuatu yang aneh tentang keseluruhannya
cara saat itu.
Sesuatu mengatakan kepada saya bahwa dia tidak hanya merujuk pada Kanamisan
kematian
"Yah, kurasa itu artinya Akari dan Teruko punya alibi,
iya nih? Berarti … "kata Iria-san. "Orang-orang dengan alibi adalah
Sakaki-san dan Himena-san, diikuti oleh aku dan Rei, dan
Teruko dan Akari. Dan kemungkinan besar Kunagisa juga. Itu

tujuh. ”
Di sisi lain kami memiliki diriku, Sashirono Yayoi, dan
Chiga Hikari. Kami bertiga tidak punya alibi. Tapi sementara itu
pertanyaan tentang siapa yang memiliki alibi adalah yang penting, ada
satu hal yang lebih penting dalam hal ini.
"Um, Hikari-san?"
"Ya?" Dia melihat ke arahku.
“Mungkin aku terlalu sepele di sini, tapi bisakah kamu memberitahuku
apakah jendela itu terbuka atau tidak ketika Anda mengirim file
memesan ke ruang penyimpanan pada pukul dua? "
Dia melihat ke luar angkasa saat dia memikirkannya untuk
momen. "Aku yakin itu sudah ditutup," jawabnya.
"Saya melihat . Apakah itu sesuatu yang bisa dengan mudah dibuka
seseorang? ”
"Iya nih . Itu seharusnya untuk ventilasi, jadi jika Anda hanya menggunakan
tuas — Anda harus memutar engkol seperti ini — membuka dan menutup
secara normal. Tapi itu hanya dari dalam. Sepenuhnya
disegel dari luar. ”
"Saya melihat . ”
Ini adalah perkembangan yang menyusahkan. Sangat merepotkan
pengembangan. Tinggi jendela lebih dari sepuluh kaki. Tanpa sebuah
tangga, itu hampir mustahil bagi seseorang untuk keluar,
dan bahkan lebih tidak masuk akal bahwa seseorang telah naik.

Dengan kata lain, kami memiliki misteri "ruang terkunci".
"Yah, kalau begitu beritahu aku, bagaimana caramu menangani
kunci? Apakah ada salinannya atau apa? "
“Saya punya satu-satunya kunci. Tidak ada salinan atau kunci master. ”
Dia tampak sangat khawatir. Itu wajar saja. Itu
implikasi dari percakapan ini adalah bahwa dialah satu-satunya
orang yang bisa melakukan pembunuhan. Hanya
melihat itu secara objektif, itu adalah kasus yang paling mungkin.
Tetapi saya tidak akan menunjukkan hal itu. Saya tidak ingin menyebabkan

kecelakaan gaya Akane-san lainnya.
"Jenis kunci apa itu?"
"Hanya yang normal. Anda memutar kunci seperti ini dan bautnya kait. Saya tidak tahu nama resminya … "
"Dan kau pasti mengunci pintu pukul dua a. m. ? ”
"Ya, aku menguncinya. Tentunya . Saya bahkan memeriksanya beberapa kali, ”
dia menjawab dengan ekspresi agak sedih. "Tentunya . ”
"Saya melihat…"
Dia adalah gadis yang jujur.
Sampai-sampai itu pasti membuat hidup semakin sulit baginya.
Melihatnya seperti ini, tampak jelas bagi saya bahwa dia tidak pembunuh . Jika dia pembunuhnya, dia tidak akan pergi ke semua kesulitan untuk melaporkan bahwa dia telah dipanggil ke Akane-san
kamar di tengah malam. Siapa pun bisa menyimpulkan
yang banyak .
Tentu saja, Anda tidak bisa membuang kemungkinan dia
telah menyusun strategi semua ini untuk membodohi semua orang. Semacam itu
Argumen bisa berlangsung selamanya.
Saya melanjutkan pertanyaan saya.
"Dan tidak ada orang lain di kamarnya ketika kamu pergi ke sana? Bagaimana dengan kemungkinan seseorang bersembunyi di
gelap atau semacamnya? "

"Yah, aku tidak merasakan ada orang lain di ruangan itu, tapi" — dia
memiringkan kepalanya seolah dia tidak mengerti maksudku pertanyaan— "Saya tidak bisa memastikan. Aku tidak benar-benar masuk ke
kamar . Saya memberinya buku di pintu. ”
"Bukankah kamu takut?" Tiba-tiba Yayoi-san bertanya, suaranya pingsan. Dia memasang ekspresi kesal sambil melanjutkan. "Maksudku,
bukankah kita semua berpikir Sonoyama-san mungkin pembunuhnya? Dan
Anda bertemu dengannya sendirian, di tengah malam? Bukan kamu takut? "
"Tidak, tidak sama sekali," jawab Hikari-san setelah beberapa saat

keraguan “Aku tidak mengira Sonoyama-san adalah pembunuhnya. ”
"Kenapa tidak?" Untuk beberapa alasan, Yayoi-san anehnya memaksa dengan Hikari-san. "Apa yang membuatmu begitu yakin?"
"Uh, yah …" Hikari-san menatapku dengan khawatir ekspresi. Ah, itu karena percakapannya dengan Kunagisa kemarin. Memang setelah mendengar pembicaraan itu tidak ada alasan untuk mencurigai Akane-san pada khususnya. Saya memikirkan hal-hal ketika saya menonton percakapan ini terungkap di antara kedua wanita. Tapi saya tidak bisa menyematkan apa pun bawah. Tampak bagi saya bahwa jika sesuatu terjadi, itu mungkin terjadi sekitar jam dua a. m. , saat Hikari-san menyampaikan buku itu, tetapi kemudian, setelah mendengarkan kesaksiannya, sepertinya bukan itu masalahnya.
Jadi apa yang harus dilakukan sekarang?
Bagaimana cara melanjutkan?
“Kurasa ruangan itu tidak sepenuhnya tertutup. Itu Bagaimanapun juga, jendelanya terbuka, ”kata Iria-san padaku. “Dalam pengertian itu itu tidak persis apa yang akan Anda definisikan sebagai 'disegel. '”
"Tapi tidak mungkin untuk masuk atau keluar melalui jendela itu. ”
“Ada kursi di kamar, kan? Tidak bisakah Anda mencapai jendela jika Anda berdiri di kursi? "

"Kurasa tidak. Bahkan jika Anda menggeliat dan melompat ke atas saat yang sama, saya tidak berpikir Anda akan mencapainya. Shinya-san adalah orang tertinggi di sini, dan saya pikir dia bahkan tidak dapat mencapainya. ”
"Apakah begitu? Jadi kamar Ibuki-san ditutup oleh sungai cat, dan kali ini ruangan tertutup rapat oleh ketinggian masalah … "Iria-san mengulurkan tangannya dengan jengkel mendesah . “Dan kedua wanita itu dipenggal. ”
Ya, ada masalah juga.
Pembunuhnya telah memotong Kanami-san, dan kepala Akane-san. Itu masih merupakan misteri. Tidak ada alasan untuk curiga beralih tubuh, tetapi alasan lain apa yang ada untuk memotong kepala? Bisakah kita hanya menulis itu sebagai kebetulan aneh?

Terlebih lagi, fakta bahwa si pembunuh mengambil kepala yang terpenggal
tidak masuk akal. Tentu saja, ada juga
kemungkinan bahwa si pembunuh memutuskan kepala khusus untuk
demi membawanya ke suatu tempat, tetapi apa yang Anda lakukan di dunia
dengan kepala manusia yang terputus?
Dan pertanyaan itu hanya menimbulkan pertanyaan lain: mengapa para wanita ini terbunuh? Saya tidak tahu. Kasus ini
penuh dengan hal-hal yang saya tidak mengerti. Itu semua tanpa harapan dan
tidak berarti.
Sialan.
Sejak kapan saya menjadi begitu bodoh?
"Hmm … melihat hal-hal secara objektif, Hikari adalah yang paling mencurigakan di sini. "Kata Iria-san tiba-tiba.
Hikari-san tersentak sesaat. "Eh? Oh, um, aku … "
“Hikari adalah satu dengan kunci, dan satu dari tiga
orang tanpa alibi. Jika jendela tidak memungkinkan masuk atau keluar, pintu adalah satu-satunya kemungkinan, bukan? Ada tiga orang tanpa alibi, tetapi hanya satu dari ketiganya yang memiliki kunci. ”

"Tunggu sebentar," aku menerobos masuk ke rumah Iria-san monolog. "Itu tidak baik . Itu bukan asumsi yang adil. ”
"Anggapan? Saya percaya istilah yang tepat adalah 'penalaran. '”
Hikari-san menyaksikan interaksi kami dengan khawatir
ekspresi. Dia tidak tahu harus berkata apa.
“Seperti yang Akane-san katakan kemarin. Adalah bodoh untuk mencapai a
kesimpulan berdasarkan proses eliminasi dan selektif
berpikir . Saya tidak akan menyebutnya bodoh, tapi saya pikir kami meninggalkan semuanya. ”
"Saya berharap . Apakah itu benar? Saya kira tidak, secara pribadi. ”
“Pemikiran itulah yang menyebabkanku memiliki Akane-san dikurung sebagai tersangka utama. Dan inilah hasilnya . Ini adalah hasil dari itu, Iria-san. Tidak ada yang bisa saya katakan tentang apa yang sudah selesai dan sudah dilakukan, tetapi saya menolak

untuk melakukan hal yang sama
kesalahan lagi. Anda mengerti kan? Terlalu berbahaya untuk
siapa pun ditinggal sendirian lagi. ”
"Sekarang, katakan padaku," katanya sambil tersenyum. Di bawah berbeda
keadaan, itu mungkin bahkan cantik. "Bukan itu milikmu
Gagasan untuk mengurung Akane-san — maaf, terpencil — pada awalnya
tempat?"
"Itu benar . Saya di sini bukan untuk membahas fakta itu. Itu aku
yang menyarankan agar kita menguncinya di sana, dan sekarang ini milikku
tugas untuk melawan saran itu. Jika saya harus bertanggung jawab
untuk apa yang terjadi, memastikan itu tidak terjadi lagi adalah
bagaimana saya akan mengambil tanggung jawab itu. Pada titik ini, masih juga
lebih awal untuk menentukan siapa pembunuhnya. Kami masih belum genap
memikirkan hal-hal yang perlu kita pikirkan. ”
Maki-san menguap lebar. Mungkin karena dia tidak melakukannya
tidur dalam dua hari, atau mungkin karena dia bosan dengan
percakapan . Kemungkinan besar itu untuk kedua hal itu.
Dia hanya seorang pengamat.

“Yah, aku masih berpikir Hikari adalah yang paling mencurigakan.
”
Sama sekali tidak ada rasa belas kasihan dalam kata-katanya
untuk pelayan ini dengan siapa dia hidup berdampingan di bawah yang sama
atap selama bertahun-tahun.
Dia benar-benar tanpa sentimentalitas. Dia berbicara
dengan nada sedingin es dari seseorang hanya melaporkan fakta sebagai
fakta, tanpa emosi dimasukkan apa pun.
Saya pikir saya tahu.
Jawaban untuk pertanyaan Kunagisa dari kemarin. Itu
alasan wanita ini diasingkan dari keluarga Akagami.
Akagami Iria. Dunia ini sama baginya, oleh dan
besar Semuanya memiliki nilai yang sama. Dan begitulah dia
mencari sesuatu yang bernilai; tidak dapat menemukannya, dia

mampu menyingkirkan hidupnya dari apa pun tanpa sedikit pun keraguan.
Saya bertanya-tanya apa yang telah dia lakukan.
Saya mengira dia telah melakukan sesuatu.
Namun pada kenyataannya, mungkin itu anggapan yang salah.
Mungkin itu bukan karena dia melakukan kesalahan, tapi itu
dia tidak bisa eksis sebagai bagian dari keluarga Akagami. Selanjutnya,
mungkin bukan keluarga yang menghindarinya, tetapi sebenarnya sebaliknya. Itu tidak keluar dari pertanyaan.
Dan di sini saya pikir seharusnya pekerjaannya tetap
untuk Hikari-san.
"Baiklah, mari kita lakukan ini," usulku tanpa memandang
Iria-san. “Kita dapat mengatakan dengan fakta bahwa itu tidak lagi memuaskan
siapa pun sendirian. Jadi mari kita bagi menjadi beberapa tim. Tidak ada komplain
tentang itu, kan, Iria-san? Saya rasa saya tidak perlu repot
menjelaskan tujuan membuat tim, kan? Itu lebih aman
daripada bergerak sendiri. Dan dengan begitu kita semua bisa menonton satu
punggung orang lain. Sekarang, karena saya sudah mendukung Hikari-

san, aku akan berada di timnya. Dia, Kunagisa, dan aku akan menjadi Tim A.
Bagaimana itu terdengar? "
"Hmm menarik . “Iria-san sepertinya benar-benar terkesan.
"Kau lebih pintar dari penampilanmu, ya? Tim, eh? Baik,
secara alami saya akan bekerja sama dengan Rei dan Akari dan Teruko.
Kalau begitu mari kita memanggil Maki-san, Shinya-san, dan Yayoi-san
Tim C Shinya-san dan Maki-san telah dikonfirmasi sebagai
tidak bersalah dua kali berturut-turut sekarang, sehingga Yayoi-san dapat menempatkan dirinya
meredakan . Dan bahkan jika Yayoi-san adalah pembunuhnya, itu akan menjadi dua
terhadap satu. Apakah itu terdengar oke? "
“Bagaimana jika kita hanya meminta semua orang menginap di

ruang makan
bersama? Sampai Aikawa-san tiba di sini? ”Hikari-san berkata, menatapku dengan ekspresi khawatir yang sama. "Bahwa
cara tak seorang pun harus sendirian dan si pembunuh tidak bisa menerima
tindakan, baik. ”
“Kita tidak bisa melakukan itu. Maksudmu tetap di sini? Jangan jadi
konyol. ”
Saya berbicara tidak hanya dengan Hikari-san, tetapi juga kepada seluruh kelompok.
“Kunagisa dan aku ada yang harus dilakukan. ”
Untuk saat ini, kami memutuskan untuk mengubur tubuh Akane-san. Sebagai
adalah kasus dengan tubuh Kanami-san sehari sebelumnya meninggalkannya di lantai tidak mungkin. Iria-san
Sepertinya kami tidak punya rencana untuk memanggil polisi, jadi kami
pergi ke depan dan melakukan apa yang kami rasakan.
Kami memutuskan akan lebih baik menggunakan kamera digital pertama – tama ambil gambar tempat kejadian kejahatan seperti yang telah kami lakukan
Sehari sebelumnya, lalu pergi mengubur mayat di hutan gunung di belakang mansion, jadi kami bertiga kembali ke

Kamar Kunagisa. Tetapi rencana kami akan berakhir sedikit diubah .
"Gah!"
Begitu Kunagisa memasuki ruangan, dia mengeluarkan a
jerit yang bergema ke aula.
Saya mengintip dan menemukan alasannya.
"Ini … wow …"
"Ah, apa-apaan ini?" Kunagisa seperti biasanya
vokal. "Ini omong kosong!"
Hancur.
Itu dihancurkan.
Di dalam kamarnya terbaring kehancuran. Mereka bertiga komputer, dua PC dan workstation. Mereka telah
sepenuhnya hancur berkeping-keping.
"Wahhh! Kenapa ini terjadi ?! ”Dia dengan panik bergegas

ke kekacauan yang sepenuhnya terbuka, sebagian besar tidak dapat dikenali
bagian mekanik. “Awfulawfulawfulawfulawfulawful! Ini menggertak! Jahat! Ada iblis di pulau ini! Nya
Diabolos, Ii-chan! Sebuah tragedi! Uwaaa! Ini pecah
fraktur senyawa organ komputer! Bahkan monitor
rusak! Mengapa?! Ah, keyboard ini mustahil dibangun!
Memori holografik! Ya Dewa, motherboard !!!
Apa yang terjadi — oh, Dewa, sudah hancur! Apa itu
apa ini?!?! ”
Dia telah kehilangan itu. Seperti membalik saklar. Untuk seorang yang beruntung
Gadis seperti dia, ini adalah keadaan yang cukup langka. Atau di
Setidaknya itu pertama kalinya aku melihatnya seperti ini sejak datang
kembali ke Jepang.
“Kenapa mereka melakukan hal seperti ini? Oh, itu juga
mengerikan … Ii-chan Ii-chan Ii-chan … Jadi, pikirkan apa? "

"Ini mengerikan. "Bahkan seandainya komputer ini adalah
gangguan, tidak perlu pergi sejauh ini. Mereka hancur
begitu buruk, sepertinya terlalu banyak. “Aku ingin tahu apakah mereka menggunakan beberapa
jenis batang besi. Itu bukan metode penghancuran yang sangat bersih.
Atau mungkin itu kapak atau sesuatu. ”
"Kenapa ini terjadi? Siapa yang melakukan ini? Anda pikir itu adalah
pembunuh? ”Hikari-san berkata dengan berbisik.
Pembunuh? Mungkin orang yang membunuh Kanami-san
dan Akane-san berusaha menciptakan kekacauan. Tapi apa itu
inti nya? Apa yang harus diperoleh si pembunuh dengan menghancurkan
Peralatan Kunagisa?
"Oooh … kasihan aku. Saya ingin menangis, ”kata Kunagisa, seolah benar-benar
akan menangis. "Hah … well, terserahlah. Saya sudah mengirim cadangan
ke rumah saya dan semua. Tapi tetap saja, saya mengalami begitu banyak kesulitan untuk

bangun ini. Saya tidak melihat ini datang. Saya kira lain kali saya akan melakukannya
untuk membuat motherboard keluar dari bagian yang tidak bisa pecah. ”
"Wow, cadangan untuk menyelamatkan, ya? Setidaknya kamu tidak akan kalah
perangkat lunak yang Anda buat. ”
Namun pada kenyataannya, itu tidak banyak “penyelamatan. "Kunagisa
komputer bukan peralatan normal yang digunakan oleh Anda
rata-rata profesional. Mereka semua benar-benar buatan sendiri, jadi
bagian eksternal sebenarnya bernilai bahkan lebih dari
bagian internal.
“Sekarang kita bahkan tidak bisa melihat apa yang ada di kamera digital.
Sepertinya kamera dan memori ponsel juga rusak
yah. Oh, ini terlalu mengerikan. Apakah orang ini memikirkan uang tumbuh di pohon? "
Saya berpikir sejenak. "Hei, tunggu, kamu orang yang mau bicara. ”
Aku menjentikkan jari. Seperti yang diharapkan, kamera sepertinya
telah dihancurkan dengan sangat sengaja. Yang membuat
Motif pelaku sepenuhnya jelas.
ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 2 1
“Begitu, begitu. Masuk akal, ”gumamku pada diriku sendiri.
“Ya, ini sangat mudah dimengerti. Mereka pasti punya
takut kami mengintip lebih jauh. ”
"Apa maksudmu?" Hikari-san bertanya. "Anda tahu mengapa
ini telah terjadi?"
"Ya saya berpikir begitu . Anda melihat mereka kemarin juga, kan?
Foto-foto Kunagisa dari restoran semuanya telah dikirim ke
hard disk melalui koneksi USB. Apakah atau tidak
pelakunya tahu semua itu, mereka pasti tahu gambar-gambar itu memberatkan. ”
Workstation dan memori seluler mungkin
hancur dengan perawatan ekstra.
Kamar Kanami-san.
Gambar-gambar itu.
“Aku pikir itu sebabnya ini terjadi. ”
Kami belum memberi tahu siapa pun tentang surat atau info dari

Chiikun,
jadi si pembunuh tidak akan tahu tentang itu, tapi
semua orang tahu tentang foto-foto itu. Kunagisa merubuhkannya
bahu dalam realisasi fakta ini.
"Ah . Saya bahkan tidak repot-repot menerapkan perlindungan
ekstra. saya tidak pernah
membayangkan siapa pun akan melakukan sesuatu seperti ini. ”
"Kamar ini tidak memiliki kunci, bukan?" Kata Hikari-san. "SAYA
kira kamu tidak beruntung. ”
Aku menepuk kepala Kunagisa.
"Semangat ya . Saya kira ini berarti kita tidak bisa hanya duduk
berkeliling dengan senang hati menunggu pria detektif ini muncul.
"Aku
letakkan tanganku di bahunya dan setengah memeluknya.
"Tidak ada lagi bermain-main, ya?"
Kami tidak tahu siapa pelakunya, dan kami tidak tahu
motifnya, baik. Tapi kami memang tahu satu hal yang pasti:

telah menghancurkan sesuatu yang berharga untuk Kunagisa Tomo
karena alasan egoisnya sendiri.
This was unforgivable .
"Hah? Hai Wait, wait a second,” Hikari-san said as if
having suddenly thought of something . “Who did this?”
“Uh, the killer, right? We don't know who that is right
sekarang . ”
“But we were all in the dining room, and then we came
directly here, right? Who could've had the time to destroy
everything like this?”
Wah
We had been in this room until Akari-san came . Then we
went to the storage room where the murder had happened,
but we were the last ones there . Everyone else was already
gathered . Then everyone went directly to the dining room as a
grup.
If that was the case—or rather, that was the case . Logically,
there was nobody here who could have committed this
destruction .
“This is obviously the work of a human being, but nobody
had the time to do it . What the hell?”
Itu tidak masuk akal. Yet another mystery to worry about .

Just like Kanami-san's sealed room and Akane-san's headless body .
Tidak .
This was different . This was a different sort of mystery . Saya t went beyond simply trying to figure out people's alibis and motives . It wasn't a matter of tricks or gimmicks . Dulu simply an impossibility .
Yang berarti…
“Which means maybe this is the key . ”

I looked at Kunagisa . I looked at Hikari-san .
And then I thought .
If this was the key…
Then where the hell was the door?
Determining that the equipment was beyond repair, we decided to continue with our planned course of action . Dan by that I mean Akane-san's burial .
We went to the storage room, placed her body on a big stretcher, and headed for the mountain woods behind the mansion . The stretcher was kept in the mansion in case of an emergency, but I doubt they had had an emergency like this in mind .
Tidak…
Maybe they had .
This time we would bury the body alone, without a sleeping bag . Hikari-san took the front of the stretcher and I took the back . Despite her small frame, Hikari-san's length of service as a maid was apparent in her surprising upper-body strength .
Kunagisa followed behind me carrying the shovel .
Carrying the back of the stretcher placed the corpse directly in my field of vision, front and center . Even being used to this sort of thing, it wasn't the most pleasurable experience in the world .
On the way, I remembered something I had meant to ask .
“Hikari-san, was Akane-san wearing the same clothes when you brought the book last night?”

“Yes, they were the same,” she replied . “Of course, she still had a head, too . ”

It wasn't the type of joke you laugh at . It was far too true to be funny .
The digital camera had been destroyed beyond all repair, so naturally we couldn't make a record of the storage room where Akane-san was killed . This was probably exactly what the killer had hoped .
Surely the killer was mocking us . But he or she was taking Kunagisa's memory too lightly .
"Hmm. Hmmhmmhmm . II we assume the killer broke everything because he didn't want there to be a record of the scene where Kanami-chan was killed, why exactly was that? Did the pictures show some concrete evidence? Bukan saya remember anything like that . ”
Inside her head was an image of not only yesterday's crime scene, but also of the storage room we had just visited, just as accurate and precise as that digital camera . They didn't call Kunagisa Tomo a prodigy for nothing .
“Anything sticking out in your mind?”
"Uh huh . Tons of things are sticking out . I'm trying to narrow them down . Ermm, ah, right…” She began mumbling to herself . Once she had gone into this kind of state, it was best not to bother her . I looked back over at Hikari-san .
“So where should we bury her, Hikari-san?”
“I suppose away from Ibuki-san would be best . ”
I couldn't have agreed more .
Walking through the mountain forest for a while, we eventually found a spot we thought would make a decent burial ground, and decided to begin digging . Yesterday we had had twice as many men, so today promised to be relatively

exhausting . I had hoped Shinya-san would be able to help us, but alas, he was on a different team . That and, for the average guy, having to bury the corpses of two acquaintances in a period of two days was more than a little nerve-racking . Unless you were a guy like me .
In which case it was nothing to write home about .
“This should do . ”
I brushed the hair out of my face . If this were summer, I would've been sweating like crazy . I hoisted myself out of the hole and lowered Akane-san's body into it . Then, a brief,

silent prayer . I didn't know whether or not there was a point to such actions, but I figured it was better to do it than not . Regardless of where or how I die, or who kills me for what reasons, you won't hear a complaint out of me .
The last words I had heard out of Akane-san . But did she really mean it? Even being killed like this, had she crossed over to the other side like a saint, without a single gripe? For me, that was an impossible feat .
“I really wish we could bury her with the head, huh?” Hikari-san said . “Ibuki-san, too . Why do you suppose the killer cut the heads off anyway?”
“That's the question of the week, I guess . But we keep coming up with the same answer . ”
That is, “I don't know . ”
I scooped up some dirt with the shovel and began burying Akane-san's body . My joints would be hurting tomorrow for yakin . If I still had the mental faculties to feel pain, that is . There was no saying I wouldn't be the next murder victim . The chances weren't very high, but it wasn't impossible .
A serial killing .
Maybe it was already over with Kanami-san and Akanesan . According to the information from Kunagisa's old buddy

Chii-kun, the pair had had some sort of relationship in the past, although I couldn't say what kind, so there was always the possibility that the whole ordeal was already over . Tapi maybe that was just overly optimistic thinking .
At long last, Akane-san's body was completely buried .
“Hikari-san, since we're already out here, would you mind taking me somewhere where we can see that storage room window from the outside?”
“Tentu saja. ”
She began walking .
Kunagisa followed behind, blue hair waving . Berbicara tentang which, I hadn't put her hair up at all today . I decided to do so properly once we got back to her room .
As we were walking, Hikari-san turned to me with a serious expression . "Terima kasih banyak . ” Not knowing what that was in regards to, I was taken aback .
“At breakfast, you stood up for me . So I wanted to thank

kamu . ”
“Oh, well, I didn't just do it because it was you . I just hate the idea of making the same mistake again . Even putting mistakes aside, I just hate repetitive actions, really . ”
Maybe that was why my memory was so bad .
“Nyahaha, that is so you, Ii-chan,” Kunagisa giggled childishly . “But really you did it for Hikari-chan, right? 'Cuz she's right in the center of your strike zone . ”
“What exactly is my strike zone?”
“She's older than you, she's a girl, she's petite, she's got long hair, she's slender, she doesn't wear any rings or anything, and she's even wearing an apron dress . ”
“I've never said anything about apron dresses . ”

“Also girls who wear jeans on the bottom and nothing on top, librarian-lookin' girls who dress in white uniforms and wear glasses, gothy girls who are taller than you and have brown hair and wear jerseys…”
“Don't make me sound like such a freak . ”
Sial. She sure was chatty .
But to be sure, Hikari-san was totally up my alley . In terms of speed, I preferred the slight harshness of Akari-san's personality, but certainly I had no problem with Hikari-san's gentle “slowball . ” I suppose Teruko-san was some sort of disappearing magic pitch…
I don't know what the hell I'm talking about .
“Hah…” Hikari-san gave an ambiguous smile tinged with embarrassment . “Anyway, I wanted to thank you . My mistress can be quite… severe in these cases . Plus, unlike yesterday with Sonoyama-san, this time it seems like I must be the killer . Even I couldn't help but think so . At least with Sonoyama-san there was the pretense that it was a sealed room, so really nobody could have been the killer . But this time—”
“Don't worry about that anymore, Hikari-san . ” I was becoming a little irritated, so I cut her off mid-sentence .
“You've already thanked me, and you've already shown your sincerity, so you don't have to keep thanking me for semuanya. ”
“But—”
“If the situation had been reversed, you wouldn't have just

left me there on my own, right? I think you would have done the same for me . ”
“But I think if that happened, you would thank me . ”
Well I'll be damned . She was playing hardball .

“I think he means that you're a friend,” Kunagisa said .
“And we don't doubt our friends . That's why I don't think Iichan or you could be the killer . ”
“Friends?” she nodded, brimming with emotion . “I've never had friends before . I've been by my mistress's side for as long as I can remember . ”
“I don't have any friends, either . Neither does Ii-chan . Begitu we'd be happy if you'd be our friend . ”
Kunagisa took Hikari-san's hand .
Just looking at a sight like this was enough to bring a smile to your face . But realistically speaking, it would've been hard for Kunagisa and Hikari-san to continue a friendship, I thought . From here on out, Iria-san would likely need Hikarisan at her side more than ever before, and meanwhile Kunagisa was scheduled to head back home . And once back, Kunagisa was bound to stay holed up in her home all the time .
Kunagisa Tomo was a lonesome girl .
They often say that geniuses are completely self-sufficient .
If that was the case, Kunagisa fit the bill .
And most likely, unable to analyze the situation in any other way, it was I who was the loneliest .
"Oh. it's over there . The window . ”
I looked around in confusion for a minute . There wasn't a window in sight .
“Oh, is it that one? I said, pointing to the only window I could see, which stood at about the height of my chest .
“Yeah, that's it . ”
“But that height is—”
“It looks high up from the inside, but half this place is built on a mountain, so…”

While I listened to her, I looked into the room through the window . You could make out a small puddle of blood, the wooden chair, and the door . It was without a doubt the storage room where I had been sleeping and where Akane-san

was killed .
Wow . So part of the mansion was buried in the mountain, including this room .
“In that case, breaking in wouldn't be so hard, huh?”
“But you can't open the window from the outside . And it doesn't lock with just a latch, either, so you couldn't get it to unlock by rattling it a little . ”
“Well, what about the possibility that Akane-san opened the window on her own, letting the killer in?” Kunagisa said .
“Like maybe the killer knocked to get her to open it . Y'know, like 'anybody home?' ”
“It's hard to believe Akane-san would do anything to let the killer inside . I mean, it's Akane-san . Plus, this really is quite a height . It feels all the more real when you're looking from the top down . I, for one, sure wouldn't want to jump down from the window . ”
The window was the kind that tilted open, and only partially, so it didn't look like there was much room to make a balanced jump, either . And it looked like if you didn't make a proper landing, you could easily break a bone, or even die if you happened to hit your head .
“But even supposing Akane-san had accidentally let the killer in, she could've easily called for help . The house phone was right by her . ”
“Maybe she was attacked in her sleep… Oh wait, I'm an bodoh If she was sleeping she couldn't open the window,” Kunagisa said .

“And even ignoring that fact, how would the killer get back out? Even an expert rock climber couldn't get up a flat wall like that . ”
“Teehee! Like a gecko . ” Kunagisa poked her head inside the window and looked around . “Oooh, it is a dangerous drop, Hah? What if the killer used rope?”
“Rope, huh? But there are no trees in this area to tie it around . ”
I looked around the area . Whether it had been deforested or it had always been this way, the whole place was nothing but a big grass plain, and there was nothing appropriate for tying a rope around .

“And y'know, rappelling isn't the easiest trick in the book, either . I have some experience with it, but it's pretty damn tough . The skin from your hands peels off and stuff . ”
“Not if you wear gloves . ”
“Well, yeah, but I still think it's pretty unlikely . Mereka might as well have brought out a ladder and stuck it through the window . That's probably more likely anyway,” I said .
“But a ladder wouldn't fit through a gap this small . Saya t would get caught halfway, and then a person couldn't fit through . ”
“Hmm, I wonder . Hikari-san, is there a ladder anywhere on this island?”
"Yah, tidak …"
“What about the possibility that someone brought one with them?”
"Kurasa tidak. I would've noticed if someone brought something that big . ”
“How about a rope ladder? Then they could easily hide it in their luggage, and it wouldn't get caught in the window . ”

“Ii-chan, you even forget stuff you said yourself? If it was a rope ladder, there wouldn't be anything to tie it to . It would be possible if they stuck some kind of metal hook in the wall, but that would've left a hole . The wall looks fine as far as I can Lihat . ”
Itu benar. This was just common sense, not the kind of thing even worth bringing up . But for the sake of confirmation, we were discussing it anyway . It was just another form of “preestablished harmony . ”
I faced Hikari-san .
“Have any ideas?” I asked . “Or even just any observations?”
“Hmm, nothing in particular…” she said as she approached the window . “But assuming the killer didn't enter through the door, the window was the only other way to break in, huh?”
“Break in… but maybe they didn't even have to break in . ” I was just coming up with this on the spot . “The chair is over there, which means that must have been where Akane-san was sitting and reading . Maybe the killer made some sort of lasso out of rope, put it in through the window, caught it around Akane-san's neck, and then pulled her up . So she was

strangled to death . Then she was pulled up as far as the window, where her head was cut off . Bagaimana tentang itu?"
Implausible, huh? At the very least, it didn't have any holes . The killer wouldn't have had to sneak in through the window, or even enter the room, and still could have killed dia.
There were no holes at—“Oh no, wait, that's no good . ”
"Kenapa tidak? I didn't think it was so implausible,” Hikari-san said, confused . “If that was the case, anyone could have done saya t . ”
“Human bodies aren't so light . ”

For a woman, Akane-san wasn't small . She was taller than average, and she looked like she must have weighed at least 110 pounds . She probably wasn't as much as 130, but she definitely wasn't in the 90s, either . To lift her from this height would've required not only a really tough rope, but some incredible arm strength to boot . I definitely couldn't have done it . To pull someone up this high with just two arms was a crazy feat of strength .
“Shinya-san's probably the strongest one here, but he's got an alibi . And even if he's the strongest one here, that's very relative . I don't think even he could lift a human body by dirinya sendiri. Not to mention that Akane-san would've been resisting all the while . ”
And while she was resisting, the house phone would have been right beside her . If she even just kicked it over, somebody would have discovered what was happening . Saya t wouldn't have been a very wise method .
“Plus, in that case the window would have had to be open . But would she have really opened the window and then turned her back to it? She wasn't stupid; in fact, quite the opposite . So she was probably being somewhat cautious . ”
Memang .
Sialan. And here I thought I was getting a little warm, but I was still on the wrong track . I felt an unpleasant sensation, like I was in some twisted dimension . Itu seperti searching for the corner of a circle . Something was decidedly off . Something was depressingly messed up . What the hell was I doing wrong?

I felt as if I was being given the run around, big-time .
“Anyway, let's go back to the room . There's nothing more
to see here . ”
ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 3 3
Not that there was anything to see back at the room .
Seemingly reluctant to leave, Kunagisa stayed gazing in
through the window for a while, but finally turned and began
to follow me .
“Did you spot something?”
“Uh-uh, nothing special . More important, I'm hungry . ”
"Oh ya?"
“Then let's go have lunch,” Hikari-san said .
“Yeah,” I nodded .

ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 3 5
Apakah kamu tidak memiliki sesuatu yang lebih baik untuk
dilakukan?
Hikari-san telah sepenuhnya dibebaskan dari tugasnya oleh Iriasan.
"Alih-alih, pergi bantu Kunagisa-san dan lelaki lainnya," dia
telah diberitahu. Itu adalah cara yang lembut untuk mengatakan,
“Tidak mungkin di neraka
Saya akan mempercayakan salah satu pekerjaan rumah kepada
tersangka utama, ”
atau setidaknya itulah yang dia maksudkan.
Dan dengan demikian, kami bertiga tetap bersama bahkan
setelahnya
menyelesaikan makan siang.
"Apakah kalian berdua pergi di depanku?" Aku berkata kepada dua
gadis
dalam perjalanan ke kamar Kunagisa. “Aku ingin mampir ke rumah
Iria-san
ruang untuk sedikit. Kunagisa, tunggu ini. ”
Saya mengeluarkan pisau kecil dari saku dan menyerahkannya
dia.
"Kamu sudah berjalan-jalan dengan sesuatu itu
berbahaya? ”Hikari-san berkata dengan terkejut.
“Seorang pria muda selalu membawa pisau di dalam hatinya. ”
"Dan seorang wanita muda membawa pistol," canda Kunagisa
dia mengambil pisau. "Yah, ayo pergi, Hikari-chan. ”

"Tapi…"
“Tidak apa-apa, tidak apa-apa. Mari serahkan pada Ii-chan, ”kata Kunagisa,
setengah menyeret Hikari-san. Selama mereka bersama,

Kunagisa tidak akan kesulitan naik ke atas. Itu tadi
salah satu alasan kami berada di tim tiga.
“Yah, kurasa kita akan pergi. ”
Aku melakukan sesuatu tentang wajah dan mulai berjalan ke arah Iria-san
kamar .
Saatnya meminta “audiens lain”. "Aku memberi diriku beberapa
persiapan mental. Lalu aku menarik napas dalam-dalam.
Saya mengetuk pintu yang tebal, menunggu jawaban, dan
lalu masuk. Di dalam ruangan, aku menemukan Iria-san dan Rei-san
juga Akari-san dan Teruko-san, yang kurasa mungkin
seharusnya sudah diharapkan sejak mereka adalah tim. Semuanya
duduk di sofa, menghirup teh hitam dengan elegan.
Akari-san dengan canggung menghindari kontak mata denganku, seolah-olah
berusaha melarikan diri. Dia pasti menyesal pisang
pada saya pagi itu di kamar Kunagisa. Hanya itu saja
wajar, tapi akulah yang bingung harus berbuat apa dengannya
berbicara begitu terbuka kepada saya.
Mulut Iria-san perlahan membentuk senyum.
“Ada sesuatu, Tuan. … um … apa itu? Kamu adalah
orang yang mengusulkan agar kami beroperasi dalam tim, dan sekarang
kamu disini sendirian? Itu sedikit masalah, bukan?
Hikari ada di timmu, tahu— ”
"Iria-san," potongku. “Um, kamu masih belum berencana
menghubungi polisi, kan? "
"Tidak mungkin. ”
Jawaban yang tajam.
Benar-benar dingin, respons singkat.
Dia luar biasa.
Anda benar-benar luar biasa, Akagami Iria-san.
"Aku pikir itu bukan hal yang baik, jujur saja," kataku.

"Apakah kamu juga mau minum teh hitam?" Itu adalah Rei-san.

Dia berdiri tanpa menunggu jawabanku dan berjalan ke
pot . Iria-san memberinya tatapan yang sepertinya memiliki beberapa
makna tersembunyi, tetapi kemudian melihat kembali ke arahku.
"Jika polisi datang sekarang, kamu akan menjadi situasi yang sulit
dirimu sendiri, bukan begitu? Akane-san terbunuh karena
saran Anda, setelah semua. ”
"Tidak masalah jika itu akan membuatku dalam 'situasi yang sulit'
lagi . Saya hidup untuk diberikan pelarian. Lebih penting,
bagaimana denganmu, Iria-san? Akagami Iria-san. Kamu mungkin
terbunuh juga, Anda tahu. Apa yang Anda pikirkan tentang situasi
itu? "
Dengan undangan Rei-san, saya duduk di bagian yang kosong
sofa di sebelah Teruko-san. Teruko-san tidak berusaha
bahkan menatapku. Matanya yang kosong menatap ke angkasa
di balik kacamata hitamnya. Sepertinya fokusnya tidak ada
keselarasan atau sesuatu. Atau tidak, itu tidak sejajar. Saya t
hanya tidak selaras dengan milikku.
Teh hitamnya enak.
Iria-san terdiam beberapa saat sebelum menjawab, seolah mencoba
untuk mengintimidasi saya.
“Apa yang aku pikirkan tentang itu? Dari situasi ini? Itu mengerikan. Itu adalah
peristiwa mengerikan. Tentu saja bukan itu yang saya pikirkan, tetapi bagaimana jika saya bertanya
Anda pertanyaan yang sama? Apa yang kamu pikirkan?"
“Ini situasi berbahaya. Saya tidak tertarik menempel
main dengan seorang pembunuh di tengah-tengah kita. ”
Dan aku tidak tertarik menempel Kunagisa dalam bentuk seperti itu
situasi juga. Saya tidak tahu bagaimana perasaannya tentang banyak hal
meskipun begitu. Saya tidak tahu. Tetapi bagi saya …
"Hmph. Apakah Anda pikir pembunuhan adalah hal yang mengerikan? "

"Ya saya lakukan," jawab saya segera. “Aku memang berpikir begitu. Tanpa
pertanyaan . Tidak peduli alasan apa yang mungkin mereka miliki, para pembunuh
adalah tipe manusia yang paling tercela. ”

"Hmm. Jadi apa yang akan Anda lakukan jika Anda ingin menjadi seperti itu
terbunuh? Maksud saya, jika itu dibunuh atau dibunuh, apa yang akan Anda lakukan?
Duduk saja di sana dan tunggu mati? ”
"Aku mungkin akan membunuh. Saya bukan orang suci. Tetapi pada saat itu, saya
akan menganggap diriku tipe manusia yang paling hina. Tidak
apa pun jenisnya … orang macam apa dia ini. ”
“Kamu terlihat seperti berbicara dari pengalaman. "Iria-san
memberi saya senyum buruk. Itu senyum jahat, sempurna
cocok seorang wanita dengan kekuatan absolut seperti itu, dengan seorang
tangan yang luar biasa.
Saya pikir dia mengingatkan saya pada seseorang.
Ah ya, Kanami-san. Itu jenis yang sama, “Bukan begitu
tahu itu? ”semacam senyum. Tapi mengapa seorang nongenius suka
Iria-san memiliki senyum yang mirip dengan Ibuki Kanami-san?
"Anda pikir pembunuhan harus dihukum? Tapi bayangkan Anda mengaturnya
beberapa makanan di depan mouse, dan setiap kali mouse mencoba
untuk memakannya, ia mendapat kejutan listrik. Bagaimana menurut Anda
mouse tidak? "
“Tikus mampu belajar, jadi mungkin akan berhenti
mencoba makan. ”
"Salah. Tikus mampu belajar, sehingga akan memakan
bagian makanan yang tidak dialiri listrik. ”
"Manusia bukan tikus. ”
"Dan tikus bukan manusia. "Dia bertepuk tangan
bersama. "Astaga, selama kita membahas ini, mungkin Anda akan melakukannya
jawab ini untukku. Mengapa salah membunuh orang? ”
Itu adalah jenis pertanyaan yang mungkin Anda ajukan kepada seorang siswa SMP
murid sekolah .

Dia sepertinya tidak bercanda.
“Karena itu melanggar hukum, karena lebih mudah berfungsi
dalam masyarakat jika Anda percaya itu, karena saya tidak ingin

dibunuh
diriku sendiri ”
“Semua hal di atas tidak memiliki kekuatan persuasif. ”
"Saya setuju . Jadi ini jawaban saya: tidak ada alasan. Kamu butuh alasan untuk membunuh seseorang. Seperti mungkin Anda kesal, atau
Anda hanya ingin membunuh orang atau apa pun, tetapi tidak ada orang
membunuh tanpa alasan. Tapi itu bukan sesuatu yang Anda pilih, kanan? Membunuh atau tidak membunuh? Itu bukan sesuatu yang Anda pilih.
Itu hanya omong kosong bahwa orang dengan semburan kompleks Hamlet.
Begitu Anda merangkul keraguan seperti itu, Anda berhenti melakukannya
manusia ”
Apakah saya yang menderita bangsawan?
Benar-benar lelucon.
"Membunuh itu salah," kataku. “Itu mutlak. Kamu tidak
butuh alasan. ”
"Hmm, benarkah itu?" Dia mengangguk dengan ketidaktulusan terang-terangan.
"Kurasa aku bisa mengerti dari mana asalmu. Tapi jika
kami tahu siapa pembunuhnya, kasus ini akan ditutup. Sekali Aikawa tiba di sini, kita akan mencari tahu siapa itu. ”
“Aku tidak tahu Aikawa-san ini. ”
"Tapi saya lakukan . Bukankah itu cukup? Akari, katakan padanya kapan Aikawasan
datang. ”
"Dalam tiga hari," jawab Akari-san, masih tanpa membuat
kontak mata dengan saya. "Kami meminta Aikawa-san untuk datang lebih awal
dari yang direncanakan. Begitu…"
“Itu dia. Jika kita tahu siapa pembunuhnya, dari
tentu saja Anda bisa pergi. Anda di sini di pulau ini karena
Anda seorang tersangka. Itulah satu-satunya alasan yang tak punya bakat, biasa-biasa saja
Bocah seperti dirimu ada di sini. Omong-omong, Anda tidak

memiliki alibi ketika Ibuki-san terbunuh atau ketika Sonoyamasan

terbunuh, kan? "
Thunk. Saya menempatkan cangkir teh saya yang masih lebih dari setengah penuh
kembali ke piringnya, menghela nafas yang disengaja, dan perlahan-lahan bangkit
kakiku .
"Permisi . Saya pikir kita berbicara sepenuhnya
berbagai bahasa di sini. ”
"Memang," cibirnya. “Itu pintu keluarmu. ”
"Teruko, lihat dia kembali ke kamarnya," kata Rei-san
Teruko-san duduk di sampingku. "Sehingga dia tidak sendirian. Kamu
seharusnya tidak ada masalah dengan itu, kan? ”
Dengan anggukan cepat, Teruko-san bangkit dari sofa. saya
tidak sepenuhnya mengerti apa yang dimaksud Rei-san dengan itu juga
bagaimana bereaksi terhadapnya, tetapi tetap saja Teruko maju
kamarnya sendiri. Aku bergegas mengejarnya, meninggalkan milik Iria-san
ruang di belakang juga.
Pada saat saya keluar ke lorong, Teruko-san sudah
sudah cukup jauh di depan saya. Apa jenis pengawalan melaju
keluar pintu di depan tamu? Seperti biasa, saya tidak bisa membacanya
pikiran sama sekali. Dan itu bukan hanya masalah dia melakukan sesuatu
langkahnya sendiri. Saya mempercepat untuk menyusulnya.
Tetapi yang lebih penting …
Pembicaraan saya dengan Iria-san benar-benar tidak ke mana-mana
sama sekali . Saya kira-kira mengharapkan hal itu, tetapi saya tetap terkejut
seberapa cepat ia mati. Sepertinya Iria-san benar-benar dipercaya
Aikawa-san ini. Tapi apakah detektif luar biasa seperti itu benar-benar ada
di dunia ini?
Saya berharap begitu.
Saya sungguh berharap begitu.
Tidak, saya berharap untuk itu.
Berdoa

"Mungkin itu juga omong kosong. ”
Aku menghela nafas lagi. Saya hanya perlu mencoba lagi. Saya t sepertinya tidak mungkin saya bisa maju sangat jauh
tanpa kerja sama dari pemilik mansion ini. Dulu
tidak ada yang perlu dibanggakan, tetapi saya dapat secara mengejutkan ditentukan.
Dan saya adalah pecundang. Yang terburuk dari pecundang sakit terburuk.
Tidak mungkin aku menyerah semudah itu.
Hah?
Apakah seseorang mengatakan sesuatu tadi? Saya bisa bersumpah Saya telah mendengar suara seseorang. Saya melihat sekeliling aula, tetapi
tidak ada yang ada selain Teruko-san dan aku. Pasti ada menjadi imajinasiku. Telingaku mempermainkan aku.
Mungkin saya kehilangan itu.
Hmm …
Tidak .
Itu adalah suara.
Yang berarti…
Hanya ada satu kemungkinan lain, sangat, sangat tidak mungkin. Saya tahu bahwa itu hampir mustahil, secara logis, tetapi mungkinkah itu? Apakah itu mungkin?
"Teruko-san, apa kamu mengatakan sesuatu?"
Dengan banyak pilihan?
Dia berhenti setelah mendengar pertanyaanku.
“Aku bilang akan lebih baik bagimu untuk mati saja. ”
Saya terdiam.
Itu adalah pertama kalinya dia berbicara di depan saya,
dan saya tidak akan pernah menduga itu akan menjadi garis seperti "itu
akan lebih baik bagimu untuk mati saja. “Itu terlalu banyak.
Apakah dia nyata?
Dan kemudian dia menoleh padaku dan menatap dari belakang itu kacamata gelap, diam.

Itu adalah tatapan menuduh, dan aku hanya bisa mengernyit. Kita berdiri seperti itu untuk sementara waktu, dia menatapku ke bawah, tetapi menyadari aku
tidak memiliki ketekunan untuk mengalahkannya, saya

memutuskan untuk adil
abaikan dia dan terus berjalan. Ketika saya mencoba untuk lewat, dia meraih
lengan saya dan erat mengepal itu.
Meremas .
Rasanya seperti sengatan listrik mengalir melalui sikuku.
Tanpa melepaskan lenganku, dia menarikku ke dekat
kamar dan menutup pintu di belakangnya. Dia memaksaku ke
sofa Dari sana dia duduk sehingga kami bertatap muka,
dan melepas kacamata hitamnya.
"Itu hanya untuk pertunjukan?"
"Mereka agar kita bisa dibedakan. ”
Dia mengangkat wajahnya.
Suaranya persis sama dengan Akari-san dan Hikarisan.
Suara yang jelas dan indah itu.
"Apakah itu benar?"
"Tidak, aku bohong. Aku hanya tidak ingin melihat wajahmu. ”
"Tidak, aku bohong. Saya hanya ingin melihat Anda membuat wajah itu. ”
"Ada yang bisa saya bantu?"
Tidak dapat mengetahui niatnya, saya tahu itu akan terjadi
buruk untuk tertelan dalam situasi yang aneh ini, jadi saya mencoba
yang terbaik untuk mengambil inisiatif dengan mengajukan pertanyaan. Tapi dia hanya
duduk di sana melihat sekeliling ruangan tanpa memberikan apapun
tanggapan.
"Aku akan memberimu kata-kata nasihat," tiba-tiba dia berkata,
terus mengabaikan pertanyaanku. Seolah-olah dia sedang berbicara
untuk hantu di belakangku. “Kamu akan lebih baik hidup sendiri.
Ketika Anda berada di sekitar orang lain, Anda menyebabkan masalah untuk
mereka. ”

Bagian terburuk adalah, tanpa kacamatanya, dia
benar-benar tidak bisa dibedakan dari Akari-san dan Hikari-san.
Diberitahu hal-hal semacam ini oleh Maki-san tidak hanya tetapi sekarang,
juga, jujur, tidak menyenangkan.

Aku merasa seperti dikhianati.
“Seseorang yang tidak melakukan apa-apa selain mengganggu orang lain
seharusnya berhenti menjadi manusia sekaligus. Jika kamu tidak bisa melakukan itu,
maka Anda harus hidup sendiri. Itu yang saya pikirkan. ”
"Kenapa kamu mengatakan ini?"
"Tapi aku juga sama. ”
Jawaban yang jelas.
Ekspresinya tidak menunjukkan perubahan.
Bahkan tidak berkedip.
"Tapi kamu di sini bersama orang lain dan—"
“Kami sudah berhenti menjadi manusia. ”
Kita .
Siapa sebenarnya yang termasuk di dalamnya?
“Pagi ini, Akari bersikap kasar padamu. Saya minta maaf . "Dia mengubah topik pembicaraan tanpa segmen apa pun. Dan pucatnya ekspresi dan nada suaranya tetap tidak berubah.
"Kenapa kamu meminta maaf?"
“Itu aku. ”
"Hah?"
Dia melanjutkan, tidak menyadari kebingungan saya.
“Sebenarnya bukan aku yang sebenarnya, tetapi itu adalah tubuhku. Tiga
kita semua berbagi tiga tubuh ini. Kami bertiga memiliki tiga kepribadian masing-masing, dan masing-masing dari kita memiliki kepribadian yang sama
dan kenangan. Jadi meskipun yang meneriaki Anda ini
pagi itu Akari, itu benar-benar tubuhku. ”
"Kamu berbohong . ”
"Iya nih . ”

Dia menjaga wajah yang benar-benar lurus. Ada apa dengan ini gadis? Dia terus melempar saya bola curam gila. Saya tidak tahu di mana dia pergi dengan ini sama sekali.
“Nah, cukup dengan obrolan. ”
Dan dia pikir ini hanya obrolan.
"Biarkan aku langsung ke intinya. Saya pikir itu tidak bijaksana terus berbicara tentang polisi di sekitar nyonyaku. Dia
bisa sangat sabar, tetapi setiap orang memiliki titik puncaknya. ”

“Kenapa Iria-san begitu keras kepala soal itu? Dia
mengatakan ini untuk menjaga perdamaian di sini, tapi aku tidak bisa tidak berpikir
ada lebih dari itu. ”
Dan bukankah kedamaian sudah rusak? Dia tidak melakukannya tampaknya tertarik pada kedamaian sedikit pun.
"Kamu benar-benar ingin tahu?"
“Ya. ”
Teruko-san berdiri.
Dia datang ke sampingku. Dia bersandar padaku. Dia
terjebak padaku. Tubuhnya jauh di atas saya.
"Itu karena … tidak ada penjahat yang menyukai polisi," katanya suara sepenuhnya tanpa nada atau irama. "Itu sebabnya. ”
Aku kehilangan kata-kata untuk sesaat, tidak begitu jelas apa maksudnya.
"Tentunya Anda bertanya-tanya mengapa nyonyaku ada di pulau ini.
Kenapa kamu pikir dia ada di sini? ”
"Yah, dengan kepribadiannya itu—"
"Dia kacau. ”
Dia agak sedikit detail, jadi saya tidak tahu
ke mana arah pembicaraan. Bagaimana bisa kembar tiga dinaikkan dalam lingkungan yang sama persis memiliki yang sama sekali berbeda
kepribadian? Itu benar-benar seperti gangguan kepribadian ganda.
"Hah? Apa yang kamu maksud dengan 'kacau'? ”

"Kunagisa-san tidak bisa menangani gerakan vertikal ekstrim. Itu mengapa kamu di sini, ya? "
"Ya itu benar . "Kurasa dia tidak banyak memuji. "Aku s
ada yang salah dengan itu? "
"Nyonyaku adalah kebalikan dari itu," katanya dengan fasih.
Itu hampir seperti dia membacanya langsung dari naskah.
Dan bacaan yang cukup kering pada saat itu.
“Itulah sebabnya dia ada di pulau yang benar-benar sepi ini. ”
Dia segera melanjutkan.
"Apakah kamu pernah melihat lengan kiri nyonyaku? Jika Anda melihat
bekas luka di seluruh pergelangan tangannya Anda akan mengerti juga. ”

Bekas luka … di pergelangan tangannya?
Suaranya kering dan monoton, itu mematikan
serius juga.
“Mereka menyebutnya sindrom penyalahgunaan. Saya yakin bahkan Anda sudah
mendengarnya? "
Sindrom penyalahgunaan. Dia pasti berarti sindrom DLLR.
Memang saya pernah mendengarnya. Suatu bentuk autisme di mana orang tersebut
tidak bisa ada tanpa melukai dirinya sendiri maupun orang lain.
Untuk lebih spesifik, itu di ujung atas autisme
spektrum. Bagaimanapun, itu sangat buruk, tidak mungkin
jenis gangguan mental yang mengerikan, sangat mengerikan.
Di waktu saya di program saya telah membaca beberapa literatur tentang
itu, tapi aku belum pernah benar-benar menyaksikan kasus itu di kehidupan nyata,
meskipun aku kenal seseorang yang punya. Seperti yang ia katakan, “seseorang
mampu membunuh tanpa menanggung rasa bersalah adalah benar-benar a
hal yang menakutkan. ”
Benar-benar menakutkan.
Apakah dia mengatakan itu adalah Iria-san?
Tetapi sindrom DLLR adalah suatu kondisi yang sangat jarang terjadi
keberadaan adalah subjek kecurigaan besar. Itu cukup

kondisi kompulsif, jadi itu seharusnya sangat langka.
Tidak ada satu pun kasus di Jepang, dan bahkan di Jepang
Menyatakan hanya ada sampel kecil yang dapat dihitung. Tetapi saya
tebak itulah Hukum Bilangan Besar yang bekerja lagi.
"Teruko-san, itu—"
"Sama seperti kita kembar tiga, nyonyaku juga memiliki saudara kembar,
Nyonya Odette. ”
Iliad dan Odyssey.
Itu menjelaskan hal itu.
"Apakah itu benar? Jadi apa yang sedang dilakukan kakaknya? ”

"Dia meninggal . ”
"Kamu serius, kan?"
"Aku bersungguh-sungguh," katanya. "Dan orang yang membunuh Nyonya
Odette tidak lain adalah Nyonya Iria. Apakah kamu mengerti?
Apakah Anda mengerti apa artinya itu? Sudahkah Anda memahami logika di sini? Itu berarti bahwa Anda baru saja menghina nyonyaku
mulutmu yang kotor. 'Pembunuhan itu tercela, tidak peduli apa alasan, ya? "
"Aku tidak bermaksud untuk—"
“Niat Anda tidak relevan dalam kasus ini. Bagaimanapun, saya anggap Anda mengerti mengapa dia tidak akan memanggil polisi sekarang? Jika
Anda mengerti, silakan kembali ke kamar Anda. Dan tolong berhenti
membuat gelombang . ”
Tanpa ragu-ragu lagi, dia bangkit dari jendela
sofa. Saya bisa tahu dari wataknya bahwa percakapan ini
sudah berakhir.
Tapi oh, oh Teruko-san …
"Jangan membuat gelombang"?
Itu kalimat saya.
"Teruko-san!" Aku berseru spontan setelahnya.

Bertentangan dengan setiap harapan saya, dia berhenti di dalam dirinya
trek di dekat pintu.
"Apa?"
"Seperti…"
Seperti…
Liiiike …
"Seperti … katakanlah ada seorang anak yang menghabiskan sepuluh tahun pertama
hidupnya terkunci di ruang bawah tanah tanpa berkomunikasi dengan a
satu orang, termasuk kerabatnya sendiri. Bisakah Anda bayangkan apa?
anak itu akan menjadi seperti apa? "
Dia tidak menjawab.

Tentu saja saya tidak mengharapkan jawaban yang sebenarnya.
Saya hanya berpikir saya akan mencoba bertanya.
Gadis ini di sini. Gadis yang pendiam dan berwajah pucat ini, menjalani hidupnya
diam. Bagi saya, dia mungkin …
"Kamu dan aku sama sekali berbeda," katanya dengan agak kasar nada.
Sepertinya dia bisa membaca pikiranku.
Dia berbicara tanpa melihat ke belakang.
“Jangan kamu berani membuatku keluar untuk berhubungan dengan kamu di beberapa
cara . Itu menjijikkan dan itu membuat saya mual dan itu adalah gangguan luar biasa. ”
"Turut sedih . ”
“Kamu tidak memiliki apa pun untuk dimiliki di seluruh dunia ini. Tidak
di sini, seluruh dunia. Jika Anda ingin saya menjelaskannya:
Anda adalah gabus yang muncul, ”katanya.
"Itu sebenarnya lebih dari yang ingin kudengar, terutama darimu . ”
“Pasti aku yang mengatakannya, karena tidak ada orang lain yang akan mengatakannya. ”
Dia tidak melihat ke belakang. Dia melanjutkan semua hal yang sama. "Kelihatannya
kamu masih berpikir kamu tidak mengerti mengapa Himena-san memilih

kasih banyak, tapi alasannya jelas. Itu karena dia bisa
lihat apa yang ada di pikiranmu. Tidak ada yang suka hal-hal kotor. ”
"Aku bilang kamu kotor. ”
"Tidak perlu mengulanginya … Aku sepenuhnya sadar akan hal itu. ”
“Oh, kamu tahu itu? Namun Anda berhasil melanjutkan
hidup . Ya, itulah semangatnya. Itu harus banyak
tekad. Itu layak dihormati. Atau mungkinkah itu Anda
pikir ada seseorang di luar sana yang akan menyukaimu bahkan setelahnya
Anda telah mengungkapkan diri kepada mereka? Apakah Anda benar-benar percaya

seseorang di luar sana akan memilih Anda? Maka Anda benar-benar seorang
muncul gabus. ”
Tidak ada yang bisa dikatakan. Kata-katanya bergema. Mereka terlalu berat untukku. Saya akan pingsan. Jatuh berkeping-keping .
"Beraninya kau menerobos ke dalam kehidupan orang lain saat kau berada
menyembunyikan monster di dalam dirimu? Anda lebih rendah dari seekor serangga . Kamu tidak tahu malu. Dunia tidak begitu memaafkan.
Betapa sombongnya Anda. Dan itulah kenapa-"
Dia membuka pintu. Kemudian, untuk sesaat, dia melihat ke belakang
padaku .
Dulu…
Ekspresi seorang wanita menatap objeknya
kebencian yang tulus. Itu terlihat dingin.
“Kamu seharusnya mati saja. ”
Ka-thunk.
Suara materi anorganik.
Pintunya tertutup.
Kekuatan mengalir dari tubuhku. Itu seperti perasaan
Anda miliki ketika belenggu Anda dilepaskan, tetapi tanpa belenggu rasa pembebasan.
"Yesus. ”
Sungguh sirkus. Saya merasa seolah-olah akan dihancurkan. Sepenuhnya dihancurkan.

“Ini omong kosong untuk mengakhiri semua omong kosong, dengan serius. ”
Ditinggal sendirian, saya duduk dan berpikir.
Sekarang apa itu? Saya mencoba mengingat semua yang dia katakan.
Tidak seperti percakapan Akane-san malam sebelumnya, ada
tidak berteori saat ini. Tidak ada alasan, tidak
menjelaskan, hanya kebenaran telanjang yang muncul di wajahku.
“Ya ampun, itu membuatku benar-benar rusak. "Aku mengguncang kepala.
Jangan pikirkan itu. Ada hal lain yang harus dipikirkan
tentang sekarang. Saya bangkit dari sofa dan meninggalkan

ruangan. Mencari
di sekitar lorong, bahkan bayangan Teruko-san tidak tersisa.
Dia cukup ringan di kakinya. Mungkin itu cara lain
di mana dia menyerupai saya.
Bagaimanapun, yang penting sekarang adalah informasi
Teruko-san telah meninggalkanku. Bekas luka di pergelangan
tangan Iria-san. Nya
"Latar Belakang . "Fakta bahwa dia telah membunuh saudara
perempuannya … dan masuk
hal itu telah diasingkan ke pulau ini. Sindrom pelecehannya.
Autisme.
Memikirkan itu, jelas mengapa dia tidak akan menelepon
polisi .
"Tunggu sebentar . Pegang itu. ”
Wahyu. Saya telah melihat Iria-san mengganti pakaian dengan
benar
di depan mataku kemarin. Pertama kali dia memberi saya
sebuah audiensi. Tapi tidak ada goresan di pergelangan tangannya.
Tidak
bahwa aku hanya memandangi anggota tubuhnya sepanjang waktu,
tetapi tentu saja aku
akan memperhatikan bekas luka yang mengesankan jika itu benar-
benar terjadi
disana
"Tunggu, tunggu, tunggu …" Aku berhenti, menggaruk
kepala. "Apa-apaan ini?"
Pada dasarnya Teruko-san adalah pembohong besar.
Sama seperti saya.

Dalam perjalanan kembali ke kamar Kunagisa, saya berlari ke Tim
Makisan,
Shinya-san, dan Yayoi-san. Mereka tampaknya ada di tangan
mereka
cara makan. Saya sedikit cemburu; dengan Yayoi-san di tim mereka,
mereka bisa makan makanan yang luar biasa kapan pun mereka
mau. Tidak
Saya punya keluhan tentang masakan Hikari-san.
"Ahaha … nak. Ahahahahahahaha. Aaaaahahahahaha … ha. ”
Saat melihatku, Maki-san tertawa. Saya dulu
melampaui menemukan ini kasar lagi. Itu tidak kurang diharapkan

dari perubahan musim.
“Apa kali ini, Maki-san? Kamu selalu sibuk
dengan energi. ”
"Ahaha. Anak muda, sepertinya Teruko-san melakukan yang nyata nomor pada Anda. Oh, bintang-bintangku. Itu Apa yang Anda Dapatkan . ”
"Bagaimana Anda tahu?"
"Kau masih bertanya padaku tentang itu? Terima kasih untuk pertunjukan yang menghibur,
Bapak . Tanpa jari. Anda tidak boleh bosan. Aku cemburu . ”
Yang pasti, Maki-san pasti menjalani kehidupan yang membosankan. Dia tahu
semua yang telah terjadi, semua yang terjadi, dan semua itu
akan terjadi . Rasanya seperti menonton aliran nonstop
film di mana Anda sudah tahu akhirnya. Tidak ada
ragu bahwa itu menyedot kesenangan dari kehidupan.
"Itu tidak sepenuhnya benar," godanya. Apakah dia mabuk? Dia tampak sangat tinggi. Bagian dalam kepalanya pasti terlihat seperti mentaiko.
Gah, dia memelototiku.
"Katakan, apakah kamu benar-benar sendirian di saat seperti ini di …?"
tempat seperti ini? ”Shinya-san masih tampak agak biru, tapi dia tampaknya sudah agak tenang, dan dia tidak
lebih pucat. Meskipun terkadang bisa kejam, dalam

akhirnya, waktu benar-benar baik untuk kita semua. "Kunagisa-chan dan Hikarisan
Pasti sedikit tegang sendiri. Mereka hanya kecil mungil
sesuatu . Dan Hikari-san adalah tersangka utama saat ini, kan?
Kunagisa-chan tersayang Anda bisa berada dalam bahaya. ”
Dia tampaknya setengah bercanda, tetapi jelas bahwa dia benar-benar
khawatir tentang saya. Saya membungkuk kepadanya dengan rasa terima kasih.
"Eehehehe. Anda harus memaafkan kami sekarang, Tn. Setengah matang.
Jangan berpikir terlalu keras, ”goda Maki-san, lalu berbalik kembali padaku. Shinya-san menatapnya tajam.
“Jika kamu merasa bertanggung jawab atas kematian Sonoyama-

san, aku
jangan berpikir kamu harus khawatir tentang itu. Kamu melakukan segalanya
itu kekuatanmu. Anda tidak bisa melakukan hal lain.
Anda melakukan yang terbaik, ”katanya kepada saya.
"Terima kasih banyak . "Aku membungkuk dan berterima kasih padanya.
“Baiklah, sampai jumpa lagi. "Dengan itu, dia berbalik juga.
Yayoi-san memberiku beberapa tatapan aneh yang sepertinya berarti sesuatu, tetapi dengan sedikit anggukan
Kepala, dia pergi dengan dua lainnya dan menuju
ruang makan .
"Tentang apa itu?"
Tidak ada sesuatu yang mencurigakan, tetapi sesuatu
aneh.
"Eh, kurasa itu bukan sesuatu yang perlu dikhawatirkan," aku bergumam pada diriku sendiri.
Sekembalinya ke kamar, saya menemukan Kunagisa sedalam hidung
di bagian-bagian komputer yang rusak sementara Hikari-san melakukan beberapa
membersihkan. Tersiar kabar bahwa Hikari-san benar-benar aneh.
Kalau dipikir-pikir, dia sepertinya selalu membersihkan. saya mengira itu adalah salah satu bentuk gila kerja. Apakah tidak ada satu orang normal di pulau ini?
"Hei, hei, Ii-chan. Anda tepat waktu. ”

"Untuk apa?"
“Mengangkat rambutku. ”
Gotcha. Saya mendekatinya dari belakang. Saya memutuskan untuk memberi
dia banyak kepang mini, dan mulai menjalin bersama
sebagian kecil rambut.
"Ahhhh," desahnya dengan senang.
“Tomo-san. Apakah saya tetap bisa membersihkan kekacauan itu? ”
"Jangan menyebutnya berantakan. Saya masih bisa menggunakan beberapa bagian ini, jadi
Saya mengambil mereka sekarang. Anda harus menggunakan kembali barang-barang. Daur ulang,
daur ulang, untuk Ibu Pertiwi! Daur ulang itu penting, kau tahu.

Mmhmm.
Tapi apa yang harus saya lakukan, ya? Mungkin saya bisa membuat rahasia
senjata untuk menghentikan pembunuh itu. ”
Dia yakin tahu bagaimana menjaga dagunya. Bukan itu yang saya inginkan
untuk menjadi seperti dia, tetapi Anda harus mengagumi pemikiran positifnya.
Bahkan jika itu hanya karena dia tidak pernah tahu negatif emosi.
Mendesah .
"Oh, benar. Hikari-san, apakah Anda punya memo pad atau sesuatu? Dan sesuatu untuk ditulis? "
"Mereka ada di kabinet itu. Apakah Anda membutuhkannya? "
“Saya ingin menulis garis besar situasi saat ini. ”
Kami telah membuat bagan alibi kemarin, tetapi datanya telah telah hancur berkeping-keping bersama dengan komputer.
Karena itu saya ingin membuat bagan baru yang termasuk Informasi terbaru .
"Aku mengerti," katanya dan menuju ke kabinet.
"Oh, hei. Tomo, aku lupa memberitahumu, ingat itu lukisan? Saya menemukan apa yang aneh tentang itu. ”
"Hmm? Oh, ya, Anda mengatakan sesuatu tentang itu, bukan? Jadi apa itu? "
"Jam tangan . ”

"Menonton?"
"Ya, arlojinya. Ketika saya menjadi model untuk gambar di Lokakarya Kanami-san, aku belum mengenakan arloji. Dulu rusak dan saya berikan kepada Anda untuk diperbaiki. Jadi tidak ada apa-apa
di pergelangan tanganku.
“Meskipun demikian, di atas kanvas, ada sebuah jam yang dilukis ke atasnya. ”
Kunagisa tampak bingung sesaat, lalu kembali
kembali ke ekspresinya yang biasa dan menyampaikan pertanyaan stok.
"Mmm. Tidakkah Anda pikir itu hanya kesalahan? Saya tidak bisa membayangkan itu
sangat penting . ”

"Yah, ya, mungkin, tapi …"
"Yang?"
"Bagaimana dengan subjek dan predikat?"
"Layar jam tangan. Apakah itu yang kosong, atau yang setelah saya memperbaikinya yang menampilkan mundur? "
"Oh, yah, sebenarnya, aku agak menghadap ke dalam seperti ini, jadi aku
tidak tahu. ”
"Mmm," dia mengangguk. Setelah berpikir sejenak, dia berkata,
“Ya, kupikir itu hanya kesalahan. Lebih penting lagi, saya memikirkan sebuah
petunjuk, mungkin. Pembunuhan Akane-chan seperti … tanpa kepala
tubuh itu semua, errr … "
"Errr?"
"Tangannya agak …"
Dia memiringkan kepalanya ke samping dan melipat tangannya.
“Yah, bukan tangannya, tapi jari-jarinya. Ada sesuatu
tidak alami, maksud saya benar-benar tidak alami tentang mereka, saya pikir … Ah,
***, kapasitas ingatanku telah mencapai puncaknya. Rasanya seperti ada
sebuah mosaik besar di kepala saya. Hei, Hikari-chan, apakah kamu memperhatikan
ada yang aneh dengan jari-jarinya? "
"Hmm …"

Hikari-san, yang telah kembali pada suatu saat, duduk
karpet di sebelah Kunagisa sehingga dia menghadapku.
“Maaf sudah menunggu. Ini beberapa kertas dan pena. ”
"Terima kasih. ”
Saya mengambil persediaan darinya dan, sambil mengingat grafik kami buat kemarin, menyiapkan daftar alibi baru untuk
Ibuki Kanami dan Sonoyama Akane melakukan pembunuhan, termasuk
semua orang di pulau itu.
Ibuki Kanami
(terbunuh)
Sonoyama Akane
Sebelum gempa bumi: X

Setelah gempa bumi: X
(terbunuh)
Kunagisa Tomo
Sebelum gempa: O (Ii-chan, Hikari, Maki, Shinya)
Setelah gempa bumi: X
O (tidak bisa turun tangga sendirian)
Sashirono Yayoi
Sebelum gempa bumi: O (Iria, Rei)
Setelah gempa bumi: X
X (tidur)
Chiga Akari
Sebelum gempa: Δ (Teruko)
Setelah gempa bumi: X
O (di daratan)

Chiga Hikari
Sebelum gempa: O (Ii-chan, Tomo, Maki, Shinya)
Setelah gempa bumi: X
X
Chiga Teruko
Sebelum gempa: Δ (Akari)
Setelah gempa bumi: X
O (di daratan)
Sakaki Shinya
Sebelum gempa: O (Ii-chan, Tomo, Maki, Hikari)
Setelah gempa bumi: O (Maki)
O (Maki)
Handa Rei
Sebelum gempa bumi: O (Iria, Yayoi)
Setelah gempa bumi: Δ (Iria)
Δ (Iria)
Himena Maki
Sebelum gempa: O (Ii-chan, Tomo, Hikari, Shinya)
Setelah gempa bumi: O (Shinya)
O (Shinya)
Akagami Iria
Sebelum gempa bumi: O (Rei, Yayoi)
Setelah gempa bumi: Δ (Rei)
Δ (Rei)
Fiuh. Atau semacam itu . Menatap grafik, saya membiarkan

mendesah.

"Alibi, ya? Tapi kau tahu, ini tidak benar-benar berarti semua itu banyak, bukan? Kami sudah cukup mengesampingkan ide itu kejahatan kooperatif sampai sekarang, tetapi jika Anda mempertimbangkan itu
kemungkinan, bagan ini tidak berarti jongkok. Terutama melihat kesaksian alibi dua dan tiga orang ini. ”
Ada juga kemungkinan orang lain selain
pembunuh telah berbohong supaya mereka tidak dicurigai, dan jika Anda
menganggap itu, informasi yang dipetakan ini bahkan lebih sulit menelan.
Sadar akan kesia-siaan semua itu, saya memutuskan untuk melakukannya
tulis ringkasan ringkasan serupa tentang insiden pembunuhan
diri mereka sendiri.
Korban:
Ibuki Kanami
Kondisi:
Kamar tertutup
Sungai cat (terpecahkan)
Waktu kejadian:
Malam, mungkin setelah gempa bumi
Catatan:
Tubuh terpenggal
Pembunuh tidak dikenal
Korban:
Sonoyama Akane
Kondisi:
Kamar tertutup
Buka jendela di lokasi tinggi (belum terpecahkan)

Waktu kejadian:
Antara jam 2:00 dan 9:30 a. m.
Catatan:
Tubuh terpenggal
"Dan … pembunuh tidak dikenal. ”
Saya selesai menulis dan meletakkan pena.
"Kamu lupa tentang insiden ketiga, Ii-chan,"

Kunagisa segera keberatan. “Kunagisa-chan yang malang
Kejadian . ”
"Oh, benar. Itu artinya jika dibandingkan, tapi itu sebuah misteri, juga ya ”
“Jangan katakan itu! Bagi saya ini adalah tragedi yang lebih besar daripada memiliki
kepalaku terputus! Selama mereka sudah sejauh ini, saya berharap mereka
akan memotong kepalaku! "
"Baiklah baiklah . "Aku mengambil pena itu lagi.
Korban:
Kunagisa Tomo (komputer)
Kondisi:
Kamar tanpa segel
Tanpa kunci, dapat dimasuki oleh siapa pun
Waktu kejadian:
Antara pukul 10:00 a. m. dan akhir sarapan.
Namun, semua orang di rumah itu bersama
pada waktu itu . Kamar yang disegel waktu?
Catatan:
Tujuan Destructor dianggap sebagai penghancuran
data gambar diambil dari tempat kematian Ibuki Kanami.

"Kamar yang disegel waktu, ya?"
Insiden pertama melibatkan sebuah ruangan yang disegel oleh sungai
cat . Yang kedua, sebuah ruangan tertutup oleh sebuah jendela yang tidak terjangkau.
Sebuah ruangan tertutup rapat dalam hal ketinggian. Dan insiden ketiga adalah
disegel dalam hal waktu.
"Dimensi kedua, ketiga, dan keempat, ya?"
“Itu benar-benar membuatnya terdengar seperti kejahatan dengan cakupan yang sangat besar.
Katakan, Hikari-san, pertanyaan ini cukup lengkap
melemahkan kepura-puraan apa pun yang kita miliki sampai sekarang, tapi … begitulah
mungkinkah ada orang lain di pulau ini? ”
"Bukan," katanya yakin. "Hanya ada satu tempat
seluruh pulau tempat kapal bisa berlabuh, jadi saya pikir saya bisa

katakan
itu pasti. ”
"Saya melihat . ”
Tetapi jika itu benar, maka itu akan benar
benar-benar mustahil untuk ini terjadi pada Kunagisa
komputer. Dengan kecerdasan dan kebijaksanaan yang cukup, seseorang bisa
layak melewati pesawat tertutup atau menaklukkan ketinggian, tetapi waktu
adalah satu-satunya wilayah kekuasaan yang tak bisa ditembus manusia.
“Jadi aku bertanya-tanya apakah ada semacam trik untuk ini juga.
Seperti remote control atau apalah. Mmm, tapi ini dia
jelas karya manusia. ”
"Hikari-san, mungkinkah satu atau dua orang mungkin
menyelinap di tengah-tengah semua memar menemukan
tubuh? Maksudku ada mayat tak berkepala sebelumnya
Mata kita . Mungkin seseorang mengambil keuntungan dari situasi dan
berjalan pergi sementara kami terganggu. ”
"Aku … tidak berpikir begitu …"
Hikari-san was still unconvinced . Even I couldn't help but
scratch my head at the idea, and I was the one who had

brought it up . In reality, we probably would've noticed if
someone had disappeared from the room .
“First incident . Anybody could have done it—that is, if you
consider the possibility of a cooperative crime . But we've at
least figured out how they did it, and we know it wasn't really
a 'sealed room' after all . Now, second incident . This time, we
have no idea how they did it . ”
“But I, as an exception, could have done it,” Hikari-san
kata.
Aku mengangguk . “And then the third incident . Nobody could have
done it . Moreover, there was no possible way it could have
happened . ”
The incident itself was rapidly growing more complicated .
This didn't bode well for the next incident .
“Jesus, what the hell kind of a cycle is this?”

“Well, I don't think this was all planned out intentionally . Hmm, but it doesn't feel right to write it all off as a coincidence, either . ”
“Anyway, let's stop thinking about all this disheartening stuff,” I said . “Alibis, sealed rooms . Tricks, gimmicks, setups, fakes . Terserah . Let's just agree that someone is using some unimaginable method to fool us all . ”
“Maybe it's a virtual machine . ”
“Yeah, that . ”
Saya tebak .
They often say in old mystery novels that it's harder to make a puzzle than to solve one, but I don't think that's true . Creating a puzzle or trick or what have you is far easier . Di creating a puzzle, you're free to display events from whatever angle you please, completely catering to your own

convenience . Solving the puzzle, on the other hand, can only be done from that one presented angle .
So for now we just had to place the issue aside .
“But don't you think we should at least consider alibis? That's pretty much all the information we have right now,” Hikari-san said . “And if we start making emotionally charged arguments, everyone will become suspicious . I mean, didn't Sonoyama-san become the prime suspect after Ibuki-san was murdered because they hated each other so much? But look at what happened because of that . ”
“Yeaaah, but— It really would've made sense if Akane-san was the killer . ”
And now Akane-san was dead, too .
“What about the thought that Sonoyama-san killed Ibukisan, and then someone killed her in revenge?”
“If that were the case, then I guess Shinya-san would be the most likely to have killed her . He was Kanami-san's caretaker and closest friend . ”
“But Shinya-chan had an alibi . Even if you set that aside, how would he have known Akane-chan killed her?”
“Maybe he didn't, maybe he just had a hunch . Mistaken revenge may not happen every day, but it's not unheard of . Jika you think about it, what's the deal with Shinya-san and Makisan? They've got alibis two days in a row . In the middle of the

night . Don't you think their having alibis is conversely kind of suspicious?”
“It is a little, huh? Maybe they're synchronizing stories in secret . But you know, Himena-san doesn't really seem the type . ”
Himena Maki . The indescribable fortune-teller with superhuman abilities . The absolute absolutist, able to gaze

upon the inner workings of men's minds and hear any and all things . Something about her resembled Kunagisa . Dulu aneh
“What's up with you, Ii-chan? Have you fallen for Makichan or something?”
“Geez, don't say that . But you know, a spaced-out woman like her can't be expected to have the best common sense . ”
Man, this really was all futile . I felt like we had already considered every possibility . It was like we were stranded . What else was there left to think about?
“It kind of seems like maybe Akane-san knew she was going to be killed . ”
“Huh?” Hikari-san leaned forward in surprise . “What do you mean?”
“It just seemed that way . Last night, I had a conversation with her through the door, and at the time, well, it was like she was at peace . She was quoting Ryokan and stuff . Dulu really out of character . ”
“Hmm, I wonder if she knew who the killer was,” Kunagisa kata.
Indeed, that was a possibility . She was Sonoyama Akane of the ER3 system's Seven Fools . Even without conducting an investigation, if she had a hunch about who the killer was, it was pretty much sure to be right .
“By the way, Hikari-san . I was just talking with Terukosan—”
“What?!” She was even more shocked than before, as if I'd just made some ungodly remark . No, not shocked, exactly . Saya t was more like she was thinking, “Why would you tell me such a blatant lie?!”
“Y-you mean… Teruko talked?”

"Ya. I was pretty surprised, too, but the real problem

was what she said . ”
I explained to Hikari-san and Kunagisa what Teruko-san had told me . Of course I cut out the latter half . I was never one to go around boasting about my own faults .
“So what does it mean, Hikari-san? How much of it was true?”
Hikari-san wore a completely perplexed expression as she muddled out a vague response . “Um,” she muttered . “Um, well, um…”
“Akari-san was ranting about something strange this morning as well . 'I'm so tired of this' or something like that . What was she talking about?”
She was still stumbling over a response . At last, she looked up at me, seeming to have made up her mind . But still, her eyes darted back and forth as she deliberated for another moment . Finally, she opened her mouth .
“It's all true . ”
Hah.
Admittedly, that was not the answer I expected .
This time it was my turn to be speechless . It was all true? Hah? Apa yang baru saja dia katakan?
“I'll talk because it's come to this, and because I choose to trust you . And because I owe you . ” Hikari-san fell silent once again, and then, looking more lost than ever, finally continued .
“Yes, my mistress is technically a criminal . We serve her in full awareness of that . ”
“And that's why you won't call the police?”
“We just work for her . We don't do anything else . Pernah since coming to this island, various things have happened .

That's how we eventually met Aikawa-san, who you've been hearing about . ”
Various things? What various things?
The incident on this island .
Come to think of it… Come to think of it, the other night…
“Hey, Tomo . ”
“Yeah, Ii-chan?”
“I seem to recall you saying something the other night along the lines of 'I'm interested in the incident that happened

on this island,' but is this just another figment of my awesome memory?”
"Tidak. ”
“Then you knew?”
“Yup,” she nodded with a giggle . “It's pretty well-known info . Lots of people know, but nobody ever talks about it . Tidak a lot of people are looking to make enemies with the Akagami Yayasan. ”
So, Kunagisa's hobbies hadn't changed since the good old days . Maybe the passing of five years wasn't enough to alter her nature .
“Actually, it was mixed in with the rest of Chii-kun's information, but I thought it might be better to keep it a secret from you, so…”
"Mengapa?"
“ 'Cuz I knew you'd make that face . ”
Aha.
Come on…
I was drained .
Pallidly, falteringly, painfully, Hikari-san continued .

“Once we started planning this 'salon,' my mistress was able to calm down a bit, but… I can understand Akari's feelings of frustration . But you know, this is our job . ”
A job, huh? If she really meant that, it was quite a statement . I was honestly impressed . I respected any person who lived solely to fulfill their role, regardless of what that role was . It was something I could never do .
So Hikari-san, too, was truly immersed in the deepest depths of her abyss .
“Huh, so that's the deal, huh?”
But what did that mean? If the killer knew all this and knew Iria-san couldn't call the police, then…
Then the remarkable boldness, audaciousness, and fearlessness of his or her actions all suddenly made sense .
“Okay, Hikari-san, well…”
Just as I was about to ask for the details of this famous island incident, there came a knock at the door .
It was Yayoi-san .
“I have to go to the bathroom . ” That's what Yayoi-san had

told Maki-san and Shinya-san in the middle of lunch before breaking off from her team and coming here . It was a pretty typical and hackneyed lie, and Maki-san could read minds anyway, and even under-the-weather Shinya-san probably could've seen through it, but one look at Yayoi-san's sickly blue expression, and they probably wouldn't have called her a liar if she said a pack of devils were on their way to the island on turtleback .
She sat down on the sofa and said nothing .

She seemed strangely wary of Hikari-san's presence . Mungkin she, too, thought Hikari-san was the killer . It wasn't such an unexpected assumption, to be honest .
“Can we assume you came here because you wanted to tell us something, Yayoi-san?” It didn't look like this was going anywhere on its own, so I went ahead and asked .
“Yes,” she nodded weakly .
“Um, you two are doing some investigating, right?”
“Well, that's the plan . It's become a personal matter at this point, after all,” I said, looking at the computer parts in the corner of the room . "Bagaimana dengan itu?"
“Well, if you're investigating, I suppose the facts need to be accurate, right?”
“Yeah, well, naturally . ”
“If you proceeded from here with inaccurate information, there could be a third incident, right?”
“Fourth . ”
“That's right, Yayoi-san . ” We ignored Kunagisa's protest .
“That's the situation . Um, Yayoi-san, I don't really understand what it is you're trying to say . It looks like you came here to help us, but am I wrong? Did you come here because you don't like being on a team with Shinya-san and Maki-san?”
“No, that's not it,” she mumbled . “It's just… I— I told a lie I can't take back . ”
“A lie?”
"Iya nih . That night… I really was with Iria-san talking . Dulu only up until the earthquake, but that much is an honest fact,” dia berkata . “But Handa-san… Handa-san wasn't there . ”
Hikari-san's face went stiff .
Rei-san—Handa Rei .

It was suddenly clear why Yayoi-san seemed so nervous around Hikari-san and why she had seemed so unnaturally detached since the other day, staying holed up in her room all the time .
The ice was melting .
The other morning during the alibi check, Iria-san had said herself that she, Yayoi-san, and Rei-san were together . Everyone else was questioned one by one, but when Yayoisan's turn came, Iria-san spoke for her . I had thought this was simply because they had been together, but it seemed that wasn't why after all .
Iria-san…
Akagami Iria was covering for Handa Rei .
Yayoi-san slumped down with her shoulders drooped . Saya t was like she had been relieved of a terrible burden or freed of a curse .
"Mengapa?"
Why had she kept silent about such an important detail up until now? It was a question I was in no position to ask . Ini was Iria-san's island and Iria-san's mansion, and it was Iria-san who had invited Yayoi-san here, and she was, after all, Akagami Iria . If Iria-san said, “I was with Yayoi-san and Reisan,” who could argue? Who could just call her a liar?
Like anyone could say that .
“I didn't think it was a big deal at the time,” Yayoi-san finally said . “I just figured she was looking out for her own . But thanks to that, Akane-san became the only person without an alibi, and she was locked away and… killed . ”
She was speaking like a burst dam . I sat and listened in silence . Kunagisa and Hikari-san did likewise .

“And then regarding last night, Iria-san said she was with Rei-san again . All night long . But who could believe that? Dia said they were discussing what to do from here on, but why would that take all night?”
“Well, it's possible . ”
"Kurasa tidak. Just because someone lied the first time doesn't mean they lied the second time, but the chances are pretty high, right? And Hikari-san”—Yayoi-san glared over at

Hikari-san—“Hikari-san is one of Iria-san's inner circle, too, but Iria-san didn't even try to cover for her, did she? Why is that? Why would she cover for Rei-san but not for Hikari-san? Isn't it because she knew there was no need to cover for Hikari-san? Isn't it, conversely, because she knew who the killer was?”

“Are you saying Rei-san is the killer?”

I was surprised by this . I didn't think the conversation was heading in this direction . But Yayoi-san seemed absolutely serious .

“Certainly her alibi is rather dubious now—that is, if we can believe what you're saying . ”

"Itu kebenaran . Whether you believe me or not, it's the truth,” she said . Hikari-san looked like she had something to say, but as if having realized something, she remained silent . She chewed on her lip with a painful expression .

“Let's just hold on a second here . ”

If Rei-san didn't have an alibi that night, how did that change things? Maybe not all that much, but the fact that Iriasan had lied was unarguably huge .

Rei-san wasn't in Iria-san's room that night . That meant they weren't together after the earthquake, either .

Yang berarti…

"Mmm. Hey, Yayoi-chan . ”

“What is it, Kunagisa-san?”

“Why do you think Rei-chan is the killer? She's the head maid . She's the confidante . She's a hotshot . She's even closer to Iria-chan than Hikari-chan and the others are . So maybe Iria-chan just covered for her out of friendship . And we really don't know if she was lying the second time, even if she was lying the first time . And if Rei-chan really was the murderer, then that means Iria-chan knew about it, right? Why would she cover for—”

“What if Iria-san ordered the murder?”

Gulp, someone swallowed audibly . For all I knew, it could have been me .

“Aku pikir bukan itu masalahnya. Kanami-chan and Akanechan were both invited here as guests . What's the point in bringing people over and then killing them?”

“What if she invited them here to kill them?” Yayoi-san pressed on . “Iria-san invited people here . And then those people were killed . If you look at it that way, it's not so unthinkable . ”
Was Iria-san using Rei-san in a plot to kill those two, as well as possibly a third, fourth, and fifth? It seemed like a highly unrealistic notion, but there was no proof against it .
Ya And on that note, hadn't I just heard the proof for it from Teruko-san and Hikari-san?
Handa Rei .
The head maid .
As Hikari-san, Akari-san, and Teruko-san's boss, she was in the closest position to Iria-san herself . Jadi bagaimana dengan itu? Apakah
that the answer? Was that what it all came down to?
Akagami Iria .

Named for that great ancient Greek classic epic, Homer's Iliad, the work that told of the great war with Troy over Helen . All of the characters in that epic thought they were being manipulated by the gods . Benarkah itu? If that was the answer…
As I thought, Yayoi-san continued on .
“Do you know why I was called here?”
“Because you're a genius, right?”
She grimaced .
“Well, Ibuki-san was a painter—a magnificent artist . Sonoyama-san was a scholar—fine . Maki-san is a fortuneteller—whatever .
Kunagisa-san's an engineer, yes? Itu
wonderful . But I'm a chef . Unless she's some kind of gourmet cuisine nut, why would she call such a person here? Bukan saya think cooking is really that special . ”
I was silent . Hearing her say that, there was no possible response I could give .
“And do you know why Ibuki-san and Sonoyama-san had their heads cut off?”
“That's a sudden change in topic . ”
“No, it's not,” Yayoi-san said with a stern expression and tone to match . “You are what you eat . It's an idea that exists in

Chinese cuisine . If your liver is bad, you should eat liver . Jika your stomach is bad, eat stomachs . In other words, if part of you isn't working right, you should eat that same thing . Saya m sure you've heard of this?”
“Hang on now, Yayoi-san . Ini adalah…"
This… This notion…
“Who called Ibuki-san and Sonoyama-san to this island? Who?” Yayoi-san screamed . Her voice reverberated throughout

the room . The sound lingered in my ears . But I was so confused at this point I didn't even care .
Hold on… hold on a minute, here . Did she mean what I thought she meant? Just wait a second . Hold the phone . Saya m begging you, just give me a little time .
“Aku akan mengatakannya sekali lagi. No, I'll say it as many times as it
takes . Why would the killer cut off their heads? Why would the killer take the heads with her? Where did she take them? And who was it who invited those two women here? Who brought these renowned geniuses here? What was inside those heads the killer carried off?”
If jewels are stolen from a murder scene, it probably means the killer was after the jewels . If cash is missing, he must've been after cash . Such thinking was just plain common sense . And in this case, it was the victims' heads that were missing .
Yayoi-san continued . “Why was I invited here? Why was I, not an artist or a scholar or a fortune-teller or an engineer but a mere chef, invited to this island? Why have I been given special treatment and allowed to stay here indefinitely?” Her voice sounded like it was being squeezed out .
It was a voice seeking rescue .
She had probably been brooding over this . Dari moment she had given her false testimony . From before Sonoyama-san was killed, and indeed the half day following her death as well, Yayoi-san had probably been thinking about it nonstop .
Yayoi-san turned toward Hikari-san and began her hopeless screaming once again .
“What… Just what are they going to make me do?”

Gulp—someone swallowed again .

This time it was definitely me .
Apakah itu mungkin? Such a notion… Wasn't the acceptance of such a notion itself unforgivable?
If that was really what was going on, why now? It wasn't like this whole “salon” thing had just started . If that was Iriasan's little game, she would've done this in the past .
No, the five geniuses on this island right now were all world-class, top specialists in their respective fields . Had Iriasan been waiting for this exact timing?
“That's impossible!” Hikari-san shrieked . It was like she had exploded after holding it in until now . “The idea that my mistress would do such an inhuman thing, such a cruel thing now…”
“Now”?
I'm so tired of this .
The past .
Berbagai macam . So tired . Sekarang . Kenapa sekarang? I'm so tired of this .
Please don't make waves . Saya sangat lelah . Tired, so tired . Even though
Saya sangat lelah .
But Yayoi-san didn't relent .
“I've been keeping an eye on Handa-san since yesterday morning,” she said . “You know how the longer you watch someone, the more you start to notice their similarities to you, or you start to feel their humanity? Their humanness? Beberapa kind of closeness . Kamu tahu? It's like 'Oh, this person is just like me . ' I felt that way with Iria-san . She's human, just like saya . She lied, but she's still a human being . But Handa-san… That woman frightens me . How could I not be afraid of a woman like that whose whole life is an act?”
“That's—” Hikari-san interrupted with her head hung .
“That's… that's… that's…”

But it seemed there was no end to that sentence . Walaupun demikian,
Hikari-san tried desperately to defend her mistress . Di accordance with her duties . It was too heartbreaking—to the

point that it was laughable .
"Saya melihat . Yayoi-san, I basically understand what you're trying to say . You're trying to say this, right?”
I tried my best to force my way into their conversation, but it was hopeless . Yayoi-san continued her relentless questioning .
“Akari-san and Teruko-san were on the mainland calling on a detective? Who can prove that? Who's the one who won't contact the police? Who's the one who won't let us leave this island? Maybe you were left out of the plans, Hikari-san, but where's the proof of that? They called you the prime suspect, didn't they? Where's the proof saying you aren't just a scapegoat here to shake things up? No, maybe you're in cahoots with Iria-san, here to make trouble for Kunagisa-san and—”
“Please stop this . Yayoi-san, that's enough,” I said quietly .
“Please stop insulting our friend . Kunagisa and I both dislike getting angry . But we're not afraid to do what we must . ”
My gaze was probably fairly cold, and she shivered for a moment at the sight of it . She had the same look of uneasiness that she had when she entered the room .
“I'm scared . Saya takut . Saya takut . I'm just scared . ”
"Ya aku mengerti itu . ”
“This is a deserted island . There's nowhere to run . If this is all what I think it is, maybe I won't be killed . You weren't invited here as a genius, so you might not be killed, either . Tapi your dear friend Kunagisa-san is in danger . Not even God can guarantee that she won't be the next one to have her

shoulders flattened, if you know what I mean . The time for leisurely investigations has already… I mean, I think we need to do something fast . I didn't come here to hiss at Hikari-san . saya came here because Kunagisa-san is an engineer . Bisakah kamu operate a boat, by any chance? If so, let's get out of here on that cruiser and—”
"Tahan . ” I held up my right hand . She looked up at me with a confused expression . Hikari-san eyed me curiously as yah. Only Kunagisa remained staring off into space, a somewhat irritated expression on her face . I was probably making the same face .

Um, where was I? Why did I interrupt Yayoi-san?
Oh benar
“Please say that again . ”
"Hah?"
“That thing you said . Katakan lagi . ”
Yayoi-san tilted her head at me a bit .
“If so, let's get out of here on that cruiser—”
"Tidak . ”
“Can you operate a boat, by any chance?”
“No, not that, either . ”
“Uh, I didn't come here to… yada yada yada?”
"Tidak . Tidak . Something grabbed me, but that wasn't it . Before that . ”
“I don't remember . ”
“Well remember . What did you say before that?”
“We need to do something fast… The time for leisurely investigations has—”
"Tidak . We already understand that . We need to do something fast? That's practically a catchphrase . I don't care about the

stuff we already know . I think it was a little before you said itu ”
“That's all I got . That's as far as I can recall . ”
“Tomo!” I looked over at Kunagisa . “You remember, right?”
“Yup,” she nodded .
She slashed her hand across the front of her neck .
“I'm gonna get my shoulders flattened . ”
"Bingo. ”
Iya nih . Itu It had grabbed me . Was that because it suggested something I'd rather not imagine? Nope . It wasn't nearly something that trite . It was something totally, completely berbeda.
Now this, this was the key . The Rosetta Stone .
"Um …"
“Silence please . Saya berpikir . I think I'm on the right track . Pastinya . It's simpler than the geography of Kyoto or Sapporo . We have a hypothesis and conclusion now, so all that's left to do is prove it . ”
Saya pikir .
Kunagisa thought, too .

All the ingredients were probably there . I could sense it .
Or we already had all the ingredients a while ago . They were all lined up in front of my face, to the point that it wouldn't have been strange if I had realized the truth as soon as Kunagisa's computers were smashed . The smashed computers weren't the key after all, they were another ingredient .
And now I had the key . This time, I had it .
And just as any door will open once you've obtained the key, so, too, would I soon arrive at a solution . It was like a zero-sum game . Like a simple maze with a watertight winning

strategy . Kunagisa probably had it, too . The mountain of sand was almost complete .
“Now this really is nonsense . ”
And after a while…
“Is this it?” I muttered .
But this was…
“No way… this can't be right . ”
This couldn't be right . Like this could possibly be it . Apa logic was this?
But there were no contradictions, it was all consistent, it all made sense—it was complete . There was no other possibility kiri. It didn't look like there was any more sand to pile up, either .
Something felt uneasy . Something was strange . No matter how many mental checks I did, I couldn't feel satisfied about it, like the final question on an exam . I definitely wasn't wrong, but something felt off nonetheless . It was that kind of feeling . I couldn't shake it .
What was it… this vague, sickly feeling?
“What do you think, Tomo?”
“Mmm,” she moaned .
“There's no 'what do you think' about it . There's only one possible train of thought . So that's why the fingers seemed strange, huh? But this means…”
It seemed Kunagisa had the same sense of anxiety . Yayoisan and Hikari-san stared at the two of us like we were from Mars . Venus, maybe . I guess that's a trivial matter either way .
“I guess that's the only possibility, huh?” Kunagisa was first to fall before the reality of the situation . “I can't think of

anything else . It must be the only possibility . ”

"Ya. If there's only one possibility, it's got to be the right one, no matter how unbelievable it seems . ”
It looked as if we had to rely on selective thinking in the akhir. If Akane-san heard about it she surely would have gotten angry, but we no longer had to worry about that . Setidaknya insofar as this was in fact a case of serial murder committed by a person, there was only this one possibility . One possibility with one hundred percent odds .
Baik .
Time to just accept it .
I didn't like it at all, but this was reality, this was the truth . And those were just my nonsense-ridden sentiments anyway .
“Looks like we've reached an agreement, Ii-chan,” Kunagisa kata. "Jadi bagaimana sekarang?"
“What now, indeed . Hmm, this place is a little too big . ” I continued my pondering . I was more cut out for something like this than Kunagisa was . I may not have been any good at actual shogi, but if this, too, was a sort of shogi problem, I had it down .
“Now then, Yayoi-san, Hikari-san, could I ask for a little bit of your cooperation?”
“Huh?” The lovely duo let out a collective question mark .
I rose to my feet . “The top of the inning is finally over . We're down by a lot of points, but it's not a called game yet . This is where we get that third out and launch our attack in the bottom of the inning . ”
“Yayoi-chan on first . Hikari-chan in center field . Yours truly as catcher and Ii-chan as pitcher . ”
Boing, Kunagisa jumped up off the bed and flashed a smile bright as the blue sky .
“Launching counterattack . ”

Akhiri saja.
Ngomong-ngomong .
Di Rusia, “bulu basah gagak” konon artinya
“Puncak keputusasaan. "Mengingat itu, Anda bisa secara romantis

menggambarkan pulau ini sebagai tujuan akhir bagi mereka di Indonesia
keputusasaan. Seperti kebalikan dari kasih sayang bukan kebencian, tapi
ketidakpedulian, lawan dari harapan bukanlah keputusasaan. Tentunya
kebalikan dari keputusasaan adalah penerimaan apatis dari semua hal. Bahwa
apatisme semata-mata dicampur dengan keyakinan absolut yang memungkinkan
Anda menyetujui semua hal, mengatakan, “Ya, tidak apa-apa” — yaitu
kebalikan dari harapan.
Semuanya ada di sini, jadi apa lagi yang bisa saya butuhkan?
Sikap apatis yang saya rasakan jauh di atas batas normalitas. Itu
tujuan pepatah dari semua emosi seseorang.
Ranah yang tidak mengganggu di seberang danau itu
kita semua melihat pada titik tertentu dengan mata yang kagum
dengan iri hati. Domain itu di sisi lain tabu, terhubung
dengan tanda besar sama dengan kenyataan.
Untuk mencapai domain tersebut, Anda harus melakukan banyak pengorbanan.
Terlebih lagi, itu adalah tiket satu arah tanpa jaminan.

Namun, bahkan kemudian, ada orang yang mencapainya—
apakah karena kesalahan, atau melalui pengetahuan.
Ibuki Kanami, Sonoyama Akane, Sashirono Yayoi, Himena
Maki, Akagami Iria, Chiga Akari, Chiga Hikari, Chiga Teruko, Handa Rei.
Dan Kunagisa Tomo …
Ini semua mungkin tumpukan tua besar mumbojumbo konyol.
Tidak ada yang membosankan, omong kosong tidak berharga. Dan itu
Kelanjutan dari omong kosong ini tidak bermanfaat.
Sungguh sekarang, badut macam apa aku?
"Apakah kamu sudah menemukan sesuatu?"
Pertemuan makan malam kelima.
Teruko-san memiliki tugas pribadinya, jadi dia
kursi kosong, tetapi sembilan dari kita semua berkumpul
bersama. Sembilan orang. Sampai sehari sebelum kemarin, baru

saja
dua hari yang lalu, ada dua belas dari kita yang mengelilingi babak ini
meja .
“Apakah saya harus bertanya lagi? Kunagisa-san, kalian semua masih
melakukan investigasi, benar? Nah, sudahkah Anda membayangkannya?
ada yang keluar? ”tanya Iria-san.
Dia tampak bersenang-senang. Saya yakin dia
adalah. Tentu saja itu menyenangkan.
Karena dia mungkin telah menciptakan seluruh dunia dalam dirinya
kepala. Karena pulau ini, Pulau Bulu Gagak Basah ini, adalah,
dalam dirinya sendiri, seluruh dunianya.
"Haruskah aku bertanya lagi?"
"Kami sama sekali tidak tahu apa-apa," jawab saya.
“Jadi bagaimana dengan itu? Apakah ada masalah?"

"Oh tidak . Saya hanya berpikir, saya kira tidak ada yang bisa kita lakukan
lakukan tanpa spesialis, "kata Iria-san dengan jelas
bunga. “Yah, kurasa yang terbaik adalah melanjutkan
beroperasi dalam tim seperti ini selama tiga hari ke depan. ”
"Tiga hari?" Kata Shinya-san. "Aku harus mengatakan, sepertinya begitu
mengharapkan sedikit dari orang ini. Jenis apa
orang apakah Aikawa-san ini? Bagaimana Anda bertemu? "
"Itu masalah pribadi," Iria-san menyeringai. "Tapi aku akan mengatakannya
Anda orang macam apa. Hmm, apa yang harus saya katakan? Aikawasan
adalah orang yang sangat menakutkan. Nah, itulah yang Anda inginkan
harapkan dari kontraktor paling kuat di dunia. Tetapi juga
sangat cerdas. Saya yakin kasus ini akan diselesaikan dalam no
waktu Hehehe, aku benar-benar tidak sabar. ”
Detektif, ya?
Menyelesaikan kasus sebelum detektif utama bahkan sampai di sini
mungkin mendiskualifikasi saya sebagai karakter pendukung, saya pikir.

Tetapi hidup saya juga dipertaruhkan di sini, dan ada beragam keadaan yang rumit. Saya tidak bisa hanya duduk dan menunggu agar karakter utama muncul. Itu salahnya sendiri
terlambat .
"Kekekeke," Maki-san mencibir di sampingku.
Sepertinya dia juga bersenang-senang. saya
tidak tahu apakah dia membaca pikiranku atau
menonton seluruh lelucon. Tentunya itu setidaknya salah satu dari itu,
tapi itu mungkin bukan satu-satunya alasan dia tertawa.
Sungguh, siapa wanita ini yang mampu melanjutkan
tertawa bahkan setelah mengetahui segalanya di seluruh dunia?
Dia mungkin layak dihormati. Namun, saya menghindari mata kontak.

"Aku diberitahu Aikawa-san akan berada di sini pada sore tiga paling lambat hari dari sekarang. Setelah itu, saya yakin semuanya akan segera— "
Saat Iria-san menguraikan detektifnya ini, dia tahu
terganggu oleh suara sendok garpu dan pot terbalik
membenturkan bersama, disertai pekikan.
"Cukup!"
Itu Yayoi-san.
Bangkit dari kursinya, Yayoi-san menggunakan lengan kanannya untuk mendorong
dari meja semua makanan yang dia sendiri buat. Dia kemudian mulai mengambil taplak meja yang sekarang kotor dan menariknya, menyebabkan semua piring jatuh dari meja dan
pecah Suara berisik yang memekakkan telinga bergema di seluruh ruang makan .
"Cukup ini!"
Dia memukul-mukul tangannya di atas meja.
"Sashirono-san …"
Dalam upaya untuk menenangkannya, Hikari-san bangkit darinya duduk juga dan mendekatinya, tapi Yayoi-san memberinya dorongan kekerasan.
“Ada apa ini? Beri aku istirahat! Saya ingin keluar dari lelucon ini! Detektif? Kamar tertutup? Mayat dipenggal? Ini bukan
beberapa novel misteri. Apakah kamu tidak menyadari orang sedang

terbunuh? Kenapa kamu makan selama ini
diskusi? Kepala mereka terpotong! Jangan makan makanan saya sementara
Anda berbicara tentang hal seperti itu! Anda semua pasti gila jika
Anda bisa tetap tenang tentang semua ini! Kenapa kamu tidak peduli
bahwa orang terbunuh? Anda semua menjijikkan! Sejak kapan
tidak apa-apa membunuh orang di negara ini? "
"Sashirono-san …" kata Hikari-san dari lantai. "Silahkan
tenang . ”

"Kamu pembunuhnya!" Yayoi-san berteriak lebih keras lagi. "Nya
jelas! Kita sudah tahu itu! Anda adalah satu-satunya dengan a
kunci ke ruang penyimpanan itu, dan Anda mengunjungi Sonoyama-san
kamar di tengah malam, bukan? Saat itulah kamu
bunuh dia! Dan kamu pasti sudah membunuh Ibuki-san juga! ”
"Kamu tidak punya bukti. Anda seharusnya tidak mengatakan hal-hal seperti itu
tanpa bukti, Yayoi-san. “Saya mencoba yang terbaik untuk tetap tenang seperti saya
menegurnya. "Tidak ada bukti bahwa Hikari-san adalah pembunuh ”
"Bukti? Saya tidak peduli dengan bukti! ”
“Tapi tidak ada alasan Hikari-san akan melakukan itu
benda . ”
“Bukannya kamu bisa berharap untuk mengerti bagaimana seorang maniak
pikiran bekerja! Dia mungkin akan menggunakannya dalam beberapa jenis
upacara! Untuk memanggil Dewa! Tidak lagi, tidak lagi, tidak lagi !!! Mengapa
apakah kamu mencoba mendekati aku? Anda pikir Anda akan mengambil
kepala selanjutnya? Tak pernah!"
"Yayoi-san, harap tenang. ”
“Aku sangat tenang! Saya baik-baik saja! Kalian semua orang gila!
Anda semua gila! Anda semua menjijikkan! Tenangkan dirimu!
Aku tidak tahan kamu! Aku bahkan tidak bisa bicara denganmu!
Bahasa apa itu

Anda semua berbicara? Detektif? Kamar tertutup? Kepala terputus? Bahasa apa itu? Apakah saya satu-satunya dari Bumi
sini? Jika itu masalahnya maka saya akan pergi sekarang. Bukan saya
ingin berada di pulau maniak ini lagi. Saya tidak mau bicara untuk kalian semua! ”
Bam! Dia membanting meja sekali lagi.
“Aku tidak mempercayai kalian! Mulai sekarang, aku tinggal di rumahku
kamar . Saya membarikade diri saya. Hubungi saya ketika Anda siap
kirim saya kembali ke daratan! Kalau tidak, tinggalkan aku sendirian! Jangan mendekatiku! "

Dengan mengatakan itu. Yayoi-san bergegas menuju tempat makan pintu keluar kamar.
"Sashirono-san," panggil Hikari-san sekali lagi, tetapi Yayoisan bahkan tidak melihat ke belakang, dan akhirnya dia pergi pandangan.
Kesunyian singkat dan canggung.
"Ya ampun," kata Iria-san akhirnya dengan bahu merosot.
“Dan di sini saya pikir dia sangat sopan. Benar-benar pemarah. ”
Dia melanjutkan. "Oh, bagaimana sekarang?" Dia menghela nafas. "Aikawa-san
akan kesulitan untuk datang ke sini, saya tidak bisa hanya mengirim satu
rumah tersangka. Hikari, ini adalah tanggung jawabmu; lakukanlah sesuatu untuk meyakinkannya. ”
"Ya, Bu," kata Hikari-san dengan kepala tertunduk.
"Dimengerti, nyonyaku. ”
“Ohhh, makan malam semuanya hancur. Akari, maukah kamu bergegas dan membuat
kita sesuatu? Sekarang ke mana perginya Teruko pada saat seperti itu
ini?"
Memang, makan malam hancur seperti yang dikatakan Iria-san, tapi itu a
pengorbanan yang diperlukan. Itu bukan uang saya, dan tentu saja Anda
seharusnya tidak membuang-buang makanan, tapi bukan aku yang

melakukannya
pokoknya. Itu Yayoi-san, orang yang membuat makanan
posisi pertama .
Kunagisa menatap piring yang jatuh, hancur dengan tampilan
keputusasaan. Bukan makanan, tapi piring. Mungkin dia
memikirkan komputernya yang hancur, yang sama
teduh putih.
"Hei, penangkap. ”
"Mmm?" Kunagisa menatapku. "Apa, Ii-chan?"
“Lebih baik aku pergi. Aku akan menyerahkan ini padamu. ”
"Gotcha," dia mengangguk.
Aku bangkit dari tempat dudukku dan menuju ke pintu.

Aku bisa mendengar suara kesulitan muncul di belakangku. saya
Dia berbalik dan mendapati Kunagisa telah memanjat meja dan
melompat Shinya-san. Itu memang pemandangan yang agak
membuat iri
untukku, tapi untuk sekarang, aku harus melepaskannya.
Lagipula, aku tidak bisa membawa Kunagisa bersamaku.
Berlari menyusuri lorong dengan satu mata tertutup, aku memanjat
tangga dan akhirnya melihat Yayoi-san di kamarnya. Dia
bersandar di dinding, ekspresi kosong di wajahnya.
Dia menatapku . "Ah," desahnya lega. "Bagaimana
apakah saya? "
“Kamu memberikan penampilan bintang. ”
"Kinerja, ya? Itu lebih dari setengah benar, sungguh, ”dia
ucapnya sambil terus berjalan bersamaku. “Tapi apakah itu benar?
Aku s
orang itu benar-benar pembunuhnya? "
"Kau memeriksanya sendiri, kan?"
"Ya, baunya benar, tapi … aku tidak punya banyak
iman pada indera penciuman saya. Lagipula aku bukan anjing. ”
“Tapi kamu seperti satu. ”
“Itu bukan pujian, kau tahu. ”
Ya saya tahu. Kanami-san pernah memberitahuku sesuatu yang
serupa.
Itu bukan pujian jika Anda berkata, “Anda seperti ini dan itu. ”
Nah, wanita apa yang tidak akan tersinggung setelah menjadi
dibandingkan dengan anjing? Saya meminta maaf dengan polos.
Kami telah tiba di pintu kamar Yayoi-san.

"Jadi, apa yang kita lakukan dari sini?"
"Yayoi-san, tolong kembali ke ruang makan. Nya
berbahaya disini. ”
"Lalu mengapa kamu melakukannya?" Tanyanya, keluar begitu saja
kecurigaan. “Aku merasa harus ada cara lain. Ini hanya
spekulasi saya, tapi rasanya Anda sengaja memilih
opsi yang paling berbahaya. ”

“Di dunia ini ada orang yang mati karena makan juga
banyak dan orang yang mati karena kelaparan, dan yang pertama adalah
jauh lebih umum. Tapi sepertinya kau yang terakhir
jenis. ”
“Jangan melebih-lebihkan aku. ”
“Itu bukan pujian. ”
Dengan itu dia memberi saya anggukan dan perlahan-lahan menuju ke belakang
cara kami datang.
"Berbahaya, bung …" aku berbisik pada diriku sendiri. Tentu saja saya
sangat menyadari hal ini. Saya memiliki pemahaman yang lengkap tentang
bahaya yang saya hadapi ketika saya memutuskan untuk melakukan ini, yang saya kira
benar-benar membuat saya tipe orang yang kelaparan sampai mati. Nah, itu omong kosong.
Setelah persiapan mental yang singkat, saya perlahan, dengan lembut membuka
pintu ke kamar Yayoi-san.
Gelap di dalam . Tidak dapat melihat banyak hal, saya mengambil langkah
dalam .
Swoosh.
Suara irisan udara.
Saya melakukan roll ke depan dan meluncur ke kamar. Lalu aku bangkit
satu lutut dan membuka mata yang telah ditutup. Lewat sini saya
bisa melihat bagian dalam ruangan setidaknya sedikit.
Seseorang menutup pintu di belakangku. Saya bisa melihat wajahnya

jelas, dan pada saat itu mengetahui bahwa hipotesis saya miliki sudah benar. Lawanku sedikit terkejut, tapi
hanya memegangnya sebentar sebelum mengacungkan kapak — a kapak! —pada saya.
Diam .
Penyerang saya tidak mengatakan sepatah kata pun.
Dengan napas dalam-dalam, aku bangkit berdiri. Sudah cukup beberapa waktu sejak saya melakukan akrobat. Bukan itu yang saya miliki

telah buruk dalam hal itu, hanya saja keterampilan saya pasti tumpul di
beberapa bulan sejak kembali ke Jepang.
Seolah menyadari kebutuhan mendesak untuk menyelesaikan ini, saya
Penyerang bergerak terlebih dahulu, bergerak ke arahku. Dengan Kunagisa
menahan Shinya-san, seseorang akhirnya akan datang
dan menyelamatkan saya selama saya bisa membeli waktu. Tidak ada
harus melakukan serangan. Sebenarnya, saya ingin keluar dari sana di sana, tetapi penyerang saya berdiri di antara saya dan pintu, jadi mungkin itu akan menjadi tantangan.
Untuk saat ini, saya hanya harus fokus pada menghindari serangan. Semacam ini
pemikiran pasif membuat saya menulis semuanya, tetapi itu tidak baik.
Dalam memfokuskan pandangan saya sepenuhnya pada kapak penyerang saya, saya
benar-benar diabaikan untuk memperhatikan kakiku.
Penyerang saya memalsukan dengan kapak, kemudian datang pada saya
sapuan kaki. Itu membuat koneksi yang mulia. Tidak dapat memutar
kembali ke kakiku, punggungku malah menabrak karpet. Saya
Penyerang melanjutkan untuk me-mount saya dan menurunkan bahu saya.
Itu semua terjadi dalam sekejap.
Pertandingan pada dasarnya berakhir. Mungkin aku seharusnya menghabiskan

pagi-pagi itu berlari maraton bukannya hanya berjalan
berjalan. Atau mungkin saya harus terus pergi ke dojo
bahkan ketika saya kembali ke Jepang.
"Ah … ahhh …"
Ah, sejujurnya, itu tidak terlalu berarti
Perbedaan apakah saya terbunuh atau tidak. Pada titik ini, Kunagisa
mungkin sudah menjelaskan semuanya kepada yang lain, dan
Yayoi-san sudah kembali ke ruang makan juga.
Either way, tidak ada kemungkinan penyerang saya akan melarikan diri. saya
telah kehilangan pertandingan, tetapi turnamen itu milik kita.
Jadi ini baik-baik saja. Nah, kapak itu. Gunakan kapak.
"Mati. ”

Suara penyerang saya yang dingin dan familier. Saya menyadari saya punya
benar-benar menyerah. Apa sensasi ini? Mengapa? Mengapa
Apakah saya bahkan rela menyerahkan hidup saya sendiri?
Saya tidak ingin hidup?
Bukannya aku ingin mati, tetapi aku tidak ingin hidup,
antara . Hidup adalah masalah besar, tetapi saya tidak langsung mengerti ide itu
kematian secara khusus. Apakah tidak ada yang penting bagi saya?
Tidak ada yang saya inginkan? Tidak ada yang ingin saya lindungi?
Apakah itu sebabnya saya
sudah siap menyerah?
"Tidak . ”
Tidak .
Itu karena bahkan jika saya mati di sini, tidak ada yang akan
terganggu. Kunagisa tidak akan terganggu.
Maki-san.
Tahukah Anda bahwa ini akan datang? Kalau begitu, kurasa aku
bersyukur bahwa Anda tidak memberi tahu saya tentang itu. Saya sekarang tahu itu
alasan Maki-san, yang tahu semua, tidak mengatakan apa-apa. Mati kau
tepatnya kapan Anda harus, meskipun saya tidak cukup dalam bingkai itu
pikiran belum.

Memang . Seperti yang dikatakan Teruko-san, aku harus mati saja. Serius.
Hei…
Tapi kapak itu tidak jatuh. Itu dinaikkan ke atas
di udara, dan kemudian berhenti. Mendongak dalam kebingungan, aku
tidak melihat ekspresi mengejek, melainkan meringis seperti
penyerang saya berjuang dan berjuang untuk menurunkan kapak.
"Kamu tidak menutup mata, kan?"
Ada orang lain! Itu bukan suara
orang di atas saya. Saya tidak bisa melihat dari mana saya berada, tetapi ini
orang ketiga pasti telah meraih kapak itu ketika sedang naik
udara dan menolak untuk melepaskannya.

Siapa itu? Apakah Yayoi-san datang untuk menyelamatkan saya? Pernah
Kunagisa mengikutiku ke sini? Tapi tak satu pun dari keduanya ini yang tampak
kemungkinan yang layak.
Orang ketiga merenggut kapak ke atas dan ke dalam
instan yang sama menghasilkan tendangan rendah yang indah dan sangat mulia
sisi penyerang saya sekarang benar-benar terbuka. Tidak dapat mengambil
pukulan, penyerang saya berguling dan menabrak terdekat
sofa Namun, dalam sekejap, penyerang kembali pada dua
kaki dan tatap muka dengan orang ketiga.
Dalam satu gerakan, saya menjadi penonton biasa.
Pada titik ini, untuk beberapa alasan, orang ketiga membuang
kapak. Dan di sini ada kesempatan emas untuk itu
Gunakan . Mungkinkah ini isyarat sportif? Di a
waktu seperti ini?
Tidak seperti ketika melawan saya, kali ini penyerang saya berusaha
tidak ada lompatan sembrono. Tetapi ada batas waktu di sini. Jika ini
tidak diselesaikan dengan cepat, ada kemungkinan Kunagisa akan melakukannya
selesai menjelaskan semuanya dan bawa yang lain ke sini.

Tetapi orang ketiga ini tidak mengulangi kesalahan saya. Bam, datang
suara kaki menghantam lantai saat orang ketiga melompat
menuju penyerang saya, yang mencakup sebanyak enam kaki dalam satu
melangkah. Dalam gerakan gaya kenpo Jepang, orang ketiga digunakan
momentum dari lompatan untuk memberikan pukulan lurus.
Alih-alih menghindari ke belakang atau ke samping, penyerang saya sebagai gantinya
berkerut secara diagonal, keduanya menghindari pukulan dan mendekat
pada orang ketiga pada saat yang sama. Penyerang saya saat itu
meraih orang ketiga di tenggorokan, tetapi orang ketiga
menyampaikan pukulan lurus lainnya tanpa berusaha menghindar
kopling penyerang saya. Penyerang saya, masih dalam mode ofensif, adalah
tidak bisa mengelak. Pukulan terhubung langsung dengan
hati.

"Hah…"
Penyerang saya mengerang tetapi menolak untuk melepaskan yang ketiga
tenggorokan seseorang. Kemudian, hampir tanpa susah payah, penyerang saya meluncur melewati
sisi orang ketiga dan mengirim tendangan ke betis.
Orang ketiga tersandung.
Tampaknya penyerang saya bermaksud menggunakan kesempatan ini untuk
Membanting orang ketiga ke lantai. Menonton dari
sela-sela, bahkan saya pikir ini adalah akhirnya. Tapi itu tidak berakhir.
Orang ketiga menggunakan lengan penyerang saya sebagai poros poros dan
berayun sambil bergeser di udara, menyebabkan mereka berdua jatuh
lantai bersama dengan lengan penyerang saya di kunci. Itu merupakan
teknik judo offense-through-defense.
Instan lain. Yang mengejutkan membosankan, hampir anti

Suara patah tulang menggema menembus ruangan gelap. Itu orang ketiga melepaskan lengan dan berdiri. Penyerang saya mengikuti dan mulai berdiri juga, tetapi sebelum berhasil untuk bangkit, mengambil tendangan tanpa ampun ke yang sudah lengan yang tampaknya patah. Penyerang saya terbang di udara dan
di atas sofa. Lalu terdengar suara kaca pecah
meja . Dan penyerangku jatuh kembali ke sofa.
"Fiuh. "Orang ketiga menghembuskan napas panjang dengan sangat tenang.
Kami punya pemenang.
Aku benar-benar terdiam.
Akhirnya, orang ketiga menghadap saya. Dan kemudian, tanpa itu sama seperti seringai, berkata, “Ketika kamu akan mati, aku pikir kamu
harus menutup mata Anda. ”
"Bukankah kamu mengatakan orang-orang seperti aku harus mati?" Aku bergumam
samar-samar.
"Oh itu . "Dia memiringkan kepalanya. "Itu bohong. ”
Kata Teruko-san.

Perlahan menggelengkan kepalaku, aku mengulurkan tanganku padanya. saya
mengira kemungkinannya sekitar lima puluh lima puluh, tapi dia meraihku
tangan dan menarikku berdiri.
"Apa yang kamu lakukan di sini?"
"Tak ada alasan . Itu tidak bisa dihindari. ”
"Apa yang kamu bicarakan?"
"Jangan khawatir tentang itu. Itu hanya omong kosong. ”
Sekarang …
Itu kalimat saya.
Mendesah .
"Terima kasih . ”
Setelah menarik saya kembali, dia melepaskan tangan saya
dan menatapku dengan mata yang tidak fokus.
“Tidak perlu berterima kasih padaku. Lebih penting…"
Jeda singkat.
“Ada sesuatu yang mengganggguku. ”

"Apa?"
Ini adalah pernyataan yang cukup berat untuk dibuat. Siapa dia? akan katakan? Aku bahkan tidak bisa membayangkan.
Gelap.
Mataku benar-benar menyesuaikan diri dengan kegelapan, tetapi bahkan
tetap saja, aku tidak bisa membaca ekspresi Teruko-san.
Sama seperti hatiku sendiri.
Sama seperti hati orang lain.
"Pertanyaanmu mulai sore ini," katanya, dengan itu
nada pucat yang sama dan pandangan dingin yang sama. "Aku tahu kamu berbicara
metaforis … apakah Anda berbicara tentang Kunagisa-san atau dirimu sendiri?"
Anak itu terkunci di ruang bawah tanah.
Kehilangan komunikasi dengan orang lain selama sepuluh tahun.
"Ah…"

Sekali lagi, aku mengulurkan tangan untuk menyentuh tangan Teruko-san
tidak ada alasan sama sekali.
Untuk sesaat, jari-jari kami bersentuhan. Dan kemudian, dalam hal itu
saat perpisahan …
Suara yang menghancurkan gendang telinga. Perasaan gelombang kejut
berlari ke seluruh tubuhku. Tubuh Teruko-san merosot
ke saya. Seperti bobot mati.
Aku memeganginya saat dia meletakkan seluruh berat tubuhnya padaku. Tapi
tidak ada waktu untuk berdiri di sana dan menikmati sentuhan hangat
tubuhnya yang diharapkan ringan. Mataku masih terpaku pada sofa.
Atau, untuk lebih spesifik …
Untuk wanita yang duduk di sana memegang pistol. Duduk
di sana, benar-benar menyendiri.
Mataku terpaku padanya. Itu adalah pistol hitam, relatif
model yang populer. Saya bahkan pernah melihat beberapa di luar negeri. Saya yakin tidak

berharap untuk melihat satu di negara ini, meskipun. Dia punya Glock?
Kenapa dia tidak menggunakan pistol sampai sekarang jelas. Tidak Betapapun besarnya rumah ini, tidak cukup besar untuk berhenti suara tembakan dari mencapai setiap sudutnya. Di
dengan kata lain, ini mungkin kartu as terakhir di lengan bajunya. Saya t
adalah langkah ilegal, metode terlarang mutlak.
Dalam hal ini…
Dalam hal ini hari itu adalah milikku. Saya masih memiliki kartu as saya
mungkin saya telah membiarkan waktu untuk menggunakannya menyelinap pergi.
Dan kesimpulannya berlanjut. Resolusi untuk
adegan terakhir.
Suara . Suara lemah. Dan kemudian, laras senapan berputar
ke arahku.
Dia mengatakan sesuatu yang tidak bisa kudengar, telingaku masih berdering
dari ledakan pistol. Gendang telinga saya mungkin baik-baik saja lumpuh sejenak. Tetapi dalam situasi seperti ini, itu artinya

hal yang sama . Sepertinya dia tidak akan menunggu pendengaran saya kembali.
Apa yang dia katakan? Agak mengganggu saya. Ini adalah skakmat
Perpisahan. Bodoh sekali. Apa yang kamu coba lakukan? Yang kamu ingin
mati di tempat seperti ini? Lagi pula, untuk apa kamu hidup?
Dia mungkin mengatakan sesuatu seperti itu. Atau
tidak, mungkin dia tidak mengatakan apa-apa.
Apa pun itu, tidak ada makna dalam kata-kata yang tidak dapat Anda dengar.
Sama seperti tidak ada arti dalam perasaan yang tidak Anda ungkapkan.
Kehabisan tenaga, aku memandangnya. Di atas bahu Teruko-san. Cepat moncong pistol.
"Ah . ”
Seperti yang saya pikirkan. Seperti yang saya pikirkan, ini adalah akhirnya.

Tentu saja saya tidak percaya ada orang yang datang untuk menyelamatkan saya
dari krisis ini … dan inilah yang saya harapkan
terjadi Tentu saja, aku tidak bermaksud melibatkan Teruko-san,
tapi selain itu, semuanya berjalan kurang lebih
sesuai dengan rencana .
Itu karena satu-satunya rencanaku adalah tidak terlibat
Kunagisa. Tidak ada yang penting. Sungguh, itu tidak masalah. saya
apatis dan acuh tak acuh. Tidak ada masa depan. Disana ada
tidak ada masa lalu. Saya lupa tentang dilahirkan sejak lama. Lupa
pada kenyataan bahwa saya masih hidup. Realitas tidak lebih dari a
sinonim untuk ilusi bagiku, dan itu tidak pernah merupakan antonim
untuk mimpi.
Pada saat ini .
Tubuh Teruko-san bersandar padaku. Nyeri pergelangan kaki saya yang berdenyut.
Kereta pikiranku yang lumpuh. Nilai melanggar saya. Saya
etika leleh. Akhlakku runtuh. Leher Kanami-san.
Leher Akane-san. Kebenaran di balik kejadian itu. Pelakunya.
Pembunuh . Pembunuh .

Gadis yang membelah. Tidak ada yang penting sekarang. Saya akan memaafkan
semuanya .
Begitu…
Tarik pelatuk itu. Mohon akhiri saja.
K-chink.
Suara pistol memiringkan.
Sebuah suara yang saya dengar jutaan kali di luar negeri.
Dan akhirnya, …
Di sini
"Ii-chan!"
Suara pintu terbanting terbuka. Cahaya menembus
ruangan dengan keganasan sehingga mataku berhenti berfungsi
sesaat . Tetapi tidak perlu untuk konfirmasi visual
yang mengarahkan pistol ke saya. Bahkan dengan saya terpana
gendang telinga, suaranya berhasil mencapai saya.
Tetapi saya hampir tidak bisa mempercayainya.
Kunagisa Tomo berdiri di sana sendirian.

Konyol. Itu tidak mungkin. Saya telah meninggalkannya pada yang pertama
lantai sehingga dia tidak bisa melakukan ini. Saya telah meninggalkannya di lantai pertama
karena dia tidak bisa menaiki tangga sendirian. Bukan dia seharusnya bisa datang ke sini sendirian.
Tapi dia memang sendirian. Dengan air mata di matanya. Dia memakai
ekspresi sangat lelah. Dia terengah-engah. Mencengkeram dadanya. Dia tampak siap untuk pingsan
saat, tetapi dia memaksa dirinya untuk tetap berdiri.
Dan dia sendirian.
"Ini adalah…"
Tunggu sebentar di sini. Ini tidak mungkin. Seseorang harus bersama
dia. Jika tidak ada yang bersamanya, itu tidak mungkin terjadi
dia untuk menaiki tangga spiral itu. Mungkin satu atau dua langkah, tetapi
bukan ini .
Itu tidak mungkin .

Apakah dia benar-benar datang jauh-jauh ke sini sendirian, terlepas dari dirinya
penderitaan?
Sejauh ini?
Yang pasti, secara fisik itu tidak mungkin. Tapi obsesif kompulsif
Gangguan bukanlah sesuatu yang bisa dianggap enteng.
Mereka tidak terlalu kecil sehingga Anda bisa menaklukkan mereka
tekad. Saya tahu pasti ada yang menentang diri sendiri
alam bawah sadar tidak ada jalan di taman.
Namun … Namun, Kunagisa telah mendengar suara tembakan.
Dan meskipun itu sangat menyakitkan, meskipun begitu
menyakitkan bahwa dalam skenario yang lebih buruk dia benar-benar mungkin
meninggal, dia memaksa dirinya menaiki tangga. Lupa bahkan
bawa seseorang. Menekan keinginan untuk muntah.
Mencengkeram hatinya sendiri. Memaksa kaki-kaki yang enggan untuk menjaga
bergerak . Memukul jiwanya sendiri yang diliputi rasa takut.
Dengan hati itu

terlalu rapuh untuk hidup. Menahan derita yang mendalam
dari neraka . Semua hanya untuk menjangkau saya.
Mengesampingkan semua hal.
Kunagisa. Untuk saya .
"Mengapa?"
Tekanan. Itu memilukan sampai brutal.
Aku benar-benar badut … merasa seperti ini.
Perasaan yang menyedihkan ini – apa nama untuk ini?
"Kenapa kamu…"
Mengapa kamu selalu, selalu … mengguncang saya?
Kamu .
Sungguh. Sejak dahulu kala.
Tidak ada yang berubah .
Fwip.
Wanita itu menyingkirkan saya dari pandangannya dan dilatih kembali
mereka di Kunagisa.
"Hei!"

Apa yang sedang kamu lakukan? Anda akan menembak saya. Kenapa
Anda harus mengarahkan senjata itu ke sana? Tidak ada kebutuhan seperti itu ada,
sial Atau hal-hal seperti itu tidak berarti bagi Anda? Apakah hal-hal seperti kebutuhan dan kenyataan yang tidak ada di dunia yang miring itu
kamu tinggal mana
Cahaya .
Perlahan-lahan mataku menyesuaikan diri. Miliknya mungkin melakukan hal yang sama. Namun Kunagisa, yang tidak seperti kita beradaptasi dengan gelap, bukan terang, belum bisa melihat saya fitur penyerang. Adaptasi gelap membutuhkan waktu lebih lama daripada cahaya
adaptasi. Akibatnya, jika dia menembak sekarang, ada
tidak mungkin Kunagisa bisa mengelak.
Saya melompat.
Tetapi pada saat saya berdiri, sudah terlambat. Sana
tidak ada gunanya. Tidak mungkin aku bisa sampai ke Kunagisa pada waktunya . Saya tidak bisa berlari lebih cepat dari peluru. Bahkan jika saya bisa, di sana

tidak akan ada gunanya. Saya tidak bisa mati begitu saja di depan Kunagisa. saya
sudah terlambat. Saya terlambat, sama seperti saya bertahun-tahun yang lalu. Sama seperti semua
waktu .
Dalam hal ini…
Tidak ada yang bisa saya lakukan—
"Oh. ”
Sepertinya Kunagisa bisa melihatku. Tanpa genap
melemparkan pandangan ke arah pistol, tanpa membiarkan penyerangku
bahkan memasuki bidang penglihatannya, dia mengacungkan jari padaku dan
nyengir.
“Ah, terima kasih Dewa. Kamu baik-baik saja, kan Ii-chan? ”
Dengan senyum itu. Dengan senyum tanpa pamrih itu. Dengan itu compang-camping,
senyum lelah. Dengan Kunagisa Tomo, yang sepenuhnya
tidak menyadari keadaan.
Saya adalah …

Sungguh …
"Aku jatuh cinta padanya," kataku dalam hati.
Ya . Itu adalah sesuatu yang selalu saya ketahui. Itu sangat
jelas bagi saya tidak pernah ada kebutuhan untuk menuliskannya.
Tidak perlu ada kata-kata di antara kami.
Tentu saja, itu masalah yang sepenuhnya sadar diri. Dari
seketika aku bertemu dengannya, aku telah memilih Kunagisa Tomo. Ke
saat itu aku tidak peduli tentang hal lain. Saya tidak perlu begitu dicintai atau bahkan dipilih.
"Tolong berhenti," aku memohon pada penyerangku.
Dia tetap tak bergerak untuk sementara waktu, tetapi kemudian, "Hehe.
Hehehe … "Dia memutar pistol dan mengarahkannya ke
tanah. Dia terus tertawa untuk sementara waktu.
"Hehehehehehe … haaaahahahaha …"
Sepertinya dia benar-benar memiliki bola. Tertawa seperti bernyanyi.
Menyeret kakiku, aku berjalan ke Kunagisa dan

meraihnya di bahu. Tubuhnya menjadi
benar-benar panas. Itu sudah cukup untuk membedakan seberapa banyak
dia telah berjuang untuk berhasil di sini. Saya memegang Kunagisa untuk menutupi
dia, dan melatih mataku kembali ke penyerang saya.
Dia kembali menatap kami. Melihat kami berpegangan
satu sama lain .
"Yah, aku masih punya beberapa keluhan, tapi" —dia membukanya mulut— “eh, dari pria sepertimu, hanya mendengar sesuatu itu jujur itu cukup baik untuk saat ini, saya kira, ”katanya. “Itu apa Lagipula, aku menunggu untuk mendengarnya, ”Sonoyama Akane kata sinis, dan melemparkan pistol ke samping.

“Uwaaa, ada memar besar di sini, Ii-chan. ”
Dengan kaki celana saya digulung, Kunagisa menepuk memar itu pergelangan saya . Orang jahat berambut biru ini mungkin tidak menyadari bagaimana
banyak yang menepuk sakit. Hikari-san membawaku antiswelling obat, jadi saya memakainya. Rasanya semua kehangatan
telah terkuras dari tubuh saya.
Apakah ini kenyamanan?
“Akane-chan sangat susah. Bukannya dia pernah terlihat seperti banyak dorongan, "kata Kunagisa. "Apa kamu tidak tahu, Iichan?"
"Mengapa saya harus? Siapa yang bisa mengenal salah satu dari Tujuh
Orang bodoh akan menjadi sangat tangguh? Ini bukan
video game atau apalah. ”
Dia adalah kekuatan yang harus diperhitungkan. Tidak pernah berharap dia akan sangat tangguh, dan aku tentu saja
tidak menyangka dia akan menyiapkan pistol. Saya punya
Jumlah sikat dengan kematian sekarang, tapi sejauh ini
paling berbahaya .
“Jika Teruko-san tidak datang untuk menyelamatkanku, semuanya akan terjadi
benar-benar buruk. ”
"Kamu harus Berhati-hati . Tubuh itu bukan milikmu
sendirian, kamu tahu. ”
"Kata Anda, wanita. ”
Sejak pertikaian, kami telah memasuki fase perawatan

yang terluka, didikte oleh akal sehat sebagai yang utama
perhatian . Pada saat itu, saya tidak memikirkannya, tetapi
setelahnya
beberapa saat, kerusakan dari sapuan kaki awal itu menjadi banyak
lebih jelas, jadi saya sekarang menjalani perawatan di
Kamar Kunagisa.

“Kamu juga memukul balik, bukan? Apakah sakit?"
Kata Hikari-san. "Jaga diri kamu . Akane-san ada di karate
klub di sekolah menengah, kau tahu? ”
"Aku pikir aku pernah mendengar itu sebelumnya …"
“Dia bahkan berpartisipasi dalam turnamen nasional. ”
Man, ajari aku hal-hal itu.
“Ya, tapi rupanya dia hanya memenangkan lima pertandingan. ”
“Anda hanya perlu lima pertandingan untuk memenangkan
nasional
turnamen. ”
Adapun luka Akane-san, pertama ada yang patah kanannya
lengan . Lalu ada tendangan pertama, yang ternyata
patah empat tulang rusuk. Bahkan dalam fase awal pertikaian itu
dia menderita luka besar, namun dia masih bisa melompat
sekitar seperti itu. Itu bukan prestasi kecil.
Sementara itu, Teruko-san sedang menjalani perawatan dengan
Akari-san. Kulit di sekitar tenggorokannya telah tergores
ketika Akane-san mencekiknya, dan ada beberapa
berdarah, tetapi dia tidak menderita luka-luka penting lainnya. Di
Pada saat tembakan itu, saya mengira peluru itu mengenai dia
persegi di belakang, tetapi pada kenyataannya itu tidak
memukulnya sama sekali. saya pikir
dia jatuh ke pelukanku karena kekuatan ditembak, tetapi
itu sebenarnya hasil dari dia menghindari peluru. Mungkin itu
adalah reaksinya terhadap suara pistol yang dikokang. Dia
seperti salah satu dari Charlie's Angels.
Belum lagi, setelah itu, dia bermain mati.
"Sebenarnya, itu tidak benar," kata Hikari-san. "Saya yakin
dia hanya melindungimu. ”
"Melindungi saya?" Memang, tergantung pada bagaimana Anda
memandang
itu, itu bukan tidak mungkin. "Jadi, maksudmu dia benar
mempertaruhkan nyawanya untukku? ”

“Tidak, hidupnya tidak terlalu dalam bahaya. Celemek Teruko anti peluru. ”
"Antipeluru?"
Dia bukan malaikat, dia adalah pembantu perang. apa apaan telah terjadi dengan kenyataan?
"Iya nih . Spectra dijahit ke pakaiannya. Tidak seperti Kevlar, Spectra dapat menahan sejumlah tembakan tanpa
melemah. Dan ringan sehingga Anda tidak berkeringat. Teruko adalah
Hampir tak terkalahkan dalam jarak dekat, tapi dia berhati-hati dengan jangka panjang
pertahanan . Lihat berapa lama rok di gaun celemek ini?
Itu karena itu berfungsi seperti aikido hakama. ”
Itu terdengar seperti lelucon yang mengerikan, tetapi sulit untuk mengatakannya
pada ekspresi Hikari-san. Mungkin lebih baik membiarkannya saja pergi. “Tapi kenapa Teruko-san begitu kuat? Apakah kamu sekuat itu,
juga? "tanyaku.
“Tidak, Teruko adalah pengawal residen nyonya kami, di a akal. Peran kami pada dasarnya berbeda. Hingga kini,
Anda belum pernah melihat kami bertiga melakukan pekerjaan yang sama, miliki
kamu?"
Kalau dipikir-pikir, sepertinya Hikari-san dan Akarisan
selalu yang bekerja. Sebagai mantan peserta di
program ER3, mungkin itu tidak bisa dimaafkan
diperhatikan sampai sekarang. Ya, kedengarannya sangat buruk.
“Tapi aku senang dia menyelamatkanmu. Saya yakin Anda memperhatikan
sekarang dia bisa sangat dingin. Menyelamatkan Anda adalah satu hal,
tapi mempertaruhkan nyawanya sendiri untuk melindungimu … Hampir tidak
masuk akal . ”
“Yeah, about that . Why did she do it?”
“Well, she's a whimsical girl . ”
Just like everyone else here .

But it wasn't completely beyond my comprehension . I still didn't know for sure how Teruko-san felt, but insofar as she was still a mystery to me, I was no doubt just as much a mystery to her .
Surely, she just wanted to ask about me .
“That's just a bunch of nonsense, though…”
Come to think of it, she had seemed abnormally strong when she grabbed my arm that afternoon, but I never would have imagined that that was some kind of foreshadowing .
“It seems like your back and hips are okay . You didn't hit your head, did you? Well then, that's a wrap,” Kunagisa said, and, sticking close to me, began to massage my shoulders . Ini was Heaven .
“Now then, shall we head back to the dining room?”
This was Hell .
Benar The noninjured guests had all been left waiting anxiously for Kunagisa and me in the dining room .
Unbelievably . Terrifyingly .
“Tomo, you go on alone . These injuries are way worse than Saya pikir . I don't think I can go . ”
"Terserah . But y'know, Ii-chan, this is your chance to look good in front of Akari-chan . If you're smooth, you might get something out of it . ”
“Oh my, do you have Akari on the mind? She loves smart people, you know . ”
Kunagisa and Hikari-san were happily double-teaming me with suggestions . What were they, middle school students?
“Tomo, you know how much I hate stuff like that . Kamu don't need me to explain it, right? Just think something up yourself . ”

“Ii-chan, didn't you do this kind of thing abroad? Performances or presentations or what have you?”
“Well, yeah, but they were Hell every time . They would always bitch at me, you know, like 'Quit talking around the subject' or 'You're being too vague' or 'Nobody's interested in your problems . ' Ah, I know, I know . I should just do it, right? Lakukan saja . ”
“Don't weasel out of this,” Kunagisa's smirk said .
“Come on, you'll get in trouble . You have to be more

cheerful about this . I know that's probably impossible for you, but anyway, let's get going . Tie my hair up first . ”
"Hah? You don't like it that way?”
“It feels like my head is being pulled on . One or two tails is better after all . ”
“Mmm, and here I liked it . ”
“Tomo-san, would you like me to do it?”
“Uh-uh,” Kunagisa shook her head .
“Putting my hair up is Ii-chan's job . ”
Yes'm . I redid her hair, and…
…and our preparations were complete .
"Yah, ayo pergi. ”
Slowly the gates of Hell opened . I was feeling quite heavyfooted, and it wasn't just because of my injuries .
“What a buncha nonsense,” I muttered as I arrived in the dining room . Everyone besides Akane-san, whose wounds were severe, was gathered together .
That of course included Shinya-san .
As if he had already given up, as if a burden had been taken off his shoulders, he had a calm air about him as he watched us walk through the door . Maki-san sneered at me,

making me think I was about to be harassed again, but she remained silent .
Lined up on the table was the remade food Yayoi-san had prepared while I was being treated . Possibly because Yayoi-san had calmed down, this time the food was remarkably fancier .
Akari-san, still feeling awkward, avoided eye contact .
Teruko-san had bandages wrapped around her neck .
Rei-san watched over the scene in complete silence .
And then there was Akagami Iria-san . She was looking at me with challenging eyes .
“Well then, shall we have you begin?” Iria-san said to me as I took my seat . “What is all this?”
“Allow me to explain . Sonoyama Akane-san of the ER3's Seven Fools is the killer, and Ibuki Kanami-san's caretaker, Sakaki Shinya-san over there, is her accomplice . ”
Diam.
"Dan?"
"Itu dia . ”

“Give us thirty minutes,” she insisted . “The first thing I want you to explain is what Sonoyama-san was doing in Yayoi's room . ”
"Itu mudah . Yayoi-san flew out of the dining room, right? Thus, Yayoi-san was the next person to be somewhere by herself, so Akane-san used it as an opportunity to kill her .
“The idea had been to have Akane-san's plan backfire, but instead things had backfired on me and Teruko-san had saved saya . And ultimately I had had to rely on Akane-san's kindness . ”
That hatchet she had brandished at me, surely it would've lopped my head off .
“I'm very grateful to Teruko-san . ”

“No, I don't mean that . Kamu tahu apa maksudku . Wasn't Sonoyama-san killed? In that sealed storage room?
“As you saw, she's alive . ” I shrugged . “Assuming she doesn't have a twin, I think we can all agree that it was Akane-san . ”
“So what about that headless body in the storage room?”
“Well, Akane-san is alive, so that wasn't her body . Itu just logical thinking . ”
“It was someone else's corpse?”
“If you see a headless body, beware of switching . It's a cardinal rule of detective novels, right? I'm sure your darling detective would say the same thing . ”
Iria-san tilted her head at me as if to show that this was beyond her comprehension . “Um, just wait a second . Saya m thinking . ”
She wanted a moment to contemplate things alone . I was a bit impressed by her spirit . "Umm …"
“Well, in the meantime, might I ask something?” Shinyasan raised his hand . “I've got a question for you there . ”
“I don't mind,” I nodded . I thought for sure I'd be asked when I realized the truth behind the incidents or how I figured out the killer or something like that, but Shinya-san's question was totally different from my expectations .
“Is that wound on your foot okay?”
"Iya nih . It's made a bruise, though . ”
"Sangat? So it's not broken . That woman…” he snorted .

“Or maybe she couldn't break it, though that's not like her… or is it?”
I wasn't sure what all his whispering meant .
Finally, “Nah, it's no good,” Iria-san said capitulatingly . "SAYA don't get it at all . There was really a switch?”

"Disana ada . Kunagisa's computers were destroyed, right? The third incident . Nobody could have done that . Literally, precisely nobody . Everybody served as everybody else's witness, so alibis and accomplices weren't even a matter of concern . We were all watching one another the whole time . Nobody could have done it . Nobody who was there, anyway . Therefore, the only person who could've done it would have been someone who wasn't there with us . That's just logical thinking . ”
“I gathered that much,” Iria-san said . “You don't need to keep emphasizing that it's logical . You're kind of a smart aleck, aren't you? So whose headless body was that in the storage room? Everybody was here together . There wasn't a single person who could have been switched with Sonoyamasan's body . Isn't that strange to you?”
“Well, it is strange, but…” I decided to give her an easy-tounderstand
analogy . “Do you know this quiz? Or actually, it's more like a trick or a form of fraud, but anyway…”
I pulled out the alibi chart and turned it over to the back . There I drew a big rectangle, then drew nine lines through it . In other words, a ten-box chart .
“What is that?” Iria-san asked . “Something to do with this?”
“Please pretend these are telephone booths . Ten telephone booths . Now let's put eleven people in them . ”
“Phone booths?”
“Oh, I mean, they're just boxes . They could be rooms . ”
“Ten rooms . ”
“Yup,” I nodded .
Incidentally, this was a magic trick I had picked up from a book I read while in elementary school .

“Okay, so let's say A-kun tries to enter the first box, but a second person enters it before him . ” I wrote an X in the first

box . “Now for the third person . ” I wrote an X in the next box . “The fourth person . ” I wrote yet another X in the next box . “The fifth, sixth, seventh, and eighth people . The ninth person, and the tenth person . So now we've got ten people in boxes . But there's still one box left over . So let's stick that first guy, A-kun, in there . ” I drew an X in the final box . “And so we've fit eleven people in ten boxes . Apa kau mengerti?"
“That's stupid,” Iria-san said . “The first person never entered the box, so it was off by one person . ”
“Yes, that's correct . It's a rudimentary trick that anyone can figure out with a little thought . But if done with the right timing and skill, nobody notices . ”
“Yes they do . ”
“They don't . We didn't notice . ”
“I don't have any idea what you're talking about . Dan ini is all off-topic . I'm asking whose body that was in the storage kamar . Everybody was gathered here . No matter how you look at it, that makes us one person short . Or are you saying there was a thirteenth person on this island?
“Not possible . There were twelve people on this island . Let's assume that's a given . ”
“Well then, who was it?”
“As of now, there are eleven people alive on this island . Akagami Iria-san, Chiga Akari-san, Hikari-san and Teruko-san, Handa Rei-san, Himena Maki-san, Sashirono Yayoi-san, Kunagisa Tomo, Sakaki Shinya-san and Sonoyama Akane-san . Then, finally, there's me . So the answer should be clear . ”
I allowed a brief pause .
“It was Ibuki Kanami-san . ”

“With the corpse wrapped up in a sleeping bag, it didn't get dirty even when we buried it . After we left the burial site, Shinya-san dug Kanami-san's body back up . Then, with body in tow, he headed for the storage room window . Dari outside, I mean . He knocked on the window and Akane-san opened it from the inside . In went the body, and they made the switch . That's basically it . ”
Taking a look over the crowd to see their reaction, especially Shinya-san's, I continued .
“It was strange . When we went to bury Kanami-san's body,

Shinya-san brought a sleeping bag along . It was a coffin . Tapi hold the phone there a second . Why would he have a sleeping bag? Maybe if this was a camping trip, but nobody would bring a sleeping bag when they've been invited to a mansion . So maybe it was already at the mansion to begin with? See, that's what I had thought . I thought Iria-san had offered it to him for the sake of the burial . Certainly in a mansion like this, a mansion that offers beds with canopies even in the guest rooms, it's a little unnatural for there to be sleeping bags lying around, but it's not impossible . So that's what I thought . Tapi the second time, when Akane-san's corpse—actually Kanamisan's corpse again—was discovered, Hikari-san brought us a stretcher . Is there some reason you would offer a sleeping bag for the first person but not for the second? Tidak mungkin. Bahkan jika
there was a reason, Hikari-san would've told me . And so one assumption crumbles . There were no sleeping bags here after all . Shinya-san must have brought one himself even though this isn't camping . It's as if he knew from the start he would

need something in which to bury a body . He knew that he couldn't let the body get dirty . ”
“So he… recycled the body?”
“Bingo, you've got it . Shinya-san and Akane-san murdered Kanami-san and from her created a new, 'phantom' corpse . That's basically it . ”
“But there was blood in the storage room,” Iria-san said . “If that body was a day old, there wouldn't have been so much blood . ”
“There was no way for us to determine whether or not that was Akane-san's blood . Maybe the police could have . Memang, if the police were here, this crazy incident never would have happened . But you didn't want to call the police . Understandable . Due to certain circumstances, you couldn't call them . Knowing that, Akane-san was free to assume that even if there was another incident, the police wouldn't come . The blood could have been from a blood bank or even from an animal . We'll have to ask Akane-san or Shinya-san to find out . ”
But Shinya-san remained silent, refusing to answer . I let it

be and continued . “In the same sense, if the police had been here, they could have told us that the body was a day old already . But we're not professionals . All we know is the difference between dead and alive . Maybe after ten days we'd be able to discern the age of the corpse, and maybe a little faster in the summer, but this isn't the summer . Ini adalah season of blooming cherry blossoms . ”
“So they changed the corpse's clothes?”
"Iya nih . Akane-san called Hikari-san to her room in the middle of the night just to show her what she was wearing . Kanami-san's body was already in the room at that time . Bahwa

room has an inward-opening door, so all she had to do was hide the body in the shadows behind it . As long as she came out to greet Hikari-san, Hikari-san wouldn't enter the room . This was likely the riskiest part of the whole ploy . If there was ever a point that proved Akane-san was going out on a limb, it was this scene . But she had to go out on a limb . As I said before, she did it so that she could make us all think Kanamisan's body was hers . Also, to narrow down the time of the murder and to give her accomplice, Shinya-san, a solid alibi . ”
That night, Shinya-san was with Maki-san drinking the whole night . Maki-san had invited him, but supposing she hadn't, he probably would've invited her . Or it's even possible that he would have invited us instead of Maki-san . Of course, now that all was said and done, that was just a trivial detail .
“That's also why they smashed Kunagisa's PCs . The PCs and digital camera contained images . Images of Kanami-san's corpse . If we carefully compared those images with Akanesan's corpse in the storage room, there was a chance that we would realize they were in fact the same body . ”
“Actually, that's true,” Kunagisa said . “Something had been bothering me . The hands, or the fingers or something . Yeah, that's it, huh? It's not like Kanami-chan and Akane-chan have the same fingerprints . ”
Dia menghela nafas. It seemed she was disappointed in herself for not noticing right off the bat . Everyone else probably thought she was joking, but I knew she probably wasn't .
For crying out loud .

“But why would they do such a thing?”
“There are altogether too many possibilities as far as that's concerned, but in my opinion she was trying to 'erase her

existence . ' Akane-san created a phantom 'thirteenth person' by using the same body twice, and in so doing succeeded in erasing her own existence . There are plenty of hiding places around here . It's a huge mansion, and many of the rooms aren't locked . And there's always the possibility she was outside the mansion . ”
“Why would she need to erase her own existence?”
“Itu sederhana. Isn't it obvious? If she became a victim, if she herself was murdered, she would no longer be under surveillance . She would be free to move about, beyond the confines of thought and reason, like some kind of invisible woman . In which case, breaking Kunagisa's computers, for example, became a simple task . Even causing a fourth incident, such as another murder, would have been simple . But again, we won't know for sure what they had planned unless we ask Akane-san or Shinya-san . ”
“We were going to kill everyone . ”
This time he was gracious enough to answer . Dia berbicara with a coldness that told of his complete surrender . Dia berbicara with indifference .
“Everyone on this island . But to do so, she had to remove herself . It became apparent that her ability to move around would be cut off, either by the forming of teams or by having everyone stay together in one place, so she had to remove herself from everyone . ”
And once she was on the outside, she would just start picking people off one at a time, starting with the easiest prey . Shinya-san let out a weak chuckle . “And here she did such a good job of removing herself from the party . I never would've thought she wouldn't even be able to kill a single person . saya thought she'd at least get through half of you . ”

“Shall we have you explain the rest then, Shinya-san?”
“No,” he shook his head weakly . “I'll leave it all to you . That's your role here . It's your job . ”
I nodded without saying anything . “Well then, I don't think

I need to explain the first sealed room at this point, do I? Bahwa was just a trick to distract us . They just needed to buy time until the second incident . It might not have been specifically planned to go down that way, but rather just a coincidental product of the Law of Great Numbers . Maybe the earthquake just happened to occur and she thought of it right then . Of course she was planning the murder all along, but maybe she only decided on a specific plan once the earthquake occurred . Supposing that was the case, it was some incredibly quick thinking . You can't help but be impressed . Anyway, there was an earthquake . Then Shinya-san called . However, it wasn't Kanami-san on the other end, but Akane-san . Then Akane-san killed Kanami-san . Shinya-san said Kanami-san had said 'the paint spilled,' but that, too, was a trick . He used vague wording so that even if the trick was exposed, he could weasel out of it . Even I was tricked by that . ”
“Heh heh,” Shinya-san laughed .
“That's simply a coincidence . ”
“Well, I can't speak as to that, but anyway, Akane-san killed Kanami-san . Then she put together that 'sealed room . ' By intentionally spilling the paint . ”
“Well, at least I wasn't wrong when I originally said she was the killer . ”
“That's right, Iria-san . Certainly it was a high possibility . But that's all it was . Because Akane-san had created that sealed room, we couldn't say for certain . Of course, that was the whole point of the sealed room . To put herself under the

'perfect level of suspicion,' she placed herself in a position where she was the prime suspect, but where nobody could prove that she did it . Then she was locked in the storage kamar .
“Granted, I was the one who had suggested it, but even if I hadn't said anything, Shinya-san surely would have . Sana were only so many rooms with locking doors, so it would have been easy for them to guess where she would be held, and there had already been plenty of time for them to get to know the mansion . Of course, we can only speculate here, and if you don't feel like talking to Shinya-san about it, we'll never know the true answer . ”

On that note, it seemed to me that Akane-san's big tiff with Kanami-san was also done to intentionally show their sour relationship . Akane-san had wanted to put herself in that risky position .
You know, for later on .
I didn't know whether the fact that Akane-san was the only one without an alibi (well, actually Rei-san, too) was pure luck, or whether she had figured out a whole strategy . But it was probably just a coincidence .
Itulah yang saya pikir .
“So then she switched with Ibuki-san's body?” Iria-san said . “And then showed herself to Hikari-san in the middle of the night, put the clothes she had been wearing on Ibuki-san, escaped, and… then she hid away somewhere in the mansion, kanan? Then during dinner she was hiding right by the dining hall listening in on Sashirono-san's hysteria . She overheard her saying she was going to lock herself up in her room . So she turned back and hid herself in Sashirono-san's room . Ada no lock, after all . Then there was the setup . Hmm, so that

means Sashirono-san's breaking down and accusing Hikari was all a ruse you set up, doesn't it?”
“Yes,” I nodded . “We could've just found her at that point if we had searched the whole mansion, but it's so huge . It just seemed like it would be a big hassle, so we set a trap instead . It was risky, though . ”
“The amazing thing about you is that you were able to just write that off as 'risky . '”
I didn't know who was speaking for a second, but it turned out to be Maki-san . It was the first time she had given me a compliment without a hint of sarcasm . I was just a little bit pleased .
“But hang on a second . ” Iria-san placed a hand on her own head and remained like that for a moment . “Something still seems off,” she said . “Hmm, what is it? Something seems strange to me . ”
“Are you wondering how Akane-san got out of the storage room?”
“Yeah, that's it!” Iria-san said with a clap of her hands .
"Itu dia . You haven't explained that yet . Did Shinya-san pull

her up? Did she literally switch places with the corpse?”
"Tidak. Shinya-san was only outside the mansion when we buried Kanami-san's body in the mountains . At that time, he did drop the body into the storage room, but he didn't pull Akane-san out . Hikari-san saw her the following night at two Sebuah . m. , right? Plus, Shinya-san had an alibi that night as well . Begitu
he couldn't have pulled Akane-san out . That much is certain . ”
“Then did he drop a rope ladder down there or something?”
“That's not it, either . A rope ladder would've left a hole somewhere . I suppose it would've been possible if the rope

was long enough, but Hikari-san saw that the window was closed at two a . m. Akane-san couldn't have tied the rope outside from the inside of her room . She would've needed an accomplice, but as I said, Shinya-san was busy at the time creating an alibi for himself with Maki-san . ”
“Then it's impossible,” Iria-san pouted . “My head is spinning in circles . I feel like I've got cyanosis here . ”
“You must mean vertigo . ”
“That's the only kind of thing you ever explain, huh?” she grimaced . "Baik? You must know the answer, right?”
“Yup,” I nodded .
“She was locked in a room with a door that can only be unlocked from the outside, and a window that opens freely, and she wanted to get out . Iria-san, what would you have done in that situation?”
“I can't possibly imagine . ”
Spoken like a true princess .
“Well, what about you, Akari-san?”
I had already explained it to Hikari-san and Yayoi-san, so I asked Akari-san . I could've asked Teruko-san, Rei-san, or even Maki-san, but Akari-san was my favorite, after all, and I was hoping to break the awkwardness lingering from the morning's events .
“I… I guess I would stretch my arms up and jump . ”
"Benar. But even if you jumped, you wouldn't reach the window . ”
“We're talking about the storage room, right? If I was

locked in there, and jumping didn't work… next I would try standing on a chair, stretching my arms up and jumping . ”
“Even then you don't reach . ”

“Then it's simple,” she said with a forced cheerful ekspresi. “I'd give up . ”
“That won't move this conversation anywhere . ”
“Well, it's over, right?”
Wow, she was blunt . Maybe it wasn't awkwardness, maybe she just plain hated me . Yah, terserahlah. Time to change the channel .
“Akari-san says she would have used a chair . Itu basically what anybody would do, right? Like a monkey trying to reach a high-hanging banana . ”
“Are you calling me a monkey?” she screamed, her face bright red . “Aren't you rude! You don't know the meaning of the word delicacy, do you? Are you trying to infuriate me?”
Kesalahanku . It seemed I had changed the channel in the wrong direction .
“Tidak, bukan itu maksudku. And you don't have to get so angry . Monkeys are adorable . ”
“I've never been so insulted in my entire life . ” She cast her face away from me . “From now on you and I don't know each other . ”
Her disdain for me was unquestionably clear . I was a little bit shocked . Dammit, Kunagisa, what about impressing her with my smarts? It was the exact opposite outcome .
“Um, that's not good . Anyway, you stand on a chair . Hanya like anyone would . You jump, you stretch your arms out . Kamu still don't reach . Jadi bagaimana sekarang? Itu mudah . You just get on a
taller chair . ”
“There's only one chair in that room . ”
“Well, 'chair' is just a metaphor . It could be anything . Begitu what was in that room?”
"Tidak ada . Books? The futon? A lamp and table?”

“There was something else, wasn't there? Something we all saw . It was practically all we saw . ”
A silence fell over the crowd . Maybe they couldn't think of

it, maybe they had thought of it . Either way would've warranted such a reaction .
It was Iria-san who finally answered .
“It was Ibuki-san's corpse, wasn't it?”
“Bingo,” I nodded .
What else needed to be said?
“Rigor mortis reaches its peak at around the first twentyfour-hour mark—well, depending on your sources . Dulu
about two a . m. , give or take, so almost exactly that much time had passed since Kanami-san was killed . Her body was probably stiff as a pole . I'm sure getting those clothes on her was no cakewalk, but there were merits here as well . I guess it had an upside and a downside . ”
“No cakewalk? It was a suit, for crying out loud . How do you get that on a stiff corpse? Maybe her joints were still moving, but still…”
“Then she could've brought two pairs of the same outfit . That way she could get it on the body while it was still relatively loose in the afternoon . Maybe Kanami's removed dress was hiding behind the door,” I continued without pausing . “I arrived at this train of thought based on her reason for cutting off the head . That was, of course, so that Kanami's body could play the role of two people . Her face was a hindrance . But I believe there is one more reason she cut off the head . She may be the only person to have ever cut off someone's head for this reason . Ya . To flatten her shoulders . ”
“You mean because if she hadn't done that, if the shoulders weren't flat, she couldn't have used them as a step? Karena

Kanami-san wasn't a sturdy stepping stool?” Akari-san asked weakly, as if stricken with fear, or else hoping for some other answer .
“Is that what you're saying?”
“Yes,” I nodded . “Not just a step, but a 'staircase . ' First she placed the chair, then stood Kanami-san's body up next to it, letting it lean against the wall a little . Then she used the chair as her first step, the body as her second, and made a final leap . Like a hop, step, and jump maneuver . Then she stretched out her arms and finally reached the window . ”
Kanami-san was always confined to a wheelchair, so I

wasn't sure of her exact height, but considering Akane-san had thought to recycle the body that way, she was probably about as tall as Akane-san . And that was none too petite . Bahkan without the head, she was at least five feet tall . If you added Akane-san's own height, it was a little over ten feet . Plus she was extending her arms . Plus she jumped . As long as her hand made it to the window, all she had to do was pull herself up . The impact from the jump probably caused Kanami-san's body to topple over, but that was all the better . It would be hard for anyone to tell the body had been used as a step . And that's exactly why the head had been lopped off from the very base of the neck .

“It couldn't have been that easy . I mean, come on…”

“She didn't have to succeed right away . I mean, she could have tried any number of times . It's not the type of thing you can do in one or two tries, but eventually she succeeded, and knocked Kanami-san's body down in the process . To be greedy, she probably wanted to close the window, too, but you can only do that from the inside, so she probably just gave up on it . When we went and examined Akane-san's—by

which I mean Kanami-san's—body the next day, the peak of the rigor mortis had already passed, and the body had become somewhat loose again . Of course I'm no specialist, so I can't really say for certain . ”

“That's…” Akari-san was turning blue . It was the same broken down Akari-san I had encountered this morning . Infuriated, or deep in despair . “It's too terrible . It's too terrible . I can't forgive this . To kill a person, and on top of that cut her head off, and then dig up her buried corpse, and on top of that disguise it as the body of someone else… that alone is unspeakably foul . But to then use the body as a chair, as a staircase, as a stepping stool?”

“ 'It's difficult to sit on a living person . To sit on a living person for nearly thirty minutes is nearly impossible . But I wouldn't say sitting on a dead person is very hard at all,' ” Shinya-san recited . “The words of Oe Kenzaburo . Bukankah kamu know it, Akari-san?”

Still blue in the face, Akari-san shook her head with a look of disgust . She looked like a small frightened animal . Like she

wanted to deny reality .
I couldn't help but sigh .
A corpse is something that's been thoroughly spent, with no sentience or personality or even a spirit remaining inside it, just as it no longer has a will or an essence . It is nothing more than a “thing . ” And the owner of that “thing” utters no complaint as to what might become of it, and even supposing it wanted to, he or she was in no place to do so .
There was a headless body . She recycled it as her own body .
There was a headless body . She used it as a staircase .
Terus?

When you die, that's the end . The fact that you lived is irrelevant . It's nothing more than a fact . Everybody has a different idea about it, and that's their right; you can't complain about what others believe .
I let out another sigh .
“So that's it, Iria-san . The minor details are a pain to explain, so please think about them for yourself . I'm sure there's an easy answer for everything else . Unfortunately, I'm not a nice enough guy to explain it all . Please reason things out on your own . ”
“The minor details, huh?” Iria-san said . “What about the motive? I don't think you can write that off as a trivial or minor detail . ”
“You'll have to ask the murderers directly . ”
I repeated the same line I had already said a number of times by this point, and looked over at Shinya-san . So did everyone else . With a look of capitulation, Shinya-san prepared to give an answer, when a voice came from behind my back .
“You don't have to answer that, Shinya . ”
Saya melihat ke belakang. Standing in the entrance to the dining room
was Akane-san . She was supposed to be resting in the bedroom . How long had she been there? How much of my nonsense had she heard?
Her arm was in a brace, but she still wore a fearless expression as she looked down upon the crowd sitting at the

round table .
“Akane-san…”
ER3 system, Seven Fools, Sonoyama Akane .
Akane-san, who had claimed that she would never
complain, no matter who, when, why, or how she was killed .
ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 9
But did that just mean she would forgive herself no matter
who, when, why, or how she killed?
“Hah,” she laughed . “Motive? Motive, you say? How silly .
What a meaningless thing that is in a world this big . It hurts
my brain to think about why you would even care about such
trivia . I don't get it at all . ” She gave a sardonic smile as she
continued . “I was just trying to eat those brains of yours . ”

ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 1
Dimana kamu
Kamu siapa?
Seperti keberuntungan, seperti yang Kunagisa dan aku miliki sebelumnya
direncanakan, kami dapat kembali ke daratan di
sore tepat satu minggu setelah kami tiba. Kunagisa
memiliki kecenderungan (walaupun tidak kompulsif seperti vertikal-nya
motion thing) untuk membenci rencana yang berubah begitu dia membuatnya,
ini membuat saya sedikit lega.
Tetapi jika Anda melihat ke belakang, tujuan awal Kunagisa adalah
datang ke pulau itu, setidaknya sebagian, untuk memuaskan minatnya
dalam "berbagai hal" yang telah terjadi di sana di masa lalu. saya
bertanya kepadanya tentang hal itu.
"Investigasi saya pada dasarnya sudah selesai," katanya.
Sepertinya dia sudah melakukan beberapa “berbagai hal” sendiri.
Bukannya aku tidak bertanya-tanya apa yang sedang dia lakukan, tetapi apakah
itu masalahnya, tidak ada masalah untuk saat ini. Saya hanya
bagaimanapun juga ingin pulang.
ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 2
Aku duduk di sofa di sebuah kamar di atas kapal yang sama

membawa kami ke pulau itu. Kunagisa berbaring tidur di sofa di seberang saya.
Sekarang setelah kami siap untuk kembali ke daratan, saya sudah setengah
mengharapkan sesuatu terjadi dengan Hikari-san atau Akari-san, tetapi mereka memberi tidak lebih dari formalitas yang berbakti dan biasa.
Terima kasih banyak . Silakan kunjungi lagi jika Anda memiliki kesempatan. Mengambil
peduli sekarang. Aku bahkan tidak harus berpamitan dengan Teruko-san.
Dia meninggalkan saya tanpa sepatah kata pun, seolah-olah mengatakan, “Saya sudah
berbicara dengan Anda cukup untuk seumur hidup. ”
Tapi apa pun .
Begitulah hidup saya berjalan.
Sonoyama Akane-san dan Sakaki Shinya-san.
Kedua pelaku kejahatan ini tentu saja tidak
lagi diizinkan untuk tinggal di pulau itu, dan saat ini sedang berbaring
rendah di kamar sebelah. Saya tidak tahu mereka mungkin seperti apa
membicarakan tentang .
Kami kembali ke daratan seperti yang direncanakan, dan
mereka kembali karena mereka telah diusir. Saya t
secara teknis kebalikan dari menjadi pulau diasingkan, tetapi jika Anda
memikirkannya, kata daratan sepenuhnya subjektif.
Yayoi-san dan Maki-san tetap di pulau itu.
Keraguan Yayoi-san tentang Iria-san dan Rei-san sepertinya
telah tersapu, tetapi saya bertanya-tanya apakah itu sudah cukup.
Tentu saja, terserah Yayoi-san untuk memutuskan bagaimana dia menjalaninya
hidup sendiri, dan bukan tempat saya untuk ikut campur.
Sedangkan untuk Maki-san … wanita itu adalah rubah yang licik akhir.
"Jadi, seberapa banyak yang kamu ketahui?" Aku bertanya padanya sebelumnya
meninggalkan pulau.
Maki-san menanggapi dengan senyum ambigu.

"Ya kamu tahu lah . Mungkin saya tidak tahu apa-apa. Seperti semuanya benar-benar hanya akting. ”
“Kamu tahu, aku mendapat kesan kamu tahu tentang Akanesan dan rencana Shinya-san selama ini, dan kamu membantu mereka dalam menciptakan alibi. “
"Bagaimana kalau aku?" Katanya dengan acuh tak acuh. "Bagaimana kalau aku?"
"Kalau begitu kau adalah kaki tangan. Itu saja . ”
"Tapi bukan berarti aku sudah mendengar sesuatu dari Shinya-san, dan
dia tidak mencoba memberi tahu saya apa pun. ”
"Jika dia melakukannya, kamu pasti bersekongkol dengan pembunuhan. Kamu
mengundangnya selama dua malam berturut-turut, membantunya membuat
alibi itu sulit bagiku untuk dilacak. Jadi apa kisah sebenarnya? Jika kamu benar-benar bekerja sama dengan Shinya-san, kalau begitu … ”
"Lalu apa?"
"Tidak ada . Saya kira tidak akan terjadi apa-apa, ”aku mengangkat bahu.
"Tidak ada sama sekali. ”
Maki-san mencibir padaku.
Pada kenyataannya saya ingin mengatakan sesuatu kepadanya, tetapi tidak ada
titik. Jika dia benar-benar memiliki kekuatan itu, tidak perlu untuk mengatakan apa pun, dan bahkan jika dia tidak perlu, tidak perlu.
Hanya saja saya ragu. Shinya-san dan Akane-san
Plot pembunuhan berantai hanya tampak terlalu sempurna, seperti mengandalkan satu
terlalu banyak kebetulan. Dalam menyajikan temuan saya ke Iria-san, saya
telah melakukan upaya besar untuk mengatasi itu. Bukan itu milik mereka
rencana telah ceroboh. Itu seperti mereka tidak dilatih,
namun pada saat yang sama, semuanya sudah dipersiapkan sebelumnya
waktu Atau lebih tepatnya, rasanya keberuntungan ada di pihak

mereka …
Ya, itu seperti mereka telah memperhitungkan faktor kebetulan dan membuat
berteman dengan keberuntungan. Seolah-olah tata letak seluruh pulau dan
semuanya ada di pihak mereka.
"Omong kosong, ya?"

Tentu saja mereka semua hanya kebetulan, dan
mungkin hanya contoh dari Hukum Bilangan Besar, dan
mereka berdua hanya memenangkan taruhan, jadi untuk berbicara. Apapun akan
terlihat mencurigakan jika Anda memikirkannya secara selektif.
"Pisau cukur Occam?"
Namun demikian.
Di pulau itu ada seseorang yang tahu segalanya, dan aku
memang berarti segalanya, bahkan masa depan.
Apakah ini kebetulan?
Mendesah .
Memang, mungkin memang begitu. Saya tidak bisa menarik kesimpulan lain.
Bahkan jika itu bukan kebetulan, semuanya sudah berakhir, dan
tidak akan ada cara untuk membuktikannya, ditambah Shinya-san dan
Akane-san tentu tidak berbicara, jadi tidak ada gunanya
mengejar itu. Bahkan jika ada benarnya, itu tidak ada hubungannya
dengan saya, dan bahkan jika itu ada hubungannya dengan saya, saya tidak
tertarik.
Jadi begitulah situasinya. Sebaliknya, saya mengajukan pertanyaan.
"Apakah kamu yang memberi tahu Teruko-san bahwa aku dalam kesulitan?"
Tidak ada alasan siapa pun seharusnya tahu tentang aku
harus dilakukan oleh Akane-san di kamar Yayoi-san, dan dengan demikian
tidak ada alasan Teruko-san seharusnya dengan nyaman
ditangkap dengan segala rahmat dan waktu tindakan yang baik pahlawan seperti itu.
Kecuali ada seseorang yang bisa memprediksi masa depan,
itu adalah .

"Apakah kamu pikir aku akan melakukan sesuatu seperti itu?"
"Tidak . ”
"Kalau begitu aku mungkin tidak, kan?"

Dia tersenyum jahat padaku. Saya memutuskan pertanyaan lebih lanjut
akan menjadi tidak berarti, jadi aku bahkan tidak berterima kasih padanya. Disana ada
tidak ada alasan untuk.
“Aku ingin tahu apa yang akan terjadi sekarang. Ke pulau, ke Iria-san … "
"Mmm. "Maki-san memberi tanggapan singkat yang diharapkan.
Aku mengangkat bahu sekali. "Yah, bagaimana kalau memberitahuku apa yang terjadi
terjadi pada saya dan Kunagisa? Sebagai kelanjutan dari itu 'kompatibilitas membaca' dari malam sebelumnya. Apakah kita berdua
akan tetap seperti ini selamanya? "
“Bacaan saya mahal. ”
"Kalau begitu aku harus menolak," kataku.
“Kalian berdua akan tetap seperti itu sebentar
lebih lama, ”katanya, menjawab saya begitu saya telah memberikan naik. Betapa pelawan yang sesat.
"Sebentar?"
“Ya, sebentar. ”
"Berapa lama?"
“Dua tahun plus perubahan. ”
Aku memiringkan kepalaku padanya.
"Maksudmu itu akan berubah menjadi sesuatu yang lain setelah dua tahun?
Atau itu akan sepenuhnya memudar? "
"Yah, aku tidak tahu. "Dia tertawa sedikit sinis. "Aku tidak bisa lihat lebih dari dua tahun ke depan. ”
Belum pernah mendengar itu sebelumnya. Saya mungkin gagal menyembunyikan
ekspresi terkejut.
"Tapi ini rahasia," lanjutnya. “Jadi saya tidak tahu
apa yang akan terjadi dengan Anda dan Kunagisa-chan dua tahun kemudian
sekarang . ”

"Maksudmu itu batas kekuatanmu?"

"Maksudku, aku akan mati," katanya polos. “Waktu tidak menyala sisiku . Sejauh yang saya ketahui, semua waktu berhenti pada saat itu.
Dua tahun dari sekarang, pada 21 Maret, jam 3:23 hal. m. Itu adalah
tanggal dan waktu saya akan mati. ”
Yang bisa saya lakukan adalah diam.
"Memuntahkan nyali dan otak di semua tempat, itu akan pas kematian bagi bidat seperti saya. ”
"Tidak bisakah kau menghindarinya?"
“Ketika saatnya tiba, pastikan untuk mendapatkan pembunuhnya. Seperti
kamu lakukan kali ini. Saya meminta Anda sekarang sebagai bantuan. ”
“Apa gunanya meminta bantuan jika kamu tidak bisa
lihat apakah saya sudah memenuhinya? ”
"Itu benar," kelihatannya dia berkata ketika dia menjulurkan tangan kanannya
tangan, dadanya keluar seolah-olah untuk mengungkapkan kebanggaan bahwa dia juga punya
masa depan yang tak terduga.
"Ayo berjabat tangan. ”
"Yakin . Mungkin tidak buruk berpura-pura kita berteman sekarang kita berada di akhir. ”
Bahkan setelah mengatakan itu, saya tidak bisa meraih tangannya. Saya masih tidak tahu mengapa dia memilih saya begitu banyak. Saya t
mungkin tidak masalah, dan itu mungkin sebenarnya lebih baik seperti itu.
Namun…
Saya masih ragu.
"Permisi . "Pintu kabin terbuka dan berjalan Reisan.
“Kami akan segera berlabuh. Mohon bersiap-siap. ”
"Tentu," jawab saya.
Saatnya bangun Kunagisa.
Dia sepertinya tidur sangat nyenyak jadi aku tidak tidur
benar-benar ingin, tapi aku tidak bisa membiarkannya begitu saja. Meskipun begitu

akan sangat lucu.

“Um, terima kasih banyak untuk semuanya. "Rei-san mengambilnya saatnya mengatakan. "Kamu, terutama. Kami berterima kasih kepada Kunagisa-san juga
baik, tapi kamu … "
"Apakah kamu bersenang-senang, Akagami Iria-san?"
"Tentu," Rei-san mengangguk tanpa tanda tertentu
kejutan. "Kamu bertaruh. Saya punya banyak kesenangan. ”
Akagami Iria-san menyeringai yang benar-benar bahagia. Sebuah senyuman
dia belum pernah memberi selama penampilannya sebagai Rei-san. Ini
bukan akting, itu adalah senyuman nyata dari manusia.
“Bagaimana kamu tahu Rei dan aku beralih? Sejak kapan?"
“Aku baru saja memikirkannya sekarang. Itu hanya tebakan liar. Saya pikir
jika saya salah Anda hanya akan mendapatkan sedikit tanda, itu tidak seperti
pelanggaran hak asasi manusia Anda atau apa pun, ”kataku padanya. "Jika kamu
telah meninggalkan ruangan ini lebih cepat aku mungkin bahkan tidak akan
memperhatikan, atau setidaknya saya tidak akan mengatakan apa-apa. ”
"Apakah itu benar?" Dia mengangguk. "Aku selalu ceroboh pada akhirnya,
Hah? Kakek saya sering mengatakannya sepanjang waktu. Tapi kamu harus
punya beberapa alasan untuk berpikir seperti itu. Tolong, beri tahu saya. ”
"Ada apa denganmu?"
“Saya bisa menggunakannya sebagai referensi di masa depan. ”
Dia akan terus melakukan ini?
"Yah begitulah . Yayoi-san masih belum menyadarinya, ditambah Maki-san …
yah, saya tidak tahu tentang dia. ”
Dia mencibir. Melihat sikap kekanak-kanakannya, dia tampak
kurang perbaikan tertentu dibandingkan dengan Iriasan "nyata",
yang ada di pulau — Rei-san, itu. Itu seperti yang palsu

versi lebih nyata daripada yang asli.
Dia sepertinya sangat bebas.
"Yah, mari kita lihat," kataku. “Kamu tidak banyak bicara, ya kamu, Iria-san? Itu sangat tidak wajar. Saya yakin Anda berpikir bahwa jika
Anda berbicara Anda akan memberikan diri Anda, tetapi di sisi lain

tangan, tidak berbicara sama sekali adalah kesalahan besar. Jadi kamu
membuat Teruko-san bertindak diam juga untuk membuat semacam universal
'kurangnya kehadiran,' dengan demikian menutupi diri Anda. ”
"Tidak, itu hanya sifatnya," kata Iria-san. "Aku bisa memberitahunya terpisah dari dua lainnya bahkan jika dia tidak mengenakan kacamatanya.
Karena dia tidak pernah berbicara. ”
Rupanya itu sifatnya.
Nah, jika Anda memikirkannya, sepertinya tidak terlalu
Teruko-san telah berakting.
"Apakah itu benar? Yah, apa pun itu, kupikir kalau itu Iria-san adalah penipu, hanya ada satu orang yang mungkin bisa
telah . Lagipula, Akari-san, Hikari-san, dan Teruko-san adalah kembar tiga. Saya kira itu sedikit berlawanan dengan intuisi bahwa mereka tidak bisa
telah bertukar tempat karena mereka kembar tiga. ”
"Kau mengatakannya," dia tersenyum.
Itu adalah senyum seseorang yang menyamakan kedudukan.
Setidaknya itulah yang saya pikirkan.
"Dan kemudian ada sesuatu tentang auramu. Seperti,
Teruko-san sepertinya tidak pernah melakukan banyak pekerjaan. Itu
karena dia terutama pengawal kamu. Tetapi saya tidak pernah melihat Reisan
melakukan banyak pekerjaan, baik. Saya bertanya-tanya tentang itu. ”
"Aku menuangkan tehmu, bukan?"
“Ya, itu bagus. "Aku lupa berterima kasih padanya sebelumnya.
“Oh yeah, dan juga, pertama kali aku mengunjungi kamarmu, kamu sedang duduk di sofa dan Iria-san berdiri. Sepertinya
seperti itu seharusnya sebaliknya. ”

"Saya saya . "Dia gembira. Saya seharusnya Rei-san
menyalin perilaku seperti itu selama ini, tetapi tidak ada yang seperti itu
hal yang nyata. "Lanjutkan. ”
"Benar. Di mana aku … "

Jika Anda memikirkannya, Akari-san dan Hikari-san jelas
tahu tentang saklar itu, yang berarti mereka juga begitu
cukup sepasang aktris kecil. Terutama Hikari-san. Sigap
dan menyedihkan seperti dia, saya tidak akan pernah menduga dia berbohong
selama ini.
Seseorang berutang Oscar padanya.
"Paku di peti mati adalah ketika Iria-san palsu menutupi
untukmu . Malam itu 'Iria-san' dan Yayoi-san bersama
berbicara sepanjang malam. Masuk akal, bukan? Rei-san mungkin
memintanya untuk saran kuliner. Dia benar-benar seorang pelayan, jadi
tidak akan aneh jika dia memiliki minat dalam memasak. ”
"Ya, Yayoi-san percaya Rei adalah aku, jadi dia tidak pernah
menghabiskan banyak waktu dengan saya yang sebenarnya. Itu milik saya
salah perhitungan. "Dia merajuk. "Dan hei, kalau dipikir-pikir,
dari mana Rei turun meniru saya seperti itu? Saya tidak berubah
pakaian saya di depan orang-orang acak, dan kepribadian saya tidak
jelek itu. ”
Rupanya kepribadiannya tidak seburuk itu.
Hmm, terdengar seperti kebohongan lain bagiku.
"Jadi, apa yang sebenarnya kamu lakukan malam itu?"
"Itu rahasia. ”
"Ini sebuah rahasia?"
"Seorang wanita tidak pernah mengungkapkan urusan malamnya," katanya
secara misterius.
Saya punya perasaan jika saya menekan lebih jauh itu hanya akan mencentangnya
off, jadi saya memutuskan untuk membiarkannya. Saya tidak mencari lagi
masalah. Saya tidak suka "membuat gelombang," setelah semua.

“Ngomong-ngomong, meski 'Iria-san' tidak melakukan apapun untuk melindungi
Hikari-san, bahkan memperlakukannya seperti penjahat, dia pergi sejauh itu
berbohong untuk menyimpan kulitmu. Mengapa? Karena Rei-san lebih dekat dengan Iriasan
dari pada Hikari-san? Mungkin . Tetapi sesuatu tentang itu

jawabannya tidak mengapungkan perahuku. Seperti tinggal di pulau terpencil
itu, saya akan berpikir Anda semua akan cukup dekat dan nyaman. Dan saya
jangan berpikir manusia adalah spesies yang begitu dingin. ”
"Itu benar," kata Iria-san. “Gadis-gadis itu seperti keluargaku.
Keluarga saya yang berharga, yang tinggal di sisiku bahkan setelah saya
diasingkan. ”
Diasingkan.
Dan alasan pengasingan itu?
"Meski begitu, 'Iria-san' melindungi 'Rei-san' tetapi tidak Hikari-san.
Mengapa? Mungkinkah karena 'Rei-san' benar-benar atasannya,
seseorang yang dia sumpah setia? "Aku bertepuk tangan
bersama. "Sesuatu seperti itu, kan?"
"Kamu luar biasa. Aku ingin memelukmu . ”
"Aku tidak keberatan. ”
"Aku akan menahan diri," dia terkikik polos.
“Kali ini aku punya pertanyaan. Kenapa tepatnya Anda beralih
tempat dengan Rei-san dan berpose sebagai pelayan? Apakah karena, sebagai
cucu dari keluarga Akagami, Anda tidak bisa menunjukkan
diri Anda tidak dijaga di depan para tamu, meskipun Anda diasingkan? "
Tidak ada jaminan bahwa tidak ada yang buruk
individu dicampur dengan semua jenius itu. Seperti sebelumnya kami
Penyelidikan telah mengindikasikan, kadang-kadang hal-hal ini terjadi.
Karena itu, dia telah menyiapkan penipu — tubuh ganda.
Benarkah itu?
Tapi Iria-san menggelengkan kepalanya dengan anggun. "Tidak,"

katanya. "SAYA
hanya ingin melihat siapa yang akan memperhatikan terlebih dahulu. Hanya sedikit lelucon.
Tidak ada alasan, sungguh. ”
Sebuah lelucon.

Itu adalah jenis garis yang membuat lututmu bergetar, dan aku tidak mengira dia berbohong kali ini. Dan sampai sekarang, bukan a
satu dari mereka yang disebut jenius telah menangkap.
Selama bertahun-tahun, tanpa disadari oleh siapa pun, para genius itu
tidak ada yang spesial .
Mungkin itulah yang dipikirkan Iria-san. Dan dia akan melakukannya
mungkin terus berpikir demikian.
"Tapi kamu memperhatikan. ”
"Jika kamu tidak pergi terlalu jauh di ujung sana, aku
tidak akan. Bahkan jika saya perhatikan, saya tidak akan mengatakannya
apa saja. Anda seharusnya hanya tinggal di mansion saja
datang di kapal ini bersama kami. ”
“Yah, aku harus minta maaf pada Aikawa-san untuk semua itu
kehebohan yang tidak perlu. Masih ada kunjungan yang dijadwalkan. Kami
akan bertemu langsung setelah mengantarmu. Oh, Aikawasan
akan dicentang. Bukan orang yang ingin Anda temui
marah. Meskipun itu tak terhindarkan. Ditambah lagi, saya ingin bicara
untuk kamu seperti ini. Anda menunjukkan kepada saya waktu
yang baik, setelah semua. ”
"Ini suatu kehormatan. ”
"Katakan," katanya dengan manis, "maukah kamu kembali ke rumah besar
beberapa waktu? Kunagisa-san, Maki-san, Yayoi-san, dan kamu. saya
pikir kamu akan membuat keluarga yang hebat. Saya mendengar Anda menyukai
untuk Akari dan Hikari. Saya tidak keberatan membiarkan Anda
mendapatkan apa yang Anda inginkan

dengan mereka . ”
“Itu bukan hal yang kamu katakan kepada anggota keluarga. ”
“Benar, tapi aku serius. Saya selalu serius. Jadi bagaimana
saya t? Seperti proposisi saya? ”Dia menjulurkan lidah ke arah saya.
Pada titik ini saya menjadi jijik. Anda tidak bisa adil
tulis ini sebagai semangat bebas atau semangat atau kurang
menahan diri.
"Aku tidak suka pembunuh. ”
ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 3 2
"Ehehehehe," Iria-san tertawa.
Saya tidak tahu mengapa dia tertawa.
"Terlepas dari alasan mereka?"
“Terlepas dari alasan mereka. ”
Dia mengangguk . "Aku tidak yakin apa yang kamu dengar dari
Hikari dan
Teruko, tapi kamu tidak mungkin berpikir mereka memberitahumu
apa pun kecuali kebenaran. Gadis-gadis itu umumnya pembohong.
kupikir
fakta bahwa mereka tidak pernah memberitahumu tentang
pergantian aku dan Rei adalah
cukup buktinya. ”
"Eh …?"
“Alasan saya tidak memanggil polisi hanya karena itu
tidak akan menyenangkan seperti itu. Otoritas absolut demikian
tidak romantis, ”katanya sambil menggulung lengan kirinya. Ini
menampakkan lengan yang indah, tidak terluka sama sekali.
"Permisi
lalu, ”katanya sambil tersenyum, dan meninggalkan ruangan.
"Hei, hei …"
Mendesah…
Tentu tidak melihat itu datang.
Apa yang nyata dan yang palsu?
Siapa yang nyata dan siapa yang palsu?
Dunia ini campur aduk, dan aku tidak pernah mengaku tahu
apa pun, saya juga tidak berpikir semua orang jujur dan segalanya
seperti yang terlihat.
Apa itu?
Kebenaran .
“Sobat, betapa banyak omong kosong. ”
Tidak akan lama sekarang. Saya berpikir untuk membangunkan

Kunagisa,
tetapi melihat wajahnya yang damai saat dia menangis seperti anak kucing
saya kehilangan motivasi. Tidak akan terlambat untuk membangunkannya
setelah kami mencapai pantai. Aturan praktisnya adalah, semakin lama
Anda bisa tetap bermimpi, semakin baik.
ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 3 3
Namun demikian.
Keluarga?
"Sobat, aku akan menyesal menolak tawaran itu," aku
berkata kepada siapa pun khususnya, mengharapkan tidak ada jawaban. Tapi saya tahu
hanya ada satu tanggapan yang bisa diberikan. Bagi saya, ada
hanya satu orang yang bisa saya panggil keluarga. "Apa beban dari omong kosong, "aku bergumam seperti biasa.

Bab 1

1. Savant Blue 2. Majelis dan Aritmatika 1. Pemenggalan Kepala Pertama 2. Tragedi 0. 14 1. Pemenggalan Kepala Kedua 2. Kebohongan 3. A Crow's Wet Feathers SATU MINGGU KEMUDIAN: Berpisah EPILOG: Dongeng Crimson

ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 Don't be so edgy. Relax, okay? The third morning of our life on Wet Crow's Feather Island was just greeting us.I awoke in a daze, trying to distinguish between the dreams I had just had and the reality yet to come. The high, rectangular window admitted just a bit of light, so the room still remained dim.Since the room had no lights, I would just have to wait for it to get brighter: the sun had only just risen, and it was maybe around six a. m., judging by my internal clock.I suspect this way of determining the time has no more than a fifteen-minute margin of error.But even supposing I was an hour off, it's not like it would be a problem. “Getting up,” I mumbled, and slowly rose from bed. The room was mostly empty, its only furnishings a chair and a futon.Aside from that, it was completely bare.Its high ceilings gave

it an even more spacious feel—and that hollow, dead atmosphere that evokes so vividly images of solitary confinement or something.I couldn't help but feel a little bit like an inmate on Death Row. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 It was the second time in my life I'd woken up with that feeling. But while this was in fact not solitary confinement, neither was it originally a bedroom.It was formerly a storage space. When I asked Akari to show me the smallest room in the mansion, this was where she brought me.The smallest room. Even so, it was infinitely bigger than my room at the lodging house.Boy, was that ever depressing. “Nah… it's way beyond depressing,” I said to myself. Nah sekarang.I switched my cognitive channel from Death Row Inmate Mode to Routine Mode. Wondering what time it really was, I glanced at my wristwatch, but the LCD screen displayed nothing.Maybe the batteries had died while I was sleeping.But wait, I'd changed them just a little while ago.There had to be some other problem.Well, I could always ask Kunagisa to fix it. Clearing my sleep-fogged mind, I did a couple of simple stretches and then left the room.I walked around for a while. The carpet was thick, bright red, and looked like (and most probably was) super-high quality.It eventually led to the spiral case, which is where I bumped into Rei-san and Akari-san. “Oh, good morning.You two are up early.” It was only common courtesy to greet them, but they simply passed by with no more acknowledgment than a silent head-bow. “Guess they're the quiet type,” I muttered to myself. But to be fair, they were probably working, and I wasn't exactly a “guest,” per se, so I just had to live with their lukewarm response.If I expected anything more out of them, I'd have to throw my arms out wide and cry out, “How you ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 feelin', my freaky people?” And, frankly, I just didn't have the energi. Handa Rei-san and Chiga Akari-san were maids employed at the mansion.Rei-san was the “head maid,” Akari her subordinate.And there were two other maids at the mansion, of the same rank as Akari-san.A total of four maids. Considering who owned the mansion, and the size of the mansion, it seemed as if a staff of four maids would be too small.But these women carried out their duties with the swiftness and skill of true specialists. The mistress of the mansion, and the person these maids served, was Akagami Iria.She was the proprietress of the island, as well as the mansion.And furthermore, she was the one who had invited me and Kunagisa here. “But wait,

was I actually invited?” I asked myself. Now just how old was Akari-san? You could tell just by looking at Rei-san that she was probably in her late twenties. It's not easy for kids like me to tell exactly how old a woman that age is, but that's definitely the impression I got from her. Akari-san was the real challenge.I didn't think she was younger than me, but still, she looked ridiculously young. Dia was one of those women you see downtown who can get away with paying half-price for everything when they're actually adults.As I went up the spiral staircase and headed down the second-floor hall, my mind tilled with nonsense.Maybe she has a thing for young guys.Yeah, just babbling. I was headed for Kunagisa's room.Two days ago, when we arrived at the island, a room had of course been prepared for Kunagisa, but not for me.This was to be expected: even I had had no idea I would be visiting this weird little island until that very morning, when Kunagisa called me. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 6 Akari-san prepared a room for me at the last minute. Tapi I'd politely refused it. Mengapa? The reason hit me as soon as I opened the door. I knocked once, then went ahead and opened it. The interior was vast.Pure white carpet and pure white wallpaper complemented pure white furniture.Even I knew that white reflects light.Kunagisa was crazy about the color white, so somebody had decorated this room this way deliberately.In the center of the room was a luxurious sofa and a wooden table.A chandelier hung from the strangely high ceiling.The bed was like something straight out of a movie set in medieval times; it even had a canopy. “Yeah, I'd never get any sleep here. ” And so I had Akari-san show me to the storage room on the first floor.Meanwhile Kunagisa, lacking my more delicate sensibilities, lay there drowsily on her pure white sheets. Looking at the enormous, antique, mechanical clock on her wall (also ever-so-thoughtfully selected in white), I saw that it was, in fact, six o'clock, just as I'd guessed.Pondering what to do now, I sat on the side of her bed, enjoying the feeling of the thick, fluffy carpet beneath my feet. Kunagisa rolled over.Her eyes opened, just slightly. Hmm? Oh, Ii-chan?” Somehow she had sensed it was me, but at any rate she seemed to be awake.She pushed her mussed, I Hawaiian-blue hair away from her face and regarded me with sleepy eyes. “Oh, ahhh, Ii-chan… ummm… You came to wake me up, didn't you? Terima kasih. ” “Actually I came here to tuck you in, but what's this? Tomo sleeping at nighttime? That's pretty rare.Or

did you just get to bed?” If that was the case I'd have to apologize. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 7 “Uh-uh.” She shook her head. “I think I slept for three hours.Cuz y'know, yesterday, well, some stuff happened, Ii-chan.Give me five more seconds… Selamat pagi! Ah, it's a bright, brisk morning, isn't it?” She sat up, her petite little body popping up.Flashing me an ear-to-ear grin, she struck a dynamic pose. Hah? Hey, it's not bright out at all.I don't like this.I like for the sun to be way high up in the sky when I wake up in the morning. ” “You're talking about the afternoon. ” “Eh, either way.That was some good sleep.” Ignoring me, she kept on talking.“I'm pretty sure I got to bed at three a. m. Some really bad stuff happened yesterday and I just huffed off to bed.Y'know, cuz sleep is the best thing when you're feeling really terrible.It's like sleep is the one and only gift of salvation God gave mankind.Now, Ii-chan?” “Yeah, Tomo?” “Stay still for a sec. ” Without even giving me time to be confused, she hugged saya.Or to put it more accurately, she draped herself on me, burdening me with the entirety of her bodyweight.She rested her tiny head on my right shoulder, with our bodies stuck together, her slender arms wrapped around my neck. Squeeze. Not that she was heavy. “Uh, Kunagisa?” “Recharging. ” Evidently she was recharging.Thus, no moving allowed. saya gave up on the idea of resistance and supported her weight. But hey, what was I, an electrical outlet or something? Looking at Kunagisa, I noticed she had slept with her coat on.As far as I knew, she wore it all the time, indoors and ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 outdoors, summer and winter.A jet-black men's coat.On a girl of Kunagisa's tiny stature, the large-sized coat easily touched the floor.But she seemed to be madly in love with it anyway.I had told her millions of times to at least take it off when she's sleeping, but to no avail. One thing was for sure: Kunagisa Tomo did things her own way.In that sense, she was kind of like me. “Okay, thanks!” she said, and finally let go of me.“Battery full! Now, let's go face another day. ” With a grunt she rose from bed, blue hair bouncing. Dia walked over to the computers by the window opposite her bed.They were the three computers she had brought from her home in Shirosaki.All three were tower models.The two on the left and right were of typical size, the one in the middle was exceptionally large.They were all white, of course. Saya hanya didn't get why she was so into a color that was so easy to get dirty. The three computers were on a U-shaped rack, with a

cushiony rolling chair in the center.Kunagisa plopped down in the chair and leaned back.That way she could simultaneously control all three computers.But no matter how you counted it up, she still had only two hands.Why she would ever think to use three keyboards at the same time was beyond me. I looked over her shoulder.The three keyboards were neither ASCII nor JIS nor Oasis, but instead some weird, mysterious key alignment.But to question the unnaturalness of it would be futile.For an engineering whiz like Kunagisa Tomo, designing a keyboard from scratch was probably like a walk in the park. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 Incidentally, Kunagisa didn't use a mouse.Because “they're a total waste of time,” she would say.But to a novice like me, the sight of a mouseless computer was unnerving, just totally impossible to get used to.Not that that's the worst feeling in the world. “Ii-chan. ” Ya? “Tie my hair up. ” Oke.I went up to her chair.I slipped some hair bands off her arm and tied her hair into two braids. “Man, wash your hair already.My fingers are getting oily disini ” “I hate taking baths.Cuz y'know, your hair gets all wet and stuff. ” Yah, tentu saja.Look at this, the blue is getting dark. ” “I can't see my own head.Hehehe, if I leave it like it is, it'll turn ultramarine.Thank you, Ii-chan,” she said, biting her lower lip with a giggle.I just looked back at her with an innocent, confused smile. “Uh, no problem, really. ” Even as we talked, her fingers never stopped moving. Mereka moved with the accuracy of a machine at a constant rhythm with every keystroke.Her movements flowed so smoothly it was as if she were unconsciously tarrying out some preplanned assignment in some preprogrammed way. Tidak bisa dimengerti English characters and numbers streamed along on all three monitor displays at an unbelievable pace. “Tomo, what are you up to, anyway? You just got up. ” “Mmm, well, I don't think you'd get it even if I told you. ” Hmm.You really need all three PCs to do it?” I said. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 She gave me a perplexed look.“Ii-chan, this one in the middle isn't a PC, it's a workstation,” she said. “What's a workstation? It's not a PC?” “Nope, it's different.Well, I guess PCs and workstations are similar in that they're both intended for individual use, but, it's like, workstations are way more top-of-the-line. ” “Ah, so a workstation is like a super-good PC?” I said, openly displaying my ignorance. Dia mengerang.“Ii-chan, a PC is a PC and a workstation is a workstation.They're both GPCs, but think of them as two completely

different things. ” “What's a GPC?” She looked at me as if I were some kind of a caveman.“Iichan, you don't know anything, do you?” she said with a touch of disbelief.“What exactly were you doing in Houston those five years?” “Other things. ” Dia menghela nafas.“Okay, okay,” she said, tilting her head. Kemudian she resumed her work as if a switch had been toggled in her brain.Letters and numbers that looked like hocus-pocus to me continued to stream by on the displays. I wanted her to tell me a little more about the different classifications or what have you, but I'm not really that intellectually curious.Besides, it would be rude to interrupt whatever she was working on.That, and, for an “outsider” like me to try to follow this nerdy cupcake's explanations seemed as if it would just lead to a headache, so with that I ended the discussion.I massaged her shoulders for a bit, then decided to borrow her sink, where I washed my face and changed my clothes. “Hey, Tomo, I'm gonna go for a walk. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 1 Without looking up from her work, she gave me a halfhearted wave.The other hand kept on tapping keys. saya shrugged and left the room. I'd be lying if I said I knew all that much about the Akagami Yayasan.They're not exactly the most well-publicized organization in the world.Plus, since they mostly operated out of the Kanto region, someone like me who was born in Kobe, grew up in Houston, Texas, and lived in Kyoto wouldn't know that much about them. Putting it simply, the Akagami mansion was the home to a storied legacy of business barons.That business might have been some kind of trade, or a system in which money just poured in on its own.I'm not sure what exactly it is that they did, but whatever it was, one thing was for sure: the Akagami Foundation was loaded. Holding property not just in Japan but all over the world, the Akagami Foundation was the owner of Wet Crow's Feather Island as well.And the owner of the Western-style mansion found in the center of the island was none other than Akagami Iria. As you might guess from her name, Iria was related to the head of the Akagami Foundation—his granddaughter, in fact. She was a born-and-bred pedigreed princess, for whom no obsequious praise was too obsequious.Over time, she had inherited vast amounts of enormous wealth and unbelievable power and ruled over a great many underlings.But then, the head of the Foundation himself had completely cut her off. Begitu maybe this is all really better expressed in the past tense. ZAREGOTO: THE

KUBIKIRI CYCLE ■■■ 1 2 Cut off. I don't know what she did to deserve it, but it must have been something big. Supposedly she was permanently removed from the family five years ago, at the age of sixteen.At that time, the head of the family left her with a small severance package (which was probably still an unimaginable sum to a regular Joe like me) and this island, floating around in the Sea of Japan. In other words, she had been exiled. Maybe these days that seems old-fashioned.But far be it for me to butt into other people's ways of doing things. Especially if those people belong to a powerful institution that's practically its own world in and of itself. Anyway, Iria had spent the last five years here with her four maids, not once setting foot off the island.Five years on this godforsaken island in the middle of nowhere, with no amusements, no nothing.In a sense, it was life in Hell, though I would speculate that, in a different sense, it was also a little like life in Heaven. But was Iria-san lonely or bored? Indeed, you could say Kunagisa had been invited to the island to stave off Iria's kebosanan.But it wasn't just Kunagisa.In the same way, it would be no exaggeration to say that Akane-san, Maki-san, Yayoi-san, and Kanami-san had all been brought here for the same purpose. Well, okay, maybe it's a little bit of an exaggeration. So, anyway, forbidden to leave the island, Iria-san said, “Well, if that's how it is,” and proceeded to invite, as her guests, the world's most prominent figures. Now, it “prominent figures” sounds a little weird, let me try putting it another way.Iria had decided to invite so-called ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 3 geniuses to her mansion.It was a simple plan: “If I can't go to them, they can come to me. ” Famous and unknown alike, all those who possessed genuine talent and amazing skill were summoned by Iria-san, one after another after another.And, of course, all expenses, including accommodations, were covered by Iria-san. Faktanya, visitors to the island were often given money, so it was pretty much always a win-win situation for them. To me, it seemed like Iria-san was going for that whole ancient Greek salon image, collecting and cavorting with all these artists and geniuses—and thereby living a fruitful life. Untuk be sure, it wasn't the most typical idea around, but yes, there was something amazing about it.Aside from the mansion and the forest, the island was essentially empty—almost a desert island—and for those world-weary men and women of talent who needed to rest both the body and the mind, it was the perfect place.And thus had Iria-san's plan been a

tremendous success. Nah sekarang. Walking around aimlessly on this empty island, basking in the forest, it was by an extremely distant cherry blossom tree that I suddenly ran into Shinya-san. “Oh, er, that is, I mean,” Shinya-san said, waving a hand to greet me.“You're quite the early bird there, eh? Mister… er, what was your name again? Sorry, my memory's a little weak, y'see. ” He had a good four inches on me, and his designer clothes were much better than mine.His expression was mildmannered, his way of speaking was mild-mannered, and so was, somehow, his clothing and stature, but whether or not Shinya-san really was mild-mannered, I couldn't say. Bukan saya ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 4 have the skill to judge someone just based on their appearance, and I'm the last person to jump to conclusions after knowing someone for just a couple of days. “I don't believe I ever told you,” I answered with a shrug. “I'm just Kunagisa Tomo's sidekick.No need for a sidekick to have a name, am I right?” “That's awfully modest of you.Not that it's any wonder, being on this island, but speaking of sidekicks, I suppose I'm in the same boat as you,” Shinya-san said and smirked. Yes, Shinya-san and I were no more than tagalongs. Saya t probably goes without saying at this point, but I wasn't here walking around on this island because I was any kind of genius.Kunagisa Tomo was the “genius” here, and I was nothing more than her attendant.If she hadn't said to me, “Iichan, it turns out I'll be going to some island, so come with me, 'kay?” right about now I would've been in my Kyoto fourtatami-sized room getting ready for school. No question about it: the main character here is Kunagisa Tomo.Let's just make that clear. Now then, as for who Shinya-san was accompanying, well, she was right under the cherry blossom tree.With those thoughtful, thoughtless eyes, she gazed at the fluttering cherry blossom petals. She had blue eyes and hair of gold.Her dress, pale in color, was out of some French movie, and was accented with dazzling jewelry.Just one of her necklaces or bracelets was likely worth more than my liver.Even if I sold off every part of my body I still couldn't pay for it. Ibuki Kanami.One of the geniuses. Having, supposedly, suffered problems with her legs from birth, she was confined to a wheelchair.And thus Shinya-san, ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 5 as her caretaker, had tagged along on the trip.As I'd heard it, until a few years ago, she had also been totally blind.Her blue eyes were not a sign of foreign blood. Kanami-san was a painter. Even I, without the slightest

knowledge of that field whatsoever, had heard of her.She had earned a reputation as a painter who possessed no single style.I had never actually seen any of Kanami-san's paintings, but I thought that maybe she was gazing at the cherry blossoms in that way so as to later portray them on canvas. “What's she doing?” “As you can see, she's watching the cherry blossoms. Saya t won't be long before the petals start falling.She has a fondness for that 'moment just before death,' if you will, the ephemeral things in life. ” Most of the trees on the island were just your standard fare, but for some reason, there was one cherry blossom tree. It looked quite old, and the fact that there was only one on the whole island was nothing short of bizarre.Most likely, Iria-san had transplanted it here. “So they say dead bodies are buried under cherry blossom trees, eh?” “How dreadful. ” Aduh I was just trying to make conversation, but instead ended it in one fell swoop.of course, it was pretty dreadful. “Just joking,” Shinya-san laughed. “Personally, I think it would make more sense if that legend was about a plum tree.But then I guess it wouldn't be a legend, but a myth? Ha ha ha! ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 6 “By the way, boy, have you gotten accustomed to the island yet? This is your third day here, right? Um, how long were you planning to stay again?” “A week.So we have another few days. ” “Mmm, that's too bad,” he said, with a tinge of mystery. “What's too bad?” “Oh, it's just that I hear Iria-san's favorite will be coming here in a week.But if you're leaving in four days, you'll just miss each other, won't you? That's just too bad. ” Oh begitu.” I nodded and thought about it for a moment. Iria-san's “favorite. ” In other words, the genius of geniuses. “A chef, a fortune-teller, a scholar, an artist, and an engineer.What could be next?” “Well, I haven't heard any specifics myself, but apparently this person is capable of just about anything.Not a 'specialist,' but a 'generalist.' Hikari-san tells me this person is as sharp as a tack and full of knowledge, and has lightning reflexes. ” Hmm.Yet another totally amazing person.Let's assume it was just some ridiculously over-the-top rumor.The fact that such a rumor even existed suggested that this particular genius wasn't just anyone.I'd be lying if I said I wasn't intrigued. “Couldn't hurt to meet this person, I guess. Apa yang kamu say to asking for an extension on your visit? I'm sure Iria-san would more than welcome you. ” “Sounds nice and all, but…” I probably looked less than excited.“To be honest, this island is a little stifling. Untuk sebuah regular kid like me, I mean,”

I said. Shinya-san guffawed boisterously. Sekarang, sekarang.Now, now, now, now, now there, lad. Begitukah? Kanami-san and ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 7 Akane-san and all of them haven't given you a complex, have they?” A complex.Even supposing it wasn't something you could put so bluntly, what I felt was certainly something similar. Shinya-san gave me a firm pat on the shoulder. “There's no reason to feel inferior to that lot, right? Ayo keep it together, brother! Whether it be Kanami-san…” Kanami-san glanced up from under the cherry blossom tree. “Whether it be Akane-san, Yayoi-san, or even Kunagisa-chan, if they were to play the two of us in rock-paper-scissors, they would only win one out of three times.I suppose Maki-san would be an exception there, but nevertheless. ” “That's a pretty blunt way to put it. ” Not to mention Shinya-san had just referred to his own employer as part of “that lot.” I'm not saying they were at each other's throats or anything, but maybe Shinya-san and Kanami-san weren't quite the best of friends. “Talent isn't such a big deal.In fact, I, for one, am glad I don't have any.Talent isn't worth spit. ” Kenapa begitu? “If you've got a talent, you've got to exert effort.Being ordinary is a breeze.Having nothing to master is an advantage, if you ask me,” Shinya-san said with a cynical shrug.“I think we got a little off-topic.Anyway, I don't think it would be a terrible thing if you were able to extend your stay, if you ask saya.And hey, just maybe this 'generalist' will beat us in rockpaper-scissors all three times. ” “Well, I'll talk it over with Kunagisa… It would hardly be right for the tagalong to decide something like this on his own. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 “I thought so,” he said.“You're a lot like me,” he said, looking me in the eye. His gaze was deeply disconcerting.It gave me that uncomfortable feeling you get when you're being watched. “Me and you? Alike? How do you mean? In what way?” “Don't sound so happy about it.In particular, you're practically identical in holding the idea that you yourself are a part of the world. ” Seemingly with no intention of explaining himself any further, he broke his gaze and looked back at Kanami-san. Predictably, Kanami-san was still staring at the cherry blossoms with complete concentration.She was surrounded by a sort of transcendence, as if just that one spot was isolated from the rest of the world.She had the air of being unapproachable, even sacred. “So Kanami-san's been painting even since coming here?” “Well, it's more like she came to this island to paint. Itu really all she does,

after all.I suppose you could say she lives to paint.Can you believe it?” He spoke with a tinge of frustration, but if you took his words at face value, it sounded like an incredibly enviable existence; a life where what you want to do and what you have to do are directly connected. Saya t was a way of life I could never even hope for.I, who had discovered neither what I wanted nor what I had to do. I noticed that Shinya-san was watching me with a wicked smile, like he had just remembered a bad prank.I recoiled a little.I was getting a bad feeling, like a premonition. Lalu Shinya-san, with a look on his face as if to say, “I've just had a revelation from God,” clapped his hands deliberately. Betul! It's such a prime opportunity, so why don't you try modeling?” He set me aside as I stood at a loss for ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 words and unable to comprehend his, and faced Kanami-san. “Hey!” he called.“Kanami! This fella here says he wants to be your model!” “Wait, Shinya-san!” Finally grasping the situation, I spun in front of him.“I can't just, I mean, give me a break!” “Now, now, why are you so embarrassed? That hardly suits your character. ” Saya kira tidak.Asking Kanami-san to paint me? Itu tadi an incredibly intimidating idea.But Shinya-san blew off my protest with a simple “Now, now, don't be shy,” and waited for an answer from Kanami-san. Kanami-san adjusted the direction of her wheelchair and took a look at me.She scanned me up and down, from the tip of my head to the tips of my feet, observing me, assessing me, and said, “So you want me to paint you?” She sounded truly irritated. This was a difficult question to answer.With someone as talented as Kanami-san, the simple act of hesitating would have been rude.I was weak in these situations.A real pushover.A nineteen-year-old boy who's spent his life going with the flow has not the power to alter the flow of a tale. “Yes, absolutely, if you don't mind,” I said. Kanami-san simply looked disinterested.“Fine then.Come by the atelier this afternoon.” she said, and swiveled her wheelchair back toward the cherry blossoms.She spoke with heartfelt apathy, but at least she had taken pity on me. “Well, that's settled then.Are you free this afternoon?” Shinya-san said, strangely joyful. I told him I was free and decided to get going before I got into any more trouble. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 0 I returned to the mansion and visited Kunagisa's room once lagi.Kunagisa was just as I had left her, sitting in her revolving chair, her three PCs (I mean, two PCs and one workstation) in front of her.Right now she was focused on the

workstation, and the two PCs had their power switched off. “What were you up to, Tomo?” Tak ada jawaban. I went up to her from behind and tugged both her braids. “Oww,” she uttered in a strange voice, seeming to at last notice my presence.Without changing her position, she gaped at me in bewilderment.Surely I appeared upside down in her eyes. “Yooo, Ii-chan.You're back from your walk. ” “Yeah, well… Say, is that a Mac?” The monitor on the workstation opposite Kunagisa was displaying some kind of Mac OS screen.As far as I had heard, Mac OS only worked on Macs. “Yeah, it's Mac OS.Y'see, there are some applications that only run on Mac OS, so I'm running it on a virtual machine. ” “Virtual machine?” “Basically I'm making the workstation think there's a Mac inside it.In other words, I'm tricking the software. Tentu saja Windows is in here, too.Most OS's are installed on this workstation, so it can do anything. ” Ah… I didn't really get it. “This is a dumb question, but how are Mac and Windows different, anyway?” She gave my truly amateurish question a moment's thought.“They're different because different people use them,” she answered, with an air of precision. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 1 “Well, yeah, that's true, but… Well, forget about that. Begitu an OS is like the core software, right? I think that's right. Begitu then it's like this computer has multiple personalities?” “It's a strange metaphor, but you could say that. ” “So then that PC, er, workstation, what's its core core OS? Like with multiple personalities you have a 'main' personality, right?” “Geocide. ” “Never heard of that.Is it like Unix?” “That's Unix, with a 'yoo' sound.Come on, you studied abroad; you should know not to pronounce the alphabet like Romanized Japanese, Ii-chan.It makes you sound so stupid. Uh, well, it is compatible with Unix.But it's an original OS developed by a friend of yours truly. “A friend…” Kunagisa's friend.The only friend of Kunagisa's who could've developed an original operating system was someone from that “team.” From that notorious “team. ” Several years back, in the last century, during the time when the Japanese network was still underdeveloped, that group appeared.Or, no, “appeared” isn't the correct ekspresi. They never for an instant let their visage, nor their shadow, nor even their smell grace the public eye.They never announced their name; whatever name they had ever been known by had been applied by others.Whether you called them a virtual club, cyberterrorists, a crack unit, or a gang that made mountains out of molehills, it didn't

matter to them, and they probably wouldn't respond. They were completely peerless, species unknown.How many people were there, and just what types of people ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 2 comprised this “team”? These things were all shrouded in mystery. And what did they do? Semuanya They did everything, that was all you could say about it. They did so much of everything, there was nothing they didn't lakukan.They wreaked havoc, havoc, and more havoc.I wasn't in Japan at the time, so I didn't get to see it firsthand, but they say it was such full-on, ludicrous havoc that it was practically refreshing, lending no hint as to their motives or aims. Beginning with pure hacking and cracking, they also had their hands in corporate advising and fixer fraud.It's also quietly speculated that, back then, they controlled a number of large corporations. But you couldn't say they existed solely as a nuisance. Untuk better or worse, it was thanks to them that the overall level of network technology improved drastically.You could even say they forced it.If you looked at it through a fine-toothed comb, sure there were losses, but in the big picture, the gains outweighed them tenfold. But, of course, the fat cats upstairs saw them as little more than pesky, law-breaking criminals, a hacking, cracking eyesore.Thus the “team” went on, despised and pursued. Tapi they were never caught, and exactly what they were doing was never brought to light.Then, sometime last year, suddenly and without anything in particular having happened, they were never heard from again.It was as though they had just burned out and vanished. “Yo, what's wrong, Ii-chan? You're quiet all of a sudden. ” “Nah… nothing. ” She flipped her hair with a giggle. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 3 “Yeah, I guess it's nothing…” It was in that way that the “team” met what was, in a sense, an anticlimactic end.Who would believe the leader of that now-defunct team was this happy-go-lucky girl still in her teens? Exactly who in their right mind would believe something so nonsensical that it couldn't even be mistaken for a sick joke? But if that wasn't the case, Kunagisa wouldn't have been invited to this genius-ridden island.Not as a communication and systems engineering specialist. “How could I not have a complex, Shinya-san?” Hah? Did you say something?” Kunagisa glanced up at me for a moment. “Just babbling,” I said.“So 'Geocide,' doesn't that mean 'Earth murder'?” Ya.Of all the existing OS's, it's probably the most awesome.Geocide is number one.Even the RASIS is perfect. ” “Sometimes I think you

use those big words just to tick me off.What's a RASIS?” “It's an acronym for reliability, availability, serviceability, integrity, security.But of course, that's in English,” she said a bit irritably. “Basically it means stability.Of course it requires a highperformance system, but it won't cause errors or anything like itu Man, that Atchan really is a genius. Hehehe. ” “Atchan, huh? Sounds like you two are pretty close. ” Hmm? Cemburu? Hmm? Hmm?” she said with a strangely pleased tone and naughty smirk. Tidak masalah.I like you best of all. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 4 Ah, benar.'Preciate that.” I shrugged and tried to change the subject.“But if it's such an amazing OS, why not market saya t? If it sold like Windows, you'd make a fortune. ” “No can do.You know about increasing returns, right? With an OS this different, we'd never catch up.Business goes beyond skill or talent. ” Increasing returns.The law of economics that states “the more you have, the more you get,” which does nothing for what you don't have.It had been awhile since I'd studied it, so I didn't remember it very clearly, but to put it simply, “once a significantly problematic difference has appeared, it is impossible to bury that difference.” Whether it be in regards to skill or money, it seemed to make no difference. “Besides, Atchan was satisfied just by creating Geocide. Atchan's a very self-satisfied person. ” “Hey, yeah, must be very happy. ” “Even if that wasn't the case, I don't think it would be possible to market it.Even though it's just core software, it requires some pretty outrageous specs.Seriously astronomical figures.Even my machine just barely cuts it. ” Hmm.How many gigs is your hard disk? About a hundred?” “One hundred tera. ” Different unit. “Tera… that's the opposite of pico, so… a thousand times a gig?” “Nope, 1,024 times. ” Nitpicky chick. “Man, I've never seen a hard disk like that. ” “To be specific, it's not a hard disk; it's holographic memori.Unlike hard disks, which record data with magnets, ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 5 this records data onto a surface.It's capable of one tera per second rapid transfer.What you'd find on the market is, well, quite a bit slower.This is the kind of media they're using in the development of space technology. ” She had those kinds of connections, too? She belonged to an altogether dubious community. “Of course, this goes for the machine's capacity as well, but if the motherboard specs aren't customized home brew as well, you're probably out of luck.Atchan just makes things without considering any of the surrounding circumstances, y'see.So they just

end up like this.He doesn't try to suit things to other people. ” “Motherboard home brew? There are people who do that?” “Like yours truly, for one.” She indicated herself with her thumb. Betul.She was an engineer, after all.She must've been the culprit providing her “teammates” with the hardware and software that were to be their main “weapons.” If you thought about it, it was fairly disturbing.It was one thing to develop a seemingly unmarketable OS like that, but to take it and build your own motherboard for it was just plain freakish. Bapak.Earth Murder aside, haven't you ever considered selling this stuff? Like that motherboard you're so proud of?” “I'm the self-satisfied type, too How 'bout you, Ii-chan?” “Hmm, I wonder. ” Regardless of talent or lack thereof, in the end all people are classified into two groups: those who pursue and those who create.My own case notwithstanding, Kunagisa was overwhelmingly the latter. “Besides, as far as money is concerned, I've got plenty and ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 then some.I'm not thinking about making any more right sekarang. ” “Ah, no wonder. ” Itu benar.Kunagisa wasn't in a position that demanded she immediately go into business.It wouldn't be much of an exaggeration to say she spent money like it was water.A nineteen-year-old occupying a high-class, two-floor condo in Shirosaki and spending money as fast as she could. saya didn't know how many people out there had more money than Kunagisa, but surely no one individual spent as much. Between the Akagami Foundation and the Kunagisa household, who held the greater power was beyond my realm of knowledge, but either way, they both possessed enough of a fortune to enjoy the best things in life and still get change back, that much was certain. Speaking of which, Kunagisa resembled the master of this island, Iria, in that she, too, was semi-exiled from her family. Perhaps they were similar people.In the three days I had spent on the island, signs indeed pointed to the contrary, but, well, they were both eccentric, that was for sure.So much so that it would have been impossible for them to blend into any group or be members of any organization. Surely that's how it was. In which case, this island… The meaning of this so-called island of wet crow's feathers… Kunagisa returned to her typing. “I'm gonna go have breakfast. Bagaimana denganmu? ” “No, thanks.Not hungry.It's mating season.Ii-chan, go ahead on your own.Eat for me, too. ” Gotcha, I said, and headed for the dining room. ZAREGOTO: THE

KUBIKIRI CYCLE ■■■ 2 7 Akane-san was in the dining room. I tensed up. She sat alone at the round dining table with her legs crossed in an elegant, somehow un-Japanese pose, having her breakfast.Or no, she had already finished breakfast and was enjoying an after-meal coffee. Oh! Good morning!” It was the bright and lively voice of Akari-san in the midst of cleaning the dining room.No, wait, it wasn't her.Akari-san never greeted me bright and lively. That wasn't the Akari-san I knew. Yang berarti… “Hi, Hikari-san,” I said, determining that it was Hikari-san. Evidently I was correct, as she then grinned at me and bowed. Chiga Akari-san and Chiga Hikari-san. They were sisters.Twins.To be sure, there was a third sister as well, their silent younger sister Teruko.Teruko apparently had poor eyesight and was recognizable by her glasses with their black lenses.Akari-san and Hikari-san, however, were perfectly identical, from the length of their hair to their clothes, to the point that they weren't just “similar,” they were the same. But unlike Akari-san, Hikari-san was an incredibly kind person.Even though I wasn't a true “guest,” she treated me the same as everyone else. “Breakfast? Wait one moment, please,” she said, then spun around and hustled off to the kitchen.She must be so good at spinning because she's small, I thought. With Hikari-san gone, I was suddenly left alone with Akane-san. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 8 After a split-second's hesitation, I went ahead and took a seat near her.I thought to greet her, but she seemed completely immersed in thought, mumbling to herself in a semi-audible voice, not even looking in my direction.It was as though she hadn't noticed me.What in the world was she thinking about? I pricked my ears to listen in. “Sente 9-6, pawn… Kote 8-4, pawn… Sente, same pawn… Kote 8-7, pawn… Sente 8-4, rook… Kote 2-6, pawn… Sente 3-2, silver general… Kote 9-5, pawn… Sente 4-4, bishop… Kote 5-9, gold general, take… Sente 2-7, knight…” Meaning unknown. That's what you get from one of the Seven Fools; even the things they mutter to themselves are different, I thought, thoroughly impressed.But listening closely, it sounded like she was reciting a shogi game record.Wow, blind shogi. And by herself, no less. Is this what she always did in the morning? “Kote 2-3, pawn, checkmate, Sente forfeits,” she said, and glanced over at me.“Ah, I was wondering who that was, and here it turned out to be you. Selamat pagi. ” Selamat pagi. ” Heh heh.Isn't shogi tough? The pieces move around a lot more than in chess.I was playing Kote just

now.It was a close victory. ” Hah. ” There's a Sente and Kote in single-player shogi? Mungkin Akane-san was able to divide her mind like a dolphin.Yeah, it seemed likely for someone like her. “Are you good at shogi, or chess, whichever?” “I wouldn't say so, no. ” “Hmm, is that so?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 9 “Reading other people's minds isn't my forte. ” “Oh no? Hmm, I suppose not.You've got that kind of face,” she nodded.“I saw you from the window a little earlier. Out for a morning walk, were you?” “Yeah, a walk in the woods. ” “Ah, a walk in the woods, how nice. Sangat bagus. Itu phytoncide released by the trees creates a bactericidal effect and such. ” Apa apaan? In Houston, Texas, in America, there's a research facility called the ER3 System.There, brilliant minds from around America, nay, around the world, gather, and it is referred to as the ultimate bastion of learning, from economics to history, political science to cultural science, physics and advanced mathematics to biology, electronic and systems engineering, metapsychology, indeed, anything that could be called a field of study or research. It's also known as the Comprehensive Research Center. Saya t was a gathering place for those who loved learning and research above all else.A nest for those inhuman humans whose desire for knowledge exceeded even their natural, biological desires.An entirely nonprofit organization, they dared not sell their knowledge or research findings, and they were in a sense a closed and introverted sort of secretive organization. There were only four basic rules: Have no pride. Have no principles. Have no attachments. No whining. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 0 They were to unbegrudgingly cooperate with one another to the fullest of their ability, to never be unproductive, even if the world should perish, and to never quit halfway, come Hell or high water. The ultimate destination for those who wanted to do research, who wanted to know, who had to know, with means and end in complete harmony, it was the ER3 System. Itu people gathered there ranged from highly esteemed college professors to “frontline” researchers and amateur academics, a truly pride-free assembly of all manner of individuals. Mereka reputation was seemingly so bizarre that the media ridiculed them as a “cultish pack of overeducated loonies. ” But their research had yielded great rewards: the demystification of Dalevio nonlinear optics, the overwhelming advancement of volume hologram technology, and the establishment of the near-magical DOP as a sensory technology

were all thanks to the ER3.Not the work of individuals, but rather team efforts, and nonprofit work at that, they declined all awards and other various honors, and thus had not come to draw much attention, but their reputation within the academic world was certainly high. Saya t was a research center with a relatively brief history—not even a century old— but it was already globally networked. And within this research center existed the transcendental group known as the Seven Fools.Seven individuals selected in turn by the selected “seven on the verge of the answers to the universe.” They were the true “geniuses among geniuses. ” One of these seven individuals was Sonoyama Akane-san. She had beautiful black hair, cut ruler-precise to lend her an air of intellectualism.She was tall for a woman, with a stylishly slender build.There was no part of her that wasn't ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 overflowing with elegant femininity.She was a Japanese woman scholar of the highest order. The ER3 System is relatively unknown in Japan.The fact that the ER3 itself is so exclusive is no doubt part of the reason for this, but the main reason is likely that the uncategorizable nature of the center doesn't fit with the Japanese way of doing things.But nevertheless, Akane-san had, as a pure and innocent Japanese woman (and in her twenties, no less) risen to the ranks of the ER3's Seven Fools. It would come as no surprise if one day she was a household name in Japan. Now, this may all beg the question: if I'm just a “pure and innocent” Japanese person, too, how come I know so much? But there's no special reason, really.It's not that I'm particularly well informed, it's just that the ER3 and I have crossed paths a bit. You see, in preparation for the long-term, ER3 System implements a study-abroad program to educate the youth of the next generation.For five years, beginning with my second year of junior high school, I participated in that program, so naturally I knew of Sonoyama Akane's reputation as one of the Seven Fools, as well as her “above the clouds” existence. And that's why I was so surprised to discover Akane-san here on this island.I'm not at all the type who surrenders unconditionally at the first sniff of authority or talent, but I can't help but be nervous.What exactly do you say to one of the Seven Fools? I was sitting there, all clammed up, when Akane spoke to saya.“By the way, that blue-haired girl—Kunagisa-chan, I mean. ” Ah.Yes?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 2 “She's just lovely.Last night I had her do some maintenance on my

PC.She's incredibly skilled, isn't she? Kita have techies at ER3 as well, but I've never seen one with such… mechanical precision.She made it look like routine work.This may sound rude, but for a moment I wondered if she was really human.I was sure Iria-san would absolutely adore her. ” Ah masa? I hope she wasn't a bother or anything. ” She let out a chuckle.“You sound like a baby stroller. ” A baby stroller.Once again I had suffered an unfounded assessment.“You mean a babysitter?” “Well, they both mean the same thing, yes?” “A stroller is a kind of carriage. ” “Ah, right,” she nodded. For all her evident ability in math and science, it seemed Japanese was not Akane-san's forte. “Well, either way.She was no bother at all. ” Well, duh. “Then again, she seemed a bit of the socially awkward type.I don't think she listens when people are talking.And as a result, my PC evolved about two generations. ” “But that's actually the improved Kunagisa.She used to be terrible to talk to.Just starting and stopping whenever she felt suka itu.It was pretty rough for me. ” Hmm.If you want my opinion, I think there's a certain charm to her unapologeticness. ” “Eh, I'm not sure I agree on that. ” “Terserah kamu.” Akane-san shrugged.“By the way, I also heard from her that you were in the ER program. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 3 Hah.” That blabbermouth had let the cat out of the bag! saya thought I told her to keep that quiet.Not that I wasn't fully aware there's no point trying to keep that girl quiet. “You should've told me.We could've had quite a chat. saya feel as if we've wasted two days.I don't suppose you were holding back by any chance? Please don't get me wrong, I'm not such a big deal. ” “No, it's not that… I guess it was just hard to bring up. And also, even though I was in the program, I quit midway through. ” The program is a ten-year study.I dropped out after my fifth year.From there I returned to Japan and reunited with Kunagisa.Luckily I was already qualified as a high school graduate from my second year in the program, so I was able to transfer directly to Kyoto Rokumeikan University. “It's still a big deal.Regardless of what a sprain it became for you…” “That's a 'strain. '” “Regardless of what a strain it became for you, the ER program's entrance exam is a great obstacle to have overcome. You should have a little more pride about your accomplishments. ” The ER program's entrance exam was unusually difficult. Even in the application guidebook it said, “There are no perks. This does not guarantee your future.No one will come to rescue you.We offer only

an environment in which you may sate your intellectual curiosity," yet still elite candidates from around the world gathered to take the test.So it was true, merely passing the test was something to boast about. Tapi I hadn't completed the program. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 4 "There's no point if you drop out halfway.End results are everything in this world. " Actually, I happen to think everything in this world is a result… Or are you one of those 'a genius is a genius is a genius' people?" She had the slightest bit of sarcasm in her tone."A genius is not a rose.In Japan, you often see people who take pride simply in the effort they give, don't you? 'I've endured great hardships, regardless of the end results,' they say.They say there's merit in effort alone.I think that's a valid outlook.Saying 'I worked hard' is a fine conclusion in and of itself.What I have a problem with is lowlifes who spout absurdities like 'I could have done that if I wanted' or 'I couldn't do it because I just wasn't trying' or 'I said I can do it, but that doesn't mean I will.' That's all ridiculous. Sana really are all sorts of people in this world, huh?" "I didn't try because I couldn't do it. " "Hmm, hehehe, you know, you've sort of got this worldweary quality about you. " "It's probably just modesty. " Bingo. " The right part of her lip curled up in a half-smile and she produced a pack of cigarettes from her pocket.In graceful, fluid motions, she put one in her mouth and lit it. "Wow, you smoke? Aku terkejut. " "Are you the type who doesn't like women who smoke?" "Well, no, not women particularly.Smoking is bad for your health, you know. " "Health is bad for your smoking, you know," she retorted, slowly exhaling smoke.There's that Seven Fools wit, I thought, but she smirked with embarrassment."It's a stupid argument, huh? Don't mind me.It'd be awful if you ended up ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 5 thinking I was that kind of person," she said."Shall we change the subject? You know, I was actually in Japan all the way through high school. " "Really?" I was a little surprised.But if you thought about it, it was really no mystery."Which high school?" "Just your average prefectural school.It wasn't particularly well-known.I was in the girls' karate club back then.I didn't like it at all at the time, but in retrospect it was really fun. Gee, that takes me back.It's already been more than ten years… The skirts back then were this long.I didn't have the best grades, but I was good in math and English.That's why I ended up at an overseas university.My family was very against it, but I defied them.After all, don't they say 'if you

love someone, set them ablaze'?" Tidak. " "Anyway, it was like that, so in the end I cut myself off from my family and crossed over to America on my own. Saya t was a hell of a big move for someone like me back then. " And thus she ended up in the Seven Fools. Mungkin Cinderella was in this story, too. "So you do like math.I had a feeling. " "Well, you know, I don't dislike it.In high school I liked how there was always one concrete answer, no vague components, so math was all I did.I liked clear-cut things. Tapi in college, at the ER3 System, I came to realize that wasn't necessarily the case.It's just like shogi or chess.You just have to get a checkmate, but there are an infinite number of ways to get there.I felt as if I had been swindled or something. " "Like when a lover shows an unfamiliar side of themselves to you?" ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 6 She laughed as if to say, "A romantic idea, but not exactly. " "But I was also a little touched, you know.In my high school days, I always figured math wouldn't be of any use once I got into the real world, but in fact there really are cases where you have to use calculus and cubic equations and such. You use factorials in everyday life.I was definitely touched by that fact. " Saya mengerti." I nodded. I really did. She smiled in a satisfied way."Are you a math person, too? On average, men are much more likely to be mathematically inclined than women.Because of the way their brains work. " Apakah begitu? "Well, based on statistical data. " "Sounds like sexist data to me. " Besides, statistical evidence is pretty unreliable.If you roll a die one hundred times and it lands on six every single time, that doesn't necessarily mean it'll be a six the next time, too. saya told her this, but she protested. "If it lands on six one hundred times in a row, it's a die that only lands on six.It's too significant a difference to be written off as a coincidence or leaning odds.Male-female statistics are kind of like that, too, though.Hehehe, so you're a feminist. Or are you just being polite around me? Well, unfortunately I'm not a feminist.Listening to talk about expanding women's rights and women's liberation makes me sick to my stomach. saya mean, right? They're obviously spouting nonsense.Sure, it's a man's world, but it's not gender equality we need, it's equal opportunity to apply our abilities.Men and women are so different that you can practically call them genetically separate creatures.So I believe they have separate roles.Of course, ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 7 that rests on the major assumption that your role and what you want to do are

separate, and the minor assumption that if you have to choose between the two, what you want to do should come first.Ah, and maybe the medium-sized assumption that you can do what you want to do first. Tapi saying you can't do anything sounds like a convenient excuse to me. ” “There's also the factor of environment. ” “Environment, huh? But was there ever an age when women were forbidden from writing, or from sculpting? Regarding recent trends, I've become more inclined to sympathize with men.I feel as if they're closer to my own point of view, but also, until the modern day, the workplace was always exclusively man's domain, right? So it's no wonder they got angry when women wanted to butt in. ” “They were just righting a wrong.That's just tough luck for the men.” I wondered why I had to take the feminist stance. “Hmm,” she nodded.“Maybe you're right.I don't really tahu But I can understand why women get angry at men, too.Even though they're just carrying out their roles and we're just carrying out ours, they still act all big about it and put on airs.It's no wonder women get angry.Just so long as they don't try to mix me up into anything.I guess what I truly want is for feminists to just do it away from me.Whatever the case may be, women are inherently a boring breed. Seperti you men.Hmm, come to think of it, there were more men than women at ER3, too.Within the Seven Fools, five were men. ” “Increasing returns, huh?” “Eh?” She seemed taken aback.I'm afraid I don't know that word.What is it, some kind of dieting thing or something?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 8 “It means Beta lost to VHS. ” “Ah, you mean the bias that occurs in economics. Itu right, to return a once male-biased world to equilibrium, you'd have to go through quite a bit of hardship.Really, there wouldn't be any problems if men and women weren't always acting jealous of each other.But nobody gets it, do they? Dan yet they claim there's no difference between separation and discrimination. ” “You know, Akane-san, coming from you this all sounds convincing.I guess you must be going through 'quite a bit of hardship' yourself. ” “Never,” she said flatly.“I just make a little effort. ” It was a loaded statement. Suddenly I recalled something I had wanted to ask someone ever since I first learned of the Seven Fools' existence at ER3. “Say, who's the number one smartest person in the entire ER3 system?” In other words, who was the smartest person in the world? Akane-san answered with little deliberation. “Number two is Froilein Love. ” “And number one?” “Come on, kid,

you expect me to list everyone?” Hah. “Kidding, kidding.Hmm, to answer your question seriously, the person I respect the most, or in other words the person I place above myself and all others, is probably Assistant Professor Hewlett.He is number one for sure. ” Almost unspeakably accomplished, he was the single greatest mind of the last century, and probably this one as yah.The first and probably last man to master every subject ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 9 when he was still in his single digits.Granted special criminal immunity by the president, he used his superior intellect to serve the good of the nation. If Akane-san was like a god to me, Assistant Professor Hewlett was the very fabric of the universe. “If he had been a woman, he probably would've changed history,” she said, looking off into the distance.It was a curious look of admiration. “Sorry for the wait!” With expert timing, Hikari-san appeared, pushing a cart.On top of it sat my breakfast. Dengan experienced hands, she placed it in front of me, followed by a knife and fork on either side.“Please take your time,” she said with a bow and radiant smile, and then went off somewhere once more.It seemed she still had lots of work to do. Nine pieces of deep-fried risotto balls on lettuce.Fish soup, salad, and a sandwich made with Italian bread.Plus coffee. “That Sashirono-san is hot stuff, huh?” Akane-san muttered, eyeing my meal. Sashirono Yayoi. She ran the mansion's kitchen, but she wasn't an employee.Indeed, she was one of the geniuses who had been invited to the island.Having already been here for over a year, at this point she was the longest-running guest.There was no doubt that many of the elite visitors to the island had come in hopes of trying her cuisine. Officially, her specialty was Western cuisine, but she could just as skillfully do any other type, whether it be Chinese, Japanese, or what have you.She was a cooking master with whom no one in the culinary world wasn't familiar—or so went the tales about her.Personally, I was just as ignorant about cooking as I was about art and academics, so I had sadly ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 0 not even heard of Yayoi-san until visiting the island, but having the privilege to try her dishes three times a day plus between-meal snacks, even I came to know of her extraordinary culinary prowess. The typical image that accompanied a first name like “Yayoi” is either that of a stuck-up know-it-all or a short, spunky girl, but this Yayoi-san fit neither description, instead turning out to be a boisterous and lively woman

with short hair.With a polite manner about her, she was the unarrogant type, despite being called a genius.She was also probably the only down-to-earth person on the whole island besides me. Likewise, she was the second-most pleasant person to talk to. Incidentally, Hikari-san was first.Nah, I'm just babbling. Word had it that Yayoi-san possessed some power that allowed her to make any food better than any other cook, but just what was it? I was curious to know, but had yet to inquire.She spent most of the day in the kitchen (I think that's what you call a shut-in) so opportunities to speak with her were rare. I noticed that Akane-san was hungrily eyeing my risotto balls.After a moment of my refusing to speak up, she transferred her gaze to me.Something about her eyes was slightly different from before.Like those of a carnivore hunting wild game. “Have you ever heard that people originally didn't acknowledge any numbers past seven?” “Well, I…” Apparently, all numbers past seven were simply thought of as “a lot.” I had also heard in my program training that this was the fundamental reason why the “Fools” were limited to seven people. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 1 “Yeah, so just looking at things objectively, if your nine risotto balls turned into eight, I don't think it would be such a great loss. ” Dan? “You're a sharp guy, huh? A good match for a girl like Kunagisa. ” It's not like that between us. ” “Jangan mengubah topik pembicaraan.Are you trying to get me to kowtow to you? Baik.Sashirono-san's risotto balls are delicious, so gimme one.You happy?” I slid my plate to her without saying anything. Akane-san began to gleefully pop down the risotto balls, one after another.Before you knew it, they were all gone. Apparently by “one” she meant “one plate. ” Well, I was never one to eat a whole lot in the morning anyway.I was supposed to eat for Kunagisa, too, but it was awfully cruel of her to leave that to me. Switching channels, I made my way to the sandwich and salad.Not to be too generic, it was really good.If you said this was the only kind of food that was served at the island (and all of it free, no less), no genius would decline.Surprisingly, even Akane-san was evidently in that boat. “Now then, to get back to the subject you're so slyly avoiding,” she said, wiping her mouth with a napkin, “if it's 'not like that' between you two, just what is your relationship? If you were just friends, you wouldn't have come to this island together.You have school to worry about. ” Indeed, by coming to the island I had missed every day of class since the school entrance

ceremony.Incidentally, I also missed the entrance ceremony.In other words, well, yeah. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 2 “I met her before I was in the program.So there's a blank of five years. ” “Mmm, and when you got back she turned out to be a cyberterrorist, huh? That's a sordid little tale. ” Memang. I saw it coming even when we were thirteen years old. Nevertheless, reuniting with her after my five years of study abroad, I was honestly surprised at how little had changed from the old days.Anyone would be surprised to suddenly return to their early teens.Of course, that was just how things seemed.In reality, she had become much more human in terms of personality. Our relationship. Asked flat out, it was a tough question to answer. Kunagisa needed me—that much I knew.However, it didn't really have to be me.It would be extremely difficult to explain the circumstances that surrounded us.To do so, I'd have to explain a lot about Kunagisa herself, and I didn't especially want to do that. “Mmm,” Akane-san nodded. “I haven't talked with Kunagisa-chan all that much, but it seems to me she has too many shortcomings to go through everyday life… Hmm, I guess I shouldn't say shortcomings. It's not like she's defective.But her focus is just so skewed. Saya t reminds me of my friend whose kid is a savant. ” Savant—in French, it means a person with wisdom.I was aware that Kunagisa, too, used to be called a savant. saya probably knew too much about her. “So she probably really does need someone like you looking after her.There's no doubt about that.But I mean, how does that make you feel?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 3 I didn't have an answer. “It seems like you two have something of a codependent existence,” Akane-san continued. “Codependent existence?” She tilted her head as if to say, “Haven't you heard the word?” “It's a symptom of addiction that affects human relationships.Like, for example, let's say there's a recovering alcoholic who has a caretaker by his side.He needs that caretaker, and the caretaker devotedly looks after him. Tapi when that devotion goes to extremes, it's a sign of codependency.They get drunk on serving.You even see mild cases of it in romantic couples.Needless to say, it's not a good benda.You end up putting each other to waste.I'm not going to say you two are like that, but you might want to take care. ” Yakin. ” “Few things are as meaningless as prolonging a failed relationship.But still, I'm full of nothing but awe for Kunagisa-chan's talents.Even at ER3 they're

using software that she created.Er, 'they' created, rather.But certainly I never imagined I would meet her in a place like this. ” “Why are you on this island anyway?” It wasn't like the Seven Fools had the emptiest schedules in the world. “No real reason,” she said after a few moments' silence. Saya t was a strangely blunt response, and it bothered me a little. “But more important, even if you're not the best player, you at least know the rules to shogi and chess, right? Why don't we have a game while we reminisce a little more about ER3?” Yakin. ” A shogi challenge with one of the Seven Fools. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 4 Sounded interesting. “But not without looking.My memory is famously bad. ” Not the greatest reputation to have, if I do say so myself.“If we can change locations, I'm in. ” “I've got a board in my room.It was the first thing I bought when I got back to Japan.Hmm, I've actually got some work to do this morning.How's this afternoon?” “Sounds good… Ah wait, I can't.I've already got sesuatu. ” Oh? Meeting up with Kunagisa-chan or something, huh? Well, if that's the case, what can you do. ” “No, with Kanami-san. ” Boom Akane-san's expression grew unusually stern. Damn it, I'd forgotten.When I had first arrived on the island, Hikari-san had been kind enough to let me know that Akane-san and Kanami-san were on catastrophically bad terms, but because of my famously bad memory I had forgotten. Hmph.We're pals, so I'll give you a bit of advice. Kamu shouldn't hang around with someone with such a vulgar occupation.Lowering oneself like that is stupid, you know?” “Akane-san, you really hate Kanami-san, don't you?” Tidak.There's no reason for me to embrace any feelings of like or dislike toward that woman.But artists truly are a despicable race.Hmph, seriously!” She banged her hand on the table.“There's nothing I hate more than painters.They're the most inferior race in existence.Compared to them, thieves anti rapists look like Jesus.All they do is dab a little bit of paint on something with a little brush and they think they're ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 5 so damn great.A little red, a little blue, and poof, it's a 'masterpiece'! Hah! Anybody can do it!” It was as if she had turned into another person.It was such an abrupt transformation, it almost made you wonder if a painter had once stolen her research materials or something. “Ah, sorry,” she said, returning to her normal self upon noticing my stunned expression.“I guess I got carried away. Not that I'm going to take any of that back, but I know it's no fun listening to someone gripe

about someone else.I think I'm going to go cool off," she said, her words racing, then helped herself to the rest of my coffee and made for the door. Saya t seemed she was regretting losing her head like that. Bahkan jika she wasn't going to take it back. Once I was alone, I let out a sigh. Man, I had been nervous.I'm not that used to holding conversations with people in the first place, much less Sonoyama Akane of the ER3 Seven Fools.No sweat, right? Well, aside from that blunder at the very end, we were actually able to hold a much more natural conversation than I would've imagined, so I guess I should've been happy. Dan maybe, sometime in the next four days, I would get to have that game of shogi with her. I let out another sigh, but there was no time to snooze. Having finished breakfast, I decided to pay yet another visit to Kunagisa's room, but not a second later, Maki-san appeared in mid-yawn.Fully dressed in outdoor gear, which she complemented with a high ponytail, she looked very much like she had come to this island on vacation. "Ba baya baya baya baya bahhh," she hummed cheerfully as she strolled over and took a seat by me. Selamat pagi. " ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 6 Halo. " "No no no, you gotta say 'good morning' when you greet someone in the morning.Ah, wait, is it not still morning? You've been up since six, so it probably feels pretty late to you, wow.As for me, I have extraordinarily low blood pressure, so I can't be like you," she said with another big yawn.I gave the usual nod and "yup" combo.There was no point in asking how she knew when I woke up. I was once again nervous, this time in an entirely different way than when I was with Akane-san. Himena Maki-san. Of course she wasn't just here for the surfing.There was a solid reason for her being on this island. Maki-san's occupation was fortune-telling.Just as Kanamisan was a painting genius and Akane-san was an academic genius, Maki-san was known as a genius in the world of fortune-telling. Now that's a real talent, huh? I thought to myself. That aside, I wasn't a big fan of Maki-san. We had had a bad first impression of each other. "You're a fortune-teller? I've never met one of those before.So how does my fortune look?" It's not like I actually cared all that much about my fortune.I just figured that since she was a fortune-teller, it was the socially appropriate thing to say.Normally any person would be thrilled to have the conversation turn to their field of expertise.As Churchill once said, "I want to talk about what I know, but people only ask me about what I don't." I just didn't want to be

one of those “people. ” That's just an excuse though. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 7 But after hearing my question, Maki-san sneered, and said, “Well, give me your year, month, and date of birth; anda blood type; and the name of your favorite movie actor.” I answered, but all the while wondering what possible connection my favorite actor could have to my fortune, birthday and blood type aside.In any case, I had forgotten my blood type, and I didn't really know a lot of movie actors, for that matter, so I just made some answers up. “Okay, I see.Then, take this,” Maki-san said, producing a slip of paper from her pocket and handing it to me. Dan dengan that, she left. I opened the paper fortune and took a look.My date of birth along with the blood type and actor I had just given were inscribed on it in Mincho font. “You were tricking me, weren't you?” After that, I went to check with Kunagisa about it.“I figure it's some worn-out magic trick where the pocket has hidden slips of paper with random numbers written on them or something,” I said. “Mmm-mmm.” Kunagisa shook her head. Tidak mungkin. Bahwa might work for playing cards, but for something like this there would have to be too many.Plus, she would've had to look you up beforehand.It's not like she could've guessed you would lie about your blood type and favorite actor. ” And then Kunagisa gave me the Himena Maki lecture. Saya t seemed that although uneducated folks like myself hadn't heard of her, Maki-san had actually made quite a name for herself in the fortune-telling world.She didn't do those supposedly therapeutic horoscope-style “cold readings” like you see in magazines, but rather used her skills to advise ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 8 bigwig politicians and corporate clients, never making much of a spectacle of herself. Himena Maki, master fortune-teller. “Also known as a good self-promoter,” I commented. Kunagisa seemed to think of her that way, too. Her catchphrase for her: “The telepath who knows the past, the future, human beings, the world, and all inside it. ” “What's a telepath?” “She's super-powered,” she said aloofly.“She's got extrasensory perception. ” Hah? “ESP.Super abilities are divided into the two categories of ESP and PK.What Maki-chan's got is ESP.Retrocognition, precognition, and telepathy.In translation, retrocognition means she can see the past.Precognition means she knows the future.Telepathy means she can read your psyche. ” “Wait a sec, I don't follow. Pelan – pelan.Tomo, Maki-san is a fortune-teller, right?” “Occupationally, yes.Using her special

abilities. Itu saja. Being able to run fast isn't an occupation, right? But being an athlete is.Being good with your hands isn't an occupation, kanan? But being a craftsman is.Special abilities are just abilities, but fortune-telling is an occupation. ” “Ah…” I nodded.“So Maki-san…” Ya.She read your thoughts in advance, even before she asked you those questions.” She flashed a bright smile. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 4 9 “Superpowers, huh?” I muttered softly so as not to be heard by Maki-san, now sitting next to me in the dining room. saya recalled my conversation with Kunagisa.Her previous explanation had sounded somewhat convincing, to be sure, tapi… Now, sitting next to this sleepy-eyed, spacey woman, it was really hard to imagine she was a fortune-teller.She just seemed like some drowsy chick with low blood pressure. “I told you I'm a fortune-teller, but you seem to be dissatisfied,” she said, suddenly shifting her glance toward me. For some reason, she seemed to be picking on me a little ever since our first encounter.“Perhaps you'd like me to go walking around with a black hood and crystal ball.Should I speak to you in vague, cryptic terms about your impending doom? Kamu just take everything at face value, don't you?” “Aku pikir bukan itu masalahnya. ” “Yeah, I'll bet.I know all about it,” she replied, shaking her head.“Well, whatever.You don't matter anyway. ” “I don't matter?” Ya.You're the Japanese representative of things that don't matter. ” In other words, the most unimportant guy in Japan. Dulu a terrible thing to hear. “But I'll give you one piece of advice out of the kindness of my heart.Your impression of me is quite out of line. Dan that's not all.The ideas you hold about the residents of this island are all out of line.And that includes Kunagisa-chan. More important, it looks like you intentionally adjust all your beliefs when you're talking to other people.That's surely a ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 0 very comfortable way to live, but I wouldn't call it a wise one,” she rattled off at me as she let out another catlike yawn. For the last two days, I had gotten the same earful of gripes every time we met.And I couldn't say she was all that far off the mark, either.Her remarks were so accurate, I wondered if she really was using telepathy. I'll be honest: I found her really creepy. “Oh, I'm sorry for being creepy. ” With that said, she stormed off in the direction of the kitchen, presumably to get her breakfast. So as not to let this opportunity slip through my fingers, I immediately made my way out of the dining room and back to Kunagisa's room.As I

expected, she was still face-to-face with her workstation.It didn't seem right to be such a shut-in while also being a guest in another person's home, but I guess we just had different values. Kunagisa looked back at me. “Oooh, Ii-chan. Selamat datang kembali. Bagaimana itu? Did you run into anyone?” “Almost everyone.Today I've seen everyone except Teruko-san and Iria-san.Oh yeah, Yayoi-san, too. ” But having eaten her food, I felt as if I had met her. “Hmm, well, that's almost perfect. ” “What is?” “Your score in the Meeting Everyone on Wet Crow's Feather Island by Mid-Morning Contest. ” What a crappy-sounding contest. But anyway. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 1 There were currently twelve people on the island. Artis Ibuki Kanami-san, chef Sashirono Yayoi-san, Sonoyama Akane of the Seven Fools, fortune-teller Himena Maki-san, and engineer Kunagisa Tomo.Then there was Sakaki Shinya and myself, the tagalongs.Then there were the original residents of the island, starting with Akagami Iria, who owned the island and the mansion, plus head maid Handa Rei-san and the three all-purpose maids, Chiga Akari-san, Chiga Hikarisan, and Chiga Teruko-san.A total of twelve people. In an ordinary-sized house, things would've already gotten quite cramped, but in this oversized palace, there was still an excess of space. That's when I remembered. “Hey, Kunagisa.How long were you planning to be here lagi? “Another four days.So for a week, yeah?” “Shinya-san was asking me about something.” I explained to her what Shinya-san had talked to me about.The rumor about Iria-san's favorite jack-of-all-trades coming to town. Kunagisa, however, seemed uninterested, tuning out the majority of my story. “Is that really important? It's all really vague information, so it's hard to say.but I don't think we really need to meet orang ini.I didn't really come here to meet any geniuses, and I'm not really interested. ” “Well, yeah, but, hey, speaking of that, I've been meaning to ask for a while, why exactly did you come here? Jika kamu not interested in that kind of thing, what were you so interested in?” I couldn't figure why someone who hated leaving the house as much as Kunagisa did would accept an invitation like ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 2 ini She tilted her head a bit, and after a moment's pause said, “Eh, just 'cuz.” A nonanswer.“There's no particular reason, really.Or are you the type of guy who always needs there to be one for everything?” I shrugged. Tidak mungkin. “As long as there's a network, it doesn't really matter where I am.Home is the best in the

end, though,” she said in spite of still being on vacation. Yah, terserahlah.She was just being her usual whimsical self.I didn't particularly mind, and it wasn't like I was supposed to, either.I sprawled myself out on the pure white carpet and stared up at the chandelier on the ceiling.Man, what an unrealistic scene.Then again, if you asked me what would be a realistic scene, I wouldn't know what to say. Kunagisa looked at me sprawled on the floor.“Ii-chan, I don't suppose you're bored?” “I'm bored with life. ” “Y'know, that's really unattractive. ” Hah. She laid it right out for me. “If you're free, why not read a book? I brought a few. ” “A book, huh? Whatcha got?” “Um, a Japanese-English dictionary, the Statute Books, and a modern Japanese dictionary. ” “Man, bring that stuff in digital form. ” Who has fun reading that kind of stuff? Oh benar She does. Half giving up and half fed up, I rolled over. Hah? Ii-chan, your watch is broken, isn't it?” Eh? ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 3 I took a look at my watch. Betul.Come to think of it, I had meant to ask her to fix it.After running into so many people this morning, I'd forgotten all about it. “Lemme see.I'll fix it for you. ” Di sini.Maybe the battery's dead. ” “Hmm…” She held the watch up to the light.“Nope, something else is wrong.Did you bump it into something hard? Anyway, I think it'll be a quick fix.But you know, wristwatches have become sort of an anachronism these days. Most people just get by with their cell phone. Hah? Berbicara of which, where's yours?” “I left it at home. ” “You should bring it.That's what makes it a mobile phone. ” “But what if I dropped it?” “Well, I guess, but—” “And it would be out of service here anyway.It would take a phone like yours to get any signal here. ” Kunagisa uses a phone that receives signals from relay satellites anywhere in the world.Even on a deserted island in the middle of nowhere, her phone didn't know the meaning of the phrase “out of service. ” Of course, it didn't come cheap.It was a terrible waste of money for an antisocialite like Kunagisa, but she wasn't the type to give much thought to such matters. “Hmm, maybe so.Well, it's not like being an anachronism is a bad thing. ” She narrowed her big eyes and placed my watch next to the computer rack. Just then there was a knock at the door.Kunagisa showed no response whatsoever, so I had no choice but to open it ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 4 myself.The visitor was none other than Hikari-san, cleaning supplies in tow. Halo.Thanks so much.” I invited her in. “Yo, Hikari-chan, ciaooo!” Kunagisa

welcomed her with a full-faced grin.Hikari-san responded in likewise fashion. Untuk some reason these two girls were strangely friendly with each other.They just plain got along.It's a rare thing for someone to be able to become so friendly with Kunagisa in such a short period of time, so I couldn't help but be a little surprised. “What are you up to, Tomo-san?” “I'm making some game software right now.I'm creating an application that converts text to music.I figured I'd give it to Iria-san as a memento of my visit. ” “What kind of game is that?” I said. “Well, shall I explain? Okay, um, okay, so, Ii-chan, what's the longest book you've ever read?” “I quit halfway through The Tale of Genji and Don Quixote, so… Tolstoy's War and Peace.Man, that was long. ” Baik.So let's say you converted that whole book into a text document, whether by using a scanner or by typing it all by hand.Then you do a digital-to-analog conversion, like where 'i' is 'do,' 'ro' is 're,' 'ha' is 'me,' and so on.If you do that, you end up with the 'War and Peace Song.' For that much text, it would probably come out to around… an hour, maybe? Of course, in reality it's more complicated than that. The code conversions and sessions and everything have to be wholly consistent.But still, it turns books into music. Kedengarannya fun, right?” “Well, definitely sounds interesting, anyway. Apa programming language are you using? VB? C?” “Machine language. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 5 An extremely basic-level coding language.I didn't think anybody used that kind of language these days. “Man, it's like you can communicate with the machine like it's just some close buddy of yours. ” “Heh heh heh.” she laughed, just a little boastfully. Seemingly even more ignorant than I about computers, Hikari-san wore an inscrutable expression, not revealing whether she was following the conversation, and said nothing more than “Wow. ” “Seriously,” I said.“But what's actually fun about this game? I guess I don't really get it. ” “Making it is fun. ” It was a solid reason.I couldn't object. Hikari-san listened with apparent interest, but then seemed to remember something. Oh, benar.” She turned to me. “Would it be all right if I cleaned your room later on? saya stopped by the storeroom a little earlier, but you were out. ” “Sure, no problem. ” I sure didn't know what cleaning there was to be done in that room, though.Hikari-san politely thanked me and resumed cleaning Kunagisa's room. After a single sweep of the room, she stopped and crouched to the floor with a sigh. Saya minta maaf.I'm just… a little exhausted. ” “Why not take a break?” “No,

I'll be fine.Rei-san would get mad anyway.I've said it before, but she's so strict.I'll be fine. Saya bersemangat.That's my one positive trait. Saya baik-baik saja.Please forgive me for causing you concern," she said firmly, then exited the room. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 6 Aku menghela nafas."Sure seems to have it tough.Maybe it's just my assumption, but seeing her like that, it seems as if she's bearing an awfully big load on her own. " "Do you feel a little like you're watching yourself?" "It's not like that, but y'know, I do feel a bit of sympathy for her." She did seem to be miserable, after all.Rei-san and Akari-san seemed to have a distinct division in their heads that this was just "work," but Hikari-san didn't seem to be able to mentally process it that way.It was like the concept of work hadn't been figured into her internal "circuit." Perhaps there were circumstances surrounding that. As for the other maid, Teruko-san, I wasn't sure what she was thinking, so I couldn't comment. "Everybody's suffering through something, Ii-chan," Kunagisa said knowingly."Everybody knows hardship, or even if they don't, they're at least exerting effort somewhere. Hikari-san, your pal Nao-kun, Akane-chan—everyone. Jika there's anyone who lives without suffering or exerting effort, it's probably me. " After having lunch, I headed for the atelier as promised. Kunagisa claimed, as usual, not to be hungry and headed to bed shortly after noon.She was a chronically sleep-deprived little techie. "Wake me for din-din, please.I hafta see Iria-chan and stuff," she said. I knocked on the atelier door, waited for a response, then turned the knob. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 7 The floors were uncarpeted hardwood.In some ways it reminded me of the art room in my elementary school, except of course that this room wasn't lined with scarred-up desks and there weren't any fake-looking plaster sculptures. Saya t wasn't as big either.The total area of the atelier was probably around half the size of the room Kunagisa was staying in. Selamat datang.Take a seat over there," Kanami-san said, after briefly staring at me in cold silence.Shinya-san must have been in his room or someplace, as Kanami-san was the only person there.I walked past a shelf containing paint and paint supplies and took a seat as told. I faced Kanami-san."Thanks for doing this. " I couldn't deny that she was a pretty woman.With blond hair and blue eyes, she was like one of those "well-bred young ladies" you see in old films.An intellectual, at that.And even more, she had artistic talent.It was like she had God's favor. No, maybe I can't say

that. She had bad legs, and until a few years ago, she couldn't even see.I guess it would be pretty damn low of me in all my able-bodied good fortune to gripe.But on the other hand, Kanami-san herself didn't seem to view her condition as a handicap or disability. “God is fair.If I had been able-bodied, it would've conversely been unfair to ordinary people.” “Legs are just a decoration.” “Even when I gained my eyesight, my world didn't really change.The world looked just as I'd thought. Natural selection and fate have unusually bad taste. ” All of these are quotes from Kanami-san's art books. Kanami-san sat in a round, wooden chair just like the one I was sitting in.She was in a dress, so it looked mildly uncomfortable, I noticed. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 8 “Kanami-san, is that what you wear when you're painting?” “Are you doubting my fashion sense?” Her face grew subtly more stern.It seemed that this was no joke.She was actually miffed.I scrambled to weasel my way out. “No no, I didn't mean that.I was just thinking your clothes might get dirty. ” “I don't go and change my clothes every time I paint sesuatu.Up to now, I've never dirtied my clothes even once while painting. Saya bukan seorang idiot. ” Oh begitu. ” I guess it was like being an expert calligrapher. Di retrospect, getting paint on your clothes is probably a pretty amateur blunder.To Kanami-san, one of the top artists in the entire world, the mere suggestion was probably rude. I shrugged. “But is it really okay painting someone like me?” “What's that supposed to mean?” she snapped with the same stern expression.She seemed to be in a pretty awful mood.Or no, maybe this was her default setting. “Er, no, it's just that, won't it decrease your worth as an artist?” Like, for example, it was probably safe to say that Kunagisa had technological skill like no one else in the world. Namun, she only ever used that technology for fun, so the number of people who actually acknowledged her as amazing and brilliant was extremely small. “Authority comes from results.Not doing and not being able to do are the same thing. ” Apparently that was Kunagisa's case. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 5 9 I figured it was the same with painters.If you just choose your subjects randomly and mess around all the time, it's hard to get other people to acknowledge your worth as an artist. But Kanami-san renounced my ideas. “Didn't I just tell you I'm not an idiot? Do you have a brain at all? I don't go around choosing subjects.You know, if you keep your mouth shut, people won't see how stupid you are, so why don't you do just that?” My heart sank.

“I just… I hate that kind of thinking.It makes me want to puke.'Oh, there were no good subjects to paint.' 'My model was no good.' 'The environment was all wrong.' 'That's not the kind of subject I should be painting.' And it's not just with painters either.Even you know people who say obnoxiously egotistical things like 'Oh, this isn't what I want to do' or 'Oh, I don't know what I want to do,' right?” “Yeah, I do. ” Yeah, myself. “For god's sakes,” she sighed.“I hate people who bitch about what they want and don't want to do, putting their own ineptitude on a pedestal.I want to tell them to stop living like pricks.I don't mean they should all die, but they should be more humble.Just paint anything and stop whining all the waktu I don't care if it's some boring jerk or a pile of bug guts. I'd turn it into gorgeous art. ” Regardless of how sweet and pretty she looked, she sure was full of herself.She was so uncompromising that she didn't even forgive others who compromised. Being compared to a pile of bug guts wasn't my favorite thing in the world, but if she could paint that, surely she could ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 6 0 paint me.It seemed that making any further thoughtful comments would just end badly, so I decided to stay quiet. I noticed that behind Kanami-san was a canvas. Sebuah underangle view of the cherry blossom tree was drawn on it in pencil.The one she had been looking at this morning with Shinya-san. It was so precisely drawn, it was like a monochrome photograph.With about ten million pixels.No, that's dumb. There was no need to cheapen such an intricate drawing with that kind of metaphor. I pointed to the picture.“When did you draw that?” “This morning.Got a problem?” It was early morning when she was observing the tree. Bahwa was about five hours earlier.In other words, she had drawn this amazingly detailed picture in a mere five hours. SEBUAH drawing like this should've taken at least a week to complete. Without thinking, I shot her a skeptical expression. Dia grimaced back at me audaciously. “Only idiots spend three or four months doing something you can finish in a week.Idiots or lazy people.And since I'm neither, I did this picture in three hours.It doesn't take me any longer than that. ” Hah. Being the pure embodiment of laziness myself, this was painful to hear.It stung.I wished Kunagisa could've heard it, too. Kanan? Even you have to agree a little, too, right?” she said in a cruel tone, demanding my concurrence.I couldn't help but feel as if she were attacking me with a direct insult.And I doubt that was just a false impression.

ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 6 1 “Uh, no, well, I mean… yeah.Er, but anyway, you're really bagus ” “Yeah, sure,” she answered, completely uninterested in my generic praise.It really was an exceedingly bland comment for me to make, in retrospect.You're really good.It sounds like something a five-year-old would say. “Uh, so, Kanami-san, you do detail pictures?” “I do all kinds of pictures.Didn't you know?” Oh yeah, I'd put my toot in my mouth again.The woman before my eyes was Ibuki Kanami-san, the woman artist who denied having any style and took no stance.Whether it be detailed or abstract, there was no picture she couldn't or wouldn't paint. She squinted just one eye at me.“I don't get hung up on one style.It's not a rule set in stone, but getting too hung up is just plain crazy.It's nuts.If there's one thing in life I want to do as I please, it's painting. ” “You may be right, huh?” Unable to argue or concur, I settled with a simple nod.Perhaps able to see through me, she returned my nod with a contemptuous sneer. “Hey, have you ever seen my art?” “Well, a few times in some of your art books.But owing to my ignorance, this is the first time I've seen it directly. ” “Hmm, and what did you think of it? Not the art book stuff, but that cherry blossom one. ” To me, Kanami-san's question was a bit of a surprise. saya never figured that so-called geniuses cared much about other people's opinions of them.Starting with Sonoyama Akanesan, none of the people at ER3, including that deplorable group of study-abroad participants, had any vanity or desire ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 6 2 for glory, and nobody cared about how they looked in other people's eyes. “I know my worth better than anyone else does. Bukan saya need to sit here and be evaluated by a bunch of brainless slackers.” This was their unanimous way of thinking. Mungkin why I wasn't a big fan of theirs. “Um,” I said, groping for an answer, “well, it's a very pretty picture. ” “A pretty picture, huh?” she repeated my line.“You know, there's no need to try and flatter me. Saya tidak akan marah. ” “Well, it's just that I don't really have much judgment or a critical eye for this kind of thing.But yeah, I think it's a pretty picture. ” “Hmm… pretty?” She wore an utterly disappointed expression as she stared at her canvas.She muttered something to herself. “Pretty… prettyprettypretty.That's not the kind of compliment you give to art. ” Eh? “Hmm, you don't get it, huh? Damn, I really don't want to do this. Sayang sekali. ” She let out a heavy sigh, hunched over a bit, and picked up the canvas. She lifted it up over her

head… …and smashed it into the hardwood floor. The sound of splintering wood. Of course, it wasn't the floor that had broken. “Hey, wh-what are you doing?” “As you can see, I'm disposing of my screwup.Ah, why did it have to come to this?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 6 3 That decidedly should've been my line.She stared down at the shattered remains of her canvas, a sorrowful expression on her face, and let out another sigh. “Geez, it looked like it would've been worth about twenty million one day. ” “Twenty million yen?” “Twenty million dollars. ” Different unit. “Of course, we're talking about several decades later. ” “Artists can be pretty reckless sometimes, huh?” I couldn't help but feel guilty that my crappy comments had invited this disaster. “You shouldn't feel like you did something wrong. Ini adalah my responsibility.I'm not the kind of imbecile who pushes her own responsibilities onto other people. ” “But I'm just an amateur.You didn't have to do something like that based on the opinion of an amateur. ” “It's not art if you get to pick who looks at it,” she insisted. Jadi begitulah adanya. I could understand that. Her words and her manner were filled to the brim with spitefulness, but to be sure, this woman was an artist to the bone. “But it was so realistic, it was just like a photograph. ” “That's not a compliment either, you know.Listen, if you have a habit of complimenting people by saying 'it's just like blah blah blah,' I think you'd better quit it.It's really an insult of the highest order.If you absolutely have to box everything into a style, though, I guess there's no hope.” She turned back toward me.“I suppose I can understand why you say it was ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 6 4 like a photograph, though.After all, photographs originally spawned from drawings. ” “Is that right?” Ya.You didn't know?” She raised an eyebrow at me. It seemed saying, “You didn't know?” was her habit. “The person who invented daguerreotype photography was a 'factual artist.' Apparently the study of perspective is related to the invention of the camera.You've heard of the camera obscura, right?” Heard of it, yes.The so-called dark chamber. Itu phenomenon where if you make a hole in one spot on the wall of a pitch-black room, the outside scenery will project onto the opposite wall.It was quite an old technology, dating back to the days of the Roman Empire, and even having been mentioned by Aristotle.Supposedly it was the origin of the camera. “It was just one invention used to create accurate images. The main idea behind perspective is to 'show things the way they really look.' That's how

the French artist Courbet put it. He also made such realist remarks as 'I've never seen an angel, so why would I paint one?' It goes against my philosophy, though.If you get a kid to draw something, it never has any perspective or depth, right? Everything's just displayed in the foreground.The size of objects is also chosen at whim, so for example a house and a person are the same size, or the most important thing is drawn the biggest.In other words, what they're putting on the canvas isn't what the objects look like, it's how the objects feel.If you believe that drawing pictures is a form of personal expression, then I think that's the correct way to do it.If you think about it like that, a drawing that looks just like a photograph isn't a good drawing at all, is it?" ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 6 5 "Wow" As soon as she had broken out the professional lingo, I lost my grip on what she was talking about.And with all her chitchat she hadn't even started setting up to paint.When was she planning to get started already? "Though truth be told, photographs aren't such an accurate representation of reality either.If you edit a photograph well, it's not hard to fool people.Maybe they're not so different from paintings, in the sense that they're both selective. " "Uh, Kanami-san, were you going to draw me?" "Right now I'm memorizing. " Just as I thought I was about to be called incompetent again, she spoke to me with unexpected gentleness. "Maybe you didn't know? I'm the type who has to do her work alone.When I'm with other people my focus goes wacko. " She sounded like Leonardo da Vinci.Artists who don't look and paint at the same time weren't the kind of thing you heard about every day, but they weren't the most uncommon thing in the world either, so I wasn't particularly surprised. "So when I do portraits, I just have to rely on my memory. " Kamu bisa melakukannya? "To me, memory and perception are synonymous. " Now she sounded like Hannibal the Cannibal. "Let's just stay and talk like this for the next two hours. Then I'll start painting after you leave.Ah, after I redo this cherry blossom picture, that is.I want to turn it into something at least you can comprehend.For your painting, I'll need to put down two layers of color, so it'll take a little while to draw.I should be able to give it to you tomorrow morning. " "You'll give it to me?" ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 6 6 Yakin.I don't need that kind of painting.I have no interest in paintings that are finished.I'll sign it, so if you sell it you

should be able to make something decent.Of course you could always destroy it if you don't like it, but that seems like a bit of a waste.It should be worth about fifty million. ” What a materialistic conversation. Mendesah. “Hey, by the way, I hear you're on bad terms with Akanesan, is that right?” Betul.Or really, it's sort of a one-sided hatred on her part.As an individual, as a scholar, as a researcher, as a member of the ER3 Seven Fools, I personally have nothing but goodwill and respect for Sonoyama Akane, but…” “But? Maksudnya apa? She gave a little smirk.“As for 'just plain' Sonoyama Akane, I despise her. ” Dua jam kemudian. After leaving Kanami-san's atelier, I headed for Kunagisa's kamar.She was in bed, but evidently she had awoken at some point and fixed my watch.In a world-class prank, she had changed the digital face so that the numbers were displayed backward, but at least it seemed to be working, so I stuck it on my left arm, patted the sleeping Kunagisa on the head, said thanks, and headed to Akane-san's room. “Play me,” she challenged, and then said with a delighted smile, “I'll give myself a bigger handicap. ” With that, she lined her side of the shogi board with chess pieces. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 6 7 “It's a Japanese-Western compromise. ” “Kinda like two different martial arts styles, huh?” Handicap notwithstanding, I was thoroughly trounced. Seven times in a row.

ZAREGOTO: SIKLUS KUBIKIRI ■■■ 6 9 Jika Anda membutakan diri terhadap fakta bahwa pendapat Anda sepenuhnya salah, Anda pada dasarnya benar. Aku menggagalkan bangun tidur Kunagisa, memaksanya cuci wajahnya, dan ikat rambutnya dengan kuncir untuknya. Kemudian dengan dia masih setengah tidur, dan aku setengah menggendongnya, kami menuju ke ruang makan, di mana semua orang dari rumah itu sudah berkumpul. Meja bundar, dua kursi kosong. Saya membantu Kunagisa ke kursinya dan kemudian duduk di sebelahnya dia. Ketika saya duduk di kursi saya, saya melihat sekeliling dengan cepat meja di setiap orang. Dari dua belas orang yang hadir, yang paling menarik perhatian orang — dan saya tidak yakin apakah ini berjalan atau tidak mengatakan – tidak lain adalah nyonya rumah, Akagami Iria-san. Konsep kecantikan sepenuhnya subjektif, bervariasi dari satu orang ke orang lain, sehingga bisa dikatakan Iria-san adalah cantik mungkin tidak ada gunanya. Jika saya katakan dia cantik, itu hanya sesuatu yang

secara pribadi aku rasakan dan tidak ada lagi. Selain itu, Akari-san pelayan itu jauh lebih tinggi gang saya, selama kita berbicara tentang preferensi pribadi. Eh, tapi tidak ada yang penting. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 7 0 Serius. Untuk memberikan sesuatu yang lebih objektif, Akagami Iria adalah seorang wanita berkelas. Dia mengenakan rambut hitamnya yang cantik dalam gulungan, ditambah dengan gaun yang terlihat mahal. Dia sebenarnya Agak tidak cocok, tapi sifatnya yang berlebihan lebih dari sekadar dibuat untuk itu. Dia sepertinya seusia denganku, masih berusia dua puluhan, tetapi laki-laki, didikan dan garis keturunan benar-benar melakukannya memiliki efeknya pada orang. Tentu saja, selalu ada yang lain faktor juga, tetapi hal-hal itu penting untuk pasti. Itu selalu begitu. Akagami Iria. Cucu domba hitam dari Akagami Yayasan. “Baiklah, sekarang Kunagisa-san ada di sini, akankah kita dimulai dengan bagian terbaik dari hari itu? Dia meletakkan tangannya bersama seperti anak kecil. “Chow down. “Sepertinya dia cukup tidak dewasa secara emosional. Mungkin aman untuk mengatakannya bukan orang yang paling duniawi di luar sana, tapi itu mungkin sama baiknya untuknya. Kebetulan, pulau ini, tempat orang kebanyakan bebas melakukan apa yang mereka inginkan, memiliki satu aturan: “Kita semua makan malam bersama. “Itu aturan sederhana yang seharusnya tidak sulit bagi siapa saja untuk mengikuti, tetapi memang, beberapa yang disebut para genius gagal melakukannya dan akhirnya meninggalkan pulau itu. Ada banyak kesamaan antara seorang genius dan seseorang tanpa akal sehat atau kesopanan. Iria-san duduk dengan dua pelayan di kedua sisinya. Pada dia yang tersisa adalah Teruko-san dan Rei-san. Di sebelah kanannya, Akari-san dan Hikari-san. Tidak ada cara untuk membedakan antara Akarisan dan Hikari-san, jadi aku tidak tahu yang mana. Secara teori orang akan bisa membedakan mereka ZAREGOTO: SIKLUS KUBIKIRI ■■■ 7 1 ekspresi wajah dan gerak tubuh mereka dan semacamnya, tetapi untuk tipe nonobservant seperti saya, itu tantangan. Kunagisa tampaknya bisa membedakan antara keduanya (yang dulu tidak ada misteri, karena itu adalah Kunagisa), tetapi tergantung pada dalam percakapan itu, dia sepertinya kesulitan membedakan siapa itu Iria-san. Sepertinya tidak ada yang keberatan. Nah, sekarang semua orang mengangkat kacamatamu.tepuk tangan! Katanya hampir seperti bernyanyi, gelasnya terangkat tinggi di udara. Semua orang yang lain,

termasuk saya, juga melakukan hal yang sama. Tapi itu membosankan menyebutkan bahwa gelasku dan gelas Kunagisa dipenuhi bukan dengan anggur, tapi dengan jus. Bagaimanapun, kami masih di bawah umur. Sejumlah hidangan diletakkan dengan indah di sekeliling meja. Mereka adalah mahakarya kebanggaan chef yang luar biasa Sashirono Yayoi. Saya akan mulai dengan hidangan terdekat saya dan masuk pesanan itu: Panggang domba mahkota, sup ubi jalar berbasis cappuccino, foie gras terrine dengan truffle gnocchi, kerang biru kukus, Belut Belgia direbus dalam saus hijau, acar herring, paus sashimi daging, saus ravioli tertutup, daging burung unta carpaccio, salad buah, salad kentang dengan telur, dan, akhirnya, tumis dengan minyak jamur. Yup, saya tidak tahu apa-apa. Mungkin karena Yayoi-san telah menciptakan setiap hidangan khusus untuk memenuhi selera masing-masing tamu, bahkan setelah mendengar nama-nama itu, saya tidak tahu apa yang saya makan. Tapi itu tidak penting. Ini tidak seperti nama yang memiliki nama itu Mendalam pengaruh pada hal itu sendiri. Kupikir. Setelah semua ini, ada juga makanan penutup. Jika kamu memikirkannya, itu benar-benar jumlah makanan yang banyak. Dan ZAREGOTO: SIKLUS KUBIKIRI ■■■ 7 2 dengan Yayoi menjadi maestro kuliner dia, makanannya sangat lezat sampai-sampai saya sama sekali mengabaikan menonton saya berat badan. Memang, Yayoi-san rupanya memperhitungkan itu dia memasak. “Setelah memperhitungkan nilai gizi, tetap saja ini luar biasa. Dia benar-benar jenius, ”aku bergumam pada diriku sendiri dari beberapa kali. Ngomong-ngomong, aku sudah bicara sedikit dengan Yayoi-san makan siang Ketika saya pergi ke ruang makan, dia kebetulan satu-satunya orang di sekitar, jadi saya menggunakan kesempatan itu menanyakan tentang rumor populer tentang dia. Dengan kata lain, apa kekuatan rahasia ini yang memungkinkan dia membuat hidangan lebih baik dari koki lainnya? Itu pertanyaannya. Setelah mendengarnya, Yayoi-san menyeringai ingin tahu. “Aku takut kenyataan tidak cukup sesuai dengan legenda. Tidak seperti Himena-san, aku tidak punya kekuatan super liar apa pun. Pada dasarnya, itu hanya upaya dan disiplin. ” Sangat? Yah, kurasa aku bisa membayangkan apa yang mungkin telah dimulai rumor seperti itu. Indera pengecap dan penciuman saya sedikit, yah, a jauh lebih kuat dari rata-rata orang. ” Dia menjentikkan lidahnya. Untuk memberikan contoh anekdotal, ah, oke, seperti Helen Keller. Dia buta, tetapi mereka mengatakan dia bisa membedakan orang hanya

dengan baunya. Saya seorang sedikit seperti itu. Indera penciuman saya tidak begitu menakjubkan, tapi, misalnya. Dia meraih lenganku dan, tanpa peringatan, menjilat telapak tangannya tangan saya. Saya tidak akan pernah bermimpi hal-hal akan terjadi berakhir seperti ini, dan aku hampir mengeluarkan teriakan entah bagaimana saya berhasil menekannya. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 7 3 Dengan lidahnya masih keluar, dia menyeringai Einstein. “Kamu memiliki golongan darah AB, bukan?” Katanya. Negatif, kanan? Diberitahu begitu, terlintas di benak saya bahwa ia benar. SEBUAH Dokter kesehatan masyarakat pernah mengatakan kepada saya, “Anda memiliki yang luar biasa golongan darah langka. Jadi Yayoi-san benar, tapi. Kamu benar-benar bisa mengatakan semua itu hanya dengan menjilati kulitku? “Yah, dengan menjilati keringatmu, untuk lebih spesifik. Lidah saya bisa membedakan antara sekitar dua puluh ribu rasa, membaginya menjadi dua puluh tingkat intensitas. Rasa saya baunya mungkin sekitar setengah yang baik, kurasa. Dia miring kepalanya berpikir. Itu adalah perilaku yang lucu. Aku tidak pintar seperti Sonoyama-san; Aku buruk dalam seni, tidak seperti Ibuki-san; Saya tidak terlalu ahli dengan mesin seperti Kunagisa-san; saya tentu saja tidak memiliki kekuatan khusus seperti Himena-san; dan tidak banyak hal lain yang saya bisa kuasai, tetapi saya baru saja melakukannya satu hadiah kuat sejak saya masih kecil. Saya pikir menjadi koki itu satu-satunya cara untuk memanfaatkannya. ” Selera sempurna, mereka menyebutnya. Ini seperti versi rasa pitch yang sempurna, kecuali sempurna rasa bukanlah sesuatu yang bisa Anda peroleh dengan pelatihan. Di lain kata-kata, Sashirono Yayoi-san, untuk keluar dan mengatakannya, salah satu dari sedikit yang beruntung dipilih oleh Dewa. Di antara yang sangat terampil, ada dua jenis orang: mereka yang terpilih, dan mereka yang memilih sendiri — mereka yang dilahirkan dengan itu, dan mereka yang bekerja untuk itu. Tentu saja, Yayoi-san punya Disiplin dan usaha, tapi dia jelas tipe yang pertama. Jadi jalur koki bukanlah sesuatu yang dia miliki terpilih. Dia dilahirkan dengan karunia ini, dan karena alasan itu telah pergi untuk belajar keahlian memasak, perjalanan ke Barat, dan poles bakat bawaannya lebih jauh. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 7 4 Ide rasa akhirnya berasal dari masing-masing individu kemampuan menilai selera. Seberapa baik seseorang dapat memanfaatkan dan mengambil manfaatkan rasa seolah-olah itu milik mereka sendiri — itu sebagian besar terhubung dengan

keterampilan seseorang sebagai juru masak, dan tercermin dengan baik Masakan Yayoi-san sendiri. Ya, itu adalah logika yang telah dipotong, tetapi itu tidak berarti secara praktis. Singkatnya, masakan Yayoi-san sangat bagus. Jika Anda menganggap meja bundar sebagai jam dengan Iria-san duduk jam dua belas, lalu Sashirono Yayoi-san berada di jam tiga di sebelah Teruko-san dan Rei-san. Pukul empat adalah Sakaki Shinya-san. Seperti yang akan Anda lakukan harapkan dari orang yang telah lama dipekerjakan sebagai Pengurus Kanami-san, dia tidak terlihat sedikit pun terintimidasi, dan sebenarnya tampak agak megah. Kemudian di sebelahnya duduk Ibuki Kanami-san pada jam lima posisi. Di belakangnya ada kursi rodanya, yang kemungkinan besar dia miliki dulu datang ke ruang makan. Dia tampaknya tidak berada di a terutama suasana hati yang buruk, tetapi dia tidak terlihat sangat ceria antara. Jam enam adalah Kunagisa. Ini berarti dia sedang duduk tepat di seberang nyonya rumah, Akagami Iriasan. Itu lebih dari cukup untuk membuatku gugup, tetapi benar-benar tidak masalah; untuk Kunagisa, kata gugup tidak bahkan ada dalam bahasa Jepang. Kemudian di kursi beruntung nomor tujuh duduk sendiri. Di sebelah saya pada jam delapan duduk Sonoyama Akane-san dari Tujuh Bodoh. Dia benar-benar tenggelam dalam melahap masakan Yayoi-san. makannya jauh lebih tinggi daripada Anda mungkin berharap. Tentu saja, dia adalah manusia sebelumnya dia seorang sarjana — apakah dia akan mengakuinya atau tidak ZAREGOTO: SIKLUS KUBIKIRI ■■■ 7 5 dirinya sendiri — dan Anda tidak bisa hidup jika Anda tidak makan, tetapi bahkan jika Anda mengabaikan itu, dia adalah pemakan serius. Bahkan saya merasa puas hanya mengawasinya makan. Bagiku Yayoi-san sepertinya sangat bangga melihat dia melahap makanannya dengan gembira. Di sebelah Akane-san pada pukul sembilan, duduk meramal master, yang memiliki kekuatan super ESP, Himena Maki-san. Di beberapa titik dia rupanya berganti pakaian, dan sekarang dihiasi dengan cara yang sama sekali berbeda dari pagi ini. Dia mengenakan kemeja bergaris-garis halter dengan kardigan merah muda pucat dan celana dipotong berpotongan domba. Rambutnya kembar kuncir kuda. Mungkin karena dia memperhatikan saya memandangnya, dia balas menatapku dengan cibiran aneh yang aneh dan tenggelam giginya menjadi domba panggang. Itu adalah ungkapan yang mengatakan, Aku tahu segalanya, tapi aku tidak mengatakan apa-apa, dan itu membuatnya saya sama sekali tidak

nyaman. Tidak pernah berakhir. Pukul sepuluh dan sebelas duduk Akari-san dan Hikari-san. Teruko-san benar-benar diam dan sebagian besar tanpa ekspresi. Dia hanya menempatkan makanan di mulutnya seperti itu adalah mekanik proses. Bagi seseorang untuk dapat makan makanan ini tanpa semacam reaksi, itu membuat Anda bertanya-tanya apakah dia punya perasaan rasa. Dalam menghadapi suasana kemudaan tiga saudara perempuan, Reisan, Sebaliknya, memiliki penampilan yang matang, karir yang tegang wanita. Saya tidak mendengar dia banyak bicara, tetapi menilai darinya Penampilannya, dia sepertinya tipe yang ketat, dan aku telah mendengar cerita-cerita hikari Hikari-san yang menguatkan beberapa kali oleh sekarang. Jadi begitulah. Itu semua dua belas orang. Nomor keberuntungan? Dengan wajah seperti ini? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 7 6 Hanya mengoceh lagi. Makna macam apa yang ada dalam banyak hal seperti itu? Jelas sekali saya berdiri di sini. Anda bisa bahkan panggil aku domba hitam. Kemudian lagi, tidak pernah ada menjadi tempat di mana saya tidak menonjol. Bukan Kobe, bukan Houston, bukan Kyoto, dan bahkan di pulau ini. Di dunia yang luas ini, hanya ada satu aku. Eh, terserahlah. Saya suka kesepian. Tidak ada gertakan Bahkan jika saya menggertak. Oh, omong-omong, jika aku bisa mengubah topik pembicaraan.kata Iria-san, membawa percakapan individu yang telah berkembang hingga sekarang berhenti segera. Kekuatan untuk mengarahkan meja percakapan ada di tangan Iria-san sendirian. Itu egois hak istimewa yang sesuai dengan seorang gadis kelas atas. Dia melanjutkan, mengangkat suaranya. “Sepertinya sudah ada rumor yang beredar, jadi aku akan melakukannya maju dan buat pengumuman. Ini tentang selanjutnya tamu. Jenius terbaru yang menghiasi rumah ini. ” Semua mata tertuju pada Iria-san. Ya, semua kecuali untuk Kunagisa, yang terus memakan daging ikan paus. Untuk sengaja mencoba dan menangkap perhatian gadis itu adalah tugas yang cukup sulit. “Saya ingin menekankan bahwa tamu baru kita adalah pemiliknya bakat luar biasa, mulia yang bahkan bisa disandangnya dibandingkan dengan kalian semua. Saya ingin sekali menyambut ini orang, jadi tolong bekerja sama, oke? Setiap orang memberikan reaksi pribadi. Bagian tentang membandingkan dengan semua orang tampaknya benar-benar mengguncang naik. Dengan semua orang yang tampaknya menahan diri, hanya saja Shinya-san yang sangat biasa berani berbicara. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 7 7 Pertanyaan. Siapa orang

ini? Saya tidak benar-benar tahu banyak hanya dari rumor yang saya dengar, tetapi mereka mengatakan itu jack-of-all-trade nyata. Apakah itu benar? “Bisa dibilang begitu. Kami hanya pernah bertemu sekali sebelumnya, tapi, ya, dulu sudah cukup. Orang ini adalah pahlawan saya. Dia menatap naik, jelas tenggelam dalam pikirannya. Keberadaan yang benar-benar heroik, untuk saya. Seperti seorang detektif dalam novel misteri atau monster dalam film monster. ” Seekor monster? Aku bisa merasakan alisku terangkat sendiri. Iria-san baru saja menjatuhkan referensi ke film monster, tetapi apakah itu benarkah deskripsi akurat tentang orang ini? Bukan itu jenis kosa kata yang biasanya Anda gunakan untuk menggambarkan seseorang, dan bahkan jika Anda melakukannya, itu jelas bukan pujian. “Itu penjualan yang cukup sulit. Kedengarannya seperti yang bisa kita harapkan sedikit dari orang ini, ”kata Shinya-san dengan riuh terkekeh. Aku dengar orang ini bisa melakukan segala hal.seperti cat luar biasa dan sebagainya? ” “Aku belum pernah melihatnya, tapi aku tidak akan terkejut. Saya membayangkan sesuatu yang sederhana seperti melukis gambar seharusnya tidak menjadi tantangan. ” Seperti yang Anda harapkan, ini tampaknya telah melukai milik Kanamisan kebanggaan. Dia tampak sedikit — maksudku konyol — jengkel. Mungkin kita bisa diberkahi dengan mengetahui nama spesimen superior ini, Iria-san? ”Kata Kanami-san. Nada bicaranya menggigitnya. Aku sudah memikirkan ini pagi itu juga, tetapi Kanami-san benar-benar memiliki banyak kebanggaan. Itu belum tentu buruk hal, tapi itu bukan hal yang baik juga. Jauhlah bagi saya ZAREGOTO: SIKLUS KUBIKIRI ■■■ 7 8 to cast aspersions about the way Kanami-san chose to live, but to say the least, I knew I could never live like that. Iria's expression suggested that she didn't understand why Kanami-san was so mad (and in reality that probably was the case), and she answered plainly, “Aikawa-san. ” Pure dumbfoundedness. At this point, Kanami-san seemed like the stupid one. “Owing to an extremely busy schedule, Aikawa-san will only be staying here for three days, but everyone, please be friendly.Aikawa-san is a big deal to me.You could even call it love. ” Iria-san's cheeks turned bright red.Seeing that childish mannerism, her audience was thrown even further into bewilderment.It felt like she could've made any demand, however bossy, and everyone would've forgiven it. Dia innately had that sort of air about her. Probably her lineage to blame again. “Even still, Aikawa…” I'd never heard the name,

ignorant as I was.I looked over at Kunagisa to see her reaction, but she was still eating. Kapan that girl was focused on something, she was always like that. More incorrigible than a child and harder to handle than an animal.Well, then again, at least she knew how to sit in a chair. “Oh, I'm so looking forward to it.To think Aikawa-san is coming again.I've asked so many times.It's like a dream. Oh what if it really was a dream?” she said as if in a daze.Judging from her current state, Iria-san must have been pretty headover-heels for this Aikawa guy.It was like she was talking about the man she had been in love with for years and years. She spoke his name with great reverence. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 7 9 “Ah, speaking of which, Kunagisa-san,” she said, turning the conversation toward Kunagisa.“You were going to leave before then, isn't that right?” Hmm? Oh, yup yup,” she responded.She never stopped moving the chopsticks she held in her hands.The fact that she was holding a chopstick in each hand was enough of a testament to her bad table manners.“Yup, four more days. ” “That's really too bad.It's going to be such a great opportunity.I'd really like you to meet Aikawa-san. Ada really no way?” “Afraid not.I'm from a world where once you've planned something you can't change it.They even call me the Living Time Table.Ii-chan, too, of course. ” Don't drag me into this, I thought.Coming to this island in the first place was never part of my “time table. ” Iria nodded with a truly disappointed look on her face.“Is that so? Say, could it be that you're not having a good time here? It doesn't seem like you've left your room much. ” “I'm from a world where people don't leave their rooms much.But no, I'm having fun.Lots of fun.I can have fun anywhere, anytime, all the way. ” Her words made me stiffen a bit.There was no exaggeration in what she said.For someone who's so completely immersed in their own world, there's never a time that isn't fun.And what of all other emotions? How tragic must it be to always be having fun, no matter where you are? That was something I already knew the answer to. “Ah, is that so?” Iria shrugged.“But Kunagisa-san, surely even you would find some value in meeting Aikawa-san. Meeting a person like that, you're bound to find some inspiration. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 0 As if she had been waiting for the perfect timing, Kanamisan broke into the conversation.“Being influenced by another person is proof of one's mediocrity.Of one's impotence.How konyol.I don't know what kind of person this Aikawa is, but I sincerely doubt

there's any need to meet him. ” “Now now, is that a fact?” Playing devil's advocate with Kanami-san was the obvious choice, Sonoyama Akane. SAYA spent several years surrounded by the finest minds in the world, and I know for a fact that if I hadn't had that experience, I wouldn't be where I am today.You can better yourself just by spending time with brilliant people. ” “The ER3? Benar-benar lelucon.You must be stupid.Why would anyone ever want to bind themselves to such an organization?” Kanami sneered. “I don't consider that I'm binding myself.Everyone is free to move about as they please and help hone one another's keterampilan. ” “ 'Free?' Don't just throw that word around. Sebuah organization with no restrictions isn't an organization at all. Di the end, even you were just a member of the hierarchy, isn't that right? What a crock.I've been here on this island with you for a while now, but I certainly don't feel as if I've become any more refined.If anything, my worth is decreasing. ” They glared at each other.To act this way in front of a whole group of people, they really were childish.I was a little bit appalled. The maids tried their best to mediate, but Iria-san had a look of pure delight on her face as she watched the dueling pair, so they retrained from stepping in.This kind of situation wasn't really my cup of tea.Meanwhile, Yayoi-san looked ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 1 fairly indifferent as well, while Maki-san looked entirely unimpressed, and Shinya-san seemed to have written the whole dispute off as an everyday occurrence.It was amazing that not a single person there could stop them. Ah, wait, there was someone. Just one person. “After all, Ibuki-san, humans are a colonial species. Orang-orang such as yourself who act like bums and expect special treatment all ought to rethink their lifestyle, if you ask me,” I kata. “I suppose that means you can't function without being surrounded by other people.People aren't migratory fish, you tahu And I don't expect special treatment.I just don't put diriku jatuh.I live honestly, and assess things as they really are,” Kanami snapped. “Hmm, I wonder. ” “ 'Hmm, I wonder'? Ah, more vague questions.You think you look clever by taking an ambiguous stance without ever clearly stating your opinion.Yeah, real clever.'I wonder,' ” Kanami said. “This is a little hard to listen to. ” Suara. It was Kunagisa. She pouted her lips out like a sulky kid and looked at Kanami-san. “This is hurting my ears, Kanami-chan, Akane-chan. ” In an instant, she had drawn everyone's attention. Tak seorangpun had expected Kunagisa, of all

people, to say that. I had had quite a few experiences with Kunagisa in the past, so it wasn't beyond imaginable.Kunagisa Tomo hated watching people fight quite a bit.Considering her usual ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 2 happy-go-lucky attitude, it might have been a little unexpected, but it did make some sense.She was a fun-loving girl, which meant she didn't like situations that weren't fun. The logic was as simple as that. Maafkan saya.I went too far." Somewhat surprisingly, it was Kanami-san who apologized first.In turn, Akane-san couldn't help but acknowledge that Kanami-san, too, was a prominent woman of respectable status. "I was wrong, too," she said, awkwardly avoiding eye contact. They both hung their heads and stared at the floor. Though the atmosphere was still distinctly awkward, at least the fiasco seemed to be over. Until Maki-san ruined it completely. "This is gonna get worse before it gets better," she muttered with an icy voice and audacious grin.Just what was this fortune-teller chick trying to butt in with, now that things had finally settled down? Meanwhile, Iria-san's eyes were twinkling with excitement. "Is that a prophecy?" she asked."What do you mean it's going to get worse before it gets better? This is so fascinating. Will you tell us?" Aku tidak akan.I'm not saying anything.Nope." As she spoke, she cast a sideways glance in Kunagisa's direction."I'm not quite so arrogant as to get the rest of the world involved. " "What's that supposed to mean?" I protested without thinking.As for Kunagisa, she had already turned her full attention back to nutritional intake.It was as though this really was nothing more than a simple annoyance to her. "Maki-san, what do you mean by that?" ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 3 "There's no meaning.Just like there's no meaning in your actions.You know, you're, wow, so you're the kind of guy who'll get angry for the sake of a complete stranger, huh? That's not a very good thing.It's not bad, per se, but it's not bagus " "Oh my, and why is that?" Iria-san said, stepping into our conversation.Or rather, maybe I was the one on the sideline. "I think it's wonderful to be able to get angry on behalf of a stranger.That's not so common in the world nowadays. " "That's because people who can expose their emotions for the sake of someone else are the same people who blame things on others when something goes wrong.I despise people like you. " It had to be the first time in quite a while that someone had spoken that harshly right to my face.Slowly, she brought her glaring gaze to meet my eyes. "You just let yourself get

carried along by other people. You're the type of person who ignores traffic lights just because everyone else is doing it.You're an abominable excuse for a human being.They often say 'harmonize without agreeing,' but in your case, young man, it's like you're agreeing without harmonizing.I won't say that's bad. Saya tidak akan say anything as to that.One's identity and one's worth are not always connected.A train that runs along a track is better than a train that doesn't.So I won't say anything as to that.But I hate people like you.I despise them.People like you always blame things on others, never acknowledging their own responsibility. ” Just carried along with the flow. To be sure, that is how I lived. Namun… ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 4 “I don't recall…” I hated it. Meeting Kunagisa, I had grown thoroughly repulsed by it. “I don't recall you telling me that, Himena Maki-san. ” “Oh, are you angry? Gee, your boiling point's a lot lower than I expected.Are you the type who has mood swings all the time?” “Ii…” Eat me. Go screw yourself. Go screw yourself go screw yourself go screw yourself… Go screw yourself, bitch… “Ii-chan. ” Tug. Kunagisa yanked on my sleeve. “This isn't worth getting angry about. ” Kunagisa Tomo. Baik. ” I felt a chill go through my body.The power drained from my body.It was beyond weakness, closer to exhaustion. saya slumped in my chair. Maaf.I was just joking, 'kay?” Maki-san said to Kunagisa with a terribly sweet smile. And so dinner that day was a bit of a disaster.Of course, the two days prior hadn't exactly gone off without a hitch either, but the intelligence of this jack-of-all-trades seemed to have shattered something.This Aikawa-san's coming visit to the island was becoming something to dread.Granted, I wouldn't ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 5 be there when it happened, so I didn't really have much to do with it. Nevertheless, I had no idea why Maki-san was digging into me so much.Certainly I hadn't made a great first impression on her, but that couldn't have been the only reason at this point.It was obvious that she hated me, but that wasn't reason enough to be harping on me so aggressively like this. The opposite of affection is not animosity, but apathy. Jika she just didn't like me, she wouldn't go so far out of her way to pick on me like this.Why, out of this entire group of brilliant people, would Himena Maki specifically target a boring, ordinary person like me? We didn't have anything to do with each other. Itu aneh. Brooding over the subject in my mind, I didn't think for a moment about

Maki-san's prophecy of the “worsening of things.” If I had given it some thought, it's not likely that anything would've gone differently anyway, but looking back, I can't help but regret that a little. I guess there was nothing I could have done about that, though. After all, only Maki-san could have regretted things before they happened. It was already past ten o'clock when I borrowed Kunagisa's bath to freshen up.Kunagisa sat in front of her PCs in the revolving chair, but all three terminals were turned off. Dia just wanted to spin.Must've had a strong stomach. “You take a bath, too. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 6 Tidak. ” “I don't care about tonight, but take one tomorrow. ” Tidak. ” “Tomorrow I'll strip you down, tie your hands and feet, and throw you in.If you don't want that, you'd better do it yourself. ” “Awww, what a drag.” She half rose out of her chair to stretch.“I envy fish.They don't ever have to take baths. Hmm, but I wonder if they get cold in the winter.Oh oh oh, by the way, have you heard this before, Ii-chan? So, like, let's say you're keeping a fish in a fish tank.And say you gradually raise the temperature of the tank.Like you raise it so gradually that the fish doesn't even notice.Eventually the water gets so hot that it's boiling, but the fish's body has gotten used to the gradual change, so it can go on swimming without even noticing how hot the water is.It sounds like a lie, but it's for real.Now, Ii-chan, what lesson can we gather from this?” “That global warming isn't a problem. ” “Ding ding ding!” She looked utterly amused.What a peppy chick, I thought, then without warning, she completely collapsed.Face-first, belly-down, without breaking her fall. I flinched. “Owww.That hurt. ” No doubt. “What the hell are you doing?” “I'm hungry…” “You just ate a freaking feast. ” “Itu tidak masalah.I missed breakfast and lunch, so I probably haven't eaten enough.I slept all afternoon, so I don't ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 7 have to sleep again until tomorrow, but I guess you really have to make sure you sleep and eat properly. ” “Human bodies aren't made for that kind of treatment. ” “I guess I'm not human then.Let's get something to eat, Iichan. Will you tie my hair up first?” “I think Yayoi-san's probably already back in her room. Dia gets up early, so don't you think she's already sleeping?” We couldn't just go wake her up so she would make some dinner.We had to remember that she was a guest, too. “Hikari-chan is probably awake though.Hikari-chan's cooking is delicious, too, in a Hikari-chan kinda way.If Hikarichan's asleep, too, Ii-chan, you can

make me something. ” Kenapa aku? “Well, 'cuz you look so a-meow-zing from behind when you're cooking. ” “Ehehehe,” she laughed naughtily, still facedown. “Okay okay okay.Fine fine.Understood, Miss Tomo. Pertama I'll tie that hair up, so get over here. ” “Oh me oh my. ” I tied her hair in a loose ponytail.Then we left her room, heading for the living room. “Ah, by the way, sorry about earlier. ” “About what? Ah, about the thing with Maki-chan.Yeah, it's okay.I'll forgive you.But really, compared to the old days, you've gotten soft.I didn't think you'd let her off with just a single comment like that.I wonder if living in Houston repressed you or something. ” “Yeah, well, living in a desert like that for five years, your beliefs start to change.I'm not sure if it matters that it was a desert, though. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 8 “You should tell me about it sometime.What happened over there and stuff. ” “You've changed a lot, too.Not so much on the outside, but on the inside. ” “There's nothing in this world that doesn't change. Nya panta rhei. ” “Handa Rei?” “The cycling of all things… Ii-chan, you're supposed to be smart, so why don't you know anything?” “I just have a bad memory.All I want is an average one, sungguh ” Just enough of one so that I wouldn't forget the fun waktu. Just enough of one so that I could realize the world is full of good things, too. “Ah, Akari-chan spotted,” Kunagisa said, and charged down the hallway.I looked to see that, indeed, Akari-san was disana Or really, at this distance there was no way I could tell whether it was Akari-san or Hikari-san.It was also possible that it was Teruko-san with her glasses removed. Tapi jika Kunagisa said it was Akari-san, it was most likely her. By the time I reached them, Kunagisa and Akari-san had already exchanged a few words.Kunagisa returned to my side and Akari-san continued down the hall in the opposite direction.I wondered about her.She must have had work left to do, even at this hour.If that was the case, she really was going above and beyond. “What did you talk about?” “She says Hikari-chan's in the living room. ” Oh ya? That's convenient. ” Of course, not everything in the world goes so smoothly. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 8 9 When we arrived in the living room, not only Hikari-san, but also Shinya-san and my arch-nemesis Himena Maki-san were there.The three of them sat on a horseshoe-shaped sofa, engaged in lighthearted discussion.On the table were some glasses and alcohol, plus some cheese on a big plate prepared as a snack.Hikari-san promptly

noticed our presence and called out with a raised hand, “Ah, Tomo-san!” Having been spotted, there was nothing we could do.We walked over and joined them on the sofa. Awkwardly, Kunagisa quickly snapped up the seat next to Hikari-san, forcing me to sit next to Maki-san.All the same, I couldn't bear the thought of turning tail and running now. Saya t was dishonorable to flee in the face of the enemy.But Makisan, seeming to see right through me, greeted me with a wicked expression.“Welcome to my club,” she said boastfully. “Sorry about before.I guess I hit a touchy subject,” she apologized insincerely.“Really, I'm sorry.Anybody would get mad about such a sensitive subject. ” “It wasn't a particularly sensitive subject. ” “Oh, it was.It was so pitiful.” She sneered at me.Might she have been drunk? No, she was like this all the time. Di fact, she was probably more pleasant when drunk.She slugged down her wine in one gulp, then thrust her glass at me. “Now you drink, too, boy.Alcohol is good, you know. Kamu forget all the bad things. ” “There's nothing so bad I want to forget. ” “And there's nothing so good you want to remember,” she giggled.“I don't think your poor memory is to blame for not having any happy memories.There are few happy things in your life, and few sad things.There's not much of anything at ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 0 all.It's all empty.It's an emptiness scarier than darkness. Ahahaha.Isn't life fun?” Retrocognition, telepathy. It seemed the advertisements about her weren't just baloney.She was a damn clairvoyant. “Give me a break, Maki-san.This is just bullying. ” Ya.I'm bullying you.Now drink up. ” “I don't do alcohol.I'm underage. ” “How by-the-book of you.Oh dear, you're being so cold. Oh, Ii-chan, you're so cool! Is that what you want to hear? Itu aneh.I should call you the Boy Who's Cold Even in the Summer. ” She put her glass back in front of her with a bored expression on her face. Apparently quite starving, Kunagisa scarfed down the cheese appetizer.She ate with two hands, displaying terrible manners.Of course, knowing that it would cause no harm in this situation, it was hard to care about stuff like that. “It's supreme, Valencay, and Maroille cheese,” Hikari-san explained sweetly.Apparently they were all good cheeses to have with wine.Trying a single piece, I found that it was indeed delicious, but probably only Kunagisa would be able to stand a whole lot of it without even so much as some water. “How did it go with Kanami?” Shinya-san asked me after a while, cheese in hand.He seemed fairly interested.“Did the modeling go well?” “Eh, I

suppose.There were no problems, anyway. ” “She's got a pretty foul personality, eh?” He spoke without euphemism, about his own boss, no less. “Oh no, she doesn't—” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 1 Apakah begitu? Well, at least I've never met a woman with a worse personality than that. ” I had. She was sitting right next to me, drinking up. “No, she was fine, really… Oh, but she did smash one of her pictures all of a sudden, and that was surprising. ” Dia menyeringai. “Oh, that… yeah, yeah.When I got back to the atelier, she was all, 'Shinya-san, dispose of this garbage.' I was like, 'Who are you, Picasso?' Maaf soal itu.That's just her thing. Don't pay any attention to it.That woman's seen quite a bit of success without exerting much effort, so she's very obstinate.She can't live without acting like a big shot. ” “Her 'thing'?” “Yeah, you know.If she acts like that, she looks like a world-class artist, don't you think? Didn't she say all sorts of artisty things to you? Sort of snooty things? That's how she is, kamu melihat. ” “Well, but, that's her true nature, right? I mean… I thought it was. ” “Oh, of course.It's unquestionably her true nature.But she doesn't have to say that kind of stuff, now, does she? Jika dia were a real artist, she wouldn't talk like that.Kanami is a genius, to be sure, but she's miles away from being an artist. She's just giving herself an image. Setidaknya, itulah yang saya pikirkan. I'd appreciate it if she would peel away the façade, but you know how it is.” He looked a little sad.“Seriously,” he continued, taking a sip of wine.As he wandered slightly off topic, the glass of wine suited him quite well.It was a little enviable. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 2 “That's the reason I asked you to be her model, too. Dia doesn't do many portraits, you see. ” Oh ya? But she was saying she doesn't choose her subjects. ” “Well, she doesn't, but… It's a taste issue.She hates people.No matter how she draws them, they complain, you Lihat.Plus, you know, because she used to be blind, and now her legs are bad, and above all else she has that kind of personality, she doesn't get along well with anyone. ” “That's how geniuses are. ” The only genius I'd ever heard of who was at all good with human relationships was Gauss. People like Michelangelo were all supposedly widely disliked.But with Michelangelo, it was because he didn't like anybody to begin with. “You don't have to be a genius to be socially awkward,” Maki-san interjected with a phony innocent expression. Ah, indeed. “That woman has a lot of pride about having reached where she is on her own.So it's no wonder she doesn't get along

with Sonoyama-san. ” Indeed, Akane-san, who had honed her talents in a group atmosphere at the ER3 system, and Kanami-san, who was a raging individualist, were practically polar opposites. Dulu only natural that they never hit it off. “It was I who taught art to Kanami-san,” Shinya-san said. “Her eyes got better, and… you have to understand, back then she had nothing.No family, no special knowledge to speak of. So I gave her a brush.I was only trying to comfort her, but just a month later, she had surpassed me. ” “So you're an artist, too?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 3 I hadn't heard that. He shrugged his right shoulder, a little embarrassed. “After Kanami-san surpassed me, I quit.When Verrocchio realized da Vinci had surpassed him, he broke his own paintbrush.I, too, grew to understand his feelings in that moment.With this person of unbelievable talent right next to me all the time, there's no need for me to paint pictures. ” That morning, Shinya-san had told me we were alike. saya didn't know what he meant until now. The Sakaki Shinya relative to Ibuki Kanami.It was just like me relative to Kunagisa Tomo.Though he spoke badly of her, it was clear to me now that Shinya-san had unconditional affection for Kanami-san. “So you're the kind of guy who does everything for other people, too, eh, Shinya-san?” Maki-san said, as if reading my mind (what an analogy).“Of course in Shinya-san's case, there's a charm to it, unlike with some people. ” “And why's that?” “He doesn't go around blaming others. ” She was going to bring me down blow by blow. “Um, hey hey…” Hikari-san interjected with a worried look.“Who wants something to drink?” “Some kind of soda would be good. ” “Certainly, right away. ” She pulled a small bottle of ginger ale out of the living room fridge and quickly returned.With a bright smile, she placed it beside me. “Please enjoy. ” She really was quite the hard worker.I thought it would be rude to keep fighting like this in front of her, so I forced my wound-up nerves to relax. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 4 Gah, there I go blaming things on others. Mengutuk… Maki-san had me in the palm of her hand. “Hikari-chan, gimme a drink, too,” Kunagisa said. “Certainly!” She went over to Kunagisa with the ginger ale. “Come to think of it, you're underage as well, isn't that right, Kunagisa-chan?” Maki-san said.“But it's okay, isn't it? Bagaimana dengan itu? Just one drink. ” “Please don't encourage her. ” “My my, playing guardian, are we?” Maki-san sneered.“Ah, how wonderful it must be to be young. ” “But you're still young as

well. ” “No, I'm already twenty-nine.” She spoke as if it were no big deal, but I was a little surprised.She was always dressed like such a kid, I figured she had to be about the same age as Iria-san. Wow.So that means you're the same age as Kanami,” Shinya-san said.“Then Himena-san, you are still young. Kamu know, I'm already thirty-two years old.Once you pass thirty, you really start to feel your age.You get winded easily and such. ” “Hikari-san, how old are you?” I took the chance to ask. “I'm twenty-seven. ” “So then, Akari-san is twenty-seven, too?” Ya.We're triplets, after all. ” Twenty-seven… I repeated the number a few times in my head.Twenty-seven years old.Akari-san and Hikari-san, both twenty-seven.Maybe this is rude of me, but they really didn't look like twenty-seven.I almost wondered if there was some sort of age-stopping mystery air flowing through the island. Nah, not likely. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 5 This wasn't Neverland. “Akane-chan is thirty, right? And I think Yayoi-chan is about thirty as well.Boy, when you sit down and think about it, everyone sure is young.Iria-chan must really like young, female geniuses. ” “Pretty lousy hobby, if you ask me. ” Kunagisa nodded in agreement as she crammed her face with cheese.Apparently having picked up a spicy piece, she immediately went for the ginger ale and chugged it, but it looked as if it went down the wrong pipe, and she released a barrage of coughs. Apa yang dia lakukan? Shinya-san let out a sigh.“I thought if I brought Kanami here to cohabitate with other people, she might change a little.Kind of like when you send a truant kid off to camp. Tapi this strategy seems to have been off the mark.It was kind of like a last resort.At this point, she'll probably be living like that for the rest of her life. ” Misunderstood by everyone. Not expecting anyone to understand. Not relying on anyone but herself. Eating away at herself all the while. “Well, that's one way to live. ” “Look who's talking. ” I don't think I even have to mention whose line that was. “Uh, speaking of which, Maki-san, why are you here on the island?” Shinya-san said.“I've been wondering for a while. Nya not just a vacation, is it?” Ini.This place is a sweet deal.You get to live for free, and you even get money for it.It's Xanadu.If I use the Net, I can even still do fortune-telling.It's a world of convenience. Nonstop good times. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 6 What a crappy excuse for an adult. And pretty damn crappy, at that. “I don't recall hearing your story,” Maki-san said, breaking my silence.“Why are you on this island then? And please don't tell me

something like you came here just because Kunagisachan said she was going. ” Don't act like you don't know, bitch. Seriously, why was she picking on me like that? Maybe she was really just making fun of me with no objective or reason whatsoever. It wasn't unthinkable. “Wrong,” she said, then looked over at Kunagisa. “Fine, assuming guys like you don't matter anyway, why is Kunagisa-chan here?” “Just a whim, just a whim.I don't go making reasons for every little thing I do. ” Saya berharap.” Maki-san gave a suspicious grin.I didn't know what the deal with her personality was, but she seemed to be getting along with everyone besides me rather well, including Kunagisa. “She's clever, unlike you. ” “Ah, getting sick of this? Getting tense? Hehehe, but I won't stop.I'm gonna keep playing with you until I'm bored of it. ” She wore an absolutely sadistic smile. I felt like captured game. “Telepathy, eh? Amazing as usual, Himena-san, but lay off him,” Shinya-san cut in.“You've chased a whole lot of brilliant people off this island doing that.He'll be leaving soon enough as it is, so there's no need to send him home any faster, right?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 7 “Everyone I try to have fun with hates me. Nya discrimination against people with superpowers, I tell you. ” Superpowers… They talked about it like it was an everyday thing, but did such a thing really exist? Indeed, at the ER3 system, as a “comprehensive” research center, they had even conducted advanced psychological research relating to super abilities. Psychokinesis, ESP, DOP, levitation, and teleportation. Saya punya seen any number of papers on the inexplicable, unobservable subject in my time in the ER3 program, and even met a person who claimed it was for real (though he was a phony). But all I had concluded was that no matter how you thought about it, that stuff was a bunch of bull.None of those papers really explained anything, despite how hard they tried to arbitrarily cram facts into conclusions. It was what they called “dry love.” The dry love-filled thesis papers of these phony scientists were, to be fair, amusing in their own right, but that's all they were. Mereka certainly didn't have what it took to convince someone of anything. “That's just because you have a narrow mind. ” “Have you ever heard of the word privacy?” “It's not my fault.I see what I see and I hear what I hear. And by the way, trying to run away is futile.No matter where you go, I'll know exactly where you are. ” “So, you have remote viewing and supersensitive hearing powers, too!” Kunagisa said.“I

know a lot of people with special powers, but this is the first time I've ever met someone with so many.Multimulti. Luar biasa. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 8 Despite knowing that our pasts, futures, and minds were all possibly being read right now, Kunagisa was without a care in the world.Or maybe she didn't have any secrets to keep. “I really wanted psychokinesis, actually, but I ended up gravitating toward ESP for some reason.Too bad… I mean, doesn't teleportation seem so convenient?” Psychokinesis—referred to as PK—and ESP were academically defined as two completely different abilities. Di mainstream metapsychology, it's often said that the existence of ESP can now be proven, though the same cannot be said about PK.This is because the idea of PK is something completely inhuman, while ESP is simply an extension of actual human senses. “Fortune-telling is about all I can do with just ESP. Ini bukan such a useful ability,” Maki-san said with a sigh. Certainly there wasn't much she could have done apart from fortune-telling, but I still felt skeptical about the whole idea. “Maki-san, can you prove that you have these special powers?” “I don't think I need to.How would you, for example, prove that you are you? Would you show us your driver's license? Would you be convinced if I had a Superpowers License? It doesn't matter anyway.Whether you think it's true or think it's a lie or think it's something else, that doesn't affect anything anyway.Just like my knowing everything doesn't change anything. ” “Mmm, I wonder. ” “You sure have a lot of doubt.Ah, okay, how about I give you your fortune again?” she said out of the blue, grinning at saya. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 9 9 Damn, I hadn't seen this coming. “You deceived me the first time, after all.Yeah, let's do it. It's a good opportunity for you.I almost never do fortunetellings for free. ” Saya akan lewat. ” “Quick answer.You really hate me, huh? Hehehe, my mentor always taught me to 'push people's hatred onward,' so that's what I do. ” “I can't help but wonder if your mentor meant something else. ” “You're quite a liar, aren't you?” She began her fortunetelling, regardless of what I had said. “You don't like showing your emotions, but you don't like controlling them either, so you have many regrets. Bahkan though you let yourself get pushed around by other people's opinions, you're quite independent.When faced with a challenge, you run away without deliberating, but you're not dumb.And, you don't like competition.Sound about right? “Is that what you people call a 'cold

reading'?” I shot back. “You could've just said anything.Those are all things that hold true for any person, to some extent. ” Apakah begitu? Hmm, maybe.Then let's talk about your relationship with Kunagisa-chan.What we call a compatibility reading.Hmm, both you and Kunagisa-chan are the type who don't need friends.Yet for some reason you stick together. And the reason for that is? Oh my, this part is fairly skewed. You stay by her side because you're jealous of her. Dan sementara you're jealous of her ability to express herself freely, she somehow looks unhappy, regardless of whether or not she really is.You see this girl who has everything you want and can do all the things you can't do, yet she is still, for some ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 0 reason, unhappy, and that makes you feel better.That makes you feel like it doesn't matter if you can't get what you want. ” “Really?” Kunagisa gave me a confused look.Whether it was true or not, it wasn't okay to say such a thing right in front of Kunagisa. Aku menggelengkan kepala.“No, Maki-san, I think you've got me all salah I'm not such a complicated guy.I'm simple as could menjadi. ” “Yeah, well, maybe, maybe not. ” “Say, Maki-chan,” Kunagisa said, moving closer to her.“If that's really the case, then why do I spend time with Ii-chan?” “Sorry, but I can't seem to read your mind or past.” Makisan gave a shrug.“Occasionally I meet someone like that. saya guess it's a compatibility issue or something, but the aura surrounding them is very ambiguous and hard to decipher. Nya like they're in the dark, and it's a little unsettling.It puts me in a bad mood. ” So maybe she was just venting on me. How awful. “Himena-san, in light of the occasion.I'll go ahead and ask a question, too.How does it feel to be able to see the future and read people's minds and such?” Shinya-san said.“I'm just curious. ” Hmm.That's like asking how things look to spiders with their eight eyes.To attempt a simple explanation, it's like watching TV.It's like the entire room is covered with TVs, and I don't have a remote.I can't turn them off, and I can't change the channels, so all I can do is watch.It's like having a few more brains than regular people, if you can imagine that. ” Saya tidak bisa. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 1 “Now, what's his face over there got us a little off-topic, Kunagisa-chan, but I still haven't heard why you came to this island. ” “It was just on a whim.I tell you. ” Tidak.I may not be able to read you, but I know that's not kenapa ” Kunagisa wheezed out a strange sigh.She seemed a little troubled.I wasn't a big fan of Maki-san's way of

posing the question, but to be honest, I had been wondering about it myself.For what reason had Kunagisa, the ultimate shut-in with no equal, been compelled to travel all the way out here to Wet Crow's Feather Island? “Okay, I'll tell you,” she finally said with a piece of cheese on her tongue.“I'm interested in an incident that took place here a long time ago. ” But I didn't get the chance to learn any more.Just as I was about to ask, “What do you mean, 'incident'?” I bit down on my tongue, hard.Thus, I was unable to get the words out. Tapi even if I miraculously had somehow, it never would've reached Kunagisa's ears, nor anyone else's ears, including my own. It would have been drowned out by the other noise. The shaking. I soon realized it was an earthquake. “Gah!” Shinya-san uttered. “Everyone, please, stay calm!” urged Hikari-san, whose profession demanded that she remain cool no matter what happened. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 2 Maki-san, who looked as if she had been expecting the earthquake all along, reclined on the couch without a glint of worry. I tried to recall what I had learned about earthquakes back in my first year of junior high school, when I was still in Japan. Supposedly they would start with small tremors, and then get bigger and bigger.I couldn't quite recall which were S waves and which were P waves, or figure out which were horizontal and which were vertical tremors, but that didn't matter. At any rate, the strength of the shaking had jumped a few levels.In a panic, I shoved Kunagisa—whose expression said “I have no idea what's going on”—onto the sofa and threw myself on top of her.There was a chandelier right above her. If that were to fall, she wouldn't stand a chance of survival with that tiny stature of hers.That was my thinking at the time, anyway. But my efforts seemed to have been in vain, because not a moment later, the shaking died down.Of course, when I say “not a moment later,” I mean in terms of real time.To me, it felt only slightly less dragging and terrible than five minutes with your hand on a stove. In reality, the shaking had probably lasted for less than ten seconds. “Is it over?” I asked, still on top of Kunagisa. Ya.” Maki-san answered.It was the word of a prophet, and probably trustworthy.Meanwhile, Kunagisa groaned with her face buried in the sofa, so I got off her for the time being. “An earthquake… It was pretty big, too.I wonder what it rated on the scale,” Shinya-san said, looking around the room. The glasses and bottles on the table had fallen, and Hikari-san had already reflexively begun to clean.

ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 3 “Pardon me, Hikari-san.I'm going to borrow the phone. I'm worried about Kanami.” He pointed to the house phone. Hikari-san nodded.He headed to the white phone by the cabinet. “Hikari-san, do you have a radio or something?” I said. SAYA want to check the earthquake's level.Oh, Tomo, could you look it up on the Internet?” “Well, there's probably already been a breaking news bulletin.We're technically in Kyoto right now, right? Oh wait, is that wrong?” “It was a level 3 or 4.I can't quite pinpoint the epicenter, but it's probably around Maizuru, where the level would be at 5,” Maki-san said quite matter-of-factly.“And it seems like there weren't many injuries, even in urban areas. ” “How do you know?” Perhaps it was inelegant of me to pose such a question, but it just felt like the natural thing to say. She let out a big sigh before answering.“It's like I've been telling you, I just know.You may be smart, but you sure are slow.Don't have much of a memory either, it would seem. Hey wait, doesn't that make you stupid? Anyway, to use an expression, I can see these things clear as day.Ibuki-san and the others are all fine. ” “Ah, remote viewing and superhearing, was it?” Distance wasn't a factor for her.She could technically watch TV somewhere on the other side of the ocean, and even predict what would appear next.Complex ESP. But even if she had just been making all of this up, there was no way to check.But it was probably true that the mansion hadn't suffered much damage. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 4 Shinya-san returned from the phone.“Kanami's fine,” he kata.“She says she's in the atelier.Some paint cans fell off the shelf.It sounds like a big hassle, but at least she's not hurt. ” “Should you go over there?” He was her caretaker after all, and even if he hadn't been, he must've been worried about her, seeing as she couldn't walk. “Nah, no need,” he said with a shrug.“She would probably get ticked off if I did. ” Mengapa kamu mengatakan itu? “Because she told me not to come,” he said with a pained expression of humility.“She says she's working right now. Di fact, she's working on your portrait.Sounds like she's going to turn it into a real masterpiece, so I'd better not bother her. ” “Even with Ibuki-san's talent, there's no hope if she used such a terrible model,” Maki-san said. “You really hate me, don't you?” “Uh-huh,” she nodded. Ya ampun. Yah, terserahlah.That's how life had always gone for me anyway. I looked over at Hikari-san. “Does this happen here a lot? Earthquakes, I mean. ” “Not a lot, really.Shinya-san, you've been

through a few, right?” “Yes, but this one was unusually big. ” “I wonder if any furniture fell over.I'm a little worried. ” “If you're going to fix things up, I'll help. ” “No, it wouldn't be right.Tomorrow we'll deal with it depending on Rei-san's orders. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 5 She flashed a sweet smile.If she were a mother, her kids would grow up proper for sure.If we hadn't met in this kind of place under these kinds of circumstances, I definitely would've fallen for her.Or at least, I thought I would. Dulu never going to happen, but I thought so. “Teehee.That was my first earthquake in a while,” Kunagisa mumbled, tossing her blue hair around as she finally got up from the sofa.“I wonder if my computers are all right. They should be.If the epicenter was in Maizuru, the mansion should be okay, too.Boy, this takes me back to the Great Hanshin quake.Say, Ii-chan, you were already in Houston in those days, right?” Ya. Tentunya. ” I vaguely remembered seeing something about it on the news back in my tiny room in America. “That was a really tough time for me.I was still in Kobe back then.Most of my computers crashed permanently.I was so startled. ” Was “startled” really the most appropriate word to describe living through that disaster? “So shouldn't you be worried about your computers? Kamu must be fully crammed with cheese by now.Let's go back to your room already. ” It seemed like the time was right, so I decided to leave the living room.I didn't trust that I had the self-control to stay cool if I had to talk to Maki-san anymore.It seemed like a good time to split. As if able to read my every thought, Maki-san's gaze burned a hole through my back, and it took every ounce of willpower in my body to ignore her.I pulled Kunagisa by the arm and took her back to her room. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 6 The three PC's (I mean two PCs and one workstation) in her room remained securely situated in the computer rack, and the room had suffered no other damage. Kunagisa let out a big yawn and stretched. “Let's turn in already.Having a full stomach really makes you sleepy, huh? Ii-chan, undo my hair. ” “Do it yourself, will you?” “Come on, it's hard to undo a ponytail by myself. Bukan saya flexible.It's not that I can't do it, but I'll start aching. Saya sudah broken bones that way, y'know. ” “I get it, I get it.You're really adorable, you know that?” I removed the band from her hair and ran a comb through saya t.She let out a naughty little giggle.Once I was finished, she dove into bed.She sunk herself into the mattress

and rolled around joyously. “Take off that coat. Berapa kali aku harus memberitahumu? And aren't you hot?” “This coat has special memories attached, so no dice. ” What memories? Even our dear fortune-teller, Himena Maki, couldn't read Kunagisa's past.Maybe it had something to do what that “team. ” “Anyway, Ii-chan, Kanami-chan and Akane-chan are pretty terrible, but you and Maki-chan don't seem to be on the best of terms either. ” “Well, it's more like she harasses me for no reason,” I said, thinking about how similar this was to what Kanami-san had kata.“I don't have any problems with her in particular. ” “Yeah, I'll bet.You're not aggressive enough to hate or resent people.At the very worst, you get miffed, isn't that right?” Menurutmu? That's interesting. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 7 “Just joking,” she snickered.“But Ii-chan, you've really never fallen in love with someone before, have you?” Tidak. ” “I love that about you. ” Snicker snicker. Aneh She was being weirdly feisty.I wondered if maybe that ginger ale had really been wine.I'd never seen her drunk before, so I couldn't imagine what she would be like. “By the way, Tomo. ” “Vat eez eet?” “Do you have any special powers?” “Hmm… if I did, I wouldn't mind at all,” she said with a big grin.“I don't really want any, but one can always dream. It's better for Santa Claus to exist than for him not to, right? It's just like that. ” “That's an odd point of view. ” Even if she had special powers, she wouldn't mind. Hmm, indeed.That was surprisingly insightful. Apakah you had such abilities or not, it wouldn't have much of an effect on your daily life.Of course, now was a bit of an exception. Because we were on this island? Because we were on this island. I'm gonna go back to my room and turn in, too. Sampai jumpa tomorrow.If you're planning to sleep now, I'll come wake you tomorrow, so let's have breakfast together. ” “Hey, Ii-chan,” she called to me, still lying face-up on her bed.“Let's fool around.” She beckoned to me. I paused, just for a second.“No,” I said. “Weirdo.Good for nothing.Coward! Chicken pot pie!” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 8 Ya, ya.I shut the door, went downstairs, and headed to my room.It would have been truly awful to run into Makisan in the hallway or something, but luckily no such incident occurred.Perhaps she was still busy chatting it up with Shinya-san. I found a key sticking out of the door to my room. Mungkin it shouldn't have been a surprise, seeing as it was supposed to be a storage room, but I couldn't help wondering about being trapped

inside if someone were to turn the key while I was tertidur.There was no way I could reach the window even if I stood on the chair, so it really would be like solitary confinement.Then again, there was nothing anyone could gain by locking me up, so it was probably just excessive worry. I entered the room, curled up on my futon, and stared at the ceiling in thought. I was of course thinking about what Maki-san had said earlier. Oh my, this part is fairly skewed.You stay by her side because you're jealous of her.And while you're jealous of her ability to express herself freely, she somehow looks unhappy, regardless of whether or not she really is.You see this girl who has everything you want and can do all the things you can't do, yet she is still, for some reason, unhappy, and that makes you feel better.That makes you feel like it doesn't matter if you can't get what you want. Ha! Sialan. “She's exactly right. ” Akane-san of the Seven Fools had described Kunagisa and I as a codependent pair, but really, Maki-san's opinion was closer to the truth. To me, Kunagisa Tomo represented the thing I most wanted to be. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 0 9 No, that wasn't it.That wasn't it.To me, she was… She was… “She was what?” The reason I chose a university in Kyoto rather than Kobe was because she had moved to Kyoto.I also couldn't deny that she was one of the reasons I left Houston. Why had I done all that? As Maki-san had said, I wasn't aggressive enough to have feelings like love or hate.Even if someone were to bother me, it was a feeling no different from being annoyed when it rains. No matter how much disdain Maki-san had for me, no matter how many malicious comments Kanami-san spit at me, no emotion would ever build up inside me. I couldn't help but wonder. Was I really human? I didn't understand other people's feelings at all. If they really existed. If superpowers like the ones Maki-san claimed to use really existed, perhaps I wanted some myself. “Nah, I don't need that,” I reconsidered. If I could understand people's feelings, it would just make life all the more annoying.I wasn't looking for a life with an open Pandora's box.I didn't have the nerve for it. “I'm just babbling nonsense here, dammit. ” I hate vacation.I just end up thinking too much.Well, I don't know if it's really too much, but they're the kind of thoughts that can only lead to one's downfall. Four more days. I could be patient. I didn't hate being patient. Or at least, I was used to it. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 1 0 Suffering and pain. I was used to these things. “Still, they don't feel too good. ”

Damn, I wanted to return to my peaceful life on the other side of the sea, I thought as I fell into the night. But the following day I would realize that these past three days had been plenty peaceful.

ZAREGOTO: SIKLUS KUBIKIRI ■■■ 113 Ada yang lebih tinggi dari atas, tetapi di bagian paling atas, semua yang ada di bawah. Itu adalah pemandangan yang mengerikan. Jika saya membandingkannya dengan sesuatu, mari kita lihat, ya, oke. Lukisan Gruber Norbert, Sungai. Jenis yang sama menyeramkan, sungai berwarna marmer mengalir di tengah-tengah sungai Kanami atelier, membaginya menjadi dua. Tampaknya karena gempa malam sebelumnya, kaleng cat tergeletak di sekitar ruangan, dan tiang besi sederhana rak telah jatuh juga. Gempa telah menyebabkan gempa rak ke ujung, menumpahkan kaleng di mana-mana, isinya dibuang di lantai, dan sungai ini adalah hasilnya. Itu layak teori, dan itu tidak diragukan lagi bagaimana hal itu terjadi. Tapi sementara sungai ini adalah tontonan yang cukup aneh sendiri, masalah sebenarnya terletak pada “tepi sungai” yang berlawanan. Dulu melampaui imajinasi atau spekulasi, dan tidak dapat dihapuskan seperti yang dilakukan gempa. Gempa bumi mampu ini tidak akan ditemukan di Bumi ini. Tubuh telungkup seseorang berbaring di lantai, dengan a lowongan terlihat dari leher ke atas. Mayat tanpa kepala. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 1 4 Mayat yang dipenggal. Tidak masalah apa kata yang Anda pilih untuk menggambarkannya; memang seperti itu. Tubuh dengan kepala yang hilang ini mengenakan yang sama gaun yang Kanami-san kenakan sehari sebelumnya. Bahwa Gaun yang terlihat sangat indah yang dibanggakan Kanami-san tidak pernah menjadi kotor saat dia melukis sekarang diwarnai merah hitam dengan darah. Itu tidak terlihat bisa dikenakan lagi. Terlebih lagi, tidak ada lagi orang yang memakainya. Atau mari kita lebih spesifik. Pemakainya tidak lagi hidup. Ini.aneh, ujarku refleks. Itu pergi tanpa mengatakan, tetapi kata-kata baru saja keluar. Kamar berbau seperti cat lebih tipis. Di sebelah tubuh Kanami-san yang jatuh duduk sebuah terbalik kursi roda dan kanvas tunggal. Itu jauh jadi saya tidak tentu, tetapi lukisan itu tampaknya adalah potret saya. Itu indah, sebuah karya agung. Bahkan dari jarak ini, dipisahkan oleh sungai, aku tahu. Saya merasakan kejutan dengan saya tubuh, bukan dengan pikiranku. Dalam beberapa hal itu lebih mengganggu dari

pada melihat tubuh tanpa kepala. Saya ingat apa yang dikatakan Kanami-san pada hari sebelumnya. Nya bukan seni jika Anda bisa memilih siapa yang melihatnya. Poin yang diambil. Dengan gambar ini, saya tidak punya keluhan. Tanpa ragu, Ibuki Kanami adalah seorang jenius. Sampai-sampai itu membuat saya gemetar. Dan ini membuat kematiannya semakin dahsyat. Sudah Sudah lama sejak saya merasa hancur oleh apa pun, tapi saya benar-benar hancur oleh ini. Dengan kematian Kanami-san. Kematian Ibuki Kanami. Mengapa? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 115 Ya, Ibuki Kanami sudah mati. Maksudku, siapa yang bisa tetap hidup setelah kepala mereka mati dipotong? Bahkan Rasputin tidak mungkin selamat pemenggalan kepala. Dan Kanami-san hanya normal secara fisik manusia. Yah, kita seharusnya tidak membiarkannya begitu saja, kataku, putus semua orang diam. Saya melihat ke arah Kunagisa. Bibir bawahnya mencuat ragu-ragu, seolah-olah dia melihat sesuatu yang aneh tentang tubuh Kanami-san. Dia tampak skeptis sesuatu. Tapi sekarang mungkin bukan saatnya untuk berpikir tentang hal-hal seperti itu. Jika saya harus memberikan alasan untuk masing-masing dan setiap salah satu tindakan Kunagisa, aku pasti akan mati. Ketika saya mencoba untuk mengambil langkah maju, dia menarik lengan saya. “Ii-chan, tunggu sebentar. ” Hah? Mengapa? “Catnya belum kering. ” Hmm? Oh ya. ” Berjongkok dan memeriksa dengan ujung jari saya, saya menemukan bahwa dia benar. Jari tengah saya berubah warna menjadi biru. “Tapi sekarang bukan waktu yang tepat untuk mengkhawatirkan hal-hal seperti itu ” Ada mayat yang terpotong tepat di depan kami. Untuk khawatir tentang mengotori sepatu Anda pada saat seperti ini di luar sepele. Hei, aku bilang tunggu! Katanya. Lalu, sebelum aku tahu apa dia semakin dekat, dia menanggalkan mantel hitam miliknya dan melemparkan tepat di tengah-tengah sungai cat. Itu seperti batu loncatan di sungai. Bukankah itu mantel berhargamu? “Waktunya telah tiba. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 116 Saya mencoba mengatakan sesuatu tentang dia hanya melemparkannya kenangan seolah mereka bukan apa-apa, tetapi seperti yang dia katakan, ada masalah yang lebih besar saat ini. Selain itu, apa selesai sudah dilakukan. Dengan sedikit bantuan, aku melompat ke mantel, lalu ke seberang sungai. Aku mengerang. Sudah cukup lama sejak terakhir saya melihat tubuh tanpa kepala. Aku melepas kausku dan meletakkannya di atas baju Kanami-san tubuh bagian atas. Aku

melihat kembali ke pintu, di mana semua orang berada berdiri, dan perlahan menggelengkan kepala. Tidak ada gunanya menggunakan kata-kata. Semuanya, akhirnya Iria berkata, bisakah aku menyatukan kita semua ruang makan? Saya pikir kita perlu mendiskusikan apa yang akan kita lakukan mulai sekarang. ” Dengan itu, dia berjalan menuju aula. Keempat pelayan — Rei-san, Akari-san, Hikari-san, dan Teruko-san— dengan cepat mengikuti di belakang. Akhirnya, tamu-tamu lain pun mulai keluar dari toko, dua kali dua dan tiga kali tiga. Yang terakhir tetap berada di ruangan itu adalah Kunagisa, aku, dan Shinya-san. Dia menatap tubuh Kanami-san, wajahnya pucat dan kosong Shinya-san.Melangkah ke balik mantel, aku kembali ke kamar sisi lain. “Ayo pergi, tidak ada yang bisa kita lakukan di sini. Itu membunuh saya mengatakannya. Oh ya. Benar ” Pikirannya melayang di tempat yang sangat berbeda. Meskipun miliknya Menanggapi, dia tidak berusaha bergerak. Dia berdiri sepenuhnya kaku, pikirannya tidak mampu memahaminya, menolak memahaminya pemandangan di depan matanya. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 1 7 Saya mengerti bagaimana perasaannya. Jika hal yang sama terjadi pada Kunagisa, aku mungkin akan menjadi cara yang sama. Tidak, itu tidak benar. saya mungkin akan rusak dan pergi menjerit mengamuk. Aku tahu itu sulit dibayangkan untuk pria sepertiku, yang, seperti dikatakan Maki-san, mati untuk semua emosi, tetapi mungkin itulah yang akan terjadi. Dalam hal itu, Shinya-san benar-benar mengagumkan. Dia tidak terlihat terlalu baik, tapi setidaknya dia tidak rusak bawah. Dan dia bahkan bisa berbicara. Kemampuan mentalnya tetap utuh, meskipun baru saja. Inilah yang memisahkannya dari saya. Saya hanyalah seorang anak kecil. Shinya-san sudah dewasa. Aku tidak tahu hubungan seperti apa Shinya-san dan Kanami-san punya, apakah dia hanya pengasuhnya atau sesuatu yang lebih, atau mungkin sesuatu yang kurang. Namun… Mengingat tatapan sedih di matanya malam sebelumnya. Dan melihatnya sekarang, saya entah bagaimana mengerti. Ii-chan, ayo, kata Kunagisa, menarik lenganku. Ya. ” Dan dengan demikian mengakhiri kehidupan kami yang tenang di pulau ini. Dan dengan demikian memulai bab selanjutnya. Pagi hari keempat di pulau telah dimulai sangat normal. Sungguh, sangat normal. Saya terbangun sama seperti biasanya. Pada saat aku sampai di rumah Kunagisa kamar, dia sudah bangun dan duduk di depan komputernya. Dia mengatakan dia sedang memeriksa

emailnya. Lakukan rambutku, katanya, ZAREGOTO: SIKLUS KUBIKIRI ■■■ 118 tanpa banyak selamat pagi. Aku meletakkan rambut di atas atas kepalanya dengan dua ekor, yang kami sebut ekor kembar. Aku pikir itu akan cukup mudah baginya untuk membatalkan ini sendiri waktu Aku merasa seperti sarapan hari ini, katanya, jadi kami menuju ruang makan. Mengintip ke ruang tamu di jalan, saya menemukan bahwa Maki-san dan Shinya-san masih di sana minum anggur. Mereka pasti terjaga sepanjang malam minum. Mereka yakin tidak membayar usia mereka, pikir saya, tetapi tentu saja saya tetap tinggal diam. Karena sopan santun, saya mengundang mereka untuk sarapan dan mereka diterima. Kami berempat memasuki ruang makan. Duduk di meja adalah Akane-san dan, membuat penampilan langka, Iriasan. Oh, kejadian yang tidak biasa, kata Iria-san. Untuk sudahkah semua orang berkumpul seperti ini bahkan di pagi hari.Ya, saya misalkan itu tak terhindarkan. Haruskah saya memanggil yang lain? Itu akan Bersikap baik untuk semua sarapan bersama. ” Dia memanggil Akari-san di dekatnya dan memintanya untuk pergi menjemput Yayoi-san, yang tidak diragukan lagi di dapur, dan pelayan lainnya. Yah, aku akan menjemput Kanami-san, kata Shinya-san. Dia mungkin semua sudah selesai melukis sekarang. Hmm, saya ingin tahu apakah dia masih tidur. Ehh, dia tidak marah di pagi hari. Meskipun kepribadiannya buruk. ” Dia tertawa kecil pada leluconnya sendiri dan menatapku. Harapan Anda tidak sabar untuk melihat foto itu, ”katanya, dan pergi ruang makan. Itu akan menjadi pertama kalinya Kunagisa dan aku melakukannya sarapan dengan seluruh kelompok, tetapi tidak pernah benar-benar terjadi. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 119 Ketika Shinya-san kembali ke ruang makan, apa dia yang dibawa adalah berita kematian Kanami-san. Kanami sudah.terbunuh. ” Begitulah cara dia mengutarakannya, tapi itu sedikit sebuah pernyataan, jika Anda bertanya kepada saya. Tidak mungkin dia mati sakit atau kecelakaan, atau bahkan bunuh diri — dia pernah dipenggal. Apapun kasusnya. Ini adalah pembunuhan. Dan bukan hanya pembunuhan, tapi. Saya? Saya benar. Setelah makan malam, saya bersama Kunagisa sepanjang waktu. Saya mandi di kamarnya, lalu dia bilang dia lapar, jadi kami pergi ke ruang tamu. Di tengah jalan kami berlari ke Akari-san. Benar kan? Benar Di ruang tamu kami bertemu Hikari-san, Maki-san, dan Shinya-san, dan kemudian. gempa bumi. Ada gempa, kan? Kami berada di ruang tamu sampai

gempa itu terjadi. Setelah itu, saya ambil Kunagisa kembali ke kamarnya, dan kemudian.benar, aku pergi tidur. saya bangun hari ini jam enam, dan aku sudah bersama Kunagisa sejak itu. ” Saya mencoba yang terbaik untuk terdengar tenang, bahkan di bawah tatapan semua orang. Pemeriksaan alibi. Kenapa kita harus mulai denganku, aku tidak tahu, tapi Iria-san telah memintanya, jadi tidak ada pilihan. Sepertinya dia melihat saya sebagai tersangka utama. Ruang makan. Makan sarapanku yang agak dingin. Sepertinya tidak ada orang lain yang bisa melanjutkan sarapan setelah melihat mayat tanpa kepala, dan memang aku merasa ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 0 cukup mual sendiri tapi masakan Yayoi-san sangat baik, Saya tidak bisa membiarkan semuanya sia-sia. Meja bundar. Iria-san, Teruko-san, Rei-san, Yayoi-san, Shinya-san, Kunagisa Tomo, saya sendiri. Akane-san, Maki-san, Hikari-san, dan Akari-san. Semua orang duduk di kursi masing-masing hanya kursi Kanami-san, pada posisi jam lima, kosong. Saya t tidak akan pernah diisi. Iria-san memiringkan kepalanya ke arahku sedikit sebagai tanggapan atas kepalaku kesaksian Kemudian dia melirik ke arah Hikari-san dalam sepuluh jam kursi. Hikari, apakah itu benar? Ya, dia mengangguk. Sampai gempa bumi terjadi. um.jam satu kan? Ya, jam satu. Kami berlima termasuk saya berbicara sepanjang waktu. Saya bisa menjamin itu ” Apakah ada yang bangun dan pergi sebentar? Tidak, kata Hikari dengan sedikit ketidakpastian. Aku tidak berpikir jadi.meskipun saya tidak bisa mengatakan dengan pasti. ” Tidak ada yang tersisa, kata Kunagisa, datang untuk menyelamatkannya. Dan Saya memiliki ingatan yang sempurna. Tidak ada yang meninggalkan ruang tamu. ” Begitukah? Iria menutup matanya. “Kalau begitu, kamu dan Kunagisa-san, Sakaki-san, Himena-san, dan Hikari semuanya bertanggung jawab satu sama lain sampai gempa bumi, benarkah itu? Bagaimana setelah gempa bumi? “Aku tidur sendirian, jadi kurasa aku tidak punya alibi. ” Terima kasih. Kalau begitu, kurasa aku harus pergi dan berikan alibi saya selanjutnya. Tadi malam aku bersama Rei dan Sashirono-san di kamarku berbicara. Makan malam kemarin bahkan lebih lezat dari biasanya, jadi saya bertanya kepadanya tentang resepnya. Bukan benar kan, Sashirono-san? ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 1 Mungkin karena namanya tiba-tiba muncul, Yayoisan tampak agak kaget. Ya, dia mengangguk cepat. Rei-san sedikit mengangkat bahu, tetapi tidak mengatakan apa-apa. Jika kamu berpikir tentang itu, dia pasti orang yang benar-benar

berkepala dingin. Dari Tentu saja Teruko-san diam seperti biasa, tetapi Rei-san lebih diam daripada yang Anda bayangkan. Apakah dia adil setia kepada majikannya atau ini wajar saja kepribadian, saya tidak yakin. Gempa bumi terjadi, dan.lalu aku memutuskan untuk pergi kembali ke kamar saya, katanya seolah berjuang untuk mengingat. Itu benar, Iria-san mengangguk. “Setelah itu, aku dan Rei sepanjang malam berbicara. Kunagisa-san akan segera pergi, jadi aku pikir kita harus membahas gagasan memegang semacam itu acara menyenangkan.Anda tahu, seperti pesta perpisahan. Itu adalah tradisi di sini. Ngomong-ngomong, kami akhirnya berhenti tidur, jadi aku hanya datang langsung ke sini untuk sarapan. ” Dengan kata lain, Iria-san dan Rei-san memiliki alibi yang sempurna. Yayoi-san, seperti Kunagisa dan aku, hanya punya alibi sampai gempa bumi. Shinya-san dan aku juga punya alibi lengkap, Maki-san kata. Kunagisa-chan dan yang lainnya bisa memastikan itu sampai gempa bumi, dan Shinya-san dan aku bisa saling menjamin setelah itu. Ya, alkohol itu luar biasa. ” Seberapa dapat dipercaya kesaksian orang mabuk itu? Maki-san pasti tahu aku memikirkan itu, karena dia memelototiku. Tetapi tanpa sepatah kata pun kepada saya, dia menoleh ke Shinyasan. Benar begitu? Tanyanya. Oh, ya, benar, jawabnya kosong. Hmm.Hikari, apa yang kamu lakukan setelah gempa bumi? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 2 “Aku kembali ke kamar kami. Akari dan Teruko ada di sana, juga. Setelah itu, saya pergi tidur. Saya bangun hari ini jam lima, dan kemudian kembali ke. “Bagaimana dengan Akari dan Teruko? Akari, jawab. ” Setelah makan malam, kita tidak punya pekerjaan yang harus dilakukan, jadi. Dia berhenti, dengan tangan ke pipinya ketika dia mencoba berpikir. “Teruko dan aku bersama di kamar kami sepanjang waktu. Kemudian gempa terjadi, dan Hikari segera kembali setelah itu. Saat itulah kami memutuskan untuk pergi tidur. ” Kamu bertiga berbagi satu kamar? Tanyaku. Akari-san mata tertuju ke arah saya seolah-olah dia tidak akan pernah menebak saya akan berbicara. “Ya, kami bertiga berbagi kamar. Apakah ada yang salah dengan itu? Oh tidak, tidak apa-apa. ” Hanya ingin tahu. Saya membungkuk padanya. Saya ingin bertanya apakah mereka juga berbagi kasur yang sama, tetapi saya memutuskan untuk tetap diam. Hmm. Itu berarti Akari-san dan Teruko-san memiliki alibi yang kuat sampai gempa juga. Setelah itu, mereka semua pergi ke tempat tidur, sehingga mereka tidak bisa saling menjamin. Teruko-san mengangguk sedikit setelah mendengarkan Akari kesaksian,

tetapi pada akhirnya tidak mengatakan apa-apa. Itu sederhana isyarat, tapi entah bagaimana sulit dimengerti. “Ini menjadi sangat rumit. Iria-san melihat menuju tersangka terakhir yang mungkin, Sonoyama Akane-san. Apa tentang kamu? ”katanya. Apa yang kamu lakukan tadi malam? Akane-san, yang telah mengamati situasi dengan cermat sampai sekarang dengan tangan terlipat dan mulut tertutup, mendesah. “Menilai dari kenyataan bahwa tidak ada yang menyebut namaku sampai sekarang, itu mungkin cukup jelas, tetapi, ya, saya tidak bersama ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 3 siapa saja tadi malam. Dia berbicara tanpa ragu. “Setelah saya selesai makan malam, aku kembali ke kamarku dan masuk ke komputer. saya sedang mengerjakan beberapa pemodelan, dan, well, saya akan mengampuni Anda detail yang membosankan. Seharusnya ada log, sehingga Anda bisa memeriksanya untuk bukti, tapi saya kira hal semacam itu bisa dipalsukan. saya kira Anda tidak bisa menyebutnya alibi. ” “Saya tidak tahu banyak tentang komputer. Apa yang kamu pikirkan, Kunagisa-san? Hmm? Kepala Kunagisa muncul (sangat sulit melamun). Oh. Dengan tingkat keahlian, seseorang bisa dengan mudah memanipulasi sesuatu yang sederhana seperti log. Akane-chan, seberapa banyak yang Anda ketahui tentang komputer? Akane-san menyeringai. Mungkin tidak ada gunanya menjawab itu. ” Oh, oke, Kunagisa mengangguk. “Ya, kurasa kau benar. Dengan alat yang tepat, bahkan seorang amatir dapat mengubah log. Ini bukan seperti itu sangat sulit. Anda dapat menemukan perangkat lunak semacam itu di mana-mana tempat. ” Apakah tidak ada cara untuk melihat apakah log sudah diubah? Tanyaku. Ada, tapi itu bisa dipalsukan juga. Tentang apa saja mungkin dengan komputer, Anda tahu, jadi sulit untuk menggunakannya konfirmasi sebuah alibi. ” Kunagisa Tomo. Diundang ke pulau ini sebagai pemimpin itu Tim. “Dia tak ada taranya di bidangnya, jadi tidak mungkin dia salah. Dalam hal ini, Akane-san tidak punya alibi untuk dibicarakan. Akane-san menghela nafas lagi. Tapi kurasa aku harus melakukannya buat pertahanan untuk diri saya sendiri atau Anda akan memiliki saya di kayu salib. Begitu Saya hanya akan melanjutkan dan mengatakannya: Saya tidak melakukannya. Tentu saya benci seniman, tapi saya tidak berpikir mereka layak dibunuh. Sudah mati ketika mereka hidup. Itu tidak akan sepadan dengan usaha. Saya punya tidak ada hubungannya. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 4 Dia mungkin bermaksud mengatakan, Saya

tidak ada hubungannya dengan itu, tapi bagaimanapun juga, dia sepertinya tidak menggertak atau bermain tangguh, dan itu juga tidak terlihat seperti akting. “Oke, semuanya tolong tunggu sebentar. Saya harus kerja ini di kepala saya. ” Um, sebelum itu, tolong tunggu, kataku pada Iria-san. Itu percakapan semakin aneh. Tunggu sebelum kita tunggu? Um, Iria-san, apa yang sebenarnya kamu coba lakukan? Maafkan saya? Hanya saja ini semua terasa sangat aneh bagiku, dan.dari Tentu saja, ini adalah pulau dan rumah Anda, jadi saya tahu itu mungkin lebih baik tidak mengatakan apa-apa, plus aku bahkan tidak benar-benar a tamu, tapi saya tetap bertanya. Apa yang sebenarnya kamu coba melakukan? Yah. Saya mencoba untuk menyelesaikan ini, tentu saja, ” dia tersenyum lembut. Tampaknya cukup jelas bagiku, lanjutnya. “Ibuki-san dibunuh oleh seseorang. Dan dalam hal ini, itu berarti dia dibunuh oleh seseorang di ruangan ini. Seperti kamu berkata, ini adalah pulau dan rumahku. Salah satu tamu yang pernah saya kunjungi diundang ke sini telah terbunuh, dan pembunuhnya ada di sini. Tentunya Anda tidak berpikir kita bisa membiarkan ini sendirian? ” Dia melirik kerumunan dengan senyum ironis. Memang, dia benar. Ini adalah pulau terpencil. Remote, pulau sepi, benar-benar terisolasi. Pulau Bulu Burung Gagak Basah. Jika ada dua belas orang di pulau itu dan satu ada terbunuh, si pembunuh harus menjadi salah satu dari sebelas yang tersisa. Bahkan siswa sekolah dasar dapat melakukan hal semacam itu aritmatika. Astaga, kematian lagi, kata Iria-san sambil menghela nafas. Lain? Apakah dia hanya mengatakan yang lain? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 5 Dan pemenggalan kepala lainnya, pada saat itu. Mungkinkah ini pulau dikutuk? Katakan, Himena-san, bisakah kamu melihat itu? ” Kaulah yang dikutuk, jawab Maki-san. Itu Pulau hanyalah sebuah pulau. Jika ada yang dikutuk, itu adalah Anda. ” Seperti pernyataan yang mengecewakan, Iria-san menjawab dengan senyum aneh. Mungkin begitu. ” Ah, semua masuk akal. Rasanya aneh bagi saya terlepas dari sikapnya, Maki-san bisa rukun dengan semua orang selain saya, tetapi sekarang saya mendapatkannya. Tidak ada orang lain di pulau ini peduli tentang apa yang dikatakan orang lain. “Mmm, tapi ini kasus yang cukup sederhana. Mungkin tidak ada butuhkan untuk semua pertanyaan ini. Lagi pula, saat kejadian cukup ditata untuk kita. ” Apakah itu? Ini. Anda juga melihatnya, kan? Semua cat itu diketuk selama gempa bumi, dan tubuh Ibuki-san terbaring sisi lain. Menurutmu

seberapa luas sungai cat itu itu? Tidak ada yang berani menjawab, jadi saya pergi ke depan. “Cepat sekilas, saya akan mengatakan sekitar sepuluh kaki. ” “Benar, tidak sebesar itu, tetapi tentu saja tidak cukup kecil untuk melompat lebih. Jadi kita bisa memastikan bahwa pembunuhan itu pasti terjadi sebelum gempa bumi. ” Rak telah jatuh akibat gempa, menghasilkan itu sungai berwarna marmer. Apa artinya itu? Gempa itu harus telah lebih intens dari yang saya sadari, tetapi tidak hanya itu. Apa sebenarnya arti sungai itu? Tunggu sebentar, potong Akane. Dia terlihat sedikit prihatin. “Percakapan ini bukan pertanda baik bagi saya. Kamu tahu kenapa? Mengapa? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 6 Semua orang selain Akane-san punya alibi sebelum gempa bumi. Saya bersama Kunagisa sepanjang waktu. Sama dengan Hikari-san, Maki-san, dan Shinya-san. Kesepakatan yang sama dengan Akari-san dan Teruko-san. Dan tentu saja, Iria-san, Rei-san, dan Yayoi-san. Semua orang punya alibi dan bisa saling menjamin. Iria-san benar. Tidak mungkin seseorang bisa melompat sungai marmer cat yang dibuat gempa. Demikian juga, tidak ada cara untuk menyeberangi sungai tanpa melangkah di cat dan membuat jejak kaki. Dalam hal ini… Pembunuhan itu harus terjadi sebelum gempa bumi. Satu-satunya yang tidak memiliki alibi pada saat itu adalah Akane-san. Memang, ini bukan pertanda baik baginya sama sekali. “Iria-san,” dia berdecak. “Aku hanya akan bertanya langsung padamu. Apakah Anda pikir saya yang melakukannya? ”Itu tentu saja lurus. Ya, Iria-san mengakui secara langsung. “Maksudku, siapa lagi bisa? Akane-san memutuskan kontak mata dengan Iria-san dan berkata tidak ada. Dia bingung untuk argumen yang efektif Otak Seven Mop miliknya. Merasakan sepotong sepotong Sehubungan dengan dia, saya ingin melompat dan menyelamatkan dia, tetapi jika anggota Seven Fools tidak bisa memikirkan bantahan, tidak mungkin dropout program bisa. Canggung muncul di udara untuk sementara waktu, tetapi ternyata benar Kunagisa yang memecahkannya. Itu salah, katanya. “Aku tidak berpikir logis seperti itu sepenuhnya masuk akal, Iria-chan. ” Oh? Kenapa begitu? ”Iria-san anehnya senang mendengarnya saya t. “Ah, begitu. Anda sedang berbicara tentang kemungkinan suatu ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 7 kaki tangan. Saya kira ada kemungkinan itu. Itu akan membuat alibi semua orang agak goyah. ” Tidak bukan itu. Bahkan jika Anda tidak mempertimbangkan kaki tangan, Anda melewatkan sesuatu. Benar, Ii-chan? ” Hah? Aku berseru, benar-benar terkejut akan hal

itu ditarik ke dalam ini. Ayo, Ii-chan, katakan padanya. Tentang apa yang terjadi terakhir malam. ” Tadi malam.sesuatu terjadi? Terlihat sangat kesal, Kunagisa membungkam. Ini adalah hal yang cukup langka baginya. Apa yang bisa kukatakan? Tidak seperti Anda, saya memiliki ingatan yang buruk. ” Ya ampun, kamu benar-benar tidak ingat? Ingatanmu tidak buruk, tidak ada! Apakah Anda selalu melupakan hal-hal sepenting ini? Setelah gempa bumi. Shinya-chan membuat panggilan ke Kanamichan, kanan? Oh. Oh Oh! ” Hikari-san dan Shinya-san mendongak kaget. Betul. Shinya-san memanggil Kanami-san setelah itu gempa dan menegaskan bahwa dia baik-baik saja. Dikonfirmasi itu tidak ada yang terjadi padanya. Wow, itu penting, seperti yang dikatakan Kunagisa. Apa apakah itu berarti? Apa yang akan terjadi sekarang? “Dengan kata lain, Kanami-chan pasti terbunuh setelahnya gempa bumi. ” Tunggu sebentar, kata Iria-san dengan panik. Tapi itu sungai cat. Yah, Iria-chan, itu pasti berarti ini.dia berhenti sebentar momen. “Ladang itu terkunci. ” Semua orang saling bertukar pandang sejenak. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 8 Sungai cat itu pasti tidak bisa dilompati. Itu sepuluh kaki lebar. Mungkin itu mungkin jika Anda seorang pelompat panjang, tapi bahkan saat itu, tidak ada ruang untuk memulai. Jika kamu menganggap itu, pembunuhan itu pasti terjadi sebelum gempa bumi, persis seperti yang dikatakan Iria-san, tapi kemudian kisah Shinya-san tidak akan masuk akal. Segera setelah gempa, Kanami-san tidak terbunuh atau terluka. “Sakaki-san,” kata Iria-san, “itu suara Ibuki-san tentu, benar? ” Dia menjadi lebih pucat, dengan ekspresi bingung tertulis di mukanya. Akhirnya, dia mengangguk. “Ya, itu pasti Kanami. Tidak ada kesalahan. Dia bilang dia sibuk, dan catnya sudah jatuh jadi semuanya berantakan. Dia seharusnya hidup setelah gempa. ” Aku juga mendengar Sakaki-san berbicara di telepon, Hikarisan kata nyonyanya. “Dia bertanya padaku apakah dia bisa menggunakan rumah telepon dan.saya pikir Ibuki-san pasti masih hidup. ” Ya, dia masih.dia mencengkeram kepalanya dengan sedih. Jika saya hanya pergi ke restoran bukannya mengabaikan tugas saya. Sialan! Saya sampah! Aku hanyalah sampah! ” Tidak banyak yang bisa dikatakan tentang itu. Hanya itu pada akhirnya bukan gempa bumi atau badai salju atau kebakaran yang menakutkan. Tampaknya ada semacam hiburan yang bisa ditemukan dalam penyesalan. Ini berfungsi sebagai pelarian dari apa yang ada di depan mata Anda. Anda akhirnya menyematkan semua perbuatan buruk Anda pada

mantan Anda. ” Ini bukan apa yang Anda sebut penghukuman diri. Ketika Anda menyesali sesuatu, Anda secara teknis menjadi baik. Saya tidak mengatakan Shinya-san adalah monster. Manusia itu adil kabel seperti itu. Jika ada yang monster, itu aku, hanya untuk bisa mengacaukan kekurangan orang seperti ini. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 2 9 Ini mulai menjadi aneh, kata Akane-san, membelai dagunya. Menurut Shinya-san, Hikari-san, dan Kunagisasan kesaksian, pembunuhan itu pasti terjadi setelah gempa bumi. Tetapi setelah gempa bumi, sungai cat itu sudah terbentuk, dalam hal ini tidak ada orang yang bisa telah membunuhnya. Dalam hal ini… “Itu benar, Akane-chan. ”Kunagisa menyela. Dia punya yang dia dapatkan ketika dia mulai menemukan sesuatu menarik “Ini adalah situasi yang sangat aneh. ” Ketika kamu mengatakan bahwa bengkel itu terkunci, maksudmu.Iriasan mengangguk, tampaknya yakin. Hmm. Memang, bahkan sekarang, cat itu tidak kering, ya? Mungkinkah ada cara untuk melakukannya memanjat dan memasuki ruangan? Katakan, Akari, dimana telepon rumah di bengkel Ibuki-san? ” Ada di sebelah jendela, di dudukan telepon, Akari-san dijawab dengan sangat pasti. Iria-san menyilangkan tangannya dan mempertimbangkan ini. Kunagisasan, Anda telah mengajukan pertanyaan ini, tetapi saya kira Anda tidak tahu jawabannya sudah? Apakah Anda tahu siapa yang melakukannya? Tidak, jawab Kunagisa, anehnya percaya diri. Tentu saja, saya juga tidak tahu. Tidak ada yang tahu. “Bagaimana dengan jendelanya? Apakah mungkin orang itu masuk melalui jendela? Shinya-san bertanya. Hikari-san menjawab. Tapi ini lantai dua. Bukan saya pikir itu mungkin. Dan saya cukup yakin jendela itu terkunci dari dalam, jadi— Jadi sama sekali tidak bisa dibuka dari luar? Mungkin, jawab Hikari-san. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 3 0 Periksa. Jadi jendelanya tidak mungkin, begitu juga jendelanya pintu Itu tidak mungkin terjadi sebelum gempa bumi atau sesudahnya gempa, jadi. Baik. Kami berada di jalan buntu. Semua orang terdiam lagi. Dan kemudian, mata mulai bergeser kembali ke arah Akane-san. Hah? Dia tampak sedikit terkejut. “Hei, kupikir sudah membersihkan diriku. ” Mungkin tidak, kata Iria-san. “Membersihkan sungai cat itu tidak mungkin, kan? Jadi, pada akhirnya, itu pasti sebelum gempa bumi. ” Bagaimana dengan apa yang Shinya-san katakan? Dia bisa saja ditipu. Mungkin itu sebuah auditori halusinasi atau sesuatu. ” Halusinasi pendengaran? Omong kosong Itu tidak masuk akal. Saya harus mengatakan sesuatu. Aku

pikir itu yang ingin kau percayai, kataku. Kurasa tidak, kata Iria-san, tidak terpengaruh oleh pendapatku. Bahkan seandainya itu bukan halusinasi pendengaran, itu bisa saja dengan mudah menjadi semacam kesalahpahaman lainnya. Tidak ada menyeberangi sungai cat itu, itu pasti. Jadi itu logis untuk menganggap pembunuhan itu terjadi sebelum Gempa bumi, dalam hal ini tidak bisa siapa-siapa selain Akanesan. ” Ini tidak baik, kata Akane-san, tampak benar-benar khawatir. SAYA tahu ini mungkin tidak akan membantu kasus saya, tetapi saya tidak dapat membantu tapi rasanya alibi Akari-san dan Teruko-san agak samar. Maksud saya, anggota keluarga saling menjamin? Tidak akan tahan di pengadilan. ” Kami tidak berbicara tentang pengadilan, kata Iria-san datar. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 3 1 Kurasa tidak, kata Akane-san seolah dia mengharapkan itu tanggapan. “Tetap saja, menentukan penjahat dengan proses eliminasi tidak masuk akal. Itu konyol. Dan sederhana saja mengabaikan kesaksian Sakaki-san bukanlah apa yang akan saya sebut pemikiran logis. Itu pemikiran selektif. ” Berpikir selektif? Akane-san menatapku, seolah berkata, Tolong, tolong. menjelaskan? Bias konfirmasi, kataku, tiba-tiba teringat dari pelatihan program saya bahwa seseorang tidak pernah mengungkapkan miliknya kebodohan bagi seorang “senior. Dengan kata lain, itu berarti ketika kamu hanya pertimbangkan kesaksian dan bukti yang sesuai dengan pendapat Anda dan menghapus semua bukti yang bertentangan sebagai semacam kebetulan. Sebenarnya, mereka mengatakan itu dalam kemampuan supranatural eksperimen, mereka ”—mata saya beralih ke Maki-san — “Mereka sering menggunakannya. 'Cinta Kering,' bukan? Mereka terobsesi dengan apa pun bukti yang menunjukkan kemampuan ini ada sementara mengabaikan apa pun bukti yang menunjukkan mereka tidak. Ini cara mereka mendapatkannya hasil yang diinginkan, saya kira. ” Aku tidak benar-benar mengikutimu. ” Saya telah melakukan semua upaya untuk mengingat hal-hal ini, dan di sini Iria-san bahkan tidak mendengarkan. Buang-buang nafas. Akane-san menghela nafas dalam-dalam. Aku kira Ibuki-san dan aku berhubungan cukup buruk, tapi masih… Saya ingat pertengkaran buruk mereka dari malam sebelumnya makan malam. Itu tidak benar-benar melakukan keajaiban untuk kasusnya. Tentu saja bukan hanya kurangnya alibi Akane-san yang membuat Iria-san sangat meragukannya, tapi ini juga. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 3 2 Tentu saja, bukan karena aku tidak mengerti milik Iria-

san perasaan. Tetapi jika Anda mempertimbangkan kesaksian Shinya-san, bahkan Akane-san tidak bisa menjadi tersangka. Itu adalah kejahatan yang tidak wajar. Tidak ada tersangka. Ada satu korban dan nol tersangka. Situasinya tidak masuk akal. Dan dengan demikian untuk memperbaikinya. Kesaksian Sakaki-san sepertinya agak teduh, Iriasan kata, menatapnya. Bahkan jika itu bukan dusta, itu harus dilakukan menjadi semacam persepsi salah atau mimpi atau semacamnya. ” Tapi aku mendengarnya berbicara di telepon, kata Hikari-san. Iria-san menggelengkan kepalanya. “Bukannya kamu mendengar suara Ibuki-san suara, kan? Sakaki-san adalah satu-satunya yang mendengar suaranya secara langsung, yang berarti. Ayo, itu— Shinya-san mulai memprotes, tetapi seolah-olah menyadari bahwa dia tidak punya dasar untuk berdebat, dia terdiam. Hmm. Nah, jika memang begitu, saya kira tidak ada pilihan selain mencurigai saya. Itu salah satu cara untuk melihat berbagai hal, ngomong-ngomong, kata Akane-san, hampir seolah dia sedang berbicara tentang orang lain. Bahkan sekarang, dia tampaknya tidak berbohong atau bertindak. Sonoyama Akane, sistem ER3, Seven Fools. Dia sepertinya semua terlalu terbiasa dengan kekacauan semacam ini. Tapi tetap saja, kamu tidak punya bukti. Iria-san, bahkan jika kamu adalah nyonya ini pulau dan rumah besar ini, Anda tidak akan memperlakukan saya seperti penjahat tanpa bukti, kan? Ini mungkin bukan pengadilan hukum di sini, seperti yang Anda katakan, tapi itu bukan novel detektif tua yang berdebu, baik kan? Anda tidak bisa hanya berasumsi bahwa saya adalah penjahat proses eliminasi dan berpikir selektif yang tidak formal ini. Tidak ada yang bisa melakukan itu. ” Tapi Sonoyama-san, kamu juga tidak bisa membuktikan kalau kamu tidak penjahat. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 3 3 “Kamu tidak bisa meminta yang tidak bersalah untuk membuktikan bahwa mereka tidak bersalah. Kamu tidak dapat membuktikan yang tidak dapat dibuktikan. Saya tidak bersalah sampai terbukti bersalah. ” Kau bicara hukum lagi. ” Bahu Akane-san merosot. Yah, apa maksudmu, Iria-san? Jadi saya tersangka utama. Baik. Itu mutlak benar Saya satu-satunya yang tidak punya alibi sebelum gempa. Tidak ada yang bisa memasuki bengkel setelah gempa bumi. Tentu, saya juga ikut dengan Anda. Karena itu, milik Sakaki-san kesaksian menjadi curiga. Masuk akal. Jadi bagaimana sekarang? Begitu… Apa sekarang? Apa yang harus kita lakukan? Iria-san melihat sekeliling meja dengan ekspresi bermasalah. Sepertinya dia tidak

memikirkan apa pun lebih jauh dari ini. Bagaimana anti. Lemparkan aku ke polisi atau apapun yang kamu mau, Akanesan kata, menyapu poni dari wajahnya. Akane-san dari Seven Fools dikirim ke polisi? Aku benci polisi, kata Iria-san, masih bingung saat dia menatap langit-langit. Oh, apa yang harus dilakukan? Sekali lagi berat mengisi udara. Aku berbisik pada Kunagisa. “Hei, Tomo. ” Ada apa, Ii-chan? Apakah tidak ada cara untuk menghentikan perburuan penyihir ini? Ada. ” Ya? Ya, tapi —dia menatapku— kamu harus melakukannya, bukan saya. ” Ya, oke, aku mengangguk, lalu mengangkat tanganku. Iria-san called on me with a confused look.“Yes, you.” Ah, bagus It was so nice not to be ignored. “I have a suggestion. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 3 4 Iya nih? “How about using the room I've been staying in? Terlihat like you can only lock and unlock it from the outside. Bagaimana jika we kept Akane-san there for a while?” “Kept her there?” She eyed me dubiously.“You mean like imprisonment?” “Not imprisonment, exactly.Not imprisonment, just… a

periode pengasingan yang singkat. Iria-san, kupikir hal terbesar kita harus takut sekarang adalah bahwa ini berubah menjadi string pembunuhan. Kanami-san terbunuh. Oke, itu sudah dikatakan dan selesai Aku benci untuk terus terang tentang hal itu, tetapi apa yang dilakukan sudah selesai. Tapi yang lebih penting, kita tidak bisa membiarkan orang lain mati. Itu cara tercepat untuk menghadapi situasi seperti ini adalah dengan mengisolasi tersangka utama. Jika Akane-san benar-benar pembunuhnya, tentu saja dia tidak akan bisa melakukan pembunuhan lagi. Jika, pada Di sisi lain, orang lain menggunakan semacam trik dan berhasil menyelinap masuk dan membunuh Kanami-san setelah gempa, maka orang itu akan terhenti. Lagipula, jika mereka mencoba sesuatu lagi, itu akan membuktikan Akane-san tidak bersalah. ” Saya melihat sekeliling untuk melihat tanggapan orang. “Dengan kata lain, buat lingkungan yang antagonis, jadi bahwa si pembunuh tidak bisa bergerak. Ini termasuk Akane-san, sebagai dan juga semua orang. Bengkel mungkin telah dikunci, tetapi pintu yang dikunci dibuat untuk dibuka. Mungkin ada beberapa trik. Mungkin tidak ada. Itu tidak masalah. Yang penting adalah kita juga tidak tahu. Akane-san mungkin telah melakukannya. Orang lain mungkin punya. Bahkan saya mungkin miliki. Saya mungkin tidak. Jadi saya pikir hal

terbaik untuk dilakukan adalah membuat situasi di mana si pembunuh tidak dapat melakukan apa pun. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 3 5 Ah, aku mengerti, kata Yayoi-san, sedikit mengejutkanku. Bahwa sangat masuk akal. Saya harus mengatakan saya setuju. Saya tidak berpikir ada dasar yang sangat kuat untuk mencurigai Sonoyama-san sendirian. Alasan Iria-san agaknya sewenang-wenang. ” Iria-san memberinya tatapan bingung. Namun. Yayoi-san melanjutkan. “Aku pikir itu bukan ide yang buruk. Tapi Anda tidak bermaksud adil kunci dia selamanya, kan? Di kamar yang mengerikan itu? ” Hei, aku sudah tidur di kamar yang mengerikan itu, sial. Borjuasi buruk. Yah, sampai polisi datang. Ini adalah pulau pribadi seharusnya tidak perlu lebih dari satu atau dua hari untuk mendapatkan simpatisan diluar sini. ” Aku tidak akan memanggil polisi, kata Iria-san, sepenuhnya mengejutkan saya. Eh? Maafkan saya, Nyonya, apa hal terburuk yang Anda alami diucapkan? “Maksudku, apa gunanya, kan? Bahkan jika kita memanggil polisi, mereka hanya akan menganggap Sonoyama-san adalah penjahat dan itu akan berakhir disana Polisi tidak akan melakukan apa pun. ” Bukan kata-kata Iria-san yang membuatku curiga, tapi dia Raut Wajah. Polisi tidak akan melakukan apa pun? Kenapa dia mengatakan itu dengan wajah tegas seperti itu? “Tapi kita tidak bisa tidak memanggil polisi. Jika kami melakukan itu, di sana tidak akan ada gunanya membatasi dia. ” Belum tentu. Kita hanya harus mengumpulkan semuanya sementara dia ada di sana. Kami akan melacak pelakunya bukti dan alasan. Bukankah itu masuk akal bagimu? ” Apakah kamu yang akan menyelidikinya, Iria-san? Sesuatu tentang gagasan Iria-san untuk menggunakan alasan tidak berlaku baik dengan saya sama sekali. Tapi yang mengejutkan saya, dia menggelengkan kepalanya. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 3 6 Tidak, bukan aku, tentu saja. Apakah kamu tidak ingat? aku sudah bilang kemarin, kan? Dalam seminggu — tidak, enam hari — sehebat itu, manusia yang luar biasa datang ke pulau ini. ” Detektif novel misteri pepatah ini. Iria-san favorit. Pahlawan Iria-san. Tentunya Aikawa-san akan menghancurkan masalah ini berkeping-keping. ” Berkeping-keping. Ekspresi yang luar biasa. Dan dia tidak melihat sepertinya dia juga melebih-lebihkan. Enam hari lagi, ya? Akane-san berkata dengan sinis, membiarkannya lengan bersilang jatuh di sampingnya. “Yah, terserahlah. Baik baik. Saya tahu saya tidak bersalah, tetapi jika ini yang diperlukan meyakinkan Anda, apa yang bisa saya katakan?

Saya kira kita bisa mempercayai ini Aikawa-san? Iya nih. Tentu saja. Iria-san mengangguk percaya diri. Anda bisa rasakan keyakinannya yang paling dalam pada pahlawannya ini hanya dari melihat dia. Akane-san menghela nafas sekali lagi. Baik. Ayo lakukan kemudian. ” Aku ingin tahu apakah itu benar-benar hal yang benar untuk dilakukan, kataku bermain dengan rambut Kunagisa. Dia bilang itu terlalu berat semua terikat naik tinggi seperti itu dan ingin aku mengulanginya. Di sini saya punya pikir itu menggemaskan, tetapi jika dia tidak menyukainya, aku tidak punya pilihan. Semua orang sejak berpisah, dan kami berdua telah pergi kembali ke kamar Kunagisa. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 3 7 “Aku pikir tidak apa-apa. Cukup banyak yang saya harapkan terjadi Akane-chan juga harus berterima kasih, eh? Itu adalah ide yang jauh lebih baik daripada melanjutkan pertengkaran tidak produktif itu, pokoknya. ” Hmm, aku ingin tahu. Sebagai orang yang menyarankan ide itu sejak awal, saya tidak bisa membayangkan Akane-san terlalu senang tentang itu. Saya merasakan sedikit bersalah. Mungkin itu satu-satunya solusi, tetapi saya Mau tak mau bertanya-tanya apakah ada cara lain. Semua selesai. ” “'Sankyuu. Dia merangkak ke rak komputernya dan duduk turun dengan dia kembali padaku. Kemudian dia menyalakan power dan mulai mengetik. Aku hanya.Aku merasa seperti kita telah berbuat salah Akane-san. ” Mungkin begitu. Tapi ada beberapa hal yang tidak bisa dihindari, kau tahu, Iichan? ” Setelah sarapan, Akane-san pergi ke kamarku untuk menjemputnya memiliki dua kaki. Sudah diputuskan bahwa Akari-san dan sang yang lain akan mengantarkan makanan kepadanya secara langsung, dan dia akan melakukannya harus memanggil mereka dari telepon kamar setiap kali dia inginkan untuk menggunakan kamar mandi. Akane-san telah meminta lampu baca agar dia bisa lewat enam hari berikutnya membaca buku-buku yang dibawanya. Enam hari.Secara objektif, ruangan itu bukan a lingkungan yang sangat buruk. Tapi pintunya tidak bisa tidak dikunci dari dalam dan jendelanya sangat tinggi— hampir tidak ada cara untuk melarikan diri. Dalam pengertian itu, sungguh adalah penjara. Enam hari. Itu terlalu lama untuk dikunci. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 3 8 Kalau saja Iria-san memanggil polisi, kita tidak perlu melakukannya lakukan semua ini. Sepertinya dia berusaha menutupi insiden itu sama sekali. ” Tapi Iria-chan benar, kau tahu? Jika dia menelepon polisi, mereka akan menyalahkan Akane-chan dan menutup

kasingnya dengan benar disana Atau bahkan jika mereka tidak menghukumnya, dia akan menjadi seorang tersangka. Maksudku, tidakkah kamu ingin menghindari sesuatu seperti bahwa? Serius, salah satu dari Tujuh Orang Bodoh menjadi pembunuhan tersangka? Apakah kamu tahu banyak tentang ER3, Tomo? “Aku punya beberapa kenalan dari sana. Tapi saya yakin Anda tahu lebih banyak daripada saya. ” Berbicara tentang Seven Fools, Akane-san tidak memiliki kriminal kekebalan atau apa, kan? Tapi itu akan menjadi situasi yang lebih buruk bagi saya, bukan untuk sebutkan Yayoi-chan dan Maki-chan, yang keduanya baik-baik saja dihormati. Tidak ada yang membutuhkan skandal seperti ini untuk menghadapi. Dari tentu saja hal yang sama berlaku untuk Iria-chan. Jadi wajar saja kalau dia tidak memanggil polisi. ” Alami, ya? Mungkin pulau ini sendiri yang tidak wajar. Tapi Menilai dari sikap Iria-san, aku merasa ada lebih ke cerita. Seperti dia punya beberapa yang lebih mendasar alasan untuk tidak ingin memanggil polisi. Apakah kamu mengira Iria-san memiliki alasan khusus untuk itu tidak menyukai polisi? Yah, bagaimana jika kita bertanya padanya? Aku ragu dia akan memberi tahu kita. ” Ya, mungkin. Lagi pula, mengapa khawatir tentang hal itu? Sekali ini Karakter Aikawa, Iria-chan sangat tergila-gila di sini, semuanya akan terpecahkan. Ini hanya enam hari lagi. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 3 9 Ya, tapi. Iria-san adalah nyonya pulau, dan jika dia bilang tidak polisi, tidak ada yang melawannya. Untuk apa nilainya, mungkin tidak akan ada lagi pembunuhan dengan Akane-san terkunci di pengasingan. Tetapi tetap saja… “Katakan, Tomo. ” Apa, Ii-chan? “Aku ingin meminta bantuan. ” Saya menerima. Apa itu? “Bisakah kamu melakukan sesuatu tentang pintu yang terkunci itu? Aku tidak tahu, tapi untukmu, aku akan mencoba. ” Tidak perlu menghabiskan enam hari berikutnya hanya duduk sekitar. Saya adalah orang yang telah mengusulkan tindakan ini sejak awal, jadi saya punya kewajiban untuk memberikan kasus ini beberapa serius berpikir. Jika kita dapat memecahkan kasus ini dengan cepat, kita tidak perlu melakukannya tetap akane-chan terkunci di sana, apakah dia melakukannya atau tidak. ” Dia memutar kursinya untuk menghadap saya. Dia memberi isyarat saya lebih dekat. Sini sini. Saya berjalan ke komputer sebagai diceritakan. “Untuk saat ini, aku sudah mengetik alibi semua orang. ” Ibuki Kanami (terbunuh) Sonoyama Akane Sebelum gempa bumi: X Setelah gempa bumi: X Kunagisa Tomo Sebelum gempa: O (Ii-chan, Hikari,

Maki, Shinya) Setelah gempa bumi: X ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 4 0 Sashirono Yayoi Sebelum gempa bumi: O (Iria, Rei) Setelah gempa bumi: X Chiga Akari Sebelum gempa: Δ (Teruko) Setelah gempa bumi: X Chiga Hikari Sebelum gempa: O (Ii-chan, Tomo, Maki, Shinya) Setelah gempa bumi: X Chiga Teruko Sebelum gempa: Δ (Akari) Setelah gempa bumi: X Sakaki Shinya Sebelum gempa: O (Ii-chan, Tomo, Maki, Hikari) Setelah gempa bumi: O (Maki) Handa Rei Sebelum gempa bumi: O (Iria, Yayoi) Setelah gempa bumi: Δ (Iria) Himena Maki Sebelum gempa: O (Ii-chan, Tomo, Hikari, Shinya) Setelah gempa bumi: O (Shinya) Akagami Iria Sebelum gempa bumi: O (Rei, Yayoi) Setelah gempa bumi: Δ (Rei) Terlihat benar? "Aku mengerti O dan X, tapi apa itu segitiga? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 4 1 "Akane-chan benar tentang kesaksian keluarga. Iria-chan, Sepertinya Rei-chan, Akari-chan, Hikari-chan, dan Teruko-chan banyak yang cukup terhormat, jadi untuk saat ini, mereka mendapatkan cek. Nya Hanya saja, well, alibi mereka tampak agak goyah. " Dia menggulir ke bawah layar dan memeriksa bagan alibi sekali lagi. Untuk sekarang, mari kita abaikan kemungkinan kaki tangan, aku kata. "Dan itu termasuk ikatan keluarga. Jika kita berasumsi sebanyak itu, kita bisa menghapus Shinya-san dan Maki-san dari daftar tersangka. Oh, dan juga Rei-san dan Iria-san. " Empat orang jatuh. Tujuh orang pergi. Jika kesaksian Shinya-san akurat, maka terkunci ruangan dengan cat menjadi masalah. Tetapi jika itu bohong, itu berarti hanya Akane-san yang bisa melakukannya. " "Tapi aku tidak bisa membayangkan kenapa Shinya-chan berbohong. " "Yah, itu bisa saja kesalahpahaman atau semacamnya bukannya bohong. " Nah, bagaimana dengan itu. Aku mulai terdengar seperti Iria-san. Tapi kamu tahu, Akane-san benar-benar tersangka utama di sini, berbicara secara objektif. " Ya, kamu tidak bisa tidak berpikir begitu, melihat grafik ini. Tidak peduli seberapa adil atau simpatiknya Anda, itu tidak berubah fakta bahwa dialah satu-satunya yang tanpa sedikit pun alibi Jika bukan itu masalahnya, dia mungkin tidak akan melakukannya menerima seluruh gagasan pengasingan ini. " Ya, pasti. Jadi, Tomo, apa menurutmu Akane-san yang melakukannya? " "Aku tidak akan mengatakan itu. Seperti yang dia katakan sendiri, tidak ada bukti. Anda tidak dapat memutuskan siapa penjahatnya dengan proses ZAREGOTO: SIKLUS KUBIKIRI ■■■ 142 eliminasi sendiri. Kami bahkan belum memeriksa Kanami-chan tubuh belum, baik. " "Ah, dan kurasa

masih ada fakta bahwa ruangan itu terkunci. ” “Tapi jika kamu memperhitungkannya, tidak ada yang bisa melakukannya kejahatan. Ii-chan, kamu punya ide tentang itu? ” Aku punya beberapa, kataku sambil merenung. Mungkin aku akan memikirkannya sesuatu keluar setelah beberapa saat. Bagaimana denganmu, Tomo? ” Aku punya banyak ide, katanya. “Hanya perlu memberikannya sedikit lebih banyak berpikir dan semua harus masuk ke tempatnya. Oh, dan Iichan? Apakah kesaksian Shinya-san benar atau tidak, saya pikir pembunuhan terjadi setelah gempa bumi. ” Hah? Mengapa? “Foto dirimu itu. Apakah Anda benar-benar berpikir dia bisa melakukannya? selesai gambar seperti itu sebelum gempa? Bukan saya pikir juga begitu. ” Baik… Sulit dikatakan. Kanami-san sangat cepat ketika datang untuk melukis. Tetapi jika apa yang dikatakan Kunagisa benar, maka itu semakin yakin bahwa pintu itu telah dikunci. Bahwa tidak akan menjadi perkembangan yang paling membantu dalam kasus ini. “Dan kemudian ada tubuh tanpa kepala itu sendiri. ” Aku mengangguk. Terlepas dari siapa yang membunuhnya, mengapa mereka memotong kepalanya mati? “Mereka mengatakan untuk waspada terhadap identitas yang ditukar ketika mayat muncul tanpa kepala, tapi kurasa tidak perlu untuk keraguan dalam kasus khusus ini. Ada dua belas orang, satu kepalanya dipotong, dan sekarang ada sebelas. Dan kita tahu persis siapa dan di mana sebelas orang itu berada. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 4 3 “Jika itu salah satu dari tiga saudara perempuan pelayan yang terbunuh, itu akan menjadi masalah nyata, ya? Kata Kunagisa. Tetapi dengan Kanami-chan, mungkin tidak perlu khawatir tentang itu. Jika ada orang lain di pulau ini yang akan berbeda, tapi kamu tahu. ” “Kita juga tidak perlu mempertimbangkan gagasan itu. Jika kita anggap ada X jumlah orang lain di pulau ini, semuanya penyempitan tersangka dan pencarian alibi ini menjadi tak berarti. Saya tidak tahu apa ini 'detektif' datang dalam enam hari harus mengatakan tentang hal itu, tetapi untuk sekarang mari kita khawatirkan saja sebelas orang yang kita kenal. ” Kau mengatakannya, katanya, menganga di langit-langit. Sekarang, jika kamu pertimbangkan kemungkinan kaki tangan atau sejenisnya tipuan jarak jauh, hanya Anda dan saya yang bisa dilepaskan dari tersangka daftar. ” Kenapa aku juga? Kataku. Karena aku percaya padamu, jawabnya dengan dingin. “Tetap saja, mengapa melakukannya harus dipancung? Pengalihan tubuh adalah satu-satunya yang layak alasan saya bisa memikirkan.

Tapi saya ingin tahu.mungkin itu bahkan tidak bagaimana dia meninggal. ” Ya. Jika ya, tidak akan ada darah begitu sedikit. Saya t akan lebih seperti sungai darah. Tapi sekilas, sepertinya tidak ada luka tikam atau apa pun, jadi mungkin dia diracun atau dicekik. Maksudku, hanya untuk berspekulasi. ” Aku ingin tahu apakah dia turun dengan mudah. ” Mungkin. Kakinya tidak bekerja, dan meskipun dia penglihatan telah kembali, itu pasti tidak sempurna. Sekali kamu mendekatinya, tindakan membunuhnya mungkin tidak akan sangat sulit. Dan memotong kepala tidak akan banyak tantangan juga. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 4 4 Selama Anda tidak ragu-ragu, itu hanya butuh beberapa menit. “Tidak ada motif yang jelas juga. Kenapa Kanami-san punya untuk dibunuh? “Tidak ada yang harus dibunuh. Tapi ya, saya bertanya-tanya mengapa. Selain Shinya-chan, semua orang di sini baru saja bertemu Kanamichan, kanan? Hmm, tapi mungkin bukan itu masalahnya. Mungkin seseorang benar-benar memiliki hubungan dengannya sebelumnya datang kesini. Itu tidak akan aneh. ” Kurasa kau bisa menduga apa saja tentang itu subjek ” Dalam hal ini, tidak ada gunanya menganggap apa pun. Kunagisa mengerang. Yah, mari kita khawatirkan detail-detail lain ini dulu, dan mencari tahu siapa yang tahu siapa di kemudian hari. ” Bagaimana kita akan melakukan itu? Kamu pikir kamu bicara dengan siapa? Dia menyeringai padaku. Tentu saja. Gadis berambut biru ini memiliki latar belakang, bisa dikatakan. Nah, akankah kita melakukan investigasi TKP? Dia mengambil kamera digital terdekatnya. Dalam perjalanan ke kamar Kanami-san, kami melewati Yayoi-san. saya bermaksud menyambutnya, tetapi ada sesuatu yang tidak bisa didekati tentang dia, dan aku melewatkan kesempatanku. Dia terus berjalan masuk arah yang berlawanan. Kami telah melewati satu sama lain, tetapi sepertinya dia bahkan tidak memperhatikan keberadaan kita. Aku ingin tahu apa yang dia lakukan, kata Kunagisa. Sesuatu sepertinya agak aneh tentangnya. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 4 5 “Dia terlihat agak khawatir tentang sesuatu. Atau mungkin hanya dalam pemikiran yang mendalam. ” Hmph. Mungkin dia melihat sekeliling Kanami-chan kamar, kau tahu? Mungkin dia punya ide yang sama dengan kita. Selesaikan kasus cepat sehingga kita semua bisa pulang. ” “Hmm, aku bertanya-tanya. Dia sudah lama di sini, kan? saya ragu dia tiba-tiba ingin berkemas dan pergi. ” Eh, mungkin. Tapi secara pribadi saya benci pulau tempat pembunuhan terjadi. ” “Aku benar-benar ingin

tahu tentang itu. ” Tepat sebelum kita semua bertebaran dari ruang makan, Iria-san telah menetapkan aturan. Sampai Aikawa-san tiba di sini dalam enam hari, tidak ada yang meninggalkan pulau itu. Kita semua adalah tersangka di sini termasuk. ” Dengan kata lain, Akane-san bukan satu-satunya makhluk dipenjara. Dan itu bukan hanya rasa ingin tahu yang memotivasi Kunagisa untuk menggali lebih dalam. Dia ingin pulang sesuai rencana. Seperti malas dia, dia anehnya anal tentang rencana. Yah, bagaimanapun juga itu baik. Saya tentu tidak akan keberatan jika Yayoi-chan menyelesaikan kasus ini untuk kita. ” “Aku tidak berpikir itu yang dia lakukan. Dia punya semacam melankolis, getaran muram tentang dia. Mau tak mau aku bertanya-tanya apakah dia membuang bukti atau sesuatu. ” Itu tentu akan sangat menyebalkan bagi kita, kata Kunagisa, menatapku melalui kamera digital. Ayo cepat dan coba lihat. ” Pintu Kanami-san dibiarkan terbuka. Anda bisa melihat di dalam pintu pembuka luar. Sepertinya tidak ada sekitar. Saya bertanya-tanya apa yang dilakukan semua orang, kecuali Akane-san, yang mungkin di ruang penyimpanan. Tetapi saya memutuskan untuk mengesampingkan pemikiran itu untuk sementara waktu. Orang-orang ZAREGOTO: SIKLUS KUBIKIRI ■■■ 146 akan melakukan apa yang mereka mau, sejauh mereka diizinkan. Itu tadi benar di pulau ini, dan itu benar di tempat lain. Kamar berbau seperti cat lebih tipis seperti biasa, tetapi cat sepertinya sebagian besar sudah kering sekarang. Tubuh Kanami-san tetap ada di tempat yang sama tadi pagi, dan melihat jika tidak persis sama. Jadi, mari kita periksa. Ada sesuatu yang sangat.lucu tentang tanpa kepala tubuh. Apa yang membuat mayat begitu menyeramkan dan menakutkan adalah itu Ekspresi tanpa emosi di wajah, tetapi tanpa kepala tampilan wajah itu, menyeramkan dan teror diganti dengan keriangan. Ini seperti melihat upaya kacau di plastik model atau sesuatu. Sungai marmer. Mantel Kunagisa tetap berada di sana Tengah. “Ngomong-ngomong, tentang mantel itu. Berapa harganya? ” “Itu adalah bagian dari set dua potong untuk sekitar dua puluh ribu, aku pikirkan. ” Dolar? “Tidak, yen. ” Wow, harga rata-rata. Saya sedikit terkejut. Yah, mungkin sebaiknya masuk ke dalam. “Saya mencoba mengambil langkah maju, tapi dia menarik lengan bajuku seperti dia punya itu pagi Apa sekarang? “Coba lompat. ” Hah? Ayo. Itu sebuah eksperimen. Dapatkan sedikit berlari mulai dari sini dan lihat apakah Anda bisa melompati sungai cat itu. Keterampilan atletik Anda tidak terlalu buruk, kan? Mereka juga

tidak begitu baik. ” “Cobalah. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 4 7 Kamu mengerti. ” Saya bangkit sedikit dan memberikan lompatan terbaik saya, tetapi sebagai diharapkan, saya tidak bisa membersihkan sungai. Saya mendarat dengan kedua kaki, hanya sedikit melewati titik tengah. Hanya itu yang akan kamu dapatkan. ” Hmm. Kunagisa melangkah, menggunakan mantelnya sebagai Batu loncatan. Jika kamu bahkan tidak bisa melakukannya, hanya Shinya-san orang di sini yang bahkan mungkin punya kesempatan. Dia satu-satunya pria lain dan semua. ” “Ya, tapi pelayan itu sepertinya cukup sehat jujur. Maksud saya, mereka membawa semua barang bawaan Anda, termasuk itu PC dan workstation. Benda-benda itu tidak ringan. ” Ya, tapi mereka semua mungil. Itu hanya masalah lebar. Hmm, tapi sekali lagi, orang selalu mengatakan kemampuan cocok kebutuhan. Saya kira detailnya sedikit kabur. Sekarang, mari kita lihat apa yang terjadi dengan Kanami-chan. Dia mendekati milik Kanamisan tubuh, kamera di tangan. Dia tampaknya sangat tertarik untuk memeriksa tubuh, sementara aku lebih peduli dengan Kanami-san kanvas. Ada beberapa yang tergeletak di sekitar, termasuk gambar bunga sakura yang telah dia hancurkan, serta gambar ulangi Saya harus gemetar saat melihatnya. Bahkan aku, yang belum begitu banyak minat yang lewat pada seni atau estetika, tidak dapat disangkal bahwa saya sedang melihat keindahan yang murni dan tidak ternoda. Dan kemudian ada gambar yang saya modelkan. Kanami-san telah berjanji untuk memberikannya kepadaku, tetapi aku tidak bisa terima sesuatu seperti ini. Saya tidak punya saraf baja semua. Aku mungkin hanya mengoceh di sini, tapi. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 148 Saya pergi untuk mengambil lukisan itu, tetapi kemudian berhenti sendiri. Saya t mungkin buruk meninggalkan sidik jari. Kemudian lagi, itu mungkin tidak penting. Hah? “Hei, Tomo. ” Ya? Apakah tidak ada yang aneh dengan lukisan ini? Maksudmu fotomu itu? Hmm? Apa yang aneh Nya lukisan normal. ” Tentu saja rasa Kunagisa bukanlah hal yang paling biasa di dunia, juga, tapi itu intinya. Sesuatu tentang lukisan itu mati, dengan cara yang sangat halus. Saya t bukan apa-apa tentang gambar itu sendiri, tetapi hanya yang aneh Perasaan absurditas itu entah bagaimana tersampaikan. “Yah, tetap saja, ambil gambarnya, ya? Sesuatu tentang itu mengganggguku. ” Oke. Hmm, aku masih belum menemukan sesuatu yang aneh disini ” Dia tampaknya sedang memeriksa tubuh Kanami-san. Sungguh? Kataku, berjalan

menghampirinya. Ya. Saya tidak profesional sekalipun. Penyebab kematian adalah masih menjadi misteri, dan saya tidak bisa mempersempit waktu kematian, antara. Tanpa koroner, itu mungkin mustahil. Jika hanya Iria-chan juga mengundang seorang genius medis di sini. Anda tahu, seperti Blackjack atau sesuatu. Kemudian lagi, bahkan dengan koroner, itu mungkin akan sangat sulit tanpa kepala tubuh. ” Kurasa kita tidak akan mencari tahu apa-apa di sini setelah ini semua. ” Ya. Dia mengangkat mayat itu di bawah lengannya. Bahkan bertahun-tahun dia tidak punya keraguan untuk menyentuh mayat. “Agak enak aku kembali, kau tahu? Ini seperti masa lalu. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 149 “Ya, kamu benar, tapi.Aku tidak merasa seperti itu. Sepertinya saya melihat mayat untuk pertama kalinya lagi. Sudah mengganggu saya untuk sementara waktu. ” Ada semacam ini yang tak terkatakan, membingungkan perasaan. Seperti ketika Anda menemukan bekas luka di tubuh Anda sendiri, Anda tidak ingat pernah. Ini jamais vu. ” Itu apa? “Kebalikan dari déjà vu. Itu berarti Anda merasa seperti Anda melakukan sesuatu untuk pertama kalinya, meskipun Anda sudah melakukannya melakukannya berkali-kali sebelumnya. Seharusnya itu terjadi saat Anda indra telah mati rasa. ” Kemudian indraku pasti mati rasa beberapa lama lalu. Lagipula, banyak hal terjadi di luar negeri. Pokoknya, kata Kunagisa. “Tidak ada luka tusuk. Jadi mungkin dia dicekik. Dan kemudian menyembunyikannya memar, si pembunuh memotong kepalanya. ” “Kedengarannya gila, tapi.ini yang tidak kudapat. Terserah pembunuh yang biasa memotong kepala — pisau, kapak, kapak, apa pun itu — mengapa mereka tidak menggunakannya untuk membunuhnya? Mungkin mereka melakukannya. Tidak ada luka tusuk, tapi itu adil pada tubuh. Mungkin mereka menusuk kepalanya. ” Hei ya, mungkin, kataku. “Ngomong-ngomong, di mana kamu seandainya kepalanya pergi? Aku ingin tahu ke mana pembunuhnya mengambilnya. saya maksudnya, jika si pembunuh mengambilnya. ” “Setengah pulau adalah hutan. Mungkin mereka dimakamkan di suatu tempat di luar sana. Atau mereka bisa membuangnya ke laut. Pembuangan mungkin tidak banyak masalah. ” “Yang membawa kita kembali ke pertanyaan, mengapa pembunuhnya potong kepalanya? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 5 0 Tetapi pertanyaan itu adalah jalan buntu. “Aku punya satu pertanyaan lagi, Ii-chan. Lihatlah ini. Kepala terpotong dari pangkal leher, kan? Mengapa apakah dipotong seperti itu?

Tidakkah kamu berpikir bahwa jika kamu mau memenggal seseorang, tempat biasa untuk memotong akan berada di sekitar tengah leher? Posisi potongan memang tidak wajar rendah, tapi aku tidak akan mengira itu adalah sesuatu yang signifikan. Aku menyilangkan tangan dan tidak berkata apa-apa. TKP ini penyelidikan sepertinya tidak menghasilkan petunjuk sama sekali. Paling-paling, kami telah mengkonfirmasi bahwa sungai cat tidak mungkin melompat. Tapi itu lebih seperti langkah mundur daripada kemajuan. Kunagisa menghampiri dudukan telepon di dekat jendela dan mengambil gagang telepon. “Hmm, juga tidak ada yang aneh di sini. ” Kamu pikir akan ada? “Saya pikir mungkin rangkaiannya telah dicurangi sehingga panggilan untuk telepon ini akan terhubung ke telepon yang berbeda. Tapi disana sepertinya tidak ada yang salah dalam hal ini. Tidak terlihat seperti itu sudah bermain-main, baik. ” Telepon, ya? Katakan, bagaimana hasilnya lagi? Apa yang telah Kanami-san bilang ke Shinya-san? ” Catnya tumpah, aku sibuk bekerja jadi jangan ganggu, hal-hal seperti itu. Tapi Shinya-san seharusnya pergi memeriksanya bahkan jika dia mengatakan kepadanya untuk tidak melakukannya. Ini mungkin tampak ketat, tetapi itu adalah tugasnya sebagai juru kunci. ” “Kamu benar tentang itu. Tetapi tidak ada gunanya berbicara tentang apa yang sudah dilakukan ” Lagi pula, Shinya-san sudah harus menanggung beban itu dirinya sendiri. Bukan terutama tempat kami untuk menyalahkan ZAREGOTO: SIKLUS KUBIKIRI ■■■ 151 dia, dan tidak perlu melakukannya. Ini dunia yang gila, tapi itu juga dunia di mana kita harus bertanggung jawab tindakan sendiri. Dan terkadang kita juga harus mengambilnya tanggung jawab atas kurangnya tindakan kita sendiri. “Mungkinkah mereka mengembalikan ponsel kembali seperti semula kemudian? Yah, aku tidak akan mengatakan itu benar-benar mustahil, tetapi itu praktis adalah. Ini tidak seperti mencolokkan atau melepas kabel atau sesuatu. ” “Ya, poin bagus. Saya kira kita harus melihat yang lain kemungkinan. Seperti pintu yang terkunci. ” Kamu pikir aku berbohong? Tiba-tiba aku mendengar suara Shinya-san dari belakangku, jadi aku berputar-putar. Dia berdiri di ambang pintu dengan semacam tas oranye di tangannya. Tapi aku bisa mendengar suara Kanami dengan pasti. Itu tidak bohong. ” Dari suaranya, dia tampak sangat lelah. Yang mungkin tidak perlu dikatakan. Aku tidak mengatakan kamu berbohong, Shinya-san. Kami tidak punya apapun yang pasti. Tapi mungkinkah itu suara Anda dengar bukan

miliknya? Tidak, jawabnya. “Aku sudah lama kenal Kanami. Tidak mungkin aku akan keliru dengan suaranya. Apakah kamu ragu saya? Tidak seperti itu. Tidak ada alasan Anda akan terbunuh dia, setelah semua. ” “Aku tidak tahu, mungkin kita tidak dalam kondisi terbaik. Ia memberikan senyum lemah. Lalu dia melangkah melalui cat kering dan mendekati kami. Setelah diperiksa lebih dekat, menjadi jelas apa tas oranye itu. Itu adalah kantong tidur. Dia menatapku. Kita tidak bisa meninggalkannya begitu saja di sini, kan? Katanya. Saya mendapat izin ZAREGOTO: SIKLUS KUBIKIRI ■■■ 152 dari Iria-san dan segalanya. Saya telah memutuskan untuk menguburnya di gunung kembali. Ini tidak seperti Iria-san akan memanggil polisi, dan ini semua hartanya. Mengubur Kanami adalah yang bisa saya lakukan sekarang. ” Kami akan membantumu, kataku. Dia mencoba memikirkan yang tepat respons, tetapi menyadari manfaat memiliki dua orang tambahan membantunya, dia tidak mengatakan apa-apa. Bersama-sama kami mengangkat tubuh Kanami-san dan diam-diam meletakkannya di dalam kantong tidur. Saya tahu itu tidak perlu dikatakan, tetapi dagingnya benar-benar tanpa kehangatan. Shinya-san, apakah kamu memiliki sesuatu untuk digali? “Seharusnya ada sekop besar di belakang pintu masuk. Kunagisa-chan, bisakah kami minta Anda membawanya untuk kami? Hmm, katakanlah, adalah itu kamera digital? Ya. Kunagisa mengangguk. Kita harus menyimpan catatan TKP ketika Mister Detective muncul. Saya tidak berpikir mayat akan menuntut hak publisitas, kan? ” Itu mungkin cara terburuk yang bisa diucapkannya, tapi Shinya-san menanggapinya dengan anggukan dan seringai. Saya melihat. Akan kita pergi, kalau begitu? Um, Shinya-san? Tentang lukisan ini. Hmm? Ah. Lukisan Kanami. Itu bagus, bukan? Ini adalah lukisan terakhir yang pernah dia lakukan, tetapi dia bermaksud untuk memberikannya Anda, jadi silakan ambil. ” Apakah tidak apa-apa? “Aku ingin menghormati permintaan terakhirnya. ” Keinginan terakhirnya. Ya, dia sudah mati. Tidak ada yang tersisa untuk dipenuhi. “Dapatkan kakinya, ya kan? Saya akan membawa kepalanya, dan— Dia memotong dirinya pergi, kemungkinan besar menyadari tidak ada kepala untuk dibawa. Tanpa berkata apa-apa, saya mengangkat kaki. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 153 Dia pasti berharap dia bisa mengubur kepalanya dengan tubuh, tetapi keberadaannya tetap tidak diketahui. Entah itu Pembunuh menyembunyikannya di suatu tempat, atau sudah dilemparkan ke dalam hutan atau dibuang

ke laut, seperti kata Kunagisa. Berpegangan pada kaki, terpikir olehku betapa beratnya itu tubuh itu. Lebih berat dari yang Anda harapkan. Mungkin tidak mustahil untuk satu orang untuk membawa, tetapi dua orang pasti lebih baik. Sejak saat itu, tidak ada dari kami yang berbicara. Dalam diam kami mengangkat tubuhnya dan meninggalkan mansion; dalam diam kami menuju gunung di belakang; dan dalam diam kami menggali lubang. Kantong tidur yang menahan tubuhnya sangat murahan alasan oranye untuk peti mati, aku tidak bisa tidak menemukannya lucu Pada saat itu, aku merasa kematian manusia bukanlah apa-apa tapi lelucon besar. Orang orang mati. Itu adalah sesuatu yang saya ketahui dengan sangat baik, untuk saat itu terasa menyesakkan, sampai-sampai aku ingin muntah, dan Kunagisa tahu itu juga. Dan Shinya-san, menjadi fullfledged dewasa, sudah pasti tersentuh oleh kematian di masa lalu demikian juga. Mungkin itulah sebabnya kami semua diam. Akhirnya, Shinya-san berbicara. Kalian berdua bisa kembali sekarang, dia kata. “Aku akan tinggal di sini sedikit lebih lama. ” Saya ingin mengatakan sesuatu, tetapi saya tidak mengatakannya. Kunagisa melanjutkan tanganku, dan kami pergi tanpa sepatah kata pun. Mungkin Shinya-san akan menangis. Mungkin tidak. Either way, kami tidak lagi punya alasan untuk berlama-lama. Lagipula, kami hanya orang biasa. Aku ingin tahu apakah boleh pergi saja dan menguburkannya, Kata Kunagisa. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 5 4 Aku pikir begitu. Shinya-san sepertinya satu-satunya yang dia miliki menyerupai orang yang dicintai, dan itulah yang ingin dia lakukan. Dan kami tidak bisa membiarkannya berbaring di toko sepanjang minggu. ” Benar. Benar, tapi. “Katakan, Tomo. Menurutmu seberapa besar kejahatan itu meninggalkan mayat? “Anda mungkin akan mendapat hukuman kurang dari tiga tahun. Tapi Anda mungkin akan mendapatkan pembebasan bersyarat juga. Tapi kamu dan aku sama-sama di bawah umur, jadi jangan khawatir. Apa pun yang terjadi, kami bisa turun dengan sedikit uang. ” Percakapan yang hambar. Bukannya aku mencari yang enak. Aku hanya mengoceh di sini. Kunagisa memberiku tatapan lucu.

ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 5 6 Apa yang sebenarnya Anda coba lakukan? Makan siang disiapkan oleh Hikari-san. Yayoi-san telah mengeluh berada di bawah cuaca dan sekarang sedang

beristirahat di kamarnya. Memang, dia tampak sangat pucat ketika kami melewatinya di aula. Tidak seperti apa yang Yayoi-san buat untuk kita, tapi tolong selamat menikmati, ”kata Hikari-san dengan senyum malu-malu, lalu pergi ruang makan. Yang tersisa hanya aku dan Kunagisa.dan Maki-san, yang sepertinya tengah makan siang. Saya melakukan yang terbaik untuk itu abaikan dia saat aku menjejalkan masakan Hikari-san ke tenggorokanku. Kunagisa sepertinya tidak lapar, jadi dia hanya menandai sepanjang, menatap ke luar angkasa. Hei, Nak. Seperti yang diharapkan, Maki-san akan melecehkan saya. “Sepertinya kamu bersenang-senang, ya? Eh? ” Bukankah ini yang kamu katakan akan terjadi? Hmm? Maksud kamu apa? “Segala sesuatu akan menjadi lebih buruk sebelum menjadi lebih baik. Bukan begitu apa yang kamu katakan saat makan malam kemarin? Sungguh suatu prasyarat yang indah itu tadi. ” Aku merasakan sedikit sarkasme di sana, tapi aku akan melanjutkan dan mengambil itu sebagai pujian. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 5 7 “Jika kamu tahu ini akan terjadi, tidak bisakah kamu melakukannya mencegahnya? Tidak. Yang bisa saya lakukan hanyalah menonton dan mendengarkan. Saya pikir kamu salah paham kemampuan saya. Kemampuan psikis tidak seperti itu kenyamanan luar biasa. Saya katakan sebelumnya, bukan? Itu seperti menonton televisi. Bisakah Anda mengubah konten acara TV? Dia tersenyum mengejek ketika dia menyekop makanannya. Sesuatu tentang dia mirip dengan Kunagisa, pikirku. Dia secara emosional belum matang, namun pada saat yang sama dia entah bagaimana tampak tercerahkan. Setelah Kanamisan pembunuhan, dia tampak benar-benar tidak terpengaruh. Sebenarnya itu sepertinya tidak ada yang bisa mengganggunya. Kalau begitu tolong beri tahu kami, apa yang akan terjadi selanjutnya? Yakin. Jika kamu membayar saya. ” Tiba-tiba dia terlihat sangat marah, dan tanpa kata lain, dia bangkit dan bergegas keluar dari ruang makan. Kenapa dia? Sangat marah? “Itu dingin darimu, Ii-chan. ” Apa itu? Lupakan. Jika Anda selesai makan, mari kembali ke kamar saya. Ada yang harus kita lakukan. ” Ya baiklah. ” Maki-san pasti orang yang moody. saya memutuskan untuk anggap itu masalahnya dan jangan berpikir lebih jauh. saya tidak tahu kegelapan apa yang mengintai di hati seseorang siapa yang tahu segalanya. Kami kembali ke kamar Kunagisa. Pertama kami membongkar foto digital ke PC-nya dengan kabel USB. Lalu dia menyalakan workstation dan memasukkan floppy disk. Apa yang

ada di disk? Tanyaku. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 5 8 Alat. Kreasi orisinal saya, tentu saja. Sudah diatur sedemikian rupa mereka hanya berjalan di workstation ini, jadi meskipun saya menjatuhkan CD itu baik. Sekarang mari kita ke bagian bawah ini. ” Singkatnya, apa yang akan dilakukan Kunagisa adalah liar. Tapi saya kira Anda juga bisa menyebutnya penelitian. ” Termasuk Kanami-san, ada dua belas orang. Tidak termasuk Kunagisa dan aku, ada sepuluh. Seperti yang direncanakan, Kunagisa akan menjalankan pemeriksaan latar belakang pada sepuluh orang ini orang dan cari tahu siapa yang tahu siapa. Kanami-san telah dibunuh. Pasti ada a alasan untuk itu. Tentu saja, ada beberapa pembunuhan yang terjadi tanpa alasan yang jelas, tetapi jenis lainnya sangat, benar-benar, dan depresi lebih umum. Seharusnya semua orang di sini telah bertemu untuk pertama kalinya di pulau itu, tetapi bagaimana jika itu tidak terjadi? Kemungkinan ada di sana, dan hanya berpikir tentang itu tidak akan banyak gunanya. Dan dengan demikian sudah waktunya untuk Kunagisa Tomo, pemimpin Tim yang telah melemparkan dunia maya sebelumnya abad ke dalam kekacauan total, untuk bertindak. Jadi bagaimana sekarang? Pertama, aku akan mengakses mesin hi-spec yang kudapat kembali rumah. Workstation ini tidak memiliki kekuatan yang kita butuhkan. ” Meskipun punya begitu banyak terabyte? “Ini tidak ada hubungannya dengan itu. Ii-chan, kamu benar-benar tidak tahu apa-apa, kan? ” “Berhenti mengatakan itu. Saya mungkin tidak tahu sebanyak Anda, tetapi saya tahu sedikit. Saya mengambil kelas teknik elektronik kembali Houston, setidaknya. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 5 9 Sangat? Kedengarannya seperti kebohongan bagiku. Bukankah kamu yang dulu harus pergi ke toko serba ada dan menjadi seperti 'Apakah Anda akan menyalin disk ini untuk saya? Ini sepuluh yen? “Itu sebelum saya pergi ke Houston. ” Mengutuk ingatannya. “Yah, terserahlah. Itu Ii-chan untukmu, ”katanya. Bagaimanapun, maka saya akan mengatur sepuluh server UG di platform dan kontak Chii-kun. ” “Chii-kun? Belum pernah mendengar nama itu sebelumnya. ” Tapi saya bisa menduga itu adalah anggota tim. Aku bertanya apakah itu, dan dia mengangguk. “Chii-kun terutama bertugas mencari. Ada tidak ada apa pun di alam semesta yang tidak dapat dilacaknya. ” Di alam semesta? Memang ini adalah sekelompok orang berbakat yang aneh. “Dia memiliki kepribadian yang buruk, tetapi dia pria yang baik. ” “Dia bukan orang yang membuat sistem operasi itu, kan? Itu Atchan,

kan? Jadi apa yang dilakukan Chii-kun ini sekarang? Dia di penjara. Dia mendapat hukuman 150 tahun. Oh, ditambah delapan tahun — 158 tahun. Dia terus meretas sendiri bahkan setelah Tim dibubarkan, dan mencoba memecahkan database G-delapan, tetapi dia tertangkap. Dia membuatnya cukup jauh, tetapi dia terjebak di garis pertahanan kedelapan puluh delapan. Hehe, jika kamu terlalu pandai sesuatu, itu selalu hal mudah yang membuat Anda pada akhirnya. ” “Kamu benar-benar tahu banyak tentang itu. ” Ya. Saya adalah orang yang merancang garis pertahanan itu. ” Saya tidak menjawab. “Aku telah mendengar desas-desus bahwa Chii-kun mengejar rahasia Informasi PBB. Saya tidak bisa membiarkan situasi begitu saja, jadi saya ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 6 0 menghubungi beberapa teman dan kami membuat pembelaan. Bahkan saat itu adalah panggilan akrab, yang merupakan bukti keterampilannya. ” “Jadi begitu dia dijebloskan ke penjara? Anda benar-benar berpikir dia akan membantu kita? Sebenarnya, bagaimana dia bisa membantu kita dari penjara? Mereka tidak punya internet di sana, kan? Selalu ada pengecualian untuk aturan itu, kau tahu. Dan Chii-kun kebetulan sangat luar biasa. Dan dia akan melakukannya pasti membantu. Chii-kun bukan tipe yang keringat kecil barang-barang. ” Dia terus mengetik bahkan ketika dia berbicara. Aku sudah tidak tahu apa yang dia lakukan. Kenapa kamu memanggilnya Chii-kun? Pegangan jaringnya adalah Cheetah. ” Agak seperti pegangan batu, ya? “Ya, dia pria yang cepat. Dia bilang dia menabrak mobil sebelumnya. ” Apa, maksudmu saat mengemudi? “Tidak, saat berlari. Saya cukup yakin dia adalah orang pertama di Jepang akan didenda karena menabrak mobil sambil berjalan kaki. ” Bagaimana itu untuk eksentrik? Apakah Tomo menarik orang-orang seperti magnet? Nah, mungkin bakat hanya tertarik seperti bakat. “Jangan pernah memperkenalkan kami. ” Dia terdengar seperti tipe orang yang aku lebih suka diam-diam amati dari kejauhan. Kunagisa mengangguk. Kamu mengerti. Bagaimanapun, kita semua memiliki aturan. Kami tidak pernah memperkenalkan teman satu sama lain apa pun yang terjadi. Karena teman-teman bukan informasi. Saya tidak ingin Anda memperkenalkan saya ke salah satu teman Anda, Ii-chan. ” Tentu.Jadi kurasa aku akan menyerahkan semua ini padamu? Jika Anda akan berbicara dengan pria itu, saya mungkin tidak boleh berkeliaran, ya? Dan saya juga punya beberapa tempat untuk dikunjungi. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 6 1 Damai,

sapa Kunagisa. Dengan itu, saya meninggalkan kamarnya dan berjalan ke bawah tangga spiral. Di sana aku berhenti untuk menarik napas panjang, dan mulai menyusuri lorong. Saya sedang dalam perjalanan ke kamar Iria-san. Hikarisan telah memberi saya petunjuk sebelumnya, jadi saya tidak berpikir ada bahaya tersesat. Bahkan di rumah besar seperti ini, di mana semuanya berada kualitas terbaik, pintu kamarnya luar biasa keahlian. Saya ragu apakah suara ketukan saya bahkan akan mencapai sisi lain dari pintu yang tebal. Meskipun demikian, setelah mencobanya, gelombang suara berhasil entah bagaimana tampaknya mencapai bagian dalam, dan ketukan saya adalah dijawab dengan Masuk! Saya membuka pintu dan masuk. Kamar itu mungkin dua kali ukuran Kunagisa. Itu tidak langsung dari film, itu adalah keseluruhan film itu sendiri. Itu seperti yang legendaris Urashima Taro. Kata-kata menerima audiens muncul di pikiran. Kepala pelayan Rei-san duduk di sofa dengan Iria-san berdiri disampingnya. Mereka pasti berada di tengah a percakapan. Iria-san memiringkan kepalanya ke arahku. Apakah ada masalah? Um."Ekspresinya tidak mengerti. Sepertinya dia punya lupa nama saya. Atau lebih tepatnya, tidak ingat pernah memilikinya mengatakan atau mendengar nama saya. Aku ingin berbicara denganmu tentang sesuatu. " "Tentu saja. Silakan duduk di sana. " Saya terlempar karena sikap kooperatifnya. Seperti yang diperintahkan, saya duduk diriku di sofa, yang bahkan lebih mewah dari sofa Kamar Kunagisa. Rasanya seperti duduk di udara. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 6 2 "Aku tidak banyak tidur tadi malam. Saya akan pergi ke tempat tidur, jadi harap tetap pendek. "Dia perlahan mulai melepasnya berpakaian saat dia berbicara, mungkin untuk berganti pakaian tidur. Rei-san segera bangkit, tetapi ragu untuk bangkit mengeluh dengan tindakan Iria-san dan akhirnya tidak mengatakan apa-apa. Serius, ini tentang apa yang Anda harapkan dari Wanita dari silsilah. Tatapan seorang plebeian belaka berarti tidak ada padanya. Apa tempayan. Iria-san, kenapa kamu tidak memanggil polisi? Pertanyaan saya membuatnya terhenti. Aku yakin aku sudah melakukannya menjelaskan itu. Jika kita memanggil polisi sekarang, mereka akan merawat Sonoyama-san menyukai penjahat. " Tapi bukankah itu yang sedang kita lakukan? Kami sudah melakukannya menguncinya. Dan bukankah kita melakukan kejahatan di sini? " "Melindungi penjahat, penjara, dan.pengabaian mayat, kan? "Dia

terus berubah. Jadi, apa yang salah? dengan itu? Pembunuhan, pencurian — itu adalah kejahatan. Dan Sonoyamasan sebenarnya tidak dipenjara. Dia memberi persetujuan. Dan selain itu, bukankah kamu yang menyarankannya sejak awal? ” Memang itulah masalahnya. Tidak ada yang bisa saya katakan tentang itu. Iria-san melanjutkan. “Orang-orang yang berkumpul di sini adalah para VIP dunia. saya menolak untuk membiarkan mereka menjadi korban orang kasar pemerintah. Dan mengapa perlu banyak campur tangan? Tak seorangpun menginginkan itu. Plus —dia menyeringai — tidak peduli siapa yang melakukannya, aku tidak berniat menundukkan siapa pun di sini dengan hukum. Bahkan jika itu berarti melatih kekayaan penuh fondasi keluarga saya, saya akan melindungi mereka. ” Mengapa? “Karena para genius berada di atas hukum. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 6 3 Tentang itu, dia terdengar sangat yakin akan dirinya sendiri. Tapi kata-katanya tidak duduk baik dengan saya. Itu berarti jika aku atau Shinya-san penjahat, dia tidak akan melindungi kita. Ya Dewa, sungguh suatu perasaan. Perasaan yang jelek dan jelek. “Bagaimana kamu mendefinisikan kata genius?” Tiba-tiba Iria-san tanya. Yah, bukankah Kretchmar menggambarkannya sebagai 'seorang individu mampu memiliki dampak yang kuat dan luar biasa pada nilai-nilai asertif dari berbagai macam orang '? ”Saya menjawab setelah a pemikiran saat ini. “Aku meminta pendapatmu. ” Serius, perasaan yang buruk. Tapi sungguh, dia benar. Setelah berpikir sejenak, Saya jawab sekali lagi. Seseorang yang 'jauh'. '” Itu benar, kata Iria-san. “Jawaban itu tepat. ” “Aku merasa ada alasan lain mengapa kamu tidak mau menelepon polisi, tapi. Maksudnya apa? Aku hanya mengatakan. Itu tidak berarti apa-apa. ” “Baiklah, apakah kita sudah selesai di sini? Saya ingin tidur. ” Buang-buang waktu saja. Sepertinya kami sedang mengalami debat yang ditentukan. Maaf aku mengganggumu, kataku dan bangkit dari sofa. Rei-san berdiri bersamaku. Aku akan melihatmu keluar. ” Kamu tidak harus melakukan itu, Rei, kata Iria-san. “Tidak apa-apa, ini pekerjaanku, kan? Maafkan saya, Nyonya. ” Rei-san dan aku meninggalkan ruangan bersama. Rasanya agak seperti saya telah diberikan penghapusan, tapi, yah, aku sudah berharap banyak ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 6 4 untuk sekarang. Dibutuhkan lebih dari upaya sederhana untuk meyakinkan seseorang seperti Iria-san, pikirku. Tolong jangan merasa sedih tentang apa yang dia katakan, kata Rei-san lembut di jalan keluar. “Dia bukan orang yang paling

sensitif. ” Yakin. ” Kalau dipikir-pikir, ini adalah pertama kalinya saya berbicara dengan Rei-san seperti ini. “Aku toh tidak keberatan. ” “Dia sangat menyukai Aikawa-san, begitu. Itu sebabnya dia tidak ingin memanggil polisi. ” Aikawa? Oh ya, orang ini datang dalam enam hari. ” “Baginya, ini semacam hadiah sambutan. Kamu melihat, Aikawa-san punya bakat untuk insiden semacam ini, dan, yah, bukan kebetulan bahwa nyonyaku menggunakan istilah itu detektif. ” Menarik. Jadi seluruh kegagalan pembunuhan ini semacam a hadir untuk pria Aikawa ini. Jika itu benar, dia pasti menjadi neraka seorang pria. Tidak. Untuk mengatakannya dengan gamblang, mungkin seluruh insiden ini hanya milik Iriasan cara menghabiskan waktu. Pewaris pulau-pengasingan ke Akagami Yayasan. Dia jelas tidak kekurangan uang atau waktu. Dan dia sudah mengumpulkan semua genius ini untuknya hiburan. Mungkinkah pembunuhan ini hanya semacam dari.acara khusus? Aku menggelengkan kepala. Saya terlalu banyak berpikir. Tidak ada orang-orang seperti itu di luar sana. Orang-orang seperti itu tidak ada dalam hal ini dunia. “Baiklah, permisi sekarang. ” Rei-san membungkuk kepadaku di depan pintu dan aku kembali cara saya datang. Setelah berbicara, dia berubah menjadi seorang

gadis yang tak terduga baik, jadi aku agak terkejut. Hikari-san telah membuatnya menjadi sangat ketat. Memikirkan hal itu membuatku merasa sedikit lucu seperti aku kembali ke kamar Kunagisa dan membuka pintu. Di dalam kamar Kunagisa berhadapan muka dengan rak komputernya, dan satu orang lagi — peramal itu, yang tak tertandingi. Mengapa? Maki-san sedang merokok, tapi begitu aku masuk, dia mematikannya rokok dengan jari telunjuknya sendiri. Dia bangkit dari sofa dan mendekati untuk melewati saya tanpa sepatah kata pun. Namun seolah berubah benaknya di tengah jalan, dia menjulurkan kepalanya ke dadaku dan mendorongku keluar dari pintu bersamanya. Dengan tangan di belakangnya kembali, dia menutup pintu. Aku menatapnya curiga. Heh, heh, heh, dia tertawa kekanak-kanakan. Tapi itu semua dia lakukan, bahkan tanpa berusaha untuk berbicara. Dalam suasana hati yang lebih baik sekarang? “Bukan hanya suasana hatiku yang membaik. Hehehe. Kamu sangat ceroboh. Atau mungkin hanya gegabah? ” Apa yang menyebabkan ini terjadi? Apakah Anda punya penulis favorit? Pembicaraan ini terjadi di mana-mana. Tidak. ” Bagaimana dengan selebriti? Tidak. ” Kamu sangat membosankan. Baik. Ya, Anda tahu

beberapa orang punya seseorang yang mereka kagumi, bukan? Tetapi orang-orang itu jatuh ke dalam tiga kategori berbeda. Ada yang berpikir 'Aku cinta orang ini, saya mengaguminya, saya menghormatinya, saya ingin menjadi seperti dia. 'Tidak bersalah, kan? Kemudian tipe kedua mirip dengan pertama, tetapi mereka memisahkan diri sepenuhnya dari objek ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 6 6 kekaguman mereka, dan bahkan memegang kehidupan orang itu di atas mereka sendiri. Dan akhirnya, tipe orang ketiga adalah orang yang berpikir bahwa dengan menaruh minat pada orang yang luar biasa ini, mereka dapat menyerap sebagian dari keindahan itu dan meningkatkannya sendiri layak pada gilirannya. Ini adalah jenis orang yang tercela dan busuk yang hanya hidup untuk orang lain. Sekarang yang mana dari ketiga jenis itu Anda milik siapa? Yang kedua, kurasa. ” Benar. Dan bengkok mungkin, bahkan saya tidak bisa tidak tergeraklah oleh kesetiaanmu pada Kunagisa-chan, ”cibirnya. Tapi dengan mengatakan itu, bukankah Anda sangat ceroboh? Meninggalkannya sendirian di kamarnya seperti itu? Bagaimana jika saya adalah pembunuhnya? “Jika kamu benar-benar ingin mengurus sesuatu, kamu jangan biarkan itu meninggalkan pandangan Anda bahkan untuk sesaat. Simpan itu pikiran, nak. ” Pat tepuk. Dia menampar saya dua kali di bahu dan menghilang, menyanyikan lagu. Saya ditinggalkan sendirian di lorong. Hah? Sialan. Aku mengutuk diriku sendiri dan kemudian membuka pintu ke rumah Kunagisa kamar dan masuk sekali lagi. Dengan aturan yang biasa tampaknya masih berlaku, ayo makan malam hampir semua orang berkumpul di sekitar meja. Hampir. Tentu saja Kanami-san tidak ada, dan Akane-san ada absen juga. Selain itu yang hilang adalah Akari-san dan ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 6 7 Teruko-san. Rupanya mereka sudah menyeberang ke daratan. Alasan untuk ini adalah bahwa mereka perlu menghubungi kekasih kami detektif, Aikawa-san. ” Tidak bisakah kau menelepon atau mengirim e-mail padanya? Tanyaku. Kita tidak bisa, kata Hikari-san. Aikawa-san terkenal sulit dijangkau. Ini adalah kehidupan yang sibuk, saya kira, dan saya percaya ada sesuatu yang terjadi di Prefektur Aichi sekarang. Jadi Akari dan Teruko tidak akan kembali sampai besok. ” Hidup yang sibuk, ya? Apa yang orang ini lakukan? “Kontrak mandiri. ” Apa itu? Saya tidak sepenuhnya akrab dengan istilah semacam itu. Makan malam malam ini adalah makanan Cina. Menurut Sashirono Yayoi, penguasa rasa, Cina adalah yang tercepat

dan makanan termudah untuk dibuat. Tentu saja, itu darinya perspektif, jadi itu mungkin tidak akan berfungsi sebagai referensi bagi saya dalam masakan saya sendiri dalam waktu dekat. Ngomong-ngomong, Kunagisa-san, kata Iria-san tepat saat makan malam akhir. “Kudengar kau melakukan beberapa operasi rahasia ini siang Apakah Anda menemukan sesuatu? Saya pikir kamu seorang spesialis mekanik, tetapi Anda dapat melakukan jenis ini investigasi juga, ya? Aku melakukan segala macam hal, kata Kunagisa dengan manis-dan-asam daging babi masuk ke mulutnya. “Tidak perlu mengikat diri dengan spesialisasi dan semacamnya. ” Itu terdengar familier. Ah.benar. Itu adalah kata-kata Kanami-san. Kata-kata seorang pelukis bebas gaya. Terlepas dari kekuatan dan kelemahan Anda, suka dan tidak suka, tidak perlu untuk mengkhususkan. Ini sangat mendasar mengajar di program ER juga. Padahal di dunia itu ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 6 8 mengkategorikan semuanya, itu bukan pengajaran yang mudah untuk dipatuhi. Itu dimulai dan berakhir dengan orang-orang seperti Kunagisa Tomo, Ibuki Kanami, dan Sonoyama Akane. Bagi saya, itu tidak mungkin. Jadi, apakah kamu mengetahui sesuatu? Tentang bagaimana mereka bangkrut ke kamar atau siapa pembunuhnya atau apa? Itu terdengar lebih seperti dia tidak ingin Kunagisa mengerti apapun yang keluar. Saya ingat apa yang dikatakan Rei-san sebelumnya. Memang, jika kasus ini diselesaikan sebelum Aikawa-san sampai di sini, itu akan terjadi sesuatu yang menyenangkan untuk Iria-san. Aku tahu semuanya. Saya tahu banyak, saya tidak tahu. ” Sepertinya tidak ada yang mengerti apa yang Kunagisa bicarakan tentang, bukannya menatapnya dengan skeptis dan tidak mengatakan apa-apa. Himena-san, Iria-san mengalihkan pembicaraan dari insinyur untuk peramal. Sejak datang ke sini, kamu telah menempatkan semua upaya Anda untuk mengganggu tamu lain, dan belum lakukan ramalan. Jadi bagaimana dengan itu? Jangan Anda pikir itu saatnya memberi tahu kami apa yang akan terjadi selanjutnya? Itu akan dikenakan biaya. ” Dia tinggal di sini secara gratis, dan menerima gaji tetap, dan dia masih punya keberanian untuk meminta bayaran? Apa yang menggerutu uang kekejaman manusia. Saya belum pernah bertemu seseorang seperti ini sebelumnya. Dia seperti iblis. Kamu orang yang suka bicara. ” Dia memelototiku. Saya tidak berbicara, sial. “Yah, kedengarannya sama bagiku. Saya menggunakan kemampuan saya untuk membuat sebuah keuntungan. Saya tidak terlalu muda

sehingga saya bisa tetap termotivasi moralitas dan kemanusiaan saja. Terutama dari segi emosional umur. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 6 9 Saya mengerti apa yang dia katakan. Tapi dia pasti punya sudah punya cukup uang sepuluh ribu yen untuk mengisi sepuluh Tokyo Kubah, jadi apa lagi yang dia inginkan? Tidak ada ruginya baginya untuk memberi tahu keberuntungan secara gratis sesekali. Siapa yang memberimu hak untuk berpikir seperti itu? Dia mengalihkan perhatiannya kembali ke Iria-san. “Tentu saja aku akan membayarnya. “Iria-san menyatukan tangannya. Tolong, aku bertanya padamu. ” “Itu berakhir segera. ” Maki-san berbicara tanpa mengubah nada suaranya. Semua orang menunggunya untuk melanjutkan, tetapi dia sudah melakukannya sepenuhnya berinvestasi dalam daging babi yang dimasak dua kali. Itu terlihat seperti itu semua yang dia katakan. Hanya itu? Tanya Iria-san, jelas agak terkejut. Aku harus mengatakan, itu sedikit, um. Itu adalah amal. Karena seseorang di sana memiliki begitu banyak keluhan tentang saya, saya pikir saya akan sedikit murah hati. Jangan khawatirkan itu. Itu tidak ada hubungannya dengan kekayaan. ” Himena Maki. Seperti apa rasanya mengetahui segalanya dan tetap diam saya t? Bagi seseorang seperti saya yang tidak tahu apa-apa, itu tidak mungkin untuk membayangkan. Dalam hal itu, Maki-san, bagiku, adalah misteri terbesar di seluruh pulau ini. Sedemikian rupa sehingga misteri tubuh tanpa kepala dan pintu dan sungai yang terkunci cat semuanya terhapus. Setelah itu, Maki-san tidak mengatakan apa-apa lagi, dan yang keempat makan malam berakhir tanpa perkembangan yang berarti. Maki-san dan Kunagisa membuat beberapa komentar aneh sebagai biasa, dan hanya itu. Namun ada satu hal yang mengganggguku. Shinya-san dan Yayoi-san tidak mengatakan sepatah kata pun sepanjang waktu, dan mereka ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 7 0 bahkan tidak tampak mendengarkan pembicaraan orang lain percakapan. Mereka hanya duduk di sana menaruh makanan di mulut mereka, hanya karena itu ada di sana. Itu tidak begitu luar biasa, tetapi di sana jelas sesuatu yang tidak wajar tentang mereka berdua. Saya t adalah satu hal untuk Shinya-san, yang telah kehilangan Kanami-san, menjadi seperti itu, tapi apa masalah Yayoi-san? Memang, dia punya mengeluh merasa di bawah cuaca sebelumnya, tapi. Baru lewat jam sembilan hal. m. Saya sendirian di kamar Kunagisa, melihat kamera digital data pada satu PC yang tampak seperti bahkan saya bisa (hanya nyaris) mengoperasikannya. Itu tidak

memiliki mouse, membuatnya sulit untuk dikendalikan, tetapi itu tidak sepenuhnya di atas kepalaku. Mayat Kanami-san. Tembakan dari dada ke atas serta a tembakan seluruh tubuh. Tembakan leher yang terputus dan tembakan sungai cat. Di tengah sungai melayang mantel. Itu cat telah kering dan mengeras, kami tidak bisa menghapusnya. saya misalkan kita bisa memaksa mantel keluar, tetapi itu sudah hancur dengan cat, jadi tidak ada gunanya. Dan akhirnya… Gambar yang saya modelkan, karya terakhir Kanami-san. Perasaan tidak alami yang saya rasakan ketika pertama kali melihat kanvas selama investigasi TKP kami telah kembali. Ketidakharmonisan. Itu alien. Itu semua hanya firasat, tapi. Ah, aku mengerti, gumamku pada diriku sendiri. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 7 1 Tentu saja. Sekarang saya melihatnya, itu sangat sederhana. Semakin besar Misteri adalah mengapa saya membutuhkan waktu lama untuk menemukannya. Dulu cacat gambar yang jelas. Hmm. Tetapi ini hanya menimbulkan pertanyaan lebih lanjut. Bagaimana hal seperti ini bisa terjadi? Tidak ada alasan sesuatu seperti ini harus terjadi. Bagaimana mungkin seorang seniman Kaliber Kanami-san membuat kesalahan sederhana seperti itu? Ketika saya memikirkannya, seseorang mengetuk pintu. “Ah, ayolah. ” Itu pasti Maki-san, di sini untuk melecehkan saya lagi. Saya bangkit dari kursi saya, lebih senang dari sebelumnya. Tetapi ketika saya membuka pintu, itu sebenarnya Hikari-san. Terjebak kebingungan seberapa jauh tebakan saya, saya menatapnya selama dua atau tiga detik tanpa fungsi otak. Ah, hei, Hikari-san. “Entah bagaimana saya berhasil merangkai kata-kata bersama. Eh, tolong, masuk. ” Maaf mengganggumu, katanya sopan, dan masuk kamar. Dia melirik ke sekeliling ruangan sejenak dan kemudian tanya saya, Um, di mana saya bisa menemukan Kunagisa-san? Oh, Kunagisa? Saya mengikatnya dan melemparkannya ke dalam bak mandi saja semenit yang lalu. ” Hah? Dia seperti kucing. Dia benci mandi. Rambutnya sebenarnya seharusnya berwarna biru jauh lebih terang, tapi dia tidak pernah mencuci begitu semua jadi gelap seperti itu. Dia tidak pandai melarikan diri, dan sekali dia basah, dia hanya menyerah, jadi dia bisa berada di sana untuk sementara. ” Oh.ohhh, jadi dia seperti Rusia Biru, ya? Meski Hikari-san memasang ekspresi fajar pencerahan, apa yang dia katakan tidak masuk akal. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 7 2 Serius, saya tidak tahu apa yang dia bicarakan. Lebih baik untuk abaikan saja. Um, jadi, jika Anda perlu

berbicara dengannya, saya minta maaf tapi Anda mungkin harus menunggu sebentar. Lalu sebuah pemikiran terpikir olehku. Mungkin ini peluang bagus. Mengatakan, Hikari-san, apa kamu bebas sekarang? ” Hmm? Yakin. Saya telah menyelesaikan semua pekerjaan saya untuk hari itu, pokoknya. ” “Kalau begitu, maukah kamu tinggal di sini sebentar? Itu mungkin berbahaya bagiku untuk meninggalkan Kunagisa sendirian, ”kataku, mengenang Kuliah Maki-san sore ini. “Seharusnya tidak apa-apa sekarang kami telah membuatnya sulit bagi si pembunuh untuk melakukan apa pun, tetapi, hanya dalam kasus. Apakah boleh? Tidak apa-apa. Saya tebak. “Dia berkata, meskipun dia mengenakan ekspresi bermasalah. Tentu saja aku tidak keberatan, tetapi apakah itu benar-benar baik? Maksud saya.untuk mempercayai saya? “Tidak ada yang akan menyerang kalian berdua secara bersamaan. ” Tidak, maksudku, kamu tidak berpikir kamu meninggalkannya rentan? Oh itu. Tidak apa-apa, aku mengangguk. “Tidak seperti Maki-san, aku percaya padamu. ” Dengan itu, aku menutup pintu dan menuju ke aula, lalu menuruni tangga ke lantai satu. 'Aku percaya padamu'? Aku bergumam, mengejek diriku sendiri. Sejak kapan aku tipe yang membuat klaim muluk seperti itu? Tidak terdengar seperti saya. Pertanyaan. Apa itu kepercayaan? Jawab Tidak peduli jika Anda dikhianati. Tidak menyesal jika Anda dikhianati. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 7 3 Bagaimanapun, itu tidak berarti apa-apa, bukan? Saya tiba di tujuan saya, dulu kamar saya sendiri, sekarang Penjara Sonoyama Akane. Ini aku, kataku, mengetuk ringan. Oh, kamu datang jawabannya setelah beberapa saat. Dia terdengar sangat tenang. Ada apa? Jika Anda jauh dari Kunagisa-chan? Sepertinya kamu tidak. ” Yah, aku punya keragu-raguan sendiri, tapi.aku ingin minta maaf padamu. ” Kenapa kamu harus minta maaf? Datang jawabannya dari sisi lain dari pintu, sedikit dibubuhi dengan rewel. Tidak Anda orang yang membela saya? Datang ke sini dan meminta maaf sama saja dengan mengatakan aku terlalu bodoh bodoh bahkan untuk memahami itu. Jika ada, saya seharusnya terima kasih. Aku seharusnya menyarankan ini sejak awal, tapi itu mungkin tidak akan berjalan dengan baik, jadi saya bersyukur ketika Anda membawanya. Saya harus mengucapkan terima kasih dengan benar sekarang. Dia berhenti sejenak. Terima kasih. ” Sama-sama. ” Dia belum naik ke jajaran Seven Fools untuk tidak ada'. Itu bukan jenis tempat memaafkan di mana Anda bisa bertahan hanya dengan sedikit belajar dan

kecerdasan. “Ngomong-ngomong, ketika Hikari-san membawakan makan malamku, dia disebutkan kalian sudah mengintip sedikit. Kamu dan Kunagisa-chan. Keberatan jika saya bertanya tentang temuan Anda? “Yah, aku masih belum tahu siapa pembunuhnya. ” “Kamu masih belum tahu, ya? Heh, aku harus membacanya bahwa? Heh heh, aku suka gayamu. Baiklah, tentu. Izinkan saya bertanya pertanyaan berbeda. Punya teori di sungai cat itu? Hm, bagaimana denganmu? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 7 4 “Saya pikir ini adalah kasus kesalahan post hoc. ” Apakah itu bahasa Inggris? Latin. Saya pikir ini seperti 'Anda menuai apa yang Anda tabur. '” Ah. Aku menghela nafas. Kalau begitu, dia pasti sudah menemukan rahasia sungai cat. Dia sudah menemukan misteri, dan sekarang dia hanya tinggal di sini untuk melestarikan ini Atmosfir antagonis yang telah kami ciptakan untuk si pembunuh. Dia benar-benar wanita yang luar biasa, pikirku. Hehehe, dia tertawa. “Mungkin yang terbaik aku tinggal di sini sampai kekasih Iria-san bocah 'Aikawa-san' tiba di sini, ya? Tidak ada masalah bagi saya, pokoknya. Saya biasa mengunci diri di kamar saya dan membaca semua saat aku masih kecil. Dan ruangan itu jauh lebih kecil daripada ini ” Apakah kamu tahu siapa pembunuhnya? Tidak, aku tidak. Itu tidak bohong, serius. Hal semacam itu bukan spesialisasi saya, dan meskipun saya membaca sesekali novel misteri, ini hanya untuk rekreasi. Katakan, apakah Anda pernah membaca Mushanokoji? Subjek telah berubah tanpa banyak segue. Apakah Mushanokoji bahkan seorang penulis novel misteri? Aku sudah membaca antologi, setidaknya, ”jawab saya dengan sedikit bingung di mukaku. “Maka kamu harus tahu cerita 'Sensei of Truth. '” Saya memang tahu banyak. Ketika saya pertama kali membacanya, saya pikir judulnya adalah 'Mari-sensei' dan itu tentang wanita yang kurang ajar. Bukannya aku bisa bicara. Tapi apakah Anda ingat di pembukaan cerita, kapan Shinri-sensei mengacu pada 'alasan membunuh tidak baik'? ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 7 5 “Ya, dia seperti, 'Apakah ada saat ketika kamu tidak mau pikiran terbunuh? Jika Anda dapat memikirkan suatu kondisi di mana Anda tidak keberatan terbunuh, tolong beri tahu saya. Jika kamu tidak suka membayangkan terbunuh dalam keadaan apa pun, maka Anda tidak punya hak untuk membunuh yang lain, 'kan? Bahkan dengan ingatan yang sama buruknya dengan ingatanku, ini banyak yang macet dengan saya. Benar, kata Akane-san. “Sekarang izinkan saya menanyakan hal yang sama kepada Anda pertanyaan. Dalam

kondisi apa Anda merasa tidak apa-apa terbunuh? “Tidak ada. ” Tetapi bagaimana jika, misalnya, Anda harus memilih di antara Anda hidup atau Kunagisa-chan? “Aku tidak mau memikirkannya. ” Benar? Dia tertawa ringan. “Lagipula, kaulah ketik yang benci membuat keputusan, kan? Anda tidak menyukai tindakan memutuskan dalam dan dari dirinya sendiri. Kemarin, Himena-san berkata hal yang sama tentang Anda, dan saya pikir dia berhasil. Anda hanya mengikuti arus. Anda membenci persaingan, dan Anda benci membuat hal-hal yang jelas. Anda harus menjaga hal-hal yang ambigu. ” “Aku tidak akan berdebat dengan itu. ” Kamu tidak akan berdebat tetapi kamu tidak akan setuju. Anda menerima saya Tantangan shogi karena Anda tahu Anda pasti akan kalah, bukankah itu benar? Anda tidak akan menerima tantangan atau bersaing jika tidak. ” Saya tidak benci kalah, saya benci kompetisi. Saya benar-benar menunda dengan gagasan bersaing dengan orang lain atas sesuatu. saya benci berkelahi juga dan karenanya tidak pernah berteman. Apakah kamu tidak menyukai orang lain? Tidak terlalu. ” Tapi apakah kamu suka mereka? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 7 6 Belum tentu. ” Betul. Dasar dari nilai – nilai Anda terletak pada Gagasan bahwa orang dimaksudkan untuk hidup menyendiri. Itu milikmu pendapat, ya? Atau tidak, bukan itu keinginanmu. Itu mutlak prinsip di mana Anda dibangun. Anda mencoba yang terbaik tidak terlibat dan tidak menyebabkan masalah atau rasa sakit untuk siapapun Tentu saja Anda bisa berbagi kebahagiaan dan masa-masa indah dengan orang lain, tetapi Anda tidak mendekati titik bahwa Anda mungkin menyebabkan rasa sakit atau kesedihan, bukankah begitu? ” Saya selalu berpikir pasangan yang menghabiskan seluruh waktu mereka berjuang dan tetap bersama semuanya sama saja idiot. Kenapa tidak mereka rukun? Tidak bisakah mereka melakukan begitu banyak? Kenapa mereka tidak bisa? Sejak kapan kamu jadi psikolog, Akane-san? “Maaf, tapi aku adalah cendekiawan dari semua mata pelajaran. Seperti itu kategorisasi tidak ada artinya bagiku. Hehehe. Anda benar-benar nikmati sendirian, bukan? ” “Yah, bagaimanapun juga. Saya teman tertua saya. ” Cukup benar. Itu yang terjadi untuk semua orang. Jadi bagaimana Kunagisa-chan? Secara keseluruhan, Anda menghabiskan waktu kurang dari setahun bersama dia, kan? Apakah kamu menyukainya? Itu pertanyaan langsung. Saya pernah ditanya hal yang sama beberapa tahun yang lalu. Waktu itu kakak laki-lakinya yang bertanya.

Namun jawabannya tetap sama. Tidak terutama, tidak. Suaraku keluar begitu putus asa dingin sehingga aku hampir bertanya-tanya apakah itu benar-benar milikku. Mengapa? Kenapa aku seperti ini? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 1 7 7 Hmm, benarkah begitu? Dia terdengar sedikit terkejut. Karena dia menyukaimu, kau tahu. Itu sudah pasti. ” Ya aku tahu. Dia mengatakan kepada saya lebih dari beberapa kali. ” “Aku tidak terlalu suka diskusi semacam ini, tapi, sudah Anda pernah bertanya-tanya mengapa meskipun dunia penuh pasangan seperti ini, entah kenapa masih banyak orang bersama? Maksudku, bukankah itu aneh? Akan terlalu nyaman untuk orang yang Anda suka pernah menyukai Anda kembali. Hidup bukan manga shojo. Tapi tentu saja, pada kenyataannya, Anda mengambil sekelompok seratus orang, banyak dari mereka akan menemukan cinta. Kenapa Anda pikir itu? Saya tidak punya ide. Saya tidak pernah memikirkannya. Bukan begitu saja kebetulan? Seperti Hukum Sejumlah Besar sesuatu? Kurasa tidak. Suatu kebetulan seperti itu tidak mungkin. Ini adalah kesimpulan yang telah saya capai: itu karena rasanya menyenangkan dicintai. Dicintai oleh orang lain sudah cukup untuk membuat Anda bahagia dan membuat Anda mencintai orang itu sebagai gantinya, katanya tegas. Aku bisa melihat senyum kecilnya yang cerdik bahkan melalui pintu Ini menjadi lebih daripada yang bisa saya tahan lebih lama. Saya merasa seperti akan dihancurkan sampai mati. Jadi, apa maksudmu? “Oh, no, no… I was just wondering why you hadn't fallen for Kunagisa-chan, and you know how it is for us scholars. Jika we can't figure something out, it'll bother us to no end. ” “She likes everyone.Seriously, everyone.It's not like she wants me in particular,” I blurted out. “So that's it,” Akane-san said.“You don't want to be loved by her.You want to be chosen by her.As her one and only. ” SAYA… Couldn't argue with that. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 7 8 “Hmm, but why her? That's what I can't figure out. Saya t seems like there must be some obvious reason, but I don't get saya t.If you two were a couple, there would certainly be some clashing factors, right? In fact, one would think you would be unattracted to someone so easy. ” Easy? Siapa? “You mean easygoing?” I said. Benar.Anyway, theoretically someone with a personality like yours wouldn't be able to endure a relationship with a girl like that, emotionally immature despite being in a superior position.Plus, you're a man. ” “It's fun being with her.Or well…” I chose my words carefully.“Rather, it's fun being by her

side. ” My favorite place in the world was by her side. Saya punya returned to Japan for that very reason. “Mmm-hmm,” Akane-san said.“You're a little masochistic, aren't you?” “Yeah, to the bone.I got bullied in elementary school, see. ” “You were bullied? No, I think this is different.I think you were neglected.There's a difference between abuse and neglect.It's the weak kids and the liars who get abused. Itu outcasts just get neglected.But I know how you feel. Ketika saya was in high school, I felt like I was surrounded by aliens. When we took tests, nobody shot for a perfect grade, they shot for the average.If we ran a marathon, they would say 'Hey, let's all run together!' They were a bunch of egalitarians, for better or worse.They would tell you pi equals three. Indeed, each of the other Seven Fools claims to have experienced similar feelings.It's the tragedy of 0. 14. Di sebuah ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 7 9 world of egalitarians, the outliers get to taste true isolation. Genius is born of it.But not all outcasts are geniuses. ” “You mean it's a condition of being a genius, not a guarantor, huh? Well I'm sure no genius. ” “Maybe not, but I think you at least know the difference between advice and an order, so let me give you some friendly advice: if you want Kunagisa-chan to choose you, I recommend you just take her.If you do that, you'll be the only one for her.She won't resist, that much is for sure. Regardless of how introverted, dark, disturbed, and deprived of an adolescent you may be, I'm sure you at least have the balls to do that. ” Bukan saya. ” “You're a real mallard, huh?” A what? “I may lack confidence, but you think I'm a coward?” At least I wasn't a Chii-kun. “Oh, I'm sorry.Hehehehe, I like you, y'know? It's too bad you aren't a woman. ” Kenapa begitu? I didn't know what she was trying to say anymore.No, that's wrong.It was simply becoming too painful to keep myself together any longer. If this went on any longer, any longer at all… “Well, it's okay.I'm sure everything will become clear soon cukup.Time always gives things some clarity.Say, by the way, have you ever heard the theory that in zero-sum games like shogi and chess there's always one perfect move to make?” “Is this like the Prisoners' Dilemma?” “Yeah, that.The movement of the shogi pieces is mathematically limited, so there is always one perfect move to ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 0 make.Thus, it's technically possible to decide the match in the very first move.Of course, this assumes that both opponents are perfect players.So how about the killer in our case? How will this Aikawa-

san respond, I wonder? Isn't it a fascinating notion? Still, this mystery feels more like a labyrinth than a shogi board. ” “A labyrinth? But labyrinths are simple.If you just stick your hand on one wall, you'll eventually find the way out. Saya t just takes time. ” “You're talking about a simple maze.I think this case is more like a multiconnected labyrinth.Still, there's a surefire strategy for this kind of labyrinth as well, but it's kind of hard to explain.If you have a chance, try looking it up. Tapi jangan you ever want to play a game with no surefire strategy?” A game with no sure strategy. No sure win… Hah. What if this case was like that? Anxiety. Like standing on shaky legs. I felt sick. “If you think about it,” she continued.This sickening conversation.Even though it was sickening. “Um, Akane-san?” I said, at last unable to contain myself. “I'd like to keep talking like this, but I've left someone waiting di kamarku.” I forced the words together into a sentence. saya fought the urge to throw up.“I think I'd better get back. ” Oh baiklah.Sorry about that,” she replied. It must have been a bit of a letdown. “Anyway, please come again.You sure help pass the time. ” Terima kasih.Well, see you later. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 1 With that, I began to leave, but there was something that still bothered me.I knocked once again. “Um, about your original question…” Hmm? Ada apa? “Do you have one? An instance where you wouldn't mind being killed?” “An instance? Not an instance—always.” It was a clear answer.“I'll die when my time is up.Regardless of where or how I die, or who kills me for what reasons, you won't hear a complaint out of me. ” And with that I returned to Kunagisa's room, never thinking for a second that this would be my final interaction with Sonoyama Akane, that genius of geniuses of the highest order, of the Seven Fools, of the comprehensive research center ER3… “Ii-chan, you're back.” Kunagisa sat on her bed, her body wrapped in a pure white bathrobe.Hikari-san was on the sofa. Seeing that I had returned, she breathed a sigh of relief.Trying to handle a conversation with a bath-fresh, spunky Kunagisa was no task for an amateur, so I knew how Hikari-san felt. “Ii-chan, look, I washed my hair.Compliment me, compliment me. ” “It's cute. ” Her hair had turned a pretty, cobalt blue.“It's not easy bearing recessive genes,” she herself would often say. “Are you gonna take a bath, too, Ii-chan? You might come up with a good idea in there, y'know, like Archimedes. Dan then run around the mansion naked, also like him. ” ZAREGOTO:

THE KUBIKIRI CYCLE ■■■ 1 8 2 “That would be… a problem,” Hikari-san said in all seriousness.It was like she thought I would really do it. Saya punya no intention of making myself the mansion weirdo.“But Archimedes really was a strange guy, wasn't he? All geniuses are, huh?” Hikari-san said thoughtfully.I wondered which person in the mansion she was imagining.It looked as if it could have been anyone or no one. “Nudity wasn't so uncommon in those days, Hikari-san. saya don't think he was being particularly strange. ” “You're so wise, Ii-chan. ” Ya, benar.So Hikari-san, what was it you needed?” Oh, benar.My mistress sent me to come investigate what's going on with Kunagisa-san. ” She was sure an honest girl.I told her there was no point if she went and told us that's what she was doing. Dia tertawa embarrassedly. Aku tahu.Akari's really better at this kind of thing, but she'll be staying on the mainland tonight.She won't be back until tomorrow morning. ” “She went to call on that detective, right?” I was a little bit interested, so I went ahead and asked.“So, what's this person like, anyway? Judging from the way you talk, it sounds like you've met before.Are you well acquainted?” “Yes, I suppose so.Aikawa-san came to our rescue once before.There was an incident, and, well…” she vaguely trailed off.It didn't seem like it was supposed to be a secret, but maybe just an unpleasant conversation. “Hmm, an incident, huh? On this island?” Iya nih.This was right after my mistress had been sent here, and before it had become this sort of 'salon.' So we called Aikawa-san here, and, well, the case was solved almost ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 3 immediately,” Hikari-san said with great emotion.“Aikawasan has kind of a violent temper, you see.Cynical and emotional, like the entire world is an enemy.I think Aikawasan's success in solving cases is fueled by rage alone. ” “Huh…” She seemed to be carefully choosing her words as she spoke, but not very effectively.I couldn't put together a concrete picture of this guy at all. “So, pretty short-tempered?” “Well, it's more like Aikawa-san is in a perpetual state of rage.Even if you catch a glimpse of a smile, there's always this sort of hostility hanging in the air, and… I'm sorry, it's kind of hard to describe.Anyway, it's like Aikawa-san has a grudge against the whole world. ” “I see,” I said, even though I didn't.“But all the detectives I've ever read about in mystery novels are all so cool and reserved.They're always saying stuff like 'Didn't you realize that?' You could replace eighty percent of their dialogue with 'What are

you, stupid?' and it would still make sense. “But based on what you're saying, this Aikawa-san sounds like some sort of hotheaded defender of justice with zero tolerance for criminals. ” “Oh, well, it's not like that.It's not just zero tolerance for criminals, it's zero tolerance for the entire world.You know, always saying things like 'This world could be so much better! Why are you bastards all slacking?' ” He really was hotheaded.A rare type of person these days. It was such a contrast to me and my vague, passive babbling, it was almost beautiful. “But despite all the anger and grouchiness, it just doesn't do any good to get frustrated with the laziness of others, so ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 4 Aikawa-san would just give this cynical smile.Maybe you know the type.To say the least, it serves as quite a contrast from you and Kunagisa-san. ” In describing this detective, Hikari-san seemed sort of gleeful.Like she was boasting about a close friend or sesuatu.Or more like a hero.It was just like when Iria-san had described him. Apakah itu benar? Well, that's probably the better way to be,” I said, just trying to keep the conversation going.“Do you think Aikawa-san is reliable?” “Yes, for sure. ” “That's a relief.Even if we can't figure out the mystery in the next six days, we have a backup savior. ” “Well, let's not count our chickens before they hatch. ” “I'm cautious.Or maybe I'm a coward.Either way is good, Saya tebak. ” “Either way is good?” She gave me a confused look. Kamu know, this may be strange coming from me, but why is everyone able to stay so calm in a situation like this?” “Well, that's a complicated question. ” Maaf.But you know, it's like, even though someone was killed, everyone is so… what can I say…?” “Maybe they're just used to it. ” At least, that was my case. I didn't really know the difference between “used to” and “numb to,” though. “Yeah, but Shinya-chan and Yayoi-chan seemed to react pretty naturally,” Kunagisa said. “That's right, but hey, Hikari-san, you and your sisters seem pretty calm, too.What about that?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 5 “Well, we've been trained to maintain composure.” She sounded a little sad about it. Her twenty-seven years of living probably hadn't been much of a cakewalk. “Oh, right,” she said, breaking the awkward silence with the snap of her fingers.“My mistress told me to make sure I ask you this.Earlier you said something about understanding so much that you don't understand, right? But really you must know something, right?” About that space enclosed by a river of paint. Hmm. That “mistress” of hers

must've been sharper than she was worldly. “Nothing to brag about, really.Any mystery novel fan would've been able to solve it easily.But you know, when you're approached with a mystery like this in real life, it proves to be pretty perplexing.I guess the answers get a little drowned out by the smell of blood, the taste of death. ” “Hahaha, weird, Ii-chan,” Kunagisa laughed. It was an innocent, vulnerable laugh. It made my head spin a little. Did I want to be chosen? By her? My sudden silence drew the quizzical gaze of Hikari-san, but a moment later she turned to Kunagisa.“Um, Tomo-san? If you do know, I hope that you'll tell me. ” “Sure, why not? It took awhile to pin it down, but I finally figured it out,” Kunagisa nodded.“Erm, where should I start?” “Um, well first, if you wouldn't mind… could you tell me what you meant earlier? About knowing so much you don't know?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 6 “It's like the difference between bottom-up and top-down,” I cut in, lacking faith in Kunagisa's ability to explain it.“Like, say, for example, that that table is a sandbox and you want to make a mound of sand as high as possible.What would you do?” “Start from the sides and push all the sand together into a mountain. ” Benar.So would I.But Kunagisa wouldn't do that. Dia would take a whole bunch of sand and just dump it on the table.The resulting mountain of sand would be just like the one you and I built.You and I would gradually build up to the final product, little by little.Kunagisa dumps everything out altogether.That's how her mind processes things.Right, Tomo?” “I don't really get your analogy. ” Big surprise there. At any rate, Hikari-san seemed to get me, and she nodded along. “Okay, so will you tell me the secret behind that paint room?” “Sure, if you'll answer my question, Hikari-chan. ” Hikari-san stared blankly back at her, as if she didn't understand the question.Kunagisa, paying no mind to that, turned back to her computer.She pointed to the screen on the computer I had been using. “Okay, first let's review the scene of the crime.Ta-daaa. The atelier. ” She used an image viewer program to display all of the pictures.That stream of marble like the Sanzu River. Itu headless body on the other side.Images that actualized our ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 7 memories of the morning.Oblivious to such notions, Kunagisa began her explanation. “The primary puzzle is this river of paint.The earthquake happened at one a. m., causing the shelf to fall over, which resulted in what you now see.That much is clear.The river is too wide to jump.If we

suppose the murder happened after the earthquake, the killer's means of entry are a mystery. Atau at least, the means of exit are.You with me so far?” Iya nih.So far. ” “At this point, it's easy to pin the crime on the monster Ashinaga Tenaga, but the answer isn't that simple. ” Hikari-san gave a strange laugh.Either she didn't know who Ashinaga Tenaga was or she was just giving a strange laugh. “So you're forced to think that the murder happened before the earthquake.If that were the case, it would've been easy for the murderer to get in and out.No footprints, no blocked passages.In which case, it seems like Akane-san must be the killer, since she was the only one who didn't have an alibi.But that's where Shinya-san's testimony comes in. Dia confirmed that he heard Kanami-san's voice when he called her after the earthquake.This means that Kanami-san must have been alive at least for a few minutes after the earthquake. So, Hikari-san, what do you think?” “Well, I, uh…” She tilted her head to the side.It was pretty adorable.“I guess the killer must've come through the window.It's the only other way.But the window is locked, so…” “From the window, huh? There is that possibility.Glass is fundamentally closer to a liquid than a solid, after all, so a lock ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 8 might not necessarily do much good.Or they could have dug a tunnel as well. ” Ya benar. “Well, you must've figured it out by this point, right, Kunagisa?” “Not even a little. ” “It's the post hoc fallacy, Hikari-san,” I said, coming to her rescue.I had been holding out so long because she was so cute when she was confused, but in the end I couldn't help but feel bad for her. Kunagisa nodded. Ya.Post hoc ergo propter hoc.In Japanese, that's 'mistaken cause and effect.' It refers to a misinterpretation of the Law of Syllogism.You know, like false assumptions.The world isn't so neatly organized. ” “I don't understand Latin. ” “Hey, but you knew it was Latin. ” “That's because you said ergo” Cogito ergo sum, huh? Hikari-san was sharper than she looked. “For example, imagine I've got a hundred-yen coin and I say 'It's going to come up heads.' I said it, okay? And then I toss the coin.Okay, it's heads! Apa yang kamu pikirkan? You think it was a coincidence, right? That's normal.But some people don't get it.They figure I said I would throw a heads and it was heads, therefore I must have some kind of special power to control the coin. ” For the record, it was a trick coin. “I drank some alcohol and my cold went away, therefore alcohol cures colds.I turned on my computer and a visitor showed up, therefore

computers summon visitors.A man ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 8 9 looked at a woman, and she happened to be looking in his direction, therefore she must have been interested in him. SEBUAH catfish was dancing, and then an earthquake happened, so the earthquake must have been the catfish's fault.None of that makes much sense, right, Hikari-chan? In other words, just because B happens after A doesn't mean A and B have a cause-effect relationship.The sequence and timing of two events is no reflection of cause and effect.So let's think about this case now.There was an earthquake, then a river of paint was formed, therefore the earthquake created the river of paint.Is that right?" Oh. " Oh Itu It finally dawned on her. "So that river wasn't caused by the earthquake?" "Well, the shelf itself probably really did fall over because of it.And it probably did cause a little bit of paint to spill out. Kanami-chan even said so on the phone.But I doubt it would've caused such an incredible amount of paint to spill everywhere.The paint cans probably rolled around and let a few drops out.If you think about it, those paint can lids are relatively strong, so it's not likely that just falling over would've caused them to spill all over the place like that. Tapi even if was just a little bit, Kanami-chan was confined to a wheelchair, so for her it was impossible to leave the atelier. " "Oh, I see where this is going," Hikari-san said."That makes sense.So then the killer snuck into the room and murdered her.Then, on the way out, purposely spilled paint around the room, little by little.If you did it slowly, little by little, you could make a river like that without leaving any ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 0 footprints." She appeared to be imagining the killer walking around with a can of paint as she talked. Ya.We had all assumed that the earthquake had caused the river of paint.But in reality, it didn't take a major disaster or even a major artist to make something like that.It could've been the work of any amateur. No artistic talent required. It wasn't a very demanding task, to say the least. "But why would the killer do that?" "Probably to make us think it happened because of the quake," I said."They must not have known Kanami-san talked to Shinya-san on the phone.So they figured by making the river, people would naturally assume it was caused by the quake. " "So this means…" Ya.It means," I said, clapping my hands together once and then spreading them out wide, "the suspect list just got way longer. " There were only four people with post-earthquake

alibis: Iria-san and Rei-san, and then Maki-san and Shinya-san. Itu remaining people were no longer cleared of suspicion. “So then there's no point in keeping Sonoyama-san locked up, right?” Hikari-san said cheerfully.“I mean, right? She's not the only one under suspicion anymore. ” She must have been feeling pretty guilty about how we had treated Akane-san.It seemed she wasn't much of a mathematical thinker.It was quite a contrast from the rational Sonoyama Akane herself.I decided to tell her. “Akane-san already knew about the paint trick, too.She's just pretending she doesn't know. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 1 “Why?” Hikari-san said, looking honestly baffled.“Isn't that aneh? Why would she do something like that?” “Probably to preserve this safety situation we've got here. That brain of hers sure keeps busy. ” To create the best possible circumstances for everyone else, she didn't even have any reservation about putting herself in the worst possible circumstances.It was almost an inhuman way of thinking, but extremely admirable nonetheless. “So we should keep this a secret then, huh?” Ya.The killer is still at large, so I don't think it would be good to upset the situation any.I suppose Iria-san has a right to know, though.As far as that goes, do whatever you like. ” I wasn't going to be that much of a roadblock. Hikari-san let out a moan.“But it's so… I mean, that thing about the river not really being caused by the earthquake… it's so simple.Like I should've seen it a long time ago. ” “Yeah, I couldn't believe it, either.But you know, any trick seems simple once you figure it out.By now I've seen tons of tricks that were even stupider. ” “But who could've possibly thought up such a trick right after the earthquake?” She was still unconvinced.“I mean, what were the odds there was even going to be an earthquake? It's all too much of a coincidence. ” “Well, that brings us to the Law of Great Numbers, Hikarichan. ” “What is that?” Hikari-san gave Kunagisa a sideways glance. “The Law of Great Numbers?” “It means that something looks like an amazing coincidence, but when you sit down and think about it, it's not really so amazing after all.Like, for example, if you saw ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 2 someone win the lottery, wouldn't you think it was amazing? You're less likely to hit the jackpot than to spot a tear in the ocean.But if you think about it, that's only true if the guy only bought one lottery ticket.Practically nobody who plays the lottery only buys one ticket, one time.If you have a group of twenty-three people, there's a fifty

percent chance two of them will have the same birthday.Even still, it seems incredible, right? That's the Law of Great Numbers. Itu earthquake just happened to come today, but it wouldn't have changed anything if it had happened tomorrow instead. Plus, it's not likely that the killer was counting on this earthquake trick alone.They probably considered a whole variety of ideas. It's the same concept. ” “So you mean like multiple means to one end?” “Yup yup, you got it.And it all relates back to that misunderstanding of cause and effect,” Kunagisa said, poking Hikari-san with her index finger.“Now, Hikari-chan. Sudah waktunya for my question. ” Oh itu benar.We made a deal,” she righted her posture and nodded.“Go ahead, ask me anything. ” “Why is Iria-chan here?” It was a question that immediately changed the entire atmosphere. Di sini This island. Wet Crow's Feather Island. Why was Akagami Iria here? In a single instant, Hikari-san's usual cheerful demeanor went completely stiff.She was clearly trembling.It wasn't confusion, but utter fear, pure and simple. Apakah seburuk itu? ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 3 “Um, uh, well…” her voice wavered, unable to put the words together.“Well, um, that's…” “You can't answer?” “Just that one question—please don't make me, Tomosan. ” She hung her head, as if she might even collapse. Nya posture went limp, as if she were ready to pass out.“I'll answer anything else, just not this. ” Hikari-san looked truly pitiable.It was like we were the devil trying to get her to do something wicked.Give us your soul.Your most precious thing belongs to us now.What an awful bunch of nonsense. “No, it's okay, we don't mind,” I said, breaking into the conversation.“Right, Tomo?” Ya.No use trying to force it out of ya.” For all her selfishness, Kunagisa was being uncharacteristically sensitive. “Sorry, Hikari-chan. ” “No, I'm sorry.You were just asking a question. ” Hikari-san stood up.“Sorry I bothered you.” She started to leave, but then paused and looked back.“Oh, by the way. ” She sounded like Detective Columbo or something, except much cuter so it wasn't creepy.She was even smiling.“This has nothing to do with my mistress.I'm asking you personally… do you really believe Himena-san has special powers?” Did we believe? Maki-san's ESP? The ability to know all. After thinking for a moment, I answered.“Right now, there's no particular reason not to. ” “I don't really care if she has 'em or not,” Kunagisa chimed in. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 4 “Oh, yeah, you're probably

right.” Hikari-san gave a convinced nod, then left the room.My eyes stayed on the door for a while as I thought about her bizarre reaction to our question about Iria-san. “Well, whatever. ” It probably didn't have anything to do with this incident. Saya t seemed highly unlikely that Iria-san's exile here had any influence on Kanami-san's death.Just then Kunagisa's workstation emitted a strange boyoyon boyoyonnn noise. saya looked over at it to see Kunagisa had once again started doing something on it. Ada apa? “Mail, I got some mail.From Chii-kun.He's a fast one. People used to always say he ignores the theory of relativity like it was a traffic light. ” She had just asked him to run a check this afternoon, so he sure wasn't slow—not to mention the fact that he was incarcerated. “Wow, Himena-san's real name is Himena Shinari. Wow. That's a much better name.I wonder why she uses a fake one. ” “Her real name? Hey, this guy even tracked down trivial stuff like that?” Ya.He was supposed to see how everyone was connected, but, man, he sure has a lousy personality. Seriously, he doesn't understand how to communicate with people at all. Oh tunggu. Ini dia.Hey, Ii-chan, we've got a connection. ” I went over to her, but everything on the screen was in English, so I didn't understand it. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 5 “Why don't you understand English, Ii-chan? Where were you studying all that time? The South Pole? Mars?” “I forgot it, that's all.If you don't use something, it only stays with you for three or four months, y'know? Besides, my reading and writing were always worse than my conversation. ” “Didn't the ER program entrance exam require English, Russian, and Chinese? Bagaimana kamu bisa masuk? Backdoor?” “It's like I'm tellin' you, I used to know it. ” “Sounds like a lie to me.Anyway, I'll translate.It says 'Ibuki Kanami and Sonoyama Akane were spotted having lunch in a Chicago café.' About half a year ago.It's an eyewitness account.Hmm… 'lunch together.' I wonder why. Don't those two hate each other?” “They had lunch together?” As suspected, they had a connection.But why were they doing something like that? Akane-san had lived in the States, and Kanami-san was a world-traveling artist, so it wasn't that implausible that they could've met over there, but they sure weren't the sort of pair to be having lunch dates together. “Yup, and it wasn't just a lunch date, either.It was at a super-secret club. ” “Secret club?” Speaking of sounding like a lie. “Yup,” Kunagisa nodded. Betul.Those places really do exist.Even in Japan there are some, though not many.

Semua sorts of politicians and celebrities and their families go there. Maybe 'high-class clubs' would be a more accurate description.The security at those places is out of this world. ” Which raised the question of how this guy got the information, but I sure wasn't about to ask.Sometimes it's better not to touch the other end of the tunnel. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 6 “Is that definite?” “Chii-kun doesn't lie.But sometimes he doesn't tell the truth, either.I guess that makes him like you. ” “Eh… I lie plenty. ” I'll just let that say what it says. So Sonoyama Akane and Ibuki Kanami had a connection. Whether or not it was important information, it was certainly something to be concerned about.I decided it was probably best to confirm it with Akane-san tomorrow.It never occurred to me that this would turn out to be impossible. “There's some other stuff here about how everyone's doing baru-baru ini.Natchan's doing about the same, huh? Ah, Satchan seems to be having some rough times.Hii-chan's gone missing.That is so him.The Admiral found a job… wow, a nice job.Atchan, too.Everyone else is doing well.Chii-kun, too. Itu melegakan.Have to admit, I was feeling a little guilty. ” Feeling a little left out as she immersed herself in memories of the good ol' days, I rolled over on the sofa.“Let's get to sleep already,” I said.Since Akane-san was in the storeroom now, I was stuck sleeping here. “Okeydokey.” She finished checking her mail, switched off the workstation, and dove off the revolving chair into bed. Then she rose to her knees.“Ii-chan, let's sleep together tonight for sure. ” “Pass. ” “It's so cold at night.If you sleep over there you'll catch a cold.This bed is a king-size.Lotsa room. ” “Pass. ” “Come on, I won't do anything! We'd just be sleeping together, that's all.I won't even touch you. Anda bahkan bisa ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 7 sleep with your back to me.Come on, that's not so bad, right?” “Pass. ” “Please? I'm lonely over here. ” Damn this girl. She was really digging in this time. I got up from the couch and looked her right in the eye. “You swear you won't do anything?” Iya nih. ” “You swore.I'm gonna believe you. ” “No sweat,” she nodded.“I won't let you down. ” And so that night I slept on a real bed for the first time in a long time. Waktu yang sangat lama.Not that I was expecting anything, but she really did keep her promise, and I could hear her sleep-breathing behind me.But since I had my back to her, I didn't know if she was really sleeping. Aku teringat. The old days. Way back then. Years ago.

Wow, was it really so long ago? “Ii-chan. ” She always used to call my name like that, with that sense of familiarity in her voice. Her heart was just as open to me now, like we had never been apart. Wide open, no façades. I really don't like meeting up with people from the past. Whether they've changed or not, it's a lonely experience untuk saya. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 1 9 8 Nevertheless, Kunagisa's house was the first place I went when I came back to Japan, before even going to my own home, and I did so without hesitation. The blue-haired femme. She still looked exactly the same. Like those years had never happened. Saya menutup mata. Surely this was the first time we'd slept side by side in a long while. Just take her, Akane-san said. If you want to be her one-and-only. If you want not to be loved, but chosen. “Nonsense…” What if… If I told Akane-san I had already tried that before, would she have held it against me? It hadn't been out of love, but out of desire for destruction. But Akane-san. It didn't mean anything. Sungguh. Really, it meant nothing. So then what? Lalu apa yang harus saya lakukan? Tolong beritahu aku.

ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 0 1 Kematian bagi serigala, dan kematian bagi babi juga. Saya terbangun ketukan keras. Kepalaku masih berputar-putar dengan tidur, aku bangkit dan membuka pintu hanya untuk meminta biaya Hikari-san ke dalam ruangan dan ambil kerahku. Kau ! Tiba-tiba dia menjerit. Tidak, ini bukan Hikari-san, aku sadar. Hari Hikari-san mengatakan sesuatu seperti Kamu ! adalah hari saya mengubah saya nama ke Samantha. Untuk mengatakan sesuatu seperti itu dan menangkapku kerah itu, bagi Hikari-san, benar-benar mustahil. Dia kurang kemampuan itu. Ini kemungkinan besar bukan Teruko-san juga.jadi begitu pasti.Akari-san? Karena kamu, ini — sial! Dasar bedebah! ” Bahkan untuk Akari-san, ini sangat tidak biasa perilaku Dalam kegilaan total, dia tampak seperti akan pergi untuk mulai memukulku sebentar. Atau sebenarnya, dia punya sudah dipukuli di dada saya beberapa kali pada saat ini. Saya dulu terlalu terkejut dengan perilakunya untuk memperhatikan rasa sakit. “Aku sangat lelah dengan hal ini. Dia terengah-engah dan gemetaran. Tidak ada lagi ini.Terlalu mengerikan. Itu juga mengerikan. Mengapa? Mengapa? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 0 2 “Tenang saja, Akari-san. Aku meraih bahunya dan memberi dia perusahaan yang bergetar.

Apakah sesuatu.terjadi? Dia menatapku dengan tatapan tajam. Itu adalah ekspresi kebencian sejati. Kemarahan dendam dari inti keberadaannya. Dia melotot sekuat tenaga. Bukankah Hikari-san mengatakan sesuatu kemarin sepanjang garis dari Kami telah dilatih untuk menjaga ketenangan kami? Bukan itu kemungkinan Hikari-san telah menjalani pelatihan Akari-san itu belum. Namun di sinilah dia, tidak waras. Apa yang telah terjadi terjadi? Akhirnya, dia menggelengkan kepalanya dengan lembut. Saya minta maaf. Silahkan permisi, perilaku saya sangat tidak pantas. Dia digantung kepalanya malu. “Itu bahkan bukan salahmu. Hal yang mengerikan ini bukan salahmu. Hei, jangan khawatir tentang itu.Tapi apa yang sebenarnya terjadi? Saya mengulangi pertanyaan saya. Apa pun itu, tolong beri tahu aku. ” Alih-alih menjawab secara langsung, dia berputar bersamanya kembali padaku. Tolong ikut aku ke penyimpanan lantai pertama kamar, katanya, dan mulai berjalan. Aku berdiri membeku. A-apa? Tapi itu… Akari-san dan Teruko-san seharusnya menghabiskan malam itu di daratan; kapan mereka kembali? Menurut arloji yang telah diperbaiki Kunagisa untukku, sudah jam sepuluh jam di pagi hari (meskipun sulit dibaca, karena jumlahnya mundur). Tidak seperti saya ketiduran. Sangat memalukan. Tetapi sekarang tidak ada waktu untuk pemikiran seperti itu. Saat Akari-san telah kembali dan berapa lama saya ketiduran terlalu sepele penting pada titik ini. Lebih penting… ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 0 3 Lebih penting… Akari-san, apa yang baru saja kamu katakan? Ruang penyimpanan lantai pertama? Saya punya firasat buruk tentang ini. Siapa di bawah sana? Perasaan yang sangat buruk. Apa yang terjadi di pulau ini? Perasaan yang sangat buruk. Dan perasaan itu mungkin benar. Ada sebuah pola berkembang di sini. Hey bangun. Tomo. ” Hnnh? Gmorning.Angkat rambutku? Kunagisa dengan mengantuk mengangkat kepalanya. Dia mengenakan yang aneh ekspresi konten, seperti dia telah mengalami mimpi indah. “Sepertinya sekarang bukan waktunya untuk itu. ” Dia menggosok matanya. “Itu artinya aku tidak perlu mencuci tangan wajah juga. ” Pintu yang membuka ke dalam. Di sisi lain, Akane-san berbaring telungkup, tubuhnya menunjuk ke arah kami. Akibatnya, potongan melintang dari— dan juga semua daging, tulang, dan urat nadi yang terungkap — ada di pemandangan biasa. Itu adalah pengingat yang aneh bahwa pada akhirnya, manusia tidak lebih dari gumpalan organik raksasa masalah. Iya nih. Itu adalah tubuh lain

yang dipenggal. Sama seperti tubuh Kanami-san, kepalanya sudah sepenuhnya terputus dari pangkal leher. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 0 4 Itu mengenakan jas. Yang kelihatan mahal, abu-abu. Hancur karena noda darah. Tetapi bahkan seandainya itu bukan, hanya saja seperti halnya dengan pakaian Kanami-san sehari sebelumnya, di sana tidak ada yang tersisa untuk memakainya. Ruangan itu tandus dan gersang. Saya telah menghabiskan tiga hari di disini Akane-san tidak bertahan satu malam. Itu adalah kamar kosong. Satu-satunya hal di dalamnya adalah a kursi kayu di dinding, telepon rumah tergantung di dinding, kasur, beberapa buku Akane-san mungkin membawa dengan dia, dan dudukan lampu. Pintunya terkunci, kan? Tanya Iria-san. Kanan, Hikari? Iya nih. Suara Hikari-san bergetar. Saya melihat untuk melihat itu tubuhnya juga gemetaran. “Itu pasti terkunci. Tidak kesalahan. ” Nah, bagaimana dengan jendelanya? Saya menatap suara Iria. Di bagian paling atas dinding di seberang pintu, tempat kami semua berdiri, ada sebuah jendela persegi panjang. Tapi itu hanya untuk membiarkan di bawah sinar matahari dan ventilasi. Sejauh mengizinkan seseorang untuk menyelinap atau masuk keluar, itu terlalu. Itu terbuka. Itu tuas buka / tutup yang dapat dioperasikan dari di dalam ruangan. Jika Anda memikirkannya, itu hanya besar cukup untuk membiarkan satu orang melewatinya, jika orang itu dimasukkan sedikit usaha. Tetapi tetap saja… Ini terlalu tinggi, kataku kepada siapa pun khususnya. Masuk melalui jendela itu akan seperti mengambil a menyelam dua lantai, dan keluar akan lebih buruk. Ketidakmungkinan untuk masuk atau keluar melalui jendela itu ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 0 5 adalah alasan kami memilih kamar ini sebagai sel Akane-san di kamar tempat pertama. Dengan kata lain, jendelanya tidak bisa ditembus. Namun demikian. Satu-satunya pelabuhan masuk atau keluar lainnya telah dikunci. Ini jalan buntu. Ruangan tertutup lainnya. Sebentar pemenggalan kepala. Dua pemenggalan kepala, dua kamar tertutup. Kunagisa, yang berdiri di sampingku, merengek. saya mencoba mengatakan sesuatu, tetapi akhirnya tetap diam. Berbaring di lantai di depan kami adalah tubuh tanpa kepala Wanita yang kita semua duga adalah pembunuhnya. Dalam situasi seperti ini, kata-kata apa yang cocok? Kepala itu tidak bisa ditemukan. Ini berarti bahwa sama seperti Kanami-san, kematian dan kecelakaan bunuh diri sudah tidak mungkin. “Ngomong-ngomong, sepertinya kita punya beberapa hal untuk dilakukan pertimbangkan kembali, ”kata Iria-

san akhirnya. “Bisakah kita semua berkumpul di ruang makan? Hikari, kunci kamar ini. ” Sekali lagi, Iria-san adalah yang pertama pergi. Rei-san diam-diam mengikuti dari belakang. Beberapa hal untuk dipertimbangkan kembali? Aku mengulangi dengan menyakitkan. Memang, itu benar. Semua pemikiran kami dan setiap spekulasi kami telah membuat sampai titik ini harus dia bersihkan. Saya t juga sepertinya kami memiliki banyak detail baru untuk dipertimbangkan. Kurasa ini membuatnya menjadi pembunuhan berantai, ya? Sangat menyakitkan untuk mengatakan itu. Pembunuhan berantai. Saya telah mengunci Akane-san di sini untuk mencegah hal itu. Dan sebagai akibatnya dia menjadi korban kedua. Ya, situasi nyata yang aman yang telah kami buat. Apa yang terjadi Saya pikir akan terjadi? Apa yang saya harapkan dari seseorang yang membunuh orang lain dan memotong kepala mereka? Mungkin akal sehat dan pemikiran strategis, Anda tahu, manusia. Saya merasa sangat santai. Sangat nyaman. Benar-benar bangga diriku sendiri Saya telah menghentikan si pembunuh dari bergerak. Saya sangat percaya diri. Diangkut pergi. Gede rasa. Kata-kata Akane-san dari malam sebelumnya semuanya datang bergegas kembali. Kata-kata yang dia tinggalkan padaku. Bisakah ini dimaafkan? “Ini semua omong kosong, sungguh. ” Saya berbalik dan meninggalkan TKP. Pada saat itu, aku melihat Yayoi-san dari sudut mataku. Dia tampak sangat pucat. Bahkan lebih dari itu kemarin Saya kira Anda akan berharap banyak dari siapa pun terlihat dua mayat tanpa kepala dalam dua hari. Itu tidak seperti melihat daging babi atau ayam Tetap saja, ada sesuatu — saat itulah Yayoi-san tampak perhatikan tatapanku dan pergi ke ruang makan, seolah ingin pergi menjauh dariku. Aku bertanya-tanya tentang apa itu sementara Kunagisa menariknya lenganku. “Ii-chan, ayo pergi. Iria-chan akan bosan menunggu sekitar. Semua orang sudah pergi; tidak ada gunanya mencuat sekitar. ” Aku mengangguk. Hal-hal untuk dipikirkan kembali, dan hal-hal baru untuk dipikirkan. Karena itu, pagi hari kelima adalah omong kosong total. Itu sekitar jam dua pagi, kata Hikari-san. Ruang makan. Meja bundar. Tapi kami dua orang lebih sedikit dari dua hari yang lalu. Artis yang luar biasa Ibuki Kanami dan anggota Seven Fools Sonoyama Akane. Duo pertengkaran itu tidak ada lagi. Mereka tidak lagi hidup. “Aku menerima panggilan telepon di kamarku.dari Sonoyama-san. Dia bilang dia lupa buku di kamarnya

yang dia inginkan saya untuk membawanya. ” Lalu? Kata Iria -san. Saya kira Anda melakukan apa yang Anda lakukan diberitahu? Ya, Hikari-san mengangguk. “Itu terlihat seperti kuno Paperback of Bakaichi oleh Mushanokoji. ” “Itu tidak terlalu penting. Jadi pada saat itu, Akane-san masih hidup, ya? Dan dia punya kepala? Ya, pada saat itu dia masih hidup, kata Hikari-san dengan jelas. Ini berarti Akane-san terbunuh setelah dua a. m. saya mengira aku adalah orang terakhir yang melihat Akane-san hidup, jadi aku sedikit terkejut. Tapi sungguh, saya tidak mengira saya telah melihat dia, per se, karena kita hanya berbicara melalui pintu. Tubuhnya rupanya ditemukan sekitar sembilan jam pagi itu. Dia biasanya bangun dan pergi sarapan pada waktu yang ditentukan setiap hari, jadi Hikari-san khawatir ketika tidak ada panggilan datang dari kamar Akane-san, dan dengan demikian menjadi yang menemukan tubuh. Awalnya dia curiga bahwa Akane-san hanya punya ketiduran karena berada di lingkungan baru. Tapi kenyataan memiliki sesuatu yang lain di toko. Bagaimanapun, dengan asumsi ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 0 8 Kesaksian Hikari-san benar, waktu pembunuhan itu terbatas pada jendela tujuh setengah jam. Tubuh tidak muncul terbunuh baru pada saat ditemukan, jadi itu Sepertinya pembunuhan itu mungkin terjadi di tengah-tengah malam. Baiklah kalau begitu, kata Iria-san, memandangi orang-orang di sana meja. “Mari kita mulai melihat alibi seperti yang kita lakukan kemarin. ” Dia terdengar seperti sedang memainkan beberapa jenis permainan. saya tidak akan mengklaim untuk dapat menilai apa yang ada di dalam Iria-san hati, tetapi paling tidak, dia tampaknya tidak memiliki akal kesedihan atau kesedihan. Tidak peduli siapa itu semua terjadi atau apa yang terjadi, itu tidak terjadi padanya. Hanya itu yang ada di sana. “Kali ini, aku tidak punya alibi. “Saya memutuskan untuk mendapatkan bola bergulir karena tidak ada yang berbicara. “Hikari-san datang mengunjungi kami kamar sekitar sepuluh atau sebelas tadi malam. Kupikir. Tapi kemudian Kunagisa dan aku pergi tidur dan tertidur. ” Kamu tidur bersama? Goda Iria-san. Ya benar. 'Pergi tidur' hanyalah kiasan. saya tertidur di sofa. ” “Tapi jika kalian berdua tidur, tidak mungkin membenarkan bahwa salah satu dari Anda tidak menyelinap di tengah malam. ” “Oh, oh, tapi kamu bisa menyingkirkanku. Kunagisa menggeser tangannya secara horizontal di lehernya. “Ruang penyimpanan ada di yang pertama lantai, kan? Saya tidak bisa turun sendirian. ” Eh? Bukan hanya Iria-san, tapi

semua orang melongo melihat Kunagisa terkejut. Yah, semua orang kecuali Maki-san, yang mengenakan Ekspresi yang sama sekali tak acuh, seolah berkata, “Aku sudah tahu itu Tapi Anda selalu bisa mengandalkannya sebagai pengecualian. “Karena itulah aku selalu membuat Ii-chan ikut bersamaku. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 0 9 Ya. Saya tidak datang ke pulau ini hanya karena saya bosan atau tertarik. Aku punya alasan kuat untuk berada di sini, dan Kunagisa membutuhkanku. Kunagisa memiliki beragam kebiasaan unik dan karakteristik yang membuat kehidupan sehari-hari risiko kesehatan yang serius, tetapi di antara mereka ada tiga yang utama, dan di dalamnya tiga adalah salah satu catatan khusus: dia tidak bisa menangani yang ekstrim gerak vertikal sendiri. Itu aturan. Saya kira itu lebih tepat untuk menyebutnya kaku, kompulsif, aturan bawah sadar yang terletak di suatu tempat dalam benaknya daripada Aneh. Jika diberlakukan dengan buruk, itu akan terungkap, dan dia akan berteriak dan berteriak dan Anda tidak akan bisa meletakkan jari padanya. Itu cara yang sama tahun lalu. Saya bertanya-tanya apakah dia mungkin telah disembuhkan, tetapi tampaknya itu tidak sesederhana itu kondisi. Apakah itu benar? Ekspresi terkejut tetap pada Iria-san wajah. “Tapi ini pertama kalinya aku mendengar tentang ini. ” Yah, itu sebenarnya bukan sesuatu yang kamu bawa sepanjang waktu. Tetapi jika Anda telah mengamati saya, Anda akan perhatikan bahwa saya belum naik atau turun tangga sendirian sepanjang aku berada di pulau ini. ” Saya selalu bersamanya saat makan, atau dia terkunci di kamarnya. Kunagisa Tomo. Sekarang setelah kamu menyebutkannya, kamu selalu membuat orang itu datang ke kamarmu dan menjemputmu. Tapi kami tidak punya cara untuk itu buktikan ini. ” Kami memang memiliki sertifikat medis, kataku. “Itu mental gangguan, jadi untuk berbicara. Jadi saya pikir kita bisa mengkonfirmasi milik Kunagisa alibi untuk saat ini. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 0 Tapi bukan milikku. Iria-san sepertinya sedang memikirkan ini sebentar, tapi lalu dia mengalihkan pemikirannya. “Yah, bagaimana dengan Himena-san? “Aku ada di kamarku, minum sepanjang malam. Dia menatap Shinya-san. “Bersama dengan pria yang luar biasa itu disana ” Apakah itu benar, Sakaki-san? Yah, aku tidak tahu tentang bagian pria itu, tapi kalau tidak, ya. Dia memberi Maki-san sedikit kedipan. Aku hanya bermaksud untuk pergi mengganggunya sebentar, tapi akhirnya aku menginap sepanjang malam minum. ” Itu membuat dua malam berturut-turut bahwa

mereka sudah bangun minum. Mereka pasti memiliki daya tahan yang luar biasa. Atau mungkin itu tidak terjadi pada Shinya-san. Mungkin dia hanya tidak tahan sadar setelah kehilangan Kanami-san. Saya bisa membayangkan betapa pentingnya dia baginya. Dia punya mengajarinya melukis, dan bahkan mengangkatnya untuk mengungguli dia. Dia spesial. Keberadaannya penting baginya. Tak satu pun dari kita yang mabuk, jadi kupikir kita bisa saling menjamin, ”kata Shinya-san. “Ya, benar sekitar pukul satu pagi. Saya tidak bisa tidur.Anda tahu, karena apa yang terjadi, jadi saya pergi ke ruang tamu dan di sanalah dia. Kemudian dia mengundang saya ke kamarnya, dan kami akhirnya tinggal di sana sampai pagi. ” Ya. Itu yang dia maksudkan. Tapi bagaimanapun juga, dia ada di dalam dirinya ruang untuk fakta; jadi mereka berdua memiliki alibi solid. Aku tidur sepanjang waktu, kata Yayoi-san bahkan sebelumnya ditanya, seolah-olah kita akan melakukan semacam perintah. Aku sudah tidak punya alibi sama sekali. Tapi kupikir Hikari-san setidaknya bisa menjamin ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 1 bahwa saya bangun jam enam a. m. dan bahwa dia membantu saya mempersiapkan diri sarapan. ” Untuk beberapa alasan, dia semacam menggumamkan kata-katanya, dan dia mendongak untuk melihat reaksi Iria-san. Ada sesuatu tentang dia, dan sesuatu tentang disposisi anehnya adalah mengganggu saya. Sulit untuk dijelaskan, tetapi sesuatu menangkap saya perhatian. Aku hanya tidak tahu apa itu. Hmm, kata Iria-san. Bagaimana denganmu, Hikari? “Yah, aku mengantarkan buku itu ke Sonoyama-san jam dua a. m. , lalu aku pergi tidur. Jadi saya tidak punya alibi sampai saat itu bangun pagi ini. ” Aku mengerti.Oh, kurasa aku harus memberikan ceritaku juga. saya berada di kamar saya berbicara dengan Rei sepanjang malam. Kami sedang berdiskusi apa yang harus dilakukan sejak saat ini dan apa yang harus dikatakan pada Aikawa-san. Bukan benar kan, Rei? ” Rei diam-diam mengangguk. “Aku sudah tidur siang itu, jadi aku tidak bisa tidur tidur di malam hari. Pada saat kami selesai berbicara, itu sudah pagi, jadi saya pikir sudah terlambat untuk mencoba dan tidur, jadi. hal-hal biasa, dan akhirnya sarapan. Saya pikir itu a alibi padat, bukan? Untuk beberapa alasan, Iria-san menatapku ketika dia mengatakannya. Saya t adalah tatapan yang menantang. Aku mengangkat bahu. Yup, tentu saja. Jadi kapan Teruko-san dan Akari-san kembali? “Sekitar jam sembilan. “Itu Akari-san, yang hanya punya satu beberapa saat yang lalu melompat saya di kamar

Kunagisa. Dia punya sepenuhnya kembali normal pada saat ini, tetapi dia tidak mencoba untuk melakukan kontak mata dengan saya. Jam sembilan? Omong-omong, dia mengatakan sesuatu yang aneh sebelumnya. Aku sangat lelah dengan kejadian ini, atau sesuatu untuk itu ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 2 efek. Tapi apa yang membuatnya lelah? Tidak peduli bagaimana kamu Melihat itu, ada sesuatu yang aneh tentang keseluruhannya cara saat itu. Sesuatu mengatakan kepada saya bahwa dia tidak hanya merujuk pada Kanamisan kematian Yah, kurasa itu artinya Akari dan Teruko punya alibi, iya nih? Berarti.kata Iria-san. Orang-orang dengan alibi adalah Sakaki-san dan Himena-san, diikuti oleh aku dan Rei, dan Teruko dan Akari. Dan kemungkinan besar Kunagisa juga. Itu tujuh. ” Di sisi lain kami memiliki diriku, Sashirono Yayoi, dan Chiga Hikari. Kami bertiga tidak punya alibi. Tapi sementara itu pertanyaan tentang siapa yang memiliki alibi adalah yang penting, ada satu hal yang lebih penting dalam hal ini. Um, Hikari-san? Ya? Dia melihat ke arahku. “Mungkin aku terlalu sepele di sini, tapi bisakah kamu memberitahuku apakah jendela itu terbuka atau tidak ketika Anda mengirim file memesan ke ruang penyimpanan pada pukul dua? Dia melihat ke luar angkasa saat dia memikirkannya untuk momen. Aku yakin itu sudah ditutup, jawabnya. Saya melihat. Apakah itu sesuatu yang bisa dengan mudah dibuka seseorang? ” Iya nih. Itu seharusnya untuk ventilasi, jadi jika Anda hanya menggunakan tuas — Anda harus memutar engkol seperti ini — membuka dan menutup secara normal. Tapi itu hanya dari dalam. Sepenuhnya disegel dari luar. ” Saya melihat. ” Ini adalah perkembangan yang menyusahkan. Sangat merepotkan pengembangan. Tinggi jendela lebih dari sepuluh kaki. Tanpa sebuah tangga, itu hampir mustahil bagi seseorang untuk keluar, dan bahkan lebih tidak masuk akal bahwa seseorang telah naik. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 3 Dengan kata lain, kami memiliki misteri ruang terkunci. Yah, kalau begitu beritahu aku, bagaimana caramu menangani kunci? Apakah ada salinannya atau apa? “Saya punya satu-satunya kunci. Tidak ada salinan atau kunci master. ” Dia tampak sangat khawatir. Itu wajar saja. Itu implikasi dari percakapan ini adalah bahwa dialah satu-satunya orang yang bisa melakukan pembunuhan. Hanya melihat itu secara objektif, itu adalah kasus yang paling mungkin. Tetapi saya tidak akan menunjukkan hal itu. Saya tidak ingin menyebabkan kecelakaan gaya Akane-san lainnya. Jenis kunci apa itu? Hanya yang normal.

Anda memutar kunci seperti ini dan bautnya kait. Saya tidak tahu nama resminya. Dan kau pasti mengunci pintu pukul dua a. m. ? ” Ya, aku menguncinya. Tentunya. Saya bahkan memeriksanya beberapa kali, ” dia menjawab dengan ekspresi agak sedih. Tentunya. ” Saya melihat… Dia adalah gadis yang jujur. Sampai-sampai itu pasti membuat hidup semakin sulit baginya. Melihatnya seperti ini, tampak jelas bagi saya bahwa dia tidak pembunuh. Jika dia pembunuhnya, dia tidak akan pergi ke semua kesulitan untuk melaporkan bahwa dia telah dipanggil ke Akane-san kamar di tengah malam. Siapa pun bisa menyimpulkan yang banyak. Tentu saja, Anda tidak bisa membuang kemungkinan dia telah menyusun strategi semua ini untuk membodohi semua orang. Semacam itu Argumen bisa berlangsung selamanya. Saya melanjutkan pertanyaan saya. Dan tidak ada orang lain di kamarnya ketika kamu pergi ke sana? Bagaimana dengan kemungkinan seseorang bersembunyi di gelap atau semacamnya? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 4 Yah, aku tidak merasakan ada orang lain di ruangan itu, tapi —dia memiringkan kepalanya seolah dia tidak mengerti maksudku pertanyaan— Saya tidak bisa memastikan. Aku tidak benar-benar masuk ke kamar. Saya memberinya buku di pintu. ” Bukankah kamu takut? Tiba-tiba Yayoi-san bertanya, suaranya pingsan. Dia memasang ekspresi kesal sambil melanjutkan. Maksudku, bukankah kita semua berpikir Sonoyama-san mungkin pembunuhnya? Dan Anda bertemu dengannya sendirian, di tengah malam? Bukan kamu takut? Tidak, tidak sama sekali, jawab Hikari-san setelah beberapa saat keraguan “Aku tidak mengira Sonoyama-san adalah pembunuhnya. ” Kenapa tidak? Untuk beberapa alasan, Yayoi-san anehnya memaksa dengan Hikari-san. Apa yang membuatmu begitu yakin? Uh, yah.Hikari-san menatapku dengan khawatir ekspresi. Ah, itu karena percakapannya dengan Kunagisa kemarin. Memang setelah mendengar pembicaraan itu tidak ada alasan untuk mencurigai Akane-san pada khususnya. Saya memikirkan hal-hal ketika saya menonton percakapan ini terungkap di antara kedua wanita. Tapi saya tidak bisa menyematkan apa pun bawah. Tampak bagi saya bahwa jika sesuatu terjadi, itu mungkin terjadi sekitar jam dua a. m. , saat Hikari-san menyampaikan buku itu, tetapi kemudian, setelah mendengarkan kesaksiannya, sepertinya bukan itu masalahnya. Jadi apa yang harus dilakukan sekarang? Bagaimana cara melanjutkan? “Kurasa ruangan itu tidak sepenuhnya tertutup.

Itu Bagaimanapun juga, jendelanya terbuka, ”kata Iria-san padaku. “Dalam pengertian itu itu tidak persis apa yang akan Anda definisikan sebagai 'disegel. '” Tapi tidak mungkin untuk masuk atau keluar melalui jendela itu. ” “Ada kursi di kamar, kan? Tidak bisakah Anda mencapai jendela jika Anda berdiri di kursi? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 5 Kurasa tidak. Bahkan jika Anda menggeliat dan melompat ke atas saat yang sama, saya tidak berpikir Anda akan mencapainya. Shinya-san adalah orang tertinggi di sini, dan saya pikir dia bahkan tidak dapat mencapainya. ” Apakah begitu? Jadi kamar Ibuki-san ditutup oleh sungai cat, dan kali ini ruangan tertutup rapat oleh ketinggian masalah.Iria-san mengulurkan tangannya dengan jengkel mendesah. “Dan kedua wanita itu dipenggal. ” Ya, ada masalah juga. Pembunuhnya telah memotong Kanami-san, dan kepala Akane-san. Itu masih merupakan misteri. Tidak ada alasan untuk curiga beralih tubuh, tetapi alasan lain apa yang ada untuk memotong kepala? Bisakah kita hanya menulis itu sebagai kebetulan aneh? Terlebih lagi, fakta bahwa si pembunuh mengambil kepala yang terpenggal tidak masuk akal. Tentu saja, ada juga kemungkinan bahwa si pembunuh memutuskan kepala khusus untuk demi membawanya ke suatu tempat, tetapi apa yang Anda lakukan di dunia dengan kepala manusia yang terputus? Dan pertanyaan itu hanya menimbulkan pertanyaan lain: mengapa para wanita ini terbunuh? Saya tidak tahu. Kasus ini penuh dengan hal-hal yang saya tidak mengerti. Itu semua tanpa harapan dan tidak berarti. Sialan. Sejak kapan saya menjadi begitu bodoh? Hmm.melihat hal-hal secara objektif, Hikari adalah yang paling mencurigakan di sini. Kata Iria-san tiba-tiba. Hikari-san tersentak sesaat. Eh? Oh, um, aku. “Hikari adalah satu dengan kunci, dan satu dari tiga orang tanpa alibi. Jika jendela tidak memungkinkan masuk atau keluar, pintu adalah satu-satunya kemungkinan, bukan? Ada tiga orang tanpa alibi, tetapi hanya satu dari ketiganya yang memiliki kunci. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 6 Tunggu sebentar, aku menerobos masuk ke rumah Iria-san monolog. Itu tidak baik. Itu bukan asumsi yang adil. ” Anggapan? Saya percaya istilah yang tepat adalah 'penalaran. '” Hikari-san menyaksikan interaksi kami dengan khawatir ekspresi. Dia tidak tahu harus berkata apa. “Seperti yang Akane-san katakan kemarin. Adalah bodoh untuk mencapai a kesimpulan berdasarkan proses eliminasi dan selektif berpikir. Saya tidak akan menyebutnya bodoh, tapi saya pikir kami meninggalkan semuanya. ” Saya

berharap. Apakah itu benar? Saya kira tidak, secara pribadi. ” “Pemikiran itulah yang menyebabkanku memiliki Akane-san dikurung sebagai tersangka utama. Dan inilah hasilnya. Ini adalah hasil dari itu, Iria-san. Tidak ada yang bisa saya katakan tentang apa yang sudah selesai dan sudah dilakukan, tetapi saya menolak untuk melakukan hal yang sama kesalahan lagi. Anda mengerti kan? Terlalu berbahaya untuk siapa pun ditinggal sendirian lagi. ” Sekarang, katakan padaku, katanya sambil tersenyum. Di bawah berbeda keadaan, itu mungkin bahkan cantik. Bukan itu milikmu Gagasan untuk mengurung Akane-san — maaf, terpencil — pada awalnya tempat? Itu benar. Saya di sini bukan untuk membahas fakta itu. Itu aku yang menyarankan agar kita menguncinya di sana, dan sekarang ini milikku tugas untuk melawan saran itu. Jika saya harus bertanggung jawab untuk apa yang terjadi, memastikan itu tidak terjadi lagi adalah bagaimana saya akan mengambil tanggung jawab itu. Pada titik ini, masih juga lebih awal untuk menentukan siapa pembunuhnya. Kami masih belum genap memikirkan hal-hal yang perlu kita pikirkan. ” Maki-san menguap lebar. Mungkin karena dia tidak melakukannya tidur dalam dua hari, atau mungkin karena dia bosan dengan percakapan. Kemungkinan besar itu untuk kedua hal itu. Dia hanya seorang pengamat. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 7 “Yah, aku masih berpikir Hikari adalah yang paling mencurigakan. ” Sama sekali tidak ada rasa belas kasihan dalam kata-katanya untuk pelayan ini dengan siapa dia hidup berdampingan di bawah yang sama atap selama bertahun-tahun. Dia benar-benar tanpa sentimentalitas. Dia berbicara dengan nada sedingin es dari seseorang hanya melaporkan fakta sebagai fakta, tanpa emosi dimasukkan apa pun. Saya pikir saya tahu. Jawaban untuk pertanyaan Kunagisa dari kemarin. Itu alasan wanita ini diasingkan dari keluarga Akagami. Akagami Iria. Dunia ini sama baginya, oleh dan besar Semuanya memiliki nilai yang sama. Dan begitulah dia mencari sesuatu yang bernilai; tidak dapat menemukannya, dia mampu menyingkirkan hidupnya dari apa pun tanpa sedikit pun keraguan. Saya bertanya-tanya apa yang telah dia lakukan. Saya mengira dia telah melakukan sesuatu. Namun pada kenyataannya, mungkin itu anggapan yang salah. Mungkin itu bukan karena dia melakukan kesalahan, tapi itu dia tidak bisa eksis sebagai bagian dari keluarga Akagami. Selanjutnya, mungkin bukan keluarga yang menghindarinya, tetapi sebenarnya sebaliknya. Itu tidak keluar dari pertanyaan. Dan di sini saya pikir seharusnya

pekerjaannya tetap untuk Hikari-san. Baiklah, mari kita lakukan ini, usulku tanpa memandang Iria-san. “Kita dapat mengatakan dengan fakta bahwa itu tidak lagi memuaskan siapa pun sendirian. Jadi mari kita bagi menjadi beberapa tim. Tidak ada komplain tentang itu, kan, Iria-san? Saya rasa saya tidak perlu repot menjelaskan tujuan membuat tim, kan? Itu lebih aman daripada bergerak sendiri. Dan dengan begitu kita semua bisa menonton satu punggung orang lain. Sekarang, karena saya sudah mendukung Hikari- ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 8 san, aku akan berada di timnya. Dia, Kunagisa, dan aku akan menjadi Tim A. Bagaimana itu terdengar? Hmm menarik. “Iria-san sepertinya benar-benar terkesan. Kau lebih pintar dari penampilanmu, ya? Tim, eh? Baik, secara alami saya akan bekerja sama dengan Rei dan Akari dan Teruko. Kalau begitu mari kita memanggil Maki-san, Shinya-san, dan Yayoi-san Tim C Shinya-san dan Maki-san telah dikonfirmasi sebagai tidak bersalah dua kali berturut-turut sekarang, sehingga Yayoi-san dapat menempatkan dirinya meredakan. Dan bahkan jika Yayoi-san adalah pembunuhnya, itu akan menjadi dua terhadap satu. Apakah itu terdengar oke? “Bagaimana jika kita hanya meminta semua orang menginap di ruang makan bersama? Sampai Aikawa-san tiba di sini? ”Hikari-san berkata, menatapku dengan ekspresi khawatir yang sama. Bahwa cara tak seorang pun harus sendirian dan si pembunuh tidak bisa menerima tindakan, baik. ” “Kita tidak bisa melakukan itu. Maksudmu tetap di sini? Jangan jadi konyol. ” Saya berbicara tidak hanya dengan Hikari-san, tetapi juga kepada seluruh kelompok. “Kunagisa dan aku ada yang harus dilakukan. ” Untuk saat ini, kami memutuskan untuk mengubur tubuh Akane-san. Sebagai adalah kasus dengan tubuh Kanami-san sehari sebelumnya meninggalkannya di lantai tidak mungkin. Iria-san Sepertinya kami tidak punya rencana untuk memanggil polisi, jadi kami pergi ke depan dan melakukan apa yang kami rasakan. Kami memutuskan akan lebih baik menggunakan kamera digital pertama – tama ambil gambar tempat kejadian kejahatan seperti yang telah kami lakukan Sehari sebelumnya, lalu pergi mengubur mayat di hutan gunung di belakang mansion, jadi kami bertiga kembali ke ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 1 9 Kamar Kunagisa. Tetapi rencana kami akan berakhir sedikit diubah. Gah! Begitu Kunagisa memasuki ruangan, dia mengeluarkan a jerit yang bergema ke aula. Saya mengintip dan menemukan alasannya. Ini.wow. Ah, apa-apaan ini?

Kunagisa seperti biasanya vokal. Ini omong kosong! Hancur. Itu dihancurkan. Di dalam kamarnya terbaring kehancuran. Mereka bertiga komputer, dua PC dan workstation. Mereka telah sepenuhnya hancur berkeping-keping. Wahhh! Kenapa ini terjadi ? ”Dia dengan panik bergegas ke kekacauan yang sepenuhnya terbuka, sebagian besar tidak dapat dikenali bagian mekanik. “Awfulawfulawfulawfulawfulawful! Ini menggertak! Jahat! Ada iblis di pulau ini! Nya Diabolos, Ii-chan! Sebuah tragedi! Uwaaa! Ini pecah fraktur senyawa organ komputer! Bahkan monitor rusak! Mengapa? Ah, keyboard ini mustahil dibangun! Memori holografik! Ya Dewa, motherboard ! Apa yang terjadi — oh, Dewa, sudah hancur! Apa itu apa ini? ” Dia telah kehilangan itu. Seperti membalik saklar. Untuk seorang yang beruntung Gadis seperti dia, ini adalah keadaan yang cukup langka. Atau di Setidaknya itu pertama kalinya aku melihatnya seperti ini sejak datang kembali ke Jepang. “Kenapa mereka melakukan hal seperti ini? Oh, itu juga mengerikan.Ii-chan Ii-chan Ii-chan.Jadi, pikirkan apa? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 2 0 Ini mengerikan. Bahkan seandainya komputer ini adalah gangguan, tidak perlu pergi sejauh ini. Mereka hancur begitu buruk, sepertinya terlalu banyak. “Aku ingin tahu apakah mereka menggunakan beberapa jenis batang besi. Itu bukan metode penghancuran yang sangat bersih. Atau mungkin itu kapak atau sesuatu. ” Kenapa ini terjadi? Siapa yang melakukan ini? Anda pikir itu adalah pembunuh? ”Hikari-san berkata dengan berbisik. Pembunuh? Mungkin orang yang membunuh Kanami-san dan Akane-san berusaha menciptakan kekacauan. Tapi apa itu inti nya? Apa yang harus diperoleh si pembunuh dengan menghancurkan Peralatan Kunagisa? Oooh.kasihan aku. Saya ingin menangis, ”kata Kunagisa, seolah benar-benar akan menangis. Hah.well, terserahlah. Saya sudah mengirim cadangan ke rumah saya dan semua. Tapi tetap saja, saya mengalami begitu banyak kesulitan untuk bangun ini. Saya tidak melihat ini datang. Saya kira lain kali saya akan melakukannya untuk membuat motherboard keluar dari bagian yang tidak bisa pecah. ” Wow, cadangan untuk menyelamatkan, ya? Setidaknya kamu tidak akan kalah perangkat lunak yang Anda buat. ” Namun pada kenyataannya, itu tidak banyak “penyelamatan. Kunagisa komputer bukan peralatan normal yang digunakan oleh Anda rata-rata profesional. Mereka semua benar-benar buatan sendiri, jadi bagian eksternal sebenarnya bernilai bahkan lebih dari bagian internal. “Sekarang kita bahkan tidak bisa melihat apa yang

ada di kamera digital. Sepertinya kamera dan memori ponsel juga rusak yah. Oh, ini terlalu mengerikan. Apakah orang ini memikirkan uang tumbuh di pohon? Saya berpikir sejenak. Hei, tunggu, kamu orang yang mau bicara. ” Aku menjentikkan jari. Seperti yang diharapkan, kamera sepertinya telah dihancurkan dengan sangat sengaja. Yang membuat Motif pelaku sepenuhnya jelas. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 2 1 “Begitu, begitu. Masuk akal, ”gumamku pada diriku sendiri. “Ya, ini sangat mudah dimengerti. Mereka pasti punya takut kami mengintip lebih jauh. ” Apa maksudmu? Hikari-san bertanya. Anda tahu mengapa ini telah terjadi? Ya saya berpikir begitu. Anda melihat mereka kemarin juga, kan? Foto-foto Kunagisa dari restoran semuanya telah dikirim ke hard disk melalui koneksi USB. Apakah atau tidak pelakunya tahu semua itu, mereka pasti tahu gambar-gambar itu memberatkan. ” Workstation dan memori seluler mungkin hancur dengan perawatan ekstra. Kamar Kanami-san. Gambar-gambar itu. “Aku pikir itu sebabnya ini terjadi. ” Kami belum memberi tahu siapa pun tentang surat atau info dari Chiikun, jadi si pembunuh tidak akan tahu tentang itu, tapi semua orang tahu tentang foto-foto itu. Kunagisa merubuhkannya bahu dalam realisasi fakta ini. Ah. Saya bahkan tidak repot-repot menerapkan perlindungan ekstra. saya tidak pernah membayangkan siapa pun akan melakukan sesuatu seperti ini. ” Kamar ini tidak memiliki kunci, bukan? Kata Hikari-san. SAYA kira kamu tidak beruntung. ” Aku menepuk kepala Kunagisa. Semangat ya. Saya kira ini berarti kita tidak bisa hanya duduk berkeliling dengan senang hati menunggu pria detektif ini muncul. Aku letakkan tanganku di bahunya dan setengah memeluknya. Tidak ada lagi bermain-main, ya? Kami tidak tahu siapa pelakunya, dan kami tidak tahu motifnya, baik. Tapi kami memang tahu satu hal yang pasti: ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 2 2 telah menghancurkan sesuatu yang berharga untuk Kunagisa Tomo karena alasan egoisnya sendiri. This was unforgivable. Hah? Hai Wait, wait a second,” Hikari-san said as if having suddenly thought of something.“Who did this?” “Uh, the killer, right? We don't know who that is right sekarang. ” “But we were all in the dining room, and then we came directly here, right? Who could've had the time to destroy everything like this?” Wah We had been in this room until Akari-san came.Then we went to the storage room where the murder had happened, but we were the last ones there.Everyone else was already gathered.Then everyone went

directly to the dining room as a grup. If that was the case—or rather, that was the case.Logically, there was nobody here who could have committed this destruction. “This is obviously the work of a human being, but nobody had the time to do it.What the hell?” Itu tidak masuk akal.Yet another mystery to worry about. Just like Kanami-san's sealed room and Akane-san's headless body. Tidak. This was different.This was a different sort of mystery. Saya t went beyond simply trying to figure out people's alibis and motives.It wasn't a matter of tricks or gimmicks. Dulu simply an impossibility. Yang berarti… “Which means maybe this is the key. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 2 3 I looked at Kunagisa.I looked at Hikari-san. And then I thought. If this was the key… Then where the hell was the door? Determining that the equipment was beyond repair, we decided to continue with our planned course of action. Dan by that I mean Akane-san's burial. We went to the storage room, placed her body on a big stretcher, and headed for the mountain woods behind the mansion.The stretcher was kept in the mansion in case of an emergency, but I doubt they had had an emergency like this in mind. Tidak… Maybe they had. This time we would bury the body alone, without a sleeping bag.Hikari-san took the front of the stretcher and I took the back.Despite her small frame, Hikari-san's length of service as a maid was apparent in her surprising upper-body strength. Kunagisa followed behind me carrying the shovel. Carrying the back of the stretcher placed the corpse directly in my field of vision, front and center.Even being used to this sort of thing, it wasn't the most pleasurable experience in the world. On the way, I remembered something I had meant to ask. “Hikari-san, was Akane-san wearing the same clothes when you brought the book last night?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 2 4 “Yes, they were the same,” she replied.“Of course, she still had a head, too. ” It wasn't the type of joke you laugh at.It was far too true to be funny. The digital camera had been destroyed beyond all repair, so naturally we couldn't make a record of the storage room where Akane-san was killed.This was probably exactly what the killer had hoped. Surely the killer was mocking us.But he or she was taking Kunagisa's memory too lightly. Hmm.Hmmhmmhmm.II we assume the killer broke everything because he didn't want there to be a record of the scene where Kanami-chan was killed, why exactly was that? Did the pictures show some concrete evidence? Bukan saya remember anything like

that. ” Inside her head was an image of not only yesterday's crime scene, but also of the storage room we had just visited, just as accurate and precise as that digital camera.They didn't call Kunagisa Tomo a prodigy for nothing. “Anything sticking out in your mind?” Uh huh.Tons of things are sticking out.I'm trying to narrow them down.Ermm, ah, right…” She began mumbling to herself.Once she had gone into this kind of state, it was best not to bother her.I looked back over at Hikari-san. “So where should we bury her, Hikari-san?” “I suppose away from Ibuki-san would be best. ” I couldn't have agreed more. Walking through the mountain forest for a while, we eventually found a spot we thought would make a decent burial ground, and decided to begin digging.Yesterday we had had twice as many men, so today promised to be relatively ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 2 5 exhausting.I had hoped Shinya-san would be able to help us, but alas, he was on a different team.That and, for the average guy, having to bury the corpses of two acquaintances in a period of two days was more than a little nerve-racking. Unless you were a guy like me. In which case it was nothing to write home about. “This should do. ” I brushed the hair out of my face.If this were summer, I would've been sweating like crazy.I hoisted myself out of the hole and lowered Akane-san's body into it.Then, a brief, silent prayer.I didn't know whether or not there was a point to such actions, but I figured it was better to do it than not. Regardless of where or how I die, or who kills me for what reasons, you won't hear a complaint out of me. The last words I had heard out of Akane-san.But did she really mean it? Even being killed like this, had she crossed over to the other side like a saint, without a single gripe? For me, that was an impossible feat. “I really wish we could bury her with the head, huh?” Hikari-san said.“Ibuki-san, too.Why do you suppose the killer cut the heads off anyway?” “That's the question of the week, I guess.But we keep coming up with the same answer. ” That is, “I don't know. ” I scooped up some dirt with the shovel and began burying Akane-san's body.My joints would be hurting tomorrow for yakin.If I still had the mental faculties to feel pain, that is. There was no saying I wouldn't be the next murder victim. The chances weren't very high, but it wasn't impossible. A serial killing. Maybe it was already over with Kanami-san and Akanesan. According to the information from Kunagisa's old buddy ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 226 Chii-kun, the pair had had some sort of

relationship in the past, although I couldn't say what kind, so there was always the possibility that the whole ordeal was already over. Tapi maybe that was just overly optimistic thinking. At long last, Akane-san's body was completely buried. “Hikari-san, since we're already out here, would you mind taking me somewhere where we can see that storage room window from the outside?” “Tentu saja. ” She began walking. Kunagisa followed behind, blue hair waving. Berbicara tentang which, I hadn't put her hair up at all today.I decided to do so properly once we got back to her room. As we were walking, Hikari-san turned to me with a serious expression. Terima kasih banyak.” Not knowing what that was in regards to, I was taken aback. “At breakfast, you stood up for me.So I wanted to thank kamu. ” “Oh, well, I didn't just do it because it was you.I just hate the idea of making the same mistake again.Even putting mistakes aside, I just hate repetitive actions, really. ” Maybe that was why my memory was so bad. “Nyahaha, that is so you, Ii-chan,” Kunagisa giggled childishly.“But really you did it for Hikari-chan, right? 'Cuz she's right in the center of your strike zone. ” “What exactly is my strike zone?” “She's older than you, she's a girl, she's petite, she's got long hair, she's slender, she doesn't wear any rings or anything, and she's even wearing an apron dress. ” “I've never said anything about apron dresses. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 2 7 “Also girls who wear jeans on the bottom and nothing on top, librarian-lookin' girls who dress in white uniforms and wear glasses, gothy girls who are taller than you and have brown hair and wear jerseys…” “Don't make me sound like such a freak. ” Sial.She sure was chatty. But to be sure, Hikari-san was totally up my alley.In terms of speed, I preferred the slight harshness of Akari-san's personality, but certainly I had no problem with Hikari-san's gentle “slowball.” I suppose Teruko-san was some sort of disappearing magic pitch… I don't know what the hell I'm talking about. “Hah…” Hikari-san gave an ambiguous smile tinged with embarrassment.“Anyway, I wanted to thank you.My mistress can be quite… severe in these cases.Plus, unlike yesterday with Sonoyama-san, this time it seems like I must be the killer. Even I couldn't help but think so.At least with Sonoyama-san there was the pretense that it was a sealed room, so really nobody could have been the killer.But this time—” “Don't worry about that anymore, Hikari-san.” I was becoming a little irritated, so I cut her off mid-sentence. “You've already thanked me, and you've already shown

your sincerity, so you don't have to keep thanking me for semuanya. ” “But—” “If the situation had been reversed, you wouldn't have just left me there on my own, right? I think you would have done the same for me. ” “But I think if that happened, you would thank me. ” Well I'll be damned.She was playing hardball. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 2 8 “I think he means that you're a friend,” Kunagisa said. “And we don't doubt our friends.That's why I don't think Iichan or you could be the killer. ” “Friends?” she nodded, brimming with emotion.“I've never had friends before.I've been by my mistress's side for as long as I can remember. ” “I don't have any friends, either.Neither does Ii-chan. Begitu we'd be happy if you'd be our friend. ” Kunagisa took Hikari-san's hand. Just looking at a sight like this was enough to bring a smile to your face.But realistically speaking, it would've been hard for Kunagisa and Hikari-san to continue a friendship, I thought.From here on out, Iria-san would likely need Hikarisan at her side more than ever before, and meanwhile Kunagisa was scheduled to head back home.And once back, Kunagisa was bound to stay holed up in her home all the time. Kunagisa Tomo was a lonesome girl. They often say that geniuses are completely self-sufficient. If that was the case, Kunagisa fit the bill. And most likely, unable to analyze the situation in any other way, it was I who was the loneliest. Oh.it's over there.The window. ” I looked around in confusion for a minute.There wasn't a window in sight. “Oh, is it that one? I said, pointing to the only window I could see, which stood at about the height of my chest. “Yeah, that's it. ” “But that height is—” “It looks high up from the inside, but half this place is built on a mountain, so…” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 229 While I listened to her, I looked into the room through the window.You could make out a small puddle of blood, the wooden chair, and the door.It was without a doubt the storage room where I had been sleeping and where Akane-san was killed. Wow.So part of the mansion was buried in the mountain, including this room. “In that case, breaking in wouldn't be so hard, huh?” “But you can't open the window from the outside.And it doesn't lock with just a latch, either, so you couldn't get it to unlock by rattling it a little. ” “Well, what about the possibility that Akane-san opened the window on her own, letting the killer in?” Kunagisa said. “Like maybe the killer knocked to get her to open it.Y'know, like 'anybody home?' ” “It's hard to believe Akane-san would do anything to let

the killer inside.I mean, it's Akane-san.Plus, this really is quite a height.It feels all the more real when you're looking from the top down.I, for one, sure wouldn't want to jump down from the window. ” The window was the kind that tilted open, and only partially, so it didn't look like there was much room to make a balanced jump, either.And it looked like if you didn't make a proper landing, you could easily break a bone, or even die if you happened to hit your head. “But even supposing Akane-san had accidentally let the killer in, she could've easily called for help.The house phone was right by her. ” “Maybe she was attacked in her sleep… Oh wait, I'm an bodoh If she was sleeping she couldn't open the window,” Kunagisa said. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 3 0 “And even ignoring that fact, how would the killer get back out? Even an expert rock climber couldn't get up a flat wall like that. ” “Teehee! Like a gecko.” Kunagisa poked her head inside the window and looked around.“Oooh, it is a dangerous drop, Hah? What if the killer used rope?” “Rope, huh? But there are no trees in this area to tie it around. ” I looked around the area.Whether it had been deforested or it had always been this way, the whole place was nothing but a big grass plain, and there was nothing appropriate for tying a rope around. “And y'know, rappelling isn't the easiest trick in the book, either.I have some experience with it, but it's pretty damn tough.The skin from your hands peels off and stuff. ” “Not if you wear gloves. ” “Well, yeah, but I still think it's pretty unlikely. Mereka might as well have brought out a ladder and stuck it through the window.That's probably more likely anyway,” I said. “But a ladder wouldn't fit through a gap this small. Saya t would get caught halfway, and then a person couldn't fit through. ” “Hmm, I wonder.Hikari-san, is there a ladder anywhere on this island?” Yah, tidak. “What about the possibility that someone brought one with them?” Kurasa tidak.I would've noticed if someone brought something that big. ” “How about a rope ladder? Then they could easily hide it in their luggage, and it wouldn't get caught in the window. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 3 1 “Ii-chan, you even forget stuff you said yourself? If it was a rope ladder, there wouldn't be anything to tie it to.It would be possible if they stuck some kind of metal hook in the wall, but that would've left a hole.The wall looks fine as far as I can Lihat. ” Itu benar.This was just common sense, not the kind of thing even worth bringing up.But for the sake of confirmation, we were discussing it anyway.It

was just another form of “preestablished harmony. ” I faced Hikari-san. “Have any ideas?” I asked.“Or even just any observations?” “Hmm, nothing in particular…” she said as she approached the window.“But assuming the killer didn't enter through the door, the window was the only other way to break in, huh?” “Break in… but maybe they didn't even have to break in.” I was just coming up with this on the spot.“The chair is over there, which means that must have been where Akane-san was sitting and reading.Maybe the killer made some sort of lasso out of rope, put it in through the window, caught it around Akane-san's neck, and then pulled her up.So she was strangled to death.Then she was pulled up as far as the window, where her head was cut off. Bagaimana tentang itu? Implausible, huh? At the very least, it didn't have any holes.The killer wouldn't have had to sneak in through the window, or even enter the room, and still could have killed dia. There were no holes at—“Oh no, wait, that's no good. ” Kenapa tidak? I didn't think it was so implausible,” Hikari-san said, confused.“If that was the case, anyone could have done saya t. ” “Human bodies aren't so light. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 3 2 For a woman, Akane-san wasn't small.She was taller than average, and she looked like she must have weighed at least 110 pounds.She probably wasn't as much as 130, but she definitely wasn't in the 90s, either.To lift her from this height would've required not only a really tough rope, but some incredible arm strength to boot.I definitely couldn't have done it.To pull someone up this high with just two arms was a crazy feat of strength. “Shinya-san's probably the strongest one here, but he's got an alibi.And even if he's the strongest one here, that's very relative.I don't think even he could lift a human body by dirinya sendiri.Not to mention that Akane-san would've been resisting all the while. ” And while she was resisting, the house phone would have been right beside her.If she even just kicked it over, somebody would have discovered what was happening. Saya t wouldn't have been a very wise method. “Plus, in that case the window would have had to be open. But would she have really opened the window and then turned her back to it? She wasn't stupid; in fact, quite the opposite.So she was probably being somewhat cautious. ” Memang. Sialan.And here I thought I was getting a little warm, but I was still on the wrong track.I felt an unpleasant sensation, like I was in some twisted dimension. Itu seperti searching for the corner of a circle.Something was decidedly off.Something was depressingly

messed up.What the hell was I doing wrong? I felt as if I was being given the run around, big-time. “Anyway, let's go back to the room.There's nothing more to see here. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 3 3 Not that there was anything to see back at the room. Seemingly reluctant to leave, Kunagisa stayed gazing in through the window for a while, but finally turned and began to follow me. “Did you spot something?” “Uh-uh, nothing special.More important, I'm hungry. ” Oh ya? “Then let's go have lunch,” Hikari-san said. “Yeah,” I nodded.

ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 3 5 Apakah kamu tidak memiliki sesuatu yang lebih baik untuk dilakukan? Hikari-san telah sepenuhnya dibebaskan dari tugasnya oleh Iriasan. Alih-alih, pergi bantu Kunagisa-san dan lelaki lainnya, dia telah diberitahu. Itu adalah cara yang lembut untuk mengatakan, “Tidak mungkin di neraka Saya akan mempercayakan salah satu pekerjaan rumah kepada tersangka utama, ” atau setidaknya itulah yang dia maksudkan. Dan dengan demikian, kami bertiga tetap bersama bahkan setelahnya menyelesaikan makan siang. Apakah kalian berdua pergi di depanku? Aku berkata kepada dua gadis dalam perjalanan ke kamar Kunagisa. “Aku ingin mampir ke rumah Iria-san ruang untuk sedikit. Kunagisa, tunggu ini. ” Saya mengeluarkan pisau kecil dari saku dan menyerahkannya dia. Kamu sudah berjalan-jalan dengan sesuatu itu berbahaya? ”Hikari-san berkata dengan terkejut. “Seorang pria muda selalu membawa pisau di dalam hatinya. ” Dan seorang wanita muda membawa pistol, canda Kunagisa dia mengambil pisau. Yah, ayo pergi, Hikari-chan. ” Tapi… “Tidak apa-apa, tidak apa-apa. Mari serahkan pada Ii-chan, ”kata Kunagisa, setengah menyeret Hikari-san. Selama mereka bersama, ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 3 6 Kunagisa tidak akan kesulitan naik ke atas. Itu tadi salah satu alasan kami berada di tim tiga. “Yah, kurasa kita akan pergi. ” Aku melakukan sesuatu tentang wajah dan mulai berjalan ke arah Iria-san kamar. Saatnya meminta “audiens lain”. Aku memberi diriku beberapa persiapan mental. Lalu aku menarik napas dalam-dalam. Saya mengetuk pintu yang tebal, menunggu jawaban, dan lalu masuk. Di dalam ruangan, aku menemukan Iria-san dan Rei-san juga Akari-san dan Teruko-san, yang kurasa mungkin seharusnya sudah diharapkan sejak mereka adalah tim. Semuanya duduk di sofa, menghirup teh hitam

dengan elegan. Akari-san dengan canggung menghindari kontak mata denganku, seolah-olah berusaha melarikan diri. Dia pasti menyesal pisang pada saya pagi itu di kamar Kunagisa. Hanya itu saja wajar, tapi akulah yang bingung harus berbuat apa dengannya berbicara begitu terbuka kepada saya. Mulut Iria-san perlahan membentuk senyum. “Ada sesuatu, Tuan.um.apa itu? Kamu adalah orang yang mengusulkan agar kami beroperasi dalam tim, dan sekarang kamu disini sendirian? Itu sedikit masalah, bukan? Hikari ada di timmu, tahu— ” Iria-san, potongku. “Um, kamu masih belum berencana menghubungi polisi, kan? Tidak mungkin. ” Jawaban yang tajam. Benar-benar dingin, respons singkat. Dia luar biasa. Anda benar-benar luar biasa, Akagami Iria-san. Aku pikir itu bukan hal yang baik, jujur saja, kataku. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 3 7 Apakah kamu juga mau minum teh hitam? Itu adalah Rei-san. Dia berdiri tanpa menunggu jawabanku dan berjalan ke pot. Iria-san memberinya tatapan yang sepertinya memiliki beberapa makna tersembunyi, tetapi kemudian melihat kembali ke arahku. Jika polisi datang sekarang, kamu akan menjadi situasi yang sulit dirimu sendiri, bukan begitu? Akane-san terbunuh karena saran Anda, setelah semua. ” Tidak masalah jika itu akan membuatku dalam 'situasi yang sulit' lagi. Saya hidup untuk diberikan pelarian. Lebih penting, bagaimana denganmu, Iria-san? Akagami Iria-san. Kamu mungkin terbunuh juga, Anda tahu. Apa yang Anda pikirkan tentang situasi itu? Dengan undangan Rei-san, saya duduk di bagian yang kosong sofa di sebelah Teruko-san. Teruko-san tidak berusaha bahkan menatapku. Matanya yang kosong menatap ke angkasa di balik kacamata hitamnya. Sepertinya fokusnya tidak ada keselarasan atau sesuatu. Atau tidak, itu tidak sejajar. Saya t hanya tidak selaras dengan milikku. Teh hitamnya enak. Iria-san terdiam beberapa saat sebelum menjawab, seolah mencoba untuk mengintimidasi saya. “Apa yang aku pikirkan tentang itu? Dari situasi ini? Itu mengerikan. Itu adalah peristiwa mengerikan. Tentu saja bukan itu yang saya pikirkan, tetapi bagaimana jika saya bertanya Anda pertanyaan yang sama? Apa yang kamu pikirkan? “Ini situasi berbahaya. Saya tidak tertarik menempel main dengan seorang pembunuh di tengah-tengah kita. ” Dan aku tidak tertarik menempel Kunagisa dalam bentuk seperti itu situasi juga. Saya tidak tahu bagaimana perasaannya tentang banyak hal meskipun begitu. Saya tidak tahu. Tetapi bagi saya. Hmph. Apakah Anda pikir pembunuhan adalah hal yang

mengerikan? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 3 8 Ya saya lakukan, jawab saya segera. “Aku memang berpikir begitu. Tanpa pertanyaan. Tidak peduli alasan apa yang mungkin mereka miliki, para pembunuh adalah tipe manusia yang paling tercela. ” Hmm. Jadi apa yang akan Anda lakukan jika Anda ingin menjadi seperti itu terbunuh? Maksud saya, jika itu dibunuh atau dibunuh, apa yang akan Anda lakukan? Duduk saja di sana dan tunggu mati? ” Aku mungkin akan membunuh. Saya bukan orang suci. Tetapi pada saat itu, saya akan menganggap diriku tipe manusia yang paling hina. Tidak apa pun jenisnya.orang macam apa dia ini. ” “Kamu terlihat seperti berbicara dari pengalaman. Iria-san memberi saya senyum buruk. Itu senyum jahat, sempurna cocok seorang wanita dengan kekuatan absolut seperti itu, dengan seorang tangan yang luar biasa. Saya pikir dia mengingatkan saya pada seseorang. Ah ya, Kanami-san. Itu jenis yang sama, “Bukan begitu tahu itu? ”semacam senyum. Tapi mengapa seorang nongenius suka Iria-san memiliki senyum yang mirip dengan Ibuki Kanami-san? Anda pikir pembunuhan harus dihukum? Tapi bayangkan Anda mengaturnya beberapa makanan di depan mouse, dan setiap kali mouse mencoba untuk memakannya, ia mendapat kejutan listrik. Bagaimana menurut Anda mouse tidak? “Tikus mampu belajar, jadi mungkin akan berhenti mencoba makan. ” Salah. Tikus mampu belajar, sehingga akan memakan bagian makanan yang tidak dialiri listrik. ” Manusia bukan tikus. ” Dan tikus bukan manusia. Dia bertepuk tangan bersama. Astaga, selama kita membahas ini, mungkin Anda akan melakukannya jawab ini untukku. Mengapa salah membunuh orang? ” Itu adalah jenis pertanyaan yang mungkin Anda ajukan kepada seorang siswa SMP murid sekolah. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 3 9 Dia sepertinya tidak bercanda. “Karena itu melanggar hukum, karena lebih mudah berfungsi dalam masyarakat jika Anda percaya itu, karena saya tidak ingin dibunuh diriku sendiri ” “Semua hal di atas tidak memiliki kekuatan persuasif. ” Saya setuju. Jadi ini jawaban saya: tidak ada alasan. Kamu butuh alasan untuk membunuh seseorang. Seperti mungkin Anda kesal, atau Anda hanya ingin membunuh orang atau apa pun, tetapi tidak ada orang membunuh tanpa alasan. Tapi itu bukan sesuatu yang Anda pilih, kanan? Membunuh atau tidak membunuh? Itu bukan sesuatu yang Anda pilih. Itu hanya omong kosong bahwa orang dengan semburan kompleks Hamlet. Begitu Anda merangkul keraguan seperti itu, Anda berhenti melakukannya manusia ”

Apakah saya yang menderita bangsawan? Benar-benar lelucon. Membunuh itu salah, kataku. “Itu mutlak. Kamu tidak butuh alasan. ” Hmm, benarkah itu? Dia mengangguk dengan ketidaktulusan terang-terangan. Kurasa aku bisa mengerti dari mana asalmu. Tapi jika kami tahu siapa pembunuhnya, kasus ini akan ditutup. Sekali Aikawa tiba di sini, kita akan mencari tahu siapa itu. ” “Aku tidak tahu Aikawa-san ini. ” Tapi saya lakukan. Bukankah itu cukup? Akari, katakan padanya kapan Aikawasan datang. ” Dalam tiga hari, jawab Akari-san, masih tanpa membuat kontak mata dengan saya. Kami meminta Aikawa-san untuk datang lebih awal dari yang direncanakan. Begitu… “Itu dia. Jika kita tahu siapa pembunuhnya, dari tentu saja Anda bisa pergi. Anda di sini di pulau ini karena Anda seorang tersangka. Itulah satu-satunya alasan yang tak punya bakat, biasa-biasa saja Bocah seperti dirimu ada di sini. Omong-omong, Anda tidak ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 0 memiliki alibi ketika Ibuki-san terbunuh atau ketika Sonoyamasan terbunuh, kan? Thunk. Saya menempatkan cangkir teh saya yang masih lebih dari setengah penuh kembali ke piringnya, menghela nafas yang disengaja, dan perlahan-lahan bangkit kakiku. Permisi. Saya pikir kita berbicara sepenuhnya berbagai bahasa di sini. ” Memang, cibirnya. “Itu pintu keluarmu. ” Teruko, lihat dia kembali ke kamarnya, kata Rei-san Teruko-san duduk di sampingku. Sehingga dia tidak sendirian. Kamu seharusnya tidak ada masalah dengan itu, kan? ” Dengan anggukan cepat, Teruko-san bangkit dari sofa. saya tidak sepenuhnya mengerti apa yang dimaksud Rei-san dengan itu juga bagaimana bereaksi terhadapnya, tetapi tetap saja Teruko maju kamarnya sendiri. Aku bergegas mengejarnya, meninggalkan milik Iria-san ruang di belakang juga. Pada saat saya keluar ke lorong, Teruko-san sudah sudah cukup jauh di depan saya. Apa jenis pengawalan melaju keluar pintu di depan tamu? Seperti biasa, saya tidak bisa membacanya pikiran sama sekali. Dan itu bukan hanya masalah dia melakukan sesuatu langkahnya sendiri. Saya mempercepat untuk menyusulnya. Tetapi yang lebih penting. Pembicaraan saya dengan Iria-san benar-benar tidak ke mana-mana sama sekali. Saya kira-kira mengharapkan hal itu, tetapi saya tetap terkejut seberapa cepat ia mati. Sepertinya Iria-san benar-benar dipercaya Aikawa-san ini. Tapi apakah detektif luar biasa seperti itu benar-benar ada di dunia ini? Saya berharap begitu. Saya sungguh berharap begitu. Tidak, saya berharap untuk itu. Berdoa ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 1 Mungkin itu

juga omong kosong. ” Aku menghela nafas lagi. Saya hanya perlu mencoba lagi. Saya t sepertinya tidak mungkin saya bisa maju sangat jauh tanpa kerja sama dari pemilik mansion ini. Dulu tidak ada yang perlu dibanggakan, tetapi saya dapat secara mengejutkan ditentukan. Dan saya adalah pecundang. Yang terburuk dari pecundang sakit terburuk. Tidak mungkin aku menyerah semudah itu. Hah? Apakah seseorang mengatakan sesuatu tadi? Saya bisa bersumpah Saya telah mendengar suara seseorang. Saya melihat sekeliling aula, tetapi tidak ada yang ada selain Teruko-san dan aku. Pasti ada menjadi imajinasiku. Telingaku mempermainkan aku. Mungkin saya kehilangan itu. Hmm. Tidak. Itu adalah suara. Yang berarti… Hanya ada satu kemungkinan lain, sangat, sangat tidak mungkin. Saya tahu bahwa itu hampir mustahil, secara logis, tetapi mungkinkah itu? Apakah itu mungkin? Teruko-san, apa kamu mengatakan sesuatu? Dengan banyak pilihan? Dia berhenti setelah mendengar pertanyaanku. “Aku bilang akan lebih baik bagimu untuk mati saja. ” Saya terdiam. Itu adalah pertama kalinya dia berbicara di depan saya, dan saya tidak akan pernah menduga itu akan menjadi garis seperti itu akan lebih baik bagimu untuk mati saja. “Itu terlalu banyak. Apakah dia nyata? Dan kemudian dia menoleh padaku dan menatap dari belakang itu kacamata gelap, diam. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 2 Itu adalah tatapan menuduh, dan aku hanya bisa mengernyit. Kita berdiri seperti itu untuk sementara waktu, dia menatapku ke bawah, tetapi menyadari aku tidak memiliki ketekunan untuk mengalahkannya, saya memutuskan untuk adil abaikan dia dan terus berjalan. Ketika saya mencoba untuk lewat, dia meraih lengan saya dan erat mengepal itu. Meremas. Rasanya seperti sengatan listrik mengalir melalui sikuku. Tanpa melepaskan lenganku, dia menarikku ke dekat kamar dan menutup pintu di belakangnya. Dia memaksaku ke sofa Dari sana dia duduk sehingga kami bertatap muka, dan melepas kacamata hitamnya. Itu hanya untuk pertunjukan? Mereka agar kita bisa dibedakan. ” Dia mengangkat wajahnya. Suaranya persis sama dengan Akari-san dan Hikarisan. Suara yang jelas dan indah itu. Apakah itu benar? Tidak, aku bohong. Aku hanya tidak ingin melihat wajahmu. ” Tidak, aku bohong. Saya hanya ingin melihat Anda membuat wajah itu. ” Ada yang bisa saya bantu? Tidak dapat mengetahui niatnya, saya tahu itu akan terjadi buruk untuk tertelan dalam situasi yang aneh ini, jadi saya mencoba yang terbaik untuk mengambil inisiatif dengan mengajukan pertanyaan. Tapi dia hanya

duduk di sana melihat sekeliling ruangan tanpa memberikan apapun tanggapan. Aku akan memberimu kata-kata nasihat, tiba-tiba dia berkata, terus mengabaikan pertanyaanku. Seolah-olah dia sedang berbicara untuk hantu di belakangku. “Kamu akan lebih baik hidup sendiri. Ketika Anda berada di sekitar orang lain, Anda menyebabkan masalah untuk mereka. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 3 Bagian terburuk adalah, tanpa kacamatanya, dia benar-benar tidak bisa dibedakan dari Akari-san dan Hikari-san. Diberitahu hal-hal semacam ini oleh Maki-san tidak hanya tetapi sekarang, juga, jujur, tidak menyenangkan. Aku merasa seperti dikhianati. “Seseorang yang tidak melakukan apa-apa selain mengganggu orang lain seharusnya berhenti menjadi manusia sekaligus. Jika kamu tidak bisa melakukan itu, maka Anda harus hidup sendiri. Itu yang saya pikirkan. ” Kenapa kamu mengatakan ini? Tapi aku juga sama. ” Jawaban yang jelas. Ekspresinya tidak menunjukkan perubahan. Bahkan tidak berkedip. Tapi kamu di sini bersama orang lain dan— “Kami sudah berhenti menjadi manusia. ” Kita. Siapa sebenarnya yang termasuk di dalamnya? “Pagi ini, Akari bersikap kasar padamu. Saya minta maaf. Dia mengubah topik pembicaraan tanpa segmen apa pun. Dan pucatnya ekspresi dan nada suaranya tetap tidak berubah. Kenapa kamu meminta maaf? “Itu aku. ” Hah? Dia melanjutkan, tidak menyadari kebingungan saya. “Sebenarnya bukan aku yang sebenarnya, tetapi itu adalah tubuhku. Tiga kita semua berbagi tiga tubuh ini. Kami bertiga memiliki tiga kepribadian masing-masing, dan masing-masing dari kita memiliki kepribadian yang sama dan kenangan. Jadi meskipun yang meneriaki Anda ini pagi itu Akari, itu benar-benar tubuhku. ” Kamu berbohong. ” Iya nih. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 4 Dia menjaga wajah yang benar-benar lurus. Ada apa dengan ini gadis? Dia terus melempar saya bola curam gila. Saya tidak tahu di mana dia pergi dengan ini sama sekali. “Nah, cukup dengan obrolan. ” Dan dia pikir ini hanya obrolan. Biarkan aku langsung ke intinya. Saya pikir itu tidak bijaksana terus berbicara tentang polisi di sekitar nyonyaku. Dia bisa sangat sabar, tetapi setiap orang memiliki titik puncaknya. ” “Kenapa Iria-san begitu keras kepala soal itu? Dia mengatakan ini untuk menjaga perdamaian di sini, tapi aku tidak bisa tidak berpikir ada lebih dari itu. ” Dan bukankah kedamaian sudah rusak? Dia tidak melakukannya tampaknya tertarik pada kedamaian sedikit pun. Kamu benar-benar ingin tahu? “Ya. ” Teruko-san berdiri. Dia datang ke sampingku. Dia bersandar

padaku. Dia terjebak padaku. Tubuhnya jauh di atas saya. Itu karena.tidak ada penjahat yang menyukai polisi, katanya suara sepenuhnya tanpa nada atau irama. Itu sebabnya. ” Aku kehilangan kata-kata untuk sesaat, tidak begitu jelas apa maksudnya. Tentunya Anda bertanya-tanya mengapa nyonyaku ada di pulau ini. Kenapa kamu pikir dia ada di sini? ” Yah, dengan kepribadiannya itu— Dia kacau. ” Dia agak sedikit detail, jadi saya tidak tahu ke mana arah pembicaraan. Bagaimana bisa kembar tiga dinaikkan dalam lingkungan yang sama persis memiliki yang sama sekali berbeda kepribadian? Itu benar-benar seperti gangguan kepribadian ganda. Hah? Apa yang kamu maksud dengan 'kacau'? ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 5 Kunagisa-san tidak bisa menangani gerakan vertikal ekstrim. Itu mengapa kamu di sini, ya? Ya itu benar. Kurasa dia tidak banyak memuji. Aku s ada yang salah dengan itu? Nyonyaku adalah kebalikan dari itu, katanya dengan fasih. Itu hampir seperti dia membacanya langsung dari naskah. Dan bacaan yang cukup kering pada saat itu. “Itulah sebabnya dia ada di pulau yang benar-benar sepi ini. ” Dia segera melanjutkan. Apakah kamu pernah melihat lengan kiri nyonyaku? Jika Anda melihat bekas luka di seluruh pergelangan tangannya Anda akan mengerti juga. ” Bekas luka.di pergelangan tangannya? Suaranya kering dan monoton, itu mematikan serius juga. “Mereka menyebutnya sindrom penyalahgunaan. Saya yakin bahkan Anda sudah mendengarnya? Sindrom penyalahgunaan. Dia pasti berarti sindrom DLLR. Memang saya pernah mendengarnya. Suatu bentuk autisme di mana orang tersebut tidak bisa ada tanpa melukai dirinya sendiri maupun orang lain. Untuk lebih spesifik, itu di ujung atas autisme spektrum. Bagaimanapun, itu sangat buruk, tidak mungkin jenis gangguan mental yang mengerikan, sangat mengerikan. Di waktu saya di program saya telah membaca beberapa literatur tentang itu, tapi aku belum pernah benar-benar menyaksikan kasus itu di kehidupan nyata, meskipun aku kenal seseorang yang punya. Seperti yang ia katakan, “seseorang mampu membunuh tanpa menanggung rasa bersalah adalah benar-benar a hal yang menakutkan. ” Benar-benar menakutkan. Apakah dia mengatakan itu adalah Iria-san? Tetapi sindrom DLLR adalah suatu kondisi yang sangat jarang terjadi keberadaan adalah subjek kecurigaan besar. Itu cukup ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 6 kondisi kompulsif, jadi itu seharusnya sangat langka. Tidak ada satu pun kasus di Jepang, dan bahkan di Jepang Menyatakan hanya

ada sampel kecil yang dapat dihitung. Tetapi saya tebak itulah Hukum Bilangan Besar yang bekerja lagi. Teruko-san, itu— Sama seperti kita kembar tiga, nyonyaku juga memiliki saudara kembar, Nyonya Odette. ” Iliad dan Odyssey. Itu menjelaskan hal itu. Apakah itu benar? Jadi apa yang sedang dilakukan kakaknya? ” Dia meninggal. ” Kamu serius, kan? Aku bersungguh-sungguh, katanya. Dan orang yang membunuh Nyonya Odette tidak lain adalah Nyonya Iria. Apakah kamu mengerti? Apakah Anda mengerti apa artinya itu? Sudahkah Anda memahami logika di sini? Itu berarti bahwa Anda baru saja menghina nyonyaku mulutmu yang kotor. 'Pembunuhan itu tercela, tidak peduli apa alasan, ya? Aku tidak bermaksud untuk— “Niat Anda tidak relevan dalam kasus ini. Bagaimanapun, saya anggap Anda mengerti mengapa dia tidak akan memanggil polisi sekarang? Jika Anda mengerti, silakan kembali ke kamar Anda. Dan tolong berhenti membuat gelombang. ” Tanpa ragu-ragu lagi, dia bangkit dari jendela sofa. Saya bisa tahu dari wataknya bahwa percakapan ini sudah berakhir. Tapi oh, oh Teruko-san. Jangan membuat gelombang? Itu kalimat saya. Teruko-san! Aku berseru spontan setelahnya. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 7 Bertentangan dengan setiap harapan saya, dia berhenti di dalam dirinya trek di dekat pintu. Apa? Seperti… Seperti… Liiiike. Seperti.katakanlah ada seorang anak yang menghabiskan sepuluh tahun pertama hidupnya terkunci di ruang bawah tanah tanpa berkomunikasi dengan a satu orang, termasuk kerabatnya sendiri. Bisakah Anda bayangkan apa? anak itu akan menjadi seperti apa? Dia tidak menjawab. Tentu saja saya tidak mengharapkan jawaban yang sebenarnya. Saya hanya berpikir saya akan mencoba bertanya. Gadis ini di sini. Gadis yang pendiam dan berwajah pucat ini, menjalani hidupnya diam. Bagi saya, dia mungkin. Kamu dan aku sama sekali berbeda, katanya dengan agak kasar nada. Sepertinya dia bisa membaca pikiranku. Dia berbicara tanpa melihat ke belakang. “Jangan kamu berani membuatku keluar untuk berhubungan dengan kamu di beberapa cara. Itu menjijikkan dan itu membuat saya mual dan itu adalah gangguan luar biasa. ” Turut sedih. ” “Kamu tidak memiliki apa pun untuk dimiliki di seluruh dunia ini. Tidak di sini, seluruh dunia. Jika Anda ingin saya menjelaskannya: Anda adalah gabus yang muncul, ”katanya. Itu sebenarnya lebih dari yang ingin kudengar, terutama darimu. ” “Pasti aku yang mengatakannya, karena tidak ada orang lain yang akan mengatakannya. ” Dia tidak melihat ke belakang.

Dia melanjutkan semua hal yang sama. Kelihatannya kamu masih berpikir kamu tidak mengerti mengapa Himena-san memilih ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 8 kasih banyak, tapi alasannya jelas. Itu karena dia bisa lihat apa yang ada di pikiranmu. Tidak ada yang suka hal-hal kotor. ” Aku bilang kamu kotor. ” Tidak perlu mengulanginya.Aku sepenuhnya sadar akan hal itu. ” “Oh, kamu tahu itu? Namun Anda berhasil melanjutkan hidup. Ya, itulah semangatnya. Itu harus banyak tekad. Itu layak dihormati. Atau mungkinkah itu Anda pikir ada seseorang di luar sana yang akan menyukaimu bahkan setelahnya Anda telah mengungkapkan diri kepada mereka? Apakah Anda benar-benar percaya seseorang di luar sana akan memilih Anda? Maka Anda benar-benar seorang muncul gabus. ” Tidak ada yang bisa dikatakan. Kata-katanya bergema. Mereka terlalu berat untukku. Saya akan pingsan. Jatuh berkeping-keping. Beraninya kau menerobos ke dalam kehidupan orang lain saat kau berada menyembunyikan monster di dalam dirimu? Anda lebih rendah dari seekor serangga. Kamu tidak tahu malu. Dunia tidak begitu memaafkan. Betapa sombongnya Anda. Dan itulah kenapa- Dia membuka pintu. Kemudian, untuk sesaat, dia melihat ke belakang padaku. Dulu… Ekspresi seorang wanita menatap objeknya kebencian yang tulus. Itu terlihat dingin. “Kamu seharusnya mati saja. ” Ka-thunk. Suara materi anorganik. Pintunya tertutup. Kekuatan mengalir dari tubuhku. Itu seperti perasaan Anda miliki ketika belenggu Anda dilepaskan, tetapi tanpa belenggu rasa pembebasan. Yesus. ” Sungguh sirkus. Saya merasa seolah-olah akan dihancurkan. Sepenuhnya dihancurkan. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 4 9 “Ini omong kosong untuk mengakhiri semua omong kosong, dengan serius. ” Ditinggal sendirian, saya duduk dan berpikir. Sekarang apa itu? Saya mencoba mengingat semua yang dia katakan. Tidak seperti percakapan Akane-san malam sebelumnya, ada tidak berteori saat ini. Tidak ada alasan, tidak menjelaskan, hanya kebenaran telanjang yang muncul di wajahku. “Ya ampun, itu membuatku benar-benar rusak. Aku mengguncang kepala. Jangan pikirkan itu. Ada hal lain yang harus dipikirkan tentang sekarang. Saya bangkit dari sofa dan meninggalkan ruangan. Mencari di sekitar lorong, bahkan bayangan Teruko-san tidak tersisa. Dia cukup ringan di kakinya. Mungkin itu cara lain di mana dia menyerupai saya. Bagaimanapun, yang penting sekarang adalah informasi Teruko-san telah meninggalkanku. Bekas luka di pergelangan tangan Iria-san. Nya Latar Belakang. Fakta bahwa dia

telah membunuh saudara perempuannya.dan masuk hal itu telah diasingkan ke pulau ini. Sindrom pelecehannya. Autisme. Memikirkan itu, jelas mengapa dia tidak akan menelepon polisi. Tunggu sebentar. Pegang itu. ” Wahyu. Saya telah melihat Iria-san mengganti pakaian dengan benar di depan mataku kemarin. Pertama kali dia memberi saya sebuah audiensi. Tapi tidak ada goresan di pergelangan tangannya. Tidak bahwa aku hanya memandangi anggota tubuhnya sepanjang waktu, tetapi tentu saja aku akan memperhatikan bekas luka yang mengesankan jika itu benar-benar terjadi disana Tunggu, tunggu, tunggu.Aku berhenti, menggaruk kepala. Apa-apaan ini? Pada dasarnya Teruko-san adalah pembohong besar. Sama seperti saya. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 5 0 Dalam perjalanan kembali ke kamar Kunagisa, saya berlari ke Tim Makisan, Shinya-san, dan Yayoi-san. Mereka tampaknya ada di tangan mereka cara makan. Saya sedikit cemburu; dengan Yayoi-san di tim mereka, mereka bisa makan makanan yang luar biasa kapan pun mereka mau. Tidak Saya punya keluhan tentang masakan Hikari-san. Ahaha.nak. Ahahahahahahaha. Aaaaahahahahaha.ha. ” Saat melihatku, Maki-san tertawa. Saya dulu melampaui menemukan ini kasar lagi. Itu tidak kurang diharapkan dari perubahan musim. “Apa kali ini, Maki-san? Kamu selalu sibuk dengan energi. ” Ahaha. Anak muda, sepertinya Teruko-san melakukan yang nyata nomor pada Anda. Oh, bintang-bintangku. Itu Apa yang Anda Dapatkan. ” Bagaimana Anda tahu? Kau masih bertanya padaku tentang itu? Terima kasih untuk pertunjukan yang menghibur, Bapak. Tanpa jari. Anda tidak boleh bosan. Aku cemburu. ” Yang pasti, Maki-san pasti menjalani kehidupan yang membosankan. Dia tahu semua yang telah terjadi, semua yang terjadi, dan semua itu akan terjadi. Rasanya seperti menonton aliran nonstop film di mana Anda sudah tahu akhirnya. Tidak ada ragu bahwa itu menyedot kesenangan dari kehidupan. Itu tidak sepenuhnya benar, godanya. Apakah dia mabuk? Dia tampak sangat tinggi. Bagian dalam kepalanya pasti terlihat seperti mentaiko. Gah, dia memelototiku. Katakan, apakah kamu benar-benar sendirian di saat seperti ini di? tempat seperti ini? ”Shinya-san masih tampak agak biru, tapi dia tampaknya sudah agak tenang, dan dia tidak lebih pucat. Meskipun terkadang bisa kejam, dalam ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 5 1 akhirnya, waktu benar-benar baik untuk kita semua. Kunagisa-chan dan Hikarisan Pasti sedikit tegang sendiri. Mereka hanya kecil mungil sesuatu.

Dan Hikari-san adalah tersangka utama saat ini, kan? Kunagisa-chan tersayang Anda bisa berada dalam bahaya. ” Dia tampaknya setengah bercanda, tetapi jelas bahwa dia benar-benar khawatir tentang saya. Saya membungkuk kepadanya dengan rasa terima kasih. Eehehehe. Anda harus memaafkan kami sekarang, Tn. Setengah matang. Jangan berpikir terlalu keras, ”goda Maki-san, lalu berbalik kembali padaku. Shinya-san menatapnya tajam. “Jika kamu merasa bertanggung jawab atas kematian Sonoyama-san, aku jangan berpikir kamu harus khawatir tentang itu. Kamu melakukan segalanya itu kekuatanmu. Anda tidak bisa melakukan hal lain. Anda melakukan yang terbaik, ”katanya kepada saya. Terima kasih banyak. Aku membungkuk dan berterima kasih padanya. “Baiklah, sampai jumpa lagi. Dengan itu, dia berbalik juga. Yayoi-san memberiku beberapa tatapan aneh yang sepertinya berarti sesuatu, tetapi dengan sedikit anggukan Kepala, dia pergi dengan dua lainnya dan menuju ruang makan. Tentang apa itu? Tidak ada sesuatu yang mencurigakan, tetapi sesuatu aneh. Eh, kurasa itu bukan sesuatu yang perlu dikhawatirkan, aku bergumam pada diriku sendiri. Sekembalinya ke kamar, saya menemukan Kunagisa sedalam hidung di bagian-bagian komputer yang rusak sementara Hikari-san melakukan beberapa membersihkan. Tersiar kabar bahwa Hikari-san benar-benar aneh. Kalau dipikir-pikir, dia sepertinya selalu membersihkan. saya mengira itu adalah salah satu bentuk gila kerja. Apakah tidak ada satu orang normal di pulau ini? Hei, hei, Ii-chan. Anda tepat waktu. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 5 2 Untuk apa? “Mengangkat rambutku. ” Gotcha. Saya mendekatinya dari belakang. Saya memutuskan untuk memberi dia banyak kepang mini, dan mulai menjalin bersama sebagian kecil rambut. Ahhhh, desahnya dengan senang. “Tomo-san. Apakah saya tetap bisa membersihkan kekacauan itu? ” Jangan menyebutnya berantakan. Saya masih bisa menggunakan beberapa bagian ini, jadi Saya mengambil mereka sekarang. Anda harus menggunakan kembali barang-barang. Daur ulang, daur ulang, untuk Ibu Pertiwi! Daur ulang itu penting, kau tahu. Mmhmm. Tapi apa yang harus saya lakukan, ya? Mungkin saya bisa membuat rahasia senjata untuk menghentikan pembunuh itu. ” Dia yakin tahu bagaimana menjaga dagunya. Bukan itu yang saya inginkan untuk menjadi seperti dia, tetapi Anda harus mengagumi pemikiran positifnya. Bahkan jika itu hanya karena dia tidak pernah tahu negatif emosi. Mendesah. Oh, benar. Hikari-san, apakah Anda

punya memo pad atau sesuatu? Dan sesuatu untuk ditulis? Mereka ada di kabinet itu. Apakah Anda membutuhkannya? “Saya ingin menulis garis besar situasi saat ini. ” Kami telah membuat bagan alibi kemarin, tetapi datanya telah telah hancur berkeping-keping bersama dengan komputer. Karena itu saya ingin membuat bagan baru yang termasuk Informasi terbaru. Aku mengerti, katanya dan menuju ke kabinet. Oh, hei. Tomo, aku lupa memberitahumu, ingat itu lukisan? Saya menemukan apa yang aneh tentang itu. ” Hmm? Oh, ya, Anda mengatakan sesuatu tentang itu, bukan? Jadi apa itu? Jam tangan. ” Menonton? Ya, arlojinya. Ketika saya menjadi model untuk gambar di Lokakarya Kanami-san, aku belum mengenakan arloji. Dulu rusak dan saya berikan kepada Anda untuk diperbaiki. Jadi tidak ada apa-apa di pergelangan tanganku. “Meskipun demikian, di atas kanvas, ada sebuah jam yang dilukis ke atasnya. ” Kunagisa tampak bingung sesaat, lalu kembali kembali ke ekspresinya yang biasa dan menyampaikan pertanyaan stok. Mmm. Tidakkah Anda pikir itu hanya kesalahan? Saya tidak bisa membayangkan itu sangat penting. ” Yah, ya, mungkin, tapi. Yang? Bagaimana dengan subjek dan predikat? Layar jam tangan. Apakah itu yang kosong, atau yang setelah saya memperbaikinya yang menampilkan mundur? Oh, yah, sebenarnya, aku agak menghadap ke dalam seperti ini, jadi aku tidak tahu. ” Mmm, dia mengangguk. Setelah berpikir sejenak, dia berkata, “Ya, kupikir itu hanya kesalahan. Lebih penting lagi, saya memikirkan sebuah petunjuk, mungkin. Pembunuhan Akane-chan seperti.tanpa kepala tubuh itu semua, errr. Errr? Tangannya agak. Dia memiringkan kepalanya ke samping dan melipat tangannya. “Yah, bukan tangannya, tapi jari-jarinya. Ada sesuatu tidak alami, maksud saya benar-benar tidak alami tentang mereka, saya pikir.Ah, ***, kapasitas ingatanku telah mencapai puncaknya. Rasanya seperti ada sebuah mosaik besar di kepala saya. Hei, Hikari-chan, apakah kamu memperhatikan ada yang aneh dengan jari-jarinya? Hmm. Hikari-san, yang telah kembali pada suatu saat, duduk karpet di sebelah Kunagisa sehingga dia menghadapku. “Maaf sudah menunggu. Ini beberapa kertas dan pena. ” Terima kasih. ” Saya mengambil persediaan darinya dan, sambil mengingat grafik kami buat kemarin, menyiapkan daftar alibi baru untuk Ibuki Kanami dan Sonoyama Akane melakukan pembunuhan, termasuk semua orang di pulau itu. Ibuki Kanami (terbunuh) Sonoyama Akane

Sebelum gempa bumi: X Setelah gempa bumi: X (terbunuh) Kunagisa Tomo Sebelum gempa: O (Ii-chan, Hikari, Maki, Shinya) Setelah gempa bumi: X O (tidak bisa turun tangga sendirian) Sashirono Yayoi Sebelum gempa bumi: O (Iria, Rei) Setelah gempa bumi: X X (tidur) Chiga Akari Sebelum gempa: Δ (Teruko) Setelah gempa bumi: X O (di daratan) ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 5 5 Chiga Hikari Sebelum gempa: O (Ii-chan, Tomo, Maki, Shinya) Setelah gempa bumi: X X Chiga Teruko Sebelum gempa: Δ (Akari) Setelah gempa bumi: X O (di daratan) Sakaki Shinya Sebelum gempa: O (Ii-chan, Tomo, Maki, Hikari) Setelah gempa bumi: O (Maki) O (Maki) Handa Rei Sebelum gempa bumi: O (Iria, Yayoi) Setelah gempa bumi: Δ (Iria) Δ (Iria) Himena Maki Sebelum gempa: O (Ii-chan, Tomo, Hikari, Shinya) Setelah gempa bumi: O (Shinya) O (Shinya) Akagami Iria Sebelum gempa bumi: O (Rei, Yayoi) Setelah gempa bumi: Δ (Rei) Δ (Rei) Fiuh. Atau semacam itu. Menatap grafik, saya membiarkan mendesah. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 5 6 Alibi, ya? Tapi kau tahu, ini tidak benar-benar berarti semua itu banyak, bukan? Kami sudah cukup mengesampingkan ide itu kejahatan kooperatif sampai sekarang, tetapi jika Anda mempertimbangkan itu kemungkinan, bagan ini tidak berarti jongkok. Terutama melihat kesaksian alibi dua dan tiga orang ini. ” Ada juga kemungkinan orang lain selain pembunuh telah berbohong supaya mereka tidak dicurigai, dan jika Anda menganggap itu, informasi yang dipetakan ini bahkan lebih sulit menelan. Sadar akan kesia-siaan semua itu, saya memutuskan untuk melakukannya tulis ringkasan ringkasan serupa tentang insiden pembunuhan diri mereka sendiri. Korban: Ibuki Kanami Kondisi: Kamar tertutup Sungai cat (terpecahkan) Waktu kejadian: Malam, mungkin setelah gempa bumi Catatan: Tubuh terpenggal Pembunuh tidak dikenal Korban: Sonoyama Akane Kondisi: Kamar tertutup Buka jendela di lokasi tinggi (belum terpecahkan) ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 5 7 Waktu kejadian: Antara jam 2:00 dan 9:30 a. m. Catatan: Tubuh terpenggal Dan.pembunuh tidak dikenal. ” Saya selesai menulis dan meletakkan pena. Kamu lupa tentang insiden ketiga, Ii-chan, Kunagisa segera keberatan. “Kunagisa-chan yang malang Kejadian. ” Oh, benar. Itu artinya jika dibandingkan, tapi itu sebuah misteri, juga ya ” “Jangan katakan itu! Bagi saya ini adalah tragedi yang lebih besar daripada memiliki kepalaku terputus! Selama mereka sudah sejauh ini, saya berharap mereka akan memotong kepalaku! Baiklah baiklah. Aku mengambil pena

itu lagi. Korban: Kunagisa Tomo (komputer) Kondisi: Kamar tanpa segel Tanpa kunci, dapat dimasuki oleh siapa pun Waktu kejadian: Antara pukul 10:00 a. m. dan akhir sarapan. Namun, semua orang di rumah itu bersama pada waktu itu. Kamar yang disegel waktu? Catatan: Tujuan Destructor dianggap sebagai penghancuran data gambar diambil dari tempat kematian Ibuki Kanami. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 5 8 Kamar yang disegel waktu, ya? Insiden pertama melibatkan sebuah ruangan yang disegel oleh sungai cat. Yang kedua, sebuah ruangan tertutup oleh sebuah jendela yang tidak terjangkau. Sebuah ruangan tertutup rapat dalam hal ketinggian. Dan insiden ketiga adalah disegel dalam hal waktu. Dimensi kedua, ketiga, dan keempat, ya? “Itu benar-benar membuatnya terdengar seperti kejahatan dengan cakupan yang sangat besar. Katakan, Hikari-san, pertanyaan ini cukup lengkap melemahkan kepura-puraan apa pun yang kita miliki sampai sekarang, tapi.begitulah mungkinkah ada orang lain di pulau ini? ” Bukan, katanya yakin. Hanya ada satu tempat seluruh pulau tempat kapal bisa berlabuh, jadi saya pikir saya bisa katakan itu pasti. ” Saya melihat. ” Tetapi jika itu benar, maka itu akan benar benar-benar mustahil untuk ini terjadi pada Kunagisa komputer. Dengan kecerdasan dan kebijaksanaan yang cukup, seseorang bisa layak melewati pesawat tertutup atau menaklukkan ketinggian, tetapi waktu adalah satu-satunya wilayah kekuasaan yang tak bisa ditembus manusia. “Jadi aku bertanya-tanya apakah ada semacam trik untuk ini juga. Seperti remote control atau apalah. Mmm, tapi ini dia jelas karya manusia. ” Hikari-san, mungkinkah satu atau dua orang mungkin menyelinap di tengah-tengah semua memar menemukan tubuh? Maksudku ada mayat tak berkepala sebelumnya Mata kita. Mungkin seseorang mengambil keuntungan dari situasi dan berjalan pergi sementara kami terganggu. ” Aku.tidak berpikir begitu. Hikari-san was still unconvinced.Even I couldn't help but scratch my head at the idea, and I was the one who had ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 5 9 brought it up.In reality, we probably would've noticed if someone had disappeared from the room. “First incident.Anybody could have done it—that is, if you consider the possibility of a cooperative crime.But we've at least figured out how they did it, and we know it wasn't really a 'sealed room' after all.Now, second incident.This time, we have no idea how they did it. ” “But I, as an exception, could have done it,” Hikari-san kata. Aku mengangguk.“And then

the third incident.Nobody could have done it.Moreover, there was no possible way it could have happened. ” The incident itself was rapidly growing more complicated. This didn't bode well for the next incident. “Jesus, what the hell kind of a cycle is this?” “Well, I don't think this was all planned out intentionally. Hmm, but it doesn't feel right to write it all off as a coincidence, either. ” “Anyway, let's stop thinking about all this disheartening stuff,” I said.“Alibis, sealed rooms.Tricks, gimmicks, setups, fakes. Terserah.Let's just agree that someone is using some unimaginable method to fool us all. ” “Maybe it's a virtual machine. ” “Yeah, that. ” Saya tebak. They often say in old mystery novels that it's harder to make a puzzle than to solve one, but I don't think that's true. Creating a puzzle or trick or what have you is far easier. Di creating a puzzle, you're free to display events from whatever angle you please, completely catering to your own ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 0 convenience.Solving the puzzle, on the other hand, can only be done from that one presented angle. So for now we just had to place the issue aside. “But don't you think we should at least consider alibis? That's pretty much all the information we have right now,” Hikari-san said.“And if we start making emotionally charged arguments, everyone will become suspicious.I mean, didn't Sonoyama-san become the prime suspect after Ibuki-san was murdered because they hated each other so much? But look at what happened because of that. ” “Yeaaah, but— It really would've made sense if Akane-san was the killer. ” And now Akane-san was dead, too. “What about the thought that Sonoyama-san killed Ibukisan, and then someone killed her in revenge?” “If that were the case, then I guess Shinya-san would be the most likely to have killed her.He was Kanami-san's caretaker and closest friend. ” “But Shinya-chan had an alibi.Even if you set that aside, how would he have known Akane-chan killed her?” “Maybe he didn't, maybe he just had a hunch.Mistaken revenge may not happen every day, but it's not unheard of. Jika you think about it, what's the deal with Shinya-san and Makisan? They've got alibis two days in a row.In the middle of the night.Don't you think their having alibis is conversely kind of suspicious?” “It is a little, huh? Maybe they're synchronizing stories in secret.But you know, Himena-san doesn't really seem the type. ” Himena Maki.The indescribable fortune-teller with superhuman abilities.The absolute absolutist, able to gaze ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 1 upon the inner

workings of men's minds and hear any and all things.Something about her resembled Kunagisa. Dulu aneh “What's up with you, Ii-chan? Have you fallen for Makichan or something?” “Geez, don't say that.But you know, a spaced-out woman like her can't be expected to have the best common sense. ” Man, this really was all futile.I felt like we had already considered every possibility.It was like we were stranded. What else was there left to think about? “It kind of seems like maybe Akane-san knew she was going to be killed. ” “Huh?” Hikari-san leaned forward in surprise.“What do you mean?” “It just seemed that way.Last night, I had a conversation with her through the door, and at the time, well, it was like she was at peace.She was quoting Ryokan and stuff. Dulu really out of character. ” “Hmm, I wonder if she knew who the killer was,” Kunagisa kata. Indeed, that was a possibility.She was Sonoyama Akane of the ER3 system's Seven Fools.Even without conducting an investigation, if she had a hunch about who the killer was, it was pretty much sure to be right. “By the way, Hikari-san.I was just talking with Terukosan—” “What?” She was even more shocked than before, as if I'd just made some ungodly remark.No, not shocked, exactly. Saya t was more like she was thinking, “Why would you tell me such a blatant lie?” “Y-you mean… Teruko talked?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 2 Ya.I was pretty surprised, too, but the real problem was what she said. ” I explained to Hikari-san and Kunagisa what Teruko-san had told me.Of course I cut out the latter half.I was never one to go around boasting about my own faults. “So what does it mean, Hikari-san? How much of it was true?” Hikari-san wore a completely perplexed expression as she muddled out a vague response.“Um,” she muttered.“Um, well, um…” “Akari-san was ranting about something strange this morning as well.'I'm so tired of this' or something like that. What was she talking about?” She was still stumbling over a response.At last, she looked up at me, seeming to have made up her mind.But still, her eyes darted back and forth as she deliberated for another moment.Finally, she opened her mouth. “It's all true. ” Hah. Admittedly, that was not the answer I expected. This time it was my turn to be speechless.It was all true? Hah? Apa yang baru saja dia katakan? “I'll talk because it's come to this, and because I choose to trust you.And because I owe you.” Hikari-san fell silent once again, and then, looking more lost than ever, finally continued. “Yes, my mistress is technically a criminal.We serve her in full awareness of

that. ” “And that's why you won't call the police?” “We just work for her.We don't do anything else. Pernah since coming to this island, various things have happened. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 3 That's how we eventually met Aikawa-san, who you've been hearing about. ” Various things? What various things? The incident on this island. Come to think of it… Come to think of it, the other night… “Hey, Tomo. ” “Yeah, Ii-chan?” “I seem to recall you saying something the other night along the lines of 'I'm interested in the incident that happened on this island,' but is this just another figment of my awesome memory?” Tidak. ” “Then you knew?” “Yup,” she nodded with a giggle.“It's pretty well-known info.Lots of people know, but nobody ever talks about it. Tidak a lot of people are looking to make enemies with the Akagami Yayasan. ” So, Kunagisa's hobbies hadn't changed since the good old days.Maybe the passing of five years wasn't enough to alter her nature. “Actually, it was mixed in with the rest of Chii-kun's information, but I thought it might be better to keep it a secret from you, so…” Mengapa? “ 'Cuz I knew you'd make that face. ” Aha. Come on… I was drained. Pallidly, falteringly, painfully, Hikari-san continued. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 4 “Once we started planning this 'salon,' my mistress was able to calm down a bit, but… I can understand Akari's feelings of frustration.But you know, this is our job. ” A job, huh? If she really meant that, it was quite a statement.I was honestly impressed.I respected any person who lived solely to fulfill their role, regardless of what that role was.It was something I could never do. So Hikari-san, too, was truly immersed in the deepest depths of her abyss. “Huh, so that's the deal, huh?” But what did that mean? If the killer knew all this and knew Iria-san couldn't call the police, then… Then the remarkable boldness, audaciousness, and fearlessness of his or her actions all suddenly made sense. “Okay, Hikari-san, well…” Just as I was about to ask for the details of this famous island incident, there came a knock at the door. It was Yayoi-san. “I have to go to the bathroom.” That's what Yayoi-san had told Maki-san and Shinya-san in the middle of lunch before breaking off from her team and coming here.It was a pretty typical and hackneyed lie, and Maki-san could read minds anyway, and even under-the-weather Shinya-san probably could've seen through it, but one look at Yayoi-san's sickly blue expression, and they probably wouldn't have called her a liar if she said a pack of devils were on their way to the island on

turtleback. She sat down on the sofa and said nothing. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 5 She seemed strangely wary of Hikari-san's presence. Mungkin she, too, thought Hikari-san was the killer.It wasn't such an unexpected assumption, to be honest. “Can we assume you came here because you wanted to tell us something, Yayoi-san?” It didn't look like this was going anywhere on its own, so I went ahead and asked. “Yes,” she nodded weakly. “Um, you two are doing some investigating, right?” “Well, that's the plan.It's become a personal matter at this point, after all,” I said, looking at the computer parts in the corner of the room. Bagaimana dengan itu? “Well, if you're investigating, I suppose the facts need to be accurate, right?” “Yeah, well, naturally. ” “If you proceeded from here with inaccurate information, there could be a third incident, right?” “Fourth. ” “That's right, Yayoi-san.” We ignored Kunagisa's protest. “That's the situation.Um, Yayoi-san, I don't really understand what it is you're trying to say.It looks like you came here to help us, but am I wrong? Did you come here because you don't like being on a team with Shinya-san and Maki-san?” “No, that's not it,” she mumbled.“It's just… I— I told a lie I can't take back. ” “A lie?” Iya nih.That night… I really was with Iria-san talking. Dulu only up until the earthquake, but that much is an honest fact,” dia berkata.“But Handa-san… Handa-san wasn't there. ” Hikari-san's face went stiff. Rei-san—Handa Rei. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 6 It was suddenly clear why Yayoi-san seemed so nervous around Hikari-san and why she had seemed so unnaturally detached since the other day, staying holed up in her room all the time. The ice was melting. The other morning during the alibi check, Iria-san had said herself that she, Yayoi-san, and Rei-san were together. Everyone else was questioned one by one, but when Yayoisan's turn came, Iria-san spoke for her.I had thought this was simply because they had been together, but it seemed that wasn't why after all. Iria-san… Akagami Iria was covering for Handa Rei. Yayoi-san slumped down with her shoulders drooped. Saya t was like she had been relieved of a terrible burden or freed of a curse. Mengapa? Why had she kept silent about such an important detail up until now? It was a question I was in no position to ask. Ini was Iria-san's island and Iria-san's mansion, and it was Iria-san who had invited Yayoi-san here, and she was, after all, Akagami Iria.If Iria-san said, “I was with Yayoi-san and Reisan,” who could argue? Who could just call her a liar? Like anyone could

say that. “I didn't think it was a big deal at the time,” Yayoi-san finally said.“I just figured she was looking out for her own. But thanks to that, Akane-san became the only person without an alibi, and she was locked away and… killed. ” She was speaking like a burst dam.I sat and listened in silence.Kunagisa and Hikari-san did likewise. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 7 “And then regarding last night, Iria-san said she was with Rei-san again.All night long.But who could believe that? Dia said they were discussing what to do from here on, but why would that take all night?” “Well, it's possible. ” Kurasa tidak.Just because someone lied the first time doesn't mean they lied the second time, but the chances are pretty high, right? And Hikari-san”—Yayoi-san glared over at Hikari-san—“Hikari-san is one of Iria-san's inner circle, too, but Iria-san didn't even try to cover for her, did she? Why is that? Why would she cover for Rei-san but not for Hikari-san? Isn't it because she knew there was no need to cover for Hikari-san? Isn't it, conversely, because she knew who the killer was?” “Are you saying Rei-san is the killer?” I was surprised by this.I didn't think the conversation was heading in this direction.But Yayoi-san seemed absolutely serious. “Certainly her alibi is rather dubious now—that is, if we can believe what you're saying. ” Itu kebenaran.Whether you believe me or not, it's the truth,” she said.Hikari-san looked like she had something to say, but as if having realized something, she remained silent. She chewed on her lip with a painful expression. “Let's just hold on a second here. ” If Rei-san didn't have an alibi that night, how did that change things? Maybe not all that much, but the fact that Iriasan had lied was unarguably huge. Rei-san wasn't in Iria-san's room that night.That meant they weren't together after the earthquake, either. Yang berarti… ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 8 Mmm.Hey, Yayoi-chan. ” “What is it, Kunagisa-san?” “Why do you think Rei-chan is the killer? She's the head maid.She's the confidante.She's a hotshot.She's even closer to Iria-chan than Hikari-chan and the others are.So maybe Iria-chan just covered for her out of friendship.And we really don't know if she was lying the second time, even if she was lying the first time.And if Rei-chan really was the murderer, then that means Iria-chan knew about it, right? Why would she cover for—” “What if Iria-san ordered the murder?” Gulp, someone swallowed audibly.For all I knew, it could have been me. “Aku pikir bukan itu masalahnya.Kanami-chan and Akanechan

were both invited here as guests.What's the point in bringing people over and then killing them?” “What if she invited them here to kill them?” Yayoi-san pressed on.“Iria-san invited people here.And then those people were killed.If you look at it that way, it's not so unthinkable. ” Was Iria-san using Rei-san in a plot to kill those two, as well as possibly a third, fourth, and fifth? It seemed like a highly unrealistic notion, but there was no proof against it. Ya And on that note, hadn't I just heard the proof for it from Teruko-san and Hikari-san? Handa Rei. The head maid. As Hikari-san, Akari-san, and Teruko-san's boss, she was in the closest position to Iria-san herself. Jadi bagaimana dengan itu? Apakah that the answer? Was that what it all came down to? Akagami Iria. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 6 9 Named for that great ancient Greek classic epic, Homer's Iliad, the work that told of the great war with Troy over Helen.All of the characters in that epic thought they were being manipulated by the gods. Benarkah itu? If that was the answer… As I thought, Yayoi-san continued on. “Do you know why I was called here?” “Because you're a genius, right?” She grimaced. “Well, Ibuki-san was a painter—a magnificent artist. Sonoyama-san was a scholar—fine.Maki-san is a fortuneteller—whatever. Kunagisa-san's an engineer, yes? Itu wonderful.But I'm a chef.Unless she's some kind of gourmet cuisine nut, why would she call such a person here? Bukan saya think cooking is really that special. ” I was silent.Hearing her say that, there was no possible response I could give. “And do you know why Ibuki-san and Sonoyama-san had their heads cut off?” “That's a sudden change in topic. ” “No, it's not,” Yayoi-san said with a stern expression and tone to match.“You are what you eat.It's an idea that exists in Chinese cuisine.If your liver is bad, you should eat liver. Jika your stomach is bad, eat stomachs.In other words, if part of you isn't working right, you should eat that same thing. Saya m sure you've heard of this?” “Hang on now, Yayoi-san. Ini adalah… This… This notion… “Who called Ibuki-san and Sonoyama-san to this island? Who?” Yayoi-san screamed.Her voice reverberated throughout ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 7 0 the room.The sound lingered in my ears.But I was so confused at this point I didn't even care. Hold on… hold on a minute, here.Did she mean what I thought she meant? Just wait a second.Hold the phone. Saya m begging you, just give me a little time. “Aku akan mengatakannya sekali lagi.No, I'll say it as many times as it takes.Why would the killer cut off their heads?

Why would the killer take the heads with her? Where did she take them? And who was it who invited those two women here? Who brought these renowned geniuses here? What was inside those heads the killer carried off?” If jewels are stolen from a murder scene, it probably means the killer was after the jewels.If cash is missing, he must've been after cash.Such thinking was just plain common sense. And in this case, it was the victims' heads that were missing. Yayoi-san continued.“Why was I invited here? Why was I, not an artist or a scholar or a fortune-teller or an engineer but a mere chef, invited to this island? Why have I been given special treatment and allowed to stay here indefinitely?” Her voice sounded like it was being squeezed out. It was a voice seeking rescue. She had probably been brooding over this. Dari moment she had given her false testimony.From before Sonoyama-san was killed, and indeed the half day following her death as well, Yayoi-san had probably been thinking about it nonstop. Yayoi-san turned toward Hikari-san and began her hopeless screaming once again. “What… Just what are they going to make me do?” Gulp—someone swallowed again. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 7 1 This time it was definitely me. Apakah itu mungkin? Such a notion… Wasn't the acceptance of such a notion itself unforgivable? If that was really what was going on, why now? It wasn't like this whole “salon” thing had just started.If that was Iriasan's little game, she would've done this in the past. No, the five geniuses on this island right now were all world-class, top specialists in their respective fields.Had Iriasan been waiting for this exact timing? “That's impossible!” Hikari-san shrieked.It was like she had exploded after holding it in until now.“The idea that my mistress would do such an inhuman thing, such a cruel thing now…” “Now”? I'm so tired of this. The past. Berbagai macam.So tired. Sekarang. Kenapa sekarang? I'm so tired of this. Please don't make waves. Saya sangat lelah.Tired, so tired.Even though Saya sangat lelah. But Yayoi-san didn't relent. “I've been keeping an eye on Handa-san since yesterday morning,” she said.“You know how the longer you watch someone, the more you start to notice their similarities to you, or you start to feel their humanity? Their humanness? Beberapa kind of closeness. Kamu tahu? It's like 'Oh, this person is just like me.' I felt that way with Iria-san.She's human, just like saya.She lied, but she's still a human being.But Handa-san… That woman frightens me.How could I not be afraid of a

woman like that whose whole life is an act?” “That's—” Hikari-san interrupted with her head hung. “That's… that's… that's…” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 7 2 But it seemed there was no end to that sentence. Walaupun demikian, Hikari-san tried desperately to defend her mistress. Di accordance with her duties.It was too heartbreaking—to the point that it was laughable. Saya melihat.Yayoi-san, I basically understand what you're trying to say.You're trying to say this, right?” I tried my best to force my way into their conversation, but it was hopeless.Yayoi-san continued her relentless questioning. “Akari-san and Teruko-san were on the mainland calling on a detective? Who can prove that? Who's the one who won't contact the police? Who's the one who won't let us leave this island? Maybe you were left out of the plans, Hikari-san, but where's the proof of that? They called you the prime suspect, didn't they? Where's the proof saying you aren't just a scapegoat here to shake things up? No, maybe you're in cahoots with Iria-san, here to make trouble for Kunagisa-san and—” “Please stop this.Yayoi-san, that's enough,” I said quietly. “Please stop insulting our friend.Kunagisa and I both dislike getting angry.But we're not afraid to do what we must. ” My gaze was probably fairly cold, and she shivered for a moment at the sight of it.She had the same look of uneasiness that she had when she entered the room. “I'm scared. Saya takut. Saya takut.I'm just scared. ” Ya aku mengerti itu. ” “This is a deserted island.There's nowhere to run.If this is all what I think it is, maybe I won't be killed.You weren't invited here as a genius, so you might not be killed, either. Tapi your dear friend Kunagisa-san is in danger.Not even God can guarantee that she won't be the next one to have her ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 7 3 shoulders flattened, if you know what I mean.The time for leisurely investigations has already… I mean, I think we need to do something fast.I didn't come here to hiss at Hikari-san. saya came here because Kunagisa-san is an engineer. Bisakah kamu operate a boat, by any chance? If so, let's get out of here on that cruiser and —” Tahan.” I held up my right hand.She looked up at me with a confused expression.Hikari-san eyed me curiously as yah.Only Kunagisa remained staring off into space, a somewhat irritated expression on her face.I was probably making the same face. Um, where was I? Why did I interrupt Yayoi-san? Oh benar “Please say that again. ” Hah? “That thing you said. Katakan lagi. ” Yayoi-san tilted her head at me a bit. “If so, let's get out of here on that cruiser

—” Tidak. ” “Can you operate a boat, by any chance?” “No, not that, either. ” “Uh, I didn't come here to… yada yada yada?” Tidak. Tidak.Something grabbed me, but that wasn't it. Before that. ” “I don't remember. ” “Well remember.What did you say before that?” “We need to do something fast… The time for leisurely investigations has—” Tidak.We already understand that.We need to do something fast? That's practically a catchphrase.I don't care about the ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 7 4 stuff we already know.I think it was a little before you said itu ” “That's all I got.That's as far as I can recall. ” “Tomo!” I looked over at Kunagisa.“You remember, right?” “Yup,” she nodded. She slashed her hand across the front of her neck. “I'm gonna get my shoulders flattened. ” Bingo. ” Iya nih. Itu It had grabbed me.Was that because it suggested something I'd rather not imagine? Nope.It wasn't nearly something that trite.It was something totally, completely berbeda. Now this, this was the key.The Rosetta Stone. Um. “Silence please. Saya berpikir.I think I'm on the right track. Pastinya.It's simpler than the geography of Kyoto or Sapporo.We have a hypothesis and conclusion now, so all that's left to do is prove it. ” Saya pikir. Kunagisa thought, too. All the ingredients were probably there.I could sense it. Or we already had all the ingredients a while ago.They were all lined up in front of my face, to the point that it wouldn't have been strange if I had realized the truth as soon as Kunagisa's computers were smashed.The smashed computers weren't the key after all, they were another ingredient. And now I had the key.This time, I had it. And just as any door will open once you've obtained the key, so, too, would I soon arrive at a solution.It was like a zero-sum game.Like a simple maze with a watertight winning ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 7 5 strategy.Kunagisa probably had it, too.The mountain of sand was almost complete. “Now this really is nonsense. ” And after a while… “Is this it?” I muttered. But this was… “No way… this can't be right. ” This couldn't be right.Like this could possibly be it. Apa logic was this? But there were no contradictions, it was all consistent, it all made sense—it was complete.There was no other possibility kiri.It didn't look like there was any more sand to pile up, either. Something felt uneasy.Something was strange.No matter how many mental checks I did, I couldn't feel satisfied about it, like the final question on an exam.I definitely wasn't wrong, but something felt off nonetheless.It was that kind of feeling.I couldn't

shake it. What was it… this vague, sickly feeling? “What do you think, Tomo?” “Mmm,” she moaned. “There's no 'what do you think' about it.There's only one possible train of thought.So that's why the fingers seemed strange, huh? But this means…” It seemed Kunagisa had the same sense of anxiety.Yayoisan and Hikari-san stared at the two of us like we were from Mars.Venus, maybe.I guess that's a trivial matter either way. “I guess that's the only possibility, huh?” Kunagisa was first to fall before the reality of the situation.“I can't think of anything else.It must be the only possibility. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 2 7 6 Ya.If there's only one possibility, it's got to be the right one, no matter how unbelievable it seems. ” It looked as if we had to rely on selective thinking in the akhir.If Akane-san heard about it she surely would have gotten angry, but we no longer had to worry about that. Setidaknya insofar as this was in fact a case of serial murder committed by a person, there was only this one possibility.One possibility with one hundred percent odds. Baik. Time to just accept it. I didn't like it at all, but this was reality, this was the truth. And those were just my nonsense-ridden sentiments anyway. “Looks like we've reached an agreement, Ii-chan,” Kunagisa kata. Jadi bagaimana sekarang? “What now, indeed.Hmm, this place is a little too big.” I continued my pondering.I was more cut out for something like this than Kunagisa was.I may not have been any good at actual shogi, but if this, too, was a sort of shogi problem, I had it down. “Now then, Yayoi-san, Hikari-san, could I ask for a little bit of your cooperation?” “Huh?” The lovely duo let out a collective question mark. I rose to my feet.“The top of the inning is finally over. We're down by a lot of points, but it's not a called game yet. This is where we get that third out and launch our attack in the bottom of the inning. ” “Yayoi-chan on first.Hikari-chan in center field.Yours truly as catcher and Ii-chan as pitcher. ” Boing, Kunagisa jumped up off the bed and flashed a smile bright as the blue sky. “Launching counterattack. ”

ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 7 8 Akhiri saja. Ngomong-ngomong. Di Rusia, “bulu basah gagak” konon artinya “Puncak keputusasaan. Mengingat itu, Anda bisa secara romantis menggambarkan pulau ini sebagai tujuan akhir bagi mereka di Indonesia keputusasaan. Seperti kebalikan dari kasih sayang bukan

kebencian, tapi ketidakpedulian, lawan dari harapan bukanlah keputusasaan. Tentunya kebalikan dari keputusasaan adalah penerimaan apatis dari semua hal. Bahwa apatisme semata-mata dicampur dengan keyakinan absolut yang memungkinkan Anda menyetujui semua hal, mengatakan, “Ya, tidak apa-apa” —yaitu kebalikan dari harapan. Semuanya ada di sini, jadi apa lagi yang bisa saya butuhkan? Sikap apatis yang saya rasakan jauh di atas batas normalitas. Itu tujuan pepatah dari semua emosi seseorang. Ranah yang tidak mengganggu di seberang danau itu kita semua melihat pada titik tertentu dengan mata yang kagum dengan iri hati. Domain itu di sisi lain tabu, terhubung dengan tanda besar sama dengan kenyataan. Untuk mencapai domain tersebut, Anda harus melakukan banyak pengorbanan. Terlebih lagi, itu adalah tiket satu arah tanpa jaminan. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 7 9 Namun, bahkan kemudian, ada orang yang mencapainya—apakah karena kesalahan, atau melalui pengetahuan. Ibuki Kanami, Sonoyama Akane, Sashirono Yayoi, Himena Maki, Akagami Iria, Chiga Akari, Chiga Hikari, Chiga Teruko, Handa Rei. Dan Kunagisa Tomo. Ini semua mungkin tumpukan tua besar mumbojumbo konyol. Tidak ada yang membosankan, omong kosong tidak berharga. Dan itu Kelanjutan dari omong kosong ini tidak bermanfaat. Sungguh sekarang, badut macam apa aku? Apakah kamu sudah menemukan sesuatu? Pertemuan makan malam kelima. Teruko-san memiliki tugas pribadinya, jadi dia kursi kosong, tetapi sembilan dari kita semua berkumpul bersama. Sembilan orang. Sampai sehari sebelum kemarin, baru saja dua hari yang lalu, ada dua belas dari kita yang mengelilingi babak ini meja. “Apakah saya harus bertanya lagi? Kunagisa-san, kalian semua masih melakukan investigasi, benar? Nah, sudahkah Anda membayangkannya? ada yang keluar? ”tanya Iria-san. Dia tampak bersenang-senang. Saya yakin dia adalah. Tentu saja itu menyenangkan. Karena dia mungkin telah menciptakan seluruh dunia dalam dirinya kepala. Karena pulau ini, Pulau Bulu Gagak Basah ini, adalah, dalam dirinya sendiri, seluruh dunianya. Haruskah aku bertanya lagi? Kami sama sekali tidak tahu apa-apa, jawab saya. “Jadi bagaimana dengan itu? Apakah ada masalah? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 8 0 Oh tidak. Saya hanya berpikir, saya kira tidak ada yang bisa kita lakukan lakukan tanpa spesialis, kata Iria-san dengan jelas bunga. “Yah, kurasa yang terbaik adalah melanjutkan beroperasi dalam tim seperti ini selama tiga hari ke depan. ” Tiga hari? Kata

Shinya-san. Aku harus mengatakan, sepertinya begitu mengharapkan sedikit dari orang ini. Jenis apa orang apakah Aikawa-san ini? Bagaimana Anda bertemu? Itu masalah pribadi, Iria-san menyeringai. Tapi aku akan mengatakannya Anda orang macam apa. Hmm, apa yang harus saya katakan? Aikawasan adalah orang yang sangat menakutkan. Nah, itulah yang Anda inginkan harapkan dari kontraktor paling kuat di dunia. Tetapi juga sangat cerdas. Saya yakin kasus ini akan diselesaikan dalam no waktu Hehehe, aku benar-benar tidak sabar. ” Detektif, ya? Menyelesaikan kasus sebelum detektif utama bahkan sampai di sini mungkin mendiskualifikasi saya sebagai karakter pendukung, saya pikir. Tetapi hidup saya juga dipertaruhkan di sini, dan ada beragam keadaan yang rumit. Saya tidak bisa hanya duduk dan menunggu agar karakter utama muncul. Itu salahnya sendiri terlambat. Kekekeke, Maki-san mencibir di sampingku. Sepertinya dia juga bersenang-senang. saya tidak tahu apakah dia membaca pikiranku atau menonton seluruh lelucon. Tentunya itu setidaknya salah satu dari itu, tapi itu mungkin bukan satu-satunya alasan dia tertawa. Sungguh, siapa wanita ini yang mampu melanjutkan tertawa bahkan setelah mengetahui segalanya di seluruh dunia? Dia mungkin layak dihormati. Namun, saya menghindari mata kontak. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 8 1 Aku diberitahu Aikawa-san akan berada di sini pada sore tiga paling lambat hari dari sekarang. Setelah itu, saya yakin semuanya akan segera— Saat Iria-san menguraikan detektifnya ini, dia tahu terganggu oleh suara sendok garpu dan pot terbalik membenturkan bersama, disertai pekikan. Cukup! Itu Yayoi-san. Bangkit dari kursinya, Yayoi-san menggunakan lengan kanannya untuk mendorong dari meja semua makanan yang dia sendiri buat. Dia kemudian mulai mengambil taplak meja yang sekarang kotor dan menariknya, menyebabkan semua piring jatuh dari meja dan pecah Suara berisik yang memekakkan telinga bergema di seluruh ruang makan. Cukup ini! Dia memukul-mukul tangannya di atas meja. Sashirono-san. Dalam upaya untuk menenangkannya, Hikari-san bangkit darinya duduk juga dan mendekatinya, tapi Yayoi-san memberinya dorongan kekerasan. “Ada apa ini? Beri aku istirahat! Saya ingin keluar dari lelucon ini! Detektif? Kamar tertutup? Mayat dipenggal? Ini bukan beberapa novel misteri. Apakah kamu tidak menyadari orang sedang terbunuh? Kenapa kamu makan selama ini diskusi? Kepala mereka terpotong! Jangan makan makanan saya sementara Anda

berbicara tentang hal seperti itu! Anda semua pasti gila jika Anda bisa tetap tenang tentang semua ini! Kenapa kamu tidak peduli bahwa orang terbunuh? Anda semua menjijikkan! Sejak kapan tidak apa-apa membunuh orang di negara ini? Sashirono-san.kata Hikari-san dari lantai. Silahkan tenang. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 8 2 Kamu pembunuhnya! Yayoi-san berteriak lebih keras lagi. Nya jelas! Kita sudah tahu itu! Anda adalah satu-satunya dengan a kunci ke ruang penyimpanan itu, dan Anda mengunjungi Sonoyama-san kamar di tengah malam, bukan? Saat itulah kamu bunuh dia! Dan kamu pasti sudah membunuh Ibuki-san juga! ” Kamu tidak punya bukti. Anda seharusnya tidak mengatakan hal-hal seperti itu tanpa bukti, Yayoi-san. “Saya mencoba yang terbaik untuk tetap tenang seperti saya menegurnya. Tidak ada bukti bahwa Hikari-san adalah pembunuh ” Bukti? Saya tidak peduli dengan bukti! ” “Tapi tidak ada alasan Hikari-san akan melakukan itu benda. ” “Bukannya kamu bisa berharap untuk mengerti bagaimana seorang maniak pikiran bekerja! Dia mungkin akan menggunakannya dalam beberapa jenis upacara! Untuk memanggil Dewa! Tidak lagi, tidak lagi, tidak lagi ! Mengapa apakah kamu mencoba mendekati aku? Anda pikir Anda akan mengambil kepala selanjutnya? Tak pernah! Yayoi-san, harap tenang. ” “Aku sangat tenang! Saya baik-baik saja! Kalian semua orang gila! Anda semua gila! Anda semua menjijikkan! Tenangkan dirimu! Aku tidak tahan kamu! Aku bahkan tidak bisa bicara denganmu! Bahasa apa itu Anda semua berbicara? Detektif? Kamar tertutup? Kepala terputus? Bahasa apa itu? Apakah saya satu-satunya dari Bumi sini? Jika itu masalahnya maka saya akan pergi sekarang. Bukan saya ingin berada di pulau maniak ini lagi. Saya tidak mau bicara untuk kalian semua! ” Bam! Dia membanting meja sekali lagi. “Aku tidak mempercayai kalian! Mulai sekarang, aku tinggal di rumahku kamar. Saya membarikade diri saya. Hubungi saya ketika Anda siap kirim saya kembali ke daratan! Kalau tidak, tinggalkan aku sendirian! Jangan mendekatiku! ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 8 3 Dengan mengatakan itu. Yayoi-san bergegas menuju tempat makan pintu keluar kamar. Sashirono-san, panggil Hikari-san sekali lagi, tetapi Yayoisan bahkan tidak melihat ke belakang, dan akhirnya dia pergi pandangan. Kesunyian singkat dan canggung. Ya ampun, kata Iria-san akhirnya dengan bahu merosot. “Dan di sini saya pikir dia sangat sopan. Benar-benar pemarah. ” Dia melanjutkan. Oh, bagaimana sekarang? Dia menghela nafas.

Aikawa-san akan kesulitan untuk datang ke sini, saya tidak bisa hanya mengirim satu rumah tersangka. Hikari, ini adalah tanggung jawabmu; lakukanlah sesuatu untuk meyakinkannya. ” Ya, Bu, kata Hikari-san dengan kepala tertunduk. Dimengerti, nyonyaku. ” “Ohhh, makan malam semuanya hancur. Akari, maukah kamu bergegas dan membuat kita sesuatu? Sekarang ke mana perginya Teruko pada saat seperti itu ini? Memang, makan malam hancur seperti yang dikatakan Iria-san, tapi itu a pengorbanan yang diperlukan. Itu bukan uang saya, dan tentu saja Anda seharusnya tidak membuang-buang makanan, tapi bukan aku yang melakukannya pokoknya. Itu Yayoi-san, orang yang membuat makanan posisi pertama. Kunagisa menatap piring yang jatuh, hancur dengan tampilan keputusasaan. Bukan makanan, tapi piring. Mungkin dia memikirkan komputernya yang hancur, yang sama teduh putih. Hei, penangkap. ” Mmm? Kunagisa menatapku. Apa, Ii-chan? “Lebih baik aku pergi. Aku akan menyerahkan ini padamu. ” Gotcha, dia mengangguk. Aku bangkit dari tempat dudukku dan menuju ke pintu. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 8 4 Aku bisa mendengar suara kesulitan muncul di belakangku. saya Dia berbalik dan mendapati Kunagisa telah memanjat meja dan melompat Shinya-san. Itu memang pemandangan yang agak membuat iri untukku, tapi untuk sekarang, aku harus melepaskannya. Lagipula, aku tidak bisa membawa Kunagisa bersamaku. Berlari menyusuri lorong dengan satu mata tertutup, aku memanjat tangga dan akhirnya melihat Yayoi-san di kamarnya. Dia bersandar di dinding, ekspresi kosong di wajahnya. Dia menatapku. Ah, desahnya lega. Bagaimana apakah saya? “Kamu memberikan penampilan bintang. ” Kinerja, ya? Itu lebih dari setengah benar, sungguh, ”dia ucapnya sambil terus berjalan bersamaku. “Tapi apakah itu benar? Aku s orang itu benar-benar pembunuhnya? Kau memeriksanya sendiri, kan? Ya, baunya benar, tapi.aku tidak punya banyak iman pada indera penciuman saya. Lagipula aku bukan anjing. ” “Tapi kamu seperti satu. ” “Itu bukan pujian, kau tahu. ” Ya saya tahu. Kanami-san pernah memberitahuku sesuatu yang serupa. Itu bukan pujian jika Anda berkata, “Anda seperti ini dan itu. ” Nah, wanita apa yang tidak akan tersinggung setelah menjadi dibandingkan dengan anjing? Saya meminta maaf dengan polos. Kami telah tiba di pintu kamar Yayoi-san. Jadi, apa yang kita lakukan dari sini? Yayoi-san, tolong kembali ke ruang makan. Nya berbahaya disini. ” Lalu mengapa

kamu melakukannya? Tanyanya, keluar begitu saja kecurigaan. “Aku merasa harus ada cara lain. Ini hanya spekulasi saya, tapi rasanya Anda sengaja memilih opsi yang paling berbahaya. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 8 5 “Di dunia ini ada orang yang mati karena makan juga banyak dan orang yang mati karena kelaparan, dan yang pertama adalah jauh lebih umum. Tapi sepertinya kau yang terakhir jenis. ” “Jangan melebih-lebihkan aku. ” “Itu bukan pujian. ” Dengan itu dia memberi saya anggukan dan perlahan-lahan menuju ke belakang cara kami datang. Berbahaya, bung.aku berbisik pada diriku sendiri. Tentu saja saya sangat menyadari hal ini. Saya memiliki pemahaman yang lengkap tentang bahaya yang saya hadapi ketika saya memutuskan untuk melakukan ini, yang saya kira benar-benar membuat saya tipe orang yang kelaparan sampai mati. Nah, itu omong kosong. Setelah persiapan mental yang singkat, saya perlahan, dengan lembut membuka pintu ke kamar Yayoi-san. Gelap di dalam. Tidak dapat melihat banyak hal, saya mengambil langkah dalam. Swoosh. Suara irisan udara. Saya melakukan roll ke depan dan meluncur ke kamar. Lalu aku bangkit satu lutut dan membuka mata yang telah ditutup. Lewat sini saya bisa melihat bagian dalam ruangan setidaknya sedikit. Seseorang menutup pintu di belakangku. Saya bisa melihat wajahnya jelas, dan pada saat itu mengetahui bahwa hipotesis saya miliki sudah benar. Lawanku sedikit terkejut, tapi hanya memegangnya sebentar sebelum mengacungkan kapak — a kapak! —pada saya. Diam. Penyerang saya tidak mengatakan sepatah kata pun. Dengan napas dalam-dalam, aku bangkit berdiri. Sudah cukup beberapa waktu sejak saya melakukan akrobat. Bukan itu yang saya miliki ZAREGOTO: SIKLUS KUBIKIRI ■■■ 286 telah buruk dalam hal itu, hanya saja keterampilan saya pasti tumpul di beberapa bulan sejak kembali ke Jepang. Seolah menyadari kebutuhan mendesak untuk menyelesaikan ini, saya Penyerang bergerak terlebih dahulu, bergerak ke arahku. Dengan Kunagisa menahan Shinya-san, seseorang akhirnya akan datang dan menyelamatkan saya selama saya bisa membeli waktu. Tidak ada harus melakukan serangan. Sebenarnya, saya ingin keluar dari sana di sana, tetapi penyerang saya berdiri di antara saya dan pintu, jadi mungkin itu akan menjadi tantangan. Untuk saat ini, saya hanya harus fokus pada menghindari serangan. Semacam ini pemikiran pasif membuat saya menulis semuanya, tetapi itu tidak baik. Dalam memfokuskan pandangan saya sepenuhnya pada kapak penyerang saya, saya

benar-benar diabaikan untuk memperhatikan kakiku. Penyerang saya memalsukan dengan kapak, kemudian datang pada saya sapuan kaki. Itu membuat koneksi yang mulia. Tidak dapat memutar kembali ke kakiku, punggungku malah menabrak karpet. Saya Penyerang melanjutkan untuk me-mount saya dan menurunkan bahu saya. Itu semua terjadi dalam sekejap. Pertandingan pada dasarnya berakhir. Mungkin aku seharusnya menghabiskan pagi-pagi itu berlari maraton bukannya hanya berjalan berjalan. Atau mungkin saya harus terus pergi ke dojo bahkan ketika saya kembali ke Jepang. Ah.ahhh. Ah, sejujurnya, itu tidak terlalu berarti Perbedaan apakah saya terbunuh atau tidak. Pada titik ini, Kunagisa mungkin sudah menjelaskan semuanya kepada yang lain, dan Yayoi-san sudah kembali ke ruang makan juga. Either way, tidak ada kemungkinan penyerang saya akan melarikan diri. saya telah kehilangan pertandingan, tetapi turnamen itu milik kita. Jadi ini baik-baik saja. Nah, kapak itu. Gunakan kapak. Mati. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 8 7 Suara penyerang saya yang dingin dan familier. Saya menyadari saya punya benar-benar menyerah. Apa sensasi ini? Mengapa? Mengapa Apakah saya bahkan rela menyerahkan hidup saya sendiri? Saya tidak ingin hidup? Bukannya aku ingin mati, tetapi aku tidak ingin hidup, antara. Hidup adalah masalah besar, tetapi saya tidak langsung mengerti ide itu kematian secara khusus. Apakah tidak ada yang penting bagi saya? Tidak ada yang saya inginkan? Tidak ada yang ingin saya lindungi? Apakah itu sebabnya saya sudah siap menyerah? Tidak. ” Tidak. Itu karena bahkan jika saya mati di sini, tidak ada yang akan terganggu. Kunagisa tidak akan terganggu. Maki-san. Tahukah Anda bahwa ini akan datang? Kalau begitu, kurasa aku bersyukur bahwa Anda tidak memberi tahu saya tentang itu. Saya sekarang tahu itu alasan Maki-san, yang tahu semua, tidak mengatakan apa-apa. Mati kau tepatnya kapan Anda harus, meskipun saya tidak cukup dalam bingkai itu pikiran belum. Memang. Seperti yang dikatakan Teruko-san, aku harus mati saja. Serius. Hei… Tapi kapak itu tidak jatuh. Itu dinaikkan ke atas di udara, dan kemudian berhenti. Mendongak dalam kebingungan, aku tidak melihat ekspresi mengejek, melainkan meringis seperti penyerang saya berjuang dan berjuang untuk menurunkan kapak. Kamu tidak menutup mata, kan? Ada orang lain! Itu bukan suara orang di atas saya. Saya tidak bisa melihat dari mana saya berada, tetapi ini orang ketiga pasti telah meraih kapak itu ketika sedang

naik udara dan menolak untuk melepaskannya. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 8 8 Siapa itu? Apakah Yayoi-san datang untuk menyelamatkan saya? Pernah Kunagisa mengikutiku ke sini? Tapi tak satu pun dari keduanya ini yang tampak kemungkinan yang layak. Orang ketiga merenggut kapak ke atas dan ke dalam instan yang sama menghasilkan tendangan rendah yang indah dan sangat mulia sisi penyerang saya sekarang benar-benar terbuka. Tidak dapat mengambil pukulan, penyerang saya berguling dan menabrak terdekat sofa Namun, dalam sekejap, penyerang kembali pada dua kaki dan tatap muka dengan orang ketiga. Dalam satu gerakan, saya menjadi penonton biasa. Pada titik ini, untuk beberapa alasan, orang ketiga membuang kapak. Dan di sini ada kesempatan emas untuk itu Gunakan. Mungkinkah ini isyarat sportif? Di a waktu seperti ini? Tidak seperti ketika melawan saya, kali ini penyerang saya berusaha tidak ada lompatan sembrono. Tetapi ada batas waktu di sini. Jika ini tidak diselesaikan dengan cepat, ada kemungkinan Kunagisa akan melakukannya selesai menjelaskan semuanya dan bawa yang lain ke sini. Tetapi orang ketiga ini tidak mengulangi kesalahan saya. Bam, datang suara kaki menghantam lantai saat orang ketiga melompat menuju penyerang saya, yang mencakup sebanyak enam kaki dalam satu melangkah. Dalam gerakan gaya kenpo Jepang, orang ketiga digunakan momentum dari lompatan untuk memberikan pukulan lurus. Alih-alih menghindari ke belakang atau ke samping, penyerang saya sebagai gantinya berkerut secara diagonal, keduanya menghindari pukulan dan mendekat pada orang ketiga pada saat yang sama. Penyerang saya saat itu meraih orang ketiga di tenggorokan, tetapi orang ketiga menyampaikan pukulan lurus lainnya tanpa berusaha menghindar kopling penyerang saya. Penyerang saya, masih dalam mode ofensif, adalah tidak bisa mengelak. Pukulan terhubung langsung dengan hati. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 289 Hah… Penyerang saya mengerang tetapi menolak untuk melepaskan yang ketiga tenggorokan seseorang. Kemudian, hampir tanpa susah payah, penyerang saya meluncur melewati sisi orang ketiga dan mengirim tendangan ke betis. Orang ketiga tersandung. Tampaknya penyerang saya bermaksud menggunakan kesempatan ini untuk Membanting orang ketiga ke lantai. Menonton dari sela-sela, bahkan saya pikir ini adalah akhirnya. Tapi itu tidak berakhir. Orang ketiga menggunakan lengan penyerang saya sebagai poros poros dan berayun sambil bergeser di udara, menyebabkan mereka

berdua jatuh lantai bersama dengan lengan penyerang saya di kunci. Itu merupakan teknik judo offense-through-defense. Instan lain. Yang mengejutkan membosankan, hampir anti Suara patah tulang menggema menembus ruangan gelap. Itu orang ketiga melepaskan lengan dan berdiri. Penyerang saya mengikuti dan mulai berdiri juga, tetapi sebelum berhasil untuk bangkit, mengambil tendangan tanpa ampun ke yang sudah lengan yang tampaknya patah. Penyerang saya terbang di udara dan di atas sofa. Lalu terdengar suara kaca pecah meja. Dan penyerangku jatuh kembali ke sofa. Fiuh. Orang ketiga menghembuskan napas panjang dengan sangat tenang. Kami punya pemenang. Aku benar-benar terdiam. Akhirnya, orang ketiga menghadap saya. Dan kemudian, tanpa itu sama seperti seringai, berkata, “Ketika kamu akan mati, aku pikir kamu harus menutup mata Anda. ” Bukankah kamu mengatakan orang-orang seperti aku harus mati? Aku bergumam samar-samar. Oh itu. Dia memiringkan kepalanya. Itu bohong. ” Kata Teruko-san. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 0 Perlahan menggelengkan kepalaku, aku mengulurkan tanganku padanya. saya mengira kemungkinannya sekitar lima puluh lima puluh, tapi dia meraihku tangan dan menarikku berdiri. Apa yang kamu lakukan di sini? Tak ada alasan. Itu tidak bisa dihindari. ” Apa yang kamu bicarakan? Jangan khawatir tentang itu. Itu hanya omong kosong. ” Sekarang. Itu kalimat saya. Mendesah. Terima kasih. ” Setelah menarik saya kembali, dia melepaskan tangan saya dan menatapku dengan mata yang tidak fokus. “Tidak perlu berterima kasih padaku. Lebih penting… Jeda singkat. “Ada sesuatu yang mengganggguku. ” Apa? Ini adalah pernyataan yang cukup berat untuk dibuat. Siapa dia? akan katakan? Aku bahkan tidak bisa membayangkan. Gelap. Mataku benar-benar menyesuaikan diri dengan kegelapan, tetapi bahkan tetap saja, aku tidak bisa membaca ekspresi Teruko-san. Sama seperti hatiku sendiri. Sama seperti hati orang lain. Pertanyaanmu mulai sore ini, katanya, dengan itu nada pucat yang sama dan pandangan dingin yang sama. Aku tahu kamu berbicara metaforis.apakah Anda berbicara tentang Kunagisa-san atau dirimu sendiri? Anak itu terkunci di ruang bawah tanah. Kehilangan komunikasi dengan orang lain selama sepuluh tahun. Ah… ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 1 Sekali lagi, aku mengulurkan tangan untuk menyentuh tangan Teruko-san tidak ada alasan sama sekali. Untuk sesaat, jari-jari kami bersentuhan. Dan kemudian, dalam hal itu saat perpisahan.

Suara yang menghancurkan gendang telinga. Perasaan gelombang kejut berlari ke seluruh tubuhku. Tubuh Teruko-san merosot ke saya. Seperti bobot mati. Aku memeganginya saat dia meletakkan seluruh berat tubuhnya padaku. Tapi tidak ada waktu untuk berdiri di sana dan menikmati sentuhan hangat tubuhnya yang diharapkan ringan. Mataku masih terpaku pada sofa. Atau, untuk lebih spesifik. Untuk wanita yang duduk di sana memegang pistol. Duduk di sana, benar-benar menyendiri. Mataku terpaku padanya. Itu adalah pistol hitam, relatif model yang populer. Saya bahkan pernah melihat beberapa di luar negeri. Saya yakin tidak berharap untuk melihat satu di negara ini, meskipun. Dia punya Glock? Kenapa dia tidak menggunakan pistol sampai sekarang jelas. Tidak Betapapun besarnya rumah ini, tidak cukup besar untuk berhenti suara tembakan dari mencapai setiap sudutnya. Di dengan kata lain, ini mungkin kartu as terakhir di lengan bajunya. Saya t adalah langkah ilegal, metode terlarang mutlak. Dalam hal ini… Dalam hal ini hari itu adalah milikku. Saya masih memiliki kartu as saya mungkin saya telah membiarkan waktu untuk menggunakannya menyelinap pergi. Dan kesimpulannya berlanjut. Resolusi untuk adegan terakhir. Suara. Suara lemah. Dan kemudian, laras senapan berputar ke arahku. Dia mengatakan sesuatu yang tidak bisa kudengar, telingaku masih berdering dari ledakan pistol. Gendang telinga saya mungkin baik-baik saja lumpuh sejenak. Tetapi dalam situasi seperti ini, itu artinya ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 2 hal yang sama. Sepertinya dia tidak akan menunggu pendengaran saya kembali. Apa yang dia katakan? Agak mengganggu saya. Ini adalah skakmat Perpisahan. Bodoh sekali. Apa yang kamu coba lakukan? Yang kamu ingin mati di tempat seperti ini? Lagi pula, untuk apa kamu hidup? Dia mungkin mengatakan sesuatu seperti itu. Atau tidak, mungkin dia tidak mengatakan apa-apa. Apa pun itu, tidak ada makna dalam kata-kata yang tidak dapat Anda dengar. Sama seperti tidak ada arti dalam perasaan yang tidak Anda ungkapkan. Kehabisan tenaga, aku memandangnya. Di atas bahu Teruko-san. Cepat moncong pistol. Ah. ” Seperti yang saya pikirkan. Seperti yang saya pikirkan, ini adalah akhirnya. Tentu saja saya tidak percaya ada orang yang datang untuk menyelamatkan saya dari krisis ini.dan inilah yang saya harapkan terjadi Tentu saja, aku tidak bermaksud melibatkan Teruko-san, tapi selain itu, semuanya berjalan kurang lebih sesuai dengan rencana. Itu karena satu-satunya rencanaku adalah tidak

terlibat Kunagisa. Tidak ada yang penting. Sungguh, itu tidak masalah. saya apatis dan acuh tak acuh. Tidak ada masa depan. Disana ada tidak ada masa lalu. Saya lupa tentang dilahirkan sejak lama. Lupa pada kenyataan bahwa saya masih hidup. Realitas tidak lebih dari a sinonim untuk ilusi bagiku, dan itu tidak pernah merupakan antonim untuk mimpi. Pada saat ini. Tubuh Teruko-san bersandar padaku. Nyeri pergelangan kaki saya yang berdenyut. Kereta pikiranku yang lumpuh. Nilai melanggar saya. Saya etika leleh. Akhlakku runtuh. Leher Kanami-san. Leher Akane-san. Kebenaran di balik kejadian itu. Pelakunya. Pembunuh. Pembunuh. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 3 Gadis yang membelah. Tidak ada yang penting sekarang. Saya akan memaafkan semuanya. Begitu… Tarik pelatuk itu. Mohon akhiri saja. K-chink. Suara pistol memiringkan. Sebuah suara yang saya dengar jutaan kali di luar negeri. Dan akhirnya,. Di sini Ii-chan! Suara pintu terbanting terbuka. Cahaya menembus ruangan dengan keganasan sehingga mataku berhenti berfungsi sesaat. Tetapi tidak perlu untuk konfirmasi visual yang mengarahkan pistol ke saya. Bahkan dengan saya terpana gendang telinga, suaranya berhasil mencapai saya. Tetapi saya hampir tidak bisa mempercayainya. Kunagisa Tomo berdiri di sana sendirian. Konyol. Itu tidak mungkin. Saya telah meninggalkannya pada yang pertama lantai sehingga dia tidak bisa melakukan ini. Saya telah meninggalkannya di lantai pertama karena dia tidak bisa menaiki tangga sendirian. Bukan dia seharusnya bisa datang ke sini sendirian. Tapi dia memang sendirian. Dengan air mata di matanya. Dia memakai ekspresi sangat lelah. Dia terengah-engah. Mencengkeram dadanya. Dia tampak siap untuk pingsan saat, tetapi dia memaksa dirinya untuk tetap berdiri. Dan dia sendirian. Ini adalah… Tunggu sebentar di sini. Ini tidak mungkin. Seseorang harus bersama dia. Jika tidak ada yang bersamanya, itu tidak mungkin terjadi dia untuk menaiki tangga spiral itu. Mungkin satu atau dua langkah, tetapi bukan ini. Itu tidak mungkin. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 4 Apakah dia benar-benar datang jauh-jauh ke sini sendirian, terlepas dari dirinya penderitaan? Sejauh ini? Yang pasti, secara fisik itu tidak mungkin. Tapi obsesif kompulsif Gangguan bukanlah sesuatu yang bisa dianggap enteng. Mereka tidak terlalu kecil sehingga Anda bisa menaklukkan mereka tekad. Saya tahu pasti ada yang menentang diri sendiri alam bawah sadar tidak ada jalan di taman. Namun.Namun, Kunagisa telah mendengar suara tembakan. Dan

meskipun itu sangat menyakitkan, meskipun begitu menyakitkan bahwa dalam skenario yang lebih buruk dia benar-benar mungkin meninggal, dia memaksa dirinya menaiki tangga. Lupa bahkan bawa seseorang. Menekan keinginan untuk muntah. Mencengkeram hatinya sendiri. Memaksa kaki-kaki yang enggan untuk menjaga bergerak. Memukul jiwanya sendiri yang diliputi rasa takut. Dengan hati itu terlalu rapuh untuk hidup. Menahan derita yang mendalam dari neraka. Semua hanya untuk menjangkau saya. Mengesampingkan semua hal. Kunagisa. Untuk saya. Mengapa? Tekanan. Itu memilukan sampai brutal. Aku benar-benar badut.merasa seperti ini. Perasaan yang menyedihkan ini – apa nama untuk ini? Kenapa kamu… Mengapa kamu selalu, selalu.mengguncang saya? Kamu. Sungguh. Sejak dahulu kala. Tidak ada yang berubah. Fwip. Wanita itu menyingkirkan saya dari pandangannya dan dilatih kembali mereka di Kunagisa. Hei! ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 5 Apa yang sedang kamu lakukan? Anda akan menembak saya. Kenapa Anda harus mengarahkan senjata itu ke sana? Tidak ada kebutuhan seperti itu ada, sial Atau hal-hal seperti itu tidak berarti bagi Anda? Apakah hal-hal seperti kebutuhan dan kenyataan yang tidak ada di dunia yang miring itu kamu tinggal mana Cahaya. Perlahan-lahan mataku menyesuaikan diri. Miliknya mungkin melakukan hal yang sama. Namun Kunagisa, yang tidak seperti kita beradaptasi dengan gelap, bukan terang, belum bisa melihat saya fitur penyerang. Adaptasi gelap membutuhkan waktu lebih lama daripada cahaya adaptasi. Akibatnya, jika dia menembak sekarang, ada tidak mungkin Kunagisa bisa mengelak. Saya melompat. Tetapi pada saat saya berdiri, sudah terlambat. Sana tidak ada gunanya. Tidak mungkin aku bisa sampai ke Kunagisa pada waktunya. Saya tidak bisa berlari lebih cepat dari peluru. Bahkan jika saya bisa, di sana tidak akan ada gunanya. Saya tidak bisa mati begitu saja di depan Kunagisa. saya sudah terlambat. Saya terlambat, sama seperti saya bertahun-tahun yang lalu. Sama seperti semua waktu. Dalam hal ini… Tidak ada yang bisa saya lakukan— Oh. ” Sepertinya Kunagisa bisa melihatku. Tanpa genap melemparkan pandangan ke arah pistol, tanpa membiarkan penyerangku bahkan memasuki bidang penglihatannya, dia mengacungkan jari padaku dan nyengir. “Ah, terima kasih Dewa. Kamu baik-baik saja, kan Ii-chan? ” Dengan senyum itu. Dengan senyum tanpa pamrih itu. Dengan itu compang-camping, senyum lelah. Dengan Kunagisa Tomo, yang sepenuhnya

tidak menyadari keadaan. Saya adalah. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 6 Sungguh. Aku jatuh cinta padanya, kataku dalam hati. Ya. Itu adalah sesuatu yang selalu saya ketahui. Itu sangat jelas bagi saya tidak pernah ada kebutuhan untuk menuliskannya. Tidak perlu ada kata-kata di antara kami. Tentu saja, itu masalah yang sepenuhnya sadar diri. Dari seketika aku bertemu dengannya, aku telah memilih Kunagisa Tomo. Ke saat itu aku tidak peduli tentang hal lain. Saya tidak perlu begitu dicintai atau bahkan dipilih. Tolong berhenti, aku memohon pada penyerangku. Dia tetap tak bergerak untuk sementara waktu, tetapi kemudian, Hehe. Hehehe.Dia memutar pistol dan mengarahkannya ke tanah. Dia terus tertawa untuk sementara waktu. Hehehehehehe.haaaahahahaha. Sepertinya dia benar-benar memiliki bola. Tertawa seperti bernyanyi. Menyeret kakiku, aku berjalan ke Kunagisa dan meraihnya di bahu. Tubuhnya menjadi benar-benar panas. Itu sudah cukup untuk membedakan seberapa banyak dia telah berjuang untuk berhasil di sini. Saya memegang Kunagisa untuk menutupi dia, dan melatih mataku kembali ke penyerang saya. Dia kembali menatap kami. Melihat kami berpegangan satu sama lain. Yah, aku masih punya beberapa keluhan, tapi —dia membukanya mulut— “eh, dari pria sepertimu, hanya mendengar sesuatu itu jujur itu cukup baik untuk saat ini, saya kira, ”katanya. “Itu apa Lagipula, aku menunggu untuk mendengarnya, ”Sonoyama Akane kata sinis, dan melemparkan pistol ke samping. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 7 “Uwaaa, ada memar besar di sini, Ii-chan. ” Dengan kaki celana saya digulung, Kunagisa menepuk memar itu pergelangan saya. Orang jahat berambut biru ini mungkin tidak menyadari bagaimana banyak yang menepuk sakit. Hikari-san membawaku antiswelling obat, jadi saya memakainya. Rasanya semua kehangatan telah terkuras dari tubuh saya. Apakah ini kenyamanan? “Akane-chan sangat susah. Bukannya dia pernah terlihat seperti banyak dorongan, kata Kunagisa. Apa kamu tidak tahu, Iichan? Mengapa saya harus? Siapa yang bisa mengenal salah satu dari Tujuh Orang bodoh akan menjadi sangat tangguh? Ini bukan video game atau apalah. ” Dia adalah kekuatan yang harus diperhitungkan. Tidak pernah berharap dia akan sangat tangguh, dan aku tentu saja tidak menyangka dia akan menyiapkan pistol. Saya punya Jumlah sikat dengan kematian sekarang, tapi sejauh ini paling berbahaya. “Jika Teruko-san tidak datang untuk menyelamatkanku, semuanya akan

terjadi benar-benar buruk. ” Kamu harus Berhati-hati. Tubuh itu bukan milikmu sendirian, kamu tahu. ” Kata Anda, wanita. ” Sejak pertikaian, kami telah memasuki fase perawatan yang terluka, didikte oleh akal sehat sebagai yang utama perhatian. Pada saat itu, saya tidak memikirkannya, tetapi setelahnya beberapa saat, kerusakan dari sapuan kaki awal itu menjadi banyak lebih jelas, jadi saya sekarang menjalani perawatan di Kamar Kunagisa. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 8 “Kamu juga memukul balik, bukan? Apakah sakit? Kata Hikari-san. Jaga diri kamu. Akane-san ada di karate klub di sekolah menengah, kau tahu? ” Aku pikir aku pernah mendengar itu sebelumnya. “Dia bahkan berpartisipasi dalam turnamen nasional. ” Man, ajari aku hal-hal itu. “Ya, tapi rupanya dia hanya memenangkan lima pertandingan. ” “Anda hanya perlu lima pertandingan untuk memenangkan nasional turnamen. ” Adapun luka Akane-san, pertama ada yang patah kanannya lengan. Lalu ada tendangan pertama, yang ternyata patah empat tulang rusuk. Bahkan dalam fase awal pertikaian itu dia menderita luka besar, namun dia masih bisa melompat sekitar seperti itu. Itu bukan prestasi kecil. Sementara itu, Teruko-san sedang menjalani perawatan dengan Akari-san. Kulit di sekitar tenggorokannya telah tergores ketika Akane-san mencekiknya, dan ada beberapa berdarah, tetapi dia tidak menderita luka-luka penting lainnya. Di Pada saat tembakan itu, saya mengira peluru itu mengenai dia persegi di belakang, tetapi pada kenyataannya itu tidak memukulnya sama sekali. saya pikir dia jatuh ke pelukanku karena kekuatan ditembak, tetapi itu sebenarnya hasil dari dia menghindari peluru. Mungkin itu adalah reaksinya terhadap suara pistol yang dikokang. Dia seperti salah satu dari Charlie's Angels. Belum lagi, setelah itu, dia bermain mati. Sebenarnya, itu tidak benar, kata Hikari-san. Saya yakin dia hanya melindungimu. ” Melindungi saya? Memang, tergantung pada bagaimana Anda memandang itu, itu bukan tidak mungkin. Jadi, maksudmu dia benar mempertaruhkan nyawanya untukku? ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 2 9 9 “Tidak, hidupnya tidak terlalu dalam bahaya. Celemek Teruko anti peluru. ” Antipeluru? Dia bukan malaikat, dia adalah pembantu perang. apa apaan telah terjadi dengan kenyataan? Iya nih. Spectra dijahit ke pakaiannya. Tidak seperti Kevlar, Spectra dapat menahan sejumlah tembakan tanpa melemah. Dan ringan sehingga Anda tidak berkeringat. Teruko adalah Hampir tak terkalahkan dalam jarak dekat, tapi dia berhati-hati dengan

jangka panjang pertahanan. Lihat berapa lama rok di gaun celemek ini? Itu karena itu berfungsi seperti aikido hakama. ” Itu terdengar seperti lelucon yang mengerikan, tetapi sulit untuk mengatakannya pada ekspresi Hikari-san. Mungkin lebih baik membiarkannya saja pergi. “Tapi kenapa Teruko-san begitu kuat? Apakah kamu sekuat itu, juga? tanyaku. “Tidak, Teruko adalah pengawal residen nyonya kami, di a akal. Peran kami pada dasarnya berbeda. Hingga kini, Anda belum pernah melihat kami bertiga melakukan pekerjaan yang sama, miliki kamu? Kalau dipikir-pikir, sepertinya Hikari-san dan Akarisan selalu yang bekerja. Sebagai mantan peserta di program ER3, mungkin itu tidak bisa dimaafkan diperhatikan sampai sekarang. Ya, kedengarannya sangat buruk. “Tapi aku senang dia menyelamatkanmu. Saya yakin Anda memperhatikan sekarang dia bisa sangat dingin. Menyelamatkan Anda adalah satu hal, tapi mempertaruhkan nyawanya sendiri untuk melindungimu.Hampir tidak masuk akal. ” “Yeah, about that.Why did she do it?” “Well, she's a whimsical girl. ” Just like everyone else here. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 0 0 But it wasn't completely beyond my comprehension.I still didn't know for sure how Teruko-san felt, but insofar as she was still a mystery to me, I was no doubt just as much a mystery to her. Surely, she just wanted to ask about me. “That's just a bunch of nonsense, though…” Come to think of it, she had seemed abnormally strong when she grabbed my arm that afternoon, but I never would have imagined that that was some kind of foreshadowing. “It seems like your back and hips are okay.You didn't hit your head, did you? Well then, that's a wrap,” Kunagisa said, and, sticking close to me, began to massage my shoulders. Ini was Heaven. “Now then, shall we head back to the dining room?” This was Hell. Benar The noninjured guests had all been left waiting anxiously for Kunagisa and me in the dining room. Unbelievably.Terrifyingly. “Tomo, you go on alone.These injuries are way worse than Saya pikir.I don't think I can go. ” Terserah.But y'know, Ii-chan, this is your chance to look good in front of Akari-chan.If you're smooth, you might get something out of it. ” “Oh my, do you have Akari on the mind? She loves smart people, you know. ” Kunagisa and Hikari-san were happily double-teaming me with suggestions.What were they, middle school students? “Tomo, you know how much I hate stuff like that. Kamu don't need me to explain it, right? Just think something up yourself. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■

3 0 1 “Ii-chan, didn't you do this kind of thing abroad? Performances or presentations or what have you?” “Well, yeah, but they were Hell every time.They would always bitch at me, you know, like 'Quit talking around the subject' or 'You're being too vague' or 'Nobody's interested in your problems.' Ah, I know, I know.I should just do it, right? Lakukan saja. ” “Don't weasel out of this,” Kunagisa's smirk said. “Come on, you'll get in trouble.You have to be more cheerful about this.I know that's probably impossible for you, but anyway, let's get going.Tie my hair up first. ” Hah? You don't like it that way?” “It feels like my head is being pulled on.One or two tails is better after all. ” “Mmm, and here I liked it. ” “Tomo-san, would you like me to do it?” “Uh-uh,” Kunagisa shook her head. “Putting my hair up is Ii-chan's job. ” Yes'm.I redid her hair, and… …and our preparations were complete. Yah, ayo pergi. ” Slowly the gates of Hell opened.I was feeling quite heavyfooted, and it wasn't just because of my injuries. “What a buncha nonsense,” I muttered as I arrived in the dining room.Everyone besides Akane-san, whose wounds were severe, was gathered together. That of course included Shinya-san. As if he had already given up, as if a burden had been taken off his shoulders, he had a calm air about him as he watched us walk through the door.Maki-san sneered at me, ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 0 2 making me think I was about to be harassed again, but she remained silent. Lined up on the table was the remade food Yayoi-san had prepared while I was being treated.Possibly because Yayoi-san had calmed down, this time the food was remarkably fancier. Akari-san, still feeling awkward, avoided eye contact. Teruko-san had bandages wrapped around her neck. Rei-san watched over the scene in complete silence. And then there was Akagami Iria-san.She was looking at me with challenging eyes. “Well then, shall we have you begin?” Iria-san said to me as I took my seat.“What is all this?” “Allow me to explain.Sonoyama Akane-san of the ER3's Seven Fools is the killer, and Ibuki Kanami-san's caretaker, Sakaki Shinya-san over there, is her accomplice. ” Diam. Dan? Itu dia. ” “Give us thirty minutes,” she insisted.“The first thing I want you to explain is what Sonoyama-san was doing in Yayoi's room. ” Itu mudah.Yayoi-san flew out of the dining room, right? Thus, Yayoi-san was the next person to be somewhere by herself, so Akane-san used it as an opportunity to kill her. “The idea had been to have Akane-san's plan backfire, but instead things had backfired

on me and Teruko-san had saved saya.And ultimately I had had to rely on Akane-san's kindness. ” That hatchet she had brandished at me, surely it would've lopped my head off. “I'm very grateful to Teruko-san. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 0 3 “No, I don't mean that. Kamu tahu apa maksudku.Wasn't Sonoyama-san killed? In that sealed storage room? “As you saw, she's alive.” I shrugged.“Assuming she doesn't have a twin, I think we can all agree that it was Akane-san. ” “So what about that headless body in the storage room?” “Well, Akane-san is alive, so that wasn't her body. Itu just logical thinking. ” “It was someone else's corpse?” “If you see a headless body, beware of switching.It's a cardinal rule of detective novels, right? I'm sure your darling detective would say the same thing. ” Iria-san tilted her head at me as if to show that this was beyond her comprehension.“Um, just wait a second. Saya m thinking. ” She wanted a moment to contemplate things alone.I was a bit impressed by her spirit. Umm. “Well, in the meantime, might I ask something?” Shinyasan raised his hand.“I've got a question for you there. ” “I don't mind,” I nodded.I thought for sure I'd be asked when I realized the truth behind the incidents or how I figured out the killer or something like that, but Shinya-san's question was totally different from my expectations. “Is that wound on your foot okay?” Iya nih.It's made a bruise, though. ” Sangat? So it's not broken.That woman…” he snorted. “Or maybe she couldn't break it, though that's not like her… or is it?” I wasn't sure what all his whispering meant. Finally, “Nah, it's no good,” Iria-san said capitulatingly. SAYA don't get it at all.There was really a switch?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 0 4 Disana ada.Kunagisa's computers were destroyed, right? The third incident.Nobody could have done that.Literally, precisely nobody.Everybody served as everybody else's witness, so alibis and accomplices weren't even a matter of concern.We were all watching one another the whole time. Nobody could have done it.Nobody who was there, anyway. Therefore, the only person who could've done it would have been someone who wasn't there with us.That's just logical thinking. ” “I gathered that much,” Iria-san said.“You don't need to keep emphasizing that it's logical.You're kind of a smart aleck, aren't you? So whose headless body was that in the storage room? Everybody was here together.There wasn't a single person who could have been switched with Sonoyamasan's body.Isn't that strange to you?” “Well, it is strange, but…” I decided

to give her an easy-tounderstand analogy.“Do you know this quiz? Or actually, it's more like a trick or a form of fraud, but anyway…” I pulled out the alibi chart and turned it over to the back. There I drew a big rectangle, then drew nine lines through it. In other words, a ten-box chart. “What is that?” Iria-san asked.“Something to do with this?” “Please pretend these are telephone booths.Ten telephone booths.Now let's put eleven people in them. ” “Phone booths?” “Oh, I mean, they're just boxes.They could be rooms. ” “Ten rooms. ” “Yup,” I nodded. Incidentally, this was a magic trick I had picked up from a book I read while in elementary school. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 0 5 “Okay, so let's say A-kun tries to enter the first box, but a second person enters it before him.” I wrote an X in the first box.“Now for the third person.” I wrote an X in the next box. “The fourth person.” I wrote yet another X in the next box. “The fifth, sixth, seventh, and eighth people.The ninth person, and the tenth person.So now we've got ten people in boxes.But there's still one box left over.So let's stick that first guy, A-kun, in there.” I drew an X in the final box.“And so we've fit eleven people in ten boxes. Apa kau mengerti? “That's stupid,” Iria-san said.“The first person never entered the box, so it was off by one person. ” “Yes, that's correct.It's a rudimentary trick that anyone can figure out with a little thought.But if done with the right timing and skill, nobody notices. ” “Yes they do. ” “They don't.We didn't notice. ” “I don't have any idea what you're talking about. Dan ini is all off-topic.I'm asking whose body that was in the storage kamar.Everybody was gathered here.No matter how you look at it, that makes us one person short.Or are you saying there was a thirteenth person on this island? “Not possible.There were twelve people on this island. Let's assume that's a given. ” “Well then, who was it?” “As of now, there are eleven people alive on this island. Akagami Iria-san, Chiga Akari-san, Hikari-san and Teruko-san, Handa Rei-san, Himena Maki-san, Sashirono Yayoi-san, Kunagisa Tomo, Sakaki Shinya-san and Sonoyama Akane-san. Then, finally, there's me.So the answer should be clear. ” I allowed a brief pause. “It was Ibuki Kanami-san. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 0 6 “With the corpse wrapped up in a sleeping bag, it didn't get dirty even when we buried it.After we left the burial site, Shinya-san dug Kanami-san's body back up.Then, with body in tow, he headed for the storage room window. Dari outside, I mean.He knocked on the window and Akane-san opened it from the

inside.In went the body, and they made the switch.That's basically it. ” Taking a look over the crowd to see their reaction, especially Shinya-san's, I continued. “It was strange.When we went to bury Kanami-san's body, Shinya-san brought a sleeping bag along.It was a coffin. Tapi hold the phone there a second.Why would he have a sleeping bag? Maybe if this was a camping trip, but nobody would bring a sleeping bag when they've been invited to a mansion. So maybe it was already at the mansion to begin with? See, that's what I had thought.I thought Iria-san had offered it to him for the sake of the burial.Certainly in a mansion like this, a mansion that offers beds with canopies even in the guest rooms, it's a little unnatural for there to be sleeping bags lying around, but it's not impossible.So that's what I thought. Tapi the second time, when Akane-san's corpse—actually Kanamisan's corpse again—was discovered, Hikari-san brought us a stretcher.Is there some reason you would offer a sleeping bag for the first person but not for the second? Tidak mungkin. Bahkan jika there was a reason, Hikari-san would've told me.And so one assumption crumbles.There were no sleeping bags here after all.Shinya-san must have brought one himself even though this isn't camping.It's as if he knew from the start he would need something in which to bury a body.He knew that he couldn't let the body get dirty. ” “So he… recycled the body?” “Bingo, you've got it.Shinya-san and Akane-san murdered Kanami-san and from her created a new, 'phantom' corpse. That's basically it. ” “But there was blood in the storage room,” Iria-san said.“If that body was a day old, there wouldn't have been so much blood. ” “There was no way for us to determine whether or not that was Akane-san's blood.Maybe the police could have. Memang, if the police were here, this crazy incident never would have happened.But you didn't want to call the police. Understandable.Due to certain circumstances, you couldn't call them.Knowing that, Akane-san was free to assume that even if there was another incident, the police wouldn't come. The blood could have been from a blood bank or even from an animal.We'll have to ask Akane-san or Shinya-san to find out. ” But Shinya-san remained silent, refusing to answer.I let it be and continued.“In the same sense, if the police had been here, they could have told us that the body was a day old already.But we're not professionals.All we know is the difference between dead and alive.Maybe after ten days we'd be able to discern the age of the corpse, and maybe a little

faster in the summer, but this isn't the summer. Ini adalah season of blooming cherry blossoms. ” “So they changed the corpse's clothes?” Iya nih.Akane-san called Hikari-san to her room in the middle of the night just to show her what she was wearing. Kanami-san's body was already in the room at that time. Bahwa ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 0 8 room has an inward-opening door, so all she had to do was hide the body in the shadows behind it.As long as she came out to greet Hikari-san, Hikari-san wouldn't enter the room. This was likely the riskiest part of the whole ploy.If there was ever a point that proved Akane-san was going out on a limb, it was this scene.But she had to go out on a limb.As I said before, she did it so that she could make us all think Kanamisan's body was hers.Also, to narrow down the time of the murder and to give her accomplice, Shinya-san, a solid alibi. ” That night, Shinya-san was with Maki-san drinking the whole night.Maki-san had invited him, but supposing she hadn't, he probably would've invited her.Or it's even possible that he would have invited us instead of Maki-san.Of course, now that all was said and done, that was just a trivial detail. “That's also why they smashed Kunagisa's PCs.The PCs and digital camera contained images.Images of Kanami-san's corpse.If we carefully compared those images with Akanesan's corpse in the storage room, there was a chance that we would realize they were in fact the same body. ” “Actually, that's true,” Kunagisa said.“Something had been bothering me.The hands, or the fingers or something.Yeah, that's it, huh? It's not like Kanami-chan and Akane-chan have the same fingerprints. ” Dia menghela nafas.It seemed she was disappointed in herself for not noticing right off the bat.Everyone else probably thought she was joking, but I knew she probably wasn't. For crying out loud. “But why would they do such a thing?” “There are altogether too many possibilities as far as that's concerned, but in my opinion she was trying to 'erase her ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 0 9 existence.' Akane-san created a phantom 'thirteenth person' by using the same body twice, and in so doing succeeded in erasing her own existence.There are plenty of hiding places around here.It's a huge mansion, and many of the rooms aren't locked.And there's always the possibility she was outside the mansion. ” “Why would she need to erase her own existence?” “Itu sederhana.Isn't it obvious? If she became a victim, if she herself was murdered, she would no longer be under surveillance.She would be

free to move about, beyond the confines of thought and reason, like some kind of invisible woman.In which case, breaking Kunagisa's computers, for example, became a simple task.Even causing a fourth incident, such as another murder, would have been simple. But again, we won't know for sure what they had planned unless we ask Akane-san or Shinya-san. ” “We were going to kill everyone. ” This time he was gracious enough to answer. Dia berbicara with a coldness that told of his complete surrender. Dia berbicara with indifference. “Everyone on this island.But to do so, she had to remove herself.It became apparent that her ability to move around would be cut off, either by the forming of teams or by having everyone stay together in one place, so she had to remove herself from everyone. ” And once she was on the outside, she would just start picking people off one at a time, starting with the easiest prey. Shinya-san let out a weak chuckle.“And here she did such a good job of removing herself from the party.I never would've thought she wouldn't even be able to kill a single person. saya thought she'd at least get through half of you. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 0 “Shall we have you explain the rest then, Shinya-san?” “No,” he shook his head weakly.“I'll leave it all to you. That's your role here.It's your job. ” I nodded without saying anything.“Well then, I don't think I need to explain the first sealed room at this point, do I? Bahwa was just a trick to distract us.They just needed to buy time until the second incident.It might not have been specifically planned to go down that way, but rather just a coincidental product of the Law of Great Numbers.Maybe the earthquake just happened to occur and she thought of it right then.Of course she was planning the murder all along, but maybe she only decided on a specific plan once the earthquake occurred. Supposing that was the case, it was some incredibly quick thinking.You can't help but be impressed.Anyway, there was an earthquake.Then Shinya-san called.However, it wasn't Kanami-san on the other end, but Akane-san.Then Akane-san killed Kanami-san.Shinya-san said Kanami-san had said 'the paint spilled,' but that, too, was a trick.He used vague wording so that even if the trick was exposed, he could weasel out of it.Even I was tricked by that. ” “Heh heh,” Shinya-san laughed. “That's simply a coincidence. ” “Well, I can't speak as to that, but anyway, Akane-san killed Kanami-san.Then she put together that 'sealed room. ' By intentionally spilling the paint. ” “Well, at least I wasn't wrong

when I originally said she was the killer. ” “That's right, Iria-san.Certainly it was a high possibility. But that's all it was.Because Akane-san had created that sealed room, we couldn't say for certain.Of course, that was the whole point of the sealed room.To put herself under the ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 1 'perfect level of suspicion,' she placed herself in a position where she was the prime suspect, but where nobody could prove that she did it.Then she was locked in the storage kamar. “Granted, I was the one who had suggested it, but even if I hadn't said anything, Shinya-san surely would have. Sana were only so many rooms with locking doors, so it would have been easy for them to guess where she would be held, and there had already been plenty of time for them to get to know the mansion.Of course, we can only speculate here, and if you don't feel like talking to Shinya-san about it, we'll never know the true answer. ” On that note, it seemed to me that Akane-san's big tiff with Kanami-san was also done to intentionally show their sour relationship.Akane-san had wanted to put herself in that risky position. You know, for later on. I didn't know whether the fact that Akane-san was the only one without an alibi (well, actually Rei-san, too) was pure luck, or whether she had figured out a whole strategy. But it was probably just a coincidence. Itulah yang saya pikir. “So then she switched with Ibuki-san's body?” Iria-san said. “And then showed herself to Hikari-san in the middle of the night, put the clothes she had been wearing on Ibuki-san, escaped, and… then she hid away somewhere in the mansion, kanan? Then during dinner she was hiding right by the dining hall listening in on Sashirono-san's hysteria.She overheard her saying she was going to lock herself up in her room.So she turned back and hid herself in Sashirono-san's room. Ada no lock, after all.Then there was the setup.Hmm, so that ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 2 means Sashirono-san's breaking down and accusing Hikari was all a ruse you set up, doesn't it?” “Yes,” I nodded.“We could've just found her at that point if we had searched the whole mansion, but it's so huge.It just seemed like it would be a big hassle, so we set a trap instead. It was risky, though. ” “The amazing thing about you is that you were able to just write that off as 'risky. '” I didn't know who was speaking for a second, but it turned out to be Maki-san.It was the first time she had given me a compliment without a hint of sarcasm.I was just a little bit pleased. “But hang on a second.” Iria-san placed a hand on her own head

and remained like that for a moment.“Something still seems off,” she said.“Hmm, what is it? Something seems strange to me. ” “Are you wondering how Akane-san got out of the storage room?” “Yeah, that's it!” Iria-san said with a clap of her hands. Itu dia.You haven't explained that yet.Did Shinya-san pull her up? Did she literally switch places with the corpse?” Tidak.Shinya-san was only outside the mansion when we buried Kanami-san's body in the mountains.At that time, he did drop the body into the storage room, but he didn't pull Akane-san out.Hikari-san saw her the following night at two Sebuah. m., right? Plus, Shinya-san had an alibi that night as well. Begitu he couldn't have pulled Akane-san out.That much is certain. ” “Then did he drop a rope ladder down there or something?” “That's not it, either.A rope ladder would've left a hole somewhere.I suppose it would've been possible if the rope ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 3 was long enough, but Hikari-san saw that the window was closed at two a. m.Akane-san couldn't have tied the rope outside from the inside of her room.She would've needed an accomplice, but as I said, Shinya-san was busy at the time creating an alibi for himself with Maki-san. ” “Then it's impossible,” Iria-san pouted.“My head is spinning in circles.I feel like I've got cyanosis here. ” “You must mean vertigo. ” “That's the only kind of thing you ever explain, huh?” she grimaced. Baik? You must know the answer, right?” “Yup,” I nodded. “She was locked in a room with a door that can only be unlocked from the outside, and a window that opens freely, and she wanted to get out.Iria-san, what would you have done in that situation?” “I can't possibly imagine. ” Spoken like a true princess. “Well, what about you, Akari-san?” I had already explained it to Hikari-san and Yayoi-san, so I asked Akari-san.I could've asked Teruko-san, Rei-san, or even Maki-san, but Akari-san was my favorite, after all, and I was hoping to break the awkwardness lingering from the morning's events. “I… I guess I would stretch my arms up and jump. ” Benar.But even if you jumped, you wouldn't reach the window. ” “We're talking about the storage room, right? If I was locked in there, and jumping didn't work… next I would try standing on a chair, stretching my arms up and jumping. ” “Even then you don't reach. ” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 4 “Then it's simple,” she said with a forced cheerful ekspresi.“I'd give up. ” “That won't move this conversation anywhere. ” “Well, it's over, right?” Wow, she was blunt.Maybe it wasn't awkwardness, maybe

she just plain hated me. Yah, terserahlah.Time to change the channel. “Akari-san says she would have used a chair. Itu basically what anybody would do, right? Like a monkey trying to reach a high-hanging banana. ” “Are you calling me a monkey?” she screamed, her face bright red.“Aren't you rude! You don't know the meaning of the word delicacy, do you? Are you trying to infuriate me?” Kesalahanku.It seemed I had changed the channel in the wrong direction. “Tidak, bukan itu maksudku.And you don't have to get so angry.Monkeys are adorable. ” “I've never been so insulted in my entire life.” She cast her face away from me.“From now on you and I don't know each other. ” Her disdain for me was unquestionably clear.I was a little bit shocked.Dammit, Kunagisa, what about impressing her with my smarts? It was the exact opposite outcome. “Um, that's not good.Anyway, you stand on a chair. Hanya like anyone would.You jump, you stretch your arms out. Kamu still don't reach. Jadi bagaimana sekarang? Itu mudah.You just get on a taller chair. ” “There's only one chair in that room. ” “Well, 'chair' is just a metaphor.It could be anything. Begitu what was in that room?” Tidak ada.Books? The futon? A lamp and table?” ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 5 “There was something else, wasn't there? Something we all saw.It was practically all we saw. ” A silence fell over the crowd.Maybe they couldn't think of it, maybe they had thought of it.Either way would've warranted such a reaction. It was Iria-san who finally answered. “It was Ibuki-san's corpse, wasn't it?” “Bingo,” I nodded. What else needed to be said? “Rigor mortis reaches its peak at around the first twentyfour-hour mark—well, depending on your sources. Dulu about two a. m., give or take, so almost exactly that much time had passed since Kanami-san was killed.Her body was probably stiff as a pole.I'm sure getting those clothes on her was no cakewalk, but there were merits here as well.I guess it had an upside and a downside. ” “No cakewalk? It was a suit, for crying out loud.How do you get that on a stiff corpse? Maybe her joints were still moving, but still…” “Then she could've brought two pairs of the same outfit. That way she could get it on the body while it was still relatively loose in the afternoon.Maybe Kanami's removed dress was hiding behind the door,” I continued without pausing.“I arrived at this train of thought based on her reason for cutting off the head.That was, of course, so that Kanami's body could play the role of two people.Her face was a hindrance.But I believe there is

one more reason she cut off the head.She may be the only person to have ever cut off someone's head for this reason. Ya.To flatten her shoulders. ” “You mean because if she hadn't done that, if the shoulders weren't flat, she couldn't have used them as a step? Karena ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 6 Kanami-san wasn't a sturdy stepping stool?” Akari-san asked weakly, as if stricken with fear, or else hoping for some other answer. “Is that what you're saying?” “Yes,” I nodded.“Not just a step, but a 'staircase.' First she placed the chair, then stood Kanami-san's body up next to it, letting it lean against the wall a little.Then she used the chair as her first step, the body as her second, and made a final leap. Like a hop, step, and jump maneuver.Then she stretched out her arms and finally reached the window. ” Kanami-san was always confined to a wheelchair, so I wasn't sure of her exact height, but considering Akane-san had thought to recycle the body that way, she was probably about as tall as Akane-san.And that was none too petite. Bahkan without the head, she was at least five feet tall.If you added Akane-san's own height, it was a little over ten feet.Plus she was extending her arms.Plus she jumped.As long as her hand made it to the window, all she had to do was pull herself up. The impact from the jump probably caused Kanami-san's body to topple over, but that was all the better.It would be hard for anyone to tell the body had been used as a step. And that's exactly why the head had been lopped off from the very base of the neck. “It couldn't have been that easy.I mean, come on…” “She didn't have to succeed right away.I mean, she could have tried any number of times.It's not the type of thing you can do in one or two tries, but eventually she succeeded, and knocked Kanami-san's body down in the process.To be greedy, she probably wanted to close the window, too, but you can only do that from the inside, so she probably just gave up on it.When we went and examined Akane-san's—by ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 7 which I mean Kanami-san's—body the next day, the peak of the rigor mortis had already passed, and the body had become somewhat loose again.Of course I'm no specialist, so I can't really say for certain. ” “That's…” Akari-san was turning blue.It was the same broken down Akari-san I had encountered this morning. Infuriated, or deep in despair.“It's too terrible.It's too terrible.I can't forgive this.To kill a person, and on top of that cut her head off, and then dig up her buried corpse, and on top of that disguise it as the body of someone else… that alone is unspeakably

foul.But to then use the body as a chair, as a staircase, as a stepping stool?” “ 'It's difficult to sit on a living person.To sit on a living person for nearly thirty minutes is nearly impossible.But I wouldn't say sitting on a dead person is very hard at all,' ” Shinya-san recited.“The words of Oe Kenzaburo. Bukankah kamu know it, Akari-san?” Still blue in the face, Akari-san shook her head with a look of disgust.She looked like a small frightened animal.Like she wanted to deny reality. I couldn't help but sigh. A corpse is something that's been thoroughly spent, with no sentience or personality or even a spirit remaining inside it, just as it no longer has a will or an essence.It is nothing more than a “thing.” And the owner of that “thing” utters no complaint as to what might become of it, and even supposing it wanted to, he or she was in no place to do so. There was a headless body.She recycled it as her own body. There was a headless body.She used it as a staircase. Terus? ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 8 When you die, that's the end.The fact that you lived is irrelevant.It's nothing more than a fact.Everybody has a different idea about it, and that's their right; you can't complain about what others believe. I let out another sigh. “So that's it, Iria-san.The minor details are a pain to explain, so please think about them for yourself.I'm sure there's an easy answer for everything else.Unfortunately, I'm not a nice enough guy to explain it all.Please reason things out on your own. ” “The minor details, huh?” Iria-san said.“What about the motive? I don't think you can write that off as a trivial or minor detail. ” “You'll have to ask the murderers directly. ” I repeated the same line I had already said a number of times by this point, and looked over at Shinya-san.So did everyone else.With a look of capitulation, Shinya-san prepared to give an answer, when a voice came from behind my back. “You don't have to answer that, Shinya. ” Saya melihat ke belakang.Standing in the entrance to the dining room was Akane-san.She was supposed to be resting in the bedroom.How long had she been there? How much of my nonsense had she heard? Her arm was in a brace, but she still wore a fearless expression as she looked down upon the crowd sitting at the round table. “Akane-san…” ER3 system, Seven Fools, Sonoyama Akane. Akane-san, who had claimed that she would never complain, no matter who, when, why, or how she was killed. ZAREGOTO: THE KUBIKIRI CYCLE ■■■ 3 1 9 But did that just mean she would forgive herself no matter who, when, why, or how she killed? “Hah,” she laughed.“Motive? Motive, you

say? How silly. What a meaningless thing that is in a world this big.It hurts my brain to think about why you would even care about such trivia.I don't get it at all.” She gave a sardonic smile as she continued.“I was just trying to eat those brains of yours. ”

ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 1 Dimana kamu Kamu siapa? Seperti keberuntungan, seperti yang Kunagisa dan aku miliki sebelumnya direncanakan, kami dapat kembali ke daratan di sore tepat satu minggu setelah kami tiba. Kunagisa memiliki kecenderungan (walaupun tidak kompulsif seperti vertikal-nya motion thing) untuk membenci rencana yang berubah begitu dia membuatnya, ini membuat saya sedikit lega. Tetapi jika Anda melihat ke belakang, tujuan awal Kunagisa adalah datang ke pulau itu, setidaknya sebagian, untuk memuaskan minatnya dalam berbagai hal yang telah terjadi di sana di masa lalu. saya bertanya kepadanya tentang hal itu. Investigasi saya pada dasarnya sudah selesai, katanya. Sepertinya dia sudah melakukan beberapa “berbagai hal” sendiri. Bukannya aku tidak bertanya-tanya apa yang sedang dia lakukan, tetapi apakah itu masalahnya, tidak ada masalah untuk saat ini. Saya hanya bagaimanapun juga ingin pulang. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 2 Aku duduk di sofa di sebuah kamar di atas kapal yang sama membawa kami ke pulau itu. Kunagisa berbaring tidur di sofa di seberang saya. Sekarang setelah kami siap untuk kembali ke daratan, saya sudah setengah mengharapkan sesuatu terjadi dengan Hikari-san atau Akari-san, tetapi mereka memberi tidak lebih dari formalitas yang berbakti dan biasa. Terima kasih banyak. Silakan kunjungi lagi jika Anda memiliki kesempatan. Mengambil peduli sekarang. Aku bahkan tidak harus berpamitan dengan Teruko-san. Dia meninggalkan saya tanpa sepatah kata pun, seolah-olah mengatakan, “Saya sudah berbicara dengan Anda cukup untuk seumur hidup. ” Tapi apa pun. Begitulah hidup saya berjalan. Sonoyama Akane-san dan Sakaki Shinya-san. Kedua pelaku kejahatan ini tentu saja tidak lagi diizinkan untuk tinggal di pulau itu, dan saat ini sedang berbaring rendah di kamar sebelah. Saya tidak tahu mereka mungkin seperti apa membicarakan tentang. Kami kembali ke daratan seperti yang direncanakan, dan mereka kembali karena mereka telah diusir. Saya t secara teknis kebalikan dari menjadi pulau diasingkan, tetapi jika Anda memikirkannya,

kata daratan sepenuhnya subjektif. Yayoi-san dan Maki-san tetap di pulau itu. Keraguan Yayoi-san tentang Iria-san dan Rei-san sepertinya telah tersapu, tetapi saya bertanya-tanya apakah itu sudah cukup. Tentu saja, terserah Yayoi-san untuk memutuskan bagaimana dia menjalaninya hidup sendiri, dan bukan tempat saya untuk ikut campur. Sedangkan untuk Maki-san.wanita itu adalah rubah yang licik akhir. Jadi, seberapa banyak yang kamu ketahui? Aku bertanya padanya sebelumnya meninggalkan pulau. Maki-san menanggapi dengan senyum ambigu. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 3 Ya kamu tahu lah. Mungkin saya tidak tahu apa-apa. Seperti semuanya benar-benar hanya akting. ” “Kamu tahu, aku mendapat kesan kamu tahu tentang Akanesan dan rencana Shinya-san selama ini, dan kamu membantu mereka dalam menciptakan alibi. “ Bagaimana kalau aku? Katanya dengan acuh tak acuh. Bagaimana kalau aku? Kalau begitu kau adalah kaki tangan. Itu saja. ” Tapi bukan berarti aku sudah mendengar sesuatu dari Shinya-san, dan dia tidak mencoba memberi tahu saya apa pun. ” Jika dia melakukannya, kamu pasti bersekongkol dengan pembunuhan. Kamu mengundangnya selama dua malam berturut-turut, membantunya membuat alibi itu sulit bagiku untuk dilacak. Jadi apa kisah sebenarnya? Jika kamu benar-benar bekerja sama dengan Shinya-san, kalau begitu.” Lalu apa? Tidak ada. Saya kira tidak akan terjadi apa-apa, ”aku mengangkat bahu. Tidak ada sama sekali. ” Maki-san mencibir padaku. Pada kenyataannya saya ingin mengatakan sesuatu kepadanya, tetapi tidak ada titik. Jika dia benar-benar memiliki kekuatan itu, tidak perlu untuk mengatakan apa pun, dan bahkan jika dia tidak perlu, tidak perlu. Hanya saja saya ragu. Shinya-san dan Akane-san Plot pembunuhan berantai hanya tampak terlalu sempurna, seperti mengandalkan satu terlalu banyak kebetulan. Dalam menyajikan temuan saya ke Iria-san, saya telah melakukan upaya besar untuk mengatasi itu. Bukan itu milik mereka rencana telah ceroboh. Itu seperti mereka tidak dilatih, namun pada saat yang sama, semuanya sudah dipersiapkan sebelumnya waktu Atau lebih tepatnya, rasanya keberuntungan ada di pihak mereka. Ya, itu seperti mereka telah memperhitungkan faktor kebetulan dan membuat berteman dengan keberuntungan. Seolah-olah tata letak seluruh pulau dan semuanya ada di pihak mereka. Omong kosong, ya? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 4 Tentu saja mereka semua hanya kebetulan, dan mungkin hanya contoh dari Hukum Bilangan Besar, dan mereka berdua hanya

memenangkan taruhan, jadi untuk berbicara. Apapun akan terlihat mencurigakan jika Anda memikirkannya secara selektif. Pisau cukur Occam? Namun demikian. Di pulau itu ada seseorang yang tahu segalanya, dan aku memang berarti segalanya, bahkan masa depan. Apakah ini kebetulan? Mendesah. Memang, mungkin memang begitu. Saya tidak bisa menarik kesimpulan lain. Bahkan jika itu bukan kebetulan, semuanya sudah berakhir, dan tidak akan ada cara untuk membuktikannya, ditambah Shinya-san dan Akane-san tentu tidak berbicara, jadi tidak ada gunanya mengejar itu. Bahkan jika ada benarnya, itu tidak ada hubungannya dengan saya, dan bahkan jika itu ada hubungannya dengan saya, saya tidak tertarik. Jadi begitulah situasinya. Sebaliknya, saya mengajukan pertanyaan. Apakah kamu yang memberi tahu Teruko-san bahwa aku dalam kesulitan? Tidak ada alasan siapa pun seharusnya tahu tentang aku harus dilakukan oleh Akane-san di kamar Yayoi-san, dan dengan demikian tidak ada alasan Teruko-san seharusnya dengan nyaman ditangkap dengan segala rahmat dan waktu tindakan yang baik pahlawan seperti itu. Kecuali ada seseorang yang bisa memprediksi masa depan, itu adalah. Apakah kamu pikir aku akan melakukan sesuatu seperti itu? Tidak. ” Kalau begitu aku mungkin tidak, kan? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 5 Dia tersenyum jahat padaku. Saya memutuskan pertanyaan lebih lanjut akan menjadi tidak berarti, jadi aku bahkan tidak berterima kasih padanya. Disana ada tidak ada alasan untuk. “Aku ingin tahu apa yang akan terjadi sekarang. Ke pulau, ke Iria-san. Mmm. Maki-san memberi tanggapan singkat yang diharapkan. Aku mengangkat bahu sekali. Yah, bagaimana kalau memberitahuku apa yang terjadi terjadi pada saya dan Kunagisa? Sebagai kelanjutan dari itu 'kompatibilitas membaca' dari malam sebelumnya. Apakah kita berdua akan tetap seperti ini selamanya? “Bacaan saya mahal. ” Kalau begitu aku harus menolak, kataku. “Kalian berdua akan tetap seperti itu sebentar lebih lama, ”katanya, menjawab saya begitu saya telah memberikan naik. Betapa pelawan yang sesat. Sebentar? “Ya, sebentar. ” Berapa lama? “Dua tahun plus perubahan. ” Aku memiringkan kepalaku padanya. Maksudmu itu akan berubah menjadi sesuatu yang lain setelah dua tahun? Atau itu akan sepenuhnya memudar? Yah, aku tidak tahu. Dia tertawa sedikit sinis. Aku tidak bisa lihat lebih dari dua tahun ke depan. ” Belum pernah mendengar itu sebelumnya. Saya mungkin gagal menyembunyikan ekspresi terkejut. Tapi ini rahasia, lanjutnya.

“Jadi saya tidak tahu apa yang akan terjadi dengan Anda dan Kunagisa-chan dua tahun kemudian sekarang. ” Maksudmu itu batas kekuatanmu? ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 6 Maksudku, aku akan mati, katanya polos. “Waktu tidak menyala sisiku. Sejauh yang saya ketahui, semua waktu berhenti pada saat itu. Dua tahun dari sekarang, pada 21 Maret, jam 3:23 hal. m. Itu adalah tanggal dan waktu saya akan mati. ” Yang bisa saya lakukan adalah diam. Memuntahkan nyali dan otak di semua tempat, itu akan pas kematian bagi bidat seperti saya. ” Tidak bisakah kau menghindarinya? “Ketika saatnya tiba, pastikan untuk mendapatkan pembunuhnya. Seperti kamu lakukan kali ini. Saya meminta Anda sekarang sebagai bantuan. ” “Apa gunanya meminta bantuan jika kamu tidak bisa lihat apakah saya sudah memenuhinya? ” Itu benar, kelihatannya dia berkata ketika dia menjulurkan tangan kanannya tangan, dadanya keluar seolah-olah untuk mengungkapkan kebanggaan bahwa dia juga punya masa depan yang tak terduga. Ayo berjabat tangan. ” Yakin. Mungkin tidak buruk berpura-pura kita berteman sekarang kita berada di akhir. ” Bahkan setelah mengatakan itu, saya tidak bisa meraih tangannya. Saya masih tidak tahu mengapa dia memilih saya begitu banyak. Saya t mungkin tidak masalah, dan itu mungkin sebenarnya lebih baik seperti itu. Namun… Saya masih ragu. Permisi. Pintu kabin terbuka dan berjalan Reisan. “Kami akan segera berlabuh. Mohon bersiap-siap. ” Tentu, jawab saya. Saatnya bangun Kunagisa. Dia sepertinya tidur sangat nyenyak jadi aku tidak tidur benar-benar ingin, tapi aku tidak bisa membiarkannya begitu saja. Meskipun begitu akan sangat lucu. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 7 “Um, terima kasih banyak untuk semuanya. Rei-san mengambilnya saatnya mengatakan. Kamu, terutama. Kami berterima kasih kepada Kunagisa-san juga baik, tapi kamu. Apakah kamu bersenang-senang, Akagami Iria-san? Tentu, Rei-san mengangguk tanpa tanda tertentu kejutan. Kamu bertaruh. Saya punya banyak kesenangan. ” Akagami Iria-san menyeringai yang benar-benar bahagia. Sebuah senyuman dia belum pernah memberi selama penampilannya sebagai Rei-san. Ini bukan akting, itu adalah senyuman nyata dari manusia. “Bagaimana kamu tahu Rei dan aku beralih? Sejak kapan? “Aku baru saja memikirkannya sekarang. Itu hanya tebakan liar. Saya pikir jika saya salah Anda hanya akan mendapatkan sedikit tanda, itu tidak seperti pelanggaran hak asasi manusia Anda atau apa pun, ”kataku padanya. Jika kamu telah

meninggalkan ruangan ini lebih cepat aku mungkin bahkan tidak akan memperhatikan, atau setidaknya saya tidak akan mengatakan apa-apa. ” Apakah itu benar? Dia mengangguk. Aku selalu ceroboh pada akhirnya, Hah? Kakek saya sering mengatakannya sepanjang waktu. Tapi kamu harus punya beberapa alasan untuk berpikir seperti itu. Tolong, beri tahu saya. ” Ada apa denganmu? “Saya bisa menggunakannya sebagai referensi di masa depan. ” Dia akan terus melakukan ini? Yah begitulah. Yayoi-san masih belum menyadarinya, ditambah Maki-san. yah, saya tidak tahu tentang dia. ” Dia mencibir. Melihat sikap kekanak-kanakannya, dia tampak kurang perbaikan tertentu dibandingkan dengan Iriasan nyata, yang ada di pulau — Rei-san, itu. Itu seperti yang palsu versi lebih nyata daripada yang asli. Dia sepertinya sangat bebas. Yah, mari kita lihat, kataku. “Kamu tidak banyak bicara, ya kamu, Iria-san? Itu sangat tidak wajar. Saya yakin Anda berpikir bahwa jika Anda berbicara Anda akan memberikan diri Anda, tetapi di sisi lain ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 8 tangan, tidak berbicara sama sekali adalah kesalahan besar. Jadi kamu membuat Teruko-san bertindak diam juga untuk membuat semacam universal 'kurangnya kehadiran,' dengan demikian menutupi diri Anda. ” Tidak, itu hanya sifatnya, kata Iria-san. Aku bisa memberitahunya terpisah dari dua lainnya bahkan jika dia tidak mengenakan kacamatanya. Karena dia tidak pernah berbicara. ” Rupanya itu sifatnya. Nah, jika Anda memikirkannya, sepertinya tidak terlalu Teruko-san telah berakting. Apakah itu benar? Yah, apa pun itu, kupikir kalau itu Iria-san adalah penipu, hanya ada satu orang yang mungkin bisa telah. Lagipula, Akari-san, Hikari-san, dan Teruko-san adalah kembar tiga. Saya kira itu sedikit berlawanan dengan intuisi bahwa mereka tidak bisa telah bertukar tempat karena mereka kembar tiga. ” Kau mengatakannya, dia tersenyum. Itu adalah senyum seseorang yang menyamakan kedudukan. Setidaknya itulah yang saya pikirkan. Dan kemudian ada sesuatu tentang auramu. Seperti, Teruko-san sepertinya tidak pernah melakukan banyak pekerjaan. Itu karena dia terutama pengawal kamu. Tetapi saya tidak pernah melihat Reisan melakukan banyak pekerjaan, baik. Saya bertanya-tanya tentang itu. ” Aku menuangkan tehmu, bukan? “Ya, itu bagus. Aku lupa berterima kasih padanya sebelumnya. “Oh yeah, dan juga, pertama kali aku mengunjungi kamarmu, kamu sedang duduk di sofa dan Iria-san berdiri. Sepertinya seperti itu seharusnya sebaliknya. ” Saya saya. Dia gembira. Saya seharusnya

Rei-san menyalin perilaku seperti itu selama ini, tetapi tidak ada yang seperti itu hal yang nyata. Lanjutkan. ” Benar. Di mana aku. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 2 9 Jika Anda memikirkannya, Akari-san dan Hikari-san jelas tahu tentang saklar itu, yang berarti mereka juga begitu cukup sepasang aktris kecil. Terutama Hikari-san. Sigap dan menyedihkan seperti dia, saya tidak akan pernah menduga dia berbohong selama ini. Seseorang berutang Oscar padanya. Paku di peti mati adalah ketika Iria-san palsu menutupi untukmu. Malam itu 'Iria-san' dan Yayoi-san bersama berbicara sepanjang malam. Masuk akal, bukan? Rei-san mungkin memintanya untuk saran kuliner. Dia benar-benar seorang pelayan, jadi tidak akan aneh jika dia memiliki minat dalam memasak. ” Ya, Yayoi-san percaya Rei adalah aku, jadi dia tidak pernah menghabiskan banyak waktu dengan saya yang sebenarnya. Itu milik saya salah perhitungan. Dia merajuk. Dan hei, kalau dipikir-pikir, dari mana Rei turun meniru saya seperti itu? Saya tidak berubah pakaian saya di depan orang-orang acak, dan kepribadian saya tidak jelek itu. ” Rupanya kepribadiannya tidak seburuk itu. Hmm, terdengar seperti kebohongan lain bagiku. Jadi, apa yang sebenarnya kamu lakukan malam itu? Itu rahasia. ” Ini sebuah rahasia? Seorang wanita tidak pernah mengungkapkan urusan malamnya, katanya secara misterius. Saya punya perasaan jika saya menekan lebih jauh itu hanya akan mencentangnya off, jadi saya memutuskan untuk membiarkannya. Saya tidak mencari lagi masalah. Saya tidak suka membuat gelombang, setelah semua. “Ngomong-ngomong, meski 'Iria-san' tidak melakukan apapun untuk melindungi Hikari-san, bahkan memperlakukannya seperti penjahat, dia pergi sejauh itu berbohong untuk menyimpan kulitmu. Mengapa? Karena Rei-san lebih dekat dengan Iriasan dari pada Hikari-san? Mungkin. Tetapi sesuatu tentang itu ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 3 0 jawabannya tidak mengapungkan perahuku. Seperti tinggal di pulau terpencil itu, saya akan berpikir Anda semua akan cukup dekat dan nyaman. Dan saya jangan berpikir manusia adalah spesies yang begitu dingin. ” Itu benar, kata Iria-san. “Gadis-gadis itu seperti keluargaku. Keluarga saya yang berharga, yang tinggal di sisiku bahkan setelah saya diasingkan. ” Diasingkan. Dan alasan pengasingan itu? Meski begitu, 'Iria-san' melindungi 'Rei-san' tetapi tidak Hikari-san. Mengapa? Mungkinkah karena 'Rei-san' benar-benar atasannya, seseorang yang dia sumpah setia? Aku bertepuk tangan bersama.

Sesuatu seperti itu, kan? Kamu luar biasa. Aku ingin memelukmu. ” Aku tidak keberatan. ” Aku akan menahan diri, dia terkikik polos. “Kali ini aku punya pertanyaan. Kenapa tepatnya Anda beralih tempat dengan Rei-san dan berpose sebagai pelayan? Apakah karena, sebagai cucu dari keluarga Akagami, Anda tidak bisa menunjukkan diri Anda tidak dijaga di depan para tamu, meskipun Anda diasingkan? Tidak ada jaminan bahwa tidak ada yang buruk individu dicampur dengan semua jenius itu. Seperti sebelumnya kami Penyelidikan telah mengindikasikan, kadang-kadang hal-hal ini terjadi. Karena itu, dia telah menyiapkan penipu — tubuh ganda. Benarkah itu? Tapi Iria-san menggelengkan kepalanya dengan anggun. Tidak, katanya. SAYA hanya ingin melihat siapa yang akan memperhatikan terlebih dahulu. Hanya sedikit lelucon. Tidak ada alasan, sungguh. ” Sebuah lelucon. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 3 1 Itu adalah jenis garis yang membuat lututmu bergetar, dan aku tidak mengira dia berbohong kali ini. Dan sampai sekarang, bukan a satu dari mereka yang disebut jenius telah menangkap. Selama bertahun-tahun, tanpa disadari oleh siapa pun, para genius itu tidak ada yang spesial. Mungkin itulah yang dipikirkan Iria-san. Dan dia akan melakukannya mungkin terus berpikir demikian. Tapi kamu memperhatikan. ” Jika kamu tidak pergi terlalu jauh di ujung sana, aku tidak akan. Bahkan jika saya perhatikan, saya tidak akan mengatakannya apa saja. Anda seharusnya hanya tinggal di mansion saja datang di kapal ini bersama kami. ” “Yah, aku harus minta maaf pada Aikawa-san untuk semua itu kehebohan yang tidak perlu. Masih ada kunjungan yang dijadwalkan. Kami akan bertemu langsung setelah mengantarmu. Oh, Aikawasan akan dicentang. Bukan orang yang ingin Anda temui marah. Meskipun itu tak terhindarkan. Ditambah lagi, saya ingin bicara untuk kamu seperti ini. Anda menunjukkan kepada saya waktu yang baik, setelah semua. ” Ini suatu kehormatan. ” Katakan, katanya dengan manis, maukah kamu kembali ke rumah besar beberapa waktu? Kunagisa-san, Maki-san, Yayoi-san, dan kamu. saya pikir kamu akan membuat keluarga yang hebat. Saya mendengar Anda menyukai untuk Akari dan Hikari. Saya tidak keberatan membiarkan Anda mendapatkan apa yang Anda inginkan dengan mereka. ” “Itu bukan hal yang kamu katakan kepada anggota keluarga. ” “Benar, tapi aku serius. Saya selalu serius. Jadi bagaimana saya t? Seperti proposisi saya? ”Dia menjulurkan lidah ke arah saya. Pada titik ini saya menjadi jijik.

Anda tidak bisa adil tulis ini sebagai semangat bebas atau semangat atau kurang menahan diri. Aku tidak suka pembunuh. ” ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 3 2 Ehehehehe, Iria-san tertawa. Saya tidak tahu mengapa dia tertawa. Terlepas dari alasan mereka? “Terlepas dari alasan mereka. ” Dia mengangguk. Aku tidak yakin apa yang kamu dengar dari Hikari dan Teruko, tapi kamu tidak mungkin berpikir mereka memberitahumu apa pun kecuali kebenaran. Gadis-gadis itu umumnya pembohong. kupikir fakta bahwa mereka tidak pernah memberitahumu tentang pergantian aku dan Rei adalah cukup buktinya. ” Eh? “Alasan saya tidak memanggil polisi hanya karena itu tidak akan menyenangkan seperti itu. Otoritas absolut demikian tidak romantis, ”katanya sambil menggulung lengan kirinya. Ini menampakkan lengan yang indah, tidak terluka sama sekali. Permisi lalu, ”katanya sambil tersenyum, dan meninggalkan ruangan. Hei, hei. Mendesah… Tentu tidak melihat itu datang. Apa yang nyata dan yang palsu? Siapa yang nyata dan siapa yang palsu? Dunia ini campur aduk, dan aku tidak pernah mengaku tahu apa pun, saya juga tidak berpikir semua orang jujur dan segalanya seperti yang terlihat. Apa itu? Kebenaran. “Sobat, betapa banyak omong kosong. ” Tidak akan lama sekarang. Saya berpikir untuk membangunkan Kunagisa, tetapi melihat wajahnya yang damai saat dia menangis seperti anak kucing saya kehilangan motivasi. Tidak akan terlambat untuk membangunkannya setelah kami mencapai pantai. Aturan praktisnya adalah, semakin lama Anda bisa tetap bermimpi, semakin baik. ZAREGOTO: SIKLUS KUBIKIRI ■■■ 3 3 3 Namun demikian. Keluarga? Sobat, aku akan menyesal menolak tawaran itu, aku berkata kepada siapa pun khususnya, mengharapkan tidak ada jawaban. Tapi saya tahu hanya ada satu tanggapan yang bisa diberikan. Bagi saya, ada hanya satu orang yang bisa saya panggil keluarga. Apa beban dari omong kosong, aku bergumam seperti biasa.

Vol.1 Ch.

Bab Epilog

Seminggu telah berlalu sejak kembali ke daratan. Saya akhirnya mulai bersekolah, tetapi ternyata saya tidak bisa beradaptasi karena terlambat saya mulai, saya tidak bisa masuk ke dalam suasana hati. Dan dengan demikian saya menemukan diri saya memotong kelas pagi, berjalan menyusuri West Main Street. Apa yang Anda sebut hari kesehatan mental, atau "bermain bohong," jika Anda ingin menjadi brengsek tentang hal itu. "Apa yang aku lakukan sepanjang waktu sebelum kembali ke Jepang?" Gumamku sendiri kurang lebih menyentuh hati, tapi mereka mungkin sebagian besar tidak berarti. Apakah saya berada di ER3, Kyoto, atau Pulau Bulu Gagak Basah, itu sedikit mengubah saya, sama seperti meninggalkan lima tahun kosong hampir tidak mengubah Kunagisa. "Hmm, lebih banyak omong kosong?" Aku bergumam sambil melanjutkan perjalananku. Aku berbelok ke selatan, berpikir aku akan kembali ke apartemen Nakadachiuri dan membaca, tetapi yang kuingat hari ini adalah hari ketika majalah favorit Kunagisa dijual, jadi aku mampir di toko buku lokal untuk membeli salinan. “Kunagisa Tomo?” Sejak insiden pulau itu, Kunagisa tetap bersembunyi di rumahnya. Dia sangat tenggelam dalam melakukan segala macam perbaikan pada workstation dan PC dan apa yang akan Anda hancurkan Akane-san. Kali ini dia semua bersemangat, mengatakan bahwa dia akan membangun kembali mereka sepenuhnya dari baja yang tidak dapat diserang, tetapi bagi saya sepertinya ini tidak mungkin secara logis. Tentu saja, yang membuatnya marah adalah urusannya, jadi aku tidak mengatakan apa-apa tentang itu. Adapun Sonoyama Akane-san dan Sakaki Shinya-san, Kunagisa mencari tahu apa yang terjadi pada mereka di Internet, kemungkinan besar menggunakan keterampilan teman lamanya Chiikun. Akane-san telah pensiun dari Seven Fools dan memulai kehidupan yang agak tertutup, tetapi mempertahankan keunggulannya sebagai seorang sarjana. Shinya-san seharusnya tetap di sisinya. Mempertimbangkan fakta bahwa tidak ada yang melaporkan mereka ke polisi, ini tampaknya cukup

masuk akal. Saya memasuki toko buku dan membeli apa yang saya inginkan dengan sertifikat hadiah, lalu berdiri dan membukanya sebentar sebelum meninggalkan toko. Di luar, sebuah convertible yang sangat mencolok — yang tampak mahal — diparkir di depan toko. Itu adalah jenis mobil eksentrik yang akan menonjol bahkan jika ini adalah jalan di tengah-tengah Kyoto. Jenis mobil kelas atas yang Anda lihat di majalah dan sejenisnya. Anda tahu, dengan nama-nama seperti "Anaconda" atau "Viper" atau "Ratsnake Jepang. "Ini mungkin bukan Ratsnake Jepang, tapi aku yakin itu adalah sesuatu dalam keluarga ular. Tapi apa yang mereka lakukan mengendarai mobil seperti ini di jalan Jepang? Atau yang lebih penting, tipe orang seperti apa yang menunggang binatang buas yang konyol ini? Saya melirik tepat pada waktunya untuk melihat pengemudi keluar dari mobil. Agar tidak kalah dengan mobil, pengemudi itu sendiri dihiasi pakaian yang sama mencoloknya. Dia mengenakan kemeja yang terbuka lebar di dalam setelan anggur merah yang pasti akan menarik perhatian orang yang lewat, mau atau tidak. Selain itu, dia mengenakan mantel musim semi yang menutupi bahunya tanpa lengan. Rambutnya yang panjangnya seharusnya mengilap tidak wajar, menunjukkan dia telah menggunakan sejumlah produk rambut yang mahal. Kacamata hitam merah tua benar-benar menyembunyikan matanya. Proporsinya cukup membuat Anda bertanya-tanya apakah dia seorang model, dan dia jangkung. Dia adalah wanita cantik dalam arti yang sebenarnya, tetapi pada saat yang sama, dia adalah tipe wanita cantik yang tidak ingin kamu dekati. Dia terlihat seperti tipe orang yang memiliki banyak kebiasaan buruk dan tidak memiliki daya tarik universal. Ada sesuatu yang menyinggung atau tidak harmonis tentang dirinya. "Wow," aku berhasil mengucapkan ucapan takjub. Jadi, mobil-mobil ganteng memang punya pengemudi yang ganteng, pikirku ketika aku menatapnya berjalan ke arahku. Saya membuka jalan untuknya, berpikir dia ingin berhenti di toko buku, tetapi saya salah. Dia berhenti tepat di depan saya. Lalu dia menatapku di balik kacamata hitamnya. Didominasi oleh tatapannya yang meluap-luap, aku mendapati diriku tidak bisa bergerak. Seperti katak dalam tatapan ular. Dan karena itu, saya tidak dapat menghindarinya. Tanpa peringatan, dia membawa kakinya yang panjang ke atas, menenggelamkan kakinya yang berhiaskan pompa ke perutku. Aku meringkuk telungkup ke trotoar. "Uguu …" Aku merasa seperti akan muntah sampai tidak ada yang

tersisa di perutku. Tetapi tidak ada waktu untuk berteriak. Tanpa belas kasihan atau reservasi, dia mulai menginjak tubuhku yang roboh dengan bagian tumit sepatunya, jadi itu cukup menyakitkan. Seperti yang selalu terjadi ketika Anda dalam masalah, tidak ada satu orang pun di sekitarnya. Ada halte bus di dekat situ, tetapi bus itu pasti baru saja pergi karena tidak ada orang di sana. Sial, pasti hari keberuntunganku. Tetap saja, aku tidak berniat membuat tontonan jelek tentang diriku sendiri dengan berteriak minta tolong. Aku berguling dalam upaya untuk melarikan diri, tetapi ini berakhir dengan kegagalan begitu dia mencengkeram kerahku. Persis seperti itu, dia mengangkatku. "Huh … Kau benar-benar tidak menutup mata itu," katanya seolah terkesan. “Wow, ini luar biasa. Ha ha . Itu agak keren. Oke, pokoknya … Halo. "Halo. "Ayo, ini bukan pemakaman. "Apa yang dia bicarakan? Aku bertanya-tanya ketika dia mengencangkan cengkeramannya di leherku. Dia menyeret saya ke mobil convertible dan melemparkan saya ke kursi penumpang seperti koper. Dia sendiri duduk di kursi pengemudi. Dia melepas tirai dan menjejakkan kakinya ke pedal gas. Sepertinya mobil itu sudah idle sepanjang waktu. Dia adalah musuh bagi lingkungan. Saya berpikir sambil menggosok perut dan punggung saya. Um, apa ini? Apa yang sedang terjadi? Apakah ini penculikan? Mengapa saya Banyak hal yang bergerak terlalu cepat bagi saya untuk mengikuti. Sebanyak sembilan belas tahun lamanya saya mengikuti arus, saya hampir tidak pernah terperangkap dalam deras deras seperti ini sebelumnya. Siapa wanita ini? “Um, siapa kamu?” “Hmm? Namaku? Anda hanya menanyakan nama saya di sana, kawan? ”Dia menatapku. Tatapannya bahkan lebih buruk dengan nuansa off. Itu adalah tatapan menakutkan yang sepertinya menembus menembus hatiku. Kehidupan seperti apa yang harus dijalani seseorang untuk mendapatkan pandangan seperti itu? "Nama itu Aikawa Juni. "Aikawa? Aikawa, Aikawa … Nama itu membunyikan bel. “Aikawa-san?” “Jun baik-baik saja. "Suaranya kasar dan masam. Sepertinya sia-sia, mengingat betapa cantiknya dia, tapi mungkin itu cocok dengan kepribadiannya dengan sangat baik. "Uh, Jun-san. Pernahkah kita bertemu di suatu tempat? Saya memiliki ingatan yang buruk ketika datang ke kenalan, tapi saya tidak merasa seperti kita pernah bertemu sebelumnya. " "Pertama kali . " "Berpikir begitu . ”Bahkan jika kita hanya bertemu sekali, tidak ada yang melupakan seorang wanita seperti ini. "Apa itu sekarang? Eh? Maksudmu Iria-san tidak pernah memberitahumu?

”“ Iria-san? ”Nama itu juga berdering. "Uh, Iria-san, Iriasan …" Ah. Akhirnya, sirkuit di otakku terhubung. Benar Aku ingat . "Jadi, kamu adalah 'detektif,' Aikawa-san?" "Aku kontraktor independen, tepatnya," katanya sinis. "Sepertinya kamu ingat. "" Kupikir kau bukan wanita. "Terima kasih. Itu pujian terbaik yang ada. "Dia memukul bahu saya. Lebih dari sedikit mengejutkan mengetahui bahwa Aikawa-san yang telah lama kupikirkan adalah seorang lelaki sebenarnya adalah seorang wanita — dan wanita yang begitu cantik pada saat itu. Tapi kalau dipikir-pikir, kecuali tagalong seperti Shinya-san dan aku, Iria-san kebanyakan membawa wanita yang relatif muda ke pulau itu. Melihatnya seperti itu, aku mungkin seharusnya menyadari Aikawa-san adalah seorang wanita. Tapi Iria-san terus menggunakan kata-kata yang ambigu seperti “pahlawan. "Aku akan pergi jauh-jauh ke kampusmu," katanya dengan senyum tegang. "Tapi kemudian aku melihatmu berdiri di sana membaca di toko buku itu. Itu kebetulan sekali, jadi kupikir aku akan memberimu peluit. "" Maksudmu kau mencari aku? "" Ya. Kupikir aku harus melihat dengan mataku sendiri brengsek macam apa yang menyelinap mencuri pekerjaanku. Berkat kamu, kamu bodoh, aku tidak pernah mendapat giliran saya. Bagaimana Anda akan menebus itu? "Tatapannya menembus saya. Sepertinya dia punya pegangan langsung di hatiku. Dalam pikiranku, peristiwa yang terjadi di pulau itu sudah berakhir, jadi perkembangan ini benar-benar di luar dugaanku. “Karena kamu, aku melewatkan pekerjaan. Dan di sini mereka mengatakan kepada saya bahwa itu akan menjadi kasus yang aman dan mudah. "" Uh, aku … "Tidak begitu memahami situasinya, aku memutuskan untuk terus maju dan meminta maaf. "Aku benar-benar minta maaf. Tolong maafkan saya . "" Haha! "Aikawa-san tertawa. “Tidak ada alasan untuk meminta maaf. Sebenarnya, saya harus berterima kasih kepada Anda karena membuat semuanya mudah. "Yah, yang mana itu? Kegelisahan saya tumbuh secara proporsional dengan ketenangan saya. Situasi apa yang telah saya hadapi? Itu di luar pemahaman. Saya tidak tahu apa yang coba dilakukan oleh karakter Aikawa Jun ini. “Um, kemana kita akan pergi sekarang?” “Surga. Atau mungkin Neraka. Saya lupa . "Mereka benar-benar berbeda. "" Yup, sangat berbeda. Mereka saling bertentangan. Jadi kita akan berakhir di salah satu dari mereka. "Dari mana dia menarik barang-barang ini? Dia terus mengemudi tanpa peduli di dunia. Mungkin kita benar-benar menuju Neraka. Tampaknya cukup masuk akal. Dalam belokan

yang relatif tak terduga, mungkin hidup saya hampir berakhir. Tapi saya kira akhir selalu tidak terduga. “Baiklah, sekarang setelah aku melihat wajahmu, itu satu hal untuk menandai daftar yang harus dilakukan. Tinggal satu lagi. "Tanpa sedikitpun cadangan, Aikawa-san bersandar pada wajahnya yang memikat tepat di sebelahku. Aku secara refleks tersentak pada keanehannya. Saya tidak terlalu terbiasa untuk melakukan kontak dengan orang lain selain Kunagisa. "Um, satu lagi? Apa itu? "" Oh, aku hanya berpikir aku akan meletakkan salah satu kesengsaraanmu untuk beristirahat, "kata Aikawa-san. “Saya seorang kontraktor independen. Ini tugas saya untuk menyelesaikan masalah kecil orang yang sial. Saya mengulurkan tangan untuk menyelamatkan orang-orang dengan masalah yang Anda tidak pernah bisa tangani. Kamu bodoh "Jadi itu yang Anda maksud dengan 'kontraktor independen'?" Artinya, sejauh detektif juga seseorang yang mengambil kontrak. “Tapi masalah apa yang kumiliki?” “Pada kesempatan langka aku diketahui bekerja untuk amal. Panggil aku berubah-ubah. Ini akan menjadi hadiahmu untuk menyelesaikan kasus terakhir dengan sangat baik sebagai gantinya. "" Hadiah? "" Jangan terlalu tegang. Saya mungkin tidak melihatnya, tetapi saya cukup banyak kebaikan. ”Orang baik biasanya tidak mengalahkan orang lain dengan sepatu mereka pada pertemuan pertama. “Nah, yang bermasalah. Anda akan mengambil tangan saya? ”Katanya, menunjukkan telapak tangannya. "Apa yang akan terjadi? Keputusan Anda . "Dia aneh. Seperti, aneh aneh. Keanehannya berada di liga tersendiri. Jika kamu menetapkan bahwa sekelompok orang gila eksentrik di pulau terpencil favorit kami sebagai rata-rata, keanehan Aikawa-san adalah dari grafik. Namun demikian, saya meraih tangannya dalam sebuah pameran yang jarang terjadi. Manusia yang aneh ini. Bagaimana saya bisa melewatkan ini? "" Oke, sobat. "Dia tersenyum jahat. Mungkin aku tergesa-gesa, pikirku. “Um, sebelum kita membahas sesuatu, apa 'celaka' milikku yang kamu sebutkan ini?” “Itulah satu hal yang harus kamu ketahui lebih baik dariku. Lebih baik . Tidak bisakah kamu menebak? Aku datang untuk menemuimu. Saya . Jadi jelas ini tentang insiden di Pulau Bulu Gagak Basah. "" Insiden itu? "Kataku. "Ya . "Aikawa-san mengangguk kecil. “Setelah itu, akhirnya aku berkunjung ke pulau. Saya awalnya berencana untuk menjadikannya liburan, jadi saya beruntung kasus ini sudah diselesaikan. Aku sungguh bermaksud itu. Lagi pula, saya berbicara dengan Iria, Hikari, Akari, dan Rei.

Kebetulan, Teruko tidak mengatakan sepatah kata pun. Dia diam seperti biasa. Bahkan saya hanya mendengar suaranya satu kali. Oh ya, ada juga seorang koki dan seorang peramal yang menyeramkan. Ah, aku tidak mau memikirkannya. Ada apa dengan wanita itu ?! ”Tiba-tiba geram, dia membanting kemudi, hampir mematahkannya. Jelas ada sesuatu yang terjadi dengan Maki-san di pulau itu. Apa yang telah dilakukan wanita itu sekarang? Yang pasti, Anda bisa tahu hanya dengan melihat bahwa kedua wanita itu tidak kompatibel. "Hmph," gerutu Aikawa-san sebelum melanjutkan ceritanya. “Ngomong-ngomong, aku berbicara dengan mereka tentang kejadian itu. Tidak ada detail yang tertinggal. "Jadi menurutmu masih ada yang salah?" Kataku. "Maksudku, bagaimana menurutmu secara pribadi, Aikawa-san?" "Itu Juni," katanya dengan suara rendah dan suram tiba-tiba. "Jangan panggil aku dengan nama belakangku. Hanya musuhku yang melakukannya. "" Apakah kamu masih berpikir ada sesuatu yang salah, Jun-san? "Aku mengoreksi diriku sendiri dan bertanya lagi. "Itu lebih baik," dia tersenyum. Suasana hatinya berubah seperti orang gila. Saya akan mengatakan mereka berubah seperti cuaca, tetapi cuaca gunung bahkan tidak sering berubah ini. "Tidak, tidak … Aku bukan orang yang merasa tidak puas, sobat. Itu kamu, kan? Anda memecahkan kasus ini. Dan kau melakukannya dengan sangat baik. Anda melakukannya dengan sangat baik sehingga tidak ada yang bisa mengajukan keberatan. Tapi Anda sendiri masih ragu, bukan? Bukankah ada sesuatu yang hilang dari pekerjaan detektif Anda? "Saya kehilangan kata-kata. Tidak peduli dengan ini, dia melanjutkan. "Apakah saya benar? Anda menyelesaikan kasus ini dalam tiga hari. Sudah sewajarnya seseorang dengan otak seperti milikmu masih ragu. Hentikan saya jika saya salah. "Saya tidak bisa mengatakan apa-apa, dan jelas itu bukan karena dia keluar jalur. Itu karena dia memang benar. Tepat Aku … Kunagisa dan aku menjadikan penyelesaian kasus dengan cepat sebagai prioritas dan mendorong keraguan kami sendiri ke sudut yang gelap. Dia telah mengirimkan solusi yang secara pribadi tidak kami setujui. Aikawa-san tersenyum. "Perasaan tidak puas itu, keraguan itu, hal-hal yang tampaknya kurang menyenangkan bagimu, brengsek — sudahkah kau tunjuk mereka?" "Uh, yah …" "Mengapa Shinya akan membunuh Ibuki? Kenapa Shinya dan Sonoyama bekerja dengan cahoot? ”Dia menjulurkan lidah merah gelapnya dengan memprovokasi. "Itu dia, kan?" "Ya," aku mengangguk dengan

enggan. "Tapi itu masalah mereka dan, pada akhirnya, tidak ada orang lain, kan? Itu ada hubungannya dengan motif mereka, dan itu sesuatu yang di luar jangkauanku, jadi … "" Kamu mirip, "kata Aikawa-san. “Tidakkah menurutmu begitu? Bukankah Shinya sendiri yang memberitahumu? Bahwa kau dan dia mirip. 'Sekarang, mengapa orang ini seperti kamu membunuh Ibuki Kanami, satu-satunya orang yang tak tergantikan baginya, versinya tentang' gadis berambut biru 'milikmu? "" Mungkin itu hanya kesalahpahaman. Jika tidak … Ya, itu mungkin sebenarnya Akane-san yang 'tak tergantikan' dengan Shinya-san. "" Apakah kamu puas dengan itu? "Aikawa-san berkata dengan sarkasme. "Tidak mungkin, bukan? Tidak mungkin Anda puas dengan itu. Saya sepenuhnya memahami perasaan Anda. "Kau berbelit-belit, kan? Anda benar, Aikawa-san, saya tidak sepenuhnya yakin. Tapi … "" Itu Juni. Saya bilang tidak memanggil saya dengan nama belakang saya. "Aku dilotot lagi. Menakutkan. "Jun-san. Kamu benar . Saya tidak sepenuhnya yakin, tetapi tidak ada kemungkinan lain, jadi tidak ada yang bisa saya lakukan. Ketika Anda telah menghapus semua kemungkinan yang tidak mungkin, yang tersisa adalah kebenaran, betapapun mustahil tampaknya. "" Itu hanya mitos. Jadi maksudmu kamu telah mengambil motif konyol tentang memakan otak orang dengan serius? ”Hah. Saya kehilangan kata-kata. Aikawa-san mencibir, menikmatiku. "Sekarang sekarang sekarang, jadilah dirimu bersama. Tenangkan dirimu, kawan. "Apakah kamu benar-benar berpikir ada satu orang bodoh di dunia ini yang cukup bodoh untuk percaya jika kamu memakan otak seorang genius, kamu menjadi genius? Bukan hal yang buruk jika ada orang seperti itu. Orang bebas berpikir apa yang mereka inginkan. Setiap orang berhak berpikiran lemah. Tidak ada yang salah dengan itu. Kami memiliki kebebasan berpikir, dan kebebasan untuk menjadi bodoh. Tapi apakah seseorang yang mau menggunakan mayat sebagai kursi pijakan, seseorang yang sama sekali tidak menghargai manusia, benar-benar berpikir seperti itu? Bagaimana menurutmu, bud? ”Ya, memang itu poin yang bagus. "Yah, jadi apa? Apa yang kamu katakan? Saya selalu yakin dengan kemampuan saya untuk berbicara di sekitar subjek, tetapi bahkan saya tidak pernah sejauh ini. "" Itu karena kau di bawahku. Saya tahu sesuatu yang tidak Anda ketahui. Bukan untuk mengatakan Anda tidak kompeten atau apa pun. "" Anda hanya menyebut diri Anda kompeten? "" Saya seorang jack-of-all-trade. Jika tidak, saya tidak bisa melakukan

pekerjaan seperti ini, ”dia membual. Dia narsis yang hampir menakutkan. "Kalau begitu, apa pendapatmu tentang itu, Jun-san? Anda mengatakan Anda tahu semuanya, kan? Tolong beri tahu saya. "" Jika Anda baru saja bertanya kepada saya bahwa di tempat pertama kita bisa memotong ke pengejaran, "dia tertawa. "Ayo, bud. Anda melihat sesuatu yang tidak wajar, bukan? Saya mendengar dari Hikari. Anda menyadarinya, bukan? Lukisan yang Anda modelkan. Mengapa ada arloji yang dilukis? ”Arloji itu? Saya benar-benar lupa tentang itu. “Kamu tidak melupakan itu, kan?” Katanya. "Tolong jangan bilang kamu lupa sesuatu yang penting. " "Tentu saja tidak . Bagaimana saya bisa lupa? Tapi saya pikir itu hanya kesalahan melukis. Kanami-san mengandalkan ingatannya untuk melukis, jadi kupikir itu hanya masalah ingatan. "" Tidak mungkin. Pada dasarnya tidak mungkin bagi seseorang yang mengklaim ingatan dan persepsinya sama untuk membuat kesalahan seperti itu. Bahkan seandainya itu mungkin, bukankah menurutmu ada alasan lain, bud? "" Oke, Ai … Jun-san. Bagaimana menurutmu? "" Aku tidak tahu apa yang dipikirkan orang lain, tapi inilah yang aku, Aikawa Jun, kontraktor terkuat di dunia, telah menyimpulkan: gambar itu tidak dilukis oleh Kanami. "Benar. Itulah satu-satunya kemungkinan. Maksudku, pikirkan sebaliknya. Katakanlah Ibuki melukisnya. Jika dia melukisnya, akan aneh kalau ada arloji, kan? Anda tidak mengenakan arloji ketika Anda duduk di depannya. Jadi mungkin itu tidak dilukis olehnya. "" Kenapa? "" Apa maksudmu 'mengapa?' Anda sebenarnya tidak melihatnya melukisnya, bukan? Tentu, mungkin ada seniman yang selalu bekerja sendiri, tetapi saya tidak berpikir Ibuki adalah salah satu dari mereka. Saya serahkan bahwa Ibuki tidak mungkin melakukan lukisan itu. "" Dia tidak bisa? Kanami-san adalah seorang seniman. Dia terkenal. Tentunya dia bisa melukis itu. "" Banyak seniman telah menggunakan pelukis hantu palsu, "katanya seolah-olah itu sudah jelas. "Sekitar lima puluh ribu. Tidak aneh jika Ibuki adalah salah satu dari mereka. Tidak aneh sama sekali. "" Jadi menurutmu Kanami-san itu penipu? "" Pikirkan saja, "kata Aikawa-san. “Kamu bukan pelukis?” “Seni bukan keahlianku. "" Jadi, Anda mungkin berpikir sesuatu seperti 'orang ini adalah seorang seniman sampai ke puncak,' bukan? "Mengapa wanita ini tahu apa yang orang pikirkan dengan sangat akurat? Dia mengingatkan saya pada Maki-san, tetapi mengatakan kepadanya bahwa ini akan membuatnya marah, jadi saya tetap diam. "Jangan membandingkan aku dengan

karakter samar itu. "Hei sekarang. Dia menatapku dengan seringai. Jangan bungkam sekarang. Itu hanya trik dasar membaca pikiran. Itu hanya teknik. Dengan sedikit latihan, siapa pun bisa melakukannya. Tapi selain itu, menurutmu kenapa Ibuki seorang seniman? "" Kenapa? Yah, aku … "Kucing punya lidah. "Ini tidak seperti kamu pernah melihat dia melukis apa pun, kan? Dia hanya mengatakan itu padamu, bud. Anda mendengar apa yang dia katakan, dan kemudian, hanya berdasarkan itu, Anda menganggap dia seorang seniman. "" Aku juga melihat lukisannya. Seperti salah satu bunga sakura dan lainnya. "Tapi kamu tidak melihatnya melukisnya, kan? Astaga, untuk seseorang yang tidak mempercayai siapa pun, kau sungguh naif. Sepertinya Anda tidak mempercayai siapa pun, tetapi Anda juga tidak meragukannya, atau seperti Anda hanya menahan semua kesimpulan tanpa batas. Kamu baru saja mengambil tumpukan doo-doo Ibuki yang mengepul. "Doo-doo? Apakah dia mengatakan doo-doo? Apakah semua yang dikatakan Kanami-san tidak lebih dari doo-doo? Bagaimana aku bisa tahu— “Oh, bagaimana kamu bisa tahu?” Aikawa-san memukuliku sampai ke pukulan dengan kalimatku sendiri. "Saya berharap . Saya benar-benar heran, sobat. "" Jika ada sesuatu yang ingin Anda katakan, lakukanlah. "" Itu bukan cara untuk meminta bantuan. " "Tolong beritahu aku . " Dia tersenyum . Dia mungkin sedikit kekanak-kanakan dari yang saya kira. “Seperti hal berpakaian keseluruhan. Ketika Anda menjadi model untuknya, Anda melihatnya mengenakan gaunnya, dan apa yang Anda katakan? Anda berkata, "Kamu akan melukis seperti itu?" kan? ”Saya tidak tahu dari siapa dia mendengar itu (dan hanya Maki-san yang mungkin tahu), tetapi dia benar. "Seorang seniman sejati tidak pernah mencemari pakaiannya dengan bahan lukisan," gumam Aikawa-san. Dan tiba-tiba, "Seperti orang seperti itu benar-benar ada!" Teriaknya. "Itu tidak mungkin! Bahkan jika dia tidak membuat pakaiannya kotor, mereka akan basah kuyup! Ini bukan masalah bisa dan tidak bisa — orang tidak melakukannya! Apakah kamu tidak memperhatikan hal-hal ini, tolol? ”Ini bukan tindakan, dia benar-benar tampak marah. Saya meringkuk dalam keseriusan. Saya pikir saya akan ditumbuk. Tiba-tiba aku mengerti maksud Hikari-san. Seseorang yang “pemarah”, ya? “Ngomong-ngomong, saat kamu bekerja dengan cat di atas kanvas, setidaknya kamu memakai celemek. Bahkan jika Anda payah pada seni, itu hanya akal sehat. " "Yakin . Tetapi jika itu masalahnya, maka … "Lalu apa artinya itu? Kanami-

san berbohong padaku? Tidak, tidak hanya itu: dia tidak tahu apa-apa tentang seni? Tidak mungkin seorang jenius artistik seperti Ibuki Kanami tidak tahu sesuatu yang sesederhana itu. Mengapa? Karena itu adalah fakta bahwa siapa pun dengan sedikit pengalaman akan menyadari … Yang berarti … “Yup, tidak tahu apa-apa. "Kata Aikawa-san dengan nada sedikit mengejek. “Ibuki Kanami, pelukis jenius yang tidak bisa melukis. Jadi, bagaimana Anda memecahkan teka-teki ini? "" Yah, eh, apakah Anda mengatakan bahwa Kanami-san adalah penipu? "" Tidak. Pikirkan. Dan kemudian sadar, bung. Ibuki tidak melukis gambar itu. Tapi Ibuki adalah pelukisnya. Jadi, berdasarkan hukum silogisme, Ibuki palsu. Dan dengan demikian, tentu saja, dia tidak bisa melukis. "" Palsu? Tapi, yang palsu akan … Kenapa? Um, maaf. Saya benar-benar bingung. "Aku mencengkeram kepalaku dan berpikir. "Jadi … dengan kata lain … seorang peniru Kanami-san terbunuh, dan yang asli tidak? "Iya nih . Dan Sonoyama Akane yang asli terbunuh. “Bam, pukulan lain di bahu. Otak saya berhenti sejenak. “Katakan apa sekarang? Akane-san? "" Ya. Sonoyama Akane. Jika Anda memikirkannya, itu akan menghilangkan semua kebingungan, bukan? Kenapa Shinya membunuh Ibuki? Sederhana Dia tidak melakukannya. Mengapa Shinya bersekongkol dengan Sonoyama? Sederhana Dia tidak melakukannya. Dia bekerja dengan Ibuki. Ibuki-Nya yang tak tergantikan. "" Jadi Kanami-san dan Akane-san pindah tempat? Kapan? Tunggu sebentar di sini. Saya menghabiskan tiga hari di pulau yang sama dengan mereka berdua. Saya mungkin memiliki ingatan yang buruk, tetapi saya pasti akan tahu jika mereka melakukan pergantian. "" Apa yang saya katakan adalah mereka beralih sebelum itu, sebelum mereka tiba di pulau itu. Saya tidak tahu berapa lama mereka ada di sana, tapi itu sebelum itu. "" Seseorang memiliki rambut pirang dan mata biru. Yang lainnya adalah berambut cokelat yang tampak intelektual. Bagaimana bisa dua orang yang berbeda beralih pla— "" Rambut bisa dicat. Anda dapat memakai kontak berwarna. Jika Anda benar-benar ingin terlihat seperti orang lain, itu sederhana. Terutama ketika orang tersebut memiliki karakteristik yang menonjol. Pikirkan tentang itu . "" Tapi— Jadi foto-foto itu— "" Sepertinya aku sudah bilang ya, Sonoyama melukisnya. Hari itu, saya yakin Anda mengenakan arloji setiap kali Sonoyama melihat Anda. Jadi, dialah yang melukis Anda. Sonoyama … sebagai Ibuki. ”Sonoyama Akane sebagai Ibuki Kanami. Kalau dipikir-pikir, di mana Akane-san pagi

itu? Apakah dia ada di atelier melakukan gambar bunga sakura itu? Apakah itu berarti Akane-san yang melukis saya malam itu? "Kenapa dia—" "Untuk membuat semua orang berpikir dia adalah Ibuki. Tentunya Anda tidak akan pernah bisa menebak pelukis itu bukan dia. Tapi Anda harus mengakui, seluruh kesalahan menonton tidak seperti dia. "Tapi … tapi, Iria-san … dia yang mengundang mereka. Dia seharusnya segera menyadarinya, kan? "" Bagaimana menurutmu? "" Maksudku, dia setidaknya harus melihat foto-foto mereka sebelumnya. " "Foto-foto? Hai sekarang Hai, teman. Jangan buat aku tertawa di sini, sobat. Anda mencoba membuat saya tertawa sampai mati? Beri aku istirahat di sini. Apakah Anda pikir wajah orang terlihat sama di kehidupan nyata seperti di foto? Mereka meninggalkan kesan berbeda, bukan? Itu sebabnya poster yang diinginkan tidak pernah berfungsi. Foto masih bergerak, realitas bergerak. Dan mata manusia memilih sesuatu secara sewenang-wenang. Jadi secara alami, ketika Anda membandingkan keduanya, pikiran Anda menyukai kenyataan. " Dia benar . Kanami-san sendiri mengatakan hal yang sama. Tiba-tiba aku merasakan firasat aneh, benar-benar aneh bahwa aku adalah kriminal sejati dan detektif Aikawa-san di sini terasa panas di pangkuanku. "Kenapa … mengapa mereka melakukan itu?" Itu sebuah lelucon. Mereka beralih tempat sebagai lelucon. Iria dan Rei juga berpindah tempat, kan? Dan mereka mengatakan itu lelucon ketika Anda bertanya mengapa, kan? Itu kesepakatan yang sama. Saya bertanya-tanya siapa yang akan menyadarinya. Akankah ada yang disebut jenius memperhatikan? Bisakah putri penjaga salon ini tahu perbedaan di antara kita? “Setidaknya itulah yang dipikirkan Sonoyama. Oh, yang asli, maksudku. Jadi dia, Shinya, dan Ibuki berkumpul dan membuat rencana ini. Sonoyama ada di kapal. Dia mungkin berpikir itu akan lucu. Para sarjana dapat secara mengejutkan bersedia untuk mengambil bagian dalam kesenangan hedonistik semacam itu. Terutama para preman sistem ER3. Saya yakin Anda tahu itu. Anda benar-benar tepat di tengah-tengahnya. “Informasi itu dari Chii-kun. Ibuki Kanami dan Sonoyama Akane telah bertemu di Chicago. Mereka adalah kenalan. Bukan tidak mungkin mereka telah merencanakan hal seperti itu. Kanami-san dan Akane-san, yang telah bertengkar tak terhitung jumlahnya. Tapi apakah ini berarti semua pertarungan itu hanya sesuatu yang mereka rencanakan sehingga pergantian mereka tidak akan terlihat jelas? "Jadi, bagaimana sekarang?" Bunyinya seperti ini. Ibuki dan

Sonoyama berganti tempat. Ibuki menjadi Sonoyama, Sonoyama menjadi Ibuki. Kemudian salah satu dari mereka terbunuh. Yang tersisa adalah Sonoyama. Sonoyama yang beralih. "Siapa yang mengira wanita itu pernah berpikir mati dan kemudian mengatakan pembunuhnya sebenarnya orang lain?" "Maksudmu Kanami-san menyamar sebagai Akane-san?" Akane-san telah pensiun dari Seven Fools dan memulai sedikit keberadaannya yang tertutup, tetapi tetap menonjol sebagai seorang sarjana. Shinya-san seharusnya tetap di sisinya. "Mengingat fakta bahwa tidak ada yang melaporkan mereka ke polisi, ini tampaknya cukup masuk akal," kata Aikawa-san dengan sinis. “Apa maksudmu itu motifnya? Tapi mengapa mereka melakukannya— ”“ Ha! ”Aikawa-san tertawa ketika dia menyipitkan matanya ke arahku. "Itu pertanyaan yang sangat tidak relevan, sobat. Man, maksudku apa yang akan Anda katakan jika saya bertanya mengapa Anda hidup? "Memang, orang seperti kamu mungkin tidak pernah memikirkannya. Pernahkah Anda ingin menjadi sesuatu? Pernahkah Anda ingin menjadi seseorang? Tidak, maka kamu tidak akan pernah mengerti perasaan Ibuki Kanami, tidak peduli berapa kali aku menjelaskannya. Anda, dengan gaya Anda yang mapan, tidak akan pernah mengerti Ibuki Kanami, bahkan jika Anda bepergian ke empat penjuru bumi. “Saya menyadari itu adalah mesin virtual lain. Palsu. Ada untuk mengelabui perangkat lunak. "Apakah itu berarti kamu mengerti?" Perasaan orang lain di luar pemahaman saya. Tapi sejauh aku punya otak yang bekerja, setidaknya aku bisa membayangkannya. Ya Semua benda yang disegel itu hanyalah permainan anak-anak. Pengalihan untuk mencegah orang mempelajari tujuan mereka yang sebenarnya. Bahkan kamu jadi terganggu oleh semua kamar tertutup dan tanpa kepala yang terjadi sehingga kamu bahkan tidak mempertimbangkan kemungkinan bahwa mereka telah beralih, kan? ”Dia benar. Tapi … tapi itu terlalu mendadak. "Hei, aku tidak bisa percaya semua ini di muka. " "Betul . Tentunya . Sangat berbelit-belit sehingga sulit dipercaya. Sangat berbelit-belit, kata-kata saya kehilangan semua makna dan bahkan kepribadian Anda tidak menjadi masalah. Tapi satu hal yang jelas. Wanita itu membuang bekas cangkangnya yang dikenal sebagai 'Ibuki' dan berhasil dilahirkan kembali sebagai 'Sonoyama. 'Dia benar-benar membajak latar belakang Sonoyama Akane. "Tapi bukankah dia akan ketahuan?" Dia mungkin sudah mempersiapkan ini untuk waktu yang sangat lama. Dan bukankah menurutmu seluruh ide

gila untuk menggantikan Sonoyama, untuk berubah menjadi dirinya, berasal dari kenyataan bahwa wajah mereka mirip dengan permulaan? "" Untuk mengubahnya menjadi … Jadi maksudmu itu sebabnya dia membunuhnya? Maksudku, kurasa jika kamu ingin 'menjadi' seseorang, kamu juga ingin menyingkirkan orang sungguhan, tapi tetap saja … ”Yang pasti, membunuh seseorang adalah cara tercepat untuk menyingkirkan mereka. Dan memang, pulau terpencil di luar pengaruh polisi adalah tempat utama untuk melakukannya. “Jika itu masalahnya, maka itu seharusnya baru berakhir begitu Ibukisan terbunuh. Tidak perlu menjadikan dirinya korban dan bermain mati. "Pegang dirimu, bung. Ya ampun, kamu tidak berguna. Jika dia melakukannya seperti itu, pasti pertanyaan mengapa Ibuki adalah satu-satunya yang terbunuh akan muncul dalam waktu singkat. Itu sebabnya dia harus membuatnya terlihat seperti pembunuhan berantai. Untuk menyembunyikan niatnya yang sebenarnya. Dia harus berpura-pura sebagai pembunuh mengejar semua orang. Bisnis tentang memakan otak setiap orang mungkin ditambahkan sebagai renungan; tidak diragukan lagi setelah dia mendengar kalian membicarakannya. Tetapi bahkan jika dia harus membunuh seseorang, dia mungkin tidak tahan untuk membunuh orang yang tidak bersalah, jadi dia malah berpura-pura menjadi korban sendiri. Ini sangat jelas. Perhitungannya begitu tajam dan menjijikkan. "" Apakah seorang pembunuh benar-benar menaruh begitu banyak rencana ke dalamnya? "" Tidak semua pembunuh adalah maniak haus darah. Sama seperti tidak semua serigala bertindak sama. Dalam mencapai tujuan Anda, adalah wajar untuk mencoba dan menghindari bahaya sebanyak mungkin. Semakin banyak insiden yang Anda sebabkan, semakin banyak petunjuk yang Anda berikan kepada semua orang. Apakah saya salah? ”Shinya-san mengatakan kepada saya bahwa mereka berencana untuk membunuh semua orang, dan saya percaya padanya. Setelah mereka membunuh dua orang, ditambah mencoba membunuh Yayoi-san dan saya sendiri, saya tidak akan pernah bermimpi mereka tahu sesuatu tentang rahmat. Namun … “Tapi dia mencoba membunuh Yayoi-san. "Dia tidak membunuhnya. "Aikawa-san memotong keberatanku dalam satu gerakan. "Kamu membuat asumsi. Anda berasumsi 'Sonoyama Akane' akan membunuh lagi setelah dia pergi sejauh mendaur ulang mayat untuk menyembunyikan dirinya. Itu sebabnya Anda memikirkan jebakan itu, menggunakan Sashirono sebagai umpan. Tapi kamu buta.

"Pikirkan tentang itu . Kemudian sadarilah, kawan, kau menari di telapak tangan Ibuki dan Shinya. Mengapa Shinya akan menunjukkan kantong tidur itu kepadamu? Mengapa Ibuki menghancurkan komputer-komputer itu di pagi hari ketika semua orang jelas-jelas memiliki alibi? ”“ Bahkan itu? ”Semuanya, bahkan itu, sudah dihitung sebelumnya? Mereka sudah memperkirakan — tidak, didiktekan — tindakan kita sejauh itu? Pertikaian di kamar Yayoi-san, kesedihan Kunagisa, semuanya, semuanya ada di telapak tangan mereka? Apakah kita semua tidak lebih dari bidak catur yang terkena strategi begitu licik sehingga tidak ada ruang untuk mengantisipasi langkah selanjutnya? Berpikir sementara kami begitu pintar, kami benar-benar hanya dikendalikan. Dan saya tanpa dasar untuk berdebat. Tapi bukankah ini semua terlalu keterlaluan? Rasa bingung yang samar-samar yang saya rasakan sekarang telah hilang tanpa jejak. Aikawa-san mengulurkan tangan kanannya di depanku dan, menggunakan ujung jari putih yang panjang dan ramping itu, mulai menyikat bibirku. Meskipun saya tidak dapat berbicara dari pengalaman, saya pikir rasanya seperti di. “Surely they had fallen in love with their target's work . Those paintings of Ibuki Kanami's, completely errorless, sans wristwatch and all . 'Now that's an artist,' they probably said . Haha, I'll bet they were originally planning to use me in their scheme . It didn't matter who they used . All they needed was someone to solve the mystery of the sealed rooms . As long as somebody figured out and exposed the truth that 'Sonoyama Akane' wasn't dead and then fingered her as the killer, Ibuki would be reborn and that was all that mattered . ” And she would obtain a magnificent new identity . Enjoying worldwide recognition as a comprehensive scholar . “But, hey, even if she switched backgrounds and managed to turn into someone else, you still have to account for ability . 'Akane-san' is still to this day continuing her life as a wellrounded and outstanding scholar, even though she's retired from the Seven Fools . If those two really did switch places…” “If, huh?” Aikawa-san said . “You're still talking about it in those terms, man? You sure don't know when to give up, do you?” “Based on your detective work, Akane-san is really Kanami-san . But as far as Kunagisa has researched, she's still an active scholar . ” “What's wrong with that? She can paint and study pictures, obviously she's capable of murder, and she's even capable of changing her identity entirely . Doesn't that essentially make her… a genius?” “A genius?” Why had Ibuki-

san been summoned there? Was it not because she possessed extraordinary ability? She was the outsider of all outsiders . The penultimate . Transcendent of boundaries . Yes, that was absolutely… “What was your definition of a genius again, buddy? Someone who's 'far away'? I heard from Iria . But you're wrong . It's a vector, basically… someone who devotes all of the time in his or her entire life to a single direction, to reach a given maximum potential . Human beings can do all sorts of stuff . But if, instead, they just focus on one skill, they can hone it to a ridiculous level . So much so that they seem 'distant,' as you might say . ” A prominent function . The direction of a vector . A restrictive bias . If you set that arrow in a single direction, instead of dispersing every which way… The power of focus . The savant syndrome . An inexhaustible motivation . Pon pon, Aikawa-san smacked me on the shoulder . “You did well, pal . But you're still an amateur . In baseball terms, you're a Little Leaguer, Mr . Pitcher . And just when you thought your opponent was a Little Leaguer, too, she turned out to be Domo-kun, figuratively speaking . Kamu kenal dia? Domo-kun . Before your time?” Aikawa-san said, getting a little friendly as she reeled my shoulders around . “It was just a little premature, trying to end the story before the lead detective arrived, my man . And you were still too green . ” “But… hang on a second here . Kanami-san was in a wheelchair . ” “Any old schmo with working legs can sit in a wheelchair,” she said cynically . “That's all there is to it, really . Even Ibuki Kanami said legs are just a decoration . Sure, they helped in kicking you around, but that's about it . ” “Maybe that's the case for Akane-san . All she had to do was sit in a wheelchair . But Kanami-san was born with bad legs . She couldn't just jump around all over the place like—” “Ibuki Kanami wanted to become Sonoyama Akane . She wanted to take over the identities of others . I wouldn't be surprised if that wasn't the first time Ibuki Kanami had switched places with someone . ” Just how long had Shinya-san been serving Ibuki-san? He had said it was a long time . Since when, exactly? And even now he remained by Akane-san's side . How long would this go on? It was a virtual machine . Simulating the presence of multiple machines . Possessing no one style . Shunning the very concept . “Did…” What about Maki-san? Had the famous, transcendental Himena Maki “known” even this fact? Was she just watching over—or blowing off— the situation with a goofy grin, despite knowing everything? What was real?

What was fake? Who was real? Who was fake? “You can't ask questions,” Aikawa-san giggled . And at last, she pulled the car over to the side of the road . “Tough break, kid . That's all I can say . And you did good . You did real good . How's that for a compliment? But you gotta try a little harder than that . If you've got lingering doubts, don't just blow them off . Settle your suspicions . Make the inconceivable conceivable . Don't write your thoughts off as just a pile of caca . Okay?” “Okay . ” “That's the A answer,” she said, sticking out her dark red tongue . “Well, I'm done bugging you . It's thanks to fellas like you that life's worth living . Saya kira begitu. But pal, you just need to cut down on the slacking a little bit . Human beings can do so much more, so get out there and do it, dammit . ” Then, with a little tilt of her head: “Well, that's it for today . Sampai jumpa . Hey, get outta here, kid, you bother me . ” She had a hell of a nerve tossing me into the car and then kicking me out . But naturally I couldn't muster the energy to contradict her, so I opened the door and stepped out . Looking around to see where I was, I discovered we were right in front of Kunagisa's condominium . If there was ever a street in this world that didn't belong in Kyoto, it was this swanky residential one, Shirosaki . Even Aikawa-san's bloodred car didn't seem out of place here . “Well, there you go…” I nodded, looking up toward the roof of the building . “This really is Heaven . ” “Or Hell . Ha ha . This is where you were headed anyway, right?” “How'd you know?” Aikawa-san pointed at the bag in my hands from the bookstore . Come to think of it, I was on my way to deliver the contents to Kunagisa . But this lady really figured that out just from this bag? She was like… like one of those famous books of yore . Like… Like a detective . “Ha,” Aikawa-san laughed . “Well, if our fates are linked, we shall meet again . Like there's any doubt about that . ” She gave me a regular, noncynical smile and patted me once each on the head and shoulder . Then, pointing to the top floor of the condominium: “Say hi to Kunagisa for me, too,” she said . Now that was a little suspicious . If there was anyone to commend in this case, Kunagisa deserved at least half the credit . So why had Aikawa-san only come to see me? Was she planning to see Kunagisa later? “Aren't you going to see her?” I asked . “You came all this way . You might as well . ” “Nah, that's okay . I saw her yesterday . ” So I was the one on the back burner . The strength drained out from my shoulders . “Ha,” I sighed . “Jun-san…” My final question .

“Then… then what do you live for?” “Like you have to ask . I'm the same as you, Mr . Ii,” she said before stepping on the accelerator, and in another instant the red car had vanished from sight . I stood rigid in that spot for a while, unable to think . Unable to want to think . Sigh… “I feel as if I just ran into a street bandit . ” It was a fairly accurate analogy . I felt an emptiness, like the luggage had been snatched off my back . What was with that lady? Why did she start everything off by kicking the crap out of me? Was she just testing what she heard from Teruko-san? Or was it just payback? Considering she had come all this way to meet me, that was probably it . Payback… for stealing her turn? Maybe that was it, or maybe she was just in “one of those moods,” or maybe it was just as she had claimed, some kind of reward . But maybe none of that mattered, either . At any rate, she didn't seem like a very nice person, and even if I was wrong about that, I wasn't so far wrong that it was uncorrectable . Really… Dammit . Apa ini? I'm surrounded by it here . Benar-benar sekarang . “Really now, this is just a bunch of crappy nonsense . ” Take Akagami Iria . She brought together geniuses, deceived them, tricked them, did anything she wanted only for the sake of her own enjoyment, for the sake of the little world that was all her own . Take the Chiga sisters . All three of them seeming somewhat off, all three were the same, all the while being totally different . They were like the Sierpinski gasket, bearing complete self-similarity, the individual parts and their sum all uniform, all of them exactly the same while being completely different, an infinite abyss inside them impossible for anyone to view . Take Himena Maki . She who had the end of her life to look forward to in two years, she who knew the truth of all things, the truth of everything, and yet all she did was laze around yawning and purring like a kitty . Take Aikawa Jun . A big blur of red in the guise of a detective with a reputation as the world's best contractor, she had shown up on the island and solved the already solved case beyond any shred of doubt, no blade of grass left unchecked, all for no reason, and then vanished in a cloud of cynicism . Take that woman whose name I didn't know, that woman who was no one . Surely, she was a genius . “And then…” And then . And then, take Kunagisa . Nothing really matters to me . The world just does what it wants, and even if it didn't, that would have nothing to do with me, and even if it did have something to do with me, I wouldn't be interested . I've never wanted to become someone, and I've never

felt like there was something I had to do . Sometimes I wonder if that's okay, but in the end, that doesn't really matter to me, either . Somewhere along the way I just cooled off . Tidak, itu tidak benar. Probably, I dried out . Apathetic and indifferent . And that's why Kunagisa was moisture to me . “Moisture, huh,” I thought to myself . Was Shinya-san the same way? Sakaki Shinya, stuck to that woman like a shadow . If so, he and I really were of the same breed, almost too much so . “Hah…” Sigh . I didn't know who our worlds revolved around, but this world revolved around the sun . That's all there was to it, really, and it never amounted to anything more . And that goes for everyone . The truth is always out of my reach . And what's more, I never really care to reach for it . Maybe that was the problem . This was probably what Aikawa-san meant by “slacking . ” “Eh, that doesn't matter . I don't live to sit here and think about those kinds of things, and it's not like I'm trying to change the world or solve its mysteries . When I'm confronted with a puzzle, it's just annoying . If I can just keep on living like this tomorrow, that'll be enough . ” Done talking to myself, I finally began to proceed on foot . Any more thinking would just be a bother . I'd leave it to the people who wanted to do the thinking . No offense to Aikawa-san, but I wasn't looking to give some kind of worth to the world . If anybody asked me why I was alive, I'd probably say just in case . That's about the only reason people have, and that goes for me, you, and everybody . But… But Kunagisa is different . You know, if you were to put it in words . "Terserah . ” With Kunagisa's condo in plain sight, I thought about just going back home right then . I just wanted to throw off that haughty contractor's expectations, that's all . Even if we didn't meet today, we could always meet tomorrow . We could meet up anytime we wanted . Nothing more to it . Hmm, but… My legs came to a halt once again . And I thought . Five years ago, before meeting Kunagisa Tomo, I had nothing . But even reuniting now, even now that we were able to be together forever, I still had nothing . I was empty . It was like… meaningless routine work . Just functioning, just living . “Ah, dammit . ” The contractor's cynical smile crossed my mind . I recalled the “prophet's” words . The lying sisters' words, too . And then, the advice of that woman whose identity remained a mystery . “You should just go . ” Aggravating as it is, my life amounts to little more than just going with the flow . Letting myself be manipulated however people like, however they please, however

they desire . Like a doll . Like a heartless machine . As half-assed as that may seem . And so this ambiguous and mechanical scrawling of unanswered questions, accompanied by a certainty so undercooked it's practically unnatural, comes to its almost predictably anticlimactic end, like a vague, crimson fairy

Bab Epilog

Seminggu telah berlalu sejak kembali ke daratan. Saya akhirnya mulai bersekolah, tetapi ternyata saya tidak bisa beradaptasi karena terlambat saya mulai, saya tidak bisa masuk ke dalam suasana hati. Dan dengan demikian saya menemukan diri saya memotong kelas pagi, berjalan menyusuri West Main Street. Apa yang Anda sebut hari kesehatan mental, atau bermain bohong, jika Anda ingin menjadi brengsek tentang hal itu. Apa yang aku lakukan sepanjang waktu sebelum kembali ke Jepang? Gumamku sendiri kurang lebih menyentuh hati, tapi mereka mungkin sebagian besar tidak berarti. Apakah saya berada di ER3, Kyoto, atau Pulau Bulu Gagak Basah, itu sedikit mengubah saya, sama seperti meninggalkan lima tahun kosong hampir tidak mengubah Kunagisa. Hmm, lebih banyak omong kosong? Aku bergumam sambil melanjutkan perjalananku. Aku berbelok ke selatan, berpikir aku akan kembali ke apartemen Nakadachiuri dan membaca, tetapi yang kuingat hari ini adalah hari ketika majalah favorit Kunagisa dijual, jadi aku mampir di toko buku lokal untuk membeli salinan. “Kunagisa Tomo?” Sejak insiden pulau itu, Kunagisa tetap bersembunyi di rumahnya. Dia sangat tenggelam dalam melakukan segala macam perbaikan pada workstation dan PC dan apa yang akan Anda hancurkan Akane-san. Kali ini dia semua bersemangat, mengatakan bahwa dia akan membangun kembali mereka sepenuhnya dari baja yang tidak dapat diserang, tetapi bagi saya sepertinya ini tidak mungkin secara logis. Tentu saja, yang membuatnya marah adalah urusannya, jadi aku tidak mengatakan apa-apa tentang itu. Adapun Sonoyama Akane-san dan Sakaki Shinya-san, Kunagisa mencari tahu apa yang terjadi pada mereka di Internet, kemungkinan besar menggunakan keterampilan teman lamanya Chiikun. Akane-san telah pensiun dari Seven Fools dan memulai kehidupan yang agak tertutup, tetapi mempertahankan keunggulannya sebagai seorang sarjana. Shinya-san seharusnya tetap di sisinya. Mempertimbangkan fakta bahwa

tidak ada yang melaporkan mereka ke polisi, ini tampaknya cukup masuk akal. Saya memasuki toko buku dan membeli apa yang saya inginkan dengan sertifikat hadiah, lalu berdiri dan membukanya sebentar sebelum meninggalkan toko. Di luar, sebuah convertible yang sangat mencolok — yang tampak mahal — diparkir di depan toko. Itu adalah jenis mobil eksentrik yang akan menonjol bahkan jika ini adalah jalan di tengah-tengah Kyoto. Jenis mobil kelas atas yang Anda lihat di majalah dan sejenisnya. Anda tahu, dengan nama-nama seperti Anaconda atau Viper atau Ratsnake Jepang. Ini mungkin bukan Ratsnake Jepang, tapi aku yakin itu adalah sesuatu dalam keluarga ular. Tapi apa yang mereka lakukan mengendarai mobil seperti ini di jalan Jepang? Atau yang lebih penting, tipe orang seperti apa yang menunggang binatang buas yang konyol ini? Saya melirik tepat pada waktunya untuk melihat pengemudi keluar dari mobil. Agar tidak kalah dengan mobil, pengemudi itu sendiri dihiasi pakaian yang sama mencoloknya. Dia mengenakan kemeja yang terbuka lebar di dalam setelan anggur merah yang pasti akan menarik perhatian orang yang lewat, mau atau tidak. Selain itu, dia mengenakan mantel musim semi yang menutupi bahunya tanpa lengan. Rambutnya yang panjangnya seharusnya mengilap tidak wajar, menunjukkan dia telah menggunakan sejumlah produk rambut yang mahal. Kacamata hitam merah tua benar-benar menyembunyikan matanya. Proporsinya cukup membuat Anda bertanya-tanya apakah dia seorang model, dan dia jangkung. Dia adalah wanita cantik dalam arti yang sebenarnya, tetapi pada saat yang sama, dia adalah tipe wanita cantik yang tidak ingin kamu dekati. Dia terlihat seperti tipe orang yang memiliki banyak kebiasaan buruk dan tidak memiliki daya tarik universal. Ada sesuatu yang menyinggung atau tidak harmonis tentang dirinya. Wow, aku berhasil mengucapkan ucapan takjub. Jadi, mobil-mobil ganteng memang punya pengemudi yang ganteng, pikirku ketika aku menatapnya berjalan ke arahku. Saya membuka jalan untuknya, berpikir dia ingin berhenti di toko buku, tetapi saya salah. Dia berhenti tepat di depan saya. Lalu dia menatapku di balik kacamata hitamnya. Didominasi oleh tatapannya yang meluap-luap, aku mendapati diriku tidak bisa bergerak. Seperti katak dalam tatapan ular. Dan karena itu, saya tidak dapat menghindarinya. Tanpa peringatan, dia membawa kakinya yang panjang ke atas, menenggelamkan kakinya yang berhiaskan pompa ke perutku. Aku meringkuk telungkup ke trotoar. Uguu.Aku merasa seperti akan

muntah sampai tidak ada yang tersisa di perutku. Tetapi tidak ada waktu untuk berteriak. Tanpa belas kasihan atau reservasi, dia mulai menginjak tubuhku yang roboh dengan bagian tumit sepatunya, jadi itu cukup menyakitkan. Seperti yang selalu terjadi ketika Anda dalam masalah, tidak ada satu orang pun di sekitarnya. Ada halte bus di dekat situ, tetapi bus itu pasti baru saja pergi karena tidak ada orang di sana. Sial, pasti hari keberuntunganku. Tetap saja, aku tidak berniat membuat tontonan jelek tentang diriku sendiri dengan berteriak minta tolong. Aku berguling dalam upaya untuk melarikan diri, tetapi ini berakhir dengan kegagalan begitu dia mencengkeram kerahku. Persis seperti itu, dia mengangkatku. Huh.Kau benar-benar tidak menutup mata itu, katanya seolah terkesan. “Wow, ini luar biasa. Ha ha. Itu agak keren. Oke, pokoknya.Halo. Halo. Ayo, ini bukan pemakaman. Apa yang dia bicarakan? Aku bertanya-tanya ketika dia mengencangkan cengkeramannya di leherku. Dia menyeret saya ke mobil convertible dan melemparkan saya ke kursi penumpang seperti koper. Dia sendiri duduk di kursi pengemudi. Dia melepas tirai dan menjejakkan kakinya ke pedal gas. Sepertinya mobil itu sudah idle sepanjang waktu. Dia adalah musuh bagi lingkungan. Saya berpikir sambil menggosok perut dan punggung saya. Um, apa ini? Apa yang sedang terjadi? Apakah ini penculikan? Mengapa saya Banyak hal yang bergerak terlalu cepat bagi saya untuk mengikuti. Sebanyak sembilan belas tahun lamanya saya mengikuti arus, saya hampir tidak pernah terperangkap dalam deras deras seperti ini sebelumnya. Siapa wanita ini? “Um, siapa kamu?” “Hmm? Namaku? Anda hanya menanyakan nama saya di sana, kawan? ”Dia menatapku. Tatapannya bahkan lebih buruk dengan nuansa off. Itu adalah tatapan menakutkan yang sepertinya menembus menembus hatiku. Kehidupan seperti apa yang harus dijalani seseorang untuk mendapatkan pandangan seperti itu? Nama itu Aikawa Juni. Aikawa? Aikawa, Aikawa.Nama itu membunyikan bel. “Aikawa-san?” “Jun baik-baik saja. Suaranya kasar dan masam. Sepertinya sia-sia, mengingat betapa cantiknya dia, tapi mungkin itu cocok dengan kepribadiannya dengan sangat baik. Uh, Jun-san. Pernahkah kita bertemu di suatu tempat? Saya memiliki ingatan yang buruk ketika datang ke kenalan, tapi saya tidak merasa seperti kita pernah bertemu sebelumnya. Pertama kali. Berpikir begitu. ”Bahkan jika kita hanya bertemu sekali, tidak ada yang melupakan seorang wanita seperti ini. Apa itu sekarang? Eh? Maksudmu Iria-

san tidak pernah memberitahumu? ”“ Iria-san? ”Nama itu juga berdering. Uh, Iria-san, Iriasan.Ah. Akhirnya, sirkuit di otakku terhubung. Benar Aku ingat. Jadi, kamu adalah 'detektif,' Aikawa-san? Aku kontraktor independen, tepatnya, katanya sinis. Sepertinya kamu ingat. Kupikir kau bukan wanita. Terima kasih. Itu pujian terbaik yang ada. Dia memukul bahu saya. Lebih dari sedikit mengejutkan mengetahui bahwa Aikawa-san yang telah lama kupikirkan adalah seorang lelaki sebenarnya adalah seorang wanita — dan wanita yang begitu cantik pada saat itu. Tapi kalau dipikir-pikir, kecuali tagalong seperti Shinya-san dan aku, Iria-san kebanyakan membawa wanita yang relatif muda ke pulau itu. Melihatnya seperti itu, aku mungkin seharusnya menyadari Aikawa-san adalah seorang wanita. Tapi Iria-san terus menggunakan kata-kata yang ambigu seperti “pahlawan. Aku akan pergi jauh-jauh ke kampusmu, katanya dengan senyum tegang. Tapi kemudian aku melihatmu berdiri di sana membaca di toko buku itu. Itu kebetulan sekali, jadi kupikir aku akan memberimu peluit. Maksudmu kau mencari aku? Ya. Kupikir aku harus melihat dengan mataku sendiri brengsek macam apa yang menyelinap mencuri pekerjaanku. Berkat kamu, kamu bodoh, aku tidak pernah mendapat giliran saya. Bagaimana Anda akan menebus itu? Tatapannya menembus saya. Sepertinya dia punya pegangan langsung di hatiku. Dalam pikiranku, peristiwa yang terjadi di pulau itu sudah berakhir, jadi perkembangan ini benar-benar di luar dugaanku. “Karena kamu, aku melewatkan pekerjaan. Dan di sini mereka mengatakan kepada saya bahwa itu akan menjadi kasus yang aman dan mudah. Uh, aku.Tidak begitu memahami situasinya, aku memutuskan untuk terus maju dan meminta maaf. Aku benar-benar minta maaf. Tolong maafkan saya. Haha! Aikawa-san tertawa. “Tidak ada alasan untuk meminta maaf. Sebenarnya, saya harus berterima kasih kepada Anda karena membuat semuanya mudah. Yah, yang mana itu? Kegelisahan saya tumbuh secara proporsional dengan ketenangan saya. Situasi apa yang telah saya hadapi? Itu di luar pemahaman. Saya tidak tahu apa yang coba dilakukan oleh karakter Aikawa Jun ini. “Um, kemana kita akan pergi sekarang?” “Surga. Atau mungkin Neraka. Saya lupa. Mereka benar-benar berbeda. Yup, sangat berbeda. Mereka saling bertentangan. Jadi kita akan berakhir di salah satu dari mereka. Dari mana dia menarik barang-barang ini? Dia terus mengemudi tanpa peduli di dunia. Mungkin kita benar-benar menuju Neraka. Tampaknya cukup masuk akal. Dalam

belokan yang relatif tak terduga, mungkin hidup saya hampir berakhir. Tapi saya kira akhir selalu tidak terduga. “Baiklah, sekarang setelah aku melihat wajahmu, itu satu hal untuk menandai daftar yang harus dilakukan. Tinggal satu lagi. Tanpa sedikitpun cadangan, Aikawa-san bersandar pada wajahnya yang memikat tepat di sebelahku. Aku secara refleks tersentak pada keanehannya. Saya tidak terlalu terbiasa untuk melakukan kontak dengan orang lain selain Kunagisa. Um, satu lagi? Apa itu? Oh, aku hanya berpikir aku akan meletakkan salah satu kesengsaraanmu untuk beristirahat, kata Aikawa-san. “Saya seorang kontraktor independen. Ini tugas saya untuk menyelesaikan masalah kecil orang yang sial. Saya mengulurkan tangan untuk menyelamatkan orang-orang dengan masalah yang Anda tidak pernah bisa tangani. Kamu bodoh Jadi itu yang Anda maksud dengan 'kontraktor independen'? Artinya, sejauh detektif juga seseorang yang mengambil kontrak. “Tapi masalah apa yang kumiliki?” “Pada kesempatan langka aku diketahui bekerja untuk amal. Panggil aku berubah-ubah. Ini akan menjadi hadiahmu untuk menyelesaikan kasus terakhir dengan sangat baik sebagai gantinya. Hadiah? Jangan terlalu tegang. Saya mungkin tidak melihatnya, tetapi saya cukup banyak kebaikan. ”Orang baik biasanya tidak mengalahkan orang lain dengan sepatu mereka pada pertemuan pertama. “Nah, yang bermasalah. Anda akan mengambil tangan saya? ”Katanya, menunjukkan telapak tangannya. Apa yang akan terjadi? Keputusan Anda. Dia aneh. Seperti, aneh aneh. Keanehannya berada di liga tersendiri. Jika kamu menetapkan bahwa sekelompok orang gila eksentrik di pulau terpencil favorit kami sebagai rata-rata, keanehan Aikawa-san adalah dari grafik. Namun demikian, saya meraih tangannya dalam sebuah pameran yang jarang terjadi. Manusia yang aneh ini. Bagaimana saya bisa melewatkan ini? Oke, sobat. Dia tersenyum jahat. Mungkin aku tergesa-gesa, pikirku. “Um, sebelum kita membahas sesuatu, apa 'celaka' milikku yang kamu sebutkan ini?” “Itulah satu hal yang harus kamu ketahui lebih baik dariku. Lebih baik. Tidak bisakah kamu menebak? Aku datang untuk menemuimu. Saya. Jadi jelas ini tentang insiden di Pulau Bulu Gagak Basah. Insiden itu? Kataku. Ya. Aikawa-san mengangguk kecil. “Setelah itu, akhirnya aku berkunjung ke pulau. Saya awalnya berencana untuk menjadikannya liburan, jadi saya beruntung kasus ini sudah diselesaikan. Aku sungguh bermaksud itu. Lagi pula, saya berbicara dengan Iria, Hikari, Akari, dan Rei.

Kebetulan, Teruko tidak mengatakan sepatah kata pun. Dia diam seperti biasa. Bahkan saya hanya mendengar suaranya satu kali. Oh ya, ada juga seorang koki dan seorang peramal yang menyeramkan. Ah, aku tidak mau memikirkannya. Ada apa dengan wanita itu ? ”Tiba-tiba geram, dia membanting kemudi, hampir mematahkannya. Jelas ada sesuatu yang terjadi dengan Maki-san di pulau itu. Apa yang telah dilakukan wanita itu sekarang? Yang pasti, Anda bisa tahu hanya dengan melihat bahwa kedua wanita itu tidak kompatibel. Hmph, gerutu Aikawa-san sebelum melanjutkan ceritanya. “Ngomong-ngomong, aku berbicara dengan mereka tentang kejadian itu. Tidak ada detail yang tertinggal. Jadi menurutmu masih ada yang salah? Kataku. Maksudku, bagaimana menurutmu secara pribadi, Aikawa-san? Itu Juni, katanya dengan suara rendah dan suram tiba-tiba. Jangan panggil aku dengan nama belakangku. Hanya musuhku yang melakukannya. Apakah kamu masih berpikir ada sesuatu yang salah, Jun-san? Aku mengoreksi diriku sendiri dan bertanya lagi. Itu lebih baik, dia tersenyum. Suasana hatinya berubah seperti orang gila. Saya akan mengatakan mereka berubah seperti cuaca, tetapi cuaca gunung bahkan tidak sering berubah ini. Tidak, tidak.Aku bukan orang yang merasa tidak puas, sobat. Itu kamu, kan? Anda memecahkan kasus ini. Dan kau melakukannya dengan sangat baik. Anda melakukannya dengan sangat baik sehingga tidak ada yang bisa mengajukan keberatan. Tapi Anda sendiri masih ragu, bukan? Bukankah ada sesuatu yang hilang dari pekerjaan detektif Anda? Saya kehilangan kata-kata. Tidak peduli dengan ini, dia melanjutkan. Apakah saya benar? Anda menyelesaikan kasus ini dalam tiga hari. Sudah sewajarnya seseorang dengan otak seperti milikmu masih ragu. Hentikan saya jika saya salah. Saya tidak bisa mengatakan apa-apa, dan jelas itu bukan karena dia keluar jalur. Itu karena dia memang benar. Tepat Aku.Kunagisa dan aku menjadikan penyelesaian kasus dengan cepat sebagai prioritas dan mendorong keraguan kami sendiri ke sudut yang gelap. Dia telah mengirimkan solusi yang secara pribadi tidak kami setujui. Aikawa-san tersenyum. Perasaan tidak puas itu, keraguan itu, hal-hal yang tampaknya kurang menyenangkan bagimu, brengsek — sudahkah kau tunjuk mereka? Uh, yah.Mengapa Shinya akan membunuh Ibuki? Kenapa Shinya dan Sonoyama bekerja dengan cahoot? ”Dia menjulurkan lidah merah gelapnya dengan memprovokasi. Itu dia, kan? Ya, aku mengangguk dengan enggan. Tapi itu masalah mereka dan, pada akhirnya, tidak

ada orang lain, kan? Itu ada hubungannya dengan motif mereka, dan itu sesuatu yang di luar jangkauanku, jadi. Kamu mirip, kata Aikawa-san. “Tidakkah menurutmu begitu? Bukankah Shinya sendiri yang memberitahumu? Bahwa kau dan dia mirip. 'Sekarang, mengapa orang ini seperti kamu membunuh Ibuki Kanami, satu-satunya orang yang tak tergantikan baginya, versinya tentang' gadis berambut biru 'milikmu? Mungkin itu hanya kesalahpahaman. Jika tidak.Ya, itu mungkin sebenarnya Akane-san yang 'tak tergantikan' dengan Shinya-san. Apakah kamu puas dengan itu? Aikawa-san berkata dengan sarkasme. Tidak mungkin, bukan? Tidak mungkin Anda puas dengan itu. Saya sepenuhnya memahami perasaan Anda. Kau berbelit-belit, kan? Anda benar, Aikawa-san, saya tidak sepenuhnya yakin. Tapi. Itu Juni. Saya bilang tidak memanggil saya dengan nama belakang saya. Aku dilotot lagi. Menakutkan. Jun-san. Kamu benar. Saya tidak sepenuhnya yakin, tetapi tidak ada kemungkinan lain, jadi tidak ada yang bisa saya lakukan. Ketika Anda telah menghapus semua kemungkinan yang tidak mungkin, yang tersisa adalah kebenaran, betapapun mustahil tampaknya. Itu hanya mitos. Jadi maksudmu kamu telah mengambil motif konyol tentang memakan otak orang dengan serius? ”Hah. Saya kehilangan kata-kata. Aikawa-san mencibir, menikmatiku. Sekarang sekarang sekarang, jadilah dirimu bersama. Tenangkan dirimu, kawan. Apakah kamu benar-benar berpikir ada satu orang bodoh di dunia ini yang cukup bodoh untuk percaya jika kamu memakan otak seorang genius, kamu menjadi genius? Bukan hal yang buruk jika ada orang seperti itu. Orang bebas berpikir apa yang mereka inginkan. Setiap orang berhak berpikiran lemah. Tidak ada yang salah dengan itu. Kami memiliki kebebasan berpikir, dan kebebasan untuk menjadi bodoh. Tapi apakah seseorang yang mau menggunakan mayat sebagai kursi pijakan, seseorang yang sama sekali tidak menghargai manusia, benar-benar berpikir seperti itu? Bagaimana menurutmu, bud? ”Ya, memang itu poin yang bagus. Yah, jadi apa? Apa yang kamu katakan? Saya selalu yakin dengan kemampuan saya untuk berbicara di sekitar subjek, tetapi bahkan saya tidak pernah sejauh ini. Itu karena kau di bawahku. Saya tahu sesuatu yang tidak Anda ketahui. Bukan untuk mengatakan Anda tidak kompeten atau apa pun. Anda hanya menyebut diri Anda kompeten? Saya seorang jack-of-all-trade. Jika tidak, saya tidak bisa melakukan pekerjaan seperti ini, ”dia membual. Dia narsis yang hampir menakutkan. Kalau begitu, apa pendapatmu tentang itu,

Jun-san? Anda mengatakan Anda tahu semuanya, kan? Tolong beri tahu saya. Jika Anda baru saja bertanya kepada saya bahwa di tempat pertama kita bisa memotong ke pengejaran, dia tertawa. Ayo, bud. Anda melihat sesuatu yang tidak wajar, bukan? Saya mendengar dari Hikari. Anda menyadarinya, bukan? Lukisan yang Anda modelkan. Mengapa ada arloji yang dilukis? ”Arloji itu? Saya benar-benar lupa tentang itu. “Kamu tidak melupakan itu, kan?” Katanya. Tolong jangan bilang kamu lupa sesuatu yang penting. Tentu saja tidak. Bagaimana saya bisa lupa? Tapi saya pikir itu hanya kesalahan melukis. Kanami-san mengandalkan ingatannya untuk melukis, jadi kupikir itu hanya masalah ingatan. Tidak mungkin. Pada dasarnya tidak mungkin bagi seseorang yang mengklaim ingatan dan persepsinya sama untuk membuat kesalahan seperti itu. Bahkan seandainya itu mungkin, bukankah menurutmu ada alasan lain, bud? Oke, Ai.Jun-san. Bagaimana menurutmu? Aku tidak tahu apa yang dipikirkan orang lain, tapi inilah yang aku, Aikawa Jun, kontraktor terkuat di dunia, telah menyimpulkan: gambar itu tidak dilukis oleh Kanami. Benar. Itulah satu-satunya kemungkinan. Maksudku, pikirkan sebaliknya. Katakanlah Ibuki melukisnya. Jika dia melukisnya, akan aneh kalau ada arloji, kan? Anda tidak mengenakan arloji ketika Anda duduk di depannya. Jadi mungkin itu tidak dilukis olehnya. Kenapa? Apa maksudmu 'mengapa?' Anda sebenarnya tidak melihatnya melukisnya, bukan? Tentu, mungkin ada seniman yang selalu bekerja sendiri, tetapi saya tidak berpikir Ibuki adalah salah satu dari mereka. Saya serahkan bahwa Ibuki tidak mungkin melakukan lukisan itu. Dia tidak bisa? Kanami-san adalah seorang seniman. Dia terkenal. Tentunya dia bisa melukis itu. Banyak seniman telah menggunakan pelukis hantu palsu, katanya seolah-olah itu sudah jelas. Sekitar lima puluh ribu. Tidak aneh jika Ibuki adalah salah satu dari mereka. Tidak aneh sama sekali. Jadi menurutmu Kanami-san itu penipu? Pikirkan saja, kata Aikawa-san. “Kamu bukan pelukis?” “Seni bukan keahlianku. Jadi, Anda mungkin berpikir sesuatu seperti 'orang ini adalah seorang seniman sampai ke puncak,' bukan? Mengapa wanita ini tahu apa yang orang pikirkan dengan sangat akurat? Dia mengingatkan saya pada Maki-san, tetapi mengatakan kepadanya bahwa ini akan membuatnya marah, jadi saya tetap diam. Jangan membandingkan aku dengan karakter samar itu. Hei sekarang. Dia menatapku dengan seringai. Jangan bungkam sekarang. Itu hanya trik dasar membaca pikiran. Itu

hanya teknik. Dengan sedikit latihan, siapa pun bisa melakukannya. Tapi selain itu, menurutmu kenapa Ibuki seorang seniman? Kenapa? Yah, aku.Kucing punya lidah. Ini tidak seperti kamu pernah melihat dia melukis apa pun, kan? Dia hanya mengatakan itu padamu, bud. Anda mendengar apa yang dia katakan, dan kemudian, hanya berdasarkan itu, Anda menganggap dia seorang seniman. Aku juga melihat lukisannya. Seperti salah satu bunga sakura dan lainnya. Tapi kamu tidak melihatnya melukisnya, kan? Astaga, untuk seseorang yang tidak mempercayai siapa pun, kau sungguh naif. Sepertinya Anda tidak mempercayai siapa pun, tetapi Anda juga tidak meragukannya, atau seperti Anda hanya menahan semua kesimpulan tanpa batas. Kamu baru saja mengambil tumpukan doo-doo Ibuki yang mengepul. Doo-doo? Apakah dia mengatakan doo-doo? Apakah semua yang dikatakan Kanami-san tidak lebih dari doo-doo? Bagaimana aku bisa tahu— “Oh, bagaimana kamu bisa tahu?” Aikawa-san memukuliku sampai ke pukulan dengan kalimatku sendiri. Saya berharap. Saya benar-benar heran, sobat. Jika ada sesuatu yang ingin Anda katakan, lakukanlah. Itu bukan cara untuk meminta bantuan. Tolong beritahu aku. Dia tersenyum. Dia mungkin sedikit kekanak-kanakan dari yang saya kira. “Seperti hal berpakaian keseluruhan. Ketika Anda menjadi model untuknya, Anda melihatnya mengenakan gaunnya, dan apa yang Anda katakan? Anda berkata, Kamu akan melukis seperti itu? kan? ”Saya tidak tahu dari siapa dia mendengar itu (dan hanya Maki-san yang mungkin tahu), tetapi dia benar. Seorang seniman sejati tidak pernah mencemari pakaiannya dengan bahan lukisan, gumam Aikawa-san. Dan tiba-tiba, Seperti orang seperti itu benar-benar ada! Teriaknya. Itu tidak mungkin! Bahkan jika dia tidak membuat pakaiannya kotor, mereka akan basah kuyup! Ini bukan masalah bisa dan tidak bisa — orang tidak melakukannya! Apakah kamu tidak memperhatikan hal-hal ini, tolol? ”Ini bukan tindakan, dia benar-benar tampak marah. Saya meringkuk dalam keseriusan. Saya pikir saya akan ditumbuk. Tiba-tiba aku mengerti maksud Hikari-san. Seseorang yang “pemarah”, ya? “Ngomong-ngomong, saat kamu bekerja dengan cat di atas kanvas, setidaknya kamu memakai celemek. Bahkan jika Anda payah pada seni, itu hanya akal sehat. Yakin. Tetapi jika itu masalahnya, maka.Lalu apa artinya itu? Kanami-san berbohong padaku? Tidak, tidak hanya itu: dia tidak tahu apa-apa tentang seni? Tidak mungkin seorang jenius artistik seperti Ibuki Kanami

tidak tahu sesuatu yang sesederhana itu. Mengapa? Karena itu adalah fakta bahwa siapa pun dengan sedikit pengalaman akan menyadari.Yang berarti.“Yup, tidak tahu apa-apa. Kata Aikawa-san dengan nada sedikit mengejek. “Ibuki Kanami, pelukis jenius yang tidak bisa melukis. Jadi, bagaimana Anda memecahkan teka-teki ini? Yah, eh, apakah Anda mengatakan bahwa Kanami-san adalah penipu? Tidak. Pikirkan. Dan kemudian sadar, bung. Ibuki tidak melukis gambar itu. Tapi Ibuki adalah pelukisnya. Jadi, berdasarkan hukum silogisme, Ibuki palsu. Dan dengan demikian, tentu saja, dia tidak bisa melukis. Palsu? Tapi, yang palsu akan.Kenapa? Um, maaf. Saya benar-benar bingung. Aku mencengkeram kepalaku dan berpikir. Jadi.dengan kata lain.seorang peniru Kanami-san terbunuh, dan yang asli tidak? Iya nih. Dan Sonoyama Akane yang asli terbunuh. “Bam, pukulan lain di bahu. Otak saya berhenti sejenak. “Katakan apa sekarang? Akane-san? Ya. Sonoyama Akane. Jika Anda memikirkannya, itu akan menghilangkan semua kebingungan, bukan? Kenapa Shinya membunuh Ibuki? Sederhana Dia tidak melakukannya. Mengapa Shinya bersekongkol dengan Sonoyama? Sederhana Dia tidak melakukannya. Dia bekerja dengan Ibuki. Ibuki-Nya yang tak tergantikan. Jadi Kanami-san dan Akane-san pindah tempat? Kapan? Tunggu sebentar di sini. Saya menghabiskan tiga hari di pulau yang sama dengan mereka berdua. Saya mungkin memiliki ingatan yang buruk, tetapi saya pasti akan tahu jika mereka melakukan pergantian. Apa yang saya katakan adalah mereka beralih sebelum itu, sebelum mereka tiba di pulau itu. Saya tidak tahu berapa lama mereka ada di sana, tapi itu sebelum itu. Seseorang memiliki rambut pirang dan mata biru. Yang lainnya adalah berambut cokelat yang tampak intelektual. Bagaimana bisa dua orang yang berbeda beralih pla— Rambut bisa dicat. Anda dapat memakai kontak berwarna. Jika Anda benar-benar ingin terlihat seperti orang lain, itu sederhana. Terutama ketika orang tersebut memiliki karakteristik yang menonjol. Pikirkan tentang itu. Tapi— Jadi foto-foto itu— Sepertinya aku sudah bilang ya, Sonoyama melukisnya. Hari itu, saya yakin Anda mengenakan arloji setiap kali Sonoyama melihat Anda. Jadi, dialah yang melukis Anda. Sonoyama.sebagai Ibuki. ”Sonoyama Akane sebagai Ibuki Kanami. Kalau dipikir-pikir, di mana Akane-san pagi itu? Apakah dia ada di atelier melakukan gambar bunga sakura itu? Apakah itu berarti Akane-san yang melukis saya malam itu? Kenapa dia—

Untuk membuat semua orang berpikir dia adalah Ibuki. Tentunya Anda tidak akan pernah bisa menebak pelukis itu bukan dia. Tapi Anda harus mengakui, seluruh kesalahan menonton tidak seperti dia. Tapi.tapi, Iria-san.dia yang mengundang mereka. Dia seharusnya segera menyadarinya, kan? Bagaimana menurutmu? Maksudku, dia setidaknya harus melihat foto-foto mereka sebelumnya. Foto-foto? Hai sekarang Hai, teman. Jangan buat aku tertawa di sini, sobat. Anda mencoba membuat saya tertawa sampai mati? Beri aku istirahat di sini. Apakah Anda pikir wajah orang terlihat sama di kehidupan nyata seperti di foto? Mereka meninggalkan kesan berbeda, bukan? Itu sebabnya poster yang diinginkan tidak pernah berfungsi. Foto masih bergerak, realitas bergerak. Dan mata manusia memilih sesuatu secara sewenang-wenang. Jadi secara alami, ketika Anda membandingkan keduanya, pikiran Anda menyukai kenyataan. Dia benar. Kanami-san sendiri mengatakan hal yang sama. Tiba-tiba aku merasakan firasat aneh, benar-benar aneh bahwa aku adalah kriminal sejati dan detektif Aikawa-san di sini terasa panas di pangkuanku. Kenapa.mengapa mereka melakukan itu? Itu sebuah lelucon. Mereka beralih tempat sebagai lelucon. Iria dan Rei juga berpindah tempat, kan? Dan mereka mengatakan itu lelucon ketika Anda bertanya mengapa, kan? Itu kesepakatan yang sama. Saya bertanya-tanya siapa yang akan menyadarinya. Akankah ada yang disebut jenius memperhatikan? Bisakah putri penjaga salon ini tahu perbedaan di antara kita? “Setidaknya itulah yang dipikirkan Sonoyama. Oh, yang asli, maksudku. Jadi dia, Shinya, dan Ibuki berkumpul dan membuat rencana ini. Sonoyama ada di kapal. Dia mungkin berpikir itu akan lucu. Para sarjana dapat secara mengejutkan bersedia untuk mengambil bagian dalam kesenangan hedonistik semacam itu. Terutama para preman sistem ER3. Saya yakin Anda tahu itu. Anda benar-benar tepat di tengah-tengahnya. “Informasi itu dari Chii-kun. Ibuki Kanami dan Sonoyama Akane telah bertemu di Chicago. Mereka adalah kenalan. Bukan tidak mungkin mereka telah merencanakan hal seperti itu. Kanami-san dan Akane-san, yang telah bertengkar tak terhitung jumlahnya. Tapi apakah ini berarti semua pertarungan itu hanya sesuatu yang mereka rencanakan sehingga pergantian mereka tidak akan terlihat jelas? Jadi, bagaimana sekarang? Bunyinya seperti ini. Ibuki dan Sonoyama berganti tempat. Ibuki menjadi Sonoyama, Sonoyama menjadi Ibuki. Kemudian salah satu dari mereka terbunuh. Yang

tersisa adalah Sonoyama. Sonoyama yang beralih. Siapa yang mengira wanita itu pernah berpikir mati dan kemudian mengatakan pembunuhnya sebenarnya orang lain? Maksudmu Kanami-san menyamar sebagai Akane-san? Akane-san telah pensiun dari Seven Fools dan memulai sedikit keberadaannya yang tertutup, tetapi tetap menonjol sebagai seorang sarjana. Shinya-san seharusnya tetap di sisinya. Mengingat fakta bahwa tidak ada yang melaporkan mereka ke polisi, ini tampaknya cukup masuk akal, kata Aikawa-san dengan sinis. “Apa maksudmu itu motifnya? Tapi mengapa mereka melakukannya— ”“ Ha! ”Aikawa-san tertawa ketika dia menyipitkan matanya ke arahku. Itu pertanyaan yang sangat tidak relevan, sobat. Man, maksudku apa yang akan Anda katakan jika saya bertanya mengapa Anda hidup? Memang, orang seperti kamu mungkin tidak pernah memikirkannya. Pernahkah Anda ingin menjadi sesuatu? Pernahkah Anda ingin menjadi seseorang? Tidak, maka kamu tidak akan pernah mengerti perasaan Ibuki Kanami, tidak peduli berapa kali aku menjelaskannya. Anda, dengan gaya Anda yang mapan, tidak akan pernah mengerti Ibuki Kanami, bahkan jika Anda bepergian ke empat penjuru bumi. “Saya menyadari itu adalah mesin virtual lain. Palsu. Ada untuk mengelabui perangkat lunak. Apakah itu berarti kamu mengerti? Perasaan orang lain di luar pemahaman saya. Tapi sejauh aku punya otak yang bekerja, setidaknya aku bisa membayangkannya. Ya Semua benda yang disegel itu hanyalah permainan anak-anak. Pengalihan untuk mencegah orang mempelajari tujuan mereka yang sebenarnya. Bahkan kamu jadi terganggu oleh semua kamar tertutup dan tanpa kepala yang terjadi sehingga kamu bahkan tidak mempertimbangkan kemungkinan bahwa mereka telah beralih, kan? ”Dia benar. Tapi.tapi itu terlalu mendadak. Hei, aku tidak bisa percaya semua ini di muka. Betul. Tentunya. Sangat berbelit-belit sehingga sulit dipercaya. Sangat berbelit-belit, kata-kata saya kehilangan semua makna dan bahkan kepribadian Anda tidak menjadi masalah. Tapi satu hal yang jelas. Wanita itu membuang bekas cangkangnya yang dikenal sebagai 'Ibuki' dan berhasil dilahirkan kembali sebagai 'Sonoyama. 'Dia benar-benar membajak latar belakang Sonoyama Akane. Tapi bukankah dia akan ketahuan? Dia mungkin sudah mempersiapkan ini untuk waktu yang sangat lama. Dan bukankah menurutmu seluruh ide gila untuk menggantikan Sonoyama, untuk berubah menjadi dirinya, berasal dari kenyataan bahwa wajah mereka mirip dengan permulaan?

Untuk mengubahnya menjadi.Jadi maksudmu itu sebabnya dia membunuhnya? Maksudku, kurasa jika kamu ingin 'menjadi' seseorang, kamu juga ingin menyingkirkan orang sungguhan, tapi tetap saja.”Yang pasti, membunuh seseorang adalah cara tercepat untuk menyingkirkan mereka. Dan memang, pulau terpencil di luar pengaruh polisi adalah tempat utama untuk melakukannya. “Jika itu masalahnya, maka itu seharusnya baru berakhir begitu Ibukisan terbunuh. Tidak perlu menjadikan dirinya korban dan bermain mati. Pegang dirimu, bung. Ya ampun, kamu tidak berguna. Jika dia melakukannya seperti itu, pasti pertanyaan mengapa Ibuki adalah satu-satunya yang terbunuh akan muncul dalam waktu singkat. Itu sebabnya dia harus membuatnya terlihat seperti pembunuhan berantai. Untuk menyembunyikan niatnya yang sebenarnya. Dia harus berpura-pura sebagai pembunuh mengejar semua orang. Bisnis tentang memakan otak setiap orang mungkin ditambahkan sebagai renungan; tidak diragukan lagi setelah dia mendengar kalian membicarakannya. Tetapi bahkan jika dia harus membunuh seseorang, dia mungkin tidak tahan untuk membunuh orang yang tidak bersalah, jadi dia malah berpura-pura menjadi korban sendiri. Ini sangat jelas. Perhitungannya begitu tajam dan menjijikkan. Apakah seorang pembunuh benar-benar menaruh begitu banyak rencana ke dalamnya? Tidak semua pembunuh adalah maniak haus darah. Sama seperti tidak semua serigala bertindak sama. Dalam mencapai tujuan Anda, adalah wajar untuk mencoba dan menghindari bahaya sebanyak mungkin. Semakin banyak insiden yang Anda sebabkan, semakin banyak petunjuk yang Anda berikan kepada semua orang. Apakah saya salah? ”Shinya-san mengatakan kepada saya bahwa mereka berencana untuk membunuh semua orang, dan saya percaya padanya. Setelah mereka membunuh dua orang, ditambah mencoba membunuh Yayoi-san dan saya sendiri, saya tidak akan pernah bermimpi mereka tahu sesuatu tentang rahmat. Namun.“Tapi dia mencoba membunuh Yayoi-san. Dia tidak membunuhnya. Aikawa-san memotong keberatanku dalam satu gerakan. Kamu membuat asumsi. Anda berasumsi 'Sonoyama Akane' akan membunuh lagi setelah dia pergi sejauh mendaur ulang mayat untuk menyembunyikan dirinya. Itu sebabnya Anda memikirkan jebakan itu, menggunakan Sashirono sebagai umpan. Tapi kamu buta. Pikirkan tentang itu. Kemudian sadarilah, kawan, kau menari di telapak tangan Ibuki dan Shinya. Mengapa Shinya akan

menunjukkan kantong tidur itu kepadamu? Mengapa Ibuki menghancurkan komputer-komputer itu di pagi hari ketika semua orang jelas-jelas memiliki alibi? ”“ Bahkan itu? ”Semuanya, bahkan itu, sudah dihitung sebelumnya? Mereka sudah memperkirakan — tidak, didiktekan — tindakan kita sejauh itu? Pertikaian di kamar Yayoi-san, kesedihan Kunagisa, semuanya, semuanya ada di telapak tangan mereka? Apakah kita semua tidak lebih dari bidak catur yang terkena strategi begitu licik sehingga tidak ada ruang untuk mengantisipasi langkah selanjutnya? Berpikir sementara kami begitu pintar, kami benar-benar hanya dikendalikan. Dan saya tanpa dasar untuk berdebat. Tapi bukankah ini semua terlalu keterlaluan? Rasa bingung yang samar-samar yang saya rasakan sekarang telah hilang tanpa jejak. Aikawa-san mengulurkan tangan kanannya di depanku dan, menggunakan ujung jari putih yang panjang dan ramping itu, mulai menyikat bibirku. Meskipun saya tidak dapat berbicara dari pengalaman, saya pikir rasanya seperti di.“Surely they had fallen in love with their target's work.Those paintings of Ibuki Kanami's, completely errorless, sans wristwatch and all.'Now that's an artist,' they probably said.Haha, I'll bet they were originally planning to use me in their scheme.It didn't matter who they used.All they needed was someone to solve the mystery of the sealed rooms.As long as somebody figured out and exposed the truth that 'Sonoyama Akane' wasn't dead and then fingered her as the killer, Ibuki would be reborn and that was all that mattered.” And she would obtain a magnificent new identity.Enjoying worldwide recognition as a comprehensive scholar.“But, hey, even if she switched backgrounds and managed to turn into someone else, you still have to account for ability.'Akane-san' is still to this day continuing her life as a wellrounded and outstanding scholar, even though she's retired from the Seven Fools.If those two really did switch places…” “If, huh?” Aikawa-san said.“You're still talking about it in those terms, man? You sure don't know when to give up, do you?” “Based on your detective work, Akane-san is really Kanami-san.But as far as Kunagisa has researched, she's still an active scholar.” “What's wrong with that? She can paint and study pictures, obviously she's capable of murder, and she's even capable of changing her identity entirely.Doesn't that essentially make her… a genius?” “A genius?” Why had Ibuki-san been summoned there? Was it not because she possessed extraordinary ability? She was the outsider of all outsiders.The penultimate.Transcendent of

boundaries.Yes, that was absolutely… “What was your definition of a genius again, buddy? Someone who's 'far away'? I heard from Iria.But you're wrong.It's a vector, basically… someone who devotes all of the time in his or her entire life to a single direction, to reach a given maximum potential.Human beings can do all sorts of stuff.But if, instead, they just focus on one skill, they can hone it to a ridiculous level.So much so that they seem 'distant,' as you might say.” A prominent function.The direction of a vector.A restrictive bias.If you set that arrow in a single direction, instead of dispersing every which way… The power of focus.The savant syndrome.An inexhaustible motivation.Pon pon, Aikawa-san smacked me on the shoulder.“You did well, pal.But you're still an amateur.In baseball terms, you're a Little Leaguer, Mr.Pitcher.And just when you thought your opponent was a Little Leaguer, too, she turned out to be Domo-kun, figuratively speaking. Kamu kenal dia? Domo-kun.Before your time?” Aikawa-san said, getting a little friendly as she reeled my shoulders around.“It was just a little premature, trying to end the story before the lead detective arrived, my man.And you were still too green.” “But… hang on a second here.Kanami-san was in a wheelchair.” “Any old schmo with working legs can sit in a wheelchair,” she said cynically.“That's all there is to it, really.Even Ibuki Kanami said legs are just a decoration.Sure, they helped in kicking you around, but that's about it.” “Maybe that's the case for Akane-san.All she had to do was sit in a wheelchair.But Kanami-san was born with bad legs.She couldn't just jump around all over the place like—” “Ibuki Kanami wanted to become Sonoyama Akane.She wanted to take over the identities of others.I wouldn't be surprised if that wasn't the first time Ibuki Kanami had switched places with someone.” Just how long had Shinya-san been serving Ibuki-san? He had said it was a long time.Since when, exactly? And even now he remained by Akane-san's side.How long would this go on? It was a virtual machine.Simulating the presence of multiple machines.Possessing no one style.Shunning the very concept.“Did…” What about Maki-san? Had the famous, transcendental Himena Maki “known” even this fact? Was she just watching over—or blowing off— the situation with a goofy grin, despite knowing everything? What was real? What was fake? Who was real? Who was fake? “You can't ask questions,” Aikawa-san giggled.And at last, she pulled the car over to the side of the road.“Tough break, kid.That's all I can say.And

you did good.You did real good.How's that for a compliment? But you gotta try a little harder than that.If you've got lingering doubts, don't just blow them off.Settle your suspicions.Make the inconceivable conceivable.Don't write your thoughts off as just a pile of caca.Okay?" "Okay." "That's the A answer," she said, sticking out her dark red tongue."Well, I'm done bugging you.It's thanks to fellas like you that life's worth living. Saya kira begitu.But pal, you just need to cut down on the slacking a little bit.Human beings can do so much more, so get out there and do it, dammit." Then, with a little tilt of her head: "Well, that's it for today. Sampai jumpa.Hey, get outta here, kid, you bother me." She had a hell of a nerve tossing me into the car and then kicking me out.But naturally I couldn't muster the energy to contradict her, so I opened the door and stepped out.Looking around to see where I was, I discovered we were right in front of Kunagisa's condominium.If there was ever a street in this world that didn't belong in Kyoto, it was this swanky residential one, Shirosaki.Even Aikawa-san's bloodred car didn't seem out of place here."Well, there you go…" I nodded, looking up toward the roof of the building."This really is Heaven." "Or Hell. Ha ha.This is where you were headed anyway, right?" "How'd you know?" Aikawa-san pointed at the bag in my hands from the bookstore.Come to think of it, I was on my way to deliver the contents to Kunagisa.But this lady really figured that out just from this bag? She was like… like one of those famous books of yore.Like… Like a detective."Ha," Aikawa-san laughed."Well, if our fates are linked, we shall meet again.Like there's any doubt about that." She gave me a regular, noncynical smile and patted me once each on the head and shoulder.Then, pointing to the top floor of the condominium: "Say hi to Kunagisa for me, too," she said.Now that was a little suspicious.If there was anyone to commend in this case, Kunagisa deserved at least half the credit.So why had Aikawa-san only come to see me? Was she planning to see Kunagisa later? "Aren't you going to see her?" I asked."You came all this way.You might as well." "Nah, that's okay.I saw her yesterday." So I was the one on the back burner.The strength drained out from my shoulders."Ha," I sighed."Jun-san…" My final question."Then… then what do you live for?" "Like you have to ask.I'm the same as you, Mr.Ii," she said before stepping on the accelerator, and in another instant the red car had vanished from sight.I stood rigid in that spot for a while, unable to think.Unable to want to

think.Sigh… “I feel as if I just ran into a street bandit.” It was a fairly accurate analogy.I felt an emptiness, like the luggage had been snatched off my back.What was with that lady? Why did she start everything off by kicking the crap out of me? Was she just testing what she heard from Teruko-san? Or was it just payback? Considering she had come all this way to meet me, that was probably it.Payback… for stealing her turn? Maybe that was it, or maybe she was just in “one of those moods,” or maybe it was just as she had claimed, some kind of reward.But maybe none of that mattered, either.At any rate, she didn't seem like a very nice person, and even if I was wrong about that, I wasn't so far wrong that it was uncorrectable.Really… Dammit. Apa ini? I'm surrounded by it here. Benar-benar sekarang.“Really now, this is just a bunch of crappy nonsense.” Take Akagami Iria.She brought together geniuses, deceived them, tricked them, did anything she wanted only for the sake of her own enjoyment, for the sake of the little world that was all her own.Take the Chiga sisters.All three of them seeming somewhat off, all three were the same, all the while being totally different.They were like the Sierpinski gasket, bearing complete self-similarity, the individual parts and their sum all uniform, all of them exactly the same while being completely different, an infinite abyss inside them impossible for anyone to view.Take Himena Maki.She who had the end of her life to look forward to in two years, she who knew the truth of all things, the truth of everything, and yet all she did was laze around yawning and purring like a kitty.Take Aikawa Jun.A big blur of red in the guise of a detective with a reputation as the world's best contractor, she had shown up on the island and solved the already solved case beyond any shred of doubt, no blade of grass left unchecked, all for no reason, and then vanished in a cloud of cynicism.Take that woman whose name I didn't know, that woman who was no one.Surely, she was a genius.“And then…” And then.And then, take Kunagisa.Nothing really matters to me.The world just does what it wants, and even if it didn't, that would have nothing to do with me, and even if it did have something to do with me, I wouldn't be interested.I've never wanted to become someone, and I've never felt like there was something I had to do.Sometimes I wonder if that's okay, but in the end, that doesn't really matter to me, either.Somewhere along the way I just cooled off. Tidak, itu tidak benar.Probably, I dried out.Apathetic and indifferent.And that's why Kunagisa was moisture

to me.“Moisture, huh,” I thought to myself.Was Shinya-san the same way? Sakaki Shinya, stuck to that woman like a shadow.If so, he and I really were of the same breed, almost too much so.“Hah…” Sigh.I didn't know who our worlds revolved around, but this world revolved around the sun.That's all there was to it, really, and it never amounted to anything more.And that goes for everyone.The truth is always out of my reach.And what's more, I never really care to reach for it.Maybe that was the problem.This was probably what Aikawa-san meant by “slacking.” “Eh, that doesn't matter.I don't live to sit here and think about those kinds of things, and it's not like I'm trying to change the world or solve its mysteries.When I'm confronted with a puzzle, it's just annoying.If I can just keep on living like this tomorrow, that'll be enough.” Done talking to myself, I finally began to proceed on foot.Any more thinking would just be a bother.I'd leave it to the people who wanted to do the thinking.No offense to Aikawa-san, but I wasn't looking to give some kind of worth to the world.If anybody asked me why I was alive, I'd probably say just in case.That's about the only reason people have, and that goes for me, you, and everybody.But… But Kunagisa is different.You know, if you were to put it in words. Terserah.” With Kunagisa's condo in plain sight, I thought about just going back home right then.I just wanted to throw off that haughty contractor's expectations, that's all.Even if we didn't meet today, we could always meet tomorrow.We could meet up anytime we wanted.Nothing more to it.Hmm, but… My legs came to a halt once again.And I thought.Five years ago, before meeting Kunagisa Tomo, I had nothing.But even reuniting now, even now that we were able to be together forever, I still had nothing.I was empty.It was like… meaningless routine work.Just functioning, just living.“Ah, dammit.” The contractor's cynical smile crossed my mind.I recalled the “prophet's” words.The lying sisters' words, too.And then, the advice of that woman whose identity remained a mystery.“You should just go.” Aggravating as it is, my life amounts to little more than just going with the flow.Letting myself be manipulated however people like, however they please, however they desire.Like a doll.Like a heartless machine.As half-assed as that may seem.And so this ambiguous and mechanical scrawling of unanswered questions, accompanied by a certainty so undercooked it's practically unnatural, comes to its almost predictably anticlimactic end, like a vague, crimson fairy

Prolog Bab

Mimpi tidak jadi kenyataan dengan mudah. Yah begitulah . Maksudku, aku hampir tidak bisa menangani kenyataan. Jadi, dengan kata lain, semua keinginan hampir tidak mungkin tercapai. Ya, tapi tidak semua hal yang hampir tak mungkin tercapai adalah harapan. Itu adalah satu bagian dari Zerozaki dan aku. Contoh kecil dari percakapan kami. Anggap saja itu bukan omong kosong yang tidak masuk akal seperti saya yang ada di sana. Bayangkan, sebagai gantinya, itu adalah seseorang yang setidaknya memiliki sedikit keraguan tentang dunia — orang itu masih akan memiliki pengalaman yang kurang lebih serupa dalam percakapan dengan Zerozaki. Ketika Anda berbicara dengannya, pertukaran itu tidak dipengaruhi oleh empati yang disediakan murah, atau keinginan menyedihkan untuk menyesuaikan diri. Juga tidak pernah merupakan produk dari sinkronisitas ajaib yang umum Anda lihat di mana-mana. Sebaliknya, percakapan dengan Zerozaki adalah ranah meditatif di dalam cermin, yang mendahului makna dan konseptualisasi; Itu hanya berkata, "Ini adalah apa adanya. "Tidak ada setitik realisme, atau fragmen kebutuhan, atau segmen formula teoretis, atau klarifikasi atau clownification, tidak ada embusan kongruensi dan tidak ada kata seperti kiasan, tidak ada solusi atau ilusi, tidak setetes kewaspadaan. , bukan garis tatanan dunia, dan di atas segalanya, tidak ada romansa. Akan tetapi, komedi sejati dari itu adalah bahwa meskipun semua hal yang tidak dia bicarakan, masih ada sesuatu. Itu adalah jenis komedi yang melahirkan kesedihan, menuntut belas kasihan, dan yang memiliki suasana yang bahkan lebih pedih. Saya pikir dia adalah penyimpangan untuk memulai. Tidak tersentuh. Ketika saya berpikir tentang Zerozaki sebagai seseorang "di sisi lain air" —sebagai orang yang saya lihat di sisi lain ketika saya melihat bayangan saya di permukaan air — itulah satu-satunya cara saya dapat berpikir untuk memahami dia. Dan tanpa bisa memahaminya, sama sekali tidak ada gunanya mencoba memasukkan keberadaannya ke dalam

kata-kata. Tapi sekali lagi, terlepas dari apa dia mungkin, apakah ada artinya bagi Zerozaki? Jika dia seperti saya dan tidak memiliki makna apa pun, maka untuk melihat Zerozaki dari luar dan berharap untuk datang dengan segala jenis penilaian adalah kereta pemikiran yang salah arah sejak awal. Bagaimana orang bisa menggambarkan sensasi ini? Menjelaskan kisah ajaib ini, yang sepenuhnya terlalu familier? Berada bersama Zerozaki seperti menatap wajahku sendiri dan berbicara pada diriku sendiri. Ya Itu adalah pertemuan kebetulan yang mustahil untuk dimulai. PROLOGUE ■■■ ix Mungkin semuanya sudah dimulai sejak dulu, dengan pengalaman pertama kami. Kata pertama yang kami dengar. Ingatan akar kita. Masa lalu yang mudah diingat dan mudah digambarkan secara metaforis. Kami bepergian ke arah yang sama dari titik yang sama. Dari sebelum awal hari. Seperti pantulan di cermin. Artinya, saya pikir kami mirip. Kami seperti dua figur yang kongruen, sangat mirip sehingga tidak perlu untuk pembuktian geometris. Dan kami berdua sangat sadar akan hal ini. Dari sudut pandang subjektif, ketika kami berbicara satu sama lain, tentu saja saya sendiri; dan Zerozaki, tentu saja, Zerozaki. Tak satu pun dari kami yang lebih atau kurang dari itu, dan kami sangat menyadari hal ini. Namun kami mengidentifikasi satu sama lain, disatukan satu sama lain. Itulah paradoks yang kami bagikan — sebuah paradoks yang melampaui keterbatasan bahasa. Dia berada di sisi berlawanan dari permukaan air. Sekarang bayangkan seorang gadis muda yang tidak bersalah. Bayangkan pertama kali dia melihat ke cermin. Tentunya, dalam kepolosannya yang sempurna, dia tidak tahu bahwa gambar di hadapannya hanyalah refleksi dari cahaya. Sebaliknya, dia membayangkan. Dia menciptakan sesuatu yang lebih: di sisi lain dari cermin, dia melihat dunia tanpa akhir, dipisahkan darinya oleh satu panel. Replika sempurna dari "di sini," namun ada di tempat yang jauh. Paradoks besar dunia — hidup di dalam imajinasinya. Bukan ketidaktahuan yang memungkinkan paradoks seperti itu ada. Tidak penting dunia mana yang paling benar dan mana yang salah. Jika satu sisi itu nyata, maka yang lain palsu, tetapi jika kenyataan itu sebenarnya palsu, maka kedua belah pihak memiliki nilai yang sama, dan sama-sama tidak memiliki nilai. Itu yang saya pikirkan. Zerozaki juga begitu. Dalam arti tertentu, hubungan saya dengan Zerozaki sangat mirip. Kami menyadari bahwa kami sama, tetapi kami juga memahami bahwa, pada saat yang sama, kami benar-benar berbeda. “Aku mungkin

pernah menjadi sepertimu, jadi aku merasakan kedekatan tertentu. "" Aku pasti tidak bisa menjadi sepertimu. Itu yang aku suka tentangmu. "Ini adalah fragmen lain dari kita. Benar-benar tidak masuk akal. Akhirnya. Saya cukup yakin kami berdua membenci diri sendiri. Demikian juga, kita membenci jenis kita sendiri dan mencela spesies kita sendiri. Kami berdua membenci diri sendiri, membenci diri sendiri, mengutuk diri sendiri sedemikian rupa sehingga kami bisa saling mengakui dengan sedikit ironi. Saya pikir itu sesuatu yang istimewa. Tunggu, tentu saja itu: aku adalah penonton pasif dan dia adalah monster pembunuh. Kami ada pada ekstrem seperti itu; rasanya seperti ada cermin di antara kami. Tapi begitu pemimpi seorang gadis mengulurkan tangan anggun dan meletakkan jari di cermin itu, semua yang dia rasakan adalah kekosongan. Tidak ada apa-apa selain ketiadaan. Hal yang dia biarkan ada, orang lain tidak. Terlebih lagi, hal yang dia biarkan ada tidak berarti apa-apa bagi orang lain. Dan ini akhirnya dia sadari. Untuk gadis itu, pada saat itu, tanpa berlebihan, sebuah dunia telah hancur. Dan mulailah kisah kejatuhan satu dunia. Sebuah dunia yang hancur berantakan bukan karena campur tangan dari Savant azurehaired atau Greatest Mankind yang berambut crimson, tetapi hanya karena memang seperti itu. Ketika kekeliruan yang membawa paradoks yang dapat dibenarkan muncul atas kegagalan manusia dan saya, setumpuk barang yang rusak, semuanya kembali ke nol. Jadi . .

Vol.2 Ch.1

Bab 1

ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 3
Dunia saya adalah yang paling keren.
Universitas Swasta Rokumeikan, terletak di Kinugasa, di Kita Ward of Kyoto, memiliki total tiga ruang makan. Dari ketiganya, Zonshinkan Chika Dining Hall (disingkat dengan penuh cinta) "Zonchi") dianggap yang paling meriah. Ini
mungkin karena ia memiliki menu yang luas, dan itu benar di sebelah toko buku co-op.
Hari itu, karena saya tidak punya kelas selama periode kedua, saya pergi
langsung ke Zonshinkan Chika setelah periode pertama. Saya tidak punya
sarapan pagi itu — aku tidak sengaja ketiduran secara keseluruhan jam — jadi saya pikir saya mungkin makan siang lebih awal.
"Ya ampun, saat ini kosong. Bisnis yang berisiko, ”aku bergumam untuk diriku sendiri, meragukan semua sementara bahwa aku menggunakan kalimat itu
“Bisnis berisiko” dengan benar. Saya mengambil nampan.
Sekarang, apa yang harus dimakan?
Saya bukan pecinta makanan, jadi biasanya saya hanya makan apa saja tanpa banyak
dari keributan. Baik pedas atau manis, kataku. Namun belakangan ini
segalanya hanya sedikit berbeda.
Baru sebulan yang lalu saya menghabiskan seminggu di neraka tempat di mana saya disajikan tiga kali hidangan gourmet sehari.
ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 4
Sekarang, sebagai efek samping, lidah saya masih tersangkut di Snootyville.
Sudah sebulan penuh sejak sesuatu membuatku
katakan, “Wow, ini bagus. “Setiap kali saya makan sesuatu, itu selalu merasa ada sesuatu yang hilang, seperti beberapa bahan

utama
kurang.
Itu tidak cukup masalah untuk pantas disebut masalah,
tapi aku benar-benar muak dengan perasaan itu. Sejauh solusi,
Saya sudah memikirkan dua.
Yang pertama cukup sederhana: Makan saja makanan enak.
“Tidak bisa berharap hal itu terjadi di ruang makan sekolah. ”
Tetapi saran pertama itu tidak mungkin untuk diikuti. Lagi pula tidak,
tanpa kembali ke pulau kecil yang aneh dan terisolasi itu.
Saya tidak akan mengatakan saya benar-benar menentang gagasan itu, tetapi saya tentu saja
punya reservasi saya.
"Jadi itu tidak baik. ”
Ya, saya berbicara pada diri saya sendiri.
Ini menyisakan satu kemungkinan ukuran lain, dan itu adalah senjata yang kuat
taktik Itu adalah taktik “pukul anak yang tidak mendengarkan”.
Sebagian besar masalah di dunia diselesaikan dengan memberi atau mengambil.
Saya berjalan ke sudut donburi dan memesan.
"Permisi . Tolong, kimchi besar. Tidak ada nasi ”
Wanita makan siang itu memberi saya ekspresi bingung dan berkata,
"Itu hanya kimchee, Nak," tapi dia menyajikannya sama saja.
Seolah bukan apa-apa, dia menjatuhkannya di hadapanku, memajang
tingkat profesionalisme yang mengagumkan.
Semangkuk kimchee yang besar dan menumpuk. saya ragu
ada satu lidah di dunia ini yang cukup kuat untuk dikunyah
semua itu turun dan masih mempertahankan indra perasanya. aku mengangguk

dengan puas, meletakkan mangkuk di atas nampan saya, dan meletakkannya
tagihan .
Ruang makan itu begitu kosong sehingga saya hampir tidak bisa memutuskan
tempat duduk Satu jam lagi, tempat itu akan terisi
dengan siswa yang telah keluar dari periode kedua lebih awal. Saya

dulu
tidak pernah penggemar orang banyak, jadi saya menganggap diri saya di bawah waktu
batas. Saya mengambil tempat duduk di sudut.
"Menurun," aku bergumam, dan mengambil gigitan pertama. . . .
Ini Apakah. Mengerikan.
Aku benar-benar harus makan semangkuk ini? Bukan ini
apa yang dikenal sebagai perilaku bunuh diri? Sangat kejam
Nasib telah membawaku ke lintasan ini? Apa yang telah saya lakukan?
"Apakah ini pembalasan surgawi?"
Saya kira mereka juga mengatakan menuai apa yang Anda tabur.
Sejak saat itu, saya memegang sumpit saya dalam diam. Jika saya simpan
pada berbicara kepada diri sendiri, orang akan mulai berpikir saya adalah seorang
orang aneh. Dan selain itu, sopan santun meja untuk berbicara sementara
kamu sedang makan.
Dan kemudian, tepat ketika aku mencapai batasku — seluruh kepalaku telah pergi
mati rasa dari ujung lidah ke atas, aku tidak tahu apa itu
sih yang saya lakukan, atau, dalam hal ini, siapa saya, atau apa
kata yang berarti, dan bahkan apa arti kata itu. . .
"Yo . ”
Dia duduk di kursi di hadapanku.
"Tarik nampan itu sedikit ke belakang, bukan?" Katanya. Lalu dia
mendorong nampan saya ke arah saya dan menempatkan nampannya sendiri di jendela
ruang yang baru dibuka. Nampannya penuh dengan sepiring
spaghetti carbonara, salad tuna-dan-rumput laut, dan bonus
hidangan penutup buah untuk total tiga kursus.
Oh, betapa borjuisnya.

Saya melihat ke kanan, lalu ke kiri. Ruang makan itu
kosong seperti biasa. Anda bisa dibilang itu sepi. Jadi kenapa
apakah dia memutuskan untuk memakan spageti-nya langsung di hadapanku?
Mungkin semacam berani.
“Ya Dewa, apa itu ?! Semuanya kimchee! ”Serunya

pada pandangan mengejutkan dari makan siang saya. "Wow! Kamu adalah
makan semangkuk kimchi! ”
Dia terbelalak, tangannya di udara seperti yang dia lakukan
sebuah sorakan banzai. Mungkin itu yang dia lakukan, atau mungkin
dia menyerah. Ada juga kemungkinan dia
hanya seorang Muslim. Semua ini baik-baik saja oleh saya, tetapi dalam kenyataannya,
dia mungkin hanya terkejut.
Rambut sebahunya berwarna kemerahan dan sudah selesai
dalam semacam bob. Pakaiannya tidak ada apa-apanya
biasa saja. Mereka sangat polos, mengikuti gaya begitu
banyak dari organisasi siswa Rokumeikan. Tiba-tiba, kapan
dia duduk, dia tampak jauh lebih pendek — tapi kemudian aku sadar
sebagian besar tingginya berasal dari London yang terlalu tinggi sepatu bot.
Dia memiliki wajah muda, jadi saya tidak tahu apakah dia senior saya
atau teman sebaya. Menilai dari sikapnya sendiri, itu akan terjadi
Tampaknya masuk akal bahwa dia adalah junior saya, kecuali makhluk itu
bahwa saya adalah mahasiswa baru, itu sangat tidak mungkin.
"Hei. Kau tahu, jika kau tidak menanggapi, aku akan kesepian dan
barang-barang. "Dia menatapku dengan mata anjing-anjing.
"Benar," kataku akhirnya. "Kamu siapa?"
Saya cukup yakin ini adalah pertemuan pertama kami. Tapi saya akan
belajar satu hal dalam sebulan terakhir: Saku kecil yang aneh ini

ruang yang dikenal sebagai "universitas" memiliki besar yang luar biasa
jumlah orang yang ramah dan tulus. Ini
orang aneh akan memulai percakapan dengan Anda
Anda telah menjadi teman dekat mereka selama sepuluh tahun terakhir — bahkan jika
Anda belum pernah melihat mereka sebelumnya dalam hidup Anda. Untuk pria sepertiku
siapa yang buruk bahkan mengingat pertemuan pribadi, ini dibuat

hal-hal sulit dari waktu ke waktu.
Dan tentunya gadis ini adalah salah satu dari tipe-tipe itu. Takut kerumitan harus berurusan dengan undangan klub atau,
lebih buruk, beberapa hal religius, saya pergi ke depan dan berpose di atas
pertanyaan .
Dengan melakukan itu, dia meluncurkan pose kaget yang berlebihan.
"Hwa ?!" katanya, "Ya Dewa! Maksudmu kamu lupa? Kamu sudah terlupakan? Anda benar-benar lupa ?! Ikkun, dingin sekali! ”
Hah.
Menilai dari reaksinya, sepertinya ini bukan yang pertama kami perjumpaan.
"Ohhh. Saya terkejut . Tapi apa yang akan kamu lakukan, kan?
Ya, tidak ada, kurasa. Anda baru saja mendapat memori buruk, kanan? Nah, sebaiknya perkenalkan diri saya lagi. "Dia melintas kedua tangan ke arahku dan tersenyum lebar. “Aku Aoii Mikoko! "
Ini mungkin terbukti menjadi pertemuan yang menyakitkan.
Apakah ini pertemuan pertama kami atau tidak, inilah yang akan terjadi
tentu, kesan pertama saya tentang Aoii Mikoko.
Ceritanya sederhana. Mikoko-chan dan aku adalah teman sekelas.
Bukan saja kami mengambil mata pelajaran inti yang sama, tetapi kami juga
juga di kelas bahasa asing yang sama. Kami telah bertemu tatap muka

menghadapi beberapa kali, dan berada di grup yang sama untuk kamp pelatihan kelas sebelum Golden Week. Kami bahkan pernah berpasangan sebelumnya di kelas bahasa Inggris.
"Pria . . . dari percakapan ini saja, aku harus terlihat seperti a benar-benar gila karena tidak mengingatmu. ”
"Aku pikir kamu benar-benar gila!" Dia tertawa ringan.
Untuk bisa tertawa riang setelah seseorang sepenuhnya
lupa keberadaannya mengambil semacam kekosongan khusus. saya mengira dia mungkin gadis yang cukup baik.
“Biasanya, aku merasa cukup mengganggu karena kamu melupakanku
seperti itu . Atau lebih tepatnya, aku akan kesal. Tapi begitulah

Anda,
kanan? Seperti, Anda jangan lupa hal-hal yang sangat penting, tetapi Anda lupa hal-hal normal, ”katanya.
“Yah, aku tidak bisa berdebat dengan itu. ”
Dia benar sekali. Suatu kali saya bahkan lupa kalau saya adalah tangan kanan atau kiri, dan mendapati diriku terikat ketika saya benar-benar mencoba untuk duduk dan makan. Atas semua itu
off, ketika semua dikatakan dan dilakukan, saya ternyata ambidextrous.
"Oke, dan apa yang terjadi denganmu?" Tanyaku
bukankah kamu di kelas? ”
"Kelas? Nah, masalahnya tentang itu. . . ”
Untuk beberapa alasan dia tampak bahagia secara tidak normal. Tapi saya mengerti
perasaan bahwa "bahagia tidak normal" adalah pengaturan standarnya.
Sejujurnya, meskipun aku pernah melihatnya sebelumnya, aku masih belum bisa
ingat seperti apa dia biasanya. Tapi bagaimanapun juga, itu sulit ditunda oleh gadis berwajah tersenyum ini.
"Aku bermain bohong. ”
"Mahasiswa baru benar-benar harus pergi ke kelas," kataku.
“Ah, ayolah, ini membosankan. Sangat membosankan. Apa itu lagi? Oh, ya, kelas ekonomi saya. Itu hanya tanpa henti

aliran jargon. Dan itu seperti kelas matematika. Saya seorang humaniora
orang! Dan kamu juga bolos kelas! ”
“Aku tidak punya kelas sekarang. ”
"Sangat?"
"Ya. Hari Jumat saya hanya memiliki periode pertama dan periode kelima. ”
Dia melemparkan tangannya dengan liar ke udara lagi. “Bukan seperti itu
mengisap? Itu seperti kebosanan enam jam. ”
“Kebosanan tidak selalu merupakan hal yang buruk. ”
“Hm, kupikir kebosanan bisa dibilang definisi
'sesuatu yang buruk . "Stroke yang berbeda, kurasa. "Dia mulai berliku

spageti di sekitar garpunya saat dia berbicara. Tidak berhasil mendapatkan semuanya dengan alat, itu segera menjadi masalah coba-coba. Saya pikir itu akan sementara sebelum makanan sebenarnya mencapai mulutnya. Sebelum saya menyadarinya, dia telah meletakkan
bercabang dan beralih ke sumpit. Begitu banyak untuk tongkat-toitiveness.
"Katakan. . . " Saya bilang .
"Hm? Apa apa?"
"Ada banyak kursi terbuka."
"Ya, nyata. Saya pikir tempat ini akan segera penuh,
tapi, ”katanya.
"Tapi sekarang kosong, kan?"
"Kamu mengatakannya. Ada yang salah dengan itu? "
“Aku ingin makan sendirian, jadi mari kita jalan terus sekarang, sayang,” aku
ingin mengatakan. Tapi kemudian aku melihat senyumnya — senyum lemah
itu menunjukkan bahwa dia tidak mungkin membayangkan dirinya akan sepenuhnya ditolak — bahkan saya harus kasihan.
"Tidak. . . tidak apa . ”
"Hm? Kamu pria yang aneh. "Dia memberiku bibir yang cemberut.
"Ah, tapi kurasa jika kamu tidak aneh, kamu tidak akan menjadi kamu.
Keanehan seperti identitas Anda, bukan? ”

Saya tidak bisa menahan diri untuk merasa tidak sengaja
dihina. Tetapi sekali lagi, itu tidak seburuk sepenuhnya
melupakan seseorang yang secara rutin berinteraksi dengan Anda sebulan penuh. Jadi aku menyingkirkan gagasan itu dan mengalihkan pikiranku
fokus kembali ke kimchee.
"Ikkun, kamu penggemar kimchi?"
"Nah, tidak terlalu. ”
"Tapi itu satu ton kimchi. Bahkan orang Korea tidak makan itu banyak dalam satu duduk. ”
"Yah, aku punya alasan," kataku ketika aku menjejalkan beberapa kimchee ke dalam mulutku. Lebih dari setengahnya masih tersisa mangkukku. "Tidak terlalu menarik, tapi tetap saja. ”
"Alasan?"

"Cobalah untuk mencari tahu sendiri terlebih dahulu. ”
"Hah? Oh benar . . baik . "Mikoko-chan menyilangkan tangannya dan mulai merenungkan pemikiran saya. Tentu saja, mencari tahu keadaan apa yang mungkin mengharuskan saya makan keseluruhan semangkuk kimchee tidak mudah. Setelah beberapa
Saat merenung, dia membiarkan lengannya jatuh ke bawah
apatis. Dia benar-benar cepat menyerah.
“Oh, ya, ngomong-ngomong, aku punya pertanyaan untukmu. saya pikir
ini adalah kesempatan yang bagus untuk bertanya kepada Anda. Bolehkah saya? ”
“Uh, tentu. ”
Bukankah ungkapan "peluang bagus" biasanya digunakan untuk sesuatu yang muncul secara kebetulan? Sejauh yang saya tahu, Mikokochan
telah datang ke sini dan duduk di depanku sendiri
kemauan
Atau mungkin itu intinya.
Dia mengenakan senyum yang sama ketika dia berpose
pertanyaan . “Ikkun, kamu tahu bagaimana kamu tidak datang ke sekolah
untuk sementara di awal April? Kenapa begitu? "
ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 1
“Uh. . . “Sumpit saya berhenti bergerak. Potongan-potongan kimchee
mereka memegang kembali ke dalam mangkuk. "Eh, baiklah. . . ”
Wajah saya pasti bermasalah, karena
Mikoko-chan cepat mulai melambaikan tangannya
Dengan panik dan berkata, “Oh, jika sulit untuk membicarakannya, jangan
khawatir Saya hanya ingin tahu, itu saja. Ini seperti, Misteri yang Belum Terpecahkan
Menampilkan Mikoko-chan. ”
“Tidak, tidak sulit untuk dibicarakan. Ini cerita yang sederhana, sungguh.
Saya baru saja berlibur. Sekitar satu minggu. ”
"Liburan?" Dia berkedip padaku seperti binatang hutan kecil. Ekspresinya juga mudah dibaca. Itu membuatnya mudah bagi saya untuk berbicara dengannya — dia adalah pendengar yang baik.
"Liburan? Kemana kamu pergi? "Tanyanya lagi.

“Keluar ke pulau terpencil di Laut Jepang, semacam
secara tidak sengaja. ”
"Kebetulan?"
"Ya. Kecelakaan besar. Bagaimanapun, begitulah cara saya mendapatkan diri saya sendiri
dalam situasi makan kimchi ini. ”
Dia menggaruk kepalanya, yang mungkin merupakan respon alami. Tapi saya orang yang pada dasarnya malas, jadi saya tidak bisa repot-repot menjelaskan semua detail. Atau lebih tepatnya, bagaimana caranya
apa aku akan?
“Ngomong-ngomong, hanya liburan. Tidak ada yang sangat dalam. ”
"Hah. Anda tidak mengatakannya. ”
"Menurutmu apa itu?"
"Oh, tidak ada apa-apa. . . "Dia sedikit tersipu. "Aku hanya berpikir mungkin,
eh, seperti Anda melukai diri sendiri dan memiliki perpanjangan tinggal di rumah sakit atau apalah. ”
Bagaimana dan mengapa gagasan seperti itu muncul dalam benaknya adalah sebuah misteri
bagi saya, tetapi sekali lagi, bagi seseorang untuk tiba-tiba mengambil
libur seminggu setelah masuk universitas, sebenarnya tidak ada

penjelasan masuk akal lainnya yang muncul di pikiran. Pada paling tidak, itu adalah penjelasan yang lebih mungkin daripada
“Aku baru saja
liburan . ”
"Saya melihat . Agak seperti perjalanan kelulusan yang tertunda. ”
“Ya, sesuatu seperti itu. Saya tidak bisa mendapatkan reservasi, jadi akhirnya makan sampai April, ”kataku sambil mengangkat bahu, tapi dari
Tentu saja fakta sebenarnya sangat berbeda. Gagasan bahwa saya "lulus dari sekolah" adalah sesuatu yang tidak kumiliki
berpengalaman sejak sekolah dasar. Tentu saja saya belum pernah pada "perjalanan kelulusan. “Tapi semua keadaan di sekitarnya
apa yang terjadi akan membutuhkan tanpa tujuan
penjelasan panjang, dan itu bukan hal yang tepat
Saya ingin berbicara panjang lebar, jadi saya hanya pergi bersama

interpretasinya.
"Hmm. . . "Dia memberikan semacam ekspresi setengah yakin.
"Jadi, apakah kamu pergi sendiri?"
"Ya. ”
"Gotcha. "Dan kemudian, begitu saja, senyum ceria itu
kembali. Seolah-olah semua kebingungan telah hilang. Itu seperti dia
benar-benar tidak memakai fasad apa pun. Dia sangat mudah
dengan emosinya yang hampir membuatku iri padanya.
Baik. . .
Tidak juga .
“Jadi, Mikoko-chan. . . Kenapa kamu benar-benar di sini? ”
"Hah?"
"Anda punya sesuatu untuk dikatakan, saya kira? Maksudku, mempertimbangkan
Anda datang dan duduk di sini ketika ada ruangan yang luas
kursi kosong. ”
"Hah. "Dia menyipitkan matanya dan sedikit menurunkan tatapannya,
turun ke dadaku. "Jadi aku tidak bisa duduk denganmu kecuali aku punya
sesuatu yang spesifik untuk dikatakan padamu? "

"Hah?" Kali ini giliranku untuk menggaruk kepalaku.
Dia terus berbicara sementara itu. "Maksudku … adalah aku
mengganggumu? Aku baru melihatmu ketika aku berjalan, jadi aku
Kupikir mungkin kita bisa makan bersama. ”
"Ah, mengerti. ”
Jadi dia hanya ingin seseorang untuk makan bersama. Saya adalah tipenya
yang lebih suka melakukan hal-hal pribadi, seperti makan, sendiri, tetapi
ada banyak orang yang melihat waktu makan dan berbicara
waktu sebagai satu dan sama. Tentunya Mikoko-chan adalah salah satunya
mereka. Tetapi setelah secara tak terduga memutuskan untuk bolos kelas, dia
tidak bisa menemukan teman untuk makan bersama, jadi dia pergi ke depan dan
memulai percakapan dengan kenalan pertama dia

kebetulan melihat — saya.
"Yah, jika hanya itu yang terjadi, aku tidak keberatan," aku meyakinkannya.
"Terima kasih. Itu melegakan . Saya tidak tahu apa yang akan saya lakukan
dilakukan jika Anda mengatakan tidak. ”
"Kamu tidak?"
"Hm? Ya Mungkin kira-kira seperti ini, ”katanya, berpura-pura untuk memegang ujung nampan di kedua tangan. Lalu dia memutar pergelangan tangannya dengan gerakan retak yang tiba-tiba. "Seperti itu . ”
"Saya melihat . . . "Bahkan jika dia hanya bercanda, aku sedikit lega Saya menahan diri untuk mengatakan tidak. Saya tidak akan menaruh
Reaksi seperti itu melewatinya, pada kenyataannya. Seseorang yang diungkapkan
kebahagiaan yang begitu bebas mungkin mengungkapkan kemarahan sama baiknya dengan bebas.
“Yah, bagaimanapun juga aku bebas. Selama kamu hanya mau bicara, "kataku.
"Terima kasih."
"Jadi, apa yang kita bicarakan?"
"Oh, umm. . . ”

Saat saya mendorongnya maju, dia mulai dengan cemas menggaruk sumpitnya bersama. Dia mungkin mencoba memikirkan sebuah tema .
Saya mungkin sudah lupa siapa dia, tapi pasti di masa lalu sebulan sepertinya dia setidaknya berhasil memahami permukaan kepribadian saya. Jadi topik seperti apa yang akan dia lakukan ngobrol dengan saya? Aku, yang begitu bodoh, dan sangat kurang akal sehat, yang dulu kupikir sepak bola itu enggak dimainkan dengan kakimu? Anehnya saya tertarik untuk mencari tahu, seolah-olah saya
menonton itu terjadi pada orang lain.
Dia bertepuk tangan seolah tiba-tiba dia memikirkan
sesuatu. "Tidakkah menurutmu dunia menjadi gila?" Katanya.
"Hah? Dengan cara apa?"
"Maksudku . . . eh, Anda tahu, sang pencuri. Bahkan kamu harus tahu tentang itu. ”

Bahkan saya.
Bahkan aku — frasa itu cukup membuatku marah. Kecuali itu saja Kebetulan saya tidak tahu siapa "si pencuri" itu.
“Jangan bicara padaku seperti aku idiot! Tentu saja saya tahu! ”An ledakan kemarahan seperti itu akan dibenarkan, tapi
"Diam! Bagaimana aku bisa tahu apa itu,
bodoh ?! ”hanya saja tidak memiliki cincin validitas yang sama dengannya.
"Hm? Ada apa, Ikkun? "Tanyanya.
"Ah, tidak ada apa-apa. Apa itu 'si pencuri'? ”
Jelas saya tidak mencari definisi kamus,
orang yang mencari mangsa. Dia melongo menatapku dengan takjub.
"Kau bercanda, kan? Apakah ini lelucon? Ikkun, itu saja
atas berita. Tidak mungkin Anda bisa melewatkan ini
jika kamu tinggal di Kyoto. ”
“Tidak ada TV di rumah saya, dan saya tidak mendapatkan kertasnya
antara . ”

"Bagaimana dengan Internet?"
“Oh, aku tidak punya komputer. Jangan benar-benar menggunakannya
kampus banyak. ”
"Ya Dewa, Ikkun adalah manusia gua!" Katanya, terdengar hampir terkesan dengan cara. "Apakah ini semacam kebijakan etis?"
“Mungkin, dalam arti tertentu. Bagaimana saya mengatakannya. . . Saya tidak suka
memiliki harta benda ”
“Cooool! Anda seperti seorang filsuf kuno! Wow! ”Dia
bertepuk tangan dengan sukacita. Aku benar-benar ragu akan melakukannya
mendapat reaksi yang sama jika dia tahu itu sebenarnya untuk alasan praktis — dan benar-benar timpang — Kamar saya adil terlalu kecil .
Maksudku, koran memakan banyak ruang.
"Ketika kamu mengatakan 'jika kamu tinggal di Kyoto,' maksudmu ini
'pencuri' sedang terjadi di sini? ”
"Ya itu benar . Itu membuat percikan yang cukup besar. 'Panik

masuk
Ibukota Tua! ' Beberapa tempat bahkan membatalkan kunjungan lapangan. ”
"Wow . . . Sayang sekali bagi mereka. ”
“Enam orang telah terbunuh! Dan itu masih terjadi
sekarang juga! Tanpa tersangka yang dikenal! ”Dia menjadi gusar naik, dan ada sedikit kegembiraan di suaranya. "Dia menusuk mereka dengan pisau dan kemudian melemparkan nyali mereka di sekitar dan
barang! Aneh, ya? ”
“. . . ”
Mari kita kesampingkan fakta bahwa kita berada di tengah
makan. Setelah semua, saya ikut bertanggung jawab atas kenyataan bahwa
percakapan telah berbelok ke arah ini. Tapi apa isinya
gadis ini bahwa dia bisa membahas pembunuhan orang lain
dengan gembira mutlak seperti itu?
Menakutkan bagaimana orang yang terpisah bisa menjadi.
"Enam orang, ya? Apakah itu banyak? "

“Ya, itu banyak! Sangat banyak! ”Dia hampir terdengar
sombong, seolah-olah dialah yang melakukan pembunuhan.
“Mungkin bukan di luar negeri, tapi pembunuhan berantai jarang terjadi di Jepang! Nya
menjadi sensasi yang cukup, lho. ”
"Hah. Jadi itu sebabnya ada mobil patroli yang berputar-putar di sekitar
di tempat itu. ”
"Ya. Ada orang-orang dari kepolisian keliling di Indonesia
Shinkyôgoku. Buat saya berpikir tentang Festival Gion. "Dia
terkekeh pada dirinya sendiri karena suatu alasan.
“Wow, pergilah. Saya tidak tahu apa-apa tentang ini. ”
Saat aku mengangguk dengan penjelasannya, entah bagaimana aku tahu
Kunagisa pasti akan mendapatkan tendangan keluar dari ini. Kunagisa, untuk
yang baru dalam cerita saya, adalah versi singkat dari Kunagisa Tomo,
salah satu dari beberapa teman saya. Artinya, satu-satunya teman saya. Kunagisa

Tomo adalah seorang insinyur elektronik dan mekanik berusia sembilan belas tahun
profesional penutupan varietas misterius, dengan
rambut biru dan minat dalam mengumpulkan informasi tentang hanya insiden seperti ini saja.
Tidak seperti saya, dia tidak selalu dalam kegelapan tentang apa sedang terjadi di dunia. Bahkan, dia pada dasarnya adalah seorang pakar pengumpul informasi, dan dia mungkin sudah
sangat menyadari kasus pencuri ini tanpa harus mengatakan apa-apa
tentang itu . Bahkan, dia mungkin sudah mengambil tindakan.
"Jadi, kapan itu mulai?"
“Sekitar awal Mei, mungkin? Saya pikir itu benar.
Mengapa?"
"Oh, aku hanya bertanya. ”
Aku memasukkan potongan terakhir kimchi ke mulutku. Lidahku, atau lebih tepatnya seluruh bagian dalam mulutku, sepenuhnya hancur. Saya mungkin tidak akan pernah menerima makanan begitu saja atau mengatakan
"ini rasanya tidak enak" lagi. Jika Anda memikirkannya, fakta bahwa a

semangkuk kimchee bisa dengan mudah menghancurkan semua prinsip saya
tidak banyak bicara untuk selera saya. Atau mungkin lebih masalah perut.
"Yah, aku sudah selesai. Sampai jumpa lagi. "Aku meletakkan milikku
sumpit dan mulai bangkit dari tempat duduk saya.
"Ah! Tunggu sebentar! Tunggu sebentar, maukah kamu ?! Kemana kamu pergi ?!"
Mikoko bergegas menghentikanku. "Tunggu sebentar, Ikkun!"
“Apa maksudmu, Kemana aku pergi? aku sudah selesai
makan jadi kupikir mungkin aku akan mampir ke toko buku. ”
"Aku belum selesai!" Aku memandangi nampannya. Memang, lebih dari
setengah dari makanannya ditinggalkan.
"Tapi saya . "
"Jangan buat aku sedih. Tetap bersamaku sampai aku selesai."
"Mengapa saya harus melakukan hal yang tidak berguna seperti

itu?". . . aku s
persis seperti hal yang tidak cukup sulit untuk kukatakan. Saya m lebih dari tipe go-with-the-flow.
"Baik . Lagipula aku bebas sekarang. "Saya tidak punya apa-apa mendesak untuk dilakukan, dan itu tidak seperti saya belum kenyang juga.
Saya pikir saya mungkin juga makan beberapa makanan nyata saat saya masih
disana "Tunggu sebentar . Aku akan membeli sesuatu. ”
Saya mendekati register dari arah yang berlawanan
(yang melanggar aturan) dan melihat pada menu
dinding, merenungkan apakah saya harus memesan mangkuk daging sapi.
Ya ampun, itu lebih mahal daripada Yoshinoya. Mungkin sesuatu lain adalah cara untuk pergi.
"Kimchee lagi?" Wanita di konter menyela
ringan ketika saya mencoba untuk memutuskan.
"Iya nih . ”
Ups.
Saya sudah bangun dan mengatakannya.

“Tidak ada gunanya menangisi susu yang tumpah. "Atau tunggu, apakah ini lebih dari a
"Tinjau balik-apakah-selalu-dua puluh dua puluh situasi"?
Beberapa lusin detik kemudian, saya menerima tumpukan lagi semangkuk kimchee (kali ini wanita makan siang memberi saya sedikit
ekstra) dan duduk kembali di depan Mikoko-chan.
"Apa-apaan ini? Seharusnya aku mengikuti saja
sesuatu di sini? ”katanya.
"Jangan khawatir tentang itu. Jadi apa yang kita bicarakan? "
"Hm? Uh, apa itu? Saya lupa . "
"Gotcha. Nah, kalau begitu Anda ingin berbicara tentang kelas? "
Dia menggelengkan kepalanya dengan kuat.
"Mengapa? Ada beberapa hal yang saya tidak benar-benar dapatkan pada awalnya
titik hari ini, jadi saya berpikir mungkin kita bisa membahasnya bersama. Ini kelas wajib bagi mahasiswa baru, jadi Anda harus memilikinya
sudah pergi kan? Jika Anda bertanya kepada saya,

ketidakmampuan profesor untuk menjelaskan
hal-hal yang patut disalahkan, tetapi bagaimana menurut Anda? ”
"Bagaimana menurut saya?" Saya pikir tidak ada anak laki-laki yang hidup
membawa sesuatu seperti ini kepada seorang gadis ketika bahkan tidak ada
tes datang! "
Saya hanya bercanda, tetapi dia tampak sangat kesal karenanya.
"Apa masalahnya? Anda tidak suka belajar? "
“Tidak ada yang suka belajar. ”
“Kedengarannya bisa diperdebatkan bagi saya. Tetapi jika Anda benci belajar,
kenapa kamu kuliah? ”
“Ah, itu pertanyaan terlarang. Jika Anda menanyakan itu, itu saja lebih . Maksudku . . . semua orang seperti itu, kan? "
Sepertinya saya secara tidak sengaja menyentuh titik lemah, dan dia
tiba-tiba tampak agak melankolis. Kalau dipikir-pikir itu, itu
Sepertinya saya bahwa seseorang pernah mengatakan universitas Jepang
bukan tempat bagi orang yang ingin belajar, dan
perguruan tinggi itu hanyalah waktu untuk bersiap memasuki masyarakat.

"Heh, itu salah satu cara untuk mengatakannya. ”
"Apakah kamu suka belajar?" Katanya.
Aku mengangkat bahu.
Tentu saja tidak .
Bahkan, aku benci itu.
"Tapi itu tidak buruk untuk menghabiskan waktu. Atau sebagai pelarian dari
kenyataan, lebih tepatnya. ”
“Biasanya belajar itu kenyataan. "Dia menghela nafas berat.
Kemudian, seolah mengalihkan fokusnya kembali ke makanannya, dia memilih
saladnya untuk sementara dalam diam.
Hmm. Adalah sepiring spageti, salad besar, dan hidangan penutup
benar-benar porsi ukuran normal untuk seorang gadis di bawah usia dua puluh?
Saya tidak tahu ada orang yang cocok untuk digunakan sebagai

standar perbandingan — semua orang
Aku tahu itu sangat rewel, konyol
rakus, atau selalu puasa atau sesuatu — jadi saya tidak punya
standar untuk penilaian. Tapi melihat Mikoko-chan juga bukan
terlalu ramping atau sebaliknya, mungkin itu, di bagian paling
Setidaknya, porsi yang tepat untuknya.
"Umm, sulit makan dengan kamu menatapku seperti itu,"
dia berkata .
"Oh maaf . "
"S'okay."
Dia melanjutkan makan. Ketika dia hampir selesai, dia mulai
melihat ke arahku dengan cara menyelidik. Sungguh, dia punya
Aku sering mengintip ke arahku, tapi
sekarang dia tiba-tiba menjadi jelas tentang hal itu, membuat mata
pada saya seperti ada sesuatu yang ingin dia katakan kepada saya.
Dan memang, itu terbukti spekulasi yang akurat.
Seolah-olah dia akhirnya memutuskan sesuatu,
dia meletakkan sumpitnya tanpa menghabiskan makanan
penutupnya.

Dia memberikan sedikit senyum lucu saat dia menyandarkan
tubuhnya
maju, mendekatkan wajahnya ke wajahku.
"Jadi, Ikkun," katanya.
"Ya. . . ? "
“Yang benar adalah, aku mungkin atau mungkin tidak minta
bantuanmu. ”
"Kamu tidak."
“Ya. "Dia bersandar lagi di kursinya. "Apakah kamu baik-baik saja?
pria yang mungkin bebas besok? "
“Jika Anda mendefinisikan gratis sebagai tidak memiliki rencana,
maka saya mendukung
Saya lebih cenderung mengatakan ya daripada tidak. ”
“Ya, agak sulit untuk mengikutimu. ”
"Begitulah aku," jawabku ketika aku mengunyah kimchee.
“Sederhananya — aku pria bebas. ”
"Sangat? Kamu bebas? Oh, bagus! ”Dia menekan tangannya
bersama di depan dadanya dengan ekspresi sukacita sejati.
Menyebabkan
kebahagiaan bermata seseorang seperti itu hanya dengan tidak

memiliki rencana
pada hari Sabtu sepertinya agak banyak.
Lebih penting lagi, ini tidak terlihat bagus. Saya memiliki perbedaan
merasa aku akan terseret ke dalam sesuatu.
"Aku mengerti, aku mengerti, jadi jika aku bebas, sesuatu yang baik terjadi padamu,
Hah? Satu tangan mencuci tangan lainnya. Ini juga seperti
rantai makanan . Sirkuit yang luar biasa, jika Anda mau, ”kataku.
Dia bahkan tidak mendengarkan. "Ya. Jadi, jika kamu bebas
besok, aku berharap kita bisa bersama! ”
Tangannya masih saling menempel, dia memiringkannya ke samping
sedikit seolah menekankan permintaannya. Itu sungguh-sungguh,
pose memohon yang hampir terasa seperti bermain curang. Disana ada
hampir tidak ada bentuk kehidupan laki-laki hidup yang tidak akan menyerah
untuk itu. Mereka ingin menyerah.
Meskipun demikian, saya menolak tanpa ampun.
"Tidak," kataku.

"Apa ?! Kenapa ?! ”pekiknya. "Kamu bebas, kan?"
"Yah begitulah . Tapi seperti yang saya katakan, saya tidak suka kebosanan.
Terkadang orang suka menghabiskan hari tanpa melakukan apa-apa,
kanan? Semua orang terkadang merasa seperti itu. Semua orang mau
menghindari keramaian dan hiruk pikuk dunia kadang-kadang, untuk membebaskan
diri mereka sendiri dari kerumitan berurusan dengan orang lain.
Setiap orang memiliki hak atas waktu untuk merenungkan kehidupan mereka sendiri.
Kebetulan saya punya lebih banyak. ”
"Tapi-tapi-tapi! Bagaimana Anda bisa menolak begitu saja
mendengarkan saya ?! Itu gila! Ini seperti sekelompok kedelapan
siswa kelas membentuk sebuah band, tetapi mereka semua akhirnya bermain bass! "
Itu analogi yang sangat bagus.

Pada pemeriksaan dekat, jelas bahwa dia akan melakukannya menangis. Artinya air mata sudah meluap di sudut-sudut dari matanya. Ini bukan situasi yang diinginkan.
Saya melihat sekeliling. Sudah waktunya bagi ruang makan untuk mulai mengisi, dan siswa mulai menetes, jumlah mereka secara bertahap meningkat. Pada titik ini, saya ingin menghindari berdiri
keluar (oleh, katakanlah, membuat gadis yang relatif panas menangis) sebanyak mungkin.
Tapi ayolah, siapa yang menangis hanya karena satu penolakan kecil?
“Oke, oke, tenang saja. Aku akan mendengarmu. Ayolah, punya beberapa kimchee. ”
"Oke," katanya, terisak.
Melakukan seperti yang disarankan, Mikoko-chan menaruh beberapa kimchee
mulutnya . "Uwa!" Dia mengintip, dan kemudian air mata benar-benar
mulai mengalir. Sepertinya dia tidak terlalu terkejut (yang saya agak tahu).
"Ahh, panas. . . "Dia berteriak.
"Yah, itu kimchi. Itu tidak akan menjadi kimchee jika tidak pedas. ”

Mereka bilang ada juga kimchee yang diawetkan dengan gula, tapi aku selalu
pergi dengan pedas, jadi saya belum pernah melihatnya. Saya tidak keberatan jika saya
juga tidak pernah.
"Ohh, kamu mengerikan. Kamu sangat jahat. . . . Sekarang apa Apakah kita sedang membicarakan? "
"Pembunuh berkeliaran itu?"
"Tidak! Kami berbicara tentang besok! "
Bam! Dia membanting tangannya di atas meja. Sepertinya dia benar-benar agak marah sekarang. Mungkin saya sudah terlalu jauh, saya
tercermin.
"Umm, apa kamu kenal Emoto-san?"
"Apakah aku mengenalnya atau tidak, aku tidak ingat dia. ”
“Dia ada di kelas pelajaran inti kita. Rambutnya seperti ini. "Dia

menjulurkan kepalan tangannya ke sisi telinganya, tetapi bahkan dengan ini
berpose mencolok, "Emoto-san" dan gaya rambutnya tetap tegas di luar jangkauan imajinasi saya.
"Dia gadis yang sangat mencolok. Dia selalu memakai mengkilap sesuatu . ”
"Hah. Yah, aku tidak terlalu memperhatikan orang. Ada apa dengannya
nama lengkap?"
“Emoto Tomoe. Itu tomo dari kebijaksanaan dan e
dari berkat. "
Nama yang menarik. Kedengarannya seperti itu bisa melakukan headstand dan
mulai berlarian terbalik. Rasanya seperti membunyikan bel, tetapi Saya tidak bisa meletakkan jari saya di atasnya. Saya tidak ingin hanya membuang
beberapa jawaban seperti, “Oh ya, ya, aku tahu cewek itu. Dia satu dengan lensa kontak, kan? "Selalu ada
kesempatan bahwa Mikoko-chan akan melemparkannya kembali ke hadapanku
wajah, seperti, "Aku menipu kamu! Tidak ada yang seperti itu di kelas kita!
Ahahaha, sepertinya celana itu ada di kaki yang lain sekarang! Nyanya-nya! "

Dan kemudian telur itu akan ada di wajah saya, penipuan saya terbuka. Bukan berarti Mikoko-chan akan melakukan hal seperti itu.
"Julukannya adalah Tomo-chan. ”
“Itu tidak akan berhasil untukku. ”
"Hah? Kenapa tidak?"
"Tak ada alasan . Hanya hal pribadi saya sendiri. "Aku menggelengkan kepala.
"Maaf. Saya tidak ingat sama sekali. ”
"Figur," katanya, tertawa. "Tapi jika kamu tidak ingat
saya, saya kira tidak usah dikatakan bahwa Anda tidak akan ingat dia. Jika Anda mengingatnya, saya akan sedikit terkejut. ”
Saya tidak cukup mengikuti alasannya, tetapi selama kekurangan saya
memori membuatnya terhindar dari perasaan tidak enak, kurasa

tidak
sama sekali tidak berharga. Pasti ada yang salah dengan
logika di sana.
"Baiklah, oke. Bagaimana dengan Atemiya-san? Atemiya Muimisan?
Saya memanggilnya Muimi-chan. ”
"Teman sekelas lain?"
Dia mengangguk . "Lalu ada Usami Akiharu-kun. Akiharukun
adalah seorang lelaki, jadi kamu harus mengingatnya, kan? ”
“Memori saya berfungsi di lingkungan yang netral gender. ”
“Tapi kamu tentu tidak terlihat seperti seorang feminis. ”
Dia menghela nafas besar, tidak sengaja berlebihan. Dulu
seperti saya telah melakukan sesuatu yang salah. Tapi itu ingatanku
salah, kan?
“Ngomong-ngomong, jadi Tomo-chan, Muimi-chan, dan Akiharu-
kun.
Kita semua pergi besok malam untuk minum-minum. ”
"Hah. Dalam rangka apa?"
"Ini ulang tahun Tomo-chan!" Untuk beberapa alasan dia tampak
seperti
sedikit sombong. Sulit untuk menyangkal adorableness saat dia
duduk
di sana dengan tangan di pinggulnya, dadanya menjulur keluar.
“Mungkin keempat belas!
Selamat kedua puluh! "

Jika Tomo-chan ini adalah teman sekelas, itu berarti dia adalah
seorang
mahasiswa baru Mungkin dia masuk kuliah setahun terlambat. Atau
mungkin dia kembali seperti saya. Itu tidak terlalu penting.
“I'm only nineteen, by the way . My birthday's April twentieth . ”
“Huh,” I said .
I didn't really care .
Dia melanjutkan. “Umm, so anyway, tomorrow's Tomochan's
birthday, so we figured we'd throw a really light, casual
kind of party . ”
"Hah. Seems like an awfully intimate group for a party . ”
"Ya, baik. We all like the rowdy atmosphere thing, but
nobody wanted there to be a ton of people, so what are you
gonna do?”
"Ah . Then four people is pretty appropriate, huh . ”

“Huh?” She looked surprised .
“A fifth person would throw off the balance . ”
"Hah? Apa?"
“Well, say hi to everyone for me . And happy birthday to kamu . ”
“It's not my birthday! Hey, wait, I mean don't just get up and leave! You don't know the other half of the story yet!”
“Well, they say knowing is only half the battle,” I said .
“That's not what that means!”
She grabbed me by the sleeve as I started to leave and forced me to sit back down . But even if the conversation was only half-over, I could more or less tell what was coming next .
“Okay then . So now you're going to tell me to partake in this drinking party . . . or birthday party, rather . Kanan?"
“Gah! Wow, that's exactly right . ” She flung up her hands in surprise, but this time it reeked of phoniness . Maybe it

wasn't that she didn't put on any façades; she was just a lousy actress . “Amazing, it's like you've got ESP or something, Ikkun. ”
“Let's not go there . Not a good subject . ” I let out a light mendesah . “How did all this come about? I don't even know these people, right?”
“Yeah you do . They're your classmates . ”
Ah benar
Maybe I had amnesia . I was never good at remembering people, but lately it had gotten particularly bad . These three classmates aside, there wasn't a single person in all of Rokumeikan University whom I had a clear picture of .
But there was a more likely explanation: that it was simply the result of my apathy toward other human beings . It had nothing to do with my mind's functionality . It wasn't a defect . It wasn't that some essential part was missing, either .
It was just that I was, from the very start, a broken thing .
“Could it be that I've just forgotten, and that I'm actually good friends with these three people? Even I wouldn't forget something like who my friends are, I think . ”
Mikoko-chan's expression grew a little sad . “I don't think that's the case,” she said . "You probably haven't spoken much . I mean, you've always got this narrow-eyed scowl as if you're

thinking really hard about something or filled with contempt . Even now . It makes you kind of hard to approach . It's like you've got a wall in front of you . Or your AT field is fully operational . And in spite of all that, you always sit directly in the middle of the classroom . ”

I wanted her to leave me the hell alone . I wanted to tell her not to bother talking to me if that was how she felt . Tetapi saya didn't .

I finished my kimchee . As it turned out, two bowls ended up being pretty excessive, and I felt dreadful fullness in my stomach . I probably wouldn't be having kimchee again for a long time .

“But you and I are friends, right?” she asked .

“Are we?”

"Yes!” She slammed both hands on the table again . It seemed she had a habit of hitting nearby things when she got emotional . I'd have to remember to stay out of range of those slender arms if I was going to make fun of her . That is to say, I'd have to stay out of range when I made fun of her . Maybe it was better to pick on her over the phone .

Er, I mean, why was I planning ways to harass her?

“And, so, naturally, I tell my friends about you sometimes, right?”

"Saya tebak . ”

"And then my friends think, 'Man, for a guy who's always got such a crummy face, he seems kind of cool,' right?”

“I guess it's possible . ”

“So it's not so strange that they would want to try being friends with someone who seems kind of cool, even if he is a weirdo . Kanan?"

“Yeah, I guess we all have temptations . ”

“So that's what I'm saying,” she said .

“What is?”

“That . ”

She peered up at me with eager, expectant eyes . I pretended I was drinking tea in order to escape her gaze . But a single cup of tea sure wasn't going to be enough to revive my paralyzed mouth .

"Huh . I understand,” I said .

"Kamu melakukannya?"
“It's a good opportunity and all, so I think I'll go spend the night at my parents' place tomorrow . ”
“Don't make plans' You didn't even go home during Golden Week!”
She slammed the table again . I was a little disturbed that she knew what I had been doing during Golden Week, but then again, maybe I had told her and forgotten .
"Tapi kau tahu . . . it's almost Mother's Day and stuff . ”
“That was last week! And besides, you're not the kind of guy who would go out of his way to show devotion to his parents!”
That was rather harsh . And even if she was right, did she believe that a seventeen-year-old guy who wouldn't even go out of his way for his parents would be any nicer to someone who was just a classmate? Maybe she was so worked up she didn't realize what she was saying anymore .
“Come on, I'm begging you . I already told them I'd bring kamu . I'll lose face . ”
“It seems like there's a misunderstanding here, so let me clear things up—I'm not the kind of guy you can have fun talking to . They say I've got about as much pep as a storm cloud . ”
“Wow, that's as disappointing as hearing about two budding young authors, only one's poison ivy and the other got eaten by tent caterpillars . " She looked a little somber as she chewed her lip . “Come on, Ikkun . Do it as a favor to me . saya know it's selfish of me, but hey, I'll even pay for drinks . ”
“Sorry, I'm not a drinker . ”
Ini benar.
"Kenapa tidak?"

“I once drank a whole bottle of vodka in one go . ” I didn't dare tell her how things ended up after that, but at any rate, ever since then I had sworn off alcohol . I may not be such a smart guy, but I'm not so dumb that I don't learn from my experiences either .
“Wow, not even the Russians do that . ” She was truly surprised .
"Saya melihat . . . . So you can't drink . Hm, now what?”

She immersed herself in thought once again . It seemed she had a firm understanding of what it was like for a non-drinker to show up at a drinking party . Perhaps she was a lightweight herself at least to some extent .
Namun demikian. . .
I wasn't so cold-blooded that I felt nothing for this girl sitting before me, looking so deeply troubled .
Sialan. . . I get dragged into things so easily . Going along with something out of pity was one thing . But getting dragged in just because the situation presented itself was totally lame .
"Baiklah baiklah . As long as you're okay with me just sitting in the middle of the room scowling . ”
“Hmm, I guess that would be an awful bother for you, but you know, I think . . . Wait, you mean you'll go?” she said .
She shot her body forward . Maybe it's a rude analogy, but she was like a dog who had just had food tossed in front of it . A cat would have approached it with some caution, suspecting the possibility of a trap, but Mikoko-chan was completely unguarded .
She may have physically resembled a cat, but she was definitely more like a dog in personality .
“Apakah ini benar-benar oke? Will you really come?”
“Yeah, it's fine . I'm free anyway . ”

Even I was a little appalled by my own bluntness and wondered if I couldn't have put it a little more nicely . All the same, she shrieked with joy .
“Waaah! Thank you!” She smiled innocently .
I replied by downing the rest of my tea . At some point she had finished her dessert as well, so it was time I really should start to leave .
“Ah, wait a sec . Let me know your phone number . I'll call kamu . ”
"Hm? Ah . . . ” I pulled my cell phone out of my pocket .
“Okay, it's . . . uh, I forgot . ”
“Figures . Okay, then I'll give you mine, so dial me . ”
I entered her number as told and sent it . A ringtone emerged from her little bag . David Bowie . She had surprisingly great taste .
"OK saya mengerti . Hey, Ikkun, your phone doesn't have a

strap . ”
"Ah, ya. I don't like that girly stuff . ”
“Are straps girly?”
“Well, I'm no expert or anything, but they're definitely not very manly . ”
“Mmm, guess not,” she said with consternation .
“Well then,” I said, stepping away from my seat with my tray . “See you tomorrow, Mikoko-chan . ”
"Ya! Don't you forget about me again!”
She gave me a big wave, to which I responded with a small one as I made my way out of the dining hall . After returning my tray and silverware, I headed straight to the co-op bookstore . Of course, being a university bookstore, its main selection consisted of academic texts, and its recreational reading selection was fairly limited . But on the plus side there was a

10 percent discount on everything, and for some reason (I wonder why) this particular bookstore had an unusually large selection of magazines, so it got fairly crowded .
I made my way to the novels section and picked one out . Tunggu Hah? Something had occurred to me .
"Wait a minute . Did Mikoko-chan call me 'Ikkun'?”
Now that I looked back on our encounter, that nickname she used seemed to stand out . I hadn't even noticed when she'd used the nickname—but I didn't think anyone had ever addressed me with such an overly familiar nickname in the masa lalu. I thought about it for a moment, but I couldn't remember .
I had no specific memory of her calling me that before, but then again, I didn't remember her not calling me that, antara . After all, I hardly have any memory of Mikoko-chan herself, much less a trivial thing like what name she called me .
“Eh, whatever . ”
Either way was fine by me . Satisfied with that notion, I began reading the novel inside the store .
Ya .
Bukan masalah besar .
Hardly a life or death situation .
All was well with the world .
Even if Heaven was empty .

What is a fatal wound?
Cutting off someone's head .
Yeah, obviously that's one .
Crushing someone's heart .
Again, obvious .

Destroying someone's brain .
Secara alami.
Stopping their breathing .
That's another good method . Pretty final, too .
But when I say "fatal wound," I'm not referring to these trivial sorts of things .
I'm thinking of something else . A fatal wound is an impact so intense, so devastating, that you fall into a state where you're no longer a human—even though you are . You're no longer able to lead a life even though you're living . It means being ground to bits after falling victim to a relative paradox created by reason itself .
That is a fatal wound .
In other words, failure .
The key here is the fact that even after a profound failure, we go on .
The world is brutally tepid .
It's so kind that it's cruel . It's a devil's Heaven .
To put it plainly, you don't die by making a big mistake .
Or maybe I should say you can't die .
Yeah, you don't die .
You just suffer .
You simply suffer in agony .
And you go on . Forever, wherever .
Meaninglessly, you just go on .
Life isn't a video game, not because there's no reset button, but because there's no Game Over . Even though it was "over" long ago, tomorrow shows up anyway . Even when night falls, morning comes again after it . When winter ends, spring rolls in . Life is wonderful .

It's an absolute paradox—even though you've taken a fatal blow, you can't die . It's like asking what a person sees when he looks backward while traveling faster than the speed of

light . An unthinkable question .
Even though the potential to be you has long since been cut off, you go on . You do it all over, again and again . Kamu redo your life again and again .
But it's like making a million crappy copies, and each time you make one, your “self” gets a little bit shoddier .
And eventually you get to thinking . . .
Am I really me, or . . .
. . . did I become something else
long ago?
Have I devolved?
Just as the central figure in an incident can't all of a sudden become just a disinterested bystander, you can't become your own spectator .
And that, my friends, is what's truly fatal .
“In other words, it's like mind over matter . . . ” I muttered .
As I pondered these fruitless ponderings, I was trying the new McDonald's burger . The five hundred twenty-five yen value combo .
The kimchee must have worked, because my sense of taste had returned to normal . A McDonald's hamburger tasted pretty luscious again . After all, as a Japanese person, there was no way I could have gone on with my life if unable to enjoy McDonald's .
The time was 7:30 in the evening .
The place: Shijôkawara-machi, Shinkyôgoku Street .
After fifth period had ended, I decided I wanted to see those mobile police Mikoko-chan was talking about for

myself, and my feet had taken me this far in an effort to kill waktu
Next to the tray with the hamburger on it was a single magazine . What they call a “weekly infozine . ” I had bought it at the co-op, and on the cover it said, “Feature Story: Jack the Ripper Resurrected in the Devil's City!”
“Pretty tasteless . ”
The ridiculously apocalyptic feel of the magazine was actually the second reason I had bought it . The first was that it featured a big story on the “prowler” incidents Mikoko-chan had been telling me about .

I shoved two fries in my mouth, added a straw as well, and sucked down some cola . I started flipping through the weekly . The first page was set with an all too vivid picture of a corpse as the background, and in big, Gothic letters, it read: “The Homicidal Monster Who Shook Kyoto!”
Ominous indeed .
“So they let you show photos like this . . . ” I muttered as I flipped through the pages . I had already scanned through the details of the articles, so I at least knew something about the incidents now, if not everything .
The media had dubbed the crime spree the “Kyoto Prowler Serial Killings . ” Not the most imaginative name in the world, but then again, maybe a case like this didn't need one . Masih, the word prowler hardly seemed to be an accurate description of the criminal . I always thought of as a prowler as a sort of stalker, someone who stalks people on the street and causes them harm . But in this case the culprit was luring the victims into desolate areas, killing them with a sharp blade, and finally dismembering the corpses . It seemed like maybe “serial killer”

was a better description than prowler . And you could definitely make an analogy with the Jack the Ripper murders .
“Six people now, huh? Not bad,” I muttered as I stuffed the magazine back into my bag .
Yeah, six people . Just as Mikoko-chan had said, six people in less than two weeks' time was quite a death toll . Dulu probably unprecedented . By the third murder, the police force had been dispatched all over the region for surveillance . Bahkan the riot police had been dispatched, and yet the murders went on, as if the killer were laughing at them .
The victims had no apparent connections . They were young and old, male and female: The killer showed no mercy to anyone . The police (and everyone else, for that matter) had deemed these incidents merely a series of acts of random violence .
Therefore the sixth victim probably wouldn't be the last .
The killings would go on . As long as this monster remained on the loose—or until he decided to stop of his own volition—there would be more murders . Perhaps even tonight . Mungkin even right now .

“It's all nonsense in the end, huh?” I stared out at Shinkyô-goku Street from the entrance of McDonald's .
It was the same scenery as always . Fewer tourists and students on field trips, but it was still pretty crowded—a lot of kids with dyed hair were milling around . I suppose you could say that this was when they came out to mark their territory . Nobody, absolutely nobody walking along this street right now was seriously considering the notion that they could be the next victim .
Of course, everyone was still being a little cautious . Beberapa were visibly unsettled by the mobile police units scattered

here and there . “What a mess,” they might think, but that about covers it . At most, they would go home a little earlier than usual .
But deep in their hearts, everyone believed they would be going home .
That's how it is with these things . There are very few people who can accept as a hard reality the possibility that they might be the next to die .
It was true that the probability of becoming the next victim was negligibly low: “Those victims must've had been really unlucky . ” A terrible thought, but what else could people think?
Bagaimanapun. . . perhaps I should go ahead and mingle in with this unguarded crowd? With that in mind, I got up from my seat only to feel my phone vibrating in my right pocket . saya wasn't familiar with the number on the display . But I didn't want to just ignore it . I went ahead and pushed send .
“Ciao! Mikoko-chan here!”
Hyper from the get-go . It was easy to imagine her giving me the thumbs-up on the other end, even though I guess she probably wasn't actually doing that . But without even knowing who she was talking to, she was so bubbly and friendly .
What would she have done if this was the wrong number? SEBUAH small fire ignited in my inquiring mind .
"Eh? Hey, it's Mikoko-chan . Apa yang salah?"
Saya tidak menjawab.
"Uhh . . . This is Ikkun, right?”
Again, I was silent .

“Hellooo? This is Ikkun, right?”
I persisted in not replying .
“Did I mess up? Hah? I messed up!”

I kept up the silent treatment .
“Gahhh! It's like getting all prepped for the next radio calisthenics session—you know, that exercise show broadcast over the radio—only to have them go 'We're outta time, so just do the chicken dance'! I'm sorry, I dialed the wrong number!”
At that, I finally said something: “No, this is right . Apa itu up?”
“Uwa!” she shrieked in surprise when I spoke . "Hah? Wha?” she sputtered, confused . Eventually, she let out a sigh, so I figured she had calmed down a bit . I also figured that it was only a matter of seconds before her relief turned to anger . "For crying out loud! It's the phone! You have to say something! I'll freak out if you don't! Ikkun, you jerk! You snake! Kamu . . . you monster!”
I didn't think I'd done anything that bad .
"Sorry, sorry, I was just kidding around . ”
I hadn't meant to stay quiet for so long, but I also had never expected she'd provide such a hilarious response either . Before I knew it, my timing had been thrown off .
“God . . . Saya kira tidak apa-apa. Since it's you and all . ”
She let out a moan . It was hard not to feel a little sorry for dia. “Umm,” she started again, back to her normal self . “This is a business call! Regarding tomorrow's business!”
“You know, you don't have to yell . It's quiet here . ”
"Hm? Where are you now?" she asked .
“Ah, uh, I'm at home . At the boarding lodge . ”
"Oh. I'm still at school . I had to talk to Inokawa-sensei about something, so I just got out of the research room . Bukan that place incredible?! Books everywhere!”

Inokawa-sensei led the general-education class . A slightly eccentric assistant professor, he was popular enough with his students if you were willing to set aside the fact that he was way too strict about punctuality . (If you weren't in your seat by the time the bell started ringing—even if you were in the

classroom and were in the act of sitting down while it was ringing—he marked you absent) .
“Umm, right, so about tomorrow . Will you be home tomorrow?”
"Ya itu benar . Are we meeting somewhere?” I asked .
“Uh-uh . If we set a meeting place, we might miss each other, kanan? That's no good, so I'll come meet you at your boarding lodge . I bought a scooter and I kinda wanna take it for a spin . So, let's say four o'clock . Can I go to your place at four?”
“Yeah, it's fine, but . . . you know where the boarding lodge is?”
"Hah? Oh, no problem there . ” She seemed flustered . "SAYA mean, because we made that address list when classes first started, so I know it . ”
“Is just the address enough?”
"I know Kyoto well, so we're a-okay . You're at Senbon Nakadachiuri, right?”
“Huh?” I asked . There was something suspicious about the way she was acting, but if she said she knew it, I figured there was no problem .
“Fine by me,” I replied .
"Baik . That settles that, then . Hmm, I'd like to talk more since I went to the trouble of calling, but I've got to go to driving school from here . I made an appointment, and if I don't go now I'll be late . ”
"Hah. You're going to driving school . ”

"Ya. Bagaimana dengan kamu? Got a license?”
“Ya. Just for automatic, though . ”
If it wasn't such a big hassle to get a license, I could actually drive anything, but that was a secret .
“I see,” she said . “I'm going for a manual . I'm reaching that age where I want my own set of wheels, you know? My dad said he'll get me a car once I get my license . Ya . Anyway, see ya tomorrow . Bbb-byeee!”
She giggled and hung up . I stared at the phone for a while before putting it back in my pants pocket .
Benar We did have plans tomorrow, didn't we? It hadn't completely slipped my mind, but it was close enough . At this rate, I might forget again by tomorrow . Maybe it would have been best to write “Plans with Mikoko-chan tomorrow” on the

palm of my hand, like an unusually dim-witted elementary school student .
Oh, but if she was coming to meet me at my house, it didn't really matter if I remembered or not, I thought . I was just going to be there all day anyway . I returned my pen case to my bag .
This time I really did actually walk out of the McDonald's . It was already almost eight o'clock, and the shops outside were preparing to close . Suddenly something occurred to me .
“Ah, benar juga. It's a birthday thing . ”
In that case, I should probably take the opportunity to buy a present while I was out and about . It was only common sense—not that I ever thought of myself as someone with a lot of common sense .
Then again, I'd been sort of half-forced into going . Maybe I didn't have to go out of my way to be a good guy or anything .
As I thought it over, I peeped into a nearby souvenir shop .

Emoto Tomoe . Now, what kind of a character was she? saya didn't have a single memory of her . Once I actually saw her face, I might remember her . But no matter how hard I thought about it, I couldn't remember a single thing about dia. Which meant she probably wasn't a particularly eccentric or remarkable person . Maybe she was a little more subdued than most . The kind of person who reads a book before the start of class instead of messing with her cell phone .
Tunggu . . but hadn't Mikoko-chan said she was a striking girl who always wore shiny things? Hah. I had no idea after semua. Not even a vague image .
Then there were those other two: Atemiya Muimi-chan and Usami Akiharu-kun, right? I tried to recall them as well, but with no success .
“Eh, I guess if they're Mikoko-chan's friends, they can't be all that weird . ”
“Tell me what company thou keepst, and I'll tell thee what thou art . ” Cervantes said it, but surely you could've switched it around and it would still make sense . Nothing to worry about too much .
As my mind wandered, I picked up a box of snacks from a display . They were yatsuhashi cinnamon cookies folded into

triangles and stuffed with red bean paste . A wholly conventional Japanese snack . Thirty pieces, one thousand two hundred yen .
"Hm . . . ”
Kyoto and yatsuhashi—a confection made from rice flour, cinnamon, and sugar—were synonymous with each other . Jika there were no yatsuhashi, it wasn't Kyoto, which meant that if there were yatsuhashi, it was . Compared to yatsuhashi, Kiyomizu Temple, the Daimonji Fire Festival, and the Big

Three festivals didn't even matter . Shrines and Buddhist temples were irrelevant . If you didn't eat yatsuhashi, you didn't know 80% of Kyoto .
Okay, then, I thought .
And so it was settled that Tomo-chan would receive snack food for her birthday . I didn't want to burden her with something nondisposable, and I figured it would be the perfect thing to eat while drinking . Or wait, did sweet stuff go with alcohol? I didn't drink, so I didn't know . At any rate, it wasn't like they would be inedible .
And then my back shivered .
It felt as though liquid nitrogen had been poured into my spinal cord . As if my entire body had been frozen to absolute zero and the heat of the outside air was about to scorch me . Only a basic level of brain functionality remained . And then I felt an intense pressure crushing me . If I couldn't maintain my composure, surely I would be pulverized .
But I didn't look back . I just tried to collect myself as coolly as possible, and thrust the box of yatsuhashi at the store clerk . The clerk had a brown earring, a brown ponytail, and a smile that wasn't very professional .
"Welcome, now . ” The clerk wrapped up the treats for me, which I accepted as I fished for the exact change . “Please come again there, now,” the clerk said cheerfully with a little head bob . Surely it was this kind of heartfelt service that captured the hearts of tourists, I thought, a little irrelevantly, as I left the store and began on my way to Shijô Street .
And then I felt it . A gaze so intense it couldn't be ignored once detected, a gaze so ferocious there was no way not to be aware of it . No, this was more than a gaze .

This was the intent to murder .

It was a 100 percent pure murderous desire . Nothing—not one of a million emotions; not animosity, aggression, or a sense of mischief—diluted the purity of this desire . My entire body ached with a terrible feeling . This feeling was long past the point of unpleasant or unsettling .
Aku berjalan .
The feeling followed me .
I walked some more .
The feeling still followed .
“In other words, I'm being followed,” I muttered to myself .
Sejak kapan? Dari mana?
I had no idea .
It was so blatant that I didn't even need to look back .
It was so blatant that I didn't even need to sense it .
That meant that whoever it was had surely noticed that I had noticed . The fact that they continued to tail me anyway was the most blatant thing of all .
“This ain't good,” I sighed as I weaved my way through the crowd . Itu aneh. I really thought I'd left all danger behind me . . . back on that island on the other side of the sea . Being tracked all the way to this country, to this city, no less, seemed unthinkable, much less being killed . I had already employed Kunagisa's skills to confirm that .
In which case . . .
This was a random act .
The first thing that came to mind was the feature story from the magazine in my bag .
The slasher .
“Aw, hell no,” I said to myself . What cruel fate had brought me to this pass? If I were to put it like Mikoko-chan, I might have said something like, “It's like forming a second Onyanko Club, but everyone's a backup dancer . ” On second

thought, I have no idea what that means . I guess you shouldn't try to be something you're not, I thought . Clearly I was panicking .
But even supposing the person one thousand feet behind me right now was the famous prowler, or even supposing it

was just your run-of-the-mill psycho killer, or even supposing that it was someone with a grudge against me . . .
Ada yang salah. This just didn't make sense . It was unfathomable and absurd .
What I felt was uneasiness . Yes, like the uneasiness you feel when you notice that reflection in the mirror is looking back at you, that kind of absolutely mistaken textbook explanation . I had now confirmed that that red line that's usually in front was, suddenly, behind .
“More nonsense?” Of course this was an illusion .
What mattered right now was that someone was following saya . Ini sudah pasti. That and, sometime soon, I would be killed . This much was also certain . With these two essentially definite facts in mind right now, I had no leeway to be distracted by any other sensations . Ultimately, my options were limited .
Give, or take .
“Ahhh, this is becoming a freaking hassle,” I muttered .
I made my way from Shinkyôgoku Street onto Shijô Street . On the other side of a cluster of cabs was a long line of cars . Shijô Street was extremely congested at this time of day, to the point that it was actually faster to walk than to drive . Di sebuah
town like Kyoto, which had so many traffic lights it wasn't even funny, a bicycle was by far the number one most effective way to get around .

Number two, incidentally, was by foot . Maybe number three was a boogie board .
I had come to school by bus, so number two was my only option . I debated for only an instant about which way to go before heading east .
After a pause at a red light, I crossed Kawara-machi Street . If I kept straight on this road, it would take me to Yasaka Shrine . From there, if I broke south, I would reach Kiyomizu Temple . It was a textbook route for the Kyoto temple sightseer . But I was no sightseer, and I had no intention of going as far as Yasaka Shrine .
I was on pins and needles . I felt that high-pressure gaze edging ever closer . And if it ever caught up to me, that pressure

would erupt into plain, simple violence .
"Ah . . . this is gonna be close . " May already and here I was in a cold sweat . Just how long had it been since I had been this nervous? Surely not since I'd left that odd little island . Yet at the same time, what I felt now was somehow distinctly different from what I had felt back then .
I am nervous, therefore I am at peace .
I became aware that, for me in this nervous state, failure was something wholly improbable .
"Fiuh. . . ”
And so I arrived at Kamo River . Instead of crossing the big Shijô Bridge, I made my way down the staircase beside it and emerged on the riverbank . Whenever the sun came out, countless young couples would start crowding the riverbank . In my personal opinion, this riverbank, lined with perfectly spaced out boy-girl pairs, was one of the top three must-see attractions of Kyoto . When the moon was out, the riverbank offered itself as an after-bender hangout for drunks . Setelah drinking the night away, they could come here to sleep it off .

The drunks ranged from college students all the way up to salarymen .
The drunks and lovers had one thing in common: They were both complete nuisances who went around shoving their happiness in other people's faces . But there was no time to wax philosophical about . No matter what I thought about the drunks and young lovers, only one thing mattered right now . It happened to be that one brief moment of the day when the riverbank was empty . The lovers had already gone home, and the drunks were still getting drunk .
In other words, it was a perfect situation .
And being underneath a bridge made it even better, right?
I entered the shadow of the bridge as soon as I had descended to the riverbank . The sounds of passing cars rushed overhead . The chatter of people crossing the bridge . Dulu one hell of a ruckus . But it wasn't enough to cover this guy's footsteps .
Shuffle .
The sound of scraping grit .
I muttered something and turned around .

He made an incoherent noise as he faced me .
My feelings at that point were probably pure and simple confusion . Ordinary, everyday confusion and nothing more .
There was a mirror in front of me .
Atau begitulah yang saya pikirkan.
His height was a bit under five feet, and he was longlimbed and slender as a flower stem . He wore tiger-striped shorts; nonskid rustic boots; a red, long-sleeved, hooded parka; and a black tactical vest . Both hands were clad with gloves, but they obviously weren't for something as cowardly as covering his fingerprints, as they were fingerless gloves . It was my

guess that they served a much more sinister purpose—to stop the knife from slipping on sweat .
His long hair was tied up in the back and buzzed on the sides as if he were a dancer . His right ear had a triple piercing, and two straps that looked like they belonged on a cell phone dangled from his left ear . His stylish sunglasses rendered his expression unreadable, but the sinister-looking, obviously real tattoo running down the right side of his face communicated this person's eccentricity loud and clear .
He was unlike me in almost every conceivable way . Kami similarities ended with age and gender .
And yet I felt like I was looking into a mirror .
So naturally I was confused .
And my new friend appeared to be just as confused .
Still, he made the first move . He inserted his right hand into a pocket of the vest, and an instant later he was brandishing a small, five-centimeter-wide knife . He made not a single wasted motion . It was as if he had surpassed the limits of the merely human . Light and sound seemed distorted around him .
Even supposing I had been observing all this from the point of view of an uninvolved bystander, even knowing that this was a murderer, his technique was so perfect that I could've only described it as artful .
There was no escaping it . There was no accepting it .
But I managed to dodge the knife by pulling my upper body back . Of course, normally this would be impossible . saya wouldn't say I'm any less athletic than average, but I'm

certainly no Mary Lou Retton either . I had neither the quick eye nor agile body needed to elude a plausible contender for the title of the world's fastest knife fighter .

However, supposing a dump truck was coming straight at you at a hundred miles an hour, but you became aware of this when it was a few miles away, I think we can all agree that dodging it would be a simple task .
Likewise, I'd been anticipating my assailant's slash attack . It was so obvious that it was coming that it was if I had been expecting it for the past five years .
I groped wildly for my bag, then swung it around, hoping to smash him in the face . But with no more than a simple motion of the neck, he managed to dodge my attack as if he had been expecting it for ten years .
Because I had strained to dodge his attack, I tumbled backward . Of course, I didn't do anything as foolish as try to roll back to my feet . Even a single arm wasted on such a maneuver would surely have created a prime opportunity for the killer . Just as I feared, he wheeled back from his initial miss and came straight for my carotid artery . Tidak baik . Sana was no way to dodge from this position . I guess I could have theoretically performed a stupid-looking roll and dodge this one attack . But the next moment, or the moment after that, regardless of how pathetically I scrambled around on the ground, he would plunge that knife into my spine . I could imagine it so clearly that I felt like a certain clairvoyant I once knew .
In which case, dodging was beside the point . The key was simply taking it . I swung my right elbow up at the knife . My opponent twisted his wrist, altering the direction of his swing . Consequently, the excess momentum from my elbow had me swinging at nothing . This left my entire front side, including all of my organs, not least notable of which were the heart and lungs, completely exposed to the enemy .

Behind the sunglasses, his eyes seemed to smile ever so faintly .
With another twist of the knife, he aimed it directly at my heart .

A moment's pause .
And then the tactical knife swung down at double speed .
So strong was his will to destroy human life that it made his body move at speeds that couldn't be detected by the human eye .
He left me not even time enough to gasp . That's right: I didn't even have time to gasp .
But I had known this one had been coming before I'd even been born .
!
!
The knife tore through a single layer of my clothing and stopped . My left index and middle fingers had stopped it—by pushing up my assailant's sunglasses .
A stalemate .
He had my heart and I had his eyes . If you put the two on a scale, their weights obviously differed, but this was no matter to be weighed on a scale . For my opponent, tearing through my flesh and bone to demolish my heart was simpler than taking candy from a baby . But it would leave just enough time for me to pulverize his eyeballs .
The opposite was also true .
I could sacrifice my own heart to destroy his eyeballs, and he could sacrifice his eyes to obliterate my heart . Hence, a stalemate .

We stayed that way for as long as five hours, or maybe it was five seconds, and then: "This is a masterpiece," he said, tossing his knife aside .
“It's nonsense is what it is . ” I retracted my fingers .
He backed away from me, and I rose to my feet slowly, shaking the grit off my clothes and slowly straightening out my posture .
Our fight had been a farce—but it had gone so harmoniously, it was as if it had all been predestined . I felt overcome by an incredible faintness .
“I'm Zerozaki,” my opponent said as he straightened his crooked glasses . “Zerozaki Hitoshiki . So who the hell are you, Bapak . Doppelgänger?”
The question left a sour taste in my mouth . Itu seperti

seeing myself asking someone else for my own name .
And that—that was the first encounter between the passive onlooker and the homicidal monster .
Strangely enough, it was Friday the thirteenth .

Kemalangan dan kesengsaraan tidak diperhitungkan.
Beri aku lebih banyak keputusasaan. Beri aku lebih banyak kegelapan.
Beri aku kebejatan sepenuh hati.
Omong-omong setiap bulan tertentu, omong-omong, lebih mungkin jatuh pada hari Jumat daripada hari lainnya. Jumat tanggal tiga belas
terjadi setidaknya setahun sekali, dan tiga atau empat kali setahun rata-rata. Tetapi untuk orang seperti saya yang bukan Kristen — saya tidak
bahkan mengerti perbedaan antara Katolik dan
Protestan — hari Jumat tanggal tiga belas berarti lebih dari itu hari berikutnya adalah hari Sabtu tanggal empat belas.
Sekarang, lalu. Hari berikutnya adalah Sabtu, keempat belas Mei. saya
terbangun di dalam apartemen Senbon Nakadachiuri satu kamar saya.
Saya melihat jam saya untuk mengetahui bahwa itu sekitar sepuluh sampai
empat hal. m.
"Serius?"
Saya sedikit. . . itu, cukup — tidak, gila — terkejut. Ini
adalah rekor tidur yang sama sekali baru bagi saya. Berapa tahun sudah sejak terakhir kali aku tidur sampai sore? Dan
bukan hanya sore — hlm. m. sudah lebih dari sepertiga
sudah . Ini mungkin akan tetap menjadi noda pada ingatanku selama sisa keabadian.

"Tapi sekali lagi, aku ingin tidur jam sembilan pagi, jadi
itu wajar. ”
Akhirnya mengusir rasa kantuk, aku kembali ke akal sehatku
dan bangkit dari tempat tidurku.
Kamar itu memiliki empat tikar jerami ruang lantai dan telanjang

bolam . Kantung kecil ruang ini luar biasa klasik,
dan begitu penuh dengan anakronisme sehingga membuat Anda bertanya-tanya apakah itu benar
sudah ada sejak masa lalu ketika Kyoto masih milik kita
modal. Tentu saja, harga sewanya sangat rendah. Maut bagi
tuan tanah, yaitu.
Saya melipat futon saya dan menempelkannya di lemari. Disana ada tidak ada toilet atau kamar mandi, tapi ada semacam wastafel, jadi saya gunakan
untuk mencuci muka, lalu berpakaian. Pakaian saya tidak
persis penuh dengan pilihan, jadi semua ini butuh waktu kurang dari
lima menit .
Saya membuka jendela dan membiarkan udara luar. Kyoto adalah tempat yang luar biasa, setelah Anda melewati Golden Week,
Anda sudah memasuki musim panas. Seolah-olah hidup masih berjalan
menurut kalender Cina kuno — atau seolah jatuh dan musim semi bahkan tidak ada.
Lalu terdengar ketukan di pintu saya. Apartemen ini
tidak dilengkapi dengan fasilitas modern seperti telepon
interkom. Tepat pukul empat. Mikoko-chan tentu saja
yang tepat waktu. Saya hanya sedikit terpesona dengan ini.
Orang-orang yang sama anal tentang waktu dengan Inokawa-sensei hanya menjengkelkan, tetapi saya pikir jika Anda benar-benar ingin merujuk
untuk diri Anda sebagai manusia, Anda harus setidaknya tepat waktu
sebagai jam analog. Dalam hal itu, Mikoko-chan dianggap sebagai a manusia
“Yo, aku datang. ”

Saya membuka kunci kuncinya (sekarang yang saya sebut retro secara radikal)
dan membuka pintu. Tapi yang mengejutkan saya, itu bukan Mikokochan.
"Maaf. ”
Itu Asano Miiko-san, tetanggaku. Usianya dua puluh dua
tahun, menjadikannya senior saya, dan dia musiman
pekerja Ada sesuatu yang aneh tentang dirinya di Jepang

gaya, dan bahkan sekarang dia mengenakan bahasa Jepang klasik pakaian kasual musim panas. Itu kain hitam, dengan kata-kata Carnage dicetak di bagian belakang atasannya dengan huruf putih, dan
dia memiliki ekor kuda samurai yang jelas. Awalnya dia sepertinya tidak bisa didekati, tetapi setelah Anda berbicara dengannya sebentar,
dengan cepat menjadi jelas bahwa dia adalah manusia yang cukup baik
sedang. Mungkin sedikit di sisi misterius, tapi itu adil ditambahkan ke pesonanya.
“Miiko-san. . . kanan? Selamat pagi . ”
"Ya. Apakah kamu tidur? "
“Ya, aku sedikit ketiduran, jadi. . . ”
“Jika kamu tidur selarut ini, kurasa itu masih belum memenuhi syarat sebagai 'a
sedikit, '"katanya datar. Dengan sikapnya yang tenang, itu benar sering kali sulit menebak apa yang dia pikirkan. Bukan karena dia benar-benar tanpa ekspresi. Sebagai gantinya, ekspresi defaultnya adalah tatapan tajam, dengan perubahan yang begitu halus sehingga dia mungkin juga memilikinya
tanpa ekspresi.
"Oh, silakan masuk. Seperti biasa, tidak banyak yang bisa dilihat, Namun, ”kataku tanpa sedikit kesopanan palsu. Saya melangkah ke samping
untuk memberi jalan, tapi dia menggelengkan kepalanya.
"Nah, aku hanya datang untuk memberimu ini. "Dia melewati saya sebuah flat
kotak. Terbungkus kertas dengan tulisan Snacks
huruf besar.
“. . . . ”

"Mereka adalah yatsuhashi. Mereka adalah favorit Kyoto. ”
"Aku kenal mereka, tapi—"
"Mereka milikmu. Itu bagus, Anda tahu. Nah, sampai jumpa. . . Saya harus mulai bekerja. ”
Dia berbalik, memercikkan kata Carnage padaku. Itu
fakta bahwa dia tidak memberikan penjelasan mengapa dia baru saja
memberi saya sekotak yatsuhashi hampir tidak terduga. Dia

seorang wanita dengan beberapa kata, dan ketika Anda berpikir tentang bagaimana
banyak usaha yang harus Anda lakukan hanya untuk memancing jawaban
tentang dirinya, mudah untuk membenarkan hal-hal yang tidak dapat dijelaskan. Dan
jadi saya mengirimnya pergi dengan sederhana, “Terima kasih banyak, saya pasti akan
nikmati saja, ”dan tidak lebih.
Dia berhenti di jalurnya.
"Kedengarannya kamu baru kembali pagi ini," katanya
tanpa berbalik. "Jadi, bagaimana ceritanya?"
“. . . "Sialan apartemen berdinding tipis ini. Sebenarnya saya kira mereka memang memiliki fasilitas mereka.
“Oh, aku hanya nongkrong dengan seorang teman sepanjang malam. Tidak ada
teduh. Tidak ada yang menarik juga. ”
“Teman, ya? Tidak akan terjadi seperti itu
gadis berambut berwarna-warni yang datang sekitar Februari, akan saya t?"
“Sebenarnya, Kunagisa sangat tertutup. Ini seseorang
lain . Seorang pria . ”
Dia mengangguk dengan tampilan yang benar-benar tidak menarik, tapi aku bertanya-tanya apakah dia akan sedikit bersemangat jika aku mengatakannya
“Aku bersedih dengan pembunuh yang semua orang bicarakan tentang di bawah Jembatan Shijô besar. “Kemudian lagi, Miiko-san menjadi seperti dia, sangat mungkin dia
tidak akan memberi saya lebih dari "ya," bahkan jika dia tahu saya tidak bercanda.

Dia mengangguk, tampaknya puas, dan melanjutkan perjalanannya menyusuri lorong yang dipagari. Dia menuju paruh waktu pekerjaan. Ketika saya pertama kali menemukan itu bukan hanya di dalam ruangan
pakaian, bahkan saya tidak bisa tidak menyuarakan keterkejutan saya.
Aku menutup pintu dan kembali ke tengah ruangan.
Tapi mengapa itu harus yatsuhashi? Kalau dipikir-pikir itu,
ini adalah yatsuhashi yang sama persis dengan yang kuambil

hari sebelumnya untuk ulang tahun Tomo-chan. Itu adalah kebetulan yang mengerikan,
tapi itu dia.
“Yah, terserahlah. ”
Saya menumpuk kedua kotak itu dan menempelkannya di sudut ruangan .
Melihat jam, saya menemukan beberapa menit
empat lewat.
Tiga puluh menit kemudian, sudah lewat jam 4:30.
"Yah, ya," kataku keras-keras dan berbaring di lantai.
Baik sekarang . Bukankah Mikoko-chan datang menjemputku empat? Tentang ini aku yakin. Saya mungkin melupakan banyak hal, tetapi saya tidak pernah
salah ingat mereka. Ini berarti Mikoko-chan juga
mengalami kecelakaan, tersesat, atau hanya orang yang ceroboh. Tetapi tidak peduli yang mana itu, tidak ada yang bisa saya lakukan dengan benar
sekarang .
"Waktu untuk Delapan Queens?"
Tentu saja, tidak ada yang semewah papan catur
di kamar saya, jadi saya harus memainkannya di pikiran saya. Itu aturan untuk Eight Queens sederhana, dan ringkas — hanya tempat delapan ratu di papan catur sehingga tidak ada yang bisa menangkap
ada yang lain . Itu salah satu rutinitas "latihan otak". Saya akan memainkan permainan ini beberapa kali, jadi pada dasarnya aku tahu
solusi. Tapi dengan ingatanku yang buruk, aku selalu lupa tepatnya pengaturan, jadi saya bisa menikmati permainan setiap saat

Saya memainkannya. Oke, bukan itu yang benar-benar menyenangkan. Tapi
itu cara yang bagus untuk menghabiskan waktu.
Saya mulai kuat, tetapi kesulitan muncul di sekitar keempat
ratu. Permainan mulai kehilangan konsistensi. Ratu
Hanya saja, jangan rukun dengan ratu lainnya. Seharusnya tidak pernah ada
lebih dari satu pihak yang berkuasa. Apalagi kalau saya ijinkan
Pikiran mengembara seperti ini, saya akan kehilangan jejak di mana saya telah meletakkan

semua bagian sampai sekarang, dan saya harus memulai dari awal.
Sensasi berpisah dari pikiran Anda seperti ini tak terlukiskan.
Bisa dibilang itu seperti perasaan
berjalan di atas balok keseimbangan, hanya lebih banyak potongan yang Anda tempatkan
bawah — yaitu, semakin dekat Anda ke solusi akhir — the
semakin sulit menjadi. Dalam hal itu, itu sangat mirip permainan,
dan hebat dalam hal itu. Dalam hal kegagalan, tidak ada seorang pun
tetapi diri Anda pada siapa untuk melampiaskan kemarahan Anda, dan di sini berbaringlah
sensasi nyata.
Dan tepat ketika saya sedang berusaha menemukan tempat untuk yang ketujuh
Ratu, datanglah ketukan di pintu saya dan teriakan "Ikkun!"
Papan catur itu terbang. Ratu ada dimana-mana.
Untuk sesaat, hatiku, belum lagi pikiranku,
berhenti.
Saya mendekati pintu dan mengayunkannya terbuka. Kali ini, sungguh
adalah Mikoko-chan. Dia mengenakan kamisol merah muda dengan merah
rok mini, memperlihatkan jumlah kulit yang sehat dan menyegarkan.
"Pagi!" Katanya dengan lambaian. Lalu datanglah wajah penuh senyum. "Ikkun, guten morgen!"
“. . . ”
“. . . ”
“. . . ”

"Morgen. . . gen. . . gen. . . Ini seperti efek Doppler atau
sesuatu. "Dia kejam dan tersenyum seperti yang saya harapkan
dia menjadi. Matanya menjauh dari saya ke ruang angkasa.
"Umm, aku hanya ingin tahu, dan aku tahu ini bukan jenisnya
hal yang akan Anda lakukan, tetapi. . . Apakah Anda marah atau kesal atau benci
atau mengutuk nama saya atau apa? Sebenarnya, mengutuk saya
nama memang terlihat seperti sesuatu yang akan Anda lakukan. ”
“. . . ”
“Ayo, mari kita berkomunikasi! Hei! Jangan diam!

Ketika Anda diam, saya merasa akan memiliki sesuatu
mengerikan dilakukan untukku! "
"Telapak tanganmu," kataku.
"Hm?"
“Pegang telapak tanganmu di depan wajahmu
ini ”
"Baik . . . ”
Dia melakukan apa yang diperintahkan.
Memukul! Saya smooshed tangannya ke wajahnya sendiri.
"Gwah!" Pekiknya dengan gaya tidak feminin. Puas untuk
saat ini, saya kembali ke dalam untuk mengambil tas saya. Sekarang
di mana aku meletakkan yatsuhashi itu?
"Uwa! Kamu mengerikan! ”Katanya ketika dia masuk ke kamarku
untuk beberapa alasan . “Kau bersikap kasar padaku hanya karena menjadi seorang
sedikit terlambat? Itu penyalahgunaan, Anda tahu. Ini seperti membentuk juri
sistem peradilan, hanya semua juri adalah O. J. Simpson! "
Rupanya terlambat empat puluh menit hanya "sedikit terlambat"
Pikiran Mikoko-chan. Tanpa menunggu undangan, dia
datang ke tengah kamar saya dan duduk di lantai.
Celepuk Dia mengamati sekelilingnya dengan rasa ingin tahu yang sesungguhnya.
"Oooooo," desahnya dengan kagum. “Wow, tidak ada apa-apa disini Luar biasa! ”

“Kau tahu, pujian seperti itu tidak terlalu istimewa
menyanjung. ”
“Kamu benar-benar tidak punya TV! Anda seperti salah satunya
berjuang siswa dari masa lalu yang baik. Saya yakin Anda akan belajar
cahaya kunang-kunang! Apakah ada orang lain yang tinggal di apartemen ini? "
"Uh, well, ada satu tukang bonceng pendek, satu pertapa,
saudara lelaki dan perempuan berusia lima belas tahun dan tiga belas tahun saat ini
melarikan diri dari rumah, dan kemudian ada saya, jadi itu
empat kamar dan lima orang. Sampai baru-baru ini ada
calon penyanyi di sini juga, tapi dia pergi ke Tokyo untuk

meluncurkannya
debut major-label. ”
“Wow, jadi tempat ini agak makmur. Agak mengejutkan.
Jadi saya kira itu berarti ada ruang terbuka di sini? Hmm.
Itu memang memiliki suasana tertentu, ya? Mungkin saya harus pindah
di!"
Apa yang mungkin dia lihat di apartemen ini, di
ruangan ini, itu akan memberinya ide seperti itu? "Lebih baik tidak,"
Saya berkata, memberinya nasihat yang tepat. "Yah, ayo pergi, Hah?"
"Ah, belum. Ini masih terlalu dini, ”dia berseru.
"Tapi bukankah itu buruk jika kita tidak segera pergi? Sudah mendorong empat puluh menit di sini. ”
“Tidak, kita harus sampai di sana jam enam. Apartemen Tomo-chan tidak jauh dari sini, jadi bahkan jika kita berangkat jam lima tiga puluh kita akan
punya banyak waktu untuk sampai ke sana. ”
"Oh benarkah?"
"Sungguh," katanya dengan jari telunjuk mendorong ke atas. Saya t sulit untuk menyangkal adorableness dari agitasi muluknya,
tapi sepertinya itu bukan hal yang perlu kukeluarkan
cara saya untuk menyebutkan, jadi saya tidak melakukannya. Saya tidak ingin mendapatkan semuanya
bersemangat.

"Lalu mengapa kamu mengatakan jam empat?"
"Hah? Oh itu . Ya kamu tahu lah . Ehh, aku tidak terlalu hebat bersama waktu . Itu hanya untuk berjaga-jaga, untuk jaga-jaga. ”
“Maksudmu, ada kemungkinan kau menjadi seorang
setengah jam terlambat? "
Memikirkan hal itu saja membuat saya merasa seperti darah akan keluar
keluar dari telingaku.
"Hah?" Katanya, mengintip wajahku untuk menangkap ekspresiku.
"Ada apa?" Tanyanya dengan riang.
"Tidak ada . Saya tidak memikirkan apa pun. Saya pasti
tidak memikirkan bagaimana Anda harus mempertimbangkan perasaan

dari orang yang menunggu Anda untuk tiba. Atau bagaimana Anda harus tetap pada waktu yang Anda tetapkan. Atau bagaimana Anda setidaknya harus menelepon jika Anda akan terlambat. Atau bagaimana Anda
harus merawat papan catur dengan lebih baik. ”
"Papan catur?" Dia menggaruk kepalanya.
Tentu saja dia tidak seharusnya mengerti itu.
Saya menemukan yatsuhashi tergeletak di sudut ruangan dan potong segel di salah satu kotak. Saya meletakkannya di depannya.
"Bisakah aku memakannya?"
"Yakin . ”
Aku berdiri dan berjalan ke wastafel. Saya pikir
rebus air untuk tim, tapi saya tidak punya ketel. saya pikir menggunakan hot pot, tapi saya tidak punya pembakar. Jadi saya hanya
menuangkan secangkir air keran padanya dan meletakkannya di depannya.
Terlihat benar-benar bingung, dia melirik cairan itu
mendorong di depannya, tetapi kemudian pura-pura tidak melihatnya dan tidak
repot-repot menyentuhnya.
Dia menenggak yatsuhashi dengan antusias.
“Bertanya ini mungkin salah satu dari semuanya itu, tetapi apakah kamu
miskin, kebetulan? "

“Tidak, saya tidak terlalu kekurangan dana. ”
Tinggal di apartemen seperti ini, saya tidak punya bukti untuk mendukung
pernyataan ini, tetapi itu adalah kebenaran. Paling tidak, aku punya cukup uang yang dihemat untuk membayar tahun kuliahmu tanpa mengangkat satu jari pun. Secara teknis itu bukan uang saya telah mendapatkan secara pribadi, tetapi itu milik saya.
"Kurasa kau semacam ekonom kalau begitu, ya? Atau apakah itu a filsuf?"
“Aku hanya buruk menghabiskan uang. Semacam kebalikan dari a gemar belanja . ”
Saya membantu beberapa yatsuhashi ketika saya berbicara. Dia memberiku
anggukan pengertian setengah hati.

Ketika dia berlutut di lantai kamar saya yang kusam, saya menatapnya dari atas ke bawah. Hah. Bukannya aku berpikir sesuatu yang khusus, tetapi ada sesuatu yang sangat canggung karena dia duduk di sini di tengah-tengah saya kamar . Saya tidak tahu apakah Anda akan menyebutnya tidak wajar atau agak bersifat cabul,
tetapi sesuatu tentang itu terasa sangat rapuh.
Saya berdiri.
"Hah? Kemana kamu pergi? Kami masih punya empat puluh menit ekstra. ”
"Empat puluh menit hanya sedikit, 'kan?"
"Ahh! Ikkun, itu jenis hal yang akan dilakukan jerko besar katakan! ”katanya, mundur dengan sangat bersemangat. “Kamu tidak harus memegang
itu melawan saya selamanya! "
"Aku hanya bercanda . Ayo makan siang ringan di suatu tempat. Nya
tidak menyenangkan hanya saling memetik di kamar kosong ini. ”
Saya mengangkat tas saya di bahu saya dan menuju ke
pintu
"Aww, itu tidak benar," gumamnya sambil mengikuti saya.

Tomo-chan tinggal di kompleks apartemen khusus siswa
di dekat Nishiôji Maruta-machi. Hanya melihat baja yang dipaksakan,
eksterior beton, saya bisa membayangkan perbedaannya
sewa dari tempat saya sendiri. Lima kali lipat, atau bahkan sepuluh jika Anda ditipu.
Mikoko-chan pasti ada di sana sebelumnya, karena dia
memasuki lobi utama dengan aura percaya diri. Dia mendorong
nomor kamar pada interkom dan tekan tombol panggil.
“Yellooo! Ini kue Mikoko. ”
"Yo-yo. Ayo naik. ”
Saat suara yang agak mengantuk muncul dari interkom,
pintu kaca yang dikunci dengan kuat membuka. Keamanan kunci otomatis
sistem. Sebenarnya, mungkin itu istilah yang terlalu boros.
Apakah kunci itu ada di sana atau tidak membuat sedikit perbedaan siapa pun yang mencoba masuk.
"Ayo, cepat. Cepat, cepat, cepat. "Mikoko-chan

melewati pintu dan memberi isyarat agar saya bergegas.
“Lantai enam, lantai enam! Kita harus cepat! "
"Ini tidak seperti lantai enam akan pergi. ”
"Ya, tapi itu tidak akan turun untuk menyambut kita juga. ”
"Itu benar . . . ”
Saya mengikuti seperti yang diperintahkan.
“Lantai enam adalah yang paling atas. Tomo-chan tinggal di apartemen sudut, dan ada pemandangan yang cukup bagus, saat dilihat. ”
"Mm, pemandangan indah, eh?"
Itu adalah satu hal yang saya tidak pernah berharap untuk melihat di mana saya tinggal.
Jika Anda membuka jendela di tempat saya, Anda mendapat pohon.
Kami memanggil lift dan masuk.

"Aku ingin tahu apakah Akiharu-kun sudah datang. Muimi-chan cantik
banyak yang diberikan, tetapi. . . ”
Mikoko-chan sangat bersemangat. Melihatnya tanpa beban ekspresi, bahkan aku tidak bisa tidak memikirkan betapa baiknya itu
harus memiliki teman. Apakah itu berhasil atau tidak bagi saya, itu Pasti sangat baik untuknya.
Kami turun di lantai enam. Mikoko-chan berlari menuruni tangga lorong dan berhenti di depan pintu terakhir. "Disini,
ke sini! ”dia berteriak dan memberi isyarat. Itu membuat saya ingin bertanya
jika dia benar-benar tidak menyadari penampilan orang-orang dia.
Dia mendorong bel pintu. Ding dong . Pintu terbuka,
dan seorang gadis mengungkapkan dirinya.
"Selamat datang," gadis itu — kemungkinan besar Tomo-chan — berkata dengan mengantuk,
sebatang rokok menggantung di bibirnya. Dia sama sekali berbeda dari yang saya duga.
“Jadi, Mikoko. Tepat waktu untuk uang kembalian, eh? ”Dia lama memakainya
rambutnya cokelat di sauvage — dengan rambut panjang dan sisanya dipotong
dengan panjang yang sangat bervariasi — dan selera busananya

sempurna:
Combo jaket dan jins ringannya sangat bergaya. Dia
mungkin sedikit lebih tinggi dariku, dan sangat kurus
jika dia bilang dia hanya punya satu hari untuk hidup, aku mungkin akan punya
percaya padanya. Itu adalah pasangan yang cocok untuknya yang sedikit bengkok
tersenyumlah.
"Howdy, Muimi-chan!" Sapa Mikoko-chan. "Haro haro!"
Sepertinya ini bukan Tomo-chan, tapi Muimichan.
"Ups," katanya, akhirnya menyadari kehadiranku. Tanpa
sedikit rasa malu, dia memberiku studi keras dari atas ke bawah.
"Mungkin ini kali pertama kita berbicara, 'Ikkun,'" katanya
dengan seringai.
"Ya," kataku apatis. "Hei. ”

Tampaknya sikap apatis saya telah memengaruhi saya. Dia membiarkan
tawa berlebihan. Itu ramai, dan tidak terlalu
feminin.
"Yah, bagaimana dengan itu. Kamu pria yang menarik. kupikir
kita akan rukun. ”
“Sungguh. ”Itu lebih merupakan desahan daripada respons. Bukan
hal semacam yang menuntut penilaian seperti itu. Itu baru saja terjadi
antusias seperti salam saya. "Kurasa tidak. ”
"Heh, well, kita tidak harus membahas semua itu. Masuk saja.
Akiharu bodoh belum datang. Kami baru saja menelepon dan dia diam
di rumah . ”
"Ya Dewa, dia tidak akan pernah berubah. Terakhir kali dia mengaku
menjadi bingung oleh perbedaan zona waktu. Tardyman jelek itu. ”
Mikoko benar-benar melempar batu ke kaca pepatah
rumah. Itu hampir mengesankan. Tapi aku sedang tidak ingin
mulai menggodanya tentang hal itu, jadi saya tetap diam ketika saya menghapus
sepatu.
Di ujung lorong pendek antara dapur dan
kamar mandi adalah satu pintu. Sepertinya ini salah satunya

berpisah satu kamar. Muimi-chan mendahului kami dan membuka pintu. Ruangan di dalamnya sekitar delapan atau sembilan
tikar dalam ukuran, tetapi lantainya terbuat dari kayu keras. Di dekat jendela
adalah tempat tidur, dan di tengah ruangan, sebuah meja mini tertutup
dengan kue, makanan ringan, dan deretan gelas kosong. Jadi ini lebih dari sekadar minuman daripada urusan makan malam.
Seorang gadis duduk dengan anggun di samping meja. Kali ini menjadi Tomo-chan. Dia bahkan lebih mungil daripada Mikokochan,
dan mengenakan one-piece bermotif strawberry. Nya
rambut dikuncir. Dia memberi saya gelombang kecil.

Dia sama pemalu seperti yang saya bayangkan. Namun sesuatu tentang dia membuatku berpikir dia mungkin punya satu atau dua kebiasaan buruk.
Rasanya seperti ada lebih dari memenuhi mata — seolah-olah dia sederhana
Formulir mencegah Anda dari dapat melihat melalui dia.
Memikirkan hal itu membuat saya merasa seolah seseorang bertanya
saya untuk jumlah semua bilangan bulat.
"Tidak, tunggu. ”
Itu omong kosong. Semua orang merasakan hal itu ketika mereka bertemu seseorang untuk pertama kalinya. Secara teknis itu bukan yang pertama saya
bertemu dengan Tomo-chan, tapi aku tidak terlalu mengenalnya, jadi begitu
Wajar jika saya mendapat kesan seperti ini.
Hmm. Kalau dipikir-pikir, sepertinya kita sudah melakukannya berpapasan beberapa kali dalam seminar pendidikan umum kami. saya
bergabung dengannya di meja sehingga aku menghadapnya, dan membuang
salam sederhana. "Yo . "Dia menatapku sedikit bengkok,
lalu memberiku busur yang dalam.
“Terima kasih telah mengatasi semua masalah ini. Maaf bertanya sebesar ini

bantuan "Suaranya cantik dan tenang, dengan kualitas encer.
“Aku selalu ingin ngobrol denganmu, jadi aku harap kamu selamat bersenang-senang hari ini ”
Saya sedikit tersentuh oleh perilaku baiknya. Itu sesuatu
Saya belum melihat banyak belakangan ini (terutama di hari terakhir atau
dua).
"Ahahaha, cepat hancurkan es, ya?" Kata Mikoko-chan
dia duduk di sampingku berlutut. Muimi-chan, pada gilirannya, duduk di sebelahnya. Ini memungkinkan ruang yang cukup untuk Akiharukun
untuk akhirnya duduk di antara aku dan Tomo-chan.
"Ahhh. "Muimi-chan mengeluarkan rokoknya dengan miliknya jari, kemudian disimpan dalam asbak. "Jadi, apa yang kita lakukan? Kami punya tamu baru di sini. Haruskah kita teruskan dan

mulai? Rasanya bodoh duduk-duduk hanya membuang-buang waktu
keparat itu. ”
"Hei, kita tidak bisa melakukan itu," Mikoko-chan menyela. "Untuk sesuatu seperti ini kita semua harus bersama! Benar, Tomochan? "
"Yup, Mikoko benar. "Tomo-chan mengangguk. "Kamu tahu
dia akan segera datang, jadi jangan terlalu sabar. Kanan?"
"Aku tidak terlalu peduli, tapi. . . "Muimi-chan menunjuk ke arah saya . "Bagaimana dengan Ikkun di sini?"
"Aku tidak keberatan. Saya sudah terbiasa menunggu. "Yang pasti, itu tidak
berarti saya sudah terbiasa dengan orang yang membuat saya menunggu. Tapi itu akan terjadi
terlalu merepotkan untuk memulai pertengkaran tentang itu, jadi saya
hanya memberinya garis mudah.
Muimi menatapku dengan tatapan ingin tahu, tapi “Yah, terserahlah
lalu, ”hanya itu yang dia katakan. Dia mengeluarkan sebatang rokok baru, lalu
coba lihat lagi. "Apakah kamu tipe pria anti rokok?"
dia bertanya .
"Aku tidak merokok sendiri, tapi kamu bisa merokok sesukamu. ”
"Ah . Tidak, saya baik-baik saja. “Dia mematahkan setengah batang

rokok dia
bahkan belum menyala dan menyimpannya di asbak. "Aku membuatnya
arahkan untuk tidak merokok di sekitar bukan perokok. ”
"Hah. ”
Apakah itu berarti Mikoko-chan dan Tomo-chan sama-sama perokok? Fakta bahwa dia hanya meminta saya tampaknya menunjukkan
seperti itu. Hah. Saya sedikit terkejut.
"Hei! Muimi-chan, kamu akan membuatku terdengar seperti perokok jika
kamu mengatakannya seperti itu! ”Mikoko-chan keberatan sekali lagi. Dia
memberi kami mata anjing-anjing. Untuk beberapa alasan dia sepertinya menentang keras saya untuk mengetahui bahwa dia seorang
perokok.
"Tapi kamu merokok. ”

"Tidak, aku tidak! Aku hanya akan mengikuti aliran itu suatu kali! ”
"Ah, benar. Gotcha. Kesalahan saya, salah saya. "Muimi-chan memberi
dia tepuk tangan ramah saat dia membuat ulah kecil. Sementara itu,
Tomo-chan menonton dengan senang.
Hah. Tidak butuh waktu lama untuk memperhatikan dinamika di sini. Dulu
gadis baik, gadis jahat, dan gadis biasa. Ini membuat saya Bertanya-tanya apa peran Akiharu. Dia akhirnya muncul di
6:30, setengah jam terlambat.
"Maaf maaf . Saya pikir saya akan berada di sini tepat waktu, tetapi kereta
ramai dan sebagainya, ”katanya dengan humor yang bagus.
"Oh, jangan khawatir tentang itu," kata Tomo-chan saat dia menyapa
dia dengan senyum. Gadis yang baik.
“Kereta tidak tiba lebih lambat hanya karena ramai!
Dan Anda tinggal di rumah kos, jadi Anda bahkan tidak mengambilnya
kereta api! ”Mikoko-chan, gadis biasa. Dia punya

berani mempertanyakan alasan lumpuhnya.
"Kamu pikir bisa menerima permintaan maaf sederhana? Kamu Harus menenggak tiga bir, ”kata Muimi-chan, melewati botol bir ke dia. Gadis nakal.
"Baiklah baiklah . Jangan terburu-buru, Atemiya. Ini adalah sebuah ulang tahun, ulang tahun Bukan mayday. Terkutuklah aku
. Apa itu. . . ? ”Sepertinya dia memperhatikan kehadiran saya.
Dia mencibir masalah-anak. "Heh heh, jadi kamu benar-benar membawanya, Aoii, "katanya.
Dia duduk di sebelah saya dan berkata, "Yah, senang bertemu Anda, ”dengan sedikit membungkuk.
Saya juga melakukannya.
Dia memiliki angin semilir yang mudah di sekelilingnya, dengan rambut cokelat muda
dan selera untuk street fashion. Mungkin itu tidak biasa untuk mahasiswa berpakaian seperti itu, tetapi di Rokumeikan di khususnya, itu agak tidak biasa. Menilai dari tubuhnya, itu

Sepertinya dia terlibat dalam beberapa jenis olahraga, tapi aku tidak tahu yang mana.
“Umm, apa yang harus aku lakukan. . . apa Apakah kita semua hanya perlu menelepon
kamu Ikkun kalau begitu? "
"Aku tidak keberatan. ”
“Benarkah? Gotcha. Kamu pria yang baik. Bukankah kamu kira begitu, Aoii? ”
Dia menatap Mikoko-chan dengan tatapan penuh makna. Dia balas menembak
bingung. “Oh, uh, ya. “Dilihat dari tanggapannya, itu sepertinya dia tidak mengira aku pria yang sangat baik. Dari Tentu saja, mengingat betapa aku mengolok-oloknya, itu mungkin alami.
"Baiklah, akankah kita mulai?" Kata Muimi-chan. Dia tampak seperti itu
pemimpin empat. Dia menunjuk ke arahku. "Umm, kamu tidak minum, kan? ”katanya.
Aku mengangguk .
"Oh? Apa ini sekarang, Ikkun? Anda tidak bisa pergi berkeliling rewel sepanjang waktu, Anda tahu. Alkohol adalah komponen vital dalam

Bagaimanapun juga interaksi antar manusia, bukan? Maksudku, apakah aku benar atau
Apakah saya benar?"
"Akiharu! Apa yang saya katakan tentang mendorong omong kosong Anda
pendapat orang lain ?! Aku akan membunuhmu! ”Muimi-chan memberi
dia tampilan kematian. Sikapnya yang dingin dan nyaris linglung beberapa saat yang lalu telah diasah menjadi pisau kemarahan. "Apakah kamu
sudah lupa apa yang saya katakan terakhir kali? Hah?"
Akiharu bergetar dan tegang karena ketakutan. “Uh. . . ”
"Aku tidak mencari 'uhhh. '”
"Maaf. ”
"Tidak mencari 'maaf' juga. Kenapa kamu?
meminta maaf padaku? Hah?"

Mulut Akiharu-kun membuka dan menutup seperti dia seorang ikan mati lemas. Lalu dia menatapku. "Tolong maafkan
saya, "dia meminta maaf.
"Oke, kalau begitu," kata Muimi-chan dengan ekspresi puas.
“Maaf, Ikkun. Dia tidak bermaksud apa-apa dengan itu. Mengampuni
lelaki itu, ya? ”Dia benar-benar kembali ke tempat asalnya
diri dan tersenyum kembali padaku. "Apakah dia membuatmu kesal?"
“Uh, aku tidak terlalu peduli. ”
Atemiya Muimi. Dia benar-benar mantan penjahat. Tidak, bahkan bukan "mantan." “Saya pikir minuman cokelat itu sepertinya sedikit
kadaluarsa .
Mungkin aku harus memanggilnya Bos.
Sementara itu, Mikoko-chan menuangkan bir rendah malt ke dalamnya
setiap gelas dan membariskannya di depan semua orang. Dia juga menempatkan segelas teh oolong di depanku.
“Jadi siapa yang akan memimpin persidangan? Apakah itu Tomochan,
ratu kita selama sehari? "
"Ya, aku percaya itu akan terjadi," kata Muimi-chan. “Tomo, ayo

memilikinya . ”
Tomo-chan mengangkat gelasnya sedikit dengan enggan. "Baiklah kalau begitu .
Untuk ulang tahun kedua puluh saya dan teman baru kami. ”
Cheers.
Dengan ringan aku menepuk gelasku.
"Jadi hal tentang teman adalah bahwa mereka seperti, eh, Anda tahu,
seperti. . . kamu tahu, ”kata Zerozaki dengan senyum sinis. Tato tertulis di sisi kanan wajahnya yang berkerut tidak menyenangkan.
"Apa yang kamu pikirkan?"

“Kamu sebenarnya bertanya padaku? Saya pikir ini akan menjadi semacam omongan. ”
“Hah, jangan harap aku melakukan semuanya. Mereka mengatakan jika Anda
ingin mengetahui pendapat Anda sendiri, Anda harus bertanya kepada orang lain
mereka, kan? Jadi mari kita dengarkan. Apa yang kamu pikirkan? Apa itu
teman? "
“Itu bukan pertanyaan yang sulit. Itu hanya seseorang yang kau gantung
keluar dengan, makan dengan, bercanda tentang hal-hal bodoh dengan. Seseorang yang membawamu kedamaian. Hal semacam itu, benar? ”katanya.
"Kamu mengerti. Exactamundo. Jika Anda melihatnya seperti itu, teman adalah hal yang sangat sederhana, teman, seperti kue. Kamu nongkrong,
Anda makan bersama, bertindak bodoh dan merasa damai bersama, dan
itu membuatmu teman. Jika Anda datang untuk menyelamatkan satu sama lain,
kamu teman dekat. Jika Anda terkadang saling berciuman,
kamu adalah kekasih. Oh, betapa berharganya persahabatan seumur hidup! ”Katanya
dengan mencibir.
“Jadi pertanyaannya di sini adalah, berapa lama persahabatan ini terakhir? Tahun? Lima tahun? Sepuluh tahun? Selama-lamanya? Sampai besok?"

"Apakah maksudmu bahwa persahabatan pun akan berakhir?"
“Maksud saya adalah bahwa semua hal berakhir. ”
“Ya tentu. Tetapi tanpa akhir, tidak mungkin ada awal.
Itulah subteks penting. Jika Anda ingin mendapatkan sesuatu,
Anda harus siap untuk mengorbankan sepertiga dari itu. Jika
Anda ingin imbalan, Anda harus mengambil risiko. Jika Anda tidak bisa melakukannya
itu, kamu lebih baik hidup dengan apa yang kamu punya. ”
"Gahaha. Saya kira Anda pasti tipe itu. ”
Saya tidak membutuhkan hal-hal yang saya akan kehilangan waktu. Andai saja
pokoknya hanya akan berakhir, itu tidak harus dimulai. saya tidak punya
butuhkan untuk kesenangan jika datang disertai dengan rasa sakit.
"Mengapa? Apakah Anda berbeda? "Kataku.

Jika itu berarti tidak pernah sedih, saya tidak harus bahagia.
Jika itu berarti tidak pernah pudar, saya tidak perlu berhasil.
Evolusi yang sarat dengan risiko adalah pemborosan waktu.
"Eh, tetapi dalam kenyataannya, itu semua benar apakah Anda mencari
sesuatu atau tidak, ”kataku.
"Tanpa keraguan . ”
Zerozaki tertawa. Saya tidak.
Jadilah itu mungkin.
Tiga jam telah berlalu sejak pesta dimulai. Saya tidak akan mendapatkannya
ke dalam apa yang terjadi selama tiga jam itu. Tidak ada yang istimewa
ingin orang lain melihat seperti apa mereka saat itu
mabuk, dan mereka tentu tidak ingin detailnya disampaikan
dari orang ke orang.
Tidak peduli bagaimana perasaan orang saat mereka minum, itu tidak bisa dihindari
setelah itu rasa malu tua yang baik datang untuk membayar mereka a
kunjungi. Sulit untuk menentukan mana yang nyata: orang yang Anda
berada di bawah pengaruh alkohol, atau orang yang Anda kenal saat itu

kamu sadar Tapi satu hal yang pasti: Malam liar dihabiskan di kesenangan yang menyenangkan bukanlah sesuatu yang ingin Anda coba ceritakan nanti.
Ini adalah salah satu dari "adegan yang tidak dapat dicat" seperti Urashima Tarô
berbicara tentang .
Namun, jika saya berani berbagi sedikit sketsa tentang
Perayaan malam hanya untuk iseng, itu akan seperti sesuatu
ini:
"Jadi, whaddaya menyebut batu yang terbuat dari oksigen dan nitrogen?"
"Kuarsa! Gaaahahahaha! ”
"Itu seperti rentetan tembakan dua ratus dari watercooled
senapan mesin berat, hanya saja itu adalah pasukan pembunuh! "
“Sial, selain itu, hari ini panas. Mengapa begitu panas di tengah
Mei? Apakah ini pemanasan global? Apakah ini efek rumah kaca? ”

"Apa?! Dengarkan di sini, bodoh, jika Anda ingin mengeluh
tentang panasnya musim panas, kau jawab padaku! Bawa itu!"
"Apakah kamu yang mereka tangkap di Catcher in the Rye ?!"
“Ini malam tropis, begitulah adanya. ”
"Kalau begitu kurasa itu membuatku ikan tropis!"
Dan tiga jam berlalu.
Saat ini, Mikoko-chan, Akiharu-kun, dan Tomo-chan
sedang bermain PS2. Itu tampak seperti game balapan. Secara realistis
digambarkan mesin roda empat melaju di sekitar layar sempit sirkuit.
Hah. Saya tidak akan menyebutnya menggoda, tetapi di sana
adalah sesuatu yang agak menyenangkan menonton mereka semua begitu
sepenuhnya tenggelam dalam kesenangan mereka. Sepertinya mereka mau
bagikan sebagian dari kebahagiaan itu dengan saya, dan entah bagaimana itu
membuatku sangat kesepian.
"Yah, kurasa bahkan ini adalah—"
Seseorang menampar pundakku. Itu adalah Muimi-chan.
Tampaknya peminum berat, dia tidak tampak berbeda
dari saat dia sadar, bahkan dari sudut pandang pengamat

lihat.
Dia tidak menyebut dirinya bos untuk apa-apa. Bukannya dia menelepon
dirinya bos sama sekali.
"Mau keluar sebentar?" Katanya, menunjuk ke arah
jalan masuk . "Ayo pergi ke toko serba ada. ”
"Bagaimana dengan Mikoko-chan dan yang lainnya?"
“Kita bisa membiarkan mereka begitu saja. Mereka tidak tahu apa yang sedang terjadi
toh sekarang juga. ”
Dia benar tentang itu. Aku mengangguk dan meninggalkan ruangan
dia. Kami kembali ke lift, pergi ke yang pertama
lantai, dan keluar dari gedung.
"Apakah toko serba ada dekat?"

“Eh, ini agak jalan-jalan. Tapi ayolah, mari kita berjalan sedikit.
Itu akan membantu saya sadar. ”
"Tapi kau sepertinya tidak benar-benar mabuk. ”
"Mungkin tidak di permukaan, tapi aku sudah cukup jauh. Rasanya
like my brain's flipped upside down so my cerebrum and cerebellum
are switched . Right now I wanna kick the crap outta
that sign . ”
“Just don't kick the crap out of me . ”
“I'll try,” she said with a little laugh . Dia menggelengkan kepalanya
and looked up toward the sky .
“Doesn't really feel like a birthday party,” I said . “I wonder
if this is really enough to make Tomo-chan happy . She's still
drunk now, but I wonder if she'll get depressed about it later . ”
“Yeah, I wonder . . . But it's still better than being depresssed
from the very beginning . Ya It's all good . Kamu
don't need a good reason to get wild . Ahh . . I'm groggy . ”
“You look pretty exhausted, Muimi-chan . ”
“Well, that's what I get for hanging out with those guys . ”
My sentiments exactly . Mikoko-chan was spunky enough
to begin with, but when she was inebriated she was four times
as bad . Then there was Akiharu-kun, and even Tomo-chan
was getting pretty rowdy .
“Man, if you think about it, I guess being able to hold your
liquor so well puts you at kind of a disadvantage . Pasti begitu
hard to follow along with the mood . ”

"Tepat sekali. I mean, it's still fun, so it's no big deal . ”
“You think it's okay to leave those three drunks in a room unattended?”
“They're not kids . They'll be fine . Actually, it's probably more dangerous to be walking around outside in the middle of the night,” she said .

A good point . We were in the midst of the Kyoto Slasher serial murders . So that was why she bothered taking me along with her . I may look scrawny and unreliable, but I'm still a guy, in a manner of speaking .
“What a messed-up world, huh? What could be enjoyable about chopping up a human being?”
“Well, different strokes, I guess . ” I tried to brush off the topic . If I was thrust into a conversation about it, there was a chance I would let my tongue slip . It wasn't that Zerozaki had told me to keep my mouth shut, but it sure wasn't the kind of thing I wanted everyone and their mother to know about .
“I can't understand it at all,” she said . “I mean, I've been around for twenty years now . Even I've thought to myself before, 'I oughta kill that bastard . ' Actually, it happens a lot . Even nowadays . Like, 'this person would be better off dead . Killing him would serve the greater good . '”
“. . . . ”
“But what's up with these random killings? I can't understand the idea of finding pleasure in the act of killing itself . ”
“In general, they say serial killers who choose their targets at random are fueled by resentment . So it's just like when you say to yourself, 'I oughta kill that bastard,' ” I said .
"Sangat? But then the killings aren't random . ”
“It's a little different, though . In this killer's case, he resents the victims simply because they happened to walk by . He resents the world as a whole . He hates the world that surrounds him, a world that, for him, is as vague and nebulous as the air . And so his killings appear to be random . ”
"Hmm. . . ” She nodded, but to be honest, I was only speculating . I had no idea why he was committing acts of murder .

We had only talked about stupid, irrelevant things the previous night, and never touched upon the topic of his motives .

We were probably saving the best for last, childish as that may sound .
“It's just nonsense, though,” I said .
Muimi-chan scratched her head at me .
While we were talking, we eventually reached the convenience store . She entered ahead of me and quickly made her way to the liquor section .
“You're buying more alcohol?”
“Nah, there's already plenty of that . Let's get some Pocari . Gotta sober those guys up or they won't be able to get home . ”
“Ah, gotcha . ”
We put three two-liter bottles of Pocari sports drinks in a basket, picked out two or three types of snacks, and proceeded to settle up at the register . Maybe I should've expected this, but I ended up carrying everything .
As we left the store, Muimi-chan pulled a cigarette from her pocket, stuck it in her mouth, and lit it with a coollooking Zippo, all in one fluid motion .
“Ah!” she said and immediately went to extinguish it with her finger .
“I don't care if you smoke one . We're outside, anyway . ”
"Sangat?"
“Well, I guess it's rude to smoke and walk at the same time, but since it's night and nobody's around, it's probably fine as long as you don't litter ashes everywhere . ” And, indeed, there was no one around who'd object to her blowing smoke everywhere as she walked .
"Yah. . . nah, it's okay . I'll stick to my decision . ” She went ahead and snuffed it with her finger . Then she curled up the

cigarette butt and put it in her pocket . It seemed she wasn't the littering type . I was a little impressed: For a college student, she had above-average morals .
“If you don't mind my asking, isn't that hot?” I said .
"Tidak juga . I'm used to it,” she said with a slightly bashful tersenyumlah. “There was this Mafia boss bad guy in a movie I used to
like, and he did the same thing with cigars . With the palm of his hand, like this . It was cool, so I started imitating it . ”
"Hah. ”

“Looking back, I just thought the actor was hot, but it's a habit now . Anyway, that aside . . . Ikkun, let's talk seriously for a minute . ” Her expression immediately grew serious, changing as abruptly as a circuit switch . I couldn't help but be a little surprised . “It's pretty tough keeping up with Mikoko's hyperness, huh?”
"Tidak terlalu . "
“Huh,” she said . Her expression grew all the more serious . Dia ragu-ragu sejenak. “What do you think of her?” she asked me .
“What do I think?”
Judging from her expression, she wasn't looking for some halfhearted bullshit answer .
But I couldn't figure out what that question was supposed to mean . I didn't really think much of anything about her .
“Well, I think she's got a little bit of red in her hair . She's around five feet tall, and may or may not weigh as much as one hundred ten . From the way she acts, I'd guess she's a type B, and her astrological sign is probably one of the beasts . She's got a kind of koala-ish feel in general . ”
“Did you really think I was looking for a half-assed answer like that?” she asked .

Whoops . Delinquent mode . Why oh why do I so love stepping on land mines, I wondered . I broke eye contact with her .
“I dunno . I mean, she's a nice girl, I guess . Sure she's a little overly hyper, which can be exhausting, but I know a girl who's even worse than her, so it doesn't particularly bother saya . ”
"Hah. How neutral of you . ”
“Well, I don't like making waves . ”
“Is that a fact?”
She paused for a moment, then gave me a sort of sidelong glance .
“You're kind of a slimeball, aren't you, Ikkun?” she said .
“I'm self-aware . ”
“Self-aware, huh? Saya berharap . I wouldn't know . Anyway, let me give you a word of advice . ” She took a step ahead and turned to face me directly . I had no choice but to stop . Itu apartment building was still about a hundred feet away . Surely

the others were still inside racing . Muimi-chan ran her fingers through her sauvage hair and shot me a direct glare .
“Mikoko and I have been friends since we were just little brats . ”
"Hah. ”
“If you hurt her, I'll never forgive you . ”
I scratched my head a bit . Why was she telling me this? Could it be that she was mad because of all the times I had teased Mikoko-chan up to now? It didn't seem like the kind of thing to take so seriously, but Muimi-chan sure didn't seem to be joking, so I answered with a shrug .
"Tidak masalah . Despite how it seems, I'm actually nice to my friends . ”

She blinked her narrowed eyes at me . “Hahahahaha!” she laughed . A moment later, she spun back around . “I stand corrected . ”
She recommenced walking . “You're just clueless . ”
It felt like a terrible insult, but at the same time, it was probably the most accurate description anyone had ever applied to me in all my nineteen years, so it was hard to get mad .
We returned to the room to find that the others were indeed still racing . Surprisingly, Tomo-chan was apparently the most skilled . Mikoko-chan was a lap behind .
"Yo! Guzzle down this Pocari, you goons! You drunken bitches!”
For some reason Muimi-chan had suddenly gone berserk, smacking the “drunken bitches” in the heads with Pocari . Being hit in the head with a full plastic bottle should have been fairly painful, but they were so thoroughly numb with drink they didn't even seem to mind .

Saya tidak suka kebisingan. Aku benci kesibukan. Situasi yang keras membuatku jengkel.
Tetapi kadang-kadang, seperti mungkin setahun sekali, mungkin ini hal-hal semacam baik. Atau begitulah yang saya pikirkan.
Saya salah .
Sudah lewat sebelas p. m.
"Yah, terima kasih untuk malam ini," kata Muimi-chan sambil

bangkit
kakinya. "Akiharu, bawa aku pulang. ”
"Ah, kenapa?" Rengek Akiharu. Dia menembaknya dengan kejam melihat; dia berbaring di sudut ruangan. "Pergi saja

dirimu sendiri . Aku akan istirahat sebentar sebelum pergi. Tempatmu jauh.
Tempat saya berada di arah yang berlawanan. ”
"Apakah kamu laki-laki? Jangan bilang kau bahkan tidak layak pulang ke rumah. ”
"Cih. . . baik . ”
Dia berdiri, masih tampak sedih, seolah dia tahu di sana
tidak ada gunanya keberatan. Matanya beralih ke Tomo-chan.
"Nah, ini hadiah ulang tahunmu," katanya, menarik sebuah paket keluar dari tasnya.
"Ah . . . Kata Muimi-chan. “Itu benar, kamu memberi hadiah pada hari ulang tahun. . . ”
"Hm? Apa yang kamu katakan? Apa? Datang lagi, Atemiyasan? "
Akiharu-kun berkata dengan gembira oleh seseorang yang baru saja mengalahkan ogre. "Jangan bilang bahwa kamu lupa untuk mendapatkan milikmu
teman baik hadiah ulang tahun! Ya ampun, aku tidak bisa percaya itu! Apakah ini lelucon?! Ohh, apa yang harus dilakukan, apa yang harus dilakukan ?! Untuk
kasih Dewa, katakan padaku, apa yang harus dilakukan ?! Hah? Hah?"
“Cram it, oaf. Bukankah senyumku cukup? "Kata Muimi-chan merajuk dan menuju pintu masuk.
"Hei, tunggu! Jangan marah dengan mudah! Apa yang kamu anak?! Ahh, ini dia. Sampai jumpa di sekolah, Emoto! Kata perpisahan! Ayo
segera hang out lagi, Ikkun! ”Akiharu-kun memberi lambaian ringan
dan mengejar Muimi-chan.
"Sampai jumpa . Sampai jumpa lagi, ”kata Tomo-chan saat dia melambai
kembali lamban. Begitu keduanya pergi, tangannya pergi
untuk saat ini . Dia membuka kancing pita dan membuka dengan rapi
kertas pembungkus .

"Aku ingin tahu apa itu . Ikkun, menurutmu apa itu? ”Itu
sepertinya alkohol itu sebagian besar keluar dari sistemnya. Pipinya
masih ada sedikit merah di dalamnya dan suaranya sedikit
melengking,
tetapi kepribadiannya tampaknya telah kembali ke keadaan semula

pengaturan. “Aku sedikit bersemangat. Hal semacam ini selalu
membuat
saya pusing. ”
"Yah, mungkin bukan yatsuhashi, bagaimanapun juga," kataku.
Kebetulan,
yatsuhashi yang saya bawa sudah ada
terbagi rata di antara perut kelima anggota partai.
“Dilihat dari ukurannya, itu mungkin aksesori atau sesuatu. ”
"Ya, mungkin . Oh, itu tali leher. Cukup keren, ya? ”
Itu adalah tali leher bergaya kapsul dengan pusat cairan. Saya t
Tidak benar-benar terlihat seperti barang feminin, tetapi seperti
yang Tomo-chan katakan,
itu sangat keren.
"Heheheh, hanya itu yang kuharapkan," katanya dengan gembira
saat dia segera mencobanya. "Bagaimana kelihatannya,
Ikkun? "
"Ini pertandingan yang bagus," kataku, tetapi aku tidak benar-benar
tahu.
Mataku beralih dari Tomo-chan yang mengalir deras
untuk Mikoko-chan, yang tertidur di sudut. Dia melihat
begitu damai sehingga saya tidak tega membangunkannya.
Mungkin dia
berencana untuk menghabiskan malam di tempat Tomo-chan.
"Hei, Ikkun," kata Tomo-chan, tiba-tiba menegakkan dirinya
keluar. “Aku ingin mengucapkan terima kasih lagi karena telah
keluar sepenuhnya
di sini hari ini . ”
“Aku pikir itu bukan hal yang harus kau ucapkan terima kasih
untuk. ”
"Tapi kamu tidak suka melakukan hal semacam ini, kan?"
Pertanyaannya agak canggung, tetapi juga muncul sebagai
apakah itu sesuatu yang benar-benar normal baginya. Dia dengan
hati-hati mengangkat
wajahnya untuk melihat ekspresiku.

Itu seperti. . .
Dia melihat ke arahku.
Seperti dia melihat otakku dari dalam.

“Uh, tidak, aku. . . ”
"Kamu tidak suka membuka diri terhadap orang lain, kan?"
"Ya, benar . Saya tidak membencinya. Aku sebenarnya suka bermain-main
main dengan semua orang seperti sahabat karib. ”
"Itu bohong . ”
"Itu kebenaran . ”
"Itu bohong . ”
"Ya itu . ”
Dia mencibir padaku. Tapi matanya tidak tersenyum. Mereka sebenarnya terlihat agak sedih dan kesepian. Kombinasi yang aneh ekspresi membuatku bingung.
Apa yang salah? Alasan apa yang bisa dia miliki untuk mencari sangat sedih ketika dia menghabiskan hari ulang tahunnya dikelilingi oleh
teman?
Seharusnya tidak ada yang salah.
Andaikata ada. . .
“Mikoko-chan. . . “Katanya, melirik ke arah
mengantuk Mikoko-chan. “Dia benar-benar gadis yang hebat. ”
"Ya," jawab saya. Saya menjadi luar biasa langsung – oleh saya standar. "Aku yakin begitu. ”
"Aku ingin menjadi seperti dia. ”
“Mm-hmm. ”
"Tapi aku tidak bisa. ”
"Uh huh . ”
Dia mengarahkan matanya ke bawah.
“Dan sekarang aku di sini, dua puluh tahun, masih belum bisa seperti dia . Saya yakin itu akan terus seperti itu. Tidak peduli berapa banyak
tahun berlalu, tidak peduli berapa dekade. Aku tidak akan pernah seperti dia,
sampai aku mati . ”
"Apa yang salah dengan itu? Setiap orang berbeda. ”

"Katakan, Ikkun," katanya, mendongak lagi. "Pernahkah kamu

merasa seperti, sebagai manusia, Anda barang yang rusak? "
Saya tidak tahu bagaimana harus merespons.
"Saya sudah . "Dia tersenyum. Itu adalah senyum paling sedih yang saya miliki
pernah melihat .
“Semua orang melakukannya. . . "Kata-kata baru saja keluar. Apakah
mereka benar-benar dari hati, saya tidak tahu. Mereka baru saja kata-kata kenyamanan. Saya mungkin hanya mengatakan kata-kata yang tidak saya katakan
sangat berarti agar tidak harus melihat Tomo-chan terlihat sangat sedih.
Bola yang ramping.
Sangat lucu.
Sangat tidak pantas.
“Semua orang terkadang merasa seperti itu, kurasa. Tidak ada yang sempurna, setelah semua. Kita semua punya kelebihan dan kekurangan
poin. Itu yang membuat kita manusia. ”
"Ya aku tahu . Bahkan saya tahu itu, tetapi Anda mungkin mengerti bahwa bukan itu yang saya bicarakan. Saya bicarakan
sesuatu yang lebih terbatas, kurasa, atau lebih mematikan, seperti yang fatal
luka, kurasa. ”
Boom
Kata-kata itu mengguncang saya.
“Seperti itu. ”
“. . . . "Jadi ini alasan sebenarnya saya tidak bisa membaca Emoto Tomoe sangat baik. Mungkin ini benar-benar itu.
Dengan kata lain, sudah lama sekali. . .
"Ada aku lagi di sini," katanya, menunjuk padanya
bahu kanan sendiri. “Saat aku jadi gaduh dan bersenang-senang

Muimi-chan dan Akiharu-kun dan Mikoko-chan dan kamu suka ini, bagian diriku yang hanya menonton, menghela nafas. Itu terlihat
merendahkanku dengan jijik dingin saat aku bersenang-senang, mengatakan 'Apa
yang Anda lakukan tidak akan berarti apa-apa. '”
"Menghela nafas," katanya. “Aku tahu aku mungkin tidak akan

pernah seperti itu
Mikoko-chan sampai hari aku mati, tapi mungkin aku bisa
begitu aku benar-benar mati. Jika saya bereinkarnasi, saya ingin kembali
sebagai Mikoko-chan. Saya ingin bisa tertawa dengan kepolosan total
seperti dia, marah ketika aku ingin marah, menangis
seperti orang gila ketika aku sedih. Itulah yang membuat hidup menjadi luar biasa. ”
"Aku. . . “Kali ini saya berbicara dari hati. "Bukan saya
ingin bereinkarnasi. Saya ingin cepat dan mati. ”
"Aku akan bertaruh," katanya dengan senyum lembut.
Mikoko-chan bangun sekitar satu jam kemudian.
"Uhhh. "Dia mengguncang tidur dari kepalanya. Dia masih
Terlihat sangat lelah.
"Jadi, apa yang akan kamu lakukan?" Kataku. "Aku akan pulang . Adalah
Anda akan menginap? "
"Tidak, aku akan pergi. . . "Dia bangkit dengan linglung. "Tidak masalah,
Saya sudah sadar. Beri aku sepuluh detik lagi. ”
"Yakin . Aku akan membawamu pulang, lalu. “Saya setidaknya layak untuk dikendarai
rumah, saya ingin menekankan, tetapi dia tampaknya tidak mengerti.
Dia sangat tenggelam dalam tidur ketika Muimi-chan
kiri, jadi itu masuk akal.
“Baiklah, selamat tinggal, Tomo-chan. ”
"Ya. Sampai jumpa lagi . "Dia memberi gelombang kecil.
Aku mengambil tasku dan menuju pintu masuk. aku duduk
di pintu dan memakai sepatu saya. Mereka memiliki tali yang berantakan, jadi

memakainya selalu lebih merepotkan daripada menghapusnya
mereka. Situasi seperti ini sangat menyebalkan
waktu Sementara itu, Mikoko-chan sepertinya mengalami masalah
dengan gerak kakinya sendiri, dan suara gaduh kikuk bisa
mendengar melalui pintu yang memisahkan kami.
Mungkin itu bukan sesuatu yang perlu dikhawatirkan. Dia muncul
di lorong di luar pintu masuk tak lama setelah saya.

"Ohh," erangnya, menggosok kepalanya. "Kepala saya sakit . . .
Ini berputar. Ini seperti pembunuhan di sebuah toko serba ada, hanya saja
pembunuh memakai sepatu roda. ”
“Aku tidak tahu apa yang kamu katakan. Apakah Anda yakin tidak melakukannya?
ingin menginap di sini malam ini? Tidak perlu terlalu banyak tenaga
dirimu sendiri . ”
"Tidak apa-apa, aku bisa pergi. ”
Dia tertatih-tatih menyusuri lorong dengan kaki yang tidak stabil. Aku mengangkat bahu
dan mengikutinya.
"Jadi, apakah kamu bersenang-senang?" Katanya begitu kami keluar dari
bangunan.
"Eh, kurasa. Tapi saya pikir saya akan lulus waktu berikutnya. ”
"Jangan katakan itu. Ayo lakukan lagi! Dengan semua orang! Kapan s
ulang tahun Anda?"
"Maret. ”
Dia tampak dikalahkan. “Milikku pada bulan April. Ohh, kurasa aku seharusnya mengundang Anda lebih cepat. ”
“Jadi di mana tempatmu? Aku akan membawamu kembali. ”
“Dekat Horikawa. Horikawa Oike. Tapi kita harus pergi tempatmu dulu. ”
"Mengapa?"
"Geser saya. . . ”
Kalau dipikir-pikir, dia sudah sampai di tempatku
sepedanya .

"Bisakah kamu menyetir?"
"Yakin . . . ”
'Baiklah kalau begitu . "Jelas dia tidak dalam kondisi untuk mengemudi,
tetapi jika dia berkata dia bisa menyetir, siapakah aku untuk menghentikannya? Kapan
saatnya tiba, dia hanya bisa memanggil taksi jika dia harus.
Kami mengambil Nishiôji Street ke Nakadachiuri dan berbelok ke timur,

ketika karena suatu alasan, musik David Bowie mulai diputar
dari suatu tempat . Mengira itu adalah konser gerilya terdekat, aku
sedikit terkejut, tapi ternyata itu Mikoko-chan
nada dering.
"Hm?" Dia mengeluarkan telepon dari dompetnya. "Halo? Ini
adalah Mikoko-chan, gadis gagah dan energik dari Danau Ashi!
Hm? Apa? Tomo-chan? ”Sepertinya itu panggilan dari Tomochan.
"Ya. Ya . . Ya, dia ada di sini bersamaku sekarang.
Dia berjalan tepat di depanku. Sepertinya, iya . Oke, saya akan lulus
sudah berakhir . ”
Dia memberi saya telepon. “Itu Tomo-chan. Dia ingin
saya memberi Anda telepon. ”
"Saya? Mengapa?"
“. . . . ? ”
Saya pasti lupa sesuatu di tempatnya. Saya menggaruk
kepalaku saat aku mengambil telepon. Itu lebih dari sedikit lebih
kecil
dari telepon saya sendiri, jadi rasanya agak canggung.
"Halo?"
“. . . . ”
"Halo?"
"Ikkun. ”
Suara .
Itu bergetar, seolah dia takut akan sesuatu. Saya t
mungkin sebagian kesalahan telepon, tetapi ada sesuatu dalam
dirinya

suara itu jelas berbeda dari ketika kami telah berbicara saat
sebelumnya di tempatnya.
"Tomo-chan?"
"Ya. ”
"Apa yang salah? Apakah saya lupa sesuatu? Saya punya tas
disini ”
“Tidak, bukan itu. Um . . Aku lupa memberitahumu sesuatu
sebelumnya. ”
Lupa memberitahuku sesuatu?
"Ya, apa?"
"Sudahlah . Sampai jumpa . ”
Klik.
Tiba-tiba panggilan terputus. Beeeep. Beeeep. Beeeep.

Beeeep. Setelah empat dering, saya mengambil telepon dari telingaku. saya
menggaruk kepalaku, menatapnya selama tiga detik, lalu mengembalikannya ke Mikoko-chan. "Terima kasih. ”
"Tentu," katanya, mengambilnya. "Jadi, apa yang dia katakan?"
"Tidak ada . Saya tidak tahu tentang apa itu. ”
"Hah?"
Dia memberi saya ekspresi bingung, tetapi saya adalah orang yang bingung. Tomo-chan ingin memberitahuku sesuatu? Mengapa apakah dia akan mulai dan kemudian berhenti seperti itu?
"Apa? Saya ingin tahu apa itu. Mungkin itu rahasia atau
sesuatu. Apakah kalian punya semacam pembicaraan rahasia? "
"Tidak, tidak ada yang seperti itu, tapi. . . oh ya, Mikoko-chan. "Aku beralih kereta pikiran. "Apakah ada seseorang di sini?"
kata, menggambar lingkaran dengan jari saya di bahu kanannya.
"Hah?"
Dia mengangkat alisnya yang meragukan. Secara alami.
"Maksudku, apakah kamu mendapatkan perasaan seseorang ada di sana,
memandang rendah dirimu? ”tanyaku.

"Kurasa tidak, tapi. . . Mengapa?"
“Eh, jika kamu tidak merasakannya maka jangan khawatir tentang itu. ”
"Jika ada seseorang di sana, itu akan sangat menakutkan," katanya dia membayangkannya. "Tapi untuk di sini," katanya, menunjuk padanya
hati sendiri, “ada seseorang. ”
Hah. Aku mengangguk . Menilai dari senyumnya yang malu-malu, dia harus
telah berbicara tentang pacarnya.
Sekitar sepuluh menit lagi, kami telah tiba di apartemenku.
Di tempat parkir apartemen, hanya ada satu
sepeda, jadi itu pasti miliknya.
“Whoa, ini Vespa. "Dan model vintage putih, tidak kurang.
Gadis ini menyebut Vespa sebagai "skuter"? Vespa adalah Vespa, dan hanya Vespa. Menyebutnya skuter, bagi saya, merupakan penghinaan.
Dan bukan hanya penghinaan sehari-hari Anda — itu adalah penghinaan terakhir,

yang mengancam akan mengguncang keberadaan saya. Setiap orang punya
satu hal yang akan mereka korbankan untuk hidup mereka sendiri, yaitu untuk mereka
berdagang dunia untuk, dan bagi saya, ini adalah hal itu. aku ingin untuk berteriak pada Mikoko-chan. Aku dengan marah berbalik menghadapnya.
“. . . . ”
Dia sedang tidur .
"Saya tidak dapat berkata-kata . ”
Dia sedang tidur sambil berdiri. Dia sangat pendiam
untuk sementara . Mungkinkah dia tidur sambil berjalan?
Dia mungkin. Ini adalah kekuatan ras manusia
didorong ke batas absolutnya. Saya memberinya beberapa ketukan pada
pipi, tetapi dia menolak untuk bangun. Saya memiliki keinginan untuk memulai
meregangkan wajahnya, tetapi tampaknya tidak mungkin
untuk menjelaskan jalan keluar saya jika seseorang kebetulan melihat kami,
jadi saya menahan diri.
"Aku ingin tahu apakah aku bisa meninggalkannya di sini. . . ”
Jika tidak, hanya ada dua opsi.

"Hup," erangku ketika aku mengangkatnya ke punggungku. Dia mengaduk
sedikit di jalan, tetapi tidak bangun. Mungkin karena dia
begitu pendek, dia sebenarnya cukup ringan. Atau mungkin semua perempuan
seperti ini.
Dengan dia masih di punggung saya, saya memasuki apartemen, lalu
berjalan menaiki tangga ke lantai dua. Saya clomped saya
menuruni lorong naik ke kamar sebelah saya sendiri.
Saya mengetuk ringan.
"Ya, tunggu sebentar," sebuah jawaban datang dari dalam.
Miiko-san segera muncul di hadapan kami. Dia mengenakan belum
set pakaian kasual musim panas Jepang yang berbeda, yang berwarna merah
kali ini . Saya cukup yakin ini adalah pakaian dengan kata itu

Treachery tercetak di bagian belakang.
"Ya?" Katanya, menatap gadis di punggungku dengan curiga.
"Kau masih di bawah umur resmi, kan?" Katanya setelah beberapa saat
berpikir. "Yah, tentu saja aku akan membiarkanmu bersembunyi di sini, tetapi berbicara
murni karena kebaikan, saya sarankan Anda menyerahkan diri.
Jepang memiliki pasukan polisi yang cukup cakap. Kemungkinan besar Anda tidak akan melakukannya
bisa melarikan diri. ”
“Oh, kali ini tidak seperti itu. Er, gadis ini teman sekelas.
Sepertinya dia terlalu banyak minum dan pingsan. Akan
Anda bersedia membiarkannya menghabiskan malam? "
"Hah?" Dia meletakkan tangannya ke dagunya dan berpikir untuk
momen. "Kenapa kamu tidak menjebaknya sendiri?"
"Eh, tapi maksudku, seperti yang kau lihat, dia perempuan. Dan itu terdengar
seperti dia punya pacar, jadi aku tidak bisa membuatnya tidur
di tempat saya, kan? "
"Hah. Nah, kalau memang begitu, kurasa aku tidak keberatan. Tapi
apa yang diberikan hari ini akan saya terima suatu hari nanti.
Untuk mengabaikan terima kasih
di mana mereka seharusnya adalah tindakan pengecut. ”
"Dapat . Ingin menjadi barang antik lagi? "

"Iya nih . Baiklah kalau begitu . Jadi siapa nama gadis ini? ”
“Mikoko-chan. Eh, nama belakang adalah Aoi, saya pikir. ”
“Aoi Mikoko? Heh, nama aneh, ”kata Miiko-san, menerima
Mikoko-chan dari saya. Setiap orang harus memiliki tetangga
bisa diandalkan seperti dia.
“Yah, kalau begitu aku akan pergi. ”
"Mm. Tidurlah . Anda sebaiknya tidak mencari tahu
menjadi beberapa lollygagger tidur siang. ”
"Hah? Saya tidak pernah tidur di sore hari. ”
"Apakah begitu? Nah, lupakan saja itu. Selamat malam . ”
"Selamat malam . ”
Saya membungkuk dan kembali ke kamar saya, tempat saya meletakkan kamar saya
futon dan meringkuk di atasnya.
"Waktunya tidur . ”

Dan hari itu berakhir. Sabtu, keempat belas Mei. Bukan itu
sudah lewat jam nol, jadi hari Minggu tanggal lima belas.
Jadi pada jam dua puluh empat jam kemudian, itu akan terjadi
keenam belas. Pukul nol berikutnya adalah yang ketujuh belas.
Pukul nol.
Zerozaki.
Bertanya-tanya apakah kegagalan manusia itu saat ini membunuh nya
orang ketujuh atau mungkin sudah memotong-motongnya
kedelapan, barang yang rusak secara bertahap jatuh tertidur.

Tidak lagi .
Saya tidak ingin berpikir lagi.
Ketika saya terbangun ketukan di pintu, itu sudah lewat
jam delapan .
Saya menyisir rambut dari wajah saya dengan kedua tangan dan bangkit
ke kakiku.
"Uhhh. ”
Saya membuka pintu untuk menemukan Mikoko-chan. Hypernya yang biasa
salam telah diganti dengan tampilan malu malu minta maaf.
"Apakah aku membangunkanmu?" Katanya lemah lembut.
"Eh. Lagipula sudah waktunya untuk bangun, ”jawab saya
berbaring. “Pagi, Mikoko-chan. ”
"Selamat pagi, Ikkun. Um . . Maaf tentang kemarin.
Saya semacam, er. . . sepertinya aku tertidur. ”
“Eh, lupakan saja. Pastikan untuk berterima kasih pada Miiko-san. ”
"Ah, benar. "Dia mengangguk setelah beberapa saat ambigu keraguan
"Bukankah dia orang yang baik?"

"Yah, ya, benar, ya? Agak keren, saya kira Anda bisa
katakan. Jadi, apakah dia 'tukang pedang gratisan' yang kamu bicarakan
tentang?"
"Apakah dia terlihat seperti adik perempuan berusia tiga belas tahun?"

"Tidak, kurasa tidak. “Dia dengan canggung memutuskan kontak mata dengan
saya dan memberi jeda singkat. "Aku tidak tahu apakah itu karena dia
berlatih bertarung dengan pedang, tapi pakaiannya agak aneh.
Agak seperti bahasa Jepang, tapi seperti jenis pakaian yang akan Anda kenakan
festival. ”
"Maksudmu jinbei-nya?"
“Djembe? Apa itu? ”Jelas sekali Mikoko-chan
tidak pernah mendengar hal tersebut . "Oh, maksudmu seperti hiu jinbei?"
“Uhh, yah, ya. Pernahkah Anda melihat polanya di
belakang hiu jinbei? Itu seperti mereka memakai yang sama
jenis pakaian. Jadi kami akhirnya menyebut nama Jepang semacam itu
pakaian Jinbei, setelah hiu. ”
"Ahh. Anda tahu banyak, Ikkun, ”katanya. "Aku harus
ajarkan itu pada Tomo-chan dan yang lainnya. ”
Ya Dan jika Tomo-chan dan yang lainnya tidak sekejam itu
saya, mereka mungkin akan mengajarinya kebenaran. Mengapa saya memberi tahu
kebohongan yang tidak berarti seperti itu? Mungkin sudah saatnya aku memberikannya
pemikiran serius.
"Jadi," kata Mikoko-chan, mengganti topik pembicaraan. "Adalah
kamu dan gadis itu — Asano-san — apakah kalian berdua dekat? ”
“Dia menyelamatkan saya dari kelaparan beberapa kali. Tapi kemudian aku
menyelamatkannya dari dihancurkan di bawah tumpukan barang antik, jadi
kami bahkan Steven. Yatsuhashi yang kamu miliki kemarin adalah darinya juga. ”
"Hah," katanya dengan ekspresi rumit. "Kamu tahu,
Saya tidak terlalu suka yatsuhashi. ”
"Hah? Oh, kamu tidak bilang. ”

"Terlalu manis . ”
"Hah. Miiko-san suka hal-hal manis. ”
"Yah, aku tidak. ”

Untuk beberapa alasan dia menjadi sedikit serius. Saya menggaruk kepalaku padanya, tidak yakin ke mana dia pergi dengan ini.
"Yah, tidak apa-apa. Jadi apa yang akan kamu lakukan sekarang? ”Aku
kata.
"Oh, er, aku punya ini," katanya, menarik merah muda, terbungkus hadir dari dompetnya. “Ini hadiah ulang tahun Tomo-chan.
Lupa memberikannya padanya. Kesalahan besar, ya? Aku seharusnya memberikannya
padanya sebelum kita semua mabuk. Saya terbawa karena berusaha untuk mendapatkannya
semuanya berjalan. ”
"Hm. Nah, mengapa tidak pergi memberikannya padanya sekarang? Dia seharusnya
rumah. ”
“Yup, itu rencananya. ”Akhirnya, dia menunjukkan ciri khasnya tersenyumlah. "Baiklah terima kasih . Mari kita bertemu lagi. ”
"Kita lihat saja nanti . ”
“Kenapa kamu mengatakan hal seperti itu ?! Mari kita lakukan sesuatu!"
"Hanya bercanda . Baik oleh saya. Jika saya punya waktu, saya akan menghabiskan waktu
banyak dari itu dengan Anda seperti yang Anda inginkan, jadi silakan undang saya lagi, ”aku
kata.
Saya hanya mengatakan itu sopan, tetapi melihat wajah Mikoko-chan
menyala, rasa bersalah menendang. Berpikir dia mungkin akan meledak
menangis atau marah jika saya berkata "hanya bercanda" lagi, saya hanya berkata, "Lihat
Anda lain kali, "sebagai gantinya.
Dia memberi anggukan besar dan energik dan memutar tumitnya.
Sesuatu muncul di benak saya. “Hei, Mikoko-chan. Biarkan saya saja
katakan satu hal lagi. ”
"Hm? Apa itu?"
“Panggil Vespa sebagai Vespa. Menyebutnya scoot hanya ofensif, jadi
menjatuhkannya . ”

“Wow, Ikkun memberi perintah ?! Ini seperti sekolah kelas satu di mana Anda bisa mengenakan pakaian Anda sendiri, tetapi semua siswa
tetap muncul dalam seragam! ”
"Kamu mengerti atau tidak?"
“Wow, kamu sama menakutkannya dengan Muimi-chan. . . ”
Dia tampak agak takut. Tetapi saya harus mengatakannya
tegas atau dia tidak akan mendapatkannya.
"Oke," katanya. “Aku akan berhati-hati mulai sekarang. " Dia membuat
dia berjalan menyusuri lorong. Ketika dia sampai di sudut, dia berbalik. "Hei! Ada sesuatu yang ingin saya katakan
kamu juga!"
"Hah? Apa?"
Dia menghela nafas panjang. “Nama belakangku adalah Aoii! Bukan Aoi! saya
sudah bilang jangan lupa! "
Saya ingin mengatakan kepadanya bahwa saya tahu itu, tetapi kemudian saya menyadari bahwa saya
telah memperkenalkannya kepada Miiko-san sebagai "Aoi Mikoko. "Miiko-san
adalah tipe orang yang sulit dikoreksi begitu yakin
informasi telah memasuki otaknya (terima kasih kepada saya, dia masih percaya
Shakespeare adalah citarasa McShake McDonald's), jadi
dia mungkin menghabiskan pagi itu memanggilnya "Aoi" dan
lebih . Yah, mungkin tidak berkali-kali.
Bagiku itu tidak seperti perbedaan antara Aoi dan
Aoii adalah masalah besar, tapi aku memutuskan itu mungkin adil kasar. Orang Jepang bangga dengan nama belakang mereka seperti orang Italia.
"Baik . Saya tidak akan lupa lagi. Saya berjanji . ”
"Baiklah kalau begitu . Juga. . . "Dia berbalik setengah jalan. "SAYA tidak punya pacar, ”katanya lirih, lalu dengan cepat membuatnya menuruni tangga seolah mencoba melarikan diri.
"Hah?" Aku mungkin terlihat agak bingung.
Er. . .
Tentang apa itu?

Dia mungkin sudah mendengar itu dari Miiko-san juga. aku melakukannya
sepertinya ingat pernah berbicara seperti itu dengannya.
Sesuatu tentang Mikoko-chan tidak bisa tinggal di rumahku
kamar karena dia punya pacar. Tapi Miiko-san, dia. . .
“Aku tidak berkeliling memuntahkan setiap detail kecil seperti itu. ”
Wah Pada titik tertentu dia muncul di hadapanku.
"Sepertinya kita punya pasangan yang berteriak-teriak dalam hal ini
Apartemen . Tidak masalah bahwa setiap orang dapat mendengarkan Anda
dari kamar mereka; jika Anda berteriak seperti itu, seluruh gedung akan turun. ”
"Heh. . . ”
“Sekarang, aku harus pergi bekerja. Mari berharap teman sekelas itu
dari Anda belajar untuk mengingat nilai p dan q-nya, ”katanya, dan beringsut
dia berjalan menyusuri lorong. Ada sesuatu yang menakutkan
tentang fakta bahwa Rage ditulis di belakangnya yang biru
jinbei. Mungkin dia dan Mikoko-chan tidak rukun
yah. Nama-nama mereka agak mirip dan semuanya.
Tetapi dalam hal itu, nama namanya agak meragukan.
“Mungkin dia benar-benar terjaga tadi malam. . . ”
Tidur sambil berdiri adalah satu hal, tetapi berjalan
sekitar saat tidur tidak semudah itu. Kekuatan
ras manusia didorong ke batas absolutnya bukanlah sesuatu yang Anda
lihat setiap hari. Mungkin Mikoko-chan benar-benar sudah bangun,
betapa jernihnya dia pada saat itu atau tidak.
Mungkin itu sebabnya dia tahu aku telah salah mengiranya
nama dan berkata dia punya pacar.
Dia mungkin tidak mau repot-repot membuat
perjalanan pulang. Tapi kemudian dia bisa saja mengatakannya tanpa berpura-pura
dia tertidur. Beberapa orang tentu melakukan hal-hal aneh, saya
pikir ketika aku kembali ke dalam.

Nah sekarang.
Justru malam itu ketika cerita mulai bertambah
sama sekali melelahkan.

Ketika saya sendirian di kamar saya membaca buku gemuk yang saya miliki
keluar dari perpustakaan sekolah, sebuah ketukan liar datang pintu saya. Sekarang, itu wajar untuk jengkel ketika seseorang menyela waktu tenang Anda yang berharga seperti ini, tetapi telah menjadi
agak terbiasa dengan hal semacam ini sekarang, saya tidak terlalu marah. Ingin tahu apakah itu yang lima belas tahun terkutuk saudara datang untuk meminta uang lagi, saya membuka pintu.
"Oh. ”
Itu adalah pria yang lebih tua dan seorang gadis yang belum pernah saya lihat sebelumnya.
Ada sesuatu yang sangat aneh pada pria itu.
Dia mungkin berusia pertengahan hingga akhir tiga puluhan, dan tidak begitu banyak
setinggi berkaki panjang. Apalagi rambutnya disisir ke belakang.
Lebih aneh lagi, bahkan di panas seperti ini dia mengenakan jas hitam
dan ikat. Itu cara yang aneh dan aneh untuk berpakaian. Dia bahkan memakai kacamata hitam. Jika dia orang asing, saya pasti sudah
takut itu MIB di sini untuk menghapus ingatanku.
Wanita itu, di sisi lain, berpakaian sedikit
lebih banyak jas normal dan rok ketat. Dia memiliki rambut hitam lurus,
dan relatif cantik. Tapi sorot matanya tidak biasa.
Tanpa sedikit pun reservasi yang biasanya diharapkan
saat bertemu seseorang untuk pertama kalinya, matanya bertemu dengan mataku
dengan tatapan menembus, mencungkil.
Dia maju selangkah. "Coba lihat," katanya, berkedip
saya lencana polisi. "Aku Sasa Sasaki dari Polisi Kyoto Pertama Divisi Investigasi. "Itu adalah jenis nama yang mengancam-

untuk membuat Anda menggigit lidah Anda sendiri. Orang tuanya harus
telah sangat aneh.
"Oh. Hai ”
Saya memberikan bob kepala kecil untuk saat ini. Wanita-
Sasaki-san — sepertinya sedikit terkejut dengan reaksiku. Mungkin

saya
Seharusnya menunjukkan lebih banyak kejutan sendiri, tetapi tidak butuh lebih
Dari pandangan sekilas untuk mengatakan bahwa keduanya jelas adalah petugas polisi.
Pikiran tentang dua individu berwajah batu ini
apa pun selain petugas polisi, bagi saya, tidak terbayangkan.
Petugas laki-laki tertawa kecil pada dirinya sendiri dan menunjukkan miliknya
lencana sendiri, “Ikaruga Kazuhito dari divisi yang sama. Keberatan jika
kita masuk sebentar? "Itu pada dasarnya adalah paksaan dalam bentuk pertanyaan. Sebagai seorang anak, saya secara alami merasakan keinginan untuk menentang
paksaan ini, tapi sepertinya Kazuhito-san tidak seperti ini
biarkan itu terbang.
"Oh, uh, well, tentu. Ini kecil. ”
Saya mengundang mereka ke kamar. Mereka tampak terkejut menemukan bahwa bagian dalam ruangan itu sekecil yang saya katakan,
tetapi mereka lulus dengan kesejukan yang mengesankan. Jika saya bos mereka, saya akan memberi mereka kenaikan gaji. Tentu saja tidak
sebagai bos mereka, saya tidak memberi mereka jongkok.
"Silakan duduk di sana," kataku. Saya menuangkan air ke dalamnya dua cangkir dan menempatkannya di depan pasangan itu. Sama seperti Mikokochan
punya hari sebelumnya, mereka mengabaikan ini sepenuhnya.
"Biarkan aku jujur," kata Sasaki-san, menatapku dengan tegas.
“Emoto Tomo-san sudah mati. ”
"Oh. “Saya menyiapkan segelas air dan duduk
di seberang mereka. "Apakah itu benar?"
" 'Apakah itu benar?' Hanya itu yang harus kau katakan? ”Sasaki bangkrut
Wajah pokernya untuk pertama kalinya.

“Oh, well, aku tidak banyak mengekspresikan emosi. Saya benar-benar
kaget di dalam, jadi jangan pikirkan itu. ”
Itu dan, pada titik ini, saya menjadi agak terbiasa

hal semacam ini.
Tetapi saya benar-benar terkejut. Ini setengah karena Tomoechan telah terbunuh, dan setengahnya karena instan yang kulihat kedua di luar pintu saya, saya kira mereka ada di sini bicara tentang Zerozaki.
Aku setengah lega, setengah terpana. Itu seperti sebuah kontradiksi emosi berputar-putar di usus saya.
"Umm, apakah aman untuk menganggap itu karena ada detektif minyak kasus, dia tidak mati dalam keadaan biasa? Tidak untuk menyebutkan bahwa Anda berasal dari Divisi Investigasi Pertama. ”
Mempertimbangkan jenis-jenis kasus Divisi Investigasi Pertama biasanya menangani.
"Itu benar . "Sasaki-san mengangguk. Keseriusannya ekspresi itu murni dan murni.
"Jadi, mungkinkah itu 'si pencuri'?"
Dia menggelengkan kepalanya atas pertanyaan saya. "Tidak . ”
"Oh benarkah . ”
Itu seperti sesuatu yang kempes. Sebagian diriku lega.
Mau tak mau aku bertanya-tanya kenapa, tapi aku cepat-cepat mengganti kereta
pemikiran.
"Lalu, apa yang terjadi?"
"Tubuhnya ditemukan pagi ini. Dia dicekik
sampai mati . ”
"Dicekik?"
Pencekikan.
Emoto Tomoe.
Dibunuh. . . ?
Saya merasa hati saya menjadi dingin.

Berapa banyak orang yang saya lihat meninggal? Sudah berapa lama
sudah sejak saya berhenti menghitung teman yang sudah mati? Pertemuan pertama saya
dengan kematian bahkan sebelum aku bisa mengingatnya.
“Sudah sekitar satu bulan sejak yang terakhir, ya? Itu benar menjadi rekor baru. ”
Sasaki-san menatapku dengan pandangan menyamping. Sama sekali berbeda

dari jenis samping terlihat Mikoko-chan memberiku, a
pose intelektual murni sepenuhnya tanpa menggemaskan
pesona Kemudian lagi, sepanjang hidup saya, saya belum pernah melihat pose
baik intelektual maupun mempesona, entah itu
berasal dari laki-laki atau perempuan.
"Apakah kamu mengatakan sesuatu?"
“Tidak, hanya berbicara pada diriku sendiri. Saya sering melakukan itu. Mereka bilang aku adil
soliloquy berusia sembilan belas tahun yang bisa berpakaian sendiri dan berjalan
sekitar. ”
Meskipun Sasaki-san terlihat puas dengan jawaban ini, dia
tidak menyeringai.
Tiba-tiba aku menyadari bahwa Kazuhito-san sangat dekat
memonitor ekspresiku. Saya diam saja.
Menarik.
Itu menjelaskan perlunya kacamata hitam. Sasaki-san ada di
bertugas melakukan pembicaraan. Kazuhito-san adalah pengamat. Saya t
adalah omong kosong yang luar biasa. Sebuah mahakarya sejati.
Sepertinya saya adalah tersangka utama.
"Saya rasa itu masuk akal . Aku bersamanya sepanjang malam. ”
"Apakah kamu mengatakan sesuatu?"
“Tidak, hanya omong kosongmu yang biasa, sehari-hari. “Saya duduk sendiri
lurus. Bukannya aku gugup, tapi mungkin sudah waktunya untuk
mulai menjadi sedikit lebih serius. “Jadi kalau dia terbunuh, siapa membunuhnya? "tanyaku.

“Itu saat ini sedang diselidiki. Sejujurnya,
itulah alasan kami datang ke sini hari ini, ”kata Sasaki-san.
"Kalau begitu katakan padaku," aku ingin mengatakan, tetapi aku menahan diri untuk tidak memprovokasi
dia.
“Kamu berada di apartemen Emoto-san dari sekitar jam enam di
sore hingga tengah malam. Apakah itu benar?"
"Iya nih . ”
"Hanya untuk memeriksa, maukah Anda memberi tahu kami nama-nama yang lain

orang-orang hadir selama periode waktu itu? "
"Umm. "Semoga beruntung, ingatan. “Emoto Tomoe-san, Atemiya Muimi-san, Aoi. . . tidak, Aoii Mikoko-san, dan Usami Akiharukun. Dan kemudian aku. ”
"Apakah kamu yakin?"
"Iya nih . ”
“Kamu datang dengan Aoii-san. Apakah itu benar?"
"Iya nih . Aoii-san pertama kali datang ke tempatku — ini, maksudku—
lalu kami pergi ke tempat Emoto-san bersama. Itu ada di sekitar enam hal. m. ”
"Lebih spesifik? Apakah sebelum jam enam atau sesudahnya? ”
"Sebelum . ”
Dia membentak saya dengan pertanyaan. Keterbatasan kecepatan pemrosesan pikiranku telah melampaui jauh sebelumnya, dan
kepalaku berputar.
“Jadi semua tamu ada di sana pada waktu itu. . . "
"Tunggu sebentar," aku memotong. “Aku tidak bisa tenang
dan fokus jika Anda terus melemparkan pertanyaan satu demi satu seperti itu . Saya pikir saya sebutkan itu, tetapi ini semua memiliki saya
sedikit campur aduk. ”
"Oh, maaf soal itu," kata Sasaki-san. Itu yang paling
permintaan maaf tidak menyesal sepanjang masa.

Saya menghabiskan satu jam berikutnya menanggapi serangannya pertanyaan, membocorkan setiap detail terakhir dari malam sebelumnya
acara Hal-hal yang kami bicarakan selama pesta. Itu
suasana pesta. Saya pergi ke toko serba ada
dengan Muimi-chan. Kembali. Akiharu-kun dan Muimi-chan berangkat sekitar jam sebelas. Akiharu-kun memberi Tomochan hadiah sebelum itu. Tali leher itu. Pembicaraan saya dengan Tomo-chan setelah itu. Meninggalkan apartemen bersama Mikokochan
di belakangnya . Panggilan telepon dari Tomo-chan sekitar waktu kami mencapai Nishiôji Nakadachiuri. Meninggalkan Mikoko-chan dengan
Miiko-san karena dia kelihatannya sedang tidur (entah itu

apakah itu benar atau tidak, saya tidak tahu). Dan kemudian, tidur.
Kunjungan singkat Mikoko-chan di pagi hari. Sisa hari itu,
yang saya habiskan membaca.
Saya tidak repot-repot menyebutkan tekanan kuat untuk memiliki
Kazuhito-san mengintip dari balik bahu Sasaki-san secara keseluruhan
saat dia sudah banyak menakutkan sendiri. Kami pernah
hanya duduk dan berbicara, tetapi saya merasa telah membuang banyak hal
energi. Dan kemudian ada baris terakhir Sasaki-san yang brilian.
“Oke, sejauh ini ini sangat cocok dengan yang sudah kita miliki dengar. ”
Wah, dia super.
Rangkaian pertanyaan tampaknya telah berakhir
saat ini. "Hmm," kata Sasaki-san dengan tatapan bingung.
Tetapi sesuatu tentang itu tampak seperti suatu tindakan. Jika Mikoko-chan
bisa disebut orang tanpa fasad, wanita ini, di
sisi lain, adalah orang yang tidak lain adalah fasad, to the point
bahwa mereka tampaknya adalah kepribadiannya yang sebenarnya. Dia tentu saja
tidak akan menjadi orang termudah di dunia untuk berurusan dengan.
"Jadi, bagaimana dengan panggilan telepon itu?" Katanya dengan jari
pelipisnya. “Dia benar-benar tidak mengatakan apa-apa? Menurut

Aoii-san, Emoto-san secara khusus memintanya untuk menyerahkanmu
telepon, dari mana seseorang dapat menyimpulkan bahwa dia memiliki sesuatu
untuk mengatakan kepada Anda. ”
“Dia mulai mengatakan sesuatu, tetapi dia tidak mengatakannya. Dia baru saja berkata
"Sudahlah," dan menutup telepon. ”
"Anda yakin?"
"Iya nih . ”
"Dan itu pasti Emoto-san di telepon?"
"Iya nih . Saya tidak pernah salah mengira suara orang yang saya kenal. ”

Dia bertukar pandang dengan Kazuhito-san di belakangnya. Saya t
Sepertinya mereka sudah selesai bertanya dan akan segera berangkat
cara mereka, tapi aku tidak bisa hanya duduk diam dalam keheningan.
"Umm, Sasaki-san, boleh aku bertanya?"
"Hah?"
Wajah pokernya hancur sekali lagi, secara alami. Memiliki
punya anak yang lebih muda tiba-tiba memanggilnya dengan nama depannya, itu
akan lebih aneh jika dia tidak terkejut.
“Ada yang mengganggguku. ”
"Uh huh . . . "Dia bertukar pandangan lagi dengan Kazuhito-san.
Dia menjawab dengan tidak lebih dari yang ringan
setetes rahangnya. Rupanya tanda persetujuan; Sasaki-san
berbalik ke arahku. "Baik . ”
Persetujuan ini kemungkinan besar tidak didorong oleh simpati untuk a
bocah yang teman sekelasnya baru saja dibunuh, tetapi oleh
Gagasan kejam bahwa mereka bisa menggunakan pertanyaan saya untuk melihat
ke saya. Bukannya aku peduli.
"Um. . . kebetulan, adalah Aoii-san yang menemukannya tubuh?"
"Itu benar," jawabnya dengan dingin, tidak memberikan lebih lanjut
penjelasan. Sepertinya mereka tidak berniat memberitahuku
ada yang lebih dari yang diperlukan untuk menjawab pertanyaan saya. Dari

tentu saja, mereka mungkin tidak akan menjawab semua pertanyaan saya
antara .
Jadi saya benar, setelah semua. Dia pergi untuk mengantarkan Tomochan's
hadiah ulang tahun, tetapi tidak ada jawaban. Dia
mencoba menelepon, tetapi tidak ada yang mengangkat. Pintu ke gedung
memiliki kunci otomatis, tapi tentu saja itu cukup mudah untuk didapatkan
sekitar. Yang harus dia lakukan adalah mengikuti salah satu

penghuni
dalam . Dalam hal itu, bahkan nyaris tidak dilewati sebagai kunci. Hmm. . .
Mikoko-chan.
Bagaimana perasaannya saat itu? Dia selalu begitu
penuh emosi. Apa yang mungkin dia rasakan pada suatu waktu seperti itu?
"Mungkin aku seharusnya pergi bersamanya. . . . ”
Tetapi sekali lagi, bagaimana saya bisa tahu? Lagi pula, saya tidak yakin saya akan sangat membantu bahkan jika saya telah pergi bersama. saya
tidak begitu berharga. Saya mungkin akhirnya hanya membuat dia marah.
"Apakah itu satu-satunya pertanyaanmu?"
“Tidak, aku punya beberapa lagi. Apa waktu kematiannya? "
“Kami telah menentukan bahwa itu antara jam sebelas
hal. m. pada tanggal empat belas dan tiga a. m. pada tanggal lima belas. ”
"Dalam hal itu . . . "Mikoko-chan dan aku telah meninggalkan apartemennya
pada tengah malam, yang berarti bahwa kejahatan harus terjadi terjadi antara tengah malam dan tiga a. m. "Er, dan katamu
dia dicekik, benar? Tidak ada pisau yang terlibat atau
apa pun?"
"Itu yang aku katakan . "Dia menyipitkan matanya saat aku menyebut-nyebut
dari kata pisau. Tentu saja aku tidak memberitahunya, bahkan tidak dengan mata saya, bahwa saya tahu seorang pembunuh yang menggunakan pisau.
"Apakah itu tali?"

"Itu adalah sepotong kain tipis. Dia kemungkinan besar meninggal seketika
dari kompresi vaskular. Saya ragu dia sangat menderita. ”
Ini adalah hal yang paling manusiawi yang dikatakan Sasaki-san sejauh ini. Tapi
bagiku, apakah Tomo-chan menderita atau tidak relatif
sepele. Bagaimanapun, dia sudah mati.
Saya tahu apa artinya mati. Bukan kematian yang ditakuti orang: Bukan apa-apa. Nyeri tidak lebih dari addon periferal,

keputusasaan tidak lebih dari dekorasi.
"Um, apakah kamu sudah pergi untuk melihat orang lain?"
"Semuanya, eke?" Jawab Sasaki-san, meskipun dia tahu
betul apa yang saya maksud.
“Semua orang yang berkumpul di tempat Emoto-san terakhir
malam. Usami-kun, Atemiya-san, dan Aoii-san. ”
Saya menanyakan ini tanpa harapan khusus. Saya pikir
dia mungkin bahkan tidak akan menjawab. Tapi yang mengejutkan saya, dia
dijawab segera.
"Ya, sudah," katanya. “Kami sudah selesai mempertanyakan semuanya
mereka. Alamat Anda agak sulit ditemukan, jadi kami akhirnya
datang ke sini terakhir. ”
“Apa yang dilakukan semua orang selama waktu itu
kapan Emoto-san terbunuh? "
Satu langkah lagi . Dengan hati-hati aku mengambil langkah maju.
Bibir Sasaki-san meringkuk menjadi seringai samar. "Usami-san
dan Atemiya-san mengatakan mereka menghabiskan malam dengan bernyanyi karaoke
Shijôkawara-machi. Adapun Aoii-san, yah, itu mungkin berjalan
tanpa mengatakan . ”
Itu benar. Mikoko-chan tinggal dengan Miiko-san di …
kamar sebelah. Saya merasa sedikit lega. Jika Anda bisa percaya
Klaim Sasaki-san, itu berarti bahwa tiga tersangka atas semua
punya alibi. Akiharu-kun dan Muimi-chan hanya bisa menjelaskan

untuk satu sama lain, jadi alibi mereka tidak benar-benar kedap air, tapi itu
sudah cukup untuk melonggarkan kecurigaan terhadap mereka.
Aku merasakan tekanan tatapan Kazuhito-san semakin merata
lebih kuat .
"Cih. . . ”
Bagaimana tidak pantas.
Sangat terlambat, saya memutuskan kontak mata dengan mereka berdua.
Sialan. Mereka membuat saya merasa nyaman. Mereka punya membuatku lengah. Saya ceroboh. Ini
selain dua detektif, Anda tidak seharusnya membiarkan
berjaga di sekitar petugas polisi.

Sial. . . apa yang mereka lihat?
"Apakah hanya itu, kalau begitu?" Sasaki-san bertanya tanpa sedikit pun
berubah nadanya.
"Oh tidak . Satu lagi . ”
Jika saya pernah tahu kegagalan, pasti ini saatnya.
Tatapan tajam Kazuhito-san sedikit lebih halus dibandingkan
untuk apa yang akan saya hadapi.
Tapi itu adalah kehalusan yang membuatku cukup bingung untuk bertanya
pertanyaan yang bahkan tidak perlu saya tanyakan, pertanyaan
yang seharusnya tidak saya tanyakan
sudah bertanya .
"Menurutmu siapa yang melakukannya?"
Itu adalah pertanyaan yang sudah dijawab. Dan saya
telah pergi dan mengulanginya.
"Itu sedang diselidiki," jawab Sasaki-san
dengan tatapan penuh makna — dan senyum seorang pemangsa yang memilikinya
baru saja mengantongi mangsanya. Dia bangkit. "Maafkan kami karena mengganggu
untuk waktu yang lama . Saya pikir kami akan kembali lagi nanti untuk berbicara
lebih, ”katanya, meletakkan kartu panggilnya di lantai. "Jika kamu
ingat hal lain, tolong hubungi kami. ”

Saya mengambil kartu itu di tangan saya. Itu memberi nomor untuk prefektur
Polisi serta nomor ponselnya sendiri.
"Yah, hati-hati, Tuan. Murid, ”kata Kazuhito-san dengan
menyeringai, dan mulai berjalan keluar dari kamarku.
Menarik. . . jadi dia adalah penipu sejati. Saya sudah berkomitmen
salah langkah yang fatal sehingga saya bahkan tidak pantas menyebut diri saya seorang
pengamat pasif lagi. Saya telah benar-benar mencampurnya
peran dua detektif.
Dengan kata lain, itu adalah Kazuhito-san yang menyerbuku
sepanjang sementara Sasaki-san telah menyerap semua yang aku katakan.
Dan terlebih lagi, Sasaki-san sengaja mengecewakannya

menjaga dan mengundang saya untuk menyerang.
Empedu. Keberanian mengucapkan.
"Oh, omong-omong," kata Sasaki-san seolah hanya mengingat sesuatu. "Tentang alibormu. Untuk saat ini, sudah dikonfirmasi oleh tetanggamu, Asano-san. Dia bilang kamu bisa mendengar
orang-orang berjalan menyusuri lorong dari dalam kamar. ”
Dia memberi saya senyum halus. Ini pada dasarnya adalah a skakmat Tidak, ini bahkan tidak cocok.
Dia bahkan punya keberanian untuk membuang memo kecil ini kasih sayang di ujung sana.
Yah, .
Saya tidak tahu apakah itu karena saya belum berurusan dengan mereka
Sudah lama, tapi aku benar-benar meremehkan orang Jepang polisi . Apakah kesombongan saya tidak mengenal batas? Siapa sih Apakah saya pikir saya?
Itu adalah pertama kalinya saya merasakan kekalahan semenjak pertemuan saya
dengan kontraktor swasta berambut merah itu.
Aku menggigit bibir bawahku. "Kazuhito-san," kataku padanya pergi.
"Hm?" Dia melihat ke belakang.

"Jika kamu terlihat lebih tampan, kamu akan menjadi pengecut Matsuda Yûsaku. ”
"Tebak itu berarti aku bukan orang mati bagi Matsuda Yakuaku. ”
Itu jawaban banteng. Tusukan putus asa terakhir saya padanya menjadi bau besar, dan dengan itu, kedua detektif itu aktif
cara mereka . Saya membersihkan cangkir dan menjatuhkan diri lantai .
Itu merupakan kekalahan yang menentukan. Aku belum merasakan sensasi ini
sebulan, dan aku tidak merasakannya dengan kuat selama setahun penuh. Tapi
dalam hal ini saya hanya bisa meninggalkan emosi. Kapan kamu memikirkan fakta bahwa seseorang baru saja meninggal, itu saja terlalu sepele.
“Tomo-chan. . . ”

Saya mencoba membisikkan nama itu dengan keras. Hal pertama yang akan datang
yang perlu diingat adalah percakapan kami dari malam sebelumnya.
“Pernahkah Anda merasa, sebagai manusia, Anda rusak barang?"
Sekarang, sekarang, Tomo-chan, itu bukan hal yang orang akui dengan lantang, bukan?
Lebih baik tidak tahu banyak hal; itu membantu kita terus hidup. Sebagai
selama kita tidak terlalu sadar akan diri kita sendiri, kita bisa hidup dalam kebahagiaan.
Anda dapat membandingkan kami dengan pesawat terbang yang hilang
mesin dan sayap. Kita tidak lain adalah bukan siapa-siapa
yang hanya bisa terbang seperti burung gagak yang tidak bisa berseru. Sekali kamu
mulai mempertanyakan berbagai hal, semuanya sudah berakhir.
Ini bukan tentang penolakan. Ini tentang ketidaktahuan.
"Kamu bisa terbunuh menanyakan pertanyaan seperti itu. “Sebagai seseorang
dengan pengalaman, itu bukan tugas saya untuk hanya mengeluarkan makanan kosong
kata-kata belasungkawa. "Jika kamu menaruh pikiran untuk itu, itu hanya

alam . . . apakah Anda orang seperti kami atau tidak. . . Atau sebaiknya,
jika Anda tidak memikirkan apa pun, itu saja. ”
Setelah menyadari hal-hal ini sendiri sejak lama, saya sekarang a orang yang hidup tanpa tujuan, sama seperti Tomo-chan menjalani hidup tanpa makna.
Saya menutup mata.
Dan saya membukanya.
"Yah, sangat memikirkan masalah. ”
Aku dengan cepat bangkit.
Nah sekarang.
Apa yang harus dilakukan sekarang? Tidak ada yang seharusnya saya lakukan,
tetapi banyak hal yang saya inginkan. Bagi saya, ini cukup langka

kondisi.
Pertama, saya mengeluarkan ponsel saya. Saya memeriksa riwayat panggilan,
kemudian mulai memanggil nomor Mikoko-chan. Tapi setengah jalan
Lewat, saya berhenti sendiri.
"Serius, aku pikir siapa aku ini?"
Ini benar-benar omong kosong. Jika saya memang memanggil Mikokochan,
apa yang harus kukatakan padanya?
Jadi saya menunda memanggilnya. Pada saat itu, saya tidak punya kata-kata yang tepat untuk diucapkan padanya.
"Dalam hal itu . . . ”
Hal pertama yang pertama. Saya membersihkan ponsel saya dan mulai masuk kembali
nomor telepon . Itu satu-satunya nomor telepon yang saya tahu dengan hati . Dengan telepon di telingaku, aku mencoba mengingat caranya
Sudah lama sejak kami berbicara.
Dia segera mengangkatnya.
"Ohhh! Ii-chan! Memang lama sekali, teman lama! Apakah kamu masih mencintaiku? ”
Kelebihannya mengerdilkan Mikoko-chan dengan faktor sekitar duabelas; tidak seperti Mikoko-chan, begitu Anda melepas sumbatnya,

memancar tidak akan pernah berakhir. Jika Anda membiarkannya sendirian, dia akan melakukannya
tembak sampai Surga seperti Menara Babel.
“Apa oh apa oh apa oh apa yang salah? Kamu tidak pernah menelepon
saya! Momen ini monumental! Itu adalah Istana Himeji! Saya t pasti taktik pengalihan! Hyaooo! Saya ingin mengambil foto untuk merekamnya, tetapi foto tidak dapat menangkap suara demikian
tidak akan ada gunanya! Karena itu, mulailah merekam audio! "
“Anda tidak perlu repot dengan rekaman audio. ”
Saya berusaha untuk tetap tenang.
Muimi-chan bertanya padaku apakah itu sulit untuk dilakukan
Kemarahan Mikoko-chan, tapi seperti yang kukatakan sebelumnya,

membandingkan
dengan Kunagisa, Mikoko-chan cukup mudah.
Jika Mikoko-chan senang-pergi-beruntung, maka Kunagisa Tomo sangat senang-gila.
"Tomo, apakah kamu bebas banyak hari ini?"
"Nggak! Lebih banyak di sisi sibuk. Sangat sibuk. Saya
kekuatan pemrosesan menghadapi kehancuran yang segera terjadi! Keadaan darurat
ekspansi memori! Defrag imperatif! Aku akan membeku!
Ya Dewa, itu terjadi! Sedang terjadi! Hadir progresif
bentuk! Silakan reboot! "
"Apakah ini kasus pembunuhan berantai pembunuh Kyoto?"
"Bingo! Wowww! Kamu seperti Maki-chan! Atau kontraktor merah!
Kyahahahahaha! Kembalinya ESP! Dan selamanya!
Manusia terkuat! Inilah akhirnya!"
"Maaf, Tomo, bisakah kau memanggilnya dengan setingkat?"
"Hah? Apa yang salah? Yah, terserahlah. Ya, itu adalah Kyoto
mencari-cari kasus pembunuh berantai! Tapi tahukah Anda? Itu tidak akan terjadi
seperti yang saya harapkan! Kasing ini! Lari gawang! Rintangan serius!
Tentunya si pembunuh adalah reinkarnasi dari Dread Jones!
Wahaha! "

"Ayo buat kesepakatan, Kunagisa Tomo," kataku. "Saya akan memberimu
beberapa informasi tentang kasus pencuri Kyoto ini. Anda akan memberi saya
informasi tentang pembunuhan tertentu yang muncul. ”
"Hah?"
Dia berpikir sejenak. Saya tahu dia tidak akan bertanya kepada saya
mengapa saya memiliki informasi tentang kasus pencuri atau mengapa ada
kasus pembunuhan saya tertarik. Saya percaya padanya, dan dia percaya padaku.
Penjelasan yang tidak perlu.
Kelebihan klarifikasi.
Kata-kata yang terbuang.
Pertanyaan gila.
Obrolan yang mengganggu.

Hal terbaik tentang Kunagisa adalah dia tidak punya
gunakan untuk hal-hal ini.
“Ehh, aku tidak suka kata kesepakatan ini, Ii-chan. ”
"Bagaimana tawar-menawar?"
"Mengerikan. ”
"Pakta?"
"Hampir sampai . ”
"Konspirasi?"
“Secara teknis tidak salah, tapi ada yang salah. ”
"Nah, lalu bagaimana dengan saling melengkapi masing-masing atribut orang lain? "
"Ya, itu akan terjadi," katanya bahagia.
Berikan atau ambil .
Pada titik ini, saya masih belum memutuskan yang mana.

Setelah menyelesaikan panggilan saya dengan Kunagisa, saya pergi mengunjungi Miikosan
pintu selanjutnya . Saya mengetuk pintunya.
"Yo," jawabnya. Beberapa detik kemudian, pintu
dibuka. Seperti biasa, dia mengenakan jinbei. Bagiku itu terasa bahwa jika dia akan tertarik pada bahasa Jepang
pakaian, dia harus mendapatkan kimono yang bagus dan cantik. Itu pasti
akan terlihat baik padanya.
"Dapatkah saya membantu Anda?"
“Oh, aku hanya ingin mengucapkan terima kasih. Mereka bilang kamu dijamin
untuk alibi saya. ”
“Saya tidak melakukan sesuatu yang luar biasa. Saya hanya mengatakan yang sebenarnya. ”
“Ya, tapi aku menciptakan beban yang tidak perlu untukmu. ”
“Aku tidak peduli. Terjadi sepanjang waktu. . . tapi kamu sudah pasti
berurusan dengan gangguan Anda sendiri, bukan? "Dia
terdengar lebih kagum daripada khawatir. "Kamu seperti pria itu dari seribu bencana. Jadi bagaimana dengan gadis itu? Berdasarkan apa yang dikatakan pihak berwenang, sepertinya dia terlibat demikian juga . ”
"Yah, dengan cara berbicara. . . ”
"Gotcha," dia mengangguk. “Baiklah, kalau begitu, bagaimana

niatmu
berterima kasih padaku? "
“Aku akan mentraktirmu minum teh. ”
Ini benar-benar undangan untuk pergi minum teh asli di kedai teh, bukan hanya warung kopi biasa. Itu semacam Kyoto
hal, atau mungkin hanya hal Miiko-san.
"Apakah itu datang dengan dango?" Dango — nasi yang enak itu kue tepung — cocok sekali dengan teh hijau.
“Itu bahkan datang dengan hiyashi shiruko. "Ya, dan merah manis sup kacang juga!

"Dimana?"
“Oharame-ya di Gion. ”
Mata Miiko-san langsung menyala. "Tunggu sebentar, aku akan mengerti
siap ”
Dia menutup pintu. Untuk apa nilainya, dia penuh perhatian cukup untuk berganti pakaian normal jika dia pergi
dengan orang lain. Tingkat perhatian yang dibuat
dia spesimen yang cukup langka di lingkaran kenalan saya.
"Dan aku kembali. "Semenit kemudian dia siap pergi. Dia memberi saya kunci mobil. Aku membaliknya sekali di telapak tanganku
tangan sebelum memegangnya erat-erat.
Maka jam delapan malam berguling-guling. Teh dengan Miiko-san telah berakhir dan aku mendapati diriku berjalan di antara
Shijô dan Oike di Jalan Kawara-machi. Miiko-san sudah melakukannya
mendorongnya Fiat kembali ke apartemennya.
“Jangan gunakan aku hanya untuk menghabiskan waktu dan menghemat kulit sepatu. ”
Itulah kata-kata yang ditinggalkannya untukku.
Dia bisa melihat menembus diriku, oke. Miiko-san dulu
tajam, oke. Tapi Anda harus menyerahkannya padanya untuk menerima saya
tetap undangan. Dia gadis yang baik. Atau mungkin dia baru saja melakukannya
sebuah gigi manis .
Saya berhenti dan memasuki tempat karaoke terdekat.

"Selamat datang," kata pria di belakang meja. "Pesta
satu?"
“Umm, aku punya teman yang seharusnya sudah ada di sini. ”
"Boleh aku minta nama temanmu?"
“Zerozaki Hitoshiki. ”
"Ah, Zerozaki-sama?"

Dia memasukkan sesuatu ke komputernya sebentar. "Baik,
itu akan menjadi kamar dua puluh empat, "katanya, mem-flash saya
senyum customer-servicey. Saya mengucapkan terima kasih dan
membuat jalan
ke lift. Kamar dua puluh empat ada di lantai dua. saya
turun di sana dan berjalan menyusuri lorong, memeriksa nomornya
dari setiap kamar.
“Dadadadadada dadadadadadadada! Dadadada!
Dadadadadadadadadadadadadadadada!
Ah! Aaaahhhh! ”
Just as I was wondering who was the bozo with the rusty
pipes, I realized it was coming from room twenty-four . I gave
a little shrug and opened the door without even knocking .
“Wha?”
Zerozaki stopped his belting once he noticed me .
“Yo, Damaged Goods,” he said, waving a finger at me . I entered
the room without reacting and took a seat on the sofa .
“Hey, Human Failure,” I said .
He placed down the microphone and used the remote
control to end the song .
“You can keep singing if you want . You're paying for this,
right?”
“Nah, it's okay . I'm not really all that into singing, to be
jujur. And I sure as hell don't like imitating other singers . saya
just do it to kill time . ”
He sat down so that he was facing me and sighed deeply .
“Haven't seen ya for a day . But, like, it don't really feel that
way . ”
“Eh, I guess not . ” I nodded .
To be honest, I was surprised . Until a moment ago, I didn't
even think Zerozaki would be here . Sure, after our conversation
the day before yesterday—I mean, yesterday morning—
we'd arranged to meet again . “I'll be at the karaoke joint, so

let's meet up there," he had said . But I didn't think he would actually show up . I guess he probably thought the same thing . And that was no doubt the reason that I had come and the reason he was here waiting .
The meaning of the phrase used to waiting: Here too lay a justified contradiction .
From there, we began talking about a variety of things, none of which mattered in the least . It was just like the night we had first crossed paths . Ridiculous philosophy, boring facts of enlightenment, irrelevant views on life . At times we veered off-track a bit and got into discussions on music ("Guess the one-hit wonder") or literature ("What's the trick to truly moving your reader?") . None of it had any real point . It was as if we were both just trying to check something .
"Say, Zerozaki," I said somewhere around the four-hour mark . "What's it feel like to kill someone?"
"Huh?" he said, tilting his head at me . His face looked blank, as if he hadn't been thinking of anything in particular .
"It's not really the kind of thing that makes you feel this way or that . I don't really feel much of anything . "
"You don't? It doesn't feel good or refreshing or anything like that?"
"Listen, dumbass, what do you think I am, some kind of sicko?" he said with a heaping helping of condescension . Committing grisly murders sure seemed like a funny way of not being a sicko, but I decided to hear him out .
" 'Cuz, you see, it's like this . I mean, I am a murderer . Tapi I'm not what you would call a 'lust murderer . ' That's a tricky distinction to make . I guess it doesn't do any good for me to make that kind of claim myself anyway . In the end, it's the

people around you who decide who you are . All I can do is go along with it . I'm not really one for deep thoughts, you know . "
"Hah. . . yeah, I guess not . Okay, then how about I change my question—what is murder to you?"
"Nothin' . "
I could find two meanings buried in that word .
It was worth nothing .
And therefore, it cost nothing .

“Now here's a question for you, D . G . What is death to kamu?"
“When you flat-out ask me like that, I'm at a loss . If I had to answer, I guess I'd say it's kind of like a battery running out of juice . ”
“A battery? You mean like with the AA and stuff?”
"Ya. Well, something like that . I guess you could say battery power is like a life force or something . Which I guess would make you and your body the insulator . ”
“I've been called worse,” he said with a little laugh . Dia seemed to be truly enjoying himself . I wondered if I sounded like him when I laughed .
“I guess my question was ambiguous,” I said . “How about this, then? Do you understand why other people commit murder?”
"Hah? That's a bizarre one . But very you somehow . Ayo Lihat . . . nope . ”
“You don't?” I asked .
“Well, first of all, I don't understand other people, period . Whether or not they're killers, and regardless of how evil they may or may not be . Second of all, I don't even understand myself . I have no freaking idea what causes all that chaos and

confusion swirling around in my guts . So all I can say is no, I don't understand people who kill others . ”
“I see your logic there . ”
“I might add that murder was never particularly what I was going for,” he said as if it really was just an afterthought .
"Apa artinya?"
“Well, this is going to get awfully conceptual, but in other kata-kata. . . well, here's an example . ” He picked up the receiver for the room phone . “Excuse me, could we get two ramens please?”
Not much later, a staff member came in carrying ramen .
“Eat up . I'm payin',” he said, and took some noodles with his chopsticks . “Now this is a meal . ”
"Ya . You didn't even have to tell me . ”
“They say food, sleep, and sex are the three basic desires of mankind . But why are we eating this meal right now?”
“To ingest vitamins . ”

"Iya nih . Without vitamins, people die . And thus eating food brings pleasure . Sleeping feels good, too, and sex, well, that's obvious . Anything that you have to do to stay alive always comes with pleasure . ”
"Yakin . That's easy enough to understand . Begitu?"
“Don't rush me . 'So? Begitu? So?' You sound like Akutagawa Ryu-freaking-nosuke . ”
"Hah? Wasn't that Dazai's thing?”
“It was Akutagawa, dammit . Dazai wrote about it in an anecdote on Akutagawa . ”
Whichever literary figure it was, I decided to once again do as told and hear him out . He paused for a moment before speaking, as if to build up the suspense .

“Now let's imagine someone who's obsessed with eating . Di other words, someone who eats not simply to take in vitamins, but because he's mad for the sensation of eating itself; Untuk beauty in the very act . The stimulation of his taste buds . Itu pleasure of feeling the food pass through his mouth . The joy of mastication . The ecstasy of feeling that mushed-up gook flowing down his throat . The feeling of fullness nearly destroying his satiety center altogether . The euphoria taking over his brain . In other words, I'm talking about a fat guy,” he said, laughing . 'To a guy like that, vitamins or lack thereof are totally irrelevant . The means and the end have switched places for him, so that his main goal is something subsidiary . Sekarang there's your problem . Can you still say this guy is eating? No, don't answer . You and I both know the only possible answer is tidak . What this guy is doing isn't eating . He's just eating the concept of eating . ”
“And you're just killing the concept of killing? That's a bit of a stretch,” I said with a shrug . “It's pretty perverse to try to equate a natural appetite for food with the urge to kill . Are you sure you don't just have your priorities mixed up? Mungkin you're mistaking killing for something else . ”
“Ehh, that's a tough one . Sulit dikatakan. I'll say it again, man—the act of killing itself was never my intention, nor was the stuff that comes afterward . Y'know, the dismemberment . ”
Then what the hell is your intention? Man, you're a tough guy to understand . ”

“Not as much as you . I mean, I know that I'm hard to understand . I just said that . Anyway, in the beginning, I thought I was in it for the thrill . ”
“The thrill,” I said .

"Ya. You've heard of 'high risk, high return' before, kanan? In Japanese, I think we say, 'If you don't go into the tiger's den, you don't get no cub . ' With murder, the risk is high, but the return is low, right? It hardly seems worth it . Nya stupid . That's why most murders are almost always cases of people 'going too far' or 'using too much force . ' They're not trying to kill the person, but before they know it, they've gone and done it . Namun demikian. . . ”
He pulled a rather dangerous-looking blade from his vest pocket . “This here is what they call a dagger . You grip it in your fist like this . So the first person I killed, I stuck this thing in his carotid artery and just tugged it to the side . This was an inexplicable act of murder . I had no particular intention of causing the person suffering or pain . In fact, it was a rather pleasant way to die, if you ask me . Now let me just say right now that by no means was this a boastful act . I'm sure you know this, but acts spurred by one's pride are the most pathetic actions a person can take . People who take pride in causing harm are the lowest of the low . I'm just boasting about my faults here . Seriously, all joking aside, that's the only kind of murder I can perform . Even when I went after you, on the other side of the mirror . ”
"Hah. Anda tidak mengatakannya. ”
“I do say . Like, let's imagine that you and I ended up fighting to the death again . Of course, logically speaking, it's entirely possible that you would kill me . But in the one time that you could kill me, I could kill you nine thousand, nine hundred ninety-nine times . Well, in reality you and I each only have one life, but this is a metaphor . At any rate, I can only kill for the sake of killing . In other words, I can affirm that the

eight people I've killed up until now were not victims of me 'going too far . '”
Eight people . In two days, the body count had risen by two . Well, I guess you could say that Zerozaki had gone about

living his life while I had been living mine .
“So am I an idiot? Mungkin . After all, it's not like I'm getting anything out of killing these people . Well no, I guess I am getting something . Whatever's in their wallets,” he said .
One of the alarming details of the prowler case had been that the victims' money and valuables had been stolen . Ini was a rare thing in cases like this, in which the murders seemed to have been committed for the thrill of it, but the reason was simply that Zerozaki needed the money to support his homeless lifestyle .
Even his karaoke money was probably coming out of one of those victims' wallets . If you looked at it that way, even this ramen was tainted with sin, I thought as I slurped my noodles .
“But you could get that stuff just by working a normal job, so it's no reason to commit murder . If you think about the effort that goes into killing one person, it makes a lot more sense to just spend the day working somewhere instead . Dan yet I choose murder . And therein lies my whole theory . ”
“Ah, I get it . In other words, to Zerozaki Hitoshiki, the risk is the return . ”
"Ya . The means and the end aren't just swapped, but unified . The act itself is the purpose . The purpose is the act . Itu act is complete when you've carried out that purpose . Ini adalah actually not a bad theory at all . ”
“But how is that any different from just losing sight of your purpose? It's like having a guy who loves to read, so he fills his room with books until it's completely buried in them . But he

still keeps buying new ones . Whether he buys books or not is up to him, but he's got so many books in his room now that even if he spent his whole life reading them, he'd never get through them all . But he just keeps on buying and buying . ”
"Hmm. Ahhh, ah-ah-ah, I get it I get it . You're talking about processing capacity . Once you've surpassed your processing capacity, means and end become one and the same .
It's like Ishikawa Goemon said: 'A splendid view, a splendid view, even a thousand pieces of gold is too little to pay for the beautiful sights of spring . I, Goemon, am worth ten thousand ryô . ' Hmm . Yeah, maybe so,” he said with an impressed sigh as he reclined into the sofa . “But you know, my man, even if

that is the case, it doesn't have much to do with me . Kamu know why? Because that theory I've been talking about is so totally wrong to begin with . Risk equals return? Now there's a bullshit equation if I've ever heard one . I'm just having fun with logic here . ”
"Hah. So what are you getting at?”
“Well, this story is a little generic,” he said, leaning forward . “But let's go back to when I was just a little brat . Kamu were a little brat once too, huh? Well so was I . Jenis apa brat was I? Well, I wasn't particularly weird or anything . saya even believed in God . If I got smacked, it hurt . If I saw someone else get smacked, it hurt . I had all your average sensibilities . I wanted to bring happiness to the people near me . saya knew gratitude . I knew unconditional affection for another human being . That's the kind of little brat I was . . . . Tapi sometimes, I would just sit . Not to read a book or watch TV or something . I would just sit . I'd be there resting my chin in my hands, my mind up in la-la land, just sitting there . Sooner or later I realized that during these times, I would always

naturally start pondering how one kills a human being . Itu first time I realized what I was doing, I was seriously freaked out . I mean, I was pondering, examining how you kill a person as if it was the most normal thing in the world . The idea that this was really me was the scariest thing,” he said .
“So it was something you discovered in yourself . Tapi apa part of this story is supposed to be generic? It seems pretty out there to me . You're saying that from birth, you've had an innate proclivity to murder?”
“I said don't rush me . I thought that once myself, but that's not the case at all . I thought I was born with a murderous mindset, with the urge to kill . But that's not it . It's that—and this is where it gets generic—I'm attached to a rail . ”
“A rail? Apa yang kamu bicarakan?"
“It's a metaphor . You hear it a lot . People talk about life on a track, right? You go through middle school, you go through high school, you go through college, you enter society, you support yourself with a salary so that you can bag a lover, and then you depart from the world . That's the track of life . Baik, similarly to that, I'm on the murderer's track . ”

“Sounds more like you're off the track to me . ”
“Like you're one to talk . Anyway, that's not important .
The kind of track I'm talking about here isn't necessarily the
one set up by society . It might be a track you've set for yourself .
Like, imagine there's a kid who becomes obsessed with
Ichiro in elementary school and decides he wants to be a baseball
player . In that moment, he makes a track for himself . ”
"Saya melihat . So that means we're all on a track . . . kecuali untuk
people who 'drop out,' I suppose . ”
Except for people who have suffered a fatal blow .
Except for people who go off the rails .

"Ya . I don't know who laid down this track for me . saya
might have done it myself . Orang lain mungkin punya. But one
thing I know for sure is that I've taken the track too far . Saya sudah
made it too far down without suffering that fatal blow, and
now there's no stopping me . I can't even entertain the idea of
putting on the brakes . ”
"Aha. So it just keeps going on and on . ”
In other words, right now, he was in motion . And the him
in midmotion was entirely different from the him who had
first started running along this track .
"Ya . It's like a curse from the past . And in my case, it's
slowly killing me . It may sound boring living life on a track
someone else has laid out, but you know, it doesn't make any
difference who laid it out if it if you get sick of it midway
through . Not that I could just quit at this point . Too many
strings attached now . ”
“Must be even tougher not having anyone to blame . ”
"Betul . Especially for an outcast like me . ”
“Might as well give it up . You may not break away from
the track, but you sure do break away from the rules . ”
"Oh? Well you're no Mother Teresa yourself, you know . ”
“But I am a serious student at a university . I'm not like
kamu . ”
“Doesn't saying that depress you? It's like looking into the
mirror and saying, 'Who the hell are you?' ”
“Exactly,” I said nodding .
“Anyway, it's for that reason that I don't view myself as a
murderer . Because killing isn't my goal . You've heard of people

who 'kill like it's as simple as breathing,' right? Well, for me, if I don't kill, it becomes hard to breathe . I'm just paying the train fare for this track I got on long ago . Or it's like I'm

perpetually repaying a loan . You could say I'm killing the act of killing . ”
“This is all becoming a little too idealistic and abstract for saya . Can't you put it more realistically?”
"Tidak juga . I mean, we're talking about a vague concept disini If you put it in realistic terms, the conversation would be over with 'I killed and dismembered someone times eight . '”
"Itu benar . . . ” I sighed and looked up at the ceiling . Talking with Zerozaki was interesting enough, and I had even learned a thing or two, I suppose, but it wasn't exactly useful information . "Hmm. And here I thought a killer like you would be the one most capable of understanding the heart of a killer . ”
Maybe I'd been wrong to assume that . After all, Zerozaki's MO and Tomo-chan's cause of death were completely berbeda. I didn't believe for a second that Sasaki-san had given me the whole scoop, but she had at least told me that Tomo-chan had been strangled with a thin piece of cloth . Meanwhile, Zerozaki was cutting people up with a knife . Itu similarities began and ended with the fact that both killers had brought death to their victims .
Zerozaki killed people at random .
Tomo-chan's killer had sought her out . It was most likely the result of a grudge . Something spurred by a sticky, slimy, disgusting personal relationship that had eroded away .
"Hah? Why do you say that?” he said .
“Well, it's just that a classmate from my university was murdered recently . ”
“Murdered? Your classmate?”

"Itu yang aku katakan . Yeah, at first, I wondered if you had done it, but it doesn't match your style at all . They strangled her with a piece of cloth . ”
“Ah, yeah, that's not my thing,” he said, waving his hands with a grimace .
“So I thought . But I just figured one monster would understand

another . ”
“You're mistaken . And it's such a you mistake . Monster don't kill people; people do . And just as people don't understand monsters' feelings, monsters don't understand people's . It's like comparing a platypus to the archaeopteryx . ”
I didn't know who was supposed to be the platypus and who the archaeopteryx, but he was probably right . Guys like Zerozaki were peculiar and dysfunctional, and that was why they were so rare .
“So, what happened, then?” he said, sounding not particularly tertarik. Figuring there was no need to keep it a secret, I proceeded to tell him everything I had heard from Sasakisan . I told him about Mikoko-chan, Tomo-chan, Muimi-chan, and Akiharu-kun and about the birthday party . He occasionally dropped in a brief remark or shook his head as he tried to follow along with the story's twists and turns, and just once, he even flashed a look of concern .
“Hmm,” he said when I was finished . "Saya melihat . I see I see I Lihat . So that's how it went down . Begitu?"
“What do you mean so?”
“So means so . ” He stared me directly in the eye . I didn't answer him . This silence continued for a whole hour .
“Okay, I got it,” he eventually said, standing to his feet . "Ayo pergi . ”
"Hah? Dimana?"
ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 3
“To Emoto's place,” he said like with all the casualness of a good friend inviting someone over to hang out . With that, he made his exit . This was all going just as I had expected, I berpikir. I rose from the sofa and followed him out, leaving our half-eaten ramen behind .
“But about that Aoii chick,” Zerozaki said apathetically as we walked westward down Shijô Street . “Seems pretty obvious that she's got the hots for you . ”
“What?” I couldn't help but be surprised by this sudden leap in our discussion .
It was already past midnight, meaning it was now Monday, the sixteenth . Even on Shijô Street, which was a major eastwest road, traffic had grown sparse . Occasionally we passed a group of college students probably coming home after a night

of drinking, but the sidewalks were otherwise mostly empty .
I realized that the next day I had to go to school . And from
first period, no less . What's more, it was my foreign language
class, where they always took attendance . And it looked to me
like this was going to be another all-nighter .
“Eh, what were we talking about again?”
“That Aoii chick,” he said irritably, knitting his brow at me .
“Hearing what you have to say about her, she's got to have a
thing for you . ”
"Tidak mungkin . What could've possibly given you a dumb idea
like that? That doesn't even sound like something you would
say . I mean, she's already got a boyfriend anyway . ”
“No, she doesn't . ”

“Oh wait, that's right . ” Come to think of it, she may or
may not have told me that . "Tetapi tetap saja . I don't think that's
the
case . I mean she does seem to be fond of me, but it's like how
people are fond of animals . And even then, she probably sees
me as an iguana or something in the reptile family . You know,
like 'Aw, that's . . . kind of cute . '”
“An iguana? If you're an iguana, then that makes me a chameleon,”
he said, and proceeded to laugh . “For example,” he
then said, immediately switching back to his serious tone .
“She knew your address, right? That's extremely suspicious
right there . Who bothers looking up the address of someone
they don't even have a crush on?”
“She didn't even have to . It was in the address log from
class . ”
"Aha. You said it yourself, man . You were on vacation
when class started and you missed the first week of your . . .
general education, was it? Whatever that class was . Karenanya,
there was no way your address could've been recorded in that
log . ”
"Oh. ”
Now there was an oversight . I certainly didn't remember
telling my address to anyone else, and that meant there was no
way the address of my ancient ruin of an apartment building
could've been on the sheet . There wasn't a single person at
Rokumeikan who should've known where I lived .

“But Mikoko-chan claimed she got it off the address list .
Was it just a misunderstanding? But misunderstandings like
that don't happen, do they? So maybe she lied to me . ”
“Eh, not so much a lie as an excuse . She probably followed
you home one day . ”
“If she'd been following me, I would've noticed . ”

"Mungkin . At any rate, she probably learned your address
through fairly illegitimate means . She couldn't tell you the
truth, so she just blurted out that thing about the address log . ”
"Uh huh . ”
“So let's think about this . Have you ever met a girl who
would go that far just to learn the address of some random
guy? You might not put it past a guy, but we're talking about
a girl here . ” He flashed an unsavory smile .
I let out a sigh of a laugh . “Don't act like you know what's
sedang terjadi . ”
“What can I say, it's who I am . ”
“But I really think you're wrong about this . I can say that
for certain . ”
“Well, I'll be damned . And what are you basing this certainty
on?”
“Well, she acts like she hates me . ”
“Huh?” Zerozaki's facial expression alone was enough to
make it clear that he couldn't believe what he was hearing .
“Come on now, at least remember the stuff you said yourself .
You just said Aoii was fond of you, didn't you? So what the
hell are you squawking about now?”
“Hang on, this isn't a contradiction . I have sort of a dualistic
or Boolean view of the world . Shall I explain? In other
kata-kata. . . like, take the cars on this road . Let's say there's a car
going twenty-five miles per hour . ”
"Ya. You want me to tell you if that's fast or slow?”
"Ya. Which do you think?”
“It's slow, isn't it? At this time of night they could go faster
than that . ”
“Okay, then let's imagine the same car going at full speed . saya
don't know much about the limitations of automobiles, but

let's just say it's going one hundred miles per hour at full

throttle . Is that fast?”
“Fast works for me . ”
“Finally, let's imagine the car when it's at rest . How about this time?”
He gave a restless shrug . “It's at rest . What the hell do you think?”
“Just humor me . ”
“Well, slow, I guess . You sure can't call something that's not moving fast . ”
"Betul . Now let's go back to the initial question—is twenty-five miles per hour slow or fast? I would express it like this: 'It's twenty-five fast and seventy-five slow . '”
“Ahh . ” He gave a convinced nod . The cheek on the tattooed side of his face curled up into a slight smirk . “So the way you see it, what does Aoii think of you?”
“Well, to give an approximation, she likes me seventy and hates me fifty . Approximately . ”
“I guess that doesn't add up to her liking you twenty . ”
Memang . The logic of arithmetical operations didn't apply when it came to human emotions . Besides, these numbers were highly prone to fluctuate, making such calculations troublesome .
They could only be expressed as averaged values .
“Okay, so what about you, now?” he asked .
"Hah?"
"Kamu . How much do you like and hate Aoii?”
“I like her zero and hate her zero . ”
“Whoa . . . ” He pulled back a bit in surprise . “My God, man . . . you're brutal . ”
“You should talk . ”
“Cram it, Captain Passive . ”

I liked her zero and hated her zero . You might call it apathy .
Sure, my words might have been a little exaggerated and laced with apathy, but that didn't mean I wasn't telling the truth .
Because after all, I'm such a cold, dried-out person that I can kill a person just by living . Indeed, I was as brutal as Zerozaki made me out to be . I simply couldn't take any type of

assertive action for the sake of a stranger .
“This is totally . . . ”
“Totally . ”
“A masterpiece,” Zerozaki said, laughing .
"Omong kosong. ” I didn't laugh .
“Well, putting all that textbook mumbo-jumbo aside, don't you have the hots for anyone?”
"Hah. Saya tidak begitu tahu. ”
“Even though they're your emotions?”
“Because they're my emotions . ”
“Ah, I get it . Because you're the passive spectator . Kamu understand other people better than you understand yourself . I guess they say you can't be your own observer . Seperti itu benda . . . what was it again? The uncertainty principle? Quantum mechanics? Doppelgänger's cat?”
“ 'Doppelgänger' can't be right . ”
“Ahh, who was it? It's math, so it's gotta be a German guy, tapi. . . ”
After that mildly racist remark, he sat and thought to himself for a minute . But ultimately, he couldn't seem to recall whose cat it was . “Goddammit,” he said, slapping himself in the left cheek . This seemed to relieve him .

“Well then,” he said . “Here's my conclusion: You've got a fucking terrible attitude . ”
“That's probably correct . Tapi . . ”
Tapi
What could I possibly have intended to follow that up with? Might I have been considering saying somebody's name? Of course I was . But whose name that could've been, I don't tahu
“It's all just nonsense in the end . ”
“Um, is that supposed to be, like, your escape line?” He slumped his entire upper body dramatically as if my incredibly delayed response had completely knocked the wind out of dia. Though not to the same extent as Mikoko-chan, it seemed Zerozaki was also one for big reactions .
“Eh, then again, I guess I'm kind of like that too . Or rather, I am like that,” he said .
We arrived at the Nishiôji-Shijô intersection . The Hankyû

Saiin Station was visible to the south . Of course, the final train had long since made its stops, and the area surrounding the station was desolate . We turned north . If we continued up as far as Maruta-machi, we'd arrive at Tomo-chan's apartment .
“Maybe we should've hailed a cab after all . We're still only halfway there . ”
“It's a waste of money . That is to say, I don't have any money . Or were you going to pay?”
"Tidak. There isn't a single student in Kyoto who rides in cabs . ”
"Hah. I'm not a student, so I wouldn't know . ”

Suddenly a doubt rose in my mind . I thought of Sasakisan's stern gaze for some reason as I asked Zerozaki my question .
“Are you on a most-wanted list or anything?”
"Kurasa tidak. Nobody's ever tried to talk to me, and nobody's ever followed me . I've done my share of following other people, though,” he boasted . It amazed me that someone who stood out this much—I mean, he had a tattoo running down half his face; maybe that kind of thing was normal in Tokyo, but he was probably the only one of his kind in all of Kyoto—hadn't been arrested yet . But then again, if you thought about it, whether he stood out or not probably didn't make much of a difference in a case like this .
“So we're going to Emoto's place from here, right? Tapi . . ”
"Apa?"
“In reality, you can already pretty much deduce what happened, kanan? I mean, who the killer is and stuff . ”
“Deduce?” I parroted his word back at him . Could I really figure out the answer based only what I knew at this point?
“Sorry to disappoint you, but I mean it when I say I don't really know what happened . I'm not some mystery novel or film. . . ”
Detective .
The redheaded private contractor .
“Detective . ”
“Well, of course not,” he said with surprising plainness .
“But I guess I also mean it when I say that I don't think it's beyond figuring out . She was strangled to death . Inside a kamar . The estimated time of death leaves a fairly narrow window

.
The suspects all have alibis . We just need a few more
clues . ”

And it just so happened that I currently had Kunagisa collecting
that very thing . And I myself was on my way to do the
same .
“Is it possible that it was just a random robbery?”
“Well, technically it's possible, but the cops don't seem to
think that's the case . ”
There was something very unordinary about both Sasakisan
and Kazuhito-san . It was hard to believe they were the
kind of people who would be sent out just to handle a simple
burglary-homicide case . Of course, that was just my hunch .
"Mmm. ” Zerozaki's eyes drooped lazily . “But I don't think
you really have to go out of your way to investigate things . Aku s
there some logical reason for doing this?”
“Not especially . Listen, nobody's making you come along .
Why don't you go cut up some more people?”
“Nah, that's okay . I'm not in the mood for that tonight . ”
He took my suggestion more seriously than I had intended .
“Besides, I was the one who suggested we go in the first
place . ”
Meanwhile, we'd arrived at Tomo-chan's apartment building .
Apparently the police had already checked out, leaving
the area as desolate as the train station . We made our way
through the automatic door and into the main lobby .
Nah sekarang.
"Ah, benar. You need an autolock card key to get in . ”
"Apa sekarang?"
“Here's what we do . ” I walked a step ahead of Zerozaki
and entered a random room number into the intercom .
"Halo?"

“Um, this is the person from room three oh two . I'm so
sorry to bother you, but I went and locked my own card in the
kamar . Would you mind opening the door for me?”
“Oh, certainly . ”
K-chunk, the glass door said as it opened up .
“Thank you,” I said to the complete stranger, and Zerozaki

and I quickly made our way into the building .
“You don't mind lying just like that, huh?” he said .
“What can I say, it's who I am . ”
We got into the elevator and went up to the sixth floor . Sebagai we walked down the sixth floor hall, I produced some thin white gloves from my pocket and slid them onto my hands .
“Not to make this awkward, but . . . were you prepared with those gloves this whole time?”
"Ya . I planned this whole thing . ”
“Wow,” he said as he pulled his own pair of gloves out of his vest pocket and switched them with the fingerless ones he was currently wearing . Of course, a guy like him probably just carried gloves around with him every day .
We arrived in front of Tomo-chan's room . When I tried the knob, the door turned out to be locked, as expected .
“So how do you propose we clear this one?”
“Actually, I hadn't thought about it . Ada ide? "
“I gotcha,” he grumbled, pulling a thin knife from his vest pocket . Or perhaps drill was a more accurate word for it . Dia jammed it into the keyhole . He rattled it left and right until we heard the click of something settling into place . Then he pulled the knife back out, spun it around once in his hand, and closed it back up in his vest .
He turned the knob . "Itu terbuka. ”
“This can't be safe, can it?”

“Not even a little bit . The killer could be anywhere . ”
We shrugged and went in anyway .
We walked down the hall between the kitchen and bathroom, and passed through the door at the end . The room hadn't changed much from my Saturday visit . It looked like some things had been slightly moved around, but that was probably owed to the crime-scene investigation .
And then there was the center of the room . White strips of tape formed the shape of a person .
“Wow,” Zerozaki said with awe . “So they really do that . Nya like something out of a TV show or a manga . Hey, that Emoto girl had about the same build as me . ”
"Sepertinya begitu . ”
Tomo-chan was pretty small, even for a girl, but for a guy,

Zerozaki was ridiculously petite . They weren't exactly the same size, but they could've easily fit each other's clothing .
“Incidentally, I prefer tall girls,” he said .
"Sangat?"
"Ya . But tall girls don't like short guys, do they?”
“But none of your six victims were tall girls . ”
“Who goes around killing the girls he's into, idiot?” he said angrily . It looked like I had touched on a difficult subject . Namun demikian.
My gaze fell back on the tape on the floor . Tomo-chan must have been strangled and then collapsed on the floor here in this position, asphyxiated . But this tape hardly captured the reality of it .
I looked back over at Zerozaki to find him immersed in silent prayer . His eyes were closed, with his hands pressed together in front of his chest .
I deliberated for a moment before deciding to do likewise .

Afterward, I once again began inspecting the area around the tape .
"Hm. ”
There was something on the right hand of the human shape . It was dark, so I couldn't see it very well, but we couldn't just go turning on the light, either . I managed to make out a small ring made out of black tape .
It seemed this was some sort of mark they had made during the investigation .
"Apa ini? Maybe something was on the floor here?”
“No, look closer,” Zerozaki said, crouching down next to saya . “Something's written here . ”
“Dammit, I wish we had a little more light . ”
“Just wait a little longer . Your eyes'll adjust soon enough . ”
It assumed that we were working at our leisure here, but right now that was our only option .
In time, my eyes did begin to adjust .
Thin carpet . On its surface there were red letters .
“x over y?” we both said .
The letter x was written in cursive handwriting . Then a diagonal line below it . Then the letter y in the same cursive handwriting . It was messy writing, so you had to struggle to

make it out . But it didn't seem like it could've said anything else .
“What's x over y?”
“Beats me . ”
“Is it red because it's written in blood?”
“Nah, seems to be some kind of oil-based ink . ”
Strange writing next to the body's right hand . Could this have been her dying message?

“But hey, we don't actually know that this is the right hand . We can't tell if the body was faceup or facedown just by looking at this tape . ”
"Ah, benar. But, Zerozaki, I don't think she could've written this if she was facedown . Not that she was necessarily the one who wrote it . ”
"Ya itu benar . There's still the possibility that the killer wrote it . So what's this x over y bullshit all about? Matematika?
But this isn't an equation . You can't take it any further than ini ”
“Maybe whoever wrote it didn't finish . ”
“If that's the case, we're pretty much at a dead end . I can't even imagine what they were getting at with this,” he said as he walked over to a comer of the room and slid down against the wall . “I'm sleepy,” he said with a big yawn . “Figure anything out?”
“Just the fact that this may or may not have been her dying message is a pretty good haul . Now, then . . . ”
I scanned my eyes around the room . There were no signs of a struggle . As far as I could see, nothing was broken or missing .
“Yeah, I don't think this was just a burglary,” I said . Was it all because of a grudge after all? But what could a girl who had just turned twenty years old two days ago have done to have inspired such hatred?
I continued examining the room as I pondered . Of course, the police had probably already done this with complete thoroughness,
but right now it was necessary to see the crime scene with my own eyes, in order to fill in the gaps in my imagination . For later on .

“What now?” Zerozaki said as he watched me moving sekitar. Judging from his current state, it didn't look like he intended to help me any further . Not that I was expecting him to do anything . I'm not such an idealist that I would expect anything from a mere water reflection .
“You seem strangely comfortable doing all this,” he said .
“Well, I've got experience . ”
“What could a twenty-year-old have possibly experienced in his life to have broken him so badly as a human being? I can't even imagine,” he said .
“You should talk . But I guess I'll humor you anyway . saya guess you could say I haven't lived a very respectable life . Atau no, my life has been plenty respectable, but I haven't been . ”
"Hmm. You know, I don't like myself very much,” he said plainly to my back . “But seeing you, I realize I'm not so bad . ”
“You took the words right out of my mouth . I may be a screwup, but I'm not as bad as you . When I look at it that way, it's kind of a relief . ”
"Saya berharap . ”
"Saya berharap . ”
"Katakan. . . why do people die anyway?” he asked .
“Because you kill them . ”
“Well, yeah, but I mean aside from that . Umm, what is it lagi? Apoptosis? Darwinism? Genes? Cancer cells? Sel suicide? All that good stuff . It's like the termination point of our functionality . ”
“Come to think of it, I heard once that the longest a human can live is somewhere around one hundred ten years, regardless of the era or region . ”
"Hah. ”

“I mean, the bottom line is that living creatures have a lot of diversity . But you know, whether you live a long time or not doesn't really make a difference . I don't really think there's even much point in living two hundred or three hundred years . I've lived for nineteen years and two months up until now, but quite frankly . Saya sudah cukup . ”
“You're tired of it?” he asked .
“Well, it's more like I just can't endure it anymore . I'm still

okay for now, I guess, but if things go on like this . . . yeah, in another two or three years, my ability to process reality will have reached its limit . ”
“But isn't that just one of those things? Like, I'll bet you thought the same thing when you were fourteen, right? Seperti, 'in another few years I'll probably have committed suicide . '”
“Yeah, I did think that . But I didn't have the balls to go through with it . ”
“Chicken . ”
"Ya, baik. I always wanted to be a bird . ”
“Not a chicken, I bet . They can't even fly . ”
“I'm joking . But I do think this: There isn't a person on this earth who's lived for ten or twenty years without pondering God and death, unless he's just some slaphappy nut . ”
“God and death, huh?”
"Ya. But before he can contemplate those things, he has to have learned about life . Some knowledge of life is necessary in order to contemplate death, so you have to study life before you can even begin to think about the fact that it will one day akhir. It's like that saying: 'If you want to kill someone, your victim had to have been alive to start with . ' No matter how much effort I might exert, I can't kill John Lennon . ”
Nor could I kill Emoto Tomoe .

“Now tell me, Zerozaki . What does it mean to be alive?”
“That your heart's still beating?” he said off the top of his head .
“Wrong,” I answered . “Showing signs of life and being alive are not the same thing . But that aside, what if there existed a person who had experienced death before life? Jenis apa human being would he turn out to be? Could we even call him a human being? A living creature who could reminisce about his own passing, who had mourned his own death before life even began . What would we label such an existence?”
“I guess that would be Death himself . It would have to be, or else . . . ” His eyes seemed to be searching for the right kata-kata. He pointed a finger at me with an awkward look on his face . No words came out . To be sure, they probably didn't need to .
“Eh, it's just another mind-over-matter thing,” I surmised .

An escape line .
“Say, man . I know I already asked, but is there some reason you've gone to all this trouble—I mean, illegally entering her apartment, not to mention the fact that you're supposed to be the passive observer type—just to gather information about the murder?”
“Yeah, there is,” I answered . I meant to say no, but for some reason a confirmation leapt out of my mouth . Bukan saya sure which one I really meant .
"Hah. . . you said yourself that you don't like or dislike Aoii, right? Then why should you do anything for her? And it seems to me that you only met those other three through her, like little add-ons . ”
He slapped his hands together as if he had just thought of sesuatu. “Is it for Emoto Tomoe?”

Tomo-chan .
A tragic figure, brutally murdered just after celebrating her own birthday .
That alone wouldn't have moved me, normally . If starving children on the other side of the world were being shot to death, I wouldn't have thought anything of it . If some giant earthquake in some faraway country killed tens of thousands of people, I wouldn't feel a thing . Whether or not a string of murders occurred in the town where I lived, it was no matter to me . I just didn't have that kind of spirit; it wasn't much more to imagine that I wouldn't feel much sadness or despair over the passing of even a nearby acquaintance .
However, there were always exceptions .
“I was hoping I'd get to talk to Emoto Tomoe just a little lebih lanjut. ”
Zerozaki said nothing to this .
“That's all, though, really . ”
“I see,” he nodded . “Well, whatever the case, what we have here is a masterpiece for sure . ”
Indeed, he was right that there seemed to be no compelling reason for me to go to all this trouble . It wasn't like I was being somebody else, but it certainly wasn't my usual style .
I realized I was being stupid . I just didn't think I was salah

“Ahh,” Zerozaki yawned again .
“If you're bored, you can go . ” That is to say, get lost .
But he shook his head . "Tidak masalah . Besides, how are you planning to lock up without me?”
“Actually, I've got one of those things that allows you to lock the door without the key . ”
“That's a pretty useless device . ”

Of course, I was joking .
Zerozaki soon closed his eyes and began to doze off . Dulu like watching my own sleeping face, which was a bizarre, alien sensation, to say the least . I continued examining Tomo-chan's room until four in the morning, but didn't come up with anything that seemed like a decent lead .
"Tapi. . . ”
Maybe it didn't matter anyway . In fact, halfway through, I had entirely lost my will to search for clues and spent the rest of the time staring down at the tape human .
And I reminisced . About the time I had spent here on Saturday night . That wild, ridiculous night during which we'd all left reason and rational thought behind .
If I could be allowed to say something a bit romantic, perhaps this was my memorial to Tomo-chan . Now that wasn't my style, to be sure, but it seemed like a good enough reason all the same .
"Oke, ayo pergi. ”
“Satisfied?” he asked .
"Ya. ”
"Baik . ”
We left the building, and Zerozaki and I parted ways there . We spoke no parting words, and made no plans to meet again .

Tidak ada artinya.
Oke .
Oke .
Oke .
Oke?
Rabu, tanggal delapan belas Mei.

Dengan berakhirnya periode kedua, istirahat siang telah dimulai. Karena ruang makan ramai pada waktu itu, saya selalu melewatkan makan siang pada hari-hari ketika saya memiliki kelas periode kedua. Jadi saya
alih-alih langsung menuju ke kelas pendidikan umum saya. Pendidikan umum .
Teman sekelas.
Aoii Mikoko, Atemiya Muimi, Usami Akiharu, dan Emoto Tomoe. . .
Saya belum melihat satu pun dari empat orang ini sejak minggu dimulai. Ini bukan kebetulan; kemungkinan besar, tidak satu pun
salah satu dari mereka datang ke sekolah. Sudah mati, Tomo-chan alasannya, tetapi tiga lainnya belum mati atau belum terbunuh. Mungkin kematian Tomo-chan yang harus disalahkan atas mereka
tidak muncul, atau mungkin ini hanya bagaimana mahasiswa berperilaku setelah Golden Week.

Segalanya tidak berkembang lebih jauh. Sepasang detektif — Sasaki-san dan Kazuhito-san — belum kembali mengunjungi apartemen saya lagi, saya tidak punya kontak dengan saya
tiga teman sekelas, dan aku masih menunggu kabar dari Kunagisa. Tentu saja, aku juga belum bertemu dengan Zerozaki. Sebagai seseorang yang tidak membaca berita atau menonton TV, saya dari
Tentu saja tidak tahu pers macam apa (atau kekurangannya) Tomochan's
kematian telah menarik. Saya juga tidak tahu apakah si pencuri punya
menyerang lagi dalam tiga hari terakhir.
Itu adalah sesuatu yang saya tidak ingin tahu.
Saat ini, saya hanya menunggu. Bagaimanapun, itu adalah satu hal Saya sudah terbiasa .
"Man, ini panas. . . . Aku ingin tahu apakah aku siput, ”aku bergumam
berjalan melintasi kampus, dari Meigaku Hall ke Yôyô Aula . Itu kurang dari tiga ratus kaki jauhnya, tetapi itu adalah jalannya berat. Saya pernah mendengar tentang iklim yang sangat

panas sebelumnya,
tetapi saya tidak berpikir mereka benar-benar ada. Baik Kobe maupun
Houston seburuk ini. Ini adalah jenis panas dan
kelembaban tubuh yang unik di kota-kota cekungan. Saya berjuang untuk
menanggungnya saat kaki saya membawa saya. Saya menaiki tangga,
yang membawa saya langsung ke lantai dua Aula Yôyô. saya
masuk ke dalam dan akhirnya mengambil waktu sejenak untuk mengatur napas.
Saat itu, saya melihat seseorang yang akrab. Tapi ternyata tidak
karena dia kenal aku memperhatikannya. Sebaliknya, justru itu
mataku tertarik padanya terhadap mereka yang lebih baik
penilaian oleh jersey pink-flamboyan panasnya. Itu tidak tepat
berbaur dengan lingkungan.
Sauvage coklat itu. Andai saja dia berjongkok di atas
tanah di depan sebuah toko serba ada, gambar akan memiliki
telah selesai.
Itu adalah Atemiya Muimi-chan.

Dia saat ini sedang berbicara dengan seorang pria, mungkin teman sekelas.
Berpikir itu akan sedikit menjengkelkan jika aku harus menyerah
masuk dan memulai percakapan, saya mencoba menyelinap tanpa disadari
ketika dia memanggil saya.
"Wah, ini Ikkun," katanya.
"Yo," rekan prianya menyapa saya secara tidak resmi. Dia punya
rambut coklat muda dan senyum yang semilir. Tunggu, siapa
apakah ini lagi? Saya tidak kenal siapa pun dengan golucky yang mudah ini
kualitas surfer, kan? Apakah dia dari pendidikan umum kita kelas?
"Lama tidak bertemu, ya?" Kata Muimi-chan dengan lemah
tersenyumlah. "Umm. . . Ya ampun, ini agak canggung, ya? Bagaimana
apakah Anda sudah sejak itu terjadi? "
“Aku datang ke sekolah seperti biasa. ”
"Oh. . . heh, well, kurasa begitu. "Dia tersenyum, tapi itu

tampak agak dipaksakan. Dia tampak lelah, yang mungkin
tidak dipaksakan.
"Bagaimana denganmu?" Tanyaku. "Apa yang sudah kamu lakukan? saya
belum melihatmu di sekolah. ”
"Oh, baiklah, bagaimana kamu mengatakannya. . . "Dia sepertinya tidak bisa
temukan kata-katanya. Dia mungkin tidak menyukai gagasan untuk mengekspos
kelemahannya pada orang lain. Saya bukan tipe orang itu sendiri,
tetapi perasaannya tidak di luar pemahaman saya.
“Yah, aku harus bersiap untuk presentasi. Waktu untuk mendapatkan
keluar dari sini. Sampai jumpa lagi, ”kata pria itu kepada kami, dan bergegas masuk
arah tangga.
"Dia benar-benar yang enerjik, ya?" Muimi-chan
mengatakan kami mengawasinya pergi. "Dia benar-benar malas sampai
kesempatan untuk menjadi pusat perhatian datang. Kej.
Ed. seharusnya menjadi pertunjukan yang bagus hari ini. Saya akan menonton itu
dari barisan depan. ”

"Hah. Jadi pria itu adalah teman sekelas. ”
Muimi-chan berdiri membeku selama beberapa detik sebelum perlahan
dan dengan kaku memalingkan kepalanya ke arahku seperti yang dibutuhkan lehernya
ganti oli. Aku hampir berharap mendengarnya berderit.
"Jangan bilang kamu lupa. ”
"Hm? Oh, kurasa Mikoko-chan tidak memberitahumu, ya?
Saya memiliki ingatan yang sangat buruk, jadi saya tidak benar-benar tahu siapa yang ada di dalamnya
kelas kami . Saya mungkin ingat dia jika saya mendengar namanya. ”
Tapi dia tidak mau memberitahuku nama orang itu. Dia sedang menatap
saya kaget karena suatu alasan.
Akhirnya, dia membuka mulut. "Usami Akiharu. ”

"Oh. ”
Itu dia.
Ini mengejutkan.
"Apakah dia meninggalkan sedikit kesan?"
“Lagipula, kurang dari dirimu. Bukannya dia berkeliling mengenakan kaus pink panas. ”
Itulah yang ingin saya katakan, tetapi saya berhenti sendiri. Muimi-chan adalah tipe orang yang mungkin akan melakukannya benar-benar mulai memukul Anda setelah Anda membuatnya marah. Dan saya mungkin
tidak akan turun hanya dengan satu atau dua jab. Jika saya menggodanya
cara saya menggoda Mikoko-chan, saya akan menjadi daging mati.
“Ingatanku yang salah di sini, itu saja. ”
“Jika itu masalahnya, maka lakukan sesuatu untuk itu. ”
“Ya, kesan yang lemah mungkin juga menjadi masalah. Dia
tidak segila Mikoko-chan. Saya kenal banyak orang yang eksentrik. Sebenarnya, itu membuatnya terdengar seperti saya tahu banyak orang.
Koreksi: Satu-satunya kenalan yang saya miliki adalah eksentrik orang-orang, jadi orang normal baru saja lolos dari pikiranku. ”
"Orang normal, ya?" Dia tertawa kecil jahat.
"Apa? Apakah saya mengatakan sesuatu yang lucu? "

“Oh, tidak ada, tidak ada, aku hanya berpikir, kamu mengejutkan karakter hakim yang buruk. ”
"Hah?"
"Akiharu punya kepribadian yang lebih kejam dari yang kau kira," katanya
kata dengan cara yang tampak aneh saat dia menatap
ke arah dia pergi beberapa saat yang lalu. "Yah, kamu akan mencari tahu akhirnya. . . akhirnya. "Sesuatu dalam dirinya
nada lembut sepertinya menyarankan kata-katanya memiliki makna yang lebih dalam,
tetapi sesaat kemudian ekspresi wajahnya berubah seperti seseorang
telah menekan tombol pada remote. Dia berbalik ke arahku lagi.
"Ini sempurna," katanya. “Aku ingin mengobrol dengan
kamu . Mari kita bicara di ruang tunggu. ”

Dia mulai berjalan tanpa menunggu jawabanku. Setelah
berjalan singkat, kami berbelok ke kanan, di mana kami tiba di
ruang siswa. Saya bertanya-tanya apakah itu akan penuh sesak sejak itu
adalah tengah sore, tetapi melihat melalui
kaca jendela saya bisa melihat bahwa, untuk beberapa alasan, lebih sedikit kursi
ditempati daripada kosong. Ada piring yang menggantung
pintu ruang dengan tulisan No Standing berwarna merah, Gothic
surat. Itu adalah lelucon yang dilakukan siswa selama beberapa tahun
kembali, dan pada titik ini bahkan tidak ada yang mau mempertanyakannya
lagi . Akibatnya, tidak ada yang peduli untuk menyingkirkannya juga.
Kami memasuki lounge, dan Muimi-chan mengambil tempat duduk. Itu
Tempat itu dipenuhi dengan asap rokok. Muimi-chan mengambil satu
bau dan segera merogoh sakunya untuk sesuatu,
tetapi kemudian menghentikan dirinya sendiri seolah-olah dia hanya mengingat "kebijakan" -nya saja
pada waktunya . Itu baik dia untuk tetap melakukannya dengan hati-hati, tetapi dalam
tempat ini sudah dipenuhi dengan asap, itu tidak benar-benar membuat
banyak perbedaan bagi saya apakah dia merokok atau tidak. Tetapi saya
tahu bahwa meskipun aku memberitahunya bahwa dia bisa, dia hanya akan mengatakannya

sesuatu seperti, "Tidak, ini keputusanku," jadi aku duduk tanpa itu mengatakan sesuatu.
"Jadi, apa yang ingin kamu bicarakan?"
“Jangan bodoh. Apa satu hal yang Anda dan saya akan lakukan harus berdiskusi? ”dia bertanya.
"Tomo-chan?"
"Mikoko. ”
Dia mencondongkan tubuh ke depan dengan tangan di atas meja dan melotot

ke arahku. Tetapi saya tidak begitu tahu apa-apa sehingga saya tidak siap
tatap dia.
"Apakah kamu melihat Mikoko sejak itu?"
"Sejak kapan?" Tanyaku dengan polos.
“Sudah kubilang jangan main bodoh. Polisi pasti membayar
Anda berkunjung juga. ”
"Yah begitulah . . . "Saya ingat pertemuan saya dengan Sasaki-san dan
Kazuhito-san, tapi jujur saja, mereka bukan pasangan yang benar-benar aku
ingin terlalu banyak berpikir. "Jadi mereka juga mengunjungimu?"
"Ya. Pasangan yang tidak menyenangkan, bukan? ”
"Pria dan wanita?"
"Ya. Pria itu terlihat seperti milik The X-Files, dan
wanita itu tampak seperti dia melakukan kunjungan rutin ke bawah tanah
sel. Polisi reguler sudah membuatku kesal, apalagi ini
dua . . eh, tapi itu cerita lain, ”katanya, meluruskannya
sikap . “Kemarin adalah pemakaman Tomoe. "Dia menatapku
dengan cara menuduh. "Kamu tidak datang. ”
“Yah, tidak ada yang memberitahuku tentang itu. ”
“Mikoko juga tidak datang. Tapi Akiharu dan aku pergi. ”
"Yah, apa yang bisa kamu lakukan, kan? Kematiannya pasti a
kejutan besar untuk kalian semua, ”kataku.
“Ya, pasti. Anda membuatnya seperti ini tidak
ada hubungannya dengan Anda, "jawabnya.

"Tidak," aku berhenti berkata. Ah, seni
kebijaksanaan
"Kamu sama sekali tidak kaget dengan kenyataan bahwa Tomoe itu terbunuh? "
"Yah, aku cukup terkejut ketika pertama kali mendengar berita itu,
tapi setelah tiga hari, ya, mereka menyebutnya apa? Membersihkan
laci hatimu? Maksudku, masa lalu hanyalah kenangan. ”
“Sebagai teman Tomoe, aku ingin membuatmu kesal karena mengatakannya
itu, tapi kamu benar, kan? ”katanya, sedikit dikalahkan.
“Saya kira hati manusia dibangun dengan nyaman.
Terutama untuk seseorang yang berkulit tebal seperti saya. Hanya

saja
Sudah tiga hari dan saya sudah kembali pada titik di mana saya bisa
pergi ke sekolah lagi. Tapi itu benar-benar menghancurkan pada awalnya. saya
Maksudku, aku baru saja melihatnya, lalu. . . "Dia membentaknya jari.
Dan kemudian, diam. Saya tidak akan menyebutnya canggung, tapi itu sedikit tak tertahankan. Jelas ada aura yang menyakitkan mengalir di antara kami.
"Sepertinya Akiharu-kun sudah pulih,"
berdasarkan bagaimana dia bertindak sekarang. ”
"Begitukah penampilannya?" Tanyanya.
"Aku juga berpikir begitu. ”
"Yah, mungkin, jika Anda mengatakannya. ”
Lagi-lagi, dia sepertinya melakukan sesuatu, seperti
ketika dia berkata, “Akiharu memiliki kepribadian yang lebih kuat daripada
menurutmu . ”
Jadi apa yang dia katakan? Dia mengubah topik sebelum saya bisa mengetahuinya.
“Jadi rupanya kamu yang terakhir mendengar Tomoe
suara. ”

"Ya. Meski sudah lewat telepon. Apakah kamu mendengar itu
dari Mikoko-chan? Atau dari detektif? "
"Mikoko," katanya, mengangguk. “Aku pergi ke rumahnya kemarin setelah pemakaman berakhir, tetapi. . . Saya pikir dia perlu lebih banyak waktu
pulih. ”
"Ah . ”
"Dan itu sama sekali tidak mengganggumu?"
"Hah? Apa maksudmu? ”Tanyaku.
"Maksudku, kamu baru saja mendengar bahwa Mikoko sedang sedih, dan
Saya bertanya apakah itu mengganggu Anda. ”
"Semua orang pasti menutup telepon tentang itu," kataku. Muimi-chan
tampak agak bingung, mungkin karena kata semua orang.
Dia menghela nafas panjang dan menggeliat. "Sialan tidak mengerti.

. . ”
"Apa itu? Saya tidak bisa melihatnya. ”
"Ah, tidak ada apa-apa. Dengar, Anda mungkin tidak ingin mendengar ini, dan
terus terang aku orang terakhir yang harus memberitahumu. Saya dulu
orang yang menentangnya sejak awal. . . . ”
"Hah?"
"Tidak ada . Oke, izinkan saya meminta bantuan Anda. Sederhana saja
nikmat dan tidak ada tangkapan. Pergi saja mengunjungi tempat Mikoko, akan
ya? ”
Dia menarik selembar kertas dari saku kausnya dan
menyerahkannya padaku. "Aoii Mikoko" ditulis di atasnya dalam hiragana,
dan di bawah itu adalah alamat dan nomor teleponnya.
“Ya ampun, ini beberapa huruf bundar. Siapa yang menulis ini?"
"Saya . ”
"Ah . . . ”
"Maksudnya apa? Ada apa dengan itu
Ekspresi, seperti Anda melihat jawaban itu datang atau sesuatu? "
"Eh, tidak apa-apa. Bukan itu yang akan saya katakan. " Aku melihat
turun di memo itu dalam upaya untuk menghindari tatapan mautnya, dan

mengkonfirmasi alamat Mikoko-chan. Horikawa Oike. Datang ke
pikirkan, pernahkah saya mendengar itu sebelumnya? Rasanya seperti sudah, tetapi juga
merasa seperti saya sedang belajar alamatnya untuk pertama kalinya. Saya tidak bisa
ingat.
“Agak jauh dari sekolah. Saya kira itu berarti dia bolak-balik
di sini di Vespa-nya. ”
"Tidak, bis. Sekolah ini tidak mengizinkan sepeda. ”
"Tidak?"
Kebetulan, saya pulang pergi dengan berjalan kaki. Saya punya sepeda, tetapi tidak
gunakan banyak, sebagai aturan umum. Bukannya saya sangat suka

berjalan, tapi entah bagaimana itu berhasil bagiku.
"Oke, jadi aku pergi ke tempat Mikoko-chan, lalu apa?"
"Dia sedih, jadi bersoraklah padanya. Katakan saja hal-hal seperti 'itu tidak akan
ada gunanya hanya duduk-duduk merasa biru dan menjaga Anda dagu "Aku yakin itu akan berhasil. ”
"Oh, omong kosong yang biasa, ya? Tapi bukankah itu semacam itu hal yang lebih baik keluar dari Anda? Oh, tapi kurasa sudah katakan padanya kemarin. Tetapi jika teman baiknya itu tidak bisa menghiburnya, aku tersesat. ”
"Tidak sesulit itu . Pergi saja ke sana dan itu sudah cukup.
Serius, itu saja. Pergi menemuinya, ucapkan satu atau dua kata dukungan,
dan kemudian mainkan saja. ”
Apa pun artinya itu.
Tetapi sekali lagi, saya benar-benar tidak punya alasan untuk menolak,
dan itu adalah proposal yang relatif mudah, jadi saya melanjutkan dan diterima. "Baik . ”
“Cobalah mampir hari ini sepulang sekolah. ”
Saat itu, bel yang menunjukkan awal periode ketiga berbunyi.
"Oh, sial," kata raut wajah Muimi-chan. Wajahku mungkin
tidak menunjukkannya, tapi aku merasakan hal yang sama.
Inokawa-sensei, Cerberus waktu.

“Ah, sial, itu belnya. ”
"Bahkan jika kita pergi sekarang, kita akan ditandai absen. Atau sebaiknya,
dia bahkan tidak akan membiarkan kita masuk kelas, ”kataku.
“Yah, tidak ada yang bisa kita lakukan sekarang. Benci untuk ketinggalan penampilan akiharu yang stud, tapi mari kita hentikan kelas. ”
Dia cepat membuat keputusan. Saya ragu untuk membuat keputusan untuk sesaat lagi. Tetapi tidak ada jumlah mental usaha akan membalikkan tangan jam, jadi saya hanya memberi naik. "Baik . ”
"Jadi bagaimana sekarang? Mau makan? ”
"Ruang makan mungkin masih ramai saat ini,
kanan?
"Oh, benar. Nah, mau tinggal di sini dan ngobrol sedikit lagi? ”

“Baiklah, bisakah aku bertanya sesuatu padamu?” Kataku, memikirkan hal ini
akan membuat peluang bagus. “Apakah ada orang yang melakukannya?
mungkin ada sesuatu yang melawan Tomo-chan? "
Wajah Muimi-chan segera menjadi serius. Itu seperti
dia sedang mempertimbangkan sesuatu. Atau, lebih tepatnya, dia secara mental mengkonfirmasikan sesuatu yang sudah dipikirkannya.
"Tidak, tidak ada," katanya tegas, setelah jeda yang panjang dan a ekspresi bingung. “Berbicara secara logis, tidak ada yang bisa melakukannya
punya sesuatu terhadapnya. ”
""Tidak ada yang bisa menentangnya'. . . heh,
semacam ungkapan aneh. Kedengarannya seperti terjemahan jelek atau
sesuatu. ”
“Tapi kupikir itu akurat. Maksudku, kurasa. Saya sudah mengenalnya hanya sejak SMA, meskipun. ”
“Ngomong-ngomong, bagaimana kalian semua bisa saling mengenal?
Kamu bilang kamu sudah berteman dengan Mikoko-chan sejak itu Anda adalah anak kecil, bukan? ”

“Mikoko dan aku adalah teman masa kecil, dan kemudian aku bertemu
Akiharu dan Tomoe di sekolah menengah. ”
"Hei tunggu . Bukankah itu agak aneh? "
"Apa?"
“Mikoko-chan berusia sembilan belas tahun, dan ulang tahunnya pada bulan April.
Tomo-chan baru berusia dua puluh. . . . ”
"Oh tidak . Tomoe mengulang kelas di SMP. ”
"Ah . "Jadi dia tidak masuk kuliah terlambat atau kembali dari setelah semua. Dia baru saja ditahan setahun. Tidak pernah bahkan mempertimbangkan opsi itu.
“Masalahnya, dia berada di rumah sakit untuk waktu yang lama. Dia
harus mengambil cuti sekitar setengah tahun, dan bahkan setelah itu dia

cenderung tidak ada. Dia hanya tidak hadir
merekam untuk lulus. Rupanya dia cukup sakit. Mereka
mengatakan dia hampir mati. ”
Hampir mati.
Kematian.

Kesadaran akan kematian.
"Hahhh. . . "Saya mencoba yang terbaik untuk menjadi coolheaded
tentang hal itu, tetapi
Saya tidak yakin seberapa baik saya berhasil melakukannya.
“Begitu, jadi begitu
apa itu ”
Jadi itu adalah kisah Emoto Tomoe. Aku mengangguk beberapa kali
bahwa Muimi-chan tidak akan menyadari keterkejutanku.
“Jadi, bagaimanapun, kita berempat sejak SMA.
Rupanya saat itulah Akiharu dan Tomoe pertama kali bertemu juga.
”
"Saya melihat . Lanjutkan. ”
"Oh, benar. Jadi dengan kata lain, Tomoe sangat pandai
beradaptasi. Atau tunggu. . . mungkin bukan itu. Mungkin dia
seorang
sedikit seperti Anda, jika Anda tidak keberatan dengan
perkataanku, ”katanya,
menunjuk ke arahku dua kali. "Anda pernah mendengar tentang
'ruang pribadi
gelembung, 'kan? Yah, dia sangat pandai mendefinisikan

mereka. Dia bisa mendekati orang sejauh titik tertentu,
tapi dia tidak akan pernah melangkahi garis itu. Dia tidak akan
pernah
datang ke dalam kontak intim dengan siapa pun, dan di atas itu
semua
dia tidak pernah membiarkan siapa pun berhubungan intim
dengannya.
Dia selalu menjaga jarak, tidak pernah terlalu dekat atau terlalu
dekat
jauh. Seperti petarung pedang. ”
“. . . ”
Istilah pejuang pedang membuat Miiko-san melompat ke pikiran

untuk
kedua.
"Tomoe adalah temanku, tapi. . . Saya pikir dia tidak pernah terbuka untukku. Saya juga tidak berpikir saya pernah membantu dia. ”
"Aku meragukan itu," kataku, tapi kata-kataku mungkin tidak berarti
apa saja untuknya. Mereka juga tidak banyak berarti bagi saya. Apakah firasatnya tentang Tomo-chan benar atau tidak, itu mungkin tidak terlalu jauh dari kebenaran.
Tapi Muimi-chan, kamu tidak harus mencampuradukkan semuanya. Ini luar biasa
kasar pada Tomo-chan. Jika Anda benar-benar temannya, Anda seharusnya tidak
akan mengatakan hal-hal seperti itu.
Tomo-chan dan aku tidak sama. Kami hanya di serupa
trek. Namun pada dasarnya, kami berbeda.
Satu-satunya yang benar-benar mirip dengan saya adalah para pembunuh,
Muimi-chan.
“Ngomong-ngomong, dia adalah cewek semacam itu, jadi pada dasarnya dia
tidak bisa melakukan apa pun untuk menghasut dendam. saya pikir Anda
dapat mengatakan itu dengan pasti. ”
"Lalu siapa yang membunuhnya?"
"Seperti yang aku tahu. Mungkin pembunuh berantai itu. ”
"Pembunuh berantai menggunakan pisau, kurasa. ”

“Yah, terserahlah. Seseorang membunuhnya. Polisi itu terlihat cukup tajam, jadi saya yakin mereka akan menemukan siapa yang melakukannya jika kita membiarkannya
menjadi. Lagipula tidak ada yang bisa kita lakukan sekarang. ”
Dia memakai wajah tegas yang tidak cocok dengan komentar pasifnya.
Tentunya dia mengucapkan kata-kata ini sendiri
akan. Temannya yang tercinta telah dibunuh, dan ternyata ada tidak ada yang bisa dia lakukan. Dia pasti merasa tak berdaya. Tapi itu benar-benar di luar kendalinya. Itu mungkin benar bahwa dia tidak tahu siapa pembunuhnya. Dia punya

tidak ada orang yang bisa mengarahkan kemarahannya.
Hmm.
"Apa yang sedang dilakukan semua orang?" Katanya, memandang semua
para siswa berjalan di luar ruang tunggu. “Serius, apa
apa yang mereka lakukan? "
"Semua orang?"
"Semua orang . Semua orang disini Bodoh sekali. Mereka hanya
hidup . Mereka tidak mati, itu saja. Mereka hanya sial
hidup . ”
Mereka hanya hidup.
Dia mengulangi kalimat itu sekali lagi. "Ah, aku grogi,"
katanya, tegak lagi. "Aku ingin tahu apakah ini ada
orang benar-benar memiliki tujuan. Tujuan untuk hidup, atau masa depan
tujuan atau sesuatu. Saya bertanya-tanya apakah mereka benar-benar memilikinya
sesuatu . ”
"Mereka harus . Maksudku, aku yakin itu bervariasi dari orang ke orang.
Tapi itu tidak masalah. ”
“Bukan itu yang ingin aku katakan. Saya tidak tahu Nya
tidak rumit. Seperti, bawa gadis-gadis itu ke sana, ”dia
kata, menunjuk sekelompok gadis di sisi berlawanan
lounge. Mereka memiliki udara canggih tentang mereka, menyarankan
mereka mungkin mahasiswa tahun kedua atau junior. Saya tidak bisa membuatnya

apa yang mereka katakan, tetapi bahkan jika aku bisa mendengarnya, mereka
kemungkinan besar sedang mengobrol tentang sesuatu yang tidak akan kumiliki
dipahami pula. Mereka tertawa dan menamparnya
satu lagi di bagian belakang dengan kenikmatan limbung.
"Sekarang, katakanlah saya memiliki karabin penyerang di tangan saya. Sebuah
M4A1. Lalu aku membidik mereka, dan. . . ratatatatata! Apa yang akan
terjadi?"

Aku memandang mereka sekali lagi. Tawa mereka sama
pusing seperti sebelumnya, tetapi di kepalaku, aku melihat mereka basah kuyup
darah, tubuh mereka tercabik-cabik, potongan-potongan pecah keluar
jendela .
"Yah, kurasa mereka mungkin akan mati. ”
"Ya, mereka mungkin akan mati. Tetapi pada saat itu, apa
apakah mereka akan berpikir? Apakah mereka akan menyesal? . . . Bukan saya
pikir mereka akan melakukannya. ”
Dia memelototi mereka dengan jijik, tetapi tidak ada yang memperhatikan.
Mereka benar-benar asyik mengobrol sendiri
bahwa mereka bahkan tidak melirik ke arah kita.
“Mereka mungkin tidak akan memiliki sedikit pun penyesalan. Tidak ada
dibatalkan Lagi pula, mereka hanya menjalani hidup tanpa mereka
tujuan atau aspirasi. Apa yang bisa mereka tinggalkan dibelakang?"
“. . . . ”
"Tentu saja, aku tidak mengatakan hidup itu membosankan. Ada saatnya.
Tetapi semua orang ini putus asa. Mereka semua mati-matian
mencari cara untuk membunuh waktu besok. Tiba-tiba mereka semua
hanya memikirkan cara untuk menghabiskan waktu. 'Bagaimana saya akan menghabiskan besok?
Dan hari berikutnya? Bagaimana saya bisa membunuh dua puluh empat
jam?' Seperti orang idiot, mereka mati-matian mencari cara untuk mengisi
jadwal mereka. Tapi apa itu? Apa gunanya itu?
Besok mungkin juga tidak datang sama sekali, jika mereka hanya hidup

untuk menghabiskan waktu. Jika Anda hanya hidup, Anda mungkin juga mati. . . .
Itulah yang saya pikirkan. . . . Ah, maaf, kurasa itu saja
sedikit aneh . ”

“Tidak, itu sangat menarik. ”
Dan aku benar-benar bersungguh-sungguh.
Muimi-chan mungkin juga memikirkan ini: Di dalam
akhirnya, bagaimana dengan Tomo-chan? Apa yang dia pikirkan dalam hal itu
saat dia terbunuh? Untuk Muimi-chan, siapa yang punya
tidak pernah bisa melangkahi garis itu ke dalam hati Tomo-chan,
ini akan tetap menjadi misteri abadi. Tetapi jika saya hanya untuk
berspekulasi, jika saya berbicara dari apa yang saya lihat sebagai pasif
pengamat, saya berani bertaruh bahwa dia tidak berbeda dari pusing
gadis-gadis yang kami amati: Tomo-chan meninggal tanpa penyesalan.
“Ruang makan mungkin sudah sedikit dibersihkan sekarang. ”
Muimi-chan memeriksa waktu di arlojinya dan berdiri di dekatnya
kaki. "Mari kita cari makanan. Jika kita pergi ke Ryôyû Hall kita bisa
mungkin mendapatkan tempat duduk. ”
"Hei, aku minta maaf, tapi maukah kamu pergi sendirian? Saya m
tidak terlalu lapar. ”
"Oh," katanya, sedikit memiringkan kepalanya ke arahku. Dia mulai
lepas landas, tapi kemudian berhenti dan menatapku kembali.
"Ngomong-ngomong, bagaimana kamu tahu bahwa ulang tahun Mikoko ada
April dan dia berusia sembilan belas tahun? "
"Aku mendengarnya dari dia. ”
"Biarkan saya ulangi lagi bahwa: Mengapa Anda mengingat sesuatu
seperti itu? Memori Anda benar-benar omong kosong. Tidak mungkin kamu
akan mengingat detail seperti itu, biasanya. ”
Itu pertanyaan kasar, tapi dia mungkin dibenarkan
meragukanku, mengingat aku sudah benar-benar melupakan Akiharukun
wajah.
“Eh, well, aku punya alasan. Saya tidak akan membahasnya. ”

"Hmm?" Katanya dengan tatapan bingung, tetapi tidak membukanya
selanjutnya.

"Biarkan aku mengajukan satu pertanyaan terakhir juga," kataku.
"Muimi-chan, lakukan
Anda tahu apa itu x over?
"Hm? Mungkin berarti x dibagi dengan kamu, kan? ”
"Ya benar . ”
“Aku tidak tahu penjelasan lain. ”
“Oke, jangan khawatir tentang itu. Terima kasih. ”
"Tentang apa ini?"
“Itu adalah pesan sekarat Tomo-chan. Saya tidak tahu apa itu berarti. ”
Dia tampak agak bingung dengan kalimat pesan sekarat, tapi lagi, dia tidak membongkar.
"Mmm. . . Nah, sampai jumpa lagi, ”katanya setelah beberapa saat berpikir. "Jangan lupakan Mikoko. "Dia melambaikan tangannya saya dan meninggalkan ruang tunggu.
Aku melambaikan tangan padanya. Dari sana, saya tinggal di bersantai sebentar, tidak memikirkan sesuatu yang khusus, adil duduk dengan linglung. Tak lama kemudian tenggorokan saya mulai sakit
semua asap rokok, jadi saya berjalan ke luar. Saya menempatkan tangan ke sakuku, di mana ia menyentuh selembar kertas. saya menariknya untuk melihat bahwa itu adalah memo yang baru saja dimiliki Muimi-chan
memberiku dengan alamat Mikoko-chan yang ditulis.
"Kurasa aku tidak punya pilihan. . . . ”
Mungkin saya seharusnya melihat ini sebagai kesempatan baik lainnya.
Untungnya, kelas setelah pendidikan umum adalah a
kuliah di mana profesor tidak pernah hadir. Saya mempertimbangkan
opsi saya sekitar tiga detik sebelumnya
menetap pada hari libur yang dinyatakan sendiri.
Pada saat yang sama, saya memikirkan fakta bahwa ketika saya meninggal, bukan saja aku tidak akan menyesal — aku akan merasa lega.

Dan, berjalan dengan semua orang yang hanya hidup sepenuhnya tanpa tujuan, saya meninggalkan ruang tunggu.
Apartemen Mikoko-chan di Horikawa Oike bahkan lebih
mewah dan indah dari Tomo-chan. Itu terlalu mewah untuk sebuah

mahasiswa belaka; itu memiliki udara yang hampir luhur tentang hal itu.
"Sekarang. . . ”
Bus menyetor saya di depan gedung apartemennya di
sekitar jam dua. Namun, waktu sekarang adalah
3:30. Jadi, melihat fakta secara objektif dan rasional, ini
berarti saya telah menghabiskan satu setengah jam canggung hanya berdiri di
pintu masuk gedung.
“Apa yang dia lakukan selama itu? Kenapa, dia gemetaran
sepatu botnya pada gagasan mengunjungi seorang gadis seusianya dalam dirinya
apartemen tempat dia tinggal sendiri. "Aku berkata dengan keras.
Saya mencoba menegaskan kembali keadaan saat ini dan menerapkan a
interpretasi pribadi, tetapi hampir tidak ada benarnya. Itu dibuat
saya merasa agak bodoh. Tetapi jika saya memikirkannya, ini
mungkin pertama kalinya saya membuat keputusan untuk mengambil
tindakan, dan kemudian masih ragu-ragu ke titik bahwa saya tidak
bergerak sama sekali. Jika itu adalah teman dekat, saya tidak akan melakukannya
pergi sejauh itu untuk mempertimbangkan setiap kemungkinan kecil
dan detail, tapi aku hanya mengenal beberapa Mikoko-chan
hari (atau sebenarnya sejak bulan lalu). Itu tidak mengganggu saya,
secara pribadi, tetapi saya tidak ingin secara tidak sengaja menempatkan Mikoko-chan
dalam suasana hati yang buruk.
Artinya, sebagai manusia yang secara pasif pasif, saya payah mengambil inisiatif.
“Sobat, ini sangat timpang. . . . ”

Tetap saja, satu setengah jam agak banyak, bahkan bagiku. Itu
lagi aku berdiri di sana, orang bodoh yang kurasakan, tetapi akhirnya aku berbaikan
pikiran saya dan melangkah ke dalam gedung.
Tidak seperti gedung Tomo-chan, tidak ada kunci otomatis di sini
dan karenanya tidak perlu kunci kartu, tetapi ada keamanan
kamera mengawasi lobi. Jauh lebih efektif daripada

kunci otomatis, yang cukup mudah untuk dilewati. Tentu saja yang paling banyak
metode yang efektif adalah apa yang mereka miliki dalam monster Kunagisa
sebuah apartemen: seorang penjaga keamanan hidup nyata.
Saya melihat memo yang saya terima dari Muimi-chan.
Lantai empat, kamar tiga.
Aku naik lift dan menekan empat. Saya tiba di
lantai empat sesaat kemudian dan mulai menuruni jalan
lorong sempit. Lalu saya melihat kamera pengintai di depan
dari lift dan di kedua sisi lorong. Bukan keamanan
agak terlalu ketat di sini? Bahkan toko serba ada tidak punya
ini banyak kamera. Mungkin seorang selebriti besar tinggal di sini
rahasia. Meskipun itu adalah Kyoto. Atau tunggu, mungkin memang begitu
karena itu adalah Kyoto.
Kepalaku penuh dengan renungan tak berarti ini, aku tiba di
pintu kamar tiga. Memutuskan itu sejak aku membuatnya
jauh, tidak ada gunanya ragu-ragu lagi, saya pergi ke depan
dan menekan tombol untuk interkom.
Di dalam, aku mendengar bel berbunyi yang relatif normal, dan
kemudian suara seseorang bergerak. Mengira itu, sebagai a
Gadis, dia mungkin akan mengambil waktu bersiap-siap sebelumnya
datang ke pintu, saya mempersiapkan diri untuk jangka panjang dan
bersandar di dinding di belakangku.
"Oke, aku membuka sekarang!"
Apa

Wow . Itu sangat cepat. Saya kira saya seharusnya senang,
tetapi sesuatu tentang hal itu memberi saya perasaan buruk. Dan sebagai pasif
pengamat, firasat saya yang tidak menyenangkan membual 100 persen
Tingkat akurasi . Sial Sesuatu yang besar datang.
“Ini sangat terlambat untukmu, Muimi-chan. . . . Telah melakukan sesuatu
terjadi?"
K-chunk.

Kunci terbuka dengan suara yang memuaskan dan pintu dibuka.
Saya gagal menjawab, dan Mikoko-chan tidak bisa menjawab.
Itu mati beku, dan ctrl + alt + del tidak akan memperbaikinya.
"Ah . . . ah . . . ah . . . "Dia menjadi merah cerah, lalu pucat biru. Lalu kembali ke merah terang.
"Ciao," sapa saya, karena tidak ada ide yang lebih baik.
"Eeeeeyaaaaahhhh !!!!" Dia mengeluarkan teriakan menusuk telinga pintu terbanting menutup dengan suara dan kekuatan yang luar biasa
bahwa saya pikir seluruh frame mungkin pecah. Seluruh dunia terdistorsi sejenak, dan kemudian diam, seolah-olah semuanya tidak pernah terjadi.
Nah, jika lebih buruk menjadi terburuk, setidaknya kamera keamanan
bisa menjamin ketidakbersalahan saya sehubungan dengan teriakannya.
"Yah. . . sekali lagi. . . ”
Dia masih memakai wajah paginya. Rambutnya semua berantakan, dan piyama cetak kelinci-nya sebagian kancing.
Jadi reaksi Mikoko-chan untuk tiba-tiba dikonfrontasi
oleh anggota lawan jenis tidak terlalu aneh
Lagipula .
"Kenapa ?!" terdengar suara dari sisi lain pintu. Dia terdengar seperti dia baru saja menahan air mata. Atau mungkin dia tidak menahan mereka sama sekali. "Kenapa-mengapa-mengapa-mengapa?
apa yang kamu lakukan disana? Bukankah seharusnya Muimi-chan

akan datang? Ini seperti, sepatu karet Asagi Semimaru memecahkan kasus pemenggalan kepala kamar disegel pembunuhan segera, tetapi
pelakunya tertangkap basah! Oh, kepalaku! Saya tidak mengerti ini! Mengapa?! Sekarang tinggal sekarang! Kamu adalah hantu! Ini bohong!
Mimpi! Mimpi buruk!"
Ah, sial, dia panik.
Aku juga tidak melakukan pekerjaan yang bagus untuk menjaga ketenanganku, tetapi
dengan dia mendapatkan ini bingung, saya mungkin bisa menjaga

saya
akal tentang saya. Menarik. Jadi awalnya Muimi-chan
berencana untuk datang mengunjunginya. Kemudian si pemalas itu lewat
peran lebih ke saya, dan dia bahkan belum memberi tahu Mikoko-chan tentang
saya t .
Oke, kondisinya dikonfirmasi. Lanjutkan dengan otorisasi manuver.
“Ini menyeramkan! Anda seharusnya tidak tahu di mana saya tinggal!
Kamu ilusi! Ini semua iseng ganas! ”
"Yah, aku akan menjelaskan semuanya nanti, jadi biarkan aku masuk. Tidak
gunanya berdiri dia berbicara seperti ini. ”
"Pergi! Cepat pergi! Tidak tunggu, maaf, jangan pergi!
Saya akan membersihkan dan bersiap-siap, jadi tunggu sebentar! Silahkan! Dan
lupakan apa yang baru saja kamu lihat! ”
“Aku sudah melihatmu sekali, jadi apa masalahnya? Biarkan saja saya masuk ”
"Tidak!"
Dengan penolakan terakhir dan tajam itu, aku mendengar dia kembali
ke kedalaman kamarnya. Ini diikuti oleh apa
terdengar seperti pertempuran penuh. Dia mungkin sedang membersihkan. Dia
benar-benar tidak perlu repot, pikirku sambil bersandar
kembali ke dinding lagi. Saya menunggu setengah jam sebelum dia
akhirnya biarkan aku masuk Sudah lewat jam empat.

Struktur apartemen itu sendiri tidak begitu berbeda
dari Tomo-chan, tetapi ada sejumlah furnitur yang konyol
dan perabot lainnya. Sepertinya Mikoko-chan adalah seorang
wanita yang menyukai harta bendanya. Itu tidak berantakan
tempat, tetapi Anda tidak bisa menyangkal ada sedikit kekacauan.
"Tunggu sebentar, oke? Saya akan menuangkan teh. ”
Dia mengenakan kamisol merah muda dan celana pendek. Pakaian terbuka
kulitnya jauh lebih dari piyama dari sebelumnya, tapi aku tidak
akan mengatakan apa pun. Rambutnya juga ditata dengan sangat

apik. Saya t
sepertinya dia telah menjadi orang yang sama sekali berbeda.
Dia meletakkan cangkir di atas meja rendah. Tentu saja tidak
diisi dengan air keran, tetapi dengan teh barley yang tampak lezat.
Saya t
ada tiga es batu di dalamnya dan terlihat bagus dan dingin.
Dia menjatuhkan diri di hadapanku. "Um-um-um. . . Begitu
apa yang terjadi, Ikkun? "
Mungkin masih terguncang, dia bertingkah agak aneh. Jika dia
telah berjalan di sekitar Shinkyôgoku, polisi keliling
pasti akan menghentikannya.
“Um, jadi ya, Muimi-chan seharusnya ada di sini sebentar lagi! Nya
sudah melewati waktu kita seharusnya bertemu, ya Dewa,
dimana gadis konyol itu? ”
"Eh, aku penggantinya," kataku, melambai agar dia tenang
bawah.
"Wha!" Serunya kaget, dan kemudian melintas dengan ambigu
senyum yang seakan mengekspresikan kemarahan, rasa malu,
sukacita,
dan beberapa hal lain yang saya tidak bisa meletakkan jari saya di
semua
waktu yang sama .
“Muimi-chan yang aneh. . . ”
“Hei, tidak apa-apa. Saya tidak berencana lama di sini, jadi adil
santai. Saya mendengar Anda merasa sangat buruk, tapi saya
senang
melihatmu tampak cukup hidup. ”

"Oh. . . ”
“Kata buruk sepertinya memacu reaksi darinya, dan
dia menundukkan kepalanya. Mungkin saya tidak berhati-hati
cukup dengan kata-kata saya, pikir saya, tetapi hanya itu saja
cara saya tahu bagaimana mengucapkannya.
Iya nih . Bukan hanya teman Mikoko-chan yang terbunuh;
Mikoko-chan juga yang pertama melihat mayat temannya.
Dia adalah orang pertama yang memiliki gambar yang masih, tak
bernyawa
tubuh dibakar ke retinanya. Dan gambar yang terbakar itu mungkin
masih tetap, bahkan sekarang. Itu bukan sesuatu yang dia bisa
baru saja bangkit kembali dari.

“Jadi kamu datang ke sini karena aku belum sekolah
dan Anda khawatir tentang saya? "
"Ya. Ya, kira-kira seperti itu. ”
Kenyataannya sedikit berbeda, tetapi saya kira begitu
perbedaan dapat diabaikan.
Kali ini dia melontarkan senyum bahagia yang langsung.
"Terima kasih!" Semburnya. "Aku sangat senang kamu datang!"
“Tidak ada yang perlu saya ucapkan terima kasih. Aku bahkan tidak membawa apa-apa. ”
Saya menyadari ini ketika saya mengatakannya. Muncul ke orang lain
rumah tanpa membawa apa pun mungkin cukup tidak masuk akal dari saya . Belum lagi fakta bahwa dia tidak merasa
yah. Tetapi karena saya datang langsung dari sekolah, saya tidak melakukannya
karena ada sesuatu yang bisa saya lakukan.
"Oh, tidak masalah," kata Mikoko-chan. “Bukannya aku
lumpuh atau sesuatu. Hanya itu saja. . . jika saya pergi ke sekolah, saya
tahu aku akan mulai memikirkan Tomo-chan. ”
"Tapi itu tidak seperti kamu tidak memikirkannya ketika kamu tinggal
rumah, kan? ”

"Yah, itu benar, tapi. . . "Dia tertawa lemah. "Tapi melihat
kamu telah menghiburku Saya baik-baik saja . Saya akan pergi ke sekolah lagi
mulai besok . ”
“Aku benar-benar tidak berpikir masalah sekolah itu satu arah atau yang lain . Apakah polisi telah mengunjungi Anda? "
“Ya, beberapa kali. Seorang pria besar dan jenis wanita yang menakutkan. Tapi
Lagipula aku adalah orang yang menemukan tubuhnya, dan ini adalah …
kasus pembunuhan. ”
"Siapa yang bisa membunuhnya?" Kataku, tidak banyak bertanya berbicara pada diriku sendiri, tetapi masih cukup keras sehingga Mikoko-chan
dapat mendengar .
"Aku tidak tahu. ”Responsnya yang lemah bukanlah kejutan.

"Tomo-chan bukan tipe gadis yang bisa membuat musuh. Itu tentunya . ”
“Ya, itu juga yang dikatakan Muimi-chan. Tapi saya ingin tahu. . . berbicara secara realistis, apakah mungkin untuk hidup tanpanya dibenci atau tidak disukai oleh siapa pun? Saya ragu
tentang itu . ”
"Hah?"
“Aku pikir ada baiknya mempertimbangkan kemungkinan bahwa hanya kamu saja
merasa seperti itu tentang Tomo-chan karena kalian berdua begitu teman baik, pada kenyataannya, seseorang di luar sana tidak suka dia. Bahkan jika kebencian itu tidak pantas. ”
Dia tumbuh diam tak tertahankan. Dia memakai ekspresi seperti itu rasa sakit yang saya katakan permintaan maaf. "Maaf. "Dia mungkin punya
telah bertindak kuat, tetapi dia masih tidak dalam kondisi untuk membahas
hal-hal seperti ini.
"Aku seharusnya tidak datang ke sini, ya?"
"Hah? Mengapa?"

Aku benar-benar tidak bermaksud agar dia mendengarkanku. Tapi wajahnya
berayun kembali padaku. Dia sudah mendengar. “Ikkun, itu tidak benar. Saya m
senang kau datang . ”
"Ayolah . . . Anda hanya berusaha terlihat ceria karena
Saya di sini, kan? ”
Seorang teman dekat, yang bisa berbicara terus terang padanya Muimi-chan, akan jauh lebih baik dalam situasi ini.
"Tapi itu tidak benar," dia bersikeras. "Bahkan jika aku hanya berakting,
semakin aku melakukannya, akan semakin benar, kan? Saya baik-baik saja . Saya m
sangat senang kamu datang. Bahkan jika kamu hanya melakukan apa
Kata Muimi-chan dan kamu benar-benar benci berada di sini. ”
"Aku tidak benci berada di sini. . . . Jika saya membenci sesuatu, saya katakan begitu. ”
"Sangat?"

“Tidak, aku hanya berpikir aku akan mencoba mengatakannya. Aku sebenarnya cantik
mudah untuk didorong. ”
"Aku tidak meragukan itu," dia setuju.
Aku menghela nafas dan merentangkan tangan. "Semua
selain bercanda, bagaimana perasaan Anda sebenarnya? Apakah Anda akhirnya mulai?
untuk mengatasi kejutan itu? "
"Ya, aku baik-baik saja. Hanya saja . . . "Matanya bergeser ke kanan.
Aku mengikuti tatapannya untuk melihat bahwa ada tumpukan tumpukan
koran dan majalah tergeletak di sekitar. "Umm, apakah kamu keberatan?
jika saya berbicara tentang ketika saya masih di sekolah dasar dan semacamnya? "
"Pergi untuk itu. Aku akan mendengarkan . ”
“Itu ketika saya di kelas tiga. Bangunan saya
kelas sedang dalam menjalani konstruksi, sehingga truk dan buldoser
terus-menerus datang dan pergi. Tapi suatu hari,
ada semacam nyaris celaka, dan sebuah truk membawa muatan besar
pasir menabrak gedung kelas satu. ”
“Astaga, aku tidak akan menyebut sesuatu sebesar itu nyaris saja. '”

"Yah, mungkin tidak. Dinding itu hancur, dan pasir
tumpah ke ruang kelas, mengubur beberapa siswa kelas satu. Saya t berantakan. Tapi tahukah Anda, kami masih anak-anak, jadi bagi kami itu
hampir seperti acara yang menyenangkan. Muimi-chan menjadi liar, berselancar
di gundukan pasir dan semacamnya. ”
"Heh. "Dia benar-benar tampak seperti dia akan seperti itu
anak yang baik.
"Jadi, keesokan harinya. Saya bangun lebih awal dan pergi membaca
Koran . Siapa pun akan bangga memiliki sekolah mereka
disebutkan di koran, kan? Maksud saya, itu hanya karena
kecelakaan itu terjadi di sana, jadi itu bukan apa-apa
untuk dibanggakan, tetapi hanya gagasan bahwa sekolah saya

'masuk
kertas-kertas itu sudah cukup untuk membuatku bahagia. ”
“Yah, kamu hanya anak-anak. ”
"Tapi kamu tahu apa? Itu tidak ada di koran, ”katanya
napas muram yang tidak biasanya. “Bagiku, itu sangat besar
Insiden, tetapi di tingkat nasional, itu bukan masalah besar sama sekali. saya
tidak ingat apa artikel utama hari itu, tetapi di
saat itu, rasanya seperti seseorang memberi tahu saya, 'Kamu
keberadaan tidak layak jongkok. “Sesuatu yang sangat menakjubkan bagiku
tidak berarti apa-apa untuk semua orang. Itu yang paling menyedihkan
perasaan. ”
“. . . ”
"Aku merasa agak sama sekarang," katanya, menunjuk ke
tumpukan koran dan majalah. Saya bisa melihat di mana dia
datang dari. Kisah pembunuhan sensasional seperti Kyoto ini
Prowler adalah satu hal, tetapi surat-surat itu tidak mungkin tinggal
sangat lama pada sesuatu yang biasa (maaf mengatakan) sebagai
pembunuhan seorang mahasiswa di apartemennya. Itu akan
menjadi berita hari berikutnya, dan mungkin yang terbaik
berikutnya.

Tetapi bahkan kemudian, itu akan menjadi artikel singkat yang tidak mengambil
terlalu banyak inci kolom.
Saya menjadi diam. Mikoko-chan juga melakukan hal yang sama. Kami tetap di
benar-benar hening seperti ini untuk sementara waktu, tapi dia yang pertama
untuk memecahkannya, dengan pertanyaan yang membingungkan arah baru .
"Ikkun, apakah kamu sudah pergi barang antik atau apa pun dengan Asanosan
sejak hari lain? "
"Hah?" Aku berkedip padanya. "Apa? Maksud kamu apa?"
"Aku. . . Oh maafkan saya! Saya tidak tahu dari mana asalnya! saya
tidak bermaksud menanyakan itu! ”
"Tidak masalah . . . . ”

Sekarang bagaimana dia tahu bahwa saya pergi dengan barang antik Miikosan
terkadang? Tidak mungkin Miiko-san mengatakannya
sesuatu yang pribadi padanya. Kalau dipikir-pikir, sepertinya
ingat bahwa saya mungkin telah berjanji untuk pergi bersamanya lagi. . .
oh, ya, itu benar. Apakah Mikoko-chan terjaga saat itu?
"Apakah itu mengganggumu?" Tanyaku.
"Apa apa apa? Apa yang mengganggu saya? "
Saya bertanya karena saya pikir dia mungkin merasa tidak enak
Saya harus berjanji untuk pergi antiquing dengan Miiko-san hanya untuk mengucapkan terima kasih
dia untuk menempatkan Mikoko-chan untuk malam itu, tapi ini gugup
Reaksi itu tidak seperti yang kuharapkan. Tidak ada
membaca gadis ini.
“Pokoknya, jangan biarkan itu mengganggumu. Kami sering melakukan itu. ”
"Kamu melakukannya?"
"Ya. Dia suka barang antik sedikit. Apakah dia menunjukkan kepada Anda
di dalam lemarinya? Sekecil ruangan itu, dia tidak akan berhenti
membeli barang antik. Saya kira dia menjualnya setelah dia menikmati
mereka untuk sementara waktu. Dia mengatakan seni bukanlah sesuatu yang satu
orang harus memonopoli. “Namun, pada saat yang sama, dia

Dia sendiri bukan orang suci. “Pada dasarnya aku di sana untuk membawa barang-barangnya.
Bahkan pria sepertiku memiliki kekuatan dasar, dan mereka mengatakan padamu
harus selalu meminjamkan apa yang Anda miliki kepada orang lain. Saya tidak terlalu
tertarik pada barang antik, tapi itu tidak berarti aku benci
mereka atau apa pun, jadi jika dia bertanya padaku, aku pergi. ”
"Hah. Saya melihat . Jadi kamu dan Asano-san keluar. . . banyak . . . dan
barang-barang. "Untuk beberapa alasan suaranya menghilang.
“Tidak banyak, sungguh. Tapi Anda tahu, dia sudah di Kyoto untuk

lama . Dia bilang dia tinggal di sini sendirian sejak dia
putus sekolah. Saya meminta dia untuk menunjukkan kepada saya semua
kuil Budha dan kuil sekali ketika kami
barang antik, seperti Kuil Seimei dan Jalan Bertuah. Melakukan kamu kenal mereka? ”
"Ya. Ya, saya tahu nama-nama itu. Saya tidak begitu tertarik dalam hal itu. ”
"Hah? Bukankah kamu bilang kamu kenal Kyoto cukup baik? ”
Bagaimana dia bisa mengenal Kyoto dengan baik jika dia bahkan tidak tertarik
di kuil dan tempat suci?
"Oh, uh, yah, kamu tahu, yadda yadda yadda," katanya,
terang-terangan menghindari pertanyaan itu. "Kenapa kamu hanya ingat
hal semacam itu? . . . Eh, maksudku, kamu dan Asano-san harus cukup dekat kalau begitu, ya? ”
Percakapan ini mulai terdengar akrab. Dia
sangat menutup seluruh subjek Miiko-san. Punya sesuatu
terjadi di antara mereka? Saya tidak bisa membayangkan apa yang mungkin terjadi
telah terjadi hanya dalam satu malam. Kenapa dia mencoba begitu sulit untuk menyatukan aku dan Miiko-san? Itu tidak berhasil banyak akal bagiku.
"Ya, well, dia orang yang sangat menarik dan semuanya," aku
kata. "Tapi kita tidak 'dekat,' per se; dia agak mengurus

saya . Seperti kadang-kadang dia meminjamkan saya mobilnya. Ini Fiat 500. Kamu
tahu, Fiat 500. ”
"Hah. . . yah, mungkin tidak apa-apa kalau begitu. ”
Rupanya tidak tertarik pada mobil apa pun (dia)
mengendarai 'berlari,' setelah semua), dia membiarkan kata-kata saya melewati
dia dan mulai mengoceh tentang sesuatu yang saya tidak mengerti.
"Aku ingin tahu apakah dia keberatan kamu datang ke rumah gadis lain
seperti ini . ”
"Hah? Oh Uhh, apa kamu menyuruhku pergi? ”
“Tidak, bukan itu maksudku! Maksudku, kau berkencan dengannya

dan sebagainya, kan? Jadi, maksud saya. . . Sialan, Ikkun, kau peniti! "
dia menjerit, membanting tangannya di atas meja, wajahnya cerah merah. Mengapa dia menjadi sangat emosional tentang ini, saya benar-benar
tidak ada ide . Yang bisa saya lakukan adalah bingung. Sepertinya itu semua
sangat tidak masuk akal bagi saya, tetapi jelas bahwa kehadiran saya
hanya membuatnya marah.
"Aku tidak benar-benar mengerti, tapi aku minta maaf," kataku.
"Ahhh," erangnya. "Baiklah, biarkan aku mengatakannya dengan cara lain. Kamu
dan Asano-san pergi belanja dan barang bersama, kan? ”
"Yah begitulah . Tidak menjalankan titik ke tanah atau apa pun. ”
"Jadi, apakah kamu akan pergi berbelanja dan barang-barang bersamaku juga?"
Logikanya di sini di luar pemahaman saya, tetapi dia
Wajahnya ditulis dengan tatapan yang tulus dari apa yang hanya bisa
digambarkan sebagai "putus asa terakhir-parit" yang aku tidak bisa tahan untuk menunjukkan itu.
“Ya, kurasa aku akan melakukannya. Tidak ada alasan untuk tidak melakukannya. ”
"Sangat? Tentunya? Anda tidak hanya mengatakan itu karena Anda berada di tempat? "
Seluruh tubuhnya condong ke depan seperti hidupnya bergantung jawaban untuk pertanyaan ini. Dia mengunyah bibirnya. Dia

mencari seluruh dunia seperti anak kecil yang akan memulai menangis. Emosinya terekspos begitu jelas sehingga ada
tidak mungkin Anda mengira dia adalah seorang mahasiswa giliran sembilan belas.
"Kau benar-benar terpaku pada ini. Apakah sesuatu terjadi, oleh ada kesempatan? "
"Jawab pertanyaannya!"
"Maksudku . . . mungkin Saya bisa berjanji, jika Anda mau. ”
"Sangat? Anda benar-benar bersungguh-sungguh? ”
"Aku tidak berbohong. Sebagai aturan umum . ”
"Kamu benar-benar bersungguh-sungguh?"

"Jika ada sesuatu yang ingin kamu beli, tentu saja. ”
“Ini janji! Jika kamu lupa, aku akan marah! ”
"Baik . ”
Terkejut oleh Mikoko-chan, aku pergi dan membiarkannya menarik sebuah janji dariku. Tapi itu bukan hal yang mengerikan, jadi saya memutuskan untuk membiarkannya. Akhirnya, ini sepertinya menenangkannya,
dan dia melanjutkan untuk minum teh di cangkirnya dalam satu teguk.
"Ahh," desahnya. "Saya minta maaf . Sesekali saya mendapat sedikit emosional dan saya bahkan tidak tahu apa yang saya katakan. ”
"Kadang? Apakah Anda hanya mengatakan sesekali? "
"Er, well, sepanjang waktu," dia mengangguk, malu-malu.
Hah.
Kejutan kematian Tomo-chan. Tentu saja Mikoko-chan
tidak sepenuhnya melupakannya, tapi setidaknya dia tidak terlalu sedih
dia berpikir untuk mengikutinya dengan melakukan
bunuh diri atau apa pun. Entah bagaimana dia menjaga dirinya bersama.
Beberapa hal yang dia katakan tidak menghasilkan banyak
akal, tapi itu bisa dimaafkan. Sepertinya dia baik-baik saja untuk itu

saat ini . Dia mungkin sebagian besar akan pulih oleh
Sabtu.
"Yah, itu untukku hari ini," kataku, mulai bangkit. "Saya m
takut aku harus pergi. ”
"Apa apa apa? Anda sudah pergi? Oh, maaf, saya
"Apakah Anda menempatkan suasana hati yang buruk, bukan?"
"Aku bilang aku tidak berencana untuk tinggal lama ketika aku sampai di sini, kan?
Baiklah, mari kita bertemu lagi segera. ”
"Ah, um!" Katanya, menghentikan saya ketika saya mencoba untuk pergi. "Um. . .
um, Ikkun. ”
"Apa?"
"Um. . . "Dia agak ragu, agak, agak, dan berpikir
beberapa saat sebelum dia berbicara. “Bagaimana menurutmu Tomo-chan

ingin mengatakan bahwa terakhir kali Anda berbicara dengannya?
"Katanya.
Panggilan telepon terakhir.
Tomo-chan mencoba memberitahuku sesuatu.
“Aku tidak tahu, sungguh. Hari itu adalah pertama kalinya saya bahkan berbicara dengannya, jadi bagaimana mungkin aku bisa tahu sesuatu
seperti itu? Saya bahkan tidak tahu mengapa dia berbicara kepada saya. Tapi,
Mikoko-chan, kamu pasti punya ide, kan? ”
"Aku. . . "Dia menjatuhkan kepalanya ke bawah. "Aku tidak tahu. Bukan saya
bahkan punya petunjuk. ”
“. . . ”
"Karena Tomo-chan tidak pernah berbicara dengan siapa pun. ”
Dia tidak pernah berbicara.
Dia tidak pernah membuka diri terhadap siapa pun. Dia membuatnya berhati-hati
jarak.
“Rasanya pertemanan kami berlangsung tanpa bisa dipecahkan lembaran kaca. Dia tidak pernah memberi tahu saya apa-apa dirinya sendiri, tentang apa yang dia rasakan di dalam hatinya. ”
“. . . ”

Lalu mengapa orang seperti itu berusaha untuk berbicara
saya? "Omong kosong," gumamku keras.
"Hah? Apa?"
"Aku ragu aku akan mendapat banyak jawaban darimu tentang hal itu
keadaanmu saat ini, jadi aku tidak akan banyak bertanya, tapi Mikoko-chan,
maukah Anda menjawab hanya satu pertanyaan ini untuk saya? "
"Wh. . . "Dia memasang ekspresi bingung. "Apa?"
"Apa yang kamu pikirkan x over y artinya?"
Dia memikirkannya sejenak. "Aku tidak tahu," jawabnya.
Oh begitu . Bagaimana tentang itu .
Saya mengangguk dan berkata, “Baiklah, sampai jumpa di sekolah. Maaf saya terganggu
kamu . "Dengan itu, saya meninggalkan apartemennya. Saya keluar bangunan dan mulai merenungkan apa yang harus dilakukan

selanjutnya.
Horikawa Oike.
Ada jarak antara apartemen dan apartemenku,
tapi meski begitu, aku mungkin bisa sampai di rumah sekitar
tiga puluh menit berjalan kaki. Rasanya seperti membuang-buang uang
repot naik bus, jadi saya memutuskan untuk berjalan saja.
Tidak pernah terlintas dalam pikiran saya bahwa pengusaha terbesar di dunia
mungkin sedang menunggu di kamarku.
Di dekat apartemenku, di dekat Senbon-demizu, aku bertemu Miiko-san,
yang keluar untuk berjalan-jalan, jauh dari dunia. Kapan dia
memperhatikan saya, dia mempercepat langkah luar biasa cepat untuknya dan
datang untuk menyambut saya.
"Yo . ”
"Halo. Di perjalananmu ke tempat kerja? "
"Tidak. Hari ini saya akan ke Gunung Hiei. ”

"Ahh, dengan Suzunashi-san?"
Dia mengangguk . Suzunashi-san, nama lengkap Suzunashi Neon,
adalah teman dekat Miiko-san. Dia bekerja paruh waktu di Enryaku
Kuil di Mt. Hiei di Prefektur Shiga. Beberapa memanggilnya
“Kekerasan Neon. "Lainnya," Blackout Suzunashi. "Dia baik hati
seorang wanita keren, tetapi cenderung membalik secara acak. Saya sesekali
melihatnya sendiri, tetapi dia akan menceramahiku tentang
sesuatu setiap waktu. Untuk seseorang yang begitu muda, dia
anehnya suka mengajar orang lain. Itu bukan satu-satunya pelajaran utama baginya
masalah kepribadian, tapi aku menyukainya kurang lebih seperti aku
menyukai Miiko-san.
“Sepertinya dia ingin nasihat tentang sesuatu, jadi aku
pergi ke sana. Saya akan kembali besok, jadi awasi
hal-hal di sini sementara itu. Jika seseorang datang untuk melihat
saya, dapatkan nama mereka dan beri tahu mereka apa pun yang Anda inginkan. Jika
itu seseorang yang tampak aneh, jangan khawatir tentang itu. ”

“Uhh, tentu, tidak masalah, kurasa. ”
“Juga, kamu punya pengunjung. ”
“Seorang pengunjung? Untuk saya?"
“. . . ”
"Yup," dia mengangguk.
“When I noticed her, she was breaking into your place . Dia had a little pizzazz about her . Or rather, a ton of pizzazz . saya don't know who it was, but her gender appeared to be female . She didn't seem to be up to anything in particular, so I just let it be . ”
A female? What woman was likely to come visit my place?
I didn't have many friends to begin with, so it seemed like I should've been able to narrow it down pretty easily . But the way things had been going lately . . .
“Was she about this tall? If so, it was that detective . ”

"Tidak . That was no detective . Detectives don't look like that,” she affirmed with confidence . “Besides, I've met that detective you're talking about . I never forget a vibe I get from someone . Oh yeah, and there was a car parked by the apartment that looked like it was probably hers . Maybe it'll give you a clue . Well, see ya,” she said, and made her way towards the parking lot . Today's jinbei had the word Tranquility printed on the back . Yep, she was in a good mood today, possibly because she was going to see Suzunashi-san .
But what did Suzunashi-san want with her anyway? Dia was the type of person who rarely called on others, so I couldn't get it out of my head . And just what kind of “advice” was she seeking? She may have liked sticking her nose in other people's problems, but when it came to sharing her own problems with others, Suzunashi-san was wholly passive .
“Something's odd here . ”
But the more pressing issue for me right now was: Who was this “visitor” currently waiting inside my apartment? If it wasn't Sasaki-san, who was it? There was always Muimi-chan and Mikoko-chan, but it was unlikely to be either of them . And Kunagisa was an all-out shut-in, so it was highly improbable that it could've been her .
I turned onto Nakadachiuri .
“Gah . . . ”

Suddenly, everything was clear . Parked on the shoulder of the road, as if to say that it was above all traffic laws, was a spectacular bright red Cobra . Completely out of place in a city like Kyoto, it was a monstrous, incredible specimen of machinery .
“Oh my God . . . I don't want to go home . ”

I seriously considered the idea of running straight to Kunagisa's place, but based on personal experience, I could imagine the cruel fate that would be in store for me if it were ever revealed that I'd attempted escape . Giving up, I went back to the apartment, dragging my feet all the way .
I climbed up the stairs and headed for my room . The fact that my locked door was no longer locked didn't surprise me . This was a woman who could mimic voices, pick locks, and read minds: The most difficult task was for her as easy as bernafas. I opened the door to see the private contractor, adorned in a wine-red suit as dark as blood, sitting on the windowsill
with legs crossed, as if her presence were the most natural thing in the world .
Uncompromising .
Aloof .
“Hey, Aikawa-san . ”
“Didn't I tell you not to call me by my last name?”
“Hey, Jun . ”
She gave me a slightly cynical grin .
Aikawa Jun .
Mankind's greatest private contractor . I had met her a month ago through the great fiasco that had occurred on that island . She left me that day with the cool line, “If our fates are linked, we shall meet again,” only to show up to hang out at my university the next day . She was kind of weird like that . And what's more, she spent the following week making me do her bidding, not even allowing time for sleep, until finally having to leave Kyoto for a job . Speaking from that experience, she was a woman with whom I didn't particularly want to get involved . She was perhaps the most unnerving person I had ever met .

Looking at her with all the objectivity I could summon, she

was extremely wild—and she was a beauty of such wicked allure it was hard to resist her . She had any number of eccentric mannerisms . And she was completely unapproachable . She looked at me, searching my expression . “You don't seem at all surprised to see me . ”
“Oh, no, I am . So you're back in Kyoto, huh?”
“Yeah, well, y'know, duty calls . We can talk about that later, though . . . . Ahh, I get it . You saw the flashing car outside and it tipped you off, huh?”
“No, actually the girl next door told me . ”
“Aw, and I was being extra careful not to be noticed . Bahwa makes me extremely . . . ” Aikawa-san's expression grew sharp as a knife for a moment, but it was only for a moment before she reverted back to her normal sardonic smirk . “Eh, whatever,” dia berkata .
I removed my shoes and stepped into the room, then made my way straight to the sink . I poured a cup of tap water and served it to her . “Enjoy,” I said .
“Muchas gracias,” she replied, and drank about half of it before placing it on the windowsill .
Geez, she took it as if there was nothing unusual about it . Just once I wanted to see Aikawa-san get surprised about sesuatu.
“So what's going on? Why are you back in Kyoto?”
“I said I'll tell you later . More important, allow me to apologize for the period of neglect . But hey, you've got a nice place here . It's the perfect environment . ”
“Exactly where do you see that?”

“That's not what I mean . Come on, you know what I mean, don't you? Yah, terserahlah. So what've you been up to lately, anyway?”
“Nothing, really . I'm just your average university student . I'm not living some yakuza lifestyle like you . ”
“Just a regular old student, huh?” she said, chuckling .
“What's so funny?”
"Tidak ada . Oh, except for the fact that you apparently define 'average' as someone who starts nosing around when one of his classmates is murdered, and maintains friendly relations with serial killers . ”

“. . . ”
“Ooh, there's that surprised look . You've made me happy . ”
She jumped down from the windowsill and plopped herself down cross-legged on the tatami floor . Whether this was something she felt compelled to do because she was wearing such a short skirt, I wasn't sure, but either way, I kind of wished she hadn't .
“How do you know about that stuff?”
“How do you think I know?” She grinned with unbridled elation . But I had no idea what lurked behind this unbridled elation . I was expending copious amounts of energy just standing here talking to her like this . What's more, she was a mind reader of the highest order, so my emotions were all leaking out of the pipes . It felt like we were playing poker, but with my hand faceup on the table . She sure didn't make such things easy . She was like a piece of food that you couldn't eat no matter how long you boiled and grilled it .
But as long as she didn't want something out of you, she was a nice person, I guess . She was my type and all .

“I have no idea,” I said . “Not even a clue . It's not like I can ever tell what you're thinking . ”
“Think . And then face it, man . I'm a lone wolf, but I've got a quite a number of friends, in Kyoto and out . ”
“Hey, that's really something . It's great to have a lot of friends . Even I can acknowledge that . I'll acknowledge it right sekarang . So what friends would you be referring to in this case?”
“For example, Sasa Sasaki . ”
“. . . ”
“Ikaruga Kazuhito . ”
“. . . ”
“Kunagisa Tomo . ”
She pulled a single envelope from her black bag .
“Here you go, it's from your sweet, sweet Kunagisa . ”
"Untuk saya?"
"Ya. She said it's the 'thingy' she promised . ”
I accepted the envelope . Nah, bagaimana dengan itu. She must have paid a visit to Shirosaki before coming to my apartment .
While I was just your everyday, boringly average university student, Kunagisa Tomo was, with all her eccentricities, an

expert computer specialist . She and Aikawa-san knew each other fairly well .
As ordered by Aikawa-san, I thought for a moment . Saya t looked like she had come back to Kyoto for a job . Then she had gone to Kunagisa for help with said job, just as I had gone to her for help investigating Tomoe's death . Then when Aikawa-san went to visit Kunagisa, Kunagisa had decided to use her as a messenger . Was that what happened? Tapi . . something was missing . There was no reason Kunagisa should have to ask Aikawa-san to do such a thing, and there was no reason Aikawa-san should agree to do it .

This brought a much uglier scenario to mind, and it wasn't purely theoretical . To be more specific, Aikawa-san was . . .
“Well, now there's just the simple matter of collecting your fee . Tell me what you know about your pal, the Kyoto prowler . ”
Aikawa wasn't a messenger—she was the collector .
“Jun-san, you mean you came to Kyoto . . . ”
"Ya . To have a little chat about morals with that psychotic nutjob . ”
Aikawa-san made her living as a “private contractor . ” This involved anything and everything . Simply put, she was a jackof-all-trades,
a multitalented freelancer who didn't limit herself
by specializing in any one particular field . Whether it was walking dogs, solving locked-room murder mysteries, or catching mass murderers who had already cut up ten people into little pieces, as long as there was money involved, she would take it on . Granted, there probably weren't too many nuts out there offering a big stack of cash just or walking their dog . At any rate, she lived out each day “accomplishing the impossible”—never bothering to make the distinction between legal and illegal .
Be that as it may .
“The Kyoto slasher claimed a twelfth victim yesterday . Seeing as you lived in another country for so long, maybe you don't realize this, but that number is unprecedented in Japan . This kind of incident simply doesn't happen in Japan, much less in a provincial city . What's more, the identity of the killer

is a complete mystery . At this point, it's going to require government
intervention . ”
“And so you've been called upon?”

Dia mengangguk . “It sounds like there are other people at work on the case as well—Public Welfare, Walker, Texas Ranger—frankly, I don't really know who . Unfortunately, I don't have a lot of horizontal ties . At any rate, my job right now is just to stop that maniac from claiming more victims . ”
“Did Sasaki-san hire you?”
“Can't tell you that . What do you call it again? The code of confidentiality? Business ethics? Trade secrets?” She gave a comical little shrug and laughed . “Anyway, it seems a lot more worthy of my time than that crazy fiasco on Wet Crow's Feather Island ever was . That's for sure . ”
Worthy of her time . That's all she had to say in regard to the grisly murderer who had already chopped up twelve people . The idea of taking on this anonymous monster didn't frighten her in the least . On the contrary, she was so laid-back about the whole affair you'd think she was sashaying on her way to a picnic .
Suddenly, I realized all over again just how dangerous this crimson woman was .
And I also realized that I was currently face-to-face with said danger .
"Sekarang. I heard from Kunagisa-chan that you know a thing or two about all this . I don't suppose you'd mind filling in your favorite big sister—I am like a sister to you, aren't I—on the details now, would you?” she said in a soft, coaxing voice, like one might use to address their pet cat, as her fingers crept up my face . It wasn't that I particularly minded that voice, but the speaker herself was either a tiger or a panther, and it was more than a mere tabby like me could resist .

Damn that Kunagisa . What ever happened to helping each other out? Without the slightest hesitation, she had sold me out .
“What's your problem? Why are you clamming up and looking away? You're being awfully uncooperative . Don't tell

me you're not going to tell me . Are you breaking your contract? You promised this in exchange for what's in that envelope, didn't you?”
“Well, yeah, but I said I'd tell Kunagisa, not just anybody . Jika I went and told you, it would be . . . what's the word? A betrayal? Immoral? Divisive? Rebellious? Terserah . The bottom line is that it feels like backstabbing, and that's just not my benda . ”
“Excuse me?!” she said, her voice suddenly much more stern . If looks could kill, I would already be dead . Yang sounded a lot better than what was really in store for me .
“Are you saying you can tell Kunagisa but you can't tell saya? Well goddamn . I had no idea you were such a cold son of a bitch . Begitu, begitu. Gee, you make me sad . So you'll listen to Kunagisa, but you won't listen to me? I had no idea you were such a tough guy . ”
"Tidak seperti itu . It's just that with Kunagisa, no matter what you tell her, she's harmless . But you're planning on taking some kind of action, right? Getting myself directly involved with something like that, well . . . it's just not in my nature . ”
“Excuse me, did you just call me harmful?”
"Yah. . . aren't you?”
As if she herself were aware of this, she refrained from objecting to my remark, instead murmuring to herself thoughtfully . She was, to a certain degree, someone who might listen

to reason . Once you had surpassed that degree, however, well, you can imagine what happened then—that is to say, it would backfire .
“Kunagisa will probably just tell me anyway . That girl has a big mouth . I figured I might as well just cut out the middleman and come straight to the source . ”
“Er, yeah, I know, but . . . I just have my own reasons, or rather, uh . . . ”
"Hm? Ahhh, ah-ah-ah, I get it! Well, why didn't you say so?!” she said with a wickedly and ghastly grin . Dia memberi isyarat
to me . Each stroke of her hand was so alluring, so graceful, that it was mesmerizing .

“Uhh, you get what, exactly?”
“Just come to me . I'll tease you to your heart's delight . ”
Seeing that I still wouldn't budge, Aikawa-san instead crawled over to me on all fours . She stared up at me with a challenging, provocative gaze . She nestled her body into mine and wrapped her arms around my back, forcing all of her weight upon me . She applied some pressure, digging her nails into my back .
"Sekarang . What were you saying?”
“Um, I'm terrified of you . ”
“By the by, did you know that my index finger is perilously close to jabbing through your ribs into your liver?”
“. . . ”
“Don't tense up so much . It's bad for you . It'll make your flesh all stringy . So just out of curiosity, who do you think is scarier—me, or the serial killer?” As she said this, she ran her tongue down the carotid artery on the right side of my neck . The pleasure I felt from this delicate sensation, along with the

more pressing sense of fear that she might actually take a gigantic bite out of my neck, bored their way into my brain . Sialan.
Indeed, the serial killer did make for better company than ini
“Jun-san . . . I'm sorry, but I'm going to have to say no . ”
“Oh, go right on ahead . But if you do that I won't tease you like this anymore . ”
“. . . ”
“Either way is fine by me . It doesn't change the fact that you're going to talk . I've already decided that I'm going to have you tell me about this killer . Itu fakta . But since you're a friend, I just thought I'd ask first . Now do you want me to be nice? Or do you want me to make this painful?”
“Uhh . . . what's the difference?”
The fact that we were in this embracing position was my one saving grace; I didn't have to see her face, and she couldn't see mine . But even still, my cold sweat and pounding heart probably betrayed my terror .
“What do you think is the difference?”
Chomp . She bit down on my neck . She literally had my

life in her clutches . Softly, teasingly, she dug her canines into my skin, but at the same time worked a healthy amount of saliva onto her tongue, licking my flesh between her lips, rubbing her body against mine, running her fingers down my kembali.
“Okay!” I said, using every ounce of strength to pull myself away from her . “I won't disobey you anymore! Please forgive me!” Sitting a little apart from me, Aikawa-san responded with a sly yet somehow innocent smile .
“Don't get so serious . It was just a little joke,” she said .

“Yeah, a bad joke . Bad for the heart, anyway . . . ”
"Ha ha ha . Actually, I'm relieved . You're a healthy young man after all . ”
“Come on, give me a break . ”
I had to calm down . So I chugged down a cup of water . Saya t didn't take long for my heartbeat to slow down, but the cold sweating was out of my control .
I am no good at dealing with this woman after all . I should have just run straight to Kunagisa's place without worrying what might happen later .
“Really now, this is nonsense . ”
After that, Aikawa-san managed to fish out of me every last detail about Zerozaki Hitoshiki, no stone left unturned . saya tried my best to weasel out of revealing the key facts, but with her ability to read my mind, I wasn't especially successful . Every time I tried to hide something, she would see right through me and threaten me, and then either through coercion or trickery would pry the answer out of me . It served to remind me that I was basically her prisoner .
The person known as Zerozaki . His appearance, build, and clothes at the time we met . The way he spoke . The circumstances surrounding our first meeting . What we talked about .
Even the details of our secret infiltration of Tomo-chan's apartment . Aikawa-san drew all of it out of me . At least, as much as I could remember .
It wasn't like Zerozaki and I were friends . We were just of the same breed, and we were like mirror reflections of one another . We hadn't exchanged any sort of promise, and he wasn't preventing me from talking .

Nevertheless, I felt so spineless it was a wonder I didn't collapse .

"Hmm. . . ” After all that, Aikawa's smile disappeared and her expression grew more serious . She thought to herself in silence for a few minutes . “So this guy . . . Zerozaki, was it? Like zero and zaki put together?”
"Ya. At least, that's what he calls himself . ”
“Zerozaki Hitoshi . . . ahhh, that's a nasty name . ”
Aikawa-san looked truly irritated, like the whole thing was just a big hassle . It was the first time I had ever seen her wear such an expression . It was almost refreshing .
"Maksud kamu apa? What's wrong with it?”
“No, no no no . . . On second thought, maybe a 'nasty name' isn't the right expression . But 'Zerozaki'? Sure is an unusual nama. ”
“Oh, but you know, it might not be his real name . Bahwa guy's no fool . I doubt he would give someone his real name on a first encounter . ”
“That's beside the point . Even if it's an alias, the fact that he would choose an alias like 'Zerozaki' is proof that he's a nut . And if it is his real name, well . . . ”
She began thinking in silence again . Once this lady started thinking about something, she sank into her own world, and if you were there beside her, it felt like you had become invisible . But then again, even an invisible man still exists . Di this case it was more like you had become empty space .
“Even as a joke, there isn't an idiot on this earth who would announce himself with a 'killer's name' like that . 'Zerozaki,' huh? Damn, that's right above 'Susukino' in rank, bukan? I guess it's still better than 'Niounomiya' and 'Yamiguchi,' but you know, I actually hope it is just an alias . Or better yet, just a case of two people having the same last name by coincidence . But there's no way that's it . There's no

way something that convenient would ever happen to me . Wow . . . so even Kunagisa, even an ex-member of the 'team' was of no use . ”
“Uh. . . is there something wrong with the name 'Zerozaki'?”
“Yeah, there is . It's about as terrible as names come . It's so

bad that to us, the worst possible insult you could call someone was a 'Zerozaki . ' That's how bad it is . I don't really want to bother explaining any deeper than that . To be perfectly honest, I don't want to have the slightest thing to do with the 'Zerozaki Ichizoku,' and that includes giving explanations . Eh, but actually it's the name itself that I don't like . In this case, the individual is essentially irrelevant . He's probably just some irregularity . . . mungkin But is this guy really the Kyoto Prowler?”
“Yes, that's what he said . ”
“So you didn't actually witness him in the act? You're just taking his word for it?”
“Well, you could say that,” I said, nodding .
"Hmm. So then there's a chance that he might be some delusional, lying bastard who's just saying this stuff . ”
“Yeah, there's definitely that chance . I mean, I didn't get that impression, though . ”
"Sangat? Come on, he's got a big tattoo on his face, right? And it covers the entire right side . Even in Chicago he'd be a freak . He's been standing out like that and he's still able to escape the cops without leaving a single clue behind?”
"Ya, baik. . . ”
Naturally, I had considered this possibility myself as well . But having heard what he had to say, there was no basis on

which to call him a fake, and frankly, I didn't care all that much to begin with .
Whether it was him or not, it didn't make much of a difference to me . Maybe he wasn't the prowler .
“That guy is a murderer without a doubt,” I said to Aikawa-san . “Aikawa-san, you must know that I haven't lived the most decent life, right? In Kobe, Houston, even here . Hell, even on that island I was almost killed . I may still not hold a candle to you, but I've seen my fair share of Hell in my time . ”
And Heaven was still a long way from here .
“I never actually saw him kill somebody, but he did almost kill me . He was just using a plain old short knife, and yet the terror I felt was that of someone facing an opponent with a naginata . . . no, with a machine gun . ”
"Hmm. . . ” Apparently convinced, she nodded several

waktu . “At any rate, I suppose the bottom line is that this expert of dissection who calls himself the 'prowler' is somewhere in Kyoto . Ya As long as I have that straight, that's cukup . ”
“It is?”
“Sure it is . Combined with the other information I've gathered, it'll give me a place to start . For now, anyway . saya think for the time being it'll be faster for me to proceed on my own two feet, if you know what I mean . If I don't have a bit of a challenge, things get boring and I can't function anymore . Tahu apa yang saya maksud? Anyway, more importantly,” she said, bringing the conversation back to me, “putting my stuff aside, what's going on with you? I heard from both Kunagisa and Sasaki that you've been sticking your nose in some boring, everyday kind of case . ”
“I got caught up in it . ”

“You got caught up and then you kept sticking your nose back in, didn't you? I mean, sneaking into the victim's apartment? Quit pretending you're just some passive observer . ”
Touché .
“Now what is it, exactly?” she pondered, looking at me with a touch of awe . “You're a hard guy to understand, y'know? It's like you have no conviction, or no style . Apa you say and what you do are completely different things . ”
“It's that clash that gives me my flavor . ”
“What flavor? Can't you view yourself objectively?”
“Sure I can . . . ”
“You're more like the comic relief than a passive observer . Eh, but whatever . Do whatever you like . It's your life, I guess . Not my place to butt in . Not my problem . ”
“You're a cold woman . ”
"Tidak juga . Keep studying, young'un . You do your own dirty work . And if you set out to do something, do it to the akhir. Saya katakan sebelumnya, bukan? Quitting midway through is
the worst thing a person can do . Oh yeah, and also,” she said as if she had just remembered, even though that obviously wasn't the case, “a message from Kunagisa . ” She pointed to the envelope under my arm .

"Apa itu?"
“Don't go having an affair now, Ii-chan . I'll forgive a smooch on the cheek and nothing above that . 'I love youuu, kiss kiss,' ” Aikawa-san said, mimicking Kunagisa's voice and intonation and grinning . “She said . ”
“Roger that,” I said, throwing my hands up .

It had gotten to the time where it was technically okay to be eating dinner, so I invited Aikawa-san to join me . But because she was eager to proceed with her pursuit of Zerozaki as quickly as possible, she refused and soon left .
In the very end, I asked her one final question . “What do you think x over y means?”
“Don't look to others to confirm what you already know,” she said flatly . Touché, I thought .
I let out a sigh as I watched her disappear .
Zerozaki Hitoshiki .
Aikawa Jun .
She would probably find him in a matter of two days . saya hadn't exactly provided a cornucopia of information, but it was more than enough to serve Aikawa-san's purpose . Dia was in a state of mind beyond my wildest imagination, and even that was something she was free to break away from whenever she desired . The superiority of Aikawa Jun's cognitive faculties defied the imagination .
And the two would likely collide . Mankind's Greatest and the Human Failure would meet head-on . And if it came to that, the outcome was obvious . If Zerozaki Hitoshiki was a homicidal monster, then Aikawa Jun was the ultimate monster hunter . Having a bit of a penchant for taking lives was great for drawing attention, but it wouldn't be enough to stop her from sniffing him out . The nature of this scarlet woman was one so transcendental, so elevated, that if there was one thing you didn't want to do, it was make an enemy of her .

And making friends with her didn't serve as a very good plan B If there was any one saving grace, it was that she had a sense of the whimsical . But it was hardly something that could be exploited .
“I wonder if he'll get away . . . ”

I was just a little worried . Not to mention incredibly sympathetic .

But I didn't give it too much thought .
I had little interest in something that was to take place a
world away from here . Even if it was happening to my own
mirror image .
Now was the time to think about my own world .
I took the envelope from Kunagisa in my hand .

Ilikeyoulikeyouloveyoulots.
Pada hari Sabtu, tanggal dua puluh satu Mei, saya bangun pagi-pagi
pagi
"Waktunya bangun. ”
Saya memiliki semacam mimpi buruk. Sepertinya saya
akan dibunuh, dan seperti saya juga mencoba untuk membunuh
seseorang.
Seluruh tubuh saya dikendalikan oleh keinginan kuat untuk
melakukan
kerusakan, dan pada saat yang sama, saya sedang dirugikan. Saya
berlari dan
Aku berlari dan berlari, berlari, tapi cepat atau lambat
Sosok yang mengejar saya ternyata adalah diri saya sendiri, dan
ternyata saya
dicekam teror. Kematian pasti ada di belakangku, dan
namun anehnya itu menggembirakan. Mengerikan
mimpi.
Fakta bahwa saya tidak ingat itu membuatnya menjadi mimpi
buruk,
dan fakta bahwa itu adalah mimpi buruk membuat ini kasar
kebangkitan.
Saya bangkit dari kasur dan memeriksa waktu. Lima lima puluh
pagi . Rencana saya dengan Mikoko-chan tidak sampai sepuluh
jam, jadi saya masih punya sekitar empat jam untuk membunuh.
Tanpa apa-apa
khususnya yang harus dilakukan, saya melipat futon saya dan
mendorongnya
lemari.

Saya pergi ke luar, berpikir mungkin baik untuk lari
pertama kali dalam beberapa saat. Saya dikunci hanya agar aman, tetapi dengan a
kunci kualitas ini, Aikawa-san bukan satu-satunya yang
bisa dengan mudah menerobos jika jadi cenderung. Bukan karena ada sesuatu
di tempat itu aku keberatan mencuri.
Saya berlari ke timur menyusuri Jalan Imadegawa dan berbalik sekali
Universitas Dshisha telah terlihat. Saya langsung kembali
ke apartemen saya dan mengganti pakaian saya yang berkeringat. Mengapa,
oh mengapa saya berpikir itu akan menjadi ide yang baik untuk menjalankan ini
panas? Saya bertanya-tanya dengan penyesalan yang biasa.
Saya mengambil buku yang saya pinjam dari sekolah
perpustakaan dan baca kembali bagian yang saya sebelumnya berhenti di
ditengah – tengah . Itu saja memakan banyak waktu, jadi
dari sana aku mengambil amplop dari Kunagisa, isinya
dari yang saya sudah melirik beberapa kali.
Amplop itu berisi dokumen polisi. lewat apa
berarti Kunagisa telah memperoleh hal seperti itu, aku tidak tahu, tetapi
kami punya semacam jangan tanya, jangan bilang kebijakan. Apa yang saya tahu,
Namun, adalah Kunagisa dapat mengakses hampir semua
tempat dengan listrik mengalir melaluinya, dan itu dalam dirinya
lingkaran teman adalah penjahat yang tahu segalanya
di seluruh galaksi Bima Sakti. Tentu saja, biasanya saya
memiliki sedikit minat dalam penyelidikan kriminal. Tapi ini
dokumen tentang pembunuhan Emoto Tomoe.
"Tapi ayolah. . . ”
Saya membalik-balik lembar kertas A4 yang dijepit kertas.
Sebenarnya tidak ada informasi baru. Dokumen-dokumen
menguraikan beberapa detail yang lebih kecil, tetapi sebagian besar
mereka tampaknya tidak relevan, dan itu semua kurang lebih apa
Sasaki-san memberitahuku. Saya agak hancur menyadari

bahwa ini adalah apa yang telah aku alami dalam interogasi

Aikawa-san
untuk.
Tetap saja, itu tidak sia-sia. Ada beberapa informasi
Saya belum menyadarinya, dan itu patut diketahui.
“Jadi di sini kita memiliki hubungan alibi. ”
Seperti logika mungkin telah didiktekan, empat teman sekelas yang punya
telah bersama Emoto Tomoe pada malam dia meninggal (kita, yaitu)
tersangka utama. Namun demikian, kami berempat memiliki alibi, di
Setidaknya untuk saat ini. Miiko-san di sebelah punya anggun
dijamin untuk Mikoko-chan dan saya, sedangkan Muimi-chan dan
Akiharu-kun saling menjamin. Kemungkinannya
bahwa mereka telah melakukan kejahatan dengan bersekongkol hadir,
tetapi berdasarkan pengamatan polisi, sepertinya itu tidak terjadi
kasus . Sasaki-san membuatnya terdengar seperti Muimi-chan dan
Akiharu-kun pergi ke karaoke, hanya mereka berdua, tetapi ternyata
orang-orang lain dari sekolah juga hadir. Di
Dengan kata lain, Akiharu-kun dan Muimi-chan memiliki alibi suara,
sama seperti Mikoko-chan dan aku. Kalau ada yang punya alibi yang lemah, itu
saya . Lagipula, Miiko-san hanya bisa menjamin apa yang dia dengar
(atau tidak mendengar) melalui dinding apartemen.
Tapi tentu saja, saya tahu saya bukan pembunuhnya.
“Baiklah kalau begitu, itu sudah jelas. . . ”
Berikutnya adalah daftar barang di apartemen. Saat aku menyelinap
dengan Zerozaki, saya tidak berpikir ada sesuatu yang hilang, tetapi ternyata
Saya salah . Dokumen polisi memberi lengkap
daftar semua yang ada di dalam apartemen Tomo-chan, dari
furnitur terbesar hingga aksesori terkecil. Itu seperti
konsep privasi bahkan tidak ada lagi, tetapi pada saat yang sama
waktu, itu memberi Anda ide yang baik tentang siapa karakter Emoto Tomo ini
adalah.

Hanya saja dalam daftar ini, ada satu hal yang hilang — itu neckstrap kapsul berisi cairan Akiharu-kun telah memberikan Tomoechan
sebagai hadiah ulang tahun.
Saya telah melihatnya memberikannya kepada saya dengan mata kepala sendiri, jadi begitu
aneh bahwa itu tidak ada dalam daftar. Penjelasan paling logis yang perlu diingat adalah bahwa si pembunuh telah mengambilnya, tetapi itu adil
mengajukan pertanyaan mengapa si pembunuh menginginkan hal seperti itu.
“Itu tidak terlalu berharga. . . . ”
Sementara itu, ponsel yang dulu dia panggil saya miliki
rupanya ditemukan di sakunya. Termasuk dokumen
menguatkan panggilan berdasarkan riwayat panggilan dalam dirinya
memori telepon.
Tidak ada benda asing muncul di apartemennya juga.
Rupanya si pembunuh telah pergi dengan kain yang diduga digunakan
untuk mencekiknya.
"Kain. . . kain. . . kain, eh? "
Berikutnya adalah akun Mikoko yang didokumentasikan secara menyeluruh
penemuan jenazah, yang merupakan informasi yang belum pernah saya kunjungi
mampu menarik keluar darinya. Dia telah mengunjungi apartemen Tomo-chan
di pagi hari dan memanggil kamarnya di interkom.
Tetapi tidak ada jawaban. Dia tidak akan mengangkat teleponnya antara . Berpikir ini aneh, Mikoko berhasil
melalui pintu otomatis seperti salah satu penghuni lainnya
pergi dan menuju ke kamar Tomo-chan. Pintu menuju
pintu masuk tidak dikunci. Saya takut kita punya yang lain
ruang tertutup terkutuk di tangan kami, tapi ternyata itu tidak kasus .
"Dan akhirnya . ”
Itu x atas kamu menulis.
Polisi menganggap ini sebagai "pekerjaan pelaku,"

yang masuk akal. Sasaki-san berkata pada dirinya sendiri bahwa Emoto Tomoe

telah mati seketika, jadi tidak masuk akal kalau dia bisa melakukannya
menulis pesan sekarat. Ini adalah sesuatu yang saya sadari
waktu juga. Sekali lagi, ini menimbulkan pertanyaan mengapa
Pembunuh akan melakukan hal seperti itu. Meninggalkan tanda di kejahatan
Adegan — lagipula ini bukan Jack the Ripper.
“Dan itulah akhirnya. ”
Itu adalah fakta yang saya anggap berguna. Tapi secara keseluruhan, saya
ide-ide tentang kasus ini sebagian besar tetap tidak berubah.
Dan itu baik-baik saja, pikirku.
Berdasarkan informasi ini, sejumlah kemungkinan menit
telah dicoret. Dari sini saya secara bertahap akan menyempit
kemungkinan yang tersisa. Tetapi untuk saat ini, itu
aman untuk mengatakan bahwa proses dasar penalaran mulai mengambil bentuk.
"Tetapi tetap saja . . . ”
Apa yang aku lakukan? Kenapa aku harus melakukan semua ini barang?
Apakah itu untuk Tomo-chan?
Atau untuk Mikoko-chan?
Akan sejauh memperoleh dokumen-dokumen ini, mendedikasikan berlebihan
jumlah waktu — apa yang saya lakukan?
"Aku harus berbicara dengan Sasaki-san lagi, ya. . . ”
Ada beberapa hal yang ingin saya tanyakan. Beberapa kemungkinan
dibiarkan dipersempit. Saya tidak akan menggunakan solusi kata
sampai saya memiliki sesuatu yang kedap air 100 persen.
Aku memasukkan kertas-kertas itu kembali ke dalam amplop, merobek amplop itu
berkeping-keping, dan membuang semuanya ke tempat sampah. Dalam hal yang tidak mungkin
peristiwa bahwa seseorang melihat dokumen-dokumen ini, di sana
akan menjadi masalah. Selain itu, setelah membaca dengan teliti mereka,
sebagian besar informasi telah berkomitmen untuk memori

sudah .

Nah sekarang.
Masih ada sedikit lebih dari satu jam sampai Mikoko-chan
akan ada di sini. Dua jam, jika Anda memperhitungkan kurangnya ketepatan waktu.
Aku berbaring di lantai dan berpikir sedikit lagi.
Tentang pembunuhan itu?
Tidak .
Tentang kekonyolan saya sendiri.
Untungnya, masih ada banyak waktu.
Hidup baru saja dimulai.
Mikoko-chan muncul tepat waktu.
"Aku tidak terlambat hari ini!" Katanya, memberikan bahasa Jerman yang ceria
salut dengan kedua tangan. Meskipun itu mungkin diberikan pada saat ini
titik, dia sangat hiper yang Anda mungkin berpikir dia telah meledak
sirkuit. Dia mengenakan tank top ketat dan besar, longgar
overall. Dia juga memasukkan kepalanya ke dalam warna kuning topi yang terlihat seperti milik anak TK (tidak boleh
berarti atau apapun). Ada sesuatu yang menggemaskan tentang dirinya
rambut kemerahan mengintip dari bawah pinggiran. Tank top
hanya sedikit terlalu kecil, membuatnya terlihat seperti sedang dia kenakan
overall langsung atas apa-apa, yang, bagaimana Anda
katakan. . . sebenarnya, kurasa aku tidak keberatan.
"Baiklah, akankah kita pergi?"
Saya mulai pergi, tetapi dia segera menghentikan saya. "Oh, tunggu-tunggu-tunggu, ”katanya, mendorongku kembali ke kamar dan
memasuki dirinya tanpa diundang. Dia telah melakukan ini yang terakhir
waktu juga. Mungkin menyerbu rumah adalah salah satu hobinya. Tidak
yang sangat ramah, jika Anda bertanya kepada saya.

“Aku membawakanmu sesuatu hari ini. Untuk mengucapkan terima

kasih
menghabiskan hari denganku. ”
Tidak lama setelah dia mengatakannya, dia membuka tasnya — a
Tas Boston berbeda dari dompet biasanya — dan mengeluarkan sebuah
barang seperti kotak makan siang yang dibungkus bandana. Dia membuka bungkusnya
untuk mengungkapkan bahwa itu sebenarnya Tupperware.
"Wow, ada apa?"
"Perlakukan," katanya dengan sombong, dan membukanya. Di dalamnya ada
enam potong kentang manis berbentuk seperti Mont Blanc. Saya bisa tahu
oleh sedikit indentasi bahwa ini adalah buatan tangan.
"Wow, jadi kamu membuat kue dan lainnya. ”
"Ya . Tapi jangan berharap rasanya terlalu enak atau apa pun. ”
"Bisakah aku memakannya?"
"Tentu saja . Oh benar "Dia mengeluarkan termos darinya
tas, memberi saya secangkir, dan menuangkan isinya. Dulu
teh hitam, dan Marco Polo, tidak kurang. Jadi dia bahkan sudah siap
untuk mengimbangi kenyataan bahwa saya tidak punya apa-apa
selain air di sini. Gadis ini tidak membiarkan apa pun melewatinya.
Dia menyiapkan secangkir teh untuk dirinya sendiri, dan memberikan yang baik
tersenyumlah. “Baiklah, tepuk tangan. ”
Aku mendentingkan gelas dengan dia dan mengeluarkan sepotong manis
kentang . Rasa manis yang tak terduga segera menyebar ke seluruh
bagian dalam mulutku. Tentu saja mereka tidak dipanggil
ubi jalar untuk apa-apa, tapi ini sepertinya tidak biasa
jumlah gula untuk saya.
"Cukup manis, ya?" Kataku, membiarkan kesan sejatiku tunjukkan.
"Ya. Saya suka barang-barang manis. ”
"Kamu tidak bilang. "Saya mengangguk dan muncul yang berikutnya di saya
mulut. Ya . Manis Kalau dipikir-pikir, aku belum punya
sarapan pagi itu, jadi ini sedikit nyaman

kejutan. Tapi hei, bukankah Mikoko-chan mengatakan dia tidak suka
hal-hal manis sebelumnya? Bagi saya sepertinya dia mungkin atau tidak
telah mengatakan itu pada satu titik. Aku sepertinya tidak ingat. Yah, terserahlah.
Bagaimanapun, dia seorang gadis. Anda tahu bagaimana mereka bisa berubah-ubah.
Dalam lima menit, ubi sudah benar-benar matang dikonsumsi.
"Mikoko-chan, kamu cukup pandai memasak dan sebagainya, Hah?"
"Ya. Itu karena aku adalah anak kunci kait. ”
"Apa itu . . . anak kunci kait? "
“Uhh, itu artinya anak yang sering sendirian di rumah. Anak-anak yang
kedua orang tua yang bekerja harus membawa kunci rumah sekolah, kan? ”
"Mengapa?"
"Um, karena jika tidak ada orang di rumah, pintunya akan jadi terkunci, kan? ”dia melanjutkan, tampak agak bingung. "Begitu itu sebabnya mereka memanggil mereka anak-anak gembok. ”
"Oh. . . Saya mengerti . ”
Aku memutuskan kontak mataku dengan Mikoko-chan dan menatapku
langit-langit untuk menyembunyikan ekspresi wajah saya.
Nah bagaimana dengan itu, pikir saya. Jadi rumah tangga seperti itu
ada
"Ikkun, apakah aku mengatakan sesuatu yang salah?"
"Hah? Mengapa?"
“Kamu membuat wajah yang sangat aneh sekarang. ”
Kedengarannya, dia tidak terlalu khawatir seperti gugup
bahkan takut. Saya menggelengkan kepala dan berkata, “Tidak, tidak apa-apa. ”
Yup, tidak ada sama sekali. Kenapa sesuatu seperti itu mengganggu?
saya?

“Jadi haruskah kita pergi sekarang? Ke mana kamu mau pergi?"

"Hah?"
"Kamu ingin berbelanja, kan? Saya pikir itu yang Anda
kata. Shinkyôgoku? Stasiun Kyoto? Atau apakah Anda ingin pergi semua
jalan menuju Osaka? "
"Oh. Umm. Umm. ”
Dia mulai bingung, seolah-olah dia bahkan tidak berpikir
tentang itu . Matanya berputar-putar mencari sesuatu atau
seseorang untuk menyelamatkannya, tetapi akhirnya kembali menatapku dan
berkata, "Eh, di mana saja baik-baik saja. ”
Apa artinya itu?
“Kamu tidak bisa bersungguh-sungguh. Kaulah yang melakukan belanja. ”
“Tidak ada tempat khusus yang ingin kamu kunjungi
saya?"
“Sebenarnya tidak ada apa pun yang saya butuhkan. Tinggal di kamar seperti
ini, saya hanya punya ruang untuk membeli barang yang bisa Anda buang dengan cepat.
Tidak masuk akal untuk berbelanja. Bukannya aku
melawan omong kosong. Sebenarnya tidak ada yang saya butuhkan beli Apa yang ingin kamu beli? ”
“Uh, yah, kau tahu, pakaian dan barang-barang. ”
"Hah. ”
"Dan aku ingin makan di suatu tempat. ”
“Yah, kalau begitu kurasa Kawara-machi yang harus pergi. ”
"Oke," katanya.
Aku mungkin bukan tipe yang tegas, tapi Mikoko-chan mungkin
bahkan lebih buruk. Kenapa aku harus memutuskan di mana dia
mau belanja? Tentu saja, pertanyaan seperti itu tidak ada gunanya.
"Oke, ayo pergi," kataku, dan kami meninggalkan ruangan bersama. Kita
berjalan sebentar sampai tiba di bus Senbon Nakadachiuri
berhenti, tempat kami berdiri dan menunggu Shijôkawara-machi
bus. Dalam lima menit, bus 46 jalur telah tiba. Kita punya

dan menemukan sepasang kursi kosong yang beruntung. Kami duduk bersama
saya di dalam dan dia di sebelah saya.

"Ngomong-ngomong, kamu datang dengan Vespa kamu, kan?"
“Ya, Vespa saya. Vespa saya, ”katanya, tampak agak gugup.
Sepertinya kemarahan saya sebelumnya telah meninggalkan kesan yang kuat
Pada dia . Saya bertanya-tanya apakah saya mungkin sudah terlalu jauh terakhir kali, tetapi
ada kalanya bahkan saya tidak bisa menahan emosi saya.
Bahkan, itu sering terjadi.
"Jadi, kamu harus kembali untuk mendapatkannya. . . ”
"Tidak masalah . Selama saya naik bus, harganya sama!
Ini tarif flat dalam batas kota! ”
“Ya, kurasa itu benar. ”
"Jadi, kamu tidak berencana membeli mobil atau skuter atau apa pun?"
"Tidak. Hal-hal yang tidak terlalu nyaman tanpanya
satu . ”
"Hmm. . . "Dia mengangguk dengan ambigu. "Tomo-chan adalah cara yang sama . Dia memiliki lisensi, tetapi dia tidak memiliki roda.
Dia bilang dia hanya ingin menggunakannya sebagai bukti identifikasi. ”
“Ya, pada dasarnya itulah yang aku lakukan. ”
"Saya melihat . Mungkin semua orang seperti itu. Tetapi saya ingin mulai mengemudi
setelah saya mendapatkan lisensi. ”
Kalau dipikir-pikir, sepertinya aku ingat ucapannya
sesuatu tentang pergi ke sekolah mengemudi dan membawa ayahnya ke sana
belikan dia mobil begitu dia memiliki lisensi.
"Aku kadang-kadang menyetir," kataku. “Kadang saya pinjam Mobil Miiko-san. ”
“Mm-hm. ”
Seketika aku membesarkan Miiko-san, Mikoko-chan
Ekspresi menjadi sangat bosan. Pada titik ini, bahkan saya telah datang

untuk mengetahui bahwa Mikoko-chan bukanlah seseorang dengan siapa kamu
bisa mengobrol baik tentang Miiko-san.
“Wow, jadi Tomo-chan juga punya lisensi. ”

"Ya . Untuk apa nilainya. ”
"Saya melihat . Hei, omong-omong, apakah Anda pergi ke sekolah kemarin dan
sehari sebelum?"
"Ya . Tidak melihatmu di sana, untuk beberapa alasan. ”
Itu karena aku tidak sekolah dan kemarin
hari sebelum . Dengan dokumen-dokumen dari Kunagisa di tangan, saya
punya banyak hal untuk dipikirkan. Bukan karena peran saya sebagai
siswa adalah prioritas terendah saya atau apa pun, tetapi itu bukan prioritas saya
salah satu yang terbaik.
“Tapi aku bertemu dengan Akiharu-kun dan Muimi-chan. saya
berbicara kepada mereka tentang gagasan mengadakan acara di Tomochan's
kehormatan . Anda harus keluar ketika kami melakukannya. ”
Untuk sesaat, hanya sesaat, aku ragu-ragu. "Ya,
tentunya . Pastikan untuk mengundang saya, ”jawab saya. Saya tidak tahu apakah saya benar
benar-benar setuju, atau jika saya hanya mengatakan itu karena saya
di tempat . Mengetahui kepribadian saya, itu lebih cenderung
yang terakhir, tetapi dalam kasus khusus ini, mungkin saja yang pertama.
Kami tiba di Shijôkawara-machi dan turun dari bus.
“Ooookay! Hari ini, kita menjadi gila! ”Katanya, meregang
kedua tangannya. Dan kemudian dia memberikanku yang paling indah,
senyum yang menakjubkan dan menginspirasi yang pernah saya lihat dalam hidup saya.
"Ucapkan selamat tinggal pada hal-hal yang gelap. Hari ini kami bersenang-senang!
Benar, Ikkun ?! ”
"Ya itu benar . ”
"Ya! Mikoko-chan, kecepatan penuh! ”
Selama enam jam berikutnya, Mikoko-chan melakukan apa yang dia lakukan
menyatakan, berlari di sekitar Shinkyôgoku dari satu ujung ke ujung

lain, hampir seolah-olah dia benar-benar lupa tentang Tomo-chan.

Melompati dan melompat-lompat.
Main-main tentang.
Mengalahkan kejahatan.
Menjadi liar.
Bercanda .
Hampir gila.
Hampir seperti dia patah.
Hampir seperti shad entah bagaimana memudar.
Seperti dia telah meleleh.
Menari dengan gila.
Terbang tentang.
Spiral
Seperti dia sedang berjuang untuk sesuatu.
Seperti ada sesuatu yang menahannya.
Seperti dia berada di pesta yang melecehkan diri sendiri, namun masih entah bagaimana
keliru untuk pixie.
Seperti anak yang tidak bersalah, benar-benar bebas dari dosa.
Keberadaan yang sepenuhnya murni.
Dengan bebas mengekspresikan emosinya — tertawa, kehilangan dia
marah, dan kadang-kadang bahkan meratapi dengan mata berair, hanya untuk
kembali sekali lagi ke senyum riang itu.
Bahkan aku, bahkan aku, hanya beberapa pria yang kebetulan ada di sana.
Saya, tuan Barang rusak .
Atau mungkin dia sudah memutuskan untuk menghadapi
takdirnya. Bagi saya, orang yang tidak bisa menyelamatkannya — tidak, siapa
tidak menyelamatkannya — ini tidak lebih dari alasan, tapi aku masih bertanya-tanya.
Apakah dia sudah menyadari nasibnya?
“Wow, waktu berlalu begitu saja, bukan? Saya tidak bisa mempercayainya. ”
"Yah, seperti yang dikatakan Einstein. Ada dunia yang berbeda
antara satu menit dihabiskan dengan seorang gadis cantik dan satu menit dihabiskan

dengan tanganmu di atas kompor, "kataku, seolah-olah Einstein sudah tua
teman saya .
"Huh ?!" Kata Mikoko-chan dengan ekspresi kemenangan murni.
"Mungkinkah? Apakah Anda mengatakan Anda berpikir bahwa saya cantik? "
"Yah, kurasa aku tidak akan menyangkalnya," kataku, hanya untuk demi pembicaraan. Jika ada satu hal hari ini miliki
mengajari saya, itu memberinya respons yang terlalu langsung akan mengakibatkan saya terseret ke dalam sesuatu yang tidak perlu.
Saat ini saya memiliki tiga kantong belanja kertas di sebelah kanan saya
tangan, dua di kiri saya, dan dua kantong plastik di punggung saya. Mereka
kebanyakan diisi dengan pakaian, jadi tidak ada yang seperti itu berat, tapi sungguh mengejutkan melihat Mikoko-chan melemparkannya
sepuluh ribu yen tagihan satu demi satu. Kunagisa adalah seorang pembelanja besar juga, tetapi dalam kasusnya itu semua online dari rumah,
jadi kenyataan melihat seseorang membelanjakan ini sangat benar di depan mata saya adalah pengalaman yang cukup segar bagi saya.
"Baiklah kalau begitu . . . haruskah kita makan sesuatu dan kemudian pergi
kembali?"
"Ya, ya! Wowww! "
"Apa?"
"Aku sangat senang kamu bertanya padaku!" Katanya sambil tersenyum lebar.
Dia benar-benar hiper hari ini. Kenapa dia begitu bahagia?
Dari sana, kami pergi ke tempat di Kiya-machi itu
semacam persilangan antara pub bergaya Jepang dan kedai kopi. Interiornya didekorasi agar terlihat seperti penjara, dengan staf mengenakan kostum tahanan atau polisi wanita, tetapi meskipun kekhasan tempat, makanan dan harga keduanya layak.
Aku pernah ke sini sekali dengan Miiko-san, selama
yang kami anggap sebagai salah satu dari tiga restoran teratas di kota,

tapi itu mungkin hal yang tidak perlu kupikirkan

memberitahu Mikoko-chan. Aikawa-san hanya akan membawaku ke Jepang
bar yang hanya menyajikan minuman keras Jepang, Kunagisa hanya makan
junk food, dan hampir semua orang yang saya kenal rewel.
Jika saya benar-benar memikirkannya, memiliki seseorang yang bisa saya kunjungi
tempat-tempat seperti ini adalah sesuatu yang harus dihargai.
Seorang polisi wanita (palsu) menunjukkan kami ke sel kami, tempat kami duduk
bawah.
"Apakah kamu mau minum sesuatu?" Katanya.
Mikoko-chan memesan koktail, dan aku segelas teh oolong.
"Kamu benar-benar tidak minum, ya?"
“Itu semacam kebijakan. Seperti bagaimana Muimi-chan tidak merokok
di depan bukan perokok. ”
“Haha, benar juga! Anda tahu, itu sebenarnya Tomo-chan
yang memintanya untuk berhenti. Tomo-chan jarang menuntut apa pun
dari teman-temannya, jadi bahkan Muimi-chan mendengarkannya seperti itu
itu ”
“Kalau dipikir-pikir, dia sepertinya bukan tipe yang peduli
banyak tentang apakah dia mengganggu orang lain, biasanya. ”
“Ya, tapi kamu tahu, dia bilang dia berhenti. ”
"Hah. ”
"Ini akan baik untuk kesehatannya!" Katanya, menyapu bersih
kegelapan akan terbentuk. Pada saat yang sama, minuman akhirnya
tiba. Pelayan meletakkan koktail di depan saya dan
teh oolong di depan Mikoko-chan. Kami mengabaikan ini untuk
waktu dan menempatkan pesanan kami.
“Jadi kamu sudah berteman dengan Muimi-chan sejak SD
sekolah, ya? ”kataku.
"Ya . Dan bahkan saat itu dia adalah seorang perokok. ”
"Namun dia cukup tinggi. ”
"Ya . Tapi aku berani bertaruh dia akan lebih tinggi jika dia
belum merokok. ”Hal seperti itu sebenarnya tidak terbayangkan.

“Kau tahu, dia dulu pengganggu. Dia direformasi beberapa waktu selama sekolah menengah. ”
“Itu sudah terlambat. ”
“Dia bertemu Tomo-chan, dan, yah, beberapa hal terjadi.
Anda tahu, yadda yadda yadda. ”
Beberapa hal.
Ya, saya berani bertaruh beberapa hal terjadi. Tentu saja menghabiskan cukup waktu bersama.
"Bagaimana denganmu?" Kataku.
"Hm?"
“Kau membuatnya terdengar seperti Tomo-chan benar-benar memiliki pengaruh besar
pada Muimi-chan, tapi bagaimana denganmu? Dan Akiharukun? "
Dia terdiam sesaat, lalu menghela nafas panjang. "Kamu
tahu, saya selalu berpikir tentang hubungan manusia
jangka panjang, ”katanya. “Kamu menghabiskan banyak waktu untuk melakukannya
kenal seseorang, dan kemudian suatu hari Anda mulai mengklik. Itu apa yang saya pikirkan. Tapi saya salah. Saya salah, Ikkun. Kamu tidak perlu mengenal seseorang untuk waktu yang lama atau 'mengklik'
untuk ditarik ke seseorang. ”
"Mengapa menurutmu Tomo-chan terbunuh?"
"H. . . bagaimana saya bisa tahu sesuatu seperti itu? "Dia menutup telepon
kepalanya tertunduk. “Tidak ada alasan Tomo-chan harus mati. Tidak ada satu pun alasan yang mungkin untuk membunuhnya. ”
“Aku pikir alasan orang saling membunuh sebenarnya cukup sederhana, ”kataku, mengabaikannya. “Gangguan. Jika beberapa faktor mengganggu
dengan hidup Anda, langkah logis berikutnya adalah mencoba dan menyingkirkan
itu keluar. Ini seperti menendang batu dari jalur kereta api. ”
"Tapi Tomo-chan—"
"Yup, Tomo-chan membuat suatu titik untuk tidak melangkahi orang
batas atau invasif. Dengan kata lain, tidak ada

alasannya dianggap gangguan bagi siapa pun.

Dia terlalu jauh dari jangkauan untuk memulai. ”
"Uh huh . ”
“Dengan kata lain, dia bahkan tidak dalam posisi untuk menjadi objek niat buruk seseorang atau permusuhan atau kedengkian.
Jadi, tidak ada alasan bagi seseorang untuk membunuhnya. Dia tidak mengganggu siapa pun. ”
Kamu hanya hidup,
dan itu yang menyebabkan
gangguan pada orang lain.
"Tapi itu tidak sesederhana itu. Maksudku, Tomo-chan bukan pertapa yang tinggal di hutan Gunung Fuji. Dia normal mahasiswa, menjalani kehidupan mahasiswa normal. Sebagai demikian, dia harus membentuk hubungan pribadi, apakah dia suka atau tidak. Sekarang biarkan saya mengajukan pertanyaan, Mikoko-chan,
dan tolong jawab dengan pendapat Anda sendiri. Apa artinya untuk membentuk hubungan pribadi? "
"Umm. . . “Katanya, tampak agak bingung. “Yah, aku tidak bisa katakan dengan pasti, tapi rasanya seperti mendekati seseorang, saya pikir. ”
"Ya itu betul . Benar sekali, Mikoko-chan.
Sekarang jika Anda pergi dan ulangi, itu pada dasarnya berarti 'memilih seseorang. "Tapi mari kita pikirkan sebentar.
Memilih seseorang berarti tidak memilih orang lain. Itu tindakan 'memilih' dan tindakan 'tidak memilih' adalah kebalikannya
sisi mata uang yang sama. Saya tidak berbicara tentang hal-hal seperti bagaimana
Anda hanya dapat memiliki satu sahabat atau satu kekasih. Dilema seperti itu
tidak relevan di sini. Yang saya bicarakan ini logis
mustahil bagi manusia untuk disukai oleh semua orang, menjadi bisa dekat dengan siapa pun yang belum dia pilih. ”

"Hmm. . . Mungkin sulit — disukai oleh semua orang, aku maksudnya — tapi saya pikir itu tidak mungkin. Mungkin tidak semua orang
di dunia, tapi saya pikir itu setidaknya mungkin terjadi pada orang-orang

langsung di sekitar Anda. ”
"Kurasa tidak. Itu yang saya yakini. Orang tidak semuanya
sebaik yang Anda pikirkan. Ada monster di luar sana yang hanya
memandang orang lain sebagai subjek yang akan dibedah. Ada warna biru
hal-hal yang hanya dapat memproses dunia dalam hal nol dan
yang Ada wanita terbesar umat manusia yang sinis
tentang segala sesuatu di seluruh dunia, belum lagi yang lain
orang-orang . Ada peramal yang telah melihat semua harapan dan
semua keputusasaan di seluruh dunia dan masih terus mencibir.
Seniman yang melihat keberadaan mereka — belum lagi keberadaan
orang lain — tidak lebih dari unsur-unsur dalam gayanya.
Bahkan ada orang yang hanya bisa menerima manusia saja
baik atau jahat. ”
“. . . ”
"Sekarang, tidakkah kamu berpikir kesadaran Tomo-chan tentang ini adalah
alasan dia memilih untuk menghindari menjalin hubungan yang mendalam dengan
orang-orang? Dia berusaha membuat musuh sesedikit mungkin. ”
"Tomo-chan tidak. . . gadis semacam itu, ”Mikoko-chan
kata, memudar masuk dan keluar, tapi aku kebanyakan tidak mendengarnya. Sepertinya
dia tahu sendiri bahwa klaim seperti itu tidak punya dasar. "Tetapi bahkan jika
itu benar, fakta tetap bahwa dia terbunuh. ”
"Kamu benar . Tomo-chan memastikan tidak akan jatuh juga
mendalam dengan siapa pun, namun pada saat yang sama, dia menunjukkan luar biasa
keterampilan dalam tidak membiarkannya muncul. ”
Itu adalah hal yang saya tidak mampu.
Tidak peduli seberapa keras saya mencoba.
“Tapi terlepas dari semua itu, dia tetap dibunuh. Tomochan
telah dibunuh . Sekarang pada titik ini, Mikoko-chan, ayo

lihatlah pembunuh berantai yang menjadi sensasi ini
sampai akhir. Orang ini adalah pembunuh tanpa pandang bulu. Baru saja jatuh
ke bidang penglihatannya atau, sebaliknya, tidak jatuh ke

bidangnya
visi, hanya menabrak bahunya, atau
bahkan tidak menabrak bahunya sudah cukup menjadi alasan
baginya untuk membunuhmu. Dia membunuh secara mekanis.
Secara otomatis. Untuk sebuah
pembunuh seperti itu, bahkan Tomo-chan adalah target yang
mungkin. Bahkan saya
saya . ”
"Jadi Tomo-chan terbunuh oleh pedang itu?"
"Sepertinya tidak . Menurut Sasaki-san — detektif itu, aku
jahat. Rupanya, itulah satu hal yang mereka ketahui
yakin . Nah, jika saya mungkin mengubah topik pembicaraan
sedikit, biarkan
Saya bertanya kepada Anda: Apakah Anda tidak pernah berpikir
ada terlalu banyak?
banyak orang di dunia? "
Terkejut dengan pertanyaan saya yang mendadak, dia melihat
pergi. Namun demikian, saya diam-diam menunggu jawabannya.
"Tapi itu tidak berarti kamu bisa membunuh orang," katanya.
"Ikkun, bisakah kamu memaafkan seseorang atas pembunuhan?"
"Tidak," jawab saya tanpa ragu. “Itu bukan masalah
memaafkan atau tidak memaafkan. Ada yang jauh lebih mendasar
isu . Yaitu, fakta bahwa pembunuhan adalah hal terburuk mutlak.
Itu bisa saya konfirmasi. Keinginan untuk mengambil kehidupan
adalah yang paling hina
emosi manusia. Untuk berharap dan berdoa dan berharap untuk
yang lain
kematian seseorang adalah tindakan jahat tanpa harapan. Itu
adalah dosa yang tidak bisa ditebus.
Ini kekejaman yang melampaui permintaan maaf, dan aku akan
dikutuk
jika itu ada hubungannya dengan pengampunan. ”
Suaraku begitu kaku dan tanpa ampun, aku bahkan tidak terdengar
seperti saya .
Omong kosong.
Siapa yang benar-benar tidak punya harapan di sini?

"Siapa pun yang mengambil nyawa termasuk neraka, tanpa kecuali.
”
"B. . . tapi. . . "Dia menelan teror pada pernyataan berani saya,

tetapi berhasil mengajukan keberatan. "Seperti,
bagaimana jika orang itu dalam bahaya? Seperti bagaimana jika kamu berjalan
sekitar Taman Kamogawa di malam hari, dan kemudian Kyoto ini pria pencuri datang kepadamu dengan pisau? Anda mau duduk saja di sana dan biarkan dia membunuhmu? "
“Tidak, kurasa aku akan menolak. ”
"Kanan?"
"Kamu benar . Dan saya bahkan mungkin menggunakan terlalu banyak kekuatan dan
secara tidak sengaja membunuhnya. Hal yang sama berlaku untuk saya
semua orang. Tetapi saya juga akan menyadari pada saat itu, kapan Saya mengambil milik orang lain untuk menjaga milik saya — saya akan menyadari keberdosaan saya sendiri. Saya akan mengakui itu Saya bersalah karena dosa yang begitu dalam sehingga tidak akan diampuni kapan
Saya mati . ”
“Tapi kamu akan dibunuh! Itu wajar untuk bertahan
dirimu dalam situasi seperti itu, kan? ”
“Jika kamu mulai berpikir seperti itu, kamu sudah berkomitmen dosa . Mari kita perjelas satu hal sekarang, ”kataku tegas. "SAYA mampu membunuh. ”
“. . . ”
“Entah itu untuk kepentinganku sendiri atau untuk orang lain, aku bisa membantai manusia lain. Saya bisa memberantas yang lain hidup, apakah itu teman atau anggota keluarga. Kenapa
Anda pikir itu? "
"Mengapa? Saya tidak tahu, ”katanya cemas. "Aku tidak berpikir itu benar . Anda pria yang baik. Saya tidak berpikir Anda bisa melakukannya
hal-hal itu. ”

"Saya bisa . Tanpa keraguan . Alasannya adalah saya tidak bisa memahaminya
rasa sakit orang lain. ”
“. . . ”
“Misalnya, saya punya teman perempuan yang kurang
sebagian besar emosi dasar manusia. Dia selalu sangat bahagia, bersenang-senang tidak peduli apa yang dia lakukan, tapi itu hanya

karena
dia tidak tahu emosi lain. Hasilnya, dia bisa
sulit dipahami ketika orang lain sedih atau marah. ”
Itu adalah satu-satunya cara dia bisa memproses dunia. Tak pernah mampu membedakan antara surga dan surga yang hilang.
"Aku juga sama. Tidak, saya jauh lebih buruk. Saya tidak bisa mengerti
rasa sakit orang lain bahkan sedikit. Mengapa? Karena saya
saya sendiri tidak dapat dengan tepat menafsirkan perasaan saya sendiri tentang 'rasa sakit' atau
'menderita. 'Pikiran tentang kematian bahkan tidak mengganggguku. Nya
bukan karena saya ingin mati, tetapi keinginan saya untuk menolaknya tidak normal
rendah . Dan dengan demikian ini mengarah pada apa yang saya katakan.
“Ada berbagai 'penghenti' yang mencegah orang
saling membunuh. Salah satu yang paling penting adalah memiliki pikiran seperti, 'Wah, ini mungkin sakit,' atau 'Astaga, aku merasa menyesal
untuk pria ini. “Benar begitu? Ini . Sebagai contoh, saya yakin
Anda memiliki keinginan untuk menyakiti seseorang sebelumnya, bukan? Tapi
Anda mungkin tidak benar-benar mengalahkan mereka atau
apa saja, kan? ”
"Mm. Saya belum pernah memukul seseorang sebelumnya. ”
"Tapi aku berani bertaruh kamu sudah pernah menginginkannya, kan?"
Dia tidak menjawab. Ini adalah konfirmasi paling jelas dia
bisa memberi. Tapi ini bukan kejahatan. Tidak ada yang bisa melewati
hidup tanpa pernah menyembunyikan niat buruk terhadap seseorang, bahkan jika
Anda berada di Surga.
“Saya kira pada dasarnya saya berbicara tentang kemampuan untuk merasakan empati.
Anda memahami emosi orang lain, Anda merasa

kasihanilah mereka, dan kamu menyesuaikan diri dengan mereka.
Tentu saja ini

tidak selalu hal yang baik. Cemburu dan iri keduanya memiliki empati
pada akarnya. Pemahaman tentang orang lain
emosi. Ini merupakan prestasi dan kekurangan. ”
Dan jika, seperti wanita di pulau itu, Anda tahu semua orang emosi, yang bisa Anda lakukan adalah memecah.
"Tapi jangan filosofis tentang kerugian dan keuntungan, di sini,"
Saya bilang . “Intinya di sini adalah aku tidak punya penghenti ini. "Aku
tidak bisa membuat kepala atau ekor emosi orang. Hasilnya, saya harus menekan diriku. Melakukan hal itu terbukti sangat menyakitkan.
Bahkan tidak lucu. Tapi entah kenapa aku berhasil
jauhkan iblis. ”
Aku punya keberanian, menjalani hidup sambil menyimpan monster seperti itu
dalam diriku.
"Ikkun. . . ”
“Aku bisa mencapai batasku kapan saja sekarang. Dan itu sebabnya saya
tidak bisa memaafkan seorang pembunuh. Bagaimana aku bisa? Keberadaan seorang
pembunuh itu menjijikkan. Menyedihkan. Saya benci semua pembunuh dari
bagian bawah hatiku. Aku benci mereka sepenuh hati. Saya pikir saya suka
untuk menghancurkan mereka semua. ”
“. . . ”
"Hanya bercanda, aku tidak berpikir sama sekali," kataku.
Makanan kami tiba. Mikoko-chan memesan lebih banyak alkohol, dan
Saya segelas air. Kami duduk sebentar sambil makan makanan kami dalam keheningan.
"Katakan, Ikkun. . . ”
"Ya?"
"Kenapa kamu memberitahuku semua hal ini?" Katanya, curiga.
Hari yang menyenangkan.
Diam-diam, aku menggelengkan kepala. Tidak diragukan lagi itu sangat dingin
isyarat. “Aku baru saja menduga kamu mungkin ingin

mendengarnya. Apakah saya

salah? Tidak benar Dan, yah, saya ingin Anda tahu sejauh mana barang yang saya rusak. ”
“Damaged goods? How can you say such a terrible thing? And about yourself!”
“It's because it's about myself that I can say it . If I'm not damaged goods, then I'm at least a human failure . Bukankah kamu think? Actually, people tell me that a lot . Anyone who's grown even slightly close to me has said so . 'You're out of your mind,' they say . 'Abnormal . ' 'A heretic . ' 'Grotesque . ' 'Shoddy . ' And those are all correct . ”
“Ikkun . . . ” Mikoko-chan said nervously . “You sound like you're headed for suicide . ”
“I won't commit suicide . I promised . ”
"Kamu . . . promised?”
"Ya. To the first person I killed . ”
A pause .
I popped a cube of steak in my mouth . “Just kidding,” I kata. “Un fortunately, my life isn't that exciting . And I'm not romantic enough to make such an incredible promise . I'm just an ordinary guy who's missing some vital component . Itu actual reason I won't commit suicide is that, well, it just looks bad . You know, like I'm running from my own flaws . Dari course, I am running from my flaws, but I don't want to look like I am . ”
“Ikkun, I know you're not like other people, but . . . if you killed yourself, I would cry . I know I would . Forget about what you're missing . You're living a normal life, aren't you?”
“Broken things can be fixed . Things that are simply inadequate can't . ”
Mikoko-chan let out a deep sigh . “It's like I'm talking to Tomo-chan . ”

"Hmm? Did she talk about this kind of thing a lot?”
“Well, not really . I mean, she didn't open up to people that much . But if we ever had a 'real' conversation, I'm sure it would've been something like this . ”
“In that case . . . ”
In that case, it was truly regrettable . I felt all the more like

I should have had a serious talk with Emoto Tomoe .
If I had . . . if I had?
What if I had?
Who would have been saved? Did I actually think she
might have been saved? As if .
Rather, wasn't it because we had talked that she had . . .
“You know, about Tomo-chan,” I said without looking up
at Mikoko-chan . “I don't think she would resent the person
who killed her . I'm sure she doesn't, not even a little bit . ”
“. . . Why do you think that?”
“Eh, just a hunch . No other reason . But that's what I think .
I'm sure she's not the type to resent others . ”
I even had the gall to use present tense instead of past .
Present tense .
“Of course, they say she was strangled from behind, so she
probably didn't even see the killer's face . I don't suppose she
could have resented the killer even if she wanted to, I said .
“The killer's . . . face . . . ” Mikoko-chan repeated . “The person
who killed her . . . ”
“But Tomo-chan probably wouldn't have had any interest
in something like that anyway . I mean, no matter who kills
you, the outcome is the same . In the end, being killed is nothing
more than just that . The fact that you die doesn't change,
no matter whose fault it is . Plus, Tomo-chan was like me—she
had little resistance to the idea of death in the first place . saya bisa

say this with a fair degree of certainty . She didn't seem to like
herself very much . She told me so that day . She wants to be
reborn as you . ”
Hearing that, Mikoko-chan looked like she was about to
cry . She managed to hold back the tears, but she continued
speaking Tomo-chan's name softly to herself for some time .
“Tomo-chan . . . Tomo-chan . . . Tomo-chan . ”
I watched this, unmoved . Honestly, truly, completely
without emotion .
“Mikoko-chan, who do you think did it?”
“You know, you sure do seem hung up on that,” she said
with just a hint of suspicion . “Have you been investigating or
something?”
“Yes,” I answered honestly . “Well, not so much investigating

as wanting to know . I want to meet whoever did it . saya want to ask some questions . Or rather, I want to interrogate orang ini . You know, like, 'Can you justify your own existence?' ”

“Ikkun,” Mikoko-chan said, “You're really scary, aren't kamu?"

“Am I? I personally don't think so, but maybe I am . ”

“You apply your own rules to other people . Saya tidak tahu how to describe it . It's like while you view yourself as one part of the world, you view all people as like . . . the world's gears . No, not gears . If a gear goes missing, the whole machine breaks down, but you don't care if a person or two disappears . ”

“I wouldn't go that far . ”

“I really don't think you're the kind of person who could just kill someone, Ikkun . But I'll bet you also don't hesitate to tell someone to die . ”

“. . . ”

"Apakah saya benar? I mean, asking the person who killed Tomochan
a question like that is the same as saying, 'You don't deserve to live . ' It's cruel . It's so cruel . Ikkun, do you realize bahwa?"

“Yes,” I shot back . “I'm fully aware of that . I'm as aware of my own sins and of my own nonsense-sputtering nature as I am of the fact that I'm the one who belongs in the depths of Neraka. Someone once told me that most murders are the result of a person 'going too far' or 'using too much force,' but in my case, I'm fully capable of fully premeditated murder . I'm one of the rare, deplorable breed of people who can take a life without any need for self-approval or self-deception or selfdenial or self-satisfaction . ”

“You sure are self-hating, though . ”

“I'm a masochist,” I said casually . “And an extremely nasty one, at that . But that's my way, my style, my assertion . Dan saya have no intention of giving that up . ”

“Yeah, I didn't think so . ”

She looked a bit sad .

It was as if she were looking at somebody in the distance . Somebody who was already gone .

An ephemeral, painful gaze .
Her expression .
Her aura .
Surely it was because she never hid her emotions, nor even tried to do so .
I could understand .
I could comprehend .
It almost felt like I had gone and understood somebody's perasaan.

“But that's . . . ” she said .
This was, among other things:
A feeling of affection .
A lovely presence .
An utterance of sentiment .
A truly aloof air .
A truly casual aura .
A singular impossibility .
An inability to remain apathetic .
A dazzling nightmare .
A feeling like reality itself would distort and collapse .
I desired a partner . I faced my partner .
The pleasure of being beaten down .
The pleasure of being run through .
The ecstasy of being dismembered .
Cut into little bits and pieces .
A vital component-stealing,
Heart-clutching,
Mind-penetrating
Tersenyumlah.
“That's the Ikkun I love,” she said .
A single, thuggish-looking person was crouched down in front of my apartment . I approached closer, wondering who it could be, only to discover (as half-expected, I suppose) that it was Aikawa-san . Her hairstyle had changed a bit since Wednesday, suggesting she had gotten it cut . It was a slick style like the kind celebrities sometimes get, where the bangs in front form a perfectly straight line above the brow . With her already

extraordinary proportions, the new hairstyle made her look

even more like a model . If only she hadn't been squatting like some high school thug .
“Yo,” she said upon noticing me . She stood up and came to greet me . She had a heartless, somehow catlike sneer on her face . “So how was your date?”
“You were watching us?”
“I just spotted you in Shinkyôgoku . So I came here to make fun of you . ”
“I . . . Lihat . ”
How much free time did this woman have? Saya kagum.
She was completely ungraspable . There was no way to guess what she might do next . A wily phantom of a woman .
“So you cut your hair, huh? Looking for a change of pace?”
“To be more accurate, I got it cut,” she said as she tweaked her bangs .
“Well, yeah, I suppose . ”
"Ya . Like this”—flick—“with a survival knife . If I had dodged a second later, I wouldn't have my left eye anymore . saya gotta admit, even I was scared . ”
She must have gone to the worst hairstylist ever .
“I figure I might keep it short for a while . Apa yang kamu think? Does it work?”
“Aikawa-san, any hairstyle would look good on you . You're a beautiful woman . ”
“Aw, you're too sweet . But how many goddamn times do I have to tell you not to call me by my last name?”
She put me in a headlock and noogied my brains out before letting me go again . Then she flashed me that wicked tersenyumlah.

You couldn't hold anything against this woman . If you did, you'd never get away with it .
"Begitu? How was your date? What's going on with that younger girl? Hmm? Hmm? Come on, talk to me . Jika sudah got a problem, I can give you advice . ”
“I think you've got it all wrong, er, Jun-san . She's just one of the people involved in this murder case . ”
"Hmm? Oh Sungguh. Kemudian . . . by any chance was it Aoii Mikoko?” I nodded . Her face went blank . “Hmm,” she said . "SAYA Lihat . Well, either way, I guess if you're already back at this

hour, you don't have much of a chance . ”
Incidentally, it was eleven o'clock .
Mikoko-chan had imbibed a ridiculous amount of alcohol, with all the inevitable consequences . She passed out in the middle of the restaurant . I hoisted her onto my back and took her all the way back to Horikawa Oike, entered her apartment, put her to bed, locked up, and took the bus back home .
This time she didn't look like she was fake-sleeping .
“Too bad, young'un . Want me to console you?” she teased with genuine amusement .
“I'm telling you, it's not like that . . . and more important”—I decided to change the subject before I had another annoyance to deal with —“so about this hairdresser who did your bangs—was it Zerozaki, by any chance?”
“. . . ”
Her facial expression distorted .
And became one of sheet delight .
"Ya. Hell of a kid, lemme tell you . Still only a secondrate killer, but as a knife wielder, he's as good as they come . He knows exactly how a human has to move which muscles for maximum speed . And take a look at this,” she said, rolling

up her right sleeve . Her arm was wrapped in white bandages, stained with crimson blood from underneath . “And he walked away with hardly a scratch . Seriously, that's one hell of a kid . saya guess he's living up to the 'Zerozaki' name . ”
“. . . Is he even tougher than you?”
“It's not a matter of tough or weak . In terms of sheet strength, I'm proud to say I'm several tiers above him . Sakit admit that he is frighteningly quick, but he's still a hundred years too slow to deal with me . ”
Aikawa-san, ever the narcissist . The possessor of unrivaled confidence .
“Still, when he's dead set on escaping, he's really something . He was unexpectedly calm too . As a homicidal monster, I figured he'd be a little more hot-blooded . But he was just like you said . ”
“How do you mean?”
“He's identical to you . I can't exactly put my finger on one specific similarity, but he's just like you,” she said, her voice

full of cynicism . “The sick masochistic freak and the sick sadistic freak . It's a match made in freaking Heaven . ”
“So in other words . . . ” I said, choosing my words as carefully as was humanly possible, “Er, in other words, you found Zerozaki and you let him get away?”
“Hmm?!” She grinned creepily and pinched both of my cheeks . “I'm sorry, did I just hear something come out of this mouth right here? Hah? Apa itu tadi? Aikawa Jun is just some girl who likes to go around bluffing about herself, you say?”
"Tidak, aku tidak bermaksud begitu. First of all, there's no way you still
pass for a 'girl' . . . ”
Squeeze .

Hah. Who knew the elasticity of a human cheek was so high?
“Eh, I guess you're right,” she said, suddenly releasing my face . She scratched the top of her head with a bored expression .
“I guess I've still got some things to learn . Oh, I wonder if that tattoo face is still in Kyoto . ”
“If I were Zerozaki, I definitely would've fled to another prefecture . ”
“Yeah, I know,” she said, slumping her shoulders . “Oh, what a hassle . Not that I had any intention of letting him get pergi. ”
Seeing the icy cold look in her eyes as she said this, I couldn't help but feel a little sorry for Zerozaki after all . Aikawa-san looked pretty damn persistent .
“Well, I'm done bothering ya,” she said . She stretched out her back and began to leave . Evidently she had come on foot today instead of in the Cobra . “Or rather, I'm done trying and failing to bother you . Well, whichever . Selamat malam . Let's both have sweet dreams . ”
“Jun-san . Can I ask you something?” I said to her back .
"Apa?"
“Could you forgive a murderer?”
"Hah? Pertanyaan macam apa itu? Is this some sort of metaphor?”
“Eh, well, to say it more directly . . . do you think it's okay

for one person to kill another?”
“Yup, I do . ” She answered immediately and firmly . “People who are supposed to die should die . Heh heh,” she laughed cynically . “Like let's say you kill me . Just relax, dammit . Itu world goes on,” she continued coolly, then waved a hand at me and disappeared from view .

Ya ampun.
“. . . ”
If only I could be so defiant . So filled to the brim with cynicism . Betapa indahnya itu.
“I really am half-baked . ”
I was sick of myself .
Not just sick, disgusted .
“But either way, Aikawa-san, it's all just nonsense . ”
I went inside my apartment building and managed to make it to my door without running into anyone . I reached into my pocket to get my key when I felt a foreign object inside . saya pulled it out and took a look .
It was Mikoko-chan's apartment key .
“. . . ”
In order to get her back inside, I had taken it out of her bag without asking her . I couldn't just leave the door unlocked, so I had borrowed the key to lock up . At first I considered dropping the key through the mail slot, but it was attached to the same key ring as the Vespa key, so I ended up bringing it home, deciding to just drop it off tomorrow along with the Vespa . It wasn't like I just wanted an excuse to try out the Vespa .
“Besides, the Vespa and the key aren't the only things I have to drop off . ”
I might have been antisocial, clueless, and kind of a big jerk, but spending that much time face-to-face with someone, you couldn't just ignore them .
Aoii Mikoko .
“I remember, Mikoko-chan . ”
I entered my room and lay down on the floor without even bothering to set out the futon .

It was my first day of college after coming back from that

ridiculous island . I didn't know right from left in regards to the Japanese schooling system, and it was Mikoko-chan who was the first one to strike up a conversation with me .
"Senang bertemu denganmu! Is there anything you don't understand?”
She was beaming with friendliness . This was the caring gesture of a girl looking out for a classmate who had gotten a late start .
I was horribly irritated . And just a little grateful . Karena somewhere in that bright, innocent aura, echoed a slight resemblance
to that precious friend of mine .
This is a real masterpiece,” I said like Zerozaki Hitoshiki, and closed my eyes .
No thinking about tomorrow .
No thinking about the case .
No thinking about the prowler .
No thinking about private contractors or my one and only friend .
I didn't want to think about anything anymore .

I'm begging you, please stop getting my hopes up .
“I'll be back tomorrow . Around twelve . You'll have your answer kemudian . ”
That was the note I had left for Mikoko-chan on her tea table . Getting to Horikawa Oike took less than ten minutes by Vespa, so I still had an abundance of time .
I awoke at eight in the morning . I did a little jogging to kill some time, and after that I regretted it . Miiko-san invited me to breakfast, so I went to her place and was fed . It wasn't just Japanese-style food, but full-blown Buddhist vegetarian cuisine . As a result, the flavor left something to be desired, but there was certainly a lot of it, so it at least took the edge off my hunger .
“Well, I have to go to work,” she said around ten o'clock, and left her apartment .
I returned to my own room to kill more time . I tried playing a game of Eight Queens, just as I had done earlier, but my

brain didn't seem to be functioning properly, and I gave up by the fifth queen . I moved on to the Cannibals and Missionaries problem, but again I got sick of it midway through . If only I had owned a computer; I could have passed the time playing

video games . Maybe it was time I went and got one from Kunagisa . But then again, it didn't seem like a great idea to decrease the amount of space in my room just for the sake of having a way to kill time . Besides, time passes just the same, whether you kill it or not . And like I had said to Mikoko-chan, I didn't particularly dislike being bored, and I was plenty used to waiting .

. . .

As any child won over by shallow wit is oft to do, I read The Little Prince at a very young age . I didn't get it . The people around me at that time told me, “You'll get it when you're a grown-up . ” Recently I had recalled this and tried reading through it once again . I still didn't get it .

“Zerozaki's gone from Kyoto . . . there's no way to contact Aikawa-san . . . and Kunagisa's a shut-in . ”

I truly didn't have a single normal acquaintance . Of course, I never particularly wanted one . Still, sometimes it occurred to saya . I was just a single, lonely guy trying to live, but rotting away in a cage instead .

“It's a hopeless situation . ”

In the end, there was no way for a guy like me, just a single character in this great big world, to view my situation with any kind of bird's-eye perspective . Especially when, as Aikawa-san had said, I wasn't the main character or even a supporting character, but merely the comic relief . I was just sitting off in some corner away from the world, clumsily babbling about the story .

And something this factual couldn't even be written off as self-deprecation .

“Well, I suppose I'll get going . ”

The time was currently eleven o'clock . It was still way early, but I doubted I could be faulted for showing up ahead of time . With that in mind, I left my apartment and made my way out to the parking lot . I started up the vintage Vespa's

engine and put on the helmet . It was the stylish, half-size number Mikoko-chan had left in my room the previous day . There was nothing I could do to make it suit me, but the size was right, so it would at least uphold its role as a helmet, for what that was worth .
Blast off! I rode down Senbon Street and turned east on Maruta-machi Street . I broke east again onto Horikawa Street and rode the Vespa straight ahead from there .
The sweet sensation of slicing through the wind . I could almost forget about the fact that I was alive .
As expected, I reached Oike within ten minutes . I parked the Vespa in the apartment's underground parking lot and locked it up, exited the lot, and walked around to the front of the building .
“Did I really waste over an hour here last time?”
It was a pretty embarrassing memory . My brain had a knack for remembering only this kind of thing . I guess the best thing I could do was learn from these memories and not repeat the same mistakes .
This time I entered the building without stopping . I gave a quick greeting to the security camera and entered the elevator .
At this point .
At this point, I still hadn't thought of anything .
How to reply to her confession .
What words I could use to respond to her affection .
I hadn't thought of anything .
"Hanya bercanda . ”

In reality I had made up my mind long ago . I only had one word to say to her . There was nothing to deliberate over . Jika you thought about the kind of person I was and the kind of person Mikoko-chan was and added them together, an answer would emerge naturally, just like a mathematic equation . Dari course, reality never turns out like an equation . It's more like trying to figure out if the last digit in pi is odd or even . Sementara itu,
I was standing at the height of stupidity, off in outer space with my equations and formulae and calculations, trying to find the area of a triangle by multiplying the height and dividing by two .

I was the kind of person who changed his opinion in the end anyway, no matter what he had decided, so what I thought about now was essentially irrelevant .
I got off the elevator on the fourth floor and walked down the hall .
“Room three, was it?”
My memory was fuzzy, but that sounded right . I wondered if she was awake yet . She certainly didn't seem like she was the kind of person who had low blood pressure and would have trouble waking up, but considering how bad she was at keeping time, I doubted she was much of an early riser .
I pushed the button on her intercom .
Tak ada jawaban .
It wasn't simply that there was no reply through the intercom; there was no reaction whatsoever . No noise coming from the inside . Tidak ada .
“How odd . . . ”
I pushed the button once again .
No change .
I couldn't sense anyone moving about inside .

Restless . Restless . Restless .
My heart throbbed .
My bodily functions grew abnormal .
I continued pushing the intercom button without speaking a word .
Once, twice, three times, four times .
I quit counting after the fifth time .
I could feel it .
Not suspicion, but a premonition .
But closer still to precognition .
“It was like watching a nonstop stream of movies where you already know the ending . ”
Wasn't that how that prophet had described it?
Like something you could never touch on the opposite side of the boob tube .
Suddenly I understood her feelings, and I'd never even wanted to .
Aoii Mikoko .
My classmate .

Always cheerful, sometimes sad .
The girl who said
She liked me .
Here now was an image .
A scene I had left behind somewhere .
A nostalgic view .
One that had been all too close to me for some time .
That I had forgotten somewhere along the way .
One that was unnecessary to recall .

A terrible,
Detestable
View .
Kematian.
Nothingness .
. . . .
I mumbled a curse and opened the door to Mikoko-chan's
kamar .
Aoii Mikoko was dead .
A brutal sight . A devastating sight .
I stood frozen in the center of Mikoko-chan's room . Dulu
all I could bear to do .
Aku merasa sakit . Aku merasa sakit . Aku merasa sakit .
Aku merasa sakit . Aku merasa sakit . Aku merasa sakit .
Aku merasa sakit . Aku merasa sakit . Aku merasa sakit .
Eiffelzick .
I clutched my chest .
I was nauseous .

It was like I had accidentally choked down some absolutely
undigestible object . My eyes fell on the bed . Mikoko-chan was
there, lying down .
Tidur
Could you call it sleeping?
Even supposing her body had ceased to function .
Supposing she had no pulse .
Supposing the hideous marks left by fabric remained
etched into her neck .
Supposing her eyes were never to open again .
Even then, there was no other term I cared to use .

Buk Buk Buk Buk Buk Aku merasa sakit . I'm dizzy .
I'm dizzy . I'm dizzy . It's spinning . It's spinning . This is crazycrazycrazycrazy .
Or was it I who was crazy?
Right here, right now, I thought I might collapse .
My pulse was going wild .
It was hard to breathe .
It was hard to live .
I thought I might die .
The insides of my eyes were burning .
The inside of my heart was freezing .
I tried swallowing to calm myself, but to no avail . Ini agony . Agony . Agony .
“Aoii Mikoko was . . . ” I said, as if making the announcement to myself, “murdered . ”
Whump .
I really did collapse, right there where I stood, right on my rear end .

I was used to people dying .
I was even used to people close to me dying .
Death was something close to me .
And still, this was agonizing . Itu sakit . It hurt too much .
It was excruciating .
I would probably never be able to forget this . To forget Mikoko-chan's “death itself” burning into my retinas the instant I had entered the room . I would never forget her lifeless, mindless corpse .
Somehow I managed to maintain consciousness . I shifted my gaze back to Mikoko-chan's body once more . She lay faceup on the bed, her bloated, violet-hued face wrenched in agony . Having known what her smile was like made this all the more terrible .
She was no longer dressed in yesterday's overalls . Now she wore a snow-white bare shoulder top with a striking pants skirt of the same white, but with more of a milky quality . saya stopped myself from thinking it looked like a burial outfit .
And then I remembered . This was one of the many outfits Mikoko-chan bought during yesterday's outing . It was the last one she bought . She had tried it on and said, “How do I look?”

Finally tired of giving made-up answers, I looked at her and said, “It's a good match . ”
It was that outfit .
When I had brought her home the previous night, naturally I hadn't made her change clothes . I just tossed her on the bed with what she was wearing . This must have meant that she had woken up later on and changed .
Lalu . . .

What had possessed her to put on this outfit? And who was she waiting for? The power of my imagination was already completely exhausted .
And then there were the red letters, right by her head .
x/y .
It was the exact same formula as the one we had found in Tomoe-chan's place .
“This has nonsense written all over it . ”
I pulled out my cellular phone . I entered a number from memory and sent it . She picked up on the first ring .
“Sasa here . ”
"Halo. . . ”
“Oh, it's you,” Sasaki-san said before I had a chance to announce my name . Apparently she could remember people just by their voices . And we had only spoken once . If circumstances
hadn't been what they were, I would've been impressed .
"Apa yang salah? Did you remember something?”
She was cool and calm . This was somehow offensive . Saya t was objectionable . Objectionable .
“Sasaki-san, um, right, well . . . Aoii-san . . . ”
"Apa itu? I'm sorry, I can't hear you . Could you please speak up a bit? What's that about Aoii-san?”
"Yah. . . she's been murdered . ”
Something changed on the other end of the receiver .
“Where are you now?”
“In Aoii-san's apartment . ”
“We'll be there soon . ”
Klik. The phone cut off as abruptly as a human life . I stood there with the phone held to my ear . Mikoko-chan remained there in front of me .

“Christ . . . ” I said to her still body . It was a pointless act . Saya t was pointless and despicable . “What was I really planning to tell you?”
Mikoko-chan .
There was no prospect of me getting rid of that nasty feeling in the pit of my stomach . Tidak mungkin.
The police burst into the apartment in less than ten minutes .
“Are you okay?” Sasaki-san embraced me . I must have looked pretty damn miserable, because she seemed genuinely concerned for me “Are you okay?” she repeated . Unable to form a verbal answer, I simply raised an arm instead . Ia melihat this and gave a firm nod .
“Let's get you out of her for now . Come on, hurry . ”
Leaning on Sasaki-san's shoulder, I was taken out of the hallway . Police were filing in one after another from the elevator .
Hey, now . No Kazuhito-san . Hadn't he come? Mungkin he was somewhere else, doing something else . Maybe, maybe tidak.
“Ughhh . . . ” My chest hurts . Dadaku sakit . Dadaku hurts . “Ughhhh . . . ”
Aku merasa sakit . Aku merasa sakit .
I really feel like I feel sick .
A discomfort, as if my chest were burning, like my insides were being demolished, like something was raging inside my guts, seeped into my blood and traveled throughout my whole tubuh.
It burns it burns it burns it burns .
The anguish was maddening .
Sasaki-san took me out of the building and helped me into the rear seat of her Toyota Crown . She sat in the driver's seat .

“Have you settled down a bit?” she said, looking back at saya .
I shook my head in silence .
"Saya melihat . ” She eyed me suspiciously . “I thought you were the
kind of person who didn't mind seeing a dead body . Even if it belonged to a friend . ” She'd abandoned her courteous manner .
“I guess you're more sensitive than I thought . You looked like

you were dying back there . ”
"Ya terima kasih . I'll take that as a compli—“
Just as I was about to get the “ment” syllable out, I felt the urge to vomit . I clamped my hand over my mouth . Disana ada no way I could just toss my cookies in Sasaki-san's car . Somehow I managed to keep control of my internal organs . Sialan. I couldn't even mouth off .
"Hmm. ” Sasaki-san nodded with a slight look of disappointment . “You're awfully spineless . I'm surprised Jun-san is so fond of you . ”
Ah, come to think of it, hadn't Aikawa-san said something about being old friends with Sasaki-san? Recalling this completely irrelevant detail helped distract me a bit . I sat up from my hunched position and rested my weight against the back of the seat . I breathed in deep .
“Yeah, I'm surprisingly fragile . Of course, I can't tell if it's brittleness, frailty, or if I'm just delicate . . . ”
“What in the world are you talking about? You're not making a lick of sense . ”
“Well, please wait till next time . Next time, 'kay? I'm in a very irregular state right now, so let's wait till next time before you judge what kind of human being I am . I'm not doing so hot right now . ”
“Guaahhh,” I groaned, and shut my eyes .

Sasaki-san was silent for a moment . “From here, we're going to have to question you about the circumstances of this case . This means I've got to take you to the police station . Bisa you handle this?”
“As long as you drive carefully, I think I'll be all right . ”
"Baik . I'll try not to make the ride too bumpy . ”
She faced forward and began to drive . Mikoko-chan's apartment disappeared from the window view in no time at semua. I couldn't make out the speedometer from where I was sitting,
but judging by my body's response to the car's movement, there was no way Sasaki-san's driving style could be defined as “careful . ”
“Sasaki-san, is it okay for you to be away from the crime scene?”

“My job is more about intellectual labor than about that stuff . ”
“That sounds like, well . . . ” I wanted to say it sounded like we'd get along, but I stopped myself . No matter how you looked at it, there was no way we would get along . “Um, Sasaki-san?”
“Yeah, what is it?”
“How do you know Aikawa-san?”
She was silent for a moment—though it was plenty easy to imagine the look on her face—and then said, “Sometimes I go to her for help with work . Yeah, that's all . Do you ever watch detective TV shows and the like?”
“I know a thing or two about them . ”
“Yes, well, you know how oftentimes the detective goes to an informant to gather information that isn't quite legal? Baik, it's like that . We have a businesslike relationship . ”

It was an awfully crude explanation . Or rather, she didn't seem to want to explain it at all . Then again, Aikawa was a pretty inexplicable woman, so maybe there wasn't much of a pilihan.
“No, I don't mean something that specific,” I said . “Can you give me something more abstract? I mean, what kind of person is she to you?”
“Do we absolutely have to talk about this right now?”
“It might take my mind off things . ” I really meant this . If I didn't get something to distract me quick, my stomach was going to burst . “Please, I'm begging you . Just talk about something . ”
“You pose a difficult question, you know,” she said, after awhile . “For example, would you believe a story about a person who took a point-blank shot to the gut from a sawed-off shotgun and survived? How about the one about someone who can walk around in the midst of a storm of rifle fire with a normal, straight face? How about someone who leaped from the fortieth floor of a burning building a walked away without a scratch? You wouldn't believe it, would you? Whenever I talk about Jun-san, people think I'm lying . So it's a tough subject to discuss . ”
“. . . ”

I understood exactly how she felt, so I didn't dare press any further .
In another ten minutes, we had arrived at the police station .
She took me inside the building .
“Looks like it's exactly twelve o'clock—lunchtime . Would you like something to eat?” she asked .
“Could we get katsu-don or something like that?”
“I don't see why not . They'll bill you for it later, though . ”

The government was anal .
“Eh, never mind,” I said, shaking my head . If I tried to eat anything now, I would just throw it up anyway . That I could say with a fair degree of certainty .
“Hmm, well, then go on into that room and wait for me . I've just go to make a quick report . I'll be back in two minutes . ”
She led me into a small conference room and made her way back down the hall alone . Well, at least it wasn't an interrogation
room, I thought as I sunk myself into a chair .
I want to smoke, I thought for an instant .
I had never smoked a cigarette in my life .
Was I bored?
Was I trying to escape reality?
Or was I just suicidal?
Any one of those was of equal worth, if you asked me .
These were pointless thoughts .
This was starting to get pretty bad .
One more push, and this existence known as “me,” this state of being known as “myself,” was going to be over .
“Sorry for the wait,” Sasaki-san said upon returning . Dia was carrying some sort of item wrapped in pink . “Are you baik? You're looking worse and worse by the second . Bahkan your hands are sweating . ”
“I'm sorry, could you show me where the bathroom is?”
“Down that hall, on the right . It's at the very end, so I don't think you'll miss it . ”
“Thanks,” I said, and raced out of the room, clamping a hand back over my mouth . Suppressing the nausea .

I found the bathroom right where she had said it would be,

entered one of the stalls, and vomited everything that had
built up in my stomach .
“Gwaaahhh . . . glllaaahhh . . . ” Unpleasant noises that
sounded very unlike they were coming from myself spilled
from the depths of my throat .
An acid taste remained in my mouth . I had vomited so
profusely I thought my guts might have flipped upside down .
Slowly, I drew in a deep breath and rose to my feet, wiping
my mouth with a handkerchief .
I flushed the toilet .
Fiuh. . .
I made my way over to the sink and washed my face . saya
scooped some water into my hands and rinsed out my mouth
demikian juga . I looked into my own reflection in the mirror . Baik,
so I did look like I was at death's door, but at least I was
feeling decidedly better than I had even moments ago .
“Okay,” I said .
Revitalized, I muttered as I left the bathroom behind . saya
made my way back to the room, where Sasaki-san was still
waiting for me . “How are you feeling?” she asked .
"Saya baik-baik saja . I puked, and now I feel a lot better . ”
"Saya melihat . Here,” she said, placing the packaged item from
before
in front of me . “It's my lunch . Want it?”
"Apakah tidak apa-apa?"
“I won't bill you for it, don't worry . ” She chose a chair and
sat down across from me . I graciously accepted her lunch . Saya t
was a fairly generic bento lunch, but my stomach was now
empty . I scarfed it down pretty fast .
“Okay, then,” she said once I was finished . “So what's going
on here?”

“That's what I want to know . ”
“. . . ”
Seemingly a bit offended by my phrasing, she grew silent
and gave me the death stare . I recoiled and diverted my gaze .
“Well, then please give me the facts, in simple terms . ”
“Er, to do that, I'll have to back up to last night, so it'll be a
little long . ”
“Go right ahead . Until we solve this case, you and I will be

spending a lot of time together . ” She was smiling a little . Nya eyes, however, weren't smiling, which was frightening . I decided to quit with the mouthing off for a while and be straight with her .
“Yesterday, Aoii-san and I went out . We were in the Shinkyôgoku area . Then, well, she drank a little too much . ”
"Oh benarkah? . . . Lalu?"
She sharpened her gaze on me as if she had been waiting for this opening . Surely she wasn't going to get on my case about underage drinking . I realized I couldn't let my guard down .
“Yeah, so then I took her back to her apartment . I went ahead and took the key out of her bag and put her to bed . Then I took the bus back to my place . ” I went ahead and skipped the part about running into Aikawa-san, figuring it wasn't necessary to recount . “After that, I just went to bed like Aku selalu melakukan . ”
“Did you lock up before you left?”
"Aku melakukannya . Her Vespa was still parked in my apartment parking
lot, so I was planning to bring the key and Vespa back together tomo—today . So then today, I went to her place on the Vespa . When I opened the door and went inside, well, things were as you saw them . ”

"Hmm. . . how about the door? Was it locked?”
"Hah?"
I looked up at her as if the question had taken me by kejutan. I made an expression as though I were searching through my memory for as long as five seconds .
“No, it wasn't locked . I don't have any recollection of using the key . ”
"Saya melihat . ” She wore a suspicious look on her face, but nodded
along anyway .
“That place has a lot of surveillance cameras, right . kupikir they should be able to corroborate my story if you take a look at those tapes . ”
"Yang paling disukai . We've already arranged with the management

firm for a viewing," she said coolly . "Now, this is just to make sure, but—you didn't touch anything at the crime scene, did kamu?"
"Tidak . As pathetic as it sounds, I was just too petrified . saya couldn't even run over to Aoii-san . "
"You took a very appropriate action," she said . From there, she shut her eyes and thought to herself .
So "intellectual labor" was her major job responsibility . That was already more than clear enough from the time she had visited my apartment . That chess-game mindset of hers was unforgettable, even if you wanted to forget it .
"I didn't even touch Aoii-san's body, so I don't know, but was she really dead?"
"Iya nih . That I can confirm . She had likely been dead for around two to three hours . We'll have to wait for the autopsy results before we can confirm the specific details, but the incident is believed to have occurred between nine and ten a . m. "

"This may be useless to you, but . . . "
"Go right ahead . Nothing in this world is useless . "
That was a line I thought I might like to try saying once myself . But I doubted a guy like me would ever have the chance .
"When I put her to bed last night, Aoii-san was wearing overalls . But that wasn't what she had on today, was it? So I think that means she woke up at some point, either in the morning or the middle of the night . And I locked the door last night, so maybe Aoii-san let the killer in herself . "
"Saya melihat . . . "
"Oh, and just for your information, that outfit she had on today was something she bought yesterday when we were out shopping . "
"Sungguh. " Sasaki-san nodded . I noticed that she hadn't been taking any notes . Come to think of it, that was true during the time she visited my apartment as well . She was just listening to me talk without recording anything .
"You've got a pretty great memory, huh?"
"Maaf? Oh, well, it does the job," she replied as if it was tidak ada yang spesial . But to me it was an extremely enviable trait .

“Also, as it happens, I was eating breakfast at my next-door neighbor's place during that nine o'clock to ten o'clock time frame, so I think I have an alibi, for what it's worth . ”
“Ah, I see,” she nodded with an apparent lack of interest . Saya t was as if to say she had more important things to think about than my damn alibi .
“You know, when you first called, I thought you were probably the killer . ”
“. . . ”

This sudden declaration left me speechless . “You certainly are direct . Excuse me if I'm a little surprised . ”
“Yes, well, you would be . Tapi itu benar . The fact is that I did think that, and I'm certainly not trying to hide the facts . saya thought you killed her and then tried to pretend you had discovered the body . But it seemed you were feeling genuinely ill, and time of death and such aside, there was no murder weapon at the scene of the crime . Which means it would have been physically impossible for you to have done it . ”
“. . . ”
“That is, of course, unless you're hiding it somewhere in your clothes right now . ”
“Care to check?”
“No, that's fine,” she said, but by no means could this be considered negligence of duty . Sasaki-san had already finished checking me out back when she took me out of Mikokochan's apartment . Unable to walk on my own, she had lent me a shoulder to lean on . It was kindness—injected with a touch of shrewdness .
I didn't particularly have a problem with that .
“Gee, thanks,” I said .
“I'm sure your innocence will be proven beyond any doubt once an official time of death has been established and we take a look at those surveillance tapes . But only then . ”
She looked me directly in the eye .
“Who do you suppose did it?” Sasaki-san asked . I'd already asked her the same question twice before on other occasions .
"Yah. . . Saya tidak tahu ”
“Nobody comes to mind at all?”
“Nobody,” I answered promptly . “I mean, Aoii-san and I

weren't really all that close to begin with . It was only very

recently that we had started hanging out together and going out to eat and stuff . ”
“Allow me to be a bit direct,” she said . “Were you and Aoii-san romantically involved?”
“The answer to that is a no . A no and nothing more . Thinking about it now, I'm not even sure we were even friends . ”
“Ahh, I see . Come to think of it, Jun-san did say you were 'like that,' didn't she?” she muttered, seemingly satisfied with whatever explanation she had recalled .
“Aikawa-san? She said what about me?”
“Well, I can't tell you that . ” This tease of a statement was sure to bother me, but it occurred to me that this too could be part of Sasaki-san's strategy, so I was careful not to press any further . It was easy enough to imagine the kind of judgment Aikawa-san had passed in regard to me anyway .
From there, Sasaki-san posed several more detailed questions and ended with a simple, “I see . ”
“Now then, do you have any questions for me?” she added .
“No, nothing this time,” I said after a moment's thought .
“I'd rather just get home and rest as soon as possible . ”
"Saya melihat . Well, that should be enough for today . Allow me to take you back . ”
She stood up from her chair and exited the room . I followed close behind, and together we exited the building .
After getting into her Crown, I sat in the same seat in the kembali. Sasaki started the car and accelerated even more aggressively
than before .
“Nakadachiuri, was it? Off Senbon?”
"Ya. ”
"Bagaimana perasaanmu?"

"Baik . Throwing up was surprisingly refreshing . ”
“You know,” she said while driving . Her voice was stripped of all emotion . “I can't help but feel like you're still hiding sesuatu. ”
"Bersembunyi? Saya?"

"Itu yang aku katakan . ”
“Tidak, tidak ada yang khusus. As you can see, I'm just an honest, harmless, and well-behaved young man . ”
“Wow, really?” she said in a rare display of sarcasm . "Kamu sure don't look that way to me, but I guess if you say so yourself, it must be true . ”
“You sound like you mean something by that . ”
“No, not especially . If it sounds that way to you, it's probably because you've got a guilty conscience . Although I do doubt that an honest, well-behaved young man would go around breaking into crime scenes illegally . ”
"Oh. ”
Open bag, withdraw cat .
Naturally, I'd been prepared for this risk from the very beginning, but Sasaki-san had certainly caught me off guard .
There hadn't been a single word about this in those documents from Kunagisa, so it had never been clear if I had been found out or not .
She continued staring straight ahead at the road as she spoke . “At any rate, please just relax,” she said as if she could see right through me . “That information hasn't gone beyond me yet . ”
“You?”
"Itu yang aku katakan . ” Her voice lacked intonation . Dan lagi there was a meanness to it . Yeah, somehow it was very reminiscent of mankind's greatest private contractor .

“I don't know what possessed you to break into Emotosan's room, but I suggest you exercise a bit more discretion in your actions . Consider this a piece of advice . ”
“Not a warning?”
“No, no, just advice . ”
But there was something very offensive about her wording . Granted, my actions had been totally rash, and her attitude was entirely justified, but still .
“Sasaki-san, I'm just asking, but . . . why hasn't that information gone beyond you 'yet'?”
“Well, I have my ways . I won't go into detail, but I just want you to realize that I have that advantage over you . Itu semua. But please be sure not to forget it . ”

All I could do was sigh . My shoulders slumped and the energy drained out of my body . This damn pattern again? Why were these the only kinds of people I ever met?
“Everybody I know is either extremely smart or has a terrible personality . They all had that same damn character . Hanya once I'd like to meet somebody who's nice . I don't even care if they're stupid . ”
“Well,” Sasaki-san said without even cracking a smirk . “I'm sorry to hear that . But I have no intention of forfeiting my position . ”
And we arrived at the Senbon Nakadachiuri intersection .
“Would you like to come inside?” I asked .
“I'm working,” she said . I didn't find this particularly unfortunate, nor did I think the opposite .
As a final thought, she opened her window . “What do you suppose x over y means?” she asked .

“Search me,” I said after a moment's contemplation . saya tahu she'd never be satisfied with this answer . But she simply nodded, closed the window, and took off in her car once again .
I stood there awhile, unmoving, then felt the sheer pointlessness of my inaction . I returned to the building, walked down the second-floor hall, and entered my room .
This quiet space .
Not a single sound .
Bukan satu orang.
A room Aoii Mikoko had twice visited .
Once I had set out yatsuhashi; once she had come with handmade sweet potatoes .
I wasn't much for sentimentality . I was no pessimist, antara . Nor was I a romanticist . Rather, I was a misguided trivialist .
“I guess I can't say this was a complete surprise,” I muttered .
“I won't say that . No, no I won't . ”
I recalled my conversation with Mikoko-chan from the previous day . A conversation we would never have again .
“It was all nonsense, huh?”
Let us hypothesize as to Mikoko-chan's feelings towards her killer . She probably wasn't resentful . Accusing, maybe, but that's it . That was the kind of girl I took her for .

There must have been something .
Something I should have said to her .
What was I really supposed to say to her yesterday?
“This is like crying over spilt milk,” I said to myself .
My terribly lukewarm soliloquy . I realized that this was
probably the kind of situation that usually makes people cry .
The person over my shoulder sure thought so .

Malam tiba.
Miiko-san visited my room looking concerned . “Eat this,”
she said, thrusting a bowl of rice porridge at me . She wore an
innocent expression, but her eyes were serious . Knowing her
gesture had come straight from the heart, I started to feel
guilty .
Christ . Just how many people had I caused extra grief by
sekarang?
“Thanks a lot . ” I scooped some up with the spoon Miikosan
had provided (there were only disposable chopsticks in my
place), and helped myself to a mouthful . She wasn't an especially
good cook, but this porridge was pretty tasty .
“Did something happen?” Miiko-san didn't ask . She never
asked that type of question . She was just the neighbor who
silently and protectively watched over me . A neighbor in the
truest sense . This was probably something entirely different
from true kindness, but she was a kind person all the same .
Come to think of it, hadn't Mikoko-chan given me the
same compliment? That I was kind?
“Mikoko-chan . . . she died,” I said without any introduction .
“I see,” Miiko-san nodded . She sounded like she didn't particularly
think much of it . “That night,” she said, “by which I
mean the night when the young girl stayed in my room, she
was strangely grouchy when she woke up the next morning .
At first I thought it was probably due to a hangover, but that
didn't seem to be it . ”
. . . .
“I asked her, 'How do you feel?' She answered, 'this is the
worst morning of my life . ' . . That's the whole story . ”
“That's plenty,” I said . “Thanks so much, Miiko-san . ”

“You really do lead a difficult life, don't you? The road you

walk is not steep, but it is shaky and brittle . And yet you're able to go on without slipping . You have my honest admiration . ”
“I slipped and fell through the cracks long ago . Tapi ini path has a sort of strange gravitational pull, and I'm clinging to the bottom of it now . ”
“Whatever the case may be, you're entering a crucial phase now,” she said, her voice deepening a bit . It almost sounded like a threat . “If you lose your grip now, you'll never make it . Everything you've endured and built up and worked for will spill right down the drain . You probably don't care either way, but just remember that your life isn't something you made all by yourself . Don't forget that there are those you have saved just by being alive . ”
“There are no such people . ” Perhaps there was too much self-loathing in my statement . Possibly as a result, Miiko-san gave me a pitying glance .
“You carry too much of a burden,” she said . “Don't think you can really affect people so much . Only the weak turn red when they cross paths with scarlet . As long as you can exercise their own judgment, you're less easily influenced by others . Your existence isn't such an annoyance to others . ”
“Mmm, maybe not . ”
It was just extreme self-consciousness in the end .
Whether I was alive or not made no difference .
Even if there were a murderer in my midst, the world would go on .
“Still, I'm sure there are those who love you . Ada those who have unconditional affection for you, that much is certain . That's part of the world's cycle . You may not under-

stand it now, but remember what I say . There will come a time when you understand . At least stay alive that long . ”
Those with unconditional affection for me .
Today, one of them had died .
So then how many people were left?
“I won't tell you to cheer up . That's a problem for you to sort out on your own . Just know that that young girl's death wasn't your fault . I can guarantee you that . I don't have any basis for my belief, but I feel sure of it all the same . . . Itu who die just die . ”

"Tapi. . . it's like I killed her," I said .
"Apakah kamu?"
"Well, no, but if . . . "
Jika.
If I hadn't left her alone in her apartment, if I hadn't gone home, or if I had just brought her with me, things would have turned out differently .
"And I say you're taking on too much of a burden . Apakah kamu realize the pointlessness of such thoughts?"
"Iya nih . But Miiko-san, I still had something left to tell her . "
That one last thing .
I hadn't yet told her that one last thing .
"It's useless to regret what's done and gone . That's all I can say . " Her gaze wandered just a bit . "Also, I forgot to tell you this morning . Suzunashi sends a message . She told me to make sure I told you . "
"It's from Suzunashi-san?"
Dia mengangguk . I sat up straight . It wasn't like Suzunashi-san was in the room or anything, so I knew there was no need to do so, but something about that name just made me reflex-

ively fix my posture . Something about that Suzunashi Neon character .
Miiko-san opened her mouth . "There are two types of people—those who are frightening because you don't know what they'll do, and those who are frightening because you do know what they'll do . But you're not very frightening at all, so you don't need to worry about such things . "
"Aku akan mengingatnya. "
"Make sure you do . She said she'll come visit from Hiei next time, so let's all go out for lunch . I think she wants to give you a good lecture . "
"Well, you had me up to the lecture . But I'm definitely okay with lunch . Adil. . . "
"Hmm?"
"Oh, tidak ada apa-apa. Thanks a lot for the food . "
I returned the porridge bowl to her . She took it, said good night and left my room . The word Impermanence was written on the back of her jinbei . It was the second time I had seen this one .

"Serius. . . ” I mumbled to myself . This was a troublesome existence . Maybe it was about time I had a day-long lecture from Suzunashi-san .
Tapi
“But I really don't want to go to that restaurant again for a sementara . . ”
When would this mind-over-matter business be over?
Saya tidak tahu.

Bunuh setiap tersangka, mulai dari satu ujung.
Yang tertinggal adalah pelakunya.
Tiga hari kemudian, hari Rabu, tanggal 25 Mei. saya bangun pukul sebelas lima puluh pagi.
"Kurasa akan curang untuk mengatakan ini masih pagi, ya?"
Saya bangkit dari tempat tidur dengan perasaan yang cukup buruk. Akhir-akhir ini seperti
ini setiap hari. Saya tidak bisa bangun di waktu normal sama sekali lagi.
Saya kira Anda bisa mengatakan tubuh saya telah menolak ide . Tentu saja, begitu saya ketiduran, saya tidak bisa masuk suasana hati untuk menghadiri kelas, dan jika saya tidak berminat untuk menghadiri
kelas, tidak ada alasan untuk itu.
Dan dengan demikian memulai hari kelima saya langsung bolos sekolah
sejak Kamis pekan lalu. Untuk mahasiswa baru sudah melakukan ini pada bulan Mei, tidak aneh jika saya akhirnya melakukannya
untuk mengulang tahun pertama saya. Saya menyadari ini, tetapi saya tidak terlalu
menentang gagasan itu. Tidak ada yang keberatan — aku bagaimanapun, membayar sekolah saya dengan uang saya sendiri.
. . .
Sejak kejadian baru-baru ini, Sasaki-san datang berkunjung Senin dan Selasa dengan Kazuhito-san di belakangnya. Dia membuat sejumlah pertanyaan terperinci tentang Mikoko-chan

pembunuhan, dan sebagai imbalan atas jawaban saya, memberikan

beberapa informasi
informasi yang tampaknya vital.
Dia memberitahuku bahwa waktu kematian Mikoko-chan sudah telah dipersempit menjadi antara pukul sembilan tiga puluh dan sepuluh.
Mereka juga telah mengkonfirmasi tanpa keraguan bahwa dia memang benar
dibunuh oleh pencekikan dengan kain tipis, dan itu adalah
jenis kain yang sama dengan yang digunakan dalam pembunuhan Tomo-chan.
Dari sini polisi telah menentukan bahwa pembunuh yang sama bertanggung jawab atas kedua pembunuhan itu.
" Yang berbeda dari kasus Emoto-san adalah Aoii-san
tampaknya telah dicekik dari depan. ”
"Dari depan?"
"Iya nih . Emoto-san dicekik dari belakang. Kau bisa beritahu oleh bentuk tanda. ”
"Dengan kata lain, Mikoko-chan melihat pembunuhnya?"
"Itu mungkin," katanya, tanpa emosi. Itu mungkin
tidak membuat perbedaan baginya apakah yang meninggal itu melihat wajah si pembunuh atau tidak. Itu tentu sudut pandang yang rasional.
Dia juga membahas alibi dari berbagai pihak yang terlibat.
Muimi-chan keluar jalan-jalan dengan adik perempuannya (bernama Muri-chan, seolah-olah). Akiharu-kun tidak punya alibi Dan tentu saja, aku bersama Miiko-san. Tapi kita bertiga memiliki alibi ketika Tomo-chan terbunuh, jadi tidak ada dari kita benar-benar tersangka utama, sehingga untuk berbicara.
“Saya pribadi tidak setuju, tapi sepertinya pukulan besar di lantai atas
sedang mempertimbangkan kemungkinan bahwa ini hanya perampokan
menjadi serba salah, atau mungkin beberapa penguntit yang terlalu jauh. ”
"Jika salah satu dari itu adalah masalahnya, tidak akan ada beberapa insiden. Terlalu aneh untuk menjadi kebetulan, dan

selain itu, tidak ada yang dicuri, kan? Tidak ada
tanda-tanda perjuangan, juga. ”
"Aku tahu . Hanya saja keduanya tidak memiliki 'musuh'

akun untuk itu menjadi kasus dendam sederhana. Saya kira itu akan terjadi
satu hal jika itu semacam 'musuh dunia' –
tapi kemudian kita akan memiliki pembunuh tanpa pandang bulu lain seperti
pencuri ”
Ngomong-ngomong, kasing terhenti.
Jumlah korban belum melebihi dua belas. Di lain
kata-kata, sejak bertemu Aikawa-san, Zerozaki tidak punya
mengambil korban baru. Dia mungkin tidak berada di Kyoto lagi
lagipula, sama seperti Aikawa-san dan aku sudah bicarakan. Bukan saya
bahkan yakin dia masih di Jepang. Kemudian lagi, jika saya telah membuat
Musuh Aikawa-san, aku mungkin akan melarikan diri ke Selatan
Tiang. Atau luar angkasa, datar.
"Tetap saja, ada sesuatu yang aneh terjadi," kata Sasaki-san.
"Aneh? Apa?"
“Kamera pengintai. Apartemen itu diawasi
kamera diatur sebagai tindakan pencegahan kejahatan. Anda bilang begitu
dirimu sendiri terakhir kali. ”
"Benar. ”
“Tapi di video kamera, tidak ada satu orang pun
yang tampak seperti tersangka. ”
"Apa artinya?"
“Persis seperti apa itu. Kami memeriksa semua kaset dari
saat Aoii-san pulang ke rumah — atau lebih tepatnya, ketika kamu membawa
rumahnya — pada pukul sepuluh tiga puluh, tetapi satu-satunya orang yang muncul adalah
penghuni bangunan lain dan Anda, mulai dari saat Anda
muncul sore berikutnya. ”

Apa artinya itu? Adalah seluruh bangunan apartemen, di
Intinya, ruang terkunci? Benar-benar lelucon. Itu terlalu tidak realistis.
Tetapi sekali lagi, jika itu adalah fakta, kritik semacam itu tidak ada artinya.
"Tapi kamera di lorong harus memiliki titik buta

suatu tempat, "kataku.
"Iya nih . Kami mencobanya. Dimungkinkan untuk mencapai kamar Aoii-san
tanpa memasuki bidang tampilan kamera. Batang pohon
jenis kamera putar seperti ini, lihat. Tapi itu hampir mustahil
tanpa mempraktikkannya sebelumnya sedikit, dan bahkan
maka, peluang Anda untuk sukses akan relatif rendah. Mengapa
apakah seseorang akan menghadapi semua masalah? "
"Yah, bagaimana jika mereka tidak melakukannya? Bagaimana jika mereka datang dari
Beranda atau sesuatu? ”
"Tidak memungkinkan . Itu terlalu tinggi dan terlalu berisiko. Apapun
nilai. . . "Dia menghela napas kelelahan yang sepertinya tidak terlalu
karakteristiknya. "Saya pikir ini akan berubah menjadi perang gesekan, "katanya.
Dia mungkin sudah berada di tengah-tengah.
“Perang gesekan. . . ”
Tetapi tidak peduli berapa banyak informasi baru yang dia inginkan
untuk mengungkapkan, saya sudah berhenti memikirkan string ini
insiden. Tentu saja saya tidak berada pada tingkat pencerahan yang begitu tinggi
bahwa aku bahkan tidak punya pikiran sepersekian detik
tentang hal itu lagi, tetapi saya setidaknya setengah berhasil
menekan bagian diriku.
Sebaliknya .
Sebaliknya, saya berharap kebenaran di balik insiden itu
tidak akan pernah terungkap. Saya tidak ingin punya apa-apa
lebih banyak hubungannya dengan itu, dalam bentuk apa pun.
Tapi itu tidak mungkin. Sasa Sasaki-san adalah seorang detektif
kecemerlangan yang tak terukur. Ini menjadi jelas melalui saya

beberapa percakapan dengannya hingga sekarang. Jelas bagaimana dia
dan Aikawa-san bisa menjadi teman. Tidak akan lama lagi
Aikawa-san mengungkap kebenaran. Mungkin dia tidak akan mengerti
setiap detail kecil, tetapi cukup untuk membentuk cerita yang konsisten.

Dan dengan demikian tidak perlu bagiku untuk berpikir lagi.
Atau lebih jelasnya, saya sudah bisa melihat sebagian besar
fakta. Satu langkah lagi dan saya akan membayangkan seluruh gambar
keluar, dan itu adalah satu langkah yang tidak ingin saya ambil. Tidak juga
Saya merasa seperti mengutuk penjahat. Saya telah melangkah sejauh ini
masuk ke kamar Tomo-chan dan meminta kamar Kunagisa membantu, dan di sini aku siap menyerah, pergi
hal-hal yang belum selesai seperti babon tanpa pantat.
Tapi sejujurnya, hanya itulah saya. Setengah matang sepanjang jalan.
Saya tidak pernah berjuang. Saya tidak pernah menunjukkan antusiasme
untuk apa saja.
"Baik . . . "Aku mengulurkan tubuh saya, mengambil napas dalam-dalam,
dan beralih saluran di otak saya. "Mungkin aku harus membayar Tomo berkunjung untuk perubahan. ”
Sebagai penutupan total, pada dasarnya dijamin
dia akan pulang, jadi aku tahu itu tidak akan membuang-buang waktu
hanya pergi ke sana sekarang. Dia mungkin tertidur, mengingat
itu sore, tetapi saya tidak peduli. Itu akan berfungsi sebagai yang baik
kesempatan untuk memberinya bicara keras untuk menjual saya Aikawa-san.
Selain itu, bersamanya pasti akan menghiburku.
Dengan keputusan itu, saya berganti pakaian dan menempelkan baju saya
ponsel masuk ke sakuku. Saya berdebat dengan diri saya sendiri untuk sementara waktu
apakah saya harus meminjam Fiat Miiko-san, berjalan, atau naik
sepeda saya, tetapi akhirnya saya memutuskan untuk berjalan. Rasanya seperti
hari yang baik untuk berjalan. Tentu saja, itu butuh tiga yang bagus
berjam-jam, tapi itu belum tentu buruk.

Saya meninggalkan kamar saya, terkunci, dan keluar dari gedung.

Itu bagus. Akhir-akhir ini memang lembab, tapi hari itu
sangat kering dan segar. Saya berpikir tentang betapa menyenangkannya itu
akan terjadi jika cuaca selalu seperti ini, tetapi bahkan aku tidak yakin bahwa maksud saya “selalu. ”
"Hah?"
Setelah berjalan sebentar, saya melihat seseorang yang akrab. saya tidak ingat siapa, tapi itu pasti seseorang yang akrab.
Siapa itu? Rasanya seperti kita pernah bertemu sebelumnya, tetapi. . .
Dia mengenakan busana jalanan dengan rambut cokelat muda
dan wajah seorang playboy. Dia berjumlah besar secara tidak normal
tas yang meninggalkan kesan kuat, tapi itu cocok untuk
busana jalanannya.
Saya selalu bertanya-tanya mengapa street fashion terlihat sangat buruk
Orang Jepang . Itu tidak terlalu banyak sehingga tidak cocok untuk mereka; saya t
hanya saja itu selalu membuat mereka terlihat seperti berpose.
Saya kira Anda bisa menyebutnya sebagai sifat nasional.
Selain itu, siapa di dunia ini?
Setelah memperhatikan saya, dia berlari ke arah saya. "Yo!"
Katanya santai.
"Halo," jawab saya, tapi tentu saja saya masih tidak ingat
dia. Saya tahu dia adalah seorang mahasiswa Universitas Rokumeikan, tetapi saya
tidak ingat mengenal orang seperti ini.
"Bagaimana kabarmu? Maaan, saya tidak tahu tempat ini terlalu baik.
Anda tahu, geografi 'n sial. Saya benar-benar tersesat. ”
"Ahhhh. . . ya, ”aku berimprovisasi. “Ya, hal-hal itu pasti terjadi ”
“Mulai datang ke sekolah lagi, bung. Saya harus datang semua
jalan keluar di sini. Maksudku, aku tahu kau terkejut dengan keseluruhannya
Aoii, tapi bung, akhirnya kau harus mengulangi
tahun. Orang-orang akan memanggilmu 'Naga Ganda' dan tidak peduli. ”

Aoii? Apakah dia baru saja menyebutkan Aoii?
Oh benar Oke .
"Akiharu-kun, kan?"
"Whoa. Apa-apaan ini? Jangan bilang kamu baru saja menemukan itu keluar. ”
Akiharu-kun tertawa riuh dan riang. Saya merasa seperti meskipun dia bisa melihat menembus diriku dan hanya memikirkan Itu membuatku berkeringat dingin.
"Maksudmu, kamu datang menemui saya?"
"Itu yang aku maksud . Hanya beberapa bisnis kecil. Ayolah, ikuti aku . ”
Dia mulai berjalan. Penjelasannya tidak terlalu meyakinkan, tapi aku pergi dan mengikuti dia seperti yang diceritakan. Di sana saya
adalah, hanya mengikuti arus lagi.
"Kemana kita pergi?"
"Kuil Kitanotenman. Itu diparkir di sana. ”
"Apa yang diparkir di sana?"
"Itu kejutan," katanya dengan senyum yang tidak cukup duduk denganku. "Astaga, aku tahu kamu pria yang muram, tapi wajahmu sekarang seperti gloomathon yang lengkap. ”
"Kamu, di sisi lain, tampak ceria. ”
"Ya kamu tahu lah . Itu seperti, ada hal Emoto,
kanan? Seperti itulah yang membuatku tegar. Mungkin aku masih belum usai
kejutan itu. Sobat, hidup pasti suka damai saja ya, ya? ”
Itu cara yang sangat santai untuk mengatakannya, tapi aku punya perasaan
dia mencoba menertawakan sesuatu. Apa itu? Saya merenung ini sejenak, tetapi muncul dengan tangan kosong.
"Akiharu-kun, bukan Gen. Ed. kelas baru mulai? Seharusnya kamu benar-benar berada di sini hanya bermain-main seperti ini? "
"Ah, terserahlah. Saya tidak peduli dengan sekolah lagi, ”katanya tertawa. “Aku hanya ingin mendapatkan bantuan ini agar aku bisa

santai lagi. Biarkan orang mati beristirahat, kau tahu? Lagipula, aku benci itu
Pria inosen, jadi aku bukan penggemar berat Gen. Ed. ”
Ngomong-ngomong, itu adalah kependekan dari Inokawa-sensei.
"Sangat? Saya pikir dia pria yang cukup baik. ”

“Yah, saya pikir ada perbedaan antara yang baik dan yang benar. Bukan hanya masalah waktu saja. Orang itu selalu
mencoba untuk memaksakan kepercayaannya pada orang lain, apakah saya benar? Nya
hal semacam itu, bung. Saya tidak suka itu. Maksudku, kurasa tidak munafik atau apapun, tapi. . . eh, kira-kira seperti itu. ”
"Hah. ”
"Lagipula, aku tidak akan kehilangan kredit hanya untuk melewatkan
kelas beberapa kali. Sekolah kami gampang sombong. Mereka bilang
itu terkenal karena membiarkan kamu lulus kelas dengan mata tertutup. Jumlah
dua di seluruh Kansai. ”
Di mana nomor satu? Saya mulai bertanya, tetapi saya memotong saya sendiri. Semakin sedikit saya tahu tentang itu, semakin baik.
Kami tiba di Kuil Kitanotenman dalam waktu lima menit.
Meskipun menjadi harta nasional, sesuatu tentang itu
kedekatannya dengan rumah membuatnya jauh lebih sulit untuk dihargai, dan ini
sebenarnya adalah pertama kalinya saya menginjakkan kaki di tempat itu.
"Lewat sini, lewat sini," kata Akiharu-kun, membawaku ke tempat parkir . “Ini dia, teman. ”
Dia menunjuk dengan bangga ke Vespa putih. Itu vintage
model . Aku melirik ke piring dan melihat bahwa ini ada di dalam
Bahkan, Vespa yang dulu milik Mikoko-chan, aku
telah naik ke rumahnya pada hari itu.
. . . .
"Oh ya, dan ini. "Dia menyerahkan kuncinya padaku saat aku berdiri
di sana, terperangah. Dia mengeluarkan helm dari tasnya dan
memberikan itu padaku juga. Saya pikir itu mencurigakan

tas besar, tapi siapa yang mengira ada helm di dalamnya?
“Akiharu-kun, ini. . . ”
“Kamu menyebutnya apa lagi? Distribusi harta?
Itu semua ini. ”
"Maksudmu . . . Saya bisa menyimpan Vespa ini? "
"Ya . Anda menyukainya, kan? ”Katanya dengan santai. Dia telah

duduk
mundur di kursi Vespa. Dia mengeluarkan tawa kekanak-kanakan. “Aoii
mengatakan Vespa adalah satu-satunya hal yang membuat Anda tersandung
alarm. ”
“Hei, itu tidak benar. . . tetapi apakah itu benar-benar baik-baik saja? Maksudku, ini
semuanya sangat berharga. Bukankah seharusnya kita memberikannya kepada keluarganya
atau seseorang? "
"Kami mendapat izin. Jangan khawatir. ”
“Tapi, maksudku, hanya aku. Kita baru saja bertemu . ”
“Aku memberitahumu, tidak apa-apa. Ini adalah kehendak Aoii. Dia sebenarnya
akan, maksud saya. Lucu bagaimana kedua kata itu terdengar sama, ”katanya
kata kontemplatif. “Ngomong-ngomong, itu yang terjadi. ”
"Apa maksudmu, dia 'akan'?"
“Oh, bisa dikatakan, beberapa waktu lalu — minggu lalu, mungkin — dia
mengatakannya. Jika sesuatu terjadi padanya, jika dia terbunuh Emoto, aku harus memberinya Vespa untuk Ikkun. Dia mengerikan, kawan. saya
menginginkan hal ini juga. Saya mengatakan itu padanya, dan Anda tahu dia
kata? 'Tidak . Matilah . Lebih buruk lagi, ditayangkan. "Apa-apaan ini?
orang itu? Kami sudah berteman sejak SMA. ”
"Jika sesuatu terjadi padanya?" Sesuatu? Jika apa yang terjadi padanya? "Apa artinya?"
"Yah, aku tidak tahu. Aoii adalah Aoii, kawan. Dia pasti memikirkan hal-hal, bagaimana dengan Emoto terbunuh dan semuanya.
Tapi aku yakin dia tidak benar-benar berpikir dia akan menjadi yang berikutnya, itu untuk
yakin . ”

Tidak . . . Anda salah .
Itu memiliki makna yang lebih dalam dari itu.

Anda benar-benar tidak memperhatikan?
“Pokoknya, ambil saja. Anggap saja sebagai hadiah darinya. ”
"Ya saya kira . ”
Saya bermain dengan kunci di telapak tangan saya, lalu diisi
itu ke sakuku.
“Dapatkan asuransi Anda sendiri. Saya tidak tahu banyak tentang itu
melamar Ahhhhh. . . "Masih mengangkangi Vespa, dia menggeliat
lengannya ke atas ke langit. Dia memberi dirinya peregangan yang baik,
lalu membungkuk lemah ke kursi. “Banyak hal telah terjadi
gila ”
"Ya. “Saya sangat setuju. "Bagaimana kabar Muimi-chan
perbuatan?"
"Ohhh, dia. Dia mengerikan, bung. Ini mungkin cara yang buruk
taruh, tapi. . . jujur, saya tidak tahan melihatnya, "katanya,
mengalihkan pandangannya dariku.
Mungkin dia memikirkan Muimi-chan, mungkin tidak. Antara
cara, kata-kata ini telah mengungkapkan bahwa di bawahnya yang ringan,
sikap kasual memberikan belas kasihan yang tulus terhadap orang lain.
Menarik; jadi dia tipe pria seperti itu. Layak
manusia bahwa dia bahkan tidak bisa mengakuinya sendiri.
Percaya dia bukan sesuatu yang istimewa, dia menyembunyikan nilai-nilai aslinya
di bawah topeng anak nakal. Dia domba di serigala
pakaian .
Kebalikan dari serigala berbulu domba—
seperti saya .
“Setelah itu terjadi — kematian Aoii, maksudku — aku pergi
sekali di sana. Ke tempat Atemiya. Itu di tengah
Senbontera-no-uchi. Bagaimanapun, dia bahkan lebih tertekan
daripada Aoii ketika Emoto meninggal. Eh, tapi apa yang bisa kamu tahu

pect? Keduanya adalah tunas dari jalan kembali pada hari itu. Maksudku,
mereka tumbuh bersama. ”
"Dia seburuk itu?"

"Sobat, kau seharusnya melihat cara dia menatapku. Saya,
pria . Maksudku, ayolah. Di mana dia datang memelototiku
seperti itu? Dan dia tidak makan. Mungkin juga tidak tidur.
Jika kita biarkan saja dia, saya pikir dia akan mati. aku ingin melakukan sesuatu
untuknya, tapi. . . itu seperti, apa yang bisa dilakukan pria sepertiku
mengatakan? Saya hanya mengenal Aoii sejak sekolah menengah. Kami tidak pernah seperti itu
dalam. "Sementara itu, saya hanya mengenalnya sebentar
perguruan tinggi. Bahkan jika itu tidak terjadi, saya tidak punya kata untuk
Muimi-chan. “Dia akan berakhir membantai siapa pun yang melakukannya
ini ”
"Muimi-chan?"
"Ya. Maksudku, aku tidak akan melupakannya. Begitulah caranya teman, kan? ”
"Tapi dia masih melakukan kejahatan, bahkan jika dia adalah korbannya
adalah seorang pembunuh. ”
“Ya tentu. Anda benar tentang itu. Tetapi jangan hal-hal ini
terjadi? Seperti, bukankah ada saat-saat di mana Anda hanya membuang semuanya
hukum masyarakat dan akal sehat bagi angin? "
“Lempar mereka. . . ”
"Ya. Maksud saya, itu hanya momen, seperti flash.
Kemudian Anda kembali ke akal sehat Anda. Tapi itu tidak pernah cantik.
Hmm, tapi hal seperti itu tidak pernah terjadi pada pria sepertimu,
ya? ”katanya dengan rasa percaya diri yang aneh.
"Maksud kamu apa?"
“Maksudku, kamu sudah terlihat seperti membuang segalanya ke
angin sepanjang waktu, "dia terkekeh, menunjuk ke arahku. "Heh,
tapi aku hanya mencuri garis Aoii. Katakan, apakah itu akan mengganggu Anda jika saya
berbicara tentang Aoii? "

"Tidak terutama. ”
"Kalau begitu, kumpulkan ', sobat. Saya merasa ingin

membicarakannya
dia, ”katanya. “Rupanya dia cukup yakin dari dulu
waktu dia pernah melihatmu. "Aku mungkin akan jatuh cinta pada pria itu," katanya
kata. . . . Anda sudah tahu dia punya sesuatu untuk Anda, bukan? ”
“Bisa dibilang begitu. ”
“Sejujurnya, saya tidak benar-benar mendapatkannya saat itu. Itu aneh
mengatakan ini sebagai temannya, tapi dia sangat diinginkan perempuan Maksudku bukan dia i. Itu tidak ada hubungannya dengan seorang gadis yang diinginkan. Gadis cantik hanyalah gadis cantik. ”
"Apakah kamu tidak suka gadis-gadis cantik?"
“Aku benci mereka. Mereka selalu terlihat seperti sedang merencanakan sesuatu. ”
Kelihatannya itu bukan kesalahan gadis-gadis cantik bagiku,
tapi aku tidak repot mengganggu.
"Tapi dengan dia, yah. . . bahkan jika dia merencanakan sesuatu, dia akan selalu menumpahkan nyali tentang hal itu. Dia membiarkan semuanya
emosi menunjukkan. Tidak ada bagian depan dan belakang untuknya. Dia
lebih seperti selotip dua sisi. ”
Saya tidak benar-benar mengikuti analoginya.
“Aku belum pernah bertemu orang seumur hidupku yang memiliki isi perut
terkena sebanyak yang dia lakukan, dan itu termasuk kembali sekolah dasar. Saya pikir dia pasti idiot atau semacamnya pertama Adakah yang akan, melihat seseorang seperti itu, kan? Kamu
pikirkan, 'Ah, bung, ada apa dengan cewek ini ?!' ”
"Aku setuju. ”
"Ya, tapi dia tidak bodoh. Dia juga bukan sebuah parit. Saya t bahkan bukan karena dia belum dewasa secara emosional atau bahwa dia
memiliki IQ rendah atau semacamnya. Dia sebenarnya cantik tajam dan pintar, dengan caranya sendiri. ”
“Aku juga setuju dengan itu. ”

“Segera setelah saya menyadari semua ini, saya merasa cemburu,

jujur saja. saya
Maksudku, aku tidak bisa melakukan itu. Kedengarannya cukup sederhana hanya untuk bisa
menangis ketika Anda ingin menangis, tertawa ketika Anda ingin tertawa,
tetapi orang-orang seperti kita, kita tidak bisa melakukannya. Kami bertindak keras atau berlaku aneh
logika untuk semuanya. Pada dasarnya kita semua bengkok. Itu sebabnya
Aoii sangat beruntung; dia bisa marah jika ada yang buruk
terjadi . Dia bisa menikmati dirinya sendiri untuk kesenangan hatinya jika
sesuatu yang baik terjadi. Tetapi saya bahkan tidak bisa mengakui
kecemburuanku sendiri. Itu hanya berubah menjadi kemarahan. ”
"Apakah tidak ada kelas pada hal semacam itu?"
"Ya. Teori sesuatu-atau-pendidikan lainnya pendidikan. Saya mengambil
itu juga. Apa yang mereka katakan lagi? Modem youth kurang memadai
kosa kata? Saya pikir itu cukup benar. Kami tidak punya
kata-kata yang cukup untuk mengekspresikan diri kita sendiri, jadi kita bahkan tidak tahu
apa yang membuat kita marah. Bahkan ketika kita benar-benar sedih,
kita bilang kita kesal. Tapi Aoii berbeda. Dia mengungkapkan
persis apa yang dia rasakan. ”
"Kau yakin punya banyak hal baik untuk dikatakan tentang dia," aku
kata se pasif mungkin. "Akiharu-kun, bukankah kamu pernah
mempertimbangkan pacaran dengannya? "
Dia tertawa kecil, tetapi ekspresinya sebaliknya
tidak terbaca “Yah, bagaimanapun juga, aku laki-laki, jadi aku tidak akan mengatakannya
Saya tidak pernah memiliki perasaan seperti itu. Terutama karena saya masih jantan
siswa sekolah menengah ketika kami bertemu. Dan saya tidak percaya pada boygirl
persahabatan saat itu. ”
“Ah ya, aku pernah mendengar tentang orang-orang seperti itu. ”
Tapi saya juga tidak benar-benar percaya bahwa persahabatan

sesama jenis
mungkin juga.
"Tapi sebenarnya tidak begitu dengan dia, sebenarnya. Ini berjalan untuk Atemiya dan Emoto juga, tapi sepertinya, kamu melihat mereka

dan mereka pasti mudah di mata, tapi rasanya seperti. . . kamu
Hanya saja, jangan merasakan api, atau seperti, Anda layu. ”
“'Layu' adalah cara yang bagus untuk menjelaskannya. Saya tidak bisa mengatakan saya tidak mengikuti
Anda pada itu. ”
"Kanan? Jadi begitulah dengan dia. Lagi pula, dia seorang
gadis yang baik. Emoto juga, tapi dia selalu memiliki jarak seperti ini
tentang dia . Bukan karena kesalahannya, tapi tetap saja. ”
“. . . ”
"Baiklah . Saya menyukai Aoii, selain perasaan romantis. Saya t tidak seperti saya akan berusaha untuk membuatnya
senang, tapi aku tidak ingin melihatnya tidak bahagia. Saya tidak akan membiarkannya
terjadi Jadi ketika dia jatuh cinta pada seseorang, saya harus membantu,
kamu tahu? ”
"Hah. ”
"Kau itu 'seseorang,' kawan. ”
"Ya aku tahu . Dia memberi tahu saya sendiri. ”
"Oh," dia mengangguk. "Dengar, aku tidak tahu apakah aku harus mengatakannya
ini . . ”
"Kamu tidak harus mengatakan apa pun yang tidak kamu inginkan. ”
"Tidak, aku harus. Hanya saja pada awalnya, saya menentangnya. Tidak
hanya aku — Atemiya dan Emoto juga. Terutama Emoto. Dia
luar biasa kesal tentang hal itu, mengatakan hal-hal seperti 'siapa pun kecuali dia. '
Dia bahkan mengancam akan memotong Mikoko-chan jika dia mengejarnya
kamu . ”
“Jadi kalian tidak menyukaiku. ”

"Kamu tidak terkejut?"
"Aku terbiasa tidak disukai. Sebaliknya, itu sedang
suka itu aneh bagi saya. ”
"Oh. Tapi kami sebenarnya tidak membencimu. Kami baru saja melakukannya
bahkan berbicara dengan kamu. Tapi masalahnya adalah — saya masih merasa seperti ini sekarang,

walaupun tahu kamu pria yang baik, tapi masalahnya, hanya ada sesuatu yang aneh tentangmu. ”
“. . . ”
"Seperti kamu bisa dengan mudah membunuh seseorang. ”
"Hei sekarang, jangan gila," kataku.
"Jangan salah paham, kawan, aku tidak bilang kau memang membunuh
seseorang, tapi itu seperti kamu bisa membunuh seseorang, dan kamu hanya
menekannya sepanjang waktu dengan wajah yang benar-benar lurus.
Apa yang Anda kumpulkan di perut Anda akan membutuhkan waktu sepuluh hari
orang-orang seperti saya tersedak. Sepertinya Anda hanya berpura-pura
untuk menjadi manusia. ”
"Ya ampun. ”
Saya menjawab setenang mungkin, tetapi di dalam hati saya
bersiul. Jika saya memiliki koordinasi, saya akan bertepuk tangan dan
memujinya juga. Menjadi sangat teliti dalam sedikit
waktu sebulan adalah pengalaman yang sepenuhnya baru bagi saya.
Tidak heran dia dan Tomo-chan berteman.
“Tapi Aoii benar-benar keras kepala tentang semua ini. Dia
tidak punya niat untuk menyerah pada Anda, jadi kami menyerah. Tapi kita
mengatakan padanya untuk membiarkan kami melakukan tes. Anda tahu, untuk melihat apakah ini Ikkun
karakter itu benar-benar tepat untuknya. ”
"Itukah yang dimaksud dengan pesta ulang tahun itu?"
"Kamu menebaknya. Maksud saya itu benar-benar ulang tahun Emoto dan

semua, tapi tetap saja. "Dia mengerang berlebihan dan membungkuk
maju “Tapi ceritanya baru saja terputus ketika seseorang meninggal. Bahwa
berlaku untuk Emoto dan Aoii keduanya. ”
"Akiharu-kun," kataku, dengan sengaja memotong intonasi
keluar dari suaraku. "Kamu pikir siapa yang membunuh Mikoko-chan?"
"Seperti aku akan tahu. Saya bahkan tidak ingin tahu. Jika saya menemukan
keluar, aku akan akhirnya membenci, membenci siapa pun itu. Tetapi saya tidak melakukannya

seperti membenci orang dan menyimpan dendam dan barang-barang. Benar-benar
Menyebalkan, kawan, maksudku, apa aku benar? ”
"Hah. "Aku mengunyah kata-katanya di kepalaku untuk sementara waktu dan
mengangguk pelan. "Ya kamu benar . ”
Menarik. Jadi Akiharu-kun hidup dengan caranya sendiri. Bagaimana dengan saya? Ketentuan apa yang harus saya terapkan kehidupan?
Aku merasakan mata seseorang menatapku dan berbalik. Satu-satunya
orang-orang di sana adalah turis dan sekelompok siswa di sebuah lapangan
perjalanan.
"Hah? Ada apa? "Tanya Akiharu-kun.
"Oh, tidak ada apa-apa. Rasanya seperti seseorang memperhatikan saya. ”
"Hmm. Mungkin hanya imajinasi Anda. ”
"Ya, mungkin . Tapi belakangan ini aku pernah merasakan itu sekali sebentar ketika saya meninggalkan apartemen saya. ”
“Mungkin itu hantu Aoii atau apalah. ”
"Ya, bisa jadi. Ya Mungkin . ”
Dia mungkin hanya bercanda, tapi bagiku, ada kebenaran untuk itu kata-katanya .
"Hup," erangnya sambil melompat turun dari Vespa.
“Yah, itu obrolan yang cukup untuk hari ini. Lagi pula, itu ada di Anda

tangan . '
“Ya, aku akan membereskannya. ”
"Pastikan kamu melakukannya. Ini kenang-kenangan Aoii. ”
"Ya. Saya akan menyebutnya Mikoko. ”
"Ahh," Akiharu-kun mengerang, "Kurasa sebaiknya kau tidak," dia kata. "Anda tidak harus melampirkan nama pada kendaraan. Itu tidak perlu
sentimentalitas. ”
“Jika itu adalah kenang-kenangan, itu akan menjadi sentimental. ”
"Ah, mengerti. " Dia mengangguk . "Tapi jangan menyebutnya Mikoko. ”
Dia berbaring sekali lagi. "Ahhh. Yah, saya sudah meninggal

Vespa, saya sudah mengatakan bagian saya tentang Aoii; Aku bisa mati bahagia
sekarang . ”
"Hah?" Sesuatu tentang kalimatnya mengganggguku. SEBUAH semburan kecurigaan melompat dari lidahku, tetapi aku mengajukan pertanyaan
bagaimanapun juga. "Maksudnya apa? Kamu berhasil
terdengar seperti Anda sedang dalam perjalanan ke akhirat atau sesuatu. ”
"Ha ha ha . Nah, hanya saja. . . "Mulutnya melengkung ke senyum kekalahan, atau mungkin pengunduran diri. "Aku hanya berpikir aku mungkin akan menjadi
yang berikutnya yang terbunuh. ”
"Bagaimana apanya?"
“Itu artinya seperti apa rasanya. Atau mungkin tidak
berarti apa-apa. Pokoknya, sampai jumpa lagi, ”katanya tanpa memberi saya jawaban langsung. Dia melambaikan tangan ke arahku, berbalik
punggungnya di Kuil Kitanotenman, dan mulai berjalan. saya berpikir untuk menghentikannya, tetapi memutuskan menentangnya sebelum mengatakan
apa saja.
Aku menghela nafas.
Vespa yang diwariskan.
Saya bertanya-tanya apakah itu benar-benar oke untuk menggunakannya, tapi entah bagaimana saya
tahu bahwa jika saya tidak melakukannya, tidak ada yang mau. Itu

pasti akan membuat
hidup lebih nyaman. Dan saya tidak perlu meminjam Miikosan
Fiat sama banyaknya. Mungkin itu yang dimiliki Mikoko-chan
berharap selama ini.
Ada sesuatu yang agak lucu tentang gagasan itu. Hanya
sedikit .
“Kurasa aku harus membeli sendiri tempat parkir. ”
Saya tidak tahu bagaimana itu dilakukan. Memutuskan aku harus
bertanya
Miiko-san tentang hal itu, saya pulang.

Wah Apakah itu Mikoko-chan di sana?
Yup, benar juga. Lama tidak bertemu, Ikkun.
Uhhh, oh. Saya mengerti . Ini mimpi.
Ahaha. Anda menangkap cepat, Ikkun. Saya kira itu tentang apa
yang Anda inginkan
harapkan dari seorang realis. Atau apakah Anda seorang
romantisis? Atau mungkin Anda
seorang klasik. Setengah setengah, mungkin. Dan Anda sepertiga
pesimis.
Saya tidak yakin itu bertambah.
Benar
Hei, kamu bukan benar-benar Mikoko-chan, kan?
Ups. Saya ketahuan . Nah, menurutmu siapa aku?
Mengalahkan saya. Siapa?
Kamu putuskan . Lagipula itu adalah impianmu.
Oke, kamu Tomo-chan, kalau begitu.
Mengapa kamu berpikir begitu? Anda mungkin salah. Saya bisa
menjadi Kunagisasan
atau Aikawa-san atau Muimi-chan atau Akiharu-kun atau Miiko-san
atau
Suzunashi-san atau siapa pun.
Saya dapat berbicara dengan orang lain kapan pun saya mau. Saya
tidak bisa bicara
kamu . Anda satu-satunya orang yang ingin saya ajak bicara yang
tidak bisa saya ajak bicara.
Pembohong. Anda tahu ada yang lain.
Tidak tidak Tidak . Saya tidak ingin berbicara dengan mereka lagi.
Oke, baiklah . Jika Anda berkata begitu. Kalau begitu, mari kita
bicara. Mari kita bahas semua

hal-hal yang tidak kami dapatkan sampai hari itu.
Sangat? Baiklah, tentu. Kalau begitu, saya punya satu pertanyaan ingin bertanya padamu.
Apa?
Apakah Anda membenci si pembunuh?
Orang yang membunuhku? Jawabannya sama seperti yang Anda pikirkan — tidak
bahkan sedikit. Kami membicarakannya pada hari itu, bukan? Saya bilang saya

ingin dilahirkan kembali. Aku membenci diriku sendiri. Saya tidak memikirkan saya
kematian sebagai malang sedikit pun.
Sepertinya Anda hanya mengatakan itu.
Ya tentu. Apa pun yang Anda masukkan ke dalam kata-kata terdengar seperti itu. Mengatakan,
Ikkun, apakah Anda pernah membaca novel misteri?
Saya tidak banyak membaca secara umum. Saya dulu, tapi sekarang saya hanya melakukannya
ketika saya harus menghabiskan waktu. Tapi pada dasarnya aku tahu misteri apa
seperti novel.
Saya melihat . Saya penggemar berat. Saya akan membaca apa pun, tetapi misteri adalah milik saya
favorit. Mereka mudah dimengerti. Tapi satu hal yang saya tidak suka adalah caranya
mereka selalu menekankan motif penjahat. Maksudku,
Saya tahu Anda pasti perlu alasan yang cukup bagus untuk melakukan sesuatu seperti membunuh
seseorang . Lagi pula, risikonya sangat tinggi.
Ya Seorang rekan saya mengatakan sesuatu seperti itu sekali. Itu risikonya tinggi, tetapi pengembaliannya rendah. Tentu saja, pria itu berbalik
menjadi kegagalan manusia yang hanya bisa membuktikan dirinya sendiri
membunuh orang lain.
Tapi, Anda tahu, motif tidak lebih dari alasan. Hanya saja permohonan simpati seseorang. Ketika Anda memikirkannya, semuanya datang
ke moral individu. Apakah Anda tahu pepatah ini?

'Seorang pria membunuh bukan untuk dirinya sendiri, tetapi demi keadilan dan demi
lainnya. "Tapi tunggu sebentar di sana. Apa artinya itu, 'untuk
demi orang lain? Apa itu 'keadilan'? Saya tidak tahu jawabannya.
Saya juga tidak tahu. Kedengarannya seperti itu hanya sarana pembenaran diri.
Saya tidak tahu apa yang dipikirkan pembunuh Anda. Atau mungkin saya hanya tidak ingin tahu.
Kenapa tidak?
Karena saya tidak bisa merasakan sajak atau alasan untuk itu. Maksudku,
segalanya jelas tidak begitu jelas tentang Mikoko-chan
kematian juga, tetapi dalam kasus Anda itu seperti semuanya benar-benar
tidak dihitung. Seolah kematianmu baru saja diimprovisasi.

Ya, mungkin . Tetapi apakah itu penting? Saya tidak marah tentang itu, dan saya
tidak sedih bahwa aku mati juga. Sungguh, itu tidak bohong. Saya tidak sedikit pun
benci.
Dan sekarang kamu akan dilahirkan kembali sebagai Mikoko-chan? Ya .
Tapi dia juga mati.
Benar, kan?
Bagaimana perasaan Anda tentang itu? Selain kematianmu sendiri, bagaimana
apakah kamu merasakan ke arah orang yang mengirim Mikoko-chan ke
kematian? Tidak ada dendam di sana juga?
Saya kira saya tidak benar-benar memiliki pendapat.
Bukankah itu agak dingin? Anda teman, bukan?
Agak lucu mendengarnya dari Anda semua.
Saya punya teman sendiri.
Kunagisa-san? Atau mungkinkah Miiko-san? Saya tahu itu bukan Muimichan
atau Akiharu-kun, kan? Tetapi saya pikir Anda seperti saya, Ikkun — bahkan
jika seorang teman meninggal, saya tidak merasakan kesedihan.
Saya tahu bagaimana menjadi sedih, tetapi saya hanya

tampaknya tidak dapat menginjakkan kaki ke domain itu. Saya harus memiliki lebih sedikit emosi
dari rata-rata orang.
Saya tidak bisa mengatakan saya tidak mengerti.
Mungkin ini masalah ketidakpercayaan terhadap manusia? Seperti saya sudah
menderita beberapa luka fatal yang menghancurkan kepercayaan saya pada orang lain. SEBUAH
orang yang pernah dianiaya tidak pernah bisa percaya pada manusia lain
selama sisa hidup mereka.
Saya pikir Anda terlalu jauh di sana.
Anda tidak berpikir demikian.
Ya saya lakukan.
Tidak, tidak.
Tidak, saya tidak.
Orang yang menyadari betapa manusia sangat suka melakukan diskriminasi
tidak pernah bisa mempercayai siapa pun. Orang Jepang khususnya seperti itu.
Seperti, misalkan teman seseorang menjadi korban oleh suatu kelompok. Nya
satu orang versus banyak. Sekarang jelas, hal yang benar untuk dilakukan adalah

bertahan untuk teman. Tetapi rata-rata orang tidak akan melakukan itu. Mereka
akan pergi dengan grup. Manusia mendambakan menjadi bagian dari suatu kelompok.
Mereka bahkan tidak peduli siapa kelompoknya. Yang penting adalah mereka
memiliki grup dan orang-orang bersama mereka. Kelompok macam apa itu
tidak masalah sama sekali. Itu tidak memiliki arti atau nilai. Dan sekali
Anda menyadari fakta kejam ini, tidak mungkin untuk memercayai orang. Untuk
Misalnya, apakah Anda memiliki keluarga, Ikkun?
Jika tidak, saya tidak akan ada.
Bukan itu yang saya maksud.

Ya, mereka masih hidup dan sehat. Saya pikir mereka ada di suatu tempat
sekitar Kobe. Kami sudah bertahun-tahun tidak saling bertemu.
Sekarang setelah Anda menyebutkannya, Mikoko-chan pernah mengatakan kepada saya bahwa saya
sepertinya bukan tipe yang menunjukkan pengabdian kepada orang tua saya.
Cukup benar . Saya belum melihat mereka sejak saya masih di SMP.
Anda mungkin bisa memanggil saya anak yang buruk.
Sepertinya rumah tangga Anda memiliki beberapa masalah.
Nah, tidak juga. Tidak semuanya . Kami tidak memiliki masalah,
sebenarnya. Jika saya menyadari ada masalah sama sekali, saya mungkin
tidak akan berubah seperti orang saya. Bagaimana dengan
kamu? Apakah Anda punya keluarga?
Uh-uh. Tidak ada orang yang benar-benar merasa seperti itu. Itu sebabnya saya
memutuskan universitas yang jauh dari rumah. Mikoko-chan dan yang lainnya
yang lain rupanya memiliki situasi yang serupa.
Anda berarti Anda semua tidak bisa mempercayai keluarga Anda sendiri?
Ya itu benar . Aku bahkan tidak bisa mempercayai diriku sendiri. Saya tidak ingat siapa
yang mengatakan "tidak ada yang pasti di dunia ini," tapi itu saja
seperti apa rasanya. Rasanya seluruh dunia rapuh dan
mengancam akan roboh dan hancur berkeping-keping sedikit pun
menyenggol. Tetapi pada kenyataannya, itu bukan dunia, tetapi saya sendiri.
Sepertinya barangmu rusak.
Anda mengatakannya. Maksudku, pikirkan tentang itu. Apakah Anda mendefinisikan seseorang yang
has never cried since the day she was born as well rounded? saya bisa

form a smile, but is that enough for you to be able to say I'm a decent
human being?
I'm the same way . I used to try to write it off as individuality .
Bagaimana dengan sekarang?

Tidak sekarang . Individuality can go eat some shit . Being different isn't necessarily good . Anyone who's ever thought about
the effect being radically different would never preach such nonsense . People talk about “the chosen ones,” gifted individuals who have left their mark on history . Most of those people
were probably totally messed up . But they were just regular people, all the same . They weren't outcasts . They were just regular people, except that they were broken . But Tomochan . From what you're saying, it sounds like you don't trust Muimi-chan, Akiharu-kun, and Mikoko-chan, nor do you have any faith in them .
Ya Saya tidak akan menyangkal itu. In fact, I'll confirm it . You know, I think
you of all people must understand how inferior that makes me feel . You know what a nice girl Mikoko-chan is . Akiharu-kun's a good guy,
too, and Muimi-chan is of a rare breed nowadays whose loyalty to friends runs all the way to the bone . The idea that I can't trust people
like that, that no matter how hard I try, I can't truly think of them as
friends, makes me feel like a filthy human being . They've shown me
so much love, and I can't give anything back .
I know how you feel . It's a sense of guilt .
Yeah, that's it . So it's good that a flawed specimen like me passed on .
What about Mikoko-chan?
That's Mikoko-chan's problem . I'm already dead . There's nothing I can say . And, Ikkun, that's not really what you're here to ask, is it?

Well, I dunno . There were a ton of things I wanted to talk tentang No, actually there were only a couple . By which I mean there was just one .
Go ahead .
Is it okay for me to be alive?
Ahhh, now that is a fine question .
As a member of this colony known as mankind who contributes nothing toward their collective gain, do I have a right

to live?
I think I could have easily presented the same question myself . saya
mean, if I weren't already dead . Baik. . . in regards to that question, I
only have one word for you .
Hah? Apa itu?
It's —
Beepbeepbeepbeepbeepbeepbeepbeep
I awoke to an unpleasant electronic noise, groaned, and
got up .
Not from my futon, but directly off the floor where I had
apparently been sleeping . I had had an awful dream . It had
progressed so arbitrarily and with such self-indulgence that it
made me disgusted with myself . As if I had completely figured
out Tomo-chan's inner psyche after less than an hour of
talking to her .
And yet I couldn't shake the odd feeling that the dream
had been real .
“But what the hell am I doing holding debates with dead
people?”
Could it be that I was still feeling a bit regretful?
Beepbeepbeepbeepbeepbeepbeep . In other words, even now—
beepbeepbeepbeepbeepbeepbeepbeep—even now, I—
beepbeepbeepbeepbeepbeep—
Nah, let's set that aside for now .

This wasn't my alarm clock . It was the ringtone from my
cell phone . Despising musical ringtones, my phone was still
set to its default ring, but even that wasn't very pleasant . saya
picked up the phone and pressed the send button .
"Ya, halo?"
“. . . . ”
Hah. Tidak ada Jawaban . But I could sense breathing on the other
akhir. Maybe it was a weak signal .
"Halo? Can you hear me?”
. . . . .
"Halo? Can you hear my voice? Not so much?”
Diam. Itu aneh. Maybe the phone itself was broken .
I had recently thrown it into the laundry with my pants, after

semua. But modem electronics weren't so fragile . In which case, maybe it was a crank call .
“If you don't say anything, I'm gonna go ahead and hang up, okay? Apakah itu tidak apa apa?"
With inappropriate timing, my mind began to wander to the time Mikoko-chan had called and gotten all flustered thinking it was a wrong number .
“Okay, I'm hanging up . Commencing countdown . Five, four, three, two—”
. . . .
Wah I'd heard something . But it was too soft to make out .
“I'm sorry, I couldn't catch that . Could you say it again, please?”
“Kamogawa Park . ”
“I'm sorry? Kamogawa?”
“I'm waiting at Kamogawa Park . . . . ”

The voice faded in and out, my eardrums just barely able to pick it up . I couldn't tell if it was a male or female, adult or child . There was no discernible intonation, so I couldn't even determine what emotions the caller was attempting to convey .
“I'm sorry? Please say that again . And who is this?”
“Mikoko . ”
The voice said only that, and the call ended .
I tossed the phone on the floor, stood up, and stretched my hands up toward the ceiling . It was low enough that I could reached it if I exerted myself . Who lived above me again? Oh, right, the fifteen-year-old brother and thirteen-yearold sister . Those two shared a closeness that made even me tersenyumlah. Of course they were just barely surviving, so maybe that wasn't an appropriate reaction .
The apartment building was three stories tall, with two rooms per floor, meaning there were a total of six rooms, two of which were currently vacant . The brother and sister upstairs lived next to the old hermit . He was into Christianity, which meant he probably would've clashed quite a bit with Miiko-san's ultra-Japaneseness, but by no means were they enemies . Both rooms on the first floor were vacant, but the landlord said someone would be coming in next month . Bahkan

a place like this had a pretty impressive draw of tenants .
I plopped back down on the floor and picked up the abandoned phone . Checking the call history, I discovered that, sure enough, the call was from an unknown number .
Now let's think about this . “Kamogawa Park . That's definitely what they said . ”
So they were waiting there? Oke, baiklah . That was fine, for sekarang . The problem was with what the caller said after that, when I asked for a name . How had they answered?

“ 'Mikoko' . . . yeah, I definitely heard 'Mikoko . '”
There wasn't likely to be another person on earth with a bizarre name like that . But at the same time, it couldn't have been Mikoko . She was dead . If dead people could use telephones, the whole telephone infrastructure would've gone to hell in a handbasket long ago .
. . . .
With what little information I currently had, thinking would do no good at all . Something about that made me feel a little empty inside .
I deleted the call from the phone's history and checked the time on the LCD display .
Eleven thirty at night .
Wednesday, May twenty-fifth .
. . . .
Hah. How had I spent the day again?
I seemed to remember waking up at just around noon .
Then I had gone out to visit Kunagisa, had run into Akiharukun along the way, inherited Mikoko-chan's Vespa, returned to my apartment to ask Miiko-san about the parking-space thing, gotten frustrated by the hassle of the parking-space thing, and gone to bed in a huff .
“In a huff? What's wrong with me?”
What was I, a little kid?
Anyway, that was around two in the afternoon . saya tidak punya recollection of what had occurred between then and now, meaning I had slept for nearly ten hours . That was enough to make even Sleeping Beauty gawk in disgust . I had been awake for less than three of the twenty-four hours in May twentyfifth .
“I've been sleeping like mad lately . . . . ”

Anyway, then had come the phone call . A bizarre, garbled phone call with no context, just words . I didn't know its meaning . Or rather, its meaning was the only thing I knew .
“Yah, terserahlah. ”
I had two choices . One, I could obey the caller's request and head down to Kamogawa Park; or two, I could ignore it . Now, obviously, common sense would dictate that the latter was the correct choice . But I didn't know a thing about common sense . And besides, I couldn't just sit idly by when the caller was throwing a name like that around . It didn't take long for me to reach a decision .
I washed my face and changed clothes .
“This is the first real piece of nonsense I've encountered in awhile,” I said to myself .
I left a note behind and left the building . I mounted my Vespa, which was tentatively parked illegally in a nearby alleyway until I was able to secure a parking space . I could've just walked, but Kamogawa Park was a bit far . The caller hadn't designated any specific meeting time, but I figured the sooner the better .
I turned east onto Imadegawa Street and drove straight ahead .
Still, I wondered, returning to my original train of thought, what was that dream all about?
I didn't believe in ghosts or apparitions or the afterlife or that sort of thing, nor was I sure they didn't exist . People do have unexplainable experiences, after all, and I wasn't so hardheaded
as to claim I didn't believe in something about which I truly knew nothing . Having said that, this wasn't some piece of classical literature, so it wasn't like somebody else had en-

tered my dream . It had been a product of my consciousness, and mine alone .
“Was it lingering attachment? Desire?”
Either way, it was only an illusion . Nothing to lose sleep over, so to speak . The important thing was that it was Tomochan who had appeared in my dream, not Mikoko-chan .
Surely this was a crime .

“Face your crimes . That is your punishment . ” So Suzunashi-san had told me one day in February . She was no psychic, but she could see through me . She was the kind of woman who commanded respect, yet never made you feel inferior . Perhaps that was a rare thing .
I passed Horikawa, Torimaru, and Kawara-machi Streets, eventually arriving in Kamogawa . Even if it was the middle of the night, I couldn't just ride a scooter through the park, so I parked it by a bridge and headed down to the riverbank, also known as Kamogawa Park .
“Ahh, so, now what?”
The name Kamogawa Park, in reality, represented a ridiculously enormous area of land . It wasn't spacious, exactly, just long . And the opposite side of the river was considered part of saya t . There wasn't an idiot in all of Kyoto who would arrange a meeting here without designating a specific street name .
“Yah, terserahlah. ”
I probably didn't have to take a random phone call like that so seriously anyway . I began walking down the river in the direction of the current . Looking at my watch, I saw that it was already past midnight . It was Thursday, May twentysixth . It occurred to me that there wasn't much left to the month of May . Being here reminded me that it was along this very river that Zerozaki had nearly killed me, right under the

big Shijô Bridge . At the time, neither Tomo-chan nor Mikokochan had died yet .
That felt like ages ago . And I didn't think it was just my imagination .
Saya melihat ke belakang. It was hard to tell because it was so dark, but there didn't seem to be anyone else around . Even though I had felt something .
A gaze .
"Hmm. . . ”
I had felt it this afternoon when I was with Akiharu-kun as yah. He had suggested that it might have been Mikoko-chan's ghost, but what was a more realistic possibility? Yang paling likely explanation seemed to be that the police had sent someone to tail me . After all, I was involved in the deaths of both Tomo-chan and Mikoko-chan .

“But come on, at this hour?”
Besides, there was no reason for them to have to sneak sekitar. So on to the next possibility . A being of origins unknown had summoned me on the telephone, and when I arrived at the designated place, I felt somebody's gaze . Sana was really only one possible explanation here .
. . . .
I boosted my alertness a tad and kept walking . The strange gaze seemed to vanish . It was around Maruta-machi Street that I began to feel like a doofus . What the hell was I doing here?
“I suppose I could just leave . ”
I climbed back up the embankment onto the road . saya crossed the bridge to the other side of the river and descended to the park below . I thought it would be a nice change of scenery if I switched sides for the walk back . Looking out at

the river, I saw some ducks swimming around . Was that why it was called Kamogawa—or Duck River? It seemed peculiar that someone had actually named the river that for such a bland reason .
I thought about hurrying back home to get to bed, but then I realized I had just slept . Since I had come all the way out, it might not have been a bad idea to take the Vespa for a spin around Kyoto . If I kept parallel to the river, I could drive to Maizuru . It would be good for getting used to my newly acquired vehicle, not to mention for killing time .
Even as I pondered this, I continued walking straight ahead . When I was approaching Imadegawa Street, I spotted a shadowy figure huddled on the ground in front of me . Next to it was a fallen bicycle . It was hard to make out because of the darkness, but it looked like the figure was actually a person who had collapsed . It lay motionless with its back to me . saya wondered if it was a sleeping homeless person, but if that were the case there probably wouldn't have been a bike nearby . Perhaps someone had gone drinking out in Kiya-machi and fallen off their bike passing through the park . Though I had little sympathy, I couldn't just leave a person there like itu The figure's long, black hair led me to believe it was a woman .

“Are you all right?” I called out, but received no reply . Saya t almost seemed like the person was dead . Frankly, it was a definite possibility . Just falling off a bike was enough to kill a person if they had a bad landing . All the more if the person was drunk . I considered the idea of just passing on by, but it just didn't seem right, so I ran over and tapped the figure on the shoulder .

“Are you all right?” I checked one more time . The figure didn't move an inch . “Are you all right?” I asked a third time, and decided I should at least turn the figure onto its back . Itu instant I gave the shoulders a tug, the figure, which had been completely still until now, flipped over with incredible nimbleness and sprayed some kind of mist in my face .

I tried to spring backward, but my timing was off . A dull pain ran through my left cheek . As I realized I had been struck, I slammed down into the riverbank onto my back without even managing to roll .

My attacker stood up .

Tidak baik . Either because I had been struck or because of whatever that mist was, my eyes wouldn't focus . Apa itu hell was that stuff? My eyes didn't hurt enough for it to be Mace . I forced my hobbling body up to a kneel and tried to push myself up with my left hand, but the attacker was closing in fast . I gave up on that idea and began rolling away instead, spinning myself around more times than was even necessary . When I had distanced myself about thirty feet from the attacker, I managed to rise onto one knee .

The shadowy figure stood still before me . I could see that it was a person of considerable height, but I couldn't make out the body frame . My vision still wasn't coming back . But that wasn't the only thing that wasn't stable . My feet, my knees, and my head were just as bad . I thought I might collapse any second . It wasn't an unpleasant feeling . It was more like I was falling into something . Iya nih . To put it simply, I felt . . . sleepy . The knee that was supporting me collapsed .

Spray anesthetic? And this wasn't your ordinary antipervert concoction; this was high-powered stuff . Not only my eyes, but all of my physical faculties had been disabled . Mungkin

this kind of stuff is common in America, but I had never even laid eyes on it (literally) in Japan .
My assailant approached me, one step at a time . Even with my blurry vision, I could make out the knife in this person's right hand . A knife . Zerozaki Hitoshiki . The Kyoto prowler . My mind was a mess .
"Mengapa?"
"Siapa? Mengapa? Of course, neither of these things mattered in regards to the current problem at hand . ”
Even with my mind all fogged up, I knew exactly how bad it would be if I fell asleep at a time like this . It would mean either death or something close enough .
Sialan. This was no time for hesitation, but I just couldn't work up the nerve to do anything that would cause myself harm . I couldn't help but hesitate . Naturally, my attacker approached at a leisurely pace . I would be asleep in no time anyway . But I knew this would be my one and only opening .
Right hand or left?
I deliberated for only a moment before deciding on the benar “Jesus Christ, man . Who am I, Nenbutsu no Tetsu?”
I gripped the thumb on my right hand with my left hand . saya hesitated for just one more second, then gave it a yank as hard as I could in the wrong direction .
“Gyyyyaaaaahhhhh!” I let out a scream so piercing that even my own ears hurt, and it reverberated throughout all of Kamogawa Park .
It was now either broken or dislocated . Either way, my sleepiness had cleared up . I recollected myself all at once, and my vision, physical functionality, and alertness returned to

normal . Pain ran through my entire body as I stood to face my enemy .
My attacker was clad all in black, complete with black ski mask and black leather gloves . No hair was visible . The long black hair I'd seen before was a wig . My vision had restored itself, but it was still hard to make out my assailant's figure against the dark background . This must have been why I thought it was a shadow at first . It occurred to me that the attacker had definitely showed up dressed and prepared for

an ambush . This person looked far more like a killer than Zerozaki—and far more like a prowler .
"Sialan. . . who are you?”
Naturally, there was no answer . All I could hear was the attacker's creepy breathing . Whoever it was pointed the knife at me and slowly closed in . I didn't have a single item that might have been used as a weapon, and I had left my cell phone in my room . I couldn't even call for help .
“Well, you gotta do what you gotta do . . . . ”
I got into a fighting stance, and began to close in on the distance from my end . Evidently surprised by this action, the one in black came a second late with the knife . I attempted to deal a palm strike to the jaw, which of course missed as the enemy leaped backward and once again brandished the knife at me .
The one in black was the next to make a move . He lunged at me with the knife . But it was the motion of a novice . Ini person was nothing compared to Zerozaki, and dodging was a simple task . However, as I jerked my body backward, my thumb bumped into the side of my torso . An intense shock of pain shot through me .
!

I regretted breaking it . I probably could have just torn a nail off or something . Or, if I absolutely had to break something, I should have gone with the pinky . Why would I choose the thumb? What was I, an idiot? There's such a thing as limits .
Naturally, the one in black didn't let the opportunity slip away, and gave me a hard shove . Already off balance, I toppled over onto my back . Without sparing a second, the enemy mounted me . I took a moment to reminisce with inappropriate calmness about how this same thing had just happened last month . Now how had I dealt with the situation last time? Without giving me a moment to think, the knife came down . It was aimed directly at my face—no, my carotid artery . I used every ounce of strength left in me to dodge my head to the right, mostly avoiding the blade . It managed to slice through a single layer of skin . I was bleeding . The one in black pulled the knife back out from the earth of the riverbank it

had lodged into, and readied it for another swing . Just as I thought there would be no escape this time, my attacker's hand came to a halt . Looking down at me as if making some observation, my assailant tossed the knife away .
Without any time to contemplate the meaning behind this action, the attacker plunged a fist into my face . The same left cheek from before . The next moment, the opposite cheek took a similar blow . Next, the left cheek took a third blow . Then the right again . The attacker continued this endless barrage of punches to my face, leaving no spaces in between .
I had long since stopped thinking about the pain . I could just feel my brain rattling .
. . . . . ,
Suddenly, the pummeling ceased .

But it didn't take long for me to learn that this was no act of mercy . The one in black clamped both hands around my left shoulder . It was easy to guess what the plan was from disini I tried to resist, but my body would not move the way I commanded it . That paralyzing spray had eaten its way into my core . Coupled with the pain, I was sure to pass out any menit.
Except .
Except that at that exact moment, a deathly excruciating pain shot through my left shoulder with a terrible cracking sound, jarring me back to a fully conscious state . The one in black had dislocated my shoulder joint without the slightest hesitation . On top of that, the attacker then began pummeling saya t .
“Nggaaaaaahhhh!!!” It was a shriek from Hell . I had never known my own vocal cords held such destructive force .
Who the hell was this person? What were they doing all of this for? They didn't want to kill me . This wasn't an act of murder; it was a simple act of destruction . To this attacker, I was nothing more than an object to be dismantled . Sesuatu to be pulled apart like a chain-link puzzle .
Next, my assailant went for the right shoulder .
“Ghrr . . . ” I had regained consciousness fully . I raised half my body up, shook off the attacker's grip, and swung my fist right into the attacker's heart . The impact was strangely

unsatisfying,
as if I'd punched a magazine . That black shirt must
have been concealing some kind of protective gear .
Having bashed my already broken thumb, I couldn't bear
to use my right arm anymore . The one in black brushed it
aside like it was nothing and gripped my right shoulder firmly
lagi.

I wasn't lucid enough to shake it off a second time . I heard
a dull, cracking sound as if from a great distance . But the pain
was right there with me . A torturous pain ran up from both
my shoulders into my brain, even managing to penetrate the
numbness .
Then, just like before, the attacker began pummeling the
newly dislocated joint . And, from there, went straight for my
heart—as if exacting revenge . The sound of cracking bone .
The impact spread out to my disconnected shoulders, and a
dull pain followed an instant behind .
“Uhuhh . . . ahhh . . . ”
I gasped for air . The impact of the punch had dealt significant
damage to my lungs . Whether that had been my attacker's
aim or not, I didn't know, but either way, it made for
a prime opening . The attacker gripped my face by the jaw .
Hey, now, hey, now, are you serious? That's the most painful
thing you can do to a person . But there was no time to make
inquiries . I thought I ought to chomp down on the attacker's
finger, but I let myself hesitate .
The one in black gave a forceful yank on my jaw . Sana
was a far lighter cracking sound than the one from my shoulders,
but the pain was incomparably intense . Then, as had
become the routine, the attacker gave my dislocated jaw a
swift uppercut .
No voice came out . I couldn't even be bothered to scream
anymore .
Allow me to correct myself .
This was an act of murder . The destructive nature of it was
irrelevant . It was clear now that this person was going to
torture me to death . They would make me suffer until I was
sudah mati.

Dissect me, piece by piece .
The one in black hesitated for a bit, most likely pondering how to inflict the next dose of agony .
From there, the one in black grabbed the wrist of my limp right arm and held it up, gripping the thumb in one hand .
My already broken thumb .
!
Hehehe .
I heard the attacker chuckle .
I was in utter shock . There was nothing as fearsome to me and terrifying in this world as a person who could beat and torture someone this much and still have a good laugh .
The one in black muttered something I couldn't make out, then released my thumb in favor of my index finger . I could tell that the plan was to break it . And not only my index finger . From there, the attacker would move onto the middle finger, ring finger, pinky, and then the left hand . Then would come my feet . Maybe they were going to break every bone in my entire body . Then they would tear apart the flesh . Dan then, once I had been thoroughly dismantled, maybe they would be kind enough to kill me .
I had already lost the will to fight back . In fact, I didn't even know why I had tried fighting back in the first place . saya should have just let the spray put me to sleep in the very beginning .
At least then I wouldn't have had to go through all this torture . Why the hell did I break my own thumb? Tapi then again, I probably would have awoken to this pain anyway .
I would have gone through the torture either way . If that were the case, then the outcome would have been exactly the same . I had just taken a different route .

This was just like last time—a farce enacted with predestined harmony .
I felt like I was watching myself from afar .
I was watching myself about to be killed from the opposite side of the river .
What was I thinking, seeing myself like that?
Oh, come on, really now .
This is truly ridiculous .

Trivial and pointless .
What a load of nonsense .
“Whattaya doing over theeeeeeeere?!”
A thunderous howl .
My vacant eyes shifted toward the direction of the voice coming from the opposite riverbank . But nobody was there .
SEBUAH
small-framed, shadowy figure was charging this way against the river's current .
I didn't even have to wonder who it was . I knew this person as well as I knew myself .
“Heeeeeeeyyyyy!”
Zerozaki .
Zerozaki Hitoshiki .
Zerozaki Hitoshiki hollered as he leaped from the river and charged up the bank . The one in black seemed momentarily startled by this new contender, but after assessing the situation, released my finger and backed away from my body . My

attacker must have been aware that Zerozaki was not an opponent you could take on from a sitting position .
With a bit of distance remaining between Zerozaki and us, Zerozaki hurled a single drawing knife in this direction . Ini wasn't aimed at my attacker, but rather a warning used to distance the attacker from me . Having arrived on this side of the riverbed, Zerozaki got between the attacker and me . Itu one in black went for the knife that had been tossed aside earlier, and brandished it defensively at Zerozaki .
“Hahhh . . . ” Zerozaki exhaled deeply as if adjusting his bernafas. “Why do you let people bully you like that? Stand up for yourself, man!” he said mockingly . I thought about saying something in response, but with my jaw dislocated, it was impossible .
“Yah, terserahlah. I guess you're the one I should be talking to now,” Zerozaki said, facing the one in black . “So what's your deal? You probably don't want to hear this from me, but you know you're committing a crime, right? Assault and battery, attempted murder . Do you realize that? Are you aware of what's allowed and what's not?”
There were probably any number of comebacks the attacker

could have made in this situation, but none were spoken .
The one in black took a cautious step backward . Sepertinya this unknown assailant viewed Zerozaki, in all of his casualness, with his utter lack of caution, as a true threat .
"Hmm. This sack of damaged goods here has some pretty nasty wounds to be attended to, and I'm not really looking to draw any more attention by killing someone, so if you want to run away, feel free," Zerozaki said after a moment's thought .
The one in black took another step back, carefully attempting

to size up Zerozaki . It seemed they were still trying to make a decision .
"Apa masalahnya? I'm telling you I'll let you go, so hurry up and chase yourself somewhere . Quickly now . "
The one in black didn't respond .
Zerozaki let out a deliberate sigh . "If you still want to do this, I'd be happy to kill you . You'll be in pieces before you even feel anything . I'm not such a nice guy that I'd show mercy to someone going out of their own way to get cut . Tapi, hey, at least you'll get to be lucky number thirteen . I'll chop you up and line up the pieces for everyone to gawk at . "
And that was the decisive remark .
The one in black spun around and dashed away in the direction of Imadegawa .
"Go on, go on," Zerozaki said, laughing . Then he turned to face me . That tattooed face entered my field of vision, only to go blurry an instant later . It seemed the anesthetizing effects of the spray had reached a new peak .
"Hm? Hey, don't go to sleep on me . At least give me your address first . "
He grabbed me by the shoulders and shook me . Of course, my shoulders were both dislocated, so this hurt like a bitch, but at this point, I didn't even care .
"Ugh. . . " With the last few drops of my consciousness, and through a dislocated jaw, I told him my address .

My next memory began Friday the twenty-seventh, at right around nine o'clock a . m.
"Yo . Morning, sunshine . "

Zerozaki was right by my pillow . I looked at his face in a daze, having no idea what was going on . Zerozaki himself, on the other hand, seemed relaxed, and genuinely glad that I had woken up .
“Man, this place is incredible . It was impossible to find from that address . And the people here are crazy . I went to borrow some bandages and stuff from that chick next door, and she wasn't even surprised by my face . I've never met a chick like that . But I'm glad you're awake . You must've been pretty sleep deprived, huh? I guess you've been through a lot . ”
“Uhhh . . . ”
I planted my right hand down in an attempt to prop myself naik. An intense pain ran through me . “Gah!” I reflexively pulled my hand away and began to fall back down, but somehow managed to catch myself with my left arm .
“Nice one, man . It's broken, you know . Your finger, I mean . I jammed your jaw and shoulders back in place best I could, but there's nothing I can do about a broken bone . I did some emergency first aid, but I think you'll probably want to take a visit to the hospital later . ”
Looking at my right hand, I saw that my thumb had been stabilized with a large amount of bandages, wire, and a splint . Though far from orthodox, it did seem as though he had cared for it properly . I could also feel something strange on my face . It seemed my jaw had also been stabilized, with plaster and

gauze . Zerozaki must have been taking care of me while I was sleeping .
“Thank you,” I said .
“Forget about it,” he said, waving a hand at me irritably .
“But that thumb is looking pretty bad . It's gonna make life hard, you know,” he teased . I guess one man's pain is another man's amusement, killer or not .
"Jangan khawatir . I'm ambidextrous . ”
"Sangat?"
“Originally I was left-handed, but I corrected it when I was young and became right-handed . But I had a teacher I hated who used to say 'chopsticks go in your right hand,' so I switched back to left out of spite . That was back in the third grade . ”

“You're kidding . ”
“Yeah, sorry . ”
I struggled to return myself to full consciousness . I could
get up just fine, but my head was swimming .
“Hey, by the way, where's the Vespa?”
"Hah? What'd you say?”
"Ah, tidak ada apa-apa. ”
It was probably still sitting abandoned by the bridge in
Imadegawa . I just had to go retrieve it at some point . If it
hadn't been towed away, that is . More significant was the fact
that Zerozaki had carried me all the way back here on foot
with that small body of his . His physical strength was truly
mengagumkan
Zerozaki, meanwhile, didn't seem to think anything of it,
and was as calm as ever .
“But what the hell was that back there? I can't believe you
and I ended in a standoff, and yet you still let a clumsy oaf like

that get the better of you,” he said . His reasoning was a little
sketchy .
“That thing with you was special . Ya . . I mean, kind
dari. ” I lifted myself up, taking care not to do anything to my
thumb . “Yesterday . . . wait, was it yesterday? I got a call saying
to come to Kamogawa Park . In retrospect, it was an obvious
trap, but anyway, I fell for it . Hence, my current
situation . ”
"Wow . What are you, an idiot?”
Memang . “Yeah, I know it was dumb,” I said . “But let me ask
you something . What are you still doing in Kyoto? Didn't you
leave?”
"Hah? How'd you know?”
“The killings stopped . ”
“Ah, right, that . Yeah, I did leave for a while . I got attacked
by some weird lady in red . She was like this crazy maniac on
speed, man . I hit her with my bike and she kept coming at me
like it was nothin' . It's a liter bike, man . What the hell kind of
shape is she in? Anyway, she was dead set on catching me, but
I was no match for her, so I fled to Osaka . Of course, she
came after me . So I came back to Kyoto, cuz you know what
they say, the darkest place is right under the candlestick . Anyway,

so the day I came back, I was trudging around when I heard a howling like a whipped dog . Being the card-carrying dog lover that I am, I couldn't just sit around and listen to that, so I ran toward the direction of the voice only to find that it was you, getting your ass handed to you by that thing in black . ”

“Jadi itu yang terjadi. I gotcha . ”

He'd rattled out the second half of the explanation awfully fast, as if he'd gotten tired of explaining . But I basically got the

titik. Basically, what it came down to was that I'd gotten really, really lucky .

Either that, or the one in black was unlucky .

“But man, who the hell was that red lady, anyway? saya thought I had run into the Red Death . ”

“It's Aikawa-san,” I said . It wasn't my way of expressing gratitude, it was just that it seemed unfair to give Aikawa-san information on him and then not show him the same courtesy . Then again, I wasn't sure a guy like me should be using a word like unfair .

“Aikawa?” Zerozaki said, his tattoo twisting into a dubious grimace . “Did you just say 'Aikawa'? You mean that was Aikawa Jun?”

“Oh, you know her? I guess that means I don't have to bother explaining, then . ”

“Nah, I just heard about her from the 'General,' that's all . Dammit, why, of all people, did it have to be Aikawa Jun?” he whined . “There's no hope now . ”

“Is she famous or something?”

“She's infamous . Do you have any idea what they call her? 'The Sturm and Drang,' 'The Mighty Warrior,' 'The Laughing Red Tigress,' 'The Killer of Mountain Men,' 'The Desert Eagle' . . . They told me not to have anything to do with her . ”

“You forgot one . ”

"Hah?"

“ 'Mankind's Greatest Private Contractor,' ” I said, to which Zerozaki didn't respond . His expression was more serious than I'd ever seen him . When confronted with an opponent like Aikawa Jun, even he couldn't play it casually .

“Shit, man, this is not good . This is just too much of a masterpiece . . . ” he muttered to himself . He gave a weak nod . "Baiklah kalau begitu . ” He rose to his feet . “I'm gonna go . ”
"Apa? Sudah?"
"Ya. I shouldn't really be lingering around doing nothing . It looks like I've got some things to think over . There's nothing to do here anyway, and you're really in no shape to be talking at length . Besides, I'm a wanted man right now . I can't stick around in one place for too long . ”
"Ah, baiklah. ”
This was all true . When I gave Aikawa-san a description of Zerozaki, the word must have spread all the way to the police . She wasn't his only enemy now . For Zerozaki, spending a whole day in this one room was like stepping into the red zone .
“What if you just turned yourself in?”
“Not a bad idea, but I'm gonna pass on that,” he said with a grin . “Just be sure you take care of your problems . I saw it in the paper and all . That Aoii girl you were talking about got killed, huh?”
"Ya, baik. ”
“Looks like we've both got some shit to sort out . ”
"Ya. This has been the biggest hassle ever . ”
"Sama disini . But hey, that's life . These are the tracks we're riding . Anyway, that's it for me . ”
“We probably won't meet again after this,” I said .
“No doubt,” he said, laughing . "Perpisahan. ”
With that, he left from my room . Left alone, I returned to my futon and lay down . He had either done a fine job of taking care of me, or my wounds hadn't been that bad to begin

with, because I hardly felt any pain . Of course I would probably have to go to the hospital to check out that broken bone . Right now, though, I needed sleep . Was the anesthetic still active? No, that didn't seem plausible . So this was just regular old tiredness . Why had I been sleeping so much lately?
“Ah, I get it . I was sleeping, but I wasn't asleep . ”
At last, I had reached my limit . I shut my eyes, deciding to put off going to the hospital until after I had slept . I was probably getting myself in too deep lately . I kept trying not to

think about Tomo-chan and Mikoko-chan, but I was thinking about them all the while . That dream I had was sure enough proof of that . I still hadn't figured out a conclusion to this murder case .
For now, I just needed rest . I decided to put off thinking about that phone trap and the one in black until after sleeping .
"Hei. ”
But right now I wouldn't even be allowed to sleep . I heard knocking, and a voice coming through the door . I got up and hobbled over to answer it . Zerozaki had returned .
"Apa? Forget something?”
“Yeah, sort of . I was going to tell you one more thing . ” He entered the room again and sat down cross-legged . I returned to my futon and sat down as well .
“Yeah, what is it? You made such a big show of leaving . ”
“Well, I forgot about this . Apa yang kamu ingin aku lakukan? Hey, check your phone . ”
"Hah? Mengapa?"
“You got a few calls while you were sleeping . ”
"Hah. Around what time?”

“Just this morning . It kept going 'beep beep beep beep . '
So annoying . Isn't that what woke you up?”
I took a look at the phone's call history as I listened to Zerozaki rambling on . The calls had come from a familiar number .
I knew I had seen it before .
“Ahh, right, it was Sasaki-san,” I said, realizing . This number belonged to that detective currently absorbed in a war of attrition, Sasa Sasaki-san . Between eight and nine o'clock this morning, my phone had received seven calls from her number .
“I wonder what she wants . ”
“I didn't pick up, so don't ask me . I shouldn't be answering your phone, right? If you're curious, just call her back . ”
"Aku akan . ”
I entered in her number .
“Who's Sasaki again? I feel like I know that name . ”
“I think I mentioned her that time at karaoke . She's that hotshot detective . ”
“Ah, right,” he said with a complex expression . Kata detective probably didn't sit too well with Zerozaki these days .

Of course, it didn't leave such a great impression on me antara .
The signal seemed to connect, and it continued to the dial tone . I waited a few seconds .
“Yeah, Sasa here,” came Sasaki-san's voice .
“Hello, it's me . ”
“What were you doing earlier?”
“Nothing, just sleeping . ”
"Saya melihat . . . Yeah, that's fine . ” There was something strangely
cool and reserved about her . It sounded like she was forcing herself to be cool and reserved . Which meant that right now, she wasn't really cool or reserved at all .

“Sasaki-san, did something happen? Or is there something else you wanted to ask me?”
“Something happened,” she said . “Usami Akiharu-san was murdered . ”
Tiba-tiba.
Semuanya
Connected .
“Usami-kun, you say?”
"Iya nih . ”
“You're sure?”
“Do I seem like the kind of person who would make up a lie like that? This morning a friend discovered the body at school . He's been strangled, just like Emoto-san and Aoii-san . I'm at the scene right now . ”
Now that she mentioned it, it did sound like she was speaking so as not to disturb the people around her . Dia probably surrounded by police officers, medical examiners, and gawking onlookers .
Akiharu-kun .
Hadn't he said he would be next? Oddly, his words had become a reality .
“Sungguh. . . ”
But this was probably no simple coincidence . If Akiharukun had figured out the truth, then it would make sense that he could foresee his own death . And yet even knowing this, he had let himself be killed all the same .

“I'd like to ask you some things, if you would come . . . ”
“Before that,” I interrupted, “I want to ask you about Akiharu-kun's body . Apakah boleh?"

"Lanjutkan . ” As if she could sense through my voice alone that something was different about me, she made no objection .
“I'll answer anything I can . ”
“I just have one question . Is there another 'x over y' left behind at the crime scene?”
“Yes,” she softly affirmed after a moment of silence . “But this time it's strange . We can't say anything for certain yet, but this time evidence suggests it was written by the victim dirinya sendiri. Ya But why do you ask? Have you thought of something? Did you figure out what x over y means?”
No, that wasn't it .
I had already figured out the meaning of that formula long lalu. Or rather, at this point, it had no meaning . That wasn't the issue right now .
“Tidak, bukan itu. Okay, so should I head down to the police station later?”
“I'd appreciate it . What time is good for you?”
“This afternoon . . . no, this evening . ”
“Okay, then I'll—”
I hung up while she was talking . If I hadn't, I would've said something regrettable . I wasn't so coolheaded myself right sekarang . I threw my cell phone at the floor with a violent force normally unthinkable for a guy like me .
“Hey now, what are you doing?” Zerozaki said in surprise . "Kamu gila? Don't throw your phone . Look at the poor benda . ”
“This is what they call venting,” I said dimly . “That is, suppressing your anger by taking it out on an inanimate object . ”
“Ya, aku tahu itu. ” He picked up the phone, checked to see that it wasn't broken, and then put it down away from me . "Apa yang terjadi?"

“Akiharu-kun was just murdered . ”
“Ah, that's, wow . . . ” he said curiously as if impressed .
“That's the third person, huh? Pretty hot stuff, whoever this aku s . When'd it happen?”

“I don't know when he was killed, but they just found the body now . So the murder must have been between Wednesday afternoon and this morning . "
"Hmm. That's quite the masterpiece . Three strangulations in just ten days . That's crazy . Ah, but I guess I can't say stuff like that . So what about the killer? Whodunnit?”
Zerozaki asked as if it was the most trivial matter in the dunia.
I sputtered angrily . The killer? You mean the one who killed Emoto Tomoe who killed Aoii Mikoko, who attacked me in Kamogawa Park, and now has killed Usami Akiharu?”
“Who else would I mean?”
“It should be obvious . ” I declared the name with such rigidity that even I was taken aback . “Obviously it was Atemiya Muimi . ”

Anda benar-benar tahu, bukan?
Tidak jarang saya dipuji karena kepribadian saya sekarang, tetapi kembali pada hari-hari ketika orang-orang di sekitar saya masih merujuk
bagi saya sebagai anak muda, saya kira saya memiliki sesuatu yang tidak menyenangkan
kepribadian Yang pasti, ada saat ketika saya berpikir
diriku sangat cerdas dan berbakat, ketika aku jatuh cinta
diriku sendiri dan secara alami memandang rendah orang-orang di sekitarku. saya
percaya saya tahu hal-hal yang tidak diketahui orang lain, saya telah memperhatikan hal-hal
tidak ada orang lain yang memperhatikan, dan seiring berlalunya waktu, saya tumbuh
sombong.
Itu mungkin menjelaskannya.
Jika saya diajukan dengan pertanyaan yang membingungkan dan tidak bisa segera
temukan jawabannya, saya akan gelisah. Itulah kemampuan saya pikir saya, dan juga benar bahwa setelah berhasil menghapus semua keraguan saya hilang hanya dengan memikirkannya, saya selalu

merasa seperti saya telah mencapai sesuatu yang luar biasa. Seperti yang saya miliki
menjadi seseorang.
Namun, ketika saya menemukan jawaban untuk serangkaian pertanyaan sulit yang muncul — tidak, setelah saya selesai menjawab
semuanya — saya mendapati bahwa saya dibiarkan kosong.

Semua orang hanya menikmati hidup mereka
tanpa harus melakukan hal seperti itu. Mereka hidup bahagia
tanpa harus datang dengan jawaban ini, atau bahkan
pertanyaan, dalam hal ini.
Mereka tertawa, menangis, kadang-kadang marah.
Saya pikir ini karena mereka tidak tahu.
Saya pikir mereka semua hanya naif bermain-main di
ladang ranjau. Saya pikir suatu hari mereka akan mengutuk
kebodohan mereka sendiri.
Ketika mereka menginjak ranjau dan semuanya berakhir,
maka mereka akan menyesalinya.
Tapi saya salah.
Saya hanyalah seorang anak kesepian yang hidup di dunia yang telah saya ciptakan
diri saya sendiri, menciptakan pertanyaan dan menjawabnya hanya untuk membuat
saya merasa lebih baik. Saya serius berpikir saya hanya bisa menggunakan teori
untuk mengimbangi pengalaman kehidupan nyata, dan saya pikir jika saya
ingin, bahkan aku bisa bahagia.
Saya menjadi anak laki-laki yang salah.
Namun demikian, dunia tidak berakhir.
Pertandingan berlanjut.
Bahkan mengira aku sudah begitu ketinggalan sehingga tidak ada bahkan sedikit peluang kemenangan, hidupku terus berjalan. Sana adalah periode di mana saya mempertimbangkan untuk mengakhiri sendiri, dan sebenarnya saya
memang mencoba melakukannya, tetapi saya bahkan gagal pada saat itu.
Pada kenyataannya, mungkin saya bahkan bukan penonton: Saya adalah pecundang.

Aku hanyalah pecundang yang menyedihkan dan menyedihkan.
Dan pada titik tertentu, saya berhenti bisa aktif
mengejar jawaban untuk pertanyaan saya. Bukannya aku menjadi pasif,
saya menjadi apatis terhadap pertanyaan-pertanyaan itu.
Jawaban tidak memiliki poin nyata.

Mereka tidak jelas dan ambigu dan tidak sehat, dan banyak hal lainnya
baik seperti itu. Bahkan, mereka lebih baik.
Menyebabkan perubahan nyata adalah peran yang harus diserahkan kepada
"orang-orang pilihan" sejati, orang-orang luar biasa seperti kirmizi itu
Terbesar umat manusia, dan Blue Savant, dan itu tidak pernah menjadi milikku
tanggung jawab.
Itu bukan pekerjaan untuk pecundang biasa. Untuk sahabat komik.
Tidak menyadari ranjau, bahkan jika Anda melangkah
satu — sekarang adalah cara untuk hidup.
Bahkan jika Anda tahu tentang tambang tetapi berpura-pura
tidak, cepat atau lambat Anda akan benar-benar melupakannya.
Itulah yang saya yakini, bahkan jika orang mengatakan Anda tidak dapat disembuhkan
titik itu, itu hanya beberapa proposal untuk kompromi, itu
Anda hanya berpura-pura menjadi manusia.
Itulah yang saya pikirkan, ketika saya melihat ke cermin di jendela
saya yang belum pernah kalah.
Bukankah itu sederhana?
Jika saya bukan pecundang, saya hanya akan gagal.
Jika menjadi monster pembunuh adalah alternatifnya, menjadi a pecundang baik-baik saja.
Saya yakin dia merasakan hal yang sama.
Jika menjadi pecundang adalah alternatifnya, menjadi pembunuh monster baik-baik saja.
Kedua pernyataan itu tidak masuk akal.
Itu omong kosong, dan itu karya agung.
Dan itu baik-baik saja. Sudah cukup.
Semuanya baik-baik saja seperti itu.
Gadis yang bertanya kepada saya apakah saya pernah merasa

seperti barang rusak.
Gadis yang mengatakan dia menyukai saya. Anak laki-laki yang bernubuat itu
dia akan menjadi yang berikutnya mati. Dan Anda, yang memanggil saya tidak tahu apa-apa.
Baik .

Mungkin bukan peran saya untuk mengubah sesuatu, tetapi mengakhiri
omong kosong saya bertanggung jawab untuk memulai terserah saya memang.
Mari berpegang teguh pada tradisi dan mengakhiri ini.
Muimi-chan.
Aku memasukkan pisau stiletto yang dipinjamkan Zerozaki padaku ke dalam
lubang kunci dan berguncang di sekitar. Dalam sekitar satu menit, saya mendengar
suara baut terbuka. Aku mencengkeram kenop dan memberikannya
Tarik . Rantai itu ke atas, jadi pintu hanya bergerak beberapa sentimeter.
Aku ragu-ragu untuk sesaat. Saya mengayunkan pisau di celah
dan memutuskan rantai. Tautannya lebih rapuh dari saya
diharapkan, dan mereka tersebar di mana-mana, bahkan ada yang memukul saya
di muka . Saya tidak peduli. Pintu terlepas dari perbudakannya, aku menariknya terbuka dan memasuki ruangan.
Tontonan di dalamnya sudah cukup untuk membuatku tak bisa berkata-kata.
Wallpapernya sobek, dengan serpihan piring pecah
bertebaran di lantai. Saya pikir itu mungkin berbahaya
lepaskan sepatu saya, dan meskipun saya tahu itu kasar, saya masuk
kamar dengan mereka masih menyala. Melangkah lebih jauh ke dalam ruangan,
dekorasi hanya bertambah buruk. Itu adalah kehancuran murni. Mungkin ada
bukan item tunggal di seluruh ruangan yang tersisa
kondisi aslinya, tidak peduli seberapa kecil atau besar. Secara harfiah
semuanya telah dihancurkan. Pakaian robek menjadi confetti dan

melemparkan di sekitar ruangan. Furnitur rusak. Buku robek. Layar televisi yang hancur. Komputer yang hancur. Itu karpet kotor, bernoda. Sebuah cermin retak dari tengah gelombang luar. Keranjang sampah terbalik. Pecahan bola lampu tersebar di lantai. Anggota badan hamster robek

anggota badan. Sebuah bantal dengan bagian dalam di luar. Sayuran terkoyak-koyak, sampai-sampai mereka kehilangan semua makna. Sebuah terbalik kulkas . AC dengan penyok raksasa di Tengah . Meja teh bertuliskan coretan-coretan yang mengganggu. SEBUAH tangki ikan pecah dan ikan tropis mati di dekatnya. Penulisan perkakas dibagi menjadi dua tanpa satu pun yang dapat digunakan tersisa. SEBUAH jam yang tidak lagi berfungsi. Kalender yang dicabik-cabik. SEBUAH boneka beruang yang dicekik.

Dan.

"Apa yang sedang kamu lakukan?"

Dia, berjongkok di dekat jendela, menatap ke arah sini mata memaki.

Tanpa ragu, yang paling rusak di ruangan ini adalah tidak lain adalah dia.

“Muimi-chan. ”

Tak ada jawaban .

Hanya tatapan mengerikan itu, menembus diriku seperti belati. Rambutnya, rambut cokelat panjang itu, telah dipotong-potong sesuatu yang mengerikan.

Melihat sedikit lebih dekat saya melihat bahwa sisa-sisa rambut itu berserakan di sekitar ruangan. Saya tidak pernah percaya bahwa rambut adalah milik seorang gadis hidup, seperti yang mereka katakan, tetapi ada sesuatu yang menakutkan tentang ini semua sama .

Ini benar-benar wilayah kekuasaannya. Sebuah penghalang yang nyaris tidak bisa dipertahankan menyeimbangkan, mengancam akan mogok sebentar lagi.

Ada kutukan di udara, dan semuanya diarahkan

terhadap saya . Tatapan kematian Muimi-chan bukan satu-satunya hal
menembus saya. Semua yang ada di sini hancur total
Ruangan itu mengirimkan niat buruk, permusuhan, permusuhan, dan kejahatan langsung
padaku .
Rasanya dunia sendiri telah menjadi musuhku.

"Kamu tahu, aku akan menghargai jika kamu tidak memelototiku seperti
itu ”
"Diam," katanya dengan suara berat. "Mengapa kamu datang sini? Beraninya kau? ”
“Santai. Saya di sini bukan untuk menyelamatkan Anda atau apa pun. Bukan itu aku
pria yang baik, dan aku bukan protagonis. ”
Saya menggunakan kaki kanan saya untuk membersihkan jalan di puing-puing
lantai dan duduk di seberang Muimi-chan. Saya perhatikan dia hancur
ponsel di lantai sebelahku.
"Aha. Saya melihat . Jadi itu sebabnya Sasaki-san tidak bisa bertahan
kamu . Dia mungkin datang ke sini langsung di beberapa titik. saya kira Anda
tidak bisa hanya duduk di sini. ”
"Kenapa kamu datang kesini?"
"Pada dasarnya aku sudah menemukan jawabannya," kataku dengan sengaja
kejelasan. Tentu saja ada fakta bahwa itu tidak akan terjadi
sangat bijak untuk mengacaukan emosinya pada saat seperti ini, tetapi
ini juga satu-satunya suara yang bisa saya kumpulkan dalam suara saya
kondisi saat ini . "Kurasa kau bisa mengatakan imajinasiku yang paling berhasil
pekerjaan. Tetapi ada beberapa hal yang masih belum saya pahami
tidak peduli bagaimana saya berpikir tentang mereka. Saya ingin tahu apakah Anda akan seperti itu
bersedia memberitahuku. ”

“. . . ”
"Aku akan menganggap diammu sebagai ya. "Aku berhenti sejenak.
"Aku sudah memikirkan hal-hal sejauh bagian di mana kamu menyerang
saya . Tapi mengapa kamu membunuh Akiharu-kun? Itu yang saya
tidak mengerti Tidak ada alasan bagimu untuk membunuhnya. ”
"Ha. Hahahahahahaha, ”tiba-tiba dia mulai terkekeh
secara gila-gilaan. Itu adalah tawa paling tanpa ekspresi yang pernah saya miliki
dengar. Tidak berperasaan Itu tidak lebih dari alat angkut kegilaannya. Dia menatapku lagi. "Lihat itu
luka. ”

“Kau pasti bodoh menginjakkan kaki di sini dengan luka seperti
itu. Tidak ada yang akan datang untuk menyelamatkan Anda di sini. Atau milikmu
ksatria berbaju besi yang bersinar menunggu di luar ruangan? ”
“Tidak, tidak ada yang seperti itu. Orang itu muncul yang lain
malam itu hanya kebetulan saja. Jangan khawatir
dia, "kataku, mengingat peristiwa malam yang berharga itu. saya tersentuh
ibu jari dan kain kasa di wajah saya. Tentu bahuku
dan rahang masih jauh dari pulih sepenuhnya. Saya tidak dalam kondisi untuk
bertemu seseorang secara langsung.
“Awalnya saya tidak cukup yakin untuk menyimpulkan
subjek . Orang berpakaian hitam itu mengenakan topeng ski rajutan,
jadi mereka tidak mungkin memiliki rambut panjang. Jadi saya pikir itu tidak boleh
menjadi kamu, tapi sekarang setelah aku melihat kamu telah memotong rambutmu, aku yakin.
Saya tidak mengira itu sebabnya Anda memotongnya, bukan? ”
“Jangan menyanjung diri sendiri. ”
Tokoh Aku mengangkat bahu.
"Kau hanya orang yang lebih berhati-hati dari yang kuharapkan. Kamu
tutupi jejakmu. Dan saya tidak bisa menyerang Anda di apartemen Anda
karena itu adalah dump run-down dengan kertas-tipis

dinding. ”
"Ahh. Lingkungan yang sempurna, ya? ”
Aku mencoba yang terbaik untuk meniru nada sinis Aikawa-san, tapi aku
tidak bisa melakukannya.
“Tapi menggunakan nama Mikoko-chan untuk memancingku keluar adalah hal yang besar
tidak tidak . Bukan metode yang sangat bersih. ”
"Jangan pernah kamu menyebut nama itu. "Dia menembak saya iblis
silau. "Kamu tidak benar . ”
"Hei, terima kasih. ”
"Aku tidak ingin berbicara denganmu, tapi aku akan menanyakan satu hal padamu.
Kenapa kamu menolak Mikoko? "
“Aku tidak benar-benar menolaknya. . . ”

"Kenapa !?" Dia membanting tangannya ke dinding sekuat dia
bisa. Seluruh ruangan bergetar di bawah pengaruh itu
tinju tanpa ampun. Saya merasa tidak ada kekhawatiran atas namanya tentang
kesehatan tubuhku. Bukannya dia memukul saya, tapi itu mengirim menggigil punggungku.
Bahkan monster pembunuh itu adalah teman yang lebih menyenangkan
dari destruktor ini.
"Mengapa? Mengapa kamu tidak bisa membalas emosinya? Nya
tidak suka banyak bertanya. Kenapa kamu tidak bisa melakukan sesuatu
sesederhana itu? Kenapa hanya itu yang tidak bisa kamu lakukan? ”
“Aku mengajukan pertanyaan. Saya mau jawaban. Saya akan bertanya lagi,
sebanyak yang dibutuhkan. Kenapa kamu membunuh Akiharu-kun? Sana
tidak ada alasan untuk itu. Yang lainnya jelas, tapi yang itu
hal masih sepenuhnya kabur. Saya mengatakan ini sebelumnya, tetapi saya tahu
mengapa kamu menyerangku. Anda punya alasan sendiri. aku bisa mengerti
itu Tapi kenapa kamu pergi membunuh Akiharu-kun dari sana? ”

"Jika aku menjawab, kamu akan menjawab pertanyaanku?"
"Saya berjanji . ”
Bahkan kemudian, dia terus memelototiku sebentar.
Beberapa menit kemudian. . .
"Sederhana," katanya. “Rasanya seperti hal yang wajar untuk dilakukan. ”
"Alami, ya?" Kataku ketika aku mencoba membaca ekspresinya. "Tapi
Akiharu-kun adalah temanmu, bukan? ”
“Ya, dia adalah teman. Saya menyukainya. Hanya tidak langsung ke intinya
bahwa aku tidak akan pernah mencekiknya sampai mati. ”
Tidak ada sedikit pun kebohongan dalam kata-katanya atau pada dirinya
isyarat.
“Menjadi teman bukanlah alasan untuk tidak membunuh seseorang. Itu hanya sebuah
masalah urutan prioritas yang sederhana. "Dia berbicara dengan jujur, dari
jantung .

Aku menyipitkan mataku padanya, tapi mengangguk pelan. Prioritas.
Teman Memesan Teman Saya mengunyah masing-masing kata-katanya untuk
sementara di kepalaku. Saya mencari kata-kata yang tepat untuk merespon .
"Atau apakah kamu bermaksud mengatakan bahwa kamu sama sekali tidak akan pernah
bunuh teman? Apa pun alasannya, Anda tidak akan pernah melakukannya
saya t?"
"Siapa pun yang mungkin aku bunuh, aku tidak mempertimbangkan teman. ”
"Yah, itu benar-benar hebat," ejeknya. "Apa a
munafik. Mengapa Anda tidak bisa berbagi sedikit tentang itu kebajikan palsu dengan Mikoko? Giliran Anda untuk menjawab. ”
Saya mengulangi apa yang ingin saya katakan tiga kali di kepala saya
sebelum meletakkannya di bibirku.

"Mungkin karena aku tidak menyukainya. ”
Saya pikir dia pasti akan menyerang saya dan mulai memukul
saya, tetapi dia bahkan tidak bergerak. Dia hanya duduk dan memelototiku.
"Oh," katanya lembut. "Kurasa kau bukan orang yang tidak mengerti
brengsek. Anda benar-benar kejam. ”
"Dan jika aku?"
“Aku sudah bilang sebelumnya, kan? Saya yakin saya katakan. Jika kamu
menyakiti Mikoko-chan, aku tidak akan pernah memaafkanmu. ”
Aku menyipitkan mataku padanya karena dia sepertinya siap meledak
sebentar lagi. Aku mengangkat bahu lagi. “Jadi, bagaimana denganmu? saya
tidak bisa memahaminya. Saya mengerti filosofi di belakang Anda
tindakan, tapi saya tidak tahu apakah Anda bisa mengatakan itu benar-benar untuk
Demi Mikoko-chan. ”
“Aku sudah bilang jangan bilang nama itu. Jangan bicara tentang Mikoko
seperti kamu kenal dia! Kamu tidak tahu apa-apa! ”Kata Muimi-chan.
"Aku kenal dia. Saya tahu segalanya tentang dia. Kami sudah bersama
sejak sekolah dasar. Saya mengenalnya lebih baik daripada saya tahu

diriku sendiri Jika ada satu hal yang saya tidak tahu, itu adalah cara dia jatuh cinta
kejam sepertimu. ”
"Itu sederhana," aku menjawab tanpa ragu-ragu. Memiliki
sudah menemukan jawabannya, sepertinya terlalu jelas bagi saya. "Dulu
kesalahpahaman. Sebuah ilusi . Sebuah tipuan. Kesalahan sederhana. SEBUAH
salah perhitungan. Sebuah anggapan . Hanya seorang gadis muda kesayangan
cinta dengan jatuh cinta. Dia mungkin saja tidak terlalu baik menilai karakter. ”
"Apakah kamu sudah selesai?"

Kemarahannya sudah melampaui penyamaran. Dia sudah siap meledak kapan saja sekarang. Ini mungkin sekitar sejauh
kita akan dapatkan hanya dengan kata-kata.
“Sebenarnya tidak, ada satu hal lagi. Itu janji yang saya buat untuk Mikoko-chan, jadi aku lebih baik menjunjunginya, Muimi-chan. ”
Pertanyaan terakhir saya.
Bisakah Anda memaafkan Anda sendiri—
"Bisakah kamu memaafkan keberadaanmu sendiri sebagai seorang pembunuh?"
"Apa yang harus dimaafkan ?!" Akhirnya dia retak. "Aku belum melakukan sesuatu yang salah! Tidak ada! Tidak ada yang salah dengan itu
apa yang saya lakukan untuk Mikokodel! Saya orang yang peduli padanya
yang paling! Saya tidak mencari kritik dari orang seperti Anda! Itu semua untuk Mikokodel! Saya akan melakukan apa saja untuknya! Saya akan membunuh
atau mati tanpa pikir panjang! "
Untuk Keadilan . Untuk iman. Untuk kebenaran.
Untuk menyimpan yang lain. Demi seorang teman.
Dia membunuh.
“Aku peduli dengan Mikoko-chan, tidak seperti kamu! Kamu tidak peduli
tentang siapa pun, Anda tidak mempertimbangkan orang lain, Anda hanya melanjutkan
hidup tanpa peduli di dunia, bukan ?! Anda tidak dapat melakukan satu hal untuk siapa pun! Anda hanya barang rusak! Kamu tidak

memiliki emosi manusia tunggal dalam dirimu! Jadi kamu tutup mulut sialan! "
Karena itu demi orang lain.
Tanpa ragu-ragu, tanpa pertimbangan.
Tanpa sedikit pun ketidakpastian.
Tanpa menyesalinya.
Tanpa pernah merasa malu atau merenungkan tindakannya.
Dia membunuh.
"Kalau saja kamu tidak muncul! Lalu Tomoe dan Mikoko
dan Akiharu dan aku masih hidup bahagia! Jika tidak untukmu! Kita semua rukun! Sejak sekolah dasar dan

sekolah menengah, dan bahkan di perguruan tinggi! Segera setelah Anda muncul, kami
semua pergi omong kosong! "
Karena mereka jengkel.
Karena mereka menghalangi. Karena mereka merepotkan.
Karena mereka merepotkan.
Karena mereka jengkel. Karena mereka tidak stabil. Karena mereka memberontak.
Dia membunuh.
“Itu semua untuk Mikoko! Dia milikku, dan aku miliknya! Kami sahabat! Saya akan membunuh orang tua saya sendiri untuknya, dan dia
akan membunuhmu bahkan untukku! "
Karena itu untuk seseorang yang penting.
Dia akan membunuh siapa pun.
Dia akan membunuh sejumlah orang.
Lusinan. Ratusan
Dirinya sendiri atau orang lain.
Bahkan seorang sahabat.
“Aku tidak salah! Aku benar! Itu sebabnya saya akan melakukannya lagi dan
lagi! Bahkan jika saya bisa kembali ke masa lalu, saya akan melakukan hal yang sama
segalanya lagi! Mikoko memaafkan aku! "

Tanpa kekuatan yang berlebihan.
Tanpa melangkah lebih jauh dari yang dimaksudkan.
Semudah mengambil nafas.
Seperti seorang pencuri dan seperti monster.
Seperti barang yang rusak dan seperti kegagalan manusia.
Dia membunuh.
"Aku. . . Aku memaafkan diriku sendiri! ”Dia menjerit saat dia menginjak a
kaki di lantai yang penuh puing.
"Hah. ”
Ketika saya mengawasinya, mata saya pasti sangat tenang.
"Apakah kamu sudah selesai?"
Dia menatapku dengan tatapan tajam. Saya tidak peduli.
"Cukup, kalau begitu. Tolong diam . Suara Anda tidak sopan
ke telinga dan kehadiran Anda menyinggung mata. Begitu

Anda melakukan apa pun yang ingin Anda lakukan dan mengatakan apa pun yang Anda inginkan
untuk mengatakan. Bagus Apakah itu memuaskan Anda? Anda benar-benar hancur.
Hancur. ”
"Rusak? Saya?"
“Apa yang telah kamu lakukan demi Mikoko-chan?
Anda hanya menyalahkan dia, bukan? ”
"Seperti kamu tahu sesuatu yang terkutuk. ”
Saya bisa melihat bahwa dia berjuang untuk menghentikan dirinya menerjang maju. Jika aku tidak menyebutkan nama Mikoko, tentu saja
dia akan melakukannya.
Saat ini, Aoii Mikoko adalah satu-satunya yang menjaga Muimi-chan bersama.
"Yah. . . "Katanya dengan suara rendah seperti geraman dari kedalaman neraka. "Bagaimana denganmu ?! Anda tidak merasakan sedikit pun
bertanggung jawab atas kematiannya ?! Jawab aku!"
"Tidak, aku tidak. Tidak semuanya . Mereka yang mati hanya mati. ”
“. . . . ”

Aku bisa melihatnya berubah pucat. Pikirannya sudah melewati titik marah. Namun demikian, saya tidak berusaha untuk memotong
ucapan pendek. Saya hanya melanjutkan, semburkan kata-kata seperti a
mesin.
"Aku tidak begitu sombong sehingga aku mencoba untuk mengganggu
kehidupan orang. Orang harus bertanggung jawab atas tanggung jawab mereka sendiri
tindakan. Anda tidak terkecuali. ”
"Apa masalah Anda? Bagaimana Anda bisa berpikir seperti itu? Bagaimana
dapatkah Anda memiliki pandangan yang menjijikkan? Kamu gila . Kamu adalah
bukan manusia . ”
"Aku hanya tidak menyetujui orang yang menempel pada orang lain

saat itu mereka menelannya. Saya terganggu oleh orang-orang yang jalani hidup dengan berkata, 'Oh, saya melakukannya untuk orang ini, saya melakukannya untuk ini
orang, seperti itu seharusnya memberi mereka pengampunan penuh untuk
apapun yang mereka lakukan. ”
Rasanya seperti saya melihat diri saya sendiri. “Aku pernah berkata kamu dan
Tomoe serupa, tetapi izinkan saya untuk memperbaiki diri sendiri, ”Muimichan
berkata seolah mengutuk iblis sendiri. "Tomoe adalah perwujudan kompleks inferioritas, menjaga jarak
dari semua orang, tetapi Anda. . . Anda hanya bermusuhan. ”
"Hahh. . . "Aku menghela nafas dengan sengaja. Saya tidak bisa membantah
dia, aku juga tidak ingin melakukannya. Yang ingin saya lakukan adalah mengatakan,
"Kamu baru sadar itu?" Hal-hal yang serupa tetapi tidak
yang sama, pada akhirnya, berbeda. Sesederhana itu.
“Yah, terserahlah. Lakukan apa yang kamu inginkan . Kami hanya dua orang
dengan tidak ada hubungannya dengan satu sama lain. Saya tidak tertarik
dalam mendapatkan jalan Anda, tetapi. . . membunuh Akiharu-kun adalah
langkah buruk, Muimi-chan. Mereka akan segera datang untuk menangkapmu
cukup . Aku ragu itu yang diinginkan Mikoko-chan. ”

“Saya tidak peduli tentang hukum. Jadi saya akan ditangkap. saya bertaruh
Aku akan . Tapi masih ada waktu sebelum itu. Banyak waktu untuk membuatmu menderita. Untuk membunuhmu. ”
Muimi-chan berlutut, menempatkan dirinya setinggi mata
dengan saya . Sebuah pisau yang tampaknya telah dia tunjuk padaku
beberapa waktu sekarang memantulkan sinar cahaya dan menarik perhatian saya. Saya t
adalah pisau yang digunakan penyerang berkulit hitam malam itu. Yang telah melewati arteri karotis saya.

"Tidak ada yang akan menghalangi saat ini. ”
"Apa yang akan terjadi ketika kamu membunuhku?"
"Seperti saya peduli . Bicara semua yang Anda inginkan, tetapi waktunya telah tiba
bertanggung jawab untuk menyakiti Mikoko. ”
“. . . . . ”
Oh Saya mengerti .
Jadi, Anda pun melewatkan poinnya di sini. Anda sudah pergi
lagi dan lagi tentang bagaimana Anda melakukan semuanya untuk Mikoko-chan, itu saja
untuk Mikoko-chan, itu semua untuk Mikoko-chan, tapi itu hanya sebuah
alasan Permohonan Upaya untuk membela diri.
Tindakan Anda didorong oleh kecemburuan sederhana terhadap saya,
penyesalan biasa atas apa yang terjadi pada Mikoko-chan, dan
rasa bersalah Anda yang membosankan. Itu saja .
"Omong kosongmu bagus, Muimi-chan," kataku tanpa impas
memperhatikan pisau di tangannya. “Jadi kita akan memilih
di mana kita tinggalkan terakhir kali? Anda akan mengalahkan saya dan
hajar aku dan sakitkan aku, sakitkan aku dan buat aku mengalami
rasa sakit dan penderitaan, dan kemudian membunuhku? "
"Betul . ”
"Kamu tidak bilang. ”
Saya mencengkeram jari telunjuk kanan saya di tangan kiri saya.
"Jadi, misalnya, kamu mungkin mematahkan jari-jariku, seperti ini?"
memaksa jari itu mundur, mematahkan tulang.

Ada suara seperti cabang pohon yang patah.
Wajah Muimi-chan membeku karena terkejut.
Rasa sakit yang luar biasa menjalari tanganku,
tapi aku bahkan tidak tersentak saat aku memasukkan jari yang patah
Wajah Muimi-chan.
"Puas?"
Saya tidak mengatakan apa-apa.
"Kamu tidak, kan? Mengapa Anda akan puas
bahwa? Itu hampir tidak cukup untuk menghiburmu. Kamu benci

saya dan membenci saya dan membenci saya, jadi tidak mungkin Anda
puas belum. Karena jika itu untuk Mikoko-chan, moral, hukum, dan akal sehat tidak berarti apa-apa. ”
"Rrr. Rrrr. ”
Dia gemetar.
Itu adalah pertama kalinya aku melihatnya gemetaran
emosi .
Saya juga tidak peduli dengan ini.
"Kurasa jari tengahnya yang berikutnya?" Kataku, memegangi
jari tengah .
Seolah-olah saya adalah boneka.
Itu sebabnya saya tidak punya keberanian.
Itu sebabnya saya tidak punya hati.
Itu sebabnya saya bisa mematahkan tulang saya sendiri.
Retak
"Jari manis selanjutnya?"
Saya menekuk jari manis saya dengan cara yang salah.
Pop.
"Dan akhirnya, kelingking?"
Saya memutar kelingking saya ke arah yang tidak mungkin.
Retak

“Yah, tangan kananku benar-benar hancur. Tidak akan
mampu membela diri dengan sangat baik sekarang juga. ”
"Ah . . . ah . . . ah . “Darah mengalir deras ke wajahnya. Ini
bukan hanya ketakutan, tapi panik. Perasaan dasar ngeri
kegelisahan yang dirasakan seseorang terhadap sesuatu di luar miliknya
pemahaman Ini adalah luka fatal dari emosi, jauh
lebih mencekam daripada amarah.
"Haruskah kita melanjutkan ke tangan kiri?"
Aku mengarahkan keempat jari di tangan kiriku ke lantai.
Dari sana, saya melemparkan semua berat badan saya ke lengan kiri saya.
Retak retak retak retak.
Itu adalah kuartet suara yang memuaskan.
"Kenapa kita tidak memutar mereka sedikit lebih jauh?"
Crunch. Crunch crunch crunch.
"Sekarang mari kita lihat apakah aku masih bisa bertepuk tangan—"

"Wh. . . apa yang kamu lakukan ?! "dia berteriak.
Melempar pisau ke samping, dia meraih pergelangan tanganku.
"Kamu . . . kamu
gila! Apa ini?! Apa yang sedang kamu lakukan?!"
“Aku hanya menyelamatkanmu dari kesulitan melakukan apa yang kamu lakukan
akan lakukan pula. Tidak ada bedanya dengan jika Anda telah melakukannya
dirimu sendiri . Atau, dengan logika Anda, jika Mikoko-chan melakukannya sendiri.
Kanan?"
Aku mengangkat jari-jariku yang sangat kusut ke hadapan Muimichan
mata. Dia secara refleks memalingkan muka, menyarankan itu bahkan
dalam kondisi mentalnya saat ini, dia tidak tahan melihatnya sesuatu yang sangat mengganggu.
“D. . . bukankah itu menyakitkan ?! ”
"Meh," kataku dengan santai. "Bukan masalah besar . Lagipula bukan untukku.
Tidak peduli seberapa banyak saya disiksa atau dipukuli, saya tidak merasakan apa-apa
benda . Anda bahkan bisa membunuh saya jika Anda mau. Lakukan apa saja.
Tetapi bagi saya, kematian tidak lebih dari pembebasan. ”

"Apakah kamu-"
“Aku sangat muak dengan segalanya. Dari hidup, dari orang-orang di sekitarku, orang-orang tidak di sekitarku, semuanya bermacam-macam
niat yang membentuk dunia ini dan semua yang tidak,
Anda, Mikoko-chan, dan tentu saja saya sendiri. Itu semua hanya a sakit kepala terkutuk. Saya orang yang jijik di sini. Hidup
hanya membawa rasa sakit. Saya tidak melihat nilai di tempat ini. Terus terang, saya tidak
berikan keledai tikus jika dunia dihancurkan besok atau jika aku musnah hari ini. Bahkan, saya akan senang. Jadi membunuhku adalah
tak berarti . Saya tidak akan keberatan Anda membunuh saya yang lain

malam juga. ”
. . . . !
"Tetap saja, aku yakin membunuhku akan menenangkan pikiranmu. Tetapi
tidak akan berarti balas dendam atau keadilan atau loyalitas kepada seorang teman. Nya
hanya melegakan diri. Tidak lebih dari gangguan dari
kebenaran Anda akan gembira, tapi itu saja. Menyebabkanku sakit akan
bersihkan kecemburuanmu, membuatku menderita akan membuatmu lupa
penyesalanmu, dan membunuhku akan menghapus rasa bersalahmu,
tapi hanya itu yang akan Anda lakukan. ”
"Kamu salah!" Dia memegangi kepalanya dan menggelengkannya kembali
dan sebagainya seperti perempuan gila. "Anda salah! Anda salah!
Anda salah! Jangan membalikkan ini! Kau sangat penuh omong kosong! saya
melakukan segalanya untuknya, dan kamu— ”
“Kalau begitu, silakan dan bunuh aku. Bunuh aku dengan milikmu sendiri
tangan . Dunia akan terus berjalan. ”
Hanya untuk dirimu sendiri.
Tanpa mengatakan itu untuk orang lain.
Tidak ada alasan, tidak ada permohonan, tidak ada pertahanan.
Bunuh saja aku dengan kehendakmu sendiri.
Melakukan kejahatan tanpa untung Anda.
“Rrrrrrrrr. . . aaaaaaahaahhhhh! ”

Dia mengambil pisau. Dengan tatapan dengki, iblis,
dia mengunyah bibirnya seolah mencekik kutukan, dan
mencengkeram leherku, Dengan tangannya yang lain, dia menggalinya
ujung bilah satu lapisan kulit jauh ke leher saya, kanan
sepanjang arteri karotis.
Dan dia ragu-ragu dan menunggu, berunding, dan merenung.
"Rrrrrrrrrrrrr!"
Dan dia tetap seperti itu.
. . . . .

Aku menutup mataku dan membiarkannya tepat waktu.
Tapi saya segera bosan dengan ini juga.
"Aku ingin tahu apa yang salah," kataku, dengan santai menyikatnya
menyingkir dan menjauhkan diri dari pisau. Saya berdiri
dan menyaksikan Muimi-chan meringkuk di lantai sambil mengerang
beberapa saat, lalu memberikan punggungku peregangan yang baik.
“Kapan orang berhenti bisa melakukan hal-hal hanya untuk sendiri, Muimi-chan? "
Itu selalu karena rasa kewajiban atau rasa keadilan.
Karena perasaan persekutuan atau persahabatan.
"Tidakkah kamu pikir itu semua hanya omong kosong?"
Muimi-chan tidak memberikan jawaban. Saya tidak yakin apakah saya harus melakukannya
telah mengajukan pertanyaan di tempat pertama. Saya belum melakukan apa-apa
untuk orang lain, apalagi untuk diriku sendiri. Saya belum pernah melakukannya
apapun untuk siapa saja.
"Jadi apa?" Kata Muimi-chan, seolah mencari penyelamat.
"Apa yang bisa kulakukan untuk Mikoko? Apa yang harus saya miliki
dilakukan untuknya? Apa yang harus saya lakukan?"
Jangan tanya itu padaku.
Itu hanya mengarah ke jalan buntu.

Berpikir Anda bisa melakukan sesuatu untuk orang lain tidak lebih
dari khayalan bahagia. Tapi begitu Anda menyadari itu hanya khayalan,
seperti yang Anda miliki sekarang, tidak ada tempat lagi untuk pergi. Seperti
Tomo-chan dan aku, kamu tidak punya tempat tersisa untuk pergi. Apa yang ada di depan
Anda sekarang bahkan tidak putus asa, tetapi kekosongan gelap gulita.
Jalan buntu.
Tapi aku tidak punya niat untuk memberitahunya hal-hal yang kita berdua sudah lakukan
tahu. Bahkan jika dia tidak tahu, aku tidak akan keluar dari

rumahku
cara untuk memberitahunya.
“Sejujurnya,” kataku, membalikkan punggung ke arahnya, “aku datang ke sini
berharap kamu akan membunuhku. Saya bisa minta Anda melakukan itu. Kamu ingin
bunuh aku dan aku ingin dibunuh. Tampak seperti korek api yang dibuat
di surga . Jadi saya pikir saya sudah bisa menyelesaikannya. Tapi
Saya berubah pikiran. Saya tidak akan dibunuh oleh orang seperti Anda. ”
"Kemudian . . . “Katanya, menatap lantai. Aku berbalik
pintu masuk ruangan untuk menghindari kontak mata.
Seperti seutas benang yang tertekan dan tercabik-cabik, dia
tersedak kalimat kacau bersama dengan air mata dan
menangis.
"Kalau begitu bunuh aku sekarang. ”
"Bukan urusan saya . Matilah dirimu sendiri, ”jawab saya, dan tidak melihat
kembali. Saya tidak punya keinginan untuk itu.
"Yo . Sudah berakhir? ”
Saat aku keluar dari apartemen Muimi-chan, Zerozaki, bersandar
terhadap tiang telepon, melambaikan tangan dan memanggilku. saya
terus berjalan melewatinya tanpa berhenti.
"Ya, ini sudah berakhir," kataku.

"Aku akan dikutuk," katanya, menyusulku dan mencocokkan
langkahnya untuk menambang. "Wah! Apa yang terjadi denganmu
tangan?! Apakah saya gila, atau apakah jumlah tulang yang patah bertambah banyak?
jam sembilan? ”
“Ya, benar. ”
“Dia menghancurkan mereka? Sapi suci, kawan, Atemiya seperti itu
Nenbutsu no Tetsu guy! Itu beberapa bisnis yang berisiko. ”
"Tidak, aku mematahkannya sendiri. Mereka semua . ”
"Kamu gila? Kalau dipikir-pikir, Anda memang bilang begitu
orang yang mematahkan jempolmu juga, ya? Apakah kamu seorang
masokis? Apakah Anda seorang masokis yang ketakutan? Bukankah
itu sakit?

Apakah kamu tidak merasakan sakit? Sudahkah Anda melakukan lobotomi? "
“Rasanya sakit sekali. Sangat sakit sampai aku tidak bisa pingsan. saya
mungkin menangis. Aku sebenarnya menuju rumah sakit sekarang. Kami dekat Rumah Sakit Nishijin, kan? . . . Aku bukan benar-benar seorang
masokis, tidak. Situasi baru saja menyerukan kejutan kecil perawatan, itu saja. ”
“Kau tahu, patah tulang tidak selalu kembali normal.
Anda mungkin tidak pernah bermain bisbol lagi. ”
"Jangan khawatir . Jika itu yang terjadi, saya hanya akan bermain sepak bola. ”
"Kau pasti bercanda," katanya kagum. "Jadi, bagaimana? pergi?"
"Yah, sekarang hanya masalah menyapu kekacauan.
Itu ladang Sasaki-san dan Kazuhito-san. Saya yakin mereka akan seperti itu
teliti tentang hal itu. Muimi-chan akan ditangkap, semua fakta terungkap, dan itu akan menjadi itu. ”
Yaitu, jika Muimi-chan mempertahankan kewarasannya selama itu. Itu kalau dia masih hidup.
Zerozaki melipat tangannya di belakang kepalanya dengan kecewa ekspresi. "Ah, bung. Sama sekali tidak dramatis.
Mungkinkah itu sedikit romantis? ”Katanya.

"Apa yang bisa kau lakukan? Ini kenyataan . ”
"Mmm. Saya tebak . Katakan, teman. Apakah Anda memiliki orang tua dan barang-barang? "
Zerozaki tiba-tiba berpose yang sama sekali tidak berhubungan pertanyaan, tapi saya punya perasaan dia akan menanyakan sesuatu seperti itu,
jadi saya tidak terkejut.
"Ya tentu . Di Kobe. Saya pikir mereka masih hidup dan menendang. ”
"Hah. Jadi, apakah Anda berterima kasih kepada mereka dan semacamnya? "
"Hah?"
"Maksudku, bagaimana perasaanmu terhadap mereka?"
"Tentang apa?"

“Tentang membawamu ke dunia ini, sial. ”
“Bagaimana denganmu, Zerozaki? Saya kira saya mungkin bahkan tidak
harus bertanya, kan? "
“Jawabannya harus jelas. ”
"Ya itu dia . ”
Untuk sesaat, kami berbagi pandangan.
"Maafkan saya . . . ”
“Karena dilahirkan. ”
"Hah. Saya kira itu bukan Akutagawa, ”Zerozaki
tertawa.
“Saya suka Mushanokôji terbaik. "Aku tidak tertawa.
“Bagaimana perasaanmu tentang Kikuchi Kan? Saya agak besar kipas angin. ”
"Aku tidak membacanya. Sebenarnya, saya tidak terlalu suka membaca. ”
“Oh ya, kamu mengatakan itu, bukan? . . . Hah. " Untuk beberapa
Alasannya, dia mengangguk yakin. “Ngomong-ngomong, bagaimana dengan
mengembalikan pisauku? Saya tidak punya banyak tentang itu jenis. ”
"Oh, benda ini? Dengar, Zerozaki. Saya kira Anda tidak akan seperti itu
bersedia memberikan ini padaku, ya? Ini sangat berguna. Anda bisa saja
membuka kunci pintu tanpa menggunakan teknologi tinggi apa pun. ”

“Barang-barang itu mahal, brengsek. Bisakah Anda membayar saya satu?
juta lima ratus ribu yen sekarang? "
"Ya ampun, kenapa pisau steak kecil seperti ini begitu mahal?"
"Cram itu. Jadi apa jadinya? "
"Bagaimana kalau aku membayarmu seratus lima puluh tahunan angsuran? "
“Kau tahu, kita mungkin tidak akan benar-benar bertemu lagi. ”
"Ah, benar. ”
Tanpa alternatif lain, dengan enggan saya mengembalikannya
pisau. Dia mengambilnya dengan gagang, memutarnya, dan menutupnya

kembali ke dalam rompinya. Jelas dia memiliki pisau di sekujur tubuhnya
tubuh. Aku ingin tahu apa yang akan terjadi jika dia jatuh.
“Yah, mungkin itu tidak masalah, tapi masih ada beberapa
hal-hal yang mengganggguku. Bagaimana dengan menjawab beberapa pertanyaan? "
Zerozaki berkata.
"Yakin . Apa?"
“Sepertinya aku ketika Emoto dan cewek Aoii itu
terbunuh, Atemiya memiliki alibi yang solid dua kali. Dia ada di karaoke pertama kalinya dan bersamanya kakak perempuan kedua kalinya.
Benar kan? Saya tidak tahu tentang Usami dan Anda, tetapi bagaimana
mungkinkah dia membunuh kedua gadis itu? Dan sepertinya kamu menyadari Atemiya adalah pembunuhnya begitu detektif itu menelepon
tentang Usami terbunuh. Dan Anda sepertinya sudah tahu
dia adalah orang yang menyerang kamu di Taman Kamogawa juga.
Bagaimana kamu tahu itu dia? Kapan kamu sadar?
bahwa?"
"Hmm. Agak sulit dijelaskan. ”
Zerozaki menggaruk kepalanya ke arahku. "Maksud kamu apa?
Seperti itu hanya intuisi atau sesuatu? Oh, atau karena itu
semua orang yang terlibat sudah mati, jadi harus begitu
Atemiya secara default? Siapa kamu, Kindaichi? ”

"Tidak . Tetapi apakah saya harus menjelaskan? Saya mungkin mendapatkan argumentatif. ”
"Hei. Saya tidak keberatan. Ayo, Anda membuat saya memberitahu Anda semua
tentang eksploitasi pencarian saya. Apa pun yang terjadi untuk memberi dan
mengambil? Come on, leave me with a good memory . ”
“What are you, dying?”
“I might . Some red creature's been chasing after me . ”
Indeed, it was entirely plausible . It was even possible that
Aikawa-san would appear before us right this instant . Considering
the facts, Zerozaki's life was like a candlelight flickering
in the wind right about now .

“Yeah, I guess you're right . . . . Okay, so how far back should I go?” I said .
“From the beginning, of course . How'd you know Atemiya was the one who killed Emoto, Aoii, and Usami, and attacked kamu?"
“See, there's your first mistake,” I said . “Muimi-chan didn't kill Tomo-chan or Mikoko-chan . She had alibis, so that should be obvious . ”
“Wha?” he said, his jaw dropping .
“She killed Akiharu-kun . And she assaulted me . Itu saja she did . Oh yeah, and I don't suppose she'll be getting her apartment deposit back, but that's it . ”
“Hold on,” he said, spinning around in front of me and grabbing me by the shoulders . He was grinning, but not tersenyum. “Just a few hours ago, you were going on and on with all that confidence and that matter-of-fact tone about how 'she killed Emoto Tomoe,' and 'she killed Aoii Mikoko,' and 'she attacked me in Kamogawa park,' and 'she killed Usami Akiharu,' and 'it was obviously Atemiya Muimi,' were you not?!”

“Indeed,” I answered plainly . “But you see, the thing about that is I was just telling a confident, matter-of-fact lie . Waktu was of the essence, so I just kind of glossed over the facts . Nya actually a little more complicated than that . ”
“Hang on . So what the hell have I been doing for the past few hours, wondering, 'How in the world did Atemiya manage to kill those two? What a puzzling brain-teaser!'?”
"Aku sudah bilang . I'm a liar . ”
“I'm going to kill you,” he muttered sinisterly, and returned to my side . I took a step away from him . “Err, all right . Let me rephrase the question, then . So who did kill Emoto? If it wasn't Atemiya, who was it?”
“Aoii Mikoko . ” I answered with her name alone . Zerozaki wasn't surprised to the point of vocalizing it . Perhaps he'd half been expecting it . But he furrowed his brow at me, crinkling his facial tattoo .
“So then who killed Aoii Mikoko? Don't tell me you're the punch line . . . . ”
"Tidak. That was just a suicide . ”

“Suicide?” This time he was clearly surprised . “Aoii killed herself?”
"Ya . That explains why nobody showed up on the surveillance cameras, right? Of course it does; there was no 'killer . ' Anyway, so Mikoko-chan committed suicide, which made Muimi-chan go bananas and kill Akiharu-kun and try to kill me . But I didn't want to be killed, so I broke my hand instead . There you have it . QED . ”
“You're using that phrase wrong,” he retorted, then clutched his head in thought . “Hang on, hang on . Explain this to me step-by-step . You can't just give me a big, crazy summary like that up front . ”

“Fine, I'll explain it right . Errr, okay, so you understand that Mikoko-chan killed Tomo-chan, right? Okay so far?”
"Ya. No, wait, not okay . Aren't you the one who vouched for Aoii's alibi? Or your neighbor, rather? Don't tell me you and Aoii were in cahoots . ”
"Tidak . Why are you so suspicious of me? What happened was I was thoroughly tricked that night, and only that night . Miiko-san too . Well, she wasn't tricked, exactly, she just didn't notice . ”
"Apa yang kamu bicarakan?"
“Try thinking about it yourself . Tomo-chan was killed by Mikoko-chan . If you know that, there are only so many kemungkinan. ”
“Ahh,” he said ponderously . “So you left Emoto's apartment together, right? Then you got a call from Emoto when you were around Nishiôji Nakadachiuri . You walked back to your apartment together, and then you left her with your neighbor, Asano-san . Then the next morning Aoii woke up early, went to your room, then went to Emoto's place . . . . Oh, is that it? When she was supposedly 'discovering' Emoto's body, she was actually killing her?”
“Not likely . That conflicts with the established time of death . So it must have been at night . ”
“So she snuck out of Asano-san's apartment?”
“Couldn't be . Miiko-san is highly sensitive to noise . Dia would've been caught . And Miiko-san had no reason to cover for Mikoko-chan . ”

“Then what was it, some kind of remote-control trick? Then again, this was a strangling, not some sealed-room mystery . ”
“So there's only one possible answer left,” I said .

"Apa? Does it have something to do with that 'x over y' thing?”
"Tidak. Anda tidak perlu khawatir tentang itu. It's like a side order of fries . Just set it aside . ”
“Come one, just tell me already . You sure know how to beat around the bush . ”
"Itu mudah . There was no point at which Mikoko-chan could have interacted with Tomo-chan once we left her apartment . Which means she must have killed her before we left . ”
"Hah? What does that mean?” Zerozaki said . “If that's the case then all pretenses all crumble . Emoto was killed between the time she called you and three a . m. , right?”
“Suppose,” I said, “that that call hadn't occurred . Kemudian couldn't Mikoko-chan have killed her?”
“No, it's still impossible . You left the apartment together . ”
"Aha. We left together, but not at the exact same time . There was a slight lag . I mean incredibly slight . But I left the room before Mikoko-chan did . As I was leaving, I had to put on my shoes, right? At that time, naturally I wasn't facing the inside of the room . In other words, I wasn't facing Mikokochan and Tomo-chan's direction . I was looking at my shoelaces . ” I raised a foot to show him . “What's more, there was a door between the hallway and main room . I couldn't see what they were doing in there . ”
"Tunggu sebentar . There must have been a scream or some kind of noise . Even if it was happening behind you, there's no way you wouldn't have noticed someone being killed . ”
“If it was a stabbing or a beating, maybe . But a person can't scream when they're being strangled . There were noises, but I never would've guessed it was the sound of someone being killed . I thought Mikoko-chan had tripped or something . ”

“Ahh . ” Zerozaki began rubbing his temples . If you tried hard enough, you could see a slight resemblance to Nose Keiko . But you had to really try .

"Tunggu. It doesn't take you ten to twenty minutes just to tie your shoes, does it? Supposing what you're saying is true, even if Aoii did strangle Emoto, she wouldn't have died that fast . People can live for up to ten minutes without breathing . ”
“Zerozaki, could it be that you're just misunderstanding the situation because you're a knife expert? Strangle victims don't all necessarily die from suffocation . They can also die from lack of blood flow to the brain . You just have to pull upward, like this . If you manage to cut off the carotid artery, it takes less than a minute . If you're good, it only takes a couple dozen seconds . ”
"Sangat?"
“Sungguh. So after that, Mikoko-chan opened the door, looking completely innocent, and came out into the entrance . At that time, she was blocking my view inside, so I couldn't see anything . Then we left Tomo-chan's room together and exited the building . ”
“Yeah, that all adds up . . . ” he said, still seeming dissatisfied .
“But that's all assuming you hadn't gotten that phone call, right? But in reality, Emoto did call you . That means she was still alive after you left the building . Don't tell me she came back to life for an instant . ”
“You keep making nonsensical predictions . Of course that's not it . Tomo-chan died instantly . It's simpler than that . Really simple . If you just think about it, you'll figure it out . The call was for me, but it wasn't on my phone, right?”
"Benar. . . it was Aoii's, wasn't it? But wasn't that because she didn't know your number?”

“Well, let's go back to the basics for a second here . apa yang the advantage of a cell phone to begin with? It's that it lets you make a call from anywhere, is it not? That call didn't necessarily come from Tomo-chan's apartment . And on top of that, phones don't let you see the caller's face, right?”
“So you're saying Aoii had an accomplice? And the accomplice used Emoto's phone to pose as her?”
“No, there wasn't an accomplice . I'm pretty sure this was a spontaneous crime to begin with . The murder weapon seems to indicate that as well . ”
“You mean the thin cloth?”

"Ya. Most likely, it was the ribbon from the present Akiharu-kun gave to Tomo-chan . A ribbon would be fairly well cut out for strangling someone . It's flexible and fits to your skin . It works even better than rope . But anyway, considering the murder weapon was just something that happened to be there, not something that had be prepared, it's hard to think this was a premeditated crime . ”

“Then who made that phone call?”

“Mikoko-chan didn't need an accomplice . She placed the call herself,” I said . “She just had to have Tomo-chan's phone in her pocket, and then call her own phone on speed dial . Dari course there was nobody talking on the other end, but she just pretended it was a call from Tomo-chan . And then she passed the phone to me . ”

“But when you were on the phone, didn't you speak with somebody? Wasn't she trying to tell you something she had forgotten?”

“Yeah, but that was Mikoko-chan . At that time, I was walking a step ahead of her . It was the same thing that happened at the apartment . I didn't realize that Mikoko-chan was

right behind me whispering into Tomo-chan's phone . Oleh time I turned back around, she had already slipped it back into her pocket . ”

The method of murder and the method of creating an alibi . Both had been extremely risky, without question . If I had just turned my head around on a whim, the whole jig would've been up . But if you thought about it, the chances of that happening were fairly low . The risk was big, but the chance of success was extremely high . If you weighed things in terms of value, it was certainly a risk worth taking .

“Anyway, so that gave her an alibi . Then the next day, she went to Tomo-chan's place, returned the phone, and called the police . Usually they say you shouldn't trust the one who discovers the body first, but she already had an alibi, and she had probably hidden the murder weapon in her own apartment or something before going back to Tomo-chan's . ”

Of course, Mikoko-chan was the only one who knew all of the minute details, so you'd have to pay her a visit to get the full story . And that sure wasn't happening . But that was the

basic gist of it . I might not have had every single fact right, but it all sounded more or less reasonable .
Mikoko-chan had probably written that “x over y” formula down at the time she “discovered” the body . The previous night, she had neither the time nor the notion to do such a benda .
“Well, that definitely makes Aoii sound like the killer . Tapi it's still just a possibility, right? I mean, you don't have any proof, do you?”
“Well, no . Itu benar . Strictly speaking, there's no proof . To be sure, it could've just been some burglar . ”

“There must be something . Some sort of peculiarity or sesuatu. ”
“At any rate, that explains the Tomo-chan incident . Got any other questions?”
“Yeah,” Zerozaki said with a frustrated expression . Dia looked like he wanted to say something, but couldn't find the right words . “Nah, forget it,” he said . “Okay, then on to the Aoii incident . Why was it a suicide? Even the police said they thought it was a homicide, right?”
“Well, that gets to be kind of a long story, but her motive for suicide should be obvious, right? After she killed Tomochan, her conscience got the best of her . ”
“Murderers have a conscience?”
“Not everyone's like you, you know,” I said jokingly .
“That's what was written in her suicide note, anyway . ”
"Ah . I guess if it was in her suicide note, that pretty much settles it . It at least proves that Aoii chose death on her own . saya sure don't understand it though . Suicide, that is . I guess there are all sorts of killers in this world . But if she was going to do that, she should've just not killed Emoto in the first place . . . . Hey wait, hold on a sec”
"Hah? Apa?"
“What do you mean, 'suicide note'?”
“In other words, an essay of sorts that one writes before committing suicide in order to leave something behind in this dunia. Not to be confused with the will and testament . ”
“Thank you, Detective Columbo,” he said, simultaneously kicking me in the hand . Naturally, this was excruciatingly

painful since all of my fingers were broken .
“What're you doing? What if my bones don't set properly now?”

“Play soccer . So what's up with this suicide note? Ini adalah the first I've heard of it . ”
"Ya. You see, before that . . . well, think about it . Didn't it seem strange in the first place?”
“Didn't what seem strange?”
"Apa yang kamu pikirkan?"
It was the very thing Sasaki-san had pointed out .
“Look at me . ”
Me, a loser of a human being who had broken long ago . Who didn't have a single nerve remaining intact . Who desired death more than anything else .
“Do you really think I would get so sick just from seeing the strangled corpse of somebody I knew?”
"Ah . So you mean, you felt so sick because it wasn't a murder, but a suicide?”
"Tidak . A corpse is a corpse, whether it was a suicide or homicide . ”
Dia tidak mengatakan apa-apa.
“When I arrived at Mikoko-chan's place, I pushed the button on the intercom . Tidak ada balasan . Realizing, based on various experiences, that this was probably a bad sign, I hurried into her room . And what did I see? The dead body of Mikoko-chan, who had strangled herself, lying on the bed . ”
Strangled to death .
This was why Tomo-chan had been strangled from behind and Mikoko-chan from the front .
“She strangled herself? Is that even possible?”
“It's actually a fairly common suicide method . Of course, in Mikoko-chan's case, it wasn't her arteries that were cut off, it was her windpipe . It's an extremely agonizing way to go . Your face gets all bloated with blood . It ain't pretty . ”

You had to be pretty damned determined to choose a death like that .
As for Aoii Mikoko's determination . . .
“So by the bed there was a suicide note . Addressed to me .

It had a lot to say . It talked about how she had killed Tomochan, and what she wanted me to do from there . ”
“What she wanted you to do?”
“She didn't want people to think it was a suicide . Dia didn't mind dying, but she didn't want people to think she was the horrible person who had killed Tomo-chan . ”
“I'm not following you here . Say it straight, man . ”
“What I mean is, she asked me to get rid of all the evidence . The neckstrap she had stolen from the scene of the murder, and then of course the suicide note itself as well as the ribbon, which would have given itself away as the weapon with which she had killed both Tomo-chan and herself . Dan there were some other things as well . ”
“Ahh, I get it . ” Zerozaki slowly nodded and looked up at the sky . “Yeah, it's starting to click . So you did what she asked . Come to think of it, something did seem strange . saya noticed it myself . Something about the time was off . You left your place at eleven o'clock, arrived at Aoii's place within ten minutes, the cops arrived within another ten minutes, and you arrived at the police station within yet another ten minutes, at which point it was exactly twelve o'clock . That leaves thirty minutes unaccounted for . Were you doing something during those thirty minutes?”
"Ya. But obviously I didn't leave Mikoko-chan's room, or the surveillance camera would've caught me, and obviously I had to have reported it to the police . So what do you think I was doing?”

“And you said you were frisked as you were leaving the apartment, right? Hmm. . . then, could it be . . . oh, man . . . did you eat everything?”
Yup, I nodded .
Anyone could've guessed by this point .
And this was Zerozaki Hitoshiki, no less .
“You ate it all?”
"Ya . It was delicious,” I answered casually . “People who do that are traditionally known as 'stuffers . ' But that's not important . At any rate, I can't eat what I can't digest, so I had to suppress the urge to vomit as I called the police . I was planning to hold it in until I got home, but I couldn't make it, and

I ended up hurling in the police station . ”
“You ate the goddamn evidence . . . ” Zerozaki said in awe .
“The ribbon, too? Do you realize you ate something that killed two people? That's insanity, man . ”
“Yeah, no doubt . I never said I was sane . ”
“But why did you go along with Aoii's request? Kamu could've just ignored it, and you wouldn't have had to cross such a rickety-ass bridge, metaphorically speaking . ”
“Yeah, well, I guess I was brooding over some things myself . You could call it a form of redemption,” I said, breaking eye contact with Zerozaki . “Anyway, that sums up the death of Aoii Mikoko . She killed herself . In reality, the story should have ended here, but . . . ”
“But the incidents kept occurring, contrary to expectations, huh?”
“Yup,” I sighed . “That . . . that really was a surprise . ”
“So what about Atemiya, then? Why'd she kill Usami?”
“Well, that has to be left up to speculation . I wasn't involved in that incident at all . But I've got a theory that seems

to hold water . It's just your regular, everyday murder case,” I kata. “Muimi-chan probably thought something was fishy about Mikoko-chan's death in the first place . In fact, let's assume that Mikoko-chan talked to her herself about killing Tomo-chan, and that Muimi-chan subsequently realized that Mikoko-chan's death was a suicide . ”
"Baik . ”
“So what did she do?”
For the sake of someone else .
Not for herself .
“What could she do for Mikoko-chan? Zerozaki, what would you have done?”
"Tidak ada . Aoii was already dead . ”
Memang .
Even for someone who was still alive, Zerozaki wouldn't have done a thing . Nor would I . Sesederhana itu.
“But Muimi-chan tried to do two things . The first one was revenge . The second was to protect Mikoko-chan . ”
“By revenge, you mean killing you? Well, I guess you kind of rejected Aoii, after all . Masuk akal . Isn't that exactly what

I said? That Aoii had the hots for you?”
“Don't act like a bigshot about it . Even I realized that . ”
“You mean you knew and you were just ignoring it? Man, then you have no right to complain about almost being killed . But what do you mean she was trying to 'protect' her? How did killing Usami add up to protecting Aoii?”
“It's just like what I did . Muimi-chan was trying to guard Mikoko-chan's honor . If a third murder occurred, nobody would suspect that the second victim—Mikoko-chan—was actually the one who had killed Tomo-chan, that she had killed a close friend . ”

“Okay, fair enough . But why Usami? She could've just killed anybody . She didn't have to kill her own friend . ”
"Tidak . She killed him because he was a friend . If the third victim had been someone completely unrelated to Tomoechan and Mikoko-chan, the police might not even consider it a 'third incident,' so to speak . So the most likely candidate for the next victim was either Usami Akiharu or myself . Dan saya know what you're thinking, Zerozaki . Why didn't she just kill me, then? Memang . But I mean it when I say my apartment is ancient . There's no harder place to kill a person . ”
With walls that thin, even the sound of walking down the hall could be heard from the rooms . Sneaking in, having a scuffle, and killing a person in my apartment were all impossibilities .
“So Usami was the next best thing? But even if Aoii was Atemiya's close friend, Usami was a friend too, right? How could she do that?”
“I had the same doubts myself . Not to mention that Tomochan was Muimi-chan's friend as well . I couldn't figure out why Muimi-chan would forgive the person who had killed dia. So I asked her . And this was what she said: It was a matter of 'order of priorities . ' Basically what that means is that to Muimi-chan, the already deceased Mikoko-chan was worth even more than Akiharu-kun, who was still alive, or Tomochan, who had been Mikoko-chan's victim . ”
“That's terrible . Usami got screwed more than anyone . ”
"Mungkin begitu . ”
Akiharu-kun had prophesied that he would be next, and

claimed he could die happily . Just how much of the truth had
he figured out? This was a mystery to me . Was it too romantic
to suppose Akiharu-kun had discovered the truth in its

entirety and still let Muimi-chan kill him? If that truly was the
case, then Usami Akiharu was the only respectable one in this
whole series of events .
Namely, because he had fully accepted his friends for who
mereka .
"Katakan. . . ” Zerozaki stood there in deep thought like a Rodin
sculpture for a while, then uncrossed his arms and looked up
at me . “I understand the logic and all, but I've got the same
doubts I had with Aoii . This is all based on the pretense that
Atemiya really did kill him, right?
“Aoii left a suicide note behind, so that's one thing . But in
Atemiya's case, you've just got to be some master speculator
like Kindaichi or something . You figured it all out just from
that one phone call, without even seeing any evidence . Antara
you just figured Atemiya and you were the only ones left so it
had to be her, or I don't know what the hell you did . ”
“Do you have some problem with Yokomizo?”
I couldn't help but sense some hostility in Zerozaki's numerous
references to Kindaichi . Nevertheless, he simply shook
his head .
“Nah, not really,” he answered . “But the book jackets are
always too scary so I only watch the TV dramas . I don't really
like him or hate him, to be honest . ”
"Ah . ”
“So is that all it is?”
"Tidak . Think back . Remember what I asked Sasaki-san?”
"Ah, benar. Whether that 'x over y' mark was there, right?
Dan? I thought you said that wasn't important . ”
“The meaning of the mark is irrelevant . It was nothing
more than random symbols at that point . It only meant something
in the case of Tomo-chan's death . But the fact that the

same mark was found at the site of Akiharu-kun's death
suggests something very odd . ”
"Apa?"
“That 'x over y' mark found at each crime scene was a secret .

It was known only to the police . Sasaki-san didn't even mention it at first . The only other people who could've known about it were you and me, since we broke into the crime scene, and anyone I happened to ask, 'What do you suppose x over y means?' . ”
Namely Aikawa-san, Mikoko-chan, and Muimi-chan .
“There must have been other people who knew about it . People working on the case and such . ”
"Memang . There were plenty of people who knew . Tapi Muimi-chan was the only one who thought it was a 'dying message . '”
“Ahh, because the police thought it was the killer's doing . Dan?"
“In Akiharu-kun's case, Sasaki-san reported that evidence suggested the victim had written the message himself . Mengapa only this time? Most likely because the killer coerced her victim into writing it before killing him, in an effort to emphasize that this was the 'third incident . '”
“And she wouldn't have had that idea in the first place if she hadn't thought the mark was a dying message, huh? Begitu Atemiya didn't know what 'x over y' meant?”
“Probably not . ”
If she had known the mark's meaning, she probably wouldn't have used it that way .
“And that was enough for you to figure out that Atemiya was the killer?”

“Well, of course it was partially speculation . I kind of figured she seemed the most likely to do such a thing . Even I was impressed by her loyalty to Mikoko-chan . ”
“No you weren't,” he laughed . “Man, I'm not trusting a thing you say anymore . You're not just a passive observer; you're a freaking liar . ”
“I believe I told you that . ”
“Don't flaunt your faults . ”
“Yeah, I know I shouldn't,” I said casually . “Anyway, it looks like you don't have any other questions . Can we close the books on this case?”
“Not a very grand finale, but . . . hahhh, how do you say it? Hearing the whole story laid out like that makes it seem like

such . . . ”
“A masterpiece?”
“No, nonsense,” he said, as if he had just heard the most disappointing joke of all time .
I felt pretty much like that myself .
It was something terribly grotesque, terribly warped, terribly vile . It was like a joke, a comical anecdote, an unsightly, unbearable figure .
In the end, there was no way to stop thinking, no matter how much you willed yourself not to . Your brain would keep thinking automatically .
Who and what were in the wrong? That was probably simple enough in and of itself . It was an issue anyone could comprehend, upon which everyone could reach a unanimous agreement, for which everyone would feel sympathy . Sesuatu close to us all .
That was what made it so unpleasant .
Saya tidak tahu

If only I could have abandoned everything . How nice that would've been .
“Well, without prying too deep,” Zerozaki said, looking off the other way with utter disinterest . “I don't figure you'll give me a straight answer anyway . Tapi . . eh, forget it . ”
"Apa? You're awfully quick to give up . ”
“Well, I've got a few ideas up my sleeve, but will you tell me one thing, oh babbler of nonsense?”
“What is it, my dear homicidal monster?”
“What are your thoughts?”
"Hmm? Maksud kamu apa?"
“I mean, how do you feel about the fact that three people have just died around you?” he said, suddenly growing much more interested . He was like a little boy, happily looking at his own reflection in a mirror . “You had people killing friends, killing themselves, killing for their friends, being killed for friends, and as a bonus, you were almost killed . So how do you feel about all that?”
. . . . .
It was a straight question that I doubt I could have delivered myself .

I tried to fold my arms and make like I was thinking in order to buy some time, but my broken fingers wouldn't even allow that .
“Zerozaki, here's how I feel about this string of incidents . ”
“Okay, let's have it . ”
“I talked a little too much this time . My throat hurts almost as much as my fingers . ”
. . . . .
Zerozaki froze . His face twitched for an instant before he exploded into laughter .

“Gahahahahaha! I'll bet it does,” he said . “In other words, you don't even care if your friends die, right?”
“No, even a guy like me undergoes some shock at the death of a friend . It's just that these people hadn't become friends belum. ”
Of the lot of them, I was closest with Emoto Tomoe, and surely that closeness was to blame for why she was the most distant .
I couldn't respond to Aoii Mikoko's affection with affection, and Atemiya Muimi's aggressive displays of emotion were totally foreign to me .
Likewise, Usami Akiharu's graciousness was something I lacked .
“You live a crippled life,” Zerozaki said .
"Tidak juga . ”
“Yes you do . You restrict yourself . ”
“Better than having others restrict me . What exactly do you think it means to be free, Zerozaki? Does freedom to you mean killing people?”
“Ahh, my idea of freedom, eh?” he said with a strange snicker . “Well, to be honest, I hate that damn word . I despise saya t . It gives me goose bumps . ”
“Yeah, I don't like it either . ”
“It's a cheap word in Japan, huh? People just throw it around in any context . They use it like an excuse . You know, like 'Don't I at least have the freedom to dye my own hair?' What a load of crap . But I pretty much just do what I want, whether you call it freedom or not . To hell with being restricted, whether it's by yourself or others . ”

“Fair enough . ” I sighed and nodded . “Then I guess if I hadn't restrained myself, I would've been like you . ”

“Does that mean if I had restrained myself, I would've been like you?”
How wholly unappealing .
“I think I'll pass on that . ”
“Yeah, that's a big no thank you . ”
Zerozaki laughed, and I didn't laugh .
As our pointless chatter went on, at some point the hospital appeared before us . Apparently we had been conversing at a standstill for some time now . I hadn't noticed at all . At this point, I really had been talking too much .
From there, we continued talking about things that had nothing to do with the murders . Things that had nothing to do with anything besides us . For probably two whole hours . Ridiculous things that would serve no purpose in life . Things that would bring neither help nor harm to the world .
Some topics he would bring up .
Some topics I would bring up .
If you had three wishes, what would you wish for? Jika kamu found a hundred million yen, how would you spend it? Yang is more beautiful, an isosceles triangle or an equilateral? Which is bigger, a kilometer or a kilogram? Would you rather belong to the Hermetic Order of the Golden Dawn or the Rosicrucian Order? Is it possible to have a 115-by-l 15 block magic square? What the hell is Eighty-eight Othello, anyhow?
We conversed like two good friends .
But Zerozaki was no friend of mine, and I was no friend of his . We may as well have been talking to ourselves . It was all meaningless, worthless small talk . I thought it neither enjoyable nor unenjoyable . It was an act of reflection on how I'd lived these past nineteen years . A reflection of light .
Zerozaki Hitoshiki .

It was a wholly inconceivable chunk of time, but sure enough, the hands of that magical clock slowly made their way to zero .
“Well, that puts my doubts to rest,” he then said . “I guess this is farewell . ”

"Ya. ” I agreed with no resistance .
“Nice killing time with ya,” Zerozaki said, lifting his rear end off the banister he had been sitting on . “Say,” he said, giving me a sideways glance . “You planning on staying in Kyoto permanently?”
“Hard to say . I'm kind of a wanderer, really . I reckon I'll be here as long as I'm in college, but you never know when I might drop out . ”
"Gotcha. Well, then what's a place you don't think you'll ever go in your whole life?”
"Hmm. . . I doubt I'll ever go to the North or South Pole, among others,” I said, giving a stock answer after a moment's berpikir. “The one place I definitely don't want to go to is Texas in America . Especially Houston . I'd rather break every damn bone in my body than go back there . ”
"Hah. " Dia mengangguk . “I guess I'll go there, then . ”
"Apakah kamu bisa berbahasa inggris?"
“I went to junior high school . Besides, a knife gets through where words don't . Of course,” he said caustically, “your knife probably wouldn't . ”
I shrugged at his biting comment . “Well, I guess we won't meet again . ”
“Baik-baik saja oleh saya. I don't really like seeing you anyway . ”
“Yeah, true enough . ”
It was probably true . I wouldn't have any desire to see him, nor him to see me . It was nothing more than an impossible

chance meeting to begin with, so such was the logical conclusion .
In the end, I posed one final question . I pulled out the deepest, darkest fragment of my being and took a good look at it head-on .
“Tell me, Zerozaki . ”
"Apa?"
“Is there someone you love?”
“Hell no, man . Does it look like there is? Incidentally, I hate myself the most . Or maybe you . Kenapa kamu bertanya? "
“I've got someone . ”
He looked just a bit surprised, but then gave a gloating sneer . “I asked you before and you said, 'Ehh, I don't really

know,' you jerkoff . ”
“Yeah, I was lying . ”
“Oh,” he said . “Well, I guess that's the difference between
you and me . ”
“Yeah, guess so . ”
“I guess you'd better keep on living, then . Don't become
like me . ”
"Sama denganmu . ”
He turned his back on me and began walking toward
Imadegawa Street . I turned my back on him and began walking
toward the hospital reception .
Neither of us said a word, but I'm sure we were thinking
the same thing .
"Sekarang. . . ”

To me, this marked the end of the story . But even if a
world or two had crumbled down on the other side of the
mirror, I could think of at least two people who had no intention
of letting things end this way, and there was something
depressing about that .
Maybe this too was a form of divine retribution .
“That's all this damn life is, eh, Human Failure?”
So muttered the “Damaged Goods . ”
I was speaking to myself .

Dengan semua jari saya selain ibu jari kiri ditempatkan di kawat gigi,
dokter mengatakan kepada saya bahwa mereka akan membutuhkan waktu sekitar dua minggu untuk sembuh
sampai tidak mengganggu kehidupan sehari-hari saya, selama saya pergi mudah pada mereka. Hari berikutnya, saya menuju Kondominium Kunagisa di Shirosaki, hunian kelas tertinggi daerah Kyoto. Saya pikir akan menyenangkan untuk muncul terlihat keren di Vespa yang saya warisi dari Mikoko-chan, tetapi penahan jari tidak memungkinkan, jadi saya menyerah. Sepertinya
Saya harus menunggu sedikit lebih lama sebelum saya bisa menikmatinya

perasaan manis pergi berputar.
Kawat gigi terbukti lebih merepotkan daripada saya
awalnya diharapkan. Pada awalnya, saya pikir, “Oh, jadi jari saya
tidak akan bisa membungkuk terlalu banyak untuk sementara
waktu, masalah besar, "tetapi
dalam malam pertama saja, saya menyadari bahwa ini akan terjadi
Tempatkan ketegangan yang cukup pada kehidupan sehari-hari
saya. Bahkan mendapatkan
berpakaian telah menjadi tugas besar. Saya menyadari bahwa ini
akan terjadi
membuatku menjadi lebih membebani Miiko-san
sebelah, dan ini meluncurkan awal yang sangat pesimis
fase.
Dan begitulah moda transportasi saya hari ini
dua kakiku sendiri. Tiga jam agak intens bagi seseorang

menderita cedera, dan saya bisa dengan mudah naik bus
atau taksi, tetapi mempertimbangkan tingginya biaya tagihan medis
perawatan jari saya, saya telah memutuskan untuk menyimpan
uang saya sebagai gantinya.
"Tapi dia akan berada di sana, kan?"
Menggumamkan hal-hal seperti itu pada diriku sendiri. Saya
akhirnya
tiba di depan kondominium Kunagisa. Itu mewah, bata
bangunan yang lebih mirip benteng daripada kondominium. Itu
lantai tiga puluh satu dan tiga puluh dua milik Kunagisa.
Saya melewati tatapan sejumlah keamanan seperti batu
penjaga duduk teguh seperti batu di pintu masuk (mereka tahu
wajahku
sekarang) dan menuju ke lobi lift. Lift itu
sudah di lantai pertama bahkan sebelum saya menekan tombol
panggil.
Saya maju dan mendorongnya, membuka pintu, dan pergi
dalam . Saya menggunakan kunci untuk membuka penutup tombol,
memaparkan tombol
untuk lantai tiga puluh satu dan tiga puluh dua, dan menekan satu
untuk tiga puluh dua.
Sensasi gravitasi menjadi serba salah berlanjut untuk keseluruhan
menit.
Saya keluar dari lift begitu berhenti dan mendekati

pintu baja lurus di depanku. Jauh lebih unggul dari tempat ini
adalah untuk saya sendiri, masih kekurangan interkom. Kunagisa hampir
tidak pernah menerima pengunjung, jadi tidak perlu.
Saya membuka kunci dengan pemindaian kunci dan sidik jari, dan masuk
ruangan .
“Tomooo, ini meee. Aku ada di tempatmu, ”aku berseru seperti aku
berjalan menyusuri lorong (meskipun saya merasa tidak benar menyebutnya
hanya sebuah “lorong. "Tangga itu sendiri lebih besar dari seluruh milikku
tempat). Di lantai tiga puluh satu di bawah, sebagian besar dinding memiliki
telah dirobohkan untuk memberikan ruang bagi yang luar biasa besar
komputer, sedangkan lantai tiga puluh dua lebih seperti

sebuah labirin, membuatnya mudah bagi saya dengan ingatan saya yang buruk
campur aduk. Sekarang di mana gadis itu?
Saya menyadari saya seharusnya memanggilnya sebelumnya, tetapi saya
jari-jari tidak dalam kondisi untuk mengoperasikan telepon. Saya
ibu jari kiri masih berfungsi normal, tentu saja, jadi saya bisa
telah melakukannya dengan usaha yang cukup, tetapi saya tidak berminat untuk melakukannya
mengerahkan upaya itu.
"Tomo, kamu dimana?" Aku terus berjalan menyusuri lorong
saat aku memanggil lagi. Saya mulai melihat kabel dan kabel yang aneh
berbagai varietas tak dikenal terjerat di sepanjang lantai. tentu saja saya
telah menginjakkan kaki di tempat ini beberapa kali sekarang, tetapi untuk
seorang pria seperti saya yang tidak tahu apa-apa tentang mekanik
atau teknik elektronik, tempat ini masih seperti magis
kerajaan. Jika saya tidak hati-hati, saya bisa dengan mudah tersandung pada sesuatu
dan jatuh, jadi saya memastikan untuk berhati-hati saat

melanjutkan.
“Tomo, ini aku. Anda di suatu tempat di sini, kan? "
"Yo, aku di sini, ini, ini. ”
Suara yang menanggapi itu bukan milik Kunagisa.
Seperti yang diharapkan, itu adalah suara merah.
Bukan berarti suara memiliki warna.
"Sebenarnya aku pikir kamu mungkin tidak ada di sini. . . ”
Apakah hidup semudah itu?
Saya terus berjalan ke arah suara itu sampai pukul
terakhir tiba di ruangan kosong selebar sepuluh tikar. Di dalam rumah besar kondominium menjijikkan, bahkan ada kamar Kunagisa Tomo tidak dapat menemukan gunanya. Tentu saja seharusnya begitu
itu juga hanya masalah waktu.
Kemudian lagi, saya kira Anda perlu kamar seperti itu jika Anda akan memiliki tamu.
"Yo . Lama tidak bertemu . ”
Di dalam kamar, Aikawa-san dan. . .

"Wawawawa, ini Ii-chan!"
Kunagisa Tomo duduk berhadapan, minum
cola dari kaleng.
Dia memiliki rambut biru-Hawaii, kerangka kecil seorang anak, dan senyum yang murni 100 persen. Itu adalah pertama kalinya saya melakukannya
melihatnya sebentar. Sejak Golden Week, nyatanya, jadi hampir a seluruh bulan . Tapi rasanya sudah lama sekali.
Seolah-olah saya telah kembali ke tempat saya seharusnya.
Mungkin inilah yang mereka sebut nostalgia.
“Wawawa, Ii-chan, apa yang terjadi dengan tanganmu? Apakah ini adil?
saya, atau mereka menjadi jauh lebih gemuk? "
“Pengerasan kulit. Itu Flictonic Cliple Weber Syndrome. ”
“Ooh, begitu. ”
"Tidak, kamu tidak. Sebenarnya, ada serangkaian berbagai insiden. Termasuk cedera wajah saya, itu akan menjadi sekitar dua minggu sampai saya pulih sepenuhnya. ”
"Hawawaa. Wowee, Ii-chan, cooool. Anda din-o-tungau,
Ii-chan, yayyy. Apakah Anda memiliki gangguan dengan Nenbutsu no Tetsu

atau sesuatu?"
"Tidak . Jangan bicara tentang pria itu. “Saya duduk untuk bergabung
mereka, secara efektif membentuk segitiga sama kaki dengan saya di
puncaknya . Mataku beralih ke objek ketakutanku.
"Halo, Jun-san. ”
"Ada apa, Karakter Utama?" Dia menyeringai, cola di tangan.
Dia tampak seperti tidak baik, seperti biasa. Di sisi lain
tangan, dia tampaknya sangat bersemangat. Tapi
Suasana hati Aikawa-san berubah seperti cuaca gunung, jadi begitu
sulit untuk benar-benar menghakimi hal-hal seperti itu.
“Apa yang kamu lakukan di markas besar rahasia Kunagisa?
Datang untuk mencari tahu lebih lanjut tentang pencuri? ”

“Tidak, tidak, tidak ada yang seperti itu. Prowler sudah diselesaikan
untuk saat ini . ”
"Sangat?"
"Yup," dia mengangguk.
“Kami baru saja membicarakannya sekarang, Ii-chan. Anda ingin
berpartisipasi juga? Tiga kepala lebih baik dari dua. ”
“Nah, tidak terlalu tertarik. ”
Tapi aku berbohong.
Tetap saja, saya menduga ini berarti Zerozaki belum pergi ke Amerika
Lagipula . Mungkin Aikawa-san berhasil menyusulnya
bandara dan mengakhiri semuanya sekali dan untuk semua. Jika demikian, dia punya
belasungkawa . Dia memiliki keberangkatan yang gagah hanya untuk
ikuti dengan kegagalan besar. Itu terlalu memalukan, Zerozaki Hitoshiki.
"Hei, Kunagisa-chan," kata Aikawa-san. “Maaf melakukan ini
rumahmu sendiri, tetapi maukah kamu meninggalkan kami sendirian untuk
saat? Saya punya sesuatu untuk dibicarakan dengan Ii-chan. ”
"Hmm?" Kata Kunagisa, menggaruk kepalanya. "Apakah ini sebuah rahasia
sesuatu?"
"Ya. ”

"Hmm. Baik . ”
Dia berdiri dan mengetuk keluar dari ruangan. Yang paling disukai dia akan pergi ke beberapa komputer di ruangan lain dan
mulai bekerja. Tidak seperti saya, yang satu-satunya cara melewati Waktu adalah Eight Queens, Kunagisa memiliki persediaan hampir tak terbatas
metode.
Ditinggal sendirian bersama Aikawa-san, aku yang pertama berbicara. "Kamu
tahu, aku tidak bisa tidak melihat kamu baru saja mengusir Kunagisa. ”
"Memang aku melakukannya. Anda tidak ingin dia hadir saat itu kita sedang bicara serius, kan? ”Aikawa-san berkata dengan menyesal.
“Kamu harus berterima kasih kepadaku. Jangan sampai begitu

marah. Ya ampun, aku menyisihkan Tomo-chan selama dua detik dan kamu
kehilangan ketenanganmu. ”
"Lalu mengapa kita tidak pergi saja ke tempat lain untuk berbicara?"
"Tidak bisa. Saya seorang wanita yang sibuk. Besok aku dibutuhkan Hokkaido. Saya akan menuju ke sana segera setelah saya meninggalkan tempat ini.
Sejujurnya, saya tidak yakin saya bisa melihat Anda. ”
Beruntung saja, kurasa.
"Jadi. . . ”Menyadari bahwa tidak ada cara untuk berbicara dengan cara saya
Dari apa pun dengan wanita ini, saya menyerah dan memberi semangat
dia untuk memulai. "Jadi, apa yang kita bicarakan saat ini?"
"Pertama, pembaruan pada kasus Zerozaki," katanya. "Saya yakin Anda tertarik untuk tahu, bukan? Saya tidak akan membiarkan Anda mengatakan Anda
tidak. ”
“Yah, sebanyak pria berikutnya, kurasa. Tapi apa yang kamu lakukan
maksudnya, sudah 'diselesaikan'? ”
“Tadi malam, aku akhirnya menemukan ingus kecil itu. Kami punya sedikit

ronde kedua. ”
"Dan?"
"Kami mencapai kesepakatan ramah," katanya. "Dia akan berhenti membunuh orang, dan sebagai gantinya, aku akan meninggalkannya sendirian. Itu adalah
tawar-menawar. ”
"Apakah itu cukup baik?"
"Yakin . Pekerjaan saya hanya untuk menghentikan pencuri Kyouto. Tak seorangpun
pernah mengatakan untuk menangkapnya. Sejujurnya, saya lebih suka menghindari
masuk ke killfest dengan 'Zerozaki Ichizoku', jadi ini dia
cukup bagus untuk saat ini. Untuk sekarang . ”
Untuk sekarang .
Saya tidak ingin memikirkan arti yang tersembunyi di dalam kata-kata itu . Ini tidak diragukan lagi domain yang saya gunakan tidak ingin terlibat.

“Kalau begitu kurasa itu berarti setidaknya, tidak akan ada
ada insiden berkeliaran lagi di kota Kyoto ya? "
"Tepat sekali. Dan jika bukan karena kerja sama Anda, itu
tidak akan pernah sampai pada kesimpulan ini, jadi saya kira saya harus
untuk mengucapkan terima kasih, ”katanya, terdengar seperti seorang aktris.
“Benar-benar tidak boleh mengatakan bahwa agung agung itu tidak ada. ”
"Tahan di sana," katanya, memotong usahaku
musang dari diskusi. “Kau tahu, aku mengobrol ringan
dengan Hitoshiki-kun. . . ”
"Kamu melakukannya?"
"Ya," katanya, sambil berlari ke arahku dengan berlutut. "Kita berbicara tentang Anda, dan Anda, dan Anda, dan Anda. . . kamu tahu,
barang biasa. ”
"Itu mengerikan . ”
itu . Apa yang dia pergi dan mengoceh tentang dia?
Untuk Aikawa-san, dari semua orang. Kemudian lagi, saya melakukan hal yang sama
benda . Mungkin ini yang dia maksudkan dengan memiliki

"beberapa
ide di lengan bajunya. ”
"Tapi kamu tahu," katanya, tampak benar-benar terkesan, "itu adalah beberapa pekerjaan detektif pintar yang Anda lakukan. Bahkan saya diambil
kaget. Siapa yang mengira Aoii Mikoko telah membunuh
Emoto Tomoe bahkan sebelum Anda meninggalkan apartemennya, dan itu
Kematiannya sendiri adalah bunuh diri? Saya tidak melihat itu datang sama sekali. ”
"Maafkan aku jika seluruh ucapan ini terdengar dipentaskan, Jun-san. ”
“Jangan terlalu serius. Saya tidak punya rencana untuk membuat musuh
denganmu . Aku ingin menjadi temanmu, Ii-chan, sungguh. Tapi kamu
tahu, saya pikir saya mungkin juga menjelaskan hal-hal. ”
"Hal apa?"
Dia tidak langsung menjawab. Dia terdiam beberapa saat, seperti jika mencoba membaca tanggapan saya.

"Detail dari serangkaian insiden ini," dia akhirnya berkata.
"Maksudmu kau tidak puas dengan alasanku lagi?"
“Tidak, aku tidak punya masalah dengan alasanmu. Ini kamu, aku tidak puas dengan. Sama sekali . ”
“. . . . ”
"Kedengarannya seperti kamu berusaha keluar dari penjelasan beberapa hal untuk Zerozaki, bukan? ”
"Ya, tapi itu semua detail kecil. Hanya hal sepele, barang
Anda bisa menjelaskan sesuka Anda, atau sebaliknya saya
bahkan tidak bisa membayangkan penjelasan untuk. Jadi tidak sangat-"
“Misalnya, alasan Aoii Mikoko membunuh Emoto
Tomoe. ”
“Ya, itu. . . ”
Itu sesuatu yang belum kukatakan pada Zerozaki. Sesuatu yang saya akan
dibiarkan tidak dijelaskan.
"Atau bagaimana dengan alasan diambilnya tali leher itu
tempat terjadinya kejahatan? "

"Yah, aku. . . ”
"Dan mengapa anak laki-laki apatis seperti kamu pergi ke semua kesulitan membuat bunuh diri Aoii Mikoko terlihat seperti pembunuhan,
bahkan jika diminta dalam catatan bunuh dirinya? Tapi apa yang saya benar-benar
ingin tahu sebagian besar adalah, berapa lama Anda tahu tentang segala sesuatu?"
. . . .
“Kamu membuatnya terdengar seperti kamu pertama kali belajar kebenaran
membaca catatan bunuh diri Aoii Mikoko, tapi. . . baik, itu baru saja
tidak mungkin, sekarang bukan? ”katanya sambil tersenyum. "Jadi ketika?"
Saya tidak bisa mengumpulkan jawaban.

"Seperti halnya aku meremehkan orang, aku tahu kamu cantik
hal yang panas, ”katanya. "Aku tentu tidak percaya kamu tidak menyadarinya
kebenaran sama sekali sampai melihat catatan bunuh diri itu. ”
"Kau melebih-lebihkan aku. Aku bukan itu— “
“Kalau begitu, haruskah saya memberikan lebih banyak bukti nyata? Untuk
contoh, Anda mengatakan sesuatu kepada Zerozaki di sepanjang baris
'Melihat mayat seseorang yang kukenal tidak cukup untuk melakukannya
membuatku merasa mual, 'tetapi bagiku itu bukan satu-satunya
bagian dari cerita yang tidak terlalu Anda, sehingga untuk berbicara. ”
"Apa lagi yang ada di sana?" Aku tahu ke mana dia pergi dengan ini,
tapi aku tetap mengajukan pertanyaan. “Aku tidak tahu apa maksudmu . ”
"Kembalilah ke saat kamu pertama kali mendengar fakta dari Sasaki.
Dia bertanya tentang panggilan telepon yang Anda dapat dari Emoto, dan
apa katamu? Itu pasti suara Emoto. Bahwa

Anda tidak pernah lupa suara pernah mendengar. Atau sesuatu untuk itu
efek. Anda telah membawa ingatan buruk Anda nomor apa pun sekarang. Jadi bagaimana Anda bisa begitu yakin? "Dia menepuk saya beberapa kali di bahu menggoda. "Bagaimana bisa
memori rusak Anda mungkin mengkonfirmasi hal seperti itu? Anda hanya bertemu gadis itu satu kali, dan ini sudah berakhir telepon, tidak kurang. Tidak mungkin Anda bisa mengonfirmasi hal tersebut
benda . Tidakkah kau pikir itu sebabnya Aoii Mikoko berpikir untuk menggunakannya
trik seperti itu di tempat pertama? Dia mengantisipasi mu memori. Paling tidak, tidak mungkin Anda bisa mengatakan itu suaranya pasti. ”
"Dan?"
"Dan itu berarti kamu dengan sengaja membohongi Sasaki-san. Sekarang
mengapa kamu melakukan hal seperti itu? Nah, inilah yang saya pikirkan — Anda tidak bisa memalsukan sesuatu yang tidak Anda ketahui
mulailah dengan, tetapi Anda bisa memalsukan sesuatu yang Anda ketahui.

Ketika Sasaki datang dan memberitahumu tentang kematian Emoto, itu
adalah ketika Anda menyadari kebenaran tentang trik Aoii dan itu dialah yang membunuh Emoto Tomoe, bukan? ”
Kucing itu pada dasarnya keluar dari tas. Tidak ada gunanya dalam diam lagi. Di depan mata merah ini,
keajaiban multitalenta, tindakan seperti itu lebih dari itu
tidak berharga daripada tidak berharga itu sendiri.
"Aku tidak benar-benar mengerti semuanya pada saat itu," aku menjawab dengan relatif jujur. "Saya tidak punya bukti atau
apa pun pada titik itu. Itu hanya tebakan. Itu hanya samar-samar ide saya punya, seperti, 'Itu bisa terjadi seperti ini,' Anda tahu? Anda tentu tidak bisa menyebutnya kesimpulan yang solid. Tapi Jun-san,
bahkan seandainya itu benar, bahwa aku telah memikirkan segalanya
pada saat itu. . . apakah ada masalah dengan itu? "

"Memang ada. Masalah besar yang menakutkan. Sekarang, jika Anda memberi tahu
saya Anda hanya berbohong untuk menutupi teman, saya akan baik-baik saja dengan
itu Siapa pun akan berbohong jika itu berarti mengatakan seorang teman. Tapi
masalahnya di sini adalah Aoii Mikoko bukan temanmu. Bagaimanapun juga
bagaimana perasaannya terhadap Anda, Anda tidak merasakan apa-apa
ke arahnya. Dia hanya seorang kenalan. Teman sekelas . Secara sederhana
taruh — kau tidak melindungi dia. Anda mengulur waktu. ” Mengulur
Dan untuk tujuan apa saya memerlukan waktu ekstra itu?
Untuk mencapai suatu keputusan.
Memberi, atau menerima?
"Dan kemudian pada hari itu, kamu menunjuk jari ke arah
dia. "Bisakah kamu memaafkan keberadaanmu sendiri?" Atau semacamnya
itu ”
"Kamu berbicara seolah-olah kamu telah melihat semuanya sendiri. Apakah kamu
mengawasi kita, kebetulan? "

Kalau dipikir-pikir, bukankah Aikawa-san mengatakan sesuatu
tentang melihat Mikoko-chan dan aku pada hari Sabtu itu? Tapi apa
jika dia mengikuti kita setelah itu? Saya mungkin bisa mendeteksi Zerozaki atau Muimi-chan, pemula dari
novis, tapi aku ragu aku akan memperhatikan jika Aikawa-san melakukannya
berada di belakang kami.
Namun Aikawa-san menyangkalnya. "Tidak, aku tidak mengawasimu.
Tapi setidaknya saya bisa menebak apa yang akan Anda katakan. saya menyebarkan
Pendapat Zerozaki — aku tidak percaya untuk sesaat itu
mampu membunuh akan membiarkan hati nurani mereka sendiri mendorong mereka
bunuh diri. Siapa pun yang cenderung menyesali tidak akan

melakukan itu
pembunuhan di tempat pertama. ”
"Tapi secara statistik, persentase yang adil dari pembunuh
bunuh diri. ”
"Secara statistik? Anda sudah ada hampir
dua puluh tahun dan statistik adalah jawaban terbaik yang bisa
Anda dapatkan
dengan? "Dia mengangkat alisnya dan mendengus padaku.
"Jangan bilang kamu percaya pada sesuatu yang bodoh. Sesuatu
itu hanya terjadi sekali dalam seratus ribu percobaan
terjadi pada percobaan pertama. Orang pertama yang Anda temui
adalah
satu dari sejuta . Semakin rendah probabilitas, semakin banyak
yang Anda lihat
itu terjadi . 'Statistik. “Lelucon yang sangat. Tidak ada lagi
rata-rata dari keajaiban. ”
Itu adalah pandangan yang sangat liar pada subjek, tetapi di sana
tidak berdebat dengan Aikawa Jun. Berbicara dari pribadi
pengalaman, dia sepenuhnya keluar dari liga saya.
"Tapi aku ngelantur. At any rate, Aoii Mikoko didn't commit
suicide out of guilt . She did it because you accused her . Atau
rather, you questioned her . After that, she had no choice other
than death . ”

Can you forgive your own existence?
I'll be back tomorrow . Around twelve .
You'll have your answer then .
“You mean just because I said that? If that alone was
enough to activate her conscience, she wouldn't have committed
the crime in the first place,” I said . “And to commit
suicide over a thing like that—“
“But don't you see? Aoii murdered Emoto for you . ”
Saya terdiam.
“Ehh, I guess saying it was 'for you' is going a little too far .
Aoii made the decision to do it on her own, and you're not
responsible for anything . Basically it came down to a matter of
jealousy, if you want to put it simply . ”
Saya tidak menjawab.
Aikawa-san continued . “Emoto Tomoe never opened herself
up to anybody, never got any closer than she absolutely

had to . And yet she spoke quite candidly with you on the very first night you met . ”
A fatal wound . Damaged goods .
They were similar, but different .
What if Mikoko-chan had been half-awake during that conversation? What if she had been conscious at that time, just as she had been during my conversation with Miiko-san?
“If you consider the facts, it's obvious why she stole that neckstrap too . Why would Aoii need a thing like that? It was a gift from Usami Akiharu . But remember what you said about saya t? 'It's a good match,' or something to that effect . You, who almost never compliment anybody, went and said that . Begitu Aoii stole it . She didn't need it, per se, she simply wanted to take it, and so she snatched it from the crime scene . I suppose this too was an act of jealousy . The point is, Aoii Mikoko

couldn't bear the thought that you and Emoto Tomoe were becoming close . ”
“So that's why she killed her? That was her motive? Itu idiotic . Can you imagine being killed for a reason like that? That's appalling . ”
“You're right, it is appalling . And that's why you couldn't forgive her, isn't it? She tragically robbed a human being of her life for something so stupid . And so you made her take responsibility for it . ”
“Do you really think I would do something like that?”
"Tidak, aku tidak. Not if this had been some random, spontaneous act . If it was just a matter of someone having 'gone too far' I'm sure you would've just forgiven her and looked the other way . But that's not what this was . This was a premeditated crime . It wasn't the 'power of alcohol' or something like itu She even had a murder weapon prepared from the very beginning . ” She let out a snicker . “I know you don't really think she used a ribbon to do it . Apparently you told Zerozaki the murder weapon was the ribbon from Usami's gift, but obviously that wasn't the case . ”
“Aku tidak tahu tentang itu. It seems like it would've made a good—”
“But the neckstrap was the only thing taken from the crime scene, right? It was written down in those police documents .

That means the ribbon was still there . Which means that the murder weapon had to be something else, by the pretense that the cloth used in Aoii's suicide matched the cloth used to kill Emoto . Jadi apa artinya itu? It means that Aoii Mikoko had already prepared a murder weapon before even arriving at Emoto's apartment . ”
"Maksud kamu apa?"

“I mean she made a prediction . She could detect the similarities between you and Emoto from the get-go . She sensed something about your 'aura', if you will . And if her prediction turned out to be on the mark, she was going to kill Emoto . She had planned it like that from the start . This wasn't just some gimmick that any old sucker of a college student could've thought up off the top of her head . ”
“That's rather laughable,” I said without even cracking a smirk . “She kept going on and on about how they were such great pals, and then she killed over something as trivial as that . And what's worse, I know she wasn't lying about them being friends . That was no lie, Jun-san . She really did care for Tomoe-chan . ”
Just not to the point that she wouldn't kill her .
If she got in the way, Mikoko-chan would kill her without mercy .
Bunuh
Die for me .
Truly this girl had nerves of steel .
“So you deliberated for awhile, but ultimately decided to denounce her . ”
“Denounce her? Just to be clear here, Jun-san . . . I didn't suggest that she kill herself . In fact, I waited until she was in a relaxed state before I even approached her about it, specifically so she wouldn't go overboard and commit suicide or sesuatu. At the very least, I left three options for her . Dia could kill herself, turn herself in, or just pretend she didn't know what I was talking about and never cross paths with me lagi. As a bonus option, she also could have killed me . ”
“Weren't you hoping she'd go for the bonus option?”
Ya benar . I shrugged .

“I had expected her to choose to turn herself in . . . but she didn't . When I went into her room, she was dead . So I . . . ”
“So you acted like you didn't know it was suicide . Sana was nothing about that written in the suicide note, was there? And you're the one who left that 'x over y' mark, aren't you?”
Itu benar. Mikoko-chan hadn't made any such request . Swallowing everything was all my idea . The fact that she hadn't turned herself in meant she didn't want people to know what she had done . And so I decided, more or less on a whim, to help out .
And to be honest, I also felt a little responsible .
“ 'Responsible', huh . . . personally, I think of that as a word people use when something comes as a complete surprise to them . ”
“Well, to be sure, I hadn't seen it coming . It was a surprise, it really was . I agree with you and Zerozaki that it's not really feasible that a person capable of murder would commit suicide out of guilt . That's why I was surprised to find that she had committed suicide . I'm not even sure whether or not it actually was the indigestible objects in my stomach that made me so queasy, Jun-san . ”
“But it wasn't necessarily guilt that pushed Aoii to suicide . It's possible that she died because you pushed her . Karena what she'd done, you were disgusted with her . She had made an enemy out of you, and in so doing, lost all hope . ”
“If that's the case, that just makes me even angrier . So she kills one person, and that alone distresses her to the point of dying? She wasn't even qualified to be a killer . ”
“Ahh, so that's what you meant about feeling responsible . Not for Aoii, but for Emoto . . . Saya melihat . Hah. . . an interesting concept . But say, doesn't a person's affection mean anything

to you? She may have taken it in a twisted direction, but Aoii really liked you . ”
“Saying 'I like you so you'd better like me' is just an intimidation tactic . Unfortunately, I'm not some blind reciprocator . People who kill to serve their own passions make me sick . ”
“Would you say the same thing about Atemiya?” she asked rather politely . “The thing that impresses me the most is that you were able to predict all of this, including its conclusion,

from the very beginning . That's why you implanted that false idea in Atemiya's head about the 'dying message . ' You explained to Zerozaki that Atemiya 'misunderstood' the meaning of those markings, but in reality, it was you who caused her to do that . That way, it would be immediately obvious that Atemiya was the culprit if the murders continued even after Aoii's death . Even when you snuck into Emoto's apartment, you weren't looking for clues; you were looking for something that nobody would know about . ”

“It was just a sort of insurance, I guess . It wasn't all that thoroughly calculated or anything . Don't make it sound like I had everything in the palm of my hand . ”

In the end, he was the one who had actually done the killing, she was the one who had done the dying, and that girl over there was the one who had committed suicide . I hadn't done a single thing . I hadn't even manipulated anybody . How could someone as clueless about people's emotions as me even try to manipulate someone?

Now that was nonsense .

“So Sasaki and Kazuhito . . . yesterday they took Atemiya Muimi into custody, but . . . they say she was on the verge of suicide . She was about to jump off the roof of her building, and they managed to rescue her just in time . Apparently she'd

completely lost it, and they couldn't even understand the words coming out of her mouth . They're not sure she'll ever be back to normal . ”

“Sungguh. ”

“Did you say something to her?”

“No,” I answered without hesitation . “Bukankah aku sudah memberitahumu? Saya m

not interested in people who kill to serve their own passions . ”

“I'm pretty sure you said they make you sick . ”

“You probably misheard me . ”

She glared at me in silence for a moment . “Hahh,” she sighed . “Well, either way . . . so that's why you condemned these girls who each only killed one person, yet completely overlooked the multiple, indiscriminant, merciless killings of Zerozaki? To give or to take, huh? Astaga. . . you really are cruel, huh?”

“I get that a lot . ”
Aikawa-san swigged down the last remaining drops of her cola, rose to her feet with a grunt, and looked down on me .
“Dust to dust . . . well, whatever . When all is said and done, your crimes and your punishments are yours and yours alone . I'm not sure how you see I, but you weren't in the wrong disini If you can be faulted for anything, it's that you are who kamu adalah . You're guilty of the crime of being you, and so, too, shall that be your punishment . And I have no intention of getting in the way of that . I was just a little curious . So here's my final question,” she said, sounding much more lighthearted than she had until a few moments ago . But I knew it was when she got like this that she truly shined .
"Yakin . what?” I said, just a little bit nervous .
“What was really written on Aoii's suicide note?”
. . . . “Just one line,” I said .

"Wow . What was it?”
"Lupa. Bad memory . ”
And then I remembered:
“ 'I wanted you to save me . '"
“That's a pretty rough line,” she said, laughing . “Still, it'll stick with you . Her confession to you would've made for a nice last memory, but that's just plain bitter . You'll never forget her for the rest of your life now . Maybe that's what she was shooting for . ”
"Tidak juga . I'll have forgotten it in another three days or so . ”
This sounded like bitter retort itself, but I meant it in all honesty, and it would probably come true . My insides were already thoroughly saturated with bad memories . Sure, I may have gained another two or three or four crosses to haul around on my back, but they'd be buried soon enough . Bahwa was all there was to it .
“Figures,” Aikawa-san said . She gazed at me for a while before her face grew cynical again . "Katakan. . . you didn't really care either way, did you?” she said .
. . . . In regards to what?
There were so many possibilities, I had no idea what she was referring to .

Tetapi tetap saja .
Whatever the intended question was, there was only one possible answer .
“Nah . ”
“Figures,” Aikawa-san said . “Well, I'll see what I can do about Sasaki, see if I can get her to drop the charges on you . ”
“Charges? What charges?”

“Falsifying information in regards to the Emoto case, encouraging Aoii's suicide, not to mention concealment of evidence, plus withholding information and having that little rendezvous with Atemiya . Normally they'd have your ass for all that, which I'm sure you were well aware of, but I'll take care of it for you . Although I suppose even if I didn't, Kunagisa probably would . . . . You'd better start doing some favors for some people . ”
“Sasaki-san said something like that too . ”
“I'll bet . I taught her that line . ”
“You don't say . ”
Lately I'd been up to my ears in debts owed to various people for favors they'd done . And it hadn't even been a full five months since I'd returned to Japan . Would even the remainder of my life be enough time to repay everyone?
I probably didn't have much of a choice in that matter .
“Well, let's do this again,” she said .
“We won't have another chance to meet, will we?”
“Oh, I think we will . I have a feeling we'll be meeting again real soon . ”
“I don't suppose that means you're going to show up again tomorrow to hang out, like last time . . . . ”
“I told you, I'm off to Hokkaido tomorrow . . . some real sticky-sounding job . Not sure I'll make it back alive this time . I'm pretty excited . ”
“You don't die even if you're killed . ”
“You neither,” she said . “Well, so long . ” With that, she left the guest room . It was an extremely simple farewell, like we really were going to meet again tomorrow .
And we probably would meet again at some point .

And surely she would once again forcefully expose my insides,

flashing a cynicism-ridden smile all the while . And no doubt, she would put another end to another story that had already ended .
She would solve what had already been completed, Complete what was already solved .
Because that was the role of this red contract worker .
Now that, that was some real grade A .
“Aikawa-san, you just don't know when to quit . ”
In an uncharacteristic moment, it occurred to me that being killed didn't sound so bad, if she was the one doing the killing .
"Sekarang. . . ”
I stared up at the ceiling . The ceiling that looked to boast twice my height if I jumped with my arms stretched up . Spacially speaking, this room was somewhere between five and ten times the size of my lodge .
That aside .
“I think you can come out now, Kunagisa . ”
“Gah,” leaked a voice from somewhere, but made no effort to show herself . It looked like she intended to continue playing dumb . How could someone so smart be such a knothead? Then again, it was still a lot better than being dumb and a knothead like me .
“If you don't some out now, you'll miss your chance . Aku s that okay?”
“Uni . It's hard to time these things . ”

As she spoke, a single plate opened in the ceiling, and her face peered out . She snickered guiltily . “Teehehehe . You knew all along?”
“Yup-yup . I think Aikawa-san noticed too . ”
“Aww . What's the point of this stupid secret passageway, then?”
In a display of baffling logic, she proceeded to jump down at me as if diving into a swimming pool . I might reiterate at this point that the ceiling was twice my height when jumping and stretching . At the same time, I couldn't just dodge out of the way, so I took the impact straight in the gut .
“Ii-chan, you okay?”
“Not so much . . . ” With my fingers broken, I couldn't

even guard myself . I had been reduced to a human cushion .
“Tomo . . . please, get off . I think you broke some ribs . ”
“I believe I'll waive that suggestion . ” She squeezed up against me, pushing me all the way over . It was a position fairly reminiscent of the one Aikawa-san had put me in several days earlier, but this was much nicer . A heartfelt embrace, if you will .
Squeeze .
“Hee-hee . I missed you! I liked you!”
“Well, I appreciate the 'I miss you . ' . . ”
She was pure innocence .
She had heard everything I had just discussed with Aikawa-san, and still she hugged me like this .
I had cruelly antagonized two people, and yet completely overlooked a mass murderer . And Kunagisa didn't harbor a single negative sentiment toward me for it .
. . . .
Aikawa-san had been wrong about just one thing .

But it wasn't her fault . She probably just didn't have me fully figured out yet . By no means do I consider myself a deep person, but I do recognize that my sins run so deep there's no way to see all the way to the bottom . The depths of me were invisible, no matter what kind of contract work you did .
The reason I didn't want to have that discussion in front of Kunagisa wasn't because I was afraid of her judging me . Dulu because I knew she would never judge me that I never wanted to expose my ugliness or my ego to her .
Hers was an all-embracing love .
Unwavering, undiluted affection .
If I killed a person directly, she would probably forgive me even then .
She would love me all the same .
To me, that love was just a little too heavy .
I could feel it crushing me .
That wide-open devotion .
It wasn't that I couldn't feel affection toward others . Dulu that I couldn't receive affection from others .
No matter how much adoration Mikoko-chan showed me, all I could respond with was disdain for a murderer . No matter

how much her feelings for me had inspired her actions, all I could see was another homicide .
And thus I was damaged goods .
And thus I was a human failure .
"Omong kosong. ”
“Hmm?” Kunagisa lifted her body up just a bit to give me a puzzled look . “You say something, Ii-chan?”
“Nah, I'm not saying anything . ”
"Hmm. Ah, benar juga. Ii-chan, wanna go on a vacation with me?”

“Vacation? That's pretty rare . I thought you were supposed to be a shut-in . ”
“Well, actually I don't really wanna go, either, but I'm helping someone out, so I've gotta . ”
"Ah . Well, okay, let's go . I haven't seen you much lately, pokoknya. ”
“Okay!” she said with a gleeful smile . It was the only expression she knew . But it was still more than I was capable of .
Not being able to respond to a smile with a smile . . . it really can give a guy an inferiority complex, eh, Tomoe-chan? I thought with a fair dose of self-deprecation .
“When do we leave?”
“Well, there's a lot to be taken care of first . Ahh, Professor Kyôichirô's place is so far . But we've got to rescue Satchan . It'd be better to go after your wounds are all healed, so I'm thinking probably around the start of July . ”
“Okay, gotcha . ”
“Mark your calendar . Ehehee,” she chuckled .
Saya ingat sesuatu. “Hey, Kunagisa . Apakah anda tahu what 'x over y' means?”
“Huh?” she bent her neck to look up at me again . “What's bahwa? A formula?”
“A dying message . . . well, not really, but you could think of it as one . ”
"Hmm. ” She thought for a single second . “Ah, is it in cursive, by any chance?”
"Ya. ”
“Then it's simple . You just look at it in the mirror, then rotate it,” she said as if it really was that simple for her .

"Benar . " Saya bilang .

What was going through Mikoko-chan's mind when she left that mark? She had left it by Tomo-chan's body, just like some kind of dying message . All you could do was speculate, but indeed you could speculate .
Mikoko-chan probably didn't really want to kill Tomochan .
And of course, Muimi-chan didn't want to kill Akiharukun .
“But me . . . ”
Maybe I wanted to kill both Mikoko-chan and Muimichan, in reality . After all, the me on the other side of the mirror was a murderer .
Either way, I fully accepted those puzzling symbols she had left behind . Kenapa tidak? Nothing worth holding a grudge over ever made it through the mirror to this side . And the mirror itself had already crumbled .
A whole world had crumbled .
I took a look at Kunagisa .
When would it be my turn to crumble?
That contemptible “soothsayer” had prophesied that it would be another two years . But she was an even bigger liar than I, and I couldn't accept those words as the truth . saya doubted my mind would last that long .
Mind aside, what about my heart?
Whatever the case, my time was sure to come .
A time you might call my final judgment .
“Uni? What's wrong, Ii-chan?”
She blinked at me with those big, pure pupils .
That azure hair .
Exactly the same as five years ago .
And now it was five years later .

Sooner or later, the time would come .
When I'd buckle under the weight .
And the urge to destroy her would arise .
Even then, she was sure to forgive me .
Even if she was murdered or destroyed, she would forgive saya .
Just as she had done five years ago, with that innocent, beaming smile, as if nothing had even happened .

There's a difference between being forgiven and being saved .
Nonsensical though this may be .
Before these things occurred .
Not to serve your passions . but simply to serve yourself, to do something that should be done .
Silahkan .
Dengan cepat.
“Tomo . ”
"Ya?"
"Aku cinta kamu . ”
Just saying .
They were hollow, entirely empty words .
Words anybody, anybody could say .
Just substanceless vocabulary .
“And I love you . ”
Kunagisa laughed .
And that was all there was to it .
Ultimately, that was all .

“That's the Ikkun I love . ”
And thus, “I wanted you to save me . ”
I had just one response to that .
A single phrase I wanted to send to Mikoko-chan .
Likely, they were the same words Tomo-chan had for me .
And indeed, they were suitable .
“Don't be so spoiled . ”
<Easy Love, Easy No> is a BAD ENDING . . . .

So you often hear people say, “Don't be choosy about how you achieve your goals,” but as a human, I feel we should at least be allowed to choose how we go about achieving something . If you really sit down and think about it, trying to achieve a goal without carefully choosing a method could end up being disastrous . For example, if your ambition is to become a professional baseball player, you've got to get there by playing baseball right? If, however, you instead proclaim, “No, I don't want to be choosy about how I achieve this goal! Curse those who dare select their own methods!” and go out and buy a rugby ball, it seems to me that you're more likely to end up

becoming a rugby player . Now what if, instead, you were to buy a knife, and what's more, practice swinging it a thousand times a day? Who here among us would take a look at such a person in the park at night and predict that he was destined to become a major leaguer? Of course, I know that's not what this saying is supposed to mean, but I just thought I'd put my own little spin on it .

Meanwhile, the writer of this very book could be thought of as the all-star representative player for people who aren't

too choosy about their methods, but upon serious contemplation, I'm surprisingly unsure of whether or not I really even chose the goal in the first place . “Hmm, so why is that what you want to do?” people will say, thereby effectively questioning the purpose of your purpose, at which point most people are prone to becoming very silent . And should we be even further interrogated, wherein we're confronted about the purpose of the purpose of our purpose, or the purpose of the purpose of the purpose of our purpose, or the purpose of the purpose of the purpose of the purpose of our purpose, well, at that point we just give up, resulting in a silence to end all silences .

Thinking about it conversely, there's something wholly unappealing about the idea of a person who could provide concrete, logical answers to such questions . (“Well, the purpose of the purpose of the purpose of the purpose of the purpose of my purpose is this and this and that . Clear enough?”) . Humans, in all their humanity, are much more cut out for living their lives constantly mistaking vague, unrealistic illusions for goals and/or methods .

This book, Zaregoto 2: The Kubishime Romanticist, sees the appearance of a homicidal monster who's lost sight of his goal and a murderer who can't find a method . This monster and this murderer think to themselves, “This is pretty weird,” but they go on committing their acts all the while . The homicidal monster continues exercising his method, and the murderer continues pursuing her goal . Meanwhile, the side character that is our narrator sees these characters and scratches his head, thinking, “They're pretty weird,” and yet he goes and projects himself onto them, and in comes the self-hatred .

After all, to anyone with ugliness inside themselves, there's no

greater displeasure than taking a look in the mirror . Of course,
if you don't have a mirror, you can't see yourself at all .
As was the case with the last book, The Kubikiri Cycle, there
is a ridiculous number of people whose combined strength is
to be thanked for the publishing of this novel . Above all
others, I am most greatly indebted to my editor, Kastushi Otasama,
and my illustrator, take . Terima kasih banyak .
NISIOISIN
TYPED OUT BY A FEW ANONS ■■■
Born in 1981, the prolific NISIOISIN has already revolutionized the
Japanese literary world with his fast-paced, pop culture-fueled
novels . He debuted with The Kubikiri Cycle in 2002, beginning his
seminal Zaregoto series, and Bakemonogatari was published under
Kodansha's popular Kodansha Box imprint . 2007 saw the magnificent
conclusion to his twelve-month consecutive serial novel, Katanagatari—for
which NISIOISIN wrote one novel a month for an entire
year—also for Kodansha Box . NISIOISIN has also created novels
based on popular manga franchises: xxxHOLiC: ANOTHERHOLiC, based
on the series by superstar artist collective CLAMP, and Death Note
Another Note: The Los Angeles BB Murder Cases, based on Tsugumi
Ohba and Takeshi Obata's blockbuster series .
Born in 1983, take made his debut with the gorgeous, ultramodern
illustrations for NISIOISIN's Zaregoto series . Just as that novel
cemented NISIOISIN's reputation as one of the leading lights of
Japanese pop culture, take's illustrations for these best-selling novels
made him a star in his own right . His first-class character designs
have captured readers' hearts, and he is now ranked as one of the top
young illustrators in Japan . take loves cats and manga genius Osamu
Tezuka .
If you enjoyed this book—and you did, didn't you?—please
consider buying it to support its original creators .

Bab 1

ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 3 Dunia saya adalah yang paling keren. Universitas Swasta Rokumeikan, terletak di Kinugasa, di Kita Ward of Kyoto, memiliki total tiga ruang makan. Dari ketiganya, Zonshinkan Chika Dining Hall (disingkat dengan penuh cinta) Zonchi) dianggap yang paling meriah. Ini mungkin karena ia memiliki menu yang luas, dan itu benar di sebelah toko buku co-op. Hari itu, karena saya tidak punya kelas selama periode kedua, saya pergi langsung ke Zonshinkan Chika setelah periode pertama. Saya tidak punya sarapan pagi itu — aku tidak sengaja ketiduran secara keseluruhan jam — jadi saya pikir saya mungkin makan siang lebih awal. Ya ampun, saat ini kosong. Bisnis yang berisiko, ”aku bergumam untuk diriku sendiri, meragukan semua sementara bahwa aku menggunakan kalimat itu “Bisnis berisiko” dengan benar. Saya mengambil nampan. Sekarang, apa yang harus dimakan? Saya bukan pecinta makanan, jadi biasanya saya hanya makan apa saja tanpa banyak dari keributan. Baik pedas atau manis, kataku. Namun belakangan ini segalanya hanya sedikit berbeda. Baru sebulan yang lalu saya menghabiskan seminggu di neraka tempat di mana saya disajikan tiga kali hidangan gourmet sehari. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 4 Sekarang, sebagai efek samping, lidah saya masih tersangkut di Snootyville. Sudah sebulan penuh sejak sesuatu membuatku katakan, “Wow, ini bagus. “Setiap kali saya makan sesuatu, itu selalu merasa ada sesuatu yang hilang, seperti beberapa bahan utama kurang. Itu tidak cukup masalah untuk pantas disebut masalah, tapi aku benar-benar muak dengan perasaan itu. Sejauh solusi, Saya sudah memikirkan dua. Yang pertama cukup sederhana: Makan saja makanan enak. “Tidak bisa berharap hal itu terjadi di ruang makan sekolah. ” Tetapi saran pertama itu tidak mungkin untuk diikuti. Lagi pula tidak, tanpa kembali ke pulau kecil yang aneh dan terisolasi itu. Saya tidak akan mengatakan saya benar-benar menentang gagasan itu, tetapi saya tentu saja punya reservasi saya. Jadi itu tidak baik. ” Ya, saya berbicara pada diri saya sendiri. Ini menyisakan satu kemungkinan ukuran lain, dan itu adalah senjata yang kuat taktik Itu adalah taktik “pukul anak yang tidak mendengarkan”. Sebagian besar masalah di dunia diselesaikan dengan memberi atau mengambil. Saya berjalan ke sudut donburi

dan memesan. Permisi. Tolong, kimchi besar. Tidak ada nasi ” Wanita makan siang itu memberi saya ekspresi bingung dan berkata, Itu hanya kimchee, Nak, tapi dia menyajikannya sama saja. Seolah bukan apa-apa, dia menjatuhkannya di hadapanku, memajang tingkat profesionalisme yang mengagumkan. Semangkuk kimchee yang besar dan menumpuk. saya ragu ada satu lidah di dunia ini yang cukup kuat untuk dikunyah semua itu turun dan masih mempertahankan indra perasanya. aku mengangguk ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 dengan puas, meletakkan mangkuk di atas nampan saya, dan meletakkannya tagihan. Ruang makan itu begitu kosong sehingga saya hampir tidak bisa memutuskan tempat duduk Satu jam lagi, tempat itu akan terisi dengan siswa yang telah keluar dari periode kedua lebih awal. Saya dulu tidak pernah penggemar orang banyak, jadi saya menganggap diri saya di bawah waktu batas. Saya mengambil tempat duduk di sudut. Menurun, aku bergumam, dan mengambil gigitan pertama. Ini Apakah. Mengerikan. Aku benar-benar harus makan semangkuk ini? Bukan ini apa yang dikenal sebagai perilaku bunuh diri? Sangat kejam Nasib telah membawaku ke lintasan ini? Apa yang telah saya lakukan? Apakah ini pembalasan surgawi? Saya kira mereka juga mengatakan menuai apa yang Anda tabur. Sejak saat itu, saya memegang sumpit saya dalam diam. Jika saya simpan pada berbicara kepada diri sendiri, orang akan mulai berpikir saya adalah seorang orang aneh. Dan selain itu, sopan santun meja untuk berbicara sementara kamu sedang makan. Dan kemudian, tepat ketika aku mencapai batasku — seluruh kepalaku telah pergi mati rasa dari ujung lidah ke atas, aku tidak tahu apa itu sih yang saya lakukan, atau, dalam hal ini, siapa saya, atau apa kata yang berarti, dan bahkan apa arti kata itu. Yo. ” Dia duduk di kursi di hadapanku. Tarik nampan itu sedikit ke belakang, bukan? Katanya. Lalu dia mendorong nampan saya ke arah saya dan menempatkan nampannya sendiri di jendela ruang yang baru dibuka. Nampannya penuh dengan sepiring spaghetti carbonara, salad tuna-dan-rumput laut, dan bonus hidangan penutup buah untuk total tiga kursus. Oh, betapa borjuisnya. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 Saya melihat ke kanan, lalu ke kiri. Ruang makan itu kosong seperti biasa. Anda bisa dibilang itu sepi. Jadi kenapa apakah dia memutuskan untuk memakan spageti-nya langsung di hadapanku? Mungkin semacam berani. “Ya Dewa, apa itu ? Semuanya kimchee! ”Serunya pada pandangan

mengejutkan dari makan siang saya. Wow! Kamu adalah makan semangkuk kimchi! ” Dia terbelalak, tangannya di udara seperti yang dia lakukan sebuah sorakan banzai. Mungkin itu yang dia lakukan, atau mungkin dia menyerah. Ada juga kemungkinan dia hanya seorang Muslim. Semua ini baik-baik saja oleh saya, tetapi dalam kenyataannya, dia mungkin hanya terkejut. Rambut sebahunya berwarna kemerahan dan sudah selesai dalam semacam bob. Pakaiannya tidak ada apa-apanya biasa saja. Mereka sangat polos, mengikuti gaya begitu banyak dari organisasi siswa Rokumeikan. Tiba-tiba, kapan dia duduk, dia tampak jauh lebih pendek — tapi kemudian aku sadar sebagian besar tingginya berasal dari London yang terlalu tinggi sepatu bot. Dia memiliki wajah muda, jadi saya tidak tahu apakah dia senior saya atau teman sebaya. Menilai dari sikapnya sendiri, itu akan terjadi Tampaknya masuk akal bahwa dia adalah junior saya, kecuali makhluk itu bahwa saya adalah mahasiswa baru, itu sangat tidak mungkin. Hei. Kau tahu, jika kau tidak menanggapi, aku akan kesepian dan barang-barang. Dia menatapku dengan mata anjing-anjing. Benar, kataku akhirnya. Kamu siapa? Saya cukup yakin ini adalah pertemuan pertama kami. Tapi saya akan belajar satu hal dalam sebulan terakhir: Saku kecil yang aneh ini ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 7 ruang yang dikenal sebagai universitas memiliki besar yang luar biasa jumlah orang yang ramah dan tulus. Ini orang aneh akan memulai percakapan dengan Anda Anda telah menjadi teman dekat mereka selama sepuluh tahun terakhir — bahkan jika Anda belum pernah melihat mereka sebelumnya dalam hidup Anda. Untuk pria sepertiku siapa yang buruk bahkan mengingat pertemuan pribadi, ini dibuat hal-hal sulit dari waktu ke waktu. Dan tentunya gadis ini adalah salah satu dari tipe-tipe itu. Takut kerumitan harus berurusan dengan undangan klub atau, lebih buruk, beberapa hal religius, saya pergi ke depan dan berpose di atas pertanyaan. Dengan melakukan itu, dia meluncurkan pose kaget yang berlebihan. Hwa ? katanya, Ya Dewa! Maksudmu kamu lupa? Kamu sudah terlupakan? Anda benar-benar lupa ? Ikkun, dingin sekali! ” Hah. Menilai dari reaksinya, sepertinya ini bukan yang pertama kami perjumpaan. Ohhh. Saya terkejut. Tapi apa yang akan kamu lakukan, kan? Ya, tidak ada, kurasa. Anda baru saja mendapat memori buruk, kanan? Nah, sebaiknya perkenalkan diri saya lagi. Dia melintas kedua tangan ke arahku dan tersenyum lebar. “Aku Aoii Mikoko! Ini mungkin

terbukti menjadi pertemuan yang menyakitkan. Apakah ini pertemuan pertama kami atau tidak, inilah yang akan terjadi tentu, kesan pertama saya tentang Aoii Mikoko. Ceritanya sederhana. Mikoko-chan dan aku adalah teman sekelas. Bukan saja kami mengambil mata pelajaran inti yang sama, tetapi kami juga juga di kelas bahasa asing yang sama. Kami telah bertemu tatap muka ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 menghadapi beberapa kali, dan berada di grup yang sama untuk kamp pelatihan kelas sebelum Golden Week. Kami bahkan pernah berpasangan sebelumnya di kelas bahasa Inggris. Pria. dari percakapan ini saja, aku harus terlihat seperti a benar-benar gila karena tidak mengingatmu. ” Aku pikir kamu benar-benar gila! Dia tertawa ringan. Untuk bisa tertawa riang setelah seseorang sepenuhnya lupa keberadaannya mengambil semacam kekosongan khusus. saya mengira dia mungkin gadis yang cukup baik. “Biasanya, aku merasa cukup mengganggu karena kamu melupakanku seperti itu. Atau lebih tepatnya, aku akan kesal. Tapi begitulah Anda, kanan? Seperti, Anda jangan lupa hal-hal yang sangat penting, tetapi Anda lupa hal-hal normal, ”katanya. “Yah, aku tidak bisa berdebat dengan itu. ” Dia benar sekali. Suatu kali saya bahkan lupa kalau saya adalah tangan kanan atau kiri, dan mendapati diriku terikat ketika saya benar-benar mencoba untuk duduk dan makan. Atas semua itu off, ketika semua dikatakan dan dilakukan, saya ternyata ambidextrous. Oke, dan apa yang terjadi denganmu? Tanyaku bukankah kamu di kelas? ” Kelas? Nah, masalahnya tentang itu. ” Untuk beberapa alasan dia tampak bahagia secara tidak normal. Tapi saya mengerti perasaan bahwa bahagia tidak normal adalah pengaturan standarnya. Sejujurnya, meskipun aku pernah melihatnya sebelumnya, aku masih belum bisa ingat seperti apa dia biasanya. Tapi bagaimanapun juga, itu sulit ditunda oleh gadis berwajah tersenyum ini. Aku bermain bohong. ” Mahasiswa baru benar-benar harus pergi ke kelas, kataku. “Ah, ayolah, ini membosankan. Sangat membosankan. Apa itu lagi? Oh, ya, kelas ekonomi saya. Itu hanya tanpa henti ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 aliran jargon. Dan itu seperti kelas matematika. Saya seorang humaniora orang! Dan kamu juga bolos kelas! ” “Aku tidak punya kelas sekarang. ” Sangat? Ya. Hari Jumat saya hanya memiliki periode pertama dan periode kelima. ” Dia melemparkan tangannya dengan liar ke udara lagi. “Bukan seperti itu mengisap? Itu seperti kebosanan enam jam. ”

“Kebosanan tidak selalu merupakan hal yang buruk. ” “Hm, kupikir kebosanan bisa dibilang definisi 'sesuatu yang buruk. Stroke yang berbeda, kurasa. Dia mulai berliku spageti di sekitar garpunya saat dia berbicara. Tidak berhasil mendapatkan semuanya dengan alat, itu segera menjadi masalah coba-coba. Saya pikir itu akan sementara sebelum makanan sebenarnya mencapai mulutnya. Sebelum saya menyadarinya, dia telah meletakkan bercabang dan beralih ke sumpit. Begitu banyak untuk tongkat-toitiveness. Katakan. Saya bilang. Hm? Apa apa? Ada banyak kursi terbuka. Ya, nyata. Saya pikir tempat ini akan segera penuh, tapi, ”katanya. Tapi sekarang kosong, kan? Kamu mengatakannya. Ada yang salah dengan itu? “Aku ingin makan sendirian, jadi mari kita jalan terus sekarang, sayang,” aku ingin mengatakan. Tapi kemudian aku melihat senyumnya — senyum lemah itu menunjukkan bahwa dia tidak mungkin membayangkan dirinya akan sepenuhnya ditolak — bahkan saya harus kasihan. Tidak. tidak apa. ” Hm? Kamu pria yang aneh. Dia memberiku bibir yang cemberut. Ah, tapi kurasa jika kamu tidak aneh, kamu tidak akan menjadi kamu. Keanehan seperti identitas Anda, bukan? ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 0 Saya tidak bisa menahan diri untuk merasa tidak sengaja dihina. Tetapi sekali lagi, itu tidak seburuk sepenuhnya melupakan seseorang yang secara rutin berinteraksi dengan Anda sebulan penuh. Jadi aku menyingkirkan gagasan itu dan mengalihkan pikiranku fokus kembali ke kimchee. Ikkun, kamu penggemar kimchi? Nah, tidak terlalu. ” Tapi itu satu ton kimchi. Bahkan orang Korea tidak makan itu banyak dalam satu duduk. ” Yah, aku punya alasan, kataku ketika aku menjejalkan beberapa kimchee ke dalam mulutku. Lebih dari setengahnya masih tersisa mangkukku. Tidak terlalu menarik, tapi tetap saja. ” Alasan? Cobalah untuk mencari tahu sendiri terlebih dahulu. ” Hah? Oh benar . baik. Mikoko-chan menyilangkan tangannya dan mulai merenungkan pemikiran saya. Tentu saja, mencari tahu keadaan apa yang mungkin mengharuskan saya makan keseluruhan semangkuk kimchee tidak mudah. Setelah beberapa Saat merenung, dia membiarkan lengannya jatuh ke bawah apatis. Dia benar-benar cepat menyerah. “Oh, ya, ngomong-ngomong, aku punya pertanyaan untukmu. saya pikir ini adalah kesempatan yang bagus untuk bertanya kepada Anda. Bolehkah saya? ” “Uh, tentu. ” Bukankah ungkapan peluang bagus biasanya digunakan untuk sesuatu yang muncul secara kebetulan? Sejauh yang saya tahu,

Mikokochan telah datang ke sini dan duduk di depanku sendiri kemauan Atau mungkin itu intinya. Dia mengenakan senyum yang sama ketika dia berpose pertanyaan. “Ikkun, kamu tahu bagaimana kamu tidak datang ke sekolah untuk sementara di awal April? Kenapa begitu? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 1 “Uh. “Sumpit saya berhenti bergerak. Potongan-potongan kimchee mereka memegang kembali ke dalam mangkuk. Eh, baiklah. ” Wajah saya pasti bermasalah, karena Mikoko-chan cepat mulai melambaikan tangannya Dengan panik dan berkata, “Oh, jika sulit untuk membicarakannya, jangan khawatir Saya hanya ingin tahu, itu saja. Ini seperti, Misteri yang Belum Terpecahkan Menampilkan Mikoko-chan. ” “Tidak, tidak sulit untuk dibicarakan. Ini cerita yang sederhana, sungguh. Saya baru saja berlibur. Sekitar satu minggu. ” Liburan? Dia berkedip padaku seperti binatang hutan kecil. Ekspresinya juga mudah dibaca. Itu membuatnya mudah bagi saya untuk berbicara dengannya — dia adalah pendengar yang baik. Liburan? Kemana kamu pergi? Tanyanya lagi. “Keluar ke pulau terpencil di Laut Jepang, semacam secara tidak sengaja. ” Kebetulan? Ya. Kecelakaan besar. Bagaimanapun, begitulah cara saya mendapatkan diri saya sendiri dalam situasi makan kimchi ini. ” Dia menggaruk kepalanya, yang mungkin merupakan respon alami. Tapi saya orang yang pada dasarnya malas, jadi saya tidak bisa repot-repot menjelaskan semua detail. Atau lebih tepatnya, bagaimana caranya apa aku akan? “Ngomong-ngomong, hanya liburan. Tidak ada yang sangat dalam. ” Hah. Anda tidak mengatakannya. ” Menurutmu apa itu? Oh, tidak ada apa-apa. Dia sedikit tersipu. Aku hanya berpikir mungkin, eh, seperti Anda melukai diri sendiri dan memiliki perpanjangan tinggal di rumah sakit atau apalah. ” Bagaimana dan mengapa gagasan seperti itu muncul dalam benaknya adalah sebuah misteri bagi saya, tetapi sekali lagi, bagi seseorang untuk tiba-tiba mengambil libur seminggu setelah masuk universitas, sebenarnya tidak ada ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 2 penjelasan masuk akal lainnya yang muncul di pikiran. Pada paling tidak, itu adalah penjelasan yang lebih mungkin daripada “Aku baru saja liburan. ” Saya melihat. Agak seperti perjalanan kelulusan yang tertunda. ” “Ya, sesuatu seperti itu. Saya tidak bisa mendapatkan reservasi, jadi akhirnya makan sampai April, ”kataku sambil mengangkat bahu, tapi dari Tentu saja fakta sebenarnya sangat berbeda. Gagasan bahwa saya lulus dari sekolah adalah

sesuatu yang tidak kumiliki berpengalaman sejak sekolah dasar. Tentu saja saya belum pernah pada perjalanan kelulusan. “Tapi semua keadaan di sekitarnya apa yang terjadi akan membutuhkan tanpa tujuan penjelasan panjang, dan itu bukan hal yang tepat Saya ingin berbicara panjang lebar, jadi saya hanya pergi bersama interpretasinya. Hmm. Dia memberikan semacam ekspresi setengah yakin. Jadi, apakah kamu pergi sendiri? Ya. ” Gotcha. Dan kemudian, begitu saja, senyum ceria itu kembali. Seolah-olah semua kebingungan telah hilang. Itu seperti dia benar-benar tidak memakai fasad apa pun. Dia sangat mudah dengan emosinya yang hampir membuatku iri padanya. Baik. Tidak juga. “Jadi, Mikoko-chan. Kenapa kamu benar-benar di sini? ” Hah? Anda punya sesuatu untuk dikatakan, saya kira? Maksudku, mempertimbangkan Anda datang dan duduk di sini ketika ada ruangan yang luas kursi kosong. ” Hah. Dia menyipitkan matanya dan sedikit menurunkan tatapannya, turun ke dadaku. Jadi aku tidak bisa duduk denganmu kecuali aku punya sesuatu yang spesifik untuk dikatakan padamu? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 3 Hah? Kali ini giliranku untuk menggaruk kepalaku. Dia terus berbicara sementara itu. Maksudku.adalah aku mengganggumu? Aku baru melihatmu ketika aku berjalan, jadi aku Kupikir mungkin kita bisa makan bersama. ” Ah, mengerti. ” Jadi dia hanya ingin seseorang untuk makan bersama. Saya adalah tipenya yang lebih suka melakukan hal-hal pribadi, seperti makan, sendiri, tetapi ada banyak orang yang melihat waktu makan dan berbicara waktu sebagai satu dan sama. Tentunya Mikoko-chan adalah salah satunya mereka. Tetapi setelah secara tak terduga memutuskan untuk bolos kelas, dia tidak bisa menemukan teman untuk makan bersama, jadi dia pergi ke depan dan memulai percakapan dengan kenalan pertama dia kebetulan melihat — saya. Yah, jika hanya itu yang terjadi, aku tidak keberatan, aku meyakinkannya. Terima kasih. Itu melegakan. Saya tidak tahu apa yang akan saya lakukan dilakukan jika Anda mengatakan tidak. ” Kamu tidak? Hm? Ya Mungkin kira-kira seperti ini, ”katanya, berpura-pura untuk memegang ujung nampan di kedua tangan. Lalu dia memutar pergelangan tangannya dengan gerakan retak yang tiba-tiba. Seperti itu. ” Saya melihat. Bahkan jika dia hanya bercanda, aku sedikit lega Saya menahan diri untuk mengatakan tidak. Saya tidak akan menaruh Reaksi seperti itu melewatinya, pada kenyataannya. Seseorang yang diungkapkan kebahagiaan yang begitu bebas mungkin mengungkapkan

kemarahan sama baiknya dengan bebas. “Yah, bagaimanapun juga aku bebas. Selama kamu hanya mau bicara, kataku. Terima kasih. Jadi, apa yang kita bicarakan? Oh, umm. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 4 Saat saya mendorongnya maju, dia mulai dengan cemas menggaruk sumpitnya bersama. Dia mungkin mencoba memikirkan sebuah tema. Saya mungkin sudah lupa siapa dia, tapi pasti di masa lalu sebulan sepertinya dia setidaknya berhasil memahami permukaan kepribadian saya. Jadi topik seperti apa yang akan dia lakukan ngobrol dengan saya? Aku, yang begitu bodoh, dan sangat kurang akal sehat, yang dulu kupikir sepak bola itu enggak dimainkan dengan kakimu? Anehnya saya tertarik untuk mencari tahu, seolah-olah saya menonton itu terjadi pada orang lain. Dia bertepuk tangan seolah tiba-tiba dia memikirkan sesuatu. Tidakkah menurutmu dunia menjadi gila? Katanya. Hah? Dengan cara apa? Maksudku. eh, Anda tahu, sang pencuri. Bahkan kamu harus tahu tentang itu. ” Bahkan saya. Bahkan aku — frasa itu cukup membuatku marah. Kecuali itu saja Kebetulan saya tidak tahu siapa si pencuri itu. “Jangan bicara padaku seperti aku idiot! Tentu saja saya tahu! ”An ledakan kemarahan seperti itu akan dibenarkan, tapi Diam! Bagaimana aku bisa tahu apa itu, bodoh ? ”hanya saja tidak memiliki cincin validitas yang sama dengannya. Hm? Ada apa, Ikkun? Tanyanya. Ah, tidak ada apa-apa. Apa itu 'si pencuri'? ” Jelas saya tidak mencari definisi kamus, orang yang mencari mangsa. Dia melongo menatapku dengan takjub. Kau bercanda, kan? Apakah ini lelucon? Ikkun, itu saja atas berita. Tidak mungkin Anda bisa melewatkan ini jika kamu tinggal di Kyoto. ” “Tidak ada TV di rumah saya, dan saya tidak mendapatkan kertasnya antara. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 Bagaimana dengan Internet? “Oh, aku tidak punya komputer. Jangan benar-benar menggunakannya kampus banyak. ” Ya Dewa, Ikkun adalah manusia gua! Katanya, terdengar hampir terkesan dengan cara. Apakah ini semacam kebijakan etis? “Mungkin, dalam arti tertentu. Bagaimana saya mengatakannya. Saya tidak suka memiliki harta benda ” “Cooool! Anda seperti seorang filsuf kuno! Wow! ”Dia bertepuk tangan dengan sukacita. Aku benar-benar ragu akan melakukannya mendapat reaksi yang sama jika dia tahu itu sebenarnya untuk alasan praktis — dan benar-benar timpang — Kamar saya adil terlalu kecil. Maksudku, koran memakan banyak ruang. Ketika kamu mengatakan 'jika kamu tinggal di Kyoto,'

maksudmu ini 'pencuri' sedang terjadi di sini? ” Ya itu benar. Itu membuat percikan yang cukup besar. 'Panik masuk Ibukota Tua! ' Beberapa tempat bahkan membatalkan kunjungan lapangan. ” Wow. Sayang sekali bagi mereka. ” “Enam orang telah terbunuh! Dan itu masih terjadi sekarang juga! Tanpa tersangka yang dikenal! ”Dia menjadi gusar naik, dan ada sedikit kegembiraan di suaranya. Dia menusuk mereka dengan pisau dan kemudian melemparkan nyali mereka di sekitar dan barang! Aneh, ya? ” “. ” Mari kita kesampingkan fakta bahwa kita berada di tengah makan. Setelah semua, saya ikut bertanggung jawab atas kenyataan bahwa percakapan telah berbelok ke arah ini. Tapi apa isinya gadis ini bahwa dia bisa membahas pembunuhan orang lain dengan gembira mutlak seperti itu? Menakutkan bagaimana orang yang terpisah bisa menjadi. Enam orang, ya? Apakah itu banyak? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 “Ya, itu banyak! Sangat banyak! ”Dia hampir terdengar sombong, seolah-olah dialah yang melakukan pembunuhan. “Mungkin bukan di luar negeri, tapi pembunuhan berantai jarang terjadi di Jepang! Nya menjadi sensasi yang cukup, lho. ” Hah. Jadi itu sebabnya ada mobil patroli yang berputar-putar di sekitar di tempat itu. ” Ya. Ada orang-orang dari kepolisian keliling di Indonesia Shinkyôgoku. Buat saya berpikir tentang Festival Gion. Dia terkekeh pada dirinya sendiri karena suatu alasan. “Wow, pergilah. Saya tidak tahu apa-apa tentang ini. ” Saat aku mengangguk dengan penjelasannya, entah bagaimana aku tahu Kunagisa pasti akan mendapatkan tendangan keluar dari ini. Kunagisa, untuk yang baru dalam cerita saya, adalah versi singkat dari Kunagisa Tomo, salah satu dari beberapa teman saya. Artinya, satu-satunya teman saya. Kunagisa Tomo adalah seorang insinyur elektronik dan mekanik berusia sembilan belas tahun profesional penutupan varietas misterius, dengan rambut biru dan minat dalam mengumpulkan informasi tentang hanya insiden seperti ini saja. Tidak seperti saya, dia tidak selalu dalam kegelapan tentang apa sedang terjadi di dunia. Bahkan, dia pada dasarnya adalah seorang pakar pengumpul informasi, dan dia mungkin sudah sangat menyadari kasus pencuri ini tanpa harus mengatakan apa-apa tentang itu. Bahkan, dia mungkin sudah mengambil tindakan. Jadi, kapan itu mulai? “Sekitar awal Mei, mungkin? Saya pikir itu benar. Mengapa? Oh, aku hanya bertanya. ” Aku memasukkan potongan terakhir kimchi ke mulutku. Lidahku, atau lebih tepatnya seluruh bagian dalam mulutku, sepenuhnya hancur. Saya mungkin tidak

akan pernah menerima makanan begitu saja atau mengatakan ini rasanya tidak enak lagi.Jika Anda memikirkannya, fakta bahwa a ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 7 semangkuk kimchee bisa dengan mudah menghancurkan semua prinsip saya tidak banyak bicara untuk selera saya. Atau mungkin lebih masalah perut. Yah, aku sudah selesai. Sampai jumpa lagi. Aku meletakkan milikku sumpit dan mulai bangkit dari tempat duduk saya. Ah! Tunggu sebentar! Tunggu sebentar, maukah kamu ? Kemana kamu pergi ? Mikoko bergegas menghentikanku. Tunggu sebentar, Ikkun! “Apa maksudmu, Kemana aku pergi? aku sudah selesai makan jadi kupikir mungkin aku akan mampir ke toko buku. ” Aku belum selesai! Aku memandangi nampannya.Memang, lebih dari setengah dari makanannya ditinggalkan. Tapi saya. Jangan buat aku sedih.Tetap bersamaku sampai aku selesai. Mengapa saya harus melakukan hal yang tidak berguna seperti itu?. aku s persis seperti hal yang tidak cukup sulit untuk kukatakan. Saya m lebih dari tipe go-with-the-flow. Baik. Lagipula aku bebas sekarang. Saya tidak punya apa-apa mendesak untuk dilakukan, dan itu tidak seperti saya belum kenyang juga. Saya pikir saya mungkin juga makan beberapa makanan nyata saat saya masih disana Tunggu sebentar. Aku akan membeli sesuatu. ” Saya mendekati register dari arah yang berlawanan (yang melanggar aturan) dan melihat pada menu dinding, merenungkan apakah saya harus memesan mangkuk daging sapi. Ya ampun, itu lebih mahal daripada Yoshinoya. Mungkin sesuatu lain adalah cara untuk pergi. Kimchee lagi? Wanita di konter menyela ringan ketika saya mencoba untuk memutuskan. Iya nih. ” Ups. Saya sudah bangun dan mengatakannya. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 8 “Tidak ada gunanya menangisi susu yang tumpah. Atau tunggu, apakah ini lebih dari a Tinjau balik-apakah-selalu-dua puluh dua puluh situasi? Beberapa lusin detik kemudian, saya menerima tumpukan lagi semangkuk kimchee (kali ini wanita makan siang memberi saya sedikit ekstra) dan duduk kembali di depan Mikoko-chan. Apa-apaan ini? Seharusnya aku mengikuti saja sesuatu di sini? ”katanya. Jangan khawatir tentang itu. Jadi apa yang kita bicarakan? Hm? Uh, apa itu? Saya lupa. Gotcha. Nah, kalau begitu Anda ingin berbicara tentang kelas? Dia menggelengkan kepalanya dengan kuat. Mengapa? Ada beberapa hal yang saya tidak benar-benar dapatkan pada awalnya titik hari ini, jadi saya berpikir mungkin kita bisa membahasnya bersama. Ini

kelas wajib bagi mahasiswa baru, jadi Anda harus memilikinya sudah pergi kan? Jika Anda bertanya kepada saya, ketidakmampuan profesor untuk menjelaskan hal-hal yang patut disalahkan, tetapi bagaimana menurut Anda? ” Bagaimana menurut saya? Saya pikir tidak ada anak laki-laki yang hidup membawa sesuatu seperti ini kepada seorang gadis ketika bahkan tidak ada tes datang! Saya hanya bercanda, tetapi dia tampak sangat kesal karenanya. Apa masalahnya? Anda tidak suka belajar? “Tidak ada yang suka belajar. ” “Kedengarannya bisa diperdebatkan bagi saya. Tetapi jika Anda benci belajar, kenapa kamu kuliah? ” “Ah, itu pertanyaan terlarang. Jika Anda menanyakan itu, itu saja lebih. Maksudku. semua orang seperti itu, kan? Sepertinya saya secara tidak sengaja menyentuh titik lemah, dan dia tiba-tiba tampak agak melankolis. Kalau dipikir-pikir itu, itu Sepertinya saya bahwa seseorang pernah mengatakan universitas Jepang bukan tempat bagi orang yang ingin belajar, dan perguruan tinggi itu hanyalah waktu untuk bersiap memasuki masyarakat. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 9 Heh, itu salah satu cara untuk mengatakannya. ” Apakah kamu suka belajar? Katanya. Aku mengangkat bahu. Tentu saja tidak. Bahkan, aku benci itu. Tapi itu tidak buruk untuk menghabiskan waktu. Atau sebagai pelarian dari kenyataan, lebih tepatnya. ” “Biasanya belajar itu kenyataan. Dia menghela nafas berat. Kemudian, seolah mengalihkan fokusnya kembali ke makanannya, dia memilih saladnya untuk sementara dalam diam. Hmm. Adalah sepiring spageti, salad besar, dan hidangan penutup benar-benar porsi ukuran normal untuk seorang gadis di bawah usia dua puluh? Saya tidak tahu ada orang yang cocok untuk digunakan sebagai standar perbandingan — semua orang Aku tahu itu sangat rewel, konyol rakus, atau selalu puasa atau sesuatu — jadi saya tidak punya standar untuk penilaian. Tapi melihat Mikoko-chan juga bukan terlalu ramping atau sebaliknya, mungkin itu, di bagian paling Setidaknya, porsi yang tepat untuknya. Umm, sulit makan dengan kamu menatapku seperti itu, dia berkata. Oh maaf. S'okay. Dia melanjutkan makan. Ketika dia hampir selesai, dia mulai melihat ke arahku dengan cara menyelidik. Sungguh, dia punya Aku sering mengintip ke arahku, tapi sekarang dia tiba-tiba menjadi jelas tentang hal itu, membuat mata pada saya seperti ada sesuatu yang ingin dia katakan kepada saya. Dan memang, itu terbukti spekulasi yang akurat. Seolah-olah dia akhirnya memutuskan sesuatu, dia meletakkan sumpitnya tanpa

menghabiskan makanan penutupnya. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 2 0 Dia memberikan sedikit senyum lucu saat dia menyandarkan tubuhnya maju, mendekatkan wajahnya ke wajahku. Jadi, Ikkun, katanya. Ya. ? “Yang benar adalah, aku mungkin atau mungkin tidak minta bantuanmu. ” Kamu tidak. “Ya. Dia bersandar lagi di kursinya. Apakah kamu baik-baik saja? pria yang mungkin bebas besok? “Jika Anda mendefinisikan gratis sebagai tidak memiliki rencana, maka saya mendukung Saya lebih cenderung mengatakan ya daripada tidak. ” “Ya, agak sulit untuk mengikutimu. ” Begitulah aku, jawabku ketika aku mengunyah kimchee. “Sederhananya — aku pria bebas. ” Sangat? Kamu bebas? Oh, bagus! ”Dia menekan tangannya bersama di depan dadanya dengan ekspresi sukacita sejati. Menyebabkan kebahagiaan bermata seseorang seperti itu hanya dengan tidak memiliki rencana pada hari Sabtu sepertinya agak banyak. Lebih penting lagi, ini tidak terlihat bagus. Saya memiliki perbedaan merasa aku akan terseret ke dalam sesuatu. Aku mengerti, aku mengerti, jadi jika aku bebas, sesuatu yang baik terjadi padamu, Hah? Satu tangan mencuci tangan lainnya. Ini juga seperti rantai makanan. Sirkuit yang luar biasa, jika Anda mau, ”kataku. Dia bahkan tidak mendengarkan. Ya.Jadi, jika kamu bebas besok, aku berharap kita bisa bersama! ” Tangannya masih saling menempel, dia memiringkannya ke samping sedikit seolah menekankan permintaannya. Itu sungguh-sungguh, pose memohon yang hampir terasa seperti bermain curang. Disana ada hampir tidak ada bentuk kehidupan laki-laki hidup yang tidak akan menyerah untuk itu. Mereka ingin menyerah. Meskipun demikian, saya menolak tanpa ampun. Tidak, kataku. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 2 1 Apa ? Kenapa ? ”pekiknya. Kamu bebas, kan? Yah begitulah. Tapi seperti yang saya katakan, saya tidak suka kebosanan. Terkadang orang suka menghabiskan hari tanpa melakukan apa-apa, kanan? Semua orang terkadang merasa seperti itu. Semua orang mau menghindari keramaian dan hiruk pikuk dunia kadang-kadang, untuk membebaskan diri mereka sendiri dari kerumitan berurusan dengan orang lain. Setiap orang memiliki hak atas waktu untuk merenungkan kehidupan mereka sendiri. Kebetulan saya punya lebih banyak. ” Tapi-tapi-tapi! Bagaimana Anda bisa menolak begitu saja mendengarkan saya ? Itu gila! Ini seperti sekelompok kedelapan siswa kelas membentuk sebuah band, tetapi mereka semua akhirnya bermain bass! Itu analogi yang

sangat bagus. Pada pemeriksaan dekat, jelas bahwa dia akan melakukannya menangis. Artinya air mata sudah meluap di sudut-sudut dari matanya. Ini bukan situasi yang diinginkan. Saya melihat sekeliling. Sudah waktunya bagi ruang makan untuk mulai mengisi, dan siswa mulai menetes, jumlah mereka secara bertahap meningkat. Pada titik ini, saya ingin menghindari berdiri keluar (oleh, katakanlah, membuat gadis yang relatif panas menangis) sebanyak mungkin. Tapi ayolah, siapa yang menangis hanya karena satu penolakan kecil? “Oke, oke, tenang saja. Aku akan mendengarmu. Ayolah, punya beberapa kimchee. ” Oke, katanya, terisak. Melakukan seperti yang disarankan, Mikoko-chan menaruh beberapa kimchee mulutnya. Uwa! Dia mengintip, dan kemudian air mata benar-benar mulai mengalir. Sepertinya dia tidak terlalu terkejut (yang saya agak tahu). Ahh, panas. Dia berteriak. Yah, itu kimchi. Itu tidak akan menjadi kimchee jika tidak pedas. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 2 2 Mereka bilang ada juga kimchee yang diawetkan dengan gula, tapi aku selalu pergi dengan pedas, jadi saya belum pernah melihatnya. Saya tidak keberatan jika saya juga tidak pernah. Ohh, kamu mengerikan. Kamu sangat jahat. Sekarang apa Apakah kita sedang membicarakan? Pembunuh berkeliaran itu? Tidak! Kami berbicara tentang besok! Bam! Dia membanting tangannya di atas meja. Sepertinya dia benar-benar agak marah sekarang. Mungkin saya sudah terlalu jauh, saya tercermin. Umm, apa kamu kenal Emoto-san? Apakah aku mengenalnya atau tidak, aku tidak ingat dia. ” “Dia ada di kelas pelajaran inti kita. Rambutnya seperti ini. Dia menjulurkan kepalan tangannya ke sisi telinganya, tetapi bahkan dengan ini berpose mencolok, Emoto-san dan gaya rambutnya tetap tegas di luar jangkauan imajinasi saya. Dia gadis yang sangat mencolok. Dia selalu memakai mengkilap sesuatu. ” Hah. Yah, aku tidak terlalu memperhatikan orang. Ada apa dengannya nama lengkap? “Emoto Tomoe. Itu tomo dari kebijaksanaan dan e dari berkat. Nama yang menarik. Kedengarannya seperti itu bisa melakukan headstand dan mulai berlarian terbalik. Rasanya seperti membunyikan bel, tetapi Saya tidak bisa meletakkan jari saya di atasnya. Saya tidak ingin hanya membuang beberapa jawaban seperti, “Oh ya, ya, aku tahu cewek itu. Dia satu dengan lensa kontak, kan? Selalu ada kesempatan bahwa Mikoko-chan akan melemparkannya kembali ke hadapanku wajah, seperti, Aku menipu kamu! Tidak ada yang seperti itu di kelas kita! Ahahaha,

sepertinya celana itu ada di kaki yang lain sekarang! Nyanya-nya! ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 2 3 Dan kemudian telur itu akan ada di wajah saya, penipuan saya terbuka. Bukan berarti Mikoko-chan akan melakukan hal seperti itu. Julukannya adalah Tomo-chan. ” “Itu tidak akan berhasil untukku. ” Hah? Kenapa tidak? Tak ada alasan. Hanya hal pribadi saya sendiri. Aku menggelengkan kepala. Maaf. Saya tidak ingat sama sekali. ” Figur, katanya, tertawa. Tapi jika kamu tidak ingat saya, saya kira tidak usah dikatakan bahwa Anda tidak akan ingat dia. Jika Anda mengingatnya, saya akan sedikit terkejut. ” Saya tidak cukup mengikuti alasannya, tetapi selama kekurangan saya memori membuatnya terhindar dari perasaan tidak enak, kurasa tidak sama sekali tidak berharga. Pasti ada yang salah dengan logika di sana. Baiklah, oke. Bagaimana dengan Atemiya-san? Atemiya Muimisan? Saya memanggilnya Muimi-chan. ” Teman sekelas lain? Dia mengangguk. Lalu ada Usami Akiharu-kun.Akiharukun adalah seorang lelaki, jadi kamu harus mengingatnya, kan? ” “Memori saya berfungsi di lingkungan yang netral gender. ” “Tapi kamu tentu tidak terlihat seperti seorang feminis. ” Dia menghela nafas besar, tidak sengaja berlebihan. Dulu seperti saya telah melakukan sesuatu yang salah. Tapi itu ingatanku salah, kan? “Ngomong-ngomong, jadi Tomo-chan, Muimi-chan, dan Akiharu-kun. Kita semua pergi besok malam untuk minum-minum. ” Hah. Dalam rangka apa? Ini ulang tahun Tomo-chan! Untuk beberapa alasan dia tampak seperti sedikit sombong. Sulit untuk menyangkal adorableness saat dia duduk di sana dengan tangan di pinggulnya, dadanya menjulur keluar. “Mungkin keempat belas! Selamat kedua puluh! ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 2 4 Jika Tomo-chan ini adalah teman sekelas, itu berarti dia adalah seorang mahasiswa baru Mungkin dia masuk kuliah setahun terlambat. Atau mungkin dia kembali seperti saya. Itu tidak terlalu penting. “I'm only nineteen, by the way.My birthday's April twentieth. ” “Huh,” I said. I didn't really care. Dia melanjutkan.“Umm, so anyway, tomorrow's Tomochan's birthday, so we figured we'd throw a really light, casual kind of party. ” Hah.Seems like an awfully intimate group for a party. ” Ya, baik.We all like the rowdy atmosphere thing, but nobody wanted there to be a ton of people, so what are you gonna do?” Ah.Then four people is pretty appropriate, huh. ” “Huh?” She looked surprised. “A fifth person would throw off the balance. ” Hah? Apa? “Well, say hi to everyone for me.And happy

birthday to kamu. ” “It's not my birthday! Hey, wait, I mean don't just get up and leave! You don't know the other half of the story yet!” “Well, they say knowing is only half the battle,” I said. “That's not what that means!” She grabbed me by the sleeve as I started to leave and forced me to sit back down.But even if the conversation was only half-over, I could more or less tell what was coming next. “Okay then.So now you're going to tell me to partake in this drinking party.or birthday party, rather. Kanan? “Gah! Wow, that's exactly right.” She flung up her hands in surprise, but this time it reeked of phoniness.Maybe it ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 5 wasn't that she didn't put on any façades; she was just a lousy actress.“Amazing, it's like you've got ESP or something, Ikkun. ” “Let's not go there.Not a good subject.” I let out a light mendesah.“How did all this come about? I don't even know these people, right?” “Yeah you do.They're your classmates. ” Ah benar Maybe I had amnesia.I was never good at remembering people, but lately it had gotten particularly bad.These three classmates aside, there wasn't a single person in all of Rokumeikan University whom I had a clear picture of. But there was a more likely explanation: that it was simply the result of my apathy toward other human beings.It had nothing to do with my mind's functionality.It wasn't a defect. It wasn't that some essential part was missing, either. It was just that I was, from the very start, a broken thing. “Could it be that I've just forgotten, and that I'm actually good friends with these three people? Even I wouldn't forget something like who my friends are, I think. ” Mikoko-chan's expression grew a little sad.“I don't think that's the case,” she said.You probably haven't spoken much. I mean, you've always got this narrow-eyed scowl as if you're thinking really hard about something or filled with contempt. Even now.It makes you kind of hard to approach.It's like you've got a wall in front of you.Or your AT field is fully operational.And in spite of all that, you always sit directly in the middle of the classroom. ” I wanted her to leave me the hell alone.I wanted to tell her not to bother talking to me if that was how she felt. Tetapi saya didn't. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 6 I finished my kimchee.As it turned out, two bowls ended up being pretty excessive, and I felt dreadful fullness in my stomach.I probably wouldn't be having kimchee again for a long time. “But you and I are friends, right?” she asked. “Are we?” Yes!” She slammed both hands on the table again.It

seemed she had a habit of hitting nearby things when she got emotional.I'd have to remember to stay out of range of those slender arms if I was going to make fun of her.That is to say, I'd have to stay out of range when I made fun of her.Maybe it was better to pick on her over the phone. Er, I mean, why was I planning ways to harass her? “And, so, naturally, I tell my friends about you sometimes, right?” Saya tebak. ” And then my friends think, 'Man, for a guy who's always got such a crummy face, he seems kind of cool,' right?” “I guess it's possible. ” “So it's not so strange that they would want to try being friends with someone who seems kind of cool, even if he is a weirdo. Kanan? “Yeah, I guess we all have temptations. ” “So that's what I'm saying,” she said. “What is?” “That. ” She peered up at me with eager, expectant eyes.I pretended I was drinking tea in order to escape her gaze.But a single cup of tea sure wasn't going to be enough to revive my paralyzed mouth. Huh.I understand,” I said. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 7 Kamu melakukannya? “It's a good opportunity and all, so I think I'll go spend the night at my parents' place tomorrow. ” “Don't make plans' You didn't even go home during Golden Week!” She slammed the table again.I was a little disturbed that she knew what I had been doing during Golden Week, but then again, maybe I had told her and forgotten. Tapi kau tahu.it's almost Mother's Day and stuff. ” “That was last week! And besides, you're not the kind of guy who would go out of his way to show devotion to his parents!” That was rather harsh.And even if she was right, did she believe that a seventeen-year-old guy who wouldn't even go out of his way for his parents would be any nicer to someone who was just a classmate? Maybe she was so worked up she didn't realize what she was saying anymore. “Come on, I'm begging you.I already told them I'd bring kamu.I'll lose face. ” “It seems like there's a misunderstanding here, so let me clear things up—I'm not the kind of guy you can have fun talking to.They say I've got about as much pep as a storm cloud. ” “Wow, that's as disappointing as hearing about two budding young authors, only one's poison ivy and the other got eaten by tent caterpillars. She looked a little somber as she chewed her lip.“Come on, Ikkun.Do it as a favor to me. saya know it's selfish of me, but hey, I'll even pay for drinks. ” “Sorry, I'm not a drinker. ” Ini benar. Kenapa tidak? ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 8 “I once drank a whole bottle of vodka in one go.” I didn't dare tell her how

things ended up after that, but at any rate, ever since then I had sworn off alcohol.I may not be such a smart guy, but I'm not so dumb that I don't learn from my experiences either. “Wow, not even the Russians do that.” She was truly surprised. Saya melihat.So you can't drink.Hm, now what?” She immersed herself in thought once again.It seemed she had a firm understanding of what it was like for a non-drinker to show up at a drinking party.Perhaps she was a lightweight herself at least to some extent. Namun demikian. I wasn't so cold-blooded that I felt nothing for this girl sitting before me, looking so deeply troubled. Sialan.I get dragged into things so easily.Going along with something out of pity was one thing.But getting dragged in just because the situation presented itself was totally lame. Baiklah baiklah.As long as you're okay with me just sitting in the middle of the room scowling. ” “Hmm, I guess that would be an awful bother for you, but you know, I think.Wait, you mean you'll go?” she said. She shot her body forward.Maybe it's a rude analogy, but she was like a dog who had just had food tossed in front of it. A cat would have approached it with some caution, suspecting the possibility of a trap, but Mikoko-chan was completely unguarded. She may have physically resembled a cat, but she was definitely more like a dog in personality. “Apakah ini benar-benar oke? Will you really come?” “Yeah, it's fine.I'm free anyway. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 9 Even I was a little appalled by my own bluntness and wondered if I couldn't have put it a little more nicely.All the same, she shrieked with joy. “Waaah! Thank you!” She smiled innocently. I replied by downing the rest of my tea.At some point she had finished her dessert as well, so it was time I really should start to leave. “Ah, wait a sec.Let me know your phone number.I'll call kamu. ” Hm? Ah.” I pulled my cell phone out of my pocket. “Okay, it's.uh, I forgot. ” “Figures.Okay, then I'll give you mine, so dial me. ” I entered her number as told and sent it.A ringtone emerged from her little bag.David Bowie.She had surprisingly great taste. OK saya mengerti.Hey, Ikkun, your phone doesn't have a strap. ” Ah, ya.I don't like that girly stuff. ” “Are straps girly?” “Well, I'm no expert or anything, but they're definitely not very manly. ” “Mmm, guess not,” she said with consternation. “Well then,” I said, stepping away from my seat with my tray.“See you tomorrow, Mikoko-chan. ” Ya! Don't you forget about me again!” She gave me a big wave, to which I responded with a small one as I made my way out of the

dining hall.After returning my tray and silverware, I headed straight to the co-op bookstore. Of course, being a university bookstore, its main selection consisted of academic texts, and its recreational reading selection was fairly limited.But on the plus side there was a ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 0 10 percent discount on everything, and for some reason (I wonder why) this particular bookstore had an unusually large selection of magazines, so it got fairly crowded. I made my way to the novels section and picked one out. Tunggu Hah? Something had occurred to me. Wait a minute.Did Mikoko-chan call me 'Ikkun'?" Now that I looked back on our encounter, that nickname she used seemed to stand out.I hadn't even noticed when she'd used the nickname—but I didn't think anyone had ever addressed me with such an overly familiar nickname in the masa lalu.I thought about it for a moment, but I couldn't remember. I had no specific memory of her calling me that before, but then again, I didn't remember her not calling me that, antara.After all, I hardly have any memory of Mikoko-chan herself, much less a trivial thing like what name she called me. "Eh, whatever. " Either way was fine by me.Satisfied with that notion, I began reading the novel inside the store. Ya. Bukan masalah besar. Hardly a life or death situation. All was well with the world. Even if Heaven was empty. What is a fatal wound? Cutting off someone's head. Yeah, obviously that's one. Crushing someone's heart. Again, obvious. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 1 Destroying someone's brain. Secara alami. Stopping their breathing. That's another good method.Pretty final, too. But when I say fatal wound," I'm not referring to these trivial sorts of things. I'm thinking of something else.A fatal wound is an impact so intense, so devastating, that you fall into a state where you're no longer a human—even though you are.You're no longer able to lead a life even though you're living.It means being ground to bits after falling victim to a relative paradox created by reason itself. That is a fatal wound. In other words, failure. The key here is the fact that even after a profound failure, we go on. The world is brutally tepid. It's so kind that it's cruel.It's a devil's Heaven. To put it plainly, you don't die by making a big mistake. Or maybe I should say you can't die. Yeah, you don't die. You just suffer. You simply suffer in agony. And you go on.Forever, wherever. Meaninglessly, you just go on. Life isn't a video game, not because there's no reset button, but because there's no Game Over.Even though it was over" long ago,

tomorrow shows up anyway.Even when night falls, morning comes again after it.When winter ends, spring rolls in.Life is wonderful. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 2 It's an absolute paradox—even though you've taken a fatal blow, you can't die.It's like asking what a person sees when he looks backward while traveling faster than the speed of light.An unthinkable question. Even though the potential to be you has long since been cut off, you go on.You do it all over, again and again. Kamu redo your life again and again. But it's like making a million crappy copies, and each time you make one, your “self” gets a little bit shoddier. And eventually you get to thinking. Am I really me, or. .did I become something else long ago? Have I devolved? Just as the central figure in an incident can't all of a sudden become just a disinterested bystander, you can't become your own spectator. And that, my friends, is what's truly fatal. “In other words, it's like mind over matter.” I muttered. As I pondered these fruitless ponderings, I was trying the new McDonald's burger.The five hundred twenty-five yen value combo. The kimchee must have worked, because my sense of taste had returned to normal.A McDonald's hamburger tasted pretty luscious again.After all, as a Japanese person, there was no way I could have gone on with my life if unable to enjoy McDonald's. The time was 7:30 in the evening. The place: Shijôkawara-machi, Shinkyôgoku Street. After fifth period had ended, I decided I wanted to see those mobile police Mikoko-chan was talking about for ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 3 myself, and my feet had taken me this far in an effort to kill waktu Next to the tray with the hamburger on it was a single magazine.What they call a “weekly infozine.” I had bought it at the co-op, and on the cover it said, “Feature Story: Jack the Ripper Resurrected in the Devil's City!” “Pretty tasteless. ” The ridiculously apocalyptic feel of the magazine was actually the second reason I had bought it.The first was that it featured a big story on the “prowler” incidents Mikoko-chan had been telling me about. I shoved two fries in my mouth, added a straw as well, and sucked down some cola.I started flipping through the weekly. The first page was set with an all too vivid picture of a corpse as the background, and in big, Gothic letters, it read: “The Homicidal Monster Who Shook Kyoto!” Ominous indeed. “So they let you show photos like this.” I muttered as I flipped through the pages.I had already scanned through the details of the articles, so I at least

knew something about the incidents now, if not everything. The media had dubbed the crime spree the “Kyoto Prowler Serial Killings.” Not the most imaginative name in the world, but then again, maybe a case like this didn't need one. Masih, the word prowler hardly seemed to be an accurate description of the criminal.I always thought of as a prowler as a sort of stalker, someone who stalks people on the street and causes them harm.But in this case the culprit was luring the victims into desolate areas, killing them with a sharp blade, and finally dismembering the corpses.It seemed like maybe “serial killer” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 4 was a better description than prowler.And you could definitely make an analogy with the Jack the Ripper murders. “Six people now, huh? Not bad,” I muttered as I stuffed the magazine back into my bag. Yeah, six people.Just as Mikoko-chan had said, six people in less than two weeks' time was quite a death toll. Dulu probably unprecedented.By the third murder, the police force had been dispatched all over the region for surveillance. Bahkan the riot police had been dispatched, and yet the murders went on, as if the killer were laughing at them. The victims had no apparent connections.They were young and old, male and female: The killer showed no mercy to anyone.The police (and everyone else, for that matter) had deemed these incidents merely a series of acts of random violence. Therefore the sixth victim probably wouldn't be the last. The killings would go on.As long as this monster remained on the loose—or until he decided to stop of his own volition— there would be more murders.Perhaps even tonight. Mungkin even right now. “It's all nonsense in the end, huh?” I stared out at Shinkyô- goku Street from the entrance of McDonald's. It was the same scenery as always.Fewer tourists and students on field trips, but it was still pretty crowded—a lot of kids with dyed hair were milling around.I suppose you could say that this was when they came out to mark their territory. Nobody, absolutely nobody walking along this street right now was seriously considering the notion that they could be the next victim. Of course, everyone was still being a little cautious. Beberapa were visibly unsettled by the mobile police units scattered ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 5 here and there.“What a mess,” they might think, but that about covers it.At most, they would go home a little earlier than usual. But deep in their hearts, everyone believed they would be going home. That's how it is with

these things.There are very few people who can accept as a hard reality the possibility that they might be the next to die. It was true that the probability of becoming the next victim was negligibly low: “Those victims must've had been really unlucky.” A terrible thought, but what else could people think? Bagaimanapun.perhaps I should go ahead and mingle in with this unguarded crowd? With that in mind, I got up from my seat only to feel my phone vibrating in my right pocket. saya wasn't familiar with the number on the display.But I didn't want to just ignore it.I went ahead and pushed send. “Ciao! Mikoko-chan here!” Hyper from the get-go.It was easy to imagine her giving me the thumbs-up on the other end, even though I guess she probably wasn't actually doing that.But without even knowing who she was talking to, she was so bubbly and friendly. What would she have done if this was the wrong number? SEBUAH small fire ignited in my inquiring mind. Eh? Hey, it's Mikoko-chan. Apa yang salah? Saya tidak menjawab. Uhh.This is Ikkun, right?” Again, I was silent. “Hellooo? This is Ikkun, right?” I persisted in not replying. “Did I mess up? Hah? I messed up!” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 6 I kept up the silent treatment. “Gahhh! It's like getting all prepped for the next radio calisthenics session—you know, that exercise show broadcast over the radio—only to have them go 'We're outta time, so just do the chicken dance'! I'm sorry, I dialed the wrong number!” At that, I finally said something: “No, this is right. Apa itu up?” “Uwa!” she shrieked in surprise when I spoke. Hah? Wha?” she sputtered, confused.Eventually, she let out a sigh, so I figured she had calmed down a bit.I also figured that it was only a matter of seconds before her relief turned to anger. For crying out loud! It's the phone! You have to say something! I'll freak out if you don't! Ikkun, you jerk! You snake! Kamu.you monster!” I didn't think I'd done anything that bad. Sorry, sorry, I was just kidding around.” I hadn't meant to stay quiet for so long, but I also had never expected she'd provide such a hilarious response either. Before I knew it, my timing had been thrown off. “God. Saya kira tidak apa-apa.Since it's you and all. ” She let out a moan.It was hard not to feel a little sorry for dia.“Umm,” she started again, back to her normal self.“This is a business call! Regarding tomorrow's business!” “You know, you don't have to yell.It's quiet here. ” Hm? Where are you now? she asked. “Ah, uh, I'm at home.At the boarding lodge. ” Oh.I'm still at school.I had to talk to Inokawa-sensei about

something, so I just got out of the research room. Bukan that place incredible? Books everywhere!” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 7 Inokawa-sensei led the general-education class.A slightly eccentric assistant professor, he was popular enough with his students if you were willing to set aside the fact that he was way too strict about punctuality.(If you weren't in your seat by the time the bell started ringing—even if you were in the classroom and were in the act of sitting down while it was ringing—he marked you absent). “Umm, right, so about tomorrow.Will you be home tomorrow?” Ya itu benar.Are we meeting somewhere?” I asked. “Uh-uh.If we set a meeting place, we might miss each other, kanan? That's no good, so I'll come meet you at your boarding lodge.I bought a scooter and I kinda wanna take it for a spin. So, let's say four o'clock.Can I go to your place at four?” “Yeah, it's fine, but.you know where the boarding lodge is?” Hah? Oh, no problem there.” She seemed flustered. SAYA mean, because we made that address list when classes first started, so I know it. ” “Is just the address enough?” I know Kyoto well, so we're a-okay.You're at Senbon Nakadachiuri, right?” “Huh?” I asked.There was something suspicious about the way she was acting, but if she said she knew it, I figured there was no problem. “Fine by me,” I replied. Baik.That settles that, then.Hmm, I'd like to talk more since I went to the trouble of calling, but I've got to go to driving school from here.I made an appointment, and if I don't go now I'll be late. ” Hah.You're going to driving school. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 8 Ya. Bagaimana dengan kamu? Got a license?” “Ya.Just for automatic, though. ” If it wasn't such a big hassle to get a license, I could actually drive anything, but that was a secret. “I see,” she said.“I'm going for a manual.I'm reaching that age where I want my own set of wheels, you know? My dad said he'll get me a car once I get my license. Ya.Anyway, see ya tomorrow.Bbb-byeee!” She giggled and hung up.I stared at the phone for a while before putting it back in my pants pocket. Benar We did have plans tomorrow, didn't we? It hadn't completely slipped my mind, but it was close enough.At this rate, I might forget again by tomorrow.Maybe it would have been best to write “Plans with Mikoko-chan tomorrow” on the palm of my hand, like an unusually dim-witted elementary school student. Oh, but if she was coming to meet me at my house, it didn't really matter if I remembered or not, I thought.I was just going to be there all day

anyway.I returned my pen case to my bag. This time I really did actually walk out of the McDonald's. It was already almost eight o'clock, and the shops outside were preparing to close.Suddenly something occurred to me. “Ah, benar juga.It's a birthday thing. ” In that case, I should probably take the opportunity to buy a present while I was out and about.It was only common sense—not that I ever thought of myself as someone with a lot of common sense. Then again, I'd been sort of half-forced into going.Maybe I didn't have to go out of my way to be a good guy or anything. As I thought it over, I peeped into a nearby souvenir shop. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 3 9 Emoto Tomoe.Now, what kind of a character was she? saya didn't have a single memory of her.Once I actually saw her face, I might remember her.But no matter how hard I thought about it, I couldn't remember a single thing about dia.Which meant she probably wasn't a particularly eccentric or remarkable person.Maybe she was a little more subdued than most.The kind of person who reads a book before the start of class instead of messing with her cell phone. Tunggu .but hadn't Mikoko-chan said she was a striking girl who always wore shiny things? Hah.I had no idea after semua.Not even a vague image. Then there were those other two: Atemiya Muimi-chan and Usami Akiharu-kun, right? I tried to recall them as well, but with no success. “Eh, I guess if they're Mikoko-chan's friends, they can't be all that weird. ” “Tell me what company thou keepst, and I'll tell thee what thou art.” Cervantes said it, but surely you could've switched it around and it would still make sense.Nothing to worry about too much. As my mind wandered, I picked up a box of snacks from a display.They were yatsuhashi cinnamon cookies folded into triangles and stuffed with red bean paste.A wholly conventional Japanese snack.Thirty pieces, one thousand two hundred yen. Hm.” Kyoto and yatsuhashi—a confection made from rice flour, cinnamon, and sugar—were synonymous with each other. Jika there were no yatsuhashi, it wasn't Kyoto, which meant that if there were yatsuhashi, it was.Compared to yatsuhashi, Kiyomizu Temple, the Daimonji Fire Festival, and the Big ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 4 0 Three festivals didn't even matter.Shrines and Buddhist temples were irrelevant.If you didn't eat yatsuhashi, you didn't know 80% of Kyoto. Okay, then, I thought. And so it was settled that Tomo-chan would receive snack food for her birthday.I didn't want to burden her with something

nondisposable, and I figured it would be the perfect thing to eat while drinking.Or wait, did sweet stuff go with alcohol? I didn't drink, so I didn't know.At any rate, it wasn't like they would be inedible. And then my back shivered. It felt as though liquid nitrogen had been poured into my spinal cord.As if my entire body had been frozen to absolute zero and the heat of the outside air was about to scorch me. Only a basic level of brain functionality remained.And then I felt an intense pressure crushing me.If I couldn't maintain my composure, surely I would be pulverized. But I didn't look back.I just tried to collect myself as coolly as possible, and thrust the box of yatsuhashi at the store clerk.The clerk had a brown earring, a brown ponytail, and a smile that wasn't very professional. Welcome, now.” The clerk wrapped up the treats for me, which I accepted as I fished for the exact change.“Please come again there, now,” the clerk said cheerfully with a little head bob.Surely it was this kind of heartfelt service that captured the hearts of tourists, I thought, a little irrelevantly, as I left the store and began on my way to Shijô Street. And then I felt it.A gaze so intense it couldn't be ignored once detected, a gaze so ferocious there was no way not to be aware of it.No, this was more than a gaze. This was the intent to murder. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 4 1 It was a 100 percent pure murderous desire.Nothing—not one of a million emotions; not animosity, aggression, or a sense of mischief—diluted the purity of this desire.My entire body ached with a terrible feeling.This feeling was long past the point of unpleasant or unsettling. Aku berjalan. The feeling followed me. I walked some more. The feeling still followed. “In other words, I'm being followed,” I muttered to myself. Sejak kapan? Dari mana? I had no idea. It was so blatant that I didn't even need to look back. It was so blatant that I didn't even need to sense it. That meant that whoever it was had surely noticed that I had noticed.The fact that they continued to tail me anyway was the most blatant thing of all. “This ain't good,” I sighed as I weaved my way through the crowd. Itu aneh.I really thought I'd left all danger behind me.back on that island on the other side of the sea. Being tracked all the way to this country, to this city, no less, seemed unthinkable, much less being killed.I had already employed Kunagisa's skills to confirm that. In which case. This was a random act. The first thing that came to mind was the feature story from the magazine in my bag. The slasher. “Aw, hell no,” I said to

myself.What cruel fate had brought me to this pass? If I were to put it like Mikoko-chan, I might have said something like, “It's like forming a second Onyanko Club, but everyone's a backup dancer.” On second ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 4 2 thought, I have no idea what that means.I guess you shouldn't try to be something you're not, I thought.Clearly I was panicking. But even supposing the person one thousand feet behind me right now was the famous prowler, or even supposing it was just your run-of-the-mill psycho killer, or even supposing that it was someone with a grudge against me. Ada yang salah.This just didn't make sense.It was unfathomable and absurd. What I felt was uneasiness.Yes, like the uneasiness you feel when you notice that reflection in the mirror is looking back at you, that kind of absolutely mistaken textbook explanation.I had now confirmed that that red line that's usually in front was, suddenly, behind. “More nonsense?” Of course this was an illusion. What mattered right now was that someone was following saya. Ini sudah pasti.That and, sometime soon, I would be killed.This much was also certain.With these two essentially definite facts in mind right now, I had no leeway to be distracted by any other sensations.Ultimately, my options were limited. Give, or take. “Ahhh, this is becoming a freaking hassle,” I muttered. I made my way from Shinkyôgoku Street onto Shijô Street. On the other side of a cluster of cabs was a long line of cars. Shijô Street was extremely congested at this time of day, to the point that it was actually faster to walk than to drive. Di sebuah town like Kyoto, which had so many traffic lights it wasn't even funny, a bicycle was by far the number one most effective way to get around. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 4 3 Number two, incidentally, was by foot.Maybe number three was a boogie board. I had come to school by bus, so number two was my only option.I debated for only an instant about which way to go before heading east. After a pause at a red light, I crossed Kawara-machi Street. If I kept straight on this road, it would take me to Yasaka Shrine.From there, if I broke south, I would reach Kiyomizu Temple.It was a textbook route for the Kyoto temple sightseer. But I was no sightseer, and I had no intention of going as far as Yasaka Shrine. I was on pins and needles.I felt that high-pressure gaze edging ever closer.And if it ever caught up to me, that pressure would erupt into plain, simple violence. Ah.this is gonna be close. May already and here I was in a cold sweat.Just how long had it

been since I had been this nervous? Surely not since I'd left that odd little island.Yet at the same time, what I felt now was somehow distinctly different from what I had felt back then. I am nervous, therefore I am at peace. I became aware that, for me in this nervous state, failure was something wholly improbable. Fiuh. ” And so I arrived at Kamo River.Instead of crossing the big Shijô Bridge, I made my way down the staircase beside it and emerged on the riverbank.Whenever the sun came out, countless young couples would start crowding the riverbank. In my personal opinion, this riverbank, lined with perfectly spaced out boy-girl pairs, was one of the top three must-see attractions of Kyoto.When the moon was out, the riverbank offered itself as an after-bender hangout for drunks. Setelah drinking the night away, they could come here to sleep it off. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 4 4 The drunks ranged from college students all the way up to salarymen. The drunks and lovers had one thing in common: They were both complete nuisances who went around shoving their happiness in other people's faces.But there was no time to wax philosophical about.No matter what I thought about the drunks and young lovers, only one thing mattered right now. It happened to be that one brief moment of the day when the riverbank was empty.The lovers had already gone home, and the drunks were still getting drunk. In other words, it was a perfect situation. And being underneath a bridge made it even better, right? I entered the shadow of the bridge as soon as I had descended to the riverbank.The sounds of passing cars rushed overhead.The chatter of people crossing the bridge. Dulu one hell of a ruckus.But it wasn't enough to cover this guy's footsteps. Shuffle. The sound of scraping grit. I muttered something and turned around. He made an incoherent noise as he faced me. My feelings at that point were probably pure and simple confusion.Ordinary, everyday confusion and nothing more. There was a mirror in front of me. Atau begitulah yang saya pikirkan. His height was a bit under five feet, and he was longlimbed and slender as a flower stem.He wore tiger-striped shorts; nonskid rustic boots; a red, long-sleeved, hooded parka; and a black tactical vest.Both hands were clad with gloves, but they obviously weren't for something as cowardly as covering his fingerprints, as they were fingerless gloves.It was my ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 4 5 guess that they served a much more sinister purpose—to stop the knife from slipping on sweat. His long

hair was tied up in the back and buzzed on the sides as if he were a dancer.His right ear had a triple piercing, and two straps that looked like they belonged on a cell phone dangled from his left ear.His stylish sunglasses rendered his expression unreadable, but the sinister-looking, obviously real tattoo running down the right side of his face communicated this person's eccentricity loud and clear. He was unlike me in almost every conceivable way. Kami similarities ended with age and gender. And yet I felt like I was looking into a mirror. So naturally I was confused. And my new friend appeared to be just as confused. Still, he made the first move.He inserted his right hand into a pocket of the vest, and an instant later he was brandishing a small, five-centimeter-wide knife.He made not a single wasted motion.It was as if he had surpassed the limits of the merely human.Light and sound seemed distorted around him. Even supposing I had been observing all this from the point of view of an uninvolved bystander, even knowing that this was a murderer, his technique was so perfect that I could've only described it as artful. There was no escaping it.There was no accepting it. But I managed to dodge the knife by pulling my upper body back.Of course, normally this would be impossible. saya wouldn't say I'm any less athletic than average, but I'm certainly no Mary Lou Retton either.I had neither the quick eye nor agile body needed to elude a plausible contender for the title of the world's fastest knife fighter. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 4 6 However, supposing a dump truck was coming straight at you at a hundred miles an hour, but you became aware of this when it was a few miles away, I think we can all agree that dodging it would be a simple task. Likewise, I'd been anticipating my assailant's slash attack. It was so obvious that it was coming that it was if I had been expecting it for the past five years. I groped wildly for my bag, then swung it around, hoping to smash him in the face.But with no more than a simple motion of the neck, he managed to dodge my attack as if he had been expecting it for ten years. Because I had strained to dodge his attack, I tumbled backward.Of course, I didn't do anything as foolish as try to roll back to my feet.Even a single arm wasted on such a maneuver would surely have created a prime opportunity for the killer.Just as I feared, he wheeled back from his initial miss and came straight for my carotid artery. Tidak baik. Sana was no way to dodge from this position.I guess I could have theoretically performed a stupid-

looking roll and dodge this one attack.But the next moment, or the moment after that, regardless of how pathetically I scrambled around on the ground, he would plunge that knife into my spine.I could imagine it so clearly that I felt like a certain clairvoyant I once knew. In which case, dodging was beside the point.The key was simply taking it.I swung my right elbow up at the knife. My opponent twisted his wrist, altering the direction of his swing.Consequently, the excess momentum from my elbow had me swinging at nothing.This left my entire front side, including all of my organs, not least notable of which were the heart and lungs, completely exposed to the enemy. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 4 7 Behind the sunglasses, his eyes seemed to smile ever so faintly. With another twist of the knife, he aimed it directly at my heart. A moment's pause. And then the tactical knife swung down at double speed. So strong was his will to destroy human life that it made his body move at speeds that couldn't be detected by the human eye. He left me not even time enough to gasp.That's right: I didn't even have time to gasp. But I had known this one had been coming before I'd even been born. ! ! The knife tore through a single layer of my clothing and stopped.My left index and middle fingers had stopped it—by pushing up my assailant's sunglasses. A stalemate. He had my heart and I had his eyes.If you put the two on a scale, their weights obviously differed, but this was no matter to be weighed on a scale.For my opponent, tearing through my flesh and bone to demolish my heart was simpler than taking candy from a baby.But it would leave just enough time for me to pulverize his eyeballs. The opposite was also true. I could sacrifice my own heart to destroy his eyeballs, and he could sacrifice his eyes to obliterate my heart.Hence, a stalemate. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 4 8 We stayed that way for as long as five hours, or maybe it was five seconds, and then: This is a masterpiece," he said, tossing his knife aside. "It's nonsense is what it is." I retracted my fingers. He backed away from me, and I rose to my feet slowly, shaking the grit off my clothes and slowly straightening out my posture. Our fight had been a farce—but it had gone so harmoniously, it was as if it had all been predestined.I felt overcome by an incredible faintness. "I'm Zerozaki," my opponent said as he straightened his crooked glasses."Zerozaki Hitoshiki.So who the hell are you, Bapak.Doppelgänger?" The question left a sour taste in my mouth.

Itu seperti seeing myself asking someone else for my own name. And that—that was the first encounter between the passive onlooker and the homicidal monster. Strangely enough, it was Friday the thirteenth.

ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 0 Kemalangan dan kesengsaraan tidak diperhitungkan. Beri aku lebih banyak keputusasaan. Beri aku lebih banyak kegelapan. Beri aku kebejatan sepenuh hati. Omong-omong setiap bulan tertentu, omong-omong, lebih mungkin jatuh pada hari Jumat daripada hari lainnya. Jumat tanggal tiga belas terjadi setidaknya setahun sekali, dan tiga atau empat kali setahun rata-rata. Tetapi untuk orang seperti saya yang bukan Kristen — saya tidak bahkan mengerti perbedaan antara Katolik dan Protestan — hari Jumat tanggal tiga belas berarti lebih dari itu hari berikutnya adalah hari Sabtu tanggal empat belas. Sekarang, lalu. Hari berikutnya adalah Sabtu, keempat belas Mei. saya terbangun di dalam apartemen Senbon Nakadachiuri satu kamar saya. Saya melihat jam saya untuk mengetahui bahwa itu sekitar sepuluh sampai empat hal. m. Serius? Saya sedikit. itu, cukup — tidak, gila — terkejut. Ini adalah rekor tidur yang sama sekali baru bagi saya. Berapa tahun sudah sejak terakhir kali aku tidur sampai sore? Dan bukan hanya sore — hlm. m. sudah lebih dari sepertiga sudah. Ini mungkin akan tetap menjadi noda pada ingatanku selama sisa keabadian. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 1 Tapi sekali lagi, aku ingin tidur jam sembilan pagi, jadi itu wajar. ” Akhirnya mengusir rasa kantuk, aku kembali ke akal sehatku dan bangkit dari tempat tidurku. Kamar itu memiliki empat tikar jerami ruang lantai dan telanjang bolam. Kantung kecil ruang ini luar biasa klasik, dan begitu penuh dengan anakronisme sehingga membuat Anda bertanya-tanya apakah itu benar sudah ada sejak masa lalu ketika Kyoto masih milik kita modal. Tentu saja, harga sewanya sangat rendah. Maut bagi tuan tanah, yaitu. Saya melipat futon saya dan menempelkannya di lemari. Disana ada tidak ada toilet atau kamar mandi, tapi ada semacam wastafel, jadi saya gunakan untuk mencuci muka, lalu berpakaian. Pakaian saya tidak persis penuh dengan pilihan, jadi semua ini butuh waktu kurang dari lima menit. Saya membuka jendela dan membiarkan udara luar. Kyoto adalah tempat yang luar biasa, setelah Anda melewati Golden Week, Anda

sudah memasuki musim panas. Seolah-olah hidup masih berjalan menurut kalender Cina kuno — atau seolah jatuh dan musim semi bahkan tidak ada. Lalu terdengar ketukan di pintu saya. Apartemen ini tidak dilengkapi dengan fasilitas modern seperti telepon interkom. Tepat pukul empat. Mikoko-chan tentu saja yang tepat waktu. Saya hanya sedikit terpesona dengan ini. Orang-orang yang sama anal tentang waktu dengan Inokawa-sensei hanya menjengkelkan, tetapi saya pikir jika Anda benar-benar ingin merujuk untuk diri Anda sebagai manusia, Anda harus setidaknya tepat waktu sebagai jam analog. Dalam hal itu, Mikoko-chan dianggap sebagai a manusia "Yo, aku datang. " ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 2 Saya membuka kunci kuncinya (sekarang yang saya sebut retro secara radikal) dan membuka pintu. Tapi yang mengejutkan saya, itu bukan Mikokochan. Maaf. " Itu Asano Miiko-san, tetanggaku. Usianya dua puluh dua tahun, menjadikannya senior saya, dan dia musiman pekerja Ada sesuatu yang aneh tentang dirinya di Jepang gaya, dan bahkan sekarang dia mengenakan bahasa Jepang klasik pakaian kasual musim panas. Itu kain hitam, dengan kata-kata Carnage dicetak di bagian belakang atasannya dengan huruf putih, dan dia memiliki ekor kuda samurai yang jelas. Awalnya dia sepertinya tidak bisa didekati, tetapi setelah Anda berbicara dengannya sebentar, dengan cepat menjadi jelas bahwa dia adalah manusia yang cukup baik sedang. Mungkin sedikit di sisi misterius, tapi itu adil ditambahkan ke pesonanya. "Miiko-san. kanan? Selamat pagi. " Ya. Apakah kamu tidur? "Ya, aku sedikit ketiduran, jadi. " "Jika kamu tidur selarut ini, kurasa itu masih belum memenuhi syarat sebagai 'a sedikit, 'katanya datar. Dengan sikapnya yang tenang, itu benar sering kali sulit menebak apa yang dia pikirkan. Bukan karena dia benar-benar tanpa ekspresi. Sebagai gantinya, ekspresi defaultnya adalah tatapan tajam, dengan perubahan yang begitu halus sehingga dia mungkin juga memilikinya tanpa ekspresi. Oh, silakan masuk. Seperti biasa, tidak banyak yang bisa dilihat, Namun, "kataku tanpa sedikit kesopanan palsu. Saya melangkah ke samping untuk memberi jalan, tapi dia menggelengkan kepalanya. Nah, aku hanya datang untuk memberimu ini. Dia melewati saya sebuah flat kotak. Terbungkus kertas dengan tulisan Snacks huruf besar. ". " ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 3 Mereka adalah yatsuhashi. Mereka adalah favorit Kyoto. " Aku kenal mereka, tapi— Mereka milikmu. Itu bagus, Anda tahu. Nah,

sampai jumpa. Saya harus mulai bekerja. ” Dia berbalik, memercikkan kata Carnage padaku. Itu fakta bahwa dia tidak memberikan penjelasan mengapa dia baru saja memberi saya sekotak yatsuhashi hampir tidak terduga. Dia seorang wanita dengan beberapa kata, dan ketika Anda berpikir tentang bagaimana banyak usaha yang harus Anda lakukan hanya untuk memancing jawaban tentang dirinya, mudah untuk membenarkan hal-hal yang tidak dapat dijelaskan. Dan jadi saya mengirimnya pergi dengan sederhana, “Terima kasih banyak, saya pasti akan nikmati saja, ”dan tidak lebih. Dia berhenti di jalurnya. Kedengarannya kamu baru kembali pagi ini, katanya tanpa berbalik. Jadi, bagaimana ceritanya? “. Sialan apartemen berdinding tipis ini. Sebenarnya saya kira mereka memang memiliki fasilitas mereka. “Oh, aku hanya nongkrong dengan seorang teman sepanjang malam. Tidak ada teduh. Tidak ada yang menarik juga. ” “Teman, ya? Tidak akan terjadi seperti itu gadis berambut berwarna-warni yang datang sekitar Februari, akan saya t? “Sebenarnya, Kunagisa sangat tertutup. Ini seseorang lain. Seorang pria. ” Dia mengangguk dengan tampilan yang benar-benar tidak menarik, tapi aku bertanya-tanya apakah dia akan sedikit bersemangat jika aku mengatakannya “Aku bersedih dengan pembunuh yang semua orang bicarakan tentang di bawah Jembatan Shijô besar. “Kemudian lagi, Miiko-san menjadi seperti dia, sangat mungkin dia tidak akan memberi saya lebih dari ya, bahkan jika dia tahu saya tidak bercanda. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 4 Dia mengangguk, tampaknya puas, dan melanjutkan perjalanannya menyusuri lorong yang dipagari. Dia menuju paruh waktu pekerjaan. Ketika saya pertama kali menemukan itu bukan hanya di dalam ruangan pakaian, bahkan saya tidak bisa tidak menyuarakan keterkejutan saya. Aku menutup pintu dan kembali ke tengah ruangan. Tapi mengapa itu harus yatsuhashi? Kalau dipikir-pikir itu, ini adalah yatsuhashi yang sama persis dengan yang kuambil hari sebelumnya untuk ulang tahun Tomo-chan. Itu adalah kebetulan yang mengerikan, tapi itu dia. “Yah, terserahlah. ” Saya menumpuk kedua kotak itu dan menempelkannya di sudut ruangan. Melihat jam, saya menemukan beberapa menit empat lewat. Tiga puluh menit kemudian, sudah lewat jam 4:30. Yah, ya, kataku keras-keras dan berbaring di lantai. Baik sekarang. Bukankah Mikoko-chan datang menjemputku empat? Tentang ini aku yakin. Saya mungkin melupakan banyak hal, tetapi saya tidak

pernah salah ingat mereka. Ini berarti Mikoko-chan juga mengalami kecelakaan, tersesat, atau hanya orang yang ceroboh. Tetapi tidak peduli yang mana itu, tidak ada yang bisa saya lakukan dengan benar sekarang. Waktu untuk Delapan Queens? Tentu saja, tidak ada yang semewah papan catur di kamar saya, jadi saya harus memainkannya di pikiran saya. Itu aturan untuk Eight Queens sederhana, dan ringkas — hanya tempat delapan ratu di papan catur sehingga tidak ada yang bisa menangkap ada yang lain. Itu salah satu rutinitas latihan otak. Saya akan memainkan permainan ini beberapa kali, jadi pada dasarnya aku tahu solusi. Tapi dengan ingatanku yang buruk, aku selalu lupa tepatnya pengaturan, jadi saya bisa menikmati permainan setiap saat ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 5 Saya memainkannya. Oke, bukan itu yang benar-benar menyenangkan. Tapi itu cara yang bagus untuk menghabiskan waktu. Saya mulai kuat, tetapi kesulitan muncul di sekitar keempat ratu. Permainan mulai kehilangan konsistensi. Ratu Hanya saja, jangan rukun dengan ratu lainnya. Seharusnya tidak pernah ada lebih dari satu pihak yang berkuasa. Apalagi kalau saya ijinkan Pikiran mengembara seperti ini, saya akan kehilangan jejak di mana saya telah meletakkan semua bagian sampai sekarang, dan saya harus memulai dari awal. Sensasi berpisah dari pikiran Anda seperti ini tak terlukiskan. Bisa dibilang itu seperti perasaan berjalan di atas balok keseimbangan, hanya lebih banyak potongan yang Anda tempatkan bawah — yaitu, semakin dekat Anda ke solusi akhir — the semakin sulit menjadi. Dalam hal itu, itu sangat mirip permainan, dan hebat dalam hal itu. Dalam hal kegagalan, tidak ada seorang pun tetapi diri Anda pada siapa untuk melampiaskan kemarahan Anda, dan di sini berbaringlah sensasi nyata. Dan tepat ketika saya sedang berusaha menemukan tempat untuk yang ketujuh Ratu, datanglah ketukan di pintu saya dan teriakan Ikkun! Papan catur itu terbang. Ratu ada dimana-mana. Untuk sesaat, hatiku, belum lagi pikiranku, berhenti. Saya mendekati pintu dan mengayunkannya terbuka. Kali ini, sungguh adalah Mikoko-chan. Dia mengenakan kamisol merah muda dengan merah rok mini, memperlihatkan jumlah kulit yang sehat dan menyegarkan. Pagi! Katanya dengan lambaian. Lalu datanglah wajah penuh senyum. Ikkun, guten morgen! “. ” “. ” “. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 6 Morgen. gen. gen. Ini seperti efek Doppler atau sesuatu. Dia kejam dan tersenyum seperti yang saya harapkan dia menjadi. Matanya

menjauh dari saya ke ruang angkasa. Umm, aku hanya ingin tahu, dan aku tahu ini bukan jenisnya hal yang akan Anda lakukan, tetapi. Apakah Anda marah atau kesal atau benci atau mengutuk nama saya atau apa? Sebenarnya, mengutuk saya nama memang terlihat seperti sesuatu yang akan Anda lakukan. ” “. ” “Ayo, mari kita berkomunikasi! Hei! Jangan diam! Ketika Anda diam, saya merasa akan memiliki sesuatu mengerikan dilakukan untukku! Telapak tanganmu, kataku. Hm? “Pegang telapak tanganmu di depan wajahmu ini ” Baik. ” Dia melakukan apa yang diperintahkan. Memukul! Saya smooshed tangannya ke wajahnya sendiri. Gwah! Pekiknya dengan gaya tidak feminin. Puas untuk saat ini, saya kembali ke dalam untuk mengambil tas saya. Sekarang di mana aku meletakkan yatsuhashi itu? Uwa! Kamu mengerikan! ”Katanya ketika dia masuk ke kamarku untuk beberapa alasan. “Kau bersikap kasar padaku hanya karena menjadi seorang sedikit terlambat? Itu penyalahgunaan, Anda tahu. Ini seperti membentuk juri sistem peradilan, hanya semua juri adalah O. J. Simpson! Rupanya terlambat empat puluh menit hanya sedikit terlambat Pikiran Mikoko-chan. Tanpa menunggu undangan, dia datang ke tengah kamar saya dan duduk di lantai. Celepuk Dia mengamati sekelilingnya dengan rasa ingin tahu yang sesungguhnya. Oooooo, desahnya dengan kagum. “Wow, tidak ada apa-apa disini Luar biasa! ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 7 “Kau tahu, pujian seperti itu tidak terlalu istimewa menyanjung. ” “Kamu benar-benar tidak punya TV! Anda seperti salah satunya berjuang siswa dari masa lalu yang baik. Saya yakin Anda akan belajar cahaya kunang-kunang! Apakah ada orang lain yang tinggal di apartemen ini? Uh, well, ada satu tukang bonceng pendek, satu pertapa, saudara lelaki dan perempuan berusia lima belas tahun dan tiga belas tahun saat ini melarikan diri dari rumah, dan kemudian ada saya, jadi itu empat kamar dan lima orang. Sampai baru-baru ini ada calon penyanyi di sini juga, tapi dia pergi ke Tokyo untuk meluncurkannya debut major-label. ” “Wow, jadi tempat ini agak makmur. Agak mengejutkan. Jadi saya kira itu berarti ada ruang terbuka di sini? Hmm. Itu memang memiliki suasana tertentu, ya? Mungkin saya harus pindah di! Apa yang mungkin dia lihat di apartemen ini, di ruangan ini, itu akan memberinya ide seperti itu? Lebih baik tidak, Saya berkata, memberinya nasihat yang tepat. Yah, ayo pergi, Hah? Ah, belum. Ini masih terlalu dini, ”dia berseru. Tapi bukankah itu buruk jika

kita tidak segera pergi? Sudah mendorong empat puluh menit di sini. ” “Tidak, kita harus sampai di sana jam enam. Apartemen Tomo-chan tidak jauh dari sini, jadi bahkan jika kita berangkat jam lima tiga puluh kita akan punya banyak waktu untuk sampai ke sana. ” Oh benarkah? Sungguh, katanya dengan jari telunjuk mendorong ke atas. Saya t sulit untuk menyangkal adorableness dari agitasi muluknya, tapi sepertinya itu bukan hal yang perlu kukeluarkan cara saya untuk menyebutkan, jadi saya tidak melakukannya. Saya tidak ingin mendapatkan semuanya bersemangat. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 8 Lalu mengapa kamu mengatakan jam empat? Hah? Oh itu. Ya kamu tahu lah. Ehh, aku tidak terlalu hebat bersama waktu. Itu hanya untuk berjaga-jaga, untuk jaga-jaga. ” “Maksudmu, ada kemungkinan kau menjadi seorang setengah jam terlambat? Memikirkan hal itu saja membuat saya merasa seperti darah akan keluar keluar dari telingaku. Hah? Katanya, mengintip wajahku untuk menangkap ekspresiku. Ada apa? Tanyanya dengan riang. Tidak ada. Saya tidak memikirkan apa pun. Saya pasti tidak memikirkan bagaimana Anda harus mempertimbangkan perasaan dari orang yang menunggu Anda untuk tiba. Atau bagaimana Anda harus tetap pada waktu yang Anda tetapkan. Atau bagaimana Anda setidaknya harus menelepon jika Anda akan terlambat. Atau bagaimana Anda harus merawat papan catur dengan lebih baik. ” Papan catur? Dia menggaruk kepalanya. Tentu saja dia tidak seharusnya mengerti itu. Saya menemukan yatsuhashi tergeletak di sudut ruangan dan potong segel di salah satu kotak. Saya meletakkannya di depannya. Bisakah aku memakannya? Yakin. ” Aku berdiri dan berjalan ke wastafel. Saya pikir rebus air untuk tim, tapi saya tidak punya ketel. saya pikir menggunakan hot pot, tapi saya tidak punya pembakar. Jadi saya hanya menuangkan secangkir air keran padanya dan meletakkannya di depannya. Terlihat benar-benar bingung, dia melirik cairan itu mendorong di depannya, tetapi kemudian pura-pura tidak melihatnya dan tidak repot-repot menyentuhnya. Dia menenggak yatsuhashi dengan antusias. “Bertanya ini mungkin salah satu dari semuanya itu, tetapi apakah kamu miskin, kebetulan? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 5 9 “Tidak, saya tidak terlalu kekurangan dana. ” Tinggal di apartemen seperti ini, saya tidak punya bukti untuk mendukung pernyataan ini, tetapi itu adalah kebenaran. Paling tidak, aku punya cukup uang yang dihemat untuk membayar tahun

kuliahmu tanpa mengangkat satu jari pun. Secara teknis itu bukan uang saya telah mendapatkan secara pribadi, tetapi itu milik saya. Kurasa kau semacam ekonom kalau begitu, ya? Atau apakah itu a filsuf? “Aku hanya buruk menghabiskan uang. Semacam kebalikan dari a gemar belanja. ” Saya membantu beberapa yatsuhashi ketika saya berbicara. Dia memberiku anggukan pengertian setengah hati. Ketika dia berlutut di lantai kamar saya yang kusam, saya menatapnya dari atas ke bawah. Hah. Bukannya aku berpikir sesuatu yang khusus, tetapi ada sesuatu yang sangat canggung karena dia duduk di sini di tengah-tengah saya kamar. Saya tidak tahu apakah Anda akan menyebutnya tidak wajar atau agak bersifat cabul, tetapi sesuatu tentang itu terasa sangat rapuh. Saya berdiri. Hah? Kemana kamu pergi? Kami masih punya empat puluh menit ekstra. ” Empat puluh menit hanya sedikit, 'kan? Ahh! Ikkun, itu jenis hal yang akan dilakukan jerko besar katakan! ”katanya, mundur dengan sangat bersemangat. “Kamu tidak harus memegang itu melawan saya selamanya! Aku hanya bercanda. Ayo makan siang ringan di suatu tempat. Nya tidak menyenangkan hanya saling memetik di kamar kosong ini. ” Saya mengangkat tas saya di bahu saya dan menuju ke pintu Aww, itu tidak benar, gumamnya sambil mengikuti saya. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 0 Tomo-chan tinggal di kompleks apartemen khusus siswa di dekat Nishiôji Maruta-machi. Hanya melihat baja yang dipaksakan, eksterior beton, saya bisa membayangkan perbedaannya sewa dari tempat saya sendiri. Lima kali lipat, atau bahkan sepuluh jika Anda ditipu. Mikoko-chan pasti ada di sana sebelumnya, karena dia memasuki lobi utama dengan aura percaya diri. Dia mendorong nomor kamar pada interkom dan tekan tombol panggil. “Yellooo! Ini kue Mikoko. ” Yo-yo. Ayo naik. ” Saat suara yang agak mengantuk muncul dari interkom, pintu kaca yang dikunci dengan kuat membuka. Keamanan kunci otomatis sistem. Sebenarnya, mungkin itu istilah yang terlalu boros. Apakah kunci itu ada di sana atau tidak membuat sedikit perbedaan siapa pun yang mencoba masuk. Ayo, cepat. Cepat, cepat, cepat. Mikoko-chan melewati pintu dan memberi isyarat agar saya bergegas. “Lantai enam, lantai enam! Kita harus cepat! Ini tidak seperti lantai enam akan pergi. ” Ya, tapi itu tidak akan turun untuk menyambut kita juga. ” Itu benar. ” Saya mengikuti seperti yang diperintahkan. “Lantai enam adalah yang paling atas. Tomo-chan tinggal di apartemen sudut, dan ada pemandangan yang cukup bagus, saat

dilihat. ” Mm, pemandangan indah, eh? Itu adalah satu hal yang saya tidak pernah berharap untuk melihat di mana saya tinggal. Jika Anda membuka jendela di tempat saya, Anda mendapat pohon. Kami memanggil lift dan masuk. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 1 Aku ingin tahu apakah Akiharu-kun sudah datang. Muimi-chan cantik banyak yang diberikan, tetapi. ” Mikoko-chan sangat bersemangat. Melihatnya tanpa beban ekspresi, bahkan aku tidak bisa tidak memikirkan betapa baiknya itu harus memiliki teman. Apakah itu berhasil atau tidak bagi saya, itu Pasti sangat baik untuknya. Kami turun di lantai enam. Mikoko-chan berlari menuruni tangga lorong dan berhenti di depan pintu terakhir. Disini, ke sini! ”dia berteriak dan memberi isyarat. Itu membuat saya ingin bertanya jika dia benar-benar tidak menyadari penampilan orang-orang dia. Dia mendorong bel pintu. Ding dong. Pintu terbuka, dan seorang gadis mengungkapkan dirinya. Selamat datang, gadis itu — kemungkinan besar Tomo-chan — berkata dengan mengantuk, sebatang rokok menggantung di bibirnya. Dia sama sekali berbeda dari yang saya duga. “Jadi, Mikoko. Tepat waktu untuk uang kembalian, eh? ”Dia lama memakainya rambutnya cokelat di sauvage — dengan rambut panjang dan sisanya dipotong dengan panjang yang sangat bervariasi — dan selera busananya sempurna: Combo jaket dan jins ringannya sangat bergaya. Dia mungkin sedikit lebih tinggi dariku, dan sangat kurus jika dia bilang dia hanya punya satu hari untuk hidup, aku mungkin akan punya percaya padanya. Itu adalah pasangan yang cocok untuknya yang sedikit bengkok tersenyumlah. Howdy, Muimi-chan! Sapa Mikoko-chan. Haro haro! Sepertinya ini bukan Tomo-chan, tapi Muimichan. Ups, katanya, akhirnya menyadari kehadiranku. Tanpa sedikit rasa malu, dia memberiku studi keras dari atas ke bawah. Mungkin ini kali pertama kita berbicara, 'Ikkun,' katanya dengan seringai. Ya, kataku apatis. Hei. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 2 Tampaknya sikap apatis saya telah memengaruhi saya. Dia membiarkan tawa berlebihan. Itu ramai, dan tidak terlalu feminin. Yah, bagaimana dengan itu. Kamu pria yang menarik. kupikir kita akan rukun. ” “Sungguh. ”Itu lebih merupakan desahan daripada respons. Bukan hal semacam yang menuntut penilaian seperti itu. Itu baru saja terjadi antusias seperti salam saya. Kurasa tidak. ” Heh, well, kita tidak harus membahas semua itu. Masuk saja. Akiharu bodoh belum datang. Kami baru saja menelepon dan dia diam di rumah. ” Ya Dewa, dia tidak akan

pernah berubah. Terakhir kali dia mengaku menjadi bingung oleh perbedaan zona waktu. Tardyman jelek itu. ” Mikoko benar-benar melempar batu ke kaca pepatah rumah. Itu hampir mengesankan. Tapi aku sedang tidak ingin mulai menggodanya tentang hal itu, jadi saya tetap diam ketika saya menghapus sepatu. Di ujung lorong pendek antara dapur dan kamar mandi adalah satu pintu. Sepertinya ini salah satunya berpisah satu kamar. Muimi-chan mendahului kami dan membuka pintu. Ruangan di dalamnya sekitar delapan atau sembilan tikar dalam ukuran, tetapi lantainya terbuat dari kayu keras. Di dekat jendela adalah tempat tidur, dan di tengah ruangan, sebuah meja mini tertutup dengan kue, makanan ringan, dan deretan gelas kosong. Jadi ini lebih dari sekadar minuman daripada urusan makan malam. Seorang gadis duduk dengan anggun di samping meja. Kali ini menjadi Tomo-chan. Dia bahkan lebih mungil daripada Mikokochan, dan mengenakan one-piece bermotif strawberry. Nya rambut dikuncir. Dia memberi saya gelombang kecil. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 3 Dia sama pemalu seperti yang saya bayangkan. Namun sesuatu tentang dia membuatku berpikir dia mungkin punya satu atau dua kebiasaan buruk. Rasanya seperti ada lebih dari memenuhi mata — seolah-olah dia sederhana Formulir mencegah Anda dari dapat melihat melalui dia. Memikirkan hal itu membuat saya merasa seolah seseorang bertanya saya untuk jumlah semua bilangan bulat. Tidak, tunggu. ” Itu omong kosong. Semua orang merasakan hal itu ketika mereka bertemu seseorang untuk pertama kalinya. Secara teknis itu bukan yang pertama saya bertemu dengan Tomo-chan, tapi aku tidak terlalu mengenalnya, jadi begitu Wajar jika saya mendapat kesan seperti ini. Hmm. Kalau dipikir-pikir, sepertinya kita sudah melakukannya berpapasan beberapa kali dalam seminar pendidikan umum kami. saya bergabung dengannya di meja sehingga aku menghadapnya, dan membuang salam sederhana. Yo. Dia menatapku sedikit bengkok, lalu memberiku busur yang dalam. “Terima kasih telah mengatasi semua masalah ini. Maaf bertanya sebesar ini bantuan Suaranya cantik dan tenang, dengan kualitas encer. “Aku selalu ingin ngobrol denganmu, jadi aku harap kamu selamat bersenang-senang hari ini ” Saya sedikit tersentuh oleh perilaku baiknya. Itu sesuatu Saya belum melihat banyak belakangan ini (terutama di hari terakhir atau dua). Ahahaha, cepat hancurkan es, ya? Kata Mikoko-chan dia duduk di sampingku

berlutut. Muimi-chan, pada gilirannya, duduk di sebelahnya. Ini memungkinkan ruang yang cukup untuk Akiharukun untuk akhirnya duduk di antara aku dan Tomo-chan. Ahhh. Muimi-chan mengeluarkan rokoknya dengan miliknya jari, kemudian disimpan dalam asbak. Jadi, apa yang kita lakukan? Kami punya tamu baru di sini. Haruskah kita teruskan dan ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 4 mulai? Rasanya bodoh duduk-duduk hanya membuang-buang waktu keparat itu. ” Hei, kita tidak bisa melakukan itu, Mikoko-chan menyela. Untuk sesuatu seperti ini kita semua harus bersama! Benar, Tomochan? Yup, Mikoko benar. Tomo-chan mengangguk. Kamu tahu dia akan segera datang, jadi jangan terlalu sabar. Kanan? Aku tidak terlalu peduli, tapi. Muimi-chan menunjuk ke arah saya. Bagaimana dengan Ikkun di sini? Aku tidak keberatan. Saya sudah terbiasa menunggu. Yang pasti, itu tidak berarti saya sudah terbiasa dengan orang yang membuat saya menunggu. Tapi itu akan terjadi terlalu merepotkan untuk memulai pertengkaran tentang itu, jadi saya hanya memberinya garis mudah. Muimi menatapku dengan tatapan ingin tahu, tapi “Yah, terserahlah lalu, ”hanya itu yang dia katakan. Dia mengeluarkan sebatang rokok baru, lalu coba lihat lagi. Apakah kamu tipe pria anti rokok? dia bertanya. Aku tidak merokok sendiri, tapi kamu bisa merokok sesukamu. ” Ah. Tidak, saya baik-baik saja. “Dia mematahkan setengah batang rokok dia bahkan belum menyala dan menyimpannya di asbak. Aku membuatnya arahkan untuk tidak merokok di sekitar bukan perokok. ” Hah. ” Apakah itu berarti Mikoko-chan dan Tomo-chan sama-sama perokok? Fakta bahwa dia hanya meminta saya tampaknya menunjukkan seperti itu. Hah. Saya sedikit terkejut. Hei! Muimi-chan, kamu akan membuatku terdengar seperti perokok jika kamu mengatakannya seperti itu! ”Mikoko-chan keberatan sekali lagi. Dia memberi kami mata anjing-anjing. Untuk beberapa alasan dia sepertinya menentang keras saya untuk mengetahui bahwa dia seorang perokok. Tapi kamu merokok. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 5 Tidak, aku tidak! Aku hanya akan mengikuti aliran itu suatu kali! ” Ah, benar. Gotcha. Kesalahan saya, salah saya. Muimi-chan memberi dia tepuk tangan ramah saat dia membuat ulah kecil. Sementara itu, Tomo-chan menonton dengan senang. Hah. Tidak butuh waktu lama untuk memperhatikan dinamika di sini. Dulu gadis baik, gadis jahat, dan gadis biasa. Ini membuat saya Bertanya-tanya apa peran Akiharu. Dia akhirnya

muncul di 6:30, setengah jam terlambat. Maaf maaf. Saya pikir saya akan berada di sini tepat waktu, tetapi kereta ramai dan sebagainya, ”katanya dengan humor yang bagus. Oh, jangan khawatir tentang itu, kata Tomo-chan saat dia menyapa dia dengan senyum. Gadis yang baik. “Kereta tidak tiba lebih lambat hanya karena ramai! Dan Anda tinggal di rumah kos, jadi Anda bahkan tidak mengambilnya kereta api! ”Mikoko-chan, gadis biasa. Dia punya berani mempertanyakan alasan lumpuhnya. Kamu pikir bisa menerima permintaan maaf sederhana? Kamu Harus menenggak tiga bir, ”kata Muimi-chan, melewati botol bir ke dia. Gadis nakal. Baiklah baiklah. Jangan terburu-buru, Atemiya. Ini adalah sebuah ulang tahun, ulang tahun Bukan mayday. Terkutuklah aku . Apa itu. ? ”Sepertinya dia memperhatikan kehadiran saya. Dia mencibir masalah-anak. Heh heh, jadi kamu benar-benar membawanya, Aoii, katanya. Dia duduk di sebelah saya dan berkata, Yah, senang bertemu Anda, ”dengan sedikit membungkuk. Saya juga melakukannya. Dia memiliki angin semilir yang mudah di sekelilingnya, dengan rambut cokelat muda dan selera untuk street fashion. Mungkin itu tidak biasa untuk mahasiswa berpakaian seperti itu, tetapi di Rokumeikan di khususnya, itu agak tidak biasa. Menilai dari tubuhnya, itu ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 6 Sepertinya dia terlibat dalam beberapa jenis olahraga, tapi aku tidak tahu yang mana. “Umm, apa yang harus aku lakukan. apa Apakah kita semua hanya perlu menelepon kamu Ikkun kalau begitu? Aku tidak keberatan. ” “Benarkah? Gotcha. Kamu pria yang baik. Bukankah kamu kira begitu, Aoii? ” Dia menatap Mikoko-chan dengan tatapan penuh makna. Dia balas menembak bingung. “Oh, uh, ya. “Dilihat dari tanggapannya, itu sepertinya dia tidak mengira aku pria yang sangat baik. Dari Tentu saja, mengingat betapa aku mengolok-oloknya, itu mungkin alami. Baiklah, akankah kita mulai? Kata Muimi-chan. Dia tampak seperti itu pemimpin empat. Dia menunjuk ke arahku. Umm, kamu tidak minum, kan? ”katanya. Aku mengangguk. Oh? Apa ini sekarang, Ikkun? Anda tidak bisa pergi berkeliling rewel sepanjang waktu, Anda tahu. Alkohol adalah komponen vital dalam Bagaimanapun juga interaksi antar manusia, bukan? Maksudku, apakah aku benar atau Apakah saya benar? Akiharu! Apa yang saya katakan tentang mendorong omong kosong Anda pendapat orang lain ? Aku akan membunuhmu! ”Muimi-chan memberi dia tampilan kematian. Sikapnya yang dingin dan nyaris linglung beberapa saat yang lalu

telah diasah menjadi pisau kemarahan. Apakah kamu sudah lupa apa yang saya katakan terakhir kali? Hah? Akiharu bergetar dan tegang karena ketakutan. “Uh. ” Aku tidak mencari 'uhhh. '” Maaf. ” Tidak mencari 'maaf' juga. Kenapa kamu? meminta maaf padaku? Hah? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 7 Mulut Akiharu-kun membuka dan menutup seperti dia seorang ikan mati lemas. Lalu dia menatapku. Tolong maafkan saya, dia meminta maaf. Oke, kalau begitu, kata Muimi-chan dengan ekspresi puas. “Maaf, Ikkun. Dia tidak bermaksud apa-apa dengan itu. Mengampuni lelaki itu, ya? ”Dia benar-benar kembali ke tempat asalnya diri dan tersenyum kembali padaku. Apakah dia membuatmu kesal? “Uh, aku tidak terlalu peduli. ” Atemiya Muimi. Dia benar-benar mantan penjahat. Tidak, bahkan bukan mantan. “Saya pikir minuman cokelat itu sepertinya sedikit kadaluarsa. Mungkin aku harus memanggilnya Bos. Sementara itu, Mikoko-chan menuangkan bir rendah malt ke dalamnya setiap gelas dan membariskannya di depan semua orang. Dia juga menempatkan segelas teh oolong di depanku. “Jadi siapa yang akan memimpin persidangan? Apakah itu Tomochan, ratu kita selama sehari? Ya, aku percaya itu akan terjadi, kata Muimi-chan. “Tomo, ayo memilikinya. ” Tomo-chan mengangkat gelasnya sedikit dengan enggan. Baiklah kalau begitu. Untuk ulang tahun kedua puluh saya dan teman baru kami. ” Cheers. Dengan ringan aku menepuk gelasku. Jadi hal tentang teman adalah bahwa mereka seperti, eh, Anda tahu, seperti. kamu tahu, ”kata Zerozaki dengan senyum sinis. Tato tertulis di sisi kanan wajahnya yang berkerut tidak menyenangkan. Apa yang kamu pikirkan? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 8 “Kamu sebenarnya bertanya padaku? Saya pikir ini akan menjadi semacam omongan. ” “Hah, jangan harap aku melakukan semuanya. Mereka mengatakan jika Anda ingin mengetahui pendapat Anda sendiri, Anda harus bertanya kepada orang lain mereka, kan? Jadi mari kita dengarkan. Apa yang kamu pikirkan? Apa itu teman? “Itu bukan pertanyaan yang sulit. Itu hanya seseorang yang kau gantung keluar dengan, makan dengan, bercanda tentang hal-hal bodoh dengan. Seseorang yang membawamu kedamaian. Hal semacam itu, benar? ”katanya. Kamu mengerti. Exactamundo. Jika Anda melihatnya seperti itu, teman adalah hal yang sangat sederhana, teman, seperti kue. Kamu nongkrong, Anda makan bersama, bertindak bodoh dan merasa damai bersama, dan itu membuatmu teman. Jika Anda datang

untuk menyelamatkan satu sama lain, kamu teman dekat. Jika Anda terkadang saling berciuman, kamu adalah kekasih. Oh, betapa berharganya persahabatan seumur hidup! ”Katanya dengan mencibir. “Jadi pertanyaannya di sini adalah, berapa lama persahabatan ini terakhir? Tahun? Lima tahun? Sepuluh tahun? Selama-lamanya? Sampai besok? Apakah maksudmu bahwa persahabatan pun akan berakhir? “Maksud saya adalah bahwa semua hal berakhir. ” “Ya tentu. Tetapi tanpa akhir, tidak mungkin ada awal. Itulah subteks penting. Jika Anda ingin mendapatkan sesuatu, Anda harus siap untuk mengorbankan sepertiga dari itu. Jika Anda ingin imbalan, Anda harus mengambil risiko. Jika Anda tidak bisa melakukannya itu, kamu lebih baik hidup dengan apa yang kamu punya. ” Gahaha. Saya kira Anda pasti tipe itu. ” Saya tidak membutuhkan hal-hal yang saya akan kehilangan waktu. Andai saja pokoknya hanya akan berakhir, itu tidak harus dimulai. saya tidak punya butuhkan untuk kesenangan jika datang disertai dengan rasa sakit. Mengapa? Apakah Anda berbeda? Kataku. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 6 9 Jika itu berarti tidak pernah sedih, saya tidak harus bahagia. Jika itu berarti tidak pernah pudar, saya tidak perlu berhasil. Evolusi yang sarat dengan risiko adalah pemborosan waktu. Eh, tetapi dalam kenyataannya, itu semua benar apakah Anda mencari sesuatu atau tidak, ”kataku. Tanpa keraguan. ” Zerozaki tertawa. Saya tidak. Jadilah itu mungkin. Tiga jam telah berlalu sejak pesta dimulai. Saya tidak akan mendapatkannya ke dalam apa yang terjadi selama tiga jam itu. Tidak ada yang istimewa ingin orang lain melihat seperti apa mereka saat itu mabuk, dan mereka tentu tidak ingin detailnya disampaikan dari orang ke orang. Tidak peduli bagaimana perasaan orang saat mereka minum, itu tidak bisa dihindari setelah itu rasa malu tua yang baik datang untuk membayar mereka a kunjungi. Sulit untuk menentukan mana yang nyata: orang yang Anda berada di bawah pengaruh alkohol, atau orang yang Anda kenal saat itu kamu sadar Tapi satu hal yang pasti: Malam liar dihabiskan di kesenangan yang menyenangkan bukanlah sesuatu yang ingin Anda coba ceritakan nanti. Ini adalah salah satu dari adegan yang tidak dapat dicat seperti Urashima Tarô berbicara tentang. Namun, jika saya berani berbagi sedikit sketsa tentang Perayaan malam hanya untuk iseng, itu akan seperti sesuatu ini: Jadi, whaddaya menyebut batu yang terbuat dari oksigen dan nitrogen? Kuarsa! Gaaahahahaha! ” Itu seperti rentetan tembakan

dua ratus dari watercooled senapan mesin berat, hanya saja itu adalah pasukan pembunuh! “Sial, selain itu, hari ini panas. Mengapa begitu panas di tengah Mei? Apakah ini pemanasan global? Apakah ini efek rumah kaca? ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 7 0 Apa? Dengarkan di sini, bodoh, jika Anda ingin mengeluh tentang panasnya musim panas, kau jawab padaku! Bawa itu! Apakah kamu yang mereka tangkap di Catcher in the Rye ? “Ini malam tropis, begitulah adanya. ” Kalau begitu kurasa itu membuatku ikan tropis! Dan tiga jam berlalu. Saat ini, Mikoko-chan, Akiharu-kun, dan Tomo-chan sedang bermain PS2. Itu tampak seperti game balapan. Secara realistis digambarkan mesin roda empat melaju di sekitar layar sempit sirkuit. Hah. Saya tidak akan menyebutnya menggoda, tetapi di sana adalah sesuatu yang agak menyenangkan menonton mereka semua begitu sepenuhnya tenggelam dalam kesenangan mereka. Sepertinya mereka mau bagikan sebagian dari kebahagiaan itu dengan saya, dan entah bagaimana itu membuatku sangat kesepian. Yah, kurasa bahkan ini adalah— Seseorang menampar pundakku. Itu adalah Muimi-chan. Tampaknya peminum berat, dia tidak tampak berbeda dari saat dia sadar, bahkan dari sudut pandang pengamat lihat. Dia tidak menyebut dirinya bos untuk apa-apa. Bukannya dia menelepon dirinya bos sama sekali. Mau keluar sebentar? Katanya, menunjuk ke arah jalan masuk. Ayo pergi ke toko serba ada. ” Bagaimana dengan Mikoko-chan dan yang lainnya? “Kita bisa membiarkan mereka begitu saja. Mereka tidak tahu apa yang sedang terjadi toh sekarang juga. ” Dia benar tentang itu. Aku mengangguk dan meninggalkan ruangan dia. Kami kembali ke lift, pergi ke yang pertama lantai, dan keluar dari gedung. Apakah toko serba ada dekat? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 7 1 “Eh, ini agak jalan-jalan. Tapi ayolah, mari kita berjalan sedikit. Itu akan membantu saya sadar. ” Tapi kau sepertinya tidak benar-benar mabuk. ” Mungkin tidak di permukaan, tapi aku sudah cukup jauh. Rasanya like my brain's flipped upside down so my cerebrum and cerebellum are switched.Right now I wanna kick the crap outta that sign. ” “Just don't kick the crap out of me. ” “I'll try,” she said with a little laugh. Dia menggelengkan kepalanya and looked up toward the sky. “Doesn't really feel like a birthday party,” I said.“I wonder if this is really enough to make Tomo-chan happy.She's still drunk now, but I wonder if she'll get depressed about it later. ” “Yeah, I wonder.But it's still better than being

depresssed from the very beginning. Ya It's all good. Kamu don't need a good reason to get wild. Ahh .I'm groggy. ” “You look pretty exhausted, Muimi-chan. ” “Well, that's what I get for hanging out with those guys. ” My sentiments exactly.Mikoko-chan was spunky enough to begin with, but when she was inebriated she was four times as bad.Then there was Akiharu-kun, and even Tomo-chan was getting pretty rowdy. “Man, if you think about it, I guess being able to hold your liquor so well puts you at kind of a disadvantage. Pasti begitu hard to follow along with the mood. ” Tepat sekali.I mean, it's still fun, so it's no big deal. ” “You think it's okay to leave those three drunks in a room unattended?” “They're not kids.They'll be fine.Actually, it's probably more dangerous to be walking around outside in the middle of the night,” she said. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 7 2 A good point.We were in the midst of the Kyoto Slasher serial murders.So that was why she bothered taking me along with her.I may look scrawny and unreliable, but I'm still a guy, in a manner of speaking. “What a messed-up world, huh? What could be enjoyable about chopping up a human being?” “Well, different strokes, I guess.” I tried to brush off the topic.If I was thrust into a conversation about it, there was a chance I would let my tongue slip.It wasn't that Zerozaki had told me to keep my mouth shut, but it sure wasn't the kind of thing I wanted everyone and their mother to know about. “I can't understand it at all,” she said.“I mean, I've been around for twenty years now.Even I've thought to myself before, 'I oughta kill that bastard.' Actually, it happens a lot. Even nowadays.Like, 'this person would be better off dead. Killing him would serve the greater good. '” “. ” “But what's up with these random killings? I can't understand the idea of finding pleasure in the act of killing itself. ” “In general, they say serial killers who choose their targets at random are fueled by resentment.So it's just like when you say to yourself, 'I oughta kill that bastard,' ” I said. Sangat? But then the killings aren't random. ” “It's a little different, though.In this killer's case, he resents the victims simply because they happened to walk by.He resents the world as a whole.He hates the world that surrounds him, a world that, for him, is as vague and nebulous as the air. And so his killings appear to be random. ” Hmm.” She nodded, but to be honest, I was only speculating. I had no idea why he was committing acts of murder. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 7 3 We had only talked about stupid,

irrelevant things the previous night, and never touched upon the topic of his motives. We were probably saving the best for last, childish as that may sound. “It's just nonsense, though,” I said. Muimi-chan scratched her head at me. While we were talking, we eventually reached the convenience store.She entered ahead of me and quickly made her way to the liquor section. “You're buying more alcohol?” “Nah, there's already plenty of that.Let's get some Pocari. Gotta sober those guys up or they won't be able to get home. ” “Ah, gotcha. ” We put three two-liter bottles of Pocari sports drinks in a basket, picked out two or three types of snacks, and proceeded to settle up at the register.Maybe I should've expected this, but I ended up carrying everything. As we left the store, Muimi-chan pulled a cigarette from her pocket, stuck it in her mouth, and lit it with a coollooking Zippo, all in one fluid motion. “Ah!” she said and immediately went to extinguish it with her finger. “I don't care if you smoke one.We're outside, anyway. ” Sangat? “Well, I guess it's rude to smoke and walk at the same time, but since it's night and nobody's around, it's probably fine as long as you don't litter ashes everywhere.” And, indeed, there was no one around who'd object to her blowing smoke everywhere as she walked. Yah.nah, it's okay.I'll stick to my decision.” She went ahead and snuffed it with her finger.Then she curled up the ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 7 4 cigarette butt and put it in her pocket.It seemed she wasn't the littering type.I was a little impressed: For a college student, she had above-average morals. “If you don't mind my asking, isn't that hot?” I said. Tidak juga.I'm used to it,” she said with a slightly bashful tersenyumlah.“There was this Mafia boss bad guy in a movie I used to like, and he did the same thing with cigars.With the palm of his hand, like this.It was cool, so I started imitating it. ” Hah. ” “Looking back, I just thought the actor was hot, but it's a habit now.Anyway, that aside.Ikkun, let's talk seriously for a minute.” Her expression immediately grew serious, changing as abruptly as a circuit switch.I couldn't help but be a little surprised.“It's pretty tough keeping up with Mikoko's hyperness, huh?” Tidak terlalu." “Huh,” she said.Her expression grew all the more serious. Dia ragu-ragu sejenak.“What do you think of her?” she asked me. “What do I think?” Judging from her expression, she wasn't looking for some halfhearted bullshit answer. But I couldn't figure out what that question was supposed to mean.I didn't really think much of anything about her.

“Well, I think she's got a little bit of red in her hair.She's around five feet tall, and may or may not weigh as much as one hundred ten.From the way she acts, I'd guess she's a type B, and her astrological sign is probably one of the beasts.She's got a kind of koala-ish feel in general. ” “Did you really think I was looking for a half-assed answer like that?” she asked. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 7 5 Whoops.Delinquent mode.Why oh why do I so love stepping on land mines, I wondered.I broke eye contact with her. “I dunno.I mean, she's a nice girl, I guess.Sure she's a little overly hyper, which can be exhausting, but I know a girl who's even worse than her, so it doesn't particularly bother saya. ” Hah.How neutral of you. ” “Well, I don't like making waves. ” “Is that a fact?” She paused for a moment, then gave me a sort of sidelong glance. “You're kind of a slimeball, aren't you, Ikkun?” she said. “I'm self-aware. ” “Self-aware, huh? Saya berharap.I wouldn't know.Anyway, let me give you a word of advice.” She took a step ahead and turned to face me directly.I had no choice but to stop. Itu apartment building was still about a hundred feet away.Surely the others were still inside racing.Muimi-chan ran her fingers through her sauvage hair and shot me a direct glare. “Mikoko and I have been friends since we were just little brats. ” Hah. ” “If you hurt her, I'll never forgive you. ” I scratched my head a bit.Why was she telling me this? Could it be that she was mad because of all the times I had teased Mikoko-chan up to now? It didn't seem like the kind of thing to take so seriously, but Muimi-chan sure didn't seem to be joking, so I answered with a shrug. Tidak masalah.Despite how it seems, I'm actually nice to my friends. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 7 6 She blinked her narrowed eyes at me.“Hahahahaha!” she laughed.A moment later, she spun back around.“I stand corrected. ” She recommenced walking.“You're just clueless. ” It felt like a terrible insult, but at the same time, it was probably the most accurate description anyone had ever applied to me in all my nineteen years, so it was hard to get mad. We returned to the room to find that the others were indeed still racing.Surprisingly, Tomo-chan was apparently the most skilled.Mikoko-chan was a lap behind. Yo! Guzzle down this Pocari, you goons! You drunken bitches!” For some reason Muimi-chan had suddenly gone berserk, smacking the “drunken bitches” in the heads with Pocari. Being hit in the head with a full plastic bottle should have been fairly painful, but they

were so thoroughly numb with drink they didn't even seem to mind.

Saya tidak suka kebisingan. Aku benci kesibukan. Situasi yang keras membuatku jengkel. Tetapi kadang-kadang, seperti mungkin setahun sekali, mungkin ini hal-hal semacam baik. Atau begitulah yang saya pikirkan. Saya salah. Sudah lewat sebelas p. m. Yah, terima kasih untuk malam ini, kata Muimi-chan sambil bangkit kakinya. Akiharu, bawa aku pulang. ” Ah, kenapa? Rengek Akiharu. Dia menembaknya dengan kejam melihat; dia berbaring di sudut ruangan. Pergi saja ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 7 7 dirimu sendiri. Aku akan istirahat sebentar sebelum pergi. Tempatmu jauh. Tempat saya berada di arah yang berlawanan. ” Apakah kamu laki-laki? Jangan bilang kau bahkan tidak layak pulang ke rumah. ” Cih. baik. ” Dia berdiri, masih tampak sedih, seolah dia tahu di sana tidak ada gunanya keberatan. Matanya beralih ke Tomo-chan. Nah, ini hadiah ulang tahunmu, katanya, menarik sebuah paket keluar dari tasnya. Ah. Kata Muimi-chan. “Itu benar, kamu memberi hadiah pada hari ulang tahun. ” Hm? Apa yang kamu katakan? Apa? Datang lagi, Atemiyasan? Akiharu-kun berkata dengan gembira oleh seseorang yang baru saja mengalahkan ogre. Jangan bilang bahwa kamu lupa untuk mendapatkan milikmu teman baik hadiah ulang tahun! Ya ampun, aku tidak bisa percaya itu! Apakah ini lelucon? Ohh, apa yang harus dilakukan, apa yang harus dilakukan ? Untuk kasih Dewa, katakan padaku, apa yang harus dilakukan ? Hah? Hah? “Cram it, oaf. Bukankah senyumku cukup? Kata Muimi-chan merajuk dan menuju pintu masuk. Hei, tunggu! Jangan marah dengan mudah! Apa yang kamu anak? Ahh, ini dia. Sampai jumpa di sekolah, Emoto! Kata perpisahan! Ayo segera hang out lagi, Ikkun! ”Akiharu-kun memberi lambaian ringan dan mengejar Muimi-chan. Sampai jumpa. Sampai jumpa lagi, ”kata Tomo-chan saat dia melambai kembali lamban. Begitu keduanya pergi, tangannya pergi untuk saat ini. Dia membuka kancing pita dan membuka dengan rapi kertas pembungkus. Aku ingin tahu apa itu. Ikkun, menurutmu apa itu? ”Itu sepertinya alkohol itu sebagian besar keluar dari sistemnya. Pipinya masih ada sedikit merah di dalamnya dan suaranya sedikit melengking, tetapi kepribadiannya tampaknya telah kembali ke keadaan semula ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 7 8 pengaturan. “Aku sedikit bersemangat. Hal semacam ini

selalu membuat saya pusing. ” Yah, mungkin bukan yatsuhashi, bagaimanapun juga, kataku. Kebetulan, yatsuhashi yang saya bawa sudah ada terbagi rata di antara perut kelima anggota partai. “Dilihat dari ukurannya, itu mungkin aksesori atau sesuatu. ” Ya, mungkin. Oh, itu tali leher. Cukup keren, ya? ” Itu adalah tali leher bergaya kapsul dengan pusat cairan. Saya t Tidak benar-benar terlihat seperti barang feminin, tetapi seperti yang Tomo-chan katakan, itu sangat keren. Heheheh, hanya itu yang kuharapkan, katanya dengan gembira saat dia segera mencobanya. Bagaimana kelihatannya, Ikkun? Ini pertandingan yang bagus, kataku, tetapi aku tidak benar-benar tahu. Mataku beralih dari Tomo-chan yang mengalir deras untuk Mikoko-chan, yang tertidur di sudut. Dia melihat begitu damai sehingga saya tidak tega membangunkannya. Mungkin dia berencana untuk menghabiskan malam di tempat Tomo-chan. Hei, Ikkun, kata Tomo-chan, tiba-tiba menegakkan dirinya keluar. “Aku ingin mengucapkan terima kasih lagi karena telah keluar sepenuhnya di sini hari ini. ” “Aku pikir itu bukan hal yang harus kau ucapkan terima kasih untuk. ” Tapi kamu tidak suka melakukan hal semacam ini, kan? Pertanyaannya agak canggung, tetapi juga muncul sebagai apakah itu sesuatu yang benar-benar normal baginya. Dia dengan hati-hati mengangkat wajahnya untuk melihat ekspresiku. Itu seperti. Dia melihat ke arahku. Seperti dia melihat otakku dari dalam. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 7 9 “Uh, tidak, aku. ” Kamu tidak suka membuka diri terhadap orang lain, kan? Ya, benar. Saya tidak membencinya. Aku sebenarnya suka bermain-main main dengan semua orang seperti sahabat karib. ” Itu bohong. ” Itu kebenaran. ” Itu bohong. ” Ya itu. ” Dia mencibir padaku. Tapi matanya tidak tersenyum. Mereka sebenarnya terlihat agak sedih dan kesepian. Kombinasi yang aneh ekspresi membuatku bingung. Apa yang salah? Alasan apa yang bisa dia miliki untuk mencari sangat sedih ketika dia menghabiskan hari ulang tahunnya dikelilingi oleh teman? Seharusnya tidak ada yang salah. Andaikata ada. “Mikoko-chan. “Katanya, melirik ke arah mengantuk Mikoko-chan. “Dia benar-benar gadis yang hebat. ” Ya, jawab saya. Saya menjadi luar biasa langsung – oleh saya standar. Aku yakin begitu. ” Aku ingin menjadi seperti dia. ” “Mm-hmm. ” Tapi aku tidak bisa. ” Uh huh. ” Dia mengarahkan matanya ke bawah. “Dan sekarang aku di sini, dua puluh tahun, masih belum bisa seperti dia. Saya yakin itu akan terus seperti itu. Tidak peduli berapa banyak tahun berlalu, tidak

peduli berapa dekade. Aku tidak akan pernah seperti dia, sampai aku mati. ” Apa yang salah dengan itu? Setiap orang berbeda. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 0 Katakan, Ikkun, katanya, mendongak lagi. Pernahkah kamu merasa seperti, sebagai manusia, Anda barang yang rusak? Saya tidak tahu bagaimana harus merespons. Saya sudah. Dia tersenyum. Itu adalah senyum paling sedih yang saya miliki pernah melihat. “Semua orang melakukannya. Kata-kata baru saja keluar. Apakah mereka benar-benar dari hati, saya tidak tahu. Mereka baru saja kata-kata kenyamanan. Saya mungkin hanya mengatakan kata-kata yang tidak saya katakan sangat berarti agar tidak harus melihat Tomo-chan terlihat sangat sedih. Bola yang ramping. Sangat lucu. Sangat tidak pantas. “Semua orang terkadang merasa seperti itu, kurasa. Tidak ada yang sempurna, setelah semua. Kita semua punya kelebihan dan kekurangan poin. Itu yang membuat kita manusia. ” Ya aku tahu. Bahkan saya tahu itu, tetapi Anda mungkin mengerti bahwa bukan itu yang saya bicarakan. Saya bicarakan sesuatu yang lebih terbatas, kurasa, atau lebih mematikan, seperti yang fatal luka, kurasa. ” Boom Kata-kata itu mengguncang saya. “Seperti itu. ” “. Jadi ini alasan sebenarnya saya tidak bisa membaca Emoto Tomoe sangat baik. Mungkin ini benar-benar itu. Dengan kata lain, sudah lama sekali. Ada aku lagi di sini, katanya, menunjuk padanya bahu kanan sendiri. “Saat aku jadi gaduh dan bersenang-senang ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 1 Muimi-chan dan Akiharu-kun dan Mikoko-chan dan kamu suka ini, bagian diriku yang hanya menonton, menghela nafas. Itu terlihat merendahkanku dengan jijik dingin saat aku bersenang-senang, mengatakan 'Apa yang Anda lakukan tidak akan berarti apa-apa. '” Menghela nafas, katanya. “Aku tahu aku mungkin tidak akan pernah seperti itu Mikoko-chan sampai hari aku mati, tapi mungkin aku bisa begitu aku benar-benar mati. Jika saya bereinkarnasi, saya ingin kembali sebagai Mikoko-chan. Saya ingin bisa tertawa dengan kepolosan total seperti dia, marah ketika aku ingin marah, menangis seperti orang gila ketika aku sedih. Itulah yang membuat hidup menjadi luar biasa. ” Aku. “Kali ini saya berbicara dari hati. Bukan saya ingin bereinkarnasi. Saya ingin cepat dan mati. ” Aku akan bertaruh, katanya dengan senyum lembut. Mikoko-chan bangun sekitar satu jam kemudian. Uhhh. Dia mengguncang tidur dari kepalanya. Dia masih Terlihat sangat lelah. Jadi, apa yang akan kamu lakukan? Kataku. Aku akan pulang. Adalah Anda akan

menginap? Tidak, aku akan pergi. Dia bangkit dengan linglung. Tidak masalah, Saya sudah sadar. Beri aku sepuluh detik lagi. ” Yakin. Aku akan membawamu pulang, lalu. “Saya setidaknya layak untuk dikendarai rumah, saya ingin menekankan, tetapi dia tampaknya tidak mengerti. Dia sangat tenggelam dalam tidur ketika Muimi-chan kiri, jadi itu masuk akal. “Baiklah, selamat tinggal, Tomo-chan. ” Ya. Sampai jumpa lagi. Dia memberi gelombang kecil. Aku mengambil tasku dan menuju pintu masuk. aku duduk di pintu dan memakai sepatu saya. Mereka memiliki tali yang berantakan, jadi ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 2 memakainya selalu lebih merepotkan daripada menghapusnya mereka. Situasi seperti ini sangat menyebalkan waktu Sementara itu, Mikoko-chan sepertinya mengalami masalah dengan gerak kakinya sendiri, dan suara gaduh kikuk bisa mendengar melalui pintu yang memisahkan kami. Mungkin itu bukan sesuatu yang perlu dikhawatirkan. Dia muncul di lorong di luar pintu masuk tak lama setelah saya. Ohh, erangnya, menggosok kepalanya. Kepala saya sakit. Ini berputar. Ini seperti pembunuhan di sebuah toko serba ada, hanya saja pembunuh memakai sepatu roda. ” “Aku tidak tahu apa yang kamu katakan. Apakah Anda yakin tidak melakukannya? ingin menginap di sini malam ini? Tidak perlu terlalu banyak tenaga dirimu sendiri. ” Tidak apa-apa, aku bisa pergi. ” Dia tertatih-tatih menyusuri lorong dengan kaki yang tidak stabil. Aku mengangkat bahu dan mengikutinya. Jadi, apakah kamu bersenang-senang? Katanya begitu kami keluar dari bangunan. Eh, kurasa. Tapi saya pikir saya akan lulus waktu berikutnya. ” Jangan katakan itu. Ayo lakukan lagi! Dengan semua orang! Kapan s ulang tahun Anda? Maret. ” Dia tampak dikalahkan. “Milikku pada bulan April. Ohh, kurasa aku seharusnya mengundang Anda lebih cepat. ” “Jadi di mana tempatmu? Aku akan membawamu kembali. ” “Dekat Horikawa. Horikawa Oike. Tapi kita harus pergi tempatmu dulu. ” Mengapa? Geser saya. ” Kalau dipikir-pikir, dia sudah sampai di tempatku sepedanya. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 3 Bisakah kamu menyetir? Yakin. ” 'Baiklah kalau begitu. Jelas dia tidak dalam kondisi untuk mengemudi, tetapi jika dia berkata dia bisa menyetir, siapakah aku untuk menghentikannya? Kapan saatnya tiba, dia hanya bisa memanggil taksi jika dia harus. Kami mengambil Nishiôji Street ke Nakadachiuri dan berbelok ke timur, ketika karena suatu alasan, musik David Bowie mulai diputar dari

suatu tempat. Mengira itu adalah konser gerilya terdekat, aku sedikit terkejut, tapi ternyata itu Mikoko-chan nada dering. Hm? Dia mengeluarkan telepon dari dompetnya. Halo? Ini adalah Mikoko-chan, gadis gagah dan energik dari Danau Ashi! Hm? Apa? Tomo-chan? ”Sepertinya itu panggilan dari Tomochan. Ya. Ya . Ya, dia ada di sini bersamaku sekarang. Dia berjalan tepat di depanku. Sepertinya, iya. Oke, saya akan lulus sudah berakhir. ” Dia memberi saya telepon. “Itu Tomo-chan. Dia ingin saya memberi Anda telepon. ” Saya? Mengapa? “. ? ” Saya pasti lupa sesuatu di tempatnya. Saya menggaruk kepalaku saat aku mengambil telepon. Itu lebih dari sedikit lebih kecil dari telepon saya sendiri, jadi rasanya agak canggung. Halo? “. ” Halo? Ikkun. ” Suara. Itu bergetar, seolah dia takut akan sesuatu. Saya t mungkin sebagian kesalahan telepon, tetapi ada sesuatu dalam dirinya ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 4 suara itu jelas berbeda dari ketika kami telah berbicara saat sebelumnya di tempatnya. Tomo-chan? Ya. ” Apa yang salah? Apakah saya lupa sesuatu? Saya punya tas disini ” “Tidak, bukan itu. Um . Aku lupa memberitahumu sesuatu sebelumnya. ” Lupa memberitahuku sesuatu? Ya, apa? Sudahlah. Sampai jumpa. ” Klik. Tiba-tiba panggilan terputus. Beeeep. Beeeep. Beeeep. Beeeep. Setelah empat dering, saya mengambil telepon dari telingaku. saya menggaruk kepalaku, menatapnya selama tiga detik, lalu mengembalikannya ke Mikoko-chan. Terima kasih. ” Tentu, katanya, mengambilnya. Jadi, apa yang dia katakan? Tidak ada. Saya tidak tahu tentang apa itu. ” Hah? Dia memberi saya ekspresi bingung, tetapi saya adalah orang yang bingung. Tomo-chan ingin memberitahuku sesuatu? Mengapa apakah dia akan mulai dan kemudian berhenti seperti itu? Apa? Saya ingin tahu apa itu. Mungkin itu rahasia atau sesuatu. Apakah kalian punya semacam pembicaraan rahasia? Tidak, tidak ada yang seperti itu, tapi. oh ya, Mikoko-chan. Aku beralih kereta pikiran. Apakah ada seseorang di sini? kata, menggambar lingkaran dengan jari saya di bahu kanannya. Hah? Dia mengangkat alisnya yang meragukan. Secara alami. Maksudku, apakah kamu mendapatkan perasaan seseorang ada di sana, memandang rendah dirimu? ”tanyaku. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 5 Kurasa tidak, tapi. Mengapa? “Eh, jika kamu tidak merasakannya maka jangan khawatir tentang itu. ” Jika ada seseorang di sana, itu akan sangat menakutkan, katanya dia membayangkannya. Tapi untuk di sini, katanya, menunjuk padanya hati sendiri, “ada

seseorang. ” Hah. Aku mengangguk. Menilai dari senyumnya yang malu-malu, dia harus telah berbicara tentang pacarnya. Sekitar sepuluh menit lagi, kami telah tiba di apartemenku. Di tempat parkir apartemen, hanya ada satu sepeda, jadi itu pasti miliknya. “Whoa, ini Vespa. Dan model vintage putih, tidak kurang. Gadis ini menyebut Vespa sebagai skuter? Vespa adalah Vespa, dan hanya Vespa. Menyebutnya skuter, bagi saya, merupakan penghinaan. Dan bukan hanya penghinaan sehari-hari Anda — itu adalah penghinaan terakhir, yang mengancam akan mengguncang keberadaan saya. Setiap orang punya satu hal yang akan mereka korbankan untuk hidup mereka sendiri, yaitu untuk mereka berdagang dunia untuk, dan bagi saya, ini adalah hal itu. aku ingin untuk berteriak pada Mikoko-chan. Aku dengan marah berbalik menghadapnya. “. ” Dia sedang tidur. Saya tidak dapat berkata-kata. ” Dia sedang tidur sambil berdiri. Dia sangat pendiam untuk sementara. Mungkinkah dia tidur sambil berjalan? Dia mungkin. Ini adalah kekuatan ras manusia didorong ke batas absolutnya. Saya memberinya beberapa ketukan pada pipi, tetapi dia menolak untuk bangun. Saya memiliki keinginan untuk memulai meregangkan wajahnya, tetapi tampaknya tidak mungkin untuk menjelaskan jalan keluar saya jika seseorang kebetulan melihat kami, jadi saya menahan diri. Aku ingin tahu apakah aku bisa meninggalkannya di sini. ” Jika tidak, hanya ada dua opsi. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 6 Hup, erangku ketika aku mengangkatnya ke punggungku. Dia mengaduk sedikit di jalan, tetapi tidak bangun. Mungkin karena dia begitu pendek, dia sebenarnya cukup ringan. Atau mungkin semua perempuan seperti ini. Dengan dia masih di punggung saya, saya memasuki apartemen, lalu berjalan menaiki tangga ke lantai dua. Saya clomped saya menuruni lorong naik ke kamar sebelah saya sendiri. Saya mengetuk ringan. Ya, tunggu sebentar, sebuah jawaban datang dari dalam. Miiko-san segera muncul di hadapan kami. Dia mengenakan belum set pakaian kasual musim panas Jepang yang berbeda, yang berwarna merah kali ini. Saya cukup yakin ini adalah pakaian dengan kata itu Treachery tercetak di bagian belakang. Ya? Katanya, menatap gadis di punggungku dengan curiga. Kau masih di bawah umur resmi, kan? Katanya setelah beberapa saat berpikir. Yah, tentu saja aku akan membiarkanmu bersembunyi di sini, tetapi berbicara murni karena kebaikan, saya sarankan Anda menyerahkan diri. Jepang memiliki pasukan polisi yang cukup cakap. Kemungkinan besar Anda tidak

akan melakukannya bisa melarikan diri. ” “Oh, kali ini tidak seperti itu. Er, gadis ini teman sekelas. Sepertinya dia terlalu banyak minum dan pingsan. Akan Anda bersedia membiarkannya menghabiskan malam? Hah? Dia meletakkan tangannya ke dagunya dan berpikir untuk momen. Kenapa kamu tidak menjebaknya sendiri? Eh, tapi maksudku, seperti yang kau lihat, dia perempuan. Dan itu terdengar seperti dia punya pacar, jadi aku tidak bisa membuatnya tidur di tempat saya, kan? Hah. Nah, kalau memang begitu, kurasa aku tidak keberatan. Tapi apa yang diberikan hari ini akan saya terima suatu hari nanti. Untuk mengabaikan terima kasih di mana mereka seharusnya adalah tindakan pengecut. ” Dapat. Ingin menjadi barang antik lagi? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 7 Iya nih. Baiklah kalau begitu. Jadi siapa nama gadis ini? ” “Mikoko-chan. Eh, nama belakang adalah Aoi, saya pikir. ” “Aoi Mikoko? Heh, nama aneh, ”kata Miiko-san, menerima Mikoko-chan dari saya. Setiap orang harus memiliki tetangga bisa diandalkan seperti dia. “Yah, kalau begitu aku akan pergi. ” Mm. Tidurlah. Anda sebaiknya tidak mencari tahu menjadi beberapa lollygagger tidur siang. ” Hah? Saya tidak pernah tidur di sore hari. ” Apakah begitu? Nah, lupakan saja itu. Selamat malam. ” Selamat malam. ” Saya membungkuk dan kembali ke kamar saya, tempat saya meletakkan kamar saya futon dan meringkuk di atasnya. Waktunya tidur. ” Dan hari itu berakhir. Sabtu, keempat belas Mei. Bukan itu sudah lewat jam nol, jadi hari Minggu tanggal lima belas. Jadi pada jam dua puluh empat jam kemudian, itu akan terjadi keenam belas. Pukul nol berikutnya adalah yang ketujuh belas. Pukul nol. Zerozaki. Bertanya-tanya apakah kegagalan manusia itu saat ini membunuh nya orang ketujuh atau mungkin sudah memotong-motongnya kedelapan, barang yang rusak secara bertahap jatuh tertidur.

ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 8 9 Tidak lagi. Saya tidak ingin berpikir lagi. Ketika saya terbangun ketukan di pintu, itu sudah lewat jam delapan. Saya menyisir rambut dari wajah saya dengan kedua tangan dan bangkit ke kakiku. Uhhh. ” Saya membuka pintu untuk menemukan Mikoko-chan. Hypernya yang biasa salam telah diganti dengan tampilan malu malu minta maaf. Apakah aku membangunkanmu? Katanya lemah lembut. Eh. Lagipula sudah waktunya untuk bangun, ”jawab saya berbaring.

“Pagi, Mikoko-chan. ” Selamat pagi, Ikkun. Um . Maaf tentang kemarin. Saya semacam, er. sepertinya aku tertidur. ” “Eh, lupakan saja. Pastikan untuk berterima kasih pada Miiko-san. ” Ah, benar. Dia mengangguk setelah beberapa saat ambigu keraguan Bukankah dia orang yang baik? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 0 Yah, ya, benar, ya? Agak keren, saya kira Anda bisa katakan. Jadi, apakah dia 'tukang pedang gratisan' yang kamu bicarakan tentang? Apakah dia terlihat seperti adik perempuan berusia tiga belas tahun? Tidak, kurasa tidak. “Dia dengan canggung memutuskan kontak mata dengan saya dan memberi jeda singkat. Aku tidak tahu apakah itu karena dia berlatih bertarung dengan pedang, tapi pakaiannya agak aneh. Agak seperti bahasa Jepang, tapi seperti jenis pakaian yang akan Anda kenakan festival. ” Maksudmu jinbei-nya? “Djembe? Apa itu? ”Jelas sekali Mikoko-chan tidak pernah mendengar hal tersebut. Oh, maksudmu seperti hiu jinbei? “Uhh, yah, ya. Pernahkah Anda melihat polanya di belakang hiu jinbei? Itu seperti mereka memakai yang sama jenis pakaian. Jadi kami akhirnya menyebut nama Jepang semacam itu pakaian Jinbei, setelah hiu. ” Ahh. Anda tahu banyak, Ikkun, ”katanya. Aku harus ajarkan itu pada Tomo-chan dan yang lainnya. ” Ya Dan jika Tomo-chan dan yang lainnya tidak sekejam itu saya, mereka mungkin akan mengajarinya kebenaran. Mengapa saya memberi tahu kebohongan yang tidak berarti seperti itu? Mungkin sudah saatnya aku memberikannya pemikiran serius. Jadi, kata Mikoko-chan, mengganti topik pembicaraan. Adalah kamu dan gadis itu — Asano-san — apakah kalian berdua dekat? ” “Dia menyelamatkan saya dari kelaparan beberapa kali. Tapi kemudian aku menyelamatkannya dari dihancurkan di bawah tumpukan barang antik, jadi kami bahkan Steven. Yatsuhashi yang kamu miliki kemarin adalah darinya juga. ” Hah, katanya dengan ekspresi rumit. Kamu tahu, Saya tidak terlalu suka yatsuhashi. ” Hah? Oh, kamu tidak bilang. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 1 Terlalu manis. ” Hah. Miiko-san suka hal-hal manis. ” Yah, aku tidak. ” Untuk beberapa alasan dia menjadi sedikit serius. Saya menggaruk kepalaku padanya, tidak yakin ke mana dia pergi dengan ini. Yah, tidak apa-apa. Jadi apa yang akan kamu lakukan sekarang? ”Aku kata. Oh, er, aku punya ini, katanya, menarik merah muda, terbungkus hadir dari dompetnya. “Ini hadiah ulang tahun Tomo-chan. Lupa memberikannya padanya. Kesalahan besar, ya? Aku seharusnya memberikannya padanya sebelum kita semua

mabuk. Saya terbawa karena berusaha untuk mendapatkannya semuanya berjalan. ” Hm. Nah, mengapa tidak pergi memberikannya padanya sekarang? Dia seharusnya rumah. ” “Yup, itu rencananya. ”Akhirnya, dia menunjukkan ciri khasnya tersenyumlah. Baiklah terima kasih. Mari kita bertemu lagi. ” Kita lihat saja nanti. ” “Kenapa kamu mengatakan hal seperti itu ? Mari kita lakukan sesuatu! Hanya bercanda. Baik oleh saya. Jika saya punya waktu, saya akan menghabiskan waktu banyak dari itu dengan Anda seperti yang Anda inginkan, jadi silakan undang saya lagi, ”aku kata. Saya hanya mengatakan itu sopan, tetapi melihat wajah Mikoko-chan menyala, rasa bersalah menendang. Berpikir dia mungkin akan meledak menangis atau marah jika saya berkata hanya bercanda lagi, saya hanya berkata, Lihat Anda lain kali, sebagai gantinya. Dia memberi anggukan besar dan energik dan memutar tumitnya. Sesuatu muncul di benak saya. “Hei, Mikoko-chan. Biarkan saya saja katakan satu hal lagi. ” Hm? Apa itu? “Panggil Vespa sebagai Vespa. Menyebutnya scoot hanya ofensif, jadi menjatuhkannya. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 2 “Wow, Ikkun memberi perintah ? Ini seperti sekolah kelas satu di mana Anda bisa mengenakan pakaian Anda sendiri, tetapi semua siswa tetap muncul dalam seragam! ” Kamu mengerti atau tidak? “Wow, kamu sama menakutkannya dengan Muimi-chan. ” Dia tampak agak takut. Tetapi saya harus mengatakannya tegas atau dia tidak akan mendapatkannya. Oke, katanya. “Aku akan berhati-hati mulai sekarang. Dia membuat dia berjalan menyusuri lorong. Ketika dia sampai di sudut, dia berbalik. Hei! Ada sesuatu yang ingin saya katakan kamu juga! Hah? Apa? Dia menghela nafas panjang. “Nama belakangku adalah Aoii! Bukan Aoi! saya sudah bilang jangan lupa! Saya ingin mengatakan kepadanya bahwa saya tahu itu, tetapi kemudian saya menyadari bahwa saya telah memperkenalkannya kepada Miiko-san sebagai Aoi Mikoko. Miiko-san adalah tipe orang yang sulit dikoreksi begitu yakin informasi telah memasuki otaknya (terima kasih kepada saya, dia masih percaya Shakespeare adalah citarasa McShake McDonald's), jadi dia mungkin menghabiskan pagi itu memanggilnya Aoi dan lebih. Yah, mungkin tidak berkali-kali. Bagiku itu tidak seperti perbedaan antara Aoi dan Aoii adalah masalah besar, tapi aku memutuskan itu mungkin adil kasar. Orang Jepang bangga dengan nama belakang mereka seperti orang Italia. Baik. Saya tidak akan lupa lagi. Saya berjanji. ” Baiklah kalau

begitu. Juga. Dia berbalik setengah jalan. SAYA tidak punya pacar, ”katanya lirih, lalu dengan cepat membuatnya menuruni tangga seolah mencoba melarikan diri. Hah? Aku mungkin terlihat agak bingung. Er. Tentang apa itu? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 3 Dia mungkin sudah mendengar itu dari Miiko-san juga. aku melakukannya sepertinya ingat pernah berbicara seperti itu dengannya. Sesuatu tentang Mikoko-chan tidak bisa tinggal di rumahku kamar karena dia punya pacar. Tapi Miiko-san, dia. “Aku tidak berkeliling memuntahkan setiap detail kecil seperti itu. ” Wah Pada titik tertentu dia muncul di hadapanku. Sepertinya kita punya pasangan yang berteriak-teriak dalam hal ini Apartemen. Tidak masalah bahwa setiap orang dapat mendengarkan Anda dari kamar mereka; jika Anda berteriak seperti itu, seluruh gedung akan turun. ” Heh. ” “Sekarang, aku harus pergi bekerja. Mari berharap teman sekelas itu dari Anda belajar untuk mengingat nilai p dan q-nya, ”katanya, dan beringsut dia berjalan menyusuri lorong. Ada sesuatu yang menakutkan tentang fakta bahwa Rage ditulis di belakangnya yang biru jinbei. Mungkin dia dan Mikoko-chan tidak rukun yah. Nama-nama mereka agak mirip dan semuanya. Tetapi dalam hal itu, nama namanya agak meragukan. “Mungkin dia benar-benar terjaga tadi malam. ” Tidur sambil berdiri adalah satu hal, tetapi berjalan sekitar saat tidur tidak semudah itu. Kekuatan ras manusia didorong ke batas absolutnya bukanlah sesuatu yang Anda lihat setiap hari. Mungkin Mikoko-chan benar-benar sudah bangun, betapa jernihnya dia pada saat itu atau tidak. Mungkin itu sebabnya dia tahu aku telah salah mengiranya nama dan berkata dia punya pacar. Dia mungkin tidak mau repot-repot membuat perjalanan pulang. Tapi kemudian dia bisa saja mengatakannya tanpa berpura-pura dia tertidur. Beberapa orang tentu melakukan hal-hal aneh, saya pikir ketika aku kembali ke dalam. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 4 Nah sekarang. Justru malam itu ketika cerita mulai bertambah sama sekali melelahkan. Ketika saya sendirian di kamar saya membaca buku gemuk yang saya miliki keluar dari perpustakaan sekolah, sebuah ketukan liar datang pintu saya. Sekarang, itu wajar untuk jengkel ketika seseorang menyela waktu tenang Anda yang berharga seperti ini, tetapi telah menjadi agak terbiasa dengan hal semacam ini sekarang, saya tidak terlalu marah. Ingin tahu apakah itu yang lima belas tahun terkutuk saudara datang untuk meminta uang lagi, saya membuka pintu. Oh. ” Itu adalah pria yang lebih tua

dan seorang gadis yang belum pernah saya lihat sebelumnya. Ada sesuatu yang sangat aneh pada pria itu. Dia mungkin berusia pertengahan hingga akhir tiga puluhan, dan tidak begitu banyak setinggi berkaki panjang. Apalagi rambutnya disisir ke belakang. Lebih aneh lagi, bahkan di panas seperti ini dia mengenakan jas hitam dan ikat. Itu cara yang aneh dan aneh untuk berpakaian. Dia bahkan memakai kacamata hitam. Jika dia orang asing, saya pasti sudah takut itu MIB di sini untuk menghapus ingatanku. Wanita itu, di sisi lain, berpakaian sedikit lebih banyak jas normal dan rok ketat. Dia memiliki rambut hitam lurus, dan relatif cantik. Tapi sorot matanya tidak biasa. Tanpa sedikit pun reservasi yang biasanya diharapkan saat bertemu seseorang untuk pertama kalinya, matanya bertemu dengan mataku dengan tatapan menembus, mencungkil. Dia maju selangkah. Coba lihat, katanya, berkedip saya lencana polisi. Aku Sasa Sasaki dari Polisi Kyoto Pertama Divisi Investigasi. Itu adalah jenis nama yang mengancam-ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 5 untuk membuat Anda menggigit lidah Anda sendiri. Orang tuanya harus telah sangat aneh. Oh. Hai ” Saya memberikan bob kepala kecil untuk saat ini. Wanita- Sasaki-san — sepertinya sedikit terkejut dengan reaksiku. Mungkin saya Seharusnya menunjukkan lebih banyak kejutan sendiri, tetapi tidak butuh lebih Dari pandangan sekilas untuk mengatakan bahwa keduanya jelas adalah petugas polisi. Pikiran tentang dua individu berwajah batu ini apa pun selain petugas polisi, bagi saya, tidak terbayangkan. Petugas laki-laki tertawa kecil pada dirinya sendiri dan menunjukkan miliknya lencana sendiri, “Ikaruga Kazuhito dari divisi yang sama. Keberatan jika kita masuk sebentar? Itu pada dasarnya adalah paksaan dalam bentuk pertanyaan. Sebagai seorang anak, saya secara alami merasakan keinginan untuk menentang paksaan ini, tapi sepertinya Kazuhito-san tidak seperti ini biarkan itu terbang. Oh, uh, well, tentu. Ini kecil. ” Saya mengundang mereka ke kamar. Mereka tampak terkejut menemukan bahwa bagian dalam ruangan itu sekecil yang saya katakan, tetapi mereka lulus dengan kesejukan yang mengesankan. Jika saya bos mereka, saya akan memberi mereka kenaikan gaji. Tentu saja tidak sebagai bos mereka, saya tidak memberi mereka jongkok. Silakan duduk di sana, kataku. Saya menuangkan air ke dalamnya dua cangkir dan menempatkannya di depan pasangan itu. Sama seperti Mikokochan punya hari sebelumnya, mereka mengabaikan ini sepenuhnya.

Biarkan aku jujur, kata Sasaki-san, menatapku dengan tegas. “Emoto Tomo-san sudah mati. ” Oh. “Saya menyiapkan segelas air dan duduk di seberang mereka. Apakah itu benar? 'Apakah itu benar?' Hanya itu yang harus kau katakan? ”Sasaki bangkrut Wajah pokernya untuk pertama kalinya. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 6 “Oh, well, aku tidak banyak mengekspresikan emosi. Saya benar-benar kaget di dalam, jadi jangan pikirkan itu. ” Itu dan, pada titik ini, saya menjadi agak terbiasa hal semacam ini. Tetapi saya benar-benar terkejut. Ini setengah karena Tomoechan telah terbunuh, dan setengahnya karena instan yang kulihat kedua di luar pintu saya, saya kira mereka ada di sini bicara tentang Zerozaki. Aku setengah lega, setengah terpana. Itu seperti sebuah kontradiksi emosi berputar-putar di usus saya. Umm, apakah aman untuk menganggap itu karena ada detektif minyak kasus, dia tidak mati dalam keadaan biasa? Tidak untuk menyebutkan bahwa Anda berasal dari Divisi Investigasi Pertama. ” Mempertimbangkan jenis-jenis kasus Divisi Investigasi Pertama biasanya menangani. Itu benar. Sasaki-san mengangguk. Keseriusannya ekspresi itu murni dan murni. Jadi, mungkinkah itu 'si pencuri'? Dia menggelengkan kepalanya atas pertanyaan saya. Tidak. ” Oh benarkah. ” Itu seperti sesuatu yang kempes. Sebagian diriku lega. Mau tak mau aku bertanya-tanya kenapa, tapi aku cepat-cepat mengganti kereta pemikiran. Lalu, apa yang terjadi? Tubuhnya ditemukan pagi ini. Dia dicekik sampai mati. ” Dicekik? Pencekikan. Emoto Tomoe. Dibunuh. ? Saya merasa hati saya menjadi dingin. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 7 Berapa banyak orang yang saya lihat meninggal? Sudah berapa lama sudah sejak saya berhenti menghitung teman yang sudah mati? Pertemuan pertama saya dengan kematian bahkan sebelum aku bisa mengingatnya. “Sudah sekitar satu bulan sejak yang terakhir, ya? Itu benar menjadi rekor baru. ” Sasaki-san menatapku dengan pandangan menyamping. Sama sekali berbeda dari jenis samping terlihat Mikoko-chan memberiku, a pose intelektual murni sepenuhnya tanpa menggemaskan pesona Kemudian lagi, sepanjang hidup saya, saya belum pernah melihat pose baik intelektual maupun mempesona, entah itu berasal dari laki-laki atau perempuan. Apakah kamu mengatakan sesuatu? “Tidak, hanya berbicara pada diriku sendiri. Saya sering melakukan itu. Mereka bilang aku adil soliloquy berusia sembilan belas tahun yang bisa berpakaian sendiri dan berjalan

sekitar. ” Meskipun Sasaki-san terlihat puas dengan jawaban ini, dia tidak menyeringai. Tiba-tiba aku menyadari bahwa Kazuhito-san sangat dekat memonitor ekspresiku. Saya diam saja. Menarik. Itu menjelaskan perlunya kacamata hitam. Sasaki-san ada di bertugas melakukan pembicaraan. Kazuhito-san adalah pengamat. Saya t adalah omong kosong yang luar biasa. Sebuah mahakarya sejati. Sepertinya saya adalah tersangka utama. Saya rasa itu masuk akal. Aku bersamanya sepanjang malam. ” Apakah kamu mengatakan sesuatu? “Tidak, hanya omong kosongmu yang biasa, sehari-hari. “Saya duduk sendiri lurus. Bukannya aku gugup, tapi mungkin sudah waktunya untuk mulai menjadi sedikit lebih serius. “Jadi kalau dia terbunuh, siapa membunuhnya? tanyaku. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 8 “Itu saat ini sedang diselidiki. Sejujurnya, itulah alasan kami datang ke sini hari ini, ”kata Sasaki-san. Kalau begitu katakan padaku, aku ingin mengatakan, tetapi aku menahan diri untuk tidak memprovokasi dia. “Kamu berada di apartemen Emoto-san dari sekitar jam enam di sore hingga tengah malam. Apakah itu benar? Iya nih. ” Hanya untuk memeriksa, maukah Anda memberi tahu kami nama-nama yang lain orang-orang hadir selama periode waktu itu? Umm. Semoga beruntung, ingatan. “Emoto Tomoe-san, Atemiya Muimi-san, Aoi. tidak, Aoii Mikoko-san, dan Usami Akiharukun. Dan kemudian aku. ” Apakah kamu yakin? Iya nih. ” “Kamu datang dengan Aoii-san. Apakah itu benar? Iya nih. Aoii-san pertama kali datang ke tempatku — ini, maksudku— lalu kami pergi ke tempat Emoto-san bersama. Itu ada di sekitar enam hal. m. ” Lebih spesifik? Apakah sebelum jam enam atau sesudahnya? ” Sebelum. ” Dia membentak saya dengan pertanyaan. Keterbatasan kecepatan pemrosesan pikiranku telah melampaui jauh sebelumnya, dan kepalaku berputar. “Jadi semua tamu ada di sana pada waktu itu. Tunggu sebentar, aku memotong. “Aku tidak bisa tenang dan fokus jika Anda terus melemparkan pertanyaan satu demi satu seperti itu. Saya pikir saya sebutkan itu, tetapi ini semua memiliki saya sedikit campur aduk. ” Oh, maaf soal itu, kata Sasaki-san. Itu yang paling permintaan maaf tidak menyesal sepanjang masa. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 9 9 Saya menghabiskan satu jam berikutnya menanggapi serangannya pertanyaan, membocorkan setiap detail terakhir dari malam sebelumnya acara Hal-hal yang kami bicarakan selama pesta. Itu suasana pesta. Saya pergi ke toko serba ada dengan Muimi-chan. Kembali. Akiharu-kun dan Muimi-

chan berangkat sekitar jam sebelas. Akiharu-kun memberi Tomochan hadiah sebelum itu. Tali leher itu. Pembicaraan saya dengan Tomo-chan setelah itu. Meninggalkan apartemen bersama Mikokochan di belakangnya. Panggilan telepon dari Tomo-chan sekitar waktu kami mencapai Nishiôji Nakadachiuri. Meninggalkan Mikoko-chan dengan Miiko-san karena dia kelihatannya sedang tidur (entah itu apakah itu benar atau tidak, saya tidak tahu). Dan kemudian, tidur. Kunjungan singkat Mikoko-chan di pagi hari. Sisa hari itu, yang saya habiskan membaca. Saya tidak repot-repot menyebutkan tekanan kuat untuk memiliki Kazuhito-san mengintip dari balik bahu Sasaki-san secara keseluruhan saat dia sudah banyak menakutkan sendiri. Kami pernah hanya duduk dan berbicara, tetapi saya merasa telah membuang banyak hal energi. Dan kemudian ada baris terakhir Sasaki-san yang brilian. “Oke, sejauh ini ini sangat cocok dengan yang sudah kita miliki dengar. ” Wah, dia super. Rangkaian pertanyaan tampaknya telah berakhir saat ini. Hmm, kata Sasaki-san dengan tatapan bingung. Tetapi sesuatu tentang itu tampak seperti suatu tindakan. Jika Mikoko-chan bisa disebut orang tanpa fasad, wanita ini, di sisi lain, adalah orang yang tidak lain adalah fasad, to the point bahwa mereka tampaknya adalah kepribadiannya yang sebenarnya. Dia tentu saja tidak akan menjadi orang termudah di dunia untuk berurusan dengan. Jadi, bagaimana dengan panggilan telepon itu? Katanya dengan jari pelipisnya. “Dia benar-benar tidak mengatakan apa-apa? Menurut ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 0 0 Aoii-san, Emoto-san secara khusus memintanya untuk menyerahkanmu telepon, dari mana seseorang dapat menyimpulkan bahwa dia memiliki sesuatu untuk mengatakan kepada Anda. ” “Dia mulai mengatakan sesuatu, tetapi dia tidak mengatakannya. Dia baru saja berkata Sudahlah, dan menutup telepon. ” Anda yakin? Iya nih. ” Dan itu pasti Emoto-san di telepon? Iya nih. Saya tidak pernah salah mengira suara orang yang saya kenal. ” Dia bertukar pandang dengan Kazuhito-san di belakangnya. Saya t Sepertinya mereka sudah selesai bertanya dan akan segera berangkat cara mereka, tapi aku tidak bisa hanya duduk diam dalam keheningan. Umm, Sasaki-san, boleh aku bertanya? Hah? Wajah pokernya hancur sekali lagi, secara alami. Memiliki punya anak yang lebih muda tiba-tiba memanggilnya dengan nama depannya, itu akan lebih aneh jika dia tidak terkejut. “Ada yang mengganggguku. ” Uh huh. Dia bertukar pandangan lagi

dengan Kazuhito-san. Dia menjawab dengan tidak lebih dari yang ringan setetes rahangnya. Rupanya tanda persetujuan; Sasaki-san berbalik ke arahku. Baik. ” Persetujuan ini kemungkinan besar tidak didorong oleh simpati untuk a bocah yang teman sekelasnya baru saja dibunuh, tetapi oleh Gagasan kejam bahwa mereka bisa menggunakan pertanyaan saya untuk melihat ke saya. Bukannya aku peduli. Um. kebetulan, adalah Aoii-san yang menemukannya tubuh? Itu benar, jawabnya dengan dingin, tidak memberikan lebih lanjut penjelasan. Sepertinya mereka tidak berniat memberitahuku ada yang lebih dari yang diperlukan untuk menjawab pertanyaan saya. Dari ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 0 1 tentu saja, mereka mungkin tidak akan menjawab semua pertanyaan saya antara. Jadi saya benar, setelah semua. Dia pergi untuk mengantarkan Tomochan's hadiah ulang tahun, tetapi tidak ada jawaban. Dia mencoba menelepon, tetapi tidak ada yang mengangkat. Pintu ke gedung memiliki kunci otomatis, tapi tentu saja itu cukup mudah untuk didapatkan sekitar. Yang harus dia lakukan adalah mengikuti salah satu penghuni dalam. Dalam hal itu, bahkan nyaris tidak dilewati sebagai kunci. Hmm. Mikoko-chan. Bagaimana perasaannya saat itu? Dia selalu begitu penuh emosi. Apa yang mungkin dia rasakan pada suatu waktu seperti itu? Mungkin aku seharusnya pergi bersamanya. ” Tetapi sekali lagi, bagaimana saya bisa tahu? Lagi pula, saya tidak yakin saya akan sangat membantu bahkan jika saya telah pergi bersama. saya tidak begitu berharga. Saya mungkin akhirnya hanya membuat dia marah. Apakah itu satu-satunya pertanyaanmu? “Tidak, aku punya beberapa lagi. Apa waktu kematiannya? “Kami telah menentukan bahwa itu antara jam sebelas hal. m. pada tanggal empat belas dan tiga a. m. pada tanggal lima belas. ” Dalam hal itu. Mikoko-chan dan aku telah meninggalkan apartemennya pada tengah malam, yang berarti bahwa kejahatan harus terjadi terjadi antara tengah malam dan tiga a. m. Er, dan katamu dia dicekik, benar? Tidak ada pisau yang terlibat atau apa pun? Itu yang aku katakan. Dia menyipitkan matanya saat aku menyebut-nyebut dari kata pisau. Tentu saja aku tidak memberitahunya, bahkan tidak dengan mata saya, bahwa saya tahu seorang pembunuh yang menggunakan pisau. Apakah itu tali? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 0 2 Itu adalah sepotong kain tipis. Dia kemungkinan besar meninggal seketika dari kompresi vaskular. Saya ragu dia sangat menderita. ” Ini adalah hal yang paling

manusiawi yang dikatakan Sasaki-san sejauh ini. Tapi bagiku, apakah Tomo-chan menderita atau tidak relatif sepele. Bagaimanapun, dia sudah mati. Saya tahu apa artinya mati. Bukan kematian yang ditakuti orang: Bukan apa-apa. Nyeri tidak lebih dari addon periferal, keputusasaan tidak lebih dari dekorasi. Um, apakah kamu sudah pergi untuk melihat orang lain? Semuanya, eke? Jawab Sasaki-san, meskipun dia tahu betul apa yang saya maksud. “Semua orang yang berkumpul di tempat Emoto-san terakhir malam. Usami-kun, Atemiya-san, dan Aoii-san. ” Saya menanyakan ini tanpa harapan khusus. Saya pikir dia mungkin bahkan tidak akan menjawab. Tapi yang mengejutkan saya, dia dijawab segera. Ya, sudah, katanya. “Kami sudah selesai mempertanyakan semuanya mereka. Alamat Anda agak sulit ditemukan, jadi kami akhirnya datang ke sini terakhir. ” “Apa yang dilakukan semua orang selama waktu itu kapan Emoto-san terbunuh? Satu langkah lagi. Dengan hati-hati aku mengambil langkah maju. Bibir Sasaki-san meringkuk menjadi seringai samar. Usami-san dan Atemiya-san mengatakan mereka menghabiskan malam dengan bernyanyi karaoke Shijôkawara-machi. Adapun Aoii-san, yah, itu mungkin berjalan tanpa mengatakan. ” Itu benar. Mikoko-chan tinggal dengan Miiko-san di. kamar sebelah. Saya merasa sedikit lega. Jika Anda bisa percaya Klaim Sasaki-san, itu berarti bahwa tiga tersangka atas semua punya alibi. Akiharu-kun dan Muimi-chan hanya bisa menjelaskan ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 0 3 untuk satu sama lain, jadi alibi mereka tidak benar-benar kedap air, tapi itu sudah cukup untuk melonggarkan kecurigaan terhadap mereka. Aku merasakan tekanan tatapan Kazuhito-san semakin merata lebih kuat. Cih. ” Bagaimana tidak pantas. Sangat terlambat, saya memutuskan kontak mata dengan mereka berdua. Sialan. Mereka membuat saya merasa nyaman. Mereka punya membuatku lengah. Saya ceroboh. Ini selain dua detektif, Anda tidak seharusnya membiarkan berjaga di sekitar petugas polisi. Sial. apa yang mereka lihat? Apakah hanya itu, kalau begitu? Sasaki-san bertanya tanpa sedikit pun berubah nadanya. Oh tidak. Satu lagi. ” Jika saya pernah tahu kegagalan, pasti ini saatnya. Tatapan tajam Kazuhito-san sedikit lebih halus dibandingkan untuk apa yang akan saya hadapi. Tapi itu adalah kehalusan yang membuatku cukup bingung untuk bertanya pertanyaan yang bahkan tidak perlu saya tanyakan, pertanyaan yang seharusnya tidak saya tanyakan sudah bertanya. Menurutmu

siapa yang melakukannya? Itu adalah pertanyaan yang sudah dijawab. Dan saya telah pergi dan mengulanginya. Itu sedang diselidiki, jawab Sasaki-san dengan tatapan penuh makna — dan senyum seorang pemangsa yang memilikinya baru saja mengantongi mangsanya. Dia bangkit. Maafkan kami karena mengganggu untuk waktu yang lama. Saya pikir kami akan kembali lagi nanti untuk berbicara lebih, ”katanya, meletakkan kartu panggilnya di lantai. Jika kamu ingat hal lain, tolong hubungi kami. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 0 4 Saya mengambil kartu itu di tangan saya. Itu memberi nomor untuk prefektur Polisi serta nomor ponselnya sendiri. Yah, hati-hati, Tuan. Murid, ”kata Kazuhito-san dengan menyeringai, dan mulai berjalan keluar dari kamarku. Menarik. jadi dia adalah penipu sejati. Saya sudah berkomitmen salah langkah yang fatal sehingga saya bahkan tidak pantas menyebut diri saya seorang pengamat pasif lagi. Saya telah benar-benar mencampurnya peran dua detektif. Dengan kata lain, itu adalah Kazuhito-san yang menyerbuku sepanjang sementara Sasaki-san telah menyerap semua yang aku katakan. Dan terlebih lagi, Sasaki-san sengaja mengecewakannya menjaga dan mengundang saya untuk menyerang. Empedu. Keberanian mengucapkan. Oh, omong-omong, kata Sasaki-san seolah hanya mengingat sesuatu. Tentang alibormu. Untuk saat ini, sudah dikonfirmasi oleh tetanggamu, Asano-san. Dia bilang kamu bisa mendengar orang-orang berjalan menyusuri lorong dari dalam kamar. ” Dia memberi saya senyum halus. Ini pada dasarnya adalah a skakmat Tidak, ini bahkan tidak cocok. Dia bahkan punya keberanian untuk membuang memo kecil ini kasih sayang di ujung sana. Yah,. Saya tidak tahu apakah itu karena saya belum berurusan dengan mereka Sudah lama, tapi aku benar-benar meremehkan orang Jepang polisi. Apakah kesombongan saya tidak mengenal batas? Siapa sih Apakah saya pikir saya? Itu adalah pertama kalinya saya merasakan kekalahan semenjak pertemuan saya dengan kontraktor swasta berambut merah itu. Aku menggigit bibir bawahku. Kazuhito-san, kataku padanya pergi. Hm? Dia melihat ke belakang. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 0 5 Jika kamu terlihat lebih tampan, kamu akan menjadi pengecut Matsuda Yûsaku. ” Tebak itu berarti aku bukan orang mati bagi Matsuda Yakuaku. ” Itu jawaban banteng. Tusukan putus asa terakhir saya padanya menjadi bau besar, dan dengan itu, kedua detektif itu aktif cara mereka. Saya membersihkan cangkir dan

menjatuhkan diri lantai. Itu merupakan kekalahan yang menentukan. Aku belum merasakan sensasi ini sebulan, dan aku tidak merasakannya dengan kuat selama setahun penuh. Tapi dalam hal ini saya hanya bisa meninggalkan emosi. Kapan kamu memikirkan fakta bahwa seseorang baru saja meninggal, itu saja terlalu sepele. “Tomo-chan. ” Saya mencoba membisikkan nama itu dengan keras. Hal pertama yang akan datang yang perlu diingat adalah percakapan kami dari malam sebelumnya. “Pernahkah Anda merasa, sebagai manusia, Anda rusak barang? Sekarang, sekarang, Tomo-chan, itu bukan hal yang orang akui dengan lantang, bukan? Lebih baik tidak tahu banyak hal; itu membantu kita terus hidup. Sebagai selama kita tidak terlalu sadar akan diri kita sendiri, kita bisa hidup dalam kebahagiaan. Anda dapat membandingkan kami dengan pesawat terbang yang hilang mesin dan sayap. Kita tidak lain adalah bukan siapa-siapa yang hanya bisa terbang seperti burung gagak yang tidak bisa berseru. Sekali kamu mulai mempertanyakan berbagai hal, semuanya sudah berakhir. Ini bukan tentang penolakan. Ini tentang ketidaktahuan. Kamu bisa terbunuh menanyakan pertanyaan seperti itu. “Sebagai seseorang dengan pengalaman, itu bukan tugas saya untuk hanya mengeluarkan makanan kosong kata-kata belasungkawa. Jika kamu menaruh pikiran untuk itu, itu hanya ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 106 alam. apakah Anda orang seperti kami atau tidak. Atau sebaiknya, jika Anda tidak memikirkan apa pun, itu saja. ” Setelah menyadari hal-hal ini sendiri sejak lama, saya sekarang a orang yang hidup tanpa tujuan, sama seperti Tomo-chan menjalani hidup tanpa makna. Saya menutup mata. Dan saya membukanya. Yah, sangat memikirkan masalah. ” Aku dengan cepat bangkit. Nah sekarang. Apa yang harus dilakukan sekarang? Tidak ada yang seharusnya saya lakukan, tetapi banyak hal yang saya inginkan. Bagi saya, ini cukup langka kondisi. Pertama, saya mengeluarkan ponsel saya. Saya memeriksa riwayat panggilan, kemudian mulai memanggil nomor Mikoko-chan. Tapi setengah jalan Lewat, saya berhenti sendiri. Serius, aku pikir siapa aku ini? Ini benar-benar omong kosong. Jika saya memang memanggil Mikokochan, apa yang harus kukatakan padanya? Jadi saya menunda memanggilnya. Pada saat itu, saya tidak punya kata-kata yang tepat untuk diucapkan padanya. Dalam hal itu. ” Hal pertama yang pertama. Saya membersihkan ponsel saya dan mulai masuk kembali nomor telepon. Itu satu-satunya nomor telepon yang saya

tahu dengan hati. Dengan telepon di telingaku, aku mencoba mengingat caranya Sudah lama sejak kami berbicara. Dia segera mengangkatnya. Ohhh! Ii-chan! Memang lama sekali, teman lama! Apakah kamu masih mencintaiku? ” Kelebihannya mengerdilkan Mikoko-chan dengan faktor sekitar duabelas; tidak seperti Mikoko-chan, begitu Anda melepas sumbatnya, ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 0 7 memancar tidak akan pernah berakhir. Jika Anda membiarkannya sendirian, dia akan melakukannya tembak sampai Surga seperti Menara Babel. “Apa oh apa oh apa oh apa yang salah? Kamu tidak pernah menelepon saya! Momen ini monumental! Itu adalah Istana Himeji! Saya t pasti taktik pengalihan! Hyaooo! Saya ingin mengambil foto untuk merekamnya, tetapi foto tidak dapat menangkap suara demikian tidak akan ada gunanya! Karena itu, mulailah merekam audio! “Anda tidak perlu repot dengan rekaman audio. ” Saya berusaha untuk tetap tenang. Muimi-chan bertanya padaku apakah itu sulit untuk dilakukan Kemarahan Mikoko-chan, tapi seperti yang kukatakan sebelumnya, membandingkan dengan Kunagisa, Mikoko-chan cukup mudah. Jika Mikoko-chan senang-pergi-beruntung, maka Kunagisa Tomo sangat senang-gila. Tomo, apakah kamu bebas banyak hari ini? Nggak! Lebih banyak di sisi sibuk. Sangat sibuk. Saya kekuatan pemrosesan menghadapi kehancuran yang segera terjadi! Keadaan darurat ekspansi memori! Defrag imperatif! Aku akan membeku! Ya Dewa, itu terjadi! Sedang terjadi! Hadir progresif bentuk! Silakan reboot! Apakah ini kasus pembunuhan berantai pembunuh Kyoto? Bingo! Wowww! Kamu seperti Maki-chan! Atau kontraktor merah! Kyahahahahaha! Kembalinya ESP! Dan selamanya! Manusia terkuat! Inilah akhirnya! Maaf, Tomo, bisakah kau memanggilnya dengan setingkat? Hah? Apa yang salah? Yah, terserahlah. Ya, itu adalah Kyoto mencari-cari kasus pembunuh berantai! Tapi tahukah Anda? Itu tidak akan terjadi seperti yang saya harapkan! Kasing ini! Lari gawang! Rintangan serius! Tentunya si pembunuh adalah reinkarnasi dari Dread Jones! Wahaha! ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 108 Ayo buat kesepakatan, Kunagisa Tomo, kataku. Saya akan memberimu beberapa informasi tentang kasus pencuri Kyoto ini. Anda akan memberi saya informasi tentang pembunuhan tertentu yang muncul. ” Hah? Dia berpikir sejenak. Saya tahu dia tidak akan bertanya kepada saya mengapa saya memiliki informasi tentang kasus pencuri atau mengapa ada kasus pembunuhan saya tertarik.

Saya percaya padanya, dan dia percaya padaku. Penjelasan yang tidak perlu. Kelebihan klarifikasi. Kata-kata yang terbuang. Pertanyaan gila. Obrolan yang mengganggu. Hal terbaik tentang Kunagisa adalah dia tidak punya gunakan untuk hal-hal ini. “Ehh, aku tidak suka kata kesepakatan ini, Ii-chan. ” Bagaimana tawar-menawar? Mengerikan. ” Pakta? Hampir sampai. ” Konspirasi? “Secara teknis tidak salah, tapi ada yang salah. ” Nah, lalu bagaimana dengan saling melengkapi masing-masing atribut orang lain? Ya, itu akan terjadi, katanya bahagia. Berikan atau ambil. Pada titik ini, saya masih belum memutuskan yang mana. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 109 Setelah menyelesaikan panggilan saya dengan Kunagisa, saya pergi mengunjungi Miikosan pintu selanjutnya. Saya mengetuk pintunya. Yo, jawabnya. Beberapa detik kemudian, pintu dibuka. Seperti biasa, dia mengenakan jinbei. Bagiku itu terasa bahwa jika dia akan tertarik pada bahasa Jepang pakaian, dia harus mendapatkan kimono yang bagus dan cantik. Itu pasti akan terlihat baik padanya. Dapatkah saya membantu Anda? “Oh, aku hanya ingin mengucapkan terima kasih. Mereka bilang kamu dijamin untuk alibi saya. ” “Saya tidak melakukan sesuatu yang luar biasa. Saya hanya mengatakan yang sebenarnya. ” “Ya, tapi aku menciptakan beban yang tidak perlu untukmu. ” “Aku tidak peduli. Terjadi sepanjang waktu. tapi kamu sudah pasti berurusan dengan gangguan Anda sendiri, bukan? Dia terdengar lebih kagum daripada khawatir. Kamu seperti pria itu dari seribu bencana. Jadi bagaimana dengan gadis itu? Berdasarkan apa yang dikatakan pihak berwenang, sepertinya dia terlibat demikian juga. ” Yah, dengan cara berbicara. ” Gotcha, dia mengangguk. “Baiklah, kalau begitu, bagaimana niatmu berterima kasih padaku? “Aku akan mentraktirmu minum teh. ” Ini benar-benar undangan untuk pergi minum teh asli di kedai teh, bukan hanya warung kopi biasa. Itu semacam Kyoto hal, atau mungkin hanya hal Miiko-san. Apakah itu datang dengan dango? Dango — nasi yang enak itu kue tepung — cocok sekali dengan teh hijau. “Itu bahkan datang dengan hiyashi shiruko. Ya, dan merah manis sup kacang juga! ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 1 0 Dimana? “Oharame-ya di Gion. ” Mata Miiko-san langsung menyala. Tunggu sebentar, aku akan mengerti siap ” Dia menutup pintu. Untuk apa nilainya, dia penuh perhatian cukup untuk berganti pakaian normal jika dia pergi dengan orang lain. Tingkat perhatian yang dibuat dia

spesimen yang cukup langka di lingkaran kenalan saya. Dan aku kembali. Semenit kemudian dia siap pergi. Dia memberi saya kunci mobil. Aku membaliknya sekali di telapak tanganku tangan sebelum memegangnya erat-erat. Maka jam delapan malam berguling-guling. Teh dengan Miiko-san telah berakhir dan aku mendapati diriku berjalan di antara Shijô dan Oike di Jalan Kawara-machi. Miiko-san sudah melakukannya mendorongnya Fiat kembali ke apartemennya. “Jangan gunakan aku hanya untuk menghabiskan waktu dan menghemat kulit sepatu. ” Itulah kata-kata yang ditinggalkannya untukku. Dia bisa melihat menembus diriku, oke. Miiko-san dulu tajam, oke. Tapi Anda harus menyerahkannya padanya untuk menerima saya tetap undangan. Dia gadis yang baik. Atau mungkin dia baru saja melakukannya sebuah gigi manis. Saya berhenti dan memasuki tempat karaoke terdekat. Selamat datang, kata pria di belakang meja. Pesta satu? “Umm, aku punya teman yang seharusnya sudah ada di sini. ” Boleh aku minta nama temanmu? “Zerozaki Hitoshiki. ” Ah, Zerozaki-sama? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 111 Dia memasukkan sesuatu ke komputernya sebentar. Baik, itu akan menjadi kamar dua puluh empat, katanya, mem-flash saya senyum customer-servicey. Saya mengucapkan terima kasih dan membuat jalan ke lift. Kamar dua puluh empat ada di lantai dua. saya turun di sana dan berjalan menyusuri lorong, memeriksa nomornya dari setiap kamar. “Dadadadadada dadadadadadadada! Dadadada! Dadadadadadadadadadadadadadadada! Ah! Aaaahhhh! ” Just as I was wondering who was the bozo with the rusty pipes, I realized it was coming from room twenty-four.I gave a little shrug and opened the door without even knocking. “Wha?” Zerozaki stopped his belting once he noticed me. “Yo, Damaged Goods,” he said, waving a finger at me.I entered the room without reacting and took a seat on the sofa. “Hey, Human Failure,” I said. He placed down the microphone and used the remote control to end the song. “You can keep singing if you want.You're paying for this, right?” “Nah, it's okay.I'm not really all that into singing, to be jujur.And I sure as hell don't like imitating other singers. saya just do it to kill time. ” He sat down so that he was facing me and sighed deeply. “Haven't seen ya for a day.But, like, it don't really feel that way. ” “Eh, I guess not.” I nodded. To be honest, I was surprised.Until a moment ago, I didn't even think Zerozaki would be here.Sure, after our conversation the day before yesterday—I mean, yesterday

morning— we'd arranged to meet again.“I'll be at the karaoke joint, so ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 112 let's meet up there,” he had said.But I didn't think he would actually show up.I guess he probably thought the same thing. And that was no doubt the reason that I had come and the reason he was here waiting. The meaning of the phrase used to waiting: Here too lay a justified contradiction. From there, we began talking about a variety of things, none of which mattered in the least.It was just like the night we had first crossed paths.Ridiculous philosophy, boring facts of enlightenment, irrelevant views on life.At times we veered off-track a bit and got into discussions on music (“Guess the one-hit wonder”) or literature (“What's the trick to truly moving your reader?”).None of it had any real point.It was as if we were both just trying to check something. “Say, Zerozaki,” I said somewhere around the four-hour mark.“What's it feel like to kill someone?” “Huh?” he said, tilting his head at me.His face looked blank, as if he hadn't been thinking of anything in particular. “It's not really the kind of thing that makes you feel this way or that.I don't really feel much of anything. ” “You don't? It doesn't feel good or refreshing or anything like that?” “Listen, dumbass, what do you think I am, some kind of sicko?” he said with a heaping helping of condescension. Committing grisly murders sure seemed like a funny way of not being a sicko, but I decided to hear him out. “ 'Cuz, you see, it's like this.I mean, I am a murderer. Tapi I'm not what you would call a 'lust murderer.' That's a tricky distinction to make.I guess it doesn't do any good for me to make that kind of claim myself anyway.In the end, it's the ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 113 people around you who decide who you are.All I can do is go along with it.I'm not really one for deep thoughts, you know. ” Hah.yeah, I guess not.Okay, then how about I change my question—what is murder to you?” “Nothin'. ” I could find two meanings buried in that word. It was worth nothing. And therefore, it cost nothing. “Now here's a question for you, D.G.What is death to kamu? “When you flat-out ask me like that, I'm at a loss.If I had to answer, I guess I'd say it's kind of like a battery running out of juice. ” “A battery? You mean like with the AA and stuff?” Ya.Well, something like that.I guess you could say battery power is like a life force or something.Which I guess would make you and your body the insulator. ” “I've been called worse,” he said with a little laugh. Dia seemed to be truly enjoying himself.I

wondered if I sounded like him when I laughed. “I guess my question was ambiguous,” I said.“How about this, then? Do you understand why other people commit murder?” Hah? That's a bizarre one.But very you somehow. Ayo Lihat.nope. ” “You don't?” I asked. “Well, first of all, I don't understand other people, period. Whether or not they're killers, and regardless of how evil they may or may not be.Second of all, I don't even understand myself.I have no freaking idea what causes all that chaos and ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 1 4 confusion swirling around in my guts.So all I can say is no, I don't understand people who kill others. ” “I see your logic there. ” “I might add that murder was never particularly what I was going for,” he said as if it really was just an afterthought. Apa artinya? “Well, this is going to get awfully conceptual, but in other kata-kata.well, here's an example.” He picked up the receiver for the room phone.“Excuse me, could we get two ramens please?” Not much later, a staff member came in carrying ramen. “Eat up.I'm payin',” he said, and took some noodles with his chopsticks.“Now this is a meal. ” Ya.You didn't even have to tell me. ” “They say food, sleep, and sex are the three basic desires of mankind.But why are we eating this meal right now?” “To ingest vitamins. ” Iya nih.Without vitamins, people die.And thus eating food brings pleasure.Sleeping feels good, too, and sex, well, that's obvious.Anything that you have to do to stay alive always comes with pleasure. ” Yakin.That's easy enough to understand. Begitu? “Don't rush me.'So? Begitu? So?' You sound like Akutagawa Ryu-freaking-nosuke. ” Hah? Wasn't that Dazai's thing?” “It was Akutagawa, dammit.Dazai wrote about it in an anecdote on Akutagawa. ” Whichever literary figure it was, I decided to once again do as told and hear him out.He paused for a moment before speaking, as if to build up the suspense. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 115 “Now let's imagine someone who's obsessed with eating. Di other words, someone who eats not simply to take in vitamins, but because he's mad for the sensation of eating itself; Untuk beauty in the very act.The stimulation of his taste buds. Itu pleasure of feeling the food pass through his mouth.The joy of mastication.The ecstasy of feeling that mushed-up gook flowing down his throat.The feeling of fullness nearly destroying his satiety center altogether.The euphoria taking over his brain.In other words, I'm talking about a fat guy,” he said, laughing.'To a guy like that, vitamins or lack thereof are totally

irrelevant.The means and the end have switched places for him, so that his main goal is something subsidiary. Sekarang there's your problem.Can you still say this guy is eating? No, don't answer.You and I both know the only possible answer is tidak.What this guy is doing isn't eating.He's just eating the concept of eating. ” “And you're just killing the concept of killing? That's a bit of a stretch,” I said with a shrug.“It's pretty perverse to try to equate a natural appetite for food with the urge to kill.Are you sure you don't just have your priorities mixed up? Mungkin you're mistaking killing for something else. ” “Ehh, that's a tough one. Sulit dikatakan.I'll say it again, man—the act of killing itself was never my intention, nor was the stuff that comes afterward.Y'know, the dismemberment. ” Then what the hell is your intention? Man, you're a tough guy to understand. ” “Not as much as you.I mean, I know that I'm hard to understand. I just said that.Anyway, in the beginning, I thought I was in it for the thrill. ” “The thrill,” I said. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 116 Ya.You've heard of 'high risk, high return' before, kanan? In Japanese, I think we say, 'If you don't go into the tiger's den, you don't get no cub.' With murder, the risk is high, but the return is low, right? It hardly seems worth it. Nya stupid.That's why most murders are almost always cases of people 'going too far' or 'using too much force.' They're not trying to kill the person, but before they know it, they've gone and done it. Namun demikian. ” He pulled a rather dangerous-looking blade from his vest pocket.“This here is what they call a dagger.You grip it in your fist like this.So the first person I killed, I stuck this thing in his carotid artery and just tugged it to the side.This was an inexplicable act of murder.I had no particular intention of causing the person suffering or pain.In fact, it was a rather pleasant way to die, if you ask me.Now let me just say right now that by no means was this a boastful act.I'm sure you know this, but acts spurred by one's pride are the most pathetic actions a person can take.People who take pride in causing harm are the lowest of the low.I'm just boasting about my faults here.Seriously, all joking aside, that's the only kind of murder I can perform.Even when I went after you, on the other side of the mirror. ” Hah. Anda tidak mengatakannya. ” “I do say.Like, let's imagine that you and I ended up fighting to the death again.Of course, logically speaking, it's entirely possible that you would kill me.But in the one time that you could kill me, I could kill you nine thousand, nine hundred ninety-nine times.Well, in

reality you and I each only have one life, but this is a metaphor.At any rate, I can only kill for the sake of killing.In other words, I can affirm that the ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 1 7 eight people I've killed up until now were not victims of me 'going too far. '" Eight people.In two days, the body count had risen by two.Well, I guess you could say that Zerozaki had gone about living his life while I had been living mine. “So am I an idiot? Mungkin.After all, it's not like I'm getting anything out of killing these people.Well no, I guess I am getting something.Whatever's in their wallets,” he said. One of the alarming details of the prowler case had been that the victims' money and valuables had been stolen. Ini was a rare thing in cases like this, in which the murders seemed to have been committed for the thrill of it, but the reason was simply that Zerozaki needed the money to support his homeless lifestyle. Even his karaoke money was probably coming out of one of those victims' wallets.If you looked at it that way, even this ramen was tainted with sin, I thought as I slurped my noodles. “But you could get that stuff just by working a normal job, so it's no reason to commit murder.If you think about the effort that goes into killing one person, it makes a lot more sense to just spend the day working somewhere instead. Dan yet I choose murder.And therein lies my whole theory. ” “Ah, I get it.In other words, to Zerozaki Hitoshiki, the risk is the return. ” Ya.The means and the end aren't just swapped, but unified. The act itself is the purpose.The purpose is the act. Itu act is complete when you've carried out that purpose. Ini adalah actually not a bad theory at all. ” “But how is that any different from just losing sight of your purpose? It's like having a guy who loves to read, so he fills his room with books until it's completely buried in them.But he ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 118 still keeps buying new ones.Whether he buys books or not is up to him, but he's got so many books in his room now that even if he spent his whole life reading them, he'd never get through them all.But he just keeps on buying and buying. ” Hmm.Ahhh, ah-ah-ah, I get it I get it.You're talking about processing capacity.Once you've surpassed your processing capacity, means and end become one and the same. It's like Ishikawa Goemon said: 'A splendid view, a splendid view, even a thousand pieces of gold is too little to pay for the beautiful sights of spring.I, Goemon, am worth ten thousand ryô.' Hmm.Yeah, maybe so,” he said with an impressed sigh as he reclined into the sofa.“But you know, my man,

even if that is the case, it doesn't have much to do with me. Kamu know why? Because that theory I've been talking about is so totally wrong to begin with.Risk equals return? Now there's a bullshit equation if I've ever heard one.I'm just having fun with logic here. ” Hah.So what are you getting at?” “Well, this story is a little generic,” he said, leaning forward. “But let's go back to when I was just a little brat. Kamu were a little brat once too, huh? Well so was I. Jenis apa brat was I? Well, I wasn't particularly weird or anything. saya even believed in God.If I got smacked, it hurt.If I saw someone else get smacked, it hurt.I had all your average sensibilities. I wanted to bring happiness to the people near me. saya knew gratitude.I knew unconditional affection for another human being.That's the kind of little brat I was. Tapi sometimes, I would just sit.Not to read a book or watch TV or something.I would just sit.I'd be there resting my chin in my hands, my mind up in la-la land, just sitting there.Sooner or later I realized that during these times, I would always ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 119 naturally start pondering how one kills a human being. Itu first time I realized what I was doing, I was seriously freaked out.I mean, I was pondering, examining how you kill a person as if it was the most normal thing in the world.The idea that this was really me was the scariest thing,” he said. “So it was something you discovered in yourself. Tapi apa part of this story is supposed to be generic? It seems pretty out there to me.You're saying that from birth, you've had an innate proclivity to murder?” “I said don't rush me.I thought that once myself, but that's not the case at all.I thought I was born with a murderous mindset, with the urge to kill.But that's not it.It's that—and this is where it gets generic—I'm attached to a rail. ” “A rail? Apa yang kamu bicarakan? “It's a metaphor.You hear it a lot.People talk about life on a track, right? You go through middle school, you go through high school, you go through college, you enter society, you support yourself with a salary so that you can bag a lover, and then you depart from the world.That's the track of life. Baik, similarly to that, I'm on the murderer's track. ” “Sounds more like you're off the track to me. ” “Like you're one to talk.Anyway, that's not important. The kind of track I'm talking about here isn't necessarily the one set up by society.It might be a track you've set for yourself. Like, imagine there's a kid who becomes obsessed with Ichiro in elementary school and decides he wants to be a baseball player.In that moment,

he makes a track for himself. ” Saya melihat.So that means we're all on a track. kecuali untuk people who 'drop out,' I suppose. ” Except for people who have suffered a fatal blow. Except for people who go off the rails. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 0 Ya.I don't know who laid down this track for me. saya might have done it myself. Orang lain mungkin punya.But one thing I know for sure is that I've taken the track too far. Saya sudah made it too far down without suffering that fatal blow, and now there's no stopping me.I can't even entertain the idea of putting on the brakes. ” Aha.So it just keeps going on and on. ” In other words, right now, he was in motion.And the him in midmotion was entirely different from the him who had first started running along this track. Ya.It's like a curse from the past.And in my case, it's slowly killing me.It may sound boring living life on a track someone else has laid out, but you know, it doesn't make any difference who laid it out if it if you get sick of it midway through.Not that I could just quit at this point.Too many strings attached now. ” “Must be even tougher not having anyone to blame. ” Betul.Especially for an outcast like me. ” “Might as well give it up.You may not break away from the track, but you sure do break away from the rules. ” Oh? Well you're no Mother Teresa yourself, you know. ” “But I am a serious student at a university.I'm not like kamu. ” “Doesn't saying that depress you? It's like looking into the mirror and saying, 'Who the hell are you?' ” “Exactly,” I said nodding. “Anyway, it's for that reason that I don't view myself as a murderer.Because killing isn't my goal.You've heard of people who 'kill like it's as simple as breathing,' right? Well, for me, if I don't kill, it becomes hard to breathe.I'm just paying the train fare for this track I got on long ago.Or it's like I'm ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 1 perpetually repaying a loan.You could say I'm killing the act of killing. ” “This is all becoming a little too idealistic and abstract for saya.Can't you put it more realistically?” Tidak juga.I mean, we're talking about a vague concept disini If you put it in realistic terms, the conversation would be over with 'I killed and dismembered someone times eight. '” Itu benar.” I sighed and looked up at the ceiling. Talking with Zerozaki was interesting enough, and I had even learned a thing or two, I suppose, but it wasn't exactly useful information. Hmm.And here I thought a killer like you would be the one most capable of understanding the heart of a killer. ” Maybe I'd been wrong to assume that.After all, Zerozaki's MO and Tomo-

chan's cause of death were completely berbeda.I didn't believe for a second that Sasaki-san had given me the whole scoop, but she had at least told me that Tomo-chan had been strangled with a thin piece of cloth. Meanwhile, Zerozaki was cutting people up with a knife. Itu similarities began and ended with the fact that both killers had brought death to their victims. Zerozaki killed people at random. Tomo-chan's killer had sought her out.It was most likely the result of a grudge.Something spurred by a sticky, slimy, disgusting personal relationship that had eroded away. Hah? Why do you say that?" he said. "Well, it's just that a classmate from my university was murdered recently. " "Murdered? Your classmate?" ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 2 Itu yang aku katakan.Yeah, at first, I wondered if you had done it, but it doesn't match your style at all.They strangled her with a piece of cloth. " "Ah, yeah, that's not my thing," he said, waving his hands with a grimace. "So I thought.But I just figured one monster would understand another. " "You're mistaken.And it's such a you mistake. Monster don't kill people; people do.And just as people don't understand monsters' feelings, monsters don't understand people's. It's like comparing a platypus to the archaeopteryx. " I didn't know who was supposed to be the platypus and who the archaeopteryx, but he was probably right.Guys like Zerozaki were peculiar and dysfunctional, and that was why they were so rare. "So, what happened, then?" he said, sounding not particularly tertarik.Figuring there was no need to keep it a secret, I proceeded to tell him everything I had heard from Sasakisan. I told him about Mikoko-chan, Tomo-chan, Muimi-chan, and Akiharu-kun and about the birthday party.He occasionally dropped in a brief remark or shook his head as he tried to follow along with the story's twists and turns, and just once, he even flashed a look of concern. "Hmm," he said when I was finished. Saya melihat.I see I see I Lihat.So that's how it went down. Begitu? "What do you mean so?" "So means so." He stared me directly in the eye.I didn't answer him.This silence continued for a whole hour. "Okay, I got it," he eventually said, standing to his feet. Ayo pergi. " Hah? Dimana? ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 3 "To Emoto's place," he said like with all the casualness of a good friend inviting someone over to hang out.With that, he made his exit.This was all going just as I had expected, I berpikir.I rose from the sofa and followed him out, leaving our half-eaten ramen behind. "But about that Aoii chick,"

Zerozaki said apathetically as we walked westward down Shijô Street.“Seems pretty obvious that she's got the hots for you. ” “What?” I couldn't help but be surprised by this sudden leap in our discussion. It was already past midnight, meaning it was now Monday, the sixteenth.Even on Shijô Street, which was a major eastwest road, traffic had grown sparse.Occasionally we passed a group of college students probably coming home after a night of drinking, but the sidewalks were otherwise mostly empty. I realized that the next day I had to go to school.And from first period, no less.What's more, it was my foreign language class, where they always took attendance.And it looked to me like this was going to be another all-nighter. “Eh, what were we talking about again?” “That Aoii chick,” he said irritably, knitting his brow at me. “Hearing what you have to say about her, she's got to have a thing for you. ” Tidak mungkin.What could've possibly given you a dumb idea like that? That doesn't even sound like something you would say.I mean, she's already got a boyfriend anyway. ” “No, she doesn't. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 4 “Oh wait, that's right.” Come to think of it, she may or may not have told me that. Tetapi tetap saja.I don't think that's the case.I mean she does seem to be fond of me, but it's like how people are fond of animals.And even then, she probably sees me as an iguana or something in the reptile family.You know, like 'Aw, that's.kind of cute. '” “An iguana? If you're an iguana, then that makes me a chameleon,” he said, and proceeded to laugh.“For example,” he then said, immediately switching back to his serious tone. “She knew your address, right? That's extremely suspicious right there.Who bothers looking up the address of someone they don't even have a crush on?” “She didn't even have to.It was in the address log from class. ” Aha.You said it yourself, man.You were on vacation when class started and you missed the first week of your. general education, was it? Whatever that class was. Karenanya, there was no way your address could've been recorded in that log. ” Oh. ” Now there was an oversight.I certainly didn't remember telling my address to anyone else, and that meant there was no way the address of my ancient ruin of an apartment building could've been on the sheet.There wasn't a single person at Rokumeikan who should've known where I lived. “But Mikoko-chan claimed she got it off the address list. Was it just a misunderstanding? But misunderstandings like that don't happen, do they? So maybe she

lied to me. ” “Eh, not so much a lie as an excuse.She probably followed you home one day. ” “If she'd been following me, I would've noticed. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 5 Mungkin.At any rate, she probably learned your address through fairly illegitimate means.She couldn't tell you the truth, so she just blurted out that thing about the address log. ” Uh huh. ” “So let's think about this.Have you ever met a girl who would go that far just to learn the address of some random guy? You might not put it past a guy, but we're talking about a girl here.” He flashed an unsavory smile. I let out a sigh of a laugh.“Don't act like you know what's sedang terjadi. ” “What can I say, it's who I am. ” “But I really think you're wrong about this.I can say that for certain. ” “Well, I'll be damned.And what are you basing this certainty on?” “Well, she acts like she hates me. ” “Huh?” Zerozaki's facial expression alone was enough to make it clear that he couldn't believe what he was hearing. “Come on now, at least remember the stuff you said yourself. You just said Aoii was fond of you, didn't you? So what the hell are you squawking about now?” “Hang on, this isn't a contradiction.I have sort of a dualistic or Boolean view of the world.Shall I explain? In other kata-kata.like, take the cars on this road.Let's say there's a car going twenty-five miles per hour. ” Ya.You want me to tell you if that's fast or slow?” Ya.Which do you think?” “It's slow, isn't it? At this time of night they could go faster than that. ” “Okay, then let's imagine the same car going at full speed. saya don't know much about the limitations of automobiles, but ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 6 let's just say it's going one hundred miles per hour at full throttle.Is that fast?” “Fast works for me. ” “Finally, let's imagine the car when it's at rest.How about this time?” He gave a restless shrug.“It's at rest.What the hell do you think?” “Just humor me. ” “Well, slow, I guess.You sure can't call something that's not moving fast. ” Betul.Now let's go back to the initial question—is twenty-five miles per hour slow or fast? I would express it like this: 'It's twenty-five fast and seventy-five slow. '” “Ahh.” He gave a convinced nod.The cheek on the tattooed side of his face curled up into a slight smirk.“So the way you see it, what does Aoii think of you?” “Well, to give an approximation, she likes me seventy and hates me fifty.Approximately. ” “I guess that doesn't add up to her liking you twenty. ” Memang.The logic of arithmetical operations didn't apply when it came to human emotions.Besides, these numbers were

highly prone to fluctuate, making such calculations troublesome. They could only be expressed as averaged values. “Okay, so what about you, now?” he asked. Hah? Kamu.How much do you like and hate Aoii?” “I like her zero and hate her zero. ” “Whoa.” He pulled back a bit in surprise.“My God, man.you're brutal. ” “You should talk. ” “Cram it, Captain Passive. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 7 I liked her zero and hated her zero.You might call it apathy. Sure, my words might have been a little exaggerated and laced with apathy, but that didn't mean I wasn't telling the truth. Because after all, I'm such a cold, dried-out person that I can kill a person just by living.Indeed, I was as brutal as Zerozaki made me out to be.I simply couldn't take any type of assertive action for the sake of a stranger. “This is totally. ” “Totally. ” “A masterpiece,” Zerozaki said, laughing. Omong kosong.” I didn't laugh. “Well, putting all that textbook mumbo-jumbo aside, don't you have the hots for anyone?” Hah. Saya tidak begitu tahu. ” “Even though they're your emotions?” “Because they're my emotions. ” “Ah, I get it.Because you're the passive spectator. Kamu understand other people better than you understand yourself. I guess they say you can't be your own observer. Seperti itu benda.what was it again? The uncertainty principle? Quantum mechanics? Doppelgänger's cat?” “ 'Doppelgänger' can't be right. ” “Ahh, who was it? It's math, so it's gotta be a German guy, tapi. ” After that mildly racist remark, he sat and thought to himself for a minute.But ultimately, he couldn't seem to recall whose cat it was.“Goddammit,” he said, slapping himself in the left cheek.This seemed to relieve him. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 8 “Well then,” he said.“Here's my conclusion: You've got a fucking terrible attitude. ” “That's probably correct. Tapi . ” Tapi What could I possibly have intended to follow that up with? Might I have been considering saying somebody's name? Of course I was.But whose name that could've been, I don't tahu “It's all just nonsense in the end. ” “Um, is that supposed to be, like, your escape line?” He slumped his entire upper body dramatically as if my incredibly delayed response had completely knocked the wind out of dia.Though not to the same extent as Mikoko-chan, it seemed Zerozaki was also one for big reactions. “Eh, then again, I guess I'm kind of like that too.Or rather, I am like that,” he said. We arrived at the Nishiôji-Shijô intersection.The Hankyû Saiin Station was visible to the south.Of

course, the final train had long since made its stops, and the area surrounding the station was desolate.We turned north.If we continued up as far as Maruta-machi, we'd arrive at Tomo-chan's apartment. “Maybe we should've hailed a cab after all.We're still only halfway there. ” “It's a waste of money.That is to say, I don't have any money.Or were you going to pay?” Tidak.There isn't a single student in Kyoto who rides in cabs. ” Hah.I'm not a student, so I wouldn't know. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 2 9 Suddenly a doubt rose in my mind.I thought of Sasakisan's stern gaze for some reason as I asked Zerozaki my question. “Are you on a most-wanted list or anything?” Kurasa tidak.Nobody's ever tried to talk to me, and nobody's ever followed me.I've done my share of following other people, though,” he boasted.It amazed me that someone who stood out this much—I mean, he had a tattoo running down half his face; maybe that kind of thing was normal in Tokyo, but he was probably the only one of his kind in all of Kyoto—hadn't been arrested yet.But then again, if you thought about it, whether he stood out or not probably didn't make much of a difference in a case like this. “So we're going to Emoto's place from here, right? Tapi . ” Apa? “In reality, you can already pretty much deduce what happened, kanan? I mean, who the killer is and stuff. ” “Deduce?” I parroted his word back at him.Could I really figure out the answer based only what I knew at this point? “Sorry to disappoint you, but I mean it when I say I don't really know what happened.I'm not some mystery novel or film. ” Detective. The redheaded private contractor. “Detective. ” “Well, of course not,” he said with surprising plainness. “But I guess I also mean it when I say that I don't think it's beyond figuring out.She was strangled to death.Inside a kamar.The estimated time of death leaves a fairly narrow window. The suspects all have alibis.We just need a few more clues. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 0 And it just so happened that I currently had Kunagisa collecting that very thing.And I myself was on my way to do the same. “Is it possible that it was just a random robbery?” “Well, technically it's possible, but the cops don't seem to think that's the case. ” There was something very unordinary about both Sasakisan and Kazuhito-san.It was hard to believe they were the kind of people who would be sent out just to handle a simple burglary-homicide case.Of course, that was just my hunch. Mmm.” Zerozaki's eyes drooped lazily.“But I don't think you really have to

go out of your way to investigate things. Aku s there some logical reason for doing this?” “Not especially.Listen, nobody's making you come along. Why don't you go cut up some more people?” “Nah, that's okay.I'm not in the mood for that tonight. ” He took my suggestion more seriously than I had intended. “Besides, I was the one who suggested we go in the first place. ” Meanwhile, we'd arrived at Tomo-chan's apartment building. Apparently the police had already checked out, leaving the area as desolate as the train station.We made our way through the automatic door and into the main lobby. Nah sekarang. Ah, benar.You need an autolock card key to get in. ” Apa sekarang? “Here's what we do.” I walked a step ahead of Zerozaki and entered a random room number into the intercom. Halo? ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 1 “Um, this is the person from room three oh two.I'm so sorry to bother you, but I went and locked my own card in the kamar.Would you mind opening the door for me?” “Oh, certainly. ” K-chunk, the glass door said as it opened up. “Thank you,” I said to the complete stranger, and Zerozaki and I quickly made our way into the building. “You don't mind lying just like that, huh?” he said. “What can I say, it's who I am. ” We got into the elevator and went up to the sixth floor. Sebagai we walked down the sixth floor hall, I produced some thin white gloves from my pocket and slid them onto my hands. “Not to make this awkward, but.were you prepared with those gloves this whole time?” Ya.I planned this whole thing. ” “Wow,” he said as he pulled his own pair of gloves out of his vest pocket and switched them with the fingerless ones he was currently wearing.Of course, a guy like him probably just carried gloves around with him every day. We arrived in front of Tomo-chan's room.When I tried the knob, the door turned out to be locked, as expected. “So how do you propose we clear this one?” “Actually, I hadn't thought about it. Ada ide? “I gotcha,” he grumbled, pulling a thin knife from his vest pocket.Or perhaps drill was a more accurate word for it. Dia jammed it into the keyhole.He rattled it left and right until we heard the click of something settling into place.Then he pulled the knife back out, spun it around once in his hand, and closed it back up in his vest. He turned the knob. Itu terbuka. ” “This can't be safe, can it?” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 2 “Not even a little bit.The killer could be anywhere. ” We shrugged and went in anyway. We walked down the hall between the kitchen and bathroom, and

passed through the door at the end.The room hadn't changed much from my Saturday visit.It looked like some things had been slightly moved around, but that was probably owed to the crime-scene investigation. And then there was the center of the room.White strips of tape formed the shape of a person. “Wow,” Zerozaki said with awe.“So they really do that. Nya like something out of a TV show or a manga.Hey, that Emoto girl had about the same build as me. ” Sepertinya begitu. ” Tomo-chan was pretty small, even for a girl, but for a guy, Zerozaki was ridiculously petite.They weren't exactly the same size, but they could've easily fit each other's clothing. “Incidentally, I prefer tall girls,” he said. Sangat? Ya.But tall girls don't like short guys, do they?” “But none of your six victims were tall girls. ” “Who goes around killing the girls he's into, idiot?” he said angrily.It looked like I had touched on a difficult subject. Namun demikian. My gaze fell back on the tape on the floor.Tomo-chan must have been strangled and then collapsed on the floor here in this position, asphyxiated.But this tape hardly captured the reality of it. I looked back over at Zerozaki to find him immersed in silent prayer.His eyes were closed, with his hands pressed together in front of his chest. I deliberated for a moment before deciding to do likewise. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 3 Afterward, I once again began inspecting the area around the tape. Hm. ” There was something on the right hand of the human shape.It was dark, so I couldn't see it very well, but we couldn't just go turning on the light, either.I managed to make out a small ring made out of black tape. It seemed this was some sort of mark they had made during the investigation. Apa ini? Maybe something was on the floor here?” “No, look closer,” Zerozaki said, crouching down next to saya.“Something's written here. ” “Dammit, I wish we had a little more light. ” “Just wait a little longer.Your eyes'll adjust soon enough. ” It assumed that we were working at our leisure here, but right now that was our only option. In time, my eyes did begin to adjust. Thin carpet.On its surface there were red letters. “x over y?” we both said. The letter x was written in cursive handwriting.Then a diagonal line below it.Then the letter y in the same cursive handwriting.It was messy writing, so you had to struggle to make it out.But it didn't seem like it could've said anything else. “What's x over y?” “Beats me. ” “Is it red because it's written in blood?” “Nah, seems to be some kind of oil-based ink. ” Strange writing next to the

body's right hand.Could this have been her dying message? ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 4 “But hey, we don't actually know that this is the right hand.We can't tell if the body was faceup or facedown just by looking at this tape. ” Ah, benar.But, Zerozaki, I don't think she could've written this if she was facedown.Not that she was necessarily the one who wrote it. ” Ya itu benar.There's still the possibility that the killer wrote it.So what's this x over y bullshit all about? Matematika? But this isn't an equation.You can't take it any further than ini ” “Maybe whoever wrote it didn't finish. ” “If that's the case, we're pretty much at a dead end.I can't even imagine what they were getting at with this,” he said as he walked over to a comer of the room and slid down against the wall.“I'm sleepy,” he said with a big yawn.“Figure anything out?” “Just the fact that this may or may not have been her dying message is a pretty good haul.Now, then. ” I scanned my eyes around the room.There were no signs of a struggle.As far as I could see, nothing was broken or missing. “Yeah, I don't think this was just a burglary,” I said.Was it all because of a grudge after all? But what could a girl who had just turned twenty years old two days ago have done to have inspired such hatred? I continued examining the room as I pondered.Of course, the police had probably already done this with complete thoroughness, but right now it was necessary to see the crime scene with my own eyes, in order to fill in the gaps in my imagination.For later on. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 5 “What now?” Zerozaki said as he watched me moving sekitar.Judging from his current state, it didn't look like he intended to help me any further.Not that I was expecting him to do anything.I'm not such an idealist that I would expect anything from a mere water reflection. “You seem strangely comfortable doing all this,” he said. “Well, I've got experience. ” “What could a twenty-year-old have possibly experienced in his life to have broken him so badly as a human being? I can't even imagine,” he said. “You should talk.But I guess I'll humor you anyway. saya guess you could say I haven't lived a very respectable life. Atau no, my life has been plenty respectable, but I haven't been. ” Hmm.You know, I don't like myself very much,” he said plainly to my back.“But seeing you, I realize I'm not so bad. ” “You took the words right out of my mouth.I may be a screwup, but I'm not as bad as you.When I look at it that way, it's kind of a relief. ” Saya berharap. ” Saya berharap. ” Katakan.why do

people die anyway?” he asked. “Because you kill them. ” “Well, yeah, but I mean aside from that.Umm, what is it lagi? Apoptosis? Darwinism? Genes? Cancer cells? Sel suicide? All that good stuff.It's like the termination point of our functionality. ” “Come to think of it, I heard once that the longest a human can live is somewhere around one hundred ten years, regardless of the era or region. ” Hah. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 6 “I mean, the bottom line is that living creatures have a lot of diversity.But you know, whether you live a long time or not doesn't really make a difference.I don't really think there's even much point in living two hundred or three hundred years.I've lived for nineteen years and two months up until now, but quite frankly. Saya sudah cukup. ” “You're tired of it?” he asked. “Well, it's more like I just can't endure it anymore.I'm still okay for now, I guess, but if things go on like this.yeah, in another two or three years, my ability to process reality will have reached its limit. ” “But isn't that just one of those things? Like, I'll bet you thought the same thing when you were fourteen, right? Seperti, 'in another few years I'll probably have committed suicide. '” “Yeah, I did think that.But I didn't have the balls to go through with it. ” “Chicken. ” Ya, baik.I always wanted to be a bird. ” “Not a chicken, I bet.They can't even fly. ” “I'm joking.But I do think this: There isn't a person on this earth who's lived for ten or twenty years without pondering God and death, unless he's just some slaphappy nut. ” “God and death, huh?” Ya.But before he can contemplate those things, he has to have learned about life.Some knowledge of life is necessary in order to contemplate death, so you have to study life before you can even begin to think about the fact that it will one day akhir.It's like that saying: 'If you want to kill someone, your victim had to have been alive to start with.' No matter how much effort I might exert, I can't kill John Lennon. ” Nor could I kill Emoto Tomoe. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 7 “Now tell me, Zerozaki.What does it mean to be alive?” “That your heart's still beating?” he said off the top of his head. “Wrong,” I answered.“Showing signs of life and being alive are not the same thing.But that aside, what if there existed a person who had experienced death before life? Jenis apa human being would he turn out to be? Could we even call him a human being? A living creature who could reminisce about his own passing, who had mourned his own death before life even began.What would we label

such an existence?” “I guess that would be Death himself.It would have to be, or else.” His eyes seemed to be searching for the right kata-kata.He pointed a finger at me with an awkward look on his face.No words came out.To be sure, they probably didn't need to. “Eh, it's just another mind-over-matter thing,” I surmised. An escape line. “Say, man.I know I already asked, but is there some reason you've gone to all this trouble—I mean, illegally entering her apartment, not to mention the fact that you're supposed to be the passive observer type—just to gather information about the murder?” “Yeah, there is,” I answered.I meant to say no, but for some reason a confirmation leapt out of my mouth. Bukan saya sure which one I really meant. Hah.you said yourself that you don't like or dislike Aoii, right? Then why should you do anything for her? And it seems to me that you only met those other three through her, like little add-ons. ” He slapped his hands together as if he had just thought of sesuatu.“Is it for Emoto Tomoe?” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 8 Tomo-chan. A tragic figure, brutally murdered just after celebrating her own birthday. That alone wouldn't have moved me, normally.If starving children on the other side of the world were being shot to death, I wouldn't have thought anything of it.If some giant earthquake in some faraway country killed tens of thousands of people, I wouldn't feel a thing.Whether or not a string of murders occurred in the town where I lived, it was no matter to me.I just didn't have that kind of spirit; it wasn't much more to imagine that I wouldn't feel much sadness or despair over the passing of even a nearby acquaintance. However, there were always exceptions. “I was hoping I'd get to talk to Emoto Tomoe just a little lebih lanjut. ” Zerozaki said nothing to this. “That's all, though, really. ” “I see,” he nodded.“Well, whatever the case, what we have here is a masterpiece for sure. ” Indeed, he was right that there seemed to be no compelling reason for me to go to all this trouble.It wasn't like I was being somebody else, but it certainly wasn't my usual style. I realized I was being stupid.I just didn't think I was salah “Ahh,” Zerozaki yawned again. “If you're bored, you can go.” That is to say, get lost. But he shook his head. Tidak masalah.Besides, how are you planning to lock up without me?” “Actually, I've got one of those things that allows you to lock the door without the key. ” “That's a pretty useless device. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 3 9 Of course, I was joking. Zerozaki soon

closed his eyes and began to doze off. Dulu like watching my own sleeping face, which was a bizarre, alien sensation, to say the least.I continued examining Tomo-chan's room until four in the morning, but didn't come up with anything that seemed like a decent lead. Tapi. ” Maybe it didn't matter anyway.In fact, halfway through, I had entirely lost my will to search for clues and spent the rest of the time staring down at the tape human. And I reminisced.About the time I had spent here on Saturday night.That wild, ridiculous night during which we'd all left reason and rational thought behind. If I could be allowed to say something a bit romantic, perhaps this was my memorial to Tomo-chan.Now that wasn't my style, to be sure, but it seemed like a good enough reason all the same. Oke, ayo pergi. ” “Satisfied?” he asked. Ya. ” Baik. ” We left the building, and Zerozaki and I parted ways there. We spoke no parting words, and made no plans to meet again.

ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 4 1 Tidak ada artinya. Oke. Oke. Oke. Oke? Rabu, tanggal delapan belas Mei. Dengan berakhirnya periode kedua, istirahat siang telah dimulai. Karena ruang makan ramai pada waktu itu, saya selalu melewatkan makan siang pada hari-hari ketika saya memiliki kelas periode kedua. Jadi saya alih-alih langsung menuju ke kelas pendidikan umum saya. Pendidikan umum. Teman sekelas. Aoii Mikoko, Atemiya Muimi, Usami Akiharu, dan Emoto Tomoe. Saya belum melihat satu pun dari empat orang ini sejak minggu dimulai. Ini bukan kebetulan; kemungkinan besar, tidak satu pun salah satu dari mereka datang ke sekolah. Sudah mati, Tomo-chan alasannya, tetapi tiga lainnya belum mati atau belum terbunuh. Mungkin kematian Tomo-chan yang harus disalahkan atas mereka tidak muncul, atau mungkin ini hanya bagaimana mahasiswa berperilaku setelah Golden Week. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 4 2 Segalanya tidak berkembang lebih jauh. Sepasang detektif — Sasaki-san dan Kazuhito-san — belum kembali mengunjungi apartemen saya lagi, saya tidak punya kontak dengan saya tiga teman sekelas, dan aku masih menunggu kabar dari Kunagisa. Tentu saja, aku juga belum bertemu dengan Zerozaki. Sebagai seseorang yang tidak membaca berita atau menonton TV, saya dari Tentu saja tidak tahu pers macam apa (atau kekurangannya) Tomochan's kematian telah menarik. Saya juga

tidak tahu apakah si pencuri punya menyerang lagi dalam tiga hari terakhir. Itu adalah sesuatu yang saya tidak ingin tahu. Saat ini, saya hanya menunggu. Bagaimanapun, itu adalah satu hal Saya sudah terbiasa. Man, ini panas. Aku ingin tahu apakah aku siput, ”aku bergumam berjalan melintasi kampus, dari Meigaku Hall ke Yôyô Aula. Itu kurang dari tiga ratus kaki jauhnya, tetapi itu adalah jalannya berat. Saya pernah mendengar tentang iklim yang sangat panas sebelumnya, tetapi saya tidak berpikir mereka benar-benar ada. Baik Kobe maupun Houston seburuk ini. Ini adalah jenis panas dan kelembaban tubuh yang unik di kota-kota cekungan. Saya berjuang untuk menanggungnya saat kaki saya membawa saya. Saya menaiki tangga, yang membawa saya langsung ke lantai dua Aula Yôyô. saya masuk ke dalam dan akhirnya mengambil waktu sejenak untuk mengatur napas. Saat itu, saya melihat seseorang yang akrab. Tapi ternyata tidak karena dia kenal aku memperhatikannya. Sebaliknya, justru itu mataku tertarik padanya terhadap mereka yang lebih baik penilaian oleh jersey pink-flamboyan panasnya. Itu tidak tepat berbaur dengan lingkungan. Sauvage coklat itu. Andai saja dia berjongkok di atas tanah di depan sebuah toko serba ada, gambar akan memiliki telah selesai. Itu adalah Atemiya Muimi-chan. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 4 3 Dia saat ini sedang berbicara dengan seorang pria, mungkin teman sekelas. Berpikir itu akan sedikit menjengkelkan jika aku harus menyerah masuk dan memulai percakapan, saya mencoba menyelinap tanpa disadari ketika dia memanggil saya. Wah, ini Ikkun, katanya. Yo, rekan prianya menyapa saya secara tidak resmi. Dia punya rambut coklat muda dan senyum yang semilir. Tunggu, siapa apakah ini lagi? Saya tidak kenal siapa pun dengan golucky yang mudah ini kualitas surfer, kan? Apakah dia dari pendidikan umum kita kelas? Lama tidak bertemu, ya? Kata Muimi-chan dengan lemah tersenyumlah. Umm. Ya ampun, ini agak canggung, ya? Bagaimana apakah Anda sudah sejak itu terjadi? “Aku datang ke sekolah seperti biasa. ” Oh. heh, well, kurasa begitu. Dia tersenyum, tapi itu tampak agak dipaksakan. Dia tampak lelah, yang mungkin tidak dipaksakan. Bagaimana denganmu? Tanyaku. Apa yang sudah kamu lakukan? saya belum melihatmu di sekolah. ” Oh, baiklah, bagaimana kamu mengatakannya. Dia sepertinya tidak bisa temukan kata-katanya. Dia mungkin tidak menyukai gagasan untuk mengekspos kelemahannya pada orang lain. Saya bukan tipe orang itu sendiri,

tetapi perasaannya tidak di luar pemahaman saya. “Yah, aku harus bersiap untuk presentasi. Waktu untuk mendapatkan keluar dari sini. Sampai jumpa lagi, ”kata pria itu kepada kami, dan bergegas masuk arah tangga. Dia benar-benar yang enerjik, ya? Muimi-chan mengatakan kami mengawasinya pergi. Dia benar-benar malas sampai kesempatan untuk menjadi pusat perhatian datang. Kej. Ed. seharusnya menjadi pertunjukan yang bagus hari ini. Saya akan menonton itu dari barisan depan. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 4 4 Hah. Jadi pria itu adalah teman sekelas. ” Muimi-chan berdiri membeku selama beberapa detik sebelum perlahan dan dengan kaku memalingkan kepalanya ke arahku seperti yang dibutuhkan lehernya ganti oli. Aku hampir berharap mendengarnya berderit. Jangan bilang kamu lupa. ” Hm? Oh, kurasa Mikoko-chan tidak memberitahumu, ya? Saya memiliki ingatan yang sangat buruk, jadi saya tidak benar-benar tahu siapa yang ada di dalamnya kelas kami. Saya mungkin ingat dia jika saya mendengar namanya. ” Tapi dia tidak mau memberitahuku nama orang itu. Dia sedang menatap saya kaget karena suatu alasan. Akhirnya, dia membuka mulut. Usami Akiharu. ” Oh. ” Itu dia. Ini mengejutkan. Apakah dia meninggalkan sedikit kesan? “Lagipula, kurang dari dirimu. Bukannya dia berkeliling mengenakan kaus pink panas. ” Itulah yang ingin saya katakan, tetapi saya berhenti sendiri. Muimi-chan adalah tipe orang yang mungkin akan melakukannya benar-benar mulai memukul Anda setelah Anda membuatnya marah. Dan saya mungkin tidak akan turun hanya dengan satu atau dua jab. Jika saya menggodanya cara saya menggoda Mikoko-chan, saya akan menjadi daging mati. “Ingatanku yang salah di sini, itu saja. ” “Jika itu masalahnya, maka lakukan sesuatu untuk itu. ” “Ya, kesan yang lemah mungkin juga menjadi masalah. Dia tidak segila Mikoko-chan. Saya kenal banyak orang yang eksentrik. Sebenarnya, itu membuatnya terdengar seperti saya tahu banyak orang. Koreksi: Satu-satunya kenalan yang saya miliki adalah eksentrik orang-orang, jadi orang normal baru saja lolos dari pikiranku. ” Orang normal, ya? Dia tertawa kecil jahat. Apa? Apakah saya mengatakan sesuatu yang lucu? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 4 5 “Oh, tidak ada, tidak ada, aku hanya berpikir, kamu mengejutkan karakter hakim yang buruk. ” Hah? Akiharu punya kepribadian yang lebih kejam dari yang kau kira, katanya kata dengan cara yang tampak aneh saat dia menatap ke arah dia pergi beberapa saat

yang lalu. Yah, kamu akan mencari tahu akhirnya. akhirnya. Sesuatu dalam dirinya nada lembut sepertinya menyarankan kata-katanya memiliki makna yang lebih dalam, tetapi sesaat kemudian ekspresi wajahnya berubah seperti seseorang telah menekan tombol pada remote. Dia berbalik ke arahku lagi. Ini sempurna, katanya. “Aku ingin mengobrol dengan kamu. Mari kita bicara di ruang tunggu. ” Dia mulai berjalan tanpa menunggu jawabanku. Setelah berjalan singkat, kami berbelok ke kanan, di mana kami tiba di ruang siswa. Saya bertanya-tanya apakah itu akan penuh sesak sejak itu adalah tengah sore, tetapi melihat melalui kaca jendela saya bisa melihat bahwa, untuk beberapa alasan, lebih sedikit kursi ditempati daripada kosong. Ada piring yang menggantung pintu ruang dengan tulisan No Standing berwarna merah, Gothic surat. Itu adalah lelucon yang dilakukan siswa selama beberapa tahun kembali, dan pada titik ini bahkan tidak ada yang mau mempertanyakannya lagi. Akibatnya, tidak ada yang peduli untuk menyingkirkannya juga. Kami memasuki lounge, dan Muimi-chan mengambil tempat duduk. Itu Tempat itu dipenuhi dengan asap rokok. Muimi-chan mengambil satu bau dan segera merogoh sakunya untuk sesuatu, tetapi kemudian menghentikan dirinya sendiri seolah-olah dia hanya mengingat kebijakan -nya saja pada waktunya. Itu baik dia untuk tetap melakukannya dengan hati-hati, tetapi dalam tempat ini sudah dipenuhi dengan asap, itu tidak benar-benar membuat banyak perbedaan bagi saya apakah dia merokok atau tidak. Tetapi saya tahu bahwa meskipun aku memberitahunya bahwa dia bisa, dia hanya akan mengatakannya sesuatu seperti, Tidak, ini keputusanku, jadi aku duduk tanpa itu mengatakan sesuatu. Jadi, apa yang ingin kamu bicarakan? “Jangan bodoh. Apa satu hal yang Anda dan saya akan lakukan harus berdiskusi? ”dia bertanya. Tomo-chan? Mikoko. ” Dia mencondongkan tubuh ke depan dengan tangan di atas meja dan melotot ke arahku. Tetapi saya tidak begitu tahu apa-apa sehingga saya tidak siap tatap dia. Apakah kamu melihat Mikoko sejak itu? Sejak kapan? Tanyaku dengan polos. “Sudah kubilang jangan main bodoh. Polisi pasti membayar Anda berkunjung juga. ” Yah begitulah. Saya ingat pertemuan saya dengan Sasaki-san dan Kazuhito-san, tapi jujur saja, mereka bukan pasangan yang benar-benar aku ingin terlalu banyak berpikir. Jadi mereka juga mengunjungimu? Ya. Pasangan yang tidak menyenangkan, bukan?

” Pria dan wanita? Ya. Pria itu terlihat seperti milik The X-Files, dan wanita itu tampak seperti dia melakukan kunjungan rutin ke bawah tanah sel. Polisi reguler sudah membuatku kesal, apalagi ini dua . eh, tapi itu cerita lain, ”katanya, meluruskannya sikap. “Kemarin adalah pemakaman Tomoe. Dia menatapku dengan cara menuduh. Kamu tidak datang. ” “Yah, tidak ada yang memberitahuku tentang itu. ” “Mikoko juga tidak datang. Tapi Akiharu dan aku pergi. ” Yah, apa yang bisa kamu lakukan, kan? Kematiannya pasti a kejutan besar untuk kalian semua, ”kataku. “Ya, pasti. Anda membuatnya seperti ini tidak ada hubungannya dengan Anda, jawabnya. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 4 7 Tidak, aku berhenti berkata. Ah, seni kebijaksanaan Kamu sama sekali tidak kaget dengan kenyataan bahwa Tomoe itu terbunuh? Yah, aku cukup terkejut ketika pertama kali mendengar berita itu, tapi setelah tiga hari, ya, mereka menyebutnya apa? Membersihkan laci hatimu? Maksudku, masa lalu hanyalah kenangan. ” “Sebagai teman Tomoe, aku ingin membuatmu kesal karena mengatakannya itu, tapi kamu benar, kan? ”katanya, sedikit dikalahkan. “Saya kira hati manusia dibangun dengan nyaman. Terutama untuk seseorang yang berkulit tebal seperti saya. Hanya saja Sudah tiga hari dan saya sudah kembali pada titik di mana saya bisa pergi ke sekolah lagi. Tapi itu benar-benar menghancurkan pada awalnya. saya Maksudku, aku baru saja melihatnya, lalu. Dia membentaknya jari. Dan kemudian, diam. Saya tidak akan menyebutnya canggung, tapi itu sedikit tak tertahankan. Jelas ada aura yang menyakitkan mengalir di antara kami. Sepertinya Akiharu-kun sudah pulih, berdasarkan bagaimana dia bertindak sekarang. ” Begitukah penampilannya? Tanyanya. Aku juga berpikir begitu. ” Yah, mungkin, jika Anda mengatakannya. ” Lagi-lagi, dia sepertinya melakukan sesuatu, seperti ketika dia berkata, “Akiharu memiliki kepribadian yang lebih kuat daripada menurutmu. ” Jadi apa yang dia katakan? Dia mengubah topik sebelum saya bisa mengetahuinya. “Jadi rupanya kamu yang terakhir mendengar Tomoe suara. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 4 8 Ya. Meski sudah lewat telepon. Apakah kamu mendengar itu dari Mikoko-chan? Atau dari detektif? Mikoko, katanya, mengangguk. “Aku pergi ke rumahnya kemarin setelah pemakaman berakhir, tetapi. Saya pikir dia perlu lebih banyak waktu pulih. ” Ah. ” Dan itu sama sekali tidak mengganggumu? Hah? Apa maksudmu? ”Tanyaku. Maksudku,

kamu baru saja mendengar bahwa Mikoko sedang sedih, dan Saya bertanya apakah itu mengganggu Anda. ” Semua orang pasti menutup telepon tentang itu, kataku. Muimi-chan tampak agak bingung, mungkin karena kata semua orang. Dia menghela nafas panjang dan menggeliat. Sialan tidak mengerti. ” Apa itu? Saya tidak bisa melihatnya. ” Ah, tidak ada apa-apa. Dengar, Anda mungkin tidak ingin mendengar ini, dan terus terang aku orang terakhir yang harus memberitahumu. Saya dulu orang yang menentangnya sejak awal. ” Hah? Tidak ada. Oke, izinkan saya meminta bantuan Anda. Sederhana saja nikmat dan tidak ada tangkapan. Pergi saja mengunjungi tempat Mikoko, akan ya? ” Dia menarik selembar kertas dari saku kausnya dan menyerahkannya padaku. Aoii Mikoko ditulis di atasnya dalam hiragana, dan di bawah itu adalah alamat dan nomor teleponnya. “Ya ampun, ini beberapa huruf bundar. Siapa yang menulis ini? Saya. ” Ah. ” Maksudnya apa? Ada apa dengan itu Ekspresi, seperti Anda melihat jawaban itu datang atau sesuatu? Eh, tidak apa-apa. Bukan itu yang akan saya katakan. Aku melihat turun di memo itu dalam upaya untuk menghindari tatapan mautnya, dan ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 4 9 mengkonfirmasi alamat Mikoko-chan. Horikawa Oike. Datang ke pikirkan, pernahkah saya mendengar itu sebelumnya? Rasanya seperti sudah, tetapi juga merasa seperti saya sedang belajar alamatnya untuk pertama kalinya. Saya tidak bisa ingat. “Agak jauh dari sekolah. Saya kira itu berarti dia bolak-balik di sini di Vespa-nya. ” Tidak, bis. Sekolah ini tidak mengizinkan sepeda. ” Tidak? Kebetulan, saya pulang pergi dengan berjalan kaki. Saya punya sepeda, tetapi tidak gunakan banyak, sebagai aturan umum. Bukannya saya sangat suka berjalan, tapi entah bagaimana itu berhasil bagiku. Oke, jadi aku pergi ke tempat Mikoko-chan, lalu apa? Dia sedih, jadi bersoraklah padanya. Katakan saja hal-hal seperti 'itu tidak akan ada gunanya hanya duduk-duduk merasa biru dan menjaga Anda dagu Aku yakin itu akan berhasil. ” Oh, omong kosong yang biasa, ya? Tapi bukankah itu semacam itu hal yang lebih baik keluar dari Anda? Oh, tapi kurasa sudah katakan padanya kemarin. Tetapi jika teman baiknya itu tidak bisa menghiburnya, aku tersesat. ” Tidak sesulit itu. Pergi saja ke sana dan itu sudah cukup. Serius, itu saja. Pergi menemuinya, ucapkan satu atau dua kata dukungan, dan kemudian mainkan saja. ” Apa pun artinya itu. Tetapi sekali lagi, saya benar-benar tidak punya alasan untuk menolak, dan itu adalah proposal

yang relatif mudah, jadi saya melanjutkan dan diterima. Baik. ” “Cobalah mampir hari ini sepulang sekolah. ” Saat itu, bel yang menunjukkan awal periode ketiga berbunyi. Oh, sial, kata raut wajah Muimi-chan. Wajahku mungkin tidak menunjukkannya, tapi aku merasakan hal yang sama. Inokawa-sensei, Cerberus waktu. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 0 “Ah, sial, itu belnya. ” Bahkan jika kita pergi sekarang, kita akan ditandai absen. Atau sebaiknya, dia bahkan tidak akan membiarkan kita masuk kelas, ”kataku. “Yah, tidak ada yang bisa kita lakukan sekarang. Benci untuk ketinggalan penampilan akiharu yang stud, tapi mari kita hentikan kelas. ” Dia cepat membuat keputusan. Saya ragu untuk membuat keputusan untuk sesaat lagi. Tetapi tidak ada jumlah mental usaha akan membalikkan tangan jam, jadi saya hanya memberi naik. Baik. ” Jadi bagaimana sekarang? Mau makan? ” Ruang makan mungkin masih ramai saat ini, kanan? Oh, benar. Nah, mau tinggal di sini dan ngobrol sedikit lagi? ” “Baiklah, bisakah aku bertanya sesuatu padamu?” Kataku, memikirkan hal ini akan membuat peluang bagus. “Apakah ada orang yang melakukannya? mungkin ada sesuatu yang melawan Tomo-chan? Wajah Muimi-chan segera menjadi serius. Itu seperti dia sedang mempertimbangkan sesuatu. Atau, lebih tepatnya, dia secara mental mengkonfirmasikan sesuatu yang sudah dipikirkannya. Tidak, tidak ada, katanya tegas, setelah jeda yang panjang dan a ekspresi bingung. “Berbicara secara logis, tidak ada yang bisa melakukannya punya sesuatu terhadapnya. ” 'Tidak ada yang bisa menentangnya'. heh, semacam ungkapan aneh. Kedengarannya seperti terjemahan jelek atau sesuatu. ” “Tapi kupikir itu akurat. Maksudku, kurasa. Saya sudah mengenalnya hanya sejak SMA, meskipun. ” “Ngomong-ngomong, bagaimana kalian semua bisa saling mengenal? Kamu bilang kamu sudah berteman dengan Mikoko-chan sejak itu Anda adalah anak kecil, bukan? ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 1 “Mikoko dan aku adalah teman masa kecil, dan kemudian aku bertemu Akiharu dan Tomoe di sekolah menengah. ” Hei tunggu. Bukankah itu agak aneh? Apa? “Mikoko-chan berusia sembilan belas tahun, dan ulang tahunnya pada bulan April. Tomo-chan baru berusia dua puluh. ” Oh tidak. Tomoe mengulang kelas di SMP. ” Ah. Jadi dia tidak masuk kuliah terlambat atau kembali dari setelah semua. Dia baru saja ditahan setahun. Tidak pernah bahkan mempertimbangkan opsi itu. “Masalahnya, dia berada di rumah

sakit untuk waktu yang lama. Dia harus mengambil cuti sekitar setengah tahun, dan bahkan setelah itu dia cenderung tidak ada. Dia hanya tidak hadir merekam untuk lulus. Rupanya dia cukup sakit. Mereka mengatakan dia hampir mati. ” Hampir mati. Kematian.

Kesadaran akan kematian. Hahhh. Saya mencoba yang terbaik untuk menjadi coolheaded tentang hal itu, tetapi Saya tidak yakin seberapa baik saya berhasil melakukannya. “Begitu, jadi begitu apa itu ” Jadi itu adalah kisah Emoto Tomoe. Aku mengangguk beberapa kali bahwa Muimi-chan tidak akan menyadari keterkejutanku. “Jadi, bagaimanapun, kita berempat sejak SMA. Rupanya saat itulah Akiharu dan Tomoe pertama kali bertemu juga. ” Saya melihat. Lanjutkan. ” Oh, benar. Jadi dengan kata lain, Tomoe sangat pandai beradaptasi. Atau tunggu. mungkin bukan itu. Mungkin dia seorang sedikit seperti Anda, jika Anda tidak keberatan dengan perkataanku, ”katanya, menunjuk ke arahku dua kali. Anda pernah mendengar tentang 'ruang pribadi gelembung, 'kan? Yah, dia sangat pandai mendefinisikan ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 2 mereka. Dia bisa mendekati orang sejauh titik tertentu, tapi dia tidak akan pernah melangkahi garis itu. Dia tidak akan pernah datang ke dalam kontak intim dengan siapa pun, dan di atas itu semua dia tidak pernah membiarkan siapa pun berhubungan intim dengannya. Dia selalu menjaga jarak, tidak pernah terlalu dekat atau terlalu dekat jauh. Seperti petarung pedang. ” “. ” Istilah pejuang pedang membuat Miiko-san melompat ke pikiran untuk kedua. Tomoe adalah temanku, tapi. Saya pikir dia tidak pernah terbuka untukku. Saya juga tidak berpikir saya pernah membantu dia. ” Aku meragukan itu, kataku, tapi kata-kataku mungkin tidak berarti apa saja untuknya. Mereka juga tidak banyak berarti bagi saya. Apakah firasatnya tentang Tomo-chan benar atau tidak, itu mungkin tidak terlalu jauh dari kebenaran. Tapi Muimi-chan, kamu tidak harus mencampuradukkan semuanya. Ini luar biasa kasar pada Tomo-chan. Jika Anda benar-benar temannya, Anda seharusnya tidak akan mengatakan hal-hal seperti itu. Tomo-chan dan aku tidak sama. Kami hanya di serupa trek. Namun pada dasarnya, kami berbeda. Satu-satunya yang benar-benar mirip dengan saya adalah para pembunuh, Muimi-chan. “Ngomong-ngomong, dia adalah

cewek semacam itu, jadi pada dasarnya dia tidak bisa melakukan apa pun untuk menghasut dendam. saya pikir Anda dapat mengatakan itu dengan pasti. ” Lalu siapa yang membunuhnya? Seperti yang aku tahu. Mungkin pembunuh berantai itu. ” Pembunuh berantai menggunakan pisau, kurasa. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 3 “Yah, terserahlah. Seseorang membunuhnya. Polisi itu terlihat cukup tajam, jadi saya yakin mereka akan menemukan siapa yang melakukannya jika kita membiarkannya menjadi. Lagipula tidak ada yang bisa kita lakukan sekarang. ” Dia memakai wajah tegas yang tidak cocok dengan komentar pasifnya. Tentunya dia mengucapkan kata-kata ini sendiri akan. Temannya yang tercinta telah dibunuh, dan ternyata ada tidak ada yang bisa dia lakukan. Dia pasti merasa tak berdaya. Tapi itu benar-benar di luar kendalinya. Itu mungkin benar bahwa dia tidak tahu siapa pembunuhnya. Dia punya tidak ada orang yang bisa mengarahkan kemarahannya. Hmm. Apa yang sedang dilakukan semua orang? Katanya, memandang semua para siswa berjalan di luar ruang tunggu. “Serius, apa apa yang mereka lakukan? Semua orang? Semua orang. Semua orang disini Bodoh sekali. Mereka hanya hidup. Mereka tidak mati, itu saja. Mereka hanya sial hidup. ” Mereka hanya hidup. Dia mengulangi kalimat itu sekali lagi. Ah, aku grogi, katanya, tegak lagi. Aku ingin tahu apakah ini ada orang benar-benar memiliki tujuan. Tujuan untuk hidup, atau masa depan tujuan atau sesuatu. Saya bertanya-tanya apakah mereka benar-benar memilikinya sesuatu. ” Mereka harus. Maksudku, aku yakin itu bervariasi dari orang ke orang. Tapi itu tidak masalah. ” “Bukan itu yang ingin aku katakan. Saya tidak tahu Nya tidak rumit. Seperti, bawa gadis-gadis itu ke sana, ”dia kata, menunjuk sekelompok gadis di sisi berlawanan lounge. Mereka memiliki udara canggih tentang mereka, menyarankan mereka mungkin mahasiswa tahun kedua atau junior. Saya tidak bisa membuatnya ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 4 apa yang mereka katakan, tetapi bahkan jika aku bisa mendengarnya, mereka kemungkinan besar sedang mengobrol tentang sesuatu yang tidak akan kumiliki dipahami pula. Mereka tertawa dan menamparnya satu lagi di bagian belakang dengan kenikmatan limbung. Sekarang, katakanlah saya memiliki karabin penyerang di tangan saya. Sebuah M4A1. Lalu aku membidik mereka, dan. ratatatatata! Apa yang akan terjadi? Aku memandang mereka sekali lagi. Tawa mereka sama pusing seperti sebelumnya,

tetapi di kepalaku, aku melihat mereka basah kuyup darah, tubuh mereka tercabik-cabik, potongan-potongan pecah keluar jendela. Yah, kurasa mereka mungkin akan mati. ” Ya, mereka mungkin akan mati. Tetapi pada saat itu, apa apakah mereka akan berpikir? Apakah mereka akan menyesal? . Bukan saya pikir mereka akan melakukannya. ” Dia memelototi mereka dengan jijik, tetapi tidak ada yang memperhatikan. Mereka benar-benar asyik mengobrol sendiri bahwa mereka bahkan tidak melirik ke arah kita. “Mereka mungkin tidak akan memiliki sedikit pun penyesalan. Tidak ada dibatalkan Lagi pula, mereka hanya menjalani hidup tanpa mereka tujuan atau aspirasi. Apa yang bisa mereka tinggalkan dibelakang? “. ” Tentu saja, aku tidak mengatakan hidup itu membosankan. Ada saatnya. Tetapi semua orang ini putus asa. Mereka semua mati-matian mencari cara untuk membunuh waktu besok. Tiba-tiba mereka semua hanya memikirkan cara untuk menghabiskan waktu. 'Bagaimana saya akan menghabiskan besok? Dan hari berikutnya? Bagaimana saya bisa membunuh dua puluh empat jam?' Seperti orang idiot, mereka mati-matian mencari cara untuk mengisi jadwal mereka. Tapi apa itu? Apa gunanya itu? Besok mungkin juga tidak datang sama sekali, jika mereka hanya hidup ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 5 untuk menghabiskan waktu. Jika Anda hanya hidup, Anda mungkin juga mati. Itulah yang saya pikirkan. Ah, maaf, kurasa itu saja sedikit aneh. ” “Tidak, itu sangat menarik. ” Dan aku benar-benar bersungguh-sungguh. Muimi-chan mungkin juga memikirkan ini: Di dalam akhirnya, bagaimana dengan Tomo-chan? Apa yang dia pikirkan dalam hal itu saat dia terbunuh? Untuk Muimi-chan, siapa yang punya tidak pernah bisa melangkahi garis itu ke dalam hati Tomo-chan, ini akan tetap menjadi misteri abadi. Tetapi jika saya hanya untuk berspekulasi, jika saya berbicara dari apa yang saya lihat sebagai pasif pengamat, saya berani bertaruh bahwa dia tidak berbeda dari pusing gadis-gadis yang kami amati: Tomo-chan meninggal tanpa penyesalan. “Ruang makan mungkin sudah sedikit dibersihkan sekarang. ” Muimi-chan memeriksa waktu di arlojinya dan berdiri di dekatnya kaki. Mari kita cari makanan. Jika kita pergi ke Ryôyû Hall kita bisa mungkin mendapatkan tempat duduk. ” Hei, aku minta maaf, tapi maukah kamu pergi sendirian? Saya m tidak terlalu lapar. ” Oh, katanya, sedikit memiringkan kepalanya ke arahku. Dia mulai lepas landas, tapi kemudian berhenti dan menatapku kembali. Ngomong-ngomong, bagaimana kamu tahu

bahwa ulang tahun Mikoko ada April dan dia berusia sembilan belas tahun? Aku mendengarnya dari dia. ” Biarkan saya ulangi lagi bahwa: Mengapa Anda mengingat sesuatu seperti itu? Memori Anda benar-benar omong kosong. Tidak mungkin kamu akan mengingat detail seperti itu, biasanya. ” Itu pertanyaan kasar, tapi dia mungkin dibenarkan meragukanku, mengingat aku sudah benar-benar melupakan Akiharukun wajah. “Eh, well, aku punya alasan. Saya tidak akan membahasnya. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 6 Hmm? Katanya dengan tatapan bingung, tetapi tidak membukanya selanjutnya. Biarkan aku mengajukan satu pertanyaan terakhir juga, kataku. Muimi-chan, lakukan Anda tahu apa itu x over? Hm? Mungkin berarti x dibagi dengan kamu, kan? ” Ya benar. ” “Aku tidak tahu penjelasan lain. ” “Oke, jangan khawatir tentang itu. Terima kasih. ” Tentang apa ini? “Itu adalah pesan sekarat Tomo-chan. Saya tidak tahu apa itu berarti. ” Dia tampak agak bingung dengan kalimat pesan sekarat, tapi lagi, dia tidak membongkar. Mmm. Nah, sampai jumpa lagi, ”katanya setelah beberapa saat berpikir. Jangan lupakan Mikoko. Dia melambaikan tangannya saya dan meninggalkan ruang tunggu. Aku melambaikan tangan padanya. Dari sana, saya tinggal di bersantai sebentar, tidak memikirkan sesuatu yang khusus, adil duduk dengan linglung. Tak lama kemudian tenggorokan saya mulai sakit semua asap rokok, jadi saya berjalan ke luar. Saya menempatkan tangan ke sakuku, di mana ia menyentuh selembar kertas. saya menariknya untuk melihat bahwa itu adalah memo yang baru saja dimiliki Muimi-chan memberiku dengan alamat Mikoko-chan yang ditulis. Kurasa aku tidak punya pilihan. ” Mungkin saya seharusnya melihat ini sebagai kesempatan baik lainnya. Untungnya, kelas setelah pendidikan umum adalah a kuliah di mana profesor tidak pernah hadir. Saya mempertimbangkan opsi saya sekitar tiga detik sebelumnya menetap pada hari libur yang dinyatakan sendiri. Pada saat yang sama, saya memikirkan fakta bahwa ketika saya meninggal, bukan saja aku tidak akan menyesal — aku akan merasa lega. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 7 Dan, berjalan dengan semua orang yang hanya hidup sepenuhnya tanpa tujuan, saya meninggalkan ruang tunggu. Apartemen Mikoko-chan di Horikawa Oike bahkan lebih mewah dan indah dari Tomo-chan. Itu terlalu mewah untuk sebuah mahasiswa belaka; itu memiliki udara yang hampir luhur tentang hal itu. Sekarang. ” Bus menyetor saya di depan gedung apartemennya di sekitar jam dua. Namun,

waktu sekarang adalah 3:30. Jadi, melihat fakta secara objektif dan rasional, ini berarti saya telah menghabiskan satu setengah jam canggung hanya berdiri di pintu masuk gedung. “Apa yang dia lakukan selama itu? Kenapa, dia gemetaran sepatu botnya pada gagasan mengunjungi seorang gadis seusianya dalam dirinya apartemen tempat dia tinggal sendiri. Aku berkata dengan keras. Saya mencoba menegaskan kembali keadaan saat ini dan menerapkan a interpretasi pribadi, tetapi hampir tidak ada benarnya. Itu dibuat saya merasa agak bodoh. Tetapi jika saya memikirkannya, ini mungkin pertama kalinya saya membuat keputusan untuk mengambil tindakan, dan kemudian masih ragu-ragu ke titik bahwa saya tidak bergerak sama sekali. Jika itu adalah teman dekat, saya tidak akan melakukannya pergi sejauh itu untuk mempertimbangkan setiap kemungkinan kecil dan detail, tapi aku hanya mengenal beberapa Mikoko-chan hari (atau sebenarnya sejak bulan lalu). Itu tidak mengganggu saya, secara pribadi, tetapi saya tidak ingin secara tidak sengaja menempatkan Mikoko-chan dalam suasana hati yang buruk. Artinya, sebagai manusia yang secara pasif pasif, saya payah mengambil inisiatif. “Sobat, ini sangat timpang. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 8 Tetap saja, satu setengah jam agak banyak, bahkan bagiku. Itu lagi aku berdiri di sana, orang bodoh yang kurasakan, tetapi akhirnya aku berbaikan pikiran saya dan melangkah ke dalam gedung. Tidak seperti gedung Tomo-chan, tidak ada kunci otomatis di sini dan karenanya tidak perlu kunci kartu, tetapi ada keamanan kamera mengawasi lobi. Jauh lebih efektif daripada kunci otomatis, yang cukup mudah untuk dilewati. Tentu saja yang paling banyak metode yang efektif adalah apa yang mereka miliki dalam monster Kunagisa sebuah apartemen: seorang penjaga keamanan hidup nyata. Saya melihat memo yang saya terima dari Muimi-chan. Lantai empat, kamar tiga. Aku naik lift dan menekan empat. Saya tiba di lantai empat sesaat kemudian dan mulai menuruni jalan lorong sempit. Lalu saya melihat kamera pengintai di depan dari lift dan di kedua sisi lorong. Bukan keamanan agak terlalu ketat di sini? Bahkan toko serba ada tidak punya ini banyak kamera. Mungkin seorang selebriti besar tinggal di sini rahasia. Meskipun itu adalah Kyoto. Atau tunggu, mungkin memang begitu karena itu adalah Kyoto. Kepalaku penuh dengan renungan tak berarti ini, aku tiba di pintu kamar tiga. Memutuskan itu sejak aku membuatnya jauh, tidak ada gunanya ragu-ragu lagi, saya pergi ke depan dan

menekan tombol untuk interkom. Di dalam, aku mendengar bel berbunyi yang relatif normal, dan kemudian suara seseorang bergerak. Mengira itu, sebagai a Gadis, dia mungkin akan mengambil waktu bersiap-siap sebelumnya datang ke pintu, saya mempersiapkan diri untuk jangka panjang dan bersandar di dinding di belakangku. Oke, aku membuka sekarang! Apa ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 5 9 Wow. Itu sangat cepat. Saya kira saya seharusnya senang, tetapi sesuatu tentang hal itu memberi saya perasaan buruk. Dan sebagai pasif pengamat, firasat saya yang tidak menyenangkan membual 100 persen Tingkat akurasi. Sial Sesuatu yang besar datang. “Ini sangat terlambat untukmu, Muimi-chan. Telah melakukan sesuatu terjadi? K-chunk. Kunci terbuka dengan suara yang memuaskan dan pintu dibuka. Saya gagal menjawab, dan Mikoko-chan tidak bisa menjawab. Itu mati beku, dan ctrl + alt + del tidak akan memperbaikinya. Ah. ah. ah. Dia menjadi merah cerah, lalu pucat biru. Lalu kembali ke merah terang. Ciao, sapa saya, karena tidak ada ide yang lebih baik. Eeeeeyaaaaahhhh ! Dia mengeluarkan teriakan menusuk telinga pintu terbanting menutup dengan suara dan kekuatan yang luar biasa bahwa saya pikir seluruh frame mungkin pecah. Seluruh dunia terdistorsi sejenak, dan kemudian diam, seolah-olah semuanya tidak pernah terjadi. Nah, jika lebih buruk menjadi terburuk, setidaknya kamera keamanan bisa menjamin ketidakbersalahan saya sehubungan dengan teriakannya. Yah. sekali lagi. ” Dia masih memakai wajah paginya. Rambutnya semua berantakan, dan piyama cetak kelinci-nya sebagian kancing. Jadi reaksi Mikoko-chan untuk tiba-tiba dikonfrontasi oleh anggota lawan jenis tidak terlalu aneh Lagipula. Kenapa ? terdengar suara dari sisi lain pintu. Dia terdengar seperti dia baru saja menahan air mata. Atau mungkin dia tidak menahan mereka sama sekali. Kenapa-mengapa-mengapa-mengapa? apa yang kamu lakukan disana? Bukankah seharusnya Muimi-chan ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 0 akan datang? Ini seperti, sepatu karet Asagi Semimaru memecahkan kasus pemenggalan kepala kamar disegel pembunuhan segera, tetapi pelakunya tertangkap basah! Oh, kepalaku! Saya tidak mengerti ini! Mengapa? Sekarang tinggal sekarang! Kamu adalah hantu! Ini bohong! Mimpi! Mimpi buruk! Ah, sial, dia panik. Aku juga tidak melakukan pekerjaan yang bagus untuk menjaga ketenanganku, tetapi dengan dia mendapatkan ini bingung, saya mungkin bisa menjaga saya akal

tentang saya. Menarik. Jadi awalnya Muimi-chan berencana untuk datang mengunjunginya. Kemudian si pemalas itu lewat peran lebih ke saya, dan dia bahkan belum memberi tahu Mikoko-chan tentang saya t. Oke, kondisinya dikonfirmasi. Lanjutkan dengan otorisasi manuver. “Ini menyeramkan! Anda seharusnya tidak tahu di mana saya tinggal! Kamu ilusi! Ini semua iseng ganas! ” Yah, aku akan menjelaskan semuanya nanti, jadi biarkan aku masuk. Tidak gunanya berdiri dia berbicara seperti ini. ” Pergi! Cepat pergi! Tidak tunggu, maaf, jangan pergi! Saya akan membersihkan dan bersiap-siap, jadi tunggu sebentar! Silahkan! Dan lupakan apa yang baru saja kamu lihat! ” “Aku sudah melihatmu sekali, jadi apa masalahnya? Biarkan saja saya masuk ” Tidak! Dengan penolakan terakhir dan tajam itu, aku mendengar dia kembali ke kedalaman kamarnya. Ini diikuti oleh apa terdengar seperti pertempuran penuh. Dia mungkin sedang membersihkan. Dia benar-benar tidak perlu repot, pikirku sambil bersandar kembali ke dinding lagi. Saya menunggu setengah jam sebelum dia akhirnya biarkan aku masuk Sudah lewat jam empat. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 1 Struktur apartemen itu sendiri tidak begitu berbeda dari Tomo-chan, tetapi ada sejumlah furnitur yang konyol dan perabot lainnya. Sepertinya Mikoko-chan adalah seorang wanita yang menyukai harta bendanya. Itu tidak berantakan tempat, tetapi Anda tidak bisa menyangkal ada sedikit kekacauan. Tunggu sebentar, oke? Saya akan menuangkan teh. ” Dia mengenakan kamisol merah muda dan celana pendek. Pakaian terbuka kulitnya jauh lebih dari piyama dari sebelumnya, tapi aku tidak akan mengatakan apa pun. Rambutnya juga ditata dengan sangat apik. Saya t sepertinya dia telah menjadi orang yang sama sekali berbeda. Dia meletakkan cangkir di atas meja rendah. Tentu saja tidak diisi dengan air keran, tetapi dengan teh barley yang tampak lezat. Saya t ada tiga es batu di dalamnya dan terlihat bagus dan dingin. Dia menjatuhkan diri di hadapanku. Um-um-um. Begitu apa yang terjadi, Ikkun? Mungkin masih terguncang, dia bertingkah agak aneh. Jika dia telah berjalan di sekitar Shinkyôgoku, polisi keliling pasti akan menghentikannya. “Um, jadi ya, Muimi-chan seharusnya ada di sini sebentar lagi! Nya sudah melewati waktu kita seharusnya bertemu, ya Dewa, dimana gadis konyol itu? ” Eh, aku penggantinya, kataku, melambai agar dia tenang bawah. Wha! Serunya kaget, dan kemudian melintas dengan ambigu senyum yang seakan mengekspresikan kemarahan, rasa malu, sukacita, dan

beberapa hal lain yang saya tidak bisa meletakkan jari saya di semua waktu yang sama. “Muimi-chan yang aneh. ” “Hei, tidak apa-apa. Saya tidak berencana lama di sini, jadi adil santai. Saya mendengar Anda merasa sangat buruk, tapi saya senang melihatmu tampak cukup hidup. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 2 Oh. ” “Kata buruk sepertinya memacu reaksi darinya, dan dia menundukkan kepalanya. Mungkin saya tidak berhati-hati cukup dengan kata-kata saya, pikir saya, tetapi hanya itu saja cara saya tahu bagaimana mengucapkannya. Iya nih. Bukan hanya teman Mikoko-chan yang terbunuh; Mikoko-chan juga yang pertama melihat mayat temannya. Dia adalah orang pertama yang memiliki gambar yang masih, tak bernyawa tubuh dibakar ke retinanya. Dan gambar yang terbakar itu mungkin masih tetap, bahkan sekarang. Itu bukan sesuatu yang dia bisa baru saja bangkit kembali dari. “Jadi kamu datang ke sini karena aku belum sekolah dan Anda khawatir tentang saya? Ya. Ya, kira-kira seperti itu. ” Kenyataannya sedikit berbeda, tetapi saya kira begitu perbedaan dapat diabaikan. Kali ini dia melontarkan senyum bahagia yang langsung. Terima kasih! Semburnya. Aku sangat senang kamu datang! “Tidak ada yang perlu saya ucapkan terima kasih. Aku bahkan tidak membawa apa-apa. ” Saya menyadari ini ketika saya mengatakannya. Muncul ke orang lain rumah tanpa membawa apa pun mungkin cukup tidak masuk akal dari saya. Belum lagi fakta bahwa dia tidak merasa yah. Tetapi karena saya datang langsung dari sekolah, saya tidak melakukannya karena ada sesuatu yang bisa saya lakukan. Oh, tidak masalah, kata Mikoko-chan. “Bukannya aku lumpuh atau sesuatu. Hanya itu saja. jika saya pergi ke sekolah, saya tahu aku akan mulai memikirkan Tomo-chan. ” Tapi itu tidak seperti kamu tidak memikirkannya ketika kamu tinggal rumah, kan? ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 3 Yah, itu benar, tapi. Dia tertawa lemah. Tapi melihat kamu telah menghiburku Saya baik-baik saja. Saya akan pergi ke sekolah lagi mulai besok. ” “Aku benar-benar tidak berpikir masalah sekolah itu satu arah atau yang lain. Apakah polisi telah mengunjungi Anda? “Ya, beberapa kali. Seorang pria besar dan jenis wanita yang menakutkan. Tapi Lagipula aku adalah orang yang menemukan tubuhnya, dan ini adalah. kasus pembunuhan. ” Siapa yang bisa membunuhnya? Kataku, tidak banyak bertanya berbicara pada diriku sendiri, tetapi masih cukup keras sehingga Mikoko-chan dapat mendengar. Aku tidak tahu. ”Responsnya yang

lemah bukanlah kejutan. Tomo-chan bukan tipe gadis yang bisa membuat musuh. Itu tentunya. ” “Ya, itu juga yang dikatakan Muimi-chan. Tapi saya ingin tahu. berbicara secara realistis, apakah mungkin untuk hidup tanpanya dibenci atau tidak disukai oleh siapa pun? Saya ragu tentang itu. ” Hah? “Aku pikir ada baiknya mempertimbangkan kemungkinan bahwa hanya kamu saja merasa seperti itu tentang Tomo-chan karena kalian berdua begitu teman baik, pada kenyataannya, seseorang di luar sana tidak suka dia. Bahkan jika kebencian itu tidak pantas. ” Dia tumbuh diam tak tertahankan. Dia memakai ekspresi seperti itu rasa sakit yang saya katakan permintaan maaf. Maaf. Dia mungkin punya telah bertindak kuat, tetapi dia masih tidak dalam kondisi untuk membahas hal-hal seperti ini. Aku seharusnya tidak datang ke sini, ya? Hah? Mengapa? ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 4 Aku benar-benar tidak bermaksud agar dia mendengarkanku. Tapi wajahnya berayun kembali padaku. Dia sudah mendengar. “Ikkun, itu tidak benar. Saya m senang kau datang. ” Ayolah. Anda hanya berusaha terlihat ceria karena Saya di sini, kan? ” Seorang teman dekat, yang bisa berbicara terus terang padanya Muimi-chan, akan jauh lebih baik dalam situasi ini. Tapi itu tidak benar, dia bersikeras. Bahkan jika aku hanya berakting, semakin aku melakukannya, akan semakin benar, kan? Saya baik-baik saja. Saya m sangat senang kamu datang. Bahkan jika kamu hanya melakukan apa Kata Muimi-chan dan kamu benar-benar benci berada di sini. ” Aku tidak benci berada di sini. Jika saya membenci sesuatu, saya katakan begitu. ” Sangat? “Tidak, aku hanya berpikir aku akan mencoba mengatakannya. Aku sebenarnya cantik mudah untuk didorong. ” Aku tidak meragukan itu, dia setuju. Aku menghela nafas dan merentangkan tangan. Semua selain bercanda, bagaimana perasaan Anda sebenarnya? Apakah Anda akhirnya mulai? untuk mengatasi kejutan itu? Ya, aku baik-baik saja. Hanya saja. Matanya bergeser ke kanan. Aku mengikuti tatapannya untuk melihat bahwa ada tumpukan tumpukan koran dan majalah tergeletak di sekitar. Umm, apakah kamu keberatan? jika saya berbicara tentang ketika saya masih di sekolah dasar dan semacamnya? Pergi untuk itu. Aku akan mendengarkan. ” “Itu ketika saya di kelas tiga. Bangunan saya kelas sedang dalam menjalani konstruksi, sehingga truk dan buldoser terus-menerus datang dan pergi. Tapi suatu hari, ada semacam nyaris celaka, dan sebuah truk membawa muatan besar pasir menabrak gedung kelas

satu. ” “Astaga, aku tidak akan menyebut sesuatu sebesar itu nyaris saja. '” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 5 Yah, mungkin tidak. Dinding itu hancur, dan pasir tumpah ke ruang kelas, mengubur beberapa siswa kelas satu. Saya t berantakan. Tapi tahukah Anda, kami masih anak-anak, jadi bagi kami itu hampir seperti acara yang menyenangkan. Muimi-chan menjadi liar, berselancar di gundukan pasir dan semacamnya. ” Heh. Dia benar-benar tampak seperti dia akan seperti itu anak yang baik. Jadi, keesokan harinya. Saya bangun lebih awal dan pergi membaca Koran. Siapa pun akan bangga memiliki sekolah mereka disebutkan di koran, kan? Maksud saya, itu hanya karena kecelakaan itu terjadi di sana, jadi itu bukan apa-apa untuk dibanggakan, tetapi hanya gagasan bahwa sekolah saya 'masuk kertas-kertas itu sudah cukup untuk membuatku bahagia. ” “Yah, kamu hanya anak-anak. ” Tapi kamu tahu apa? Itu tidak ada di koran, ”katanya napas muram yang tidak biasanya. “Bagiku, itu sangat besar Insiden, tetapi di tingkat nasional, itu bukan masalah besar sama sekali. saya tidak ingat apa artikel utama hari itu, tetapi di saat itu, rasanya seperti seseorang memberi tahu saya, 'Kamu keberadaan tidak layak jongkok. “Sesuatu yang sangat menakjubkan bagiku tidak berarti apa-apa untuk semua orang. Itu yang paling menyedihkan perasaan. ” “. ” Aku merasa agak sama sekarang, katanya, menunjuk ke tumpukan koran dan majalah. Saya bisa melihat di mana dia datang dari. Kisah pembunuhan sensasional seperti Kyoto ini Prowler adalah satu hal, tetapi surat-surat itu tidak mungkin tinggal sangat lama pada sesuatu yang biasa (maaf mengatakan) sebagai pembunuhan seorang mahasiswa di apartemennya. Itu akan menjadi berita hari berikutnya, dan mungkin yang terbaik berikutnya. ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 6 Tetapi bahkan kemudian, itu akan menjadi artikel singkat yang tidak mengambil terlalu banyak inci kolom. Saya menjadi diam. Mikoko-chan juga melakukan hal yang sama. Kami tetap di benar-benar hening seperti ini untuk sementara waktu, tapi dia yang pertama untuk memecahkannya, dengan pertanyaan yang membingungkan arah baru. Ikkun, apakah kamu sudah pergi barang antik atau apa pun dengan Asanosan sejak hari lain? Hah? Aku berkedip padanya. Apa? Maksud kamu apa? Aku. Oh maafkan saya! Saya tidak tahu dari mana asalnya! saya tidak bermaksud menanyakan itu! ” Tidak masalah. ” Sekarang bagaimana dia tahu bahwa saya pergi dengan barang antik Miikosan terkadang? Tidak mungkin Miiko-san

mengatakannya sesuatu yang pribadi padanya. Kalau dipikir-pikir, sepertinya ingat bahwa saya mungkin telah berjanji untuk pergi bersamanya lagi. oh, ya, itu benar. Apakah Mikoko-chan terjaga saat itu? Apakah itu mengganggumu? Tanyaku. Apa apa apa? Apa yang mengganggu saya? Saya bertanya karena saya pikir dia mungkin merasa tidak enak Saya harus berjanji untuk pergi antiquing dengan Miiko-san hanya untuk mengucapkan terima kasih dia untuk menempatkan Mikoko-chan untuk malam itu, tapi ini gugup Reaksi itu tidak seperti yang kuharapkan. Tidak ada membaca gadis ini. “Pokoknya, jangan biarkan itu mengganggumu. Kami sering melakukan itu. ” Kamu melakukannya? Ya. Dia suka barang antik sedikit. Apakah dia menunjukkan kepada Anda di dalam lemarinya? Sekecil ruangan itu, dia tidak akan berhenti membeli barang antik. Saya kira dia menjualnya setelah dia menikmati mereka untuk sementara waktu. Dia mengatakan seni bukanlah sesuatu yang satu orang harus memonopoli. “Namun, pada saat yang sama, dia ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 7 Dia sendiri bukan orang suci. “Pada dasarnya aku di sana untuk membawa barang-barangnya. Bahkan pria sepertiku memiliki kekuatan dasar, dan mereka mengatakan padamu harus selalu meminjamkan apa yang Anda miliki kepada orang lain. Saya tidak terlalu tertarik pada barang antik, tapi itu tidak berarti aku benci mereka atau apa pun, jadi jika dia bertanya padaku, aku pergi. ” Hah. Saya melihat. Jadi kamu dan Asano-san keluar. banyak. dan barang-barang. Untuk beberapa alasan suaranya menghilang. “Tidak banyak, sungguh. Tapi Anda tahu, dia sudah di Kyoto untuk lama. Dia bilang dia tinggal di sini sendirian sejak dia putus sekolah. Saya meminta dia untuk menunjukkan kepada saya semua kuil Budha dan kuil sekali ketika kami barang antik, seperti Kuil Seimei dan Jalan Bertuah. Melakukan kamu kenal mereka? ” Ya. Ya, saya tahu nama-nama itu. Saya tidak begitu tertarik dalam hal itu. ” Hah? Bukankah kamu bilang kamu kenal Kyoto cukup baik? ” Bagaimana dia bisa mengenal Kyoto dengan baik jika dia bahkan tidak tertarik di kuil dan tempat suci? Oh, uh, yah, kamu tahu, yadda yadda yadda, katanya, terang-terangan menghindari pertanyaan itu. Kenapa kamu hanya ingat hal semacam itu? . Eh, maksudku, kamu dan Asano-san harus cukup dekat kalau begitu, ya? ” Percakapan ini mulai terdengar akrab. Dia sangat menutup seluruh subjek Miiko-san. Punya sesuatu terjadi di antara mereka? Saya tidak bisa membayangkan apa yang mungkin

terjadi telah terjadi hanya dalam satu malam. Kenapa dia mencoba begitu sulit untuk menyatukan aku dan Miiko-san? Itu tidak berhasil banyak akal bagiku. Ya, well, dia orang yang sangat menarik dan semuanya, aku kata. Tapi kita tidak 'dekat,' per se; dia agak mengurus ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 8 saya. Seperti kadang-kadang dia meminjamkan saya mobilnya. Ini Fiat 500. Kamu tahu, Fiat 500. ” Hah. yah, mungkin tidak apa-apa kalau begitu. ” Rupanya tidak tertarik pada mobil apa pun (dia) mengendarai 'berlari,' setelah semua), dia membiarkan kata-kata saya melewati dia dan mulai mengoceh tentang sesuatu yang saya tidak mengerti. Aku ingin tahu apakah dia keberatan kamu datang ke rumah gadis lain seperti ini. ” Hah? Oh Uhh, apa kamu menyuruhku pergi? ” “Tidak, bukan itu maksudku! Maksudku, kau berkencan dengannya dan sebagainya, kan? Jadi, maksud saya. Sialan, Ikkun, kau peniti! dia menjerit, membanting tangannya di atas meja, wajahnya cerah merah. Mengapa dia menjadi sangat emosional tentang ini, saya benar-benar tidak ada ide. Yang bisa saya lakukan adalah bingung. Sepertinya itu semua sangat tidak masuk akal bagi saya, tetapi jelas bahwa kehadiran saya hanya membuatnya marah. Aku tidak benar-benar mengerti, tapi aku minta maaf, kataku. Ahhh, erangnya. Baiklah, biarkan aku mengatakannya dengan cara lain. Kamu dan Asano-san pergi belanja dan barang bersama, kan? ” Yah begitulah. Tidak menjalankan titik ke tanah atau apa pun. ” Jadi, apakah kamu akan pergi berbelanja dan barang-barang bersamaku juga? Logikanya di sini di luar pemahaman saya, tetapi dia Wajahnya ditulis dengan tatapan yang tulus dari apa yang hanya bisa digambarkan sebagai putus asa terakhir-parit yang aku tidak bisa tahan untuk menunjukkan itu. “Ya, kurasa aku akan melakukannya. Tidak ada alasan untuk tidak melakukannya. ” Sangat? Tentunya? Anda tidak hanya mengatakan itu karena Anda berada di tempat? Seluruh tubuhnya condong ke depan seperti hidupnya bergantung jawaban untuk pertanyaan ini. Dia mengunyah bibirnya. Dia ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 6 9 mencari seluruh dunia seperti anak kecil yang akan memulai menangis. Emosinya terekspos begitu jelas sehingga ada tidak mungkin Anda mengira dia adalah seorang mahasiswa giliran sembilan belas. Kau benar-benar terpaku pada ini. Apakah sesuatu terjadi, oleh ada kesempatan? Jawab pertanyaannya! Maksudku. mungkin Saya bisa berjanji, jika Anda mau. ” Sangat? Anda benar-benar bersungguh-

sungguh? ” Aku tidak berbohong. Sebagai aturan umum. ” Kamu benar-benar bersungguh-sungguh? Jika ada sesuatu yang ingin kamu beli, tentu saja. ” “Ini janji! Jika kamu lupa, aku akan marah! ” Baik. ” Terkejut oleh Mikoko-chan, aku pergi dan membiarkannya menarik sebuah janji dariku. Tapi itu bukan hal yang mengerikan, jadi saya memutuskan untuk membiarkannya. Akhirnya, ini sepertinya menenangkannya, dan dia melanjutkan untuk minum teh di cangkirnya dalam satu teguk. Ahh, desahnya. Saya minta maaf. Sesekali saya mendapat sedikit emosional dan saya bahkan tidak tahu apa yang saya katakan. ” Kadang? Apakah Anda hanya mengatakan sesekali? Er, well, sepanjang waktu, dia mengangguk, malu-malu. Hah. Kejutan kematian Tomo-chan. Tentu saja Mikoko-chan tidak sepenuhnya melupakannya, tapi setidaknya dia tidak terlalu sedih dia berpikir untuk mengikutinya dengan melakukan bunuh diri atau apa pun. Entah bagaimana dia menjaga dirinya bersama. Beberapa hal yang dia katakan tidak menghasilkan banyak akal, tapi itu bisa dimaafkan. Sepertinya dia baik-baik saja untuk itu ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 7 0 saat ini. Dia mungkin sebagian besar akan pulih oleh Sabtu. Yah, itu untukku hari ini, kataku, mulai bangkit. Saya m takut aku harus pergi. ” Apa apa apa? Anda sudah pergi? Oh, maaf, saya Apakah Anda menempatkan suasana hati yang buruk, bukan? Aku bilang aku tidak berencana untuk tinggal lama ketika aku sampai di sini, kan? Baiklah, mari kita bertemu lagi segera. ” Ah, um! Katanya, menghentikan saya ketika saya mencoba untuk pergi. Um. um, Ikkun. ” Apa? Um. Dia agak ragu, agak, agak, dan berpikir beberapa saat sebelum dia berbicara. “Bagaimana menurutmu Tomo-chan ingin mengatakan bahwa terakhir kali Anda berbicara dengannya? Katanya. Panggilan telepon terakhir. Tomo-chan mencoba memberitahuku sesuatu. “Aku tidak tahu, sungguh. Hari itu adalah pertama kalinya saya bahkan berbicara dengannya, jadi bagaimana mungkin aku bisa tahu sesuatu seperti itu? Saya bahkan tidak tahu mengapa dia berbicara kepada saya. Tapi, Mikoko-chan, kamu pasti punya ide, kan? ” Aku. Dia menjatuhkan kepalanya ke bawah. Aku tidak tahu. Bukan saya bahkan punya petunjuk. ” “. ” Karena Tomo-chan tidak pernah berbicara dengan siapa pun. ” Dia tidak pernah berbicara. Dia tidak pernah membuka diri terhadap siapa pun. Dia membuatnya berhati-hati jarak. “Rasanya pertemanan kami berlangsung tanpa bisa dipecahkan lembaran kaca. Dia tidak pernah memberi tahu saya apa-apa dirinya sendiri, tentang apa

yang dia rasakan di dalam hatinya. ” “. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 7 1 Lalu mengapa orang seperti itu berusaha untuk berbicara saya? Omong kosong, gumamku keras. Hah? Apa? Aku ragu aku akan mendapat banyak jawaban darimu tentang hal itu keadaanmu saat ini, jadi aku tidak akan banyak bertanya, tapi Mikoko-chan, maukah Anda menjawab hanya satu pertanyaan ini untuk saya? Wh. Dia memasang ekspresi bingung. Apa? Apa yang kamu pikirkan x over y artinya? Dia memikirkannya sejenak. Aku tidak tahu, jawabnya. Oh begitu. Bagaimana tentang itu. Saya mengangguk dan berkata, “Baiklah, sampai jumpa di sekolah. Maaf saya terganggu kamu. Dengan itu, saya meninggalkan apartemennya. Saya keluar bangunan dan mulai merenungkan apa yang harus dilakukan selanjutnya. Horikawa Oike. Ada jarak antara apartemen dan apartemenku, tapi meski begitu, aku mungkin bisa sampai di rumah sekitar tiga puluh menit berjalan kaki. Rasanya seperti membuang-buang uang repot naik bus, jadi saya memutuskan untuk berjalan saja. Tidak pernah terlintas dalam pikiran saya bahwa pengusaha terbesar di dunia mungkin sedang menunggu di kamarku. Di dekat apartemenku, di dekat Senbon-demizu, aku bertemu Miiko-san, yang keluar untuk berjalan-jalan, jauh dari dunia. Kapan dia memperhatikan saya, dia mempercepat langkah luar biasa cepat untuknya dan datang untuk menyambut saya. Yo. ” Halo. Di perjalananmu ke tempat kerja? Tidak. Hari ini saya akan ke Gunung Hiei. ” ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 1 7 2 Ahh, dengan Suzunashi-san? Dia mengangguk. Suzunashi-san, nama lengkap Suzunashi Neon, adalah teman dekat Miiko-san. Dia bekerja paruh waktu di Enryaku Kuil di Mt. Hiei di Prefektur Shiga. Beberapa memanggilnya “Kekerasan Neon. Lainnya, Blackout Suzunashi. Dia baik hati seorang wanita keren, tetapi cenderung membalik secara acak. Saya sesekali melihatnya sendiri, tetapi dia akan menceramahiku tentang sesuatu setiap waktu. Untuk seseorang yang begitu muda, dia anehnya suka mengajar orang lain. Itu bukan satu-satunya pelajaran utama baginya masalah kepribadian, tapi aku menyukainya kurang lebih seperti aku menyukai Miiko-san. “Sepertinya dia ingin nasihat tentang sesuatu, jadi aku pergi ke sana. Saya akan kembali besok, jadi awasi hal-hal di sini sementara itu. Jika seseorang datang untuk melihat saya, dapatkan nama mereka dan beri tahu mereka apa pun yang Anda inginkan. Jika itu seseorang yang tampak aneh, jangan khawatir tentang itu. ” “Uhh, tentu, tidak masalah, kurasa. ”

“Juga, kamu punya pengunjung. ” “Seorang pengunjung? Untuk saya? “. ” Yup, dia mengangguk. “When I noticed her, she was breaking into your place. Dia had a little pizzazz about her.Or rather, a ton of pizzazz. saya don't know who it was, but her gender appeared to be female. She didn't seem to be up to anything in particular, so I just let it be. ” A female? What woman was likely to come visit my place? I didn't have many friends to begin with, so it seemed like I should've been able to narrow it down pretty easily.But the way things had been going lately. “Was she about this tall? If so, it was that detective. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 7 3 Tidak.That was no detective.Detectives don't look like that,” she affirmed with confidence.“Besides, I've met that detective you're talking about.I never forget a vibe I get from someone.Oh yeah, and there was a car parked by the apartment that looked like it was probably hers.Maybe it'll give you a clue.Well, see ya,” she said, and made her way towards the parking lot.Today's jinbei had the word Tranquility printed on the back.Yep, she was in a good mood today, possibly because she was going to see Suzunashi-san. But what did Suzunashi-san want with her anyway? Dia was the type of person who rarely called on others, so I couldn't get it out of my head.And just what kind of “advice” was she seeking? She may have liked sticking her nose in other people's problems, but when it came to sharing her own problems with others, Suzunashi-san was wholly passive. “Something's odd here. ” But the more pressing issue for me right now was: Who was this “visitor” currently waiting inside my apartment? If it wasn't Sasaki-san, who was it? There was always Muimi-chan and Mikoko-chan, but it was unlikely to be either of them. And Kunagisa was an all-out shut-in, so it was highly improbable that it could've been her. I turned onto Nakadachiuri. “Gah. ” Suddenly, everything was clear.Parked on the shoulder of the road, as if to say that it was above all traffic laws, was a spectacular bright red Cobra.Completely out of place in a city like Kyoto, it was a monstrous, incredible specimen of machinery. “Oh my God.I don't want to go home. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 7 4 I seriously considered the idea of running straight to Kunagisa's place, but based on personal experience, I could imagine the cruel fate that would be in store for me if it were ever revealed that I'd attempted escape.Giving up, I went back to the apartment, dragging my feet all the way. I climbed up the stairs and headed for

my room.The fact that my locked door was no longer locked didn't surprise me. This was a woman who could mimic voices, pick locks, and read minds: The most difficult task was for her as easy as bernafas.I opened the door to see the private contractor, adorned in a wine-red suit as dark as blood, sitting on the windowsill with legs crossed, as if her presence were the most natural thing in the world. Uncompromising. Aloof. “Hey, Aikawa-san. ” “Didn't I tell you not to call me by my last name?” “Hey, Jun. ” She gave me a slightly cynical grin. Aikawa Jun. Mankind's greatest private contractor.I had met her a month ago through the great fiasco that had occurred on that island.She left me that day with the cool line, “If our fates are linked, we shall meet again,” only to show up to hang out at my university the next day.She was kind of weird like that. And what's more, she spent the following week making me do her bidding, not even allowing time for sleep, until finally having to leave Kyoto for a job.Speaking from that experience, she was a woman with whom I didn't particularly want to get involved.She was perhaps the most unnerving person I had ever met. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 7 5 Looking at her with all the objectivity I could summon, she was extremely wild—and she was a beauty of such wicked allure it was hard to resist her.She had any number of eccentric mannerisms.And she was completely unapproachable. She looked at me, searching my expression.“You don't seem at all surprised to see me. ” “Oh, no, I am.So you're back in Kyoto, huh?” “Yeah, well, y'know, duty calls.We can talk about that later, though.Ahh, I get it.You saw the flashing car outside and it tipped you off, huh?” “No, actually the girl next door told me. ” “Aw, and I was being extra careful not to be noticed. Bahwa makes me extremely.” Aikawa-san's expression grew sharp as a knife for a moment, but it was only for a moment before she reverted back to her normal sardonic smirk.“Eh, whatever,” dia berkata. I removed my shoes and stepped into the room, then made my way straight to the sink.I poured a cup of tap water and served it to her.“Enjoy,” I said. “Muchas gracias,” she replied, and drank about half of it before placing it on the windowsill. Geez, she took it as if there was nothing unusual about it. Just once I wanted to see Aikawa-san get surprised about sesuatu. “So what's going on? Why are you back in Kyoto?” “I said I'll tell you later.More important, allow me to apologize for the period of neglect.But hey, you've got a nice place here.It's the perfect environment. ” “Exactly where do you see

that?” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 7 6 “That's not what I mean.Come on, you know what I mean, don't you? Yah, terserahlah.So what've you been up to lately, anyway?” “Nothing, really.I'm just your average university student. I'm not living some yakuza lifestyle like you. ” “Just a regular old student, huh?” she said, chuckling. “What's so funny?” Tidak ada.Oh, except for the fact that you apparently define 'average' as someone who starts nosing around when one of his classmates is murdered, and maintains friendly relations with serial killers. ” “. ” “Ooh, there's that surprised look.You've made me happy. ” She jumped down from the windowsill and plopped herself down cross-legged on the tatami floor.Whether this was something she felt compelled to do because she was wearing such a short skirt, I wasn't sure, but either way, I kind of wished she hadn't. “How do you know about that stuff?” “How do you think I know?” She grinned with unbridled elation.But I had no idea what lurked behind this unbridled elation.I was expending copious amounts of energy just standing here talking to her like this.What's more, she was a mind reader of the highest order, so my emotions were all leaking out of the pipes.It felt like we were playing poker, but with my hand faceup on the table.She sure didn't make such things easy.She was like a piece of food that you couldn't eat no matter how long you boiled and grilled it. But as long as she didn't want something out of you, she was a nice person, I guess.She was my type and all. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 7 7 “I have no idea,” I said.“Not even a clue.It's not like I can ever tell what you're thinking. ” “Think.And then face it, man.I'm a lone wolf, but I've got a quite a number of friends, in Kyoto and out. ” “Hey, that's really something.It's great to have a lot of friends.Even I can acknowledge that.I'll acknowledge it right sekarang.So what friends would you be referring to in this case?” “For example, Sasa Sasaki. ” “. ” “Ikaruga Kazuhito. ” “. ” “Kunagisa Tomo. ” She pulled a single envelope from her black bag. “Here you go, it's from your sweet, sweet Kunagisa. ” Untuk saya? Ya.She said it's the 'thingy' she promised. ” I accepted the envelope. Nah, bagaimana dengan itu.She must have paid a visit to Shirosaki before coming to my apartment. While I was just your everyday, boringly average university student, Kunagisa Tomo was, with all her eccentricities, an expert computer specialist.She and Aikawa-san knew each other fairly well. As ordered by Aikawa-san, I thought for a moment. Saya t looked like

she had come back to Kyoto for a job.Then she had gone to Kunagisa for help with said job, just as I had gone to her for help investigating Tomoe's death.Then when Aikawa-san went to visit Kunagisa, Kunagisa had decided to use her as a messenger.Was that what happened? Tapi . something was missing.There was no reason Kunagisa should have to ask Aikawa-san to do such a thing, and there was no reason Aikawa-san should agree to do it. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 7 8 This brought a much uglier scenario to mind, and it wasn't purely theoretical.To be more specific, Aikawa-san was. “Well, now there's just the simple matter of collecting your fee.Tell me what you know about your pal, the Kyoto prowler. ” Aikawa wasn't a messenger—she was the collector. “Jun-san, you mean you came to Kyoto. ” Ya.To have a little chat about morals with that psychotic nutjob. ” Aikawa-san made her living as a “private contractor.” This involved anything and everything.Simply put, she was a jackof-all-trades, a multitalented freelancer who didn't limit herself by specializing in any one particular field.Whether it was walking dogs, solving locked-room murder mysteries, or catching mass murderers who had already cut up ten people into little pieces, as long as there was money involved, she would take it on.Granted, there probably weren't too many nuts out there offering a big stack of cash just or walking their dog.At any rate, she lived out each day “accomplishing the impossible”—never bothering to make the distinction between legal and illegal. Be that as it may. “The Kyoto slasher claimed a twelfth victim yesterday. Seeing as you lived in another country for so long, maybe you don't realize this, but that number is unprecedented in Japan. This kind of incident simply doesn't happen in Japan, much less in a provincial city.What's more, the identity of the killer is a complete mystery.At this point, it's going to require government intervention. ” “And so you've been called upon?” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 7 9 Dia mengangguk.“It sounds like there are other people at work on the case as well—Public Welfare, Walker, Texas Ranger—frankly, I don't really know who.Unfortunately, I don't have a lot of horizontal ties.At any rate, my job right now is just to stop that maniac from claiming more victims. ” “Did Sasaki-san hire you?” “Can't tell you that.What do you call it again? The code of confidentiality? Business ethics? Trade secrets?” She gave a comical little shrug and laughed.“Anyway, it seems a lot more worthy of my time than that

crazy fiasco on Wet Crow's Feather Island ever was.That's for sure. ” Worthy of her time.That's all she had to say in regard to the grisly murderer who had already chopped up twelve people.The idea of taking on this anonymous monster didn't frighten her in the least.On the contrary, she was so laid-back about the whole affair you'd think she was sashaying on her way to a picnic. Suddenly, I realized all over again just how dangerous this crimson woman was. And I also realized that I was currently face-to-face with said danger. Sekarang.I heard from Kunagisa-chan that you know a thing or two about all this.I don't suppose you'd mind filling in your favorite big sister—I am like a sister to you, aren't I—on the details now, would you?” she said in a soft, coaxing voice, like one might use to address their pet cat, as her fingers crept up my face.It wasn't that I particularly minded that voice, but the speaker herself was either a tiger or a panther, and it was more than a mere tabby like me could resist. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 8 0 Damn that Kunagisa.What ever happened to helping each other out? Without the slightest hesitation, she had sold me out. “What's your problem? Why are you clamming up and looking away? You're being awfully uncooperative.Don't tell me you're not going to tell me.Are you breaking your contract? You promised this in exchange for what's in that envelope, didn't you?” “Well, yeah, but I said I'd tell Kunagisa, not just anybody. Jika I went and told you, it would be.what's the word? A betrayal? Immoral? Divisive? Rebellious? Terserah.The bottom line is that it feels like backstabbing, and that's just not my benda. ” “Excuse me?” she said, her voice suddenly much more stern.If looks could kill, I would already be dead. Yang sounded a lot better than what was really in store for me. “Are you saying you can tell Kunagisa but you can't tell saya? Well goddamn.I had no idea you were such a cold son of a bitch. Begitu, begitu.Gee, you make me sad.So you'll listen to Kunagisa, but you won't listen to me? I had no idea you were such a tough guy. ” Tidak seperti itu.It's just that with Kunagisa, no matter what you tell her, she's harmless.But you're planning on taking some kind of action, right? Getting myself directly involved with something like that, well.it's just not in my nature. ” “Excuse me, did you just call me harmful?” Yah.aren't you?” As if she herself were aware of this, she refrained from objecting to my remark, instead murmuring to herself thoughtfully. She was, to a certain degree, someone who might listen

ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 8 1 to reason.Once you had surpassed that degree, however, well, you can imagine what happened then—that is to say, it would backfire. “Kunagisa will probably just tell me anyway.That girl has a big mouth.I figured I might as well just cut out the middleman and come straight to the source. ” “Er, yeah, I know, but.I just have my own reasons, or rather, uh. ” Hm? Ahhh, ah-ah-ah, I get it! Well, why didn't you say so?” she said with a wickedly and ghastly grin. Dia memberi isyarat to me.Each stroke of her hand was so alluring, so graceful, that it was mesmerizing. “Uhh, you get what, exactly?” “Just come to me.I'll tease you to your heart's delight. ” Seeing that I still wouldn't budge, Aikawa-san instead crawled over to me on all fours.She stared up at me with a challenging, provocative gaze.She nestled her body into mine and wrapped her arms around my back, forcing all of her weight upon me.She applied some pressure, digging her nails into my back. Sekarang.What were you saying?” “Um, I'm terrified of you. ” “By the by, did you know that my index finger is perilously close to jabbing through your ribs into your liver?” “. ” “Don't tense up so much.It's bad for you.It'll make your flesh all stringy.So just out of curiosity, who do you think is scarier—me, or the serial killer?” As she said this, she ran her tongue down the carotid artery on the right side of my neck. The pleasure I felt from this delicate sensation, along with the ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 8 2 more pressing sense of fear that she might actually take a gigantic bite out of my neck, bored their way into my brain. Sialan. Indeed, the serial killer did make for better company than ini “Jun-san.I'm sorry, but I'm going to have to say no. ” “Oh, go right on ahead.But if you do that I won't tease you like this anymore. ” “. ” “Either way is fine by me.It doesn't change the fact that you're going to talk.I've already decided that I'm going to have you tell me about this killer. Itu fakta.But since you're a friend, I just thought I'd ask first.Now do you want me to be nice? Or do you want me to make this painful?” “Uhh.what's the difference?” The fact that we were in this embracing position was my one saving grace; I didn't have to see her face, and she couldn't see mine.But even still, my cold sweat and pounding heart probably betrayed my terror. “What do you think is the difference?” Chomp.She bit down on my neck.She literally had my life in her clutches.Softly, teasingly, she dug her canines into my skin, but at the same time worked a healthy

amount of saliva onto her tongue, licking my flesh between her lips, rubbing her body against mine, running her fingers down my kembali. “Okay!” I said, using every ounce of strength to pull myself away from her.“I won't disobey you anymore! Please forgive me!” Sitting a little apart from me, Aikawa-san responded with a sly yet somehow innocent smile. “Don't get so serious.It was just a little joke,” she said. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 8 3 “Yeah, a bad joke.Bad for the heart, anyway. ” Ha ha ha.Actually, I'm relieved.You're a healthy young man after all. ” “Come on, give me a break. ” I had to calm down.So I chugged down a cup of water. Saya t didn't take long for my heartbeat to slow down, but the cold sweating was out of my control. I am no good at dealing with this woman after all.I should have just run straight to Kunagisa's place without worrying what might happen later. “Really now, this is nonsense. ” After that, Aikawa-san managed to fish out of me every last detail about Zerozaki Hitoshiki, no stone left unturned. saya tried my best to weasel out of revealing the key facts, but with her ability to read my mind, I wasn't especially successful. Every time I tried to hide something, she would see right through me and threaten me, and then either through coercion or trickery would pry the answer out of me.It served to remind me that I was basically her prisoner. The person known as Zerozaki.His appearance, build, and clothes at the time we met.The way he spoke.The circumstances surrounding our first meeting.What we talked about. Even the details of our secret infiltration of Tomo-chan's apartment.Aikawa-san drew all of it out of me.At least, as much as I could remember. It wasn't like Zerozaki and I were friends.We were just of the same breed, and we were like mirror reflections of one another.We hadn't exchanged any sort of promise, and he wasn't preventing me from talking. Nevertheless, I felt so spineless it was a wonder I didn't collapse. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 8 4 Hmm.” After all that, Aikawa's smile disappeared and her expression grew more serious.She thought to herself in silence for a few minutes.“So this guy.Zerozaki, was it? Like zero and zaki put together?” Ya.At least, that's what he calls himself. ” “Zerozaki Hitoshi.ahhh, that's a nasty name. ” Aikawa-san looked truly irritated, like the whole thing was just a big hassle.It was the first time I had ever seen her wear such an expression.It was almost refreshing. Maksud kamu apa? What's wrong with it?” “No, no no no.On second thought, maybe a 'nasty

name' isn't the right expression.But 'Zerozaki'? Sure is an unusual nama. ” “Oh, but you know, it might not be his real name. Bahwa guy's no fool.I doubt he would give someone his real name on a first encounter. ” “That's beside the point.Even if it's an alias, the fact that he would choose an alias like 'Zerozaki' is proof that he's a nut.And if it is his real name, well. ” She began thinking in silence again.Once this lady started thinking about something, she sank into her own world, and if you were there beside her, it felt like you had become invisible.But then again, even an invisible man still exists. Di this case it was more like you had become empty space. “Even as a joke, there isn't an idiot on this earth who would announce himself with a 'killer's name' like that. 'Zerozaki,' huh? Damn, that's right above 'Susukino' in rank, bukan? I guess it's still better than 'Niounomiya' and 'Yamiguchi,' but you know, I actually hope it is just an alias. Or better yet, just a case of two people having the same last name by coincidence.But there's no way that's it.There's no way something that convenient would ever happen to me. Wow.so even Kunagisa, even an ex-member of the 'team' was of no use. ” “Uh.is there something wrong with the name 'Zerozaki'?” “Yeah, there is.It's about as terrible as names come.It's so bad that to us, the worst possible insult you could call someone was a 'Zerozaki.' That's how bad it is.I don't really want to bother explaining any deeper than that.To be perfectly honest, I don't want to have the slightest thing to do with the 'Zerozaki Ichizoku,' and that includes giving explanations.Eh, but actually it's the name itself that I don't like.In this case, the individual is essentially irrelevant.He's probably just some irregularity. mungkin But is this guy really the Kyoto Prowler?” “Yes, that's what he said. ” “So you didn't actually witness him in the act? You're just taking his word for it?” “Well, you could say that,” I said, nodding. Hmm.So then there's a chance that he might be some delusional, lying bastard who's just saying this stuff. ” “Yeah, there's definitely that chance.I mean, I didn't get that impression, though. ” Sangat? Come on, he's got a big tattoo on his face, right? And it covers the entire right side.Even in Chicago he'd be a freak.He's been standing out like that and he's still able to escape the cops without leaving a single clue behind?” Ya, baik. ” Naturally, I had considered this possibility myself as well. But having heard what he had to say, there was no basis on

which to call him a fake, and frankly, I didn't care all that much to begin with. Whether it was him or not, it didn't make much of a difference to me.Maybe he wasn't the prowler. “That guy is a murderer without a doubt,” I said to Aikawa-san.“Aikawa-san, you must know that I haven't lived the most decent life, right? In Kobe, Houston, even here.Hell, even on that island I was almost killed.I may still not hold a candle to you, but I've seen my fair share of Hell in my time. ” And Heaven was still a long way from here. “I never actually saw him kill somebody, but he did almost kill me.He was just using a plain old short knife, and yet the terror I felt was that of someone facing an opponent with a naginata.no, with a machine gun. ” Hmm.” Apparently convinced, she nodded several waktu.“At any rate, I suppose the bottom line is that this expert of dissection who calls himself the 'prowler' is somewhere in Kyoto. Ya As long as I have that straight, that's cukup. ” “It is?” “Sure it is.Combined with the other information I've gathered, it'll give me a place to start.For now, anyway. saya think for the time being it'll be faster for me to proceed on my own two feet, if you know what I mean.If I don't have a bit of a challenge, things get boring and I can't function anymore. Tahu apa yang saya maksud? Anyway, more importantly,” she said, bringing the conversation back to me, “putting my stuff aside, what's going on with you? I heard from both Kunagisa and Sasaki that you've been sticking your nose in some boring, everyday kind of case. ” “I got caught up in it. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 8 7 “You got caught up and then you kept sticking your nose back in, didn't you? I mean, sneaking into the victim's apartment? Quit pretending you're just some passive observer. ” Touché. “Now what is it, exactly?” she pondered, looking at me with a touch of awe.“You're a hard guy to understand, y'know? It's like you have no conviction, or no style. Apa you say and what you do are completely different things. ” “It's that clash that gives me my flavor. ” “What flavor? Can't you view yourself objectively?” “Sure I can. ” “You're more like the comic relief than a passive observer. Eh, but whatever.Do whatever you like.It's your life, I guess. Not my place to butt in.Not my problem. ” “You're a cold woman. ” Tidak juga.Keep studying, young'un.You do your own dirty work.And if you set out to do something, do it to the akhir. Saya katakan sebelumnya, bukan? Quitting midway through is the worst thing a person can do.Oh yeah, and also,” she said as if she had just remembered, even

though that obviously wasn't the case, “a message from Kunagisa.” She pointed to the envelope under my arm. Apa itu? “Don't go having an affair now, Ii-chan.I'll forgive a smooch on the cheek and nothing above that.'I love youuu, kiss kiss,' ” Aikawa-san said, mimicking Kunagisa's voice and intonation and grinning.“She said. ” “Roger that,” I said, throwing my hands up. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 8 8 It had gotten to the time where it was technically okay to be eating dinner, so I invited Aikawa-san to join me.But because she was eager to proceed with her pursuit of Zerozaki as quickly as possible, she refused and soon left. In the very end, I asked her one final question.“What do you think x over y means?” “Don't look to others to confirm what you already know,” she said flatly.Touché, I thought. I let out a sigh as I watched her disappear. Zerozaki Hitoshiki. Aikawa Jun. She would probably find him in a matter of two days. saya hadn't exactly provided a cornucopia of information, but it was more than enough to serve Aikawa-san's purpose. Dia was in a state of mind beyond my wildest imagination, and even that was something she was free to break away from whenever she desired.The superiority of Aikawa Jun's cognitive faculties defied the imagination. And the two would likely collide.Mankind's Greatest and the Human Failure would meet head-on.And if it came to that, the outcome was obvious.If Zerozaki Hitoshiki was a homicidal monster, then Aikawa Jun was the ultimate monster hunter.Having a bit of a penchant for taking lives was great for drawing attention, but it wouldn't be enough to stop her from sniffing him out.The nature of this scarlet woman was one so transcendental, so elevated, that if there was one thing you didn't want to do, it was make an enemy of her. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 1 8 9 And making friends with her didn't serve as a very good plan B If there was any one saving grace, it was that she had a sense of the whimsical.But it was hardly something that could be exploited. “I wonder if he'll get away. ” I was just a little worried.Not to mention incredibly sympathetic.

But I didn't give it too much thought. I had little interest in something that was to take place a world away from here.Even if it was happening to my own mirror image. Now was the time to think about my own world. I took the envelope from Kunagisa in my

hand.

ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 1 9 1 Ilikeyoulikeyouloveyoulots. Pada hari Sabtu, tanggal dua puluh satu Mei, saya bangun pagi-pagi pagi Waktunya bangun. ” Saya memiliki semacam mimpi buruk. Sepertinya saya akan dibunuh, dan seperti saya juga mencoba untuk membunuh seseorang. Seluruh tubuh saya dikendalikan oleh keinginan kuat untuk melakukan kerusakan, dan pada saat yang sama, saya sedang dirugikan. Saya berlari dan Aku berlari dan berlari, berlari, tapi cepat atau lambat Sosok yang mengejar saya ternyata adalah diri saya sendiri, dan ternyata saya dicekam teror. Kematian pasti ada di belakangku, dan namun anehnya itu menggembirakan. Mengerikan mimpi. Fakta bahwa saya tidak ingat itu membuatnya menjadi mimpi buruk, dan fakta bahwa itu adalah mimpi buruk membuat ini kasar kebangkitan. Saya bangkit dari kasur dan memeriksa waktu. Lima lima puluh pagi. Rencana saya dengan Mikoko-chan tidak sampai sepuluh jam, jadi saya masih punya sekitar empat jam untuk membunuh. Tanpa apa-apa khususnya yang harus dilakukan, saya melipat futon saya dan mendorongnya lemari. ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 1 9 2 Saya pergi ke luar, berpikir mungkin baik untuk lari pertama kali dalam beberapa saat. Saya dikunci hanya agar aman, tetapi dengan a kunci kualitas ini, Aikawa-san bukan satu-satunya yang bisa dengan mudah menerobos jika jadi cenderung. Bukan karena ada sesuatu di tempat itu aku keberatan mencuri. Saya berlari ke timur menyusuri Jalan Imadegawa dan berbalik sekali Universitas Dshisha telah terlihat. Saya langsung kembali ke apartemen saya dan mengganti pakaian saya yang berkeringat. Mengapa, oh mengapa saya berpikir itu akan menjadi ide yang baik untuk menjalankan ini panas? Saya bertanya-tanya dengan penyesalan yang biasa. Saya mengambil buku yang saya pinjam dari sekolah perpustakaan dan baca kembali bagian yang saya sebelumnya berhenti di ditengah – tengah. Itu saja memakan banyak waktu, jadi dari sana aku mengambil amplop dari Kunagisa, isinya dari yang saya sudah melirik beberapa kali. Amplop itu berisi dokumen polisi. lewat apa berarti Kunagisa telah memperoleh hal seperti itu, aku tidak tahu, tetapi kami punya semacam jangan tanya, jangan bilang kebijakan. Apa yang saya tahu, Namun, adalah Kunagisa dapat mengakses hampir semua tempat dengan listrik

mengalir melaluinya, dan itu dalam dirinya lingkaran teman adalah penjahat yang tahu segalanya di seluruh galaksi Bima Sakti. Tentu saja, biasanya saya memiliki sedikit minat dalam penyelidikan kriminal. Tapi ini dokumen tentang pembunuhan Emoto Tomoe. Tapi ayolah. ” Saya membalik-balik lembar kertas A4 yang dijepit kertas. Sebenarnya tidak ada informasi baru. Dokumen-dokumen menguraikan beberapa detail yang lebih kecil, tetapi sebagian besar mereka tampaknya tidak relevan, dan itu semua kurang lebih apa Sasaki-san memberitahuku. Saya agak hancur menyadari ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 1 9 3 bahwa ini adalah apa yang telah aku alami dalam interogasi Aikawa-san untuk. Tetap saja, itu tidak sia-sia. Ada beberapa informasi Saya belum menyadarinya, dan itu patut diketahui. “Jadi di sini kita memiliki hubungan alibi. ” Seperti logika mungkin telah didiktekan, empat teman sekelas yang punya telah bersama Emoto Tomoe pada malam dia meninggal (kita, yaitu) tersangka utama. Namun demikian, kami berempat memiliki alibi, di Setidaknya untuk saat ini. Miiko-san di sebelah punya anggun dijamin untuk Mikoko-chan dan saya, sedangkan Muimi-chan dan Akiharu-kun saling menjamin. Kemungkinannya bahwa mereka telah melakukan kejahatan dengan bersekongkol hadir, tetapi berdasarkan pengamatan polisi, sepertinya itu tidak terjadi kasus. Sasaki-san membuatnya terdengar seperti Muimi-chan dan Akiharu-kun pergi ke karaoke, hanya mereka berdua, tetapi ternyata orang-orang lain dari sekolah juga hadir. Di Dengan kata lain, Akiharu-kun dan Muimi-chan memiliki alibi suara, sama seperti Mikoko-chan dan aku. Kalau ada yang punya alibi yang lemah, itu saya. Lagipula, Miiko-san hanya bisa menjamin apa yang dia dengar (atau tidak mendengar) melalui dinding apartemen. Tapi tentu saja, saya tahu saya bukan pembunuhnya. “Baiklah kalau begitu, itu sudah jelas. ” Berikutnya adalah daftar barang di apartemen. Saat aku menyelinap dengan Zerozaki, saya tidak berpikir ada sesuatu yang hilang, tetapi ternyata Saya salah. Dokumen polisi memberi lengkap daftar semua yang ada di dalam apartemen Tomo-chan, dari furnitur terbesar hingga aksesori terkecil. Itu seperti konsep privasi bahkan tidak ada lagi, tetapi pada saat yang sama waktu, itu memberi Anda ide yang baik tentang siapa karakter Emoto Tomo ini adalah. ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 1 9 4 Hanya saja dalam daftar ini, ada satu hal yang hilang — itu neckstrap kapsul berisi cairan Akiharu-kun telah memberikan Tomoechan sebagai hadiah

ulang tahun. Saya telah melihatnya memberikannya kepada saya dengan mata kepala sendiri, jadi begitu aneh bahwa itu tidak ada dalam daftar. Penjelasan paling logis yang perlu diingat adalah bahwa si pembunuh telah mengambilnya, tetapi itu adil mengajukan pertanyaan mengapa si pembunuh menginginkan hal seperti itu. “Itu tidak terlalu berharga. ” Sementara itu, ponsel yang dulu dia panggil saya miliki rupanya ditemukan di sakunya. Termasuk dokumen menguatkan panggilan berdasarkan riwayat panggilan dalam dirinya memori telepon. Tidak ada benda asing muncul di apartemennya juga. Rupanya si pembunuh telah pergi dengan kain yang diduga digunakan untuk mencekiknya. Kain. kain. kain, eh? Berikutnya adalah akun Mikoko yang didokumentasikan secara menyeluruh penemuan jenazah, yang merupakan informasi yang belum pernah saya kunjungi mampu menarik keluar darinya. Dia telah mengunjungi apartemen Tomo-chan di pagi hari dan memanggil kamarnya di interkom. Tetapi tidak ada jawaban. Dia tidak akan mengangkat teleponnya antara. Berpikir ini aneh, Mikoko berhasil melalui pintu otomatis seperti salah satu penghuni lainnya pergi dan menuju ke kamar Tomo-chan. Pintu menuju pintu masuk tidak dikunci. Saya takut kita punya yang lain ruang tertutup terkutuk di tangan kami, tapi ternyata itu tidak kasus. Dan akhirnya. ” Itu x atas kamu menulis. Polisi menganggap ini sebagai pekerjaan pelaku, yang masuk akal. Sasaki-san berkata pada dirinya sendiri bahwa Emoto Tomoe ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 1 9 5 telah mati seketika, jadi tidak masuk akal kalau dia bisa melakukannya menulis pesan sekarat. Ini adalah sesuatu yang saya sadari waktu juga. Sekali lagi, ini menimbulkan pertanyaan mengapa Pembunuh akan melakukan hal seperti itu. Meninggalkan tanda di kejahatan Adegan — lagipula ini bukan Jack the Ripper. “Dan itulah akhirnya. ” Itu adalah fakta yang saya anggap berguna. Tapi secara keseluruhan, saya ide-ide tentang kasus ini sebagian besar tetap tidak berubah. Dan itu baik-baik saja, pikirku. Berdasarkan informasi ini, sejumlah kemungkinan menit telah dicoret. Dari sini saya secara bertahap akan menyempit kemungkinan yang tersisa. Tetapi untuk saat ini, itu aman untuk mengatakan bahwa proses dasar penalaran mulai mengambil bentuk. Tetapi tetap saja. ” Apa yang aku lakukan? Kenapa aku harus melakukan semua ini barang? Apakah itu untuk Tomo-chan? Atau untuk Mikoko-chan? Akan sejauh memperoleh dokumen-dokumen ini, mendedikasikan

berlebihan jumlah waktu — apa yang saya lakukan? Aku harus berbicara dengan Sasaki-san lagi, ya. ” Ada beberapa hal yang ingin saya tanyakan. Beberapa kemungkinan dibiarkan dipersempit. Saya tidak akan menggunakan solusi kata sampai saya memiliki sesuatu yang kedap air 100 persen. Aku memasukkan kertas-kertas itu kembali ke dalam amplop, merobek amplop itu berkeping-keping, dan membuang semuanya ke tempat sampah. Dalam hal yang tidak mungkin peristiwa bahwa seseorang melihat dokumen-dokumen ini, di sana akan menjadi masalah. Selain itu, setelah membaca dengan teliti mereka, sebagian besar informasi telah berkomitmen untuk memori sudah. ZAREGOTO: KUBISHIME ROMANTI CIST ■■■ 1 9 6 Nah sekarang. Masih ada sedikit lebih dari satu jam sampai Mikoko-chan akan ada di sini. Dua jam, jika Anda memperhitungkan kurangnya ketepatan waktu. Aku berbaring di lantai dan berpikir sedikit lagi. Tentang pembunuhan itu? Tidak. Tentang kekonyolan saya sendiri. Untungnya, masih ada banyak waktu. Hidup baru saja dimulai. Mikoko-chan muncul tepat waktu. Aku tidak terlambat hari ini! Katanya, memberikan bahasa Jerman yang ceria salut dengan kedua tangan. Meskipun itu mungkin diberikan pada saat ini titik, dia sangat hiper yang Anda mungkin berpikir dia telah meledak sirkuit. Dia mengenakan tank top ketat dan besar, longgar overall. Dia juga memasukkan kepalanya ke dalam warna kuning topi yang terlihat seperti milik anak TK (tidak boleh berarti atau apapun). Ada sesuatu yang menggemaskan tentang dirinya rambut kemerahan mengintip dari bawah pinggiran. Tank top hanya sedikit terlalu kecil, membuatnya terlihat seperti sedang dia kenakan overall langsung atas apa-apa, yang, bagaimana Anda katakan. sebenarnya, kurasa aku tidak keberatan. Baiklah, akankah kita pergi? Saya mulai pergi, tetapi dia segera menghentikan saya. Oh, tunggu-tunggu-tunggu, ”katanya, mendorongku kembali ke kamar dan memasuki dirinya tanpa diundang. Dia telah melakukan ini yang terakhir waktu juga. Mungkin menyerbu rumah adalah salah satu hobinya. Tidak yang sangat ramah, jika Anda bertanya kepada saya. ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 1 9 7 “Aku membawakanmu sesuatu hari ini. Untuk mengucapkan terima kasih menghabiskan hari denganku. ” Tidak lama setelah dia mengatakannya, dia membuka tasnya — a Tas Boston berbeda dari dompet biasanya — dan mengeluarkan sebuah barang seperti kotak makan siang yang dibungkus bandana. Dia membuka bungkusnya untuk

mengungkapkan bahwa itu sebenarnya Tupperware. Wow, ada apa? Perlakukan, katanya dengan sombong, dan membukanya. Di dalamnya ada enam potong kentang manis berbentuk seperti Mont Blanc. Saya bisa tahu oleh sedikit indentasi bahwa ini adalah buatan tangan. Wow, jadi kamu membuat kue dan lainnya. ” Ya. Tapi jangan berharap rasanya terlalu enak atau apa pun. ” Bisakah aku memakannya? Tentu saja. Oh benar Dia mengeluarkan termos darinya tas, memberi saya secangkir, dan menuangkan isinya. Dulu teh hitam, dan Marco Polo, tidak kurang. Jadi dia bahkan sudah siap untuk mengimbangi kenyataan bahwa saya tidak punya apa-apa selain air di sini. Gadis ini tidak membiarkan apa pun melewatinya. Dia menyiapkan secangkir teh untuk dirinya sendiri, dan memberikan yang baik tersenyumlah. “Baiklah, tepuk tangan. ” Aku mendentingkan gelas dengan dia dan mengeluarkan sepotong manis kentang. Rasa manis yang tak terduga segera menyebar ke seluruh bagian dalam mulutku. Tentu saja mereka tidak dipanggil ubi jalar untuk apa-apa, tapi ini sepertinya tidak biasa jumlah gula untuk saya. Cukup manis, ya? Kataku, membiarkan kesan sejatiku tunjukkan. Ya. Saya suka barang-barang manis. ” Kamu tidak bilang. Saya mengangguk dan muncul yang berikutnya di saya mulut. Ya. Manis Kalau dipikir-pikir, aku belum punya sarapan pagi itu, jadi ini sedikit nyaman ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 1 9 8 kejutan. Tapi hei, bukankah Mikoko-chan mengatakan dia tidak suka hal-hal manis sebelumnya? Bagi saya sepertinya dia mungkin atau tidak telah mengatakan itu pada satu titik. Aku sepertinya tidak ingat. Yah, terserahlah. Bagaimanapun, dia seorang gadis. Anda tahu bagaimana mereka bisa berubah-ubah. Dalam lima menit, ubi sudah benar-benar matang dikonsumsi. Mikoko-chan, kamu cukup pandai memasak dan sebagainya, Hah? Ya. Itu karena aku adalah anak kunci kait. ” Apa itu. anak kunci kait? “Uhh, itu artinya anak yang sering sendirian di rumah. Anak-anak yang kedua orang tua yang bekerja harus membawa kunci rumah sekolah, kan? ” Mengapa? Um, karena jika tidak ada orang di rumah, pintunya akan jadi terkunci, kan? ”dia melanjutkan, tampak agak bingung. Begitu itu sebabnya mereka memanggil mereka anak-anak gembok. ” Oh. Saya mengerti. ” Aku memutuskan kontak mataku dengan Mikoko-chan dan menatapku langit-langit untuk menyembunyikan ekspresi wajah saya. Nah bagaimana dengan itu, pikir saya. Jadi rumah tangga seperti itu ada Ikkun, apakah aku mengatakan sesuatu yang

salah? Hah? Mengapa? “Kamu membuat wajah yang sangat aneh sekarang. ” Kedengarannya, dia tidak terlalu khawatir seperti gugup bahkan takut. Saya menggelengkan kepala dan berkata, “Tidak, tidak apa-apa. ” Yup, tidak ada sama sekali. Kenapa sesuatu seperti itu mengganggu? saya? ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 1 9 9 “Jadi haruskah kita pergi sekarang? Ke mana kamu mau pergi? Hah? Kamu ingin berbelanja, kan? Saya pikir itu yang Anda kata. Shinkyôgoku? Stasiun Kyoto? Atau apakah Anda ingin pergi semua jalan menuju Osaka? Oh. Umm. Umm. ” Dia mulai bingung, seolah-olah dia bahkan tidak berpikir tentang itu. Matanya berputar-putar mencari sesuatu atau seseorang untuk menyelamatkannya, tetapi akhirnya kembali menatapku dan berkata, Eh, di mana saja baik-baik saja. ” Apa artinya itu? “Kamu tidak bisa bersungguh-sungguh. Kaulah yang melakukan belanja. ” “Tidak ada tempat khusus yang ingin kamu kunjungi saya? “Sebenarnya tidak ada apa pun yang saya butuhkan. Tinggal di kamar seperti ini, saya hanya punya ruang untuk membeli barang yang bisa Anda buang dengan cepat. Tidak masuk akal untuk berbelanja. Bukannya aku melawan omong kosong. Sebenarnya tidak ada yang saya butuhkan beli Apa yang ingin kamu beli? ” “Uh, yah, kau tahu, pakaian dan barang-barang. ” Hah. ” Dan aku ingin makan di suatu tempat. ” “Yah, kalau begitu kurasa Kawara-machi yang harus pergi. ” Oke, katanya. Aku mungkin bukan tipe yang tegas, tapi Mikoko-chan mungkin bahkan lebih buruk. Kenapa aku harus memutuskan di mana dia mau belanja? Tentu saja, pertanyaan seperti itu tidak ada gunanya. Oke, ayo pergi, kataku, dan kami meninggalkan ruangan bersama. Kita berjalan sebentar sampai tiba di bus Senbon Nakadachiuri berhenti, tempat kami berdiri dan menunggu Shijôkawara-machi bus. Dalam lima menit, bus 46 jalur telah tiba. Kita punya ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 0 0 dan menemukan sepasang kursi kosong yang beruntung. Kami duduk bersama saya di dalam dan dia di sebelah saya. Ngomong-ngomong, kamu datang dengan Vespa kamu, kan? “Ya, Vespa saya. Vespa saya, ”katanya, tampak agak gugup. Sepertinya kemarahan saya sebelumnya telah meninggalkan kesan yang kuat Pada dia. Saya bertanya-tanya apakah saya mungkin sudah terlalu jauh terakhir kali, tetapi ada kalanya bahkan saya tidak bisa menahan emosi saya. Bahkan, itu sering terjadi. Jadi, kamu harus kembali untuk mendapatkannya. ” Tidak masalah. Selama saya naik bus, harganya sama! Ini tarif flat dalam batas

kota! ” “Ya, kurasa itu benar. ” Jadi, kamu tidak berencana membeli mobil atau skuter atau apa pun? Tidak. Hal-hal yang tidak terlalu nyaman tanpanya satu. ” Hmm. Dia mengangguk dengan ambigu. Tomo-chan adalah cara yang sama. Dia memiliki lisensi, tetapi dia tidak memiliki roda. Dia bilang dia hanya ingin menggunakannya sebagai bukti identifikasi. ” “Ya, pada dasarnya itulah yang aku lakukan. ” Saya melihat. Mungkin semua orang seperti itu. Tetapi saya ingin mulai mengemudi setelah saya mendapatkan lisensi. ” Kalau dipikir-pikir, sepertinya aku ingat ucapannya sesuatu tentang pergi ke sekolah mengemudi dan membawa ayahnya ke sana belikan dia mobil begitu dia memiliki lisensi. Aku kadang-kadang menyetir, kataku. “Kadang saya pinjam Mobil Miiko-san. ” “Mm-hm. ” Seketika aku membesarkan Miiko-san, Mikoko-chan Ekspresi menjadi sangat bosan. Pada titik ini, bahkan saya telah datang ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 0 1 untuk mengetahui bahwa Mikoko-chan bukanlah seseorang dengan siapa kamu bisa mengobrol baik tentang Miiko-san. “Wow, jadi Tomo-chan juga punya lisensi. ” Ya. Untuk apa nilainya. ” Saya melihat. Hei, omong-omong, apakah Anda pergi ke sekolah kemarin dan sehari sebelum? Ya. Tidak melihatmu di sana, untuk beberapa alasan. ” Itu karena aku tidak sekolah dan kemarin hari sebelum. Dengan dokumen-dokumen dari Kunagisa di tangan, saya punya banyak hal untuk dipikirkan. Bukan karena peran saya sebagai siswa adalah prioritas terendah saya atau apa pun, tetapi itu bukan prioritas saya salah satu yang terbaik. “Tapi aku bertemu dengan Akiharu-kun dan Muimi-chan. saya berbicara kepada mereka tentang gagasan mengadakan acara di Tomochan's kehormatan. Anda harus keluar ketika kami melakukannya. ” Untuk sesaat, hanya sesaat, aku ragu-ragu. Ya, tentunya. Pastikan untuk mengundang saya, ”jawab saya. Saya tidak tahu apakah saya benar benar-benar setuju, atau jika saya hanya mengatakan itu karena saya di tempat. Mengetahui kepribadian saya, itu lebih cenderung yang terakhir, tetapi dalam kasus khusus ini, mungkin saja yang pertama. Kami tiba di Shijôkawara-machi dan turun dari bus. “Ooookay! Hari ini, kita menjadi gila! ”Katanya, meregang kedua tangannya. Dan kemudian dia memberikanku yang paling indah, senyum yang menakjubkan dan menginspirasi yang pernah saya lihat dalam hidup saya. Ucapkan selamat tinggal pada hal-hal yang gelap. Hari ini kami bersenang-senang! Benar, Ikkun ? ” Ya itu benar. ” Ya! Mikoko-chan, kecepatan penuh! ” Selama enam jam

berikutnya, Mikoko-chan melakukan apa yang dia lakukan menyatakan, berlari di sekitar Shinkyôgoku dari satu ujung ke ujung lain, hampir seolah-olah dia benar-benar lupa tentang Tomo-chan. ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 0 2 Melompati dan melompat-lompat. Main-main tentang. Mengalahkan kejahatan. Menjadi liar. Bercanda. Hampir gila. Hampir seperti dia patah. Hampir seperti shad entah bagaimana memudar. Seperti dia telah meleleh. Menari dengan gila. Terbang tentang. Spiral Seperti dia sedang berjuang untuk sesuatu. Seperti ada sesuatu yang menahannya. Seperti dia berada di pesta yang melecehkan diri sendiri, namun masih entah bagaimana keliru untuk pixie. Seperti anak yang tidak bersalah, benar-benar bebas dari dosa. Keberadaan yang sepenuhnya murni. Dengan bebas mengekspresikan emosinya — tertawa, kehilangan dia marah, dan kadang-kadang bahkan meratapi dengan mata berair, hanya untuk kembali sekali lagi ke senyum riang itu. Bahkan aku, bahkan aku, hanya beberapa pria yang kebetulan ada di sana. Saya, tuan Barang rusak. Atau mungkin dia sudah memutuskan untuk menghadapi takdirnya. Bagi saya, orang yang tidak bisa menyelamatkannya — tidak, siapa tidak menyelamatkannya — ini tidak lebih dari alasan, tapi aku masih bertanya-tanya. Apakah dia sudah menyadari nasibnya? “Wow, waktu berlalu begitu saja, bukan? Saya tidak bisa mempercayainya. ” Yah, seperti yang dikatakan Einstein. Ada dunia yang berbeda antara satu menit dihabiskan dengan seorang gadis cantik dan satu menit dihabiskan ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 0 3 dengan tanganmu di atas kompor, kataku, seolah-olah Einstein sudah tua teman saya. Huh ? Kata Mikoko-chan dengan ekspresi kemenangan murni. Mungkinkah? Apakah Anda mengatakan Anda berpikir bahwa saya cantik? Yah, kurasa aku tidak akan menyangkalnya, kataku, hanya untuk demi pembicaraan. Jika ada satu hal hari ini miliki mengajari saya, itu memberinya respons yang terlalu langsung akan mengakibatkan saya terseret ke dalam sesuatu yang tidak perlu. Saat ini saya memiliki tiga kantong belanja kertas di sebelah kanan saya tangan, dua di kiri saya, dan dua kantong plastik di punggung saya. Mereka kebanyakan diisi dengan pakaian, jadi tidak ada yang seperti itu berat, tapi sungguh mengejutkan melihat Mikoko-chan melemparkannya sepuluh ribu yen tagihan satu demi satu. Kunagisa adalah seorang pembelanja besar juga, tetapi dalam kasusnya itu semua online dari rumah, jadi kenyataan melihat seseorang

membelanjakan ini sangat benar di depan mata saya adalah pengalaman yang cukup segar bagi saya. Baiklah kalau begitu. haruskah kita makan sesuatu dan kemudian pergi kembali? Ya, ya! Wowww! Apa? Aku sangat senang kamu bertanya padaku! Katanya sambil tersenyum lebar. Dia benar-benar hiper hari ini. Kenapa dia begitu bahagia? Dari sana, kami pergi ke tempat di Kiya-machi itu semacam persilangan antara pub bergaya Jepang dan kedai kopi. Interiornya didekorasi agar terlihat seperti penjara, dengan staf mengenakan kostum tahanan atau polisi wanita, tetapi meskipun kekhasan tempat, makanan dan harga keduanya layak. Aku pernah ke sini sekali dengan Miiko-san, selama yang kami anggap sebagai salah satu dari tiga restoran teratas di kota, tapi itu mungkin hal yang tidak perlu kupikirkan ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 0 4 memberitahu Mikoko-chan. Aikawa-san hanya akan membawaku ke Jepang bar yang hanya menyajikan minuman keras Jepang, Kunagisa hanya makan junk food, dan hampir semua orang yang saya kenal rewel. Jika saya benar-benar memikirkannya, memiliki seseorang yang bisa saya kunjungi tempat-tempat seperti ini adalah sesuatu yang harus dihargai. Seorang polisi wanita (palsu) menunjukkan kami ke sel kami, tempat kami duduk bawah. Apakah kamu mau minum sesuatu? Katanya. Mikoko-chan memesan koktail, dan aku segelas teh oolong. Kamu benar-benar tidak minum, ya? “Itu semacam kebijakan. Seperti bagaimana Muimi-chan tidak merokok di depan bukan perokok. ” “Haha, benar juga! Anda tahu, itu sebenarnya Tomo-chan yang memintanya untuk berhenti. Tomo-chan jarang menuntut apa pun dari teman-temannya, jadi bahkan Muimi-chan mendengarkannya seperti itu itu ” “Kalau dipikir-pikir, dia sepertinya bukan tipe yang peduli banyak tentang apakah dia mengganggu orang lain, biasanya. ” “Ya, tapi kamu tahu, dia bilang dia berhenti. ” Hah. ” Ini akan baik untuk kesehatannya! Katanya, menyapu bersih kegelapan akan terbentuk. Pada saat yang sama, minuman akhirnya tiba. Pelayan meletakkan koktail di depan saya dan teh oolong di depan Mikoko-chan. Kami mengabaikan ini untuk waktu dan menempatkan pesanan kami. “Jadi kamu sudah berteman dengan Muimi-chan sejak SD sekolah, ya? ”kataku. Ya. Dan bahkan saat itu dia adalah seorang perokok. ” Namun dia cukup tinggi. ” Ya. Tapi aku berani bertaruh dia akan lebih tinggi jika dia belum merokok. ”Hal seperti itu sebenarnya tidak terbayangkan. ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■

2 0 5 “Kau tahu, dia dulu pengganggu. Dia direformasi beberapa waktu selama sekolah menengah. ” “Itu sudah terlambat. ” “Dia bertemu Tomo-chan, dan, yah, beberapa hal terjadi. Anda tahu, yadda yadda yadda. ” Beberapa hal. Ya, saya berani bertaruh beberapa hal terjadi. Tentu saja menghabiskan cukup waktu bersama. Bagaimana denganmu? Kataku. Hm? “Kau membuatnya terdengar seperti Tomo-chan benar-benar memiliki pengaruh besar pada Muimi-chan, tapi bagaimana denganmu? Dan Akiharukun? Dia terdiam sesaat, lalu menghela nafas panjang. Kamu tahu, saya selalu berpikir tentang hubungan manusia jangka panjang, ”katanya. “Kamu menghabiskan banyak waktu untuk melakukannya kenal seseorang, dan kemudian suatu hari Anda mulai mengklik. Itu apa yang saya pikirkan. Tapi saya salah. Saya salah, Ikkun. Kamu tidak perlu mengenal seseorang untuk waktu yang lama atau 'mengklik' untuk ditarik ke seseorang. ” Mengapa menurutmu Tomo-chan terbunuh? H. bagaimana saya bisa tahu sesuatu seperti itu? Dia menutup telepon kepalanya tertunduk. “Tidak ada alasan Tomo-chan harus mati. Tidak ada satu pun alasan yang mungkin untuk membunuhnya. ” “Aku pikir alasan orang saling membunuh sebenarnya cukup sederhana, ”kataku, mengabaikannya. “Gangguan. Jika beberapa faktor mengganggu dengan hidup Anda, langkah logis berikutnya adalah mencoba dan menyingkirkan itu keluar. Ini seperti menendang batu dari jalur kereta api. ” Tapi Tomo-chan— Yup, Tomo-chan membuat suatu titik untuk tidak melangkahi orang batas atau invasif. Dengan kata lain, tidak ada ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 0 6 alasannya dianggap gangguan bagi siapa pun. Dia terlalu jauh dari jangkauan untuk memulai. ” Uh huh. ” “Dengan kata lain, dia bahkan tidak dalam posisi untuk menjadi objek niat buruk seseorang atau permusuhan atau kedengkian. Jadi, tidak ada alasan bagi seseorang untuk membunuhnya. Dia tidak mengganggu siapa pun. ” Kamu hanya hidup, dan itu yang menyebabkan gangguan pada orang lain. Tapi itu tidak sesederhana itu. Maksudku, Tomo-chan bukan pertapa yang tinggal di hutan Gunung Fuji. Dia normal mahasiswa, menjalani kehidupan mahasiswa normal. Sebagai demikian, dia harus membentuk hubungan pribadi, apakah dia suka atau tidak. Sekarang biarkan saya mengajukan pertanyaan, Mikoko-chan, dan tolong jawab dengan pendapat Anda sendiri. Apa artinya untuk membentuk hubungan pribadi? Umm. “Katanya, tampak agak bingung. “Yah, aku tidak bisa katakan dengan pasti, tapi

rasanya seperti mendekati seseorang, saya pikir. ” Ya itu betul. Benar sekali, Mikoko-chan. Sekarang jika Anda pergi dan ulangi, itu pada dasarnya berarti 'memilih seseorang. Tapi mari kita pikirkan sebentar. Memilih seseorang berarti tidak memilih orang lain. Itu tindakan 'memilih' dan tindakan 'tidak memilih' adalah kebalikannya sisi mata uang yang sama. Saya tidak berbicara tentang hal-hal seperti bagaimana Anda hanya dapat memiliki satu sahabat atau satu kekasih. Dilema seperti itu tidak relevan di sini. Yang saya bicarakan ini logis mustahil bagi manusia untuk disukai oleh semua orang, menjadi bisa dekat dengan siapa pun yang belum dia pilih. ” ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 0 7 Hmm. Mungkin sulit — disukai oleh semua orang, aku maksudnya — tapi saya pikir itu tidak mungkin. Mungkin tidak semua orang di dunia, tapi saya pikir itu setidaknya mungkin terjadi pada orang-orang langsung di sekitar Anda. ” Kurasa tidak. Itu yang saya yakini. Orang tidak semuanya sebaik yang Anda pikirkan. Ada monster di luar sana yang hanya memandang orang lain sebagai subjek yang akan dibedah. Ada warna biru hal-hal yang hanya dapat memproses dunia dalam hal nol dan yang Ada wanita terbesar umat manusia yang sinis tentang segala sesuatu di seluruh dunia, belum lagi yang lain orang-orang. Ada peramal yang telah melihat semua harapan dan semua keputusasaan di seluruh dunia dan masih terus mencibir. Seniman yang melihat keberadaan mereka — belum lagi keberadaan orang lain — tidak lebih dari unsur-unsur dalam gayanya. Bahkan ada orang yang hanya bisa menerima manusia saja baik atau jahat. ” “. ” Sekarang, tidakkah kamu berpikir kesadaran Tomo-chan tentang ini adalah alasan dia memilih untuk menghindari menjalin hubungan yang mendalam dengan orang-orang? Dia berusaha membuat musuh sesedikit mungkin. ” Tomo-chan tidak. gadis semacam itu, ”Mikoko-chan kata, memudar masuk dan keluar, tapi aku kebanyakan tidak mendengarnya. Sepertinya dia tahu sendiri bahwa klaim seperti itu tidak punya dasar. Tetapi bahkan jika itu benar, fakta tetap bahwa dia terbunuh. ” Kamu benar. Tomo-chan memastikan tidak akan jatuh juga mendalam dengan siapa pun, namun pada saat yang sama, dia menunjukkan luar biasa keterampilan dalam tidak membiarkannya muncul. ” Itu adalah hal yang saya tidak mampu. Tidak peduli seberapa keras saya mencoba. “Tapi terlepas dari semua itu, dia tetap dibunuh. Tomochan telah dibunuh. Sekarang pada titik ini, Mikoko-chan, ayo ZAREGOTO: THE KUBISHIME

ROMANTI CIST ■■■ 2 0 8 lihatlah pembunuh berantai yang menjadi sensasi ini sampai akhir. Orang ini adalah pembunuh tanpa pandang bulu. Baru saja jatuh ke bidang penglihatannya atau, sebaliknya, tidak jatuh ke bidangnya visi, hanya menabrak bahunya, atau bahkan tidak menabrak bahunya sudah cukup menjadi alasan baginya untuk membunuhmu. Dia membunuh secara mekanis. Secara otomatis. Untuk sebuah pembunuh seperti itu, bahkan Tomo-chan adalah target yang mungkin. Bahkan saya saya. ” Jadi Tomo-chan terbunuh oleh pedang itu? Sepertinya tidak. Menurut Sasaki-san — detektif itu, aku jahat. Rupanya, itulah satu hal yang mereka ketahui yakin. Nah, jika saya mungkin mengubah topik pembicaraan sedikit, biarkan Saya bertanya kepada Anda: Apakah Anda tidak pernah berpikir ada terlalu banyak? banyak orang di dunia? Terkejut dengan pertanyaan saya yang mendadak, dia melihat pergi. Namun demikian, saya diam-diam menunggu jawabannya. Tapi itu tidak berarti kamu bisa membunuh orang, katanya. Ikkun, bisakah kamu memaafkan seseorang atas pembunuhan? Tidak, jawab saya tanpa ragu. “Itu bukan masalah memaafkan atau tidak memaafkan. Ada yang jauh lebih mendasar isu. Yaitu, fakta bahwa pembunuhan adalah hal terburuk mutlak. Itu bisa saya konfirmasi. Keinginan untuk mengambil kehidupan adalah yang paling hina emosi manusia. Untuk berharap dan berdoa dan berharap untuk yang lain kematian seseorang adalah tindakan jahat tanpa harapan. Itu adalah dosa yang tidak bisa ditebus. Ini kekejaman yang melampaui permintaan maaf, dan aku akan dikutuk jika itu ada hubungannya dengan pengampunan. ” Suaraku begitu kaku dan tanpa ampun, aku bahkan tidak terdengar seperti saya. Omong kosong. Siapa yang benar-benar tidak punya harapan di sini? ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 0 9 Siapa pun yang mengambil nyawa termasuk neraka, tanpa kecuali. ” B. tapi. Dia menelan teror pada pernyataan berani saya, tetapi berhasil mengajukan keberatan. Seperti, bagaimana jika orang itu dalam bahaya? Seperti bagaimana jika kamu berjalan sekitar Taman Kamogawa di malam hari, dan kemudian Kyoto ini pria pencuri datang kepadamu dengan pisau? Anda mau duduk saja di sana dan biarkan dia membunuhmu? “Tidak, kurasa aku akan menolak. ” Kanan? Kamu benar. Dan saya bahkan mungkin menggunakan terlalu banyak kekuatan dan secara tidak sengaja membunuhnya. Hal yang sama berlaku untuk saya semua orang. Tetapi saya juga akan menyadari pada saat itu, kapan Saya

mengambil milik orang lain untuk menjaga milik saya — saya akan menyadari keberdosaan saya sendiri. Saya akan mengakui itu Saya bersalah karena dosa yang begitu dalam sehingga tidak akan diampuni kapan Saya mati. ” “Tapi kamu akan dibunuh! Itu wajar untuk bertahan dirimu dalam situasi seperti itu, kan? ” “Jika kamu mulai berpikir seperti itu, kamu sudah berkomitmen dosa. Mari kita perjelas satu hal sekarang, ”kataku tegas. SAYA mampu membunuh. ” “. ” “Entah itu untuk kepentinganku sendiri atau untuk orang lain, aku bisa membantai manusia lain. Saya bisa memberantas yang lain hidup, apakah itu teman atau anggota keluarga. Kenapa Anda pikir itu? Mengapa? Saya tidak tahu, ”katanya cemas. Aku tidak berpikir itu benar. Anda pria yang baik. Saya tidak berpikir Anda bisa melakukannya hal-hal itu. ” ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 1 0 Saya bisa. Tanpa keraguan. Alasannya adalah saya tidak bisa memahaminya rasa sakit orang lain. ” “. ” “Misalnya, saya punya teman perempuan yang kurang sebagian besar emosi dasar manusia. Dia selalu sangat bahagia, bersenang-senang tidak peduli apa yang dia lakukan, tapi itu hanya karena dia tidak tahu emosi lain. Hasilnya, dia bisa sulit dipahami ketika orang lain sedih atau marah. ” Itu adalah satu-satunya cara dia bisa memproses dunia. Tak pernah mampu membedakan antara surga dan surga yang hilang. Aku juga sama. Tidak, saya jauh lebih buruk. Saya tidak bisa mengerti rasa sakit orang lain bahkan sedikit. Mengapa? Karena saya saya sendiri tidak dapat dengan tepat menafsirkan perasaan saya sendiri tentang 'rasa sakit' atau 'menderita. 'Pikiran tentang kematian bahkan tidak mengganggguku. Nya bukan karena saya ingin mati, tetapi keinginan saya untuk menolaknya tidak normal rendah. Dan dengan demikian ini mengarah pada apa yang saya katakan. “Ada berbagai 'penghenti' yang mencegah orang saling membunuh. Salah satu yang paling penting adalah memiliki pikiran seperti, 'Wah, ini mungkin sakit,' atau 'Astaga, aku merasa menyesal untuk pria ini. “Benar begitu? Ini. Sebagai contoh, saya yakin Anda memiliki keinginan untuk menyakiti seseorang sebelumnya, bukan? Tapi Anda mungkin tidak benar-benar mengalahkan mereka atau apa saja, kan? ” Mm. Saya belum pernah memukul seseorang sebelumnya. ” Tapi aku berani bertaruh kamu sudah pernah menginginkannya, kan? Dia tidak menjawab. Ini adalah konfirmasi paling jelas dia bisa memberi. Tapi ini bukan kejahatan. Tidak ada yang bisa melewati hidup tanpa pernah menyembunyikan niat buruk terhadap seseorang,

bahkan jika Anda berada di Surga. “Saya kira pada dasarnya saya berbicara tentang kemampuan untuk merasakan empati. Anda memahami emosi orang lain, Anda merasa ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 1 1 kasihanilah mereka, dan kamu menyesuaikan diri dengan mereka. Tentu saja ini tidak selalu hal yang baik. Cemburu dan iri keduanya memiliki empati pada akarnya. Pemahaman tentang orang lain emosi. Ini merupakan prestasi dan kekurangan. ” Dan jika, seperti wanita di pulau itu, Anda tahu semua orang emosi, yang bisa Anda lakukan adalah memecah. Tapi jangan filosofis tentang kerugian dan keuntungan, di sini, Saya bilang. “Intinya di sini adalah aku tidak punya penghenti ini. Aku tidak bisa membuat kepala atau ekor emosi orang. Hasilnya, saya harus menekan diriku. Melakukan hal itu terbukti sangat menyakitkan. Bahkan tidak lucu. Tapi entah kenapa aku berhasil jauhkan iblis. ” Aku punya keberanian, menjalani hidup sambil menyimpan monster seperti itu dalam diriku. Ikkun. ” “Aku bisa mencapai batasku kapan saja sekarang. Dan itu sebabnya saya tidak bisa memaafkan seorang pembunuh. Bagaimana aku bisa? Keberadaan seorang pembunuh itu menjijikkan. Menyedihkan. Saya benci semua pembunuh dari bagian bawah hatiku. Aku benci mereka sepenuh hati. Saya pikir saya suka untuk menghancurkan mereka semua. ” “. ” Hanya bercanda, aku tidak berpikir sama sekali, kataku. Makanan kami tiba. Mikoko-chan memesan lebih banyak alkohol, dan Saya segelas air. Kami duduk sebentar sambil makan makanan kami dalam keheningan. Katakan, Ikkun. ” Ya? Kenapa kamu memberitahuku semua hal ini? Katanya, curiga. Hari yang menyenangkan. Diam-diam, aku menggelengkan kepala. Tidak diragukan lagi itu sangat dingin isyarat. “Aku baru saja menduga kamu mungkin ingin mendengarnya. Apakah saya ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 1 2 salah? Tidak benar Dan, yah, saya ingin Anda tahu sejauh mana barang yang saya rusak. ” “Damaged goods? How can you say such a terrible thing? And about yourself!” “It's because it's about myself that I can say it.If I'm not damaged goods, then I'm at least a human failure. Bukankah kamu think? Actually, people tell me that a lot.Anyone who's grown even slightly close to me has said so.'You're out of your mind,' they say.'Abnormal.' 'A heretic.' 'Grotesque. ' 'Shoddy.' And those are all correct. ” “Ikkun.” Mikoko-chan said nervously.“You sound like you're headed for suicide. ” “I won't commit suicide.I promised. ” Kamu.promised?” Ya.To the first

person I killed. ” A pause. I popped a cube of steak in my mouth.“Just kidding,” I kata.“Un fortunately, my life isn't that exciting.And I'm not romantic enough to make such an incredible promise.I'm just an ordinary guy who's missing some vital component. Itu actual reason I won't commit suicide is that, well, it just looks bad.You know, like I'm running from my own flaws. Dari course, I am running from my flaws, but I don't want to look like I am. ” “Ikkun, I know you're not like other people, but.if you killed yourself, I would cry.I know I would.Forget about what you're missing.You're living a normal life, aren't you?” “Broken things can be fixed.Things that are simply inadequate can't. ” Mikoko-chan let out a deep sigh.“It's like I'm talking to Tomo-chan. ” ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 1 3 Hmm? Did she talk about this kind of thing a lot?” “Well, not really.I mean, she didn't open up to people that much.But if we ever had a 'real' conversation, I'm sure it would've been something like this. ” “In that case. ” In that case, it was truly regrettable.I felt all the more like I should have had a serious talk with Emoto Tomoe. If I had.if I had? What if I had? Who would have been saved? Did I actually think she might have been saved? As if. Rather, wasn't it because we had talked that she had. “You know, about Tomo-chan,” I said without looking up at Mikoko-chan.“I don't think she would resent the person who killed her.I'm sure she doesn't, not even a little bit. ” “.Why do you think that?” “Eh, just a hunch.No other reason.But that's what I think. I'm sure she's not the type to resent others. ” I even had the gall to use present tense instead of past. Present tense. “Of course, they say she was strangled from behind, so she probably didn't even see the killer's face.I don't suppose she could have resented the killer even if she wanted to, I said. “The killer's.face.” Mikoko-chan repeated.“The person who killed her. ” “But Tomo-chan probably wouldn't have had any interest in something like that anyway.I mean, no matter who kills you, the outcome is the same.In the end, being killed is nothing more than just that.The fact that you die doesn't change, no matter whose fault it is.Plus, Tomo-chan was like me—she had little resistance to the idea of death in the first place. saya bisa ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 1 4 say this with a fair degree of certainty.She didn't seem to like herself very much.She told me so that day.She wants to be reborn as you. ” Hearing that, Mikoko-chan looked like she was about to cry.She managed to hold back the tears, but she continued

speaking Tomo-chan's name softly to herself for some time. “Tomo-chan.Tomo-chan.Tomo-chan. ” I watched this, unmoved.Honestly, truly, completely without emotion. “Mikoko-chan, who do you think did it?” “You know, you sure do seem hung up on that,” she said with just a hint of suspicion.“Have you been investigating or something?” “Yes,” I answered honestly.“Well, not so much investigating as wanting to know.I want to meet whoever did it. saya want to ask some questions.Or rather, I want to interrogate orang ini.You know, like, 'Can you justify your own existence?' ” “Ikkun,” Mikoko-chan said, “You're really scary, aren't kamu? “Am I? I personally don't think so, but maybe I am. ” “You apply your own rules to other people. Saya tidak tahu how to describe it.It's like while you view yourself as one part of the world, you view all people as like.the world's gears. No, not gears.If a gear goes missing, the whole machine breaks down, but you don't care if a person or two disappears. ” “I wouldn't go that far. ” “I really don't think you're the kind of person who could just kill someone, Ikkun.But I'll bet you also don't hesitate to tell someone to die. ” ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 1 5 “. ” Apakah saya benar? I mean, asking the person who killed Tomochan a question like that is the same as saying, 'You don't deserve to live.' It's cruel.It's so cruel.Ikkun, do you realize bahwa? “Yes,” I shot back.“I'm fully aware of that.I'm as aware of my own sins and of my own nonsense-sputtering nature as I am of the fact that I'm the one who belongs in the depths of Neraka.Someone once told me that most murders are the result of a person 'going too far' or 'using too much force,' but in my case, I'm fully capable of fully premeditated murder.I'm one of the rare, deplorable breed of people who can take a life without any need for self-approval or self-deception or selfdenial or self-satisfaction. ” “You sure are self-hating, though. ” “I'm a masochist,” I said casually.“And an extremely nasty one, at that.But that's my way, my style, my assertion. Dan saya have no intention of giving that up. ” “Yeah, I didn't think so. ” She looked a bit sad. It was as if she were looking at somebody in the distance. Somebody who was already gone. An ephemeral, painful gaze. Her expression. Her aura. Surely it was because she never hid her emotions, nor even tried to do so. I could understand. I could comprehend. It almost felt like I had gone and understood somebody's perasaan. ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 1 6 “But that's.” she said. This was, among

other things: A feeling of affection. A lovely presence. An utterance of sentiment. A truly aloof air. A truly casual aura. A singular impossibility. An inability to remain apathetic. A dazzling nightmare. A feeling like reality itself would distort and collapse. I desired a partner.I faced my partner. The pleasure of being beaten down. The pleasure of being run through. The ecstasy of being dismembered. Cut into little bits and pieces. A vital component-stealing, Heart-clutching, Mind-penetrating Tersenyumlah. “That's the Ikkun I love,” she said. A single, thuggish-looking person was crouched down in front of my apartment.I approached closer, wondering who it could be, only to discover (as half-expected, I suppose) that it was Aikawa-san.Her hairstyle had changed a bit since Wednesday, suggesting she had gotten it cut.It was a slick style like the kind celebrities sometimes get, where the bangs in front form a perfectly straight line above the brow.With her already extraordinary proportions, the new hairstyle made her look even more like a model.If only she hadn't been squatting like some high school thug. “Yo,” she said upon noticing me.She stood up and came to greet me.She had a heartless, somehow catlike sneer on her face.“So how was your date?” “You were watching us?” “I just spotted you in Shinkyôgoku.So I came here to make fun of you. ” “I. Lihat. ” How much free time did this woman have? Saya kagum. She was completely ungraspable.There was no way to guess what she might do next.A wily phantom of a woman. “So you cut your hair, huh? Looking for a change of pace?” “To be more accurate, I got it cut,” she said as she tweaked her bangs. “Well, yeah, I suppose. ” Ya.Like this”—flick—“with a survival knife.If I had dodged a second later, I wouldn't have my left eye anymore. saya gotta admit, even I was scared. ” She must have gone to the worst hairstylist ever. “I figure I might keep it short for a while. Apa yang kamu think? Does it work?” “Aikawa-san, any hairstyle would look good on you.You're a beautiful woman. ” “Aw, you're too sweet.But how many goddamn times do I have to tell you not to call me by my last name?” She put me in a headlock and noogied my brains out before letting me go again.Then she flashed me that wicked tersenyumlah. You couldn't hold anything against this woman.If you did, you'd never get away with it. Begitu? How was your date? What's going on with that younger girl? Hmm? Hmm? Come on, talk to

me. Jika sudah got a problem, I can give you advice. ” “I think you've got it all wrong, er, Jun-san.She's just one of the people involved in this murder case. ” Hmm? Oh Sungguh. Kemudian.by any chance was it Aoii Mikoko?” I nodded.Her face went blank.“Hmm,” she said. SAYA Lihat.Well, either way, I guess if you're already back at this hour, you don't have much of a chance. ” Incidentally, it was eleven o'clock. Mikoko-chan had imbibed a ridiculous amount of alcohol, with all the inevitable consequences.She passed out in the middle of the restaurant.I hoisted her onto my back and took her all the way back to Horikawa Oike, entered her apartment, put her to bed, locked up, and took the bus back home. This time she didn't look like she was fake-sleeping. “Too bad, young'un.Want me to console you?” she teased with genuine amusement. “I'm telling you, it's not like that.and more important”—I decided to change the subject before I had another annoyance to deal with —“so about this hairdresser who did your bangs—was it Zerozaki, by any chance?” “. ” Her facial expression distorted. And became one of sheet delight. Ya.Hell of a kid, lemme tell you.Still only a secondrate killer, but as a knife wielder, he's as good as they come. He knows exactly how a human has to move which muscles for maximum speed.And take a look at this,” she said, rolling ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 1 9 up her right sleeve.Her arm was wrapped in white bandages, stained with crimson blood from underneath.“And he walked away with hardly a scratch.Seriously, that's one hell of a kid. saya guess he's living up to the 'Zerozaki' name. ” “.Is he even tougher than you?” “It's not a matter of tough or weak.In terms of sheet strength, I'm proud to say I'm several tiers above him. Sakit admit that he is frighteningly quick, but he's still a hundred years too slow to deal with me. ” Aikawa-san, ever the narcissist.The possessor of unrivaled confidence. “Still, when he's dead set on escaping, he's really something. He was unexpectedly calm too.As a homicidal monster, I figured he'd be a little more hot-blooded.But he was just like you said. ” “How do you mean?” “He's identical to you.I can't exactly put my finger on one specific similarity, but he's just like you,” she said, her voice full of cynicism.“The sick masochistic freak and the sick sadistic freak.It's a match made in freaking Heaven. ” “So in other words.” I said, choosing my words as carefully as was humanly possible, “Er, in other words, you found Zerozaki and you let him get away?”

“Hmm?” She grinned creepily and pinched both of my cheeks.“I'm sorry, did I just hear something come out of this mouth right here? Hah? Apa itu tadi? Aikawa Jun is just some girl who likes to go around bluffing about herself, you say?” Tidak, aku tidak bermaksud begitu.First of all, there's no way you still pass for a 'girl'. ” Squeeze. ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 2 0 Hah.Who knew the elasticity of a human cheek was so high? “Eh, I guess you're right,” she said, suddenly releasing my face.She scratched the top of her head with a bored expression. “I guess I've still got some things to learn.Oh, I wonder if that tattoo face is still in Kyoto. ” “If I were Zerozaki, I definitely would've fled to another prefecture. ” “Yeah, I know,” she said, slumping her shoulders.“Oh, what a hassle.Not that I had any intention of letting him get pergi. ” Seeing the icy cold look in her eyes as she said this, I couldn't help but feel a little sorry for Zerozaki after all. Aikawa-san looked pretty damn persistent. “Well, I'm done bothering ya,” she said.She stretched out her back and began to leave.Evidently she had come on foot today instead of in the Cobra.“Or rather, I'm done trying and failing to bother you.Well, whichever. Selamat malam.Let's both have sweet dreams. ” “Jun-san.Can I ask you something?” I said to her back. Apa? “Could you forgive a murderer?” Hah? Pertanyaan macam apa itu? Is this some sort of metaphor?” “Eh, well, to say it more directly.do you think it's okay for one person to kill another?” “Yup, I do.” She answered immediately and firmly.“People who are supposed to die should die.Heh heh,” she laughed cynically.“Like let's say you kill me.Just relax, dammit. Itu world goes on,” she continued coolly, then waved a hand at me and disappeared from view. ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 2 1 Ya ampun. “. ” If only I could be so defiant.So filled to the brim with cynicism. Betapa indahnya itu. “I really am half-baked. ” I was sick of myself. Not just sick, disgusted. “But either way, Aikawa-san, it's all just nonsense. ” I went inside my apartment building and managed to make it to my door without running into anyone.I reached into my pocket to get my key when I felt a foreign object inside. saya pulled it out and took a look. It was Mikoko-chan's apartment key. “. ” In order to get her back inside, I had taken it out of her bag without asking her.I couldn't just leave the door unlocked, so I had borrowed the key to lock up.At first I considered dropping the key through the mail slot, but it was attached to the same key ring as

the Vespa key, so I ended up bringing it home, deciding to just drop it off tomorrow along with the Vespa.It wasn't like I just wanted an excuse to try out the Vespa. “Besides, the Vespa and the key aren't the only things I have to drop off. ” I might have been antisocial, clueless, and kind of a big jerk, but spending that much time face-to-face with someone, you couldn't just ignore them. Aoii Mikoko. “I remember, Mikoko-chan. ” I entered my room and lay down on the floor without even bothering to set out the futon. ZAREGOTO: THE KUBISHIME ROMANTI CIST ■■■ 2 2 2 It was my first day of college after coming back from that ridiculous island.I didn't know right from left in regards to the Japanese schooling system, and it was Mikoko-chan who was the first one to strike up a conversation with me. Senang bertemu denganmu! Is there anything you don't understand?” She was beaming with friendliness.This was the caring gesture of a girl looking out for a classmate who had gotten a late start. I was horribly irritated.And just a little grateful. Karena somewhere in that bright, innocent aura, echoed a slight resemblance to that precious friend of mine. This is a real masterpiece,” I said like Zerozaki Hitoshiki, and closed my eyes. No thinking about tomorrow. No thinking about the case. No thinking about the prowler. No thinking about private contractors or my one and only friend. I didn't want to think about anything anymore.

ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 2 4 I'm begging you, please stop getting my hopes up. “I'll be back tomorrow.Around twelve.You'll have your answer kemudian. ” That was the note I had left for Mikoko-chan on her tea table.Getting to Horikawa Oike took less than ten minutes by Vespa, so I still had an abundance of time. I awoke at eight in the morning.I did a little jogging to kill some time, and after that I regretted it.Miiko-san invited me to breakfast, so I went to her place and was fed.It wasn't just Japanese-style food, but full-blown Buddhist vegetarian cuisine. As a result, the flavor left something to be desired, but there was certainly a lot of it, so it at least took the edge off my hunger. “Well, I have to go to work,” she said around ten o'clock, and left her apartment. I returned to my own room to kill more time.I tried playing a game of Eight Queens, just as I had done earlier, but my brain didn't seem to be functioning properly, and I gave up by the fifth queen.I moved on to the Cannibals and Missionaries problem,

but again I got sick of it midway through.If only I had owned a computer; I could have passed the time playing ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 2 5 video games.Maybe it was time I went and got one from Kunagisa.But then again, it didn't seem like a great idea to decrease the amount of space in my room just for the sake of having a way to kill time.Besides, time passes just the same, whether you kill it or not.And like I had said to Mikoko-chan, I didn't particularly dislike being bored, and I was plenty used to waiting. . As any child won over by shallow wit is oft to do, I read The Little Prince at a very young age.I didn't get it.The people around me at that time told me, “You'll get it when you're a grown-up.” Recently I had recalled this and tried reading through it once again.I still didn't get it. “Zerozaki's gone from Kyoto.there's no way to contact Aikawa-san.and Kunagisa's a shut-in. ” I truly didn't have a single normal acquaintance.Of course, I never particularly wanted one.Still, sometimes it occurred to saya.I was just a single, lonely guy trying to live, but rotting away in a cage instead. “It's a hopeless situation. ” In the end, there was no way for a guy like me, just a single character in this great big world, to view my situation with any kind of bird's-eye perspective.Especially when, as Aikawa-san had said, I wasn't the main character or even a supporting character, but merely the comic relief.I was just sitting off in some corner away from the world, clumsily babbling about the story. And something this factual couldn't even be written off as self-deprecation. “Well, I suppose I'll get going. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 226 The time was currently eleven o'clock.It was still way early, but I doubted I could be faulted for showing up ahead of time.With that in mind, I left my apartment and made my way out to the parking lot.I started up the vintage Vespa's engine and put on the helmet.It was the stylish, half-size number Mikoko-chan had left in my room the previous day. There was nothing I could do to make it suit me, but the size was right, so it would at least uphold its role as a helmet, for what that was worth. Blast off! I rode down Senbon Street and turned east on Maruta-machi Street.I broke east again onto Horikawa Street and rode the Vespa straight ahead from there. The sweet sensation of slicing through the wind.I could almost forget about the fact that I was alive. As expected, I reached Oike within ten minutes.I parked the Vespa in the apartment's underground parking lot and locked it up, exited the lot, and walked around to the front

of the building. “Did I really waste over an hour here last time?” It was a pretty embarrassing memory.My brain had a knack for remembering only this kind of thing.I guess the best thing I could do was learn from these memories and not repeat the same mistakes. This time I entered the building without stopping.I gave a quick greeting to the security camera and entered the elevator. At this point. At this point, I still hadn't thought of anything. How to reply to her confession. What words I could use to respond to her affection. I hadn't thought of anything. Hanya bercanda. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 2 7 In reality I had made up my mind long ago.I only had one word to say to her.There was nothing to deliberate over. Jika you thought about the kind of person I was and the kind of person Mikoko-chan was and added them together, an answer would emerge naturally, just like a mathematic equation. Dari course, reality never turns out like an equation.It's more like trying to figure out if the last digit in pi is odd or even. Sementara itu, I was standing at the height of stupidity, off in outer space with my equations and formulae and calculations, trying to find the area of a triangle by multiplying the height and dividing by two. I was the kind of person who changed his opinion in the end anyway, no matter what he had decided, so what I thought about now was essentially irrelevant. I got off the elevator on the fourth floor and walked down the hall. “Room three, was it?” My memory was fuzzy, but that sounded right.I wondered if she was awake yet.She certainly didn't seem like she was the kind of person who had low blood pressure and would have trouble waking up, but considering how bad she was at keeping time, I doubted she was much of an early riser. I pushed the button on her intercom. Tak ada jawaban. It wasn't simply that there was no reply through the intercom; there was no reaction whatsoever.No noise coming from the inside. Tidak ada. “How odd. ” I pushed the button once again. No change. I couldn't sense anyone moving about inside. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 2 8 Restless.Restless.Restless. My heart throbbed. My bodily functions grew abnormal. I continued pushing the intercom button without speaking a word. Once, twice, three times, four times. I quit counting after the fifth time. I could feel it. Not suspicion, but a premonition. But closer still to precognition. “It was like watching a nonstop stream of movies where you already know the ending. ” Wasn't that how that prophet had described it?

Like something you could never touch on the opposite side of the boob tube. Suddenly I understood her feelings, and I'd never even wanted to. Aoii Mikoko. My classmate. Always cheerful, sometimes sad. The girl who said She liked me. Here now was an image. A scene I had left behind somewhere. A nostalgic view. One that had been all too close to me for some time. That I had forgotten somewhere along the way. One that was unnecessary to recall. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 229 A terrible, Detestable View. Kematian. Nothingness. . I mumbled a curse and opened the door to Mikoko-chan's kamar. Aoii Mikoko was dead. A brutal sight.A devastating sight. I stood frozen in the center of Mikoko-chan's room. Dulu all I could bear to do. Aku merasa sakit. Aku merasa sakit. Aku merasa sakit. Aku merasa sakit. Aku merasa sakit. Aku merasa sakit. Aku merasa sakit. Aku merasa sakit. Aku merasa sakit. Eiffelzick. I clutched my chest. I was nauseous. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 0 It was like I had accidentally choked down some absolutely undigestible object.My eyes fell on the bed.Mikoko-chan was there, lying down. Tidur Could you call it sleeping? Even supposing her body had ceased to function. Supposing she had no pulse. Supposing the hideous marks left by fabric remained etched into her neck. Supposing her eyes were never to open again. Even then, there was no other term I cared to use. Buk Buk Buk Buk Buk Aku merasa sakit.I'm dizzy. I'm dizzy.I'm dizzy.It's spinning.It's spinning.This is crazycrazycrazycrazy. Or was it I who was crazy? Right here, right now, I thought I might collapse. My pulse was going wild. It was hard to breathe. It was hard to live. I thought I might die. The insides of my eyes were burning. The inside of my heart was freezing. I tried swallowing to calm myself, but to no avail. Ini agony.Agony.Agony. “Aoii Mikoko was.” I said, as if making the announcement to myself, “murdered. ” Whump. I really did collapse, right there where I stood, right on my rear end. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 1 I was used to people dying. I was even used to people close to me dying. Death was something close to me. And still, this was agonizing. Itu sakit.It hurt too much. It was excruciating. I would probably never be able to forget this.To forget Mikoko-chan's “death itself” burning into my retinas the instant I had entered the room.I would never forget her lifeless, mindless corpse. Somehow I managed to maintain consciousness.I shifted my gaze back to Mikoko-chan's

body once more.She lay faceup on the bed, her bloated, violet-hued face wrenched in agony.Having known what her smile was like made this all the more terrible. She was no longer dressed in yesterday's overalls.Now she wore a snow-white bare shoulder top with a striking pants skirt of the same white, but with more of a milky quality. saya stopped myself from thinking it looked like a burial outfit. And then I remembered.This was one of the many outfits Mikoko-chan bought during yesterday's outing.It was the last one she bought.She had tried it on and said, “How do I look?” Finally tired of giving made-up answers, I looked at her and said, “It's a good match. ” It was that outfit. When I had brought her home the previous night, naturally I hadn't made her change clothes.I just tossed her on the bed with what she was wearing.This must have meant that she had woken up later on and changed. Lalu. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 2 What had possessed her to put on this outfit? And who was she waiting for? The power of my imagination was already completely exhausted. And then there were the red letters, right by her head. x/y. It was the exact same formula as the one we had found in Tomoe-chan's place. “This has nonsense written all over it. ” I pulled out my cellular phone.I entered a number from memory and sent it.She picked up on the first ring. “Sasa here. ” Halo. ” “Oh, it's you,” Sasaki-san said before I had a chance to announce my name.Apparently she could remember people just by their voices.And we had only spoken once.If circumstances hadn't been what they were, I would've been impressed. Apa yang salah? Did you remember something?” She was cool and calm.This was somehow offensive. Saya t was objectionable.Objectionable. “Sasaki-san, um, right, well.Aoii-san. ” Apa itu? I'm sorry, I can't hear you.Could you please speak up a bit? What's that about Aoii-san?” Yah.she's been murdered. ” Something changed on the other end of the receiver. “Where are you now?” “In Aoii-san's apartment. ” “We'll be there soon. ” Klik.The phone cut off as abruptly as a human life.I stood there with the phone held to my ear.Mikoko-chan remained there in front of me. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 3 “Christ.” I said to her still body.It was a pointless act. Saya t was pointless and despicable.“What was I really planning to tell you?” Mikoko-chan. There was no prospect of me getting rid of that nasty feeling in the pit of my stomach. Tidak mungkin. The police burst into the apartment in less than ten

minutes. “Are you okay?” Sasaki-san embraced me.I must have looked pretty damn miserable, because she seemed genuinely concerned for me “Are you okay?” she repeated.Unable to form a verbal answer, I simply raised an arm instead. Ia melihat this and gave a firm nod. “Let's get you out of her for now.Come on, hurry. ” Leaning on Sasaki-san's shoulder, I was taken out of the hallway.Police were filing in one after another from the elevator. Hey, now.No Kazuhito-san.Hadn't he come? Mungkin he was somewhere else, doing something else.Maybe, maybe tidak. “Ughhh.” My chest hurts. Dadaku sakit. Dadaku hurts.“Ughhhh. ” Aku merasa sakit. Aku merasa sakit. I really feel like I feel sick. A discomfort, as if my chest were burning, like my insides were being demolished, like something was raging inside my guts, seeped into my blood and traveled throughout my whole tubuh. It burns it burns it burns it burns. The anguish was maddening. Sasaki-san took me out of the building and helped me into the rear seat of her Toyota Crown.She sat in the driver's seat. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 4 “Have you settled down a bit?” she said, looking back at saya. I shook my head in silence. Saya melihat.” She eyed me suspiciously.“I thought you were the kind of person who didn't mind seeing a dead body.Even if it belonged to a friend.” She'd abandoned her courteous manner. “I guess you're more sensitive than I thought.You looked like you were dying back there. ” Ya terima kasih.I'll take that as a compli—“ Just as I was about to get the “ment” syllable out, I felt the urge to vomit.I clamped my hand over my mouth. Disana ada no way I could just toss my cookies in Sasaki-san's car. Somehow I managed to keep control of my internal organs. Sialan.I couldn't even mouth off. Hmm.” Sasaki-san nodded with a slight look of disappointment. “You're awfully spineless.I'm surprised Jun-san is so fond of you. ” Ah, come to think of it, hadn't Aikawa-san said something about being old friends with Sasaki-san? Recalling this completely irrelevant detail helped distract me a bit.I sat up from my hunched position and rested my weight against the back of the seat.I breathed in deep. “Yeah, I'm surprisingly fragile.Of course, I can't tell if it's brittleness, frailty, or if I'm just delicate. ” “What in the world are you talking about? You're not making a lick of sense. ” “Well, please wait till next time.Next time, 'kay? I'm in a very irregular state right now, so let's wait till next time before you judge what kind of human being I am.I'm not doing so hot right now. ”

“Guaahhh,” I groaned, and shut my eyes. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 5 Sasaki-san was silent for a moment.“From here, we're going to have to question you about the circumstances of this case.This means I've got to take you to the police station. Bisa you handle this?” “As long as you drive carefully, I think I'll be all right. ” Baik.I'll try not to make the ride too bumpy. ” She faced forward and began to drive.Mikoko-chan's apartment disappeared from the window view in no time at semua.I couldn't make out the speedometer from where I was sitting, but judging by my body's response to the car's movement, there was no way Sasaki-san's driving style could be defined as “careful. ” “Sasaki-san, is it okay for you to be away from the crime scene?” “My job is more about intellectual labor than about that stuff. ” “That sounds like, well.” I wanted to say it sounded like we'd get along, but I stopped myself.No matter how you looked at it, there was no way we would get along.“Um, Sasaki-san?” “Yeah, what is it?” “How do you know Aikawa-san?” She was silent for a moment—though it was plenty easy to imagine the look on her face—and then said, “Sometimes I go to her for help with work.Yeah, that's all.Do you ever watch detective TV shows and the like?” “I know a thing or two about them. ” “Yes, well, you know how oftentimes the detective goes to an informant to gather information that isn't quite legal? Baik, it's like that.We have a businesslike relationship. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 6 It was an awfully crude explanation.Or rather, she didn't seem to want to explain it at all.Then again, Aikawa was a pretty inexplicable woman, so maybe there wasn't much of a pilihan. “No, I don't mean something that specific,” I said.“Can you give me something more abstract? I mean, what kind of person is she to you?” “Do we absolutely have to talk about this right now?” “It might take my mind off things.” I really meant this.If I didn't get something to distract me quick, my stomach was going to burst.“Please, I'm begging you.Just talk about something. ” “You pose a difficult question, you know,” she said, after awhile.“For example, would you believe a story about a person who took a point-blank shot to the gut from a sawed-off shotgun and survived? How about the one about someone who can walk around in the midst of a storm of rifle fire with a normal, straight face? How about someone who leaped from the fortieth floor of a burning building a walked away without a scratch? You wouldn't believe it, would you? Whenever I talk

about Jun-san, people think I'm lying.So it's a tough subject to discuss. ” “. ” I understood exactly how she felt, so I didn't dare press any further. In another ten minutes, we had arrived at the police station. She took me inside the building. “Looks like it's exactly twelve o'clock—lunchtime.Would you like something to eat?” she asked. “Could we get katsu-don or something like that?” “I don't see why not.They'll bill you for it later, though. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 7 The government was anal. “Eh, never mind,” I said, shaking my head.If I tried to eat anything now, I would just throw it up anyway.That I could say with a fair degree of certainty. “Hmm, well, then go on into that room and wait for me. I've just go to make a quick report.I'll be back in two minutes. ” She led me into a small conference room and made her way back down the hall alone.Well, at least it wasn't an interrogation room, I thought as I sunk myself into a chair. I want to smoke, I thought for an instant. I had never smoked a cigarette in my life. Was I bored? Was I trying to escape reality? Or was I just suicidal? Any one of those was of equal worth, if you asked me. These were pointless thoughts. This was starting to get pretty bad. One more push, and this existence known as “me,” this state of being known as “myself,” was going to be over. “Sorry for the wait,” Sasaki-san said upon returning. Dia was carrying some sort of item wrapped in pink.“Are you baik? You're looking worse and worse by the second. Bahkan your hands are sweating. ” “I'm sorry, could you show me where the bathroom is?” “Down that hall, on the right.It's at the very end, so I don't think you'll miss it. ” “Thanks,” I said, and raced out of the room, clamping a hand back over my mouth.Suppressing the nausea. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 8 I found the bathroom right where she had said it would be, entered one of the stalls, and vomited everything that had built up in my stomach. “Gwaaahhh.glllaaahhh.” Unpleasant noises that sounded very unlike they were coming from myself spilled from the depths of my throat. An acid taste remained in my mouth.I had vomited so profusely I thought my guts might have flipped upside down. Slowly, I drew in a deep breath and rose to my feet, wiping my mouth with a handkerchief. I flushed the toilet. Fiuh. I made my way over to the sink and washed my face. saya scooped some water into my hands and rinsed out my mouth demikian juga.I looked into my own reflection in the mirror. Baik, so I did look like I was

at death's door, but at least I was feeling decidedly better than I had even moments ago. “Okay,” I said. Revitalized, I muttered as I left the bathroom behind. saya made my way back to the room, where Sasaki-san was still waiting for me.“How are you feeling?” she asked. Saya baik-baik saja.I puked, and now I feel a lot better. ” Saya melihat.Here,” she said, placing the packaged item from before in front of me.“It's my lunch.Want it?” Apakah tidak apa-apa? “I won't bill you for it, don't worry.” She chose a chair and sat down across from me.I graciously accepted her lunch. Saya t was a fairly generic bento lunch, but my stomach was now empty.I scarfed it down pretty fast. “Okay, then,” she said once I was finished.“So what's going on here?” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 3 9 “That's what I want to know. ” “. ” Seemingly a bit offended by my phrasing, she grew silent and gave me the death stare.I recoiled and diverted my gaze. “Well, then please give me the facts, in simple terms. ” “Er, to do that, I'll have to back up to last night, so it'll be a little long. ” “Go right ahead.Until we solve this case, you and I will be spending a lot of time together.” She was smiling a little. Nya eyes, however, weren't smiling, which was frightening.I decided to quit with the mouthing off for a while and be straight with her. “Yesterday, Aoii-san and I went out.We were in the Shinkyôgoku area.Then, well, she drank a little too much. ” Oh benarkah? . Lalu? She sharpened her gaze on me as if she had been waiting for this opening.Surely she wasn't going to get on my case about underage drinking.I realized I couldn't let my guard down. “Yeah, so then I took her back to her apartment.I went ahead and took the key out of her bag and put her to bed. Then I took the bus back to my place.” I went ahead and skipped the part about running into Aikawa-san, figuring it wasn't necessary to recount.“After that, I just went to bed like Aku selalu melakukan. ” “Did you lock up before you left?” Aku melakukannya.Her Vespa was still parked in my apartment parking lot, so I was planning to bring the key and Vespa back together tomo—today.So then today, I went to her place on the Vespa.When I opened the door and went inside, well, things were as you saw them. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 0 Hmm.how about the door? Was it locked?” Hah? I looked up at her as if the question had taken me by kejutan.I made an expression as though I were searching through my memory for as long as five seconds. “No, it wasn't locked.I don't have any recollection of using

the key. ” Saya melihat.” She wore a suspicious look on her face, but nodded along anyway. “That place has a lot of surveillance cameras, right. kupikir they should be able to corroborate my story if you take a look at those tapes. ” Yang paling disukai.We've already arranged with the management firm for a viewing,” she said coolly.“Now, this is just to make sure, but—you didn't touch anything at the crime scene, did kamu? Tidak.As pathetic as it sounds, I was just too petrified. saya couldn't even run over to Aoii-san. ” “You took a very appropriate action,” she said.From there, she shut her eyes and thought to herself. So “intellectual labor” was her major job responsibility. That was already more than clear enough from the time she had visited my apartment.That chess-game mindset of hers was unforgettable, even if you wanted to forget it. “I didn't even touch Aoii-san's body, so I don't know, but was she really dead?” Iya nih.That I can confirm.She had likely been dead for around two to three hours.We'll have to wait for the autopsy results before we can confirm the specific details, but the incident is believed to have occurred between nine and ten a. m. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 1 “This may be useless to you, but. ” “Go right ahead.Nothing in this world is useless. ” That was a line I thought I might like to try saying once myself.But I doubted a guy like me would ever have the chance. “When I put her to bed last night, Aoii-san was wearing overalls.But that wasn't what she had on today, was it? So I think that means she woke up at some point, either in the morning or the middle of the night.And I locked the door last night, so maybe Aoii-san let the killer in herself. ” Saya melihat. ” “Oh, and just for your information, that outfit she had on today was something she bought yesterday when we were out shopping. ” “Sungguh.” Sasaki-san nodded.I noticed that she hadn't been taking any notes.Come to think of it, that was true during the time she visited my apartment as well.She was just listening to me talk without recording anything. “You've got a pretty great memory, huh?” Maaf? Oh, well, it does the job,” she replied as if it was tidak ada yang spesial.But to me it was an extremely enviable trait. “Also, as it happens, I was eating breakfast at my next-door neighbor's place during that nine o'clock to ten o'clock time frame, so I think I have an alibi, for what it's worth. ” “Ah, I see,” she nodded with an apparent lack of interest. Saya t was as if to say she had more important things to think about than my damn alibi. “You know, when you first called,

I thought you were probably the killer. ” “. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 2 This sudden declaration left me speechless.“You certainly are direct.Excuse me if I'm a little surprised. ” “Yes, well, you would be. Tapi itu benar.The fact is that I did think that, and I'm certainly not trying to hide the facts. saya thought you killed her and then tried to pretend you had discovered the body.But it seemed you were feeling genuinely ill, and time of death and such aside, there was no murder weapon at the scene of the crime.Which means it would have been physically impossible for you to have done it. ” “. ” “That is, of course, unless you're hiding it somewhere in your clothes right now. ” “Care to check?” “No, that's fine,” she said, but by no means could this be considered negligence of duty.Sasaki-san had already finished checking me out back when she took me out of Mikokochan's apartment.Unable to walk on my own, she had lent me a shoulder to lean on.It was kindness—injected with a touch of shrewdness. I didn't particularly have a problem with that. “Gee, thanks,” I said. “I'm sure your innocence will be proven beyond any doubt once an official time of death has been established and we take a look at those surveillance tapes.But only then. ” She looked me directly in the eye. “Who do you suppose did it?” Sasaki-san asked.I'd already asked her the same question twice before on other occasions. Yah. Saya tidak tahu ” “Nobody comes to mind at all?” “Nobody,” I answered promptly.“I mean, Aoii-san and I weren't really all that close to begin with.It was only very ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 3 recently that we had started hanging out together and going out to eat and stuff. ” “Allow me to be a bit direct,” she said.“Were you and Aoii-san romantically involved?” “The answer to that is a no.A no and nothing more. Thinking about it now, I'm not even sure we were even friends. ” “Ahh, I see.Come to think of it, Jun-san did say you were 'like that,' didn't she?” she muttered, seemingly satisfied with whatever explanation she had recalled. “Aikawa-san? She said what about me?” “Well, I can't tell you that.” This tease of a statement was sure to bother me, but it occurred to me that this too could be part of Sasaki-san's strategy, so I was careful not to press any further.It was easy enough to imagine the kind of judgment Aikawa-san had passed in regard to me anyway. From there, Sasaki-san posed several more detailed questions and ended with a simple, “I see. ” “Now then, do you have any questions for me?” she added. “No, nothing this time,” I

said after a moment's thought. “I'd rather just get home and rest as soon as possible. ” Saya melihat.Well, that should be enough for today.Allow me to take you back. ” She stood up from her chair and exited the room.I followed close behind, and together we exited the building. After getting into her Crown, I sat in the same seat in the kembali.Sasaki started the car and accelerated even more aggressively than before. “Nakadachiuri, was it? Off Senbon?” Ya. ” Bagaimana perasaanmu? ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 4 Baik.Throwing up was surprisingly refreshing. ” “You know,” she said while driving.Her voice was stripped of all emotion.“I can't help but feel like you're still hiding sesuatu. ” Bersembunyi? Saya? Itu yang aku katakan. ” “Tidak, tidak ada yang khusus.As you can see, I'm just an honest, harmless, and well-behaved young man. ” “Wow, really?” she said in a rare display of sarcasm. Kamu sure don't look that way to me, but I guess if you say so yourself, it must be true. ” “You sound like you mean something by that. ” “No, not especially.If it sounds that way to you, it's probably because you've got a guilty conscience.Although I do doubt that an honest, well-behaved young man would go around breaking into crime scenes illegally. ” Oh. ” Open bag, withdraw cat. Naturally, I'd been prepared for this risk from the very beginning, but Sasaki-san had certainly caught me off guard. There hadn't been a single word about this in those documents from Kunagisa, so it had never been clear if I had been found out or not. She continued staring straight ahead at the road as she spoke.“At any rate, please just relax,” she said as if she could see right through me.“That information hasn't gone beyond me yet. ” “You?” Itu yang aku katakan.” Her voice lacked intonation. Dan lagi there was a meanness to it.Yeah, somehow it was very reminiscent of mankind's greatest private contractor. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 5 “I don't know what possessed you to break into Emotosan's room, but I suggest you exercise a bit more discretion in your actions.Consider this a piece of advice. ” “Not a warning?” “No, no, just advice. ” But there was something very offensive about her wording. Granted, my actions had been totally rash, and her attitude was entirely justified, but still. “Sasaki-san, I'm just asking, but.why hasn't that information gone beyond you 'yet'?” “Well, I have my ways.I won't go into detail, but I just want you to realize that I have that advantage over you. Itu semua.But please be sure not to forget it. ” All I could do

was sigh.My shoulders slumped and the energy drained out of my body.This damn pattern again? Why were these the only kinds of people I ever met? “Everybody I know is either extremely smart or has a terrible personality.They all had that same damn character. Hanya once I'd like to meet somebody who's nice.I don't even care if they're stupid. ” “Well,” Sasaki-san said without even cracking a smirk.“I'm sorry to hear that.But I have no intention of forfeiting my position. ” And we arrived at the Senbon Nakadachiuri intersection. “Would you like to come inside?” I asked. “I'm working,” she said.I didn't find this particularly unfortunate, nor did I think the opposite. As a final thought, she opened her window.“What do you suppose x over y means?” she asked. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 6 “Search me,” I said after a moment's contemplation. saya tahu she'd never be satisfied with this answer.But she simply nodded, closed the window, and took off in her car once again. I stood there awhile, unmoving, then felt the sheer pointlessness of my inaction.I returned to the building, walked down the second-floor hall, and entered my room. This quiet space. Not a single sound. Bukan satu orang. A room Aoii Mikoko had twice visited. Once I had set out yatsuhashi; once she had come with handmade sweet potatoes. I wasn't much for sentimentality.I was no pessimist, antara.Nor was I a romanticist.Rather, I was a misguided trivialist. “I guess I can't say this was a complete surprise,” I muttered. “I won't say that.No, no I won't. ” I recalled my conversation with Mikoko-chan from the previous day.A conversation we would never have again. “It was all nonsense, huh?” Let us hypothesize as to Mikoko-chan's feelings towards her killer.She probably wasn't resentful.Accusing, maybe, but that's it.That was the kind of girl I took her for. There must have been something. Something I should have said to her. What was I really supposed to say to her yesterday? “This is like crying over spilt milk,” I said to myself. My terribly lukewarm soliloquy.I realized that this was probably the kind of situation that usually makes people cry. The person over my shoulder sure thought so. ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 7 Malam tiba. Miiko-san visited my room looking concerned.“Eat this,” she said, thrusting a bowl of rice porridge at me.She wore an innocent expression, but her eyes were serious.Knowing her gesture had come straight from the heart, I started to feel guilty. Christ.Just how many people had I caused extra grief by sekarang? “Thanks a lot.” I

scooped some up with the spoon Miikosan had provided (there were only disposable chopsticks in my place), and helped myself to a mouthful.She wasn't an especially good cook, but this porridge was pretty tasty. “Did something happen?” Miiko-san didn't ask.She never asked that type of question.She was just the neighbor who silently and protectively watched over me.A neighbor in the truest sense.This was probably something entirely different from true kindness, but she was a kind person all the same. Come to think of it, hadn't Mikoko-chan given me the same compliment? That I was kind? “Mikoko-chan.she died,” I said without any introduction. “I see,” Miiko-san nodded.She sounded like she didn't particularly think much of it.“That night,” she said, “by which I mean the night when the young girl stayed in my room, she was strangely grouchy when she woke up the next morning. At first I thought it was probably due to a hangover, but that didn't seem to be it. ” . “I asked her, 'How do you feel?' She answered, 'this is the worst morning of my life. ' .That's the whole story. ” “That's plenty,” I said.“Thanks so much, Miiko-san. ” ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 8 “You really do lead a difficult life, don't you? The road you walk is not steep, but it is shaky and brittle.And yet you're able to go on without slipping.You have my honest admiration. ” “I slipped and fell through the cracks long ago. Tapi ini path has a sort of strange gravitational pull, and I'm clinging to the bottom of it now. ” “Whatever the case may be, you're entering a crucial phase now,” she said, her voice deepening a bit.It almost sounded like a threat.“If you lose your grip now, you'll never make it. Everything you've endured and built up and worked for will spill right down the drain.You probably don't care either way, but just remember that your life isn't something you made all by yourself.Don't forget that there are those you have saved just by being alive. ” “There are no such people.” Perhaps there was too much self-loathing in my statement.Possibly as a result, Miiko-san gave me a pitying glance. “You carry too much of a burden,” she said.“Don't think you can really affect people so much.Only the weak turn red when they cross paths with scarlet.As long as you can exercise their own judgment, you're less easily influenced by others. Your existence isn't such an annoyance to others. ” “Mmm, maybe not. ” It was just extreme self-consciousness in the end. Whether I was alive or not made no difference. Even if there were a murderer in my midst, the world would go on. “Still, I'm sure there are those

who love you. Ada those who have unconditional affection for you, that much is certain.That's part of the world's cycle.You may not under- ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 4 9 stand it now, but remember what I say.There will come a time when you understand.At least stay alive that long. ” Those with unconditional affection for me. Today, one of them had died. So then how many people were left? “I won't tell you to cheer up.That's a problem for you to sort out on your own.Just know that that young girl's death wasn't your fault.I can guarantee you that.I don't have any basis for my belief, but I feel sure of it all the same. Itu who die just die. ” Tapi.it's like I killed her,” I said. Apakah kamu? “Well, no, but if. ” Jika. If I hadn't left her alone in her apartment, if I hadn't gone home, or if I had just brought her with me, things would have turned out differently. “And I say you're taking on too much of a burden. Apakah kamu realize the pointlessness of such thoughts?” Iya nih.But Miiko-san, I still had something left to tell her. ” That one last thing. I hadn't yet told her that one last thing. “It's useless to regret what's done and gone.That's all I can say.” Her gaze wandered just a bit.“Also, I forgot to tell you this morning.Suzunashi sends a message.She told me to make sure I told you. ” “It's from Suzunashi-san?” Dia mengangguk.I sat up straight.It wasn't like Suzunashi-san was in the room or anything, so I knew there was no need to do so, but something about that name just made me reflex- ZAREGOTO: THE KUBISHIME ROMANTICIST ■■■ 2 5 0 ively fix my posture.Something about that Suzunashi Neon character. Miiko-san opened her mouth.“There are two types of people—those who are frightening because you don't know what they'll do, and those who are frightening because you do know what they'll do.But you're not very frightening at all, so you don't need to worry about such things. ” “Aku akan mengingatnya. ” “Make sure you do.She said she'll come visit from Hiei next time, so let's all go out for lunch.I think she wants to give you a good lecture. ” “Well, you had me up to the lecture.But I'm definitely okay with lunch. Adil. ” Hmm? Oh, tidak ada apa-apa.Thanks a lot for the food. ” I returned the porridge bowl to her.She took it, said good night and left my room.The word Impermanence was written on the back of her jinbei.It was the second time I had seen this one. Serius.” I mumbled to myself.This was a troublesome existence.Maybe it was about time I had a day-long lecture from Suzunashi-san. Tapi “But I

really don't want to go to that restaurant again for a sementara . ” When would this mind-over-matter business be over? Saya tidak tahu.

ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 2 5 2 Bunuh setiap tersangka, mulai dari satu ujung. Yang tertinggal adalah pelakunya. Tiga hari kemudian, hari Rabu, tanggal 25 Mei. saya bangun pukul sebelas lima puluh pagi. Kurasa akan curang untuk mengatakan ini masih pagi, ya? Saya bangkit dari tempat tidur dengan perasaan yang cukup buruk. Akhir-akhir ini seperti ini setiap hari. Saya tidak bisa bangun di waktu normal sama sekali lagi. Saya kira Anda bisa mengatakan tubuh saya telah menolak ide. Tentu saja, begitu saya ketiduran, saya tidak bisa masuk suasana hati untuk menghadiri kelas, dan jika saya tidak berminat untuk menghadiri kelas, tidak ada alasan untuk itu. Dan dengan demikian memulai hari kelima saya langsung bolos sekolah sejak Kamis pekan lalu. Untuk mahasiswa baru sudah melakukan ini pada bulan Mei, tidak aneh jika saya akhirnya melakukannya untuk mengulang tahun pertama saya. Saya menyadari ini, tetapi saya tidak terlalu menentang gagasan itu. Tidak ada yang keberatan — aku bagaimanapun, membayar sekolah saya dengan uang saya sendiri. . Sejak kejadian baru-baru ini, Sasaki-san datang berkunjung Senin dan Selasa dengan Kazuhito-san di belakangnya. Dia membuat sejumlah pertanyaan terperinci tentang Mikoko-chan ZAREGOTO: THE ROMANTISIST KUBISHIME ■■■ 2 5 3 pembunuhan, dan sebagai imbalan atas jawaban saya, memberikan beberapa informasi informasi yang tampaknya vital. Dia memberitahuku bahwa waktu kematian Mikoko-chan sudah telah dipersempit menjadi antara pukul sembilan tiga puluh dan sepuluh. Mereka juga telah mengkonfirmasi tanpa keraguan bahwa dia memang benar dibunuh oleh pencekikan dengan kain tipis, dan itu adalah jenis kain yang sama dengan yang digunakan dalam pembunuhan Tomo-chan. Dari sini polisi telah menentukan bahwa pembunuh yang sama bertanggung jawab atas kedua pembunuhan itu. " Yang berbeda dari kasus Emoto-san adalah Aoii-san tampaknya telah dicekik dari depan. ” Dari depan? Iya nih. Emoto-san dicekik dari belakang. Kau bisa beritahu oleh bentuk tanda. ” Dengan kata lain, Mikoko-chan melihat pembunuhnya? Itu mungkin, katanya, tanpa emosi. Itu mungkin tidak membuat perbedaan baginya apakah yang
